

After Leaving The CEO, She Stunned The World - Chapter 111 - Everything Is Just a Misunderstanding

Fu Lin sent a confused emoji.

“I don’t know anything. I don’t know what that kid did!” Fu Lin thought that Mo Wan suspected him and was so frightened that he sent a voice message in the group.

“Hmph, then do you know what your son did?” Old Madam Fu also spoke.

Fu Lin was really innocent. How could he know?

However, he suddenly remembered. “Are you talking about the trending topic?”

Mo Wan and Old Madam Fu replied with an angry emoji.

So that was the reason. But since Fu Ying had chosen to make it public, wasn’t it a good thing? Did it mean that he wanted to ask Mo Rao to stay?

Fu Lin was a man after all. He couldn’t think of the deeper implications for a moment.

He asked carefully in the group, “This... rascal, did he do something wrong?”

“Otherwise, he did something right?” Mo Wan was so angry that she started to send voice messages. She was a lawyer, so she spoke clearly and quickly with a hint of anger. “If Rao Rao divorces him in the future, won’t everyone know that it’s her second marriage? This will be an obstacle for her to find a good man to marry!”

After Mo Wan’s angry explanation, Fu Lin immediately understood.

Immediately, he became angry. “This bastard, I’m going to beat him to death!”

Mo Rao was amused. These three people were too cute.

Then, Fu Lin comforted Mo Wan and Old Madam Fu. "Honey, Mom, don't worry. I've already sent someone to do public relations."

"Public relations? As if it doesn't matter if they clear the matter? Fu Ying's account was hacked?" Mo Wan was furious.

"No, I want to let everyone know that Fu Ying isn't worthy of her and that Rao Rao is the best daughter-in-law. As the woman behind Fu Ying, she is kind, generous, obedient, and knows how to endure hardship. She always makes herself suffer and helps others. Marrying her is Fu Ying's blessing!"

"That's more like it. Let everyone know how detestable he is. Scold him to death!" Mo Wan was a little happy.

"Alright, I'll definitely work hard!" Fu Lin sent a struggling emoji.

Old Madam Fu also came out happily and said, "Then it's settled. Rao Rao is right, but Fu Ying is at fault."

Mo Wan and Fu Lin immediately sent an "OK" sign.

Mo Rao felt anxious and touched. She was anxious about how she had sent it out by mistake and what to do. She was touched because the rest of the Fu family was on her side and had been thinking for her from the beginning.

Mo Rao was about to send a message when Mo Wan's message appeared again. "Oh right, have you guys contacted that bastard?"

“I haven’t got in touch with him yet. I don’t know where he went. I sent someone to look for him,” Fu

Lin replied.

“He fled in fear of punishment. He’s irresponsible and unfilial!” Old Madam Fu typed slowly, but the quality of the content wasn’t inferior to her son and daughter-in-law’s. It was all criticism for Fu Ying.

“If Rao Rao gets sad because of this, I’ll put righteousness before family. Fu Lin, don’t stop me!” The more Mo Wan thought about it, the angrier she became. Fu Ying really didn’t consider Mo Rao’s feelings at all.

He only cared about the mistress outside!

Fu Lin quickly replied, “I won’t stop you. I’ll hand you a knife!”

Mo Wan’s mood improved and she started to feel sorry for Mo Rao. “Why is Rao Rao so pitiful? Qu Ru, that little vixen, is deliberately bullying her. She’s always thinking of ways to do bad things!”

Mo Rao finally sent a message. “Grandma, Dad, Mom, I’m fine…”

Seeing that everyone was so worried about her, she was really embarrassed to continue hiding.

Mo Wan immediately asked, “Rao Rao, where are you? Are you alright?”

Mo Rao simply replied via voice message, “Mom, I’m fine. Fu Ying didn’t post that Weibo post on purpose. I accidentally posted it. At that time, he checked and it didn’t get sent. Later, for some reason, it got posted.”

Her words made the other three fall silent.

Was that the whole story?

It was sent by mistake?

Why did it sound so fishy?

Although Fu Ying's personality was annoying, he was definitely not a sloppy person. As long as he had checked, it definitely wouldn't get sent out. How could he have sent it by mistake?

Mo Rao also found it strange. She sent a message to Fu Ying. "That Weibo post was still posted.

Didn't you check it at that time? How did this happen?"

Soon, Fu Ying replied, "It wasn't sent when I checked it."

However, the wifi connection was frozen, so it wasn't sent out at that moment.

After Leaving The CEO, She Stunned The World - Chapter 112 - Already A Lawful Couple

What was going on?

Mo Rao couldn't understand. She was very flustered now and called him directly.

Fu Ying answered quickly.

"What's going on? What should we do now? How can we remedy it?" Mo Rao's soft and clear voice was filled with worry.

Fu Ying could imagine her anxious look as she held her phone.

She must look like Garfield at the moment!

Fu Ying replied calmly, "There's no remedy."

In Fu Ying's heart, she, Qu Ru, was the most important. How could she be replaced by others?

One had to know that publicly announcing Fu Ying and Mo Rao's relationship now was equivalent to confirming Qu Ru's identity as a mistress!

Could it be that Fu Ying didn't love her anymore?

