

## Leveling 351

### Chapter 351

While it might look like General Feng did his best to fight off Yi Tianyun, Yi Tianyun knew that General Feng didn't even use his full power yet!

Beside the full power, General Feng could also burn his Blood Qi to power himself up some more!

"Not bad! Where are you from? Is it the Heavenly Dragon Empire? Or is it another empire that wants to have the Spirit Race for themselves?" General Feng shouted as he still didn't know Yi Tianyun's whereabouts, but he knew that Yi Tianyun was nearby!

Yi Tianyun didn't answer him, Yi Tianyun was still focused on how to halt the advance of the Soldiers of the Wind as he saw that they were still diligently cutting the Giant Trees. He couldn't attack the soldiers at all as General Feng was protecting them.

"It seems that you don't want to come out willingly, you are clearly a coward! But it doesn't really matter, I will enjoy destroying the Spirit Race thoroughly!" General Feng said while smirking evilly.

"It doesn't matter from what faction did you came from, it will always be a dead end for those who defy the Netherworld Empire!" General Feng added as he taunted his enemy to come out.

"Did you rehearse that line repeatedly like an idiot? I've already killed so many of you who keep stating that sentence and guess what. They're all already six feet under!" Yi Tianyun said while masking his voice so that General Feng couldn't locate his whereabouts.

"Look at you, taunting me while hiding like a coward! Let's see what you can say after I am done destroying the Spirit Race!" General Feng said while sneering.

Hearing General Feng's word Yi Tianyun felt the need to kill this group of soldiers as fast as he can! He immediately activated the Evil Dragon Suit's special effect and turned into 100-meter-tall Evil Dragon!

The sudden appearance of an Evil Dragon shocked everyone in the vicinity.

Ye Qingxuan already saw that Yi Tianyun could transform into a dragon, but she was too shy to ask Yi Tianyun about it, so she didn't say anything about it.

But at that moment, the expression on the elders' face said it all! They were looking at the dragon in awe. Some elders even began to wonder whether the Evil Dragon was their Spirit King!

"Yes, that is our Spirit King!" Ye Qingxuan confirmed.

This is the only option that Yi Tianyun could think of at the moment to halt the advance of the Soldiers of the Wind!

Yi Tianyun quickly roared and immediately slammed his claw at the group of soldiers in front of him.

But unfortunately, General Feng came to his senses and immediately blocked off Yi Tianyun's attack once more with his hurricane technique.

General Feng quickly used 'Wind Radiance' once more with an intention to kill the dragon that suddenly appeared.

In the blink of an eye, he smashed the dragon down while trying to break the thick scale out of the dragon, but he felt a shockwave surging across his body as his sword hit the dragon's scale!

Yi Tianyun didn't falter. Although he received a shallow wound from General Feng, he still pushed through to attack at the Soldiers of Wind!

Withing the chaotic fight, Yi Tianyun was finally able to connect his claw attack to the Soldiers of Wind!

'DING'

'Successfully killed Soldier of the Wind!'

'Reward: 250.000 Exp, 3.100 Cps, 200 Sps, Quick Wind Secret Art, Quick Wind Chop, Quick Wind Sword, Quick Wind Boots, Quick Wind Armour.'

'DING'

'Successfully killed a Soldier of the Wind!'

'Reward: 380.000 Exp, 4.300 Cps, 250 Sps, ...'

'DING'

'Successfully ...'

Yi Tianyun successfully killed three Soldiers of the Wind in one fell swoop!

This scene immediately angered General Feng, he immediately held tight his Heavenly Wind Divine Sword, and immediately an image of a Wind Dragon appeared behind him!

General Feng's cultivation base was that of a Wind Dragon, that was why he had such an amazing speed!

General Feng's body was immediately covered by a blue Dragon Scale, and a pair of wings immediately emerged from his back! Transforming him into a dragon! This time, he was ready to fight Yi Tianyun with his full power!

## Chapter 352

With his transformation into Wind Dragon, General Feng increased his combat power by several folds!

With the Heavenly Wind Divine Sword's power, General Feng controlled all the wind in the vicinity and created a huge hand holding a wind blade.

General Feng quickly attacked Yi Tianyun using the Wind Blade, and Yi Tianyun countered using a tail whip!

The two-attack collided, and this time, General Feng was clearly winning as he was flung several meters backward. In contrast, Yi Tianyun was flung further and fell down to the ground, but fortunately, Yi Tianyun fell on top of several Divine Soldiers of the Wind, killing them instantly.

Although Yi Tianyun was losing in power, his body still didn't receive any damage! His defensive power was much higher than his offensive, and therefore it was a little bit expected that Yi Tianyun was losing in terms of power.

Yi Tianyun knew that he had to do something about this problem, he quickly absorbed the Spiritual Energy from his surroundings.

The absorption surprised the Soldier of the Wind, they quickly retreated as they sense a bad premonition from the Evil Dragon.

