Chapter 243: It's Actually Her

Mo Wan was worried that something had happened to Fu Ying and couldn't fall asleep. When Fu Ying happened to call, she quickly picked up the phone.

"Mom, Mo Rao was in a car accident and is now in the hospital." Fu Ying's voice was low and heavy-hearted.

"What?!" Mo Wan stood up immediately. "How could this be? I'll go to the hospital right now!"

Fu Lin was woken up by Mo Wan's voice. He opened his eyes and sat up. "What happened?"

Mo Wan didn't answer for the time being. Fu Ying said, "It's very late. Don't come over for the time being. Shen Feng, Mo Yuan, and the others are here. Rao Rao is still unconscious. It's useless for you to come over."

"How can we be at ease?" Mo Wan frowned. Her heart ached at the thought of Mo Rao being in a car accident.

"I want you guys to think of a way to hide it from Grandma these few days. She can't withstand any more stimulation. In a few days, Mo Rao's condition will improve and the news will die down. Tell her at that time." Fu Ying was very considerate.

After he found out if someone had deliberately instigated the accident, when Mo Rao's condition stabilized, and when the matter blew over, they could his grandma. At that time, the old lady wouldn't be that agitated by the news.

Mo Wan was silent. She had to admit that Fu Ying's words made sense, so she could only agree. "Alright, I'll go see Mo Rao tonight."

It was already early in the morning. They had to think of a way to hide it from Old Madam Fu during the day and go to the hospital at night after she fell asleep.

“What’s wrong?” Fu Lin could hear the seriousness and anxiety in Mo Wan’s tone, but he didn’t know what had happened. He asked worriedly, “Did something happen to Fu Ying?”

“It’s not Fu Ying. Rao Rao was in a car accident and is still in a coma in the hospital. Fu Ying asked us not to go there yet and to think of a way to hide it from Mom first. Otherwise, Mom definitely won’t be able to take the blow.” Mo Wan’s expression was unpleasant. She was very worried about Mo Rao.

Fu Lin was also shocked. He frowned as he said, “How did this happen? Has Fu Ying investigated the situation?!”

“He will probably investigate. Let’s listen to him and comfort Mom first.” Mo Wan lay down again, but she was in no mood to sleep. She only started to scroll through her phone to read the news. As expected, Mo Rao’s car accident was all over the news.

Although Mo Rao had just returned to the country to develop, she had already become famous overseas. After returning to the country, since she had a close relationship with Fu Ying and Shen Feng, she had always been the darling of the media. Her fame wasn’t inferior to those A-list celebrities in the domestic entertainment industry.

Looking at the photo of the accident scene, Mo Wan was shocked and couldn’t help but shed tears. In her heart, Mo Wan wasn’t her daughter-in-law, but her biological daughter. She had watched her grow up.

Fu Lin was also watching. Both of their hearts ached.

After hanging up, Fu Ying glanced at Mo Rao in the ward and the two people guarding her. His eyes revealed deep heartache and reluctance, but he still turned around and left.

Mo Yuan and Shen Feng were here, so he could rest assured. However, he had to find out who wanted to harm Mo Rao first and get rid of that bastard as soon as possible. That would be the best protection for Mo Rao.

Fu Ying’s network was very extensive. Gu Hai quickly found out that the sender of the transaction was Jiang Yue.

And the van driver was one of Jiang Yue’s fans.

“This b*tch!” Fu Ying was furious.

Back then, Jiang Yue had taken the initiative to look for him and said that she could help him disrupt the relationship between Mo Rao and Shen Feng and give him a chance to win Mo Rao back. That was why he had agreed to let Jiang Yue join the production team.

In the end, this was what she did.

Fu Ying had once warned Jiang Yue that no matter what, she couldn't hurt Mo Rao, nor could she let Mo Rao be attacked by the public.

It seemed that Jiang Yue didn't take his warning seriously at all. It had only been two to three days, but she had already developed killing intent towards Mo Rao. She was even more vicious and ruthless than Lin Xing.

"Bring her over!" Fu Ying lit a cigarette, his eyes filled with hatred.

Half an hour later, Jiang Yue was brought to Fu Ying.

Seeing Fu Ying, Jiang Yue pretended to be calm. "President Fu, why have you called me over so late at night? Even if you want to know more about your sweetheart, you don't have to be so anxious. I still have to sleep."

As soon as she finished speaking, Fu Ying grabbed Jiang Yue's neck with a fierce expression as he said, "Jiang Yue, who gave you the guts to do that?"

