Chapter 141 - 141: It's Time to Let Them Know About Me (1)

Chapter 141: It's Time to Let Them Know About Me (1)

Seeing how Zhu Yongsheng was so arrogant that he wanted to take all of them to the Longevity Palace to be his women with just a few words, Chu Xia, Liu Rushi, and the others were dumbfounded.

"What, you're not willing?"

Zhu Yongsheng's expression changed slightly when he saw Chu Xia, Liu Rushi, and the others remain silent.

Chu Xia came back to her senses and quickly said, ""Thank you for your kindness, Your Highness. However, we are already the Crown Prince's men. A good woman will not serve two masters. Please forgive us, Your Highness."

As she spoke, Chu Xia called out to Liu Ru and the others, "" Your Highness, we'll leave now. It's getting late. "

Liu Ru, Zhao Yingying, and the others also woke up. They knew that if Zhu Yongsheng brought them to the Temple of Immortals today, they would have a hard time in the future.

Zhu Yongsheng said it nicely, but after discovering that they were not virgins, he would definitely not pay too much attention to them and would even treat them harshly. Instead of that, he might as well follow the Crown Prince, who had their first time, to Zhu Wuyang.

Although Zhu Wanwan was a little cowardly and incompetent, she was at least mild-tempered and treated them quite well.

" You don't even want to give me face. You're really audacious. Capture them all and bring them back to the Longevity Palace. "

Zhu Yongsheng's expression changed when he saw Chu Xia, Liu Rushi, and the others trying to escape. He ordered his guards, eunuchs, and palace maids to capture them.

Chu Xia relied on her strength to be the strongest and had cultivated top-notch martial arts. Coupled with the fact that her beauty had attracted attention, she slipped into the flowers beside her and luckily escaped capture.

As for the other women who were safe and sound, they were all captured by Zhu Yongsheng's men and brought to the Longevity Palace.

In fact, it was not that Zhu Yongsheng could not catch Chu Xia. He had two Xiantian experts guarding him. However, seeing that Chu Xia's looks were slightly inferior, he also wanted Chu Xia to inform Zhu Wuyang in case Zhu Wuyang noticed that his women had not returned and caused a commotion. Therefore, he let Chu Xia go and grabbed the other ten beauties and happily returned to the Temple of Immortals.

After she narrowly escaped death, Chu Xia immediately rushed to the Crown Prince's Palace. Soon, she saw Zhu Wuwan, who was in the study, comprehending and fusing the ancient books. "Your Highness, something happened!"

"What is it?" Zhu Wuwan raised his eyebrows.

Chu Xia panted. "We went to the Imperial Garden today and met the 44th Prince, Zhu Yongsheng. He has taken a fancy to Sister Liu and Sister Zhao..." They...they were all captured."

"What?!" Zhu Wuwan suddenly stood up. There was actually someone who dared to take his woman. After all, he was a dignified immortal, the only official immortal in Jiu Zhao Country who had entered the Dao through martial arts in the past thousand years. His strength was the strongest in the entire Jiu Zhao Country's martial arts world. He was not even afraid of Mad Emperor Zhu Zhenwu, but now someone actually dared to take his woman by force.

This was really intolerable!

Originally, Zhu Wanhao had wanted to hide for a while. After he had earned enough breakthrough points, he would reveal his true strength and take down Mad Emperor Zhu Zhenwu in one fell swoop, becoming the new emperor of the Nine Zhao Nation.

However, he didn't expect such an accident to happen. Since that was the case, he didn't have to endure it anymore. It was time for him to soar into the sky without flying, and to amaze the world with his brilliance without making a sound. He would let the entire Zhu Royal Family and the Nine Zhao Country see Zhu Wanhao's methods.

"Follow me to the Longevity Palace!"

Zhu Wuwan was about to walk forward when Chu Xia stopped her. "" Your Highness, you can't go to the Longevity Palace! "

" That's right. Even if all the women in the Crown Prince's Palace are captured by Zhu Yongsheng, His Highness the Crown Prince cannot go to the Temple of Immortals. " Before Zhu Wuwan could say anything, Laichun strode in from outside. He looked at Zhu Wuwan and said solemnly, " Zhu Yongsheng is one of the most powerful princes in the palace. He holds an astonishing amount of wealth and power. My grandparents are basically all important officials in the court. Even His Majesty the Emperor is somewhat afraid of them, let alone His Highness the Crown Prince. "

" If His Highness the Crown Prince goes to the Temple of Immortals to ask for her back, he definitely won't be able to get her back. He might even be taught a lesson by Zhu Yongsheng. Zhu Yongsheng is the most sinister and vicious person. There was a princess who was hostile to him before, but one night, her head was chopped off. It's said that it was Zhu Yongsheng who did it. "

Chu Xia also nodded. " I risked my life to break out of the encirclement and came back to tell the Crown Prince about this. I hope that the Crown Prince can let things go and not be calculative. Otherwise, not only will Sister Liu and Sister Zhao not be able to be saved, even the Crown Prince will be trapped. "

" Moreover, Sister Liu and Sister Zhao are only the Crown Prince's maidservants and not his official wives. Even if this matter is reported to the Empress and His Majesty, they will only be beaten back and will not care at all. "

"Your Highness, please think twice before you act. You are the pride of the Hidden Dragon in the Abyss. You must not expose yourself because of this matter and invite great disaster." Lai Chun sincerely walked up to Zhu Wuwan and advised.

Zhu Wuwan smiled and patted the worried Chu Xia and Lai Chun. "'Don't worry. Since I'm going to ask for him, I'm confident."

" This King has been hiding for so long, enduring for so long. It's time for me to show my fangs and claws. Otherwise, anyone will treat This King as a fish on the chopping board, and you will be bullied because of This King. "

"Moreover, Zhu Yongsheng dared to snatch my woman in broad daylight today. Who knows if other princes and princesses will come to snatch my resources and wealth tomorrow? They might even want to take my life. I can't retreat anymore."

As he spoke, Zhu Wuwan strode out. However, just as he walked out of the bedroom, he saw dozens of stunning beauties kneeling outside. They were all women who had been with Zhu Wuwan all this time.

" Your Highness, please think twice. Zhu Yongsheng is extremely powerful, and there are more than ten peerless experts guarding the Temple of Immortals. It's definitely not something that Your Highness can break into. If you go, you'll only be humiliated and beaten. Why do you have to do this? "

“We all know your intentions. I believe that Sister Liu and Sister Zhao will also advise you to endure for a while and take a step back. We are still far from the Temple of Immortals. Please go back.”

“Just as Sister Laichun said, Zhu Yongsheng is arrogant and ruthless. How can His Highness resist him? It’s better to temporarily stop fighting and regain his face when there’s a suitable opportunity in the future.”

“Our Crown Prince Palace has always been in a precarious situation and has always been bullied by others. If something happens to the Crown Prince this time, I’m afraid we won’t be able to live on. I hope that the Crown Prince can consider the concubines and not do foolish things.”freewebnovel.cm

Chapter 142: Come Out and Accept Death (1)

Looking at the group of beauties kneeling in front of him, Zhu Wuwan fell silent.

Although these beauties all had their own thoughts, they were still worried about Zhu Wuyang. Otherwise, they wouldn’t have stuck by Zhu Wuyang’s side all this time.

Those who were a little heartless had basically left. After all, although these beauties were weak, it was still very easy for them to survive outside with their beautiful faces.

However, they did not leave. Although Zhu Wuyang had taken their virginity, the most important thing was that Zhu Wuyang treated them quite well. He had never beaten or scolded them and even gave them the respect they deserved.

They could come and go as they pleased in the Crown Prince’s Palace. They could order whatever they wanted to eat and buy whatever they wanted to play with. Even Zhu Wuyang had given them half of the financial power.

This was something that the group of beauties had never dreamed of before. In this era, for a girl who married into a wealthy family, not to mention financial power, it was a very good thing to have a little freedom.

However, not only did Zhu Wuan give them freedom, respect, and wealth, but he also gave them financial security.

It was precisely because of this that they had not abandoned Zhu Wanhao, even though he had been notorious and ridiculed by the entire Jiu Zhao Nation and even the entire Southern Wasteland.

How could he disappoint them?

Zhu Wuyang helped the beauties kneeling in front of him up one by one.” Don’t worry. Since I dare to go to the Temple of Immortals, I’m naturally confident. Also, from today onwards, you don’t have to be so cautious and afraid to even leave the Crown Prince’s Palace. ”

” You’re my women. I wish you all the best. You won’t suffer such grievances in the future! ”

As he spoke, Zhu Wuwan used the Illusion God Steps and instantly covered hundreds of meters. Under the shocked gazes of the group of beauties, he disappeared above the palace in the distance in the blink of an eye.

“Ah...Master, he...How can he be so powerful!”

“A few hundred meters in one step, this ... This is something only a Connate expert can do. How can Your Highness be a Connate expert?”

” Am I seeing things? That’s really our husband. ”

Even Lai Chun and Chu Xia, who were already mentally prepared, were flabbergasted, not to mention the group of beauties who knew nothing about Zhu Wuyang’s condition. They could not believe their eyes.