Meanwhile, General Feng wasn't affected by Yi Tianyun's absorption. Instead, he was charging his Heavenly Wind Divine Sword to cut Yi Tianyun in one go, and he was waiting for the opportunity to unleash his attack!

"This Evil Dragon's power is strong! Fortunately, its cultivation is not that high, if it was any higher, there is no doubt that I would be having a tougher time!" General Feng said as he observed the Evil Dragon absorbed the Spiritual Energy around it. He felt a little bit frustrated seeing this Evil Dragon's power as he hasn't felt this kind of frustration in a very long time!

General Feng immediately jumped into the air swiftly with his Wind Dragon, aiming straight to strike the Evil Dragon down!

Yi Tianyun has been waiting for this moment when General Feng tried to attack him!

“Erosion of the Earth!” Yi Tianyun shouted as a terrifying blacklight spurted out of the Evil Dragon’s mouth. This blacklight burned everything in its path, including the Wind Dragon’s after image that General Feng created. It even burned the molecule of everything it touched. This could be seen from the black traces that the blacklight left behind, the area hit by the blacklight was still eroding even though the blacklight has disappeared.

Some Soldier of the Wind who had no time to escape this blacklight was instantly burned and after some time, turned to dust!

But the most important thing is that the blacklight was Yi Tianyun’s answer to General Feng’s weakness! This attack was a fire attributed attack, and fire attribute was General Feng’s weakness!

Even with the loss of his Wind Dragon’s after image, General Feng still stubbornly rushed over toward the Evil Dragon in order to attack it. He jumped once more into the Evil Dragon to use his Wind Radiance technique once more.

The Heavenly Wind Divine Sword emitted a pale green light around it, and General Feng used that attack to cut through the blacklight, but unfortunately for General Feng, that Evil Dragon was Yi Tianyun himself!

Yi Tianyun immediately used the Red Dragon Spear and threw it as strong as he could toward General Feng’s direction while General Feng was distracted by the blacklight!

General Feng was shaken by the force of the Red Dragon Spear that was thrown at him, and he was flung several meters backward and hit the giant trees hard!

“Where is that weapon coming from?!” General Feng said as the numbness set in, and he couldn’t move from his spot!

Meanwhile, the Evil Dragon kept spewing the blacklight toward the Soldier of the Wind, and after a short amount of time, Yi Tianyun already killed almost all the Soldiers of the Wind!

The Soldiers of the Wind tried to attack the Evil Dragon to save themselves, but it was all for naught as Yi Tianyun's Defensive power was already heaven-defying! Even General Feng's attack didn't really do that much to him!

"Is the Spirit King actually from the Dragon Clan? This amount of power is unbelievable!" Elder Yan said while looking at the Evil Dragon in awe.

"General Feng is crazy powerful too, but the Spirit King's power is just too much! General Feng couldn't even do anything!" Another Elder said with a shock still fresh on his face.

Ye Qingxuan, on the side, was silent as she was charmed by the amazing power of the Evil Dragon!

"We must take advantage of the chaos that the Spirit King caused! We need to get rid of the remaining Soldiers of the Wind to help him focus on his fight against General Feng! We can't stay here doing nothing while our Spirit King works himself out like that!" Elder Yan said while trying to rally his compatriot.

"Yes, we need to kill those bastards! We need to show them that the Spirit Race aren't the people that they could mess around with!" Ye Qingxuan said, agreeing to Elder Yan's word.

The rest of the Elder immediately nodded their head and rushed out toward the remaining Soldiers of the Wind, the result was a total annihilation! There was no Soldier of the Wind left to fight the battle after the Spirit Race's Elder and Saintess joined the fray!

General Feng who sensed his soldier was on the verge of annihilation, shouted at Yi Tianyun in a fury, he immediately burned his blood qi so that he could cut the Dragon Scale with his most powerful attack! His body immediately shone in a pale green light and rushed toward the Evil Dragon.

He attacked with all his might, but unfortunately for him, he still couldn't deal any serious damage toward the Evil Dragon's body! So, he immediately turned his attention toward the Saintess of the Spirit Race. Even if he couldn't kill the Evil Dragon, he still could kill the Saintess of the Spirit Race to quench his thirst for revenge toward the Spirit Race!

“You lowlife! How dare you target a woman after you failed to attack me!” Yi Tianyun shouted as he saw General Feng rushed toward Ye Qingxuan. He immediately slammed his claw toward General Feng to stop him from rushing toward Ye Qingxuan.

But General Feng, with his Blood Qi burned, had around 53 million combat power, he quickly blocked the claw attack from the Evil Dragon, and both were instantly flung backward from the impact of the attack!

The result was still the same, Yi Tianyun lost the power contest!

But because of his crazy defensive power, the claw that collided with General Feng’s attack only suffered a rough scratch!

Yi Tianyun immediately stood up and killed several Soldiers of the Wind near him. General Feng saw that and shouted in a fury, “Good, now you have done it! I will make sure you will die a painful death!”

