

## Leveling 301

### Chapter 301

Lightning based power was definitely the best power among all attributed elemental attacks, as it had a highly penetrative and wide ranged attack, but before Yi Tianyun's defense power, it was all for naught!

Lei Yun, who sensed that Yi Tianyun was walking towards him slowly, instantly activated all the Divine Runes on his body, letting the power of the Divine Runes go wild!

"Try whatever you can."

Yi Tianyun saw that Lei Yun's combat power quickly rose after releasing his Divine Runes like that, but he hardly cared about it.

Lei Yun quickly activated his Thunder God Befall, and his combat power once again rose to 15 million!

"I won't lose!"

He quickly equipped his long spear and rushed forward to attack Yi Tianyun with his Thunder God Flash technique!

"Rayon Flash!"

His speed was enhanced beyond belief with that technique, and he quickly thought that there was no way that Yi Tianyun will be able to dodge his attack, and therefore Yi Tianyun would die in an instant!

"Die!"

Yi Tianyun didn't even move, although he knew that Lei Yun's attack would definitely head straight to him anyway.

“Gameover.”

When he deemed that Lei Yun was close enough, he activated his Absorbing Stars Great Technique and quickly grabbed Lei Yun’s spear in mid-air and absorbed every last power that Lei Yun had in the spear!

“What!?”

Lei Yun was shocked to see the spiritual power imbued in his spear disappeared like that! He clearly saw that Yi Tianyun absorbed his attack into his own body!

Lei Yun thought, how could a technique like that exist!

It was clearly cheating; there was no way that any energy-based attack will work against Yi Tianyun!

Yi Tianyun lifted the spear while Lei Yun was still holding on to it and quickly slammed Lei Yun’s body toward the trees.

Lei Yun was forced to let go of the spear and coughed badly from the impact that he received.

Yi Tianyun quickly reached out to him and said, “Obediently follow me back to the sanctuary!”

Sensing his impending doom, Lei Yun quickly released all of the Spiritual Energy that he stored inside his Divine Rune around his body!

Lei Yun hoped for a significant boost of power from doing so.

Ye Qingxuan at the side shouted, “Tianyun! Let go of Lei Yun’s body, he is releasing all the power that he has been storing for a long time!”

Lei Yun's Thunderbolt Divine Rune was not only there to enhance his power, but also a way to store the tyrannical power of thunder that he compacted while cultivating. He could use it as his trump card, his ace in the hole when he seriously needed it!

His combat power would rise up to the maximum after releasing the compacted power like that at the cost of serious damage to himself!

Ye Qingxuan tried to run towards Yi Tianyun to drag him away, the people of the Spirit Race tried to hold on to her as to not let her get close to Lei Yun.

Eventually, they were losing their grip on the thrashing Ye Qingxuan and shouted, "Qingxuan don't come over!"

But as she came closer, the thunder suddenly disappeared!

The effect that he searched for never happened; he was confused about why on earth that his lightning was suddenly gone like that.

"Calm down, this puny thunder can't hurt me." Yi Tianyun said calmly.

Lei Yun looked around and saw that Yi Tianyun was holding on to an orb while saying that he didn't want to kill Lei Yun as he had to answer Ye Qingxuan's question first!

Lei Yun has seen that orb before, and finally, he realized that it was a Heavenly Thunder Divine Pearl!

It was mainly used to cultivate a lightning-based cultivation technique, but it could be used to store a huge amount of lightning-based energy too!

Lei Yun was staring at the rare orb that Yi Tianyun possessed; it was all because of that orb!

His lightning-based attack would never reach Yi Tianyun in the first place because of that orb!

“How could you have this orb? Who are you actually?” Lei Yun asked Yi Tianyun in curiosity and fear; there was no way that a nobody would have something as rare as that Heavenly Thunder Divine Pearl.

“I am no one! Are you interested in this stupid orb? This is just a rock that I coincidentally stumbled upon killing some old prick earlier. Maybe you know him by the name of Thunder Tyrant of Divine Runes Mansion, if I am not wrong, he was the Old Ancestor of that crumbled faction.” Yi Tianyun said while smirking evilly!

## Chapter 302

“Impossible! Impossible!”

Lei Yun continuously shouted the word impossible as he angrily forced his Divine Runes to gather up Spiritual Energy, and suddenly thunder rumbled, and an electrical wave immediately approached Yi Tianyun and Lei Yun.

“Saintess!”

Everyone from the Spirit Race could feel a terrifying power was coming and immediately shouted for Ye Qingxuan to return and run away from danger!

“Die!” Lei Yun looked at Yi Tianyun with a sneer.

But as the thunder approached, it quickly disappeared, once again it was absorbed by the Heavenly Thunder Divine Pearl!

Yi Tianyun told Lei Yun that his effort was futile!

If he wanted to attack Yi Tianyun with a thunder-based attack, at least he needed a thunder-based attack that was ten times more powerful than he used just now.

“This...” Lei Yun was shocked beyond belief that all of his attacks resulted in nothing before Yi Tianyun!

