

## Leveling 481

### Chapter 481

Yi Tianyun made a high-level detoxification pill to cure the Ren Liangchen!

“Did you guys also encounter any danger before I teleported you guys here?” Yi Tianyun asked Yang Zhiwen and Leng Hu.

“Well, I didn’t encounter anything, I was teleported to a forest, and there is nothing dangerous in there as far as I can sense it! but while I was looking around, I was teleported here!” Yang Zhiwen said descriptively.

“I was teleported to the edge of a swamp, it looks dangerous, but I don’t see anything that could harm me at that moment, but as I look around to find the way out to look for you, I was sent here!” Leng Hu said casually. “What about you, boss? What is the situation over here looks like?” Leng Hu asked casually.

“I also didn’t sense any danger around here, but as I move around, I thought of you guys, if we are teleported to a different place, that means you guys might be in trouble! And so, I quickly teleported all of you here! It was fortunate that I got to Brother Ren quickly. Otherwise, he was sure to die from this poison!” Yi Tianyun said solemnly.

Yi Tianyun then administered the pill to Ren Liangchen, who fell unconscious, and as soon as the detoxification pill entered his body, Ren Liangchen’s complexion was slightly improved!

They were not in a hurry, so there was no reason for Yi Tianyun to leave them here to fend for themselves. So, the party rested on the grassland while waiting for Ren Liangchen to recover.

After Ren Liangchen was back to normal, he quickly expressed his gratitude toward Yi Tianyun for saving his life once more! He knew that he was fortunate that Yi Tianyun was with him now. Otherwise, he would’ve already become a snake meal!

“Okay, now that we are set! We have to find a place to settle down for a while. After we find this place, I have to head towards my destination!” Yi Tianyun said casually as he immediately flew towards the direction that the Soul Guide led him to.

Ren Liangchen and the others followed Yi Tianyun by flying too. Fortunately for them, they could fly here. Otherwise, it would be bothersome!

Yi Tianyun's goal was to find some city in the way towards the Phoenix Nest! And sure enough, Yi Tianyun soon saw a big city that was surrounded by a towering wall!

"Broad Cloud City!" Yi Tianyun said as he read the plaque that was placed on the gate. They quickly descended to the ground and walked toward the gate casually.

The guards didn't even care about the new presence and quietly stood on the side of the gate like nothing happened; they didn't even charge them for entering the city.

Yi Tianyun immediately saw that the city was buzzing with cultivators and peddlers along the road. There was so much stuff that they could have if they had the money for it!

The cultivators' cultivation level varied from each other, but the lowest was at Core Condensation Stage, while there were so many cultivators at Core Transformation Stage!

Yi Tianyun even saw several Void Spirit Expert came and went here, while the highest that Yi Tianyun saw was at 4th Layer Void Spirit Stage!

As soon as Yi Tianyun walked to the market street, the shop owner immediately called them over one by one while offering them the best item in their shop!

They were clearly passionate about their profession. If Yi Tianyun didn't have anything specific in mind, he would probably buy a couple of items from these merchants!

But there was one thing that he needed the most that he couldn't find freely on the mortal world!

"Did you guys have any Soul Accumulating Grass?" Yi Tianyun asked casually.

The merchant disappointedly shook their head as they didn't have the soul accumulating grass that Yi Tianyun needed. But suddenly, a cultivator appeared beside Yi Tianyun and said that he knew someone who would sell Yi Tianyun some Soul Accumulating Grass!

"I know someone who has Soul Accumulating Grass to sell. Do you guys want me to take you there? My name is Mo Shu, by the way!" The cultivator said casually.

"Okay, lead the way!" Yi Tianyun said as he let Mo Shu lead them to the place that he said was selling some Soul Accumulating Grass. Yi Tianyun didn't trust the guy completely, but he was curious since if he could buy the Soul Accumulating Grass in bulk here, his level could increase exponentially!

Furthermore, Yi Tianyun also noticed that there were so many cultivators here that guided another cultivator to the shop that they wanted!

Yi Tianyun also saw that Mo Shu greeted everyone he passed by; clearly, Mo Shu had a good relationship with the people here!

Under Mo Shu's guidance, they came into a shabby looking shop that was still closed! Yi Tianyun frowned as he realized that the shop was still closed in the middle of the day! But this fact didn't seem to deter Mo Shu's resolve at all!

He quickly knocked on the door and said that someone was coming to buy spirit medicine from the shop!

After he knocked, Mo Shu stepped back a little bit, and as the door was opened, Yi Tianyun was a little bit surprised to see a 2nd Layer Spirit King cultivator here! Not only that, but he was an old man with a scary look on his face!

## Chapter 482

After the shopkeeper looked at the customer, he opened the door enough for one person to enter the shop! His attitude was a bit rude as he was supposed to serve his customer.

"I am sorry, this is just how Shopkeeper Ye is, but I assure you that this place is the best Medicine Shop here in Broad Cloud City! Everything you want should be here, medicine-wise!" Mo Shu said apologetically.

“Hey, come on in! I don’t have all day!” The shopkeeper shouted from inside. He clearly doesn’t sound happy to have a customer right now. Mo Shu immediately entered while Yi Tianyun and the others followed one by one.

Ren Liangchen, however, was confused about why Yi Tianyun needed the Soul Accumulating Grass, he knew that the grass was used to enhance the Spiritual Power, but the effect was not that strong!

After they entered the shop, Ren Liangchen was shocked upon seeing so many high-grade medicinal pills were stocked up on the shelf neatly.

Some of the Medicinal Pills were even considered foreign since it was probably nowhere to be found in the Mortal World! But the shopkeeper immediately sat down on his rocking chair and drank a cup of tea, uninterested in serving his customer.

