Chapter 394: The Cool Boss

Sleeping too little and too much could give you an intense headache.

This was something that Lyca found infuriating. Why does her head hurt even when she was sleeping? Her brains aren't working, her body is resting. So what's with this pain?

Lyca found this absurd.

Yet, this intense pain was really wreaking havoc inside her head. This made Lyca irritated, angry, fuming, and all adjectives that she could use to describe her current emotion.

"I am telling you! This man needed to disappear in front of me right now! Pronto! I want this man jobless! Homeless! I want him to "

Lyca grimaced. Apparently, listening to someone like Xu Rong'er could multiply the pain in her head. "He is my people." Lyca interrupted the never-ending, gibberish sentences from Xu Rong'er. "You aren't my people. You can leave."

"How dare you! I was invited here by Brother Chu! How dare you act so mighty in front of me!?"

"Miss Xu are you going to stop yelling on your own? Or do you want me to help you?"

"Brother Nan! This woman is "Just like a child who didn't get her favorite candy, Xu Rong'er threw another tantrum. She stomped her feet and glared at Lyca.

"If she won't shut up. I would make her shut up forever." Lyca calmly said.

This sentence seemed to make everyone freeze. Even Xu Rong'er couldn't believe what she said. "You are threatening "

"Rong'er, let's go." Chu Nan was the first person who acted. He had seen what Lyca is capable of. If Lyca wanted Xu Rong'er dead without any evidence, then that would surely happen. "Let's stop this

these people didn't do anything wrong at all. It was their job to guard. They can't just let unknown people in."

"Humph! But how could they disrespect guests?"

"You are not their mistress' guest." Chu Nan said, he held Xu Rong'er arm and tried to drag her away from the living room. A few minutes ago, Xu Rong'er demanded to see Lyca. She won't shut up until she talks to the only person capable of ordering the guards around.

In the end, Chu Munan relented and woke Lyca up. Who would have thought that the moment Lyca woke up, she would be in a terrible mood? Chu Munan was really surprised. How could Lyca act like a child? He just woke her up because of an emergency. It's not like he killed her pet or something.

When they arrived in the living room, Xu Rong'er immediately started cursing Lyca for not training her people properly. Her criticisms, which are primarily curses and insults, made Lyca's face darker and darker. It was as if she wanted to murder someone.

"But"

"Miss Xu may I know who let you in?" Lyca suddenly asked.

"It was Brother Munan, of course! He invited me here!"

"Did you invite her here?" Lyca asked.

"That I didn't have a choice."

"Oh then both of you can leave," Lyca said. "Pack your bags and leave."

"You "

"Miss Xu, is this Mr. Chu's estate?"

"It's not! But "

"Do you think I used any of the Chu Family's money to buy this mansion?"

"I don't know! How should I know?"

"I didn't," Lyca answered her own question. "Do you think Mr. Chu helped me buy the food and pay electricity in this humongous house?"

"You What is your point?"

"Mr. Chu doesn't give me rent or pay me for the utilities. Mr. Chu is freeloading. He doesn't have the right to invite you in." Lyca stood. "You are noisy and stupid." Then she turned towards Chu Munan. "And you are spineless and a coward. Go screw yourselves!" Done speaking, Lyca didn't hesitate to walk away from them. "Don't you dare touch my people. Or you will suffer." Of course, she didn't forget to threaten them like a cool boss.

In times like this, Lyca still chose to act cool despite the pain in her head. After all, Ma Ping and the others are here.

"She She Brother Munan that woman "Xu Rong'er actually didn't know what to say. "She just she just called me noisy and stupid!" Her eyes widened. In a few minutes, two people scolded her like she was a child! How could she take this!? "You stupid woman, do you think I am scared of you?" Her feet suddenly moved forward. Xu Rong'er strode towards Lyca that was already walking towards the stairs. Then she raised her hand and tried to grabbed Lyca's long white messy hair.

"Rong'er!" Chu Nan ran behind her. He tried to grab her arm, but Xu Rong'er dodged his hand then elbowed his stomach. Without any hesitation, she tried to grab Lyca's hair again.

"Huh?" Xu Rong'er's hands halted in the air when she realized that Lyca was no longer in front of her.

"Listen b*tch" Lyca's sinister voice rang next to her ear. She shivered, goosebumps skittered all over her body. "You better pray that your security personnel is strong enough to defeat me. Or you will die in your sleep tonight. You won't even know what killed you." Lyca whispered. "If you don't believe me, then why don't you find out what happened to the two people that you asked to follow

me as I sneaked out of my mansion? Wait you can't ask them anymore. Because they're f*cking dead."

Xu Rong'er's hands trembled, her face paled. She opened her mouth, wanting to say something but soon realized that her throat is dry.

"Tonight, you better stay in a close, secure room. Or you will definitely die."

Xu Rong'er's heart was beating so fast, she couldn't seem to hear anything else aside from its sound. Soon, she realized that Lyca was no longer behind her. She gulped and tried to maintain a calm appearance as she looked at Chu Nan then at the people in the living room. "I'm leaving," she said. That woman is a freak! She is not going to show herself in front of that woman again!