Qu Ru couldn't believe it. She repeatedly scrolled through that Weibo post and gritted her teeth.

She thought that she was about to marry into the Fu family. She didn't care if Mo Wan and the others liked her or not.

So what if they didn't like her?

As long as Fu Ying liked her, it was fine. She could move out after marrying him and not interact with Mo Wan and the others.

She didn't have to worry that the Fu family would cut ties with Fu Ying because Fu Ying was the only son in the Fu family. Who would they give the family assets to if not him?

At that time, Fu Ying would be hers, and the Fu family's money would be hers.

But now that Fu Ying had made his relationship with Mo Rao public, all the limelight was on her.

Qu Ru was indignant. Yesterday, at Old Madam Qu's birthday banquet, she had held Fu Ying's arm in a high-profile manner. Everyone thought that she was Fu Ying's future wife.

Now, Mo Rao had become the ultimate winner overnight!

Furthermore, the Fu family's public relations team was also very good. They praised Mo Rao for being a good wife. She was low-key and down-to-earth. She was always thinking for Fu Ying and Old Madam Fu was indebted to her parents.

Most people began to stand on Mo Rao's side and speak up for her.

They even praised Mo Rao for being beautiful and elegant. They said it was obvious that she was the perfect wife.

Someone found a photo of Qu Ru and Fu Ying at the birthday banquet and started to mock her for being a mistress and a vixen who seduced Fu Ying.

Because of her smug expression and her hand that refused to let go of Fu Ying, it was obvious that she did it on purpose.

How could Qu Ru tolerate this? She tried her best to calm down and pretended to be aggrieved. She called Fu Ying. "Fu Ying, sob..."

Chapter 112 - Already A Lawful Couple

After Leaving The CEO, She Stunned The World - Chapter 113 - Won't Get a Divorce

"What's wrong?" Fu Ying's tone became colder.

Qu Ru's heart was filled with hatred. It was all Mo Rao's fault!

She choked and asked, "What exactly happened? Is the trending topic on Weibo true?"

“It’s nothing. Mo Rao and I are husband and wife, so there’s no problem with that news.” Fu Ying actually didn’t want to talk to Qu Ru about this now. He only replied curtly.

Qu Ru’s eyes were filled with hatred. She gritted her teeth and continued to pretend to be aggrieved.

“What about me? What am I? Fu Ying, do you know how uncomfortable I feel?”

Fu Ying was silent for a moment. He knew that it was time to clarify some things now.

His voice was low yet firm. “I’m sorry, Little Ru. I can’t divorce Mo Rao.”

Qu Ru froze. It was as if fireworks were exploding in her head.

What did he say?!

“I won’t divorce Mo Rao, but I’ll still try my best to take care of you and treat your illness. Rest well and don’t let your thoughts run wild.” Fu Ying hung up after saying that.

After saying these words, he actually felt much more relaxed.

Qu Ru raised her phone and sat stiffly on the bed, unable to recover for a moment.

Was Fu Ying telling her that he wouldn’t divorce Mo Rao?

Then what he had promised her before was all a lie?

She had worked so hard and put in so much effort, but in the end, she couldn’t get anything?

Qu Ru couldn’t believe it.

She immediately wanted to call Mo Rao to ask about it, but she had sent Mo Rao a video and recording previously. The other party knew her number, so she would be exposed the moment she called.

She had no choice but to endure it again.

She really didn't expect Mo Rao to be so tolerant.

After hearing the sounds of another woman making love to Fu Ying and seeing Fu Ying bring another woman to interact intimately with in front of everyone, she could tolerate it.

Didn't she love Fu Ying? Why was she so indifferent?

It must be for the Fu family's money! Qu Ru felt that Mo Rao was very scheming.

But it didn't matter. Fu Ying had just said that even if they didn't get a divorce, he would take care of her for the rest of her life. He wouldn't leave her alone. This meant that she still had a chance.

Qu Ru comforted herself. She wouldn't let Mo Rao be smug for too long.

After all, she was once the woman Fu Ying loved the most. She was the first love in his heart. No matter what, there would always be a position for her there that couldn't be shaken or surpassed.

As long as she had this position, Qu Ru would naturally think of a way to completely destroy Fu Ying and Mo Rao's relationship.

Qu Ru made a new call. "Go to Lin Qun's ward tonight and pull out his oxygen tube. I want him dead!"

"He's already in a vegetative state. There's no telling when he'll wake up. Is that necessary?" the other party asked after a moment.

"Don't worry about it. Do whatever I want you to do." Qu Ru sneered. "A vegetative person is useless. I want a dead person. If he dies, Fu Ying and Mo Rao will fall out completely. These few

days, get someone to spread the news that I sent someone to do it. I wanted to kill Mo Rao and I didn't expect Lin Qun to take the fall, but I definitely won't let her find evidence."

It was very risky. The person on the other end of the line was a little worried. "It's too dangerous for you to do this. What if Fu Ying really abandons you?"

"No, he won't be so ruthless to me. Besides, without evidence, he won't believe Mo Rao's words. He will only think that Mo Rao is deliberately targeting me. When the time comes, we will have a good show to watch." Qu Ru was smug and confident.

She knew very well that Mo Rao was too kind.

