

Leveling 691

Chapter 691

‘DING!’

‘Successfully complete Main Quest [Retrieve Shi Xueyun]’

‘Reward: 300 million Exp, 100.000 Cps, X5 Super Lottery Roulette Ticket.’

‘DING!’

‘Receive new Main Quest [Find the parent!]’

‘Reward on completion: 500 million Exp, 100.000 CPs, X2 Super Lottery Roulette Ticket.’

The new quest popped out, and it was a quest to find his parent! It seemed that even the system wanted to find his parent now, so it was inevitable for him to complete it now. He couldn’t ignore the main quest as it was a good amount of Exp for him to level up!

“I remember that she wants to join a Divine Nation, but I didn’t know which Divine Nation it was.” Shi Xueyun said as she tried to recall the memory in the past.

“That is a good start, aunt.” Yi Tianyun nodded as it wasn’t something unexpected that his mother wanted to join a Divine Nation. After all, there was no Divine Nation in Mortal World! But the thing that Yi Tianyun worried about was that his mother wouldn’t be granted a decent position in there as she was only a Palace Lord in Mortal World.

“Wait! I remember the name now! It was the Sealing Heaven Divine Nation! I remembered reading about it when I was in the Heavenly Plum God Clan. Apparently, it was Divine Nation that had a Divine King.” Shi Xueyun said brightly as she finally remembered the vital information.

“Sealing Heaven Divine Nation?” Yi Tianyun said as he was a bit startled by that revelation. He knew that name when he resealed the Demon in Mortal World earlier. Sealing Heaven Divine Nation was one of

the first Divine Nations here in Heaven World, and their cultivators were said to be an extreme expert, who was among the toughest on Heaven World!

Yi Tianyun didn't expect that his mother would be involved with such a legendary Divine Nation, even though it was unfortunate that Sealing Heaven Divine Nation has already fallen in ranking. Now, Sealing Heaven Divine Nation was ranked 8th among other Divine Nations in the Heaven World instead of number 1 like it used to.

It was a clear fact that ranking was the pride for Divine Nation as it wasn't so easy to climb up in the rank. The difference between rank one and rank two was like night and day, not to mention anyone else beneath that!

The Sealing Heaven Divine Nation was a faction that had a Divine King among their ranks. Therefore it was considered one of the strongest factions in the past, but now the Divine King might've been in seclusion or even died, so it couldn't be helped that the Sealing Heaven Divine Nation fell in ranks!

"Yes! I am sure that it was Sealing Heaven Divine Nation! It was a terrifying existence. I remember now that your father was Sealing Heaven Divine Nation's rising genius! But even so, he chose the elder sister to be his Dao Companion. It wasn't a smooth sail as the Sealing Heaven Divine Nation considered the elder sister to be unqualified to be with him!" Shi Xueyun said with a frown on his face.

It was expected, as the genius of Mortal World and the genius from Heaven World could be said worlds apart! Most geniuses from Mortal World wouldn't be able to hold their ground against an average Heaven World cultivator.

The cultivators in Mortal World could only reach Core Transformation Stage at most during their teenage years, but in Heaven World, it wasn't something new to see someone was already at Spirit Core Stage during their teenage years. Nonetheless, it was a little bit commendable that Yi Tianyun's mother was still able to go to Heaven World with his father, who was considered a genius from Sealing Heaven Divine World.

But there were still some questions left for Yi Tianyun that he was really curious about. If his father really was a genius in cultivation and his mother was one of the best cultivators in Mortal World, how come his Blood Essence was nowhere even close to either of theirs? His innate ability was good, but without the help of Blood Essence in the early stage of his life, he couldn't do anything to advance his cultivation!

“When I saw your father for the first time, I knew that he was truly a genius who could get any woman he wants! Elder sister was infatuated with him. Even though she knew that they would have to walk a thorny path if she’s with him, she still followed him to Heaven World!” Shi Xueyun said with a sad expression on her face.

“So, what did you expect to find, aunt? Did you just want to check her current situation, or do you want to know about something else? Nevertheless, I believed that she should be doing just fine.” Yi Tianyun said with a smile on his face.

Yi Tianyun knew that his mother was doing well. Otherwise, she would at least try to escape to Mortal World, but the fact was he never heard of his mother for nearly 20 years of his life.