Yi Tianyun took a look once again at Shopkeeper Ye’s status and saw that the old man had 180 million Combat power and no weakness!

Yi Tianyun wondered why such a strong cultivator was sitting as a merchant here in the Broad Cloud City, while a cultivator at this calibre could easily become a respected figure in the world!

“That tea leaf is a high-grade Heavenly Spirit Leaf! Making a tea out of it is such a waste!” Ren Liangchen said whisperingly to Yi Tianyun as he recognized the leaf that the Shopkeeper Ye used to make a tea!

Yi Tianyun nodded his head. He understood that for a Spirit King cultivator, that might be normal!

“Shopkeeper Ye! As you ordered, I brought a customer who wants to buy Soul Accumulating Grass!” Mo Shu said as he showed his respect to Shopkeeper Ye!

“Oh, you want to buy Soul Accumulating Grass? Who are you buying it for?” Shopkeeper Ye asked curiously.

“It’s for personal use.” Yi Tianyun said casually.

“Soul Accumulating Grass is used for Spirit Refinement stage, but you aren’t one! so, are you a Divine Rune Master?” Shopkeeper Ye asked curiously.

“Yes, I am a Divine Rune Master! Is there something wrong with it?” Yi Tianyun said confusedly.

Ren Liangchen and the other was surprised to hear that Yi Tianyun was a Divine Rune Master. They only knew that Yi Tianyun was an alchemist as he already showed them his prowess before!

“What grade are you?” Shopkeeper Ye asked curiously, Yi Tianyun knew from the look of this old man’s eye that he seemed interested now!

“Don’t ask me about my grade! You should just tell me what kind of Divine Rune that you need me to engrave or what level of Array that you need me to break!” Yi Tianyun said casually.

“You are quite confident, brat!” Shopkeeper Ye said with a smirk on his face.

“Yes, I am pretty confident with my own skill!” Yi Tianyun said as he smirked himself.

“Did you still remember when I told you to bring me someone who wants to buy a Soul Accumulating Grass?” Shopkeeper Ye asked Mo Shu.

“Yeah, it was about six months ago, I think.” Mo Shu said casually.

“Now, I need you to come with me! I need you to open a box for me! It’s been half a year that no one could open it!” Shopkeeper Ye said annoyedly.

“You mean I should bring someone who wants to buy Soul Accumulating Grass just so that you could find a Divine Rune Master?” Mo Shu said as he finally realized Shopkeeper Ye’s intention.

“Well, you can say that, but that’s not all there’s to it!” Shopkeeper Ye said casually as he brought everyone outside and closed his shop lazily. Ren Liangchen was stunned to see that the old man just closed the shop without properly locking it!

But, everyone in this town, except for Ren Liangchen and the rest of Yi Tianyun’s party, knew that the old man was Spirit King Expert! No one would dare to steal from the old man!

Shopkeeper Ye then brought them to a buzzing street, where Yi Tianyun saw that there was a long queue over a box that was covered by so many Divine Runes!

It seemed that this queue was a line of people who wanted to test out their Divine Rune Proficiency to open this box!

“I have three Soul Accumulating Grass and Two Sacred Tool for you if you could open that box!” Shopkeeper Ye said to Yi Tianyun expectantly.

He then took out a bottle of Medicinal Pills from his pocket and gave it to Mo Shu. “Here is your reward for doing as I told!” Shopkeeper Ye said casually to Mo Shu.

“So, what’s the use of this Soul Accumulating Grass for you? I want to know as it was rare to see someone searching for this grass.” Shopkeeper Ye said curiously to Yi Tianyun.

“Well, I want to make it into Soul Accumulating Pill!” Yi Tianyun said indifferently.

“Okay, that was a tough one! But as long as you open that box, the Soul Accumulating Grass is yours!” Shopkeeper Ye said excitedly.

Yi Tianyun nodded his head and immediately focused his attention on the box!

## Chapter 483

Yi Tianyun noticed that the box was engraved by at best a 5th Grade Divine Rune! He never expected a whole city inside the Ghost World would struggle to open this box!

‘DING!’

‘Successfully accepted the [Help Shopkeeper Ye to open the treasure box!] side quest!’

‘Reward: 30.000.000 Exp, 100.000 Cps, 100 Shopkeeper Ye’s favourability.’

Yi Tianyun didn’t expect to get a side quest for helping this old man, but he was satisfied with it nonetheless!

At the same time, the current Divine Rune Master who was trying to open the box has failed and began cursing at the box.

He was still going at it once again, but obviously, the people behind him were annoyed that the man was still trying while it was obvious that he couldn’t do it!

“Hey, let the others have a shot too! Don’t hog it by yourself!” A young man said to that man annoyedly.

“Brat! This is a 5th Grade Divine Rune! What can you do when you are not even a 5th Grade Divine Rune Master!” the man said coldly.

“You see, you are clearly not a Divine Rune Grandmaster yourself! It was clear that you couldn’t open this box, so why even try! Stop wasting everyone’s time!” The young man said coldly.

The man in the front was clearly annoyed by the young man’s comment, but he chose to step aside as he saw that everyone was indeed annoyed by his constant pointless attempts!

Yi Tianyun was surprised to see the young man’s bravery. He quickly looked at the young man’s status and saw that he was at 7th Layer Core Transformation Stage at the age of 21!

“How many people have come today?” Shopkeeper Ye asked the young man.

“Master! You’re finally here! I was thinking about closing the box for a moment there! There are too many people today. I don’t know how many Divine Rune Master has failed today!” the young man said hopelessly.

