Chapter 111 - 111: Mythical Transformation (1)

Chapter 111: Mythical Transformation (1)

Seeing this system notification, Zhu Wuyang couldn't help but fly into a rage.

Masons built shelters for all living beings, chefs prepared food for intelligent life to avoid hunger and thirst, teachers taught and educated people all over the world ... How were these occupations low level?

Compared to the professions of teachers and chefs, the profession of blacksmiths seemed to be a little lower, at least in the eyes of most people.

However, why was it that even the blacksmith profession could be recognized by the special encounter system, but the teacher and chef sub-professions could not be recognized by the special encounter system?

Zhu Wuwan was also a little confused. Could it be that the profession of a teacher was not considered a real secondary profession? After all, many people who had nothing special could become teachers, just like many private kindergarten on Earth.

As for chefs, could it be that they overlapped with alchemy? After all, many of the medicinal dishes cooked by chefs were low-level versions of alchemy.

Zhu Wuwan was also unsure. After all, the Special Encounter System had already notified him three times, and there were no more notifications.

However, even though she failed consecutively, Zhu Wuwan did not give up. She continued to master more sub-occupations, wanting to see which sub-occupations could be recognized by the special encounter system so that Zhu Wuwan would have more freedom to break through.

" Congratulations to the host for mastering the Peerless Beast Taming Classic for the first time in your life. You have obtained 5,000,000 breakthrough points. Due to the importance of strength, 50% of the breakthrough points will be used to increase the host's strength! "

" Congratulations to the host for becoming an apprentice beast tamer for the first time in his life. You have received 10,000,000 breakthrough points. Due to the importance of strength, 50% of the breakthrough points will be automatically used to increase the host's strength! "

The Beast Taming Technique had also been recognized by the Special Encounter System, which increased the number of Free Breakthrough Points Zhu Wuwan obtained by another 10%.

From now on, in the process of obtaining breakthrough points, only 50% of the breakthrough points would be forcefully poured into Zhu Wuwan's body to increase her strength. The other 50% of the breakthrough points could be freely distributed by Zhu Wuwan.

Originally, Zhu Wuyang wanted to continue trying. Unfortunately, because of this wave of attempts, Zhu Wuyang had obtained too many breakthrough points. Under the forced infusion of the special encounter system, his strength was already close to the limit of the Inborn Realm.

In the lower dantian, the inner essence of the vast sea with a radius of nearly a hundred miles surged and roared continuously. It could erupt with terrifying power at any time. The entire lower dantian was almost completely filled. frēewebnovël.com

In the nine great chakra meridians, the surging inner essence of the vast sea was also flowing endlessly, forming rivers that were about to fill the nine great immortal meridians.

Under the nourishment of such vigorous and pure inner essence of the Vast Sea, all parts of Zhu Wuwan's body were also improving at an astonishing speed, getting closer and closer to the limit.

If he didn't think of a way to solve it, when Zhu Wuwan's strength reached the limit of the Innate Realm, all the breakthrough points he obtained would be wasted. This was what Zhu Wuwan didn't want to see.

Therefore, he could only pause his attempts at subclasses and solve this problem first.

After some consideration, Zhu Wuwan decided to improve the Immensity Sea Original Codex first and comprehend the method to crystalize the inner essence of the Immensity Sea. This way, he would be able to store dozens of times more innate inner essence.

When he was flipping through the books on the third level of the Imperial Library, Zhu Wuwan had comprehended and integrated all the methods and techniques that were beneficial to the crystallization of the innate inner Yuan. At this moment, what he needed to do was to integrate them into the Vast Sea Origin Codex, so that the Vast Sea Origin Codex could reach a higher level and have the effect of crystallization.

Zhu Wanwan sat cross-legged in the secret cultivation room. The contents of the Vast Sea Source Scripture and the secrets of the Innate Crystallization of

Essence described in some peerless ancient books kept appearing in his mind. At the same time, he also used this to create new ideas and comprehend more Crystallization Techniques.

There was no content about the crystallization of the essence in the Eternal Sea in the Eternal Sea Source Code. Even in many peerless ancient books and mythological books, there were very few that described the method of the crystallization of the innate inner essence.

After all, the Innate Crystallization of Inner Yuan was too difficult and dangerous. If one was not careful, it could cause the Innate Inner Yuan to go berserk. The danger was not proportional to the reward.

Unless it was a peerless expert who wanted to enter the path through martial arts, ordinary peak Xiantian experts would not even consider the problem of Xiantian inner Yuan crystallization.

However, it was very difficult to obtain the method of entering the path through martial arts, so very few peerless experts would consider the problem of the crystallization of innate internal essence. In fact, most peerless experts did not even know that innate internal essence could also be crystallized.

Zhu Wanhao had read more than three thousand books in the royal library, and more than a thousand of them were top-notch and peerless books. In the end, there were less than ten books that described the method of crystallization. One could imagine how rare they were.

If not for this, Zhu Wuwan would not have wanted to comprehend the corresponding crystallization method by himself. It was true that among the few crystallization methods that Zhu Wuwan had found, they were either not suitable for him or were too rough, making it difficult for the Immensity Sea's internal essence to successfully crystalize.

Fortunately, Zhu Wanhao was born with a divine nature and was extremely perceptive. Even without these crystallization techniques as a reference, he was still able to forcefully comprehend the corresponding crystallization techniques.

Moreover, with several crystallization techniques as a reference, it was even easier for Zhu Wuwan to comprehend and fuse them.

Zhu Wuyang had also memorized many ancient books. Although these ancient books did not have any descriptions of the Crystallization Technique, they could still play a role in comprehending it by analogy, further reducing the difficulty of Zhu Wuyang's comprehension of the Crystallization Technique.

The contents of the Crystallization Technique and the Vast Sea Essence Canon flashed in his mind like a lantern. All kinds of inspirations bloomed like stars, interweaving in these memories, causing Zhu Wuyang to quickly immerse herself in them.

The crystallization method of the Eternal Sea Inner Essence had already taken shape.

Zhu Wuwan continued to perfect and improve the prototype. The Eternal Sea Essence Opus, which had already reached the Mythical stage, improved further in the process of Zhu Wuwan's improvement, and its power became more and more vast.

At the same time, the originally extremely vigorous and pure inner essence of the Vast Sea in Zhu Wuan's body changed. It became stronger and purer bit by bit.

At some point, the Vast Sea Inner Essence in Zhu Wuan's lower dantian had already reached the limit of a hundred miles. His nine major chakra meridians were also filled with Vast Sea Inner Essence.

There was no way to increase it, no way to increase it!

The Immensity Sea Inner Essence in Zhu Wuan's body was so pure that it had already surpassed any peerless expert in the Jiu Zhao Nation. In other words, there was no peerless expert in the Jiu Zhao Nation whose innate inner essence could catch up to Zhu Wuan's.

Putting aside the secret martial arts techniques that he had mastered, just by relying on the most fundamental innate inner essence, Zhu Wuyang was already invincible in the innate stage.

The spiritual light in his mind was like the blooming of stars. In this dazzling starlight, the Vast Sea Origin Opus was still constantly improving and transforming.

Zhu Wuyang was already immersed in it, completely unaware of where he was..

Chapter 112: I'll Help You Put on the Forgiveness Hat (1)

Eternal Sea Crystal Scripture!

After spending a full day and night, Zhu Wuwan finally transformed the Vast Sea Origin Opus. Its power increased by about 30%. Of course, the most important thing was that he had figured out the crystallization method that was exclusive to the Vast Sea Origin Opus.

As for the transformed Vast Sea Essence Opus, Zhu Wuwan named it the Vast Sea Crystal Opus.

If the previous Eternal Sea Essence Scripture was considered to be above average among mythical-level cultivation techniques, then the current Eternal Sea Crystal Scripture was definitely above average among mythical-level cultivation techniques. It was also the peak batch.

Zhu Wuwan tried to circulate the new Vast Sea Crystal Codex. The Vast Sea Inner Essence that was like a large lake surged and gathered towards the center, condensing and compressing according to a mysterious trajectory.

“Ding...”

Accompanied by a melodious sound like a bell, a crystal the size of a soybean appeared in the depths of the vast inner elemental ocean.

It was the product of the essence crystallization in the Immensity Sea. Its purity had soared several times, and its power had also increased several times.

The appearance of this Eternal Sea Essence Crystal also meant that the Eternal Sea Crystal Codex that Zhu Wuwan comprehended was effective. It was a true peak legendary cultivation technique.

What Zhu Wuyang needed to do next was to compress and condense the inner essence of the vast sea into the Vast Sea Essence Crystal, allowing it to undergo a huge transformation. At the same time, Zhu Wuyang’s body could also store more power.

The increasingly powerful Vast Sea Essence Crystals naturally brought more benefits to Zhu Wuwan’s body, causing Zhu Wuwan’s skin, muscles, bones, and five internal organs to break through their limits once again, becoming even tougher.

“Congratulations to the host for modifying the peak legendary cultivation technique, the Eternal Sea Crystal Codex, for the first time in his life. You have obtained 30,000,000 breakthrough points. Due to the importance of strength, 50% of the breakthrough points will automatically be used to increase the host’s strength!”

