

Leveling 561

Chapter 561

"I am alive?" Spirit Race Old Ancestor said with disbelief in his eyes!

He knew for sure that he was dead earlier, and nothing could save him, or so he thought, but apparently, the Spirit King had a way to resuscitate him!

"Yes, you are alive!" Yi Tianyun said with a smile on his face.

"Thank you so much, Spirit King! We can't believe that you just saved the Old Ancestor!" Ye Qingxuan said as she wiped her tears.

She just witnessed something unbelievable! For she was the one who confirmed that Old Ancestor was dead, but Yi Tianyun easily resuscitated him back to life!

This feat made everyone revere Yi Tianyun even more!

"Spirit King! I don't know what Medicinal Pill that you used to resuscitate me, but I think it was such a waste to use it on an old geezer like me!" Old Ancestor said as he felt bad for wasting Yi Tianyun's resource.

"Don't worry about it! You earned it! There is no way it was a waste to use it on you! Even though this medicinal pill is indeed rare, but Heavenly Clouds Empire still needs their Old Ancestor to manage and guide them for the greatness to come!" Yi Tianyun said as he smiled at Old Ancestor.

'DING!'

'Successfully promoted Spirit Race Old Ancestor into a Divine General!'

'Reward: 50.000.000 Exp, 100.000 Cps, 100 Command Points!'

Yi Tianyun smirked as he noticed the sudden notification. He got himself another Divine General that was presumably loyal to him, no matter what happened!

Even though everyone else in Heavenly Clouds Mansion was loyal to him, it wasn't comparable with the loyalty that the Divine General demonstrated!

"Now, the good news is that I had destroyed two of the Heavenly Netherworld Divine Nation's flying ships so far! I am afraid they will keep on sending more people to attack us in the future, so we have to be careful from now on!" Yi Tianyun said solemnly.

The people nodded and bowed to Yi Tianyun with respect. They know that if Yi Tianyun were with them, the Heavenly Netherworld Divine Nation wouldn't be able to touch them, but still, they need to attend to their surroundings in order to make a good decision in the future regarding their own safety.

After that, people started to get busy again. They quickly repaired the wall and the gate as it sustained considerable damage from the Spirit King Cultivator's attack earlier. The Divine Rune experts also engraved a new defensive Divine Rune for the Imperial City's protection!

The previous barrier was destroyed, and because of that, it was easier to create a new one than fixing the broken one!

At the same time, Yi Tianyun assigned Ren Liangchen and his group to help anywhere they could. After all, they were part of the Heavenly Clouds Empire too!

Yi Tianyun then went around the Imperial City to observe and monitor how the people inside the Imperial City live their lives. He was quite impressed as he couldn't see anything unfair in the city!

Then he walked into the palace to check on the Old Ancestor's condition and the Spirit Race's overall condition.

"Old Ancestor, how is the Spirit Race doing?" Yi Tianyun asked solemnly.

“For this moment, we are good! There is barely any problem among Spirit Race, but I think some of us were restless because they can’t have a child without a Life Crystal in the vicinity!” Old Ancestor said while sighing lightly.

“I understand. I will pay more attention to that in the future! I still couldn’t find one, but I will try my best to search for it! but I wonder if that crystal was from the Heavens world since I couldn’t find one on the Ghost World!” Yi Tianyun said wonderingly.

“I don’t really know much, but the Life Crystal is really rare. If you couldn’t find it, then that means gods didn’t allow us to procreate just yet!” Spirit Race Old Ancestor said with a smile on his face.

He knew that Yi Tianyun has so much to do, so he didn’t want to make it sound like getting the Life Crystal was a priority!

“Spirit King! There is something that I have to tell you!” Ye Qingxuan said from his side as she looked unsure.

“What is it?” Yi Tianyun asked curiously.

“Actually, Palace Lord Shi was taken away!” Ye Qingxuan said nervously.

“What! By whom? Who dares to take my aunt away!” Yi Tianyun said coldly as he released his aura.

The overwhelming pressure that Yi Tianyun exerted made everyone in the palace trembled as the temperature dropped by a dozen degrees.

“I am sorry, My King! But there are some unknown people who escorted the Palace Lord to the Heavens World. She also said that she would meet your parents there!” Ye Qingxuan said nervously.

“My Parent? Why would my parent want anything from us?” Yi Tianyun said with a frown as he calmed down a little, he wondered what his parents wanted after abandoning without ever asking about his condition, and suddenly they took Shi Xueyun away?

Yi Tianyun then began to think of a way to bring Shi Xueyun back from Heaven's world!

Chapter 562

The news caught Yi Tianyun off guard as he never expected something like this would happen. No wonder Ye Qingxuan had a hard time conveying the news to Yi Tianyun as she didn't know how Yi Tianyun would react.

Even though Yi Tianyun wasn't as angry as when he first heard the news, he was angry nonetheless! That was why that Ye Qingxuan was reluctant to tell Yi Tianyun this news!

"No, I don't think your parents were the ones who sent people to get her. I think they are just ordinary cultivators of the Heavens World! When they were here, they only seemed to be passing by, but when they saw that Palace Lord Shi has a Mysterious Ice Divine Body, they want to take her back to the Heavens World. At first, she rejected the offer, but as time goes by, she finally agreed!" Ye Qingxuan said worriedly.

Yi Tianyun frowned as he thought it over. If Shi Xueyun did go to the Heavens World out of her own consent, then there was nothing that he could do about it, he knew that Shi Xueyun's constitution was good, but he didn't realize that it was as good as the Heavens World Cultivator said it would!

But then again, he still couldn't see the detailed information on his Appraisal Eye! He had to level it up before he could do something like that!