In Laichun and Chuxia’s opinion, it was already a fantasy for Zhu Wuyan to be able to step into the Foundation Meridian stage, let alone the Connate stage.

However, from Zhu Wuwan’s ghost-like speed just now, they clearly sensed the fluctuation of Innate Power.

A seventeen-year-old Inborn Expert, how was this possible!

His body was like a phantom, and his mind traveled thousands of miles!

The Illusion God Steps, which had fused some peerless movement techniques and the essence of movement techniques, was already infinitely close to a mythical-level movement technique. Moreover, because it was an immortal martial movement technique, its power was not inferior to any mythical-level movement technique or movement technique in the world.

The Longevity Palace was several miles away from the Palace of Empress Dowager. Zhu Wuwan arrived in front of the Longevity Palace in just a few breaths.

“Zhu Yongsheng, come out and accept your death!”

As soon as he landed, Zhu Wuyang did not waste any time. He spoke with his strong Primordial Dao Genuine Qi and shook the entire Longevity Palace.

Before this, in the Longevity Palace, Zhu Yongsheng, who had just changed his clothes, looked at the young eunuch who had rushed in. “” Have those beauties started bathing?
” freewebnovel.com

“Your Highness, they are all outside the washroom. None of them went to bathe.” The young eunuch lowered his head.

Zhu Yongsheng laughed coldly. ” It seems that they are quite strong. In that case, I will personally accompany them to bathe and change their clothes. ”

As he spoke, Zhu Yongsheng strode toward the washroom. Soon, he saw Liu Rushi, Zhao Yingying, Song Qingyan, and the other beauties standing stubbornly at the entrance of the washroom.”What, do you want me to accompany you in the bath and serve you in bed?”

” Your Highness, we are already the Crown Prince’s men. You are the Crown Prince’s elder brother. If you do this, you will definitely become the laughing stock of the royal family. Your Highness, please consider it carefully. ” Song Qingyan walked up and looked at Zhu Yongsheng.

Song Qingyan was the most capable of Zhu Wuyang’s beauties. He was proficient in the four arts, and was also good at poetry. He had also mastered the art of sneak attacks and assassinations. He was sent by the other princesses to monitor Zhu Wuyang.

However, he was later taken by Zhu Wuan and became Zhu Wuan’s woman. He did not return to the princess’s side.

At this moment, she was the bravest and most capable among the group of beauties who had been taken to the Temple of Immortals.

“Carefully consider?” Zhu Yongsheng sneered and slapped Song Qingyan to the ground. “”It’s just a group of female servants. I won’t act rashly against Zhu Wuyan’s wives and concubines, but I can’t do anything to a group of female servants. Who does he think he is?”

” If I’m willing, I’ll make him kneel in front of me and beg for mercy. Even that cowardly trash, Zhu Wuwan, doesn’t dare to disobey me, and you still dare to disobey me? ”

“Today, you have to obey me no matter what. If anyone dares to talk nonsense again, don’t blame me for being ruthless and executing her in this washing workshop.”

His words were sinister and filled with hostility, scaring the group of beauties so much that their expressions changed and they did not dare to speak for a moment.

“Haha, since you have no objections, then accompany me into the hot spring of the washing workshop. We will bathe together.”

Seeing that no one was saying anything, Zhu Yongsheng laughed loudly and prepared to bring a dozen beauties into the hot spring pool of the washing workshop to enjoy themselves.

It was just that the strange pattern on his face that could not be washed away made Zhu Yongsheng's words sound a little funny.

Just as Zhu Yongsheng was about to lay his hands on the group of beauties and force them into the washing workshop, a thunderous voice sounded in his ears.

“Zhu Yongsheng, come out and accept your death!”

Even though they were hundreds of meters away, the voice was still like thunder, causing Zhu Yongsheng's expression to change.” Who is so bold to behave atrociously in front of the Temple of Immortals?! ”

Because they didn't interact often, Zhu Yongsheng didn't recognize Zhu Wuyan's voice, but the group of beauties recognized it immediately.

” It's His Highness the Crown Prince! His Highness the Crown Prince has come to save us! ”

“I told you that Sir would not allow us to be humiliated. Sir is indeed here.”

“My husband is so weak, and he doesn't have any powerful experts. How could he come here so rashly?”

Looking at the group of beauties who were either surprised, worried, or anxious, Zhu Yongsheng chuckled.” I didn't expect that my cowardly and incompetent brother of the Crown Prince would be so manly one day. It's really unexpected. However, since he wants to come to the Longevity Palace to watch the battle, I'll let him see how I teach his woman a lesson later. “

Chapter 143: Ten Billion Yuan (1)

Zhu Yongsheng led a group of imperial guards and walked towards the palace door in a mighty manner.

Liu Rushi, Song Qingyan, and the others looked at each other for a while before following behind them.

Zhu Yongsheng glanced at them but did not stop them. Later, he wanted these beauties to see with their own eyes how he humiliated Zhu Wuan, this useless crown prince. He wanted to completely destroy their hopes and make them follow him wholeheartedly in the future.

“Boom...”

After taking a few steps, Zhu Yongsheng heard a loud noise coming from the direction of the palace door. It sounded like the door had been shattered.

” What’s going on? Is that bastard Zhu Wuyang smashing my door? ”

Zhu Yongsheng was shocked. He could not care less about walking slowly and quickened his pace as he walked towards the palace door.

“Pa pa pa...”

As soon as he arrived at the entrance of the palace, he saw the two Vein Building guards guarding the entrance of the Longevity Palace smashing down fiercely in front of him.

Zhu Wuan was dressed in a brocade dragon robe. He stepped on the shattered palace door and slowly walked in.”Zhu Yongsheng, how dare you snatch my woman!”

Zhu Yongsheng, who was about to speak, did not expect Zhu Wuyang to snatch his line. He was stunned for a moment before he sneered.”Zhu Wuyang, you piece of trash actually dared to bring people to smash my door. If I don’t break your legs today, you won’t know how high the sky is. Capture this piece of trash for me.”

From Zhu Yongsheng’s point of view, Zhu Wuyang definitely did not have the strength to destroy his palace door and beat up his guards. There must be an expert accompanying him. That was why Zhu Wuyang dared to be so arrogant.

As Zhu Yongsheng’s words fell, two late-stage Cast Pulse inner palace guards rushed over quickly, wanting to grab Zhu Wuyang.

“Bang bang...”

Under the incredulous gazes of Zhu Yongsheng and the group of beautiful women, Zhu Wuan easily sent two late-stage Foundational Pulse inner court guards flying with two casual punches.

One had to know that these two late-stage Foundational Pulse inner palace guards could be considered second-rate experts. With the two of them working together, even some quasi-first-rate experts had to be cautious.

However, these two second-rate experts were actually sent flying by Zhu Wuwan's casual blow. They fell to the ground and could not move.

Then how strong was Zhu Wuyang?

"You ... You..." Zhu Yongsheng pointed at Zhu Wuwan with a face full of shock. "Aren't you a weakling refined from golden bones? How can you be so strong?!"

The group of beauties from the Crown Prince's Palace were also tongue-tied. They could not believe their eyes.

"This ... Is this really His Highness the Crown Prince?"

"Why is the officer so strong? Did I see wrongly?"

"In the past, everyone said that our husband was trash, a coward, and an idiot...I didn't expect our husband to be an expert who endured humiliation."

Looking at the shocked Zhu Yongsheng, Zhu Wuwan sneered and walked towards him. "There are still many things that you don't know. This Prince can't possibly tell you everything, right? Today, are you going to wait to be captured, or are you going to let this Prince do it personally?"

"Haha..." Zhu Yongsheng laughed loudly. "Zhu Wuan, you're done for. You actually hid so much strength. Once Father finds out, you'll definitely die."

"You're just a Quasi-first-rate expert. Don't tell me you've stepped into the Xiantian stage and still dare to be so arrogant in front of me. Today, I will capture him alive on behalf of Imperial Father, cripple your Dantian, take away your woman, and let Imperial Father kill you."

"I originally wanted to spare your life, but it seems that there's no need." Seeing how vicious Zhu Yongsheng was, Zhu Wuwan's expression was cold as he slowly walked towards Zhu Yongsheng.

"Stop him and capture him alive." Zhu Yongsheng's strength was only at the middle stage of the Vein Forging stage. He was not even comparable to the two guards from earlier, so how could he be Zhu Wuwan's match?

When he saw Zhu Wuyang walking towards him, Zhu Yongsheng immediately ordered two early-stage Connate experts to capture Zhu Wuyang.

"Your Highness, kneel down obediently."

"Zhu Wuyang, you exposed yourself too early!"

Two first-rate experts at the initial stage of the Connate Realm leaped up and pounced toward Zhu Wuwan.

Seeing this scene, Zhu Wuwan's expression was calm. He threw out a Double Dragons Playing with a Pearl. From a distance of several meters, he sent two first-rate experts at the early stage of the Connate Realm flying. They fell to the ground and could not move.

Even a first-rate expert at the early stage of the Connate Realm did not manage to take a single move from Zhu Wuwan.