The Heavenly Thunder Divine Pearl was too powerful; it had to be in Sacred Tool Rank at the very least!

Now, Lei Yun didn't have any power left to fight Yi Tianyun.

All of his power was already absorbed into the Heavenly Thunder Divine Pearl!

"Impossible! Impossible! Impossible!"

He shouted once again and quickly rushed forward, trying to punch Yi Tianyun, his fist still exerted some of the thunder power that he once had, but it was definitely much weaker than before!

Yi Tianyun released Lei Yun from his grip and said to Ye Qingxuan, "You should step back a few steps so you won't get caught up in the attack."

Lei Yun quickly punched Yi Tianyun with all his might, but Yi Tianyun threw a faster punch than Lei Yun, as Yi Tianyun's punch landed on Lei Yun's chest, Lei Yun was once again flung towards the tree.

"He is very strong!"

Everyone was surprised for a moment seeing the scene that happened in front of them; they forgot for a moment that Yi Tianyun's power was too strong!

He didn't really need the Heavenly Thunder Divine Pearl to deal with Lei Yun; he just found it more convenient to use it!

Lei Yun tried to stand up once again regardless of the damage that he suffered, but Yi Tianyun was faster as he punched Lei Yun once again in his Dantian, toppling Lei Yun once again to the ground.

That last attack destroyed Lei Yun's Dantian, destroying his cultivation, so to speak!

“Ugh!”

Lei Yun lay on the ground while coughing blood; he held the bottom of Yi Tianyun’s pants while seemingly shaken for having his Dantian destroyed!

While having the Dantian destroyed was one of the greatest nightmares of a cultivator, it was still recoverable!

It could be recovered by consuming the 5th Grade Medicinal Pills, Cultivation Recovery Pills!

The price of that medicinal pill was sky high, and it must be consumed regularly for a certain period of time too!

There was no way someone like Lei Yun could afford something like that!

After destroying Lei Yun’s Dantian, Yi Tianyun threw him towards Ye Qingxuan, as he still remembered his promise to her.

Ye Qingxuan nodded to Yi Tianyun and quickly swung her whip and wrapped it around Lei Yun’s neck!

Lei Yun tried to reason with Ye Qingxuan by saying that if she killed him right now, the Old Ancestor would be killed too.

Ye Qingxuan, who was visibly angered by Lei Yun’s comment, quickly released him and whipped him like a cow instead.

“You dare hit me, woman!” Lei Yun said shamelessly.

“Not killing you instantly was the biggest mercy that I can give you right now!” Ye Qingxuan said while whipping Lei Yun relentlessly.

After a few rounds of whipping, Ye Qingxuan immediately ordered several Spirit Race people who came with her to take Lei Yun's weakened body back towards the Sanctuary and throw him into the dungeon!

Now, they had to think of a way to free the Old Ancestor before it was too late!

'DING'

'Successfully complete the 3rd step of [Rescue the Spirit Race!] questline, [Repel the Intruder from reaching the Spirit Race Sanctuary!]

'Reward: 30.000.000 Exp, 100.000 CPs, 5.000 SPs, 50 Spirit Race Favorability.'

'DING'

'Received the 4th step of [Rescue the Spirit Race!] questline, [Rescue the Spirit Race from the Netherworld Prison!]

'Reward on completion: 50.000.000 Exp, 200.000 CPs, 5.000 SPs, 50 Spirit Race Favorability.'

Yi Tianyun was satisfied with the reward that that quest line gave and that the quest didn't require any special condition.

With that kind of quest, he could complete it within a short amount of time, which was nice as he didn't have that much patience to wait for the quest to complete!

The title of Spirit King was also quite near now; all he needed to do now has become the savior of the Spirit Race!

Once they arrived back to the Sanctuary, Spirit Race people were in shock seeing Lei Yun in such a condition and quickly looked towards Yi Tianyun in admiration.

That was also the result of the increasing favorability from the completed quest!

### Chapter 303

Lei Yun was scorned in his entire way towards the dungeon inside the Spirit Pagoda by the entire Spirit Race, who was there just to scorn him!

Yi Tianyun could feel the hate emanated from them, even though Lei Yun was of the same race as them, he was still the one who advocated the betrayal of many Spirit Race to the Netherworld Empire.

Yi Tianyun had thought that he would have to kill all of the intruders that day, but it seemed Lei Yun had to be judged according to his crime, so Yi Tianyun let it slide.

As Ye Qingxuan reached the Spirit Pagoda, she threw Lei Yun inside the hall and once again pushed him forcefully.

The elders who were standing by on the Spirit Pagoda's hall saw Lei Yun with anger on their eyes.

Elder Yan soon came forward and asked Lei Yun angrily while also activating his aura about the truth regarding their imprisoned people and the Old Ancestor!

Lei Yun, who had his cultivation core destroyed, couldn't stand Elder Yan's pressuring Spiritual Energy, knelt on the floor in humiliation, but he surely wouldn't let them satisfied with anything!