He knew that he couldn’t stop Yi Tianyun from killing his army, as he knew that there was no easy way to kill that dragon!

However, Yi Tianyun immediately ordered the Spirit Race Elder and the Saintess to retreat, while he himself also disappeared into the fog.

General Feng was stunned to see Yi Tianyun’s action, right before he was about to release all power that he has, his enemy retreated! Not only that, but the said enemy has already killed almost all his army!

“Come back, you coward! Fight me, you coward!” General Feng shouted frustratedly.

With only two or three soldiers left on his army, he knew that he couldn’t advance toward the Spirit Race Sanctuary effectively. Even if he chose to keep attacking, it will no doubt took a couple of months to reach the Spirit Sanctuary, and that was only if the Spirit Race didn’t get in his way!

“Idiot, why would I have to fight with you? You can’t beat me, and you dared to call me a coward? If you really want to fight me, come to the Spirit Sanctuary, you idiot!” Yi Tianyun said as he appeared on the fog in front of General Feng and disappeared immediately.

Yi Tianyun’s face was a little bit pale from releasing too much Spiritual Energy in the form of the Black Light earlier. He had to consume a recovery pill and rest for a while to recover his stamina back!

## Chapter 354

Yi Tianyun taunted General Feng so that General Feng would fall into rage and follow him to the forest!

Yi Tianyun hoped General Feng would fall into the Trace Confusion Great Array’s effect and end up like General Long before him!

However, General Feng was too caught up with the loss of his army of Soldier of the Wind! He has already spent so many resources to train the groups of soldiers that would become his masterpiece and symbols of his power! Now, they were all killed by the enemy! Only two or three Soldiers of the Wind were left! The revelation made him sick beyond measure!

Furthermore, he couldn’t return to the Netherworld Empire, bringing anything but shame like this!

A title of General Feng wasn’t something he got easily, he worked hard for it and defeated many enemies to achieve it, and what will he say to the Netherworld Emperor?

That he lost the battle against a weak faction?

General Feng wouldn’t be able to contain the disappointment and shame that came with it!

In his desperation, General Feng roared, and with the Heavenly Wind Divine Sword on his hand, he began to rush forward and cut the giant trees one by one as he believed that he alone should be sufficient to destroy the Spirit Race! He thought that if the young man earlier came again, he will only have to deal with him with all his strength!

“Damn it! He’s already losing his mind! At this rate, he would reach the Sanctuary in a week!” Elder Yan said worriedly.

The current state of General Feng was really weak, but it was still enough for him to force his way through to Spirit Race Sanctuary!

Yi Tianyun has gathered with the rest of the Spirit Race Elder and frowned as he saw that General Feng was completely furious and began throwing his tantrum!

“It seems that we really have to stop him completely! We can’t risk letting him move forward any further!” Yi Tianyun said coldly. He wished that he could level up once more before this fight, as he knew that he lacked the offensive power to kill General Feng, he also couldn’t level up the Crazy Mode at that moment, because he didn’t have enough Crazy Points to do so!

Even if he sold all the items on his inventory, it wouldn’t suffice the Crazy Points required to level up the Crazy Mode!

“Spirit King! You are already exhausted. At this rate, I am afraid you wouldn’t last long!” Ye Qingxuan said as she was worried about Yi Tianyun’s state. She had some truth on her words, as Yi Tianyun’s face was pale for overusing the Spiritual Energy!

“If I don’t stop him now, I am afraid he will reach the Sanctuary anytime soon! I need you to go back to the Sanctuary and evacuate everyone! We already know the problem with the Spirit Race, so that all we need to do was find the resource later. I am afraid, even if I’m able to stop General Feng now, the Netherworld Empire will send the Imperial Preceptor next or worse the Emperor himself might come here!” Yi Tianyun said as he prepared himself to fight with General Feng once more.

Yi Tianyun’s assumption was sound. There was no way the Netherworld Empire will let the Spirit Race go after knowing that two of their high-ranking generals were dead at the hands of the Spirit Race!

They definitely will exact their revenge and send someone stronger than the previous one!

And now, Yi Tianyun was too exhausted to fight consecutive battles!

The elders and Ye Qingxuan reluctantly nodded their heads in the agreement of Yi Tianyun's order.

"Please stay safe, Spirit King! We will evacuate the Sanctuary and wait for you in Tianyu Lake. We have a secret hideout there!" Elder Yan said solemnly.

Yi Tianyun nodded, and as the groups of elders were about to leave, Yi Tianyun stopped Ye Qingxuan for a little while.

"Saintess, please make sure that you take out all of the Soul Accumulating Grass in the Sanctuary! We can't let any of our resources fall into the Netherworld Empire's hand!" Yi Tianyun said solemnly.

"It will take a moment, but I will make sure that nothing important was left behind!" Ye Qingxuan said solemnly, but an annoyed expression was clearly etched on her face.

