Chapter 391

Ren Long was stunned as he saw Yi Tianyun kept beating the Heavenly Dragon Skeleton with his powerful tail!

The Heavenly Dragon Skeleton couldn't even do anything except screamed in pain at this point!

Yi Tianyun immediately using his Clone Secret Technique to settle this as quickly as possible!

The next moment, three more Evil Dragon appeared!

They had 30% of Yi Tianyun's current power, which meant each of them had at least 25.000.000 Combat Power!

Yi Tianyun immediately ordered the three clones of himself to attack the Heavenly Dragon Skeleton at the same time!

"What Martial Art is that?" Ren Long said in disbelief as he has never seen such martial arts before.

Ren Long was also shocked to see Yi Tianyun was far more superior than himself in his peak condition!

Yi Tianyun ignored Ren Long and continued to attack the Heavenly Dragon Skeleton as hard as he could!

After a while, he finally broke the Heavenly Dragon Skeleton into two sections, but Yi Tianyun was still able to see its combat power, meaning that it was not over yet!

But this time, he took it easy compared to before.

Finally, after a little while later, Yi Tianyun finally broke the Heavenly Dragon Skeleton into four parts and transformed back into his human form!

Yi Tianyun looked pale as he was burning his own blood essence to create an advantage against the Heavenly Dragon Skeleton!

He quickly consumed a few Medicinal Pills that could regenerate his missing Spiritual Energy, and he also quickly pulled out the enhanced version Blood Jade that he got earlier and restored his Blood Essence quickly!

His complexion returned to normal soon enough, and fortunately Yi Tianyun didn't receive any backlash or permanent damage from burning his already tiny amount of Blood Essence!

"Damn you human! How could you be part of our Dragon Clan!" Heavenly Dragon Skeleton said weakly on the ground.

"Now, you clearly don't need to know any of that!" Yi Tianyun said casually as he walked over and began absorbing the shattered Heavenly Dragon Skeleton on the ground.

However, the small fragment of Dragon's bone didn't give much, as Yi Tianyun absorbed only around 10.000 Dragon God Bloodline Mastery Points, and the small fragment immediately turned into powder!

"No! I refuse to die at the hands of a human!" Heavenly Dragon Skeleton said at his final breath.

After speaking his last word, the flame on Heavenly Dragon Skeleton's head was extinguished, and suddenly another voice could be heard in the room!

"Thank you very much for your help of freeing the Heavenly Dragon from this place! You can have my power in the future, for you have the Heavenly Dragon Bloodline! I hope you can keep the Heavenly Dragon's power for peace and don't ruin yourself on a quest for power!" The voice said towards Ren Long.

Ren Long nodded, and a white light immediately left the Heavenly Dragon Skeleton and disappeared without a trace!

After the white light disappeared, the Heavenly Dragon Skeleton gradually turned into powder while countless energy being released to the air and seeped into Yi Tianyun and Ren Long's body!

'DING'

'Successfully killed the Heavenly Dragon Skeleton!'

'Reward: 20.000.000 Exp, 50.000 Cps, 5.000 Sps, Heavenly Dragon Soul, Heavenly Dragon Skeleton, Dragon God Bloodline (4th Grade)!'

'DING'

'Successfully killed an elite enemy!'

'Reward: 50.000.000 Exp, 100.000 Cps, 5.000 Sps, 1x Enhanced Lottery Ticket!'

Yi Tianyun didn't have the time to check the reward he got for the defeating the Heavenly Dragon Skeleton for he had to meditate to absorb the countless energy that was being released from the Heavenly Dragon Skeleton!

'Receiving: 100.000 Exp, 150.000 Exp, 225.000 Exp, ...'

'Receiving: 1.000 Dragon God Bloodline Mastery Points, 3.000 Dragon God Bloodline Mastery Points, 2.500 Dragon God Bloodline Mastery Points, ...'

The energy released from the Heavenly Dragon Skeleton was unique as it also contained a trace of Dragon God Bloodline Mastery Points! This situation lasted for a couple of days, and they both kept meditating on the room diligently!

But after they finally absorbed all of it, Yi Tianyun took a deep breath and finally felt satisfied with the reward he got this time!

"I don't know that there was such a tragedy here! I didn't expect any of this!" Ren Long said while looking a little sad.

"Brother Ren, what did you think actually happen here? Isn't it your ancestor who drives out the Heavenly Dragon here?" Yi Tianyun asked curiously.

"No, when my ancestor arrived at this continent, this place was already abandoned! There was no Heavenly Dragon as far as I know! The ancestor built the Heavenly Dragon Empire by using the Dragon's Bone that could be found in this place, I never expected to find a Heavenly Dragon in here! This means that the ancestor was lying when they said that this place was abandoned!" Ren Long said a little bit irritated.

Yi Tianyun was a little bit surprised at Ren Long's story, but he was also surprised to know that Ren Long was really an honest man!

Chapter 392

This site clearly belonged to the Ren Family, but because Ren Long has never been here and wasn't aware of the history of the place, Yi Tianyun suspected the Heavenly Dragon Skeleton had something to do with it!

"Brother Ren, what did you feel when you come here?" Yi Tianyun asked curiously.

