

## Leveling 381

### Chapter 381

The Rock Insect kept coming their way, but Yi Tianyun didn't seem to care as the Rock Insect didn't possess any threat.

Xu Fei, on the other hand, was busy gathering the corpse of the fallen Rock Insect in excitement. He now will be able to sell the material from the Rock Insect for some gold and even could create several high-grade Medicinal Pills or Tools if he wanted to!

"Big Brother Yi, I sense imminent danger from the rock over there!" Xu Fei said as he warned Yi Tianyun.

Yi Tianyun immediately smashed the rock that Xu Fei had pointed and sure enough, a Rock Insect was killed instead of a normal rock!

"You're as sharp as usual! Keep those advantages coming!" Yi Tianyun said appreciatively.

Yi Tianyun knew that the Heavenly Clouds Mansion needed a lot of manpower by this moment, so he had thought of bringing Xu Fei along later if Xu Fei agreed to that!

He wanted to observe Xu Fei further as he could increase Xu Fei's favourability and increase his chance to bring Xu Fei to Heavenly Clouds Mansion later.

"Understood, Big Brother! I will keep observing!" Xu Fei said excitedly.

But there was no danger around them anymore, at least until they arrived at the four clover door at the end of the tunnel.

The doors looked menacing while they had different symbol etched on them with different size, with the smallest door didn't have any symbol on it!

From the largest to the smallest it said: Human Level, Earth Level, and Heaven Level!

There was no doubt that this place has been divided into three levels of difficulties, but Yi Tianyun was interested in the small door, as he could feel the Spiritual Energy around the door was quite dense!

“This is Four Clover Door! I Heard that they have a different treasure that corresponds with their difficulties while the hardest was the smallest door! I heard that the smallest door was so dangerous that no one ever made it out!” Xu Fei explained.

“Well, are you going in?” Yi Tianyun asked.

“Of course, big brother! I have to take a look after coming this far, aren’t I?” Xu Fei said excitedly.

“Well, what door will you choose?” Yi Tianyun asked.

“I think I will enter the Earth Level! I don’t think I could handle the Heaven Level with my current cultivation!” Xu Fei said confidently.

Yi Tianyun nodded his head as his admiration towards Xu Fei kept growing, Xu Fei has already grasped the level of his own strength and thus bravely took a risk but not as much that he couldn’t handle!

“What about you, Big Brother Yi? Which door will you choose?” Xu Fei asked curiously.

But as Yi Tianyun was about to answer Xu Fei’s question, another group arrived, distracting them both.

“Xu Fei! I didn’t expect to see you here! The world sure is small!” A handsome young man said suddenly.

“Wang Menglong! I didn’t expect to see you here either!” Xu Fei said heavily.

“Relax, there is no need for you to be nervous, I am not here for you!” Wang Menglong said as he made way for a beautiful woman to walk into the room.

The woman was staring at the smallest door.

Yi Tianyun immediately used his appraisal eye to obtain the information of the man and the woman who just came in, he saw that the woman was at 9th Level Spirit Core Stage, while the man was at 7th Level Spirit Core Stage.

From the look of it, the man was here to protect the woman, but Yi Tianyun wasn't so sure anymore as the woman was more powerful than the man anyway!

"I didn't expect Hua Xiying is also here either!" Xu Fei said a bit heavily.

"I am here to cultivate, while I am also here to search for any clue of Great Emperor Ren's whereabouts, I Hua Xiying has chosen to stand beside the princess!" Hua Xiying said confidently.

Yi Tianyun didn't really care about anything that the woman and the man had to say as they didn't pique Yi Tianyun's interest.

Instead, he shifted his attention back to the Four Clover Door, from Xu Fei's information, it seemed that every door except the smallest one had been successfully cleared by other cultivators!

He also knew that according to Xu Fei's information, the harder the level, the better the reward!

But as what reward he could get was still completely unknown!

Yi Tianyun made a mental decision on which door that he wanted to pick, there was no need to ask in the first place!

Chapter 382

After Yi Tianyun made up his mind, he knew that he had to choose that door.

“Let’s go in! what are we waiting for?” Yi Tianyun said toward Xu Fei.

Xu Fei nodded and walked toward the Earth level Gate immediately.

“You sure are honest! Surely Earth Level Door is the best you can do at your level!” Wang Menglong said sarcastically.

Wang Menglong immediately walked toward the Heaven Level Door while looking back to Hua Xiyong, asking for approval.

Unfortunately for him, Hua Xiyong didn’t seem to care about what choice Xu Fei made, and she even seemed indifferent to what Wang Menglong chose!

Xu Fei clenched his fist, knowing his limit, he knew that he couldn’t refute Wang Menglong’s argument.

Xu Fei immediately tried to regain his composure and ignore Wang Menglong’s taunt altogether.

“Big Brother Yi, which door will you choose?” Xu Fei asked, trying to distract himself from Wang Menglong, but as he looked over to Yi Tianyun, he was surprised to see Yi Tianyun was already standing in front of the smallest door.

All of a sudden, everyone’s eyes were on Yi Tianyun, as they couldn’t believe that such a young man would choose such a dangerous door.

