

After Leaving The CEO, She Stunned The World

- Chapter 312 - Hug Her

Chapter 312: Hug Her

“Rao Rao, I had no choice, but believe me, I’ll give you an explanation.” Fu Ying thought that Mo Rao was starting to soften and immediately promised her.

However, Mo Rao shook her head. “There’s no need. I don’t need your explanation. Fu Ying, I’m not jealous. If you were with another woman, I wouldn’t have any objections, but Qu Ru is the murderer of my children. If you’re with her, I can’t help but feel angry and disgusted.”

The joy that had just risen in Fu Ying’s heart disappeared.

He could hear the coldness and disappointment in Mo Rao’s voice.

Yes, if he had not been too stupid and indecisive in the past, Mo Rao wouldn’t have been hurt, and that video wouldn’t have existed. He naturally didn’t need to be threatened. All of this was a vicious cycle, and the mistake he had made back then started it all.

“Then what you said about treating me like a brother in the future and having normal interactions is invalid?” Fu Ying’s throat bobbed and his voice was slightly hoarse.

“It’s invalid because the moment you approach, I feel very disgusted. It’s as if I smell the stench Qu Ru emitted from her bones. I can’t stand it, so please stay away from me in the future.” After saying this, Mo Rao quickened her pace and left.

Fu Ying stood on the spot as he quietly watched Mo Rao’s figure disappear. His eyes were filled with helplessness and panic.

However, he would never give up. It was impossible for Shen Feng to be with Mo Rao now. This was his best chance.

After taking a deep breath, Fu Ying strode forward and followed Mo Rao.

He had to send Mo Rao to the camp. It was already so late, so he was worried about her walking the mountain path alone.

This mountain was very deep, so there were naturally some small wild beasts. Mo Rao held a flashlight. Because of her anger, she ignored her fear and walked forward in a

rage. There was a rustling sound in the grass beside her, as if some small animals had been frightened away by her footsteps.

However, because she was in a bad mood and she was walking too fast, Mo Rao staggered and fell. Her toes hurt and she couldn't help but moan in pain. "It hurts!"

Fu Ying, who wasn't far behind, heard the moan and immediately chased after her.

"Rao Rao! What's wrong? Are you alright?!" Fu Ying was very anxious. When he saw Mo Rao fall to the ground, he was very afraid that she would be injured.

"I'm fine." Mo Rao accidentally kicked a rock and it hurt terribly. However, when she saw Fu Ying, she immediately forced herself to calm down. She didn't want to reveal her fragile side.

"Did you kick a rock?" Fu Ying glanced at the rock in the grass. It was quite eye-catching under the moonlight. Mo Rao was probably too angry and didn't notice it.

Fu Ying squatted down with his back facing Mo Rao. "I'll carry you back."

"No need, I can walk myself!" Mo Rao was distraught and didn't want to see Fu Ying.

As she spoke, she stood up herself. Just as she stood up, her legs went weak from the pain and she fell to the ground. Her toes were probably seriously injured, but it was inconvenient to treat them here.

As Fu Ying watched her act tough, he felt helpless and heartbroken. He didn't care if Mo Rao agreed or not and reached out to carry her horizontally. Mo Rao was shocked and immediately struggled. "I can walk myself. You don't have to carry me. Put me down!"

But when she struggled, her toes still hurt.

Mo Rao was in so much pain that she broke out in cold sweat and didn't have the strength to struggle anymore.

"You just have to tell me the way," Fu Ying said gently after picking Mo Rao up.

This place wasn't far from Mo Rao's camp. Although she was unwilling, she could only tell Fu Ying how to get there. Then, the two of them didn't speak anymore.

When they were about to reach the camp, Mo Rao said, "Put me down. There are cameras over there."

"It's okay. Your foot is injured. It's normal for me to carry you back." Fu Ying didn't let go. He didn't care about public opinion at all. If the public associated him with Mo Rao, he would be even happier.

Mo Rao started to struggle again. She was getting more and more stubborn. She was wearing very tight clothes and their skin was rubbing against each other through the thin fabric. Fu Ying felt that he had an erection.

If he was photographed having an erection, things would be over for him.

“Don’t move. If you move again, bear the consequences.” Fu Ying stopped Mo Rao in a low voice.

“Then put me down!” Mo Rao said angrily.

“I’m not putting you down. It’s only a short distance. Stop fooling around. I’ve been abstinent for two years. If you continue rubbing against me, I can’t guarantee what will happen,” Fu Ying said ambiguously.