"When I came in, I felt something calling out to me, attracting me to this room." Ren Long said while trying to remember the feeling he felt that day.

"I knew it! It's all because of the Heavenly Dragon Old Ancestor earlier! I think he was trying to call out to the descendant of the Heavenly Dragon whether to sacrifice them to the skeleton or set it free! If you set it free, you get an incredible amount of Dragon Essence, but if you got sacrificed, you would die!" Yi Tianyun said, explaining his theory.

As Yi Tianyun explained, Ren Long's face was full of shock, he never thought something like that could happen until Yi Tianyun explained his theory.

"This makes sense, but it's a pity we can't really know the truth as the Heavenly Dragon Old Ancestor is the only one who knows of it! All we have to do know is to walk out from here safely!" Ren Long said determinedly.

Yi Tianyun nodded his head while thinking that this place was truly beyond the danger that he firstly imagined!

The Coiling Dragon Cave Treasure Map said that the danger level was at peak Spirit Core Stage, while it was far more dangerous than that!

He guessed that the danger level was at least at 7th Level Void Spirit Stage!

Yi Tianyun and Ren Long immediately followed a passage that opened as soon as the skeleton fell, while on the way, Ren Long couldn't contain his happiness that he finally will be able to go out of that place!

"I can finally breathe the fresh air again! I am so excited to see what has changed outside!" Ren Long said excitedly.

Yi Tianyun only smiled and kept walking forward as he wanted to leave that place too.

At the same time, many people have gathered outside of the cave, looking happy after successfully received the treasure from the Coiling Dragon Cave!

But some of them looked sad as they didn't get anything, this was because either they came in a group or someone beat them to the treasure in the path they chose.

"I am excited to see Big Brother Yi again, this time I want to show him that I've already broken through to Spirit Core stage!" Xu Fei said to himself excitedly.

Wang Menglong also came out of the cave while looking pissed off, his expression told everything, it was clear that he didn't get any treasure from inside the cave!

"Xu Fei! You got a treasure, right? Now take it out and give it to me!" Wang Menglong demanded rudely.

"What? What are you talking about?" Xu Fei said, looking confused about Wang Menglong's demand.

"I am Wang Menglong! You hear me! If you don't give me the treasure that you got from this place, I will beat you up and bring you back to Xu Family! Don't you know that Xu Family offered a reward for bringing you back to them alive?" Wang Menglong said coldly.

"Well, you sure can try if you want!" Xu Fei said while taking his sword stance. He didn't feel afraid of fighting Wang Menglong at all!

"You dare to defy me? You sure don't value your own life!" Wang Menglong said while also taking his stance!

"I think you are the one who doesn't value your own life here!" A voice suddenly surprised Wang Menglong from behind.

Wang Menglong immediately looked back and saw that the voice belonged to Yi Tianyun with Great Emperor Ren following behind him!

However, no one knew Ren Long's identity.

"Big Brother Yi, I have been waiting for you!" Xu Fei said excitedly.

"Now what do we have here! You got a treasure too, right? Now hurry up and give it to me!" Wang Menglong cut into the conversation.

"What happens if I say no?" Yi Tianyun asked indifferently.

"If that's the case, then I will personally search the treasure from your body!" Wang Menglong said as he transformed his arm into a dragon claw!

Yi Tianyun didn't feel threatened by Wang Menglong's transformation, but he got to say that he was a little bit impressed by the Wang Family, because it was clear for Yi Tianyun that Wang Family had accumulated resources needed to collect the Dragon Essence of this continent!

Wang Menglong immediately rushed toward Yi Tianyun with an intention to kill, but Yi Tianyun was clearly faster as he immediately dodged the attack and grabbed Wang Menglong's Dragon Claw and slammed him to the ground!

"Is this the hand that would search my body?" Yi Tianyun asked indifferently.

"Bastard! Don't you know who I am?! Let me go now!" Wang Menglong said furiously.

Yi Tianyun sighed and immediately twisted Wang Menglong's arm in a flash, and the sound of bone-shattering and a painful scream immediately filled the air!

Chapter 393

Yi Tianyun clearly didn't care about someone else's status, anyone who dared to bother him or the people around him will be treated them as his enemy, and because of that, he wouldn't care whether that person disabled for life or even dead!

"My hand! You broke my hand!" Wang Menglong screamed loud enough that anyone in that place could hear it.

"I swear that the Wang Family won't let you go for this! I will personally make sure that Wang Family would annihilate your entire family!" Wang Menglong threatened Yi Tianyun.

"Wang Family, did you mean the Family of Army General Wang Tian?" Ren Long asked curiously.

“It seems that your friend over there knows what I was talking about! Yes, Army General Wang Tian is my father! He is the Army General of Prime Minister Long! You will be dead soon!” Wang Menglong said furiously.

At the same time Yi Tianyun wondered if this Army General Wang Tian was the same Army General Wang that he killed earlier, surely Wang surname was common around these parts, but if the Army General Wang that he killed earlier was Wang Menglong’s father, how come Wang Menglong didn’t know about it!

“Well, you sure talk big, huh? I will talk to Army General Wang and see what he wants to do with his child!” Ren Long said while sneering to Wang Menglong.

“You are the one talking big! Who do you think you are?! The Great Emperor? I advised that you obediently walk away after leaving your treasure behind! You will die if you disobey me!” Wang Menglong said furiously.

