Chapter 641

The sword pierced Great General Ming Shen's chest, wounding him severely!

He was a Saint King Stage expert, but a sword easily pierced his body like a normal person!

After the crowds saw what happened, they were shocked!

Yi Tianyun's attack was too powerful, far beyond their imagination!

Now, the famous Great General Ming Shen was almost split in two with one attack!

Most people stepped back after witnessing Yi Tianyun's power as they know that they wouldn't be able to hold a candle against Yi Tianyun!

Was it because their evaluation of Yi Tianyun was several months ago?

But it wasn't possible to grow this far just in a few months!

"How is this possible!" Ji Yang's said with a surprised look on his face.

"Divine Envoy?!" Elder Luo said in shock, but thankfully, he didn't feel any pain from his wound now.

Even Luo Yan was shocked to see Yi Tianyun's power. She wasn't with Yi Tianyun for the last couple of months, so she didn't know how much stronger Yi Tianyun was!

But she felt proud as it was her father who overwhelmed the Heavenly Netherworld Great General!

"Come on. I don't have all day! Let's settle this quickly!" Yi Tianyun said indifferently as his gaze was directed to the Phoenix Cave in the distant.

Yi Tianyun could feel a terrifying power coming from the cave's direction.

He was powerful indeed, but even Evil God Suit wouldn't be able to help much if his opponent was already beyond the cultivation level that he could fight!

Just like Ji Yang over here, it was the first time for Yi Tianyun to face a 6th Layer Saint King cultivator with 2.5 billion combat points, and Ji Yang wasn't even serious yet!

However, it would be different if he had to face a Saint King Peak Stage!

Since it was unclear at which cultivation level the Evil Spirit Race would be, he had to kill it immediately!

"Kill him!"

Ji Yang shouted as he clutched the fan in his hand. He knew that he had to get the situation under control quickly.

If he didn't kill Yi Tianyun here, he could pose a threat to Heavenly Netherworld Divine Nation in the future!

The look on Ji Yang's eyes suddenly became serious, and the next moment, he released a powerful Heavenly Yin Fire that enveloped the fan in his hands.

Almost instantly, a huge Void Spirit shadow appeared behind him, followed by a howling sound that sent a chill down to everyone's spine.

Now, Ji Yang had 6 billion combat power, almost reaching the 7 billion point mark!

On the other hand, Great General Ming Shen, who has healed the injury that he received from Yi Tianyun earlier, also released a powerful Heavenly Yin Fire of his own.

He then pulled out Heavenly Netherworld God Spear that constantly emanated chilling cries.

“It’s been a long time since I’ve encountered a worthy opponent. Let me see how strong you really are!”

The two great Saint King Stage experts attacked Yi Tianyun at the same time to finish him off as soon as they could.

They didn’t even consider what kind of Yi Tianyun ability or bloodline Yi Tianyun possessed as they thought that all human had a weak innate ability!

They wouldn’t bother to think of humans’ bloodline as they would be trash anyway!

“Father, be careful!” Luo Yan shouted from the side as she was worried about the two Saint King’s attack that was directed at Yi Tianyun.

“What a powerful aura! I wonder just what Yi Tianyun did to achieve this kind of power at such a young age! But, can he withstand two Saint King stage experts’ attack at the same time?” Elder Luo said with worried look on his face.

When the Great General Ming Shen sneaked in for an attack before, he did not use all his strength. So, his power now was clearly on a different level than before!

Not only that, but the Phoenix Clan was gradually being captured one by one by the mysterious cultivator with the strong Heavenly Yin Fire while Yi Tianyun was busy handling two Saint King Stage enemies before him!

“Hey, keep your eyes on the fight! You don’t have the time to worry about others!” a Spirit King cultivator shouted from the side as they captured yet another Phoenix Clan member.

“It seems like you guys are sincerely trying to make me angry.” Yi Tianyun said coldly.

“Not really, but it was good advice! You have to keep your eyes on us for the time being.” Great General Ming Shen said indifferently to Yi Tianyun.

He clearly wanted to return favour from the attack that he received from Yi Tianyun just a few moments ago.

“I don’t have that much patience! Evil God Mode!”

Suddenly, a black flame gushed out of Yi Tianyun’s body, and his body also grew rapidly. He turned into an Evil God in a flash and quickly swung his Divine Sword down towards the Spirit King cultivator who tried to grab Luo Yan.

The black flame that Yi Tianyun unleashed turned a black Divine Sword, and Yi Tianyun quickly maneuvered the sword in such a way that he could hit the cultivator without touching Luo Yan. He successfully did so, killing the Spirit King cultivator and saved Luo Yan.

At the same time, Great General Ming Shen also aimed his spear at Yi Tianyun’s back, but as soon as he attacked, Yi Tianyun reached out for the spear and froze it in place!

Great General Ming Shen was horrified, but he didn’t show it as he couldn’t let the moral of his troop fall now.

But he clearly had a hard time seeing that his attack didn’t even land on Yi Tianyun, who wasn’t focused on him at all! It was an all-out attack, but it still didn’t reach Yi Tianyun!

“How about you wait just for little while?” Yi Tianyun said coldly while his body kept on releasing the terrifying black flame!

Chapter 642

Great General Ming Shen was shocked when Yi Tianyun gripped the God Spear that he used to attack Yi Tianyun and tried to pull the spear away from Yi Tianyun, but he couldn’t!

Great General Ming Shen was trying to burn his Blood Essence to overpower Yi Tianyun when Yi Tianyun suddenly lifted the spear with Great General Ming Shen still tightly gripping it, lifting him to the air along with the spear!

Yi Tianyun then swung the spear violently, and as Ji Yang attacked Yi Tianyun, Yi Tianyun used Ming Shen's body to block Ji Yang's attack!

Great General Ming Shen grunted, feeling like his body was about to be sliced open. In fact, his body was indeed sliced open. A huge wound was gaping on his back!

Ji Yang's Fan clearly overwhelmed Ming Shen's defences.

"Great General Ming Shen!" Ji Yang's face paled as he quickly pulled away from his weapon.

Ji Yang immediately grabbed Ming Shen and tried to pull him away from Yi Tianyun, but no matter how hard he tried, he couldn't do it!

"Did I give you my permission to take him away?" Yi Tianyun said coldly as he swung the spear forcefully again.

Ji Yang, who couldn't let Ming Shen, was dragged along. Fortunately, he managed to muster all his strength to get away in time right when Yi Tianyun smashed Ming Shen's body to the ground, crushing Ming Shen's body to a bloody pulp!

"There is no way a human can possess this terrifying power! Who are you!" Ji Yang shouted as his face paled from fear.

The crowd looked at Yi Tianyun with an equal shock on their face. They never thought that Yi Tianyun would be able to block a Saint King Expert's attack that easily and inflict severe injury to the said Saint King Expert!

The huge darkness that covered Yi Tianyun's body was also full of mystery as Yi Tianyun looked bigger.

Not to mention, the black flame that was constantly discharged from his body was abnormally powerful!

“Get the hell out of my way!” Great General Ming Shen said as he stood back up and covered his entire body with Heavenly Yin Fire!