“Congratulations to the host for cultivating the legendary cultivation technique, the Eternal Sea Crystal Codex for the first time in his life. You have obtained 10 million breakthrough points...” (The part that was omitted later was, “In view of the importance of strength, 50% of the breakthrough points will automatically be used to increase the host’s strength!” Please be aware of this!

As expected, these actions brought a lot of breakthrough points to Zhu Wuyang. Among them, 20 million breakthrough points became free breakthrough points, making Zhu Wuyang’s free breakthrough points exceed 300 million.

With so many free breakthrough points, it was completely enough to raise the many cultivation techniques that Zhu Wuwan had mastered to the realm of great success. However, Zhu Wuwan would not raise them immediately. Instead, she would raise them as she adapted in the following days. Only then would she be able to unleash the greatest effect of the breakthrough points. Although he had successfully created the Vast Sea Crystal Codex, and Zhu Wuyang could allocate more than 50% of the free breakthrough points, Zhu Wuyang's speed of earning breakthrough points was too fast.

According to his current speed, he would probably reach the limit of the Vast Sea Crystal Scripture in half a month at most. Therefore, Zhu Wuyang had to improve his Array Dao as soon as possible before that. He had to sneak into the fourth level of the Imperial Library Pavilion and find a way to enter the Dao through martial arts.

According to Zhu Wuan's speculation, as the highest level of library in the Nine Zhao Nation, there should be a method to enter the path through martial arts on the fourth level.

After all, the third level had treasured books like the Immortal Encounter Travels and the Iceheart Secrets, which described the Immortal Dao and entering the Dao through martial arts. There were even supplementary methods.

In that case, there was a 90% chance that the fourth level of the library would contain methods and books to enter the path through martial arts.

After considering his next plan, Zhu Wuyang stopped thinking about it. He began to focus on cultivating the Vast Sea Crystal Codex, preparing to crystalize the innate inner Yuan in his dantian as soon as possible.

After all, the Vast Sea Crystal Codex was created by Zhu Wuyang himself, so he knew the crystallization method inside like the back of his hand. In addition, with the help of the breakthrough point, the crystallization of internal essence, which was extremely dangerous for other peerless experts, was only slightly difficult for Zhu Wuyang.

As the Vast Sea Crystal Scripture circulated, the Vast Sea Essence Crystals in Zhu Wuyang's body increased and gradually covered the bottom of the sea. According to the current speed, in less than three days, Zhu Wuyang should be able to transform all the Vast Sea Inner Essence into Vast Sea Essence Crystals.

When the Vast Sea Inner Essence turned into Vast Sea Essence Crystals, its volume plummeted and was only a fraction of its original size. This way, the lower dantian and chakra meridians that were about to reach their limits could naturally accommodate more innate power. frēewebnøvel.com

Of course, the power of the Vast Sea Essence Crystal far surpassed the Vast Sea Inner Essence, and the pressure on the lower dantian and the nine great chakra meridians was also greater. Fortunately, the Vast Sea Essence Crystal could effectively temper

Zhu Wuyang's lower dantian and nine great chakra meridians, allowing Zhu Wuyang's lower dantian and nine great chakra meridians to bear the Vast Sea Essence Crystal.

The two complemented each other and formed a perfect cycle, causing Zhu Wuyang's overall strength to continuously soar.

Time passed slowly. Zhu Wuyang's strength soared rapidly. One slow and one fast were harmonious and natural. It was just that he did not know what the other martial artists would think.

That night, Zhu Wuyang continued to let Laichun and Chuxia serve him in bed. Actually, he mainly wanted the two girls to guard the door for him before serving him in bed to prevent others from discovering Zhu Wuyang's abnormality.

After cultivating bitterly for a few hours at night, when it was close to dawn, one-fifth of the Vast Sea Inner Essence in Zhu Wuyang's body had already been converted into Vast Sea Essence Crystals. Zhu Wuyang's comprehensive strength had increased further.

Just as Zhu Wanwan was about to bring Laichun and Chuxia to rest, he realized that the two girls' expressions were a little ugly, as if they had something to say to him.

Zhu Wuan raised an eyebrow and looked at Chu Xia. "What happened today?"

"Your Highness, this morning, the 89th Prince Zhu Libo called us over." Chu Xia immediately said to Zhu Wuwan.

"Zhu Libo?" "Why did that hypocrite call you over?" Zhu Wuwan smiled faintly.

When they heard Zhu Wuyan call Zhu Libo a hypocrite without any courtesy, Lai Chun and Chu Xia looked at each other and were slightly stunned.

However, when they thought of Zhu Libo's actions, the two girls felt that Zhu Wuyang's evaluation was quite accurate.

Chu Xia hesitated for a moment, but her pretty face still blushed. "Zhu Libo called us over mainly because he wanted to help us...Help us get pregnant."

"Pregnant?" "What kind of secret technique does Zhu Libo have?" Zhu Wuan was stunned. "Is he able to help you get pregnant with my child?"

Chu Xia shook her head. "No, that's not what Zhu Libo meant. He actually..." He actually ..."

As she spoke, Chu Xia, who was behind her, could not say anything.

“Zhu Libo is actually trying to replace the woman and let him help us get pregnant.”
Seeing that Chu Xia could not continue, Lai Chun could not help but speak up.

Zhu Wuwan was stunned. What Zhu Libo meant was...He was going to be cuckolded, Zhu Wuyan!

How could he tolerate it? He even said that he was helping someone get pregnant. This was clearly trying to “help” Zhu Wuyang put on a forgiveness hat.

Not only that, Zhu Libo also wanted Zhu Wuyang to be a father!

Chapter 113: An Unserious Dao (1)

Shameless!

Heart-to-heart, black-handed, and ruthless!

These two words were enough to praise Zhu Libo’s behavior.

Zhu Wuan didn’t expect Zhu Libo to call Laichun and Chuxia over to talk about this matter. Did he really think that he was still the cowardly Crown Prince who could be bullied and humiliated?

Seeing Zhu Wuwan’s gloomy expression, Lai Chun and Chu Xia trembled slightly and quickly told him everything Zhu Libo had said.

” Zhu Libo said that His Highness the Crown Prince is being ridiculed by others.

He can personally make us pregnant with the royal bloodline. That way, His Highness the Crown Prince will not be ridiculed by others anymore. At the same time, His Highness the Crown Prince will be able to temporarily hold on to his position. It’s killing two birds with one stone. ‘

” Apart from that, Zhu Libo also promised that even if this matter was discovered, he would still bring us there because we were still pregnant with a member of the royal family. He would prevent us from being punished and ensure that we would be able to enjoy glory and wealth in the future. ‘

Looking at Laichun and Chu Xia’s flustered expressions, Zhu Wuwan sneered.

“”Zhu Libo is really a good brother. He can even think of such a brilliant plan. What do you think?”

“Plop...”

Lai Chun and Chu Xia quickly knelt on the ground and kowtowed to Zhu Wuwan.

“Please forgive us, Your Highness. We will never agree to Zhu Libo’s request. We will forever be loyal to the Crown Prince. Heaven and earth can prove our loyalty.”

‘ Even if we die, we will not let Zhu Libo touch us. Since ancient times, women have been loyal to one another. Your Highness, the Crown Prince, is wise.

Zhu Wanhao helped the two maids up. ” I don’t suspect you. The moment you told me about this, I had already dispelled my suspicions about you. So, you don’t have to worry. Just leave this matter to me. You can just focus on your duties. Oh right, has anything happened with Zhu Libo recently? ‘

“This servant heard some news yesterday that His Majesty has already chosen the next Crown Prince. This person is very likely to be Zhu Libo.” Chu Xia said.

So that was how it was!

Only then did Zhu Wuan understand why Zhu Libo, this hypocrite, was so ‘ enthusiastic “. It turned out that he had found out that he was very likely to be chosen as the next Crown Prince, so he had some crooked ideas.

Zhu Libo clearly wanted to spread the news that Zhu Wanhao could make women pregnant after they got pregnant in the spring and early summer. This would allow Zhu Wanhao to be the Crown Prince for a longer period of time and be his shield for a longer period of time.

As for whether Laichun and Chuxia would be found out to be pregnant with someone else’s child, or whether Zhu Wuwan would become the laughing stock of the world, that was none of Zhu Libo’s business.

Zhu Wuyang was even sure that Zhu Libo had already thought of a way to escape. When the time came, this matter would definitely not implicate him. In the end, the ones who would bear the consequences would only be Laichun, Chuxia, and Zhu Wuyang.

This man was really Zhu Wuyan’s ” good brother “. He pushed the original owner to become the 18th deathly crown prince of Jiuzhao Country, and later, he was the first to visit his mother to build a relationship. Zhang Mingli became the best friend of Zhu Wuyan’s deceased mother, and Zhu Libo became Zhu Wuyan’s caring elder brother. He tried his best to let Zhu Wuyan shoulder the role of a shield.

As Zhu Wuyang was ” completely crippled “, the so-called good brother and best friend immediately turned hostile and recalled the capable subordinates sent into the Crown Prince Palace.

At this point, Zhu Wuyang was also amazed!

Now, he had even thought of such a vicious plan. Not only did he want to put a hat of forgiveness on Zhu Wuyang, but he also wanted Zhu Wuyang to be a father.