"Cough, cough, cough..." Jiang Yue coughed as she said with fear and difficulty, "President Fu, what are you talking about..."

Chapter 244: Too Big For Your Britches

Fu Ying was like a furious beast. He let go of Jiang Yue and kicked her to the ground, causing her to scream in pain.

"Don't play dumb with me. How can you not know that Mo Rao was in a car accident?" Fu Ying sneered. "As the mastermind, you're probably paying attention to the news at all times, right?"

Jiang Yue held her chest that had been kicked. She was in pain and frightened. "I didn't. President Fu, you've misunderstood... I, I only knew Mo Rao for two to three days. Why would I do that?"

"I also want to ask you this question. Why did you do this?" Fu Ying asked coldly. "Did I give you the courage? Or are you too big for your britches?"

The fear in Jiang Yue's heart deepened, and her eyes were filled with tears. She didn't expect Fu Ying to be so protective of Mo Rao. Moreover, she had arranged for her fan to cause a car accident. That fan had no parents and was single, but he was a gambling addict and was a manic fan of hers.

Initially, Jiang Yue didn't want to acknowledge him, but that person often did crazy things to woo her and that frightened her. She didn't dare to offend him too much lest she got herself into trouble.

This time, she wanted to get rid of Mo Rao, so she thought of this method. She used the bait of a huge sum of money and sleeping with the fan if she succeeded to tempt the fan into agreeing. It was killing two birds with one stone.

This was because it was impossible for the car accident to only injure Mo Rao. The van arranged for that fan had already been tampered with. That crazy male fan would definitely die.

It was clearly a foolproof method. How did Fu Ying find out so quickly?

Jiang Yue forced herself to calm down. She knew that she couldn't confess so quickly. Otherwise, what awaited her was death.

With Fu Ying's status, it wasn't difficult for him to make her disappear without anyone knowing.

"President Fu, you've really misunderstood. Although Mo Rao and I have a little conflict, it's not that serious. It's even more impossible for me to deliberately create a car accident to hurt her!" Jiang Yue revealed an earnest look. "President Fu, I have a bright future. I have my own fans and certain status and reputation in the industry. I wouldn't ruin my future."

These words were actually a warning to Fu Ying. If he really attacked her, with her current status and reputation, she would more or less be discovered and it would cause trouble for Fu Ying.

How could Fu Ying not understand? He laughed sinisterly. "Hehe, are you threatening me?"

"No, how would I dare to? I'm just stating the truth. I'm innocent." Jiang Yue didn't dare to look into Fu Ying's eyes and her voice became softer.

Fu Ying glanced at Gu Hai, who stepped forward and threw a stack of documents in front of Jiang Yue.

Dear readers! you are reading on our content copy site. Please copy and search this link " <https://tinyurl.com/39hpcn6j> " to support us

Her call history with the perpetrator and the transfer records were all clear. She had no idea how Fu Ying found out about it in such a short time.

This man was too scary.

Seeing the evidence, Jiang Yue felt dejected and collapsed to the ground, breaking out in cold sweat.

She just couldn't take it lying down. She wanted Mo Rao to pay a painful price. Even if the car accident didn't kill her, she would definitely be seriously injured, right?

When she saw on the news that Mo Rao was already out of danger and only had superficial concussion injuries and a broken finger, she was disappointed.

At the very least, she had to be disfigured!

Why was God so protective of Mo Rao?

"President Fu, let me explain. Actually, I used such a dangerous method because I wanted you and Mo Rao to get back together..." Hu Ya started to spout nonsense since she didn't know how to explain herself.

"Oh really? tell me about it." Fu Ying already had killing intent. He only narrowed his eyes menacingly as he looked at the trembling woman on the ground.

Jiang Yue forced herself to think quickly. "Because you want Mo Rao to go back to you, but now, she and Shen Feng are a couple, so I thought of a way to give you a chance to perform. Now that Mo Rao is hospitalized, you can take care of her."

What a lame reason. This woman was really too brazen!

When Fu Ying thought of Mo Rao's pale face and her weak appearance when unconscious, he wanted to throw Jiang Yue into the sea to feed the fish.

"You were actually doing this for my own good?" Fu Ying's lips curled up, but his gaze was terrifyingly cold. "Then if the car accident had been more serious, would I have been able to send her off to the netherworld?"

Jiang Yue's face was pale and she didn't know how to answer. Her lips were trembling and she felt that death was approaching.

Chapter 245: End

Seeing that Jiang Yue couldn't answer, Fu Ying didn't want to waste any more time. He stood up and instructed Gu Hai, "Is the car ready? Let's begin."