“It may seem tedious, but we have to open this box! I hope that you understand this!” Shopkeeper Ye said to the young man. The young man nodded his head and looked down in shame after thinking of giving up!

“This is Shopkeeper Ye’s disciple, Pu Ren! Now, I have done my part, and I still have something else to do, so good luck with the box!” Mo Shu said as he left Yi Tianyun and the rest of the party with Shopkeeper Ye.

But even if Yi Tianyun came with Shopkeeper Ye, he still couldn’t just cut the line as it was rude, and so Yi Tianyun queued along with the other Divine Rune Masters!

Yi Tianyun saw Divine Rune Masters failed one after another, and one of them even tried to attack the box!

Even though the man was at Core Transformation Stage Peak, his attack was still bounced off from the box!

The Divine Rune Master admitted their defeat, and none really wanted to see others succeed as they immediately left the vicinity to save their pride! After seeing the man that attacked the box before, none of the Divine Rune Master ever tried to do the same.

They knew that they wouldn’t be able to overpower the box. Otherwise, a Spirit King Stage Expert like Shopkeeper Ye wouldn’t search for help!

“Let me try!” A Void Spirit Stage Expert came forward while holding a huge hammer in his hand. This hammer was a lower grade sacred tool!

It seems the Void Spirit Expert was thinking of overpowering the box with a huge amount of power! “I am not a Divine Rune Master, but is it okay for me to try to break this box?” The Void Spirit Stage Expert asked Shopkeeper Ye.

“Suit yourself, as long as you can open the box. The sacred tool would be yours!” Shopkeeper Ye said indifferently. Shopkeeper Ye has already known that opening the box with brute force wouldn’t work!

The Void Spirit Expert laughed out loud, and his body immediately turned into steel! The expert immediately swung the huge hammer down to the box, and suddenly the box shone bright, and the expert was immediately thrown into the sky, badly injured!

The expert has failed as the Shopkeeper Ye has predicted! The box had a strong shockwave Divine Rune that would activate as soon as someone tried to break it!

Yi Tianyun smirked to himself as he saw the expert’s stupidity. If a Spirit King cultivator couldn’t open the box, what made him think that a Void Spirit expert could!

#### Chapter 484

Shopkeeper Ye immediately ordered the next Divine Rune Master to continue as the queue had stopped for a second because the expert before was spectacularly thrown away by the box!

Divine Rune Grandmaster was rare, even though Yi Tianyun could say that he has met with two Divine Rune Grandmasters, it was not entirely true!

Imperial Preceptor of Netherworld Empire was acknowledged as a Divine Rune Grandmaster, but actually, he was not a true Divine Rune Grandmaster, although he was close to obtaining that title.

Spirit Race Old Ancestor was a true Divine Rune Grandmaster, but his knowledge only consisted of a basic Divine Rune Grandmaster!

So, properly obtaining a title as a Divine Rune Grandmaster was difficult to achieve! That could be seen here right now, where so many Divine Rune Master gathered, but not a single Divine Rune Grandmaster in sight!

“Where is the box from? Why is it so hard to open?” Yi Tianyun said with a frown as he kept seeing one Divine Rune Master after another failed to open it!

“Are you sure you can open this box, boss? You can have two sacred tools if you succeed!” Yang Zhiwen said excitedly.

“No, I don’t think I could say that I can before I try it myself! I need to check it first!” Yi Tianyun said with a smile. Yi Tianyun didn’t care about the sacred tools.

His thought was full of what could be inside the box to have such a complicated seal on it! His best guess so far was a Divine Tools, as it was the most priceless item!

Shopkeeper Ye sat on the side while observing the Divine Rune Master that tried to open the box. Meanwhile, Pu Ren was lying on the grass on the side, looking bored!

“Master, we have done this for months, but there is no one capable of unlocking this box! What if there is no one alive could open this box!” Pu Ren said with a bored expression.

“Patience young one! There must be someone capable of unlocking this box! The world is big! We are nothing but a speck of dust!” Shopkeeper Ye said solemnly.

Divine Rune Masters kept failing one after another, and finally, it was Yi Tianyun’s turn! Many people raised their brows after seeing that a young man was next in the line!

They all thought that there was no way Yi Tianyun could open the box while someone much older than him couldn’t do it!

When Yi Tianyun was just about to check the box, a shrill voice interrupted his focus.

“Make way! Make way! Grandmaster Tianqing is here!” a man said as he opened up the path for the old man behind him. The old man was followed by numerous amounts of disciple. It was clear to Yi Tianyun that this man was some sort of an Elder in Divine Rune proficiency.

The crowd was immediately buzzing with excitement, apparently this Grandmaster Tianqing was well known in the Ghost World! Everyone immediately sighed as they thought that Grandmaster Tianqing would surely open the box!

“Kid! Stand aside, let Grandmaster Tianqing open the box!” the man who tried to make way for Grandmaster Tianqing earlier said as he tried to sweep Yi Tianyun aside.

“Hey, queue up! Don’t you guys have any manner?” Yang Zhiwen said annoyedly.

“You know who this great man is? He is Grandmaster Tianqing, a Divine Rune Grandmaster! Stop wasting our time and let the Grandmaster deal with this!

“Hey, just give them something and send them aside!” Grandmaster Tianqing said as he was getting impatient! He wasn’t used to waiting like this!

“Right away, Master!” The man earlier said as he immediately took a bottle of medicinal pills from his pouch and gave it to Yi Tianyun.

“Here takes this bottle with you! That’s a good medicinal pill, consider yourself compensated!” the man said to Yi Tianyun.

