### Chapter 191 Heavenly Spiritual Jade Pond

Yi Tianyun followed the elder through a long pathway inside the Chief's Pavilion. Soon enough, Yi Tianyun entered a special path different from the other path he has crossed.

The surrounding looked totally different, there was Divine Rune engraved along the side of the pathway, which seemed to be a countermeasure for an intruder, but Yi Tianyun didn't know for sure what the Divine Rune was used for as he didn't have any interest on them for the moment.

"Beyond here lies the Heavenly Spiritual Jade Pond. Come, let's get you inside!" the elder took him to the door where two guards at Core Condensation Cultivation Stage were standing by.

"Elder Yun, what's the occasion?" asked the guard to the Elder.

"This is the Winner of Star Pavilion Divine Rune Tournament, he is here to redeem his reward." Elder Yun said while taking out the token previously given by Yi Tianyun to him.

"He's eligible for using the pond for 5 days, Pavilion Lord Li himself is the one who issues this reward." Elder Yun explained the situation to the guards.

The Guards took the token from Elder Yun and scrutinized it.

"This is indeed the token from Pavilion Lord Li, according to the reward, you can freely use the pond for 5 days." The guard said while pushing the double door behind them.

As the door opened, a strong wave of spiritual energy hit Yi Tianyun, it was a refreshing wave as if encouraging Yi Tianyun to enter immediately.

The Spiritual Energy here was clearly purer than in the Heavens Immersing Ancient Ruins, it was more powerful and concentrated here!

As the door opened enough for 1 person, the guards hurriedly urged Yi Tianyun to enter and promised to open the door again in 5 days. Yi Tianyun nodded his head in understanding and entered the place immediately.

As Yi Tianyun arrived inside the pond, he felt in awe. The place was undoubtedly beautiful and full of spiritual energy. The pond itself wasn't a pond at all, it was a lake!

The surroundings of the lake were full of beautiful plant that seemed to be a high-quality spirit medicine plants, some of them were even 5th Grade Medicinal Pills.

Yi Tianyun immediately observed the place with his appraisal eye, and the info immediately appeared.

Heavenly Spiritual Jade Pond: 5th Grade Spiritual Veins. Produce 5th Grade Spirit Medicine. The abundant Spiritual Energy surrounding the veins made it suitable for the cultivation of Spirit Core Stage.

"I only 5 days, I can't waste any more time!" Yi Tianyun said to himself. He immediately sat and started to meditate, while doing so, he quickly gained exp.

'500 Exp, 300 Exp, 460 Exp, . . . '

The spiritual energy gradually poured onto him, he hasn't even begun yet! He activated his Crazy Mode and Absorbing Stars Great Technique, and immediately he received a huge amount of experience at once!

'32.000 Exp, 35.000 Exp, 34.000 Exp...'

While absorbing the Spiritual energy Yi Tianyun thought to himself on how to obtain more experience quickly. He thought that he needed to level up Absorbing Stars Great Technique, but it required too many Crazy Points to do so.

He immediately noticed that the Absorbing Stars Great Technique wasn't his main source of Exp, most of his exp was from Dark North Divine Art! Without it, the Absorbing Stars Great Technique wouldn't turn Spiritual Energy into Exp!

He weighted it all over while absorbing the spiritual energy inside the pond. As the day passed, pleasant info suddenly appeared.

‘DING’

‘Congratulations to the host successfully promoted to Seventh Level Spirit Core!’

After he leveled up, Yi Tianyun gave up on using the Crazy Mode as it consumed too many crazy points. He inspected the Dark North Divine Art to see what he could do right now. He noticed that the skill required 7.000 more mastery points to level up!

“If it’s just 7.000 Mastery Points, I can level it up myself, can’t I?”

“Oh well, I’ll set that aside, I needed to continue absorbing exp for now!” Yi Tianyun thought as he still hasn’t made up his mind just yet. At the end of the day, he rechecked the skills to plan his next move.

He noticed that the skills had 3.000 more mastery points than before. This info surprised Yi Tianyun a little bit, even though he gained mastery points relatively fast, but it was still not enough for him.

“Forget it, I need to level this up fast!” He said while opening the shop and purchased the Middle-Grade Earth Level Dark North Divine Art for 300.000 Crazy Points.

He immediately fused the one he bought just now with his own.

‘DING’

‘Successfully Fuse Dark North Divine Art! Received 5.000 Mastery Points!’

‘DING’

'Successfully promoted Dark North Divine Art into High-Grade Earth Level Martial Art! Enhance the absorbing speed six times! The next level required 1.000.000 Mastery Points.'

"Great! Finally, level up the damn skill! I am eager to know the effect now!" Yi Tianyun said excitedly.

## Chapter 192 Keep Increase the EXP Rate

The effect of Dark North Divine Art has tripled compared to before Yi Tianyun level up, it now had the effect of absorbing six times the experience!

Yi Tianyun was really happy about this development and immediately absorbed the spiritual energy again, the amount of Energy being absorbed causing a vortex of spiritual energy constantly spiraling toward Yi Tianyun with great speed!

'12.000 Exp, 13.000 Exp, 12.800 Exp, . . . '

The amount was really on a whole different level than before, but Yi Tianyun thought that Dark North Divine Art still had some untapped potential that he couldn't access right now, because the Absorbing Stars Great Technique couldn't keep up with the amount of Exp provided by Dark North Divine Art.