After hearing Wang Menglong’s word, Yi Tianyun couldn’t help but laugh to his heart content.

After all, the person in front of Wang Menglong was the Great Emperor himself!

At the same time, Hua Xiyi was surprised to see Yi Tianyun laughed so loud as she was just coming out of the cave herself.

But as she looked at the situation in front of her, she was shocked to see the Great Emperor standing near Yi Tianyun, alive!

Most people have never seen the Great Emperor Ren themselves as the Great Emperor rarely showed himself and always devoted himself to the betterment of the empire.

Of course, they could see the Great Emperor’s portrait but, the Great Emperor’s current condition made him look different than his portrait as he became skinny due to the lack of nutrients while he was trapped inside the Coiling Dragon Cave!

But Hua Xiyong was different, she has already met with the Great Emperor in person before. Therefore she knew immediately that the man standing beside Yi Tianyun was none other than the Great Emperor himself!

“Great Emperor Ren!?” Hua Xiyong shouted as she was excited to see the Great Emperor was alive and well.

Everyone in the vicinity was surprised after hearing Hua Xiyong shouted the word, Great Emperor!

They immediately took out the portrait of the Great Emperor that they brought with them as one of the clues Ren Zhirou gave them!

They began to compare the portrait with the real Ren Long and surprised to see the resemblance!

“No! Is he really the Great Emperor Ren?” Wang Menglong said in disbelief.

“Let me ask you once again then, who did you want to annihilate before? This man is the Noble Guest of the Heavenly Dragon Empire! Not even Army General Wang have the permission to mess with him! If I hear you talk rudely to Brother Yi again, I will personally make sure that you will get a proper punishment!” Ren Long said coldly.

Wang Menglong became speechless as he sweated nervously.

This was truly disastrous, he never expected this kind of thing would happen, not to mention he swore and threatened someone in the presence of the Great Emperor himself!

“Great Emperor Ren, are you okay?” Hua Xiyong asked Ren Long worriedly.

“You are the lady of the Hua Family, right? I am sure that I have seen you several times before.” Ren Long said while smiling lightly.

"Yes, I am the little girl from Hua Family, my name is Hua Xiying! Long Live the Great Emperor!" Hua Xiying said as she bowed her head toward Ren Long.

"Raise your head, if you want you can come with me to the capital, I want to see Zhirou right away!" Ren Long said toward Hua Xiying.

"Brother Yi, let's go! Zhirou awaits our return!" Ren Long said excitedly towards Yi Tianyun.

"Xu Fei, lets go!" Yi Tianyun said towards Xu Fei, inviting him to come along.

The rest of the cultivator at the scene was shocked to see the Great Emperor was alive and well, because all this time, Prime Minister Long told everyone that the Great Emperor was already dead!

"Big Brother Yi! I have listened to your instruction, and I found it! I found the treasure! Let me show it to you!" Xu Fei said excitedly.

"No, don't take it out here! You will never know what people would do if you take out a precious item in public!" Yi Tianyun said, preventing Xu Fei from taking out the treasure that he got from the Coiling Dragon Cave.

"Oh yeah, you are right! I am sorry Big Brother, that wouldn't happen again!" Xu Fei said firmly.

"Well, I am glad that you are happy with whatever you got there, it must be something satisfying, right? Well, if you want, you can come to join my faction, someone like you is always welcomed!" Yi Tianyun said sincerely.

"Yes brother, it was really a great treasure! But Big Brother Yi, I am sorry, I must settle the problem that I currently have with the Qin Family first! But I swear once I'm done with that, I will immediately come to you!" Xu Fei said while feeling determined.

"Well, since you've already made up your mind, I will not stop you, but I will wait for you to join my faction later!" Yi Tianyun said while smiling lightly.

"Thank you very much Big Brother! I will solve this problem as fast as I could, and I will not disappoint you!" Xu Fei said looking determined!

Chapter 394

Xu Fei immediately left after saying bidding farewell to Yi Tianyun.

"Brother, you seem quite interested in that young man." Ren Long said curiously.

"Yes, he's a good man, and he seems to have a knack to be a commanding general, and that is why I want him to join my faction later!" Yi Tianyun said excitedly.

"Oh, I don't know that you have your own faction, what faction did you come from, Brother Yi?" Ren Long asked curiously.

"It's a new faction, still a 3rd Grade faction at that! I don't think there are that many people who know about us yet, so it was useless to tell anyone about it!" Yi Tianyun said while smiling a little bit.

"A 3rd Grade Faction? With your skill, it should be 4th Grade Faction, no? but sure, I could help you talk to Xu Family later, with Long Family's approval, I am sure Xu Family will support him to join your faction!" Ren Long said with a warm smile.

"It's okay, he will come to my aid soon, I believe he has the power to solve his own problems for now." Yi Tianyun said confidently.

"If you say so, just tell me if you need any help!" Ren Long said confidently.

"Thank you, but I don't think I will, I didn't want to use an emperor's authority so casually like that. But we need to get to Zhirou first! She must have waited for too long!" Yi Tianyun said casually.

"Yes, we have a situation at our ends too! I couldn't wait to see the moment Prime Minister Long would pay the price!" Ren Long said a little angry.