"Yes!" Gu Hai immediately replied.

Jiang Yue panicked and shouted in fear, "Car? What car? President Fu, you're a magnanimous person. Let me go this time. Isn't Mo Rao fine? She's only slightly injured. You don't have to do this to me. Don't forget that you promised me to go to the production team at the beginning and asked me to help you..."

She wanted to grab Fu Ying's thigh, but she was kicked away again. Her internal organs almost ruptured.

Fu Ying's eyes were filled with disgust. Whoever dared to hurt Mo Rao was courting death.

Since Jiang Yue set up the car accident, he would let her have a taste of it.

There was a cliff near the sea here, but if one fell from a car accident, they would be seriously injured even if they didn't die.

Jiang Yue was forced into a car that had already been tampered with. The door was locked, and the car was controlled remotely. She didn't need to drive it herself.

"Help! President Fu, I was wrong. Please let me go. Boohoo..." Jiang Yue felt unprecedented fear as she banged on the car window and screamed.

She really regretted it. Why did she have to be so ruthless towards Mo Rao? Jealousy made her lose her rationality.

Not only did Shen Feng like Mo Rao, but Fu Ying was also infatuated with her. She just couldn't stand it.

Mo Rao was a femme fatale. It was better if she died!

"Do it." Fu Ying didn't care about Jiang Yue's frightened look at all. Instead, he thought of Mo Rao. He heard that she was the one who called the police for help after the accident. Was she this afraid as well at that time?

Thinking of this, his heart ached. He wished he could tear Jiang Yue into pieces.

However, he couldn't do that. He wanted Jiang Yue to experience the same fear and pain as Mo Rao.

Gu Hai pressed the button in his hand and the car rushed forward. The turn in front was a cliff. The car wouldn't turn. It would only break through the guardrail by the side of the road and fall to the bottom of the cliff.

"Ah!!!" With Jiang Yue's scream, the car rushed out of the bend and fell down the cliff.

Bang! A loud sound entered Fu Ying's ears. He instructed expressionlessly, "Call the police in half an hour and inform the media."

Gu Hai nodded. "Yes, President Fu."

Fu Ying left. He didn't even want to see if Jiang Yue was dead or not.

...

Shen Feng had been guarding Mo Rao in the ward. At the same time, he sent someone to investigate the car accident, but he realized that Fu Ying was faster than him.

All the information had been intercepted by Fu Ying, so he naturally couldn't find anything.

Mo Yuan was the same.

Jiang Yue, the famous actress, drove off a cliff. A car malfunction is suspected

Jiang Yue is seriously injured and facing disfigurement and paralysis

This time, Jiang Yue's news and Mo Rao's news both became trending topics.

It made Weibo explode with comments.

The netizens were stunned by these confusing incidents.

"This movie cast is too unlucky. What's going on?"

"Oh my god, first, Lin Xing quit the industry, then Mo Rao got into a car accident, and then Jiang Yue got into a car accident. Is the cast cursed?"

"This is the first time I've seen such a magical production team. Is this really filming? Or is it some kind of sacrifice?"

"I heard that Jiang Yue's disfigurement is very serious and she is facing high-level paraplegia. She was pierced by glass. It's too tragic. Oh my god!"

"Yue Yue, hold on. We'll wait for you to come back!"

"Why do I smell a conspiracy? Is it really such a coincidence?"

Mo Yuan showed this news and comments to Shen Feng. The two men exchanged glances and knew who did it. Only Fu Ying could do such a ruthless thing. For Mo Rao's sake, he could disregard everyone else.

Making a young and popular female celebrity disfigured and paralyzed for the rest of her life was worse than killing her.

Shen Feng was silent, and Mo Yuan didn't speak either. The two of them looked at Mo Rao in unison. The man she had provoked probably wouldn't let go of her so easily.

However, no matter what, Shen Feng would be by her side, even if he had to risk his life.

In the past few years, he had worked hard to improve himself and strengthen himself. He didn't want to be a mere lawyer anymore because he wanted to be able to protect Mo Rao. Now that he was approaching success step by step, he wouldn't give up so easily.

Chapter 246: What a Strange Car Accident

Although they felt that what Fu Ying did was very cruel, Mo Yuan and Shen Feng didn't blame him.

However, they didn't expect the culprit to be Jiang Yue. She was someone who didn't have much interaction with Mo Rao and they had only filmed together in the past two to three days.

Shen Feng wasn't that fazed. He had never liked Jiang Yue. Moreover, Jiang Yue's moral character was very problematic. He actually hated people like her.