"What?!"

Zhu Yongsheng and the others were dumbfounded by Zhu Wuyang's strength."Zhu Wuyan, you... You're actually a Xiantian expert!"

Zhu Wuwan ignored him and continued to walk steadily toward Zhu Yongsheng.

"Stop him, stop him quickly!" Zhu Yongsheng shouted, his voice filled with disbelief.

Zhu Yongsheng knew very well what it meant to be a seventeen-year-old Xiantian expert.

Several mid-stage and late-stage Connate experts and top-notch experts swarmed forward and pounced toward Zhu Wuwan, unleashing their ultimate moves.

"Iron Chain Across the River!"

"Lion's Roar!"

"One Sword Fairy!" freewebnovel.com

..

Facing the overwhelming number of first-rate and top-notch experts, Zhu Wuwan raised her hand calmly and circulated the Nine Dragon Fist.

"Dragon War!"

The whistling fist force swept through the air and landed ruthlessly on the bodies of several Connate experts around them. These Connate experts were still unable to block Zhu Wuwan's punch and were sent flying in all directions. They landed heavily on the ground and looked like they were about to die.

In the Special Encounter System, all kinds of notifications flooded in.

" Congratulations to the host for killing the first-rate expert Cheng Liyang for the first time in his life. You have received 0.1 Breakthrough Stone..."

" Congratulations to the host for killing the top expert Yuan Xiang for the first time in his life. You have obtained 0.3 Breakthrough Stones..."

In the blink of an eye, Zhu Wuwan had obtained more than one Breakthrough Stone, which was a breakthrough point of more than ten billion. Nearly one of the Breakthrough Stones was forcefully poured into Zhu Wuwan's body, causing Zhu Wuwan's strength, which had originally reached its limit, to soar again.

Just before he headed to the Temple of Immortals, Zhu Wuwan had successfully pulled out the Chakra Meridian at the bottom of the sea and connected it to his central dantian. With the help of the Breakthrough Stone, the Primordial Dao Genuine Qi overflowed from the Earth Immortal Meridian and flowed into the Chakra Meridian at the bottom of the sea. It began to refine and hammer the Chakra Meridian at the bottom of the sea.

The process seemed complicated, but it actually happened in just a few breaths.

What Zhu Yongsheng and the others did not expect was that in just a few short breaths, Zhu Wuyang's strength had broken through another realm and entered a new stage.

However, even if he hadn't broken through, with Zhu Wuyang's strength, dealing with these idiots was just a piece of cake.

Not to mention these idiots, even if all the idiots in the entire Nine Zhao Imperial Palace were tied together, they wouldn't be enough to deal with Zhu Wuwan at this moment. Therefore, it was time to deal with them.

"Congratulations to the host for breaking through to the second level of the Qi Refinement realm for the first time in his life. You have received five breakthrough stones ..."

Chapter 144: I Cultivated the Hulk (1)

After breaking through to the second level of the Refined Qi realm, Zhu Wuyang had obtained five more breakthrough stones, which was more than 50 billion breakthrough points.

As a person of the Immortal Dao, his status was completely different from when he was a mortal. Therefore, his every move could have a greater influence and was more special. Therefore, the breakthrough stones he obtained were also higher.

For example, on Earth, the same thing was done by different people, but the effect was completely different.

An ordinary person eating at a roadside stall on the streets was called life. A billionaire eating at a roadside stall on the streets was called down-to-earth and could be on the news. An ordinary person would only be on the news if they ate until they died, and it would be an odd story.

Different identities and statuses resulted in different results.

Using the two Breakthrough Stones that he had received as a reward, Zhu Wuyang stabilized his current realm. Only then did he look at Zhu Yongsheng, who was dumbfounded and had a terrified expression on his face.

At this moment, the entire Longevity Palace was completely silent. No one had expected Zhu Wuyan to be so powerful.

Zhu Wuyang was only seventeen years old!

What was Mad Emperor Zhu Zhenwu doing when he was seventeen years old? At that time, Mad Emperor Zhu Zhenwu was just a little kid who hadn't even stepped into the continuous casting vein stage. He was still in the tempering stage, fighting with a group of hooligans.

Even so, Mad Emperor Zhu Zhenwu could already be considered the most outstanding member of the Zhu royal family in a hundred years. However, compared to Zhu Wuwan, he was nothing.

"Stop him for me. I'm going to ask my father to kill him!"

At this moment, Zhu Yongsheng also realized the danger. He asked the two remaining peerless experts at the peak of the Connate Realm to stop Zhu Wuyang. He turned around and wanted to run towards the Palace of Heavenly Purity.

"Bang bang..."

However, Zhu Yongsheng had only run a few steps when he saw two people fall down in front of him. These two people were clearly the two peerless experts beside him.

At this moment, they were lying in front of Zhu Yongsheng like dead dogs. They did not move at all and did not buy Zhu Yongsheng any time.

Zhu Wuyang's strength was so terrifying that even two peerless experts could not stop her for a second!

"Plop..."

Zhu Yongsheng knelt on the ground. "I'm fine, my brother. I know my mistake. Please spare my life. I won't bully your daughter again in the future."

"Bang..."

Before Zhu Yongsheng could finish his sentence, Zhu Wuwan's fist landed on his head, killing him with a single punch.

"Congratulations to the host for killing the 44th prince of the Nine Zhao Nation, Zhu Yongsheng, for the first time in his life. You have obtained a Breakthrough Stone..."

Looking at the system notification, Zhu Wuwan could not help but complain. Since there was such a generous reward for killing Zhu Yongsheng for the first time in his life, would there be a reward for killing Zhu Yongsheng for the second and third time in his life?

However, Zhu Yongsheng had already died, so how could there be a second or third time? In that case, should the Special Encounter System give Zhu Wuyang the rewards for the last two times as well?

Or was it possible for Zhu Wuyang to encounter Zhu Yongsheng's soul and reincarnated body in the future, and then kill him twice or thrice...

The special encounter system was sometimes unreliable.

Zhu Yongsheng was one of the most powerful princes in the Nine Zhao Nation. He was even more powerful than Zhu Libo and Zhu Wensi.

In the eyes of Liu Ru, Zhao Yingying, and Song Qingyan, Zhu Yongsheng was clearly one of the most untouchable people in the palace.

But even so, he was still slaughtered by Zhu Wuyan like a dog slaughtering a chicken.

Most importantly, before this, Zhu Wuwan had easily slaughtered a bunch of Connate experts, including top-notch experts at the late stage of Connate and peerless experts at the peak of Connate.

Then what level of strength had Zhu Wuyang reached?

Liu Rushi, Zhao Yingying, Song Qingyan, and the other girls were so shocked that they didn't know where they were.

Seeing the scars on Song Qingyan's face, Zhu Wuwan moved and arrived in front of Song Qingyan. "Qingyan, are you guys alright?"

“Your Highness, we’re fine. You...When did you become so powerful?” Song Qingyan looked at Zhu Wuwan in a daze. He felt the gentle air flow from Zhu Wuwan’s hand and felt the wound on his face disappearing at a speed visible to the naked eye.

Zhu Wuwan used the Primordial Dao True Qi to heal Song Qingyan’s wounds while smiling. “I’ve been this powerful since a long time ago. It’s just that because of Mad Emperor Zhu Zhenwu, I didn’t dare to reveal it.”

” Now, my strength is already unrivaled in the Nine Zhao Nation. That’s why I dare to expose myself and compete with Mad Emperor Zhu Zhenwu. Zhu Yongsheng is just a small worm to me. ”

“Ah...” Upon hearing what Zhu Wuyang said, Liu Ru couldn’t help but exclaim. The other beauties also looked at Zhu Wuyang with sparkling eyes.

They had never thought that their stupid husband, whom they couldn’t help but complain about, would actually be such a powerful figure who could surpass the current generation.

A seventeen-year-old invincible innate expert had never appeared in the entire Nine Zhao Country in the past thousand years.

“Your Highness, Mad Emperor Zhu Zhenwu will soon find out what happened here. Do you want to hide?” Song Qingyan looked worried. The first thing he thought of was the threat of Mad Emperor Zhu Zhenwu.

Zhu Wuyang smiled and touched her little face. “Didn’t I tell you guys just now that my current strength has far surpassed Mad Emperor Zhu Zhenwu? I was originally planning to find time to end things with Mad Emperor Zhu Zhenwu. What happened today can also be considered a catalyst.”

“But Mad Emperor Zhu Zhenwu still has so many peerless experts by his side. It’s difficult for you to fight against four hands with two fists. How can you deal with so many people?” Song Qingyan and the other girls were still worried.

Zhu Wanhao waved his hand. ” Don’t worry. I’ve already considered this. You just have to stay here in peace. ”

After pondering for a moment, Zhu Wuwan led Song Qingyan, Liu Rushi, and the other women to Zhu Yongsheng’s secluded chamber in the depths of the Temple of Immortals. “For the next few hours, you will stay in the secret training room of the Temple of Immortals and lock it from the inside. ”

” The secret training room in the Temple of Immortals is not bad. It is protected by dozens of top-notch and high-level formations. Even if a group of peerless experts

attack it, it will still take a few days to break through. It is much sturdier than the secret training room in the Crown Prince's Palace.