He frowned upon realizing this piece of information that was crucial as of now, he was in a place that could provide him a bountiful of experience.

He immediately realized that he had another type of energy collector skill that he hasn't used yet.

"I forgot! I still have the Heavens Devouring Divine Secret Art! The description says that this skill could enhance the amount of spiritual energy I can absorb, well now is the time to try it out!" Yi Tianyun said while immediately activating the skill.

Almost instantly, the vortex of spiritual energy that spiraling toward Yi Tianyun became faster and a lot wider than before, meaning that the amount of exp he absorbed now has been enhanced by several times.

'23.000 Exp, 24.000 Exp, 22.000 Exp, . . .'

This is the maximum amount that he could absorb as of now, but Yi Tianyun didn't want to waste this precious chance, considering he didn't know when the opportunity to enter a place of high density of spiritual energy like this would happen again in the future!

"Crazy Mode, Activate!" He shouted.

The experience he got exploded beyond belief!

'180.000 Exp, 182.000 Exp, 178.000 Exp, 190.000 Exp, . . .'

He didn't stop there. He immediately activated all the Exp Card that he had at the moment. He used a 20x Exp Card and a 10x Exp Card, making the Exp he got skyrocketed once again!

'1.289.000 Exp, 1.198.000 Exp, 960.000 Exp, . . .'

Yi Tianyun was excited as he knew that he would be leveling up anytime soon!

However, as Yi Tianyun excitedly absorbed a crazy amount of Spiritual Energy on the pond, the spiritual energy on the place itself began to diminish and dried out. The water at the pond began to recede, and the grassland around it gradually became barren.

As the day pass, a sweet sound was finally heard by Yi Tianyun.

'Ding'

'Congratulations to the host successfully leveled up to Eighth Level Spirit Core!'

After almost 4 days, he successfully leveled up twice in this place, which was totally an excellent outcome for Yi Tianyun. But he still felt kind of bad, that he didn't have Exp Card anymore that he could use to increase the amount of exp he could get.

He kept thinking of a way to increase the amount of exp rate he could get when suddenly he remembered that he still has an unused Enhanced Lottery Roulette Ticket he could use.

He immediately activated his Lucky Aura to increase his luck, and then he used the Enhanced Lottery Roulette.

After spinning quite rapidly, the arrow slowed down to a standstill point, and it stopped at Special Item!

Yi Tianyun suddenly received a box in his inventory, which took him by surprise. He knew that a special item really was special, as in 'only below divine ability' kind of special! He couldn't wait any longer and immediately opened the box revealing the item inside.

'Phoenix Wing (Not Upgradable)'

'Effect: Enabling the wearer to fly at a certain speed.'

Yi Tianyun was shocked! He didn't expect to get a special item that would allow him to fly! Normally, the ability to fly wasn't available in the lower level. It will be usable after reaching a Core Transformation, which was still far away for Yi Tianyun.

Yi Tianyun was satisfied, even though he didn't get the Exp Card, he still found something precious! When he walked toward the pond, he suddenly slipped and immediately sunk into the bottom of the pond!

He was trying to swim upward when the water began to form a vortex that sucked him into a tunnel. After a while, he finally was thrown outside by the water vortex.

Yi Tianyun was confused, as he didn't sense any danger earlier. After opening his eyes, he was surprised once again!

He was in a whole new area, he didn't recognize the place he was currently in. The place was adorned in a beautiful flower patch and a jade stone door.

Yi Tianyun looked around the place, and he couldn't find any exit except for the Jade stone door. He immediately noticed that his lucky aura was still activated, meaning that he entered this place by a stroke of complete luck!

He already explored all the nooks and cranny of the Heavenly Jade Pond and not once that he found this place, yet once he activated his lucky aura, he somehow found this place!

### Chapter 193 Water Crystal Coffin

Within the next few moments, a hole appeared once again in the spot that he was thrown out from the water vortex before. This meant that the hole could be used to return to the pond!

From the look around this place, he knew that Star Pavilion didn't know about this place. The amount of wild grass and the lack of guards completely affirming that. Unlike the previous area, the amount of medicinal herbs in this place was blooming plentifully.

Yi Tianyun couldn't stop himself from collecting all that he needs as no guards were telling him otherwise!

Once he was done harvesting medicinal herbs, he knocked on the door and shouted for any kind of answer from behind the door, and he got nothing but silence from it. Once he was sure there was no one behind the door, he opened it carefully to anticipate any sort of traps that could be waiting for him.

Once he was convinced that the entire place was saved, he walked in the room and the room immediately lit up brightly. The light was coming from the Jade Spiritual Stone that adorned the room!

Yi Tianyun thought to himself that no wonder the pond had so many Spiritual Energy, this place was covered in Jade Spiritual Stone!

As he proceeded further into the room, he noticed a separate room that is much colder than the one he was currently in, while the cold was not freezing for Yi Tianyun, this for an average human, even a body refinement cultivator will freeze in no time on this temperature! He walked inside to examine the cold room, as to find anything for himself.

He immediately noticed that in the center of the room laid a water crystal coffin, the same as the one used by the Old Ancestor of the Profound Azure Mansion. Yi Tianyun immediately checked the coffin to know about the person lying inside, only to find a body inside the coffin. The body was of a beautiful woman and she was surrounded by a white lotus inside and outside the coffin. As Yi Tianyun inspected the white lotus, he noticed that the white lotus was a very rare lotus called Ice Heaven's Snow Lotus!

