

## Leveling 141

### Chapter 141: Innate Ability Shift

The Wicked Fire circled around Yi Tianyun's body because at the moment Shadow Cloak was protecting him.

"Quickly!" When Huan Qin saw the Wicked Fire, she exclaimed: "This is the Wicked Fire came from inside of the Fire Dragon Stone, it was designated to target the one who tweaked the Fire Dragon Stone!"

Yi Tianyun gritted his teeth, the light in his eyes didn't diminish. The clock was ticking and his time before Shadow Cloak's effect expired was short.

"Hyaaah!"

Yi Tianyun screamed, he kept bending the pillar, causing more crack on the cage, and finally 5 seconds passed and Yi Tianyun still couldn't create enough gap on the cage for Huan Qin to go through.

When the Shadow Cloak's effect expired, the Wicked Fire immediately entered Yi Tianyun's body and began to burn his insides, Yi Tianyun decided to ignore it for the moment, and continued to bend the cage, fortunately, because his physical prowess was quite exceptional he could brush aside the pain at the moment, although how long he'll last before this Wicked Fire began causing damage to his internals, even he himself didn't know.

"Even if you're exceptionally tough, at this rate, you will die!" Huan Qin looked at Yi Tianyun with teary eyes, she couldn't help but shouted, she couldn't let her saviour die!

"I won't die until I rescue you. Believe me..." Yi Tianyun looked at her and smiled faintly.

"You..."

Tears fell down Huan Qin's eyes, she bit her lips because of her powerlessness, she was glad someone would help her, but with Heavenly Thunder Great Array being activated, she can't do anything, otherwise she wouldn't just sit in a cage crying while seeing Yi Tianyun tried his best to break her out.

"Hyah!"

Along with the roar, Yi Tianyun summoned more power from within his body, his arms became a bit bigger, and he continued to bend the cage to each sides!

"Bang!"

Finally the pillar shattered after Yi Tianyun's effort, and Huan Qin walked out of the remnants of the cage

With the cage being destroyed, Heavenly Thunder Great Array was disabled, but at the same time Yi Tianyun felt a pain inside of him, Wicked Fire inside his body have caused quite some damage, his internal organs was scorched.

He fell and he barely can open his eyes, but when he was about to fall, someone held him.

He tried to open his eyes, and he saw Huan Qin's teary eyes, and se said something, but Yi Tianyun could not hear it. His consciousness gradually faded away, even Peak Spirit Core Cultivators could've died if this Wicked Fire entered their body.

All Yi Tianyun could do was endure, and hoped that eventually this Wicked Fire would diminish.

Not long after he felt a cool breeze inside his body, extinguishing the Wicked Fire inside him, and suddenly the pain subsided, and he felt better than ever.

"Hmm..." He slowly opened his eyes.

Then came the eye-catching Huan Qin, who was crying, hugged him really tight as if not willing to let him go.

“This is...”

Yi Tianyun noticed that a Divine Rune on Huan Qin’s forehead disappeared, which was engraved on his chest now. He realized it because that’s where the cool breeze came from.

He didn’t know what side effects it would cause, but he knew this was something costly for Huan Qin. Transferring the Innate Ability Divine Rune, not only will reduce one’s lifespan, but also reduce cultivation base!

The most important thing is Huan Qin’s Innate Ability has been transferred to him. To say Huan Qin’s innate ability was reduced by half wouldn’t be an exaggeration.

She judged that transferring her innate ability with ice attributes was the best way to save Yi Tianyun at that moment.

Yi Tianyun was moved, he couldn’t say anything, but one thing for sure, he didn’t regret saving Huan Qin.

‘Ding!’

‘Obtained Heavenly Eyes Innate Ability’

He heard a notification in his head that just obtained Innate Ability!

“You transferred Divine Rune to me, why? That’s something very valuable, it’s priceless” Yi Tianyun shook his head and sat up, he thought it will be quite a while before his internal injuries fully healed, but it seemed like Huan Qin’s Divine Rune really worked like a charm.

"I refuse to owe anyone anything!" Huan Qin wiped his tears and tried to help Yi Tianyun to get back on his feet, she didn't even care about how valuable her Divine Rune as long as she could save Yi Tianyun.

"It's okay I can stand by myself. Are you sure about it? Transferring Divine Rune is really a big deal, it will impact your lives from now on" Yi Tianyun asked.

"This is not a big deal. Like I said, I refuse to owe anyone anything." Huan Qin said with a light smile:  
"You are willing to save me, giving you that Divine Rune was not a big deal, just consider it a gift."

"This is priceless, how is this a gift?" Yi Tianyun smiled, and the sad atmosphere disappeared "But the trap he set here is really devastating."

"Yes, I didn't expect that Lei Yun had two Great Arrays. Even with the seal outside being destroyed, I still can't destroy the cage." Huan Qin looked gloomy: "seems like he really can't let me escape this place, could it be..."

"No doubt about it. Let's get out of here for now. We can't stay here too long!" Yi Tianyun stood up, he was worried that Lei Yun would do something else, like sending mercenaries to kill them.

Huan Qin nodded and quickly evacuated with Yi Tianyun. When they were about to leave, he thought of something.

"Wait a minute!"

Then, in front of Huan Qin, Yi Tianyun took the Luminous Pearl embedded in the wall : "At least i'll take this as compensation."

Huan Qin was speechless, she thought that Yi Tianyun needed to do something important, turns out.....

Chapter 142: Instruction

After leaving the cave, they quickly hid themselves.

"We are leaving right now, it would be troublesome if Lei Yun notices something." Yi Tianyun said solemnly.

Huan Qin nodded while looking around and said: "there is no boat in around here, do you have something in mind?"

"Don't worry, I think there should be a giant eagle around here."

He came to the shore with Huan Qin and saw a carriage there. It was Qing Liuyun's carriage. Since they died, no one used that carriage.

"I didn't expect a carriage to be here, does it belong to someone?" Huan Qin was surprised.

"Yes, it was, but they ticked me off, and then I killed them." Yi Tianyun said with a light smile.

"I don't know who is that foolish, they are simply courting death." Huan Qin knew how strong Yi Tianyun was, but the most important thing was reaching Spirit Core at such a young age, that was something else, "Let's leave this deserted island as fast as possible, I can't stay here much longer."

"Well, that's true but I think this is where we part ways. I'm pretty sure we have different destination in mind. I want to go back to Heavenly New City nearby," Yi Tianyun said.

"But there's only one carriage, you have to go back by boat..."

The next moment, Yi Tianyun summoned a Black Dragon which of course surprised her.

"Why would I need one?" Yi Tianyun said with a smile.

"Who are you really? You even have your own Divine Beast." Because it's not like Huan Qin didn't know anything about Divine Beast, having Divine Beast was the prestige of Fourth Level Faction, it goes

without saying Spirit Race had their Divine Beast as well, which made Huan Qin so curious regarding who Yi Tianyun really was.

"I am just an Elder of a faction. Just consider me a lucky guy." Yi Tianyun did not hide the fact about Black Dragon, sooner or later people will find out about it anyway.

Moreover, he concluded that Huan Qin has no sign of hostility toward him, so there will be no problem.

"Just an elder?" Huan Qin said with a smile: "you are too lucky then if we're talking about lick."