As for the situation in the Longevity Palace, Zhu Wuyang knew it like the back of his hand. After all, Zhu Yongsheng loved beauty and there were countless beauties in the Longevity Palace.

Even if he wanted to play with people, Zhu Wuyang would subconsciously want to play with some good-looking people. Therefore, among the many palaces in the imperial palace, other than the Mad Emperor Zhu Zhenwu, Zhu Yongsheng's head was the greenest. It was almost as green as the Hulk.

Of course, this was not entirely Zhu Wuyan's fault. Zhu Wuyan would not do such a thing that would make it difficult for others. It was all those beautiful women who had not been nourished by Zhu Yongsheng, so they took the initiative to throw themselves into Zhu Wuyan's arms.

Chapter 145: Becoming a Legend for No Reason (1)

Thanks to Zhu Wanhao's understanding of the Temple of Immortals, he had temporarily arranged for his women to stay here.

Just as Zhu Wanhao was about to go to the Crown Prince's Palace to fetch the remaining beauties, he realized that Chu Xia, Lai Chun, and the others were worried about his safety and had already come looking for him.

Zhu Wanhao immediately arranged for them to stay in the secret training room deep in the Longevity Palace. Along the way, they saw the chaotic Longevity Palace and Zhu Wanhao who could come and go freely. Lai Chun, Chu Xia, and the others were a little confused.

It was not until he locked the door of the secret cultivation room and Zhu Wuwan activated the array formation in the surroundings that Lai Chun, Chu Xia, and the other women could not help but ask.

Then, they learned from Song Qingyan, Liu Rushi, and the others that Zhu Wuwan was not only a great expert in the Xiantian realm, but also an invincible expert in the Xiantian realm.

Before they arrived at the Temple of Immortals, they had easily killed a group of first-rate experts, top-notch experts, and peerless experts. Even the master of the Temple of Immortals, the forty-fourth prince, Zhu Yongsheng, had been killed by Zhu Wuwan.

“When we were in the Crown Prince Palace, we thought that Your Highness had just entered the Xiantian stage at most. We didn’t expect Your Highness’s strength to have already reached such a level. Isn’t it too terrifying?”

“Our officer is not a good-for-nothing or a coward. On the contrary, he is a dragon hidden in the abyss, waiting for the day he takes flight.”

” We’ve really profited greatly this time. If husband can successfully overthrow Mad Emperor Zhu Zhenwu and become the new emperor of the Nine Zhao Nation, wouldn’t that mean that we’ll be the favored concubines of the six palaces in the future? That’s great. ”

“If those fellows who left knew how powerful Your Highness is now, they would definitely regret it until their intestines turned green. Fortunately, we will not abandon Your Highness. In the future, we will be able to accompany Your Highness to share glory and wealth.”

As they spoke, the group of beauties became excited. However, someone immediately asked a question that made everyone quiet down.

” How did the crown prince know so much about the Temple of Immortals? Not only did he know where the secret chamber deep inside the Temple of Immortals was, but he was also able to control the array formations around it?

This question was really terrifying.

However, no one had guessed that Zhu Wuan was the strange person who had stirred up trouble in the Imperial City. They only felt that Zhu Wuan had actually figured out the situation of the Temple of Immortals silently. It was really too terrifying.

Since Your Highness knows so much about the Temple of Immortals, does it mean that Your Highness also knows a lot about other palaces, including the Palace of Heavenly Purity? ”

“Now that you mention it, I also think that it’s very possible. If not, why would His Highness be so confident? I didn’t expect His Highness to do so many things in secret at such a young age. He’s really amazing.”

” He’s as shrewd as the sea and has a broad mind. To be able to do this, you can imagine how powerful the Crown Prince is. Once he’s exposed, he’ll shake the entire Southern Wasteland. ”

“Just thinking about how our husband was able to hide for so many years without being discovered by Mad Emperor Zhu Zhenwu, and even being seen as a joke and trash by everyone, you know how powerful our husband is.”

“Your Highness, you’ve worked hard all these years!”

Zhu Wuyang did not expect that an unintentional action would cause such a misunderstanding.

Moreover, with Zhu Wuyan’s ascension to the throne of the Nine Zhao Nation, his scheming and shrewdness once again shook the Nine Zhao Nation and the Southern Wilderness. His original infamy instantly turned into a good name, and even many legends and stories were derived from it.

The more he scolded her back then, the more he would praise her in the future!

Zhu Wuyan’s reputation had completely taken a 180-degree turn. She had become the pearl and legend of the Southern Wasteland, worshipped by countless mortals.

His reputation was so resounding that it was not inferior to Gou Jian and Xiang Yu on Earth.

However, these people didn’t know that Zhu Wuyang wasn’t that powerful. He also didn’t hide for seventeen years and then suddenly burst out and seized the imperial power of the Nine Zhao Nation.

He had only endured for a month or so under the pressure of the Special Encounter System. As for why he knew so much about the Imperial Palace, it was naturally to do something unspeakable.

In the end, all of this turned into a beautiful misunderstanding, causing Zhu Wuyan’s reputation to spread throughout the Southern Wasteland.

After learning about this matter, Zhu Wuyang let it be. After all, this was not a bad thing.

After walking out of the secret training room, Zhu Wuwan realized that the huge Temple of Immortals was surrounded by hundreds of internal experts. Among them, there were dozens of Inborn experts.

Clearly, Mad Emperor Zhu Zhenwu already knew what had happened in the Temple of Immortals. For the sake of his throne, he was prepared to get rid of Zhu Wuyang, this huge threat.

” Zhu Wuyan, you’ve disregarded ethics and killed your own brother. Under His Majesty’s orders, we’re going to capture you and throw you into the imperial prison. Are you going to surrender obediently, or are we going to do it ourselves? ”

Tu Cheng, the vice-commander of the Golden Guards, stared at Zhu Wuan warily as he saw him walk out from the depths of the Longevity Palace. freewebnovel.com

Even the two peerless experts beside Zhu Yongsheng had been easily killed by Zhu Wuwan. Tu Cheng's strength was only at the peak of the Connate Realm. How could he dare to be careless when facing Zhu Wuwan?

"Why isn't Mad Emperor Zhu Zhenwu here?" Zhu Wuyang's expression was calm as he asked curiously.

"How dare you! His Majesty is your Imperial Father, yet you dare to slander His Majesty. Hurry up and surrender." Tu Cheng's expression changed. "Moreover, His Majesty has a body of ten thousand people. Why would he come personally to capture a daring villain like you?"

Zhu Wuwan smiled. "It seems that Zhu Zhenwu is quite cautious. No wonder he can still live for so many years after killing so many children. He has never been assassinated."

"Since he's not coming, then I can only go and find him personally. After being the Emperor of the Nine Zhao Nation for so many years, he should be sick of it long ago. He might as well pass it to me."

Upon hearing Zhu Wuan's words, the hundreds of imperial guards were dumbfounded. They could hardly believe their ears.

Tu Cheng's mouth was wide open. You actually dare to say such disrespectful words. This time, even the heavens won't be able to save you. You're dead."

No one present had expected Zhu Wuyan to make the usurpation of the throne sound so casual. It had to be known that this was in broad daylight, and hundreds of Mad Emperor Zhu Zhenwu's trusted guards were listening.

Truly savage to the extreme!

"Stop talking nonsense with him. Immediately capture this madman without a king or father and send him to the imperial prison for His Majesty to deal with."

Mad Emperor Zhu Zhenwu's loyal dog could no longer endure it and ordered hundreds of palace guards to capture Zhu Wuyang. A large number of experts followed his orders and pounced on Zhu Wuyang in a disorderly manner.

Chapter 146: Indomitable Force (1)

Hundreds of imperial guards had been living together day and night, and they often practiced the joint attack technique. At this moment, under the leadership of dozens of Xiantian masters, they had erupted with unimaginable offensive power.

To put it bluntly, the combined attack of these hundreds of imperial guards was not inferior to the peerless experts who were invincible in the innate realm.

Mad Emperor Zhu Zhenwu was able to suppress the world and shake the entire Southern Wasteland, and these imperial guards under the Golden Guards had contributed greatly.

Facing such an earth-shattering attack, Zhu Wuwan's expression was calm. He activated the Nine Dragon Fist and met it head-on.

After cultivating bitterly for so long and raising his strength to this point, Zhu Wuyang had never had a good battle before. He could take this opportunity to measure his own strength.

"Flying Dragon in the Sky!"

Zhu Wuan's body moved like lightning and instantly met hundreds of imperial guards. Nine dragon-shaped Qi surrounded him and roared as he pounced on all the enemies.

"Bang bang bang bang bang bang..."

Amidst a series of ear-piercing explosions, hundreds of imperial guards were blown away like straws by a hurricane and scattered everywhere in the Temple of Immortals.

"Congratulations to the host for severely injuring the imperial guard Shen Gaoling for the first time in your life. You have received 0.1 breakthrough stone..."