There were many records on the past stating no one has ever returned after entering the smallest door, not even a Void Spirit Stage Expert!

“Xu Fei, it seems your companion has chosen to end his life soon! Or maybe he got struck on the head on your way here for choosing that door!” Wang Menglong said sarcastically.

Although Hua Xiyong was looking at Yi Tianyun, she didn’t show any emotion at all! She didn’t seem to care that Yi Tianyun planned to enter the smallest door.

“Big Brother Yi! Please consider your choice, that door is the most difficult one as no one has ever returned once they enter that door!” Xu Fei said, trying to warn Yi Tianyun.

“Don’t listen to him! You should choose your first option! You are courageous, you should go in and try the challenge yourself!” Wang Menglong said while snickering silently.

“Xu Fei, if you finish first, wait for me on the other side! It might take longer for me to finish this!” Yi Tianyun said to Xu Fei as he walked inside the smallest door, shocking everyone once more!

Not even Hua Xiyong could keep her calm after seeing Yi Tianyun walked into the door that should be impossible to pass!

“Xu Fei, your friend was really brave! I want to go in and wait for him on the other side myself, but I am afraid that I would have to wait for a lifetime!” Wang Menglong sarcastically said while laughing to his heart content.

“Now, you better go back to the Xu Family! There is nothing else you can do here, and the Lady from the Qin Family obviously was too high for you right now!” Wang Menglong said coldly while entering the Heaven Level Door without any more hesitation.

“Big Brother Yi! If you can get out of that door, I will be waiting for you on the other side!” Xu Fei said confidently as he walked inside the Earth Level Door.

“Huft, why don’t they just mind their own business, I don’t care what door you choose! I’m only here to look for the Great Emperor Ren’s track!” Hua Xiyong said to herself as she approached the Heaven Level Door and walked right in.

There were some other cultivators, who saw everything in front of the four clover door, but they didn’t care at all, in their eyes, Yi Tianyun was just another curious soul who died by his own choices!

At the same time, Yi Tianyun was welcomed with an endless road covered in a bluestone. He noticed that the surroundings were dark, and nothing could be seen except for the bluestone road.

With his appraisal Eye, Yi Tianyun knows that the darkness surrounding the stone was a void space!

It means that if he deviated from the Bluestone Road, he would fall into the void, but he was still not sure whether he would die or not if he fell into the void!

He checked the Coiling Dragon Treasure Maps once again and saw that there wasn't a lot of information about this place.

The only thing that the map said was that this small door was the right path to the treasure of the Coiling Dragon Cave!

So, without anything else he could do, Yi Tianyun immediately walked forward, curious about what challenges he will face next!

## Chapter 383

Yi Tianyun kept the Appraisal Eye active at all times so he could avoid danger on time. He knew that he couldn't take this place lightly, for there was no record of anyone coming out of this place.

But as he stepped further toward the bluestone path, he reached the end of the path, with void in front of him and nothing else!

Yi Tianyun tried to look for a path with his appraisal eye, but all he saw was the same void! He even tried to toss a few low-grade weapons to see if the weapons hit something or reveal some hidden path, but all weapons that he tossed instantly vanished into the void!

"This is strange! There is no path at all!" Yi Tianyun said to himself in disbelief. He knew that he couldn't fly as the same pressure that he felt outside still applied to this space.

Yi Tianyun turned his body and looked at the back, the way he came before, but there was no more door, there was only a blocked path there.

Yi Tianyun sat on the bluestone path to think of a way, but his attention suddenly shifted to the bluestone that created this path, he saw that there was no ground beneath the bluestone!

“Maybe this stone is all I need!” Yi Tianyun said as he walked back and collected the bluestone on the back and threw one bluestone into the void in front of him.

Sure enough, the bluestone connected with the path that he walked on!

“It turns out you have to create your own path here!” Yi Tianyun said as he began throwing the bluestone in a singular line. This place seemed to challenge the patience of the challenger as they must build their way little by little.

After quite some time, Yi Tianyun finally reached a shining door. He quickly entered the door and saw a wide place in front of him. He also noticed that the ground on the new room was also made of the same bluestone that he used earlier.

Yi Tianyun was startled as suddenly a handsome young man in a dragon scale battle armor appeared in front of him.

“Welcome to my abode, Human! This place hasn’t received any visitor in a long time, the lack of patience, a misstep into the void, or simply falls into madness! This was the common occurrence on this Bluestone Road!” the young man said excitedly.

“No one ever been able to come here? Really?” Yi Tianyun asked curiously. He knew that this young man wasn’t human, he may be a Dragon Clan expert tasked to protect this place.

“There were two people ever left this place alive before, maybe you could become the third one!” the young man said excitedly.

“Only two people? What is the challenge?” Yi Tianyun asked curiously.

“It’s simple! All you need to do is to defeat me!” The young man said while laughing profusely. But as soon as he stopped laughing, a shadow of a dragon emerged from behind the young man!

‘Mysterious Man: Immortal Phantom Shadow.

Cultivation Base: 8th Level Core Transformation Stage.

Ability: can turn into a giant dragon at will!

Equipment: High Grade Holy Tool Armor

Combat Power: 12.000.000

Possible Item Drop: Unknown

Weakness: None

This mysterious man wasn’t a living person! He was just like the Old Xuan, trifling on Spiritual Energy to survive!