It was fine in the past, but now that Zhu Wuyang had enough strength, how could he tolerate it anymore?

Originally, he had wanted to increase his strength first, then he would properly deal with those fellows who had humiliated him and oppressed the original owner. Now, it seemed that he had to put this matter on the agenda.

However, before that, he had to improve his array formation cultivation. After all, Zhu Libo's Tai An Palace was surrounded by many arrays. If he wanted to sneak in and tamper with it, he had to be at least a high-level array master.

After this period of hard work and consuming a portion of the breakthrough points, Zhu Wuwan's array formation cultivation had already advanced from an array formation apprentice to the realm of a low-level array formation master.

Originally, Zhu Wuwan wanted to slowly add breakthrough points. This way, not only could she save a portion of free breakthrough points, but she could also better digest the array formation knowledge she had learned.

However, Zhu Libo had already bullied him. This matter had to be resolved as soon as possible. Otherwise, the longer it dragged on, the more troublesome it would be. Therefore, Zhu Wuwan could not care too much. He was prepared to use a large number of breakthrough points to directly raise his array formation cultivation.

He calculated the free breakthrough points needed to advance from a low-level array master to an intermediate-level array master. It was at least 30 million, which could not be said to be not huge.

After some consideration, Zhu Wuyang started to place his bets on the breakthrough point of the Heaven and Earth Array.

As a large number of breakthrough points continued to pour into the Heaven and Earth Array, Zhu Wuyang's array formation cultivation increased at a terrifying speed. All kinds of knowledge and techniques regarding array formations appeared in her mind.

Zhu Wuwan was like a sponge, absorbing all this array formation knowledge and array formation skills, turning them into her own instincts.

The Heaven and Earth Array was extremely comprehensive. It had defensive array formation knowledge and skills, offensive array formation knowledge and skills, and auxiliary array formation knowledge and skills .

Ordinary array masters were usually only good at a certain aspect of array formations. However, after cultivating the peerless array formation manual, the Heaven and Earth Array, Zhu Wuwan had improved in all aspects. She was very proficient in every aspect and had almost no shortcomings. However, the breakthrough points that she needed to spend were also extremely shocking.

Even those array masters who were at the same level as Zhu Wuyan were often inferior to Zhu Wuyan in array cultivation. Therefore, when Zhu Wuyan advanced to an intermediate array master, her array cultivation was probably close to an ordinary advanced array master.

“Congratulations to the host for cultivating the peerless array formation manual to the initial success realm for the first time in his life. You have obtained 3 million breakthrough points...”

“Congratulations to the host for advancing to an intermediate array master for the first time in his life. You have obtained 6 million breakthrough points...”

The Heaven and Earth Array was all-encompassing, and the difficulty of cultivation was astonishing. If an ordinary person wanted to advance to become an intermediate array master, they would usually need ten to twenty years of bitter cultivation. However, Zhu Wuwan had only spent a few days to advance to this level.

However, such an array formation cultivation was not enough for Zhu Wuwan to easily break through the array formation of Tai ‘an Palace. Therefore, after thinking for a moment, Zhu Wuwan continued to inject breakthrough points into the Heaven and Earth Array.

Zhu Wuyan’s array formation cultivation soared again!

More profound array formation knowledge was continuously integrated into Zhu Wuyan’s body, turning into Zhu Wuyan’s instinct. Next, Zhu Wuyan only needed to digest it a little to be able to use this array formation knowledge as if it was his arm.

These array formation abilities would also bring great help to Zhu Wuwan in the years to come. It would allow Zhu Wuwan to earn an astonishing number of breakthrough points, and her strength would continue to soar. It would far surpass earning breakthrough points through normal means.

The path of array formations would be an improper path in the future!

Chapter 114: Immortal Can Surmount Mortals (1)

“Congratulations to the host for cultivating the peerless array formation manual to the great success realm for the first time in his life. You have obtained 30 million breakthrough points .

“Congratulations to the host for advancing to an Advanced Array Master for the first time in his life. You have obtained 50 million breakthrough points...”

Zhu Wuwan had only managed to raise his array formation cultivation from an Intermediate Array Formation Master to an Advanced Array Formation Master after almost exhausting all of his Free Breakthrough Points. It was comparable to the amount of energy Zhu Wuwan had to spend to cultivate a few peerless martial arts. One could imagine how much energy was consumed to raise his array formation cultivation.

However, the Heaven and Earth Array was all-encompassing. Although Zhu Wanhao had just advanced to an advanced array master, his attainments in array formations were almost close to that of an ordinary top-notch array master.

To be able to raise his array formation cultivation to this level in such a short period of time, the power of the breakthrough point and the special encounter system could be imagined. Without these, just relying on Zhu Wuyang alone, even with his flawless Dao foundation, it would still take him a few years.

With Zhu Wanhao’s current array formation cultivation, it might be a little difficult to sneak into the fourth level of the Imperial Library Pavilion. However, sneaking into Tai An Hall was a piece of cake.

In the middle of the night, Zhu Wuwan changed her appearance and put on a night-traveling suit. She left the Crown Prince Palace silently and sneaked toward Tai An Palace.

Zhu Libo lived in the Tai An Palace Hall. Compared to the Crown Prince Palace, the Tai An Palace Hall was undoubtedly much smaller. It was only a fraction of the Crown Prince Palace. However, in the huge Nine Zhao Imperial Palace, the Tai An Palace Hall was not small. It occupied an area of several thousand square meters.

As one of the most powerful princes in the Imperial Palace, Zhu Libo’s family background was astonishing. He had set up many formations in the Tai An Palace, but most of them were high-level formations. There was only one top-grade formation.

With Zhu Wuan’s attainments in array formations, it was still a little difficult to break through these array formations. However, it was much easier to sneak into these array formations.

There were also Connate realm martial artists guarding the Tai An Palace. They were hidden in places where the lights could not shine. Their positions were quite hidden, effectively monitoring every corner of the Tai An Palace.

Among these Connate realm guards, there were Zhu Libo's trusted aides, but there were also quite a number of people sent by Mad Emperor Zhu Zhenwu to spy on Zhu Libo.

As one of the most outstanding princes and princesses in the palace, Zhu Libo was naturally the focus of Mad Emperor Zhu Zhenwu's attention.

With the help of Heavenly Vision and Earthly Listening Scripture, Zhu Wuyang easily discovered several Connate Realm guards hiding in the dark. He passed by them without being discovered by them and entered Tai An Palace Hall.

Faced with more than ten array formations in Tai An Palace, Zhu Wu took a step east and west as if he was taking a leisurely stroll into the depths of Tai An Palace.

After a little investigation, Zhu Wuyang found out where Zhu Libo was at the moment. He was talking to his mother, Zhang Mingli, in the study. The surrounding guards, eunuchs, and palace maids had been chased far away. There were also Xiantian Realm guards on guard. No one knew what they were talking about in private.

Zhu Wuan's body was as light as a feather as he silently landed in the corner of the study room. He hid in a small shadow and used his Heavenly Vision and Earthly Hearing Sutra to the extreme to hear the voice in the study room.

"Why haven't those two b * tches, Laichun and Chuxia, responded yet? Could it be that they don't want to agree?" Zhang Mingli's anxious voice sounded.

Zhu Libo smiled. "Mother, don't worry. It's a good thing to kill two birds with one stone. How can they not agree? They might not respond because they're afraid, so they're still hesitating. They'll definitely agree in the end. "

"What if they tell this to that good-for-nothing, Zhu Wuyang?" Zhang Mingli was still worried.

"If that's the case, it might not be a bad thing." Zhu Libo's expression was calm and he did not panic at all.

Zhang Mingli was stunned. "How can this be a good thing? If Zhu Wuyang finds out that you want him to be a father, no matter how weak and incompetent he is, he will still go against us.

"That's hard to say." Zhu Libo shook his head. "If it was when he had just become the Crown Prince, perhaps Zhu Wuyang would have stretched out her claws. However, after experiencing so many things recently, Zhu Wuyang has long become a frightened bird. She hides in the Crown Prince Palace every day in fear of being killed. "

" Now we have a way to let him keep his position as the Crown Prince, and we can also let him get rid of his reputation as a laughingstock. With his character, the possibility of him agreeing is very high.

"This..." Zhang Mingli was stunned. She felt that something was wrong. After all, Zhu Libo wanted to put on a forgiving hat for Zhu Wuyang and make him happy to be a father. Even a fool would not agree.

Zhu Wuan was the current Crown Prince, even if he was a little crippled, incompetent, cowardly, and eunuch...With so many shortcomings, it would be difficult for him to have children in the future. It seemed that it was not unacceptable for him to be a father.

Zhang Mingli put herself in Zhu Wuyan's shoes and thought about it. Then, she considered Zhu Wuyan's cowardly personality and suddenly felt that what Zhu Libo said made sense." Even if Zhu Wuan agrees and won't be deposed as Crown Prince for the time being, it won't be long before the child is born and it's discovered that the child isn't Zhu Wuan's. He won't be able to continue being Crown Prince and will even attract a fatal disaster. We're also in a lot of trouble here.