The Heavenly Yin Fire spiraled over the spear and reached Yi Tianyun, who was still holding the spear.

Elder Luo and the other Phoenix Clan members were startled and looked at Yi Tianyun with worry and anxiety on their faces.

They almost forgot that the enemy could control the Heavenly Yin Fire, which could trap a cultivator in its cold flame!

But, complete to their shock, Yi Tianyun’s black flame immediately swallowed the Heavenly Yin Fire and even burned Ming Shen, which led to him screaming painfully!

“What kind of flame is this? Get it off of me!”

The Great General Ming Shen couldn’t extinguish the black flame no matter how hard he tried!

He eventually screamed painfully while freezing in place under Yi Tianyun’s foot. He couldn’t move as Yi Tianyun’s foot kept him in check!

“If you kill him, we will make sure that you will die a painful death! We won’t even leave a trace of your body to bury!” Ji Yang said coldly as he tried to save Ming Shen.

Now, Ji Yang knew that he couldn’t just use violence against Yi Tianyun as he also had a powerful ability.

The Spirit King stage cultivator behind Ji Yang couldn’t even make any noise as they were all frozen over their fear of Yi Tianyun’s power.

Nevertheless, they couldn't let the Phoenix Clan escape as all their plan would go down the drain!

Securing the Phoenix Blood Essence without killing the Phoenixes was their plan all along!

"Do you think you're in any position to make a demand?" Yi Tianyun said coldly and stabbed Ming Shen with the God Spear viciously.

"I... I will kill you!" Ming Shen said weakly.

It was extremely humiliating for a Saint King Cultivator like him to be treated this way!

"You have to wait in line for that! But believe me, I've killed everyone who wants to kill me!" Yi Tianyun sneered.

His Black flame burned more intensely, injuring Ming Shen quickly!

Even if Ming Shen had experienced hundreds of battles, Yi Tianyun's black flame was extremely unique!

"How dare you!" Ji Yang said angrily. Ming Shen was his companion for a long time now, and it was extremely unpleasant to watch his comrade in arms die like that! "Heavenly Yin Divine Soldiers, come at once, all of you!!"

The Heavenly Yin Divine Soldiers, who were tasked to capture all the Phoenix Clan earlier, immediately gathered behind Ji Yang as they heard Ji Yang's call.

"Attack formation!" Ji Yang shouted, closing the fan in his hands.

A great array suddenly appeared under his feet, and the Heavenly Yin Divine Soldier immediately stepped on the Great Array!

A tremendous Heavenly Yin Fire appeared and surged towards Yi Tianyun quickly!

The Heavenly Yin Fire formed a huge dark dragon that looked so powerful that it terrified the Phoenix Clan, who were watching on the side.

Yi Tianyun quickly observed the dark dragon with his Appraisal Eye and noticed that the dragon had 8 billion Combat power!

As expected of a dragon indeed!

“I didn’t want to use this Great Array on you, but I didn’t expect you to end up forcing me to use it!” Ji Yang said coldly, scattering his killing intent all over the place.

“Your power isn’t bad, but what happened if some of them stop it?” Yi Tianyun said when suddenly two Spirit King Cultivators froze in place, and their body immediately erupted Heavenly Yin Fire, blocking the dark dragon that was rushing toward Yi Tianyun!

“What the hell!?” Ji Yang said surprisedly. The dark dragon immediately went out of control, “Run!” Ji Yang shouted as the dark dragon exploded in the air, scattering Heavenly Yin Fire to the ground around Ji Yang!

‘DING!’

‘Successfully killed Heavenly Yin Divine Soldiers!’

‘Reward: 2.1 billion Exp, 30.000 Cps, 5.000 Sps, Heavenly Yin Divine Secret Art, Heavenly Yin Great Array, Heavenly Yin Fire, Heavenly Yin Divine Armour, Heavenly Yin Boots!’

‘DING!’

‘Successfully killed Heavenly Yin Divine Soldiers!’

‘Reward: 2.3 Billion Exp, ...’

Yi Tianyun was a little bit surprised to see that those 6th Layer Spirit King Stage cultivators gave him that much Exp, but it was probably because he used many Exp Card before coming to Phoenix Nest, and now he had X221 Exp Card in effect!

Chapter 643

'DING!'

'Successfully killed the Heavenly Yin Divine Soldiers!'

'Rewards: 2.3 billion Exp, 30.000 Cps, ...'

'DING!'

'Successfully killed ...'

'DING!'

'Congratulation to Player [Yi Tianyun] for successfully broke through to 5th Layer Spirit King Stage!'

'DING!'

'Congratulation to Player [Yi Tianyun] for successfully broke through to 6th Layer Spirit King Stage!'

Yi Tianyun almost killed all the Heavenly Yin Divine Soldiers in one attack!

There was no way the Heavenly Yin Divine Soldier could defend against such an attack with their current cultivation level.

Those who managed to evade the attack were fine, but they no longer had the will to fight as they knew that they would share the same fate as their fallen comrade if they attacked Yi Tianyun!

With the X221 Exp card effect, Yi Tianyun was able to level up two times! At first, he almost reached the 5th Layer Spirit King Stage, but after the abundant Exp he got afterwards, he got to level up again!

After receiving the quest to defend the Phoenix Clan from the Heavenly Netherworld Divine Nation invasion, Yi Tianyun realised that he would be fighting against the Heavenly Netherworld Divine Nation in full force.

Therefore, he didn't hold back on buying the Exp Card from the Crazy Shop! He used them all in one go, hence the X221 Exp Card effect now!

“What the hell is going on? Why does his attack suddenly get way stronger than before!” Ji Yang shouted and looked at the few remaining Heavenly Yin Divine Soldiers.

He couldn't hide his shock and disappointment towards the Heavenly Yin Divine Soldiers as he had already invested a lot to help them with their cultivation for such a long time!

It couldn't be helped if the Heavenly Yin Divine Soldiers lost their will to fight as their enemy was way out of their league.

Furthermore, they were still concentrating on maintaining the Great Array, delaying their reaction in the process!

As some of them saw Yi Tianyun's attack coming, they immediately abandoned their position, causing the Great Array to stay out of balance!

“Didn't you say that you would attack me? I am still waiting!!” Yi Tianyun said tauntingly.

Ji Yang's face turned sour as he could no longer control the flow of the battle!

The people he brought were killed in such ease that his faith in them completely disappeared!

Elder Lei and the other Phoenix Elders who witnessed Yi Tianyun's attack couldn't believe their eyes!

They thought that Yi Tianyun wouldn't be able to deal with so many powerful enemies, but clearly, they were wrong!

The first thing that they noticed was the weird vibe in Yi Tianyun's eyes that seemed to charm the Heavenly Yin Divine Soldiers he had eye contact with.

"How did you pull this off!?" Ji Yang shouted furiously as he couldn't think of the reason how Yi Tianyun could be this powerful.

"Wow, does the great Heavenly Netherworld Imperial Preceptor lose faith in his own cultivation because of me? But well, it doesn't matter as I will destroy Heavenly Netherworld Divine Nation now!" Yi Tianyun said coldly to Ji Yang.

Yi Tianyun then looked down on the charred body of Great General Ming Shen, "It is time to send this guy to where he belongs!"