Yi Tianyun frowned as he saw the status of Grandmaster Tianqing and saw that he was only at the 4th Void Spirit stage! Yi Tianyun could’ve killed him with a slap if he really wanted to!

“You have to queue like everybody else!” Shopkeeper Ye said as he unleashed his Spirit King aura to stop the commotion. The man and Grandmaster Tianqing were startled after sensing Shopkeeper Ye’s powerful aura, and so they backed away to queue up like everyone else.

“No, if you really want to do it quickly, I will let you go first!” Yi Tianyun said to Grandmaster Tianqing casually.

Boss! Why would you do that?” Yang Zhiwen said annoyedly.

“Just let them be! I want to see a grandmaster’s prowess!” Yi Tianyun said with a smile on his face.

“At least you know Master Tianqing’s fame!” the man said as he immediately led Grandmaster Ye to open the box! Grandmaster Tianqing looked at Yi Tianyun for a moment, but he didn’t say anything to him.

Shopkeeper Ye also looked at Yi Tianyun, but, since Yi Tianyun was the one who gave his spot away, Shopkeeper Ye wouldn’t interfere!

Grandmaster Tianqing immediately reached out and started to look for the weak point of the Divine Rune that covered the box, but no matter how hard he looked and tried to break the divine rune with his Spiritual Power, it turned out a failure!

Yi Tianyun shook his head in disappointment, turns out, Grandmaster Tianqing was also a half-assed Grandmaster! Yi Tianyun smirked as he knew that Grandmaster Tianqing would have lost his pride and status after failing even with all that boasting a moment ago!

#### Chapter 485

Grandmaster Tianqing failed to open the box even after several tries. He was embarrassed beyond belief! After the grandiose entrance earlier, it turned out he was all talk!

He immediately looked around, and surely, there were so many people observing his action, and they began to think poorly of him!

“You couldn’t open it? if you can’t, please give someone else a chance, stop wasting time!” Shopkeeper Ye said indifferently.

“Who said I couldn’t open it! I need more time! I will open it eventually!” Grandmaster Tianqing said frustratedly.

“Okay, take some more time then! The more you fail, the more embarrassing it would be!” Shopkeeper Ye said as he sat back down and sipped his tea.

Grandmaster Tianqing persisted in trying to open the box, but no matter how hard he struggled to open it, he still failed!

“He was so confident and arrogant before, but it turns out, he couldn’t even open it! what a pathetic cultivator!” Yang Zhiwen said as he laughed at the disciple’s face.

“No, the master will succeed! He just needs some more time!” Grandmaster Tianqing’s disciple said frustratedly. He didn’t like it when strangers looked down on their master!

“Well, then hurry up! It would get dark soon! We don’t have all day!” Yang Zhiwen said to the disciple and then turned his attention to Yi Tianyun again. “Boss, it seems that we have to stay here for the night!” Yang Zhiwen said apologetically.

“It’s okay; we are not in a rush!” Yi Tianyun said with a smile on his face. After all, they have successfully reached the Ghost World, and now he even got a quest to complete!

Time passed, and after a few hours, Grandmaster Tianqing said to everyone that the box was not an ordinary 5th Grade Divine Rune Box!

He even said that if someone at his calibre couldn’t even open the box, then no Grandmaster would be able to open it!

Shopkeeper Ye shook his head in annoyance as Grandmaster Tianqing was saying an unnecessary thing! “Next!” Shopkeeper Ye said as he waved his hands to order Grandmaster Tianqing to go away!

“This box is not something that you can open with your skill! This is almost at the Creator Rank! you should just go home now!” Grandmaster Tianqing said persuasively.

Yi Tianyun didn’t care about what Grandmaster Tianqing had to say, and he immediately walked towards the box and inspected the box for any opening that he could exploit!

He immediately activated the Heavenly Eyes to look at every detail that the Divine Rune on the box had. He immediately noticed that the Divine Rune was integrated to almost no flaw at all!

The Divine Rune was truly only at 5th Grade Divine Rune, but it was interwoven together, creating a chain-like structure on the box that made it almost impossible to break! However, since it was carved for safekeeping, it meant there was definitely a way to open it!

“Huh, what a boy like you is trying to do! Did you honestly think that you can open this box! Stop trying to do the impossible, kid!” Grandmaster Tianqing said while underestimating Yi Tianyun’s effort.

“Stop saying unnecessary stuff! You’re clearly incapable of opening this box! So, shut up and let others try! If you couldn’t do that, you’d better leave as you are just a nuisance here!” Shopkeeper Ye said annoyedly.

“I don’t want them to waste their time to open this box! Let’s just say that if anyone here could open this box, I will walk away with my hands!” Grandmaster Tianqing said confidently.

“I said, Shut up!” Shopkeeper Ye said as he released his Spirit King aura, intimidating everyone in the vicinity. The raw power of Spirit King Stage overwhelmed Grandmaster Tianqing and his followers.

As a result, they couldn’t find any word to return to Shopkeeper Ye. Shopkeeper Ye then observed Yi Tianyun as he felt that this boy was different than anyone that he ever met!

Sure enough, instead of trying to break the Divine Rune one by one, Yi Tianyun was starting to engrave another Divine Rune on the box!

Everyone was surprised to see Yi Tianyun did something so unusual like this, and some of them, including Grandmaster Tianqing mocked him for doing something unnecessary!

But complete to everyone’s surprise, Yi Tianyun was finally done engraving his Divine Rune on the box, and a bright light shone from the box as the Divine Rune that covered the box was cracked open one by one!

‘DING!’

‘Successfully broke a 5th Grade chain Divine Rune!’