If Lin Qun died because of her, she would be certain that it was Qu Ru who had done it. If she wanted revenge, Fu Ying would stop her because she had no evidence. At that time, she would blame Fu Ying.

Weren't the two of them deeply in love now? They even announced their marriage.

When the time came, it would probably be another big joke if word got out that they were fighting.

"I understand," the caller replied and hung up.

The ward returned to silence. Qu Ru opened the trending news article again. She found a few alternate accounts and commented below.

"Love has a first come, first served basis. I heard that Fu Ying loved Qu Ru previously. Later, they were forced to separate, so Mo Rao took advantage of the situation. I think she's the mistress."

"Fu Ying has always liked Qu Ru, right? He has waited for her for so many years. Mo Rao must have secretly posted this on Weibo."

“The two of them aren’t a good match at all. Mo Rao is unworthy of Fu Ying. From their looks, Qu Ru and Fu Ying are more suitable.”

After Leaving The CEO, She Stunned The World - Chapter 114 - Dinner For Two

Mo Rao worked until late at night.

At sunset, Fu Ying returned.

Hearing a noise outside the door, Mo Rao stood up and opened the bedroom door. She saw Fu Ying, who had just gone upstairs.

“You’re back?” Mo Rao’s face was filled with surprise, but she wasn’t happy.

In the past, even if Fu Ying came back in the middle of the night, she would run out happily and throw herself into his arms while chattering non-stop with him.

But now, they were as distant as roommates.

Fu Ying frowned. “I said I would be back early today. Are you unhappy?”

This feeling was really unpleasant.

“No.” Mo Rao shook her head in denial. She wasn’t unhappy, but her emotions were a little complicated.

She was already completely disappointed in Fu Ying, so no matter how Fu Ying treated her now, she felt numb. She wouldn’t be happy or unhappy.

Fu Ying suppressed the frustration in his heart and said calmly, “I brought dinner. Go down and eat.”

He specifically asked Gu Hai to go to a five-star hotel to order food that Mo Rao usually liked. As her husband, he didn't know as much about Mo Rao as Gu Hai did. In the past, he would ask Gu Hai to do everything.

"Got it. I'll go wash my hands," Mo Rao replied calmly and turned to walk into the bathroom.

Just as she was about to wash her hands, Fu Ying's tall figure walked in and surrounded her from behind.

"Let me help you wash it." Fu Ying felt that his attitude wasn't good just now. He had to make up for it.

"No need. I'm not a three-year-old child." Mo Rao shook her head, embarrassment flashing across her face. She actually wasn't used to Fu Ying's intimacy now, especially after what happened in the car today.

Her awkward look was very cute in Fu Ying's eyes.

It was better than her acting cold.

However, Fu Ying grabbed her hand domineeringly and reached under the tap. His charming voice sounded in her ears. "So what if you're not a three-year-old child? I can still help you wash it. This is a romantic gesture between a husband and wife."

Hearing the word 'romantic', Mo Rao blushed again.

She blushed easily because she had always been as innocent as a child. It was also what Fu Ying liked most about her.

Mo Rao's hand was stained with hand sanitizer and was covered in foam. At this moment, it was slippery. She wanted to take the opportunity to pull her hand out, but Fu Ying's large hands grabbed her tightly and she couldn't pull her hand out.

Instead, because of the force, her body involuntarily bumped into Fu Ying's arms. The man's warm chest immediately pressed against her back.

"Are you seducing me?" Fu Ying originally had no other thoughts. He really wanted to help Mo Rao wash her hands to show his consideration.

He didn't expect that Mo Rao's subtle action could instantly arouse his desire.

His gaze also became menacing.

Mo Rao felt her entire body stiffen. Could this beast be thinking about that sort of thing again?

How shameless!

She could already feel Fu Ying getting horny again. This was winter, not spring, when animals were in the estrus period!

Mo Rao reminded Fu Ying angrily, "Fu Ying, we agreed on a month!"

"I know. A month is very fast." Fu Ying sighed, but his voice was calm.

Pervert!

Mo Rao gritted her teeth in anger, but she couldn't fight him head-on. She simply let him wash her hands and wipe them clean.

Once her hands were clean, Mo Rao immediately crawled out of Fu Ying's arms and ran downstairs.

There was already food on the dining table. It was still warm. Did Fu Ying set it up himself?

Would he actually do such a meticulous thing?

Mo Rao recalled that Fu Ying knew how to make dumplings. He had done these things for Qu Ru in the past, right?

Aunt Lin hadn't returned and would probably come back after the new year. Hence, only Mo Rao and Fu Ying were at home. The two of them had nothing to say during dinner and ate in silence.

Fu Ying didn't like this feeling. He liked how Mo Rao had nagged him about various things when they ate together in the past.

She would even tell him about strange news stories she had seen and then smile foolishly at him.

Now that she had become so quiet, it was like she was a different person.

"What were you busy with today?" Fu Ying took the initiative to break the silence and asked.

"I was working on the draft." Mo Rao didn't even look up and said calmly.

In any case, it was very easy to find out that she was working at Zhang Zhe's magazine agency. There was no need to hide it from Fu Ying. She might as well say it directly in case he investigated.