" Who said I'm going to be the father of Zhu Wuwan's child? As long as Laichun and Chuxia agree, I'll have plenty of ways to make them unable to tell who's the one who planted the seed for them. " Zhu Libo smiled. " And that's ten months later. There are too many variables in such a long time. There's plenty of room for us to make our moves. "

Zhang Mingli suddenly understood. " If that's the case, why don't we think of a way to make Laichun and Chuxia pregnant with the 71st Prince's child? Ten months later, we'll also get rid of the 71st Prince. '

' Seventy-one is so cautious. Do you think he will fall for this trick? " Zhu Libo shook his head. " It's already good enough that we can use Zhu Wuan to stall for ten months. It's better not to think too much.

Zhang Mingli frowned. " It's a pity. The 71st prince is a big threat to us. If he hadn't interfered this time, you wouldn't have become the most popular prince.

' It's just that after ten months, what if the Mad Emperor still has his eyes on you and insists that you become the nineteenth Crown Prince of the Nine Zhao Nation? What should we do then? Why don't I immediately write a letter to your sister and let her guard the Tai An Palace Hall for a period of time? "

"The Mad Emperor has always been wary of your sister's identity as an Immortal cultivator. With her overseeing the Tai An Palace, she might choose another prince or princess to be the nineteenth crown prince in ten months."

“This...” Zhu Libo thought for a moment and smiled bitterly, “If elder sister didn’t fail in her attempt to break through to the middle qi layer last month, it would naturally be useful to call elder sister back for a period of time. However, elder sister failed in her attempt to break through to the middle qi layer last month, and Mad Emperor already knows about this.. If not for that, why do you think there are so many voices for me to become the Crown Prince this time?

Actually... “

Chapter 115: Threatening the Mad Emperor’s Favorite Concubine (1)

“Congratulations to the host for confirming the existence of an Immortal Cultivator for the first time in your life. You have obtained 30 million breakthrough points...

Zhu Wuwan didn’t listen carefully to the rest of his words. It was as if thousands of bombs had exploded in his mind, making his scalp tingle.

It turned out that there really were immortal cultivators in this world!

Although he had read many ancient books before and had a certain understanding of the path of immortality, Zhu Wanhao was still not sure if there were any immortal cultivators.

However, the words she heard from Zhu Libo and Zhang Mingli at this moment made Zhu Wanhao confirm this matter. The Immortal Dao was not illusory. The Immortal Dao did exist in this world.

At the end of the martial path was the immortal. The path of the immortal path was the peak power of this world!

The notification from the Special Encounter System made Zhu Wuyang even more certain of the answer in his heart. There were immortals and immortals in the Dongyuan Continent...Moreover, he was right beside Zhu Wuwan.

After Zhu Wuan carefully absorbed the breakthrough point of this wave, Zhang Mingli and Zhu Libo’s conversation continued. Both of them were sighing.

“Since your sister has no future and Mad Emperor Zhu Zhenwu doesn’t care much about it, why don’t you learn from the 14th Princess Zhu Jun and pretend that your brain is injured?” Zhang Mingli suggested.

Zhu Libo smiled bitterly. ” It’s not like no one has used this method after Zhu

Jun. Unfortunately, no one succeeded. They were either killed by the Mad Emperor or they went crazy from using too much force...Do you think what I'm doing is useful?"

"This..." Zhang Mingli frowned. " If it doesn't work, cripple a portion of your strength or damage a few spirit meridians to lower Mad Emperor's suspicion. It's better to live a lazy life than to die a good death.

Zhu Libo shook his head. " That useless piece of trash, Zhu Wuyang, can use this method. But I can't. Mad Emperor will never let me off because of this.

' Then I can't be like that good-for-nothing Zhu Wuan and become a eunuch, right? " Zhang Mingli said angrily.

No matter how ruthless and scheming this mother and son pair were, they still felt that they had no idea where to start when faced with the crazy Emperor

Zhu Zhenwu.

Zhu Libo said, " Zhu Wuyang didn't become a eunuch on his own accord. It's said that he might have accidentally hurt his human root when he destroyed his meridians. That's why he became a eunuch. What an idiot.

' Zhu Wuyang is indeed an idiot. If he didn't think he was smart, we wouldn't be in such a difficult position now. " Zhang Mingli was also rather resentful towards Zhu Wuyang." My son, you're really unlucky to have such a brother. He can't even be a good shield. He deserves to be a eunuch. He'll have no descendants in the future.

" Congratulations to the host for overhearing Zhang Mingli and Zhu Libo scolding you for the first time in your life. You have received 3 million breakthrough points...

The mother and son laughed at Zhu Wuan again. Seeing that it was getting late, they bid farewell and parted ways.

Under the protection of the Upper Sky guards, Zhang Mingli rushed to the nearby Beautiful Beauty Palace while Zhu Libo entered the secret training room to cultivate.

With an unsightly expression, Zhu Wuyan considered for a moment before heading straight for Zhu Libo's secret cultivation room. Zhu Libo's strength was only at the third tier of the Cast Pulse Realm, so how could he possibly detect Zhu Wuyan's existence? Zhu Wuyan was able to get close to him easily.

Strands of Vast Sea Essence Crystals silently entered Zhu Libo's body and went straight to his kidney, circling around it.

After a few hours, these hidden Vast Sea Essence Crystals would destroy Zhu Libo's kidney and human root, helping him to undergo painless sex change.

Tomorrow, the 89th prince, Zhu Libo, would become the 89th princess, Zhu Libo. Since Zhang Mingli, Zhu Libo, and her son laughed at Zhu Wuyan for being a eunuch, Zhu Wuyan really wanted to see what kind of expression this vicious mother and son would have when Zhu Libo became a eunuch.

Zhu Libo didn't notice Zhu Wuyang's infiltration and the tricks that he had done to him. When the mission of the Vast Sea Essence Crystal was completed tomorrow, it would also disappear silently without being discovered by anyone. This was also one of the hidden characteristics of the Vast Sea Essence Crystal.

Even Mad Emperor Zhu Zhenwu could not discover it.

After he was done, Zhu Wuyang rushed to the nearby Beautiful Beauty Palace.

"Congratulations to the host for sneaking into Zhu Libo's Tai An Palace for the first time in his life. You have obtained 5 million breakthrough points..."

"Congratulations to the host for messing with Zhu Libo for the first time in your life. You have received 30 million breakthrough points..."

The Beautiful Beauty Palace was also protected by an array formation. The Upper Sky Realm guards were hidden everywhere in the array formation to protect Zhang Mingli's safety.

As the favorite concubine of Mad Emperor Zhu Zhenwu, and her family was an important official in the court, Zhang Mingli's status in the palace was not low.

However, this was nothing to Zhu Wuyan. In just a few minutes, Zhu Wuyan successfully sneaked into the Beautiful Beauty Palace and arrived at Zhang Mingli's bedroom.

Zhang Mingli had already fallen asleep. She was lying quietly on the huge carved wooden bed. She was wearing a small brocade dress. Her beautiful eyebrows were slightly furrowed, as if she was worried about her son, Zhu Libo, in her sleep.
freewebnovel.com

She was extremely beautiful. If she was on Earth, she would be a peerless beauty with a score of at least 98 points. She looked a little like the female star Ma Su on Earth, but she was more than ten times prettier.

Even though he was already over forty years old, he was still peerless. To be able to obtain the favor of Mad Emperor Zhu Zhenwu was not an ordinary feat.

Zhang Mingli's strength wasn't bad either. With the help of a large number of natural treasures, she had already reached the fifth level of the Cast Pulse Realm. She was

even more powerful than Zhu Libo, but in front of Zhu Wuwan, she couldn't even be considered a little chick.

Zhu Wuwan knocked her out with a punch and dragged her into the secret training room in the bedroom. Only then did he wake her up with a few slaps.

"You ... Who are you? What do you want?" Zhang Mingli, who had just woken up, looked at Zhu Wuyang, who was dressed in black, in front of her. She was terrified. "This Queen is the Consort Li of the Nine Zhao Country, the Emperor's favorite concubine. If you dare to do anything to this Queen, the Emperor will never forgive you."

Zhu Wuwan slapped him. "I'll ask, and you answer. If you don't tell me or lie, I'll chop off one of your fingers."

"You ... You..." Zhang Mingli was speechless.

"What's your name?" asked Zhu Wuwan directly.

"Uh ..." Zhang Mingli's pretty face turned pale. "Who are you? This is the emperor of Jiu Zhao Country..."

"Swoosh..."

With a flash of sword light, Zhang Mingli's finger landed.

"Ah..." Zhang Mingli shouted. She never thought that Zhu Wuyang would actually dare to be so ruthless to her. She was Consort Li of Jiuzhao Country, one of the most doted concubines of Crazy Emperor Zhu Zhenwu.

However, Zhang Mingli didn't know that what Zhu Wuyang would do to her next would be even more outrageous. If Zhang Mingli insisted on not saying anything, Zhu Wuyang would even cut her up.

However, Zhang Mingli was obviously not such a tough person. Even if Zhu Wuyang wanted to cripple her, she would give in impatiently, let alone cut her up. Then, she would let Zhu Wuyang do whatever he wanted..

Chapter 116: Dao Beginning Jade Book (1)

"Congratulations to the host for kidnapping Zhang Mingli for the first time in your life. You have received 20 million breakthrough points..."