'DING'

'Successfully completed the quest [Rescue Ren Long from the Coiling Dragon Cave!]

'Reward: 10.000.000 Exp, 50.000 Cps, 100 Ren Long's Favourability.'

Yi Tianyun felt satisfied that he finished another side quest, and the two of them immediately flew towards the Imperial City of The Heavenly Dragon Empire!

Meanwhile, Prime Minister Long has been waiting for a report from Feng Long who hasn't come in a long while!

"What took Feng Long so long? Did he blow it?" Prime Minister Long said while wondering.

But not too long after, he snapped back to his senses as a frantic guards came in bringing some news.

"Report Sir, Great Emperor Ren Long has ..." The Guards said, but he was immediately interrupted as an explosion was heard close by.

Prime Minister Long immediately got out and checked for himself and felt shocked as soon as he saw that Ren Long who riding a huge dragon was alive and well!

"Damn it! What in hells' name did Feng Long do? How could he leave that treacherous place!" Prime Minister Long said to himself looking furious.

Many General rushed to check for Prime Minister Long's condition as the blast was close to the prime minister's room, but their complexion changed as soon as they saw that the Prime Minister was furious!

"We need to conquer the Imperial City as soon as possible! We couldn't let Ren Long take back his throne!" Prime Minister Long said furiously.

“Wait, Prime Minister! Don’t you think we are rushing this? We can’t lose the support from the influential family just because we don’t plan things in advance!” A General said confidently.

“Ren Long is still alive! Do you think I have a chance later after knowing that the Great Emperor’s back!” Prime Minister Long shouted as he got annoyed by the General’s constant pleas for him to think things through!

The General immediately fell silent as the Prime Minister was right, as soon as the Great Emperor took back his throne, no one would support Prime Minister Long.

“Relax! I have my own idea! I am thinking of inviting the Imperial Preceptor of the Netherworld Empire here! That way, the Great Emperor will focus mainly on dealing with the strongest army of the Netherworld Empire!” Prime Minister Long said excitedly.

“Now, Get ready! We will invade Imperial City soon!” Prime Minister Long shouted to all his army.

“Ren Long, I will make sure you regret coming back! I will take the throne from under your corpse!” Prime Minister said menacingly.

Chapter 395

Yi Tianyun arrived at the Imperial City safely without any hindrance, he immediately arrived at the palace and met with Ren Zhirou.

“Big Brother! You are alive!” Ren Zhirou said happily while jumping into Ren Long’s arm.

“Of course, I am alive! I will not abandon my beautiful little sister in this world!” Ren Long said, reassuring Ren Zhirou.

“Big Brother Yi, thank you very much for helping my brother!” Ren Zhirou said to Yi Tianyun while grinning cheerfully.

“Anytime!” Yi Tianyun said assuringly.

‘DING’

‘Successfully completed a hidden quest [Help the Empire’s Goddess!]

‘Reward” 50.000.000 Exp, 1.000.000 CPs, 200 Ren Zhirou’s favourability, the title [Empire’s Protector God].’

‘DING’

‘Successfully accepted the next stage of the Quest [Help the Empire’s Goddess!], [Assist the Goddess to repel the Netherworld Empire!]

‘Reward on completion: 50.000.000 Exp, 100.000 CPs, 50 Heavenly Dragon’s Favourability Points.’

‘Note: the reward will be doubled if the host successfully killed Prime Minister Long!’

‘DING’

‘Congratulation to the host for successfully breakthrough to 9th?Level Core Transformation!’

Yi Tianyun was excited that he could finally level up!

Now he only had one more level to go, and then he could enter the infamous Void Spirit Stage!

Moreover, he was excited to see the next quest’s reward will be doubled if he killed the infamous Prime Minister!

“We have to kill the Prime Minister!” Yi Tianyun said to himself.

Ren Zhirou, who heard all of Yi Tianyun's words, curiously asked, "Brother! Did you mean what you said?"

"Of course! but I don't think we have to go to him, he will come to us himself!" Yi Tianyun said confidently.

"Impossible! I don't think he would risk his own safety by coming here to the Imperial City!" Ren Zhirou said surprisedly.

"It's possible! I'm positive that he sided with the Netherworld Empire, and if the Netherworld Empire also attacked the Imperial City at the same time, he will easily slip past our radar!" Yi Tianyun said confidently.

"Netherworld Empire? Are you serious?" Ren Long said surprisedly.

"Yes, the man who came and tried to kidnap Ren Zhirou when I first arrived here was from the Netherworld Empire, I am sure of that!" Yi Tianyun said confidently.

"If that is really the case, then we have trouble coming! The Imperial Preceptor of the Netherworld Empire was a tricky enemy!" Ren Long said worriedly.

"But, I am sure that they couldn't force their way inside as long as we have the Heavenly Dragon Secret Treasure!" Ren Long added, reassuring Ren Zhirou.

They all become silent as they began to think of a plan on their own.

"Is there any expert with higher cultivation in Heavenly Dragon Empire? Perhaps an old ancestor or two?" Yi Tianyun asked curiously.

"I am afraid they were gone; no one really knows where they go! They left on a quest to find the old ancestor!" Ren Zhirou said sadly.