After Leaving The CEO, She Stunned The World - Chapter 115 - Honesty

Fu Ying stopped what he was doing and frowned slightly. "You really went to work at that magazine agency?"

He had guessed that this would happen. Zhang Zhe was the chief editor of the magazine agency, so

Mo Rao could only go there to work.

His questioning tone made Mo Rao's heart skip a beat. She looked at Fu Ying stubbornly. "What else? Do you think my job has embarrassed you?"

"Do you think that's what I mean?" Fu Ying wasn't in the mood to eat. He put down his bowl and chopsticks and asked coldly.

"What else do you mean? Are you praising me?" Mo Rao had become sharp-tongued and spoke harshly.

This was all forced by Fu Ying!

Fu Ying looked at Mo Rao, who was like a little hedgehog with thorns all over her body. The unhappiness in his heart intensified. "Isn't the living allowance I gave you enough?"

If it wasn't enough, she should just say so. Was there a need to do such manual labor?

She would go blind from the intense work!

Mo Rao clenched the chopsticks in her hand and her tone became even more unpleasant. "Of course it's enough, but you don't have to give me so much. In the future, I can bear some of the family's living expenses. I don't have to rely on you."

Was she trying to draw a line between them? Go dutch?

Fu Ying became angry and his expression darkened.

Mo Rao looked at him neither humbly nor arrogantly. "Fu Ying, I'm a living person, not your pet. I need to work. I need social value. I don't want my life to be controlled by you."

Fu Ying was stunned by her words.

“Ever since I married you, I’ve been trapped in this beautiful house. This isn’t a house. This is an expensive cage. I’ve been focused on you. I don’t have my own friends, my own connections, or my own job. Because I loved you, I was willing to be tied down by marriage. But now, I don’t want this anymore. I don’t want to become a useless person after I leave you in the future. I want to start over.” Mo Rao’s words came from the bottom of her heart.

Fu Ying said coldly, “We won’t get a divorce, so we won’t be separated. You don’t have to worry about these problems.”

“Do you think we won’t get a divorce?” Mo Rao smiled. “Do you think I’ll believe you?”

“Then what do you want me to do?” Fu Ying asked. “Haven’t I done enough?”

“Fu Ying, you think too highly of yourself. We’ve only been married for three years. You don’t like me that much. You just like to sleep with me. Now that we’re getting a divorce, you can’t even bear to part with me, let alone Qu Ru. You’ve liked her for so many years. Can you let go in a month? Not to mention a month, you won’t even let go if I give you a year!” The smile on Mo Rao’s expression was cold.

Fu Ying’s gaze turned colder. “Do you not believe me?”

“It’s not that I don’t believe you. Let me make it clear to you. You must cut off all contact with her in a month’s time and never care about her again. Can you do it?”

Mo Rao looked straight at Fu Ying. “You can’t do it, Fu Ying. So even if we don’t get a divorce, she will always be between us. She will think of ways to make you take care of her and care for her. She will become a nuisance to me. We will keep arguing and suspecting each other. In the end, even the last bit of peace will be ruined.”

Mo Rao seemed to be pronouncing a death sentence. Every word she said made Fu Ying feel terrible.

His eyes met Mo Rao's steadily. Neither of them retreated, as if they were confronting each other.

Fu Ying didn't speak, so Mo Rao continued, "Tell me, if we don't get a divorce, what will you do with Qu Ru?"

"What do you think?" Fu Ying spoke.

"I think that as the illegitimate daughter of the Qu family, she doesn't have much power or money to support the life she wants. Therefore, she can only rely on you. You will support her for the rest of her life, right?"

Mo Rao's fair face was filled with an ironic smile. "When the time comes, she will contact you all the time. You will be like her husband, handling all kinds of things for her and taking care of her entire life. You'll be her greatest source of income. It's just that the two of you won't be legally married."

Fu Ying was annoyed when he heard this. He interrupted Mo Rao. "Are you that sure that I will handle all her matters and take care of her?"

"Isn't that what you're doing now?" Mo Rao pretended to be surprised. "She can summon you away with one call. Your heart aches when she cries, doesn't it?"

"Fu Ying, I can't accept that my husband has another woman he loves deeply, just like how you won't accept that Shen Feng likes me," Mo Rao added.

After Leaving The CEO, She Stunned The World - Chapter 116 - Their Past

Fu Ying was stunned by Mo Rao's words.

She actually knew?

“Are you surprised?” Mo Rao was calm. “I’m just good-tempered, not a fool. Shen Feng’s kindness to me has long exceeded the normal boundary between men and women. I can feel it. It’s only because of our identities that he has been restraining himself. I’ve also avoided him. Today, at Grandma’s house, didn’t you pretend to be gentle to me on purpose to show off to him?”

Fu Ying had a bad feeling. Mo Rao had actually guessed this. Would she know what happened ten years ago soon?

“Fu Ying, let’s get a divorce. Let me go. As long as Qu Ru is between us, we will never have a good ending.” Mo Rao stood up and didn’t want to say anything else.

Fu Ying grabbed Mo Rao’s arm and suppressed his jealousy. “Are you in love with Shen Feng?”