Yi Tianyun wondered why Shi Xueyun said that she would also visit his parent. After all, she knew that Yi Tianyun didn't have any emotional attachment to them!

Shi Xueyun was the most important person for him right now!

That was because all Yi Tianyun knew was that his parent abandoned him at Heavenly Jade Palace when he was still a baby!

But Yi Tianyun could say that Shi Xueyun didn't go to the Heavens World for her own sake, but to find Yi Tianyun's parent!

“How strong is the cultivator’s cultivation? Did you know about it?” Yi Tianyun asked curiously.

“Hmm, I don’t really know but, she was a female around 30 years old! If I compare her with the Heavenly Netherworld Divine Nation’s cultivator earlier, I believe that she may be a little bit stronger than him! At first, I thought that we were screwed for sure! But after knowing that she was only passing by, we let her in! But I never expect she would bring Shi Xueyun with her.” Ye Qingxuan said worriedly.

“But after taking Shi Xueyun with her, she also gave us a lot of resources too. We got several Sacred Tools, 6th Grade Medicinal Pills, Heaven Level Martial Arts, and some more! Her wealth really makes us ashamed of ourselves!” Ye Qingxuan said with a sad look on her face.

The Spirit Race Old Ancestor also shook his head as he was also there when the Heaven World’s Cultivator gifted it to them!

Yi Tianyun already knew that the Heavens World Cultivators would be at least that powerful. After all, they were supposed to be stronger than the Ghost World Cultivators. But for now, Yi Tianyun felt heartbroken.

All he wanted to do right now was to drag Shi Xueyun back to the Mortal World as she didn’t need to find his parent at all!

He knew that Shi Xueyun meant well, but what if she wasn’t treated properly there?

After all, the Heavens World’s assessment would be very strict!

Yi Tianyun shook his head as he knew that he had to think positively for Shi Xueyun’s sake. He knew that he couldn’t go to the Heavens World just yet since the Heavenly Netherworld Divine Nation was still glaring at the corner!

If he really wanted to go to the Heavens World, he had to make sure that the Heavenly Netherworld Divine Nation wouldn’t bother his Heavenly Clouds Mansion in Mortal World in the meantime!

And he also didn't have to bother finding a way to the Heavens World as he had the Heaven Ascending Divine Altar made solely for that purpose!

All he had to do now was to raise his cultivation to Spirit King stage!

But Heavenly Netherworld Divine Nation still got a Saint King Expert with them, even if he reached the Spirit King Stage, he knew that he still wouldn't be able to compete with that!

Unless he leveled up the Crazy Mode, he would just be minced meat!

"I have to stabilize the situation here before I can do anything!" Yi Tianyun sighed.

He hoped Shi Xueyun didn't receive any bad treatment in the Heavens World, for it would be a while before Yi Tianyun could search for her!

If something happened to Shi Xueyun, not even Heavens World would be able to contain his rage!

After that, Yi Tianyun walked around the city to see the development progress, and he noticed that it wouldn't take for long before the Heavenly Clouds Empire was up and running!

The Imperial City was almost done!

He then went to the Heavenly Clouds Palace to see what he could do there, and he saw Jiu Lingyun came out as he walked in.

"Mansion Lord!" Jiu Lingyun said as she greeted Yi Tianyun with her utmost respect.

Being a 5th Grade peak Divine Rune Master at the moment, she was truly talented. She would be ready to advance to Divine Rune Grandmaster soon!

The entire Heavenly Clouds Palace was a little bit worried that maybe, Jiu Lingyun was the only one who was capable enough to barely keep up with Yi Tianyun's Divine Rune Technique in terms of age, as she was also very young!

Right now, Spirit Race Old Ancestor was still better than her, but he was already past his prime, while Jiu Lingyun was not even at her prime yet!

"Hey, you have progressed quite far for your age! No wonder everyone keeps calling you a genius! And didn't I tell you to just call me Big Brother Yi?" Yi Tianyun said while patting Jiu Lingyun's head.

At the same time, he felt something vibrating on his sleeve. He quickly checked it and found out that the Jade Pendant that the Spirit Girl on Heaven Ascending Divine Altar gave him was vibrating violently!

He tried to get it closer to Jiu Lingyun, and he immediately noticed that it was the sign that Jiu Lingyun was the descendant of the Heaven Creating Divine King!

"You...You are the descendant of Heaven Creating Divine King!" Yi Tianyun said with a surprised look on his face.

Chapter 563

Yi Tianyun thought that Heaven's Creating Divine King's descendants would be in the Ghost World, but it turned out that Jiu Lingyun was the descendant of Heaven's Creating Divine King all along!

No wonder Jiu Lingyun could still cultivate effectively to the level that everyone acknowledged even with such a tight resource like their resource in the Mortal World!

If she could cultivate with more resources, Yi Tianyun knew that she would be able to become the next Heaven's Creating Divine King!

Now Yi Tianyun understood why he got the quest to cultivate the Saintess when he met Jiu Lingyun.

But still, she needed a lot of resources for that to happen. If she couldn't find enough resources to cultivate, she would only become an average cultivator no matter how strong her Bloodline was.

“What? Heaven’s Creating Divine King’s Descendant?” Jiu Lingyun said confusedly.

She didn’t know what Yi Tianyun was saying at all.

“You will understand it later! Now, come with me!” Yi Tianyun said with a smile on his face.

Although Jiu Lingyun was confused, she still followed Yi Tianyun to a cultivation room inside the Heavenly Clouds Palace.

Yi Tianyun then locked the door after Jiu Lingyun entered. Now there were only two of them in the room, which made Jiu Lingyun expect something exciting to happen between them!

But she knew that Yi Tianyun wasn’t that type of man!

“Now, I will give you some memories of your ancestor! Just relax, okay!” Yi Tianyun said casually.