Yi Tianyun nodded in understanding, he knew that once the faction was stable, the old ancestor didn't have any reason to stay in the faction anymore, and therefore if they chose to leave, that was fine!

"Then, we only have ourselves to rely on!" Yi Tianyun said with a light smile.

"Of course! The future of the empire lies in our hands!" Ren Long said determinedly.

"But, Brother Yi, you don't have any obligation to help us! If you choose to leave, we will not hold it against you!" Ren Zhirou said worriedly.

"No, I will stay! After all, I am excited to bring an end to the Netherworld Empire myself!" Yi Tianyun said excitedly.

"You are really kind, brother! you are like our Empire's Protection God!" Ren Long said with a smile on his face.

"It is my pleasure to help!" Yi Tianyun said with a smile too.

"Now, all that's left is for Big Brother Yi to join our family officially!" Ren Zhirou said excitedly.

"Don't worry, the process is simple!" Ren Zhirou added reassuringly.

Ren Long immediately took out a jug of wine and poured it out into two cups and handed one cup to Yi Tianyun.

"Now, all we need to do is drink! I don't have much to say, but I really like the idea of officially welcoming you to our family!" Ren Long said as he toasted with Yi Tianyun.

"Cheers to that!" Yi Tianyun said as he also drank the wine.

The wine they shared indicated the bond that they would be sharing in the future, and therefore, Yi Tianyun would be considered part of the Ren Family forever!

“From now on, you will become my little brother, for I am your big brother, and I hope that we could help each other in the future!” Ren Long said solemnly.

Yi Tianyun nodded his head in agreement and suddenly Ren Zhirou interrupted them.

“Are you two forgetting me already?” She said in a jealous voice.

“But sure! I am happy for the both of you!” She said as she smiled to both Ren Long and Yi Tianyun.

“Now, we have to think about what to do for Prime Minister Long!” Ren Long said solemnly.

“We can just kill him! It would make everything easier!” Yi Tianyun said solemnly.

“Yeah, I believe the three of us can solve this problem easily!” Ren Zhirou said cheerfully.

“I know that there is not much time, but is there any plan that you have to make sure we know first? Or some sort of countermeasure, maybe?” Yi Tianyun asked Ren Long.

“No, I haven’t thought of any countermeasure at all. The only thing that I have to do now is to summon all of the Army General and exclude the Prime Minister, we will see who is really loyal to the empire and who is not!” Ren Long said confidently.

Yi Tianyun nodded his head, and Ren Long immediately left to execute what he planned.

“Zhirou, what is the Heavenly Dragon Secret Treasure exactly?” Yi Tianyun asked curiously.

“Well, I can’t describe it perfectly, but I can take you there to see it for yourself!” Ren Zhirou said casually.

“Is that okay for me to see?” Yi Tianyun said worriedly.

“Why not? You are my brother now, the secret of our family is also your secret, no?” Ren Zhirou said with a smile on her face.

“Either way, so far, only I and Big Brother Ren, who could wield the Heavenly Dragon Secret Treasure, so I don’t think to let you know would make any difference for now.” Ren Zhirou added a little bit teasing Yi Tianyun.

“Well, you are right so far. I want to see this secret treasure as it intrigues me.” Yi Tianyun said with a smile of his own.

Ren Zhirou nodded and took Yi Tianyun into an underground passage, but the weird thing was that this passage wasn’t guarded like anyone could come and go as they pleased!

However, he knew that the safety mechanism was already installed in the room that contained the Secret Treasure!

As he went down, Yi Tianyun could feel the almost similar feeling as the Heavenly Dragon Skeleton’s aura, but it wasn’t as strong as the Skeleton.

Soon enough, Yi Tianyun finally arrived in the treasure room, and he saw a floating orb that released a similar aura with the Heavenly Dragon Skeleton.

Yi Tianyun saw that the orb was connected to the ground by vein-like energy, Yi Tianyun speculated that this Energy Vein covered the entire Imperial City for Ren Zhirou has already said that the Secret Treasure could protect the entire city!

So, Yi Tianyun immediately looked at the Secret Treasure with his appraisal eye.

'Heavenly Dragon Secret Treasure: Lower Grade Divine Tool.

Made with Heavenly Dragon Soul, Heavenly Dragon Skeleton, and Heavenly Dragon Blood Essence.

Require a Grand Master Rank Blacksmith to forge.

Effect: Heavenly Dragon Power enhancer, summoning a Void Spirit Stage Rank Heavenly Dragon, Defensive Barrier.'

"It seems like I almost have all materials necessary to forge it! All I need left is the Heavenly Dragon Blood Essence, but my blacksmith mastery is still low! I still have a long way before I can forge this thing!" Yi Tianyun said to himself.

"This Heavenly Dragon Secret Treasure is a Divine Tool, and that is why the Netherworld Empire was adamant about conquering our empire!" Ren Zhirou said to Yi Tianyun.

"No wonder that this thing can only be wielded by a certain individual, the Divine Rank Tool can recognize its master, right?" Yi Tianyun asked curiously.

"Yes, all you need is a drop of blood, if your blood is recognized by the Divine Tool, it would consider you its master!" Ren Zhirou said explaining how the Divine Tool worked.