“Why don’t you talk about how you’re so concerned about Qu Ru?” Mo Rao found it ridiculous. “Instead, you’re here to question me. I’m different from you. Fu Ying, I’ve said before that I’m not the kind of woman who has no bottom line. I’m not that lustful. I want a devoted husband and have a simple life. But if my husband isn’t faithful, I’d rather be single for the rest of my life!”

“Mo Rao, if not for you, Qu Ru and I would have gotten married long ago!” Fu Ying was annoyed.

“So? Is this my fault? Should I watch as the two of you suffer?” Mo Rao’s smile was cold. “Fu Ying, I’m not the one at fault. You’re the one who wasn’t persistent enough.”

Fu Ying’s expression turned ugly because Mo Rao was right.

From the beginning to the end, Mo Rao had listened to Old Madam Fu and the others’ arrangements and didn’t use any methods to force the marriage.

After living in the Fu family for so many years, Mo Rao had always been very obedient and had never done anything overboard.

Even when she saw Fu Ying, whom she had a crush on for a long time, fall in love with Qu Ru, she endured it. She didn't say anything or show her jealousy. She just silently hid her emotions in her heart.

Fu Ying and Qu Ru couldn't be together because Qu Ru's mother had a bad reputation and she herself had a bad character, causing everyone in the Fu family to dislike her.

Who were Old Madam Fu and Mo Wan? After they finished investigating Qu Ru, they immediately objected.

Mo Rao was a witness.

However, even though she knew that Old Madam Fu and Mo Wan didn't like Qu Ru and objected to Fu Ying being with her, Mo Rao had never deliberately interfered.

She would laugh for Fu Ying, cry for Fu Ying, and endure it for Fu Ying.

She was fine as long as Fu Ying felt happy.

However, Old Madam Fu still discovered Mo Rao's thoughts later. Coincidentally, she didn't agree to Fu Ying and Qu Ru being together, so she was determined to matchmake Mo Rao and Fu Ying.

After using some methods, Qu Ru was sent away.

Old Madam Fu even threatened Fu Ying with Qu Ru's future and life to get Fu Ying to marry Mo Rao.

Fu Ying finally compromised, but he didn't allow Mo Rao to reveal her identity. Old Madam Fu knew that this was his greatest concession, so she didn't force it.

Mo Rao had liked Fu Ying for so long and had finally married her sweetheart. Although the process was a little confusing, she didn't care. She was very happy.

Time could heal everything. She believed that one day, she would win Fu Ying's heart and make him fall in love with her.

After three years, she finally knew that she was dreaming.

So what if Fu Ying liked her? It turned out that a person could love two people at the same time.

Fu Ying liked Mo Rao, but he couldn't let go of Qu Ru.

Mo Rao didn't want to share Fu Ying with another person. She had a backbone. If she had to compromise like this, she would rather leave and fulfill the two of them.

"Mo Rao, you don't know what she means to me." Fu Ying was silent for a moment. As if he was opening his heart to her, he said, "You're right. Even if we don't get a divorce, I can't abandon her."

This was an admission. Mo Rao's heart ached.

She was still sad even though she knew the outcome.

"She saved me in a river once. If not for her, I might have died there." Fu Ying recalled what had happened back then and an unknown emotion flashed across his eyes.

Mo Rao was stunned. She didn't expect there to be such a thing.

It turned out that there was such fate between them.

Mo Rao smiled bitterly. "I understand, so you guys will never stop interacting. You will always be entangled with each other."

Her face was very pale, as if all the blood had been sucked out of her. Her heart ached.

After Leaving The CEO, She Stunned The World - Chapter 117 - Murder Lin Qun

Fu Ying didn't speak. He was silent.

Because Mo Rao was right.

After a long time, he slowly said, "But Mo Rao, the person I like now is you."

"Is that so?" The tears that Mo Rao had held back for a long time burst out at this moment. She stubbornly wiped away her tears. "You like me now, but you can't let go of Qu Ru. What do you think I should do? Should I continue to be with you and repay Qu Ru's kindness to you?"

She couldn't do it.

Fu Ying knew it too.

The more Mo Rao spoke, the more anguished she felt. She suddenly raised her voice. "Fu Ying, you're unworthy!"

Fu Ying's expression instantly darkened. "Mo Rao, you said that you would give me a month. It's not time yet. Are you pressuring me?!"

"How is one month enough?!" Mo Rao asked loudly. "I can give you five months, one year, three years! Can you guarantee that you'll definitely move on from Qu Ru? You can't do it, Fu Ying. Stop torturing yourself. Let's get a divorce."

Divorce! Divorce! Divorce again!

Fu Ying was so angry that his face was ashen. He stood up and looked down at Mo Rao while gritting his teeth. "In your dreams!"

With that, he turned and walked away.

Mo Rao watched the departing figure and sat down dejectedly. She sat there in a daze, like a lifeless doll, and the pain in her heart grew stronger.

Fu Ying rushed out of the house and drove away.

He wanted to be alone. He was afraid that if he stayed any longer, he would say more hurtful words.

He was now certain that his feelings for Mo Rao had long surpassed his feelings for Qu Ru.

And those feelings were completely different.

He also tried to find the feeling that Mo Rao had given him from Qu Ru, but he couldn't find it.

These days, he had been trying to see his feelings clearly.