This lotus was an ingredient for a 5th Grade Spirit Medicine, Yi Tianyun didn't know what the use of these flowers for a lifeless woman was. She didn't exert any spiritual aura at all!

It seemed that whoever put the body here, was trying to preserve the body. The Ice Heaven's Snow Lotus and an abundant amount of Spiritual Energy would maintain the woman's body until the vein was destroyed!

Yi Tianyun immediately paid respect to the woman in the coffin as he didn't want to disrupt someone else's grave. He stopped looking around the coffin, respecting the grave. He instead roamed around the room for something else he could find.

He immediately noticed some words engraved into the wall. The words written were 'Snow Lotus opened and Life restarted!' Yi Tianyun read the words loudly as he didn't know the meaning of the word itself.

Suddenly a sound of ice breaking could be heard closely behind his back. Yi Tianyun quickly turned around and see that the Ice Heaven's Snow Lotus outside the coffin was starting to bloom. He was surprised, he didn't know what the meaning of this blooming lotus is.

Yi Tianyun thought over the words carefully, leading him to the conclusion that when the lotus was blooming, the woman will come back to life. But that was impossible, the dead couldn't be brought back to life! But he couldn't help himself to think about what would happen and what will he do if the woman actually come back to life.

He was just smiling to himself, thinking how silly his train of thought was. He started to walk toward the exit of the room when suddenly a loud crack was sounded in the direction of the coffin. Yi Tianyun reflectively turned around and saw what the source of the sound was!

Yi Tianyun immediately turned pale, once he noticed that the coffin lid was wide open! He also noticed that the woman inside was slightly moving, like a waking up movement after a slumber!

Yi Tianyun was asking himself what would he do now, will he run outside and returned to the pond and left this woman alone, or will he dare to confront the woman and fight her if she turned out to be an enemy.

When he was busy thinking about his next move, the woman was finally able to open her eyes. Her blue eyes were staring right to Yi Tianyun. She immediately sat and looked at Yi Tianyun with confusion.

This look that the woman gave, slightly gave Yi Tianyun chill! He couldn't help but think what the woman truly was? Was she a human? Or was she a ghost?!

#### Chapter 194 I Am Not Your Brother

The woman began to stretch out her body like a normal person who just woke up would and Yi Tianyun immediately could feel an aura coming from her like a living person had.

The woman looked around a little bit and returned her gaze back to Yi Tianyun, and she immediately smiled when their eyes met. Her smile was so beautiful, Yi Tianyun even unconsciously let his guard down in front of this woman.

"Brother, you finally came!" the woman said to Yi Tianyun excitedly.

Yi Tianyun was confused about her word, he didn't know her and why would she think of him as her brother.

"Brother? Who? Me? I am not your brother, lady." Yi Tianyun said to the woman politely.

“Why would you say something so stupid, brother? Of course, you are my brother! If not, why would you even guard me while I am asleep?” the woman said cheerily.

“I am so sorry, lady. I am here only to sightseeing around. I am truly not your brother.” Yi Tianyun said, still feeling confused by the woman’s eagerness.

“Stop joking, brother, I am happy that you are here!” The woman said while eagerly trying to stand up from her coffin.

However, she immediately falls afterward, as she was in slumber for too long.

Luckily, Yi Tianyun was fast enough to catch her, he grabbed the woman and lean her over to her coffin once more.

“Are you okay?” Yi Tianyun asked worriedly.

“I am fine, it’s just that I ‘m a little bit tired. Where are we going now?” the woman asked enthusiastically.

“Lady, I really am not your brother, you are mistaking me for someone else!” Yi Tianyun said while looking serious this time.

“How is that possible? I remember you said that we would be going to find my happiness, and I am only happy while I am with you!” She said speedily, she suddenly stopped and reached out her head as if trying to say that her head hurt.

“Lady, are you okay?” Yi Tianyun said while looking her up with his Appraisal Eye. Yi Tianyun was shocked by what he saw. The woman in front of him already reached Fifth Level Core Transformation! She didn’t seem to be older than Shi Xueyun and she already reached this level! This is very strange!

“You really are not my brother?” The woman said while holding her head up.

“No, I am not! I already said it from the beginning!” Yi Tianyun said in a hurry.

“Then, who am I?” The woman said while looking so sad and gloomy.

Yi Tianyun didn’t know what to think of this situation, but he immediately noticed the blooming Ice Heaven’s Snow Lotus on the coffin, and he immediately reached out to one of them and stuck it to the woman’s hair. A cold aura was quickly emanated from the flower and the aura seemed to be stabilizing her condition a little bit.

“Thank you!” She said while looking a bit surprised herself, probably because her headache suddenly disappeared.

“I remember a little bit about myself. My name is Ren Zhirou, from...” she said while closing her eyes, trying to remember her memories. She looked in so much pain while doing so!

“Slow down, don’t rush yourself to remember! You might hurt yourself in the process.” Yi Tianyun said while trying to comfort her.

“Brother! My head is hurting again!” The woman said while holding up her head again.

Yi Tianyun immediately laid her down on her coffin.

“You should lie here for a while, you’re just awake from a long slumber here, so your memories may be jumbled now. Rest and try to remember later.” Yi Tianyun said with an authoritative voice.

Ren Zhirou only nodded her head and lie down once again inside the coffin. After she fell asleep, Yi Tianyun didn’t leave the room like he initially would. Instead, he continued absorbing the spiritual energy around him inside the room itself. He couldn’t waste any more time wandering around the place.