“That’s exactly it! I want to see her condition, and I want to drag her back to Mortal World! She’s my Elder Sister! I’ve already considered her my own mother in the past. I am afraid that something might happen to me later and regretted it later if I never saw her again.” Shi Xueyun said sadly.

“Don’t worry, aunt! We will find her again!” Yi Tianyun smiled and immediately flew towards Sealing Heaven Divine Nation! He knew the route that he should take to go to Sealing Heaven Divine Nation, but he didn’t really know how long it would take to get there.

On the way there, he remembered that he got several unused Lottery tickets, so he decided to use them now, hopefully finding new items. If he successfully drew the Desert Ancient Suit, he didn’t have to worry about Sealing Heaven Divine Nation’s retaliation later.

“Activate the Lottery Roulette!” Yi Tianyun muttered, at the same time, a huge roulette appeared in the sky, but Shi Xueyun, who leaned to Yi Tianyun’s shoulder, clearly couldn’t see it. Although Shi Xueyun was calm right now, she knew that this was exactly the calm before the storm.

She knew that their time at Sealing Heaven Divine Nation wouldn’t go as easy as they planned. After all, Sealing Heaven Divine Nation has changed in the past 20 years.

“Activate Lucky Aura!” Yi Tianyun muttered as he spun the Lottery Roulette. He obviously wished to get the best item he could get, and he didn’t trust his own luck because he would get trash items anyway without the Lucky Aura!

The first draw stopped at the Accessories part of the roulette. Yi Tianyun was excited as he might get another piece of Desolate Ancient Set! When the wooden box fell from the roulette, Yi Tianyun immediately opened the box excitedly! In the box, there was a piece of Jewellery, but it was not the Desolate Ancient set. It was Longevity Necklace!

Longevity Necklace: a piece of Longevity Set. Amplify Healing Effectiveness by 10 times and increase Defence Power by 30 times. Consume 10.000 Cps to activate ‘Violent Longevity’ and overwrite the healing amplification to 50 times.

“This is not bad!” Yi Tianyun said while nodding his head. Although it was not a Desolate Ancient Set, it was definitely a solid regeneration set! Yi Tianyun immediately used another roulette ticket as he wanted to get even better items, preferably something that leaned to the offensive types. The arrow stopped at Cultivation Technique, and he knew that Cultivation Technique was good, but he didn’t know whether he would need one right now. He was satisfied enough with his current cultivation technique, so it wasn’t needed right now if the effect contradicted each other.

He opened the box that the roulette gave and inspected the cultivation technique that he got. It was Shaking Heaven Body Secret Art! Yi Tianyun looked at it with his Appraisal Eye to find more information about it.

Shaking Heaven Body Secret Art: Lower Grade Heaven Level Martial Art that can enhance the weight of the user! The higher the cultivation level, the higher the maximum weight can be increased! Can increase the user weight up to 100 million pounds. Next level requires 5 million Cps.

“This is pretty good. 100 million pounds is basically a small mountain.” Yi Tianyun said as he was a little bit surprised by the Cultivation Technique. With that cultivation technique, he could destroy anything with just one step of his foot!

“This is definitely usable in the fight later!” Yi Tianyun said with a satisfied grin on his face. With that cultivation technique, he didn’t have to waste his Crazy Points as he could just dominate the fight easily with his weight amplified!

“Spin once more!” Yi Tianyun said quietly to continue drawing the next prize. This time, the arrow stopped at consumables.

“Well, I can check it later, start drawing again!” Yi Tianyun said to himself, and once again, the arrow stopped at Jewellery.

“Nice! Please, a complete set!” Yi Tianyun said excitedly. He slowly reached out for the box and immediately opened it. It was the last piece of Desolate Ancient Set, Desolate Ancient Bracelet!

“This is awesome!” Yi Tianyun shouted excitedly, surprising Shi Xueyun, who was just resting her head on Yi Tianyun’s shoulder.

“What? What happened?” Shi Xueyun asked curiously.

“No, it’s nothing, aunt! I just think that you are awesome!” Yi Tianyun said immediately. Obviously, he couldn’t say the reason as he knew that he couldn’t tell anyone about Crazy Levelling System. Besides, no one would believe him anyway as it was too absurd!

“Sure ...” Shi Xueyun said as her face flushed once more.

