

# After Leaving The CEO, She Stunned The World - Chapter 101 - My Wife

“Lin Qun, I’m sorry,” Mo Rao muttered.

If only she was powerful enough to compete with Fu Ying. This way, she could at least seek justice for Lin Qun.

Suddenly, her phone rang.

It was actually her grandmother-in-law, Liu Yun.

“Grandma?” Mo Rao was surprised.

“Rao Rao, come to my house for dinner. Your mother said that your appetite hasn’t been good recently and wants me to help you increase your appetite.” Liu Yun’s gentle voice sounded.

This... Mo Rao did not expect Mo Wan to tell her grandmother-in-law about this.

She was really thinking about her all the time.

Liu Yun was Fu Ying’s grandmother-in-law and liked to cook delicious food. Sometimes, she would give Mo Wan, Mo Rao, and Old Madam Fu some food. She cared about them very much.

“Why aren’t you saying anything? Do you not like my food anymore?” Liu Yun pretended to be sad.

“No, no, no, I like it. I’ll be right there!” Mo Rao quickly replied. How could she not like her grandmother-in-law’s food? It was delicious!

“Alright, I’ll wait for you!” Liu Yun hung up happily.

After hanging up, Mo Rao stood up and left. She prepared to take the elevator to leave the hospital first before taking a taxi to her grandmother-in-law's place.

She had just reached the hospital lobby when she met Fu Ying.

Fu Ying was carrying some things in his hand. It was obvious that he had bought them for Qu Ru.

What a considerate man.

Mo Rao pretended not to see him and brushed past him.

Fu Ying immediately handed the things in his hand to the nurse at the side. "Send it to Room 1804."

With that, he chased after Mo Rao.

"Mo Rao!" Fu Ying reached out to stop Mo Rao with an unhappy expression. "Do you treat me as invisible?"

Now, her temper was really getting worse. She acted as if she did not know him.

"Don't get touchy with me in public!" Mo Rao flung Fu Ying's hand away angrily, her face filled with anger.

"Fu Ying, now, everyone knows about your relationship with Qu Ru, but you're here to pester me again. Do you know that this is taking a toll on me? I will be scolded and you won't help me clarify, so don't harm me like this, okay?"

Fu Ying's heart sank and he immediately thought of the Qu family's birthday banquet.

It seemed that Mo Rao knew.

“Mo Rao, Little Ru just finished chemotherapy. Her mental and physical condition is terrible...” Fu

Ying wanted to explain to Qu Ru.

“What does it have to do with me?” Mo Rao interrupted Fu Ying’s words with a cold gaze. “Was I the one who caused her to have leukemia? Just because she’s not in good health, she wants to turn the tables? As the official wife, I should be treated as a mistress? Fu Ying, why are the two of you so shameless?”

Fu Ying did not answer. His lips were pursed tightly as he stared at Mo Rao.

He knew that Mo Rao had suffered, but that was not his intention.

Mo Rao did not want to talk with Fu Ying. The more she spoke, the more her heart ached.

She walked around Fu Ying and left.

Fu Ying did not give up and followed. “Where are you going? I’ll send you.”

“It has nothing to do with you. Don’t block my way.” Mo Rao’s fair face was tense as she tried not to look at Fu Ying.

She was like a kitten that was about to run away from home.

Fu Ying felt helpless but also felt that she looked cute. He wanted to hold Mo Rao’s hand, but she shook him off again. “Don’t touch me. Your hand should be feeding Qu Ru cake and fruits, not holding my hand.”

Mo Rao’s voice was filled with anger!

Fu Ying did not care. He carried Mo Rao horizontally and allowed her to push and hit him. He carried her into the car calmly.

How could Mo Rao be willing to accept it? She immediately wanted to get out of the car, but she realized that the door was locked.

“Fu Ying, be a human!” She was furious and gritted her teeth.

“To you, I’m already inhumane anyway.” Fu Ying could actually still smile. His handsome face was filled with helplessness. Out of habit, he reached out and touched Mo Rao’s little head.

Mo Rao dodged with all her might and shouted, “Try touching me again and I’ll immediately publicize our relationship and tell everyone Qu Ru is a shameful mistress!”

Hearing her threat, Fu Ying put his arm around her shoulders and took out his phone to turn on the camera to take a selfie.

In the photo, Fu Ying was smirking, while Mo Rao looked confused and silly.

Then, Fu Ying uploaded the photo to Weibo and typed the words: My wife.

“As long as you want to make our relationship public, just click to post it.” Fu Ying handed the phone to Mo Rao.

Mo Rao was stunned as she looked at the photo and the words. She did not know how to react.

## **After Leaving The CEO, She Stunned The World - Chapter 102 - What a Coincidence**

Seeing that Mo Rao was already dumbfounded, Fu Ying knew that this fellow would not dare to.

He took the opportunity to say, “Tell me where you’re going. I’ll send you there. You can think about it on the way.”

Mo Rao came back to her senses and looked at Fu Ying in confusion. What did this person want?

“I’m going to Grandma’s.” Mo Rao had to reply.

Grandma?

Why was she suddenly going there?

Fu Ying felt a little baffled, but he did not ask further and drove off.

Along the way, Mo Rao held her phone and looked at the post that had yet to be uploaded. Her mind was a mess.

As long as she posted it, the entire world would immediately know that she was Fu Ying’s official wife bound by law. At that time, it would definitely be all over the news and she would naturally have to face a lot more.

What made her feel even more uneasy was that what was the use of posting this on Weibo?

Not long after she sent it, the two of them would announce their divorce?

That would really be a huge joke.

This way, Mo Rao would continue to be paid attention to after her divorce and would not be able to live freely. It would be troublesome for her and would expose her two children.