He liked Mo Rao. He loved Mo Rao, and towards Qu Ru, all he felt was a sense of responsibility.

Because Qu Ru had saved him, he had to repay her. This was his principle.

He also knew that it was very difficult for Mo Rao to accept such a reality, so he wanted to use this month to try his best to convince her.

Obviously, that was impossible.

Mo Rao was determined to get a divorce.

Fu Ying didn't return even until midnight.

Mo Rao slept alone on the bed. Her emotions were a mess, and she had an ominous feeling.

She was afraid of this sort of intuition because it was usually very accurate.

Previously, when Old Madam Fu suddenly fell sick, Mo Rao had such a premonition. However, she had been checking Old Madam Fu's health recently and she was in good health.

Mo Wan, Fu Lin, and Fu Ying were all in good health. Nothing could happen to them.

Who else could it be?

Mo Rao turned around and stared at the balcony.

If not her family, then could it be a friend?

Her friend who was most likely to be in danger was Lin Qun, who had been in a coma.

Although his situation was stable, there was a hidden danger if he didn't wake up.

The more she thought about it, the more afraid she became. Mo Rao knew that she couldn't sleep, so she got up and changed her clothes before rushing to the hospital to check Lin Qun's condition.

The hospital was quiet late at night, especially in the inpatient department.

Mo Rao walked towards Lin Qun's single ward. In the dark corridor, a figure sneaked out of Lin Qun's ward.

The man and Mo Rao ran into each other and froze for a moment.

The man was dressed in black, and panic flashed in his eyes.

“Who are you?!” Mo Rao immediately felt that something was wrong and shouted, “You’re not a doctor. What are you doing in the ward?!”

The man didn’t expect to encounter Mo Rao at all. He froze a moment, then turned to run.

Without thinking, Mo Rao grabbed a pot of green plants by the corridor and threw it at the man’s back.

The man groaned and fell to the ground.

Mo Rao rushed over and took out a silver needle. She aimed it at the man’s eyeball and questioned, “Who are you? Who asked you to come?! If you don’t say it, I’ll stab it into your eye immediately!”

The man was shocked. The silver needle looked very terrifying and was only a centimeter away from his eyeball.

He was covered in cold sweat and his face was pale, but he gritted his teeth and remained silent.

“Hurry up and say it. It’s not a good thing to be blind. Don’t sacrifice so much for the sake of a small amount of money.” Mo Rao’s voice was cold and sharp, making him feel afraid.

The man was really afraid. He replied with a trembling voice, “It’s... it’s Qu Ru...”

“Why did she tell you to come?” Mo Rao gritted her teeth and asked.

“She wants me to kill Lin Qun.” The man was extremely nervous, and his eyes were fixed on the silver needle.

Mo Rao’s pupils dilated. Kill Lin Qun?!

After Leaving The CEO, She Stunned The World - Chapter 118 - Rescue

Mo Rao's hatred for Qu Ru increased.

She said fiercely to the man, "Come with me to see the police!"

At this moment, the doctors and nurses who heard the commotion rushed over, as well as the hospital's security guards.

While Mo Rao was distracted, the man suddenly pushed her away and got up to escape.

Mo Rao wanted to chase after him, but when she thought of Lin Qun's condition, she became even more worried. She could only give up for the time being and rush to the ward first. "Hurry up and see Lin Qun's condition!"

She shouted at the doctors and nurses who had entered the ward first.

On the other side, she dialed the police's number.

Lin Wen also rushed over with a panicked expression.

"Please go out first. We have to save him immediately!" A nurse said to Mo Rao.

When Lin Wen heard this, she immediately begged with a trembling voice, "Let her stay here. Stop nagging! Save him!"

If Mo Rao stayed here, Lin Qun might have a greater desire to live.

The doctor had no choice but to agree. Time was tight now, so he couldn't think about this anymore.

He could only immediately carry out the rescue.

Lin Qun's oxygen tube had been pulled out. Although it hadn't been long, his current situation was already very dangerous. Now, his heartbeat and blood pressure were dropping rapidly. Although the doctor tried his best to save him, he couldn't do anything.

Seeing that his heartbeat had disappeared and his blood pressure had dropped to 0, the doctor shook his head helplessly. "It's useless."

"No, impossible!!" Lin Wen shouted and immediately fell to the ground.

A nurse held her. "Lin Wen, Lin Wen, wake up!"

These were all Lin Wen's colleagues. They knew that she and her brother, Lin Wen, relied on each other. Their parents had passed away a long time ago and they had been adopted by different families. It wasn't easy for them to reunite. They didn't expect fate to play such a trick on them.

"Let me do it!" Mo Rao was anxious. She pushed the doctors and nurses aside and stood on Lin Qun's bed with a firm and earnest look in her eyes.

"You?" The doctor frowned at Mo Rao.

"My name is Mo Rao. My parents were doctors in this hospital back then. My grandfather was also a doctor. I have a certain amount of medical knowledge," Mo Rao explained hurriedly. Time was of the essence!

But how could that do? Even if she had medical knowledge, it wouldn't do.

One of the nurses seemed to know Mo Rao and quickly said, "She's Director Bai's daughter!"

"You're Director Bai's daughter?!" After knowing Mo Rao's identity, the doctor was enlightened.