Yi Tianyun then immediately observed the new bracelets that he got with his appraisal eye to make sure that it was the one that he was searching for.

Desolate Ancient Bracelet: One of Desolate Ancient Set pieces. Increase critical strike chance X30, critical strike damage X3.

“Equip!” Yi Tianyun murmured. He was so excited that his Desolate Ancient Set that provided an overwhelming offence stat was finally completed!

‘DING!’

‘Successfully equipped Desolate Ancient Set!’

'Set effect: X50 Combat Power, X10 Defence Power, X5 Speed, 30% Critical Strike Chance, and any attack can cause a corruption effect, eroding enemy's equipment and anything in between.

"This is great!" Yi Tianyun said excitedly. The set that he was waiting for so long wasn't a disappointment! The effect was absolutely amazing as the value of each item was optimized even further. With the combination of the set effect and each of the pieces' own effect, his combat power was amplified 100 times and both Speed and Defence Power by 20 times! He even got to increase his critical rate by more than 50%

Coupled with Evil God Suit, his power has reached a terrifying level!

"I have a feeling that even the Saint King Expert with a special bloodline would easily be subjugated by my power!" Yi Tianyun said confidently. Evil Spirit Race bloodline was powerful, but it wasn't the strongest! It wasn't even the top 5 strongest bloodline in both Ghost World and Heaven World!

In fact, the most powerful Bloodline was the Divine King's Bloodline. The first generation of Divine King possessed the most powerful Bloodline. Its power was unimaginable, and their offspring that inherited it would definitely receive such power!

Chapter 693

After collecting all pieces of the Ancient Desolate set, Yi Tianyun felt that his strength grows sharply. One piece of equipment from the Ancient Desolate set was powerful, but the effect of a complete set was out of this world!

"I finally own all of them! I will get the longevity set next!" Yi Tianyun said as he set his mind on a new goal. Although the longevity set wasn't a good combat set, it was a very amazing defensive equipment! He could instantly recover any damage he received! He could just switch the two sets during combat to maximize his power!

After that, he opened the wooden box that he got from the consumables earlier and got an 80X Exp Card! Judging from the current situation, this Exp boost card isn't so bad!

“Great, I can’t wait to face a Divine King later!” Yi Tianyun said as he smirked. He opened another box that contained another consumable and got another 80X Exp Card, which meant he got two of them. But even so, Yi Tianyun didn’t really appreciate the second Exp boost card as he wanted something else instead.

“This is not good, another Exp Card? It seems the Lucky Aura fail to impress me this time. Should I level it up again?” Yi Tianyun said as he shook his head disappointedly. He thought he could get some other stuff that might benefit him in the future, but he only got another Exp Card!

“Calm down. It is still another Exp Card!” Yi Tianyun said to himself as he shook his head.

He kept it in the back of his mind to level up the Lucky Aura later. He didn’t level it up earlier as he didn’t see the need to, but now, he realized that it was essential for his bad luck.

Now that he got lottery roulette out of the way, he has arrived at the Sealing Heaven Divine Nation’s area. The journey was smooth as no one blocked his path. It was probably because the sight of a phoenix alone terrified most people. Besides, most people wouldn’t be able to catch up with the Phoenix!

Yi Tianyun decided to fly directly towards the Sealing Heaven Divine Nation’s capital, which was located inside the Sealing Heaven Continent! Since Shi Xueyun said that his father was the genius of Sealing Heaven Divine Nation, he thought that his father had to be inside the capital!

Besides, even if he didn’t find his father in the capital, he could inquire about his father’s information easily inside the capital.

It seemed the Sealing Heaven Divine Nation had made a regulation about flying in their territory because once he entered the Sealing Heaven’s continent, he noticed that it was harder to fly. They could do this as they had a Divine King as their leader.

The blue Phoenix squawked and landed on the ground as it couldn’t overcome the pressure on the air. They are still quite far away from the capital, but Yi Tianyun knew that he couldn’t impose the Phoenix any further.

It was no wonder that Sealing Heaven Divine Nation wasn't destroyed by any stronger faction just yet as it had the flying regulation around their continent. Other faction's power would be cut in half if they tried to invade this area!

Furthermore, they couldn't invade quick enough to catch Sealing Heaven Divine Nation off guard as it was much slower to walk than to fly!