Yi Tianyun then touched Jiu Lingyun’s head, and memories immediately gushed in!

It was the memories that Yi Tianyun had received from the Spirit Girl earlier, and now he shared it with Jiu Lingyun like he promised the Spirit Girl earlier. Jiu Lingyun herself was in a state of shock after receiving the memory!

Knowing that she was a descendant of a legendary existence like the Heaven’s Creating Divine King was too much for her to take in!

She quickly calmed down and accepted the memory like Yi Tianyun wanted her to. As a Divine Rune Master herself, the memory was very useful!

The memory contained the Universe Divine Secret Art, but she still had to learn it later before she could use it effectively!

After Yi Tianyun shared everything with Jiu Lingyun, Yi Tianyun slowly released his hands and noticed that Jiu Lingyun was trying to decipher the memory that she got!

So, he sat down near Jiu Lingyun, waiting for her to fully comprehend the memory she just received.

After a while, Jiu Lingyun finally came back to her sense! “Big Brother Yi, how long have we been here?” Jiu Lingyun asked confusedly.

“It is not as long as you think! It is okay!” Yi Tianyun smiled as he stood up.

But he knew that it must’ve felt like so much time has passed for Jiu Lingyun!

“Are you sure? I felt that it was a very long time! But Big Brother Yi, thank you very much for the memory! It’s such a precious memory!

There is a lot of precious thing inside that memory!” Jiu Lingyun said excitedly.

She didn’t know how to express her gratitude for Yi Tianyun, but she swore to follow him till the end!

“That is okay! They are all yours from the beginning. I just happened to find it, that’s all!” Yi Tianyun said with a smile on his face.

“I also found it on the Ghost World, which means that you will go there with me later after you cultivate a little bit more!” Yi Tianyun said as a motivation for Jiu Lingyun.

Yi Tianyun said all he had to say to Jiu Lingyun for now, but the circumstances right now got him a little bit confused!

What happened to Jiu Lingyun’s parents?

If they were the descendant of Heaven Creating Divine King, then they should be strong too!

And, why did they come to the Mortal World?

Couldn't they survive in the Ghost World? But for now, whatever the reason may be, the inheritance was complete!

'DING!'

'Successfully completed {Look for Heaven Creating Divine King's descendant!} quest!'

'Reward: 200.000.000 Exp, 500.000 Cps, Heaven Creating Divine King Descendant favourability increased by 100.'

He was happy to see the notification right now as he thought that finding the Heavenly Creating Divine King would be hard!

"I am the descendant of Heaven Creating Divine King! This is really a surprise! I never thought my life would be this exciting!" Jiu Lingyun said in excitement.

She always thought that she was an ordinary country bumpkin. But now, she knew that she was not, thus became excited about what to come.

"Sure, but now you have to cultivate carefully! Don't let Heaven Creating Divine King's name be buried under your incapability later!" Yi Tianyun said solemnly.

"But, I am very lucky to have the descendant of Heaven Creating Divine King with me here!" Yi Tianyun said while patting Jiu Lingyun's head with a smile on his face.

Chapter 564

Jiu Lingyun smiled after hearing Yi Tianyun's word and slowly kneeled in front of him.

"It is my greatest honour to be able to stay with Big Brother Yi!" Jiu Lingyun said sincerely.

She did have greatly respected Yi Tianyun, for she wouldn't be able to do anything if Yi Tianyun never helped her in the first place!

She was motivated to work harder to help Yi Tianyun by building the Protection Great Array for the Imperial City and for her own cultivation to make sure that she wouldn't embarrass her own bloodline!

"What are you talking about? You are now the descendant of Heaven Creating Divine King! Your bloodline is much higher than mine! you have to hold your head high!" Yi Tianyun said honestly.

"No, no matter what my bloodline is, you will always be my Big Brother Yi! I will always work hard for you, no matter what!" Jiu Lingyun said confidently.

Yi Tianyun could see that she was really determined to prove her words to Yi Tianyun.

"Okay, okay! But be sure to cultivate more efficiently. If you have anything you want, you can always ask me for it!" Yi Tianyun said with a smile on his face.

Yi Tianyun then walked out of the cultivation room and went outside to check on other things, while Jiu Lingyun swore to herself that she would help Yi Tianyun no matter what!

'DING!'

'Successfully completed Middle-Level Saintess cultivation quest!'

'Reward: 100.000.000 Exp, 100.000 CPs, 300 Prestige point, 1x Super Enhanced Lottery Roulette.'

Yi Tianyun was a little surprised to see the notification this time. If this were the middle-level Saintess quest, then the advanced-level quest would come a little later!

But now it was clear that Heavenly Clouds Saintess was Jiu Lingyun! But he didn't need to publicize this news just yet!

Jiu Lingyun needed to cultivate far beyond her current level before Yi Tianyun could safely tell her existence to the public!

But now, he was interested in the Super Enhanced Lottery Ticket that he got. It was supposed to give only the best of items!

So, he immediately used the ticket while walking around the imperial city!

He activated his lucky aura to enhance his luck and let the roulette spin!

After Yi Tianyun stopped the wheel, the pointer stopped at Divine Ability!

He was quite surprised as this roulette's item was really something else! What Divine Ability would he get from this!

The wooden box suddenly fell from the roulette, and Yi Tianyun immediately took it and opened it!

The wooden box shone and entered his body immediately!

Eye of Charm: a charm that could make any cultivator within the Spirit King Stage or below follow your command without fail!

No duration limit. The user can continuously command the cultivator as long as the user wants!

Once disconnected, it will take one hour before it's usable again. Controlling one person at max!

Next level requires 2.000.000 Cps!

Yi Tianyun was really surprised!

