

After Leaving The CEO, She Stunned The World - Chapter 393 - Don't Do It Again -

Chapter 393: Don't Do It Again

Mo Rao didn't dwell on his intentions. The next day was the day of filming for 'Butterfly Fragrance'.

Early in the morning, Mo Rao arrived at the filming set.

She was the first actress to arrive. The moment he saw her, Jia Li smiled and welcomed her. "You're a responsible good actress. You even arrived early."

Mo Rao smiled. "I don't want to waste the production team's time."

Jia Li hated actors who were always late. Hearing Mo Rao's words, he was even more satisfied with her.

"By the way, don't take Fu Ying's incident to heart. I know him. He wouldn't do such a thing." Jia Li was worried that Mo Rao would be prejudiced against Fu Ying and took the opportunity to put in a few words for his good buddy.

Mo Rao froze, but then she quickly explained, "It's okay, I don't care. What he did after that has nothing to do with me."

Seeing Mo Rao's cold attitude, Jia Li felt a little awkward. "That's right. You're already divorced..."

"Alright, alright. Hurry up and get your makeup done. The other actors will be here soon. I heard that you have a good relationship with Tong Yue and Qin Yan. I hope the filming can progress smoothly." Jia Li changed the topic and brought Mo Rao to the dressing room.

Mo Rao played a simple small town girl in this movie. Her makeup was very light and she had two braids, making her look very innocent.

"Sister Mo Rao! Your style is too beautiful!" Tong Yue was stunned when she saw Mo Rao's appearance.

In the past, Mo Rao had always looked very aloof and elegant. This was the first time she had seen Mo Rao look so demure and innocent.

Mo Rao looked at herself in the mirror and also felt that this style suited her, so she smiled. "Thank you. I've never tried out such an innocent style."

If it were a few years ago, Mo Rao would still be able to maintain the innocent vibe of a young girl. However, ever since the divorce, it was very difficult for Mo Rao to recover her previous state.

For some things, what was lost could never be recovered.

“Chen Xiang! Chen Xiang!”

“Chen Xiang, I love you!!”

...

Mo Rao was chatting with Tong Yue when a scream suddenly came from outside the door.

“Looks like Chen Xiang is here.” Tong Yue looked outside the door enviously. “Chen Xiang has so many fans...”

Chen Xiang was the second female lead in this movie. She debuted from a talent show and had a large fan base.

Mo Rao had also heard of Chen Xiang before. Her public image was that of a pure and kind-hearted girl, which matched the image of the second female lead.

The bad guy in this movie was Tong Yue, the third female lead.

Chen Xiang, who was wearing a white dress and sunglasses, walked into the dressing room. Jia Li complained, “Miss Chen, can you come earlier in the future? You’re already so late. The other actors are almost done getting their makeup applied.”

Chen Xiang blinked at Jia Li and said coquettishly, “Director, I was filming until very late last night and accidentally overslept today! I definitely won’t be late in the future. Don’t worry.”

Facing her coquettish demeanor, Jia Li couldn’t take it anymore. He waved his hand and said, “Forget it, forget it. Don’t be late again.”

As soon as Jia Li turned around, Chen Xiang immediately retracted the smile on her face and sat beside Mo Rao’s seat.

“Hello, I’m Mo Rao.” Mo Rao took the initiative to greet Chen Xiang.

Chen Xiang sized up Mo Rao and said aloofly, “Hello, I’m Chen Xiang.”

“I really didn’t expect you to get the female lead role. I thought I would be the female lead,” Chen Xiang said indignantly.

Mo Rao only smiled and didn't answer her.

She vaguely felt that this alleged innocent girl might not be that easy to get along with.

"You're hurting me!" Amidst the silence, Chen Xiang suddenly screamed, startling Mo Rao.

The hairstylist hurriedly apologized. "I-I'm sorry. I'll be gentler."

"How can someone like you be a hairdresser?! Don't you know that it hurts?!" Chen Xiang slapped the developer's hand and scolded angrily, "I don't want you to do my hair anymore! Get lost!"

The hairstylist was in a difficult position and stammered, "The other hairstylists aren't around. I'm the only one here today..."