"Congratulations to the host for severely injuring the imperial guard, Li Zhanqiang, for the first time in your life. You have received 0.2 Breakthrough Stones..."

The system notifications flooded in like a flood. In a short period of time, Zhu Wuyang had obtained about ten Breakthrough Stones. Zhu Wuyang did not suppress these Breakthrough Stones. After all, he still had to deal with more imperial guards. He could not suppress so many Breakthrough Stones.

Therefore, during the pause in the battle, Zhu Wuyang quietly absorbed the strange power of breaking through the petrification into his body, further improving his Dao Beginning True Qi and getting closer to the third level of the Qi Refinement realm.

Zhu Wan'an did not kill these palace guards. He only severely injured them. After all, it would not be long before these palace guards became his subjects.

If they were all killed, it would not be beneficial for Zhu Wuyan to rule the Nine Zhao Country.

"Ha..."

Looking at the palace guards who had fallen to the ground, Zhu Wuwan chuckled and walked straight towards the Palace of Heavenly Purity. His speed was neither fast nor slow, as if he was taking a stroll in a courtyard.

" Hundreds of Golden Guards couldn't even block a single move from the Crown Prince. The Crown Prince is actually so powerful. What's going on? "

" Hurry up and report to His Majesty the Emperor. Send more imperial guards to stop His Highness the Crown Prince. His Highness the Crown Prince is too powerful. "

" How can Zhu Wuyang be so powerful? Are my eyes playing tricks on me? "

The surrounding concubines, palace maids, eunuchs...It was a mess, and they didn't dare to get close to Zhu Wuyang.

Zhu Wuan ignored these guys and continued to walk towards the Palace of Heavenly Purity. The Palace of Immortals was about ten miles away from the Palace of Heavenly Purity. With such a long distance, it was unknown how many tigers Mad Emperor Zhu Zhenwu could send to block the way.

" Your Highness, if you don't surrender, don't blame us for being ruthless. "

"Although you defeated 800 of our Golden Guards, we have another 1,500 Golden Guards. You won't be able to reach the Palace of Heavenly Purity."

"How dare you, as His Majesty's son and daughter, disobey His Majesty!"

Mad Emperor Zhu Zhenwu's efficiency was pretty good. In just a few dozen breaths, another 1,500 imperial guards swarmed over and surrounded Zhu Wuan.

The Imperial Guards were under the command of the Golden Guards, and they were the most loyal elite army of Mad Emperor Zhu Zhenwu. There were only 5,000 of them, and the weakest was at the great realm of Cast Meridian.

Faced with the berating of these imperial guards, Zhu Wuwan sneered and pounced towards them.

"Dragon Battle in the Wild!"

"Flying Dragon Claws!"

"Dragon Soars the Four Seas!"

The Nine Dragon Fist, which had already been cultivated to the highest level of the ninth level, exploded with terrifying power in Zhu Wuwan's hands. The dragon-shaped Qi

enveloped a radius of 100 meters. Wherever it passed, the imperial guards were sent flying and fainted.

The notifications from the Special Encounter System continued to come in nonstop. In a short period of time, Zhu Wuyang had obtained about ten more breakthrough stones, and he was getting closer and closer to breaking through to the third level of the Refined Qi realm.

Previously, the 800 imperial guards only lasted three breaths against Zhu Wuan. Now, the 1,500 imperial guards only lasted two breaths.

Stepping on the palace guards who had fallen to the ground, Zhu Wuyang continued to walk forward in a refreshed manner, her footsteps light and steady.

Mad Emperor Zhu Zhenwu's intelligence network was extremely terrifying. Just as the 1,500 palace guards were defeated by Zhu Wuan, in less than seven breaths, Mad Emperor Zhu Zhenwu received the news.

"Damned unfilial son, you actually dare to disobey me like this. Such a traitor should be cut into pieces!"

In the main hall of the Palace of Heavenly Purity, Mad Emperor Zhu Zhenwu roared like thunder, and a faint look of fear flashed across his face.

Even with his invincible innate strength, he was not confident that he could injure more than two thousand imperial guards in such a short time. It should be known that among these two thousand imperial guards, there were about two hundred imperial guards at the innate stage, and there were many peerless experts at the peak of the innate stage.

Furthermore, these palace guards had a tacit understanding. When they worked together, they could easily defeat any peerless expert who was invincible in the innate realm. If Mad Emperor Zhu Zhenwu was surrounded by so many palace guards, he would also die in their hands.

However, not only did Zhu Wuan not die, but he had also defeated more than 2,000 imperial guards in a short period of time. One could imagine how powerful Zhu Wuan was.

He was only seventeen years old!

Was he still human?

In the face of such a monster, Crazy Emperor Zhu Zhenwu was also extremely shocked. Then, his killing intent soared into the sky. For the sake of his throne, he must kill Zhu Wuan, this peerless monster.

Even if Zhu Wuan was his son, even if Zhu Wuan was the most terrifying martial arts genius since the birth of the Zhu royal family, as long as it threatened his throne, Crazy Emperor Zhu Zhenwu would kill anyone.

” Immediately mobilize all the remaining imperial guards. At the same time, mobilize 100,000 imperial guards to surround and kill Zhu Wuyang, that bastard son. We don’t need him alive, as long as we can kill him! ”

Mad Emperor Zhu Zhenwu roared like thunder and no longer concealed his killing intent.

Initially, because Zhu Wuan was his son and also the Crown Prince, and considering that killing too many Crown Princes would affect his reputation, Mad Emperor Zhu Zhenwu wanted to capture Zhu Wuan and throw him into the imperial prison first before finding an opportunity to kill him later.

However, he didn’t expect Zhu Wuyan to be such a huge threat. Since that was the case, it was better to kill him as soon as possible. Mad Emperor Zhu Zhenwu didn’t want Zhu Wuyan to continue living for even a moment.

However, Mad Emperor Zhu Zhenwu would soon realize that since Zhu Wuyang, who had been hiding for a long time, dared to make trouble...One or two months should be considered a long time. Therefore, it was basically impossible for Mad Emperor Zhu Zhenwu to suppress it if the cautious Zhu Wanhao took the initiative to make trouble.

There might only be one outcome waiting for Mad Emperor Zhu Zhenwu.

Chapter 147: Enlightenment and Nirvana (1)

Under the orders of Mad Emperor Zhu Zhenwu and Zhu Wuyang’s deliberate wait, the 100,000 imperial guards quickly surrounded Zhu Wuyang halfway.

The remaining 3,000 imperial court experts were mixed in with the 100,000 imperial guards, and could unleash a fatal blow at any moment.

The inescapable net was nothing more than this!

The entire palace was alarmed. All the princes, princesses, and concubines watched from afar, their faces filled with disbelief.

” Since when did Zhu Wuan cultivate such an earth-shattering martial art? Even more than two thousand imperial court experts couldn’t take him down. This kind of strength is definitely far superior to ordinary invincible innate experts. Even Mad Emperor Zhu Zhenwu probably can’t stop Zhu Wuan. ”

" I've been in hiding for seventeen years, hidden for seventeen years, and humiliated for seventeen years...Zhu Wuyang endured what ordinary people couldn't endure and did what ordinary people couldn't. He's really an earth-shattering hero."

" I've only seen such heroes in history books. I didn't expect that such a monster would be born in the current generation of the Zhu royal family. I'm afraid that Crazy Emperor Zhu Zhenwu won't be able to keep his throne this time. "

" With 100,000 imperial guards and 3,000 palace masters joining forces, it'll be very difficult for Zhu Wuyan to come out alive. He's still too impatient. If he can hold on for a while longer until Mad Emperor Zhu Zhenwu dies, who can stop him from taking the throne? "

"Don't you find it strange? With Zhu Wuyan's strength, if he wanted to head to the Heavenly Pure Palace to deal with the Mad Emperor, he would be able to arrive in dozens of breaths. Why would he take a slow walk? It's like...It's as if he's deliberately waiting for these enemies."

Although many of these princes, princesses, and concubines had a grudge against Zhu Wuyang, Zhu Wuyang had even drawn funny faces, shaved his head, and tied braids on them without them knowing...

However, to be honest, most of the princes and princesses, as well as the concubines in the harem, were happy to see Zhu Wuyan drive Crazy Emperor Zhu Zhenwu out of his position and become the new emperor of the Nine Zhao Nation.

Zhu Zhenwu was crazy and vicious, and his brain was not normal. In just a few decades, he had killed so many children and members of the royal family. Many people wished that he would die as soon as possible so that they could have peace.

After all, not all princes and princesses wanted to enter the Palace of Heavenly Purity, and not all concubines wanted to become the Empress Dowager.

Most of the princes, princesses, and concubines knew their own limitations. They did not have the ambition to become emperors. They only wanted to be a prince of peace in the future and get as much land and wealth as possible. They did not want to stay in the Imperial Palace no matter what. They might face the danger of death at any time.

Therefore, to a certain extent, Zhu Wuan's usurpation of the throne was popular. Not to mention the many princes and princesses, even some imperial uncles and brothers also hoped that Zhu Wuan could successfully usurp the throne and return the Nine Zhao Country a bright future.