"How dare you!" Ji Yang shouted and immediately rushed towards Yi Tianyun in attempt to stop him from doing anything to Ming Shen, but he was too slow!

Yi Tianyun grabbed the God Spear and immediately cut Ming Shen in two, killing him instantly.

'DING!'

'Successfully killed Great General Ming Shen!'

'Reward: 20 billion Exp, 150.000 Cps, 20.000 Sps, Heavenly Yin Great Array, Heavenly Yin Divine Secret Art, Heavenly Yin Fire, Evil Spirit Bloodline, Evil Spirit Soul!'

'DING!'

'Successfully killed an elite enemy!'

'Reward: 500 million Exp, 100.000 Cps, 10.000 Sps, 1x Super Enhanced Lottery ticket.'

'DING!'

'Congratulation to Player [Yi Tianyun] for successfully broke through to 7th Layer Spirit King Stage!'

'DING!'

'Congratulation to Player [Yi Tianyun] for successfully broke through to 8th Layer Spirit King Stage!'

Yi Tianyun was filled with excitement as killing Great General Ming Shen rewarded him with 20 billion Exp!

This stack effect from the Exp Card was so overwhelming!

The number that he never imagined before appeared in front of him like an illusion!

Honestly, Yi Tianyun never expected that he would be able to level up this easily!

"This is crazy!" His power has increased by leaps and bounds.

He began to imagine whether he could reach the Spirit King Peak Stage if he also killed Ji Yang.

Ji Yang's cultivation level was higher than Great General Ming Shen's, so the experience value that he got surely would be much higher than Ming Shen's!

At the same time, Ji Yang, who was filled with rage, immediately let out all power he got and began to mutate!

His body turned pitch black, and countless tentacle-like arms were growing out of his body!

Those tentacles soon fused into two arms, becoming the four-armed cultivator!

Both Ji Yang's size and strength increased exponentially as he transformed himself into a Demon God, holding a Divine Weapon on each hand!

"This is the power of the Evil Spirit Race, Divine Envoy!" Elder Luo shouted from afar.

Yi Tianyun immediately checked Ji Yang's information with his Appraisal Eye.

Ji Yang: Evolved to Evil Spirit Race, could strengthen himself for each addition arm!

Each arm granted a substantial increase in Combat Power, Defence, and strength. Combat Power: 91 billion points!

Due to impure bloodline, the user's cultivation level would drop after use.

Yi Tianyun was surprised! Ji Yang's combat power soared to a staggering 91 billion points in one go!

Bloodline power was a terrifying existence as it was capable of giving a cultivator a large amount of power!

No wonder Ji Yang looked down on Human Bloodline as it was nowhere as strong as Ji Yang's power.

Even when the bloodline was impure, the side effects were still acceptable. But Yi Tianyun understood why Ji Yang was reluctant on using this ability from the start.

But now, Ji Yang knew that he had to use his trump card to crush Yi Tianyun!

After all, he couldn't hold a candle against Yi Tianyun in his current state!

"I will kill you! Just die for me!" Ji Yang shouted as he lifted a huge chunk of rock and threw it at Yi Tianyun, causing a massive shockwave as the piece of earth hit the ground!

This was the power of the Evil Spirit Race!

Even in front of Phoenix Bloodline, they were still capable of showing that they were stronger in many aspects!

Chapter 644

The initially handsome Ji Yang has completely transformed into a demonic being with four arms that wielded a Divine Tools in each arm!

Ji Yang then began to show off his speed that was far quicker than before.

"Even if the Old Ancestor is here, he wouldn't be able to keep up with Ji Yang's power!" Elder Luo and the other Phoenix Clan said as they were shocked by Ji Yang's power.

They've never seen the outburst of Evil Spirit Race before, and now that they were seeing it firsthand, they were terrified!

Even if their Old Ancestor also used their bloodline, like what Ji Yang did, it would be nowhere near Ji Yang's power now!

Although they also knew about the side effects of Ji Yang's abilities, it was nonetheless overwhelming compared to seize instant power boost through any other method!

However, the one who had to deal with Ji Yang right now was Yi Tianyun, not the Phoenix Clan Old Ancestors!

Yi Tianyun's appearance was equally domineering, an Evil God with a tall and majestic appearance, with two horns on his head and a pair of black wings made of condensed Black Flames!

"Father, be careful!" Luo Yan shouted at Yi Tianyun worriedly.

"Don't worry. Your father is quite strong." Yi Tianyun smiled warmly towards Luo Yan.

As Yi Tianyun looked at Ji Yang, he was thankful to be able to level up several times before he had to deal with Ji Yang! Initially, Ji Yang only had 2 billion combat points, but now he had 91 billion points, the power difference was unbelievable, but so Yi Tianyun was no different!

"Roar!"

Ji Yang took the initiative as a shockwave attack instantly enveloped Yi Tianyun. It didn't deal any significant damage but ploughed the ground around Yi Tianyun's feet, causing him to slightly lose his footing.

Seeing his opportunity, Ji Yang immediately rushed toward Yi Tianyun and attacked him relentlessly with the four Divine Tools that he had in each hand.

Each Divine Tool had a different effect. The first one was a God Fan that acted like a short sword, trying to cut Yi Tianyun into pieces.

The second was a huge axe that was powerful enough to crush Yi Tianyun and split him in two. The third was a Divine Sword enveloped by Heavenly Yin Fire that could engulf Yi Tianyun in its cold flame. The last one was a spear with a considerable length and a sharp edge that provided an advantage in range attack, trying to impale Yi Tianyun's head!

The four Divine Tools' effect stacked up with each other, increasing Ji Yang's power substantially!

“Massacre the World!”

Ji Yang said coldly as he slashed Yi Tianyun from four directions, limiting Yi Tianyun’s escape route.

Just to make sure, Ji Yang also summoned countless skeletons from the weapons that further blocked Yi Tianyun’s escape route.

“You know that relying on Divine Tools alone is not real strength!” Yi Tianyun said as he condensed a terrifying size of Black Flame in his hands.

Yi Tianyun then further increased the Black Flame’s power by integrating the condensed Black Flame on his wings to strengthen the Black Flame on his hands!

“Evil God Descends!”

Yi Tianyun’s eyes flashed black as he punched Ji Yang on the chest, and suddenly a black light enveloped Ji Yang and Yi Tianyun as it towered to the sky and suddenly, an explosion occurred!

“Boom!!!”

The deafening sound shook the entire Phoenix Nest, even stronger than the impact that came from the Phoenix Cave!

Even those who were standing far away from Yi Tianyun and Ji Yang’s battleground were thrown to the ground from the shock wave that the explosion caused!

“What a terrifying power...”

The crowds thought in unison as there was no other word that could describe the power that they just witnessed!

“Imperial Preceptor would be the one to come out on top! I am sure of it!”

The cultivator from Heavenly Netherworld Divine Nation said in unison as their belief in their Imperial Preceptor was unwavering!

They knew that if their Imperial Preceptor lost here, their lives would be over!

The opposite also applied to the Phoenix Clan side as they hoped Yi Tianyun to come out on top!