"Congratulations to the host for coercing his favorite concubine Zhang Mingli for the first time in his life. You have obtained 30 million breakthrough points..."

“Congratulations to the host for cutting off the finger of his favorite concubine, Zhang Mingli, for the first time in his life. You have obtained 60 million breakthrough points...

As expected, Zhu Wuyang's actions had brought him a large number of breakthrough points. In a short period of time, he had obtained more than 100 million breakthrough points. After absorbing these breakthrough points, Zhu Wuyang's strength would definitely increase greatly.

Seeing that Zhu Wuyang really dared to be ruthless to her, Zhang Mingli stopped nagging. Facing Zhu Wuyang's question, she said honestly, “My name is Zhang Mingli.”

“How old are you this year?” Zhu Wuyang continued to ask.

Although Zhang Mingli was puzzled by Zhu Wuyang's question, she still immediately said, “Forty-six years old.”

“How many children have you had?” Zhu Wuyang asked.

“Two,” Zhang Mingli said. “One is called Zhu Mengjie, and the other is called Zhu Libo.”

While Zhu Wuwan was interrogating Zhang Mingli, all sorts of system notifications kept popping up, reminding Zhu Wuwan of how many breakthroughs she had obtained. For example, the first time she had forced Zhang Mingli to confess, the first time she had found out Zhang Mingli's age, the first time she had found out how many children Zhang Mingli had given birth to...

However, the breakthrough points obtained from these special actions were few, or they were relatively ordinary, so Zhu Wuyang did not pay special attention to them. (In fact, to prevent the readers from thinking that the author was trying to fill in the number of words, many of the system notifications were not written by the newbies. Please forgive me. If you see that the number of breakthrough points does not match, you don't have to think that it's a BUG.)

After asking some pointless questions and earning a lot of breakthrough points, Zhu Wuwan started to ask the main topic. “I heard that your daughter Zhu Mengjie is a cultivator?”

“Yes, my daughter, Zhu Mengjie, was tested to have a spiritual root aptitude when she was seven years old, so she was sent to the Hundred Poisons Sect to cultivate the Immortal Dao. It has been more than twenty years since then.”

“Please spare my life for the sake of my daughter,” Zhang Mingli hurriedly said.

Zhu Wuyang didn't comment and asked with interest, Which immortal cultivation sect is Hundred Poisons Sect? Why haven't I heard of it before? '

"The Hundred Poisons Sect is a cultivation force hidden behind the Nine Zhao Nation. They are extremely high and mighty, and they control several dynasties. " "The Nine Shine Nation is just one of these dynasties," Zhang Mingli said. "The Zhu Clan is one of the three major forces in the Hundred Poisons Sect. That's why they were able to hand over the Nine Shine Nation to disciples without spiritual roots to manage.

Zhu Wuan's gaze fluctuated. "If that's the case, it's said that many descendants of the royal family were sent out when they were seven years old. They should be disciples of the Zhu family with spiritual roots, so they were sent to the Hundred Poisons Sect. '

"Yes." Zhang Mingli quickly nodded. "All the children of the Zhu royal family who have spiritual roots will be tested at the age of seven and sent to the Hundred Poisons Sect to cultivate. After all, compared to ordinary mortals, immortal cultivators are the true rulers of this world.

"However, in order to avoid causing unrest, the existence of Immortal Cultivators is deliberately concealed. Unless they come into contact with them by chance, it is very difficult for ordinary people to know the existence of Immortal Cultivators."

"Congratulations to the host for understanding the common sense of the cultivation world for the first time in your life. You have obtained 80 million breakthrough points...

It seemed that the original owner did not have spiritual roots. Otherwise, she would have been detected when she was seven years old and sent to the Hundred Poisons Sect to cultivate instead of staying in the Nine Zhao Kingdom.

However, with Zhu Wuyan's transmigration, Zhu Wuyan, who had a flawless Dao foundation forged by the special encounter system, definitely had a spirit root, and the level of the spirit root was definitely not low.

If the Hundred Poisons Sect behind the Nine Zhao Nation knew about this, how would they explain it? freewebnovel.com

Zhu Wuyang was a little worried, but she still continued to ask, "Is it impossible to cultivate without a spirit root?"

"This..." Zhang Mingli thought for a moment and said with some uncertainty, "That's not the case. It's said that if a martial arts master can cultivate to the limit of martial arts, he will also have the opportunity to enter the path of martial arts and embark on the path of immortal cultivation. However, it's very difficult to do so. Among hundreds of thousands of peerless masters, not even one may succeed.

“Mad Emperor...No, after the emperor cultivated to the limit of martial arts, he injured his soul in the process of entering the path with martial arts. Not only did he not successfully enter the path with martial arts, but he also left behind a root cause of illness that has not been cured until now.”

” Congratulations to the host for learning the truth about Zhu Zhenwu’s madness for the first time in his life. You have obtained 100 million breakthrough points. Due to the importance of strength, 50% of the breakthrough points will be automatically used to increase the host’s strength!

Zhu Wuan was stunned. Only now did he know the truth behind Mad Emperor Zhu Zhenwu’s current appearance. It turned out that he had injured his head in order to break through the Heaven Pass and became crazy. It was really unexpected.

However, from this, one could see how dangerous it was to enter the path with martial arts.

“If that’s the case, Mad Emperor Zhu Zhenwu should have a way to enter the Dao through martial arts, right?” Zhu Wuyang looked at Zhang Mingli, her eyes flickering.

Zhang Mingli quickly said, “Yes, yes, yes. It’s on the fourth floor of the Imperial Library Pavilion. My daughter was lucky enough to see it once. It’s said that it’s called something ...” I can’t remember the exact name of Dao Chu or something. There’s a method to enter the Dao with martial arts inside.”

“Congratulations to the host for finding out the secret manual of entering the path through martial arts for the first time in your life. You have obtained 100 million breakthrough points...

Zhu Wanhao smiled. It was easy for him to find it after breaking his iron shoes. He did not expect to learn the exact information about the method of entering the path through martial arts from Zhang Mingli. The special encounter system had also confirmed this matter. It seemed that his knowledge of array formations was not in vain.

“Can you think of a way to take it out?” Zhu Wuyang probed.

“This...” Zhang Mingli hurriedly shook her head. ” You think too highly of me. I don’t even have the right to enter the third level of the Imperial Library Pavilion, so how can I enter the fourth level? Even if you kill me, I won’t be able to get that manual that uses martial arts to enter the Dao. ‘

Zhu Wuyan didn’t insist on the expected answer. She then asked Zhang Mingli a lot of questions.

Zhang Mingli answered Zhu Wanhao's question without reservation. She didn't dare to hide anything. Clearly, she had been frightened by Zhu Wanhao and knew that if she didn't say anything, she would definitely die today.

For the sake of her own life, Zhang Mingli worked extremely hard. She even used all her strength to say what she should not say.

If it wasn't for the fact that Zhu Wuyang looked down on her, Zhang Mingli would have offered her innocence to stop Zhu Wuyang from being ruthless to her. As for whether doing so would make Mad Emperor wear a hat or something, in the face of life and death, making Mad Emperor wear a hat was nothing. This was not a big deal at all.

Regrettably, Zhu Wuyang still did not like her, even if her looks were really not bad. Otherwise, the Mad Emperor would not have appointed her as his favorite concubine..

Chapter 117: Revenge Tonight (1)

Perhaps it was because her daughter was an immortal cultivator, but Zhang Mingli knew a lot about the basic common sense of the immortal cultivation world. This also opened the door to the immortal cultivation world for Zhu Wuyang.

From Zhang Mingli, Zhu Wanhao learned that there were countless immortal cultivation sects in the vast Southern Wasteland. The big ones controlled dozens of dynasties, the small ones only controlled one or two dynasties, and there were even small immortal cultivation families that controlled several counties.

The Hundred Poisons Sect could barely be considered as a middle-low-class sect among these immortal cultivation sects. However, even so, they still controlled several dynasties.

These immortal cultivation forces were hidden behind the scenes, manipulating everything in the secular world and possessing lawless power.

Perhaps it was for the sake of his own mysteriousness, perhaps it was to avoid the chaos of the human world, or perhaps it was needed for cultivation... These immortal cultivation forces would not be easily known by mortals unless they happened to come into contact with them.

Just like the original owner of the body, who had been a prince for more than ten years, he did not know that there was a cultivation sect behind the Zhu Royal Family.

According to Zhang Mingli, there were at least a dozen royal disciples who were sent to the Hundred Poisons Sect when they were seven years old to focus on cultivating immortal techniques.

Mad Emperor Zhu Zhenwu was also afraid that Zhu Libo had an elder sister who was an immortal cultivator. That was why he didn't dare to make a move on him all these years. The other relatively outstanding princes and princesses basically had the support of immortal cultivators behind them. Otherwise, they wouldn't dare to perform so well, just like Zhu Libo.

Unfortunately, Zhu Libo's sister had failed to break through to the middle stage of the Aura Refining realm, and her future was basically bleak. Only when Mad Emperor Zhu Zhenwu learned of this did he dare to attack Zhu Libo brazenly. He was prepared to push him to the position of Crown Prince first, and then find an opportunity to cripple him or kill him.