"It's impossible. I don't know anything about what the Netherworld Empire had done to them in that prison. But I know that there will be nothing good happened inside the prison and that the Old Ancestor is probably already dead after so much interrogation and Soul-Searching Technique that been done to him! The Spirit Race Prison Key isn't even inside that prison! General Long held it!" Lei Yun said while laughing deliriously.

Ye Qingxuan frowned after hearing Lei Yun's word; she knew that the weakest General Long would be 9th Level Core Transformation Stage, which meant some of them were even in the Void Spirit Stage! She didn't have the power to beat someone like that!

“You have no power to fight against that kind of expert! Just give it up and join the Netherworld Empire! This would be your final opportunity!” Lei Yun said while smiling crazily.

“If you didn’t join them now after they learn of what happens today, the General Long would be coming here in no time! You all will burn with all your pride and stupidity!” Lei Yun said while laughing out loud.

The elder of the Spirit Race become scared as they were afraid that what Lei Yun said was real!

But Yi Tianyun quickly slapped Lei Yun to shut him up and raised the morale of the Spirit Race.

“Would you mind if I injure him some more? Or maybe it was better to kill this trash?” Yi Tianyun said indifferently.

“That wouldn’t be necessary, Master Yi. We will imprison him within the Ice Boundary so that he could feel the freezing pain until his death!” Ye Qingxuan said coldly.

At the same time, Lei Yun’s complexion had changed, it seemed that he knew the horror of that place, so Yi Tianyun chose to shut up for the time being.

Lei Yun began to mumble and scream as the guards began to drag him to the Ice Boundary, as Ye Qingxuan requested!

Lei Yun’s struggle was a wasteful action as he didn’t have his Spiritual Core any longer, which made him look like a struggling kid with no chance of escaping!

“You all will die! Spirit Race would be destroyed after all this! I am the only one who can lead this cursed race to salvation! You’re all making a big mistake!” Lei Yun desperately said as he was being dragged to a deeper part of the Spirit Pagoda.

Ye Qingxuan ignored Lei Yun’s word as she knew that as long as the Spirit Race tried their hardest, there was no way the Netherworld Empire could destroy them!

“Saintess, we should fortify our defenses! The Netherworld Empire will definitely send many experts here as they don’t receive any report after this attack!” Elder Yan said seriously.

“We still had time to worry about those things; we need to make plans on saving the Old Ancestor first! They couldn’t hold out any longer! How can we save them when we didn’t have the key to save them!” Ye Qingxuan said seriously.

“This key thing that you are talking about, I think I have it!” Yi Tianyun said embarrassedly.

## Chapter 304

“What? Do you have the key? How?” Elder Yan said with a shocked expression.

Everyone else had the same expression as Elder Yan and also wanted to know how the hell Yi Tianyun could have the key to the prison!

Yi Tianyun immediately told the story of when he was at the Gathering Dragon City, and he must kill Cheng Feng. He found the Spirit Prison Key among Cheng Feng’s possession.

Yi Tianyun purposely didn’t tell them any of the detailed information regarding that matter as he still couldn’t trust the people of the Spirit Race completely.

“You killed Cheng Feng? Are you really the one who destroyed the Netherworld Empire’s Mansion on the Gathering Dragon City? Are you the mysterious attacker that everyone was talking about?” Ye Qingxuan said excitedly.

Yi Tianyun nodded his head as a confirmation for Ye Qingxuan’s question, and everyone in the room was very surprised by that revelation!

Yi Tianyun has already killed two of Netherworld Empire’s High-Ranking Minister and destroyed the Gathering City Mansion at the same time!

Yi Tianyun asked if there was any problem with that new information, to which Elder Yan quickly answered that there would be no problem as they had the same enemies, and now they knew for sure Yi Tianyun won't lie about that!

Yi Tianyun quickly said, "It was probably better to save the prisoner as soon as possible as the Netherworld Empire won't know anything that happen today!"

They all nodded in agreement; their only problems before were the key and General Long.

Now that they already had the key, the only thing that they need to do was a plan for the right time to attack so that they wouldn't encounter General Long inside the prison!

"Has Young Master Yi already confirmed that the key was indeed the right key to open the Spirit Race Prison?" Elder Yan asked worriedly.

"No, as a matter of fact, I don't know if the key was really the key to open the cell that Spirit Race was detained in or not. This is also why I recommended a small unit to sneak into the prison; the less the people, the better as a large unit would be harder to sneak in!" Yi Tianyun said confidently!

"Alright! How about I go with you? It is my responsibility to save my people, after all!" Ye Qingxuan said confidently.

Yi Tianyun nodded in agreement, but Elder Yan and several other Elders weren't sure of Ye Qingxuan's plan as she was the key to Spirit Race's future!

They couldn't bear the thought of Ye Qingxuan being captured by the Netherworld Empire!

Elder Yan tried to reason with Ye Qingxuan to make sure that she wouldn't participate in such a risky mission, but Ye Qingxuan shut him down every time.