"You can say that." Yi Tianyun just smiled lightly.

"You saved me out, I haven't returned the favor..." Huan Qin was interrupted before she finished her sentence.

"Giving me this rune to save me is way more than enough, besides, you can't trade this with money, it's priceless." Yi Tianyun put his hand on his chest, and smiled.

"No, I insist, I'll give you one more thing." Huan Qin smiled lightly, and move her hand around, all of a sudden golden light was disappearing into the rune at Yi Tianyun's chest, and along with the golden light, a knowledge entered Yi Tianyun's mind. "That's my way of returning of the favor."

Yi Tianyun was shocked after knowing what knowledge it was. What Huan Qin gave him was not the some Martial Art, but the Divine Rune's engraving method. Divine Rune are divided into several categories, and most of them are common knowledges for the Spirit Race!

Although he could learn Rune Master based on his status bar, but that doesn't mean anything if he had no knowledge about it, and by gaining mastery in Rune Master he could use more variety of Rune.

Regarding this, it's not just Rune Master, it also applied to Blacksmith and Alchemist, for example the technique to forge a Spirit Tool differed among all other blacksmith, and different technique resulted in different effect for the Spirit Tools.

He didn't know anything about the existed Runes, which will be a task for him at a later date to look into it, for now maybe he could try things out based on the knowledge he just learned.

But the most important thing was, Huan Qin inherited Yi Tianyun a Secret Art belonged to the Spirit Race which was under normal circumstances couldn't be inherited to anyone, but because Huan Qin was a Saintess of the Spirit Race, inheriting that knowledge was possible, but if anyone found out about this, Huan Qin could be exiled

"Why did you give me this knowledge?" Yi Tianyun can't comprehend why Huan Qin went this far for him, nonetheless he was really touched. It's true that he saved Huan Qin, but she gave him more than he could imagine in return.

"I forgot to mention it earlier but, I entrust it to you not only to return the favor, but also for the sake of Spirit Race." Huan Qin smiled and said: "I'll go back to my hometown, in case I can't defeat Lei Yun, Spirit Race will be controlled by Netherworld Empire. So I passed on this Secret Art to you in case Spirit Race couldn't resist Netherworld Empire."

Yi Tianyun was shocked, because even if that's the case, wouldn't it be better if she just inherited it to one of the spirit race and order him/her to run and hide herself?

"This is definitely what Lei Yun after, do you trust me?" Yi Tianyun's eyes are very complicated.

"I don't know why, but seeing your determined self saving me back then encourage me to trust you..." Huan Qin smiled: "You're the first one who is willing to go that far for me, can I entrust you on this..."

Yi Tianyun wanted to comfort her and made sure she could trust him, but no words are coming out of his mouth.

"You know what? It's not like I have to go back to the city right away, i'll tag along and help you..." Yi Tianyun couldn't help but blurt out, that's all he could say. He knew that Huan Qin was trying to solve an internal conflict, and fighting her own race might be inevitable.

"I appreciate your help, but I can see that you still have something to do, especially when you are lose conciousness earlier, you're calling your Aunt the whole time... and your cultivation, to be honest, is a

bit low.” Huan Qin smiled and patted his head, said with a smile: “I understand your feelings but, it’s better if you utilize the Secret Art to it’s maximum potential and maybe if your cultivation is higher later, next time you can come and help me.”

“Even with my current cultivation, it’s still considered low?” Yi Tianyun was a little surprised.

“Yes, Spirit Core cultivation is not bad, but my enemies be Core Transformation, even Void Spirit, and of course Spirit Core. My cultivation was Core Transformation. Now because of the Seal, my cultivation dropped down to Core Condensation. I think you’re really ahead of yourself if you’re trying to help me, am I wrong?” Huan Qin said with a light smile: “But you are very young, give it some time and you’ll be much stronger. Stronger than anyone, I guarantee it!”

These words excited Yi Tianyun, he’ll definitely become the strongest, and stood at the top, overlooking all the scenery of the world!

#### Chapter 143: Distinction

“Stand on the top, that’s a good idea actually.” Yi Tianyun smiled slightly, the best way to protect his loved ones is to become stronger, stronger than anyone else!

“Hey, save your narcissism for later, I’m still here you know.” Huan Qin said with a smile “may I know your name?”

“Yi Tianyun.” He mentioned his real name, and took off his Hundred Transformations Mask, revealing his real face: “This is my real face, the face you’ve seen just now is fake.”

When Huan Qin saw Yi Tianyun’s real face, she was shocked: “You... are you for real?”

In front of her stood a 17-years-old boy, which was too young, the face Yi Tianyun created with Hundred Transformation Mask judge by appearance looked at least like a twenty-five years old man. Even being a Spirit Core cultivation, was already surprising, and now that he revealed his real face, it’s even more shocking!

Spontaneously, she stretched Yi Tianyun's face trying to make sure whether this was his real face or not, which of course ended up in failure.

"Are you done?" Yi Tianyun said helplessly.

"Is this a joke or what..." Huan Qin was shocked. "You're already at Spirit Core at this age? Are you a genius of Divine Nation?"

"Like I said, I'm just an Elder of a small faction." Yi Tianyun affirmed.

"Your Innate Ability must be amazing..." Huan Qin shook his head. "If only we're not in a conflict right now, I would've invited you to our country and I'll grant you a title."

"You're just exaggerating right now." Yi Tianyun suddenly smiled.

"It's not an exaggeration, you'll definitely become an amazing cultivator in the future." Huan Qin said with a smile: "I'm looking forward to see your growth the next time we meet, this is where we part... and yes, Huan Qin is not my real name, it's just my title in the Spirit Race, my real name is Ye Qingxuan..." she soared to the sky riding the carriage drawn by the giant eagle.

"Stay alive and well! I will catch up with you as soon as I finished my business!" Yi Tianyun shouted.

"If you can find me and I am still alive, I will marry you!" Ye Qingxuan smiled and turned to look at him and finally shouted: "But before that, be careful!"

Immediately, her carriage disappeared from his sight.

'Ding!'

'Quest Completed'

'Reward: 200.000 Experience, 10.000 Crazy Point, 100 Huan Qin Favorability'

Mission Completion message popped up. There was no continuation quest, perhaps if Yi Tianyun decided to come with her, there would be one. It's just that he has something to do now, so it's impossible to leave with her. Profound Azure Mansion is his main goal now.

Immediately he checked his status bar.

“More than 800.000 Crazy Point, need another 200.000 to level up Crazy Mode!”

Yi Tianyun was so happy, killing so many Demon Beasts earlier gave him so much Crazy Points. He can even level up Dragon God Bloodline or Appraisal eye now, but he decided not to because he needed to level up Crazy Mode as fast as possible! Next level will grant 8 Times effect. This means which means he could get 8 times more exp, that’s almost like using 10 times Exp Card.

“Sell all these!”

Yi Tianyun sold Netherworld Step, and other unnecessary thing for Crazy Points. His current goal is so simple, accumulate another 250.000 Crazy Points.

After selling those items and martial arts, his current Crazy Point was 870,000 Crazy Point! Another 130,000 Crazy Point to level Up.