However, the challenge seemed to adapt to the challenger’s power as the young man’s cultivation was the same as Yi Tianyun, which was 8th Level Core Transformation Stage!

“I’ll beat you at your own game! Come on!” Yi Tianyun said as he pulled out his Ice-Cold Divine Bow and quickly used his Ice-Cold Fury!

But the mysterious man laughed some more and immediately turned his arms into a dragon claw to block Yi Tianyun’s attack.

Yi Tianyun immediately checked the information of the claw as he knew that it would be something powerful.

Sure enough, he saw that the Dragon Claw was as strong as a High Grade Holy Tool rank!

As the Ice-Cold Fury shot through the air toward the Mysterious Man, the ground and air around the arrow were frozen!

But the claw gave off a menacing vibe of its own, making Yi Tianyun unsure whether he would be able to deal any damage to the Mysterious Man or not!

The arrow soon collided with the claw, causing an explosion from the impact!

But after the smoke dissipated, Yi Tianyun saw the Mysterious Man was still standing in the middle with half of his body frozen!

But he walked casually right after, shaking off the ice that covered half of his body like it was nothing!

“Yes! This is the power that I have been waiting for! You are amazing! If your opponent wasn’t me, you would’ve won by now! You are qualified to know my name, I am Yuan Qinglong! Please remember it well!” The Mysterious Man said excitedly.

## Chapter 384

Yuan Qinglong immediately rushed toward Yi Tianyun as soon as he introduced his name. The ground was immediately shattered as Yuan Qinglong stepped on them in the middle of his charge.

Yi Tianyun also felt that although Yuan Qinglong was just at 8th Level Core Transformation Stage, he was far more powerful than the Army General Feng!

So, Yi Tianyun immediately equipped the Red Dragon Suit and the Red Dragon Divine Spear to increase his power.

Yi Tianyun immediately used the Tyrant Soul to increase his power further, but he refrained himself from using the Crazy Mode as he wanted to see the extent of his true power without the help of Crazy Mode.

“Very powerful!” Yuan Qinglong said as he stopped for a second to block Yi Tianyun’s incoming attack. But he wanted to guard a little bit too late as the only thing he could do was only to cover his entire body with a dragon scale!

Yi Tianyun’s attack hit Yuan Qinglong directly, and the impact created an explosion that soon covered up Yuan Qinglong.

“Interesting, you’re worthy enough to force me to use my full power!” Yuan Qinglong voice was heard from the cover of smoke.

The next moment, Yuan Qinglong’s was seen again, but this time, his entire body glowed green, and not long after that, he transformed into a huge azure dragon!

Yi Tianyun scanned the Azure Dragon with his appraisal eye and saw that the Combat Power of Yuan Qinglong had reached more than 40 million!

Yi Tianyun immediately understood why nobody has ever passed this stage, as he saw that Yuan Qinglong was far more powerful than any cultivator with the same level of cultivation!

“Is this your full power? Then I will increase my own power so that I could compete with you!” Yi Tianyun said as he smirked toward the Azure Dragon.

“Dragon God Bloodline, Activates!” Yi Tianyun shouted, and his entire body was immediately covered with a dragon scale, raising his Combat Power 8 times the previous value.

After activating Dragon God Bloodline, Yi Tianyun’s combat power was at 46 Million points while having a Dragon God’s phantom shadow on his back.

Yuan Qinglong was startled as he saw Yi Tianyun's transformation, but he couldn't stop now. This was a test, a part of the trial! It was his duty to try to defeat any opponent who came his way, no matter who they were!

"Dragon God Tyrant Soul!" Yi Tianyun shouted as he clasped the Red Dragon Divine Spear in his hand.

Once again, Yi Tianyun took his opponent very seriously, he never thought of the fight as a game as he never wanted to lose a fight out of his carelessness.

Two huge dragons rushed toward the Azure Dragon from the spear and collided with Yuan Qinglong's huge dragon claw!

Yuan Qinglong was pushed toward the wall with his claw almost destroyed and a gaping hole on his abdomen.

But Yi Tianyun didn't stop, he quickly rushed toward Yuan Qinglong again and attacked once more!

This time, Yuan Qinglong was knocked down to the ground, receiving heavy damage from Yi Tianyun's attack!

But Yi Tianyun didn't want to give Yuan Qinglong any breathing room as he quickly jumped over to the Azure Dragon and immediately activated the Dark North Divine Art and Absorbing Star Great Technique!

'Received: 10.000 Exp, 13.000 Exp, 12.000 Exp, ...'

Yi Tianyun smirked as his plan worked, he knew that even though Yuan Qinglong wasn't a living entity, Yi Tianyun still could absorb the Spiritual Energy that formed his body, the same as the Old Xuan's case in the Heaven Immersing Ancient Ruins!

After a while, Yi Tianyun become impatient as the absorption rate was too low.

“Equip the Evil Dragon Suit!” Yi Tianyun shouted as he changed his equipment to the Evil Dragon Suit. This equipment enhanced his absorption rate several times that he was finally satisfied with the amount of experience that he got.