Ye Qingxuan said, "I am indispensable for the mission to succeed, the Spirit Race Prisoner won't trust Yi Tianyun to take them to the Spirit Race Sanctuary just like that! And we won't have any more chance!"

Elder Yan finally relented and said, "I will guard the Spirit Race Sanctuary until my last breath." Followed by many other Elders and Deacons who were there with them.

Ye Qingxuan felt a little bit overwhelmed by her people's loyalty and said that she and Yi Tianyun would begin preparing for their departure. They will head towards the Netherworld Prison as soon as possible!

Everyone nodded and immediately returned to their post to make sure that their defenses were in top condition!

While preparing for their departure, Ye Qingxuan said her thanks to Yi Tianyun as he has already saved her twice and that she didn't know how to repay Yi Tianyun's kindness.

Yi Tianyun said, "You don't have to repay me, you already gave me the Heavenly Eyes Ability, and that ability was something way more valuable than money can buy! I even got the Divine Rune from Lei Yun and some other treasures from repelling the intruder earlier."

Ye Qingxuan quickly said, "I will crown you as the Spirit King."

Because he already had Ye Qingxuan's innate ability, he will be accepted as the Spirit King quicker.

As long as Yi Tianyun saved all of the imprisoned Spirit Race, the Spirit Race will have no problem giving Yi Tianyun the Spirit King's Title!

Yi Tianyun was a little bit surprised that Ye Qingxuan would suggest the Spirit King Title herself! He knew that he was a foreign race among the Spirit Race.

They wouldn't give the title that easily to a foreign race, wouldn't they?

Yi Tianyun was confused about the sudden turn of the situation.

The thought that he would have the Spirit King Title from the system, and he will need to prove himself some more to make it adequate to the Spirit Race!

Ye Qingxuan could feel Yi Tianyun's confusion, "Reassured, I know under your leadership, Spirit Race will achieve glory!"

Yi Tianyun was startled once again from Ye Qingxuan's word, and immediately asked the question to himself was his Command Point value was too high or something.

Yi Tianyun shook his head for the moment, as he needed to focus on saving the imprisoned Spirit Race at the moment!

Ye Qingxuan, on the side, said, "I have to reward you for all your hard work. I don't know if you need anything?"

Yi Tianyun quickly said, "I need some Soul Accumulating Grass that Spirit Race had! I really want that stuff as it will improve my cultivation faster!"

## Chapter 305

"Soul Accumulating Grass? It should be no problem if you really want it, we have some of them in the storage house! We can give you some of it right now. Soul Accumulating Grass only grows on the Jade Water Deep Pool on this continent." Ye Qingxuan said casually.

"If you want to sell it, you will get a fortune for sure!" Ye Qingxuan adds excitedly.

"Can I really have it right now? If it's possible, I want to make some Medicinal Pills out of it!" Yi Tianyun said excitedly.

"Of course! I will go get it now. You can come with me if you want!" Ye Qingxuan said casually.

"Have you ever thought of leaving this place as it was already compromised by the enemy, and your safety is risked?" Yi Tianyun asked Ye Qingxuan wonderingly while they were walking towards the storage house.

“We’ve already thought of this issue, but we can’t give up this place! If we leave this place, The Spirit Race will eventually go extinct! The Spirit Race couldn’t bear any child outside of this place, so we couldn’t leave this place just like that!” Ye Qingxuan said sadly.

“What? Is that a curse? Even if it was the male Spirit Race who was married to another race, the bride still couldn’t bear any child?” Yi Tianyun asked with a surprised look on his face.

“Yes, it doesn’t matter if it was male or female. Once we leave this place, we would become infertile! I don’t know if it was a curse or not, but I know that there was some special energy from below the ground that nourishes us and made us fertile, this has already been the case since the Ancestor’s generation, unless you know how to solve this weird situation, we can’t leave this place!” Ye Qingxuan answered frustratedly.

“I am sorry, I’m not aware of this situation!” Yi Tianyun said sadly.

“Don’t you worry! We’re already used to it!” Ye Qingxuan said cheerily. They finally arrived at the storage house, and Ye Qingxuan immediately told the guard to open the door, and she immediately took a hefty amount of Soul Accumulating Grass and immediately gave it to Yi Tianyun.

Yi Tianyun noticed that the storage house was full of great items like 3rd to 4th Grade Medicinal Pills, Soul Tools, and Equipment!

Ye Qingxuan asked Yi Tianyun if there was anything else he needed, and Yi Tianyun quickly answered that he didn’t need anything else for the moment, as he really wanted to try his hands on refining that Soul Accumulating Grass into Soul Accumulating Pill for himself.

Ye Qingxuan nodded and told the guard to lead Yi Tianyun to the Pill Refinery inside the Spirit Pagoda as she needed to think of things that she needed to bring for her own preparation.

In the Spirit Pagoda, Yi Tianyun was the only one inside the Pill Refinery and immediately took out his Purple Fire Divine Furnace and immediately threw all the ingredients that he possessed to refine the Soul Accumulating Pills inside the furnace and immediately activated his Crazy Mode to help him refine the Medicinal Pills that he needed!