Yi Tianyun was really satisfied to level upon this place, he will ask the elder or the guards outside later regarding how to enter this room again in the future.

He looked at Ren Zhirou, and it seemed her headache has already subsided. But, he was almost out of time, he has been here for 5 days. He had to get out of this place as soon as possible!

Fortunately, Ren Zhirou woke up again not too long after.

“Brother, I already feel much better! Where are we going now?” Ren Zhirou asked Yi Tianyun excitedly.

“Where do you live? Did you remember anything else from your past?” Yi Tianyun asked politely.

“Where do I live? I... I don’t think I remember! Don’t you know our home brother?” Ren Zhirou asked Yi Tianyun excitedly.

“I don’t know anything!” Yi Tianyun said straightforwardly, “We need to figure this out later, for now, I need to get back to the pond!”

Ren Zhirou only nodded her head and followed Yi Tianyun through the path leading back to the hole in the ground.

“Brother? Is this the place where you came from? Can you really go out that way? isn’t the exit over there?” Ren Zhirou said while pointing toward a wall.

Yi Tianyun thought over his way of thinking and chose to follow Ren Zhirou’s word.

They jumped into the water near the wall that Ren Zhirou pointed to and Yi Tianyun could feel that he was immediately sucked in by the vortex again.

He arrived at a small pond that seemed to be near the chief pavilion’s place. The small pond was covered by rather thick vegetation so it was a little hard to find by the people intentionally tried to find it.

“This is so cool, now I could level up inside whenever I want!” Yi Tianyun said while getting excited himself.

## Chapter 195 Invitation

Yi Tianyun found another exit! He felt a surge of excitement from this, because the Star Pavilion didn't know about this entrance, so he could abuse the pond to level up in the future! He planned to get back here once he was in the Peak Spirit Core, so he wouldn't waste any item before that.

"You stay here, I will return shortly!" Yi Tianyun said to Ren Zhirou as he descended back into the water.

"Sure!" Ren Zhirou said while frowning a little bit. She has just woken up, there was so much she wanted to know, and so far, Yi Tianyun only ignored her and told her to wait.

As Yi Tianyun left the room, he immediately went back to the pond using the water tunnel and as he returned to the pond, he could hear Elder Yun called him from outside, as the time limit has passed.

Elder Yun was a bit relaxed as he saw Yi Tianyun swimming towards him from the water.

"This place is too fascinating, I am sorry for forgetting the time!" Yi Tianyun said politely.

"It's okay, Young Master Yi. But you already absorbed almost all of the Spirit Energy here, this place would need time to regenerate after this." Elder Yun said, sounding a little bit helpless.

Yi Tianyun looked around, and sure enough, the Spirit Energy in here already thinned out considerably from when he first arrived.

"I didn't think that I absorbed that much, really." Yi Tianyun said as he thought that the place was already thinned out, to begin with.

"Yes, Heavenly Jade Pond wasn't like what it was before, the recovery of the spiritual energy was getting slower significantly. By the rate you are absorbing the spiritual energy, the spiritual energy in this place would deplete soon!" Elder Yun said to explain the pond's problem. He then directed Yi Tianyun to exit the place.

“Elder Yun, how could I enter the pond again in the future?” Yi Tianyun asked politely.

“We usually charge the cultivator who wants to enter by demanding a soul tool. A low-grade soul tool for half a day, and a middle-grade soul tool for 2 days.” Elder Yun said while smiling lightly.

“The price is reasonable.” Yi Tianyun said also looked like he was thinking of something.

“The price is surely not high, but there is a maximum time limit in place here. The spiritual energy in the pond was limited for 10 days top, and considering the slow recovery speed of the pond now, after the 10 days limit was reached, we have to wait for a few months before letting another person enter the pond.” Elder Yun explained solemnly.

“Well, that is unfortunate!” Yi Tianyun said while sighing. He thinks that his plan to use the pond sneakily was a little bit ruined, the pond’s state was already in tatter!

There was no way he could use it without coordinating with Star Pavilion!

“Yes! That’s why the place was becoming restrictive over time. Without special permission from Pavilion Chief Li, it’s becoming a little impossible to enter!” Elder Yun said with a smile, “But Young Master Yi does not need to worry! Pavilion Chief Li told me to give you this token once you came out of the pond.” Elder Yun said while giving Yi Tianyun a token.

“This token is a Guest Elder Token. He and I hope that you can become our Guest Elder, and we wouldn’t expect anything in return!” Elder Yun said while smiling warmly.

“It seems like just you got a new Guest Elder in the house!” Yi Tianyun said while smiling lightly.

Although Yi Tianyun got a bad first impression from the Zhu Family, the Chief Pavilion Li himself wasn’t that bad! And he needed to make a good relationship here in Heavenly Border Continent, and Star Pavilion was a good place to start!

“Guest Elder Yi, I welcome you to Star Pavilion! From now on, you are the youngest Guest Elder here in Star Pavilion!” Elder Yun said brightly.

"It's my pleasure!" Yi Tianyun said. Yi Tianyun already expected this kind of treatment, with his age, there was no one else who was as good as him in Divine Rune Mastery!

"Pavilion Chief Li also wishes you to stay a little bit longer and attend the VIP dinner that would be held tomorrow night." Elder Yun said expectantly.

"Ahh, I am very sorry. There is another thing that I still need to do later." Yi Tianyun said apologetically.