‘Reward: 2.000.000 Exp, 2.000 Mastery Points.’

## Chapter 486

While everyone was badmouthing Yi Tianyun, the Divine Rune on the box suddenly broke! Everyone was stunned! Surely, no one expected Yi Tianyun to be able to open the box! The most shocking thing was that Yi Tianyun made it look so easy as he was only tinkering with the box for a short amount of time!

“How can this be? How did you break those Divine Runes!” Grandmaster Tianqing said as he voiced his surprise. But he was surely losing some more credit to his name as it was obvious that everything he said earlier was all bullshit! Furthermore, he had to keep his own words and walk away with his hands now!

“Look at that! Our boss opened the box easily! Now, what would you say again?” Yang Zhiwen said as he laughed at the stunned expression on Grandmaster Tianqing’s disciples.

The disciples gritted their teeth as they couldn’t say anything back, Yi Tianyun actually opened the box alone! Shopkeeper Ye himself was surprised! He did sense that Yi Tianyun was different, but opening the box was another story!

“You actually broke it?” Shopkeeper Ye said as he excitedly walked towards Yi Tianyun and took the box from Yi Tianyun’s hands to observe it himself!

“You can open it anytime, Shopkeeper Ye!” Yi Tianyun said as he smiled at Shopkeeper Ye. The box now was no more than a normal box that could be opened anytime!

Shopkeeper Ye immediately tried to open the box and some flaming aura seeping through its crevice, but Shopkeeper Ye immediately closed it again so that no one could know what the box contained! But sadly, from the little flaming aura, Yi Tianyun could already know what it was with his Appraisal Eye.

‘Phoenix Fire: Peak Grade Earth Level Flame, a little bit of this fire could burn anything that it touches and could revive a phoenix!’

“You open it! I knew my eyes didn’t play tricks on me when i saw you!” Shopkeeper Ye said excitedly.

"It seems Shopkeeper Ye has too much expectation of me. This was just a small effort on my part!" Yi Tianyun said politely.

"Well, I thought that you could open the box from the first time that you said that you are a Divine Rune Master yourself! You are the first cultivator that I couldn't see through! Nonetheless, as we agreed upon, these two Sacred Tool is yours to take! As for the Soul accumulating Grass, let's take it from my shop!" Shopkeeper Ye said excitedly as he gave Yi Tianyun two Sacred Tools.

"Thank you very much, Shopkeeper Ye!" Yi Tianyun said politely.

But as Shopkeeper Ye, Yi Tianyun, and his party were about to leave the scene, Grandmaster Tianqing appeared in front of Yi Tianyun.

"Wait, young one, how did you open the box?" Grandmaster Tianqing asked curiously.

"What did you need it for? Didn't you see me earlier? If you didn't, then it's your own loss! Now that you are here, fulfil your promise and walk away with your hands!" Yi Tianyun said coldly.

"You brat! You know who I am?" Grandmaster Tianqing said angrily as Yi Tianyun didn't show him any respect.

"Go away!" Shopkeeper Ye said coldly as he was annoyed by Grandmaster Tianqing's presence.

Grandmaster Tianqing was conflicted as he wanted to give Yi Tianyun a little lesson about respecting their elder, but he couldn't as Shopkeeper Ye was there backing Yi Tianyun up since he opened the box for him! So, with a furious face, Grandmaster Tianqing walked away from the scene!

Pu Ren was observing Yi Tianyun from head to toe, Yi Tianyun was at the same age with Pu Ren, at least from his appearance, but he knew that cultivator could mask their appearance well if they wanted to, and so he couldn't help but think that Yi Tianyun was another legendary cultivation expert who was hiding his true appearance.

As they arrived at Shopkeeper Ye's store, Yi Tianyun gave the two sacred tools to Ren Liangchen for safekeeping, while saying that they should keep it with them. Ren Liangchen was surprised as Yi Tianyun already gave him a Sacred tool before, and now he even gave two other Sacred Tools for him to hold!

Shopkeeper Ye was also surprised by Yi Tianyun's casual attitude toward the sacred tool that he gave earlier. This meant either Yi Tianyun didn't have any interest in the Sacred Tools, or Yi Tianyun really put his trust on his companion.

"Can I hear your name, friend?" Shopkeeper Ye said curiously to Yi Tianyun.

"Of course! My name is Yi Tianyun!" Yi Tianyun said casually.

"Great, I will make sure that I remember your name! You helped me a lot this time! And for that, let me give you another reward besides the Soul Accumulating Grass!" Shopkeeper Ye said as he pulled out something else from the inside of his drawer.

Yi Tianyun was excited inside as he knew that a Spirit King like Shopkeeper Ye wouldn't give him a useless item!

#### Chapter 487

Shopkeeper Ye found himself in a very good mood today. He was so excited that Yi Tianyun has successfully opened the box that he has been trying to open for months!

Although so many Divine Rune Masters have tried to open it, they all failed! That was because they tried to open it with the wrong method!

Shopkeeper Ye quickly wrote something in a piece of paper and gave it to Yi Tianyun.

"Take this! This is the recipe for Divine Accumulating Pill, an advanced version of the Soul Accumulating Pill. The effect would at least double the amount of Soul Accumulating Pill would have. I got it from a Divine Rune Grandmaster early in my life. Of course, he is far stronger compared to the man that said he was a Divine Rune Grandmaster earlier!" Shopkeeper Ye said casually.

“Thank you very much, Shopkeeper Ye! Yeah, it was very unfortunate that a Divine Rune Grandmaster embarrass himself like that!” Yi Tianyun said gratefully.

