Chapter 373: Meeting

"Hah?" Surprisingly, Xu Jihan let out a burst of loud laughter. His shoulders shook as he held his stomach. Laughing like this is hurting his stomach, ah! "That that is funny! What did she do to the body?"

"It was a messy kill," his assistant answered.

"That's expected. She was young back then. I would be intrigued if she suddenly killed someone like an expert killer. But that story is really entertaining! Alright. You can leave now."

"Yes, Sir."

"One last thing Ken? Did he tell you when will he arrive in Long City?"

"No sir."

"Alright, I will call him myself. You may leave."

"Yes, Sir."

.

Lyca and Shen Qui decided to leave Long Founding School of Elites for a while. Their reason is of course food. Lyca wanted a date and to eat some street food at the night market, and Shen Qui happily complied. After a few hours, the two arrived at the school and immediately went back to their building.

However, just as they were about to walk inside, someone suddenly approached them and introduced himself as the secretary of some executive. They actually wanted to schedule a meeting right after the competition. This made both Shen Qui and Lyca speechless.

It was already midnight!

Who conducts business like this? But then, they soon realized that this was because of the armor.

After what happened tonight, everyone would start to compete for meetings with Shen Qui and Lyca.

In the end, the two politely told the secretary to just call their secretaries for a meeting. In the end, the task fell to Cleo and Ronan. From now on, the two would start receiving calls about these meetings.

"Xi, someone left this here for you." Cleo handed her an envelope. "He said he was Mr. Xu's assistant."

"Oh." Lyca immediately opened the envelope and discovered a flash drive. Without saying anything, she nodded and went to her room.

"Hey, they successfully got the flag of Dal Valley. Then they ran away and hid somewhere. The people from Dal Valley are looking for them. However, some of them were able to activate some traps. They had a few losses!" Cleo said as she watched Lyca go inside her room without saying anything. "Did I say something wrong?" she asked Shen Qui who was standing in the living room, his eyes were on the TV.

"No, she just wanted to sleep."

"Oh."

"Just don't talk to her if she's hungry or sleepy." Shen Qui reminded. "Tell me everything that happened when we're gone?"

Chu Nan answered him. "Well we got the flags and we are running around again. A few people from Dal Valley tried to Hey, Shen Qui I am really curious" Chu Nan made a deliberate pause as he stared at Shen Qui. "How are they I mean that thing that they use in attracting insects? What is that?"

"Lyca created that. She created something that could attract yellow jackets and repel them. It was an ointment. You have to apply it to a tree to make the Yellow Jackets surround that tree."

"She created that?"

"Yes."

"That is scary."

"It is. She could easily apply it to you while you're sleeping and hehehe" Cleo laughed. "She had other stuff too. I remember she spent a lot of time in her lab creating some stuff."

"I saw that." Chu Nan said. "How did she know all these things? I doubt chemistry major students know how to create weird stuff like that."

"They know how to They just have to study it to create one." Cleo said as Shen Qui sat next to Chu Nan. "Oh, I remember Lyca created that special spray that could make people asleep. She put it on the armor too, right?"

"Hmmm." Shen Qui said. "The committee checked the armor and didn't do anything about it. Of course, it was because they didn't know what and where to check. Anyway, we will receive big orders of this armor very soon. So we should be busy. After this competition, people will start to approach us."

"What about my Chu Family?"

"Of course, you will be our priority." Shen Qui said.

Chu Nan nodded. "Good. As expected. So, what do you think will happen next?"

"I know! The Dal Valley will work with Long Company!" Cleo said, raising her right hand like a child trying to answer the teacher's question.

"That is possible. If that's going to happen, it would be difficult, right? How could the fight against two teams?"

"Their martial arts are good. They would still win, even if the two teams would work together. After all, they are not fighting a fair fight." At the end of the day, the people who could defeat their opponents win, the people who could take the flag would take the first place. It was that simple. No one cared about the methods that they would use to get the flags.

..

Meanwhile, Lyca was staring at the proof that Xu Jihan's secretary gathered. "Huang Ying?" This was completely unexpected to her. But it did make sense. The woman's anger was beyond logic. Lyca harmed her son, so she had all the reasons to be angry, ah.

After checking all the evidence, she glanced at the number at the end of the documents. It was Mr. Xu Jihan's number. He actually put it at the end of the documents. She stared at the number, quickly memorizing it before she went to take a bath.

After a quick bath, she immediately fell asleep without even changing into her pajamas. She was already naked, if Shen Qui would not touch her tonight, she would definitely raise hell, ah!

Sadly for her, Shen Qui was really exhausted. It was already two in the morning when he went inside. He didn't even take a bath as he lied down and hugged Lyca's naked body.

After a few seconds, he started snoring.