If Yi Tianyun died here, the entire Phoenix Clan would be doomed!

They never considered Yi Tianyun as their Divine Envoy as they’ve already accepted Yi Tianyun as part of their own race!

As the cultivators prayed for their respective beacon of hope, the black light suddenly intensified and enveloped a large landmass!

Then it gradually started to diminish, slowly presenting Yi Tianyun, who was standing still in the middle of the battlefield with his dignified appearance!

There was a trail of ashes with four scorched Divine Tools on the ground in front of him.

“Imperial, Imperial Preceptor...”

The Heavenly Netherworld cultivators were terrified to see their Imperial Preceptor has been reduced to ash!

They knew that the Imperial Preceptor has died as there was no way the Imperial Preceptor would just drop his four Divine Weapons like that!

“Burned to ashes. He is a Saint King Stage expert, and he just burned to ashes...”

The Heavenly Netherworld cultivators couldn't believe their eyes. They knew that not even the Immortal Fire could burn their Imperial Preceptor to ashes, yet how could Yi Tianyun's Black Flame do so?

Little did they know that Yi Tianyun's black flame was still a form of Immortal Fire!

But the Black Immortal Fire was an enhanced version of the Immortal Fire that was also further strengthened with the Royal Phoenix Bloodline!

Heavenly Yin Fire wouldn't be able to resist this Black Immortal Fire as it would burn anything that Yi Tianyun wanted, including Ji Yang!

Yi Tianyun didn't use the Royal Phoenix Bloodline before, but he used it against Ji Yang. He knew that he wouldn't be able to kill Ji Yang without using it since he could use all the time he had to efficiently obtain as much Exp as he could get from the 221 stacks of Exp Card that he used!

'DING!'

'Successfully killed Heavenly Netherworld Imperial Preceptor, Ji Yang!'

'Reward: 22.4 billion Exp, 180.000 Cps, 40.000 Sps, Heavenly Yin Divine Secret Art, Netherworld Divine Palm, Netherworld Divine Art, Heavenly Yin Great Array, Evil Spirit Divine Arts, Evil Spirit Divine Sword, Evil Spirit Divine Armour, Evil Spirit Divine Boots, Evil Spirit Bloodline, Evil Spirit Soul, Evil Spirit Bone, Evil Spirit Secret Book.'

'DING!'

'Successfully killed an elite enemy!'

'Reward: 500 million Exp, 100.000 Cps, 5.000 Sps, 1x Super Enhanced Lottery Ticket.'

Yi Tianyun smirked as he finally got a large number of Divine Tools. At first, he has already given up on thinking of obtaining a Divine Tool from killing a Saint King Stage expert as he realised that the drop rate was low even with used the Lucky Aura used, but he got it now nonetheless!

Chapter 645

'DING!'

'Congratulation to Player [Yi Tianyun] for successfully breakthrough to 9th Layer Spirit King Stage!'

'DING!'

'Congratulation to Player [Yi Tianyun] for successfully breakthrough to Spirit King Peak Stage!'

Yi Tianyun levelled up two times in a row!

He was now at the peak of Spirit King Stage, meaning that he would be able to get into the Saint King Stage soon!

He now required the full 15 billion Exp to reach Saint King Stage, and it should be noted that it took only 3 billion Exp to reach 2nd Layer of Spirit King before!

The system's requirement to level up kept increasing, increasing the difficulty to level up exponentially!

But then again, he could just buy the Exp Card from the shop again in the future as he now knew that the Exp Card worked more efficiently as he stacked the effect like this!

But it'd probably be better to wait until he got the discount from the shop later!

He got the discount earlier, where he could buy anything in the shop for half the price, but he still had to spend 1 million Cps for each Exp Card despite the discount!

It was a waste not to exploit this Exp Card providing the number of cultivators surrounding the Phoenix Nest.

The only thing in his mind was to replenish his Crazy Points as he used a hefty amount to buy the Exp Card previously!

'DING!'

'X80 Exp Card expired!'

'DING!'

'X50 Exp Card expire!'

'DING!'

'X ...'

Finally, the effect of Yi Tianyun's Exp Card wore off one after another. After all, one hour was too short of a time to finish all of Heavenly Netherworld Divine Nation!

But then again, he already killed most of the cultivators!

But it sure would be a lot better if he could kill the Heavenly Netherworld Holy King while he was still under the Exp Card Effect!

But seeing his situation right now, it probably would be a lot better if he wiped the rest of the Heavenly Netherworld Divine Nation's cultivators off before he went and fought Heavenly Netherworld Holy King.

After all, Yi Tianyun still had a chance to break through to Saint King Stage!

After killing Ji Yang, Yi Tianyun immediately undid his Evil God transformation as it used too much Crazy Point to maintain.

“It’s over for now.” Yi Tianyun said as he swept his eyes around.

The Phoenix Clan’s eyes were filled with shock as they stared at Yi Tianyun for a while. The scene that they just witnessed was too much for them to process right now.

Yi Tianyun easily killed the two Spirit King Stage cultivators and saved all of the Phoenix Clan from doom!

They didn’t even want to imagine what would happen to them now if Yi Tianyun was late!

There was a high chance that the Phoenix Clan would have been captured while their strongest warriors died from a futile struggle.

“All of you should find a place to hide right now. Although it may look safe now, we can’t say for sure if they still have a backup on their way here!” Yi Tianyun shouted to all the Phoenix Clan’s residences to hear.

The crowd nodded, and they immediately took the injured ones and got to safety. They were all trapped by the Heavenly Yin Fire earlier, but now that the Heavenly Yin Fire has been suppressed, they could escape from the battlefield.

“Father....” Luo Yan shouted weakly.

She tried to approach Yi Tianyun but refrained from hugging him as she realised that Yi Tianyun wasn’t her real father.

“What’s on your mind now?” Yi Tianyun said as he reached out to pet her head.

He then realised that because Luo Yan has regained her memories, she wasn't sure how to approach him, "Luo Yan, it is good that you finally regained your memories. You can call me brother Yi from now on if it feels weird to call me father. It has to be weird calling a stranger your father.

"No, I'll call you godfather!" Luo Yan's beautiful eyes glittered and suddenly grabbed his arm in surprise.

"Godfather, you're so powerful, they're Saint King experts, and you just killed them easily! What was that transformation you used? I have never seen anything like that before!"

"Godfather...?" Yi Tianyun said as he sighed and shook his head.

He would feel embarrassed if Luo Yan called him like that while there were so many people nearby, but that was probably better than father.

"Divine Envoy. Thank you very much, if it were not for you, we would probably suffer a fate worst than death!" Elder Luo said as his face was pale from anxiety.

"It's okay. It is just my responsibility to save everyone that believed in me. But now, you all have to hide. After all, their Holy King is still alive!" Yi Tianyun said dismissively.

Luo Yan understood and quickly led the others to safety. The rest of the Phoenix Clan nodded their head in respect.

The Phoenix Clan had a safe hideout not too far from the Phoenix Nest, and they planned to head to that place!

As for Yi Tianyun, he didn't stay at the Phoenix Nest for long and quickly headed towards the Phoenix Cave as he knew that it'd be where his final battle against the Heavenly Netherworld Holy King be!