She had to be rational.

Mo Rao resisted the urge and put her phone aside.

Fu Ying had actually been paying attention to Mo Rao's actions. He thought that this was something that Mo Rao had been looking forward to for a long time and that she should be eager to release the news.

However, she seemed to be very hesitant. After thinking for a long time, she finally put down the phone.

Did she not want to go public now?

Was it because of Shen Feng?

Fu Ying's gaze gradually darkened.

At this moment, a puppy rushed out from the side of the road. Fu Ying stepped on the brakes in time to avoid hitting it.

"Ah!" Mo Rao exclaimed. Due to inertia, she was so frightened that she pressed her hands on both sides of her seat. Fortunately, there was a seatbelt to protect her.

But amidst the chaos, she seemed to have pressed the phone's interface.

"What's wrong? Are you alright?" Fu Ying asked worriedly.

"I'm fine, but the phone..." Mo Rao saw the puppy run away and felt a lingering sense of fear. She said to Fu Ying with a pale face, "I think it fell under the seat."

With that, she wanted to unbuckle her seatbelt and pick up her phone.

Fu Ying stopped her. "Let me do it."

He picked up the phone. It was already locked. Mo Rao said apprehensively, "I think I accidentally clicked on it. Take a look. I didn't post it, did I?"

Fu Ying unlocked the phone and checked it. His gaze darkened. Did she really not want to make it public that much?

"You didn't click on it," he replied calmly, turning off his phone.

Mo Rao heaved a sigh of relief. "That's good. Otherwise, we'll really be in trouble."

What trouble would there be? Fu Ying's expression was cold.

He felt that Mo Rao had no intention of continuing this marriage after a month. She was always prepared to get a divorce and had even thought of a way out after the divorce.

Fu Ying suppressed the frustration in his heart and continued to drive to Liu Yun's building.

This was an ordinary residential area and was also a house that Liu Yun had bought herself back then. Although it was not big, it was her home.

Later on, her two daughters, Mo Yun and Mo Wan, got married here.

"Thank you." When they reached their destination, Mo Rao thanked him coldly and got out of the car.

Fu Ying also got out of the car.

Mo Rao was baffled. "Why did you come down?"

"She's also my grandmother. Is there a problem if I go up and take a look?" Fu Ying asked.

There was indeed no problem, but he had never shown such filial piety.

Mo Rao complained silently inside.

If she had a boy in her stomach, he must not learn from Fu Ying. Otherwise, he would not be able to marry, and even if he did, he would eventually have to get a divorce!

The two of them took the elevator upstairs in silence.

When they reached Liu Yun's door, Mo Rao pressed the doorbell.

Soon, the door opened, but it was Shen Feng who opened the door.

As soon as he saw Shen Feng, Fu Ying's expression darkened, and his eyes were filled with rejection and vigilance.

As for Shen Feng, he was not much better. When his eyes met Fu Ying's, they were filled with anger.

"Shen Feng?" Mo Rao was shocked.

"What a coincidence. I'm also here to see Grandma." When Shen Feng spoke to Mo Rao, he looked gentle again, as if he hadn't shown such a hostile gaze just now.

Mo Rao smiled. "Yes, what a coincidence. I didn't expect you to be here too."

What coincidence? Fu Ying sneered inside. How could there be such a coincidence in this world?

"Come in." Shen Feng looked at Fu Ying meaningfully again and said to Mo Rao. He even thoughtfully took out a pair of light pink slippers from the shoe cabinet in the entryway. Mo Rao usually wore this pair when she came here.

# After Leaving The CEO, She Stunned The World - Chapter 103 - There's A Hidden Meaning

Mo Rao did not feel that anything was wrong and took off her shoes to change.

When she was changing her shoes, she was a little unsteady and subconsciously reached out to support herself. Shen Feng quickly reached out.

However, Fu Ying hugged Mo Rao's waist from behind. "Be careful."

He acted like a good husband.

Shen Feng froze and retracted his hand with a cold expression.

Mo Rao felt that the hand on her waist was burning, making her heart flutter. She lowered her voice.

"Let go. I can stand steadily!"

"After you finish changing, I'll let go. If you fall, my heart will ache." Fu Ying said this on purpose for

Shen Feng to hear.

Mo Rao felt disdain.

Did he need to act like this?

Men were all liars!

After Mo Rao changed her shoes, Shen Feng brought Mo Rao into the living room. He had no intention of preparing a pair of slippers for Fu Ying.

However, Fu Ying did not care. This was his grandmother's house and he was not a guest.

After changing his shoes, Fu Ying realized that Mo Rao had gone to the kitchen. He immediately followed her.

“Grandma, it smells so good!” Mo Rao was hugging Liu Yun’s arm and acting cute. Her voice was soft.

“How can the food I made for you not smell good?” Liu Yun felt happy when she heard her way of address.

Mo Rao looked at the kitchen full of ingredients and was really hungry. She swallowed her saliva.

“Wow, I wasn’t very hungry at first, but when I saw these ingredients, I started to feel hungry.”

Liu Yun understood immediately and quickly instructed Shen Feng, “Did you hear that? Rao Rao said that she’s hungry. Shen Feng, come and help. Prepare the food as soon as possible.”

Shen Feng smiled gently. As he walked over to wash the vegetables, he deliberately sighed. “Sigh, when I came just now, I also said that I was hungry. Grandma, you weren’t so proactive then.”

“You’re a man. How can you compare to the delicate little Rao Rao?” Liu Yun glared at Shen Feng before smiling at Mo Rao dotingly.

Shen Feng nodded repeatedly. “Yes, yes, yes. Grandma is right.”