Mad Emperor Zhu Zhenwu naturally had the support of immortal cultivators behind him. Moreover, he had to collect some rare immortal resources and wealth every year to contribute to the Hundred Poisons Sect. Therefore, there were still some immortal cultivators in the Hundred Poisons Sect who supported him.

Therefore, Mad Emperor Zhu Zhenwu didn't care too much about those cultivators who weren't valued or had no bright future.

In addition, the Zhu Clan of the Hundred Poisons Sect had dispatched powerful cultivators to guard the Moon Capital, secretly protecting the members of the Zhu Royal Clan to prevent them from being persecuted or being robbed of the throne.

However, the Zhu Clan of the Hundred Poisons Sect did not care much about the internal struggle for power within the Zhu Royal Clan. They even had the intention of encouraging competition.

It was precisely because of this that Mad Emperor Zhu Zhenwu was so jealous. In just a few decades, he had killed more than a hundred children, but he did not make a move on those powerful officials.

Because Mad Emperor Zhu Zhenwu knew that these dignitaries were not worth mentioning in front of the immortal cultivator who guarded the Moon Capital. No dignitaries in the Nine Zhao Country could take his throne. Only those descendants of the Zhu royal family who had the same roots as him could take his throne.

To be honest, Zhu Wuan was also quite puzzled before. After all, if Mad Emperor Zhu Zhenwu killed all the more outstanding members of the royal family, leaving behind a bunch of good-for-nothings, wouldn't Zhu Zhenwu be afraid that those rich and powerful people would seize the position of the Zhu royal family?

At this moment, Zhu Wanhao finally understood the reason. With the protection of the Zhu clan of the Hundred Poisons Sect, the powerful officials of the Nine Zhao Country could not do anything to the ruling position of the Zhu royal family even if they tried their best.

Some of the influential officials should have known about this as well. Otherwise, the Zhu royal family had ruled the Nine Zhao Country for thousands of years, yet no influential officials had ever rebelled.

When Zhu Wuan first transmigrated, he was still surprised by the ruling power of the Zhu royal family. Now, it seemed that it was not the Zhu royal family that was superior, but the Zhu immortal clan behind the Zhu royal family that was superior.

After asking everything she wanted to know, Zhu Wuwan prepared to leave.” Seeing that you’re still honest, I’ll let you off tonight. I don’t think I need to tell you what to do after this.

‘ Don’t worry, I won’t tell anyone about what happened tonight. ” ” As for my fingers, ” Zhang Mingli quickly said, ” I accidentally cut them when I was practicing my swordsmanship. It has nothing to do with anyone.

Zhu Wuwan smiled and nodded. He left a wisp of Eternal Sea Essence Crystal power in Zhang Mingli’s body. It would detonate on its own in dozens of days. At that time, Zhang Mingli would not be able to escape death.

Towards this vicious and hypocritical woman, Zhu Wuyang did not have any good feelings at all. Previously, she had also wanted to kill Zhu Wuyang, so Zhu Wuyang naturally had to return the favor.

As for Zhu Libo, Zhu Wuwan was prepared to send him to his death after he enjoyed the taste of being a eunuch.

After leaving Beautiful Beauty Palace Hall, Zhu Wuyang wasn’t worried that Zhang Mingli would leak the secret at all. After all, if Zhang Mingli did this, she would first have to explain why Zhu Wuyang would let her off. Was it because Zhu Wuyang had done something unspeakable to her that Zhu Wuyang would let her off?

At that time, Zhang Mingli’s reputation would definitely be ruined. Due to this consideration, Zhang Mingli would not do such a stupid thing.

Zhang Mingli, Zhu Libo, and her son had also received the punishment they deserved. However, Zhu Wuyang had not vented her anger completely. Regardless of whether it was for herself or the original owner, Zhu Wuyang had to take revenge.

The next one would be the fourteenth princess, Zhu Jun!

As one of the top few surviving princesses in the Imperial Palace at this moment, and also the oldest princess, Zhu Jun’s talent and aptitude were not bad. In just 30 years, she had broken through to the Foundation Meridian stage.

After that, he spent another few decades and reached the seventh level of Cast Meridian. He was about to break through to the Connate stage, but Zhu Zhenwu failed to enter the Dao with martial arts at this time, and he became crazy.

Seeing that the princes and princesses who were more outstanding than her were dying one after another, Zhu Jun thought of a brilliant plan to survive. That was to become a vegetable.

Hence, on a dark and windy night, Zhu Jun was attacked by someone. Her head was injured and she became a vegetable.

Mad Emperor Zhu Zhenwu had his suspicions. He had sent the imperial physicians to check on her many times over the past few decades. However, the results of each checkup were that Zhu Jun was not pretending. She was indeed a vegetable.

Gradually, Mad Emperor Zhu Zhenwu no longer paid attention to Zhu Jun. That was why Zhu Jun was able to live until now. She was just lying on the bed every day and could not move at all. There was not much difference between living and dead.

Even Zhu Wan'an was not sure if Zhu Jun was in a vegetative state or if she was in disguise. He had to get close to her before he could check on her.

However, if it was fake, Zhu Wuyang had to admit that he was impressed. At the very least, as a fitness expert on Earth, Zhu Wuyang would definitely not be able to do what Zhu Jun did. Even if he died, he would probably not be able to do it..

Chapter 118: Real Vegetation (1)

As a princess who was in a vegetative state, even though she was ranked high, the palace where Zhu Jun lived was one of the worse ones in the Imperial Palace. There were less than twenty guards and palace maids serving in the palace. It could be said to be extremely deserted.

As for the defensive array formations of the palace, there were naturally some, but the strongest was only a high-level array formation. The rest were all middle-level and low-level array formations.

It was a piece of cake for Zhu Wuyang to sneak in.

Dressed in a night-traveling outfit, Zhu Wuwan quickly arrived at Zhu Jun's Fu Ning Hall and approached Zhu Jun.

He used the Scripture of Heavenly Vision and Earthly Hearing to the extreme and observed all movements in the surroundings at all times. Then, Zhu Wuyan's gaze fell on an old palace maid outside Zhu Jun's bedroom.

Relying on the peerless level of Heavenly Vision and Earthly Listening Scripture, Zhu Wuwan faintly sensed that this old palace maid was extraordinary. What surprised Zhu Wuwan was that even with his strength and

investigative ability, he could not determine the true strength of this old palace maid.

The old palace maid's strength was at the sixth stage of the Cast Meridian Realm, but Zhu Wuwan was sure that it was far from that. Her strength was at least at the late stage of the Xiantian Realm. It was very likely that she was a peerless expert, and she was not a nameless person among the peerless experts.

No wonder Zhu Jun was able to remain in a "vegetative state" for so many years without being killed. It turned out that she was protected by an expert.

However, no matter how strong the expert was, he could not be stronger than Zhu Wuyang at this moment.

Taking advantage of the fact that the old palace maid was not paying attention, Zhu Wuwan silently entered the bedroom of the Hall of Blessing and saw Zhu Jun lying quietly on the bed.

Zhu Jun was extremely beautiful, and her looks could be rated at around 90 points. Her physique was somewhat robust, and it was unknown how she managed to maintain such a physique after being in a vegetative state for so many years.

At this moment, Zhu Jun was like a sleeping beauty. She lay there motionlessly, giving off a special charm.

To be honest, Zhu Wuan did not have much hatred for Zhu Jun. His hatred for Zhu Jun mainly came from the original owner. Zhu Jun had killed the original owner's trusted eunuch, and that little eunuch was quite trusted by the original owner.

Of course, with the loss of a trusted eunuch, it was much more inconvenient for Zhu Wuyang, who had transmigrated.

For the sake of the original owner, Zhu Wuyang decided to take revenge. It could be considered karma.

He placed his right hand on Zhu Jun's head and unleashed the Heavenly Vision and Earthly Hearing Sutra to its limit. The Vast Sea Origin Crystal entered Zhu Jun's body and searched for anything suspicious.

Zhu Jun's strength was still maintained at the eighth stage of the Cast Meridian Realm from decades ago. There was no improvement at all, but Zhu Wuwan could feel that Zhu Jun's inner Qi was not dead.

Zhu Jun also cultivated peerless martial arts, and the Inner Qi in her spirit meridians was extremely powerful, but it was still far inferior to Jiang He's Inner Qi.

Zhu Jun's body was a little stiff, obviously due to her long slumber. However, it did not seem stiff, which meant that it did not affect Zhu Jun's martial arts practice.

However, this did not mean that Zhu Jun was pretending to be in a vegetative state. Perhaps someone was massaging her frequently.

Zhu Wuwan had been searching for dozens of minutes, but he did not find anything unusual, which surprised him.

No wonder Mad Emperor Zhu Zhenwu did not notice Zhu Jun's abnormality for so many years. Her ability to disguise herself as a vegetable was simply superb.

In Zhu Jun's mind, Zhu Wuwan could even vaguely detect something unusual. If it were an ordinary person, they would definitely think that this was the root of Zhu Jun's illness.

It was just that when Zhu Wuwan was on Earth in her previous life, she had also searched Baidu about the situation of vegetative people. She wasn't very knowledgeable, but she knew a little about it. It was different from the abnormality in Zhu Jun's head.