This Divine Ability was cheating!

He could control anyone that he wanted within the Spirit King Stage or below!

Which meant almost everyone he knew right now!

With the exception of the Evil Spirit on the Phoenix Cave and the Holy King of Heavenly Netherworld Divine Nation!

As he saw the next level requirement, he immediately leveled the Divine Ability up as it was one of the best divine abilities that he currently had.

‘DING!’

‘Successfully used 2.000.000 Cps to level up Eye of Charm!’

‘Next Level Requires 10.000.000 Cps.’

‘DING!’

‘Successfully levelled up the Eye of Charm!’

‘Effect: shortens the cooldown time to half an hour, able to control up to two cultivators within the Spirit King Stage!’

It was really tempting to level up the Eye of Charm as its ability was really good, but after seeing the levelled-up version, Yi Tianyun frowned a little bit as it was not as good as he thought it would!

He thought that if he leveled it up, he could control people above Spirit King Stage, but it seemed that he was asking too much for now!

But overall, it was an okay upgrade, but he still wanted to try to level it up some more!

“Level up Eye of Charm once again!” Yi Tianyun said curiously.

‘DING!’

‘Successfully used 10.000.000 Cps to level up Eye of Charm lv.2’

‘Next Level Requires 50.000.000 Cps.’

‘DING!’

‘Successfully levelled up Eye of Charm!’

‘Effect: able to control up to three Spirit King Stage cultivators!’

The Eye of Charm’s scaling effect as he levelled it up was really a letdown, but he thought that maybe after levelling it up once more, he could surpass the Spirit King Stage barrier on it, but with 50 million crazy points, he’d better level up the Crazy Mode first!

Now, he couldn’t do that as he still lacked the necessary amount of CPs, but it wouldn’t take long before he could upgrade it to the next level!

Chapter 565

But Yi Tianyun was satisfied nonetheless!

Now he didn’t have to kill an enemy within Spirit King Stage immediately. He could control them to turn them against each other and open a path for Yi Tianyun later. But this feat could also be used by his clone Divine Ability, but it wouldn’t be as effective as controlling the enemy itself!

After all, as he controlled the enemies, he could also gain information that he didn't have beforehand. Thus, he could plan more effectively!

"This Super Enhanced Roulette is really good! If each spin were cheaper, I would do it in a heartbeat!" Yi Tianyun said as he shook his head.

He knew that the Crazy Levelling System that he had was a scam on Crazy Points!

After that, Yi Tianyun assembled all Core Transformation Experts as he had something to announce.

The Core Transformation Experts immediately stopped working and gathered around without knowing anything about what Yi Tianyun would say.

"Today, I want you to gather as I want each and every one of you to have a pet partner for accommodating you on cultivation and for your safety too!" Yi Tianyun said as he waved his hands and hundreds of Demon Beast appeared on the wide field on his back, surprising everyone on the scene.

"Spirit King, you mean we can pick one of these demon beasts as our partner?" One of the cultivators asked expectantly.

"Yes! rest assured, all these demon beasts have already been tamed and will follow all your orders!" Yi Tianyun said with a smile on his face.

All he had to do now is to let the Demon Beasts recognized their master, and after that, he would be able to gain Exp after the Demon Beast killed any monster that the cultivator decided to hunt!

Yi Tianyun also realised that everyone was excited now. After all, if they could control a demon beast, their power will grow significantly.

They immediately started to pick their demon beast orderly, increasing Yi Tianyun's favourability points!

After all the Core Transformation Experts got their Demon Beast, Yi Tianyun arranged the Demon Beast for the Spirit Core cultivator!

Although they would be weaker than their Demon Beast, at least they could train together and bond with each other! After all, he had too many Demon Beast than he could handle!

After the Core Transformation and Spirit Core Stage expert in Imperial City got their Demon Beast, Yi Tianyun moved to Heavenly Clouds Palace on Heavenly Border Continent and did the same there!

All cultivators of Spirit Core Stage and above got their own Demon Beast!

Yi Tianyun's prestige immediately rose wildly. Everyone was happy that they got such an amazing gift from their Mansion Lord once again!

More cultivators immediately joined the Heavenly Clouds Mansion after hearing what the cultivators inside the Heavenly Clouds Mansion got.

After all of that, Yi Tianyun then returned to Heavenly Clouds Palace to get some rest. But Yi Yuwei and the other immediately rushed with a long face as they wanted to report that Shi Xueyun was taken to Heavens World!

"I already know all of that from Ye Qingxuan! Relax, I won't leave the Mansion knowing that Heavenly Netherworld Divine Nation can attack us any day! But after all this scuffle is done, I will personally go to Heavens World to bring Shi Xueyun back!" Yi Tianyun said confidently.

"Yes! You must bring Palace Lord Shi back, Mansion Lord! She has done so much for all of us. How can we just let her be taken away just like that, but that is also what she wanted at that time, so we couldn't do anything to stop her either!" Yi Yuwei said dejectedly.

"Of course, I will definitely bring her back!" Yi Tianyun said confidently. But for now, he had to level up quickly!

For that, he had to complete his Main Quest in order to receive a massive amount of Exp in one go!

He couldn't defeat Heavenly Netherworld Divine nation in one go as he couldn't fight against the Saint King stage Expert just yet!

But it will be different if he was in Mortal World. The Spirit King cultivators who came here wouldn't be able to stand their ground against Yi Tianyun, and the Saint King expert wouldn't be able to pass the Thunder and Lightning passage to get to Mortal World!

As soon as Heavenly Netherworld Divine Nation stopped sending troops to attack Heavenly Clouds Mansion and the situation has calmed down, he would immediately depart to Heavens World!