Chapter 394: Change In Attitude

Hearing this, Chen Xiang was even angrier. She stood up and scolded, "Why is the production team so poor?! They can't even afford to hire two hairdressers?!"

"You came too late, so..."

Slap!

Before the hairstylist could finish speaking, Chen Xiang slapped her face.

"So you're blaming me?" Chen Xiang was very aggressive. The hairstylist covered her face and her eyes turned red, but she didn't dare to retort.

Mo Rao frowned and stood up to help the hairstylist. "Chen Xiang, there were indeed a few hairstylists just now. In addition, they're also people, so it's not good to hit them."

"Tsk, they're just servants." Chen Xiang rolled her eyes. "Yaoyao, call my exclusive makeup artist over. I don't want them to touch me with their dirty hands."

With that, she sat back in her chair and waited for her makeup artist to come.

Mo Rao looked at the hairstylist who was crying and brought her to a corner to comfort her. "Are you okay?"

"It's okay... Actually, I've met many celebrities like her..." The hairstylist wiped her tears as she said, "There are really too few kind celebrities like you..."

"It's my fault. I hurt her."

Seeing that the hairstylist was still blaming herself, Mo Rao felt very upset.

She had long heard that many celebrities in the entertainment industry were very stuck up, but she had never seen it with her own eyes.

"Go rest first. There isn't anyone else who needs their hair done," Mo Rao said gently to the hairstylist.

The hairdresser nodded gratefully and left the dressing room.

"Tsk, why are you pretending to be a good person?"

The moment Mo Rao returned, she heard Chen Xiang's mockery.

Mo Rao ignored her. She took out the script and walked to Tong Yue's side to go through the script with her.

Perhaps because he had waited for too long, Jia Li rushed in and looked at Chen Xiang, who was doing nothing. He asked, "Is your makeup done?"

Chen Xiang's demeanor changed drastically. She said to Jia Li aggrievedly, "Director Jia, that hairstylist didn't know how to style my hair and almost pulled my scalp off..."

"I was in too much pain, so I stopped her from styling my hair. Now, I still have to wait for my makeup artist to come."

When Jia Li saw Chen Xiang's demeanor, he felt frustrated.

"Tell her to hurry up!" Jia Li suppressed his temper and urged, "Because you're late, we've already delayed filming for a long time."

Chen Xiang pursed her lips as tears welled up in her eyes. "I understand..."

Mo Rao and Tong Yue watched silently from the side. It had to be said that Chen Xiang's acting skills weren't bad. A second ago, she was like a devil incarnate, but now, she was like an aggrieved kitten.

"Sister Mo Rao, look at the news! President Fu released the evidence!" While waiting, Tong Yue exclaimed to Mo Rao as she scrolled through her phone.

Mo Rao was stunned. She took out her phone and saw that Fu Ying had released a series of evidence on Weibo just now.

Mo Xiao's medicine purchase order and the video of her sneaking around the banquet venue were exposed. Public opinion was on Fu Ying's side.

"Wow! Did Mo Xiao really drug Fu Ying?!"

"Is that woman crazy?!"

"President Fu even said that she deliberately wore the same perfume as Mo Rao... This is blatant seduction, right? She actually falsely accused President Fu!"

...

Mo Rao knew that Fu Ying would definitely find a way to remedy the situation, but Mo Rao was also very surprised that Mo Xiao had used such a dirty method.

Wasn't this like hitting a rock with an egg?

"I thought President Fu was really a bad person... I want to apologize to him," Tong Yue muttered. The change in situation shocked her.

Mo Rao smiled. "He wouldn't do such a thing."

"It seems like you trust President Fu very much," Tong Yue said.

Hearing this, Mo Rao stopped flipping through the script.

Did she really trust Fu Ying?

Actually, she had suspected Fu Ying in the beginning, but she believed that Fu Ying wouldn't do such a thing.

"Isn't that so? After all, he's the man she loves the most." At this moment, Chen Xiang said, "There are really all kinds of people in the entertainment industry now. Even a slut person like you is quite popular."

Chapter 395: Stuck Up

Chen Xiang's words were too unpleasant. Tong Yue couldn't stand it anymore and retorted on Mo Rao's behalf, "Chen Xiang, don't speak so harshly! Fu Ying was the one who let Mo Rao down first!"