Seeing that the three of them were chatting amicably, Fu Ying felt out of place. He could only walk in. “Grandma.”

Seeing Fu Ying, Liu Yun was not as enthusiastic as before. Instead, she acted a little cold. “Yes, you’re here too.”

In the past, Liu Yun liked Fu Ying very much and always spoke to him with a smile.

Today, she was acting unusual.

Mo Rao did not dwell on it. She looked at the dumplings at the side and rolled up her sleeves to wash her hands. Then, she volunteered, "Grandma, I'll go make dumplings!"

"No, I'll do it later. Go sit and play with your phone for a while." Liu Yun immediately stopped her. She could not bear to let Mo Rao do it. Anyone would like her fair and smooth hands.

Although Fu Ying was a scumbag, during the three years Mo Rao had been married to him, she hadn't done much. In terms of material things, her life was very comfortable.

However, her relationship was a mess!

"Let me do it." Fu Ying saw his chance and immediately rolled up his sleeves.

Mo Rao's eyes were filled with surprise. She had never known that Fu Ying knew how to make dumplings!

Not to mention the three years Mo Rao had been married to him, from when she was adopted by the Fu family, she had never known that Fu Ying had culinary skills.

He usually did not do any chores and left them to the servants.

Fu Ying skillfully wrapped the dumplings.

Mo Rao said, "I didn't expect you to know how to make dumplings."

"When did I tell you that I don't know how to?" Fu Ying looked up and asked Mo Rao as he wrapped the dumplings.

Just because he didn't do it didn't mean he didn't know how to.

It was just that he usually did not have the time or mood to do this.

Mo Rao thought about it. That was true. Fu Ying had never cooked anything for her and she had never asked. How would she know if Fu Ying knew how to cook?

However, Qu Ru definitely knew because Fu Ying must have cooked it for her.

Liu Yun was a little surprised to hear their conversation. “Rao Rao, you’ve never eaten food Fu Ying cooked?”

“No.” Mo Rao shook her head. “But it doesn’t matter. Perhaps the food he cooks isn’t to my liking. After all, he specifically learned it for someone else. He must have learned it according to her taste and preferences.”

Fu Ying looked at Mo Rao again, his eyes filled with displeasure.

Mo Rao pretended not to see it and said to Liu Yun, “Grandma, I’m going to the washroom.”

“Go ahead.” Liu Yun nodded.

After Mo Rao left, Liu Yun asked Fu Ying unhappily, “Fu Ying, did you hear what Rao Rao said just now?”

Fu Ying nodded. Of course, he could tell what she was implying.

It was not that he did not know, but he did not want to do it. Liu Yun rolled her eyes. “You’re really hopeless.”

## **After Leaving The CEO, She Stunned The World - Chapter 104 - Playing Dirty**

Fu Ying was unhappy. Why was he hopeless?

Couldn't he cook for Mo Rao every day in the future?

After Mo Rao went to the washroom, she sat alone in the living room. Because Fu Ying was in the kitchen, she did not want to go in again.

After a while, Shen Feng walked out with a bowl of freshly cooked dumplings and called out to Mo Rao, "Rao Rao, come and try it."

Mo Rao quickly walked over. Shen Feng scooped a dumpling with a spoon, blew it until it was cold, and handed it to Mo Rao.

Mo Rao took it and tested that it was not hot before eating it. Although the meat filling was still a little hot, the taste was really delicious.

And the juice of the dumplings was very good.

"It's so delicious!" Mo Rao praised generously.

Shen Feng smiled. "It's good that it's delicious. Eat a few more."

Liu Yun walked out of the kitchen and smiled when she saw this scene.

However, Fu Ying felt very aggrieved. It seemed like Mo Rao and Shen Feng were a couple.

"Hurry up and wrap them. There's not much left." Liu Yun immediately urged when she saw Fu Ying's gaze.

"Okay." In front of Liu Yun, Fu Ying did not dare to lose his temper. He could only lower his head and continue making dumplings.

The other three were busy with other matters.

Mo Rao asked obediently, "Grandma, is there anything else I can do? Just tell me!"

Liu Yun replied with a smile, "Then help me place the dishes and cutlery!"

"Okay!" Mo Rao immediately stood up and went to the kitchen to take out bowls and chopsticks from the cabinet.

Fu Ying looked at her. She seemed to be very familiar with this place, even more familiar than him.

Liu Yun watched as Mo Rao went to the dining room to set up the dishes before saying to Fu Ying calmly, "The number of times you came here to see me is not even half of Rao Rao's. As long as she has time, she will come over to chat with me, eat with me, and watch television with me. You probably don't know any of this."

Fu Ying was silent. He really did not know and had never cared about this.

Liu Yun continued, "Fu Ying, your grandmother, parents, and I like Rao Rao. It's not just because her parents are indebted to the Fu family, but because we really like her. She's very kind, gentle, and meticulous. She knows how to take care of everyone's emotions, but she always makes herself suffer instead. We feel sorry for her. You're really unworthy of her."

In Liu Yun's mind, her grandson, Fu Ying, was naturally a very outstanding man.

But his excellence was in terms of his status and ability, not in terms of relationships.

Fu Ying was simply a scum when it came to relationships.

He did not know how to cherish Mo Rao, who was so good.

Fu Ying could not help but look in the direction of the dining room. Mo Rao was happily setting the dishes.

He rarely really cared about her, but she really treated his family as her own.

After Fu Ying finished wrapping the dumplings, Liu Yun said calmly, "Go to the bathroom and wash your hands. It's not convenient to wash the vegetables here."

"Okay." Fu Ying could only go to the washroom.

Unexpectedly, the sink was already occupied by Mo Rao. She had just set the table when she felt like going to the bathroom again. She had probably drunk too much water.