With the success rate reaching eighty percent, he kept refining Soul Accumulating Pills from the Soul Accumulating Grass that he got from Ye Qingxuan. The sweet fragrance was swirling inside the room from Yi Tianyun's pill refining process.

The smell alone was raising Yi Tianyun's exp; he immediately realized that that pill was more powerful than what he originally thought!

'DING'

'Successfully refines 5th Grade Medicinal Pill [Soul Accumulating Pill]!'

'Reward: 500.000 Exp, 5.000 Pill Refining Proficiency Point.'

The reward given by refining a high-grade Medicinal Pill wasn't bad, and that one was at the 3rd rank Medicinal Pills!

Yi Tianyun quickly popped one pill into his mouth to see the effect that he would get.

'DING'

'Successfully consume Soul Accumulating Pill and get 10.000.000 Exp!'

Yi Tianyun was shocked to see the amount of exp that he got from the pill!

Please join

Chapter 306

"This..."

Yi Tianyun was in shock, seeing how much Exp he got from only one pill!

“If I am consuming a dozen of those pills, I will instantly level up!”

He now required 140.000.000 Exp to level up one level, therefore he needed 14 of the Soul Accumulating Pills to level up, but as of the moment he only needed five more of those, since he only needed 60.000.000 Exp to level up to the 4th Level of Core Transformation Stage!

“Oh right, how much price the pill in System Shop if I sell it.”

He checked how much the pill was worth if he sold it on the system shop, Yi Tianyun was shocked once more, but this time not in a good way after he learned that the pills were worthless to sell.

The pill was only worth at 1.000.000 CPs!

“Later I must make a demand to Star Pavilion to search for the Soul Accumulating Grass, I know with Star Pavilion’s connection outside of the Heavenly Border Continent, they will find the grass eventually!”

He consumed two more pills after that and instantly received 20.000.000 Exp from the pills.

Yi Tianyun thought for a minute, with the rest of the Soul accumulating Grass that Ye Qingxuan gave earlier.

“If I am increasing the refinement grade, will the Exp also increase?”

He tried it to see the success rate and noticed that it quickly dropped from eighty percent to forty percent!

That was too low for his standard; he needed to make sure that he didn’t waste any ingredient, especially that Soul Accumulating Grass because of their rarity!

“I will try with Luck Aura.”

Yi Tianyun’s Luck Aura activated, and he saw that his success rate was raised by thirty percent and now at seventy percent chance of success!

He deemed it acceptable enough and quickly tried to make the Soul Accumulating Pills at 5th Grade Refinement Rank!

‘DING’

‘Successfully refine Soul Accumulating Pill!’

‘Reward: 600.000 Exp, 600 Pill Refining Proficiency Point.’

Yi Tianyun was satisfied that the refining didn’t end up in failure and he immediately popped the pill that he just made into his mouth to test the difference!

‘DING’

‘Successfully consumed Soul Accumulating Pill, gained 15.000.000 Exp!’

Yi Tianyun was surprised that it increased the Exp gain by 50% with only increasing one rank of Refinement Grade!

He quickly ate two more of those pills, and immediately a notification sound surprised him once more!

‘DING’

‘Congratulation to the host for successfully breakthrough to 4th Level of Core Transformation Stage!’

“Level up again!”

Although Yi Tianyun knew that his cultivation speed was already insanely fast, he realized that he wouldn't be this fast if it was not because of the Soul Accumulating Pill!

That pill was much more useful than defeating a bunch of monsters or meditating inside a place with concentrated spiritual power that he has done so far!

After all that, Ye Qingxuan immediately came and asked, “Are you done with pills?”

Because she saw that Yi Tianyun was sitting there while doing nothing!

Yi Tianyun smiled and said, “I am done here. We can go as soon as you ready.”

Ye Qingxuan then nodded her head and said, “I am ready, we must go as soon as possible.”

Yi Tianyun nodded, and he immediately stood up and followed Ye Qingxuan outside of the Spirit Pagoda.

They knew that if they were to encounter a General Long inside the Netherworld Prison, their chance of success would plummet!

But the one thing that was different between the two was Ye Qingxuan didn't know that Yi Tianyun had a trump card that he hasn't used in front of her, and that was the teleportation technique!

When they arrived at the East Forest, Ye Wan'er has been waiting for them.

Ye Wan'er immediately hugged her sister and said, “Both of you must to come back safely!”

Yi Tianyun smiled, seeing how close they were and said, “We will succeed and will come back safely for sure.”

Both of them quickly left after the little exchange of words with Ye Wan'er towards the Netherworld Prison!

"You know that we can't fail this mission, no matter what!" Ye Qingxuan said seriously.

"I know, didn't I already say that we will definitely succeed as long as I am here?" Yi Tianyun said confidently.

## Chapter 307

Using the Phoenix Wing, Yi Tianyun and Ye Qingxuan quickly arrived at the Netherworld Continent, where Netherworld Empire resided!