"Don't you worry, I will return to you no matter what!" Yi Tianyun said as he smiled toward Ye Qingxuan.

Yi Tianyun couldn't let the Soul Accumulating Grass escaped his grip!

The Soul Accumulating Grass was equal to 100 Million of Exp! He wouldn't give that away!

"My King, I will wait for your return!" Ye Qingxuan said worriedly and immediately left Yi Tianyun to catch up with the rest of the Elders.

"Don't worry. I will come back!" Yi Tianyun said more to himself.

At that moment, Yi Tianyun was thinking of a way to kill General Feng once and for all! If he had a chance to reduce his enemy, then he will gladly accept that chance!

If he really needed to escape the forest, Yi Tianyun could just teleport himself out of there. So, all he had to do at that moment was kill General Feng before he could cause any further harm toward the Spirit Race!

“Now, how can I kill this guy!” Yi Tianyun said while biting his finger, thinking.

Yi Tianyun quickly opened the Sin Shop again to look for inspiration.

Yi Tianyun was startled to see new equipment appeared on the top of the Sword Master Suit!

Evil God Suit: 1.000.000 Sin Points

Level Requirement: 50 (Peak Core Transformation Stage)

Effect: Combat Power Multiple by 50.

Special Effect: Turn into an Evil God. All attacks become a long-ranged attack, burn enhancement, and +20% Crit Chance.

This suit was super powerful!

That was the first thing on Yi Tianyun’s mind as soon as he saw the effect of the suit. He knew that this suit was like the upgraded version of the Evil Dragon Suit, because of the similarities that those suits had. Now he knew that once he bought something from the Sin Points, the better version would be updated immediately.

He closed the Sin Shop not long after, he couldn’t buy the suit for the moment!

Yi Tianyun didn’t have enough Sin Points to buy the suit, and even if he did, he hasn’t met the requirement to use the suit yet! He was still at level 46 (6th Level Core Transformation Stage) while the suit required level 50! He had to kill many more enemies in order to buy that suit later!

Yi Tianyun quickly checked his inventory to see if there was anything he could use to deal with General Feng, while some of the Treasures that he got had an amazing effect, he knew that none of them would work on General Feng, but he soon realized something and bought something from the shop and immediately transformed back into the Evil Dragon after.

Yi Tianyun quickly rushed toward General Feng and immediately used the After-Image Technique once more.

Yi Tianyun's body trembled for a moment, and immediately two more Evil Dragons appeared beside him.

"This trick again? It won't work on me anymore!" General Feng said annoyedly.

With his blood qi burned, General Feng's power exploded to 60 Million points!

That was his final attempt toward victory!

General Feng quickly rushed toward Yi Tianyun at high speed, a speed that not even Yi Tianyun could see!

General Feng quickly cut one Evil Dragon down as he didn't know which one the real body was. He successfully cut one Evil Dragon down easily, he immediately realizes that that one was fake and quickly rushed toward another Evil Dragon. This time, his sword couldn't cut the scale on the Evil Dragon's body! He immediately knew that this one was the real one!

General Feng's attack was heavy!

Yi Tianyun felt that he could collapse while defending from this attack, but he tried his best to withstand the attack to counterattack!

Yi Tianyun immediately consumed the Violent Medicinal Pills that he bought from the shop earlier, this pill had the effect of boosting his combat power two times the normal value!

Unfortunately for Yi Tianyun, because his level was too high, the pill lost its effectiveness and failed to reach the full two times of Yi Tianyun's combat power, but it still increased his combat power significantly, only not as high as General Feng!

But Yi Tianyun still had the upper hand for the moment, as General Feng still couldn't attack him easily.

Yi Tianyun immediately ordered the Evil Dragon clone that he made with the After-Image Technique earlier to burn General Feng while General Feng was busy with him.

Evil Dragon Clone immediately obeyed and showered General Feng with a black flame!

"Did you think this attack will have any effect on me now? Even if you have a tough scale, I will cut you down eventually!" General Feng said with a raging expression in his eyes.

Yi Tianyun and General Feng quickly exchanged some more hits, but at some point, Yi Tianyun succeeded in slipping a Bad Luck Divine Pills to General Feng's body!

After successfully slipping the Bad Luck Divine Pills into General Feng's body, Yi Tianyun smirked in triumph as he knew that he would win anytime soon!

"Bad Luck Divine Pills Activate!" Yi Tianyun said quietly.

'DING'

'Successfully activated the Bad Luck Divine Pills!'

'Effect end in 5 minutes!'

After the notification was gone, Yi Tianyun saw that General Feng was staggered for a little bit, and suddenly General Feng's body exploded from the Spiritual Energy.

A stream of blood immediately flowed from General Feng's mouth as he fell to the ground.

"What is this? Backlash already?" General Feng confusedly said as he tried to stand up again.

Burning a blood qi had a chance to generate a backlash, which will burn the remaining of the Spiritual Energy on the body!