‘Received: 34.000 Exp, 35.000 Exp, 35.000 Exp, ...’

Yi Tianyun thought about leveling up the Dark North Divine Art or the Absorbing Star Great Technique, but he knew that he must refrain from doing so for now, but he was still unsure at the end!

## Chapter 385

Yuan Qinglong’s spiritual energy was quickly absorbed by Yi Tianyun, he could enhance the absorption rate some more using the Crazy Mode, but Yi Tianyun was determined to not use the Crazy Mode for this fight!

However, after a while, Yuan Qinglong’s body soon faded and then disappeared only to reappear not far from Yi Tianyun’s current position.

“Congratulation! You have successfully passed my test!” Yuan Qinglong said excitedly.

“I really didn’t expect that you’d be this strong! The other two cultivators passed using a cheap trick, while you are the only one using brute force like my test originally intended to!” Yuan Qinglong added with an excited smile on his face.

“Thank you for letting me pass! I thought that I still have to keep going!” Yi Tianyun said as he smiled warmly toward Yuan Qinglong.

“You’ve already succeeded as long as you can beat me in any way, but I am sure if I am alive, you will have no trouble killing me!” Yuan Qinglong said while smiling warmly.

“But, Senior. If you don’t mind me asking, why are there four doors in the entrance, and why is this door the only one without difficulty and the smallest door there?” Yi Tianyun asked Yuan Qinglong curiously.

“I am sorry, but I can’t answer your question. That is not my duty, as this test is the only duty that I have! Now, as you’ve already passed my test, you can leave through this door and take the glory that awaits you later!” Yuan Qinglong said as he showed Yi Tianyun the path leading to the exit.

Yi Tianyun knew he wouldn’t get any answer out of Yuan Qinglong, and he wouldn’t be able to ask many questions as a phantom shadow like Yuan Qinglong was bound to his duty and therefore only had the knowledge needed for their duty!

So, Yi Tianyun nodded and immediately walked toward the exit while wondering what would the glory that Yuan Qinglong mentioned would be!

On the other side of the gate, someone has successfully cleared the test on their respective door!

“I am finally out! This Earth Level Door was too difficult, I can’t imagine how hard the Heaven Level Door would be!” Xu Fei said to himself as he looked over to the Heaven Level Door.

Not long after, the Heaven Level Door opened, and Hua Xiyang walked out from it, looking pale and exhausted.

Xu Fei noticed that there were no injuries on the fair lady’s body, so he figured that the test might be Spiritual Attrition!

“She is a genius! She passed the Heaven Level Door in a short amount of time, almost as fast as I finish my Earth Level Door!” Xu Fei said in awe of Hua Xiyang’s achievement, but he quickly snapped out of his thoughts and immediately meditated to recover and cultivate a little bit more.

Not too long after that, Wang Menglong also came out of the Heaven Level Door, covered with blood.

It was obvious to anyone that Wang Menglong was badly injured!

But as he saw that Hua Xiyang has already arrived without any injuries and was meditating to recover herself, Wang Menglong quickly took a position to recover himself as well!

Even though he came out full of wounds, no one in that place dared to laugh at him as passing the Heaven Level Door itself was a big achievement on its own!

During their meditation and recovery, many cultivators passed the Earth and Human Level Door while they also heard that some couldn't pass and die during the trial!

That was not a rare occasion, as this trial was dangerous!

If the cultivator really wanted to enter the trial, they must be prepared for death!

There was no way to attain strength without risking your own life!

Many people meditated and recovered themselves near the door as they successfully passed the trial, and so many people also took their leave as they deemed it sufficient for them to continue, but Xu Fei didn't move from his spot near the smallest door, waiting for Yi Tianyun to return!

"Idiot, he wouldn't come out from there! He's long dead inside that door, there is no way he survives! The Heaven Level door was basically almost impossible to pass, and that smallest door was meant to be harder than the Heaven Level Door!" Wang Menglong sneered at Xu Fei.

Even Hua Xiying was shaking her head in disbelief as she knew that the Heaven Level Door was the hardest while the smallest door was impossible to pass!

But as soon as Wang Menglong and Hua Xiying were about to leave, the smallest door suddenly burst open!

Shocking everyone in the vicinity!

Chapter 386

The smallest door opened!

This fact alone stopped everyone on their track to look over to the door, and they saw that Yi Tianyun was the one who walked out of the door like he just came out from a long passage!

Hua Xiying and Wang Menglong also looked at Yi Tianyun in shock!

They were sure that Yi Tianyun was dead, no one ever survived after entering the smallest door!

“Big Brother Yi! I knew you would come out from that door!” Xu Fei said as he excitedly bounced around like a little kid.

Yi Tianyun smiled lightly toward Xu Fei, and as he looked over to Wang Menglong and Hua Xiying, he smirked tauntingly!

Yi Tianyun didn't know how hard the other door could be, but he was sure that none of those doors' trial would be as hard as the trial on the smallest door!

“Impossible! No one ever returned from that door before!” Wang Menglong said spitefully.

In fact, many cultivators who were shocked to see the smallest door was opened for the first time, began to doubt its difficulty, and regretted their decision to never enter the door themselves!