Thank you for reading on

Chapter 313

Mo Rao immediately understood something. She felt Fu Ying’s body heat up.

Whenever this man became horny, he would lose control of himself. Mo Rao immediately became obedient. She didn’t want that to happen.

Seeing that Mo Rao had become obedient, Fu Ying sighed slightly. This woman seemed to be very afraid of him touching her.

When they reached the outside of the tent, Fu Ying put Mo Rao down. This scene was clearly captured by the camera, and the comment section instantly became lively again.

Everyone was discussing why Fu Ying was carrying Mo Rao.

“Does President Fu like Qu Ru or Mo Rao?”

“Of course it’s Mo Rao. Didn’t Qu Ru say that President Fu illegally imprisoned her before? He even broke her leg.”

“Could it be that Fu Ying came to this show for Mo Rao?”

“Mo Rao is quite scheming to make Fu Ying so obsessed with her.”

In the Qu family’s home, Qu Ru was also watching the live broadcast. Her expression was distorted and her gaze was vicious.

She didn’t expect Fu Ying to appear on the variety show “Wilderness Beginner Camp” and flirt with Mo Rao. Anyone could tell that he still had feelings for Mo Rao.

Qu Xue's birthday banquet was in two days. Fu Ying had promised her that he would attend with her, but now, he was acting lovey-dovey with Mo Rao.

Wasn't he afraid that she would post the video?

Qu Ru really had the urge to expose the video now. However, on second thought, this was the only thing she could use against Fu Ying now. If she exposed it like this, she would completely lose this trump card.

There were still many things that she needed to use this video to threaten Fu Ying to do.

Qu Ru took a deep breath and forced herself to calm down.

She called Fu Ying to ask him not to be so intimate with Mo Rao, but the call wasn't picked up. Only then did she remember that he couldn't bring his phone with him when he participated in this show.

She could only watch as Fu Ying doted on Mo Rao on the show and protected her like a loyal knight.

Qu Ru gritted her teeth in hatred, but there was nothing she could do.

"Little Ru, what are you doing?" At this moment, there was a knock on the bedroom door. It was Qu Xue's voice.

"Aunt, I'm preparing to sleep. What's the matter?" Qu Ru quickly adjusted her expression and limped over to open the door. When she saw Qu Xue, she revealed a fake smile.

She had no affection for Qu Xue. She was only so close to Qu Xue because she treated her well and was willing to give her money to spend.

Qu Xue smiled and said, "Go to bed early. I just saw that the light in your room was still on and wanted to remind you that it's already very late. Go to sleep quickly. Don't delay your sleep."

"Alright, Aunt, you should rest early too." Qu Ru nodded.

After Qu Xue left, she closed the door and went to bed. She didn't know why Qu Xue was so good to her. Ever since she returned to the Qu family, Qu Xue had also moved back to the Qu family's home and treated her as if she was her own daughter.

She guessed that perhaps because Qu Xue's biological daughter was overseas, she missed her daughter and treated herself as a substitute?

...

“Hiss ~”

In the tent, the flashlight was on as Fu Ying applied medicine to Mo Rao’s wound.

The condition of the nail of her big toe was a little serious. It was already swollen and bleeding.

Her toes looked very pitiful, making Fu Ying’s heart ache.

When the medicine was applied, Mo Rao couldn’t help but gasp. It really hurt!

“Alright, Rao Rao, why don’t you quit this show?” Fu Ying said seriously after bandaging Mo Rao.

“I don’t want to.” Mo Rao immediately rejected him. She couldn’t leave the show because of this small injury.

Fu Ying frowned. “Even walking will be difficult for the next two days. How are you going to face the next challenge?”

Mo Rao didn’t speak. She just didn’t want to do anything Fu Ying wanted her to do. She only felt better if she did it the other way around.

Looking at her stubborn expression, Fu Ying didn’t continue, since he was afraid that she would be angry.

“Alright, continue if you want to. I’ll sleep outside tonight. Rest quickly.” Fu Ying put away the medicine and left the tent.

Mo Rao immediately zipped up the tent door and lay down to rest.

Fu Ying found this childish action cute and funny.

After returning the medication to the staff, he whispered to the staff, “Call your director over. I have something to tell him.”

“Okay.” The staff didn’t dare to refuse and quickly called the director.

Chapter 314: Zhao Meng’s Thoughts

After a while, the director arrived in front of Fu Ying. The two of them naturally avoided the camera.