“The Divine Accumulating Pill would help you in your cultivation to become the strongest Divine Rune Grandmaster for this generation for sure! I wish you good luck!” Shopkeeper Ye said with a smile on his face.

Shopkeeper Ye didn’t think that Yi Tianyun has reached the high realm of Divine Rune Grandmaster as Yi Tianyun seemed too young. Thus he concluded that opening the box didn’t require one to be at least a Divine Rune Grandmaster.

No one there knew that Yi Tianyun has already become a Divine Rune Grandmaster for quite some time now, but Yi Tianyun himself didn’t want to correct Shopkeeper Ye as he found it unnecessary to do so!

‘DING!’

‘Successfully completed Side Quest [Help Shopkeeper Ye to open the treasure chest!]

‘Reward: 30.000.000 Exp, 100.000 Cps, 100 Shopkeeper Ye’s Favourability points.’

This side quest was easy to complete. In other words, it was easy Exp and Cps for Yi Tianyun! This type of Side Quest was Yi Tianyun’s favorite!

“Thank you very much, Shopkeeper Ye! But can I buy more of this Soul Accumulating Grass from you? I need more than this.” Yi Tianyun asked politely.

“It seems that you valued this Soul Accumulating Grass quite highly, but I am afraid I don’t have any more than this. This grass was rare, but the market’s demand is low, and barely anyone needs it! Even though it’s at the same rarity as a 6th Grade Spirit Medicine, but the effect is lacking, making it not that worth it! I am sorry about this, but you may come back again later if I get my hands on another batch of Soul Accumulating Grass!” Shopkeeper Ye said apologetically.

“Ok, I understand. Thank you again, Shopkeeper Ye!” Yi Tianyun said disappointedly. He wanted a lot of Soul Accumulating Grass to make sure that he could level up quickly.

Shopkeeper Ye immediately handed over the three Soul Accumulating Grass with some Spirit Medicine to Yi Tianyun. “Now, here you go! With this, you can make Divine Accumulating Grass! All that you need now is to find yourself an Alchemist to refine the pill! If you want, I don’t mind helping you with that, but I can’t do that now, maybe in a couple more months, I can help you refine it for free!” Shopkeeper Ye said casually.

“It’s okay, I understand! We will take our leave!” Yi Tianyun said casually. He didn’t really need Shopkeeper Ye to refine him the pills as he could do it himself now that Shopkeeper Ye has already given him the recipe.

“All right, then see you again later!” Shopkeeper Ye said with a smile. “If you need to buy something from the store, feel free to talk with my disciple, he will help you find whatever it is that you need.” Shopkeeper Ye said casually.

“All right, see you again next time, Shopkeeper Ye!” Yi Tianyun said as he left the shop.

After Yi Tianyun left, Pu Ren came over to Shopkeeper Ye and looked at the box. “Master, what is inside the box?” Pu Ren asked curiously.

“The content is what we need to get back! After so many years, we finally have a way to go back home! Now, clean up the place! We are going out for a while!” Shopkeeper Ye said excitedly.

“Get back? I never thought we could get back this soon. I thought it would take some more decades!” Pu Ren said surprisedly.

.....

At the same time, Yi Tianyun left Ren Liangchen and the others at the Broad Cloud City inn.

“Now, I will go out by myself! I will come back for you once I am done!” Yi Tianyun said commandingly.

“Okay, we will wait for your return in this city!” Ren Liangchen said, followed by the nods of the other two. After all, they were already inside the Ghost World! They could cultivate in this inn better in the Mortal World!

After that, Yi Tianyun quickly left and flew toward where the Soul Guide was guiding him. But he soon found a shallow cave and decided to stay inside for a while to refine the Divine Accumulating Pill. He was curious about how good the effect would be!

He immediately found out that while Soul Accumulating Pills had 100% Success Rate for Four Refinement Rank, the Divine Accumulating Pill only had 80% Success Rate for the same rank!

Chapter 488

Yi Tianyun never expected the Divine Accumulating Pills would be this difficult to refine, but obviously, the difficulty said it all! This was the more effective way to use the Soul Accumulating Grass!

Although the grade might be the same, if the pills were much more complicated to make, its chance of success would drop!

“Forget it. I’ll just make the 4th Refinement Level for now!” Yi Tianyun said as he immediately refined the Divine Accumulating Pills at the 4th refinement level. After a while, he finally successfully refined one Divine Accumulating Pills!

‘DING!’

‘Successfully created Divine Accumulating Pill!’

‘Reward: 500.000 Exp, 1.000 Mastery Points.’

The pill was oddly enough, easy to refine. Yi Tianyun immediately checked the effect of the pill, as he was wondering whether this new pill had the same effect as the Soul Accumulating Pills!

“Activate Crazy Medicinal Pill Mode!” Yi Tianyun said commandingly, this Crazy Medicinal Pill Mode was one of the Crazy Mode’s effect and thus doubled the effect of any medicinal pills that the user took!

Yi Tianyun quickly swallowed the pills to see the effect in person.

‘DING!’

‘Successfully gained 100.000.000 Exp!’

Yi Tianyun was shocked by the amount of Exp that he got; it was more than triple the amount of exp the Soul Accumulating Pill provided on the same grade!

This was great news for Yi Tianyun as all he needed to do now was to refine many more of this Divine Accumulating Pill!

At the same time, Yan’er suddenly left Yi Tianyun’s pet bar out of her own accord and stuffed a random medicinal pill that Yi Tianyun has put on the floor into her mouth.

She couldn’t sit still knowing that Yi Tianyun was eating something while she was inside the pet bar.