He could feel the Spiritual Energy at the Phoenix Cave fluctuating from afar and realised that the Holy King was probably getting stronger by each passing second!

“It seems that war has just begun!”

Yi Tianyun gritted his teeth and immediately rushed towards the Phoenix Cave!

Once he got there, he saw three Saint King Stage cultivators attacking the Heavenly Netherworld Holy King from a distance.

The Heavenly Netherworld Holy King himself was blocking their attack with one hand while constantly absorbing black spiritual energy from the ground.

But Yi Tianyun could see that the absorption was slow, but the Holy king’s cultivation kept rising despite that.

The Holy King has reached a Saint King Peak Stage, and he was relying on the Divine Tool on his hands to fend off the three Saint King Experts’ attack!

The three Saint King cultivators have used up all their power to attack, and their combination of attack was impeccable!

The three Saint King Cultivators clearly enhanced their power exponentially this way, but the Holy King wasn’t affected by their attack!

It seemed the Divine Tools on the Heavenly Netherworld Holy King’s chest created a strong energy wall that easily withstood the three Saint King cultivators’ attack!

Yi Tianyun realised that Heavenly Netherworld Holy King must’ve consumed recovery pills constantly to maintain the energy wall as it consumed so much spiritual energy!

Chapter 646

Heavenly Netherworld Holy King: Saint King Peak Stage. Close to breaking through to Divine King Stage Cultivation.

Equipment: Lower-Grade Divine Tool armour, Middle-Grade Divine Tool weapon, Pure Evil Spirit Race Bloodline.

Martial Arts: Heavenly Yin Divine Secret Art, Heavenly Yin Divine Fire, etc. Weakness: Ultimately Hot and Strong Fire!

Initial Combat Power: 14 billion points.

Yi Tianyun checked the Holy King's status with his Appraisal Eye. He was quite relieved to see that the Holy King hasn't broken through to Divine King just yet!

Otherwise, his initial combat power would be higher than that!

Just like Ji Yang earlier, initial combat power was the state where the cultivator hasn't unleashed their full potential.

If they used their best weapon and armour, bloodline potential, and martial arts, their combat power would increase exponentially!

Right now, the Holy King was fending off three Old Ancestor of Phoenix Clan with ease thanks to the Divine Tools that he used.

But the real problem was him absorbing the Evil Spirit inside the Phoenix Cave through the ground!

He kept enhancing his own strength by absorbing the Evil Spirit during battle!

Although the three Old Ancestors also used Divine Tools, they couldn't overcome the difference in power because Holy King was absorbing the Evil Spirit!

"I did not expect the Heavenly Netherworld Holy King was an Evil Spirit Race. The Evil Spirit's soul was truly magnificent to be able to survive even after separated for a long time!" Yi Tianyun said admiringly as he was interested in the Evil Spirit Race's ability.

It was clear that the Evil Spirit Race had an extra life, unlike any other race.

Whereas, upon their first death, the Evil Spirit Race would be able to survive through their clones!

The soul would be damaged, but it was better off than dying! But Yi Tianyun didn't need to envy the Holy King's abilities as he might have the same thing after killing Ji Yan earlier.

If he killed the Holy King, then Yi Tianyun would get an even better bloodline than the one he got from Ji Yang as the Holy King had the purest Evil Spirit Bloodline!

However, killing Heavenly Netherworld Holy King wouldn't be a simple matter!

"Lord Bai!" Yi Tianyun shouted to notify her of his arrival.

Bai Shuihuang knew that Yi Tianyun would come, so she immediately glanced towards Yi Tianyun while positioning herself in such a way that left no opening.

"Divine Envoy, how did you come here? Don't you know we are in a dangerous situation right now?" Bai Shuihuang said coldly.

"But if you are here, then does it mean the Flame Wall outside the nest has been destroyed?" Bai Shuihuang asked curiously.

"Yes, it has been destroyed! But don't you worry, everyone is safe, and the only Heavenly Netherworld's cultivator left is their Holy King." Yi Tianyun said confidently as he stared right at the Holy King.

"What!?" Bai Shuihuang and the three Old Ancestor said at the same time.

The Heavenly Netherworld Divine Nation had two Saint Kings earlier, and they know that none of the Phoenix Clan could deal with those two.

Therefore, the one who dealt with them was clearly none other than Yi Tianyun, but they couldn't believe that such a young man could achieve such a thing!

Bai Shuihuang knew that Yi Tianyun's was a considerably strong cultivator, but she never thought he would be this strong!

"You have a problem, boy! There is no way the Imperial Preceptor would be killed by a little cub like you! Don't you have a better lie to tell these Phoenixes? But I admit that you are hilarious!" Heavenly Netherworld Holy King said with a smirk as if he saw through Yi Tianyun's lie.

Bai Shuihuang and the three Old Ancestors also thought that Yi Tianyun was lying to distract the Holy King, but they were indeed confused by Yi Tianyun's plan.

The three Old Ancestors shook their heads as they've already heard about the Human Divine

Envoy and how great he was, but now, they suddenly thought that they overestimated Yi Tianyun!

"Well, if you think that I am lying, you are free to see for yourself. I left their corpses as it is on the Phoenix Nest's gate." Yi Tianyun said casually without any emotion on his face.

Yi Tianyun then started to walk towards the Holy King without minding the Old Ancestor's attack.

"Don't go over there!" Bai Shuihuang shouted as the three Old Ancestor's attack was strong enough to flatten any Spirit King cultivator, but she was too late!

Yi Tianyun already stepped into the three Old Ancestor's attack range, where the three Old Ancestors already launched their strongest attack towards the Holy King!

But everyone was shocked as Yi Tianyun easily blocked the attack without taking any damage!

The Old Ancestors' attack was like a breeze that did nothing to him!

“I can’t let you do as you please any longer! It was clear that your goal was to break through to Divine King Stage here! Too bad for you that I am here right now. Otherwise, you might get away with it!” Yi Tianyun said coldly to the Holy King.

“Do you think you are capable of stopping me? Are you saying that these three Old Ancestors of the Phoenix Clan were far weaker than you?” the Holy King said mockingly.

He knew that he was at the peak stage of Saint King Stage, hence thought that no one would be able to stop him now!

Without any further words, Yi Tianyun’s eyes suddenly turned pitch black, and his body grew larger. He transformed into the huge Evil God right off the start!

The terrifying Black Flame surrounded Yi Tianyun’s body and spread out on his back, creating a pair of wings made of Black Flame!

Bai Shuihuang and the three Old Ancestors immediately sensed the strong, intimidating power raging from Yi Tianyun like nothing they’ve ever seen before!

“How did the Divine Envoy become so powerful?” Bai Shuihuang said in shock.

She already discouraged Yi Tianyun from going near the Old Ancestor, but now it was clear that Yi Tianyun was far stronger than the three Old Ancestors!

Bai Shuihuang and the three Old Ancestors immediately recalled what Yi Tianyun said earlier and began to think that everything he said might be true and that the Holy King was the only one left!

Elder Feng, who stood the farthest away from the battlefield, nodded his head to Bai Shuihuang and immediately rushed towards the Phoenix Nest’s gate to see for himself!