“Luminous Pearl is not bad, it is worth 5,000 Crazy Point.” Yi Tianyun smiled and immediately rode Black Dragon, and leave the island. He planned to return to Heavenly New City for now.

There are still some Fire Dragon Stone left inside the cave for Yi Tianyun to absorb, but it would be a hassle in case Lei Yun sent someone to the island because the cage was torn apart and his traps were dismantled.

When he left, he saw a light from the island.

“boom!”

Out of nowhere something rammed into the island, creating a crater. A muscular man came out of the crater, holding a giant sword in his hand, and his eyes were cold. His footsteps were really heavy shaking the ground, and he himself was 2 meters tall.

He then walked into the cave where Ye Qingxuan was imprisoned before. Then he came out again immediately, his face was gloomy: “How could this be.... both Sir Lei Yun’s Great Array was dismantled? Did the Elder of Spirit Race came here? It seems that I have to go back and inform Sir Lei Yun about this!”

Then he held his sword firmly, and swung that sword, just with one swing, everything was leveled in the area leaving nothing but the ground.

Immediately, the man jumped and rode the long sword. Strong Divine Rune can be sensed from his sword, which then soared into the sky, with that man riding it.

It was several times faster compared to Yi Tianyun’s Black Dragon, fortunately Yi Tianyun has left the island, that man would be a troublesome opponent even for Yi Tianyun.

## Chapter 144: Little Sister

Yi Tianyun rode the Black Dragon back to Heavenly New City. He headed straight to Star Pavilion to finish the business as fast as possible. Before entering Heavenly New City, he quickly wore his Hundred

Transformation Mask to cover up his identity once more. He didn't want anybody to recognize his face, it could ruin his plan on getting his way to Profound Azure Mansion.

Once he entered the Star Pavilion, he quickly gave a sign to the employee to take him to Deacon Huang. When Deacon Huang met Yi Tianyun, he quickly asked Yi Tianyun, "What's the matter? Is there something else that you need for your travel?" as he thought that Yi Tianyun haven't departed to Devil Cloud Island, because it's only been a few days since the last he saw Yi Tianyun.

"No, I already finished killing all the demon beast in the island. Here are the corpses take whichever parts you need." Yi Tianyun said straightforwardly, "And as you promised you can pay me with materials." Yi Tianyun added with a light smile on his face.

"You what? How can you do it so fast?" Deacon Huang completely shocked by Yi Tianyun's statement. All he knew was that to reach the island, anyone needed at least half a month with a boat or a ship, unless Yi Tianyun was using some special method, there was no way Yi Tianyun could go back and forth with such a little amount of time.

"You can check it for yourself if you don't believe me. It is all in here!" Yi Tianyun said while putting his storage ring on the table. Deacon Huang stared at Yi Tianyun in disbelief, it must be a joke he thought.

Deacon Huang take Yi Tianyun's storage ring and inspect the content to confirm Yi Tianyun's word, and he can't believe his own eyes when he saw the demon beasts corpses are stacking like a mountain, completely baffled his train of thought.

"This, This much amount? You hunted this much by yourself?" Deacon Huang did not believe his eyes, this amount he saw was just not normal!

"No, I would say I do it with a friend. Is there a problem?" Yi Tianyun said, he didn't state the truth. If this amount already surprised Deacon Huang, imagine if he said he actually hunted this much all by himself.

"No, there is no problem at all." Deacon Huang seemed somewhat relieved by Yi Tianyun's answer.

"Can you do things a little bit faster? I still have things to do!" Yi Tianyun asked while looking indifferent.

“Yes, we can speed things up. One thing, what material do you need?” Deacon Huang asked while counting every demon beasts in the storage ring.

“There is no special materials I want, I just need the materials to forge soul tools.” Yi Tianyun said, not looking that interested in the conversation.

“Forging a soul tool? Are you the one forging this soul tools? Or is it your friend?” Deacon Huang asked looking very surprised and very interested.

Yi Tianyun was somewhat confused by Deacon Huang’s expression, “Does it matter?”

“No, no, but all I know is there are not that many blacksmith who can forge Soul Tool around here. So if there is another person who can forge such a weapon, than we from Star Pavilion are hoping to negotiate that he would forge for us too.” Deacon Huang said while also looking a bit embarrassed.

Yi Tianyun’s eyes flashed, this seems like a good proposition. But he quickly realized that he needed to level up faster to fight of Profound Azure Mansion, leveling up by forging was too slow.

“I am sorry, my friend is busy at this moment, perhaps some other time.” Yi Tianyun replied as he didn’t want to forge for now. Hearing this rejection from Yi Tianyun, Deacon Huang didn’t seem to mind at all, he just nodded and said, “If by any chance your friends has some time to spare, our offer still stands, we will pay a generous reward.”

This attitude was very common and Yi Tianyun also knew this fact. Blacksmith was very respectable profession, they were welcome anywhere.

“About the demon beasts you slew before, we finished counting. We can exchange them for 15 soul tool materials. Is it okay with you?” Deacon Huang generously asked.

“Fine with me” Yi Tianyun was fine with that amount.

‘Ding!’

‘Quest Completed’

‘Reward: 500.000 Exp, 2.000.000 golds, 10.000 Crazy Points, 10 Lottery Draws, 100 Star Pavilion Favorability’

Yi Tianyun was a little satisfied by the quest. The quest was easy with a good reward!

“Please wait a minute! Little Zhu! Come, I need your help!” Deacon Huang said while calling over someone. Not long after, there was a woman’s voice replying to Deacon Huang calls.

“What’s wrong Deacon Huang? Did you call?” a feminine figure stepped out from the hall. Seeing the woman in front of him Yi Tianyun’s eyes widened with surprise.

“Pavilion Lord Zi?” Yi Tianyun said can’t contain himself.

“Pavilion Lord? No, no. you must be mistaken. I didn’t have the qualification to become a Pavilion Lord.” The woman said while giggling at Yi Tianyun. Still in surprised, Yi Tianyun took a closer look at the woman, and immediately found out that she really wasn’t Zi Yuwei like he thought. But with 90% similarity between the two, he was convinced that the woman in front of him is her twin sister.

‘Name: Zhu Yuxuan’

‘Cultivation: Ninth Level Spirit Refinement’

‘Equip: High Grade Spirit Tool’

‘Martial Art: Turning Cloud Plan, The Cloud Walk, etc.’

‘Combat Power: 16.000’

‘Weakness...’

He didn’t bother read the rest of her status, he didn’t care about it that much.

“Do you have a sister?” Yi Tianyun asked after regaining his composure.

But before the woman in front of him can say a word, Deacon Huang immediately interfered, “Young master, are you saying that you know someone who looks just like her?” Deacon Huang’s expression convince Yi Tianyun that he is really serious about this matter. Yi Tianyun remained calm and casually replied,, “Yes, I know someone and somehow she looks very similar with this pretty lady in front of me.” Yi Tianyun said indifferently.

Deacon Huang immediately laughed out loud, “Very good! Now, would you tell me where she is? I will give you a big reward for that!” Deacon Huang said while looking very sullen to Yi Tianyun.

When Yi Tianyun wanted to answer Deacon Huang, Zhu Yuxuan immediately said happily.