"We have to walk from here on out, Aunt." Yi Tianyun said with a smile on his face. He had the information that Sealing Heaven Divine Nation's leader was God King Sealing Heaven, and he was also the one who imposed this regulation.

Considering even Yi Tianyun, who was as strong as a Divine King himself, couldn't force his way out of the regulation, God King Sealing Heaven must be a powerful individual!

"Is this the Sealing Heaven Divine Nation that Elder Sister went to?" Shi Xueyun said curiously. She could see the magnificent landscape around her and a pillar of light from the capital shining throughout the area!

This was the site of a Divine King, so it went without saying that it had such a majestic atmosphere.

"It seems the Divine King inheritance continues to persist, but I didn't feel any Divine King aura from the Imperial City!" Yi Tianyun shook his head disappointedly. It was either the Divine King was hiding while cultivating somewhere, or they were already dead!

Nevertheless, the Divine Nation itself wouldn't be easily destroyed as long as the Divine King's inheritance was still in effect!

As Yi Tianyun and Shi Xueyun walked towards the capital, Yi Tianyun noticed that there was no pressure at all! Apparently, the regulation didn't prevent any stranger from entering and simply preventing them from flying! Yi Tianyun also saw many Divine King Altars on their way towards the capital, along with some cultivators coming in to worship the Divine King.

God King Sealing Heaven's name was well-known throughout the Heaven World, and he was admired by everyone. In fact, Yi Tianyun knew that he couldn't just nonchalantly talk about God King Sealing Heaven in public!

But the one thing that Yi Tianyun was curious about was his own lineage! If his father were the descendant of God King Sealing Heaven, that meant he had the same direct lineage with the Divine King!

If this were true, he hoped that he could learn the Soul Cultivation, which was the God King Sealing Heaven's signature technique!

But for now, Yi Tianyun didn't see any special trait that may be caused by the Sealing Heaven Lineage. It was strange indeed, considering that Sealing Heaven Lineage was one of the most powerful Lineages out there, so there was no way he didn't get anything from it.

"Am I really the descendant of God King Sealing Heaven, or has my lineage been deteriorated so bad that I didn't get the attributes inheritances?" Yi Tianyun laughed at himself.

Chapter 694

Sealing Heaven Divine King might be his ancestor, but Yi Tianyun didn't feel anything at all! He never felt connected emotionally to Sealing Heaven Divine Nation, so he didn't care whether it was his ancestor's land or not. Plus, now that his cultivation base was already impressive for someone his age, he didn't need Sealing Heaven Divine Nation at all!

Therefore, getting the inheritance of Sealing Heaven Divine King didn't mean much for him. However, he still respected the Sealing Heaven Divine King as he was one of the main Three Divine Kings that contributed significantly to creating the Three Realms.

But Yi Tianyun couldn't deny the fact that the Imperial City of Sealing Heaven Divine Nation really had this formidable atmosphere to it. Even the Heaven Ascending Divine Altar wasn't as magnificent as this city! This Imperial City also had a state-of-the-art defensive mechanism. No one would be able to break through unless they destroy the Divine runes that constituted almost all of the defensive mechanisms there, and that alone was almost impossible to do too!

At the top of the City Gate, Yi Tianyun saw a huge plaque that had Sealed Heaven written on it, normal people would bow as they saw it, but that didn't apply to Yi Tianyun. People were actually surprised that

a random stranger could look at the plaque for so long without even bowing their head down to the ground.

The energy that the plaque discharged was enough to sting people's eyes, but it seemed Yi Tianyun didn't feel anything.

"This is Sealing Heaven Divine King's Divine Tool! The plaque discharges a strong Divine King's power that forced people to bow down unless they wanted to risk their eyes!" Yi Tianyun said as he shook his head as he didn't like the idea of the plaque at all.

"That plaque is a Divine Tool?" Shi Xueyun said as she was shocked to hear Yi Tianyun's word. She didn't expect something so casually displayed like that to be a Divine Tool!

"Yes, in fact, I think the entire city gate is a Divine Tool! Although it's not particularly high-grade, it's a Divine Tool nonetheless!" Yi Tianyun said as he shook his head once again. He wanted to forge his own Divine Tool, but he was still a Blacksmith Master right now. It was a long way before he could become a Blacksmith Divine Master.