"I hope they took care of my aunt. Otherwise, they would become my enemy!" Yi Tianyun said as his killing aura escaped a little bit!

He quickly calmed himself down as he didn't need to scare anyone in the palace.

Suddenly, a guard came in to report that Heavenly Dragon Empire's messenger has come to meet Yi Tianyun, "Invite them in!" Yi Tianyun said as he sits down.

Soon, the Heavenly Dragon Empire messenger entered the throne room, and Yi Tianyun noticed that this messenger is at Core Transformation stage rank!

"Thank you for receiving me, Mansion Lord!" The messenger said as he kneeled in front of Yi Tianyun.

"What happened? Did something happen to the Heavenly Dragon Empire?" Yi Tianyun asked curiously.

"The news is not good, my lord! We believe that four Empire has plotted to take all of us down!" The messenger said worriedly.

Yi Tianyun was stunned. He never thought the news would be this dire!

“Four empires? Did they seriously think of attacking us?” Yi Tianyun said coldly.

“Yes, four empires have formed an alliance and currently moving towards the Heavenly Dragon Empire!” The messenger said worriedly.

He was worried that the Heavenly Dragon Imperial City was being attacked even as they spoke right now!

“Why did they attack us? Do you have any idea about their reason?” Yi Tianyun asked curiously. There must be a reason for other Empires to attack like this.

There was no way their attack was just out of a whim!

“I am sorry, my lord! But I don’t know their reasoning either! It was too sudden, and now our frontline is crumbling! The elders speculate that the Imperial City may fall in a couple of weeks!” The messenger said nervously.

Yi Tianyun gritted his teeth as one trouble after another seemed to come his way!

Yi Tianyun thought hard regarding what he should do as the threat from the Heavenly Netherworld Divine Nation was still lurking too!

“Mansion, Lord! If I may speak, the Heavenly Dragon Empire has already done so much for us! They gave us a bunch of resources that we might still use to this day, and they also helped us vanquishing rebels on the continent while you are away!” Yi Yuwei said confidently.

“I know, I will handle this matter immediately!” Yi Tianyun said as he immediately prepared what he needed to fly towards the Heavenly Dragon Empire.

“Aren’t we supposed to help too, my lord?” Several experts said to Yi Tianyun as they waited for Yi Tianyun to leave the Palace.

“No, it will be too late the moment you arrive!” Yi Tianyun said solemnly.

“But my lord! It means you will be all alone!” The messenger said worriedly.

He knew that Yi Tianyun could control the Heavenly Dragon Secret Treasure, but if Yi Tianyun couldn't control it once he left the Imperial City, what was the point?

There was no way one man could win against four empires!

“Just leave it to me! Everything will be all right!” Yi Tianyun said with a smile on his face.

By the next moment, Yi Tianyun flew to the sky at a speed that no one in the scene ever seen!

All of them were dumbfounded upon seeing Yi Tianyun's power!

“This is the prince's power? I didn't expect he would be this strong!” The messenger said while still looking into the sky.

Some of them have already witnessed the Void Spirit Expert's flying speed, but Yi Tianyun was in a league of his own!

Yi Tianyun didn't even summon the Phoenix, as the Phoenix's speed was much slower than his own!

“Phoenix Bloodline, activate!” Yi Tianyun said as a phoenix wing began to grow onto his back, and his flying speed was suddenly enhanced by seven times!

At the same time, the Heavenly Dragon Empire was already in chaos!

Most cities have fallen, and the situation was much worse than during the war against Prime Minister Long back then.

But it was understandable as Prime Minister Long only intended to occupy the Imperial City, whereas the four Empire's invasion intended to control everything!

Inside the inner wall of Heavenly Dragon Imperial City, Ren Zhirou and Ren Long stood their ground defending their imperial city!

"A messenger has been sent to Heavenly Clouds Mansion for reinforcement! I believe we will have the reinforcement coming soon!" Ren Long said solemnly, trying to reassure his sister.

But everyone was losing hope! Even if Heavenly Clouds Mansion came, what could they do to fight back against an alliance of 4 empires!

No one was confident enough to say the Heavenly Clouds Mansion could make a difference here.

"All we need is the prince's power! If he returns, we should have a chance to win!" one of the Elders said as he has already witnessed Yi Tianyun's power.

"The Prince is strong, indeed! But I don't think even he will be able to handle four empires on his own!" another Elder said solemnly.

"Yeah, I heard that they had dispatched their Old Ancestor this time and even some Spirit King experts with them! There is no way the prince can handle them on his own!" another elder said worriedly.

Everyone sighed as they understood that there was no hope for them now.

"I hope little brother Yi didn't come! It'd be better if he can continue living freely out there!" Ren Long said with a smile on his face.

"Brother, it seems we can't protect our Heavenly Dragon Empire this time!" Ren Zhirou said sadly.

"Yeah, but we still have to fight with everything we got until the end!" Ren Long said solemnly.

“Yes, of course, brother!” Ren Zhirou nodded heavily.

“Goodbye, big brother Yi!” She added as she looked up into the sky sadly.

Chapter 567

Heavenly Dragon Imperial City was in a pinch. They were desperate to hold back the invasion of 4 empires. Due to the dire situation, so many cultivators of their own started to panic and fled the Heavenly Dragon Imperial City, weakening their defences in the process.

The situation was dire, as anyone could predict that the Heavenly Dragon Empire was done for!

This was obvious as there was no way a single empire could repel four empires’ attack at the same time!

On top of that, the Heavenly Dragon Empire was losing control of its territory as the other empire began to take control of their land.

Although their cultivators tried their best to fight back, it was simply impossible!

“Kill all the invaders!” City Lord Mo Si of Revolving Cloud City shouted as he tried to fend off the invaders from invading his walls.