If that was the case, then there must be something wrong with Zhu Jun.

Zhu Wuwan considered for a moment. The mental power cultivated by the Iceheart Art, combined with the Vast Sea Origin Crystal, invaded Zhu Jun's mind and began to destroy it.

"Yes..."

Just as she destroyed a small area, a muffled groan came from Zhu Jun's throat. Zhu Wuwan quickly covered her mouth.

"Congratulations to the host for discovering for the first time in your life that the 14th Princess Zhu Jun is pretending to be a vegetable. You have received 30 million breakthrough points..."

"Congratulations to the host for beating the 14th princess, Zhu Jun, into a vegetative state for the first time in his life. You have obtained 80 million breakthrough points..."

After discovering that Zhu Jun was indeed pretending to be in a vegetative state, Zhu Wuwan unceremoniously activated her mental power and the power of the Vast Sea Origin Crystal, destroying Zhu Jun's mind and turning her into a real vegetative state.

Since Zhu Jun wanted to be in a vegetative state, then Zhu Wuyang would let her be as much as she wanted for the rest of her life!

Seeing Zhu Jun lying quietly on the bed again, Zhu Wuwan smiled and left the Funing Hall with more than 100 million breakthrough points. He did not immediately go to find trouble with the 38th Prince, Zhu Wensi. Instead, he absorbed this wave of breakthrough points first.

After infiltrating the Tai An Palace Hall, the Beautiful Beauty Palace Hall, and the Fu Ning Palace Hall in succession, Zhu Wuyang had earned hundreds of millions of breakthrough points. If it wasn't for the fact that 50% of the breakthrough points had been converted into free breakthrough points, Zhu Wuyang would have long been unable to suppress the breakthrough points of the riot.

The Vast Sea Crystal Scripture was circulated to the extreme. Zhu Wuwan absorbed the surging breakthrough points and transformed them into pure Vast Sea Essence Crystals.

The Vast Sea Inner Essence in his lower dantian and nine major chakra meridians condensed into Vast Sea Essence Crystals at an astonishing speed, driving Zhu Wuyang's strength to soar at a terrifying speed.

After the Vast Sea Inner Essence was condensed into Vast Sea Essence Crystals, the innate power that Zhu Wuwan could store in his body would increase by at least ten times.

By the time this wave of breakthrough points was completely absorbed, the number of Vast Sea Essence Crystals in Zhu Wuwan's body had already reached more than twenty miles in radius. His lower dantian, nine major chakra meridians, and various parts of his body...He had also received further hammering and tempering, becoming even stronger.

Revenge was really difficult. From time to time, he would have to stop and withstand the impact of a wave of breakthrough points. However, Zhu Wuyang hoped that this kind of difficulty could happen a few more times.

Smiling slightly, Zhu Wuan rushed towards Xianfeng Palace where Zhu Wensi was.

As a prince whose brain had already been damaged and who spent his days with pigs, Xianfeng Palace was not much better than Funing Palace. Fortunately, Zhu Wensi's maternal grandparents had prominent statuses and would send him a large number of

treasures every year, making Xianfeng Palace quite wealthy. There were also many guards, palace maids, and eunuchs, and there was no lack of elites among them.

Especially Fu Anlin, who was the manager of Xianfeng Palace. He was a peak expert at the late stage of the Xiantian realm. It was said that he was already half a step into the ranks of peerless experts.

Because he had cultivated some powerful martial arts, Fu Anlin's strength was not inferior to most peerless experts.

Due to Zhu Wensi's special hobby, Xianfeng Palace had kept a few little pigs in captivity for a long time. Zhu Wensi hung out with these little pigs every day, making people dumbfounded.

When Zhu Wuan found Zhu Wensi, he was sleeping with a few little pigs in the practice room. There was also some pig feces and urine on him, and he was disguised very professionally.

Zhu Wuwan was rather impressed by these princes and princesses who were willing to pay the price. Therefore, he was prepared to be a little more ruthless next so that these poor princes and princesses would not have to work so hard in the future..

Chapter 119: Helping People Makes Me Happy (1)

freewebnvel.com

"Congratulations to the host for beating Zhu Wensi into a retard for the first time in his life. You have obtained 100 million breakthrough points..."

Zhu Wanwan didn't treat Zhu Jun the same way she treated Zhu Jun. She didn't try to distinguish whether Zhu Wensi's head was really damaged or not. Instead, she rushed forward and destroyed Zhu Wensi's head like a tiger, turning him into a real retard.

From now on, Zhu Wensi would be with pigs every day and be a happy human piglet forever until the end of time, never to get better.

Since Zhu Wensi wanted to be a pig, Zhu Wuyan would let him be a pig for the rest of his life. He would no longer have to worry about the secular world, just like Zhu Jun. He could be a happy vegetable for the rest of his life.

After fulfilling Zhu Wensi's wish, Zhu Wuwan did not immediately leave Xianfeng Palace. It was said that Xianfeng Palace was one of the wealthiest palaces among the princes and princesses. After all, Zhu Wensi's grandfather was a famous tycoon in the world.

Zhu Wuyang was extremely poor now. The entire Crown Prince Palace could not even gather a thousand taels of silver. One could imagine how poor he was.

Since he had come to Xian Feng Palace, he naturally had to plunder properly.

Although there was a high-level array formation protecting Xianfeng Palace, it was useless to Zhu Wuwan. He easily sneaked into the depths of Xianfeng

Palace and arrived at the warehouse.

Silently hiding from the Xiantian experts guarding the storeroom, Zhu Wuwan entered the storeroom of Xianfeng Palace. What greeted her eyes was tens of thousands of taels of gold, as well as various rare treasures, martial arts manuals, and so on.

Zhu Wuyang picked out the expensive items and quickly filled the backpack behind her.

"Congratulations to the host for stealing a luminous pearl that weighs 10 pounds for the first time in your life. You have obtained 3 million breakthrough points..."

"Congratulations to the host for stealing the Bloodjade Coral for the first time in his life. You have obtained 6 million breakthrough points..."

"Congratulations to the host for stealing 100,000 gold for the first time in your life. You have obtained 10 million breakthrough points..."

In a short period of time, Zhu Wuwan had obtained tens of millions of breakthrough points. One could imagine how many treasures he had obtained from the vault.

When they left, Zhu Wuan discovered that the Head Chief of Xianfeng Palace, Fu Anlin, was staying beside the treasury. He was obviously guarding the treasury.

Zhu Wuwan sneered and silently approached Fu Anlin.

The eighth level of the Nine Dragon Fist landed on Fu Anlin's body. This peerless expert didn't even have the slightest strength to fight back. His bones shattered and he died in his sleep. He didn't even know who killed him until he died.

Although Zhu Wuyang also knew that Fu Anlin was probably the mastermind behind Zhu Wensi's actions, Fu Anlin was just a knife in Zhu Wensi's hands.

However, when she thought about how Fu Anlin had personally ordered someone to kill the Host's trusted maid, Zhu Wuyang decided to kill this fellow as well so that the Host could die in peace.

"Congratulations to the host for killing the peerless expert Fu Anlin for the first time in his life. You have obtained 200 million breakthrough points..."

As expected, even the special system had admitted that Fu Anlin possessed the strength of a peerless expert. However, such a peerless expert couldn't even withstand a single move from Zhu Wuwan's sneak attack. He didn't even know who killed him until he died.

One could imagine how powerful Zhu Wuyang was at this moment!

In Xianfeng Palace alone, Zhu Wuwan had obtained nearly 400 million breakthrough points, of which nearly 200 million had been forced into Zhu Wuwan's body.

Zhu Wuwan had no choice but to bring the items back to the Crown Prince Palace first. After hiding the items properly, she began to absorb the breakthrough points of this wave. After absorbing all of these breakthrough points, Zhu Wuwan's strength had increased by a large margin.

Seeing that it was still early, Zhu Wuyan left the Crown Prince Palace again and rushed towards Zhu Zhishan and Zhu Haitao's residence.

These two princes also pushed the Host to become the main force of the Crown Prince, and their hatred for the Host was not small.

Zhu Wuan didn't treat them like how he treated Zhu Jun and Zhu Wensi. Instead, he injected a few strands of Vast Sea Essence Crystals into their bodies. In the next few months, these strands of Vast Sea Essence Crystals would slowly erode their dantian and chakra meridians. By the time they realized it, their dantian and chakra meridians would be hopeless.

When the time came, Zhu Wanhao would make them watch helplessly as they became crippled. This punishment should be enough.

After "crippling" Zhu Zhishan and Zhu Haitao, Zhu Wuyan had also obtained quite a number of treasures from the palace where they lived. He had also obtained a few hundred million breakthrough points along the way. His harvest could be said to be full.

After punishing a few more princes and princesses, Zhu Wuwan had no choice but to stop for the time being. This was because at this moment, the area of the Vast Sea Essence Crystal in his lower dantian had already expanded to the size of a hundred meters.

Sixty miles!

This speed was a little too fast. Zhu Wuwan felt that the innate power in his body was a little sluggish, and it was not as smooth as before when he circulated it.

His strength had increased too quickly in a short period of time, so Zhu Wuwan was barely holding on.

Therefore, it was better to get used to it first before continuing to take revenge on these enemies.