That continent was close to Heavenly Border Continent and only ruled by Netherworld Empire, unlike the Heavenly Border Continent, which had several factions in it.

The prison of the Spirit Race wasn't located that far away from the Heavenly Border Continent; it was located close to the continental border of the Netherworld Empire.

The Netherworld Prison was one of the most guarded places in the Netherworld Empire, with the Netherworld Imperial City as the most guarded place in the Netherworld Continent.

"In front of us is Netherworld Prison, fly faster and higher to evade scout." Ye Qingxuan said.

Yi Tianyun knew that he wouldn't be able to walk in from the front, and thus he needed a plan to get in.

He couldn't break in through the wall as it was already reinforced with Divine Rune to make sure that it could withstand an attack from even the Core Transformation Expert.

Ye Qingxuan said, "Old Ancestor made all the Divine Runes engraved in that place of the Spirit Race, and now I can't believe that that place would be used to imprison our race!"

Yi Tianyun was a little bit surprised to hear that, if he was sure that the Netherworld Empire was corrupted before, now he knew for sure that there was no saving that god has forsaken empire!

“Why would he help to engrave them?”

“At first, we just informed that it was to detain criminals. So we just help for the sake of peace.”

“Un, I understand, we are going inside now.”

Yi Tianyun flew down near the west wall of the prison and took the lead to scout the area for any kind of information that he could use.

He could see that the Netherworld Prison was located in an open field, so if anyone tried to get close to the prison, they would be discovered almost instantly!

After they encircled the place, Ye Qingxuan said, “There was no other way to enter the prison except the Main Gate in the front.”

Yi Tianyun nodded as he also arrived at the same conclusion.

Ye Qingxuan said, “I know how to deactivate the Divine Rune inside so there will be no alarm ringing, but all of the Spirit Race that I sent to scout and break into the prison to save our people never came out again.”

Yi Tianyun nodded once again; he was sure that with his key, he would be able to save every spirit race that was trapped there.

Yi Tianyun thought over for a while and concluded that he had to use Teleportation there, but Ye Qingxuan, who still didn’t know Yi Tianyun’s ability immediately said, “We should dig the ground and enter the prison after deactivating the Divine Rune on the wall and sneaked in that way.”

Yi Tianyun quickly shook his head and said, "You should wait and see. I already had a plan to enter the place."

Yi Tianyun quickly used the Heavenly Eyes and looked around the wall to take a look inside.

He quickly felt a strong resistance from the wall, meaning that the Divine Rune was made to block even the Spiritual Energy from outside!

But as he concentrated on his Heavenly eyes, he could see the weak point of the Divine Rune on the wall and detect the situation on the inside, but he couldn't see too far as the Divine Rune inside and his ability wasn't at that level just yet.

But it was enough!

"I don't believe I can't do this!"

He soon discovered the weak Divine Rune that he could deactivate so that he could teleport into that place.

"There!"

He immediately put his hands over the weak Divine Rune and zapped it to deactivate the weak Divine Rune.

"Bang!"

Now that the Divine Rune has been deactivated, Yi Tianyun looked at Ye Qingxuan with a smile and said, "We go at any moment without any problem."

Everything was ready; all he needed to do was grabbed Ye Qingxuan and teleported his way in!

## Chapter 308

Ye Qingxuan only nodded her head in confusion, she didn't know what Yi Tianyun was doing, but because he said that all the preparation was complete and they could enter the prison, she trusted him and let him led the way.

"We will start digging now."

Ye Qingxuan also took out two hoes to digging the ground so they could enter the prison.

"These are Holy Tools, I know we are going to digging, so I already made preparation."

Yi Tianyun looked at Ye Qingxuan with a funny look on his eyes, he quickly patted Ye Qingxuan's head and said, "Girl, we don't need this."

Ye Qingxuan quickly asked, "What do you mean? Do you want to use a sword? Or your hand to dig?" She was extremely confused.

Yi Tianyun laughed, "That's... Of course, no!"

"Do you believe it if I can instantly move both of us inside and that we don't need to break any Divine Rune?"

"No! The wall is so strong, and there are Divine Runes engraved on it. How can you enter instantly without being noticed?"

There was no way to move inside unnoticed!

Yi Tianyun was amused by Ye Qingxuan's stubbornness and said, "If I can?"

"I will do anything you want!" Ye Qingxuan snorted.

“That’s it!” Yi Tianyun smirked, “Now close your eyes, then open it after I give you instruction.”

Ye Qingxuan immediately ranted, “You better not do anything stupid to me while I close my eyes!”

Yi Tianyun smiled in amusement and immediately held Ye Qingxuan’s shoulder and teleported inside the prison!

He teleported into one of the guard’s lounge, the room was small, and that place was deserted!

He knew that they were safe inside that room.

Yi Tianyun said, “Now open your eyes.”

Ye Qingxuan opened her eyes, and she did so quickly, she was surprised that she was no longer outside the prison and was indeed already inside the prison without a hitch!

“This...”