“City Lord Mo! I advise that you stop resisting! There is no way your Revolving Clouds City could withstand our Heavenly Luo Empire’s attack!” a Void Spirit expert said as he surrounded City Lord Mo with several Core Transformation experts.

The Heavenly Luo Empire had hundreds of cultivators. Among them were mostly Core Transformation rank cultivators, too!

They only dispatched one Void Spirit expert to Revolving Clouds City as they thought that it would be such a waste to send more! But apparently, dozens more were dispatched elsewhere!

“Dong Lin! I am disappointed! No matter what happened, we won’t give up hope! Once our reinforcement comes, you will be dead!” City Lord Mo said confidently.

“Reinforcement? Do you mean Heavenly Dragon Imperial City or other cities? Or might it be Heavenly Clouds Mansion? I heard that your prince was the one who led that 3rd-grade faction, I heard that he was strong too! But I think that they wouldn’t bother helping you guys, if they do, they will be having a tough time protecting themselves!” Dong Lin said with a smile.

“No matter what you say, the Great Emperor Ren and Prince Yi will avenge us!” Mo Si shouted confidently.

He was loyal towards the Heavenly Dragon Empire, and he wouldn’t surrender if that meant betraying Heavenly Dragon Empire’s expectation.

“You are quite persistent! I also hope that the Great Emperor and your prince would come out and save you now! but sadly, they are a bunch of cowards, hiding behind the Imperial City’s Heavenly Dragon Secret Treasure’s power!” Dong Lin said as he laughed.

Mo Si fell silent as he knows that it was true, not that he would say that the Great Emperor was a coward, but there is no hope of winning the war as the Heavenly Dragon Secret Treasure couldn’t be brought out of the Imperial City, the only chance they got was to endure the attack in the Imperial City and hoped that reinforcement would come eventually.

“Now, how many cities you think we’ve already conquered? We have captured so many people, executed so many officers, and raided so much resource! But where is the support that you wait for? They never send anyone from the Imperial City to help the cities! They’ve already abandoned you all!” Dong Lin said tauntingly.

Dong Lin’s word was a blow to loyal followers of the Heavenly Dragon Empire!

It was true, the Imperial City hasn’t come even after this long, but they still had hope in their eyes that their Emperor was planning something to avenge their fallen comrades!

“Just listen to me, drop your weapons and surrender to us! We will take care of the city better than those Heavenly Dragon Empire cowards! We guarantee that you will be compensated fairly!” Dong Lin said as he persuaded Mo Si.

But City Lord Mo Si was smarter than Dong Lin thought. Mo Si knew that Dong Lin wanted to avoid casualties on their part, if they could convince Mo Si to surrender, the city would be theirs, and Dong Lin’s people didn’t have to fight!

“You are clearly out of your mind right now! Like I said, Heavenly Dragon Empire always treat us well! Even if we die, we will never surrender!” Mo Si said with utmost determination!

Mo Si wouldn’t be swayed to surrender that easily!

The other City Guards who were listening to their conversation this whole time began to cheer as they also agreed with Mo Si!

“A group of idiots! You are obsessed with the Heavenly Dragon Empire even until your death is imminent! You clearly fail to see the turtle hiding in their shell. The Great Emperor Ren and your prince are all shit!” Dong Lin said frustratedly.

“We don’t want to hear your insult! Let’s get this over with!” Mo Si said as he made his stance once again.

“Sure! Then die, you big fat buffoon!” Dong Lin said as he signalled for his soldiers to begin invading the city.

“Wait? Did you say that I am a turtle?” a new voice suddenly surprised everyone.

They immediately turned their head to look for the source of the voice, and they saw a teenager floating in the sky above them!

“Prince Yi!” Mo Si shouted with surprise. He once saw Yi Tianyun during the previous war, so he knew who the teenager was!

Chapter 568

The arrival of their prince made everyone feel hopeful again.

“You are the prince of the Heavenly Dragon Empire?” Dong Lin said as he looked Yi Tianyun up and down.

He couldn’t believe his eyes as he saw that the prince that everyone has talked about was this young! Although the rumour said that the prince was strong, Dong Lin didn’t believe it one bit!

There was no way a snotty brat like this would be that strong!

“Yes, I am the prince!” Yi Tianyun said as he smirked playfully.

“Then you aren’t the turtle, but an ass! Instead of hiding behind the Heavenly Dragon Secret Treasure protection, you came running all the way here to help. If that’s not an idiot behavior, I don’t know what is!” Dong Lin said tauntingly.

On the other hand, Mo Si was startled by Dong Lin’s words. He immediately walked away from Dong Lin as he knew the prince would kill this man quickly!

“Is that your last word?” Yi Tianyun asked indifferently.

“Last word? Did you get hit in the head as a child?” Dong Lin said tauntingly, then immediately commanded his soldiers.

“Capture him! if he really is their prince, I want him captured alive!” Dong Lin said commandingly.

The Core Transformation experts who came with him immediately nodded their heads and surrounded Yi Tianyun in the air.

They were confident that Yi Tianyun was just a genius who was still at the Core Transformation Stage.

If that was true, then there was no way he could deal with that many Core Transformation Experts at the same time!

Yi Tianyun sighed and put the Sword Master Suit to good use. He controlled hundreds of Spirit Swords and instantly killed every single Core Transformation expert who surrounded him earlier.

Dong Lin was shocked to see what Yi Tianyun just did as he never saw anything like this before! Not even Spirit Core experts that he brought with him were spared!

They all died with one single attack from Yi Tianyun!

“What is this Divine ability!” Dong Lin said as his expression showed terror!

Yi Tianyun’s attack was overwhelming! It was so strong that only a few of Dong Lin’s cultivators remained!