“Shut up! If you think that this door is a scam, why don't you try it yourself? That way, you can prove that Big Brother Yi wasn't a swindler!” Xu Fei shouted as he was getting annoyed by what other cultivators murmured about Yi Tianyun.

“I will try it later! It is impossible right now as everyone couldn't return to the entrance of the door!” Wang Menglong said annoyedly.

“There's no need to deal with them, let's go further in!” Yi Tianyun said to draw away Xu Fei's attention.

“Of course, Big Brother Yi! Let's go!” Xu Fei said excitedly following Yi Tianyun, while no longer paying attention to the rest of the cultivators.

Yi Tianyun walked forward with confidence, not even acknowledging Wang Menglong and Hua Xiyi that he met earlier! He walked straight to the huge dragon's mouth with a passage visible inside, he didn't know where it would lead, but he sure didn't mind it!

"This brat was quite arrogant! I would like to see him face the challenge further in myself!" Wang Menglong said as he walked behind Yi Tianyun, Hua Xiyi also followed Yi Tianyun as she was intrigued!

After entering the dragon's mouth, the path was spacious, but there was nothing there, not even a plant for decoration!

After a while, the path forked, but Yi Tianyun decided to stay on his path and continued forward.

Xu Fei wants to say something, but immediately refrained from doing so and decided to follow Yi Tianyun without any question.

Wang Menglong and several other cultivators were immediately startled as they found themselves hitting an invisible wall!

"What is going on? Can't we advance from here?" Wang Menglong said confusedly.

A few cultivators also tried their best to check some sort of opening or clue on the invisible wall, but they immediately gave up, as they couldn't find any!

Yi Tianyun turned his attention toward Xu Fei and said, "You are free to explore this place, take this opportunity as an advantage and wait for me outside!" Yi Tianyun said confidently.

"Yes, I will, Big Brother Yi!" Xu Fei said as he immediately stopped beside Yi Tianyun and looked around the place for a road that he would choose.

However, Yi Tianyun passed the invisible wall easily, shocking Wang Menglong and other cultivators who were still trying to find the opening of the invisible wall.

They immediately realized that the problem indeed lied within the choice of doors earlier, there was no other reason Yi Tianyun could walk through the invisible wall while they couldn't beside that reason!

## Chapter 387

While no one saw any merit from passing the trial of the smallest door earlier, they finally realized this was where it came into play!

They knew that the treasure usually lied in the deepest part of the cave, and now they couldn't reach it!

"What happened here? Did you really receive something different earlier?" Wang Menglong shouted to Yi Tianyun.

"I don't know, but it seems that is the only difference between us, so you may be right!" Yi Tianyun said indifferently.

"You conceited brat! I will make sure you pay for your cockiness later!" Wang Menglong said as he quickly chose another path.

"Young Master, wait! Is the smallest door difficult?" Hua Xiyong shouted to Yi Tianyun.

"It's complete chaos, almost impossible to pass!" Yi Tianyun said after thinking of what to say for a while.

"Thank you, Young Master!" Hua Xiyong said as she bowed her head respectfully to Yi Tianyun and left in a completely different direction than Wang Menglong.

There were so many pathways they passed through after the spacious path of the dragon's mouth, but the thing was, it was all different as the cultivators chose their difficulty on the trial door!

So, a cultivator who entered through the Heaven Level Door was only able to move through the path that was given for the said difficulties!

The same could be said to Yi Tianyun as he soon encountered another forked path, but fortunately for Yi Tianyun, he had the Coiling Dragon Treasure Map!

He chose the path that he wanted according to the knowledge on the map, he quickly walked toward his chosen path without hesitation, but as soon as he took a step to the new path, the path behind him disappeared!

This meant that he couldn't return and change the path after deciding which path to go!

"I don't know what kind of treasure that lies ahead in this path would be, but it better be worth it!" Yi Tianyun said as he continued to move forward.

The Coiling Dragon Treasure Map only marked this path as a treasure path, but it didn't indicate what kind of treasure it was that lay at the end of the path!

After a while, Yi Tianyun saw a huge dragon bone inside a room, Yi Tianyun was a little intimidated as the Huge Dragon Bones in front of him exerted a powerful aura. He quickly went inside to see the sacred being from up close, but once he was inside the room, Yi Tianyun was surprised to hear a voice stating, "After so many years, finally someone worthy has come!"

But Yi Tianyun couldn't see anyone!

But as he looked around, he finally saw a handsome man meditating near the Dragon's Bone, but his state was pitiful as he was pale and skinny!

"Great Emperor Ren Long?" Yi Tianyun asked curiously as he saw that the man kind of resembled Ren Zhirou.

"I haven't heard of that name in a while, but yeah, I am Great Emperor Ren Long! But starting today, you will be my comrade and spend the rest of our days here!" Ren Long said hopelessly.

“Why is that? What is the situation here?” Yi Tianyun said as he didn’t understand why Great Emperor Ren Long would say something like that!

“I don’t know how to get out of this place. There is no door or anything except for this great treasure! It was really tragic to have my hands on this huge dragon’s bone but couldn’t take it anywhere!” Great Emperor Ren Long said as he looked over to the huge dragon’s bone.

