Chapter 381: Uncle Xu

The Shen Security won the Assembly!

The news made a lot of happy, sad, angry, curious, and surprised. The team that was considered the weakest actually won the assembly!

After the announcement, the teams were immediately escorted out of the arena. Shouts and congratulatory words welcomed Ma Ping and the team. However, their priority is actually not to celebrate but to help their injured teammates.

Out of twenty-five people, seven people were actually injured. Of course, none of them have fatal injuries. Most were just broken arms and some bruises from the brass knuckles that their enemies used. Even Gu Cheng and a few other people had some cuts on their faces because of the last fight.

"There will be a celebration tonight, right after the awarding ceremony. The program will start at six in the afternoon. That should be enough time for them to prepare." One committee member spoke before he left the Shen Security alone.

Shen Qui's people didn't receive any fatal wounds, but their enemies are not that lucky. The last fight against the people from Long Company showed the fighting prowess of Shen Security. Most of them were fighting like it was a brawl, a street fight.

They are experts in dodging and running around, confusing their enemies, and most importantly, they only know how to target fatal points. All of their punches and kicks were targeted in the body parts that would cause the most damage or most pain. For instance, a lot of men fell because they actually receive a kick in the crotch.

Some of them fainted on the spot from the pain.

While this infuriated Long Yi and his team, they couldn't really complain about it. In a fight, you can't really tell your opponent not to hit your manhood, right? The fight was enough to prove that Shen Security knew how to defend themselves.

The method that they used was all practical and effective.

And because of that, they won the competition.

"I am just curious about that green gas that those people used. Those were probably lethal. Isn't that prohibited?"

Lyca lifted her head and saw Huang Xiaoxuan standing in front of her.

Since the sun is up, Lyca decided to find something that could hide her from the heat. She found a tent a few meters away from the team. She instantly sat down and started eating nuts while enjoying the reactions of everyone around Shen Security.

"I have some here. Do you want to try it?" She casually asked. "See if it kills you?"

"You "

"No time to talk to you." Lyca interrupted her. "I heard Long Yi had a new close friend? I heard it's a woman? Do you know?"

Huang Xiaoxuan widened her eyes. She opened her mouth but couldn't say anything. Seeing this, Lyca added, "Ah, you should probably stop following me and follow your husband instead?"

"Humph!" Huang Xiaoxuan decided to ask Long Yi about this woman that Lyca was talking about! She turned around and walked towards Long Yi!

"How clever."

Lyca turned her head and looked at Mr. Xu Jihan. Today, he was wearing a sky blue shirt with a navy blue blazer and some chinos. It made him look younger. Lyca lifted an eyebrow as she threw a nut in her mouth. She waited for him to say something.

"Hah" Xu Jihan stood next to Lyca, his head lowered. "I came here to give you this."

"Hm?" Lyca accepted the folder and read its contents. Then she dragged her gaze back to the man's well she couldn't really see his eyes as he was wearing dark sunglasses. So, she stared at his nose instead.

"As an apology for being too careless. I wasn't able to prevent Huang Ying from harming your people." Xu Jihan's lips lifted into a gentle smile.

"Shares?" Lyca asked. Xu Jihan was giving her shares of Zhang Merchandise!

"Yes. We own a few shares. Ten percent of Zhang Merchandise is owned by Xu Family. I made some calls, and I was able to get the shares under my name. I am giving it to you."

"Oh." Lyca nodded. Why does it seem that this person is bribing him? Did he really think she was so easy to bribe?

Ah, she actually felt insulted. She knew for a fact that she was definitely easy to bribe. But why is he doing this in front of so many people?

Lyca laughed inwardly. She stared at the shares again. These actions were akin to a declaration from the Xu Family. They wanted to gain her favor and their methods were pretty direct.

If her guess was right, then the Zhang Family should be done.

"Mr. Xu "

"Please call me Jihan."

"You are so casual. You are definitely older than me. I can't call you Jihan. If you want, I can call you Uncle Xu."

"" Does she have to emphasize his age? Xu Jihan cleared his throat. "I am only thirty-two this year. There is no need to call me uncle."

"Oh. Then I will call you Mr. Xu."

"" Can't she just call him brother like normal women?

"Ah, yes. I was trying to say that the Zhang Family didn't actually succeed in their plans." She smiled. "They weren't able to harm my team." For a few seconds, she stared at his face, gauging his reaction. However, he maintained that gentle and harmless smile on his face, like a champion. Seeing this, Lyca added. "However, the Long Family harmed my Huang Family. I am sure that you are very aware of that?"

Since they wanted to gain her favor, then why not just use them to destroy the Long Family? This time, the smile on Xu Jihan's face vanished. He removed his shades and met her eyes. "You wanted me to cut ties with the Long Family?"

"Did I say that?" she tilted her head, the smile on her face didn't falter. "I don't remember myself saying that."

Xu Jihan smirked. Interesting very interesting indeed. "I see. I understand your point."

"Ah, as expected, Mr. Xu is really smart." See? This is why she like smart people! They could easily understand the sinister meaning behind her innocent words!