They were also willing to follow Zhu Wuan, a wise and mighty emperor who was willing to face the dangers of mountains and rivers.

Now that they saw Zhu Wuan being surrounded by so many imperial guards and imperial guards, they were even more worried.

However, Zhu Wuan's expression was still calm. Not only was he calm, but he also seemed to be looking forward to it.

With so many enemies, if he defeated them all, he would definitely be able to bring him a lot of breakthrough stones.

"Nine Dragon Fist!"

"Illusion God Steps!"

"Skyline and Bright Moon Saber Art!"

All sorts of mythical-level martial arts were casually picked up by Zhu Wuyan and killed their way into the rolling stream of people.

"Release the arrows!"

"Blade and shield hands forward!"

"The imperial guards are waiting for an opportunity to assassinate us!"

There were still famous generals in the Imperial Palace. Under their command, the 100,000 imperial guards and 3,000 palace experts attacked Zhu Wuan in an orderly manner.

Looking at the arrows that filled the sky, Zhu Wuwan let out a long laugh. The Nine Dragon Qi rose into the sky and destroyed all the arrows in the sky. Then, it rushed into the archer formation behind.

"Bang bang bang bang bang bang..."

Amidst the ear-piercing loud noise, nearly ten thousand archers were crushed by Zhu Wuyang like dried weeds and rotten wood, falling all over the ground.

"Congratulations to the host for defeating the ten-thousand-man arrow formation for the first time in his life. You have obtained six breakthrough stones ..."

The notifications from the Special Encounter System rang out continuously. Soon, Zhu Wuyang was given nearly ten breakthrough stones, allowing her strength to reach the peak of the second qi layer and close to the third qi layer.

As Zhu Wuan charged into the formation, he absorbed the strange power that was surging towards him. As he fought, his strength was also increasing at an extremely fast speed.

All kinds of ultimate techniques were casually executed in his hands, like an antelope hanging its horn, almost untraceable.

Countless imperial guards and imperial court experts fell to the ground like cut straws.

Unknowingly, Zhu Wuyang had already immersed himself in it. He had never had such a good time fighting like this before.

Nine Dragon Fist, Tianya Mingyue Saber Technique, Illusion God Steps, Hidden Dragon Beak ... He had already reached the peak of his life.

At the same time, various fist techniques, saber techniques, footwork techniques, and concealment techniques appeared in Zhu Wuwan's mind. These were all precious books that Zhu Wuwan had obtained from the third and fourth floors of the Imperial Library Pavilion. Now, only the essence was left floating in Zhu Wuwan's mind, and then it was integrated into the various martial arts secret techniques that Zhu Wuwan had mastered.

This was an epiphany!

Originally, Zhu Wuan's comprehension ability was already the best in the world. Usually, a casual comprehension could catch up to the enlightenment of an ordinary Heaven's Favorite, not to mention that Zhu Wuan was in a state of enlightenment at this moment, and the speed of comprehension increased by tenfold or a hundredfold.

Jade Book of the Beginning of the Dao, Nine Dragons Fist, Tianya Mingyue Saber Art, Saber Drawing Art, Hidden Dragon Mustard, Heaven Vision and Earth Listening Sutra, Illusion God Steps, Flowing Illusion Shadow Steps ... It spun and interweaved in his mind, fusing with the essence of all kinds of ancient books. At the same time, he also referred to Zhu Wuwan's physical condition.

The various martial arts and secret arts that Zhu Wuyang had mastered began to improve at a terrifying speed. Their power became stronger and stronger, far surpassing what it had been before.

Countless inspirations came from his Niwan Palace. The Dao Beginning True Qi in his middle dantian circulated like a god, and the ultimate moves between his hands were colorful.

All kinds of fist force, saber qi, phantoms...It enveloped half of the Imperial Palace. 100,000 imperial guards and 3,000 imperial experts were surrounded by these fist forces, saber qi, and phantoms ... Under this attack, he basically did not have the

slightest strength to retaliate. He was easily defeated and heavily injured by Zhu Wuyang, falling all over the ground.

This was an unprecedented epiphany!

It was an unprecedented Nirvana!

Once it was successfully completed, Zhu Wuyan would be able to effectively fuse martial arts and immortal techniques, create a complete set of immortal martial arts, and realize the transformation and sublimation of his own strength.

At that time, Zhu Wuyang's strength would at least soar by more than ten times.

The current Zhu Wuwan was already invincible. Once his strength improved, all the mortals in the entire Nine Zhao Country would not be able to stop him.

Chapter 148: Unprecedented

"Congratulations to the host for creating the first Mythical-level martial art, Nine Dragons Divine Fist. You have received two Breakthrough Stones..."

"Congratulations to the host for creating the Mythical Divine Steps for the first time in your life. You have obtained two Breakthrough Stones..."

"Congratulations to the host for breaking through to the third level of the Qi Refinement realm for the first time in his life. You have obtained six breakthrough stones ..."

In this grand epiphany and nirvana, the various martial arts and secret techniques that Zhu Wuwan had mastered improved and transformed. The peerless martial art, Nine Dragon Fist, transformed into the Nine Dragon Divine Fist, the peerless footwork, Illusory Divine Steps, transformed into the mythical-level footwork, Illusory Divine Steps, the peerless mental cultivation technique, Ice Heart Technique, transformed into the mythical-level mental cultivation technique, Black Ice Technique, the peerless martial art, Sword Drawing Technique, transformed into the mythical-level martial art, Sword Drawing Immortal Art, and the peerless secret technique, Heaven Vision and Earth Listening Scripture, transformed into the mythical-level secret technique, Heaven Vision and Earth Listening Scripture...

These martial arts and secret techniques had also effectively fused with some of the essence of the Jade Book of Dao Origin, obtaining a huge transformation and improvement. Their power far exceeded before.

Although it was not a true immortal technique, its power had far surpassed most qi layer immortal techniques and immortal techniques.

Moreover, in this epiphany and nirvana, Zhu Wuwan seemed to have divine help to condense the vitality immortal meridian, breaking through to the third level of the Qi Refinement realm, which was also the last small realm of the initial stage of the Qi Refinement realm.

As long as he could break through this minor realm, Zhu Wuyan would be able to step into the middle stage of the Qi Refinement realm.

He had just entered the path through martial arts not long ago, but his strength had already increased to this extent. This speed could no longer be described as riding a rocket. It was flying at superluminal speed.

Although he had only just stepped into the third level of the Aura Refining realm, the mist of Genuine Qi in Zhu Wuyang's body was already more than two hundred meters in diameter. Whether it was the thickness or purity, it was not inferior to an intermediate stage Aura Refining cultivator.

In other words, although Zhu Wuwan had only just stepped into the third qi layer, his overall strength had already surpassed ordinary fourth qi layer immortal cultivators and could stand on equal footing with fifth qi layer immortal cultivators.

If he were to fully unleash the martial arts and secret arts he had mastered, Zhu Wuwan might even be able to contend against a cultivator at the sixth level of the Aura Refining realm.

In just ten minutes or so, Zhu Wuyang's strength had improved by leaps and bounds. Not to mention in the secular world, even in the cultivation world, she was not among the lowest.

As for the surrounding 100,000 Royal Guards and 3,000 palace experts, they had long been defeated and were scattered all over the ground.

In the Palace of Heavenly Purity, the news was like a ferocious ghost that was urging him to die, scaring even Mad Emperor Zhu Zhenwu into trembling in fear.

" The Temple of Immortals has sent an urgent report. The eight hundred palace experts have been defeated by Zhu Wuyan! "

" The Temple of Immortals has sent an urgent report. 1,500 palace experts have been defeated by Zhu Wuyan! "

" Urgent report from the Warm Sun Palace. The ten-thousand-strong formation of divine archers has been defeated by Zhu Wuyang! "

" Urgent report from the Warm Sun Palace. The 20,000 swordsmen and shieldbearers have been defeated by Zhu Wuyang! "

Until!

" The Warm Sun Palace has sent an urgent report. The 100,000 imperial guards and 3,000 palace experts have been defeated by Zhu Wuyang. Your Majesty, please send more experts to intercept Zhu Wuyang! "

In a short ten minutes, Zhu Wuyang's momentum was like a rainbow. He broke through several checkpoints in a row and defeated five thousand Golden Guards and one hundred thousand elite Imperial Guards...The Golden Guards and the Royal Guards were completely annihilated. They continued to walk toward the Palace of Heavenly Purity firmly and calmly. Their footsteps were not fast, as if they were waiting for Mad Emperor Zhu Zhenwu to unleash all his skills and then defeat them one by one, causing him to completely despair.

Six concubines, three thousand beauties, princes and princesses...Everyone's blood was boiling as they watched. Even those princes and princesses who coveted the throne all stopped at this moment and did not dare to have any other thoughts.

To be able to destroy five thousand internal experts and one hundred thousand imperial guards by himself, they had never even heard of such strength, let alone seen it.

However, a martial arts legend, a peerless expert, had appeared before them. He was about to destroy the crazy emperor that had suppressed them for decades.