As for Jiang Yue attacking Mo Rao, part of the reason was definitely because of him. Shen Feng only felt guilty towards Mo Rao for causing the woman he loved to be targeted.

"Go to the company. I'll guard this place. I'll inform you when Rao Rao wakes up," Mo Yuan said to Shen Feng.

"I'll stay here and guard it. I'm not in the mood to work." Shen Feng shook his head. He only wanted to wait for Mo Rao to wake up. What could he do in the company in this state? He was just not in the mood to work.

Mo Yuan didn't say anything. Since Shen Feng wanted to stay, he might as well stay.

The two men chatted casually as they paid attention to whether Mo Rao woke up or not. They watched the IV bottle for her and called the nurse to change the dressing on time.

At noon, Mo Rao's eyelids twitched.

Shen Feng was the first to discover it. He said in surprise, "Rao Rao!"

"Rao Rao, you're awake?" Mo Yuan quickly came to the bed and looked at Mo Rao's face.

Mo Rao's head ached, and her fingers hurt when she moved. Her face felt cold, as if someone had applied cooling gel.

She opened her eyes and looked at Mo Yuan and Shen Feng weakly. Her voice was hoarse as she said, "Brother, Brother Shen Feng, I was in a car accident..."

She remembered the scene before she fainted, and the small van that had hit their car.

"It's okay. You just have a slight concussion. Your fingers are slightly fractured, but your beautiful face isn't disfigured." Mo Yuan was so happy that tears were about to fall. If anything happened to Mo Rao, he would really want to die as well.

"Where's Hu Ya?" Mo Rao was still thinking about Hu Ya, who had been the one driving. Her injuries must be worse than hers.

Mo Yuan was really impressed by his sister. She had just woken up but was already worried about others.

Shen Feng said, "She's more seriously injured than you are. She has two broken ribs and has been bleeding a little. She's in the ICU, but her condition is stable. She should be transferred to the ordinary ward in two days."

He knew that Mo Rao would be very worried about Hu Ya, so he went to check the situation first.

His meticulousness was reflected in these aspects. Mo Yuan couldn't help but marvel.

"Yes, that's good." Mo Rao wanted to raise her hand, but when she saw the gauze on it, she frowned. "Are my index and middle fingers fractured?"

"Yes, but it's a light fracture. Don't use your fingers for the next few days. I'll find a female nurse for you. She can help you whenever you need to take a shower," Mo Yuan said.

Mo Rao sighed. How troublesome.

She thought that it was an accident, so she didn't ask further. She just wanted to rest for a while. Shen Feng went to buy her some food to let her eat before sleeping.

"I'm going back now." Seeing that Mo Rao had fallen asleep again, Shen Feng stood up and said, "The things here are not very nutritious. I'll go back and make some for her."

"Alright, sorry to trouble you." Mo Yuan was quite touched. Shen Feng was really too good to Mo Rao.

Shen Feng shook his head. "This is what I should do. It's not troublesome."

Mo Rao was his girlfriend, so he should take good care of her. He was willing to do so.

After Shen Feng left, Mo Yuan accompanied Mo Rao. He had already informed Director Wang and the others that the filming had to be suspended.

In the afternoon, Director Wang brought a few main leads to the hospital to visit Mo Rao. Seeing that Mo Rao wasn't seriously injured, they heaved a sigh of relief.

At the same time, Director Wang also told Mo Rao about Jiang Yue's car accident.

"She was also in a car accident?" Mo Rao was shocked. What was going on?

"Yes, it's quite strange. She drove to the sea in the early morning and fell off the cliff by the sea. Fortunately, the cliff wasn't very high, so she survived. But her career is ruined." Director Wang also felt a little regretful. "She was seriously disfigured, and her high paraplegia and vocal cords were seriously damaged. Both of them are dealbreakers. She has no future in the entertainment industry."

Mo Rao's eyebrows twitched. How could this be? She had just gotten into a car accident, but then Jiang Yue immediately got into a car accident afterwards.

After Director Wang and the others left, Mo Rao asked Mo Yuan, "Brother, have you found the culprit of the car accident?"

"He died on the spot," Mo Yuan replied, but he didn't tell Mo Rao about Jiang Yue's involvement in detail. He didn't want her to know too much, or else she would be traumatized.

Mo Rao's expression was solemn. "Dead? Then was my car accident with Hu Ya an accident?"

"I think so. The police said that the person was drunk." Mo Yuan nodded.

Chapter 247: Treat Him As a Caregiver

Mo Rao fell silent. She didn't know if her intuition was right or wrong. She felt that something was wrong.