"Let's get inside." Yi Tianyun said as he walked in with Shi Xueyun. The guards neither stopped nor asked them any questions at all. Entering the city was also free of charge. It seemed relatively peaceful unless you are there to cause trouble.

After coming in, the scene was no different than other Imperial Cities, bustling streets of people minding their own business. The cultivator's level wasn't low either. Occasionally, Yi Tianyun could see a Spirit King Stage cultivation strolling on the street.

However, that was not what impressed Yi Tianyun. The thing that caught Yi Tianyun's attention was the Tianshan Mountains behind the Imperial City. The towering five mountains were majestic, in addition to a pile of houses there. Yi Tianyun knew that the mountains were the real Main Hall for Sealing Heaven Divine Nation, which was probably above the Imperial Palace in the city.

Yi Tianyun noticed that the mountain was covered with Fairy Fog. It was mainly used to lock the Spiritual Energy inside the site to enhance the cultivation speed inside. Yi Tianyun could also see that the mountain was full of Spirit Grass. It was safe to say that the real Sealing Heaven Divine Nation territory was the five mountains, but as they grew in number, their territory also expanded from the mountain.

"I don't think anyone could live there without a high enough status." Yi Tianyun said to Shi Xueyun as he pointed his finger towards the mountain.

"Yes, elder sister was probably there too." Shi Xueyun said as she felt excited to see her respectful sister once more.

Without further ado, they went straight ahead towards the mountain. The closer they got, the more guards were patrolling around the foot of the mountain. These were Void Spirit Stage Expert guards, checking the surrounding, preventing anyone from entering without the proper procedure.

"Who are you, and what are the two of you doing here?" a guard asked as Yi Tianyun and Shi Xueyun approached the gate. It was obvious that the guards were vigilant as the place that Yi Tianyun and Shi Xueyun were about to enter was considered sacred for Sealing Heaven Divine Nation.

"We are here to visit Yi Xingchen, but I didn't know where he is. May I know if he is inside?" Shi Xueyun asked politely. Yi Xingchen is Yi Tianyun's birth father's name.

"Yi Xingchen? I've never heard of that name." The guard said while shaking his head.

"You've never heard of him? How about Jiao Linghe?" Shi Xueyun asked once more. Jiao Linghe was Yi Tianyun's mother, so if the guard didn't know about Yi Tianyun's father, she wanted to know if the guard knew his mother.

"I've never heard of that name either! Please stay away from this place. You can't go in without a token or being dragged in with a handcuff!" the guard said impatiently as he motioned for Yi Tianyun and Shi Xueyun to walk away.

Shi Xueyun frowned as she was confused. The guard didn't know about the name she mentioned. She felt that something was off here! She came here excitedly, but no one knew anything about her sister.

"You really don't know either of that name? Yi Xingchen is supposed to be Sealing Heaven Divine Nation number one genius!" Shi Xueyun said frustratedly.

“Sealing Heaven Divine Nation’s number one genius isn’t Yi Xingchen. His name is Yi Feilong! I think you are looking at the wrong place here. This is Sealing Heaven Divine Nation’s Imperial City. Stop wasting our time and walk away! Don’t blame us if we have to take extreme measures against you two!” The guard said coldly.

Shi Xueyun looked a little bit sad, but she nodded anyway and walked away from the guards. She knew that there was no point in asking another question to those guards.

Chapter 695

Shi Xueyun was surprised that she couldn’t meet with her elder sister even after coming all the way to Sealing Heaven Divine Nation. The guard didn’t seem to be lying, and there was no reason for them to lie either. Either the guard actually didn’t know about her elder sister, or the Sealing Heaven Divine Nation deliberately kept the public in the dark regarding her existence.

But one thing that Yi Tianyun knew was all of this smelled like trouble!

Shi Xueyun’s face was full of disappointment as her reason to come to Heaven World was to find Jiao Linghe. Now that her only lead proved to be useless, she didn’t know what else to do. If Yi Tianyun didn’t come, she wouldn’t know about this devastating news because she planned to find Jiao Linghe once she reached Spirit King Stage.

“Don’t worry, aunt. Maybe they just concealed their real name from other people. We can’t know for sure.” Yi Tianyun said as he tried to cheer Shi Xueyun. There were indeed many possibilities of what happened here, but Yi Tianyun now realised that his parent was still alive. They may be held in custody or trapped somewhere.