In the Moon Capital, the Golden Guards and the Royal Guards that Mad Emperor Zhu Zhenwu relied on were basically wiped out. From then on, Zhu Wuyang walked all the way to the Palace of Heavenly Purity without any obstacles, which made Zhu Wuyang a little disappointed.

It was the safest and most dangerous place in the Nine Zhao Nation, but there were only so few people who stopped him along the way. They did not even consume half of the Primordial Dao True Qi in his body. Was he sure that this was the armed force of the biggest BOSS of the Nine Zhao Nation?

It should be more than that, right?

When Zhu Wanhao arrived at the Palace of Heavenly Purity, he finally knew what Mad Emperor Zhu Zhenwu's remaining trump cards were.

There were hundreds of top martial arts experts and peerless martial arts experts hidden in the Moon Capital, nearly a hundred imperial family elders who were at least at the late stage of the Xiantian realm, and nearly a thousand ferocious beasts that were comparable to Xiantian experts...They were scattered in the vast Palace of Heavenly Purity. A huge top-notch array formation was operating non-stop around them. Together with many experts and ferocious beasts, it could erupt with earth-shattering offensive and defensive power at any time.

A dragon's pool and a tiger's den was nothing more than this!

Even an ordinary cultivator at the early stage of the Aura Refining realm would not be able to do anything to Mad Emperor Zhu Zhenwu. One could imagine how terrifying the defense of the Palace of Heavenly Purity was.

Mad Emperor Zhu Zhenwu stood in the depths of the Palace of Heavenly Purity and looked at Zhu Wuyang from afar. His face was filled with anger." Zhu Wuyan, I thought you had no ambition at all and were a talent that could be nurtured. I didn't expect you to be the second Nineteenth Prince. I should have killed you earlier, just like how I treated the traitor Nineteenth Prince. I fell for the same trick again! "

His words were filled with deep regret. Compared to the threat that the Nineteenth Prince had given him back then, Zhu Wuwan was clearly ten times, a hundred times better.

Moreover, compared to the heavy injuries that Zhu Wuyang had inflicted on him, the Nineteenth Prince was basically just a drizzle.

Mad Emperor Zhu Zhenwu was extremely regretful at this moment. If he had known that Zhu Wanhao was such a terrifying monster, he would not have let Zhu Wanhao live.

He didn't expect that Zhu Wuyang would possess such earth-shattering combat power after such a short period of time. He had far surpassed the invincible emperor of the Nine Zhao Nation, Zhu Zhenwu.

Could it be that Zhu Wuyang had already sublimated the Connate Origin Crystal into Immortal True Qi? Otherwise, how could his strength be so powerful?

However, a seventeen-year-old who entered the Dao through martial arts, did it have to be so exaggerated? It was simply unprecedented!

However, how many steps had Zhu Wanhao taken on the heavenly barrier of entering the path through martial arts? He should have crossed the barrier of spiritual transformation. Otherwise, he would not have been able to ascend to crystal and become qi, nor would he have possessed such terrifying strength.

Even in the historical records of the Nine Zhao Nation and the legends of the surrounding dozens of countries, Mad Emperor Zhu Zhenwu had never heard of such an exaggerated monster and prodigy. This was basically impossible. How did this unfilial son, Zhu Wuyang, do it?

Chapter 149: Destroying the Palace of Heavenly Purity

However, Mad Emperor Zhu Zhenwu did not know that not only had Zhu Wuyang's spirit transformed and ascended to the crystal level, but he had also opened up the middle core, pulled out the spirit, and forged an immortal. He had stepped into the ranks of official immortal cultivators.

Apart from that, Zhu Wuan had broken through three realms in a row and stepped into the third level of the Qi Refinement realm. Even in the cultivation world, his overall strength was not among the lowest.

Looking at the regretful Mad Emperor Zhu Zhenwu, Zhu Wuwan smiled. “” Zhu Zhenwu, you didn't fall for my trick. I never used any tricks. I was just protecting myself! ”

” If you are not crazy, not only will I not become your enemy, but I will also help you bring glory to the Nine Zhao Nation and make it one of the pearls of the Southern Wasteland. ”

” Unfortunately, you're sick, and it's not light at all. Even your brain is damaged, so I can only be your enemy and pull you down from the throne. ”

“Good, good, good. Then I want to see how you, an unfilial son, will break through the layers of arrays and take my throne.” Mad Emperor Zhu Zhenwu was so angry that he laughed.

“Even 5,000 Golden Guards and 100,000 Royal Guards can't stop me. Do you think a mere array formation can stop me?” Zhu Wuwan asked.

“Then come on, you unfilial son!” Mad Emperor Zhu Zhenwu's face was filled with killing intent.

“I know you're trying to provoke me, but I'm here!” Zhu Wuwan nodded.

These days, he had wreaked havoc in the Imperial Palace countless times. He had also come to the Palace of Heavenly Purity many times. How could Zhu Wuyang not understand the array formation of the Palace of Heavenly Purity?

Mad Emperor Zhu Zhenwu thought that with the unparalleled array formations of the Palace of Heavenly Purity and the cooperation of so many experts and mutated beasts, he could even take down an official immortal, let alone Zhu Wuhai.

However, what Mad Emperor Zhu Zhenwu did not know was that Zhu Wuyang's attainments in array formations had already reached the top of the Nine Zhao Country.

As if he was strolling in a courtyard, under the gaze of countless pairs of eyes, Zhu Wuyang stepped into the dragon's pool and tiger's den of the Palace of Heavenly Purity.

“Activate the Mountain Array!”

“Shadow Leopard, attack!”

“Gu worms and poison, follow!”

As Zhu Wuan stepped in, countless attacks swept over in an instant. Array formations, mutated beasts, Connate experts, Gu worms, poisons...It covered the sky and covered the earth, forming an inescapable net. There was almost no gap.

Such an attack had already surpassed the battle formation of 100,000 Royal Guards.

“Nine Dragon Divine Fist!”

Zhu Wanhao smiled as he punched out with the Nine Dragons Divine Fist. It landed on the surrounding empty space. It seemed to be useless, but as the fist force landed, the surrounding high-level array formations immediately collapsed, forming a terrifying energy storm that welcomed the surrounding mutated beasts, Xiantian experts, Gu worms, poisons, and the like.

Give him a taste of his own medicine!

“Boom boom boom...”

Accompanied by ear-piercing explosions, the surrounding array formations, mutated beasts, experts, poisons ... They collapsed one after another and were easily dispelled by Zhu Wuyang.

“Flying Dragon in the Sky!”

Before Mad Emperor Zhu Zhenwu could react, he realized that Zhu Wuwan had already flown a hundred meters into the sky. The attack of the Nine Dragons Divine Fist descended from the sky, and the dragon-shaped energy around it raged and landed on the core of the array formation of the Palace of Heavenly Purity.

“Rumble...”

Accompanied by Zhu Wuwan’s fist force, a large part of the array formation immediately collapsed. The mutated beasts and Xiantian experts inside were severely injured, and they fell to the ground, unable to get up.

“Activate the array formation at full force and kill this unfilial son at all costs!”

Mad Emperor Zhu Zhenwu’s face was filled with shock. He never expected that the dragon’s den and tiger’s den that he relied on would be like tofu in front of Zhu Wuwan.

Even with Mad Emperor Zhu Zhenwu’s shrewdness, he could not help but cry out in fear, ordering all the experts to surround and kill Zhu Wuyang regardless of anything.

Facing the somewhat panicked Mad Emperor Zhu Zhenwu, Zhu Wuwan laughed lightly. He clenched his right fist and slammed it hard on the ground of the Palace of Heavenly Purity.

“Hidden Dragon in the Abyss!”

In the indifferent voice, it was as if thousands of tons of explosives had exploded deep underground in the Palace of Heavenly Purity. The entire Palace of Heavenly Purity began to shake violently.

As the ground shook, the array cores and array bases hidden deep underground collapsed one after another. The array formation of the Palace of Heavenly Purity that Mad Emperor Zhu Zhenwu had been managing for a hundred years completely collapsed, exposing all the Connate Experts and the strange beasts.

“Dragon Soars the Four Seas!”

Before these people could react, thousands of dragon-shaped Qi forces swept out in all directions with Zhu Wuwan at the center. Wherever they passed, the Xiantian experts and powerful beasts were blown away like straws by a hurricane. They were all sent flying and fell hard to the ground, unable to move for a moment.

The Palace of Heavenly Purity, known as the number one dragon’s pool and tiger’s den in the Nine Zhao Nation, was also the most heavily guarded place in the world. It could not even hold on for half a minute in front of Zhu Wuwan before it was crushed by Zhu Wuwan like a piece of rotten wood. It also earned about 20 breakthrough stones.

“Hua...”

Seeing this doomsday scene, the entire Palace of Heavenly Purity fell silent, as did the entire Imperial Palace. Not to mention Mad Emperor Zhu Zhenwu, even the concubines of the six palaces who had witnessed Zhu Wuwan sweep through the Golden Guards and the Royal Guards widened their eyes in disbelief. They stood rooted to the ground, unable to move.