Now that the driver was dead, there was no evidence.

"Don't worry about it. Rest well. You still have to film after you recover. I'll talk to the brand that you're being the spokesperson of. You can find time to film the endorsement advertisement when you recover. Announce the partnership on Weibo first." Mo Yuan nagged Mo Rao like an old father and didn't forget to tuck her in.

Mo Rao nodded obediently and ignored the conspiracy theories in her mind. She closed her eyes and continued to rest.

Only then did Mo Yuan get up and go to the doctor's office to ask about Mo Rao's exact situation.

At this moment, Fu Ying had already appeared in the ward. He seemed to have calculated the time. His eyes were filled with heartache as he looked at the woman resting on the bed.

"Brother?" Mo Rao heard footsteps and thought that Mo Yuan was back, but she was very tired and didn't want to open her eyes to take a look.

"It's me." Fu Ying sat down by the bed and said gently.

Mo Rao immediately opened her eyes, which were filled with resistance. "Why are you here?"

Fu Ying sighed. "Do you really not want to see me that much?"

"What else?" Mo Rao's expression darkened.

"You have no conscience." Fu Ying shook his head and smiled bitterly.

Mo Rao didn't understand what this meant, and she didn't want to understand. She only wanted to distance herself from Fu Ying and not have unnecessary involvement with him in the future.

Just as the atmosphere between the two of them was tense, Mo Wan and Fu Lin appeared.

The two of them were carrying some expensive supplements and porridge that Mo Wan had personally stewed. The moment Mo Wan saw Mo Rao, she quickly went over and asked with heartache, "Rao Rao, are you okay? Does it hurt?"

"Aunt Mo, I'm fine. I've made you and Uncle Fu worry." Mo Rao's heart warmed as she replied sensibly.

Mo Wan glared at Fu Ying. Fu Ying could only stand up obediently and give his seat to Mo Wan.

After Mo Wan sat down, she held Mo Rao's hand, her eyes filled with heartache. "Why are you so unlucky? God isn't kind to you at all..."

"Who said that? God takes good care of me. Otherwise, how could I have met you, Uncle Fu, and Grandma?!" Mo Rao said very sweetly.

As expected, Mo Wan smiled. Fu Lin was very relieved.

"Hubby, quickly open the seafood porridge I made and let Rao Rao drink it while it's hot," Mo Wan instructed Fu Lin.

Fu Lin quickly opened the thermos box. The still warm seafood porridge looked very enticing. There was fresh prawn meat, abalone, squid, sea cucumber... all kinds of crushed seafood meat.

Mo Rao was indeed hungry and hadn't eaten anything today. She wanted to eat it herself, but Fu Ying took the food first. "Your hand is injured. Let me feed you."

"No need!" Mo Rao immediately rejected him with an awkward expression. "My left hand can be used for eating."

"It's inconvenient since you have a needle in your left hand. Let me feed you," Fu Ying insisted.

Mo Wan was sandwiched in the middle. She wanted to say that she could feed Mo Rao too, but Fu Lin gave her a look. She understood that she had to give her son a chance to perform.

"There's really no need!" Mo Rao said anxiously. She raised her hand to snatch the thermos box, but a sharp pain came from her finger and she accidentally tore her wound.

The most awkward thing was that just as she cried out in pain, her stomach growled.

Fu Ying immediately grabbed her wrist and ordered sternly, "Don't move. Do you want to cripple yourself?"

Of course not! Mo Rao was so frightened that she quickly stopped moving. The pain from just now left a deep impression on her.

She still had to draw with a paintbrush in the future. She had to let her fingers recover to their best state.

“I’ll feed you. It’s just porridge. There’s no other meaning. You don’t have to overthink things.” Fu Ying sat down by the bed again and picked up the spoon to feed Mo Rao.

Mo Rao glanced at Mo Wan and Fu Lin, her gaze full of pleading.

Mo Wan couldn’t take it anymore. She wanted to say that she would feed Mo Rao, but Fu Ying turned around and said, “Dad, Mom, aren’t you two going back yet? You can’t let Grandma see the news!”

It was evening, but not Old Madam Fu’s bedtime yet.

Mo Wan was also very worried about her mother-in-law. She could only reply, “Alright, your father and I will go back first. Rao Rao, I’ll come and see you tomorrow.”

Mo Rao was about to answer when Fu Ying stuffed a spoonful of porridge into her mouth. She couldn’t speak at all.

“Rest well and treat Fu Ying as your nurse,” Fu Lin said to Mo Rao meaningfully before he left. Fu Ying owed her this.