Yi Tianyun completely transformed into an Evil God while holding the Heavenly Netherworld Divine Sword in his hands.

He then swung his swords towards the Holy King, and the dark wings on his back suddenly disappeared!

But the truth was, the concentrated black flame was infused into his sword!

“I will break you apart!” Yi Tianyun shouted as he planted his feet deep in the ground and rushed at an unbelievable speed that only a dark glimmer could be seen towards the Holy King!

But the Holy King was prepared!

Even though Yi Tianyun’s attack power reached 17 billion points thanks to the effect of Crazy Mode and Evil God Suit, the Heavenly Netherworld Holy King couldn’t be underestimated!

The Holy King himself felt the danger of Yi Tianyun’s attack, so he released the full potential of the Divine Tool on his chest!

Suddenly, the protective energy barrier that held back the three Old Ancestors’ attack earlier has become a lot stronger!

He had a hunch that he would be injured from the attack if he didn’t take this seriously!

He didn’t have the Appraisal Eye like Yi Tianyun, so he couldn’t measure how powerful the attack really was, and therefore, he wanted to avoid getting hit by it the best he could.

After all, he couldn’t leave this place before he completely absorbed all the Evil Spirit Soul in this land.

Furthermore, if he left, he surely wouldn’t be able to come back as the Phoenix Race’s Old Ancestor would definitely stop him next time!

“What a powerful defence! I never realise that the enemy was only using half of the Divine Tool’s power earlier!” The Old Ancestor said as they looked at the Energy Barrier that enveloped the Holy King with a frown on their face.

They realised now that Heavenly Netherworld Divine King was looking down on them all this time!

Their perfect coordination attack didn’t matter to the Holy King as he was confident that the Old Ancestor would never break his energy barrier!

But as Yi Tianyun’s Heavenly Netherworld Divine Sword clashed with the energy barrier, the Holy King’s complexion suddenly changed.

The Heavenly Netherworld Divine Sword punctured the energy barrier like paper, easily piercing it while burning the thick energy barrier into ashes!

The spiritual energy that constituted the Holy King’s energy barrier was like a combustible agent that enhanced Yi Tianyun’s black flames!

“What the hell, how is this happening!” Heavenly Netherworld Holy King said while looking utterly in shock.

He then avoided the trajectory of Yi Tianyun’s sword but couldn’t completely dodged Yi Tianyun’s attack as the Heavenly Netherworld Divine Sword split the Holy King’s palm in two.

The black flame immediately burned his hand before he was slammed to the cave wall and sent flying. Yi Tianyun’s attack was overwhelming, and the Black Flame definitely could corrode everything it came into contact with.

“Shit, don’t you think for a second that you got this in the bag just because you could control that flame!” Heavenly Netherworld Holy King said as he suppressed the Black Flame with his Heavenly Yin Fire, but it was obvious that his hand was burned to a cinder.

The black flame had an attribute that burned even the soul of anything it touched, and therefore, the Holy King couldn't absorb the Evil Spirit Race's soul from the ground while his hands were burned.

He immediately knew that he must deal with Yi Tianyun before he could continue his business.

"Die, bastard!" The three Old Ancestors shouted as they rushed over to the Phoenix Cave and resealed the Evil Spirit Race back to where it belonged.

But before they could reach the Phoenix Cave, Yi Tianyun stopped them casually, "Relax, I will deal with it myself!"

Yi Tianyun then threw his Black Flame inside the Phoenix Cave, which immediately started burning the Spiritual Energy inside the cave and continuously burning everything else inside.

The Evil Spirit Race's voice was soon heard, screaming in pain as the Black Flame also burned it.

"God, what a terrifying fire, how did you obtain that power?" the three Old Ancestors said in unison as they were surprised and awed by Yi Tianyun's black flame.

They had never seen such a mesmerizing fire before in their life! Furthermore, they never expected the Heaven's defying cultivator to come from a Human Race instead of some unknown Divine King's descendant.

"Divine Envoy, how could you be so strong? What is the secret of your cultivation?" Bai Shuihuang said as she was also shocked to the point where she couldn't avert her eyes from Yi Tianyun.

"My Lord!" Elder Feng suddenly rushed towards Bai Shuihuang with a horror-stricken face.

"All of the Heavenly Netherworld Divine Nation's cultivators were already killed!" Bai Shuihuang has already guessed what Elder Feng would say, but she was still surprised to hear it was true!

That meant Yi Tianyun didn't lie, but it was just hard to believe that a young man like Yi Tianyun could achieve something like that, but apparently, Bai Shuihuang was wrong!

Even before Elder Feng came with his report, Bai Shuihuang has already seen Yi Tianyun's explosive power as he swung his sword.

There was no way anyone else besides the Heavenly Netherworld Holy King could withstand Yi Tianyun's power right now!

"Damn you!" Heavenly Netherworld Holy Lord shouted furiously as he regenerated his burned arm.

It was a fast regeneration where everyone could see that the Holy King cut off his burned arms, and the arms regrew within seconds!

It was even faster than the Heaven Primordial Empire's Retired Emperor's regeneration who had the wood attribute Divine Arts that was supposed to be the fastest in terms of regeneration.

Having a powerful healing and regenerative power was surely convenient.

"Well, it was unfortunate of you to have your plan foiled by me, but it also seems that you've already absorbed a lot of spiritual energy!" Yi Tianyun said coldly.

Yi Tianyun realised it after burning the Evil Spirit Race inside the Phoenix Cave since it didn't reach even half of what it was supposed to be!

"I have to say that you are the most powerful human that I even encountered, no, I should say, you are the most powerful human in the entire Human Race history that I ever encountered! I never expected that Phoenix Race would have someone like you to help them with their predicament. I was utterly in disbelief!" Heavenly Netherworld, Holy King said with a gloomy face.

He also overheard what Elder Feng said to Bai Shuihuang, meaning that he realized that all the Heavenly Netherworld Divine nation's cultivators have already been killed by Yi Tianyun!

He felt a deep resentment towards Yi Tianyun for foiling his plan and destroying his Divine Nation that he himself had built from scratch!

Chapter 648

Heavenly Netherworld Divine Nation relied heavily on their Saint King Experts while they only had three of them, but now, two out of three was dead!

What were the odds to further develop the Divine Nation in the future in such a situation!

The Holy King knew that the best he could do now is to occupy the Phoenix Nest since he wouldn't be able to capture all of the Phoenix Clan himself!

"Did you really think that you would be able to achieve your goal now?" Yi Tianyun said indifferently while firing the black flames towards the Holy King.

Through his black flame, Yi Tianyun could sense that the Holy King was suffering from severe burnt. Especially his right side, where intense burn marks covered his body.

But the Holy King didn't return Yi Tianyun's attack immediately as he was still wary of the Old Ancestors.

"You are strong, but did you really think that you can win against me? You are special, but you will never develop further if you stay on the Phoenix Clan! Why don't you take this chance to join my Heavenly Netherworld Divine Nation! under me, you can command more than ten thousand people. Furthermore, I will give you any Divine Tools and Medicinal Pills that you want to cultivate further!" the Holy King said as he tried to win Yi Tianyun over.