“You have seen my younger sister? Where is she? Come on, tell me!” Zhu yuxuan said while jumping around happily. She was very excited and immediately jumped to Yi Tianyun shoulder. But she immediately realized what she was doing and stepped back trying to regain her composure.

“Sorry, I became too excited from that news. You see, she already gone for so long, I have not seen her for so long and there is no news about her! She was running away and she never told anyone about herself.

“She said while looking embarrassed.

“Running away from home?” Yi Tianyun wondered.

“Yes, she was. She has left for several years now. I don’t know her condition, so can young master tell me where she is?” Zhu Yuxuan said excitedly. Yi Tianyun blinked and immediately turned his attention to Deacon Huang, “You never find out about her?” Yi Tianyun ask Deacon Huang to confirm some theory he had in mind.

"No, the world is too vast for us to find her. There is so much place outside of Heavenly Border Continent, so we can't afford to waste any manpower and resources for her." Deacon Huang said while smiling. Yi Tianyun could sense that Deacon Huang didn't lie about anything while speaking. Now he knew that Zi Yuwei didn't want to be found. She even changed her surname from Zhu to Zi!

## Chapter 145: Family Work

"What is her name?" Yi Tianyun asked.

"Zhu Yuwei!" Zhu Yuxuan said quickly.

Yi Tianyun was right! Zi Yuwei definitely didn't want to be found. But Yi Tianyun never expected her to run away from home, although this fact also made sense for why a young woman like Zi Yuwei could become a Pavilion Lord.

"I don't know the reason why she ran away from here, so in that respect, I can't tell you her location. Or perhaps you can enlighten me with some explanation?" Yi Tianyun asked.

"There is nothing to tell to you! This is our family's business, just let us solve it by ourselves and gave us her information! I swear that we will reward you the best we could!" Zhu Yuxuan's tone suddenly changed. She didn't want to talk about why her sister ran away from home, the reason was too embarrassing to tell a stranger.

"Well, I am sure that you can deal it on your own, I can't tell you where she is as I can't betray her. Plus, she definitely has her own reasons." Yi Tianyun said calmly.

"Young Master seems reluctant to share an important information to us. Why do you care so much anyway? A family sometimes has a secret or two that they couldn't let people know about. We would do nothing that could somehow hurt her anyway." Zhu Yuxuan said while looking cold to Yi Tianyun.

"That's not what I'm saying, if you want to know where she is right now, you just have to tell me the reason why she left." Yi Tianyun pressed on, knowing that he doesn't have the obligation to tell them anything.

Zi Yuwei had a good relationship with Yi Tianyun, when he was in the Wind City, he could sense her honesty. For that, Yi Tianyun would consider her a friend. There was no way Yi Tianyun would sell her out.

Yi Tianyun turned around, ready to leave when suddenly Deacon Huang shouted, “You doesn’t seem to know where you’re at right now! She is very important for us Star Pavilion right now, so you better say where she is right now or you will not leave this place unscathed!” Deacon Huang quickly snapped his finger and 3 Core Condensation Cultivator quickly stepped in to the room.

One of them asked Deacon Huang what the problem was and Deacon Huang quickly filled him in about their situation. The middle aged man suddenly turned serious and asked, “You really have information about Zi Yuwei? Just tell us about her already, we will give you a hefty reward for her information! I assure you of it. We don’t want to harm you, after all you are a patron for us.” The middle aged man kept on negotiating with Yi Tianyun.

“I already said that there is no room of negotiation regarding that information! As a friend I respect her choice, so stop demanding shit! I don’t care about your problems.” Yi Tianyun said looking annoyed by their stubbornness.

Deacon Huang looked irritated by Yi Tianyun’s word immediately ordered his man to capture Yi Tianyun, “Capture this brat! We can’t let him go!” Deacon Huang shouted loudly.

Yi Tianyun sighed, this could be the beginning of a good relationship, but it could crumble just because of something so trivial. One of Deacon Huang’s man suddenly rushed forward, ready to attack Yi Tianyun. As Yi Tianyun already knew that these man didn’t have any intention to kill him, he can’t kill them, he dodged the man’s attack and quickly grabbed the man’s collar and spin it, slamming the man into the hard floor, rendering him unconscious immediately. Yi Tianyun’s fast movement stunned everyone else in the room, halting their movement.

“I advise that you stop this foolish act right now! Next time I will not be lenient enough!” Yi Tianyun says coldly, sending shiver down everyone else’s spine. They knew that with that small amount of time Yi Tianyun use to instantly incapacitated their companion that they would not have a chance against Yi Tianyun!

"So what now? Are you still suicidal enough to harass me with your stubbornness or you want to talk?" Yi Tianyun said while still checking their shocked expression. They quickly realize that they can't agitate Yi Tianyun more than this and choose to compromise this time.

"We don't really want to do this either, but Zhu Yuwei is very important to us. She has been away for years! It caused a lot of trouble for Star Pavilion." Deacon Huang said while sighed.

"Let me guess, she must have been forced to do something that she wouldn't want to do, then she chose to leave? I know her enough to know that she is very well behaved and a responsible person. There is no way that she could make this decision without a reason." Yi Tianyun said solemnly.

Zhu Yuxuan was silent for a moment and quickly stepped forward. She immediately looked Yi Tianyun in the eye and said, "Since you have made up your mind to know about her, then I will tell you the truth. My sister is running away from marriage, she would be married to a powerful sect so that Star Pavilion could maintain good reputation in this continent." She ended her speech as she looked at Yi Tianyun hopefully.

"Running away from marriage?" Yi Tianyun was startled by Zhu Yuxuan's answer. He didn't expect Zi Yuwei to be a rebellious type!

## Chapter 146: Truth

"Yes, she ran away from a marriage. She was already betrothed to someone, she isn't supposed to run away. After receiving the news about her engagement she sneak her way out and doesn't leave any information behind." Zhu Yuxuan sighed, "I know we forced this matter on her but the this is for her own good, with her marrying someone from the big faction will help her in the future."

"Who was betrothed to?" Yi Tianyun asked.

"Profound Azure Mansion's Second Elder's Son, we conclude that the young master she would marry have great influence over there. Had she carry on the marriage, it would be good for her and Star Pavilion. So let me ask you a question. Is it bad to be betrothed to someone from the big faction?" Zhu Yuxuan wondered while looking at Yi Tianyun.

“Profound Azure Mansion? I don’t think I have a say on this, if she agreed marrying someone from there then she wouldn’t runaway now would she? With her running away like that, I am afraid that I still can’t tell you her whereabouts. But at least I could tell you that she is happy and healthy right now, so rest assured!” Yi Tianyun said although he couldn’t believe that Profound Azure Mansion have a relation with Zi Yuwei.

“Are we done here? If we are, please give me the materials I need, I still have something to do!” Yi Tianyun said while waving his hand and turned around planning to leave.

Zhu Yuxuan quickly moved to block Yi Tianyun’s path toward the exit and say, “Young Master! I beg of you! Please tell me where she is! If I haven’t had a dao companion I would take her place! Please! If she isn’t found soon, Zhu Family is doomed.” Yi Tianyun got startled by Zhu Yuxuan’s determination, Yi Tianyun believed this young lady wouldn’t go this far if it’s not something urgent.

“Doomed? Can you explain?” He asked while wondered.