Chapter 248: Jealousy

Who dared to ask Young Master Fu to be a nurse? Mo Rao was speechless, but she couldn’t stop Mo Wan and Fu Lin from leaving.

They really had to go back and keep an eye on Grandma. She couldn’t withstand any more stimulation, or else she wouldn’t be able to take it.

“Eat slowly. If you like it, ask my mother to stew it for you again.” Fu Ying looked at Mo Rao, who was wolfing down the food like a child.

“Feed me slowly!” Mo Rao finally had the time to reply. She was already full.

Fu Ying froze for a moment before he couldn’t help but laugh. It seemed that he was too anxious.

Just as he put down the spoon, Mo Yuan returned. He saw Fu Ying sitting by the bed with a bowl of porridge in his hand. He seemed to be feeding Mo Rao porridge?!

He walked over and pulled Fu Ying up. "Move aside. What are you doing?"

"I'm feeding Rao Rao porridge. She's hungry," Fu Ying replied calmly after putting down the thermos.

If you want to read more chapters, please visit to experience faster update speed

"With me around, there's no need for you to be so solicitous!" Mo Yuan asked angrily. "Besides, where did you get the porridge? I'm afraid you'll poison Rao Rao to death."

Fu Ying was so angry that he wanted to laugh. Him poisoning Mo Rao? That was if Mo Rao didn't anger him to death first.

Mo Rao watched as the two of them started to argue again. She felt annoyed. She realized that her brother and Fu Ying were really sworn enemies. The two of them disliked each other to the core.

"Alright, alright. Hurry up and leave. It's already nighttime." Mo Rao also started to chase Fu Ying away.

Fu Ying realized that the siblings were really the same. He was both angry and annoyed.

After Fu Ying left, Mo Yuan asked Mo Rao, "Rao Rao, did he bully you?"

"Brother, you've misunderstood him. These things were sent by Auntie Mo. Fu Ying saw that my fingers were injured, so he fed me." Mo Rao explained on Fu Ying's behalf.

Mo Yuan quickly stopped her. "Alright, I understand, but you're not allowed to speak up for him anymore! Otherwise, I'll be angry!"

Mo Rao stopped talking. She felt that if she continued, Mo Yuan would think that she was about to reconcile with Fu Ying.

While the siblings were chatting, Shen Feng returned to the hospital with the food he had personally prepared. He didn't know that Mo Rao had already eaten a large bowl of seafood porridge.

"Rao Rao, you're awake. Are you hungry?" Shen Feng was a little tired. He had originally gone back to cook, but the company had something important for him to attend to at the last minute, so he went to the company again.

Mo Rao was actually already full, but when she saw Shen Feng open the lunch box, she couldn't bear to reject his good intentions, so she nodded. "Yes, I'm hungry. Brother Shen Feng, you're so kind. You even specifically brought food for me."

“I made it myself. Didn’t you praise my cooking in the past?” Shen Feng had a gentle smile on his face as he took a spoon and started to feed Mo Rao. His actions were extremely natural.

When Fu Ying fed Mo Rao porridge, Mo Yuan wanted to kill that guy.

However, when he saw Shen Feng feeding Mo Rao, Mo Yuan felt very touched. The two of them were really a match made in heaven.

Where else could Mo Rao find a man as gentle and devoted as Shen Feng? He was a thousand times better than Fu Ying!

Mo Rao ate the food in small bites. The food tasted really good. Even if she was full, she wanted to eat more.

When Mo Rao started to burp, without Mo Rao saying anything, Shen Feng stopped considerably. “You’re full, right? Then don’t eat anymore. Do you want to get up and take a walk? To help digestion.”

“I want to get up, but I can’t move my hands.” Mo Rao cried.

“I’ll help you.” Shen Feng reached out his palm and placed Mo Rao’s injured hand on his palm. He maintained his motionless posture as he reached out his other hand. “Come, let me help you get down.”

Mo Rao couldn’t refuse, so she got off the bed obediently and went for a walk with Shen Feng.

Mo Yuan was extremely happy and thought, “Silly sister, you have to cherish the person in front of you!”

Shen Feng held Mo Rao’s hand and walked into the elevator. His considerate and gentle actions also attracted the attention of others. They all marveled that he was such a good boyfriend.

There was a garden below the hospital and the patients liked to have a stroll there, so Shen Feng brought Mo Rao there.

Fu Ying stood at the end of the corridor and looked down through the window. When he saw Shen Feng and Mo Rao walking side by side, his expression was cold and his gaze was gloomy.