She knew the structure inside the prison as she also had come to work on several Divine Runes on the site while it was in construction, so she knew that they were really inside the Netherworld Prison!

Yi Tianyun smirked, “I already told you that I could do it, now you lost the bet, you must do anything I want.”

Ye Qingxuan, who was still shocked, ignored Yi Tianyun’s smug look and immediately asked, “How did you do it?!”

Yi Tianyun immediately said, “It’s my secret art. I need time before I can use it again.”

Ye Qingxuan quickly speculated all possibilities in her mind and immediately asked, “Teleportation?”

Yi Tianyun thought for a while and said, "It was similar in a way and had many aspects of Teleportation!"

Yi Tianyun knew that the Teleportation that Ye Qingxuan said was a secret art that manipulated the spatial attributed spiritual energy, which was a very rare type of spiritual energy and thus making the martial arts rarer than anything else.

The storage ring was one of the examples of spatial attribute spiritual energy usage; it could open the space to create a pocket that could be used to store any items that they wanted.

Ye Qingxuan immediately looked at Yi Tianyun with awe in her eyes; she quickly asked, "Do you have Spatial Body Constitution?"

Yi Tianyun shrugged and asked, "Did it matter?" Because he didn't have the slightest idea about what Ye Qingxuan just said.

Ye Qingxuan snapped back to her original mood as she realized that they had to save the Spirit Race prisoner as fast as they could!

She quickly took out two talismans while giving one to Yi Tianyun. She explained, "The talisman has a Master Level Divine Rune engraved on it to hide the aura of the wearer and rendered the wearer invisible to the naked eye as long as they didn't move. At least the effect will be effective against even Core Transformation experts!"

Yi Tianyun quickly wore the talisman and immediately felt the effect as if he was going to disappear.

Ye Qingxuan quickly told Yi Tianyun to follow her as she knew where to go from there, Yi Tianyun nodded and quickly followed Ye Qingxuan out of the lounge.

"We are going to Spirit Forbidden Zone as it was the place strong enough to prevent Spirit Race from using their innate ability by making sure that they couldn't use any of their Spiritual Energy!"

Yi Tianyun nodded and asked, "If you are very familiar with this place, why you don't have any key?"

Ye Qingxuan immediately said, "Spirit Race was only here to engrave the Divine Rune, we didn't build the cage. We don't have the right to hold on to the key! I never saw the real key, but since you got the key from Cheng Feng, it's likely to be the real key."

Yi Tianyun nodded once again and said, "Okay, let's hurry up before it's all too late!"

Ye Qingxuan nodded and hurriedly led the way to the Spirit Forbidden Zone!

## Chapter 309

They successfully entered the prison and were currently walking in the prison passage unnoticed, and they haven't seen any guards so far!

After walking for quite a while, they finally saw five guards walking towards them.

Ye Qingxuan quickly told Yi Tianyun to stop and back down towards the wall.

Immediately both of them seemed like fusing with the wall, invisible to the naked eye.

Yi Tianyun thought that talisman was too fickle, it was better if he used his stealth ability, but it would be rude to Ye Qingxuan, for she already took her time to prepare all of this.

But it proved to be effective, even though that the guards who were walking towards them were Spirit Core Cultivators, they still couldn't see Ye Qingxuan and Yi Tianyun near them.

After they left the passage, Ye Qingxuan quickly pulled Yi Tianyun to say that they were safe for the time being.

Ye Qingxuan then led Yi Tianyun towards an area where they could see a thick cage made of extremely hard material.

They saw that every cage had a cultivator that was being shackled inside.

The shackle itself wasn't any ordinary shackle either!

It could limit the power of its wearer, therefore weakened them considerably.

Ye Qingxuan and Yi Tianyun saw a guard walking in, and all the prisoners instantly roared to the guards to let them go!

"You, the dog of the Netherworld Empire, quickly let us out!"

"Let us out, your Netherworld Empire will soon be destroyed!"

"I beg you to let me go, I am willing to do everything for you..."

The guards kicked one of the cages, "Shut up! Or I will kill you!"

"You are the one who will die! Dog!" One of the prisoners leaped up towards the guards and banged on his cage.

The guards looked amused and then said, "Okay... then you will be my first kill!"

The guards then stabbed the brave prisoner with the spear on his hands on the prisoner's abdomen!

The prisoner stared at the guard wide-eyed; the prisoner thought the guards shouldn't be allowed to kill any prisoner!

The guard then shouted, "I will kill anyone else who dare!"

They all remained silent until one prisoner said, "I... I am willing to join the Netherworld Empire; I am willing to work for the Netherworld Empire!"

"Then eat this." The guard then threw a Medicinal Pill inside the prisoner's cage.

The prisoner then ate the pill without hesitation and began to scream while a black vein began to spread around the prisoner's body.

The guard then opened the cage and dragged the prisoner's body out from his cage and fed him another Medicinal Pill.

"This is the Detoxification Pill that can temporarily relieve poison in your body."

The prisoner's body stopped trembling after eating Detoxification Pill.