Seeing Fu Ying enter and his hands covered in meat stuffing, Mo Rao washed her hands faster. "I'll be done soon."

"There's no hurry." Unexpectedly, Fu Ying actually pressed himself against Mo Rao's back. His broad chest and her slender back were pressed tightly together. A familiar clear fragrance wafted over, making Mo Rao blush.

Fu Ying looked at Mo Rao, whose face was already red, in the mirror and said in a low voice, "Help me wash it."

"Wash your hands yourself. I won't help." Although Mo Rao was a little flustered, she was still very rational.

"It's not convenient for me to wash it. How will I use the hand soap? When the time comes, the meat stuffing will stick to the bottle. It'll be very unclean." Fu Ying found a dignified reason.

Mo Rao was really speechless. That was inconvenient?

She refused. "Then wash the bottle afterward."

"I find it troublesome. If you don't help me wash it, I won't let you go out." Fu Ying started to act shamelessly again.

His tall figure towered over Mo Rao. From the door, one could not tell that Mo Rao was in his arms.

Mo Rao could not help but scold angrily, "Fu Ying, you're really a pervert. Why are you so shameless?"

He even had to force her to wash his hands!

Fu Ying was not angry. He smiled and looked at Mo Rao in the mirror. Her face was so cute that he wanted to kiss her. He said lazily, "Aren't you hungry? Hurry up and help me wash them. After that, we'll go eat."

Mo Rao was indeed a little hungry. Moreover, it was not good to keep staying here. She could only puff up her cheeks and help Fu Ying wash his hands roughly.

## **After Leaving The CEO, She Stunned The World - Chapter 105 - Deliberately Acting Intimate**

Because of Mo Rao's rough movements, Fu Ying's arms were wet, and even his rolled-up cufflinks were wet.

She had done it on purpose.

Fu Ying did not stop her. He only smiled as he watched this scene. He felt like there was a kitten throwing a tantrum in his arms. He thought that she had some very impressive revenge method, but in the end, it was this childish method.

When she was angry, her face was flushed. Her lowered eyes showed her eyelashes, which were very long and thick, like a small fan.

She also had a faint fragrance on her, which was completely different from the fragrance of hand soap.

She smelled really good.

Fu Ying was extremely reluctant to part with this scene. He did not want to lose his current life.

“Rao Rao, let’s not get a divorce, okay?” Fu Ying could not help but blurt out. His voice was so gentle and low, like the most melodious cello.

Mo Rao’s body stiffened, and her hands stopped moving.

Fu Ying had not called her “Rao Rao” for a long time, nor had he ever asked for her opinion so affectionately.

The fluttering of her heart made Mo Rao feel terrible.

She turned off the tap and turned to look at Fu Ying, but her eyes were filled with vigilance. “Fu Ying, what are you up to again?”

Yes, in her heart, Fu Ying’s current affection was a ruse.

It must be for Qu Ru’s sake!

She wouldn’t believe him again, nor would she be played and hurt like a fool again.

Fu Ying was stunned. What kind of reaction was this?

“Wipe your hands clean and go out to eat.” Mo Rao pushed Fu Ying away and left.

Fu Ying's heart sank again. He was already willing to do this, but she seemed to have made up her mind.

When Fu Ying came out of the bathroom, Mo Rao, Liu Yun, and Shen Feng were already sitting at the dining table, waiting for him to come.

Fu Ying walked to Mo Rao's side and sat down.

"Alright, let's eat." Liu Yun smiled and said.

Mo Rao waited for Liu Yun to start eating before she started eating.

She liked the taste of today's dumplings, but she felt a little sick of them after eating too many of them, so she wanted to dip them in vinegar to relieve her nausea.

"What's wrong?" Liu Yun immediately asked.

"I want to mix some dipping water," Mo Rao replied.

Liu Yun immediately looked at Fu Ying. "Sit down and let Fu Ying go."

Fu Ying did not know what kind of dipping water Mo Rao liked, but he still stood up. Liu Yun, on the other hand, knew very well. "Put some vinegar, a spicy millet, some soy sauce and sesame oil."

Fu Ying nodded and went into the kitchen to make the dip.

Mo Rao wanted to say something but hesitated. However, Liu Yun had spoken, so she could not reject the offer. She changed the topic. "Grandma, I mix the dip like this in other places, but it doesn't taste as good. It seems like the seasoning here is more delicious!"

This little girl even had to praise the seasoning. Liu Yun felt very pleased while listening to her  
praise.

She smiled kindly. "I knew you liked it. My friends brewed the vinegar here, so the taste is a little  
different from that of restaurants. If you like it, bring two bottles back later and come back to stock up  
after you finish them."

Mo Rao smiled sweetly. "Alright, thank you, Grandma!"

"Eat more. Look, you've lost weight again. My heart aches for you." Liu Yun kept putting food into Mo  
Rao's bowl. Looking at Mo Rao's increasingly thin figure, her eyes were filled with pity.

Mo Rao ate obediently and did not refuse at all.

Because Chen Meng had also said that she was malnourished and had to eat more food, she had to  
eat something nutritious.

Fu Ying brought the prepared dipping water to Mo Rao. Mo Rao said in a low voice, "Thank you."

Why was she being so polite? She sounded very estranged.

Fu Ying felt uncomfortable, but he still patted Mo Rao's head gently. "Why are you thanking me? Are  
you stupid?"

This intimate action was so deliberate that Shen Feng was annoyed when he saw it.

Initially, Shen Feng wanted to talk to Mo Rao more, but because Fu Ying was also around, he could  
not find a chance.

And it might cause trouble for Mo Rao.