"If that is the case, it's fine. You can participate again in a few months! This VIP dinner is very grand, even the Netherworld Empire will attend the dinner. So, I wish that Guest Elder Yi could participate next time for this rare opportunity." Elder Yun said with a smile.

"Netherworld Empire?" Yi Tianyun said a little bit surprised. The Netherworld Empire was known for its strong and demanding behavior, if they came to this VIP dinner, it would be interesting!

"Yes, they usually sent their minister here as a delegation, and it seems that tonight they have something important to announce." Elder Yun said wonderingly.

"I will try to attend the next time." Yi Tianyun said solemnly, he really wasn't able to attend tomorrow, but if it was next month, he maybe could attend.

## Chapter 196 Coercing

After saying his goodbyes, Yi Tianyun quickly returned to the bamboo forest, where he told Ren Zhirou to wait earlier. When he arrived at the small pond, he was a little bit surprised to find 2 unconscious muscular men by the pond. He immediately asked Ren Zhirou for what was going on here.

She just shrugged her shoulder and said that she only defended herself, as the man tried to drag her somewhere, and she already said that she must wait for Yi Tianyun's return first.

“These people here are bandits! You didn’t do anything wrong, but next time tying them up would be sufficient.” Yi Tianyun said to Ren Zhirou, this couldn’t be helped, Ren Zhirou was already at Fifth Level Core Transformation!

“No matter! Let’s go back!” Yi Tianyun said while taking Ren Zhirou by hand and walked toward where Yi Yuwei lived.

Yi Tianyun already explained to the Yi Sisters that he would be going to Star Pavilion to receive his reward, he couldn’t find any good reason to tell them for taking someone back with him.

As they walked toward Yi Yuwei’s house, Yi Tianyun noticed that Ren Zhirou was thinking of something.

“What are you thinking of?” Yi Tianyun asked casually.

“There is something that I vaguely remember but can’t place it just yet.” Ren Zhirou said wonderingly.

“It’s okay, just think slowly. We can’t have you hurt your head again!” Yi Tianyun said, reprimanding Ren Zhirou.

When they arrived at the house, Yi Tianyun immediately felt something was off! He couldn’t feel the two sister’s aura anywhere near the house! As he entered the house, he found a trace of struggle in the rooms. He instantly looked gloom, who dare to attack his place and took his people!

He looked around, and sure enough, he found a message directed to him saying that the two sisters were brought to the Rainy Mountain, and Yi Tianyun must come alone to save them. There was no signature as to who was doing all this, but all he could think of was either Lin Li or Wang Family Head was the one behind all this. They are the only ones Yi Tianyun could think of.

“Just you see! If the girls were hurt even just slightly, I would kill all of you!” Yi Tianyun said while his eyes were burning in hatred.

“Brother, what’s wrong?” Ren Zhirou said as she finally entered the house.

"I want to kill someone bothering me! are you coming?" Yi Tianyun said fiercely.

"Of course, brother! If you want me to go, I will go!" Ren Zhirou said lightly.

Yi Tianyun nodded his head and then flew off using his Phoenix Wing to the Rainy Mountain with Ren Zhirou in his arms. He wanted to end this as soon as possible.

He immediately landed on the corner of the Rainy Mountain and put away his Phoenix Wing. He immediately covered the whole mountain with his Spiritual Aura as he searched Yi Yuwei and Yi Yuxuan in anger. Soon enough, he found where they were and the captor that held them. He noticed that one of the captors was none other than Lin Li, as he predicted.

He quickly rushed to their position, as he didn't want to waste any time. As he closed in on their position he could hear a loud cry by one of the sisters inside the cave.

"Stop that, we still need them for the brat!" Lin Li said in anger.

"Why? I really want to touch them!" Wang Shui said, feeling dissatisfied by Lin Li.

"Young Master Lin, as you said yourself, the brat's cultivation was weak! Why would you look at him with high regard?" Wang Qing said in disdain.

"I suspected that the brat has a helping hand, there is no way he could reach such level without someone helping him!" Lin Li retorted.

"Anyway, we aren't getting anywhere by standing here! He wouldn't come!" Wang Shui said coldly.

"What do you wanna do to Elder Yi!" Yuwei said coldly.

"Who said you can talk!" Lin Li said as he slapped Yi Yuwei's face.

“That brat sure has good eyes, these girls were the flower of Zhu Family!” Wang Qing said creepily.

“We are no longer related to the Zhu family! We already abandoned it and join the Yi Family instead! If Elder Yi comes, you guys are dead!” Yuwei growled.

“Sure, if he doesn’t come, I will thoroughly enjoy you two!” Lin Li said while grinning.

“Go ahead! I want to see you enjoying your life while you still can!” Yi Tianyun said as he finally arrived at the mouth of the cave.

The sudden appearance of Yi Tianyun surprised everyone, as nobody in the room sensed him coming.

“Elder Yi!” Yi Yuwei shouted as she was relieved to see Yi Tianyun came to save them. But she couldn’t deny that she was worried about Yi Tianyun’s safety, these three had high cultivation!

“You came really fast! Did you come with someone? If you do, don’t blame us for killing these two flowers!” Wang Shui said while chuckling evilly.

“If you hurt them even slightly, you are all dead!” Yi Tianyun said while releasing his killing intent!

## Chapter 197 Instantaneous Suppression

“So, what now, kid? If you don’t obey me, I will kill them!” Wang Qing said with a sneer.