The backlash had a low probability of happening as the cultivator got more powerful and could control the blood qi flow, but as soon as the Bad Luck Divine Pill was introduced to the equation, the probability increased dozens of times!

## Chapter 356

Yi Tianyun saw General Feng was having a backlash from burning his own Blood Qi, he immediately smiled as he knew that his victory was near.

The Bad Luck Divine Pill was working!

Even though the enemy had so much higher Combat Power than Yi Tianyun, the situation could easily be turned around!

General Feng immediately strengthened his resolve and controlled the flow of his Spiritual Energy to stop the backlash on his body, but it was a little bit too late, half of his body was already burned badly!

General Feng spat some more blood after he stopped the backlash, proving that he was severely injured.

Yi Tianyun had no more reason to prolong the fight and immediately equipped the Red Dragon Set that he got from the Dragon General Feng, increasing his Combat Power by twelve times and his Defensive Power by five times!

This equipment set had a better combat power bonus than the Evil Dragon Suit, but it had lower defensive power.

But the upgraded version of the Evil Dragon Suit is so much better, he hoped that he could buy the Evil God suit as soon as possible!

Yi Tianyun also took the Blast Divine Pill immediately, increasing his speed by several times. He quickly attacked General Feng, but unfortunately, General Feng still managed to block Yi Tianyun's attack!

But as General Feng blocked Yi Tianyun's attack, the burn from his backlash throbbed badly, and he lost his balance due to the pain.

Seeing his opportunity, Yi Tianyun quickly activated the Red Dragon Spear's special attack!

"Red Dragon Howler!" Yi Tianyun roared, a red Dragon immediately appeared from his own body and shot a red beam of light toward General Feng!

This attack was a flame attack, meaning that General Feng wouldn't be able to block this attack without any special means. Furthermore, a flame attributed attack was General Feng's weakness!

The Red Beam of Light hit General Feng head-on, enveloping the old man's body completely!

But that was not enough to kill General Feng, he swayed inside the flame as he was no longer able to withstand it.

General Feng roared in fury and pain, he immediately consumed all the Spiritual Energy on his body and once again increased his own power.

General Feng once again rushed toward Yi Tianyun at great speed, ready to strike Yi Tianyun with his Heavenly Wind Divine Sword!

Yi Tianyun immediately ducked to dodge General Feng's attack, but it still hit and injured Yi Tianyun's shoulder!

“See, I can still kill you anytime, boy!” General Feng shouted furiously.

Yi Tianyun immediately blocked and parried all General Feng’s attack as he realized that the Bad Luck Divine Pill’s effect didn’t just activate on his convenience.

But with the Red Dragon Set, he didn’t have the overwhelming defense that he got from the Evil Dragon Suit, so General Feng was eventually able to hit Yi Tianyun once with all his might!

That attack visibly shook Yi Tianyun but he persevered as he couldn’t back down again!

“Shadow Cloak activates!” Yi Tianyun shouted as he immediately rushed toward General Feng

The Shadow Cloak was able to make him invulnerable to any attack for five seconds. At that time, he was confident that he could hit General Feng several times!

General Feng attacked Yi Tianyun three consecutive times, but he was shocked to see that none of his attacks had any effect on Yi Tianyun!

Taking advantage of General Feng’s shock, Yi Tianyun quickly attacked and used all his might on the attack!

With the injuries on his shoulder, Yi Tianyun knew that this was the only chance he got to attack General Feng!

## Chapter 357

After several consecutive attacks, the special effect of the Red Dragon Set was activated!

A Red Dragon’s Phantom immediately appeared and attacked General Feng, Yi Tianyun used that opportunity to slip in and attack too.

But the duration of the Shadow Cloak was finally over, and the cloak no longer granted Yi Tianyun invulnerability!

Knowing that fact, Yi Tianyun gritted his teeth and relentlessly attacked General Feng! He believed that he would be able to defeat General Feng eventually, as he knew that he had the upper hands on stamina.

As he predicted, Yi Tianyun saw that General Feng was getting weaker.

But even so, Yi Tianyun's armor was still shredded by General Feng's Heavenly Wind Divine Sword easily.

Yi Tianyun still received so many injuries from General Feng's attack!

Yi Tianyun still disregarded his own injuries and pressed on, attacking General Feng, he won't stop until General Feng collapsed in front of him!

The Red Dragon Spear in his hand kept dancing on the battlefield, dealing damages to General Feng as well.

Finally, General Feng was repelled, and Yi Tianyun immediately slammed the Red Dragon Spear powerfully to General Feng's arm, disarming the old man!

General Feng looked at Yi Tianyun in horror as he never expected to lose in one on one duel, not to a younger generation!

At the same moment, Yi Tianyun immediately activated the Tyrant Soul and immediately stabbed General Feng's chest, flinging the old man backward and slamming him toward the giant trees behind him.

Several giant trees were uprooted as they couldn't stand General Feng's body that was flung towards them with great speed.