After the meal, Shen Feng looked at the time and said to Liu Yun, "Grandma, I still have work to do in the afternoon, so I'll leave first. I'll visit you again next time."

"Alright, drive carefully." Liu Yun instructed.

"Okay, I will." Shen Feng looked at Mo Rao again. "Goodbye."

Mo Rao replied gently, "Goodbye."

Looking at their actions, Fu Ying wondered why he felt so uncomfortable. The sight was such an eyesore.

After Shen Feng left, Mo Rao stood up. "I'll wash the dishes."

Liu Yun immediately stopped her. "No, you don't have to wash it. I bought a dishwasher and can just put the dishes in. You recommended it. It's quite useful."

## **After Leaving The CEO, She Stunned The World - Chapter 106 - Be More Manly**

Fu Ying frowned slightly. "A dishwasher?"

"Speaking of the dishwasher, I'm angry." When Liu Yun saw that Fu Ying had spoken, she scolded unhappily, "Didn't you buy me a dishwasher in the past? It's not easy to use and the dishes can't be washed clean. After washing them, I have to take them out and wash them again. How tiring. There was once when I just put the cutlery in and it exploded. My kitchen was almost ruined and I was almost injured."

Something like that happened?

Fu Ying subconsciously said, "How did this happen? That brand was what Little Ru..."

When he reacted, he stopped.

Liu Yun was even more unhappy when she heard that. She said coldly, "I was wondering why I was so uncomfortable using that dishwasher. It turns out that it was recommended by someone I don't like."

Fu Ying said nothing.

Mo Rao felt that the atmosphere was awkward. Coincidentally, the corner of her shirt was stained with grease. She stood up and said, "Grandma, I'll go wash the corner of my shirt. It's dirty."

"Okay." Liu Yun nodded.

After Mo Rao left, Liu Yun started to educate Fu Ying. "Fu Ying, let me tell you. If there's someone who makes one or two people hate her, that's normal. But if most of the people around her don't like her, then there must be something wrong with her. Do you really think everyone is deliberately targeting you?"

Fu Ying understood this and was silent.

Liu Yun sighed. "Your parents, grandma, and I have lived for decades. We're not blind old fellows. We judge people accurately. If the person you like has parents with a bad character and there's nothing wrong with her character, we definitely won't discriminate against her. At most, we'll cut ties with her parents, right?"

Her words implied that Qu Ru had a bad character.

Fu Ying couldn't help but explain, "Grandma, Little Ru is actually not a bad person. She just lived in such an environment since she was young and lacked love and a sense of security."

“Then why did you marry Rao Rao?” Liu Yun immediately retorted. “Since Qu Ru lacks love so much and you’re willing to give her all your love, why did you accept Rao Rao back then? Do you know that doing this is cowardly? You’re ruining Rao Rao’s happiness!”

“Grandma, as for these things... I’ll compensate her in the future.” Fu Ying hesitated, but he was indeed telling the truth.

“How are you going to make it up to her? Do you think Rao Rao can accept you two-timing her?” Liu Yun was extremely serious. “Qu Ru lacks love, but does Rao Rao not lack love? She’s even more innocent. If a man feels that Rao Rao is pitiful and lacks love now and runs over to take care of her for the rest of her life, will you be willing to accept it?”

Fu Ying didn’t even think about it. “No.”

He would probably tear that man apart!

“Hmph.” Liu Yun snorted. Men were indeed double standard scumbags. She said angrily, “Since you understand this logic, be like a man and make a decision. If you can’t bear to part with Qu Ru, let Rao Rao go. Rao Rao deserves a better person. If you don’t want to divorce Rao Rao, you must cut off all ties with Qu Ru, but don’t bring Qu Ru to me!”

Since Liu Yun had already said so much, Fu Ying had nothing to say. His dark eyes had a complicated look. “I understand.”

Just as he finished speaking, Mo Rao returned.

She felt the atmosphere become even stranger. What did the two of them talk about?

Their expressions were a little off.

“Grandma, we’ll go back now.” Mo Rao was afraid that Fu Ying would anger Liu Yun if he continued to stay here, so she suggested going back.

She knew that in the past, Liu Yun doted on Fu Ying very much and kept praising him.

Now, because of her, Fu Ying’s grandmother had a problem with Fu Ying.

Mo Wan must have told Grandma something.

They were about to get a divorce. Mo Rao didn’t want to ruin the relationship between Fu Ying’s family members. Otherwise, she would feel guilty even if she left.

Liu Yun knew Mo Rao’s personality. She must have sensed something and didn’t want Fu Ying to be too troubled. That was why she took the initiative to go back. She was a little girl who would consider others’ feelings.

“Alright, I’ve already prepared vinegar for you. Bring it back and make some dumplings to whet your appetite.” Liu Yun stood up and went to the cabinet. She took a bag and packed a lot of snacks for Mo Rao.

She acted like Mo Rao’s biological grandmother.

In any case, all of Fu Ying’s family members treated Mo Rao very well.

Only Fu Ying was an exception.

Mo Rao didn’t refuse. This was a kind gesture from her elder. She accepted the snacks and smiled sweetly. “Thank you, Grandma. I’ll come again next time!”

Liu Yun liked Mo Rao’s smile. She replied lovingly, “Okay, you can come every day.”

# After Leaving The CEO, She Stunned The World - Chapter 107 - Have More Children

Mo Rao wanted to come every day, but she was embarrassed to trouble the old lady every day.

She changed her shoes with the snacks and waved at Liu Yun. "Grandma, we'll leave first.

Goodbye. Take care of yourself!"

Liu Yun smiled and waved. "Okay, goodbye."

After entering the elevator, Fu Ying took Mo Rao's bag.