“Elder Yi, don’t listen to them! If they capture you, it’s all over!” Yi Yuxuan and Yi Yuwei said at the same time.

“Yes, don’t listen to me! An elder should save themselves first, aren’t they!” Wang Qing said tauntingly.

"I will do what you say, so don't hurt them!" Yi Tianyun said coldly. He used his appraisal eyes to assess these three enemies in front of him and noticed that Lin Li was the weakest at Second Level Core Condensation meanwhile, the Wang brothers at First Level Spirit Core.

Wang Shui gave a sign to Wang Qing to check their surroundings. He was still suspicious that Yi Tianyun brought someone with him. But Wang Qing didn't notice anyone near them, as it was hard to hide one's spiritual power.

"The kid is courageous! He really came alone!" Wang Qing said, sounding a little impressed.

"Now, don't do anything stupid as their life is in your hand!" Wang Qing said while approaching Yi Tianyun.

"I would not do anything if you let them leave!" Yi Tianyun said coldly.

"Elder Yi, don't believe them! They would kill you and us even if you surrender!" Yi Yuwei said while shouting loudly.

She was immediately slapped by Lin Li, as Lin Li wanted to slap her the second time, Yi Yuxuan immediately jumped in and took Yi Yuwei's from getting slapped again.

"Don't hit my younger sister!" Yi Yuxuan said coldly.

"A good sister but not a good slut! Your husband didn't even care about you and abandon you back to Zhu Family!" Lin Li said while laughing at Yi Yuxuan.

Seeing Lin Li's action towards Yi Yuxuan, Yi Tianyun almost snapped. He really wanted to beat the crap out of Lin Li so bad right now!

"I said, I will do what you say, so don't harm them!" Yi Tianyun said coldly.

“Fine!” Lin Li said while backing away from the sisters. Lin Li signaled Wang Qing to capture Yi Tianyun immediately. Wang Qing rushed over and immediately tied Yi Tianyun’s hands and brought him over to Lin Li.

“There! I have been captured! So let them go!” Yi Tianyun said coldly.

Lin Li looked at Wang Brother and began to laugh out loud.

“Can you believe this brat? How can he be so naïve?” Wang Shui said while wiping his tears from laughing loudly.

“Younger Brother, you can’t mock him like that. He is just a kid, he still doesn’t know how ruthless this world can be!” Wang Qing said while also wiping his tears from laughing.

“Your Divine Rune Skill is excellent but what about now?” Lin Li said mockingly.

Yi Tianyun could no longer hold back his anger and immediately activated his crazy mode.

As the Crazy Mode was activated, Wang Qing was pushed back forcibly toward the wall and was slammed hard towards it.

Yi Tianyun immediately kicked Lin Li on the chest, sending Lin Li flying and slammed the wall as well.

“You brat! I will kill you!” Wang Qing said as he tried to stand from the shock.

Yi Tianyun didn’t bother to wait and kicked Wang Qing hard!

The kick broke Wang Qing’s hand, and he screamed hard due to the excruciating pain!

Seeing the chaos Yi Tianyun made, Wang Shui immediately tried to grab Yi Yuxuan to threaten Yi Tianyun. But he never got the chance as the next second he was burning from an unknown fire that he hasn't even seen before.

The terrifying flame quickly devoured his body, and with his scream slowly become quieter, his body was covered entirely by the flame.

'DING'

'Successfully killed Wang Shui!'

'Reward: 150.000 Exp, 2.400 Crazy Points, Turning The Heavens Step Martial Art, Heaven Ruining Sword'

The system notification proved that Wang Shui has finally died.

Yi Tianyun immediately went to the sisters and untied them from the ropes. These ropes that Lin Li used are a High-Grade Spirit Tools, which could hold an absurd amount of strength!

"Elder Yi, we are sorry for causing you so much trouble!" Yi Yuwei said with apologetic eyes.

"This is not your fault, if anyone were blamed, that would be me! I brought this trouble to you!" Yi Tianyun said while shaking his head and smiling lightly to the sister. After that, he turned his attention towards Lin Li and prepared himself to torture Lin Li so much that he'd beg to be killed instead.

## Chapter 198 Solo Duel

Yi Yuxuan and Yi Yuwei were startled by Ren Zhirou, who suddenly appeared beside Yi Tianyun.

Yi Yuwei suddenly remembered Shi Xueyun as she was the most beautiful woman who has stood beside Yi Tianyun, but after seeing Ren Zhirou, she wasn't so sure which one was more beautiful.

"You! Who are you?" Lin Li said as he was also surprised to see a beautiful woman so suddenly.

Yi Tianyun ignored Lin Li for now and turned his attention towards Wang Qing. Seeing that Wang Qing was in his death door, Yi Tianyun threw the eternal fire to Wang Qing, and the flame completely engulfed Wang Qing in no time.

'DING'

'Successfully Killed Wang Qing!'

'Reward: 250.000 Exp, 3.400 Crazy Points, Flowing Cloud Palms Martial Art, Turning The Heaven's Step Martial Art'

Seeing Wang Qing was engulfed in flame, Lin Li cowered in fear.

"Now it's your turn!" Yi Tianyun said indifferently towards Lin Li.

Hearing Yi Tianyun's word, Lin Li was getting a chill down his spine. He didn't expect Yi Tianyun to be this strong!

Yi Tianyun's power was equal to a family chief, if not more!