“Zhu Family’s status is declining in Star Pavilion, at this rate, we will lose our standing in Star Pavilion anymore.” Zhu Yuxuan said solemnly.

“So you going to rely on Zhu Yuwei and Profound Azure Mansion to improve Zhu Family’s standing in Star Pavilion?” Yi Tianyun said bewildered.

“Yes! I know this is not the best behavior giving away your family, but there is no other way!” Zhu Yuxuan gritted her teeth, feeling guilty for sacrificing her own sister. Yi Tianyun gave her a deep meaningful look and said, “Honestly, you guys are so naive! There is no point in relying on others. If you really want to stand strong there is no other way than become strong yourself! If you rely on others and they abandon you when you really need them what would you do then?”

Zhu Yuxuan was at loss for words because what Yi Tianyun said was right! When she was about to say something, Yi Tianyun beat her to it by saying, “This is enough! There is nothing else to say for this matter. Prepare my reward! I have made my decision, I won’t say where she is.”

Deacon Huang already knew that nothing else can be said to convince Yi Tianyun, he sighed and instructed Zhu Yuxuan to prepare Yi Tianyun’s reward. Zhu Yuxuan looked at Yi Tianyun and prepared his

reward and load it into Yi Tianyun's storage ring. Yi Tianyun immediately took the ring and checked the content of the ring.

Once he was satisfied by the reward, he quickly said his goodbyes and left the Star Pavilion. In his way out, Yi Tianyun checked the Favorability he had now with Star Pavilion and noticed that the favorability he got earlier from completing the quest already dropped down to 20.

It seems favorability is not affected solely by a quest. If something happened, favorability could drop in minutes. But he was still quite curious about Zhu Yuxuan. Out of everyone in Star Pavilion, only her whose favorability wasn't reduced, in fact her favorability increased by 5 points making it at 105 points. Yi Tianyun remembered something and quickly turns back to Zhu Yuxuan and say, "Oh yeah, I almost forgot. If you're still keen on searching for a sect to back you up, I suggest forget about Profound Azure Mansion!"

"Why would that be?" Zhu Yuxuan wondered.

"That sect will be destroyed anytime soon!" Yi Tianyun said while smirking. Yi Tianyun immediately left after he dropped this sentence and everyone in Star Pavilion looked at his back as he walked out of Star Pavilion.

After Yi Tianyun can no longer be seen Deacon Huang said, "The young man has a confidence in his voice. I don't know anything about him, but he seems to come from a big sect. he said that Profound Azure Mansion would be destroyed, that feat needs at least top three faction to complete." Another Deacon immediately said, "Maybe we should trust him, or tail him just in case?"

"Forget that! He is stronger than anyone in here, are you sure you can track him down? He will immediately notice and then what would you do if he deems you hostile? He even has someone who would forge him a soul tool! There is no way that he isn't from the great faction. I'm not really sure that they could destroy Profound Azure Mansion but at least we don't want to provoke him." Deacon Huang said dismissingly.

"But what about Zhu Yuwei? Without her how can we find backing for Zhu Family?" another Deacon stated his concern feeling dissatisfied.

"I am going to chase him!" Zhu Yuxuan said and quickly ran downstairs and headed toward the front door. Deacon Huang immediately ordered another deacon to chase after her.

Zhu Yuxuan saw Yi Tianyun from afar and shouted, "Young Master, Wait!" Yi Tianyun quickly turned around and noticed that Zhu Yuxuan was going after him. He quickly smiled at Zhu Yuxuan, he shook his head a little seeing Zhu Yuxuan's stubbornness.

"If you see my little sister again, I want you to give this pendant to her." Zhu Yuxuan said while catching her breath and she immediately handed over a jade pendant to Yi Tianyun.

Zhu Yuxuan quickly noticed that Yi Tianyun didn't understand and she immediately explained, "This is a Jade Pendant that I always bring with me. She will instantly notice this was mine. I need you to tell her that I want her to never come back! I am so very sorry for everything that happen to her. I can't let her think that I didn't love her, with this I hope she knows that I'm really sorry!" Zhu Yuxuan said while looking sad and about to burst into tears.

"What? And here I thought you're really keen on having her back." Yi Tianyun said while frowning, is all Zhu Yuxuan said earlier is just an act? After racking his brain a bit he quickly realized that if he was in Zhu Yuxuan's position, that's what exactly she must do in front of Deacon Huang and others, if she wanted to protect her sister.

"You can bring the pendant back with you. Zhu Family is dead, at least she escaped and found happiness after all we did." Zhu Yuxuan smiled and tears fell from her eyes. She quickly left afterwards.

## Chapter 147: Forging Tool

Yi Tianyun found a place to rest for a bit. With 3 months to spare he wasn't in a hurry to leave the city. He looked at the memento left by Zhu Yuxuan for her sister Zi Yuwei, the jade pendant. He sighed, he finally understood why Zhu Yuxuan's favorability wasn't reduced, and he finally realized why Zi Yuwei have never been found before.

Zhu Yuxuan must have done something to disrupt the search if not completely halting it. She must have realized her sister went to Earthly Borders Continent!

Zi Yuwei must have been in search for power, knowing that to restore her family's name, power was all she needs. But if she kept looking for helping hand instead of strengthen herself, it was all gonna be in vain, Yi Tianyun thought to himself.

Yi Tianyun thought for a while, he realized that he was still far too weak to challenge Profound Azure Mansion by himself, he must push himself to become stronger! He needed to try some new things to see what happen.

With that thought in mind, Yi Tianyun quickly attempted to forge.

"Start Forging Tools!" he shouted. Yi Tianyun took out all materials he had to forge soul tool and made a preparation to forge them. Once he finished preparing, Yi Tianyun checked the success rate to forge soul tools and he was shocked due to how low the chance is.

"What is this? How can it be this low? Only 20% success rate!" he thought for a second and tried adding another effect.

"Activate Luck Aura!" he shouted, and once again he checked the success rate, and this time it increased to 50%! But this chance still left Yi Tianyun wondering.

"How is it not 100%?" Yi Tianyun didn't understand what's with this success rate, with Luck Aura activated his luck is supposed to be increased by 10 folds!

He checked his forging skill, and his luck aura. He found out that it will not improve the chance to forge advanced equipment higher than 50%, if he really wished a better chance he needed to find other way to increase the success rate. He understood this rule, as he experienced before when he was in Heaven Immersing Ancient Ruins, he could find the array thanks to his luck, but it that's all. He didn't have the skill to fix the array nor the knowldge about it.

"It seems that the system is trying to keep things fair, I still didn't have enough power to forge this!"

Yi Tianyun was a little bit frustrated as he couldn't level up faster with this method. However, setting 'gain exp' aside if it was just to forge low level Soul Tools, he would do it even if the success rate was just 50%. And suddenly he remembered that he had an item for forging.

“Oh yeah, I still have Forging God Hammer!” He immediately equipped it and noticed that his success rate improved by 10%!

“This trinket is very nice!” he shouted in excitement.

After taking a deep breath, he began forging immediately. He started by melting the material with his immortal fire, and then tempering it.