Mo Rao was happy to be relieved of the burden. If he wanted to carry it, so be it.

After they went down two floors, many people entered the elevator again and filled the elevator. Mo

Rao felt that the space had become much smaller.

Fu Ying looked at Mo Rao's subconscious retreat and reached out his arm to pull her behind him. He

turned around and faced Mo Rao, using his body to create a small space for her.

Neither of them spoke, but Mo Rao's heart raced.

She didn't dare to look up. If she did, she would meet those dark eyes.

This posture was too ambiguous and considerate. Mo Rao wasn't used to it.

There were children in the elevator. Children spoke without restraint. Looking at Fu Ying and Mo

Rao, they immediately started laughing. "Uncle, Auntie, what are you guys doing?!"

Mo Rao's face turned even redder.

Fortunately, the child's parents stopped him from asking further.

Finally, the elevator reached the first floor. Mo Rao heaved a sigh of relief and waited for everyone in front to walk out before following Fu Ying out of the elevator.

When they got to the car, Mo Rao asked as she fastened her seatbelt, "Are you going to the company?"

"Yes." Fu Ying started the car.

"Alright, drop me off halfway. I'm going to get some clothes and return to the old residence," Mo Rao said.

Fu Ying turned to look at Mo Rao with an ugly expression.

Mo Rao also retorted with a dirty look, "What kind of look is that? It's almost the end of the year. Didn't we always go back to the old residence for the new year? I want to go early this year. You don't have time to accompany me anyway."

Fu Ying was silent.

"Don't worry, I didn't pack your clothes. I'll tell Grandma and the others that you're very busy and I'll go back to the old residence to live alone," Mo Rao said calmly.

If they returned to the old residence to live together, wouldn't it prevent Fu Ying from accompanying Qu Ru?

When Fu Ying heard Mo Rao's mocking words, he said, "Let's talk in a few days."

If Mo Rao moved to the old residence, Shen Feng would have a reason to run over often. After all, that was his aunt's house. It was normal for him to visit.

However, this would increase the number of times he interacted with Mo Rao.

In Fu Ying's heart, he was very against such a thing happening.

Shen Feng's words that day had left a deep impression on him. He was afraid that Mo Rao would know the truth.

"Sure." Mo Rao didn't want to argue with Fu Ying. It didn't matter if she went a few days later.

"You seem to like going to the old residence now." Fu Ying discovered this problem.

"Yes." Mo Rao closed her eyes to rest and said coldly.

Fu Ying frowned. "Why?"

Could it be because of Shen Feng?

Mo Rao sneered. "Because it's lively. Since you have to accompany Qu Ru, I'm very bored at home alone. I have Grandma and Mom and Dad in the old residence. It doesn't matter if you're not around."

She and Fu Ying lived alone in a huge villa.

It was a luxurious villa. Whether she wanted to work out and swim, there were complete facilities.

But what was the point of being home alone?

Mo Rao didn't want to touch these things at all.

In the past, she loved it when Fu Ying came back. The moment he came back, she felt as if the entire house gained life. The moment he left, the house felt stuffy.

Now, she didn't have such expectations. She knew that Fu Ying had someone he really wanted to accompany.

The car stopped at a red light in front. Fu Ying said in a low voice, "If you like things to be lively, we'll have more children in the future."

Mo Rao didn't say a word. She felt that his words were very funny.

How was she going to give birth? The children in her stomach were an accident. She had no intention of telling Fu Ying, nor would she have other children with him.

Besides, it was irresponsible to give birth to children and make them lack fatherly love.

As long as they got a divorce, when the children were born in the future, Mo Rao would tell them that their father was dead.

But if they didn't get a divorce and the children asked, "Mommy, where's Daddy?"

Mo Rao really didn't know how to answer.

She couldn't say that her father was air, could she?

"Let's talk about this later. Fu Ying, a month will pass quickly. Think about what you want to do." Mo Rao's tone was very aloof.

Fu Ying raised his eyebrows. "You mean you won't object to anything I do?"

Mo Rao was extremely tired. "Yes, you're the one who makes the decisions anyway. It's up to you."

## **After Leaving The CEO, She Stunned The World - Chapter 108 - Horniness**

From the beginning, Mo Rao was the passive party. Now that it was almost over, she couldn't be bothered to change from passive to active.

She would let Fu Ying decide for himself.

When they reached the entrance of the neighborhood, the car stopped. Mo Rao wanted to open the door and get out, but Fu Ying didn't unlock the door.

"Open the door!" Mo Rao was puzzled.

"I don't want to." Fu Ying turned to look at Mo Rao.

At this moment, because Mo Rao was puzzled, her charming eyes were filled with confusion. She looked a little cute and foolish.

She had very beautiful lips. Even without lipstick, they were bright red and moist, like an alluring cherry blossom jelly.

At the thought of the touch of her lips, Fu Ying felt desire rise within him.

"Why?" Mo Rao had yet to react and only felt puzzled.

She had already agreed to let him do whatever he wanted. Wasn't that enough?

Just as she was about to urge him again, a hand grabbed the back of her head and pulled her forward. His lips covered her mouth.

Fu Ying had always been an aggressive man, and was especially domineering in this aspect.

Mo Rao was shocked and angry. Didn't she warn him not to touch her?

She struggled with all her might and pushed Fu Ying with her small hands. She let out muffled sounds, but it was useless.

Fu Ying wanted to restrain himself, but the moment he kissed Mo Rao's lips, he felt his body burn with desire.

Mo Rao still had power to make him lose control.

He fumbled around and flattened the passenger seat. Then, he turned over and pressed himself on Mo Rao. Mo Rao wanted to break free from him, but he restrained her hands and raised them above her head.