Yi Tianyun looked all around the room, and sure enough, there was no exit! The only thing in the room was indeed the Heavenly Dragon Skeleton!

“It must be destiny that drives you here, as there are so many paths leading to another room scattered before you took this path!” Ren Long said while smiling towards Yi Tianyun.

Yi Tianyun just smiled lightly and sat across Ren Long, he wasn’t sure that this place had no exit, so he would like to inquire some question for the Great Emperor!

“Great Emperor Ren, did you come here after passing through the smallest door?” Yi Tianyun asked.

“Yes, I am afraid there is no other way to come here without passing that door!” Ren Long said with a smile.

“You can call me Ren Long as that title didn’t matter in this place!” Ren Long said while still smiling warmly.

“Well, I am here to help the princess find you!” Yi Tianyun said with a smile to match the emperor.

“Ren Zhirou sent you? Do you know her personally?” Ren Long said excitedly, too excited that his aura suddenly filled the room.

This is the true Void Spirit Expert!

Even if he was trapped inside this room for several years, his strength was not just for the show!

“I knew her personally! In fact, she entrusted me this token before I come here to find you!” Yi Tianyun said as he pulled out the Heavenly Dragon Jade Pendant and gave it to the emperor.

“This is the Heavenly Dragon Jade Pendant! It seems Zhirou was fine outside! She must have really trusted you even to leave this pendant in your possession! So, what is happening outside? Tell me, I really am curious now!” Ren Long said excitedly.

Yi Tianyun’s admiration for this man continued to grow as it seemed that Ren Long’s fighting spirit wasn’t ruining his power at all!

## Chapter 388

Yi Tianyun then went on and narrated everything he knew that was currently happening inside the Heavenly Dragon Empire, Ren Long’s expression changed from excited into fuming as the story went on.

“Prime Minister Long! How dare he troubled my little sister like that! He couldn’t become an emperor because he lacks the proper skill to be one, it seems that he’s really confident that he will become the next emperor now!” Ren Long said angrily.

“Yes, now the empire has split, and I doubt that Zhirou could handle the empire by herself!” Yi Tianyun said worriedly.

“Yes, I knew that Prime Minister Long would eventually take over whether Zhirou was able to use the Heavenly Dragon Secret Treasure or not!” Ren Long said as he thought of a way to help his sister.

“Now, the only thing that I could think of is to go back to the empire and help her ourselves! It was naive of me to hope for Zhirou’s safety without us there!” Yi Tianyun said confidently.

“Yes, that would be for the best, but now I am not sure what to do to get out of this place!” Ren Long said, looking troubled.

“I knew for a fact that this Heavenly Dragon Skeleton could absorb the Spiritual Energy from the cultivator who touched it, and so I have tried various things I could think of to no avail!” Ren Long said solemnly.

Yi Tianyun immediately nodded his head as he already saw it from the start that the emperor’s cultivation was already dropped due to the constant consumption of Blood Essence to feed the Heavenly Dragon Skeleton.

“So, when you are being pursued to the Coiling Dragon Cave, you hid on the smallest door?” Yi Tianyun asked curiously.

“Yes, but I soon realize that I must also get out of that trial as soon as possible, and so, with some luck, I passed the trial and came here immediately. I thought that I would be able to escape and get myself a few good treasures, but I never expected that this place didn’t have any exit!” Ren Long said while looking a little bit down.

Yi Tianyun thought over everything that he wanted to ask Great Emperor Ren Long, and after a while, he immediately asked, “You know, I found Ren Zhirou inside a sealed cave before, and the weirdest thing is that she was sleeping. Why is that?” Yi Tianyun asked Ren Long curiously.

“You knew her while she was still asleep?” Ren Long asked, a little bit surprised.

“Yes, I was the one who accidentally wakes her up, but in my defense, she was going to die if she was left alone!” Yi Tianyun said casually.

“I didn’t expect to have this kind of encounter with you, but I thank you for your kindness towards her. I knew it sounds and seems weird, but I am the one who put her to sleep like that, it was all because of our Heavenly Dragon Bloodline that was forcing the lineage to be masculine, and therefore if a girl was born, she would be prone to danger. Due to the nature of the Heavenly Dragon Bloodline, a girl like her tend to have a cultivation deviation!” Ren Long said solemnly.

Yi Tianyun was a little bit surprised, he doesn’t know that Ren Zhirou had that kind of problems, if she wasn’t careful, she could explode as the cultivation inside her body became unstable!

Yi Tianyun agreed that it was much safer for Ren Zhirou to be asleep so that the cultivation inside her body could synchronize better with her body!

“So, she just has to go back to sleep until she is stable?” Yi Tianyun asked curiously.

“Yeah, that’s it! But I am afraid, she wouldn’t do that as she will feel obligated to keep the empire from collapsing! We have to be there for her, and that is the only solution!” Ren Long said optimistically.

“Perhaps I need to try to do something about this Heavenly Dragon Skeleton myself!” Yi Tianyun said as he stood up and walked toward the Heavenly Dragon Skeleton.

“That’s dangerous! If you approach it recklessly, your Blood Essence would be forcefully absorbed!” Ren Long shouted worriedly.