Dong Lin then gritted his teeth as he finally realized that Yi Tianyun was at least a Void Spirit Expert like himself!

He then pulled out his Lower Grade Sacred Tool to fend off Yi Tianyun’s attack.

Yi Tianyun’s spirit sword was easily destroyed as Dong Lin’s weapon is far superior. But Yi Tianyun didn’t mind it at all!

Dong Lin then leaped to the sky and rushed towards Yi Tianyun, but he was confused as he saw Yi Tianyun didn’t even bother to move from his spot!

Then the next moment, he saw Yi Tianyun pointed a finger towards him, and suddenly, a beam of light shot out from Yi Tianyun’s finger. Dong Lin was even more confused as he didn’t feel anything, but then he saw a big hole in his chest!

“So, this is the power of the prince!” Dong Lin said as he fell to the ground, dead!

Dong Lin is a Void Spirit Expert, but he was basically a newborn baby before Yi Tianyun!

A cultivator below Spirit King Stage shouldn't even bother to challenge Yi Tianyun for their own sake!

When the situation was controlled by Yi Tianyun alone, Mo Si was still in shock!

He knew that Yi Tianyun was strong, but this was overwhelming!

And he didn't even have the Heavenly Dragon Secret Treasure with him!

“Clean up now, and I congratulate you for not betraying the empire until the end! For that, everything that these guys have is yours!” Yi Tianyun said to Mo Si casually.

Yi Tianyun knew that it wasn't equal to the amount of loyalty that Mo Si showed for the Heavenly Dragon Empire, but that was all he could give for now.

“We have no reason to betray the Heavenly Dragon Empire, My Prince! Even if there is no reinforcement coming, we are glad to serve the empire until the end!” Mo Si said respectfully.

“Good! You must understand that we are in a dire situation. There are not enough soldiers on the Imperial City to send to every single town in need! We are being attacked everywhere!” Yi Tianyun said as he shook his head frustratedly.

The Heavenly Dragon Empire was being attacked by four other empires even though it hasn't completely recovered from the internal dispute earlier!

There is no way the Heavenly Dragon Empire could withstand that much!

“We all express our gratitude to the prince for taking the time to save us!” Mo Si said as he kneeled in front of Yi Tianyun, followed by the guards and everyone else in the city!

“At ease! Now, fortify the city and stand by! I will go to the next city to drive out those intruders!” Yi Tianyun said with a cold expression.

Mo Si nodded and shouted, “We wish for the best of luck on Prince’s side and hope that every single one of these invaders will perish!”

Yi Tianyun nodded and disappeared into the sky. Things were far from over as there were so many cities that were being attacked right now!

But Yi Tianyun’s prestige was pushed to the utmost limit as everyone believed in him!

Chapter 569

The war continued, and more cities on the Heavenly Dragon Empire’s territory got taken away. At the same time, the Heavenly Dragon Empire got more bad news on the way!

A lot of their cultivators chose to escape the Heavenly Dragon Continent as they felt hopeless!

First was the war that Prime Minister Long waged, causing an internal turmoil. Then, four empires formed an alliance and attacked them!

But in the state of chaos, maybe what hurt the empire the most was the mutiny of Heavenly Dragon Empire’s minister!

It was understandable that not everyone was as loyal as City Lord Mo Si, but for a high-ranking official to stage a mutiny was simply uncalled for!

Ren Long was now standing on the wall, looking over to the minister that he once trusted!

“Great Emperor Ren! I suggest that you surrender! Do you think you can win with only that Heavenly Dragon Secret Treasure?” The minister said as two Spirit King cultivators landed beside him.

These Spirit King cultivators were the Great Emperor of two Empires out of the four who waged this war!

Ren Long didn't expect to fight them now as he himself wasn't prepared, but there was nothing he could do about it now!

Ren Long then saw many Void Spirit Experts landed behind their emperors, followed by the Core Transformation experts.

The numbers easily reached hundreds!

Ren Long knew that not even Heavenly Dragon Secret Treasure could defend the Imperial City for long with that many experts before him!

"Great Emperor Xiao, I remembered that our Empire was in a good relationship in the past, so please tell me why you choose to join this war?" Ren Long asked curiously.

"I don't need to tell you that, and the only thing that we want to hear from you know is whether you will surrender or not!" Great Emperor Xiao said coldly.

Great Emperor Xiao came from Cloud Firmament Empire, and the relationship between them and the Heavenly Dragon Empire was good.

However, it was all thanks to the previous Emperor of Heavenly Dragon Empire, but with the previous Emperor gone now, the Cloud Firmament Empire didn't see any reason to prolong their relationship with Heavenly Dragon Empire!

"But what happened to the Heavenly Luo Empire and Dream Cloud Empire? did they encounter some trouble capturing some cities?" A handsome man said as he walked out of his flying chariot with two beautiful women on his side.

“Great Emperor Zhuge! They did have more cities to capture than us. Perhaps they were a little late because of that!” Great Emperor Xiao said politely.

“Well, they are wasting my money, as time is money here!” Emperor Zhuge smiled coldly.

“I couldn’t say anything to that. It was their own choice whether they wanted to capture those cities or not!” Great Emperor Xiao said with a smile on his face.

“So, Great Emperor Ren, what is your answer? Do you willingly surrender to us to avoid another unnecessary loss of life on the battlefield?” Great Emperor Xiao said as he looked back to Ren Long.

“I have nothing to say to an ungrateful piece of trash like you!” Ren Long said with a taunting smile.

He wouldn’t let the Imperial City fall without fighting until the end!

“You seem to think that you still have a chance of winning! But don’t blame us for the destruction of your empire. It is all because you are too weak! Even if you have several years on your belt ever since you earn the title of the Emperor, you still couldn’t breakthrough! It really is a shameful display, especially in Emperor’s standard!” Great Emperor Xiao said coldly.