"Didn't you hear? I already killed every single cultivator that attacked the Phoenix Nest, including two of your Saint King experts! Why would I join such a weak Divine Nation?" Yi Tianyun said coldly.

Yi Tianyun didn't have any worries right now as he himself was sufficient to face the Holy King.

He originally wanted to handle the Evil Spirit Race inside the Phoenix Cave with Bai Shuihuang, but it clearly wasn't needed right now.

“I heard it, but if they really were dead, then that was all their worth! What I need is a true expert, not a weak one!” The Holy King said arrogantly.

The Holy King was releasing his aura to wreak havoc constantly all around him, pressuring the Old Ancestor and Bai Shuihuang so they couldn’t recklessly make any move!

“Wow, you are truly an understanding Holy King, aren’t you? So, it wouldn’t matter to you if I destroyed your clone in there?” Yi Tianyun said indifferently.

Since he knew that the Holy King was trying to recruit him, Yi Tianyun kept antagonizing the Holy King instead. The Holy King’s enticement wasn’t something new for Yi Tianyun.

However, everything that the Holy King had to offer was the position things that he’d get his hands on eventually, be it Martial Arts, Divine Tools, or even Treasure.

If he killed the Holy King now, he would get the best Martial Arts, Divine Tools, and Treasure that the Holy King had to offer anyway!

Yi Tianyun has a principle to never become anyone’s lackey, as he always saw that a lackey often died miserably!

The Phoenix Clan never treated him unjustly anyway, so why would he betray the Phoenix Clan now?

“No, that’s not the point! As long as you join me, I won’t have to kill you! Your innate ability is not bad. You clearly have a chance to become a Divine King yourself! Did you realise that becoming a Divine King is a very difficult thing to achieve in this world? You would never be able to become one without my help! If you accept my offer, you will become a stronger Divine King than the Heaven Creating Divine King!”

The Holy King’s enticement has become unreasonable! No one in this world dared to guarantee such a thing!

Vouching to help someone to reach Divine King Stage?

The Holy King's word was a definitive lie; only a child would fall for those empty words!

But Yi Tianyun understood what the Holy King was saying. It was clear that the Holy King thought that Yi Tianyun almost reached the peak of the Saint King stage.

So, by absorbing the Evil Spirit Race left on the Phoenix Cave, albeit a little bit, would surely increase Yi Tianyun's cultivation close to Divine King Stage, but the Holy King never knew that Yi Tianyun was still at Spirit King Peak Stage!

The people looked at Yi Tianyun as they knew that the Holy King's enticement was a big one.

They didn't know what Yi Tianyun would choose, would he give up to the temptation and take the Holy King's offer, or would he stand strong with his conviction and defend the Phoenix Clan?

But they couldn't blame if Yi Tianyun suddenly chose to accept the Holy King's offer considering how tempting it was.

The three Old Ancestor gripped their Divine Tools tightly as they were preparing themselves if by any chance Yi Tianyun suddenly turned against them.

Their palm turned sweaty as they weren't confident enough that they'd be able to stand their ground against the Holy King and Yi Tianyun with their current cultivation.

If Yi Tianyun chose the Holy King, the Phoenix Clan would be exterminated today!

There was no way the Holy King wouldn't capture them all with a strong cultivator like Yi Tianyun was beside him.

Now, they waited for Yi Tianyun's decision nervously. They knew that Yi Tianyun didn't have any obligation towards the Phoenix Clan as he was only their Divine Envoy, meaning that he was still an

outsider while he may become Phoenix Clan's guest at any time. Furthermore, they haven't given anything to Yi Tianyun yet despite the trouble that they forced upon him.

"Your offer surely sounds tempting!" Yi Tianyun said calmly.

The black flame on Yi Tianyun's hand intensified all of a sudden, and Yi Tianyun immediately aimed it towards the ground!

The black flame burned wildly, swallowing the remaining Evil Spirit Race on the ground permanently.

"You have the opportunity to become Divine King, and you just throw it away! This is unexpected. I never thought that you were such a fool! Now, I will kill you painfully!" the Holy King said furiously, as the veins on his neck started to pop.

He never expected Yi Tianyun would reject his offer like this!

"An opportunity to become a Divine King? You're clearly way over your head. What makes you ever think for a second that I need your help to reach the Divine King stage? Even without your help, I would definitely become Divine King myself!" Yi Tianyun said arrogantly.

Chapter 649

Heavenly Netherworld Holy King was annoyed by Yi Tianyun's remark as his pride couldn't allow the Human Race to get the better of him.

At the same time, Bai Shuihuang was glad that Yi Tianyun hadn't lost the will to fight despite knowing that the Holy King was much more powerful than him. The others could still see the determination on Yi Tianyun's face!

"You think you are good just because you killed my clone? I will make sure you regret having that thought!" the Holy King said with a sneer.

There was no doubt that the Holy King was pissed. Although he wasn't injured, he didn't like the fact that Yi Tianyun still had that confident look on him!

So, without holding back, the Holy King unleashed the Heavenly Yin Fire like nothing before, freezing everything on its path!

At the same time, his body grew bigger, and many arms also grew from many parts of his body!

“No, he wants to transform into Evil Spirit himself!” the Old Ancestor shouted as they have seen this transformation in the past.

The Old Ancestor immediately rushed over and attacked the Holy King as they couldn't let the Holy King finish his transformation.

They knew that they would have no chance of winning once the Holy King fully transformed!

“Why are you weaklings trying so hard to annoy me?” The Holy King said as he swatted the three Old Ancestors away.

The three Old Ancestors were frozen from the Holy King's intense Heavenly Yin Fire and slammed the ground hard, cracking various parts on their bodies.

The three Old Ancestors didn't have any chance to resist the Holy King's power now as their cultivation and combat power were already too far apart!

But the three of them served as a decoy, as Yi Tianyun took the opportunity to fire a concentrated Black Flame towards the Holy King once more. Yi Tianyun's attack was too fast, and the Holy King was late to notice it!

Yi Tianyun's attack hit the Holy King's chest and quickly covered his whole body! The black flame circled around the Holy King's body like snakes that tried to consume all the Heavenly Yin Fire covering the Holy King's body.

The Holy King himself was forced back a few steps, meaning Yi Tianyun's attack was heavy enough to push him back!

Everyone finally noticed that Yi Tianyun not only attacked the Holy King using his Black Flame alone, but he also mixed the Black Flame with a Sacred Tool!

The grade is definitely weaker than a Divine Tool, but it was usable nonetheless.

That was also one way to further increase the attack's power as Sacred Tools also possessed an enhancing attribute.

But for Yi Tianyun, it was a simple gamble as he would have a better chance of getting a weapon after killing an enemy.

After all, the Holy King definitely would have a better weapon than a Sacred Tool rank!

A drop of blood fell to the ground as Yi Tianyun was finally able to injure the Holy King, but then again, even such a strong attack like that only created such an underwhelming wound.

Yi Tianyun started to think that maybe a Sacred Tool weapon could barely injure the Holy King, but it may be because the Holy King has already transformed into the Evil Spirit himself!

His body was covered with thick gold with four extra arms growing on his body!