At the end, General Feng's body was embedded to the side of the giant tree, spitting out blood.

General Feng tried to move, but he knew that most of the bones in his body were broken, he couldn't regenerate as he has already burned almost all his blood qi, and he no longer had the energy to gather the Spiritual Energy from the surrounding.

"Impossible! How can I lose to a mere kid? I am the undefeated General Feng of Netherworld Empire for god sake!" General Feng shouted furiously as he tried to stand once again.

Yi Tianyun looked at General Feng with pity, he knew that General Feng would be dead soon as the old man wasn't able to withstand his last attack.

"Sure, you are undefeated until you are defeated!" Yi Tianyun said calmly. He sat down in front of General Feng to catch his breath and regenerate the injuries that he received from General Feng.

Thanks to his Xuan Tian Divine Art and Golden Body Secret Art, none of General Feng's attack was fatal, and with his Dragon God Bloodline, he could heal all those wounds with his regeneration!

When he killed General Long, he also got another Dragon God Bloodline. He already fused it with his own Dragon God Bloodline, leveling it up to 4th Grade, enhancing his physique further.

That was also the reason that Yi Tianyun chose to persevere in the last fight against General Feng, as he knew that he should be able to withstand the attack.

"You win this time, but the Netherworld Empire will crush you after this!" General Feng said coldly.

Yi Tianyun sighed and immediately drove his Red Dragon Spear to General Feng's chest, killing the old man instantly.

"Don't worry. I will send the rest of the Netherworld Empire to hell soon enough! You will not be lonely down there!" Yi Tianyun said calmly.

‘DING!’

‘Successfully killed General Feng!’

‘Reward: 7.200.000 Exp, 200.000 CPs, 1.000 SPs, Divine Wind Secret Art, Wind Sprint, Wind Flash, Heavenly Wind Divine Sword, Hurricane Armour, Hurricane Boots, Wind Stones.’

‘DING!’

‘Successfully killed an elite enemy unit!’

‘Reward: 30.000.000 Exp, 1.000.000 Cps, 5.000 Sps, 1x Enhanced Lottery Roulette Ticket.’

After receiving a notification of abundant rewards as he killed General Feng, Yi Tianyun’s eyes were fixated on the Enhanced Lottery Roulette chance that he got. He will use it after he left that place as he wanted to see what useful item he’ll get next!

## Chapter 358

“Is it over?” Yi Tianyun said as he took a deep breath to relax himself. He knew that if it was not because of the Bad Luck Divine Pill, he wouldn’t be able to defeat General Feng!

The backlash that General Feng experienced earlier was the turning point for Yi Tianyun as General Feng’s Combat Power was too high!

Yi Tianyun didn’t know how many Void Spirit Stage that the Netherworld Empire had, but he knew that General Feng was the third strongest in the Netherworld Empire, which meant that at least Netherworld Empire had two more Void Spirit Stage!

As soon as Yi Tianyun got closer to General Feng’s dead body, he was immediately attacked by one of the surviving Soldier of the Wind, but fortunately, Ye Qingxuan was still around, and she blocked the soldier’s sneak attack and used her whip to shackle the soldier.

“How dare you attack our King! Your Netherworld Empire will be destroyed soon!” Ye Qingxuan said as she pulled her whip and decapitated the soldier!

Ye Qingxuan had no compassion toward her enemy as she knew that women would always be regarded as inferior to men in this cultivation world!

“Why did you come back? Didn’t you already go with the elders earlier?” Yi Tianyun asked Ye Qingxuan while embracing her.

“Yes, I intended to leave with the Elders, but after some thought, I realize that I must remain here and watch you fight, no matter what happens! But I didn’t expect you to defeat General Feng by yourself!” Ye Qingxuan said while smiling warmly.

Yi Tianyun was a little bit curious as he saw that Ye Qingxuan was a little bit pale.

“Did you use the World Divine Rune?” Yi Tianyun asked inquisitively.

The World Divine Rune is a Divine Rune that was considered taboo for the Spirit Race, as only the Spirit King and the Saintess who could master it.

The World Divine Rune was powerful as it could enhance anything five times the normal value! If it was used on a weapon, the combat power of said weapon would raise five times the normal value, that effect could be applied to anything!

The best application for that Divine Rune would be using it on a person! But it came with a cost! To engrave this World Divine Rune, the user must use their Spirit Blood Qi, or this Divine Rune will be useless!

That was one of the main reasons why this Divine Rune was a taboo in the Spirit Race as it should be bad for any of them as they had a high amount of Spiritual Energy, and using their Spirit Blood Qi would be very bad for them.

That was also why the Spirit Race was rarely killed, the enemies would rather capture them and force them to engrave this Divine Rune for their own use.

Yi Tianyun will eventually have the knowledge to engrave this Divine Rune too, but he still didn't know what the effect would be to him, as he didn't have any Spirit Blood Qi, to begin with.