"Fu Ying, what are you doing?!" Mo Rao was furious. Because of the lack of oxygen, her face was very red and her eyes were watery. Even though she was filled with anger, her appearance made him want to ravage her.

Her voluptuous breast was also heaving from panting. The milky white wool sweater was very thin and clung to her body, outlining the woman's slender and graceful curves.

Her legs were forced apart by Fu Ying and she couldn't move at all. That hard thing was pressed against her lower abdomen. Even through the fabric of their clothes, she could feel it clearly.

"I want to bang you." Fu Ying's words were very blunt, making Mo Rao's face burn.

This person was simply a beast, a beast who could get turned on at any time!

Mo Rao twisted her body with all her might. "Let go of me. You promised not to touch me!"

"What if I can't do it?" Fu Ying's hoarse voice was low and filled with temptation due to lust. His body temperature was originally high, so now, his entire body was emitting heat.

Mo Rao was almost suffocated by his body. She found it difficult to speak. "You promised me..."

“I won’t go in, but I have to vent my lust. Rao Rao, how long has it been since we last did it? Do you think I can hold it in?” Helplessness flashed across Fu Ying’s eyes. He didn’t want to be so rough, but it was really difficult to control his horniness.

Mo Rao bit her lip, her eyes filled with anger. Fu Ying was really suited to being a gigolo!

Didn’t Qu Ru help him solve his needs these days?

He still couldn’t hold back from her? How energetic!

“You—” Mo Rao was about to mock him when his kiss landed again, blocking her lips.

A pair of hands also lifted her clothes, revealing her white bra. The bra made her breasts seem voluptuous and seductive. Even when she lay down, they were tall and bulging, like two snow-white buns.

Fu Ying took off her bra and her breasts jumped out. The pink nipples on them trembled in a very cute manner.

Fu Ying lowered his head and sucked it. The tip of his tongue skillfully wrapped around a nipple and gently licked it. The numbing pleasure was immediately transmitted to Mo Rao’s mind.

She let out an involuntary moan.

It was this moan that gave Fu Ying great encouragement!

Initially, he was a little worried that Mo Rao would resist violently. Now, he could be more daring.

“Fu Ying!” Mo Rao exclaimed.

Her underwear had been taken off, and one of his hands had already forcefully entered her private part.

“What’s wrong?” Fu Ying’s eyes were filled with desire. As he replied, he continued to probe into the depths of Mo Rao’s private part. His fingers were long to begin with, and he was very familiar with where Mo Rao’s comfortable spots were. He directly used his fingers to pull and insert.

Mo Rao wanted to curse, but the moment she opened her mouth, she said, “You... Ah!!”

## **After Leaving The CEO, She Stunned The World - Chapter 109 - Pervert**

Fu Ying liked Mo Rao acting like this the most. She was carried away by the pleasure of lust.

He couldn’t hold it in anymore. His lower body was hard and erect!

However, he had said that he wouldn’t go in, so he could only relieve himself on the outside.

“Help me.” Fu Ying shamelessly unbuttoned his pants and placed Mo Rao’s hand on the stick.

Mo Rao wanted to retract her hand, but he held it tightly, not allowing her to let go.

“I’m going to call someone!” Mo Rao finally got a chance to breathe and threatened.

Her voice, with a hint of coquettishness, had also changed a little. In this situation, she was at his mercy.

Fu Ying curled his lips and smiled evilly. “Alright, call and let everyone see what we’re doing.”

“You’re shameless, you hooligan!” Mo Rao was so embarrassed that she could only curse.

Fu Ying knew that she was shy and was afraid of being discovered. That was why he bullied her!

“Do you think two will do?” Fu Ying stretched out another finger and tried to insert it into the narrow hole. Mo Rao had always been very tight. He had always been worried that he would break her.

But it didn't seem like it. Moreover, she was the kind that made people increasingly horny.

Two fingers invaded Mo Rao's lower body. That place was still wet from the stimulation. She felt very comfortable, but she hated her body for being so honest. She couldn't even pretend.

In the car, there was a popping sound. Fu Ying's hands were already covered in sparkling water.

Every time he moved, he would make a shameful sound.

However, Mo Rao was completely frozen. She held his private part but didn't move.

Even if she didn't move, as long as he felt her soft and slender hand on it, he would feel aroused.

“Rao Rao, your skills aren't good enough.” Fu Ying sighed and lowered his head to kiss her flushed face. Then, he stuffed the stick between Mo Rao's thighs.

Although he didn't enter, he found a different feeling from his hand.

Fu Ying pressed Mo Rao's legs together and squeezed his penis while trying his best to find the most pleasurable feeling.

Mo Rao's thigh was also fair, smooth and delicate. Even his private part felt very pleasurable when being sandwiched inside!

“It feels so good...” Fu Ying let out a low moan.

Mo Rao no longer knew what to do. She felt like a fish on a chopping board, and Fu Ying was the butcher.

“Fu Ying, you...” Mo Rao still wanted to stop Fu Ying.

However, Fu Ying had already started to move. That thing kept rubbing against the inside of her legs.

Mo Rao could feel its heat, hardness, and sticky liquid that was secreted.

The air in the car began to smell erotic.

The car also swayed with Fu Ying’s movements. If anyone passed by, they would definitely know what was going on inside. If someone glanced in from the front, they would be doomed!

Mo Rao really felt ashamed.

Fu Ying had never stayed abstinent from Mo Rao for so long. In addition, it was his first time doing it in the car. He felt very excited. His usual one-hour combat strength was exhausted in less than twenty minutes today.

However, he was still very satisfied with his endurance. He could still last for 20 minutes under such circumstances.