He didn’t want Mo Rao to have such intimate contact with other men, but now, he didn’t have the right to interfere. All his anger and jealousy could only be buried deep in his heart and couldn’t be vented.

Chapter 249: Gossip

After Shen Feng and Mo Rao took a walk, Shen Feng sent Mo Rao back to the ward to rest.

“Shen Feng, go back and rest. You can go to the company to work tomorrow. My brother will hire a nurse for me. I will be discharged in a few days,” Mo Rao said to Shen Feng.

“Okay.” Shen Feng nodded. He didn’t want to reject Mo Rao. As long as she said it, he would listen.

Seeing Shen Feng leave, Mo Yuan sighed. “Rao Rao, where else do you think I can find such a good man? He’s the future heir of the Shen family. He also listens to you and never says no.”

Mo Rao pursed her lips. Of course, she knew how good Shen Feng was. It was precisely because she knew that she didn’t want to hold him back.

If not for the fact that she was forced by Fu Ying, Mo Rao didn’t want to pretend to be a couple with Shen Feng. That would ruin Shen Feng’s luck with women.

She only hoped that Fu Ying would give up quickly so that Mo Rao would clarify her relationship with Shen Feng and Shen Feng would meet a suitable girl.

...

“Honey, look at this.”

The moment Mo Wan returned home, Fu Lin showed her a piece of news.

If you want to read more chapters, please visit [to experience faster update speed](#)

It had been three days since Mo Rao’s car accident, but the trending news hadn’t died down.

Because someone said that Jiang Yue’s car accident was related to Mo Rao.

Jiang Yue’s fans said that Jiang Yue had been harmed by Mo Rao because Jiang Yue had offended her.

“Impossible.” Mo Wan didn’t believe it at all. If Mo Rao was so scheming and vicious, would she have lost to Qu Ru back then?

"I don't believe it either, but what if Mo Rao didn't do it and Fu Ying did it?" Fu Lin raised his guess.

Mo Wan was shocked and looked at Fu Lin. Usually, such rumors had some basis. There was no smoke without fire.

Jiang Yue's car accident was indeed very bizarre. If Fu Ying had done something behind their backs, it would make sense. However, Jiang Yue's fans had all pushed the blame to Mo Rao.

At this moment, Fu Ying returned. He had just gone to the hospital and watched Mo Rao for a while at the door of the ward.

With Mo Yuan around, he couldn't get close to Mo Rao at all.

"Fu Ying, stop." Seeing that Fu Ying was about to go upstairs, Mo Wan stopped him. "Come here. I have something to ask you."

Fu Ying frowned slightly, but he still walked over.

Mo Wan went straight to the point and asked, "You caused Jiang Yue's car accident?"

"No." Fu Ying denied it directly. He knew his parents' personalities very well. They wouldn't allow him to do such a vicious thing.

"Then where did these rumors come from?" Mo Wan was a little suspicious.

"How would I know? Mom, if they want to slander someone, they have to show evidence." Fu Lin sneered. "There are also rumors that Mo Rao and I have secretly remarried. Do you think I've remarried her?"

It was difficult to even meet her!

The more he thought about it, the angrier Fu Ying became.

Every day, when he went to the hospital, he would see Shen Feng and Mo Rao chatting and laughing together. The two of them seemed like a loving couple.

Everytime he saw it, he would be in a terrible mood!

"Do you believe him?" Mo Wan turned to look at Fu Lin.

"If Fu Lin really did it, there must be a reason, and this reason must be related to Rao Rao." Fu Lin analyzed it logically. "Otherwise, he wouldn't have such huge enmity with a B-list celebrity. Jiang Yue's fans were so adamant, so there must have been a conflict

between the two of them previously. Perhaps Rao Rao's car accident was also related to Jiang Yue? Fu Ying taught Jiang Yue a lesson in a fit of anger?"

Mo Wan pondered over it. If that was the case...

Jiang Yue deserved it! She actually dared to be so vicious and cause a car accident for Mo Rao?

"Believe him this time." Mo Wan was unwilling to probe further. If it was really for Rao Rao's sake, even if Fu Ying had really done something nefarious, she would use all her power to protect her son.

As long as Fu Ying didn't take the initiative to bully others and Fu Ying did nothing wrong, she would protect him.

"Yes." Fu Lin nodded.

Just as the two of them finished speaking, they saw Fu Ying coming down from upstairs and leaving without a word. The sound of a car engine quickly sounded outside.

In the hospital, Mo Rao woke up slowly after having a nightmare again.

She kept dreaming of the day she lost her children.

It was midnight and the nurse was sleeping on the accompanying bed beside her. She didn't realize that Mo Rao was already awake.