"Tsk, so what? This doesn't change the fact that Mo Rao is a divorced woman." Chen Xiang said bluntly, "Besides, how do you know that Mo Rao didn't do anything to let Fu Ying down? Tong Yue, you can't listen to just one person's one-sided story."

“You!” Tong Yue wanted to retort, but Mo Rao stopped her.

Mo Rao didn't know why Chen Xiang was so hostile to her, but she couldn't be bothered to argue with her. She only said nonchalantly, “No one has stipulated that divorced women can't enter the entertainment industry, right? Compared to me being divorced, the audience probably dislikes you acting stuck up even more.”

When she heard Mo Rao say this, Chen Xiang's expression changed.

“How am I acting stuck up? It was clearly the hairstylist who was in the wrong first!” Chen Xiang hurriedly defended herself.

Mo Rao stood up and picked up the script. Before leaving the dressing room, she didn't forget to say to Chen Xiang, “You'd better put on your makeup quickly. Be careful not to anger the director.”

With that, she left with Tong Yue.

Chen Xiang glared at Mo Rao's back as she roared, “Mo Rao, just you wait!”

Facing Chen Xiang's provocation, Mo Rao wasn't fazed at all. She didn't even stop.

At this moment, Jia Li was as anxious as a cat on a hot tin roof.

Seeing Mo Rao and Tong Yue come over, Jia Li came over and asked, “Is that princess done with her makeup?”

“Not yet, and she was rude to Sister Mo Rao,” Tong Yue pursed her lips and said angrily.

Jia Li sighed helplessly. “Sigh, I don't want to give the second female lead role to her, but Chen Xiang's acting skills are not bad. Moreover, she has the Chen family backing her. The Chen family is also a big investor in the film and television industry. I can't offend them.”

Mo Rao finally understood what Tong Yue had said to her.

Ever since Mo Rao entered the entertainment industry, things had been quite smooth-sailing for her. However, relying on one's backer to get resources was common in the entertainment industry.

Chen Xiang was probably able to enter the production team of ‘Butterfly Fragrance’ because of the Chen family's support.

“Just bear with it for now. If she goes too far, I'll fire her.” Jia Li clearly didn't like Chen Xiang.

Mo Rao didn't mind, since she had experienced all kinds of ordeals. A woman like Chen Xiang, who had all her emotions written on her face, wasn't that scary.

The male lead, Xiao Yan, and the second male lead, Peng Fei, were already preparing to start filming. When they saw Mo Rao, Xiao Yan greeted her gregariously, "Mo Rao, we meet again."

Mo Rao smiled at Xiao Yan amiably. Tong Yue, who was standing beside Mo Rao, lowered her eyes and felt a little embarrassed.

"You're Tong Yue, right?" Before Tong Yue could take the initiative to greet him, Xiao Yan greeted her first.

Tong Yue didn't expect Xiao Yan to know her. Her face blushed as she nodded and said, "That's right, it's me! I didn't expect you to know me."

Xiao Yan looked at Tong Yue with admiration and said, "I've seen your acting before. Although you were a small character, you performed very well. Good luck. I think highly of you."

Tong Yue was overjoyed to receive Xiao Yan's praise.

She thought that she was a nobody in the entertainment industry, but she didn't expect to be praised by an outstanding senior like Xiao Yan.

"Thank you, Senior!" Tong Yue bowed to Xiao Yan and said sincerely, "I like you very much too! I've watched the movies and dramas you acted in many times and you gave me a lot of inspiration!"

As Mo Rao watched Tong Yue and Xiao Yan's interaction, she realized Tong Yue's feelings for Xiao Yan.

She could tell from the look in Tong Yue's eyes that she liked Xiao Yan. Even if Tong Yue didn't say it, Mo Rao knew.

Compared to them, Peng Fei, who was playing the second male lead, was obviously much less talkative.

He only watched and smiled from the side, like a shy boy.

The filming of the movie hadn't officially started yet, so the four of them chatted at the side and laughter sounded from time to time.

"Why don't we film the first scene first?" Jia Li was getting impatient from waiting and decided to ignore Chen Xiang for now.

Mo Rao and Xiao Yan agreed. Jia Li immediately got all the workers to prepare and started filming the scene of the female lead and male lead meeting.