Under Fu Ying's instructions, the director nodded and understood what he meant.

"President Fu, are you really going to sleep on the ground tonight?" The director glanced at the tent. Although the terrain was relatively flat, the ground was covered in small stones.

"Yes, get me a small blanket according to your production team's standards." Fu Ying didn't want them to make exceptions for him. Moreover, sleeping beside Mo Rao was exactly what he wanted. Although, they were separated by the tent.

The director was a smart person. He could already tell that Fu Ying was head over heels for Mo Rao. The man who was usually so aloof was simply a loyal lap dog in front of Mo Rao.

What he could do was to try his best to give Fu Ying a chance to interact with Mo Rao more.

"I understand." The director immediately sent someone to deliver a small blanket.

Fu Ying slept on the blanket. Although he was very uncomfortable, when he saw the tent close by and his beloved woman sleeping in it, he felt very satisfied.

That night, Mo Rao didn't sleep well. Of course, she knew that Fu Ying was sleeping outside since she could hear his breathing.

When dawn came, Mo Rao had dark circles and she wasn't in good spirits.

Her toes still hurt and she didn't get enough rest, so of course, she was mentally and physically exhausted.

On the other hand, while Fu Ying slept very uncomfortably the entire night, when he woke up, he was energetic and exuberant.

"Did you sleep well?" Seeing Mo Rao come out, he asked with concern. There was no fatigue on his handsome face.

"No," Mo Rao replied directly. It was because he was outside that she couldn't sleep well!

Every morning, Mo Rao and the other five had to gather to accept the production team's mission, so Mo Rao had to limp to the gathering point.

She could barely walk today, so she refused to be carried by Fu Ying.

"Then I'll support you." Fu Ying held Mo Rao's hand domineeringly. She couldn't gain weight no matter how much she ate, and her arms were always thin and soft. Fu Ying could hold her entire arm with one hand and even free a finger.

Mo Rao glared at him. If not for the fact that she couldn't argue with Fu Ying in front of the cameras, she really wanted to scold this man. Wasn't he deliberately making people think that they had some sort of relationship?

She didn't want to have anything to do with Fu Ying now and couldn't wait to draw a line between them, but Fu Ying kept clinging to her.

"President Fu!"

Just as Fu Ying was helping Mo Rao walk, Zhao Meng appeared.

She slept in two days ago, but she woke up earlier than a chicken today, mainly to find Fu Ying.

Seeing Zhao Meng, Mo Rao felt happy for the first time and thought, hurry up and take Fu Ying away!

"What's the matter?" Fu Ying asked coldly.

"It's nothing. It's just that we have to gather every morning. I was afraid that you would be unfamiliar with the route, so I specifically came over to show you around." Zhao Meng had a kind expression.

"With Mo Rao around, there's no need to trouble you." Fu Ying's answer made Zhao Meng's expression darken.

Mo Rao was already crippled. Could she not stay in the tent to recuperate? Why did she have to occupy Fu Ying's attention?

Zhao Meng laughed awkwardly. "That's right. I forgot about Mo Rao. Alright, let's gather now."

She followed behind Mo Rao and Fu Ying. When she saw Fu Ying supporting Mo Rao so attentively, she felt jealous, so she took a step forward. "President Fu, why don't I support Mo Rao? I'm about the same height as her, so it's not that difficult for me to support her."

"Alright, help me." Mo Rao couldn't ask for more. Zhao Meng helping her was better than Fu Ying.

Unexpectedly, Fu Ying rejected her bluntly. "Let me do it. It's fine."

Zhao Meng pursed her lips. She had taken the initiative but failed to obtain an opportunity. How exasperating.

Fu Ying felt that Zhao Meng was an eyesore. Originally, he could be alone with Mo Rao on this part of the road and there wouldn't be any cameras. However, when Zhao Meng came, the cameras followed, so he couldn't act too intimate with Mo Rao.

When they arrived at the gathering point, Qi Tuo and the others had already arrived. Everyone looked at Fu Ying meaningfully.

Yesterday, they had agreed that Fu Ying would make do with Qi Tuo for the night, but he didn't go to Qi Tuo's place. He must have stayed in Mo Rao's camp. Everyone knew what this meant. Only a fool like Zhao Meng would still covet Fu Ying.

"Alright, everyone is here. Then let's begin issuing today's mission!" When the director saw Fu Ying, a respectful look flashed across his eyes. Then, he loudly announced today's mission to the others.