“Trust me on this, I have my own way!” Yi Tianyun said as he smiled at Ren Long.

Ren Long then nodded his heads and silently stepped back and let Yi Tianyun approach the Heavenly Dragon Skeleton by himself.

‘DING’

‘Successfully take a hidden quest [Rescue Great Emperor Ren Long!]

‘Reward on Completion: 10.000.000 Exp, 50.000 Cps, 100 Ren Long’s Favourability.’

Yi Tianyun smirked to himself as he obtained another quest. He became more fired up to finish this quest as he will get another 10 million exp from the completion, a step closer to breakthrough!

Yi Tianyun immediately activated the Dark North Divine Art and Absorbing Star Great Technique so that he could counter the Heavenly Dragon Skeleton's absorption!

After activating these two abilities, Yi Tianyun immediately touched the skeleton, and to his surprise, the skeleton still absorbed a little of his Spiritual Energy!

"Equip, Evil Dragon Suit!" Yi Tianyun said to equip the suit immediately.

As soon as the Evil Dragon Suit was equipped, Yi Tianyun was shocked as, for the first time, he didn't receive any Exp from the absorption.

'Received: 500 Dragon God Bloodline Mastery Points, 800 Dragon God Bloodline Mastery Points, 700 Dragon God Bloodline Mastery Points, ...'

Yi Tianyun immediately looked over the required amount of Mastery that he needed to level up the Dragon God Bloodline, but as soon as he checked, he was a little bit disappointed as he saw that he still needed a million mastery points to level it up!

Meaning this small amount of mastery point won't do much!

He wondered if the skeleton had enough Mastery Points for a level of Dragon God Bloodline. If it did, there was no telling how powerful the Dragon God Bloodline will be!

"Are you okay?" Ren Long asked curiously as he saw Yi Tianyun's hands were emitting a dark light.

"I am fine, I can still absorb the energy from the skeleton, no problem!" Yi Tianyun said as he smiled lightly toward Ren Long.

"Well, if that was really the case, I hope you can finish it! you are our only hope now!" Ren Long said, feeling hopeful.

Yi Tianyun nodded his head and continued to absorb the Dragon God Bloodline mastery point from the skeleton.

If this was really the treasure of Coiling Dragon Cave, then he will make sure that he would get the best of it!

Yi Tianyun even thought of leveling up his Dark North Divine Art as he thought that the skill would allow him to absorb the Dragon God Bloodline Mastery Points even faster.

But after absorbing approximately 100.000 of Dragon God Bloodline Mastery Points, the Heavenly Dragon Skeleton moved, startling Ren Long!

“Did it just move on its own?” Ren Long asked in disbelief.

“I think so, it clearly moved just now.” Yi Tianyun said while observing the skeleton.

But after a while, Yi Tianyun didn't think that the skeleton really moved, so he continued to absorb as much Dragon God Bloodline Mastery Points as he could!

But suddenly, the Heavenly Dragon Skeleton slowly moved and talked, complete to Ren Long and Yi Tianyun's surprise!

“Stupid human! How dare you absorb my energy!” The Heavenly Skeleton said while sounding a little bit pissed.

Yi Tianyun immediately jumped back to avoid any unnecessary injuries if by any chance the skeleton started attacking.

“Am I dreaming right now?” Ren Long said on the side as he was really surprised to see a talking skeleton.

The Heavenly Dragon Skeleton immediately slammed its tail toward Yi Tianyun and Ren Long, but fortunately, the two could avoid the Skeleton Dragon's attack!

But the Heavenly Dragon Skeleton attacked once more, but this time, Yi Tianyun responded a little too late and therefore couldn't evade the attack!

But as he was about to get hit, Ren Long grabbed Yi Tianyun's shirt and immediately threw him out of the attack, but as a result, Ren Long was in the line of attack!

Yi Tianyun immediately gritted his teeth and grabbed Ren Long's arm and immediately teleported them to the side!

Unfortunately, the Heavenly Dragon Skeleton's attack still hit Ren Long somehow as Yi Tianyun saw that Ren Long's hands were shaking from the pain.

"Even though it's just a skeleton, it still has this much power! How could we defeat something like this!" Ren Long said hopelessly.

But Yi Tianyun didn't lose hope, he immediately scanned the skeleton for any information using his appraisal eye!

Heavenly Dragon Skeleton: 4th Level Void Spirit Stage

Description: Extremely powerful when it was still alive!

Equipment: Equal to Peak Grade Sacred Tool!

Combat Power: 31.000.000

Weakness: None

Martial Arts: None

Reward on Killing: Heavenly Dragon Soul, Heavenly Dragon Divine Bone, Dragon God Bloodline!

After acquiring all the information that the Heavenly Dragon Skeleton had, Yi Tianyun immediately shifted his attention back towards Ren Long.

“How could you sacrifice yourself like that, Brother Ren!” Yi Tianyun said in disbelief.

“I can feel that you are the only one who could deal with this Heavenly Dragon Skeleton, for I don’t have the ability to do so anymore. But I am sure that I wouldn’t be killed with only one hit from that thing!” Ren Long said while smiling lightly towards Yi Tianyun

“That is not the point! I am here to save you! Not let you die to save me! Furthermore, that thing has gone crazy!” Yi Tianyun said as he pointed over to the Heavenly Dragon Skeleton that was rampaging and destroyed anything in its sight.