With six arms, aside from increasing his combat power, he could attack more relentlessly too!

Heavenly Netherworld Holy King: Saint King Peak Stage - close to breaking through to Divine King Stage, has a Golden Luster Body and Golden God characteristic, making it resistant to all attack!

Defence power is Heavenly, comparable to Lower Grade Divine Tool's endurance. Combat Power: 23 billion points.

The Holy King definitely had more combat power than before, and the gap between him and Yi Tianyun was even farther apart. Yi Tianyun was a little bit amazed at the Holy King's Bloodline.

Phoenix Clan's Bloodline was also amazing in terms of offensive power, but the three Old Ancestor's cultivation was too low for them to fight evenly with the Holy King.

This was further proving that the Heavenly Netherworld Divine Nation was indeed stronger than the Phoenix Clan!

But the Heavenly Netherworld Holy King wasn't absolutely invincible either. Yi Tianyun's previous attack was able to injure him, although Yi Tianyun only had 2.5 billion combat power right now.

Yi Tianyun was aware that his combat power was too low compared to the Holy King. Yi Tianyun was only able to scratch the Holy King's skin right now, so he knew there was no way he would be able to win in his current state!

Yi Tianyun finally realized that there were more powerful cultivators out there that Crazy Mode alone wouldn't be enough to overpower.

He realized that he must cultivate faster to be able to hold his own grounds against many powerful enemies to come!

The power of bloodline from the Holy King was enough to leave Yi Tianyun in such a desperate situation, and now, he had to find a way to overcome it!

Chapter 650

"Now that's one hell of a defence!" Yi Tianyun said as he inspected the Holy King with his Appraisal Eye.

The others were shocked by Yi Tianyun's destructive power, but the fact that the Holy King was able to regenerate from that attack was even more shocking.

No wonder the Heavenly Netherworld Divine Nation dared to attack Phoenix Clan; with their Holy King's absolute power, the Phoenix Clan didn't have any chance to strike back.

The Holy King knew that the Phoenix Clan wouldn't stand a chance against him. As proof, they couldn't even deal with the Evil Spirit Race in their Phoenix Cave.

If the Phoenix Clan lost this war, they would definitely become a slave to Heavenly Netherworld Divine Nation!

With their Phoenix Blood Essence being milked every day, the Heavenly Netherworld Divine Nation would become stronger while they grew weaker.

Phoenix Blood Essence had little to no value for those with ordinary Bloodline, but they could always sell it to others who needed it!

"That one certainly packed quite a punch, but it's not enough to overpower me!" The Holy King said as he grabbed his short sword and swung it at Yi Tianyun.

Be it power or speed, Holy King coming out on top was undeniable.

In the blink of an eye, the Holy King rushed towards Yi Tianyun and attacked him relentlessly. But Yi Tianyun's defense was also commendable!

He had the Evil God Suit and two pieces of Desolate Ancient Set with him, further increasing his defensive power high enough to be able to defend himself against the Holy King's attack!

It was nothing unusual in the cultivation worlds that someone with a weaker offensive power than their enemy wouldn't necessarily lose against their enemy as they might have a stronger defensive power.

But then again, defensive power was obscured by the offensive power, making it hard to measure the cultivator's defensive capability.

"You are very powerful indeed!" Yi Tianyun said as he could feel that his hands were a little numb for a while after blocking the Holy King's attack.

However, Yi Tianyun's defensive capability was high enough that the Holy King was unable to penetrate his defences!

Everyone gasped as they saw that Yi Tianyun managed to block the Holy King's attack. They finally regained their hope that Yi Tianyun might be able to win!

"It seems like you have polished your body well. I wonder how long you can withstand my attack!" the Holy King said as he stomped his feet on the ground, and suddenly a Divine Rune was materialized on the ground.

The Holy King's body suddenly turned to gold, and a dazzling light immediately covered the Phoenix Cave!

Yi Tianyun immediately used his Appraisal Eye and saw that the Holy King's body itself was turned into a weapon on a Lower Grade Divine Tool-level!

"Great, it's about time I take this seriously as well!" Yi Tianyun said as he finally activated the Dragon God's Bloodline and the Royal Phoenix Bloodline.

With both of his Bloodline activated, Yi Tianyun's combat power rose up through the roof!

His body was covered with thick dragon scale, and he even grew tail along with a pair of Phoenix Wings on his back. His Combat Power kept rising until it stopped at 2.5 billion points!

This kind of power was really divine! Furthermore, the Black Flame that shrouded Yi Tianyun became wilder as it resonated with Yi Tianyun's power.

Therefore, Yi Tianyun quickly used the Black Flame to create a small meteor and slammed it towards the Holy King!

The black flame immediately collided with the Holy King's dazzling golden light and immediately exploded.

The explosion almost destroyed everything in its path, including the stone statue. The Phoenix Cave was obliterated and shows the sign that it will soon collapse!

Bai Shuihuang and the others immediately evacuated away from the Phoenix Cave as they know that they wouldn't be able to withstand the impact of Yi Tianyun and the Holy King's attack. The three Old Ancestor could probably withstand it, but they didn't want to risk it!

"This is madness! Divine Envoy's too strong!" the Old Ancestor said to each other as horrified looks covered their faces.

Yi Tianyun was so powerful that they couldn't help but wish for his victory!

But still, they couldn't afford to lose this war as the Phoenix Clan would meet their demise at the hands of the Heavenly Netherworld Holy King's hands!

"I really hope the Divine Envoy would win soon!" Bai Shuihuang and the others prayed for Yi Tianyun's victory as they couldn't see him and the Holy King from their current location.

But their restlessness was finally gone as suddenly a black glow was seen flying out of the Phoenix Cave and floated on the air.

A golden glow soon followed, and after a while, it was clear that Yi Tianyun took damage from the Holy King as a punch mark was visible from Yi Tianyun's chest.

Meanwhile, the Holy King was unscathed!

This was the result of the Holy King's tremendous combat power, as he was currently almost ten times stronger than Yi Tianyun!

"You're pretty strong indeed, but unfortunately, that won't be enough to overpower me! It was regrettable that you may be potentially the best the Human Race has to offer! After all, my martial arts and Bloodline's power is a lot stronger than you!" The Holy King said with disdain.

It might sound condescending, but his words were the truth; the Holy King indeed had better martial arts and Bloodline than Yi Tianyun.

While Yi Tianyun may have a lot of Martial Arts in his arsenal, he didn't have any Martial Arts at High-Grade Heavens Level.

Therefore, all martial arts that he had right now was ineffective against the Holy King!

But Yi Tianyun still couldn't accept that Human's Bloodline was far worse than others'!

"You keep looking down on Human Bloodline, but you are wrong! Human Race is a very determined race, so we have unlimited possibilities!" Yi Tianyun said coldly.

From Yi Tianyun's opinion, having a strong determination would create varying reliability.

After all, if a cultivator had a strong bloodline and powerful martial arts, they wouldn't be able to develop without any determination!

Let me give you an easy example; Heaven Creating Divine King is a Human Race Cultivator!

Wasn't he hailed as the best cultivator of his time?

He was able to breakthrough to Divine King Stage and overpower other Divine Kings at his time!