“Well, I will trust you on this.” Shi Xueyun said as she nodded her head with a smile on her face, although it seemed kind of forced.

Yi Tianyun then observed the area with the Appraisal Eye as he knew that it could even see through a concealed area. It was probably hard for normal people to look into the distance, but for Yi Tianyun, it was really easy.

"It seems that we have to go in and see it for ourselves!" Yi Tianyun said as he noticed that there were still so many areas that he couldn't see as the mountain range was vast.

"But, how do we get in?" Shi Xueyun asked curiously. There were so many guards around, and she knew that it was unwise to cause a commotion here.

"Don't worry. I will take care of it." Yi Tianyun said as he held her arm and took her to a dead-end corner where the guard couldn't see them very well.

"What are we doing here?" Shi Xueyun asked worriedly.

"Well, we have to conceal ourselves first, aunt. Can you suppress your aura first?" Yi Tianyun said with a smile on his face. Shi Xueyun was puzzled by Yi Tianyun's demand, but she did as she was told. Suddenly, their surrounding changed, and once Shi Xueyun looked around, she realised that she was inside one of the mountains.

"Are we already in?" Shi Xueyun asked with a shock on her face. She has never experienced a teleport like this before. She has always stayed in the palace for Yi Tianyun's sake. Because of that, she didn't know very much about what Yi Tianyun was capable of.

"Yes, we are already in. That is why I asked you to suppress your aura. That way, we can look around safely." Yi Tianyun smiled calmly at Shi Xueyun.

Shi Xueyun nodded her head and followed Yi Tianyun as he started moving. The two of them observed the surrounding, and the view wasn't bad. The place was littered with so many Spirit Flower Grass. Although it may not be a high-level Spirit Grass, it was still outstanding.

"The Five Mountain were connected together and formed a strong defensive great array. The Spiritual Energy would be really strong once it was activated!" Yi Tianyun said as he slowly looked around.

At the same time, he knew that the Great Array was a superweapon! He knew that not even a Saint King expert could withstand the power of this Great Array. But that was not what Yi Tianyun was concerned about now. All he wanted now was to find his parent, so he kept observing both people and houses.

Some places looked majestic. He wanted to check out what was inside those houses, but he knew that it would just waste his time. Besides, he didn't want to alarm anyone right now.

Soon, Yi Tianyun circled around and found something interesting.

"There are a lot of experts in there. It seems this place is a cultivation place." Yi Tianyun said interestedly. Yi Tianyun noticed that the cultivator inside was fairly strong compared to Heavenly Netherworld Divine Nation. Unless Heaven World's power was far more powerful than Ghost World, these experts had to be high ranking officers.

But, Yi Tianyun still couldn't find any useful information about Yi Xingchen and Jiao Linghe.

"We have to find someone to ask." Yi Tianyun said as he shook his head. He knew that it was really hard to find his parent if he just wandered around aimlessly.

"Who would we ask?" Shi Xueyun wondered.

Yi Tianyun didn't say anything and held Shi Xueyun's arms instead and teleported into a forest where somebody was meditating. The person in front of them was at the 4th Layer Spirit King Stage, and he seemed to be surprised to see them too.

"Who are you!" the Spirit King Expert said cautiously.

"Obey me!" Yi Tianyun said as he fixed his gaze towards the Spirit King Expert's eye. The Spirit King Expert suddenly stiffened and kneeled down like a dog.

"Yes, master!" the Expert said indifferently.

Shi Xueyun was shocked by what happened. This was a Spirit King Expert they were talking to, but he was easily dominated by Yi Tianyun!

Yi Tianyun used his Eye of Charm on the Spirit King Expert and immediately asked him a bunch of questions. Yi Tianyun thought that the Spirit King Expert was somewhere around the elder rank, so he should have known more things than an average person.

“Do you know anyone called Yi Xingchen and Jiao Linghe?” Yi Tianyun asked indifferently.

“I know them. Yi Xingchen violated Second Elder’s order and ran with Jiao Linghe.” The Spirit King Expert said emotionlessly.

“Did you know where they go?” Yi Tianyun asked again as he saw a glimmer of hope. It would be truly pathetic if he left Jiao Linghe, but it seemed that he at least kept her with him!

“I don’t know. Second Elder has ordered several groups to find him, but ended up finding nothing.” The Spirit King Expert said while shaking his head.