Yi Tianyun knows that Ye Qingxuan engraved this Divine Rune as a precaution to save Yi Tianyun if he, by any chance, was cornered by General Feng! She believed that she would be able to help if she stayed. Fortunately, she didn't get the chance to do anything as Yi Tianyun could finish General Feng by himself!

"Yes, my King! I had to do it!" Ye Qingxuan said as he became paler as time went by.

"I already told you I would run away if necessary! Why did you go this far?!" Yi Tianyun said, he scolded Ye Qingxuan lightly.

"I am not sure, but I thought that you would have a hard time fighting against General Feng. But no matter, you can keep this World Divine Rune. I know that this Divine Rune will be useful to you later!" Ye Qingxuan said as she took out the World Divine Rune and gave it to Yi Tianyun.

Yi Tianyun felt a dense power was welling up from the Divine Rune and the fact that this Divine Rune could be considered a treasure for the Spirit Race!

## Chapter 359

Yi Tianyun felt a little bit touched as he looked at the World Divine Rune on his hands, but looking at Ye Qingxuan's pale face, he felt guilty at the same time!

He knew that if he was badly injured by General Feng when they fought earlier, Ye Qingxuan would've immediately used the Divine Rune to help Yi Tianyun escape!

"You really don't listen to anything I said, do you? I already told you I don't need anything from you, I just want you to be safe!" Yi Tianyun said while sighing and gestured Ye Qingxuan to lay down.

He quickly took out the Blood Jade from his inventory, this Blood Jade was used to recover one's Blood Essence.

Yi Tianyun also gave this Blood Jade to Shi Xueyun back then after she overused her Blood Essence to hold the Profound Azure Mansion in their track.

"Now, use this Blood Jade! It will recover your Blood Essence quickly." Yi Tianyun said as he put the Blood Jade in Ye Qingxuan's hand.

"This treasure is wasted on me! You should use this for yourself!" Ye Qingxuan said as she pushed the Blood Jade into Yi Tianyun's hands.

"Just listen to me for once! I am now commanding you as your Spirit King, understand!" Yi Tianyun said solemnly.

"Of course, My King!" Ye Qingxuan said while smiling toward Yi Tianyun and began to absorb the Blood Jade.

Soon enough, her complexion returned to normal, signaling the fact that the Blood Jade successfully replenished her Blood Essence.

"This is truly amazing, my King! My Blood Essence was replenished at a rapid speed! I have never seen this kind of mystical treasure before!" Ye Qingxuan said with a shocked expression.

"Of course, I happen to stumble upon a cave full of this Jade. So, don't worry and replenish your Blood Essence until you are back to normal!" Yi Tianyun lied to Ye Qingxuan so that she won't refuse to use the Blood Jade.

"There is no way there is a cave full of this Jade. You lied, didn't you?" Ye Qingxuan said as she could tell Yi Tianyun was lying.

"Well, just recover your Blood Essence for now!" Yi Tianyun said flustered as Ye Qingxuan caught him lying.

Soon enough, Ye Qingxuan's Blood Essence returned to its normal state, and she gave the Blood Jade back to Yi Tianyun.

"This thing is amazing! There is no way I could recover my Blood Essence this fast without it! Was there really a cave full of this stuff?" Ye Qingxuan asked curiously.

"Sure, there is, but I forgot where it was!" Yi Tianyun said casually.

"You really lied to me!" Ye Qingxuan said while pouting.

"You don't have to worry about this, now let's go! We need to catch up with the rest of the Spirit Race!" Yi Tianyun said while smiling warmly.

"Yes, My King!" Ye Qingxuan said excitedly.

After searching for any treasure that General Feng might have on him, Yi Tianyun left with Ye Qingxuan to the Spirit Sanctuary. But they were already too late, the place had been abandoned, and there was nothing of value left behind.

However, Ye Qingxuan stood longingly toward the Spirit Pagoda as they couldn't bring the building with them.

Yi Tianyun saw the sadness on Ye Qingxuan's face and immediately comforted her.

"This is just a temporary evacuation, as soon as the Netherworld Empire is destroyed, we can always come back here again!" Yi Tianyun said softly.

"Of course, we will kill the Netherworld Emperor soon!" Ye Qingxuan said surely.

The two immediately left the place and flew toward the rendezvous point that was already decided earlier.

Once they arrived there, they saw that the Spirit Race has safely arrived and waited for their next instruction.

"I have an announcement to make! Our Spirit King has succeeded in killing General Feng of Netherworld Empire!" Ye Qingxuan said excitedly.

"The Spirit King is so powerful, I will say that the Spirit King is not afraid of the Netherworld Empire!"

"Yes, our Spirit King is invincible, the strongest!"

"Fart, just now, didn't you worry that the Spirit King couldn't escape?"

"W-what are you talking about? You are slandering me!"

The rest of the Spirit Race immediately cheered in awe as they didn't expect Yi Tianyun to kill General Feng too, they began to chant Yi Tianyun's name in excitement, raising Yi Tianyun's prestige once more.