"Let me go! I won't bother you again! I have a strong influence you know! I am from Divine Rune Mansion! If you kill me, you will make Divine Rune Mansion your enemy!" Lin Li said while begging for Yi Tianyun to let him go.

"Divine Rune Mansion? Did you think they would know of what happened here? You choose the best place to die after all!" Yi Tianyun said with a sneer.

"They would have someone check things out for sure! Anyway, just let me go! I would even introduce you to Divine Rune Mansion after this!" Lin Li said to persuade Yi Tianyun to let him go.

“Me? Join Divine Rune Mansion? Are you blind? Or are you just that stupid? I am doing fine! I don’t need your stupid sect to achieve anything!” Yi Tianyun said coldly to Lin Li.

Lin Li’s face becomes gloomy as he knew that Yi Tianyun wouldn’t let him go no matter what!

“If that’s the case, I want a fair duel! You have to wait for my recovery first!” Lin Li said desperately.

“Oh, now you want a fair duel? What about your two dead helpers just now?” Yi Tianyun said coldly.

“I, Lin Li challenge you to a solo duel!” Lin Li said while standing up and consumed several recovery medicinal pills to recover. He evidently felt ashamed that he had to survive this way but there was nothing else he can do.

“Wow, such determination! Ok, I accept your challenge!” Yi Tianyun said mockingly.

“She would have nothing to do with this duel! It is just you and me!” Lin Li said while pointing towards Ren Zhirou.

“Of course, as long as you win, you can walk out of here as if nothing happened!” Yi Tianyun said, assuring Lin Li to his challenge.

As Yi Tianyun finished speaking, Lin Li immediately rushed over towards him and quickly pulled his long sword and swung it toward Yi Tianyun. His sword glowed brightly as Yi Tianyun blocked it with his own sword. The bright glow blinded Yi Tianyun for a while and Lin Li immediately saw this as an opportunity to strike!

Lin Li made a move to strike Yi Tianyun’s throat to end his life, he immediately used all of his strength on this one final strike!

Yi Tianyun noticed the change of Spiritual Power around him, and he immediately released his aura to detect Lin Li’s movement as he couldn’t see at the moment.

Yi Tianyun immediately parried Lin Li's strike and punched Lin Li in the stomach!

Lin Li couldn't hold Yi Tianyun's punching power, as he was thrown back towards the wall roughly, disarming him of his sword.

The power gap between the two was too big! There was no way Lin Li had a chance to win here.

"How can you be this powerful?" Lin Li said fear was constantly playing in his eyes.

"Son of a bitch!" Lin Li retorted and he immediately released a gust of wind to throw Yi Tianyun away. But Yi Tianyun released his own wind that quickly overpowered Lin Li's wind and cut one of Lin Li's arm off!

Lin Li screamed so hard, and he grabbed his severed arm. The pain made him sweat profusely and shivering non stop! He looked at Yi Tianyun with empty eyes, how could a teenager be this strong? Why would he make enemies of this monster? The question kept popping in Lin Li's head as he didn't have any hope left to live.

## Chapter 199 Kill

Yi Tianyun looked at Lin Li coldly, who was pathetically crawling in the ground, dripping in his own sweat. But Yi Tianyun has never shown mercy to his enemies, especially the one who successfully anger him!

"Isn't this a duel, you said? Now get up!" Yi Tianyun retorted.

Lin Li had no other choice, and he tried to stand back up. He was in shock at how powerful Yi Tianyun really was. If he knew this, he wouldn't make an enemy out of Yi Tianyun ever.

"How can you be this strong?" Lin Li asked with his hoarse voice.

Yi Tianyun didn't answer his question and proceeded to grab Lin Li's other arm and twisted it until it came off. Lin Li screamed in pain again, now he didn't have any arms to fight back!

"Kill me! and Divine Rune Mansion would make sure you regret it!" Lin Li said angrily.

"Don't you worry, if they came after me for this, I would make sure to destroy them too." Yi Tianyun said with a mocking smile.

"Destroy Divine Rune Mansion? Are you crazy? Don't get ahead of yourself just because you win against me, who do you think you are?" Lin Li said, mocking Yi Tianyun once more.

"Whether I can or can't is none of your business. There is no way you would know what will happen next as you would be dead here and now." Yi Tianyun said as he took out his eternal flames.

"No! Stop! You can't do this!" Lin Li said, yelling to stop Yi Tianyun. His body was trembling from the fear of death in front of him.

"If the afterlife does exist, I hope you can see what I would do next!" Yi Tianyun said mockingly.

"Even in death, I would surely exact my revenge!" Lin Li said as his body burned in eternal flames.

'DING'

'Successfully killed Lin Li!'

'Reward: 170.000 Exp, 2.400 Crazy Points, 500 Divine Rune Mastery, Heaven Cloud Palms Martial Art, 1x High-Grade Divine Rune Paper, 1x Energy Pill'

Yi Tianyun was a bit surprised, he didn't know that killing a Divine Rune Master will give him Divine Rune Mastery! Now, he hoped that Divine Rune Mansion really went after him, he wouldn't mind killing them all for the mastery!

Yi Tianyun signaled the sisters to come over and go home.

“Elder Yi, thank you very much for coming here and save us!” Yi Yuxuan said gratefully.

“It’s okay, this was my fault, to begin with! I was the one who dragged you both to my business!” Yi Tianyun said while showing his anger towards Lin Li, even though he already killed Lin Li, his anger haven’t fully subsided.