“Heavenly Dragon Ancestor! I am one of your descendants! I hope that you could let us pass peacefully as we never meant to do you any harm! We are sorry if our previous action pissed you off!” Ren Long shouted as he tried to reason with the skeleton!

“A descendant? Don’t make me laugh! You human stole our Bloodline and dared to call yourself a Heavenly Dragon Descendant? How dare you! I will kill you, human!” The Heavenly Dragon Skeleton shouted as it got even more irritated!

Chapter 390

Note: Holy Tool > Sacred Tool

Heavenly Dragon Skeleton was completely out of control as it furiously slammed its tail toward Yi Tianyun and Ren Long.

After separating Yi Tianyun and Ren Long, the Heavenly Dragon Skeleton quickly opened its mouth and shot out a concentrated spiritual power toward Ren Long.

Ren Long's complexion changed as he knew that the Heavenly Dragon Skeleton was aiming for him, but he was saved by a cold arrow that hit the Heavenly Dragon Skeleton's head!

Thick ice immediately formed in the place that the arrow hit, freezing the Heavenly Dragon Skeleton's head completely!

But the freezing effect was not permanent! Soon enough, the ice completely shattered.

"I had a hunch that it wouldn't be enough for you!" Yi Tianyun said as he immediately transformed into the evil dragon!

The evil dragon was far bigger than the Heavenly Dragon Skeleton, while the Heavenly Dragon Skeleton was only 60-meter-long, and the Evil Dragon was 100 meters long!

Ren Long on the side was shocked to see Yi Tianyun's transformation, for he had the Heavenly Dragon Bloodline in his blood, but even he couldn't transform into a dragon!

"Is he from the Dragon Clan?" Ren Long said to himself in disbelief.

"Dragon! The Dragon Clan!" Heavenly Dragon Skeleton said excitedly after seeing Yi Tianyun's transformation.

Yi Tianyun ignored the Heavenly Dragon Skeleton's excitement and immediately slammed his tail toward the Heavenly Dragon Skeleton!

Although Yi Tianyun didn't destroy the skeletons in one hit, that attack was clearly causing heavy damage!

“This is how you treat your guest? I don’t know a Heavenly Dragon could be so rude!” Yi Tianyun said as he pressed down the Heavenly Dragon Skeleton so that it couldn’t move.

The Heavenly Dragon Skeleton screeched and wriggled to break free, but it couldn’t, Yi Tianyun in his evil dragon form, was far more powerful than the Heavenly Dragon Skeleton!

The Heavenly Dragon Skeleton roared once more, and this time a phantom shadow appeared near the Heavenly Dragon Skeleton while its combat power rose to almost reaching 70.000.000 Points!

Yi Tianyun was immediately forced backward, and the Heavenly Dragon Skeleton was free as a result!

“Even though it’s already dead, it still has this much power in it!” Yi Tianyun said annoyedly.

“Crazy Damage Mode, Activate! Dragon God Bloodline, Activate!” Yi Tianyun ordered the Crazy Levelling System!

In an instant, Yi Tianyun’s combat power reached 63.000.000 Points, but it was still weaker than the Heavenly Dragon Skeleton!

“Level up the Dragon God Bloodline!” Yi Tianyun ordered the system further.

‘DING’

‘Successfully consumed 560.000 CPs to level up Dragon God Bloodline to 5th Grade!’

‘DING’

‘Successfully leveled up the Dragon God Bloodline to 5th Grade! Combat Power increased 12 times upon activation!’

‘Next level requires 5.000.000 Cps!’

Immediately, Yi Tianyun's combat power increased exponentially! Yi Tianyun roared as he currently had 71.000.000 Combat Power!

Yi Tianyun quickly attacked the Heavenly Dragon Skeleton using his own tail, and unfortunately for him, the Heavenly Dragon Skeleton also attacked at the same time, hindering his attack from hitting directly!

As the two collided, Yi Tianyun immediately knew that his attack was undoubtedly stronger than the Heavenly Dragon Skeleton's attack!

But it was only by a small margin, meaning that he couldn't overpower the Heavenly Dragon Skeleton easily with this much combat power!

Yi Tianyun immediately burned his blood essence to gain more advantage against the Heavenly Dragon Skeleton!

His combat power rose once again, and this time, it stopped at 81.000.000 points!

He attacked the Heavenly Dragon Skeleton once again using his tail, and this time, Yi Tianyun successfully knocked the Heavenly Dragon Skeleton down to the ground!

Under Yi Tianyun's heavy attack, Heavenly Dragon Skeleton finally cracked!

Even if it was treated as the same quality as a Peak Grade Sacred Tool, it couldn't withstand Yi Tianyun's attack!

Yi Tianyun didn't stop attacking and continued to smash the Heavenly Dragon Skeleton that was already on the ground!

Ren Long on the side was stunned to see Yi Tianyun's performance, he was too powerful!

Ren Long estimated Yi Tianyun's power to be of the same level or higher than a 7th Level Void Spirit Stage cultivator!