However, he still couldn't violate the hospital's rules and let Mo Rao try it.

Mo Rao urged, "There's no time. Let me try. I'll try my best!"

The doctor was still hesitating, but after seeing Mo Rao's firm and pleading gaze, he subconsciously moved aside.

Mo Rao immediately took out her silver needles. After finding some of Lin Qun's acupoints, she began to insert the needles.

Lin Qun was pierced from head to toe with at least 20 to 30 silver needles, but his situation didn't change.

Everyone knew that Lin Qun had died.

At this moment, Lin Wen woke up in a daze and saw Mo Rao injecting needles into Lin Qun. She cried and said, "Brother, can you wake up? You still have so many things to do, right? Don't you like Mo Rao? You finally reunited with her. How can you leave so quickly? Brother, don't leave me behind, okay?"

Mo Rao was shocked. She didn't expect Lin Qun to like her.

Lin Qun had been injured while saving her. The guilt and pain in Mo Rao's heart made her eyes turn red.

Qu Ru had sent someone to plot against her because she wanted Fu Ying to lose his wife.

All the needles had been used up. Mo Rao sat by the bed and held Lin Qun's hand tightly.

If she could, she was willing to exchange her life for Lin Qun's.

"Lin Qun, you have to wake up!" Mo Rao said softly.

At this moment, the ECG suddenly rang.

Everyone looked over in shock. His heartbeat had actually started to recover?

The doctor found it unbelievable and immediately checked his breathing. His breathing had also recovered!

“Great, great!” the nurses cheered.

When Lin Wen saw that her brother had revived, her knees buckled again and she slumped down.

Mo Rao’s tears fell. She had saved Lin Qun!

The doctors and nurses went forward again and rearranged Lin Qun’s various equipment before inserting the oxygen tube again.

Just as Mo Rao was about to move aside, a cold hand grabbed her. “Mo Rao...”

A hoarse and weak voice came from Lin Qun’s mouth.

“Lin Qun! You’re awake! You’re finally awake!” Mo Rao was extremely excited.

When Lin Wen saw this, she cried even harder.

Lin Qun didn’t know what had happened. He only knew that when he woke up and saw the two women he cared about the most in front of him, he felt very at ease and relaxed.

When Lin Qun’s condition stabilized, Mo Rao removed the silver needles.

Although he was already awake, Lin Qun still looked very tired. Mo Rao quickly said, "Lin Qun, rest well. We'll talk after you recover."

Initially, Lin Qun wanted to ask what had happened. When he heard Mo Rao's words, he blinked obediently and agreed.

In order not to disturb Lin Qun's rest, Mo Rao and Lin Wen left the ward with the doctors and nurses.

When they reached the corridor, Lin Wen explained awkwardly, "Mo Rao, don't take what I said to heart. I was just anxious..."

"Your brother really likes me?" Mo Rao looked confused.

"Mo Rao, don't feel burdened by my words. I only said that because I was anxious!" Lin Wen saw that Mo Rao seemed to be a little nervous and explained.

Mo Rao sighed. "I know. I was just very surprised."

She didn't expect Lin Qun to like her.

Lin Wen frowned. "You've always treated him as a friend and a brother. You've never had romantic feelings for him. That's why you're so surprised."

Mo Rao nodded. Besides, she and Lin Qun had only reunited after many years.

Lin Wen said, "It's okay. My brother actually knows that you only see him as a friend, so you don't have to feel pressured. He will be even more unhappy if he finds out."

"But Little Wen, I don't think I can pretend not to know..." Mo Rao was very troubled. She didn't have amnesia.

“My brother has always buried this feeling in his heart. It has been many years. He is already very happy that he has met you again, so you really don’t have to worry too much.” Lin Wen was a little anxious.

Mo Rao pursed her lips and remained silent.

Seeing her remain silent, Lin Wen felt worried.

Lin Wen’s original intention was to provoke Lin Qun because she knew that at that time, Lin Qun could hear the outside world. However, if this caused Mo Rao to distance herself from Lin Qun in the future, she would be committing a huge sin.

Mo Rao was a soft-hearted person. She definitely couldn’t ignore this fact and she would be afraid of hurting Lin Qun.

“Anyway, Mo Rao, you can’t pity my brother just because you feel guilty or accept his feelings to repay him. That would be even more insulting to him, okay?” Lin Wen mustered up her courage and said to Mo Rao.

Mo Rao was stunned for a moment before she understood. She nodded heavily.

Loving someone was sacred. Even if you didn’t accept their feelings, you shouldn’t humiliate them.

Lin Qun was a very proud person, emotionally too. Mo Rao had to respect him.

“Oh right, Mo Rao, about Fu Ying and Qu Ru...” Lin Wen suddenly mentioned this.

She had also seen the trending searches.

Since Fu Ying and Mo Rao were a couple, what was going on with Fu Ying and Qu Ru at Old Madam Qu’s birthday banquet?

“Fu Ying and I will get a divorce. I can’t endure it anymore.”

Mo Rao found a chair and sat down. She leaned her head against the back of the chair and said calmly, “Little Wen, I don’t know how I should face all of this now, but it has already happened. I have to accept it.”