‘DING’

‘Successfully forge a ‘Lower Grade Soul Tool’

‘Reward: 100.000 Exp, 500 Forge Mastery’

“Hmm, 100.000 Exp, this is not bad!” but he soon felt otherwise, with the time he had left, he couldn’t use forging as a reliable method to level up. It was too slow for his liking, in fact after he calculated the time he forge one earlier and the chance the forging failed, he could forge 40 to 50 lower grade soul tool at most! It was just not worth his time at the moment.

“Sell a Lower Grade Soul Tool!” He shouted as to check how much it costed. The system notification immediately popped up giving Yi Tianyun information about the price.

“10.000 Crazy Points...” he thought over it for a while and concluded that 10.000 was a fair amount for that.

After a while, Yi Tianyun decided to forge all material he got and then he would hunt Demon Beast afterwards. He proceeded to forge the batch of materials he has and many of them were successful but some were failed. Although the chance is as high as 60% there is still room for failure.

‘DING’

'Successfully levels up immortal fire to Earth Level. Immortal Fire effect enhanced 10x, forging speed of tools and pills reduced by 50%, success rate increased!'

'Next Grade: 100.000 Mastery Required'

After the notification popped out, Yi Tianyun was shocked. He forgot about immortal fire's mastery completely, not once did he check the status nor the need to upgrade it. After he read the upgraded effect very carefully, he was completely surprised!

"This immortal fire is amazing! Increased success rate and shortened forging time! He immediately checked the success rate to forge Soul Tools and noticed that now he had 80% success rate! This is very amazing!

He checked immediately if Immortal Fire can be leveled up by feeding it any item to increase its mastery. Soon Yi Tianyun noticed that he can only feed Immortal Fire with the same item to increase its mastery and by buying another immortal fire itself on the shop. He still needed 100.000 Crazy Point for it, he only shook his head seeing this huge amount of Crazy Point needed.

He quickly paid the crazy point needed to buy another immortal fire and increase the mastery with pitiful feeling in his chest!

## Chapter 148: Startled Change

With Immortal Fire leveled up to Earth level, the speed and success rate of forging the soul tools was greatly improved. He tried to forge 15 Soul Tools and completed it in a mere few days, which normally would take ten days to finish. Yi Tianyun choose to sell all of the soul tools he successfully made, he sold 12 soul tools to the system because three out of fifteen materials failed.

Yi Tianyun has collected 1.01 million Crazy Points after selling all soul tools he forged just now, and this amount overflow him with joy. He could level up his Crazy Mode with this amount!

"Level Up Crazy Mode!" he excitedly shouted.

‘DING’

‘Deducting 1.000.000 Crazy Points for leveling up Crazy Mode!’

‘Crazy Mode successfully leveled up to Level 3!’

‘Crazy Mode Effect was Enhanced to 8 times, Due to Leveling up now the user can selectively enhance Damage, Exp, and Mastery. 1.000 Crazy Points per Minute. Next Level requires 10.000.000 Crazy Points.’

Yi Tianyun had a mixed feeling about this effect, He was happy to have x8 effect but now he had to selectively choose what he would enhance out of three choice the system gave. But he was happy to see that Mastery Points was now available to enhance, making it easier to level up mastery! He believed that next time this Crazy Mode leveled up, he could get Crazy Points as one of his enhance choices.

“1.000 Crazy Points per minute is not bad compared to Lucky Aura that consumes the same amount of Crazy Points per seconds!” Yi Tianyun thought to himself. The consumption rate of Crazy Mode was very cost-effective!

Not long after, Yi Tianyun turned his attention to the 10 free draw he got earlier. He immediately opened the Lottery Roulette and use all of the free draw he had. He got a lot of things from it, mainly a lot of Exp Pills and some common iron level Armor and Weapon, none of them piqued his interest! He didn’t need any of it, especially the iron leveled armor and weapon! With his level, it was basically useless!

He sighed and realized that he needed to get out and find some new information about Profound Azure Mansion. He hasn’t left this place for a full week, he had to investigate about his enemy to be fully prepared to face them later.

Apparently, he didn’t have to bother searching too far, he hasn’t even gone down the stairs of the inn he stayed in when he heard the discussion some people had downstairs.

“I don’t know what the real situation is but Profound Azure Mansion seems to send out their force somewhere, I saw 7 or 8 Giant Eagle has been dispatched!” Man A said, stating what he saw.

"I heard that they are going to seek revenge against some faction, apparently some of their elder and disciple was killed!" Man B said in a serious tone.

"What! Which sect is powerful enough to make Profound Azure Mansion as their enemy?" Man C said while looking shocked.

The entire inn seemed to join in after that, every one of them seemed eager to discuss what happened in Profound Azure Mansion. Yi Tianyun's complexion changed, he quickly dropped a piece of gold on the table rudely and said, "Anyone who knows the real situation about the Profound Azure Mansion will get this Gold if you tell me the information!" People who previously was interrupted rudely by Yi Tianyun was kind of irritated by his rude behavior at first, but it all changed when they see the gold on the table.

"I know, I know! Based on what i heard, an elder of Profound Azure Mansion was killed by some Third Level Faction!" One man said while standing up. This statement earned some headshakes from a number of people.

"You know nothing! Stop talking bullshit! I heard that a First Level Faction that has attracted Profound Azure Mansion's attention has killed one of their elder!" some man said while shouting, from the looks of it, he said it because he disagreed with what he heard earlier. But his statement quickly became the talk to the people around.

"There is no way a first level faction is able to kill an elder of Profound Azure Mansion! You are the one who talks bullshit! At least a third level faction killing an elder of Profound Azure Mansion is more believable! There is no way a first level faction is able to kill a Spirit Core cultivator!"

The two of them immediately fell into a heated argument about their own statement. Yi Tianyun quickly slammed the table in front of him to silence everyone and quickly pointed his finger to the man who said about First Level Faction and said, "You! Tell me everything you know!"

The man became excited when Yi Tianyun chose him and he excitedly said, "I heard that that some First Level Faction provoked Profound Azure Mansion, this is the main information that I heard."

"When did Profound Azure Mansion know about this?" Yi Tianyun asked.

“They know about a few days ago, this morning several groups of Profound Azure Mansion’s force headed to the direction of Earthly Borders Continent. I don’t know where their exact destination is.” the man said, unsure.

Yi Tianyun’s face suddenly turned pale. He thought that he had three months to prepare himself, but in less than a month, Profound Azure Mansion already sniffed out the news about their elder’s death and already took action! This was too fast for his liking. He immediately tossed the gold to the man and said, “This gold is yours!” he quickly left the inn.

The man joyously shouted, “YES! This gold is mine!” Causing the people around him to call him a liar, “Hey, I did not lie! That’s what I heard from some disciple of Profound Azure Mansion, but I don’t know if it’s true or false! Anyway he believed me!” he said, defending himself.

They began to argue about their own opinion, meanwhile, Yi Tianyun already reached the city outskirts and rushed outside of the city.

“I miscalculated this, they react a bit faster than I thought, but it will take time to find Heavens Immersing Ancient Ruins...” Yi Tianyun thought to himself. He still had at most half a month of time. Any longer than that, Profound Azure Mansion would eventually find the place. If he wasn’t there when it happened, he was afraid that Heavenly Jade Palace would be destroyed!