Her fingers had already recovered a little. Mo Rao could move slightly, so she got up with difficulty and walked to the balcony of the ward alone. She gazed at the night sky and was lost in thought. Suddenly, her gaze was attracted by a blinking light spot downstairs.

Chapter 250: Did You Give Me a Chance?

It was a cigarette flickering. Mo Rao widened her eyes and actually saw that the person was Fu Ying!

It was so late. Why was Fu Ying standing downstairs alone?

Fu Ying looked up at the floor of Mo Rao's ward. He seemed to see a figure on the balcony. Was it her?

Since she wasn't asleep, he would go up and chat with her. He hadn't spoken to her for the past few days, so he felt upset.

Fu Ying put out his cigarette and went upstairs.

Mo Rao was startled. She glanced at the nurse in the ward. She didn't want to wake her up, in case there would be more gossip about her and Fu Ying in the future.

Therefore, Mo Rao quickly left the ward and went to the elevator to wait.

"Ding dong!"

As the elevator rang, the door opened and Fu Ying's tall figure appeared in front of her.

He was wearing a black coat. He looked cold and distant. There was no warmth in his charming eyes, but the moment he saw Mo Rao, he showed some affection.

"Rao Rao," Fu Ying said. Seeing that Mo Rao was dressed in thin clothes, he immediately took off his coat to put it on her.

"Let's talk at the stairs," Mo Rao said calmly as she dodged him.

Fu Ying's gaze turned cold as he held his coat in his hand and followed Mo Rao to the staircase. There was voice-activated light there. If one didn't cough or stomp one's feet, it would be dark.

Mo Rao leaned against the guardrail at the corner of the stairs and sighed as she asked Fu Ying, "Fu Ying, are you here so late at night to see me?"

"Yes." Fu Ying nodded. He couldn't sleep alone when he returned home. He didn't believe that Shen Feng would stay in the hospital 24 hours a day, so he could at least see Mo Rao in the middle of the night, right?

"In the future, no matter where I am, you don't have to trouble yourself to see me. It's meaningless." Mo Rao was very calm as she said, "I've already told you very clearly that it's impossible for us to be together again. I'm Shen Feng's girlfriend now, you know."

"You're not engaged," Fu Ying replied gloomily.

"Then we'll get engaged. Will you stop pestering me after we get engaged?" Mo Rao had no choice but to blurt out.

This question made the atmosphere freeze.

The atmosphere became very tense. Mo Rao felt a little suffocated.

In the darkness, Fu Ying's expression couldn't be seen clearly, but Mo Rao could see the cold look in his eyes clearly. She was shocked. As expected, this man couldn't stand being provoked.

Fu Ying felt like he was about to have a mental breakdown. He knew that Mo Rao's injuries couldn't heal so quickly, but she couldn't even give him some time to win her back?

He had done so much to compensate Mo Rao!

However, Mo Rao told him that she was going to get engaged to another man.

"If your hand wasn't injured, I would have forced myself on you." Fu Ying finally spoke again, but the words he said made Mo Rao take two steps back.

Who knew if he would suddenly do something ridiculous?

Fu Ying had always done whatever he wanted. No one could stop him from doing what he wanted.

"Rao Rao, if you dare to get engaged to Shen Feng, you will regret it, be it you or him." Fu Ying's voice was filled with menace. "The only meaning of my life now is to make things up to you and win you back. If I can't win you back, there's no telling what I will do."

This was a blatant threat!

Mo Rao's voice trembled as she said, "Fu Ying, you liar. Didn't you want to change yourself previously? Didn't you want to win me back with your sincerity? Yet you're threatening me now?"

"Hehe." Fu Ying's smile seemed lonesome and cruel. "Did you give me a chance to win you back with my sincerity?"

Mo Rao was speechless and didn't know how to answer him.

Fu Ying continued, "After you left, I knew that I was wrong, so I looked for you like a lunatic. I placed Qu Ru under house arrest, broke her legs, and disfigured her face, almost making her go crazy. Every day, I went to Zhang Zhe, Lin Qun, and anyone who might have known your whereabouts. I'm willing use my life to compensate you, but you refused to give me a chance."

"And your brother. He acts as if he has seen a ghost whenever he sees me. Whenever I get close to you, he pushes me away. Rao Rao, what do you want me to do?" Fu Ying

stared into Mo Rao's eyes. He really wanted this woman to give him an answer about what to do to make her forgive him completely.

Even if he had to jump down from this floor, he would agree, as long as Mo Rao forgave him and stopped loving another man.