Moreover, Zhu Wuwan also had to raise her array formation cultivation as soon as possible and sneak into the fourth level of the Imperial Library Pavilion to obtain the method to enter the path through martial arts to avoid wasting the breakthrough point later on.

It was getting late. If he took revenge on these princes and princesses in broad daylight, the possibility of being exposed would increase greatly. Zhu Wuyang did not want to take such a risk.

Therefore, after some consideration, Zhu Wuyan returned to the Crown Prince Palace and asked Chu Xia and Lai Chun to keep watch for him. Zhu Wuyan hid in the secret training room and began to cultivate the Nine Dragons Fist and the Tianya Mingyue Saber Technique. He was adapting to the sudden increase in strength.

During this period, he also raised his near-perfect Heavenly Vision and Earthly Hearing Scripture to the Perfection Realm. The Iceheart Art was also improved by Zhu Wuwan and became even stronger.

Zhu Wuyan's strength continued to increase steadily, getting closer and closer to the Innate Limit. However, compared to other peerless experts, Zhu Wuyan's Innate Limit had probably long surpassed the Innate Limit.

With Zhu Wuan's current strength, let alone ten, even if twenty ordinary peerless experts joined forces, it was still unknown whether they could defeat Zhu Wuan.

There was no other reason. His foundation was too strong and his martial arts were too powerful. Even if his actual combat experience was a little lacking, he was still able to sweep across the world of martial arts.

However, what Zhu Wanhao cared about the most at this moment was not the growth of his strength, but what Zhu Libo would think when he woke up and realized that he had become a eunuch.

He would definitely be so excited that he would burst into tears!

As a eunuch, Zhu Libo no longer had to worry about being chosen as the Crown Prince, nor would he be targeted by the Mad Emperor Zhu Zhenwu. He would no longer have to worry about being killed at any time.

Zhu Wuan's actions were equivalent to solving his biggest worry, allowing him to live in peace in the future. Although he could no longer do indescribable things with many beauties, he could do those kinds of things with many powerful men.

No need to thank me, Zhu Libo, helping others makes me happy!

Chapter 120: Chicken Flying and Egg Falling (1)

Early the next morning, when Zhu Wuwan was still sleeping in her gentle home, the diligent Zhu Libo had already woken up. He was prepared to cultivate properly and improve his attainments in the Nine Dragon Fist.

He had already cultivated the Nine Dragon Fist to the third level without anyone knowing. Next, he should break through the bottleneck of the fourth level. He was only four levels lower than Zhu Wuwan, which was only twice the difference.

If it weren't for Zhu Wuyang, Zhu Libo would have been the one with the fastest progress in the Nine Dragon Fist among all the princes and princesses. Unfortunately, it only took Zhu Wuyang a few days to catch up with Zhu Libo's cultivation of more than twenty years.

“Time to cultivate!”

Zhu Libo stretched his body and got up to get dressed. Then, he went to the secret training room to cultivate. frëewebnovël.com

However, as soon as he picked up the clothes, Zhu Libo realized that something was wrong. Was that his voice just now? Why did it sound a little strange?

Zhu Libo opened his mouth and was about to shout to see what was going on.

```

"AAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA
AAAAAAAA
AAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA
AAAAAAAA
AAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA
AAAAAAAA AAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA

```

Gagaga...”

[illegible]

Suddenly, Zhu Libo remembered that this sound was similar to the voices of the eunuchs in Tai An Palace. When they said "ah" they would easily turn into 'quack just like male ducks.

But why would he make such a sound? What was going on?

Zhu Libo called out a few more times, "Caw caw caw..." Gah ...

Zhu Libo's face was filled with fear as he hurriedly looked in a certain direction. Zhu Libo was stunned. A moment later, he let out an ear-piercing scream,

The voice was sharp and ear-piercing. The expressions of the eunuchs, guards, and palace maids around the bedroom changed, and they rushed toward the bedroom together.

Your Highness, what's wrong? '

' Go and protect His Highness. We can't let anything happen to His Highness.

A group of people rushed into the palace and saw Zhu Libo, who had taken off his pants and was crying with his head lowered. However, there was nothing underneath Zhu Libo.

The chicken flies and the egg hits the bright buttocks!

"Ah..."

An even louder scream rang out. The palace maids who came in were frightened, just like Zhu Libo, who was so scared that he screamed helplessly.

Even with Zhu Libo's intelligence and shrewdness, he was still scared out of his wits when faced with such a terrifying situation. He didn't even know where he was.

Last night, he was still mocking Zhu Wuyang for being a eunuch. His life was already over, yet he still wanted to help Zhu Wuyang become a father.

However, he did not expect that only a few hours had passed, and his brother had already withered. He was only left with an embroidery needle, and he was not even as good as Zhu Wuyang.

If Zhu Libo knew that not only was Zhu Wuan not a eunuch, but he was also extremely powerful, who knew what he would think? “Quickly call the imperial physician to treat His Highness 89 immediately.” “And Consort Li, let’s invite Consort Li over first.

” What’s wrong with Prince 89? Who castrated Prince 89? Sob sob sob...”

The entire Tai An Palace Hall was in chaos. All the guards, palace maids, and eunuchs seemed to have been struck by lightning and ran around in fear.

After Zhang Mingli received the news, she ignored the injury on her hand and rushed to Tai ‘an Palace Hall immediately. She saw Zhu Libo, who had turned into an embroidery needle.

“Son, what happened to you? Who caused you to be like this?”

“You good-for-nothings, trash, idiots, and b * tches...How did you protect Bo ‘er? This Queen will tear you all into pieces, cut you into pieces, and exterminate your entire family...”

” My son, don’t be afraid. Consort Mother will definitely heal your injuries and let you regain your glory so that you can carry on the royal family’s bloodline. ‘

Faced with Zhang Mingli’s comfort, Zhu Libo only had one reaction:”Wuwuwu Sob ... Wuwuwu ...”

Very soon, the first imperial physician entered Tai An Palace Hall and began to examine Zhu Libo. After a few minutes, he was too weak to leave. The second imperial physician entered Tai An Palace Hall, but after a few minutes, he was also unable to leave...

Zhang Mingli immediately used her power to get the vice president of the Imperial Academy of Medicine to come and treat Zhu Libo. Unfortunately, the vice president of the Imperial Academy of Medicine was also powerless.

At this moment, Zhang Mingli, Zhu Libo, and the others received news that

Prince Ninety-seventh Zhu Yongwu’s iron rod had also turned into an embroidery needle, and he was frantically looking for a doctor to treat him.

After hearing the news, Zhu Libo, who was crying, suddenly felt less painful. He closed his mouth and started sobbing like a little girl.

Zhang Mingli was like an old hen protecting her chick. She hugged Zhu Libo and comforted him gently. However, as more and more imperial physicians were helpless, Zhang Mingli could no longer sit still. She personally went to the Palace of Heavenly Purity and asked the Mad Emperor Zhu Zhenwu to send imperial physicians to treat Zhu Libo.

Coincidentally, Ning Taiyu, the imperial physician ranked third, was currently examining the Mad Emperor Zhu Zhenwu's body. When he learned of this news, the Mad Emperor Zhu Zhenwu immediately sent Ning Taiyu over to treat Zhu Libo.

Ning Taiyu checked for a full hour, but he was also powerless to retreat. He went to seek help from the imperial physicians ranked first and second. On the way, he even went to the palace where Zhu Yongwu lived. Only then did he return to the Palace of Heavenly Purity and go to the study to pay his respects to the Mad Emperor, Zhu Zhenwu.

What's the situation with Libo and Brave? " Mad Emperor Zhu Zhenwu frowned.

Ning Taiyu lowered his body and said, " His Highness Eighty-Nine and His Highness Ninety-seven seem to have contracted a strange disease. Their human roots have shrunk into embroidery needles. In my opinion, basically..." There's basically no hope of treatment."

"This..." Mad Emperor Zhu Zhenwu was stunned. Are you pretending?"

Ning Taiyu thought for a moment and shook his head." The possibility of him disguising himself is not high. After all, his human roots have already become like that. It's impossible to disguise himself. Moreover, if it's just His Highness 89 alone, it might be a disguise. However, with His Highness 97, the possibility of him disguising himself is basically zero. '

"Is it really incurable?" Mad Emperor Zhu Zhenwu asked.

"I can't do anything about it, Your Majesty. Please punish me," Ning Taiyu lowered his head in shame.

‘ Thinking about it, Libo and Yongwu don’t have such boldness. In order to escape from the position of Crown Prince, they actually dared to cripple their own roots. Instead of doing so, they might as well cripple their own strength. Mad Emperor Zhu Zhenwu waved his hand. ” But this is too strange. On the same day, two princes contracted this strange disease. The traces of man-made are too obvious. Didn’t you notice anything unusual? ”

“I’m incompetent. I didn’t find out that someone had tampered with it.” Ning Taiyu’s expression was astounded.

“In that case, let’s wait for the conclusions of the other imperial physicians and see if they have any findings.” Mad Emperor Zhu Zhenwu had a puzzled look on his face.” Also, get someone to investigate who Zhu Libo and Zhu Yongwu have offended recently, as well as the princes and princesses who have a grudge against them. See if there’s anything suspicious about them.. ‘