“If you’re really unhappy, move on and start a new life. You only have one life.” Lin Wen walked over and patted Mo Rao’s shoulder gently.

Mo Rao was thinking the same thing.

She couldn’t waste her life on something that she knew wouldn’t end well.

The two women chatted in the corridor until dawn broke.

Mo Rao glanced at Lin Qun and realized that he was still sleeping, so she left with relief.

When she returned home, Mo Rao was about to open the door when it opened first.

Fu Ying stood inside and stared at Mo Rao with an angry look in his eyes. “Where did you go last night?”

He was worried sick!

It was already after midnight when he returned from the hospital, but there was no one at home.

She didn’t even answer her phone!

Fu Ying was about to call someone to look for her.

At this moment, Mo Rao's expression wasn't good either. She clearly had dark circles under her eyes, as if she had stayed up late. However, she definitely hadn't stayed up late at home. Fu Ying's heart sank again as he urged, "Speak! Answer me!"

Seeing that Mo Rao still didn't speak, Fu Ying reached out irritably to grab her arm.

However, Mo Rao dodged and entered the living room.

Fu Ying frowned and followed.

"Fu Ying, tell Qu Ru that if she dares to attack Lin Qun again, I will kill her!" Mo Rao sat on the sofa and her voice was frighteningly cold.

She looked at Fu Ying coldly, her eyes burning with unprecedented anger.

Fu Ying was stunned. "What are you talking about?"

"I said, if Qu Ru dares to attack Lin Qun again, I will kill your beloved Xiao Ru to avenge Lin Qun. Do you understand?!" Mo Rao suddenly became agitated. She stood up abruptly and pointed at Fu Ying as she shouted agitatedly.

Fu Ying had never seen Mo Rao so hysterical. He was shocked and immediately went over to grab Mo Rao's wrist. "Calm down. What happened?"

"You're still asking me what happened?" Mo Rao gritted her teeth. "Last night, Qu Ru sent someone to Lin Qun's place and pulled out his oxygen tube. I happened to bump into him. Under my questioning, that man confessed that Qu Ru sent him here with the goal of killing Lin Qun!"

As soon as Mo Rao finished speaking, Fu Ying immediately defended Qu Ru. "Impossible! She wouldn't do that!"

"The hospital has surveillance cameras. You can go and investigate!" Mo Rao smiled coldly. She knew that Fu Ying wouldn't believe her. "Fu Ying, I want to divorce you now. I can't wait to leave you immediately, so there's no need for me to slander Qu Ru anymore. Whether or not you believe what I say is up to you!"

She no longer cared if Fu Ying believed her or not.

In Fu Ying's heart, how could the kind, gentle, generous, and weak Qu Ru do such an outrageous thing?

That was impossible!

Mo Rao didn't want to talk to Fu Ying anymore. She turned around and went upstairs to her room to find her luggage and pack her clothes.

After Fu Ying followed, he frowned. "What do you want?"

"I don't want to live with you anymore. Let's live separately," Mo Rao replied as she packed her clothes.

She couldn't tolerate continuing to live with Fu Ying, who condoned Qu Ru in killing people. She was afraid that she would be filled with hatred at all times.

When he heard that they were going to live separately, Fu Ying's expression immediately turned cold. "Do you think I will agree?"

“I don’t care if you agree or not. In any case, I want to leave this place!” Mo Rao was furious. “People like you are condoning Qu Ru to do evil. I can’t accept living with people like you. When I see you, I think of Lin Qun, who almost died!”

“You only believe in Qu Ru, but have you thought about it? Is there a need for Lin Qun and I to slander Qu Ru? If I want to, do I need to suffer this? I’ve already given you to her, so I’m prepared to move on. There’s no need to look for trouble. Let me tell you, Fu Ying, if anything happens to Lin Qun in the future, I won’t let you off!”

After Mo Rao finished venting, she closed the suitcase and said to Fu Ying with red eyes, “Also, if Lin Qun dies, I’ll be his widow after we divorce. I owe him this!”

These words clearly agitated Fu Ying. His woman dared to be a widow for another man?

Did she want to die?

Mo Rao had just carried the suitcase out of the bedroom when Fu Ying snatched it away.

He threw the poor little suitcase on the ground.

As for Mo Rao, she was pressed onto the bed by Fu Ying. Her hands were also raised high, tightly restrained, and she was unable to break free.

Fu Ying easily restrained her with just one hand, and his other hand was slowly placed on Mo Rao’s slender and fair neck. His fingers slowly tightened, and his gaze was extremely cold and terrifying. “If you dare to be a widow to another man, I’ll kill you now. Do you believe me?”

Mo Rao felt the air in her throat decrease. She felt like she was about to suffocate.

Tears rolled down her face and her heart ached. She struggled to ask, “So what? If I don’t divorce you, won’t I still be in a loveless marriage, like a widow?”

Fu Ying gritted his teeth with anger in his eyes. "Do you think you're in a loveless marriage with me?

Looks like I haven't served you well during this period of time and made you dissatisfied."

Fu Ying let go of Mo Rao's neck after saying that. Then, he took off his belt and tied Mo Rao's hands to the head of the bed. Mo Rao looked at him in horror. She wanted to run, but she couldn't.