“How long has it been since they left?” Yi Tianyun asked again.

“It was already over a decade now, because this is an embarrassment for Sealing Heaven Divine Nation, so the Lord has told everyone to keep their mouth shut! Yi Xingchen was also banished and disowned from the Second Elder’s family!”

Yi Tianyun nodded his head as he has understood the situation now, Yi Xingchen has refused to obey his family’s order, leading to him being banished along with Jiao Linghe and thus forgotten across the year.

“Well, it seems my father is someone who would never abandon his woman.” Yi Tianyun sounded a little proud when he said that.

“Well, your mother isn’t any ordinary woman, she is beautiful and strong. There is no way he would look for another woman.” Shi Xueyun said confidently.

Yi Tianyun nodded his head, but now he had to search for a place that his father might possibly seclude himself at and he didn’t really have a clue where to start. Thus, Yi Tianyun asked the Spirit King Expert a

few more questions about the Sealing Heaven Divine Nation as he wanted to meet the Second Elder, his grandfather for more information.

“It seems that we still couldn’t find an accurate information about elder sister’s whereabouts.” Shi Xueyun sighed with a frown on her face.

“Don’t worry, aunt. There is no one I couldn’t find.” Yi Tianyun said while smiling reassuringly towards Shi Xueyun. Shi Xueyun was a little bit surprised by Yi Tianyun’s confidence as she didn’t know what else Yi Tianyun could do.

At the same time, Yi Tianyun has already had enough and planned to buy the Soul Guide to find them for sure, but the price was a little bit pricy. Then again, he didn’t really have any other option if he wanted to save time. So, he immediately bought the Soul Guide, and once again his Crazy Points vanished into thin air.

He didn’t have much Crazy Points when he came to Heaven World, and now, although he has already completed one Main Quest, he still didn’t have that many Crazy Points due to buying the Soul Guide.

“Activate, Soul Guide!” Yi Tianyun murmured. The Soul Guide was attached to the Main Quest automatically, so he didn’t have to say any specific order, and once he activates it, the soul guide immediately pointed towards a certain direction!

“Come on, aunt. Let’s go!” Yi Tianyun said as he took Shi Xueyun’s hands and teleported outside the city. The Spirit King Expert then regained his senses and couldn’t seem to remember what had happened.

At the same time, Yi Tianyun walked towards a certain direction once they were out of Imperial City.

“Do you know where we are going?” Shi Xueyun asked curiously.

“Somewhat. I didn’t really know where we are going, but I have a little clue where to start.” Yi Tianyun said with a smile on his face.

“But how? We didn’t asked something that specific earlier!” Shi Xueyun asked confusedly.

“Don’t worry, aunt. Everything will fall into places!” Yi Tianyun said awkwardly as he couldn’t explain his power to Shi Xueyun. She just nodded her head and followed Yi Tianyun, but she was confused nonetheless.

After a while, the flying regulation was no longer an issue and Yi Tianyun summoned the Ice Phoenix once again to reach his destination faster. The farther they went, Yi Tianyun realised that the place was getting more remote and completely shrouded with wilderness. This place was likely to be a Dangerous Area!

Mortal World had so many Dangerous Area, and Heaven World had even more than that! Some Dangerous Area in Heaven World even posed a threat to Saint King Experts.

The area that Yi Tianyun was visiting now was one of those places too. It was Desolate Bone Forest and as the name suggested, Yi Tianyun could see a pile of bones at the gate of the Dangerous Area. The Spiritual Energy inside this place was gloomy.

“This is Desolate Bone Forest! Why would he choose here out of all other places?” Yi Tianyun frowned as he stopped before the gate. Did his father hide here to elude his pursuer? But the elder earlier has stated that Sealing Heaven Divine Nation was no longer after him now! Yi Tianyun frowned once again as he smelled trouble in the air.

Chapter 697

Desolate Bone Forest, one of the most dangerous zones in Heaven World where anyone that entered the place without a proper guidance would surely be killed! As its name suggested, this place was covered in bones, several of them even come from a rare race such as the Dragons, Phoenixes, or even Giants! If any cultivators found such bones, they could sell it for a large sum of gold or even absorbed it for themselves to gain the power.