"In fact, Prime Minister Long has also done the same thing, but fortunately, he wasn't recognized by the Secret Treasure!" Ren Zhirou said in relief.

Yi Tianyun nodded his head in understanding, it was a little bit like a test!

"Can I touch it?" Yi Tianyun asked curiously as he walked toward the Secret Treasure.

"Yes, but be gentle, if it considers you as a threat, you will suffer a serious injury from the backlash!" Ren Zhirou warned Yi Tianyun.

Yi Tianyun nodded his head and approached the orb gently, and the closer he got, the stronger the energy he felt.

When he touched the orb, suddenly, the entire orb shone brightly!

It was enveloping Yi Tianyun with its dazzling light!

“How is this possible! A new master to the Secret Treasure?” Ren Zhirou said in awe.

Chapter 397

After a short while, the burst of light seeped into Yi Tianyun’s body, and immediately Yi Tianyun felt connected to the Heavenly Dragon Secret Treasure, and he felt like he could control the Secret Treasure in any way he wanted!

“What just happened?” Yi Tianyun asked Ren Zhirou curiously.

“Brother, I think you are recognized as the master of the Heavenly Dragon Secret Treasure! What exactly did you do?” Ren Zhirou said while still in awe of what just happened.

“I don’t know, I am just touching it.” Yi Tianyun said helplessly, he didn’t know whether his action was forbidden or not.

“Then, can you try controlling the Secret Treasure?” Ren Zhirou asked curiously.

Yi Tianyun nodded and immediately touched the Orb once more, and this time a barrier made by the lights surrounded Yi Tianyun’s body.

“You really are able to control the Secret Treasure! Impressive!” Ren Zhirou said, looking even more surprised.

“Was this because of the Dragon God Bloodline?” Yi Tianyun asked to himself. He immediately thought of the possibility that the Dragon God Bloodline would grant him any access to control anything related to a dragon.

“This is great! Now that the three of us could control the Secret Treasure, its power will be much stronger than before!” Ren Zhirou said, snapping Yi Tianyun back to his senses.

“This thing could be controlled by many people at the same time? Wouldn’t that disperse the power?” Yi Tianyun asked curiously.

“No, it wouldn’t affect the power. In fact, it will increase the power! This Heavenly Dragon Secret Treasure only shows a small portion of its power, in order to maximize its power, we need to have greater cultivation or a greater bloodline!” Ren Zhirou said a little bit discouraged.

“That is unexpected! I will see what I can do in the future!” Yi Tianyun said with a smile on his face.

“Great! Now, I will inform Brother Ren, he will be excited to know that the three of us could control the secret treasure now, it will make everything easier!” Ren Zhirou said excitedly.

She then excused herself and went to find Ren Long.

In the meantime, Yi Tianyun immediately remembered that he still got a 4th?Grade Dragon God Bloodline that he got from the Heavenly Dragon Skeleton. He knew that it could give him some mastery point for the Dragon God Bloodline!

‘DING’

‘Successfully fused 4th?Grade Dragon God Bloodline!’

‘Received 1.000.000 Dragon God Bloodline Mastery Point.’

Yi Tianyun was quite satisfied by the number, but he still needed 4.000.000 more mastery points to level up the Dragon God Bloodline once again. He couldn’t help but think of the Crazy Mode, for it was the best thing that he wanted to level up!

But as he didn't have enough Crazy Points at the moment, he had to think about something else! Suddenly, he remembered that he still had the enhanced Lottery Roulette ticket! He immediately activated the Luck Aura and used the ticket!

The roulette began to spin, and finally, the arrow stopped at consumables.

"With Lucky Aura active, it still gives me a consumable?" Yi Tianyun sighed annoyedly.

The box dropped immediately, and the system immediately informed Yi Tianyun of what was inside.

'DING'

'Congratulation to the host for getting a 30x Exp Card!'

"This is not bad! This could be useful later!" Yi Tianyun said while feeling a little bit content of the prize.

After opening the Enhanced Lottery Ticket, he didn't have anything else to do, so he decided to go to the auction house to see what he could buy there.

He decided to leave Ren Long and Ren Zhirou for the time being, as he didn't want to interrupt their political meeting.

So, Yi Tianyun flew directly into the market and finally saw an auction house by the name of Heavenly Dragon.

He entered the place immediately and greeted by a salesgirl.

"Can I help you find anything you want, kind sir?" The girl said politely.

"Yes, I am here to buy Soul Accumulating Grass, did you have any?" Yi Tianyun asked casually.

"I am sorry, sir, but we don't have any Soul Accumulating Grass as of late." The girl said apologetically.

"I see, well that's too bad!" Yi Tianyun said while shaking his head, it seems that in this continent, the Soul Accumulating Grass is still rare!

But as soon as Yi Tianyun wanted to leave, a middle-aged man stopped him and whispered that he had Soul Accumulating Grass for sale!

Yi Tianyun was a little bit startled, but he didn't think this man was lying!

Chapter 398

"You have Soul Accumulating Grass?" Yi Tianyun asked curiously.

"Yes, I do! But I only have one! Follow me!" The middle-aged man said solemnly.

Although Yi Tianyun had his own doubt, he followed the man regardless. He was confident that he could survive through any situation in case this middle-aged man was up to no good!