Unbeknown to Yi Tianyun someone already followed him and saw all the commotion in the inn earlier. When they tried to follow Yi Tianyun to the outside of the city, they decided to stop tailing him and went back to Star Pavilion!

“Elder Huang, the man already left the city! It seems that he has inquired about some information regarding Profound Azure Mansion and immediately left after that!” the man said, reporting back to Elder Huang of Star Pavilion.

“Hmmm, it seems that these problems Profound Azure Mansion is currently facing is connected to him in some way. But the problem is related to Heavenly Jade Palace... is he from Jade Palace? But something’s off, Heavenly Jade Palace is just a First Level Faction! How is somebody that strong being the member of a lowly first level faction?” Elder Huang said, full of questions in his head.

“What do you suggest we do know, elder?” asked the previous man.

“Investigate Heavenly Jade Palace as detailed as you can! I would like to know whether or not Zhu Yuwei is there.” Elder Huang said Solemnly.

Elder Huang still didn't give up about finding Zhu Yuwei whereabouts, he didn't care whether Profound Azure Mansion is destroyed or not, all he really cared was Zhu Yuwei!

## Chapter 149: Being Stranded

“Find them! They ought to be around here somewhere!” Kang Haotian, a Core Condensation Expert leader of Profound Azure Mansion currently searched for disciple of Jade Palace at the dense forest in the outskirt of Wind City. He led a dozen of Spirit Refinement Cultivator with him.

The forest was searched thoroughly by Kang Haotian's men and the once peaceful forest was filled by killing intent at the moment. Fortunately, there was no civilian around the forest or they could be killed by this massive killing intent alone!

Inside some cave in the forest, some disciple of Jade Palace and Elder Mo Yu currently hid and they could sense that there are some people nearby heading toward them fast. Elder Mo Yu could sense the fear and panic in her disciple's faces, “Elder, are we really safe here?” One of the female disciples asked Mo Yu worriedly.

“It should be okay, as long as they don't get too curious they could easily miss the secret passage.” Great Elder Mo Yu tried to console her disciples, but the truth is she was panic as well. This was supposed to be a quick in and out, they just procured some food and was on their way back to Heavens Immersing Ancient Ruin.

They already made arrangement with Wind Pavilion to prepare food for them, although Jade Palace was self sufficient in the past, but as many of them now currently focused on cultivating their martial arts and cultivation, plus they just recently moved to Heavens Immersing Ancient ruin. There was just not enough time for them to be self sufficient at the moment.

After they explained their situation to Zi Yuwei, the current Pavilion Lord of Wind Pavilion, she immediately agreed to help them and conducted the transaction at a secluded place. They never

expected the Profound Azure Mansion to be able to sniff their path. Elder Mo Yu figured Profound Azure Mansion's movement a little bit too late, making her late to respond and evacuate.

Great Elder Mo Yu tried to keep calm, she racked her brain trying to think of some way to escape this situation. She could in fact escape by her own, but she couldn't bring herself to abandon her disciple to die here. Suddenly, they could hear some noises approaching their location.

"Check that side!" Elder Mo Yu heard a man's voice. The sound was gradually closer and closer by every second, Profound Azure Mansion's force was just too many for Mo Yu to handle alone. They even had 2 Core Condensation expert with them.

"Great Elder Yu, what should we do?" All Jade Palace's disciple trembled from fear.

Mo Yu just sighed deeply and thought for a second before looking at her disciples with a sad expression, "Maybe this is the time were we must stand and fight for our lives!"

The noises from Profound Azure Mansion outside became louder with each passing second, they all quickly realize they couldn't stay here any longer, for they didn't have another exit, they could be trapped here and that would be their end.

"We have to sneak out from here! We would escape one by one and if you get caught, prepare yourself to fight till the end. Don't let yourself get caught!" Elder Mo Yu steeled herself and her disciples to prepare for the worst if they got caught!

"We will!" all her disciple said at the same time, with resolute on their eyes! Although they still didn't want to die, but it was better than what could happen if they were captured. Elder Mo Yu quickly paced herself and her disciple to exit the cave sneakily. Mo Yu observed that there was no one outside the cave and quickly made their way toward the Heavens Immersing Ancient Ruin.

After just a few steps from the cave entrance, they were startled by a man shouting, "They are here! They are here!"

Immediately Profound Azure Mansion man that are scattered around the forest looking for them, surrounded the in front of the cave, leaving them no place to escape!

“Elder of Jade Palace, why so eager to leave? Can you tell us what happen to our elder and deacon that we send here not too long ago? They disappeared without any news.” Kang Haotian said while smirking at Mo Yu, he knew that Jade Palace must be the one responsible for that, seeing that they quickly escaped and leave behind their palace.

A sound of sword quickly heard, the disciples in both sides have drawn their sword out. Elder Mo Yu and her disciples felt desperation creeping out on them, they couldn’t escape the two core condensation expert who was watching their movement like a hawk and the number of spirit refinement cultivator surrounding them was just too much.

“I don’t know about them! We have nothing to do with them!” Elder Mo Yu said coldly, admitting to none of their accusation.

“Are you serious? Do you think we believe your bullshit? if you really have nothing to do with it then why Jade Palace running away? You must have imprison them or kill them for whatever reason you have making us your enemy!” Kang Haotian said while sneering at Elder Mo Yu. But Elder Mo Yu stood strong, she couldn’t show any sign of weakness or that would be the end!

Someone quickly stepped in front of Elder Mo Yu, startling her.

“What is happening here?” Zhu Yuwei suddenly shouted, she didn’t know anything about Jade Palace’s situation, but she knows that Jade Palace are in some short of trouble. She didn’t know that it had something to do with Profound Azure Mansion!

“Pavilion Lord Zi of Wind Pavilion! What are you doing here? If there is no reason for you to be here, I ask you kindly to leave!” Kang Haotian said solemnly.

“Pavilion Lord Zi, Profound Azure Mansion is quite strong! Leave us, there is no need to get yourself in trouble!” Mo Yu quickly said to Zhu Yuwei, as she didn’t want her to be troubled by Jade Palace’s problems.

Zhu Yuwei eyes suddenly darkened and she quickly pulled out her sword and began attacking Profound Azure Mansion. This attack was actually a signal for her man waiting behind her, making them join the fight as well.

Zhu Yuwei's action shocked both Kang Haotian and Elder Mo Yu, Zhu Yuwei suddenly attacked without any explanation!

"Why would you attack Profound Azure Mansion of all people! You! You will be stripped off your status from Wind Pavilion you hear me! All your act has nothing to do with us anymore!" an elder of Wind Pavilion shouted at Zhu Yuwei in horror, as he took his leave. Zhu Yuwei quickly killed him and a few guards following him.

"Come on! We have to flee from here!" Zhu Yuwei signaled Elder Mo Yu to escape from here. This was the beginning of the chaos ensued between Profound Azure Mansion and Jade Palace.

At the same time, Yi Tianyun was heading to Earthly Borders Continent as fast as possible to help out. With Black Dragon's speed he would be there in no time. He also killed any Profound Azure Mansion carriage he saw along the way.

"I hope I am not too late!" Tianyun said while looking gloomy, his cultivation base has improved but it was not enough! He still had to level up somehow and fast!