"Spirit King, what should we do now?" Elder Yan said after the cheers died down a little.

"Let's go to the Earthly Border Continent for now! I have a place for you guys to live there. We need to lay low there until I resolve the problem with the Netherworld Empire!" Yi Tianyun said solemnly, he was also on his way to return to Earthly Border Continent before he went and help the Spirit Race!

## Chapter 360

Yi Tianyun and the Spirit Race quietly left toward the Earthly Border Continent, while the death of General Feng reached the ear of the Netherworld Emperor and caused an uproar in Netherworld Empire and the Heavenly Border Continent.

"How could this happen!" The Netherworld Emperor said furiously.

“Not only General Long, but General Feng too!” The Netherworld Emperor said while smashing the table in front of him to dust!

The minister of the Netherworld Empire was shaken as they felt the terrifying aura from the Netherworld Emperor.

“We have to send the Heavenly Army there, Emperor!” Imperial Preceptor said solemnly.

“Yes, you need to lead this army yourself! I don’t want any more failure, you hear me!” The Netherworld Emperor said while pointing his finger toward the Imperial Preceptor.

“Right away, Emperor!” Imperial Preceptor said as he nodded his head and immediately left to prepare for his departure.

“How could this happen! In a short time, I lost two of my Generals! I can’t believe the Spirit Race still have this kind of power, is it really the Heavenly Dragon Empire?” The Netherworld Emperor pondered.

After a while, the Imperial Preceptor was on his way toward the Spirit Forest with another General on his side.

With this Heavenly Army, he was sure that the Spirit Race wouldn’t be able to do anything anymore!

They soon arrived in the vicinity of the Spirit Forest, and the Imperial Preceptor immediately rushed inside the forest to immediately disarm the Trace Confusing Great Array!

His Divine Rune Proficiency was the highest in the Netherworld Empire, maybe even higher than the Old Ancestor of the Spirit Race, and that was why he had no reason to fear the Trace Confusion Great Array’s effect!

“Now that I am here, there will be no more Spirit Race!” The Imperial Preceptor said to himself while smirking evilly.

He immediately started to strip the Divine Rune for the Trace Confusion Great Array so that none of his soldiers will fall for this trap, but as he stripped the Divine Rune from the Great Array, he realized that some Divine Rune Grandmaster must have been controlling the array from afar to have this kind of effect!

After a few days, he finally stripped all the Divine Rune necessary to keep the Great Array active.

“Now, prepare for your destruction, Spirit Race!” the Imperial Preceptor said evilly.

The Heavenly Army that he brought with him was also excited that they finally had the chance to kill the Spirit Race, but as soon as they arrived inside the Spirit Sanctuary, they immediately knew that something wasn’t right!

There was no sign of life anywhere, and the houses were already emptied!

“What is this? Did they evacuate this place?” The Imperial Preceptor said with a surprised look on his face.

“But this is impossible! They couldn’t leave this place; they wouldn’t live long if they leave this place!” The Imperial Preceptor said inquisitively.

“All of you, search this place down! I want every nook and cranny searched! Also, burn that Spirit Pagoda down!” The Imperial Preceptor said with an irritated expression on his face.

At the same time, Yi Tianyun was still on his way toward the Heavenly Jade Sect quietly. He couldn’t arrive in the Earthly Border Continent as quickly, as he must lead the Spirit Race himself, and a very limited person could fly in the Spirit Race. Now, he had to rely on the Earth Dragon to transport them to the Earthly Border Continent safely.

As soon as they arrived on the Earthly Border Continent, Yi Tianyun immediately brought them toward the Heavenly Jade Sect without any problem.

“In front of you, between those two hills is where the Heavenly Jade Sect located! There is no need to worry, the people there were my family before you guys!” Yi Tianyun said while smiling warmly.

The Spirit Race immediately became curious to see what their Spirit King’s Residence was like.

As soon as they arrived in front of the Heavenly Jade Sect, several disciples paled as they were shocked to see so many Earth Dragons coming toward the Sect, but as soon as they saw Yi Tianyun’s face, they breathed a sigh of relief.

Yi Tianyun immediately stopped and immediately greeted the disciple and several deacons that were guarding the gate at the time.

“Welcome back, Elder Yi! Is that a newcomer that you brought with you this time, Elder Yi?” The Deacon asked curiously.

“No, they are our Noble Guest! Now, lead them inside and make sure to attend them to their needs, okay?” Yi Tianyun said with a smile on his face.

“Sure, right away, Elder Yi!” The Deacon said and immediately opened the gate to let them in.

The Spirit Race immediately followed Yi Tianyun inside excitedly; at the same time, Shi Xueyun also walked outside to see the commotion herself.

“God, what else did you bring this time!” Shi Xueyun said with a surprised expression as soon as she saw so many people coming inside the Heavenly Jade Sect with so many Earth Dragons!