Ren Long’s expression suddenly became apprehensive as it was all because he was stuck on the Coiling Dragon Cave for too long!

If it were not because of that, he was sure that he would’ve already broken through to Spirit King Stage now!

But it was still humiliating nonetheless, knowing the fact that Emperor Xiao and Ren Long were at the same age, and Ren Long had a better innate ability. Yet, Emperor Xiao still managed to overtake him!

“So, what are you going to do with my empire? dissolve it into your own?” Ren Long asked coldly.

“That is not important for you to know! But I suggest you surrender now obediently! But it really doesn’t matter, either way. You can either surrender and be executed later or keep using the Heavenly Dragon Secret Treasure to prolong your life for a couple of days! But believe me, you will die either way!” Great Emperor Xiao said coldly.

Heavenly Dragon Secret Treasure was already known throughout the Mortal World as it was one of the most powerful Divine Treasures.

But it wasn’t invincible!

It still could be destroyed with enough force, and right now, the 4-empire alliance had enough force to destroy the barrier from the Secret Treasure!

“Well, come on then! I will wait for you inside!” Ren Long said coldly.

“Okay then, the moment the other two Great Emperors assemble here will be your last day on earth!” Great Emperor Xiao said confidently.

“You don’t have to wait for them. They will not be available to come here at any time now.” a figure suddenly appeared not too far from them.

Everyone subconsciously turned to the voice source and saw a teenager was floating in the sky watching their movement casually, but the two great Emperors never saw this teenager before!

While on the other hand, Ren Long was grinning excitedly!

Chapter 570

“Little Brother Yi!?” Ren Long said as he saw Yi Tianyun in the Imperial City sky.

They know that Yi Tianyun has gone to Ghost World, but they didn’t have any means to inform Yi Tianyun about what happened there, but all Ren Long wanted right now was for Yi Tianyun to get away as far as possible.

The Heavenly Dragon Imperial City's residents were also surprised to see their prince's arrival at last. But they were confused as to why the prince came alone to a large-scale invasion like this!

The two great emperors were also surprised as they've heard of Yi Tianyun's power to control the Heavenly Dragon Secret Treasure efficiently.

But it was all just a rumour for the Emperors as they never saw Yi Tianyun fight themselves. But after seeing the teenager came alone, they began to think that the rumour might be true!

"So you are that famous prince; you look quite young! Are you sure that you can handle us, boy?" Emperor Xiao said as he looked at Yi Tianyun up and down.

"Wait a minute! What do you mean the other two emperors wouldn't come?" Emperor Zhuge asked confusedly as he pushed Emperor Xiao back.

"Well, Yeah! Dead people won't be able to walk here!" Yi Tianyun said casually.

Everyone was shocked to hear what Yi Tianyun said as there was no way what Yi Tianyun said was true!

Emperor Zhuge and Emperor Xiao thought that Yi Tianyun was just bluffing to scare them off. Their army instantly laughed as they don't believe what Yi Tianyun just said.

Even the Heavenly Dragon Empire's residents found it hard to believe what Yi Tianyun just said as they didn't think the prince was that strong to kill two emperors alone!

"Relax, if Big Brother Yi said he did it, then he really did it!" Ren Zhirou said confidently.

Ren Long also nodded as he also believed in Yi Tianyun.

"Great Emperor Ren! Are you being manipulated by this kid? The other Emperors have been killed? What is this joke? No wonder you've fallen this low. You believe this kid's nonsense after all!" Emperor Xiao said while laughing profusely.

A group of cultivators looked at Yi Tianyun with a ridiculing look on their eyes. They thought that Yi Tianyun had lost his mind, as there was no way a kid could kill a Spirit King cultivator and a bunch of Void Spirit experts on his own.

If he made up a more believable lie, probably everyone would believe it, but this was just too much!

Who would believe that some kid was capable of such a remarkable feat on his own!

“Heads up, I won’t let any of you go, even if you beg for mercy! You must pay for everything you’ve done!” Yi Tianyun said indifferently.

“Wow, look at this fool! Emperor Ren, are you sure this guy is your famous prince? I never thought that you would make such a fool the prince of your empire!” Emperor Xiao said as he laughed.

“This is very sad, how the great empire has fallen! Hahaha!” Emperor Zhuge laughed hard.

the minister who betrayed the Heavenly Dragon Empire earlier shook his head as he thought that betraying the Heavenly Dragon Empire was the correct choice!

“I am glad I am not serving a delusional prince now, and I am also glad that you all will be dead soon!” the minister said evilly.

He knew that Yi Tianyun was strong, but there was no way that he would be able to handle two emperors at the same time!

The Heavenly Dragon Empire’s residents also didn’t know what to say as they had the same thought.

“I’ll let it slide now, brat! but let us see you talk again when the other two emperors come here!” Emperor Zhuge said with a smirk on his face.

He thought that he would be laughing with the other two emperors when they arrived there!

“Wait all you want, but they aren’t coming! It is clear to me that you are too ignorant even to realise the situation you currently in!” Yi Tianyun said indifferently.

“What did you say, boy! You dare to mock us?” Emperor Xiao said angrily.

But as the two emperors looked at Yi Tianyun’s eyes, they felt hypnotised and felt that their consciousness fading, making their body weaker as time went by!

“Look at that! this is too easy!” Yi Tianyun said as he smirked at the two-unconscious emperors.

“Now, attack each other till one of you die!” Yi Tianyun said as he waved his hand, and the two emperors began to attack each other without any hesitation!

Everyone was surprised as they didn’t understand what just happened in front of their eyes right now!