A stream of white liquid sprayed onto Mo Rao’s thigh. It was sticky and was sliding down, as if it was about to slide into her butt.

“Hurry up and wipe it off!” Mo Rao shouted, her entire body covered in sweat.

“Okay, don’t move. I’ll help you wipe it.” Fu Ying stabilized Mo Rao, then parted her legs and took out a piece of paper to wipe Mo Rao’s private parts.

Why was this action so erotic?

Mo Rao quickly sat up and tried to put on her pants. "Go away. I'll do it myself!"

Fu Ying was amused by her shy and angry look. He helped her put on her pants. "Go back and take a shower."

After all, after he got up, he wasn't blocking Mo Rao anymore. He didn't want others to see Mo Rao's charming appearance.

As long as he thought about how other men might possess Mo Rao like this in the future and take her beauty for themselves, Fu Ying felt extremely unhappy.

He had never known how to resolve this feeling. Now, he did.

If he didn't divorce Mo Rao, Mo Rao couldn't marry anyone else and no other man could touch her.

As long as she hadn't divorced him, anyone who dared to touch her would die.

## **After Leaving The CEO, She Stunned The World - Chapter 110 - Married Trending Search**

After cleaning herself up, Mo Rao's face was flushed.

Her dark hair was also messy. She ran her hands through it messily and glared at Fu Ying. "What do you want?!"

"Didn't I say it just now?" Fu Ying smiled helplessly. "Look, you wanted it just now, didn't you?"

Mo Rao's reaction was what Fu Ying liked to see the most. She was shy and gentle, making him feel horny every time.

Mo Rao bit her lip and didn't speak. She had indeed reacted just now.

But this wasn't what she wanted. A physical reaction didn't represent her psychological reaction.

"Alright, go back quickly. Don't catch a cold. I'll come back early tonight to accompany you." Fu Ying reached out and gently touched Mo Rao's head, as if he was coaxing a child.

Mo Rao shook off his hand awkwardly and pretended to be annoyed. "Who wants you to come back and accompany me? It has nothing to do with me even if you stay out all night!"

With that, she opened the door and got out of the car, afraid that something would happen if she stayed any longer.

After all, Fu Ying was a hooligan!

Suddenly, Mo Rao opened the car door and angrily took out the snacks her grandmother had given her. She didn't even look at Fu Ying and went straight home.

Fu Ying looked at her arrogant look and felt that she was very cute.

Did Mo Rao like snacks so much?

Fu Ying called Gu Hai. "What delicious snacks are there? Search for them and send them to Mo Rao twice a week. Don't send too many, especially sweet things. It's bad for her health."

Although he wanted to indulge in her gluttony, for the sake of Mo Rao's health, Fu Ying felt that there had to be a limit.

Gu Hai didn't expect his boss to suddenly be enlightened and immediately replied, "Okay, President Fu."

...

Mo Rao returned home and placed the snacks on the table. Then, she took out a candy and stuffed it into her mouth.

Her phone began to vibrate again.

It had been vibrating just now, but Mo Rao didn't look at it.

The moment she turned on her phone, she realized that the group chat that she, Mo Wan, and Old Madam Fu were in already had a ton of messages.

The messages kept coming.

“Rao Rao, have you checked your phone?”

“I'm so anxious. Rao Rao, you're on the news!”

“It's another trending topic. Take a look!”

Then, Mo Wan sent a picture.

It was actually a trending topic about Fu Ying and Mo Rao being married!

The red font was very eye-catching, and there was an even more eye-catching word, “Sensational”.

One could imagine how popular the news was!

Mo Rao's face turned pale. She looked at the phone in disbelief. Had she really sent it by mistake?

Impossible. Fu Ying had clearly checked. She didn't send it.

What the hell was going on?

Mo Rao immediately opened Weibo to check. It was indeed true. Now, her and Fu Ying's names were at the top of the trending list.

The comments had already reached tens of thousands and were still rising.

Afraid that she would be scolded to death, Mo Rao didn't dare to look at the comments.

She quickly returned to the group and saw Mo Wan standing up for her. "It must be Fu Ying!"

"He's about to divorce Rao Rao, yet he still dared to do this? He's deliberately making Rao Rao suffer in the future. Bastard!" Old Madam Fu also cursed Fu Ying.

Mo Wan followed. "Yes, Mom, you're right. This unfilial son let Rao Rao down and wants the whole world to know that Rao Rao's future marriage will be her second one. He's really courting death!"

Old Madam Fu said, "I think it was Qu Ru's idea. That little vixen has the most wicked ideas!"

Mo Wan said, "I'll get someone to throw Qu Ru out of the hospital now."

Old Madam Fu said, "That's not good. It won't sound good if word gets out. Why don't we just buy the hospital and close it down? She'll have to scam."

The two of them echoed each other. Mo Rao watched silently and couldn't interrupt.

Mo Wan found it very strange. She @ Mo Rao and asked, "Rao Rao, where are you? Why haven't I seen you comment?"

Old Madam Fu was very worried. "Daughter-in-law, do you think that perhaps that bastard Fu Ying kidnapped my granddaughter-in-law? He really is capable of doing such a thing. After all, he's not a good person."

Mo Wan immediately became even more anxious. "If he dares to treat Rao Rao like this, I'll break his legs. Wait a minute, I'll pull someone in and ask."

Soon, Fu Lin was pulled into this group.

Three women for a show. There was nothing for him to do at all. He didn't even know that this group existed.

Fu Lin felt a little wronged. "Honey, why did you add me to this group only now?"

"Don't talk about this. Do you know where your son is?" Mo Wan was worried about Mo Rao's safety. She had to know where Fu Ying was first.