Zhu Wuyang’s strength was beyond everyone’s imagination. Was this still the strength that a martial artist in the pugilistic world could possess? He was sure that this was not the legendary immortal cultivator.

That shouldn’t be the case. After all, it was said that immortal cultivators used magic tools and spells to fight their enemies, unlike Zhu Wuwan, who used martial arts and secret techniques that were clearly the Nine Dragon Fist, Illusion God Steps, and Tianya Mingyue Saber Technique that they knew.

Speaking of which, these weren’t true immortal techniques, so Zhu Wuwan shouldn’t be an immortal.

If he wasn't an immortal and was already so strong, was he still human?

At this moment, there was not a single warrior standing beside Mad Emperor Zhu Zhenwu. Even his trusted eunuchs, trusted palace maids, trusted imperial physicians... They were all heavily injured by Zhu Wuyang, including Zhu Jinzong, Ning Taiyu, and Xin Zhenyong who were already dead...

How could Zhu Wuyan let these fellows who had almost brought death upon her live safely?

Revenge was what Zhu Wuyang wanted to do, no matter who the other party was.

Looking at the slightly pale Mad Emperor Zhu Zhenwu, Zhu Wuwan smiled and walked towards him. "Zhu Zhenwu, what other trump cards do you have? Use them all. Otherwise, you can only watch me take away your throne."

"Zhu Wuyang, do you think you've won? Hahahaha... Other than these trash that you defeated, this one still has a biggest trump card. As long as this one takes out this trump card, you unfilial son will definitely die today!" Mad Emperor Zhu Zhenwu was like a madman as he stared at Zhu Wuan with a cold gaze. He wanted to eat Zhu Wuan's flesh and bones.

Chapter 150: Mad Emperor's Last Card (1)

Zhu Wuyan had already vaguely guessed the last trump card of Mad Emperor Zhu Zhenwu. Furthermore, he had already made preparations while wreaking havoc in the Imperial Palace and the Moon Capital.

If it was as Zhu Wanhao had expected, Mad Emperor Zhu Zhenwu's final trump card should be the Zhu Clan's immortal cultivator who was guarding the Moon Capital. Zhu Wanhao had also tried his best to investigate this immortal cultivator's situation during this period of time, but unfortunately, he had not found anything.

As Mad Emperor Zhu Zhenwu's last trump card, he obviously valued it very much. In the entire Zhu royal family, only he knew the specific information and contact information. Even the elders in the depths of the palace did not know who the immortal cultivator guarding the Moon Capital was.

According to the information that Zhu Wanhao had obtained from various sources, Mad Emperor Zhu Zhenwu had always been in contact with this immortal cultivator alone and did not rely on anyone else. Therefore, no matter how Zhu Wanhao searched the Moon Capital, he could not find the whereabouts of this immortal cultivator.

Helpless, Zhu Wuyang could only make more preparations.

In Zhu Wuyan's opinion, as a powerful immortal cultivator who had descended from the Hundred Poisons Sect, the only way Crazy Emperor Zhu Wuyan could establish a relationship with him was to help him search for various immortal resources and treasures.

Therefore, while Zhu Wanhao was earning breakthrough points in the Imperial Palace and the Moon Capital, he had also plundered dozens of resources and treasures related to the Immortal Dao. Nearly half of them were found in the Palace of Heavenly Purity. It was obvious that Crazy Emperor Zhu Zhenwu had put in a lot of effort to curry favor with the immortal cultivator from the Hundred Poisons Sect.

Therefore, Zhu Wuyan had prepared as many immortal resources and treasures as possible. In addition, Zhu Wuyan was the only official immortal cultivator of the Zhu royal family who had entered the path through martial arts in the past thousand years. Her future was quite promising.

On this account, coupled with the immortal treasure that Zhu Wuyang had offered, the other party should not be so ruthless to him immediately.

Even if Mad Emperor Zhu Zhenwu had a close relationship with the other party, and that immortal cultivator from Hundred Poisons Sect was willing to deal with him for Mad Emperor Zhu Zhenwu, Zhu Wuyang was confident that he could escape. However, he would be hunted down for a period of time. After all, Mad Emperor Zhu Zhenwu still had his blood essence, which could be used to find his location.

Zhu Wanhao had also wanted to retrieve the drop of blood essence that he had left in the palace. Unfortunately, he had not been able to find it. Mad Emperor Zhu Zhenwu had also hidden it very well.

Helpless, Zhu Wuwan could only focus on accumulating her strength. However, she did not expect that she would have to reveal her strength so quickly because of Zhu Yongsheng.

Zhu Wanwan was a man after all. He couldn't just watch his women being abused by others and put a bunch of forgiveness hats on him.

Therefore, even if there was a certain danger in being exposed now, Zhu Wuwan couldn't care less.

" Third Aunt, save me! There's an unfilial son who wants to slaughter our Zhu Royal Family! "

Just as Zhu Wanhao had expected, after Mad Emperor Zhu Zhenwu saw his strength with his own eyes, he did not have the slightest intention of competing with Zhu Wanhao. He immediately sought help from the immortal cultivator hidden in the Moon Capital.

Although they were somewhat disdainful of Mad Emperor Zhu Zhenwu's act of directly asking for help without even making a move, upon hearing this deafening cry for help, the expressions of everyone in the imperial palace who had some understanding of the existence of immortal cultivators changed.

"As expected, this is the trump card of Mad Emperor Zhu Zhenwu. So there really is a legendary immortal cultivator guarding our Moon Capital. No wonder Mad Emperor Zhu Zhenwu dared to be so unscrupulous all these years."

"Damn it, if Zhu Wuyang is killed by that immortal cultivator, we will have to live such a miserable life in the future. Zhu Wuyang is really an idiot. Since he has such terrifying strength, why didn't he secretly assassinate Mad Emperor Zhu Zhenwu? That way, even if that immortal cultivator seeks revenge on him, we won't have to suffer from Mad Emperor Zhu Zhenwu's oppression anymore. "

"The Crown Prince is finished. Although he is invincible in the secular world, he has no power to resist a true immortal cultivator."

"It's good that Zhu Wuyan can't get the throne. That way, we'll have a chance. However, after this matter, I'm afraid that Mad Emperor Zhu Zhenwu will be even more wary of us. What should we do? Zhu Wuyan is really a good-for-nothing who can't do anything but spoil things. "

Everyone was extremely fearful of the legendary immortal cultivators. No one thought that Zhu Wuyang could fight against a real immortal cultivator. After all, how could ordinary mortals be compared to immortals?

They had never thought that Zhu Wuyang had already transcended the mortal world and become an immortal. He had stepped into the ranks of immortal cultivators, and he had entered the path through martial arts.

Even Zhu Wuan, looking at the high-spirited and confident Mad Emperor Zhu Zhenwu, became a little nervous for a moment. He anxiously waited for the hidden immortal cultivator to appear.

The entire palace was silent!

"Hu..."

Without a sound, an old woman with white hair appeared above the Palace of Heavenly Purity. Even Zhu Wuyang did not see her clearly.

She was standing on a dragon-headed walking stick, standing in the sky. Her face was cold, and her body was emitting terrifying power fluctuations.

That fluctuation was more than ten times stronger than Zhu Wuyang's. In other words, the difference in strength between Zhu Wuyang and this old woman was at least ten times.

If the other party wanted to kill him, the chances of success were at least 60%. This immortal cultivator who guarded the Moon Capital was even stronger than Zhu Wuwan had imagined.

In Zhu Wuan's opinion, the other party was at least a cultivator at the late-stage of the Qi Refinement realm or above. There was even a certain possibility that he had reached the perfected Qi Refinement realm.

The Refinement Stage was divided into ten levels. The first to third level was the early stage of the Refinement Stage, the fourth to sixth level was the middle stage, the seventh to ninth level was the late stage, and the last level, the tenth level, was the grand completion of the Refinement Stage.

Only by stepping into the great circle of Qi Refinement could one be able to condense Celestial True Essence. After stepping into the Foundation Establishment stage, one's lifespan and strength would skyrocket.

With Zhu Wuan's current strength, he could at most dominate the middle stage of the Qi Refinement realm. How could he be a match for cultivators above the late stage of the Qi Refinement realm? It was already very good that he could escape from them.

Not to mention the old woman in front of him. Even among late-stage Aura Refining cultivators, she should be a top-notch existence.

From this, it could be seen that the Zhu Clan of the Hundred Poisons Sect was very concerned about the Zhu Royal Clan here. It was really extravagant and wasteful to send such a great expert to guard the Moon Capital.

According to Zhu Wanwan's previous speculation, under normal circumstances, the Hundred Poisons Sect would be able to send out cultivators in the early stage of the Aura Refining realm to suppress all the demons and monsters in the Nine Zhao Nation. However, since the Zhu royal family of the Nine Zhao Nation was a secular branch of the Hundred Poisons Sect's Zhu family, the other party would probably send out cultivators in the middle stage of the Aura Refining realm to guard the place.

However, Zhu Wuan did not expect that the Zhu Clan of the Hundred Poisons Sect would be so wealthy that they would send a great expert at the late-stage of the Aura Refining realm to guard the Moon Capital.