“It’s okay. We are okay, aren’t we?” Yuwei said smiling lightly to Yi Tianyun to ease him a bit. Even though she knew that Yi Tianyun was very powerful, she couldn’t help but worried about him.

“You guys can go back now, I have something to do first. Ren Zhirou would accompany you just in case.” Yi Tianyun said solemnly.

Ren Zhirou only nodded her head and gave Yi Tianyun a smile, while Yi Yuwei still worried about Yi Tianyun’s safety. But nonetheless, she obeyed Yi Tianyun’s order.

After they left, Yi Tianyun summoned the Black Dragon and quickly flew towards Wang Family Pavilion. Wang Family didn’t know the demise coming toward them at high speed.

“I wonder what happens over there, has Lin Li finished the brat already? What took him so long?” Wang Family Chief said worriedly.

“He was accompanied by Elder Wang Qing, there is no way they would fail!” Elder Wang Shaohua said while sneering menacingly.

“Yeah, it’s supposed to end quickly. He brought this on himself by allying with that Zhu Family! I would crush anyone dares to stand in my path!” Wang Family Chief said coldly.

As they finished speaking, a booming voice came from outside. Wang Family Chief immediately felt something was wrong!

“What is that? Let’s check it out!” He said to his elder.

When they came out of the pavilion, they saw that their buildings were in flames! They saw their disciple running out of the building in terror, and the one who caught on fire immediately burned out to ashes.

“What is this? What happened?” they all said while staring at the flame wide-eyed.

One of the guards immediately rushed over to them and said in a voice full of terror that a man riding a black dragon was coming in and burned all the building with his Black Dragon’s Flame!

“Black Dragon?” they were all stunned again. A Divine beast was not supposed to be here if they were here, that meant a powerful individual was nearby!

## Chapter 200 Fight

The Black Dragon caught them by surprise! Although Wang Family was considerably strong, they wouldn’t provoke a powerful sect that has a dragon on their side!

“Hurry! Take a look and clear this misunderstanding!” Wang Family Head ordered his elder.

The elder rushed out to check who is their enemy right now, and they saw a young man killing the pavilion guard effortlessly.

“There you are, Wang Family Head!” the young man said coldly.

The Black Dragon kept spouting fire from its mouth, and now it already burned more than half of Wang Family building! They didn’t know this young man at all, so they didn’t have a clue about how or when did they offend this young man.

“Yes, I am the Head of Wang Family, I don’t know what my family has done to you, so why don’t you tell me your reason first!” Wang Family Chief said humbly. He couldn’t be too aggressive as he will not win!

“Your offense is too many to count!” Yi Tianyun said while giving order to his Black Dragon to attack!

“You have made a serious mistake here, boy! Don’t blame me if you get injured or worse!” Wang Family Chief said while releasing his Sixth Level Spirit Core aura while also pulling out his spear. He pointed his spear toward the Black Dragon and threw it immediately.

The black dragon saw the spear coming, but it didn’t budge! Instead, the black dragon continued to rush over to the elders and attack them. The black dragon turned its attention toward the Wang Family Head and attacked him with its claws. The disarmed Wang Family Head couldn’t defend himself from the dragon’s attack and spontaneously used his arms to protect himself, resulting in his arms broken!

Wang Family Head screamed from the pain on his arms. He couldn’t use his arms anymore as a deep gash could be seen on both of them. Wang Shouhua, one of Wang Family Elder, released his Third Level Spirit Core aura and rushed over to his elder to help! But, as he rushed over, a figure kicked his chest, sent him flying, helpless!

“What is this power! So strong for such a young age!” Wang Shouhua said with blood dripping from his mouth.

The two most powerful cultivator in the Wang Family has already been incapacitated! Now they couldn’t fight back anymore!

“Quick, call support from the Star Pavilion immediately!” Wang Family Head said to one of his remaining elders.

As his elder pulled out a Jade Pendant, possibly for communication purposes toward Star Pavilion, the Black Dragon roared again and attacked them with its fire breath! The elder was covered by flame before they could contact anyone. The black dragon rushed toward Wang Family Head and then held him down between its claws and burns him alive!

Wang Family Head screamed loudly again and rolled over the ground to put out the fire, but the fire couldn’t be put out, regardless of what he did.

Wang Shouhua on the side couldn't come over to his Family Head as he was under a relentless attack from Yi Tianyun, he turned his body into a shield, making Yi Tianyun's attacks has a little to none impact to him. But as Yi Tianyun amped up his power, Wang Shouhua couldn't hold it anymore and he was surprised to see Yi Tianyun's attack pierced his defenses and knocked him up into the air.

After the fire on Wang Family Head's body was finally put out, an elder rushed over to help him. The elder pulled Wang Family Head inside to retreat as he didn't know what to do. Once the Wang Family Head caught his breath, he shouted at his elder, standing around him.

"Kill them! Kill them all!" He shouted while coughing.

At the same time, Yi Tianyun and the black dragon walked toward Wang Family Chief and heard him shouting.

"You really believe you have a chance against me?" Yi Tianyun said as he signaled his dragon to attack the elder.

The dragon rushed over to attack once more, annihilating every single elder around there! They couldn't hold down the black dragon as their attack didn't have any effect on the dragon.

'DING!'

The system confirmed Yi Tianyun's kills, so he didn't have to check on them himself! He was excited and extremely happy to see that the elder themselves gave a Divine Rune Mastery! Now he was glad that Lin Li provoked him. Otherwise, he wouldn't have any reason to attack this place!