At the corner of some alleyway, the man immediately took out a Soul Accumulating Grass and gave it to Yi Tianyun. But there was also a small red crystal that was taken with the Soul Accumulating Grass.

"Sorry, that crystal wasn't meant to be there! But maybe you are also interested in buying this crystal?" The man asked hopefully.

"No, I am only here to buy the Soul Accumulating Grass!" Yi Tianyun said as he gave the red crystal back to the man's hand.

The man seemed to be a little bit disappointed that Yi Tianyun didn't take any interest in the red crystal, but he immediately brushed it off.

“Is that so? Then I will sell this Soul Accumulating Grass for 1 million Spirit Stone! How about it?” the man said excitedly.

“500.000 Spirit Stone! I believe that the market price for the Soul Accumulating Grass is 300.000 Spirit Stone, and I am willing to give you an extra 200.000 for information regarding where you got the Soul Accumulating Grass!” Yi Tianyun said confidently.

Soul Accumulating Grass is very rare in the market, but that didn’t mean it didn’t have a fixed price on the market.

“It seems that you know your stuff! Well, I accept the price, I will sell it to you for 500.000 Spirit Stone!” The man said while gritting his teeth.

“Great, here is your Spirit Stone!” Yi Tianyun said as he handed the 500.000 Spirit Stone to the man.

“Thanks! Here is your Soul Accumulating Grass, and follow me! I will lead you to the whereabouts of the Soul Accumulating Grass!” the man said satisfied.

“Where are we going? And how long will it take to get there?” Yi Tianyun asked curiously. He didn’t have much time as he knew that Ren Long or Ren Zhirou would need him soon.

“We have to go to the river banks, around half a day trip to the south!” The man said casually.

Yi Tianyun immediately grabbed the man’s shoulder and lifted him up to fly towards the destination that he has mentioned.

The man was startled as he never thought that a young man like Yi Tianyun was a Core Transformation Expert!

“Don’t worry, I won’t drop you! but if you are dishonest to me, I might change my mind!” Yi Tianyun said casually.

“Of course, I won’t lie!” The man said nervously.

Under the man’s guidance, Yi Tianyun finally arrived at the river banks.

“I found the Soul Accumulating Grass in this place along with this red crystal, and you may find the Soul Accumulating Grass again around here!” The man said while handing Yi Tianyun the Red Crystal from earlier.

“Okay, you may go now!” Yi Tianyun said casually.

“Thank you for your patronage!” The man said with a smile on his face and then left Yi Tianyun alone.

After the man left, Yi Tianyun checked the Red Crystal, and his guess was right!

This crystal was Phoenix Crystal, which meant that a phoenix egg was nearby, or a baby phoenix!

Yi Tianyun was excited to find the Phoenix because it was a divine beast!

Which meant if Yi Tianyun was able to tame it as a pet, it would become extremely powerful later!

So, Yi Tianyun immediately walked along the river to find the Soul Accumulating Grass and any hint about this Phoenix!

He was confident that a living phoenix would be found around here!

Chapter 399

Yi Tianyun searched the place excitedly, he knew that there was a chance that the phoenix has left the place already, but the probability it was still here was not zero! He knew that he must look carefully for it!

Not long after, Yi Tianyun found a hole on the river that wasn't big but enough for a person to enter. He immediately used his Spiritual Energy to explore the hole as he didn't want to be trapped underwater. But unfortunately, the hole was too deep, and his Spiritual Energy couldn't cover it all, but he got the feeling that the hole was connected to the mountain nearby, and he also understood that the Phoenix Crystal must be coming from this hole!

So, without any more hesitation, Yi Tianyun jumped down to the hole and quickly swam inside to find out what was in the other end of the hole.

After going down for a while, Yi Tianyun finally felt the water around him changing direction upward, meaning that the end of the hole was near! Sure enough, he could see a faint light coming from the top!

He became excited and immediately sped up to arrive quicker.

After he got out of the cave, he immediately felt a strong heat that could be compared with the prison that trapped Ye Qingxuan.

Yi Tianyun looked around, and suddenly he became excited!

He saw a big fire parasol tree that swayed in flame while a small phoenix was resting below.

Yi Tianyun could see many Red Crystals scattered around the phoenix, proving his theory that this crystal was once part of the phoenix's egg!

But the place was a little bit weird, as he saw a divine rune around the room that prevented escaping outside!

The only place left that could serve as an entrance was the small underground cave!

Fortunately, the man Yi Tianyun met earlier didn't know about the rarity of the red crystal. Otherwise, he wouldn't let anyone know about this place!

Yi Tianyun immediately walked forward, but as soon as he walked closer to the Fire Parasol Tree, its leaves began to sway wildly and suddenly turned into flames and were hurled at Yi Tianyun!

Yi Tianyun was a little bit surprised and immediately activated his Absorbing Star Great Technique!

‘DING’

‘Successfully added 50 Immortal Flame Mastery Points, 100 Immortal Flame Mastery Points, ...’

“Hey, this thing increased Immortal Flame mastery! This is great!” Yi Tianyun said excitedly.

He was struggling to add a mastery for this Immortal Flame as he didn’t really feel the need to level it up, he was focused on improving his combat power, so increasing his Martial Arts, Ability, and Crazy Mode, come first!