Yi Tianyun was startled, and so he immediately ate another Divine Accumulating Pills to save it from Yan’er’s grasp. The random medicinal pills were free for her to take, but the Divine Accumulating Pills were too precious for Yi Tianyun’s development!

“Hey, give me some more food! I am hungry!” Yan’er said as she frowns after seeing Yi Tianyun took another pill behind her back!

“If I give you food, would you be a good girl and stop eating everything?” Yi Tianyun asked casually.

“Okay! So, give me another medicinal pill! You keep me inside that room for far too long!” Yan’er said annoyedly.

“Here! now, take your time!” Yi Tianyun said as he gave a bottle of Medicinal Pills that was better for Yan’er to consume.

Yan'er took the bottle and sat while eating the medicinal pills that she got from Yi Tianyun immediately!

Yi Tianyun could finally relax after seeing that Yan'er has calmed down and then refined another batch of Divine Accumulating Pills! In the end, Yi Tianyun successfully refined 6 Divine Accumulating Pills, a total of 600.000.000 Exp!

"Oh, what is that nice smell?" Yan'er said as she smelled the good fragrance wafting off the Divine Accumulating Pills.

"These are not food, be a good girl, and eat those medicinal pills for a while, yeah? I will give you better food next time!" Yi Tianyun said casually to Yan'er.

"Okay, but that's a promise!" Yan'er said as she immediately shifted back her attention to the medicinal pills that Yi Tianyun gave her earlier.

Yi Tianyun quickly consumed the rest of the remaining Divine Accumulating Pills, which quickly turned into a total of 600.000.000 Exp!

'DING!'

'Congratulation to player [Yi Tianyun] for successfully breakthrough to 6th Layer Void Spirit Stage!'

Yi Tianyun finally leveled up! It was such an easy task with this Divine Accumulating Pills on his hands, but unfortunately, he didn't have any Soul Accumulating Grass left to make this pill!

"I need 800 million Exp to level up again! This is going to be tough!" Yi Tianyun said to himself while wondering where he would get the Soul Accumulating Grass next.

But for now, he needs to finish up the side quest to earn more Exp! He almost arrived at the Phoenix Nest that he expected will complete Yan'er's Quest!

"We almost arrived at your home, aren't you excited?" Yi Tianyun said to Yan'er casually.

"Home?" Yan'er wondered as she was confused.

"Yes, you will know once we got there." Yi Tianyun said as he continued tracking the Soul Guide. Not too long after, Yi Tianyun saw a burned forest in front of him, but he noticed that the Soul Guide was leading him directly towards the Flaming Forest.

He was confused at first, but he quickly realized that this place was surely the Phoenix Nest that he was searching for! After all, the forest did not exactly catch fire; it was just the effect and protection of the Giant Flaming Parasol Tree!

#### Chapter 489

After seeing the Parasol Tree from afar, Yi Tianyun immediately flew in with Yan'er in tow. Once they arrived near the Parasol Tree, Yan'er suddenly felt familiar with the place. She was wondering whether she has been there before.

"This was your home once!" Yi Tianyun said casually.

As Yan'er kept wondering, Yi Tianyun immediately scanned the area with his Heavenly Eyes, as he noticed that the place was covered with Great Array to cover the place up.

Yi Tianyun then saw a small Divine Rune near the Parasol Tree that was used to detect intruders. He didn't find anything that resembled a Divine Rune that would endanger him.

So, without hesitation, Yi Tianyun walked through the veil and entered the Phoenix Nest! There was no need to disable the Great Array as it was not meant to attack the intruder.

It just served as a warning for the people inside if some stranger trespassed.

After entering the veil, Yi Tianyun waited until someone approached him so he wouldn't be considered an enemy later by the phoenix clan!

But as he waited, he noticed that no one was coming for him! Yi Tianyun felt it was odd. So, he put Yan'er back to his Pet Bar and continued to delve inside.

As he walked deeper inside, he immediately felt someone coming, so he immediately hid and blended with the shadow and waited for the people that he sensed coming walk by to assess the situation.

"Weird, I certainly felt that someone was here, but now I don't feel anything!?" The man said, confusedly to his companion. This man was at the 7th Layer Core Transformation Stage, wearing black clothing from his head to his shoes!

"It might be just your imagination." his companion said while rolling his eyes.

"Is it? I have never been wrong before!" The first man said confusedly.

"Well, it's probably best that we ignore it for now! We come here just as a helping hand, but it seems the elder negotiation with the Phoenix Clan doesn't work so well! The Phoenix Clan still refused our help! Their foolish pride seems to hold them back from receiving help from our Heavenly Netherworld Divine Nation!" the second man said annoyedly.

They immediately left the area to go somewhere else while kept talking about the situation to themselves. They didn't know that Yi Tianyun was eavesdropping the entire time!

Yi Tianyun frowned after he heard everything that the two Core Transformation Expert said. He never thought to find an expert from the Divine Nation this fast, so he had to proceed carefully to refrain from alerting the nearby Divine Nation influence.

Plus, from the name of the Divine Nation, Yi Tianyun thought of Ming Chen immediately. He knew that Ming Chen was an avid user of the Netherworld Technique, and from the name of this Divine Nation, he might have just found his enemy!

Yi Tianyun then walked around while hiding in shadow to see what was happening to the Phoenix Clan, but he saw so many people in black walking around the place.

Yi Tianyun wondered whether the Netherworld Divine Nation was trying to invade this Phoenix Clan or just here to act cordially with the phoenix clan to receive their support or something.

After Yi Tianyun walked closer towards the settlement gate, he noticed that the gate was guarded by a Void Spirit Expert, with so many Core Transformation Experts around him.

Yi Tianyun count that there were as many as 30 people guarding the gate now!