## Chapter 150: Mean

Zhu Yuwei helped Elder Mo Yu without hesitation, leaving Elder Mo Yu speechless. She never thought Pavilion Lord would do something like this, going against Profound Azure Mansion!

"Pavilion Lord Zi!" Elder Mo Yu shouted, after regaining her composure.

"Come on! Hurry! I'm greatly indebted to Young Master Yi in the past. Now it's my turn to help him in everything I can!" Zhu Yuwei said confidently.

All she had to do now is to stay at Wind Pavilion, she knew that Wind Pavilion had a challenge on its own, but as of now, Wind Pavilion could help them for a while!

“But, if you help us Profound Azure Mansion will target you as well!” Elder Mo Yu still tried to not involve Zhu Yuwei, as she didn’t think saving them would give Zhu Yuwei any good.

“It’s ok! Young Master Yi is my friend, a friend of my friend is also my friend! I don’t need a reason to help a friend!” Zhu Yuwei said while smiling at Elder Mo Yu.

Elder Mo was grateful that Zhu Yuwei felt that way, but she couldn’t help but kept thinking that they were not worth the trouble for Zhu Yuwei later.

“Well, as long as we can get through this, you will become our special guest at Jade Palace Lord Zi!” she said to Zhu Yuwei, “Get ready! We will fight them off!” She shouted at her disciples with her sword at her side, she immediately rushed over to Kang Haotian and swung her sword at Kang Haotian’s neck, tried to catch him off guard and quickly went for the kill!

Kang Haotian saw Elder Mo Yu coming at him and he just sneered at her and he immediately summoned his power and a terrifying power could be felt across the area.

Kang Haotian’s murderous aura aimed directly at Elder Mo Yu, and she flinched after realizing how tremendous it was. But as she didn’t have enough room to fall back, she continued onward, attacking Kang Haotian.

When she already swung her sword for the kill, Kang Haotian immediately blocked her out. Immediately the two clashed with their sword.

With their cultivation base wasn’t far apart, Elder Mo Yu and Kang Haotian almost clashed to a standstill, but Kang Haotian finally had the upper hand, his sword had a special property which could lead him to victory. He began showcasing his sword skill, creating a shockwave toward Elder Mo Yu. Elder Mo Yu who didn’t have a clue fell victim to this skill and she fell on the ground coughing blood.

“Great Elder!” shouted all disciple who saw her.

This is only the beginning of the skirmish and their great elder already fell, this fact decrease the morale among the disciple of Jade Palace.

“What an overbearing power!” Elder Mo Yu said while trying to stand.

“What can I say, you are a strong woman. With you standing against me, I have no choice but to kill you!” Kang Haotian sneered, and immediately rushed at Elder Mo Yu to attack.

The disciples of Jade Palace could only look at Elder Mo Yu in silence. They wanted to save their elder but they couldn’t even move a muscle from the tremendous killing intent coming from Kang Haotian.

Suddenly, Zhu Yuwei leaped off and pulled out something from her storage ring and threw them at Kang Haotian’s direction. When the black thing that she threw reached Haotian, it suddenly exploded.

“What the fuck! This is Heavenly Thunder’s Blast!” Elder Mo Yu and disciples of Jade Palace were shocked by Zhu Yuwei’s sudden and flashy entrance.

“GO!” Zhu Yuwei said to Elder Mo Yu and her disciples, thanks to the explosives she threw earlier, now there is a path opened in front of them that was less guarded than other route.

“Bitch! Capture her! I will let that bitch know a hell on earth when I have my hands on her!” Kang Haotian shouted at his men.

“Ning Chuan, what the hell are you doing standing around, help me god damn it!” Ning Chuan, who was standing on the side, watching the fight, have a cold look on his eyes. He was also a core condensation cultivator like Kang Haotian.

“Kang Haotian, seems like you’ve gotten weak! You are struggling just to capture a bunch of girls? Pathetic!” Ning Chuan snorted, he immediately pulled out a long sword and immediately chased Elder Mo Yu and Zhu Yuwei.

He immediately caught up with them and began attacking them. He began to sway his sword making it transform into a sickle and killed the disciple one by one.

When he reached Elder Mo Yu, he made a move to cut Elder Mo Yu’s neck but Elder Mo Yu blocked this attack with her sword, but she couldn’t block the sickle completely.

Ning Chuan managed to inflict a deep wound on Elder Mo Yu's shoulder!

"Great elder!" cried the disciples around her, surprised to see a huge amount of blood flowing through her arm.

Elder Mo Yu herself was experiencing an intense pain as of now, she almost fainted herself, but she tried to stay strong and tried to tell her disciple to call anyone from the Palace.

"Go! Get out of here!" Zhu Yuwei shouted as she made her way back to help Elder Mo Yu.

Zhu Yuwei cleared a path again by throwing her Heavenly thunder's blast at the enemy. When she tried to run forward again, she suddenly saw a sickle nearly cut her neck, if she didn't stop quickly, the sickle might have taken her head!

"Stop making things hard for us! Heavenly Thunder's Blast huh? Not bad, it sure is powerful!" Ning Chuan said while sneering at Zhu Yuwei. He immediately slapped Zhu Yuwei in the face, but Zhu Yuwei kept resisting, she rolled on the ground and immediately stood up again.

"Oh, what a good reaction!" Ning Chuan said while looking at Zhu Yuwei's body from top through bottom.

"You have a nice body too, how about we have a good time and forget this fight for a while?" he said smirking.

Zhu Yuwei's face immediately became pale, she immediately took out her sword from her storage ring. She attempted to stab herself, steeled herself to take her own life.

Some disciple of Jade Palace also followed her example. But Ning Chuan quickly disarmed them all.

"You all want to commit suicide? Wow, no, no, no! I couldn't let you all do that. Where is the fun in that." Ning Chuan said while smirking.

Zhu Yuwei and the disciples of Jade Palace turned pale hearing Ning Chuan's word, they knew that they would be tortured even raped if they were captured!

"Despicable!" Zhu Yuwei shouted.

"Despicable? Thanks for the compliment." Ning Chuan said smirking, "I didn't know that Wind Pavilion partake in this war. Want to be destroyed like them?" Ning Chuan asked with a joking tone.

"NO! She has nothing to do with us!" An elder of Wind Pavilion comes and hurriedly explain to Ning Chuan.

"This is her own business, we didn't have a say in this. You are free to do anything you want with her, it wouldn't be a problem. We really don't want anything to do with this."

Zhu Yuwei look at this elder with disdain, "You used to say that you wanted to build a friendly relationship with Jade Palace, and now you go back on your own word? Pathetic man!"

"What the hell are you talking about? This is your own problem for making Profound Azure Mansion as your enemy! Clearly you are stupid enough to make this move, and clearly you are an idiot if you think I would agree to this!" the elder said, clearly angry, "I will replace you myself! And I will punish all the idiot that follows you!" he immediately took a big sword from his own storage ring and was about to cut Zhu Yuwei's hand.

"Wrong Choice? What is wrong from that choice?" A calm and sinister voice could be heard from the forest, and when he revealed himself from the forest, he could be seen with a gloomy face.

"Young Master Yi!" Zhu Yuwei shouted in relief as she became desperate about her current situation.