Thank you for reading on

Chapter 315: Willingly Doing It

Today's mission was to fish, and the fishing tools had to be made by themselves. The production team only provided fishing lines.

The director looked at Mo Rao and said, "Because Mo Rao is injured, it's definitely impossible for her to act alone. The guest star will be in the same group as her and the two of them will complete the mission together!"

This was Fu Ying's instructions.

Hearing this, the others instantly understood what he meant and couldn't help but look at Mo Rao and Fu Ying.

Mo Rao's eyes widened. "Director, there's no need. I can handle it alone!"

"Don't force yourself. Mo Rao, your toe is seriously injured. I understand that you want things to be fair, but in your situation, it's very fair to give you an assistant. The others can accept it, right?" The director looked at Qi Tuo and the others.

Qi Tuo and the others immediately nodded. "Yes, Mo Rao, you should ask President Fu to help you."

“One more person is one more helper. Making fishing rods is very difficult. You can’t handle it alone,” Tao Hai said.

Mo Rao suppressed her anger. Was the director doing this on purpose? Was he trying to increase the publicity of the show?

She really wanted to quit now, but when she thought of the penalty, she endured it.

Just as Mo Rao was about to speak, Zhao Meng said unwillingly, “Why? I don’t agree!”

As soon as she finished speaking, the director glared at Zhao Meng. What was wrong with this woman? Didn’t she know how to act according to the situation?

Zhao Meng pouted. “I’m also a woman. I haven’t slept well in the past two days and my body is even weaker. Why can’t he become my assistant?”

“You’re not injured,” Zhu Ye said angrily.

“But I’m very weak!” Zhao Meng was indignant and looked at Fu Ying. The more she looked at this man, the more handsome she found him. Coupled with his esteemed identity, he simply made her fall head over heels for him. She had to vie for a chance to be alone with him.

Zhu Ye was annoyed by Zhao Meng and blurted out, “Alright, I’ll be your assistant then. I won’t do my own mission!”

His angry tone shocked Mo Rao. Was Zhu Ye that resentful of Zhao Meng?

However, Mo Rao didn’t know that Zhu Ye hated Zhao Meng so much because of her.

“Who wants you to be my assistant? Dream on!” Zhao Meng rolled her eyes at Zhu Ye.

Seeing that the two of them were about to argue, the director said, “It’s settled then. Stop arguing. Zhao Meng, if you have any objections, quit the show. You should be able to afford the penalty.”

These words rendered Zhao Meng speechless. Of course she could afford it, but it would still cost an arm and a leg.

Was the director that eager to matchmake Mo Rao and Fu Ying?

In the end, Zhao Meng could only listen to the director’s arrangements because in the contract, following the program’s arrangements was also a condition.

“Starting now!” The director gave the order and the mission began.

Qi Tuo and the others had already dispersed to find suitable fishing rods. As Mo Rao's legs were injured, she looked around and didn't move.

Fu Ying wanted to help her up, but she sat down. "I don't want to move. Aren't you my assistant? Go find a fishing rod."

Since Fu Ying wanted to be her assistant so badly, she would order him around and make him regret it.

Fu Ying was stunned for a moment before he understood that Mo Rao was deliberately making things difficult for him and asking him to do it alone. He smiled. Was she that vengeful now?

"Alright, wait for me here." Fu Ying agreed immediately. As long as it was Mo Rao's request, he was willing to fulfill it.

"You have to find the bait yourself!" Mo Rao immediately added when she saw that Fu Ying was actually quite happy.

In the wilderness, they usually used earthworms as bait, so they had to dig through the soil to find them. It was also an arduous task.

Fu Ying nodded. "Alright, don't worry. I'll definitely do what you instructed."

His affectionate promise made countless women watching the live stream go crazy.

"In my lifetime, can I await a man who says this to me?"

"You can, but you won't get a top-notch person like Fu Ying!"

"He's so affectionate. He must still have feelings for Mo Rao!"

"Is this a wilderness survival program or a program to show off PDA?"

Shen Feng saw all of these comments. His expression was cold. When he saw Fu Ying's satisfied expression on the screen, he couldn't help but clench his fists.

Fu Ying actually used such a dirty trick. He even joined Mo Rao's program. Fu Ying was deliberately creating the impression that they were in a relationship so that the outside world would discuss it and continue to lump them together.

But what could he do? Shen Feng's expression became pained.