Although he did increase the Immortal Flame’s mastery from constantly using it, it was still far from leveling up!

But he surely didn’t expect that tree would attack him like this!

He immediately used the appraisal Eye to see what he was up against this time.

‘Fire Phoenix Tree: 8th Level Spirit Core Stage.

A tree born after the death of a phoenix had a trace of the Soul Memory of a Phoenix. Automatically attack any outsider with Phoenix Fire!

Reward on kill: Phoenix Soul and Immortal Flame!’

Yi Tianyun was mistaken, it wasn't a fire parasol tree, but a Fire Phoenix Tree!

Although he always heard that a phoenix would never die, he never expected to have one transformed into a tree before!

A couple more fire leaves shot out from the tree, and Yi Tianyun kept absorbing all its qi without any problem.

The attack became more intense as he got closer and closer towards the tree, but as the leaf began to dwindle, the intensity of the attack dropped, it seems that this tree could attack as much as the amount of leaf it had!

Yi Tianyun immediately assumed that the Fire Phoenix Tree was only attacking him in order to protect the small phoenix below it.

Yi Tianyun thought that maybe the tree was originally the mother of this small phoenix and wanted to protect it for the last time!

Yi Tianyun didn't know whether the tree could communicate, but he surely wanted to!

Yi Tianyun wanted to reassure the Fire Phoenix Tree that he will protect the small phoenix for he knew that the small phoenix couldn't leave this place, and this place didn't have any food to sustain the small phoenix's life!

Chapter 400

The closer he was to the Fire Phoenix Tree, the faster its shot!

Yi Tianyun knew that the tree would be dead soon, as its spiritual energy was drained from constantly attacking.

"Stop! I am not here to cause any harm! I saw a small phoenix crystal outside and it piqued my curiosity, that's all!" Yi Tianyun shouted to the tree, but the tree continues to shoot him with the flame leaf.

“Stop! Look at the little phoenix over there! It was clear that it had malnutrition! At this rate, it will die soon!” Yi Tianyun shouted again, trying to reason with the tree.

After hearing Yi Tianyun’s word, the tree stopped attacking for a while but attacked again hesitantly not long after.

“Hear me out, I will make an oath to protect it as long as I can! I will never hurt it, and I will treat it right! I can even send it to any phoenix nest you want!” Yi Tianyun said sincerely.

Many cultivators thought of a Divine Beast as a treasure, that could be seen with the dragon from the Netherworld Empire, the Dragon Soldiers were one of the highest ranked military group in that empire!

This applied to phoenix as well, there was no way the Netherworld Empire would disregard any phoenix if they ever found any phoenix, they would immediately send many representatives to try to get the phoenix for themselves!

At the same time, the Fire Phoenix Tree stopped attacking and seemed to calm down after hearing Yi Tianyun’s oath, an oath was a sacred thing, so it knew that Yi Tianyun wouldn’t be able to break the oath!

Yi Tianyun also knew that he had to take the oath right away to appease the Fire Phoenix Tree.

“I, Yi Tianyun, will do my best to protect the little phoenix and find a way to send it home. Otherwise, I would be condemned!” Yi Tianyun said sincerely.

Suddenly the sky turned dark, and a divine rune immediately fell towards Yi Tianyun, signing the oath has been made! This meant that Yi Tianyun wouldn’t be able to do anything that went against his oath, and he must finish it in order to be relieved from this oath.

After the oath has been made, Yi Tianyun approached the Fire Phoenix Tree, and as he thought, it didn’t attack anymore!

Once he was under the tree, the Fire Phoenix Tree began to sway again, making the leaf fall on Yi Tianyun, but this time, the fire on the leaves was different, it was soothing in a way, and the flame itself turned into Immortal Flame's Mastery Point!

'Successfully received 500 Immortal Flame Mastery Points, 789 Immortal Flame Mastery Points, ...'

The mastery of the Immortal Flames increased rapidly!

Along with the falling leaves, a phantom shadow emerged beside the tree condensing itself to be a huge phoenix, instead of a human.

"You are different than any other human I have seen so far! I have entrusted my remaining phoenix fire inside your body so that you can use it in the future. The stronger your cultivation is, the more it could help you out!" The phoenix said towards Yi Tianyun exhaustedly.

"What did you need me to do?" Yi Tianyun asked sincerely.

"Please help me send Yan'er back to the Phoenix Nest, after you send her back, our Phoenix Clan will reward you fairly!" The phoenix said solemnly.

Once again, Yi Tianyun received a bunch of Immortal Flame Mastery Points received, he knew that the Immortal Flame would be upgraded soon!

'DING'

'Congratulation on leveling up the Immortal Flame to Middle Grade Earth Level!'

'Flame Power increases three times, Blacksmith and Pill refining success rate increased!'

'Next Level requires 500.000 Mastery.'

Yi Tianyun was excited to see his Immortal Flame leveled up!

With this, he was quite sure that he could increase the quality of the items he crafted or refined!

‘DING!’

‘Reward on completion: 200.000.000 Exp, 1.000.000 Cps, 300 PPs, 100 Phoenix Clan’s Favourability.’

A new quest popped up and successfully startling Yi Tianyun as he saw the amount of Exp was the biggest among his other quests!