The guard also said, "The Netherworld Empire is the only one who had those pills!"

The guards then called another guard, "Bring him to the mining site."

However, the prisoner said, "I am blacksmith, I can make many weapons for the Netherworld Empire!"

The guard immediately said to other guards, "Okay, bring him to the refining room and see what he is capable of. If he can't make a weapon to our standard, throw him to the mining site!"

The prisoner knew that he would be treated better if he worked as a blacksmith than a miner, and therefore he chose to reveal his ability to forge a weapon.

The guard then asked, "Who else wanted to join the Netherworld Empire? Of course, none of you can leave without taking the pills!"

Yi Tianyun and Ye Qingxuan saw everything that the guards did.

They didn't know that the Netherworld Empire coerced the prisoners to join them through that method.

Yi Tianyun knew that the Netherworld Empire forced people to join them, like the one that he experienced himself in the Gathering Dragon City.

Ye Qingxuan, on the side, felt angered by the situation in front of her, "Netherworld Empire must be destroyed!"

"I have a plan to save everyone from here."

"What is the plan?"

"It's simple..."

Yi Tianyun quickly looked at Ye Qingxuan and told his plan to get everyone there out of their cage to cause rampant on the prison while they saved the Spirit Race in the middle of the chaos.

## Chapter 310

Ye Qingxuan was startled by Yi Tianyun's word to let everyone out of their cage.

Yi Tianyun said, "It was necessary as it would ensure that the guards' eyes were distracted on the chaotic situation that would occur. We will have the time to let everyone out of prison!"

Ye Qingxuan questioned, "It is cruel, the prisoner will be killed one by one by the Netherworld Empire."

Yi Tianyun said, "I understand your sympathy to the prisoners, but it was necessary to ensure all Spirit Race Prisoners could escape the prison! With all of the prisoners out, the enemy of the Netherworld Empire will be increasing once again!"

With that many prisoners, he knew that the resentment towards the Netherworld Empire would be over the top for those prisoners, and therefore they would become a necessary piece on destroying the Netherworld Empire.

Yi Tianyun told Ye Qingxuan to lead the way towards the Spirit Forbidden Zone so that he could assess the situation of the Spirit Race Prisoner first.

Once they were in the front of the Spirit Forbidden Zone, which was not too far from the previous cage area they were in, Ye Qingxuan and Yi Tianyun quickly sneaked carefully past the guards who were guarding the gate.

“You!”

When they thought that they were safe, a guard suddenly walked towards the gate, startling Ye Qingxuan, and she almost blew her cover because of it, so Yi Tianyun took the matter into his own hand!

He quickly took out the crimson dagger and stabbed the guard’s chest with it!

‘DING’

‘Successfully killed Netherworld Prison’s guard!’

‘Reward: 270.000 Exp, 3.400 CPs, 200 SPs, Demon Prison Claw Martial Art, Burst Chop Technique, Burst Sword, Recovery Medicinal Pill.’

Yi Tianyun quickly dragged the guard’s lifeless body into a room near the gate and quickly closed it.

He walked back towards Ye Qingxuan slowly and continued to walk deeper into the Spirit Forbidden Zone carefully.

“You are too skilled...” Ye Qingxuan praised Yi Tianyun’s assassination skill.

Yi Tianyun quickly said, "Not really, but for the level of the guards here, it won't be a problem even if we have to kill them all, but it surely will be troublesome if we are against a Void Spirit Stage cultivator!"

"Let's go to the next area, I don't know how strong the guard there is."

After walking further into the Spirit Forbidden Zone and killing many guards who almost exposed them, Yi Tianyun and Ye Qingxuan arrived at the next area inside the Spirit Forbidden Zone.

Both of them heard screams coming from the next area; they walked inside carefully and immediately ran into the nasty smell of blood covering the place!

They looked inside and saw that the cultivators were held and tortured with many torture instruments inside their cage.

Yi Tianyun saw that area had many Core Transformation Experts in it, so he asked, "Does any of those prisoners belong to the Spirit Race?"

Ye Qingxuan shook his head as she didn't see any of her people there, but she recognized some of them, "Netherworld Empire bastard! Those are Great Elder of Facing the Heaven's Mansion, an Elder of Nirvana Mansion, and the Elder of Alchemy Mansion! Those elders were part of the Mansions that had a good relationship with the Spirit Race!"

Ye Qingxuan has angered once again, seeing that the people who were once her ally, being tortured inside the Netherworld Prison!

Yi Tianyun knew what Ye Qingxuan felt after seeing all that so, he reassured Ye Qingxuan.

"Once we save the Old Ancestor and the Spirit Race, I will release all of those people and make sure that the Netherworld Empire won't be a problem to the Spirit Race again!"

"Yeah..."

Ye Qingxuan nodded sadly at Yi Tianyun's word, and both of them immediately walked to the next area, "The next area must be where the Spirit Race was being held!"

Yi Tianyun nodded and told her that both of them would save every Spirit Race People that were being held here!