Yi Tianyun realized that the reason that the Phoenix Clan didn't approach him as he entered the veil earlier was because of their own situation here.

They were busy negotiating something with the Heavenly Netherworld Divine Nation!

Yi Tianyun didn't go through the gate and observed the situation instead. Sure enough, not long after that, a few people were coming out of the gate.

"Elder Luo! I hope that you can reconsider my offer. I believe that there is no one out there who can solve your problem except for us, the Heavenly Netherworld Divine Nation!" A familiar voice said to a man in the gate.

Yi Tianyun frowned as he tried to remember where he heard the voice. He was sure that the voice was very familiar.

Soon enough, the familiar man came into view, and as Yi Tianyun saw the handsome face of the man, he immediately noticed that the familiar man was none other than Ming Chen!

'Ming Chen: 6th Layer Spirit King Stage.

Equipment: Netherworld Divine Battle Armour, Netherworld's Fire.

Martial Arts: Netherworld Divine Palm, Netherworld Divine Art, Dark Dragon Possession.

Weakness: Extremely Hot Fire.

Combat Power: 320.000.000 points.

Reward on kill: ...'

Yi Tianyun immediately felt cold as he looked at Ming Chen from afar. He never expected to meet this man, this soon!

Yi Tianyun's killing intent slipped out subconsciously, but Ming Chen immediately noticed and fired a beam of concentrated Netherworld's Fire towards the killing intent that he felt!

But Yi Tianyun was quick! He immediately dodged the attack by sidestepping to the side and immediately concealed his killing intent once more! Yi Tianyun was surprised by Ming Chen's true power. He never thought that the man would be this sensitive!

Chapter 490

"What did you mean by this attack, Sir Ming!" Elder Luo said as he was angered to see Ming Chen attacked inside the nest area.

"No, it was nothing! For a second, I felt some killing intent directed at me from that direction!" Ming Chen said casually to Elder Luo. "But, in any case, I hope that Elder Luo really considers my offer." Ming Chen smiled and immediately left towards a dragon carriage near the gate.

He then immediately left with all his followers following behind the Dragon Carriage.

Inside the Dragon Carriage, Ming Chen wondered who whose killing intent was that earlier, the killing intent disappeared too fast for a person to be dead! Was it someone from the Phoenix Clan? Ming Chen wondered.

But he couldn't tell for sure as he knew that he had made so many enemies before. But just as he thought of the possible enemy, he remembered the young brat that destroyed a piece of his soul on the puppet Netherworld Empire that he controlled before.

The surrounding guards immediately gathered around Elder Luo and asked about the result of the negotiation with the Heavenly Netherworld Divine Nation.

“There is no deal as of now! Heavenly Netherworld Divine Nation asked too much from us! They ask for five phoenix eggs and 20 drops of Phoenix Blood Essence! There is no way I could agree to that! it basically asked for five phoenixes and 20 Divine Treasures!” Elder Luo said frustratedly. It seemed that the Phoenix Clan was facing was no ordinary problem!

But the conversation between Elder Luo and the guards came to a halt as they sensed someone coming, which was none other than Yi Tianyun himself! He decided to show himself as he noticed that Ming Chen has already left!

Besides Elder Luo, who was at the 7th Layer Spirit King Stage, the guards were not an opponent that would stand a chance against Yi Tianyun!

“Who are you? you are very brave to direct your killing intent towards Ming Chen earlier!” Elder Luo said with a frown on his face. But because the stranger in front of him showed hostility to Ming Chen, Elder Luo knew that they weren’t enemies with each other.

“Now, it would be great if we talk about things in a more comfortable place.” Yi Tianyun said casually.

“Now, why would I do that! What reason did you have to come to our land? Didn’t you know that the Phoenix Clan had no place for any human cultivator?” Elder Luo said with a frown still prominent in his face.

“I know that, but I am here because I am entrusted with returning one of your clan members back here!” Yi Tianyun said casually.

“Return our people? Who is it?” Elder Luo asked curiously.

Yi Tianyun then waved his hands, and Yan’er suddenly appeared! Yan’er was surprised that there were so many people in front of her, so she immediately hid behind Yi Tianyun’s legs.

“This girl is one of your own! I am tasked to return her here as her mother’s soul dissipated!” Yi Tianyun said sadly.

“This is Luo Huang’s child! The resemblance is uncanny!” Elder Luo said with watery red eyes. He then tried to reach Yan’er to hug her, but Yan’er dodged the old man and hid once again behind Yi Tianyun.

“Who are you? I don’t want to get close to anyone except for my father!” Yan’er said while frowning to Elder Luo.

“What? You are not her father!” Elder Luo said confusedly to Yi Tianyun.

“Yeah, well! I have taken her under my care while she did not know anyone, so she thought that I was her father!” Yi Tianyun said as he explained the awkward situation a little bit.

“Is that so? Well, please come inside! We have to talk about this inside while having a cup of tea!” Elder Luo said as he had a change of heart towards Yi Tianyun.

“Little girl, I am not a bad guy! I am your grandfather!” Elder Luo said as he spoke endearingly to Yan’er.

“Hmmm, I don’t know that I still have a grandfather,” Yan’er said confusedly.

“Well, you are too young to awaken your memory. You will know more as you got older!” Elder Luo said endearingly to Yan’er. Elder Luo was talking about the inherited memories that every phoenix had from their parents.

“Well, I have done my part! I have brought her back to Phoenix’s Nest!” Yi Tianyun said to himself, as soon as he said those words, a ray of light shoot from his body to the sky! This was the sign that Yi Tianyun has fulfilled his promise to Yan’er’s mother!