But, this place also had many Demon Beast that were strong enough to fight Saint King Expert or even kill them. Therefore, one couldn’t just carelessly enter this place. The reason this place had so many bones in the first place was the result of a war that involved every race in the past and thus this place was created as a result of the casualties of that war.

Besides getting some Spirit Medicine and the bones itself, there was nothing else to this place, because of the blood that seeped into the ground, this place also produced many tree demons. Unlike the Ghost World Passage, this tree demon was more aggressive and stronger.

The best course of action if anyone encountered them was to escape as they couldn't move that fast. Otherwise, the tree demons would attack relentlessly!

"Tianyun, what do we do now? This is Desolate Bone Forest!" Shi Xueyun said as she knew this place after reading about it when she was at Heavenly Plum God Clan. She knew Desolate Bone Forest's characteristic and the fact that this place was also one that shouldn't be visited.

"But they are here!" Yi Tianyun said confidently. Soul Guide couldn't be wrong, if it were wrong, his Crazy Points would go down the drain.

"They are here? No way! Why would they come into a dangerous place like this?" Shi Xueyun said as she was worried of her elder sister's safety.

"I too, didn't know the answer to that question, aunt! But I know for sure that they are here somewhere! Maybe they decided to come here after they were chased by the Sealing Heaven Divine Nation!" Yi Tianyun said while wondering about his parent's reasons too.

But suddenly, three Spirit King Experts surrounded Yi Tianyun and Shi Xueyun with greedy eyes.

"I don't know why there's a brat with a beautiful woman and a phoenix in a place like this, but I sure don't mind!"

"It seems this young brat comes from a rich family, I really envy you!"

"Hey, we are really in luck today!"

The three of them snickered, definitely planning on robbing Yi Tianyun and probably even kidnapped them.

“It is a dangerous zone, but this is too easy!” Yi Tianyun said disinterestedly.

“Yi Tianyun, we have to find elder sister quickly! They’re definitely in danger!” Shi Xueyun said as she didn’t really care about the bandit.

“Hey boss, it seems that they are ignoring us!” one of the bandits said as he smirked at Shi Xueyun.

“A young boy who comes from a rich family would definitely be arrogant, but this is fine! We have to kill the boy first and then we get to have fun with the woman!” the boss of the bandit said with a smirk on his face.

“Begone!” a cold light appeared and impaled the boss of the bandit directly to the ground, then suddenly a fierce Immortal Fire immediately swallowed his body, burning him to ashes before he could even scream!

‘DING!’

‘Successfully killed a 3rd Layer Spirit King Stage Expert!’

‘Reward: 250 Million Exp, 25.000 Cps, 15.000 Sps, Poisonous Dragon Palm, Sacred Soul, Poisonous Dragon Armour, Poisonous Dragon Boots, Poisonous Dragon Pill, 1 million Exp Pill.’

Yi Tianyun could kill Spirit King Expert with ease now. He didn’t have to use any weapon as he could just use the immortal fire to deal with them. This was the reason why he didn’t really want to upgrade his blacksmithing technique as he rarely used any weapon in the first place.

“Boss?!” the bandits said as they couldn’t comprehend what just happened when they saw their boss was killed in one fell swoop! The attack was ridiculous as none of them could even react to it. But Yi Tianyun wasn’t done just yet. He immediately impaled the rest of the bandits to the ground and the tree and also ignited them with the Immortal Fire, leaving nothing behind.

But this was no doubt thanks to the full set of Desolate Ancient Suit that he got earlier. It further amplified his power and even caused almost all of his attack to be a critical hit!

"It seems that I have to let the blue phoenix in charge, this is way too easy!" Yi Tianyun said as he nodded his head towards the blue phoenix. He just wanted to find his parent, but it seemed this place was also a bandit den too!

Shi Xueyun nodded as she was still surprised by Yi Tianyun power. She realised that Yi Tianyun was more powerful than what she saw previously. She wondered just how much Yi Tianyun could grow in such a little amount of time.

"Well, let's go in!" Yi Tianyun said as he held Shi Xueyun's hands and marched in with the phoenix in tow. Flying wasn't safe here and thus he resorted to walking as he could detect danger more efficiently that way.

At the same time, Shi Xueyun didn't have a fear in her heart as she knew that as long as she was with Yi Tianyun, she wouldn't be in any danger!

"Wait for me elder sister!" Shi Xueyun said determinedly. She hoped that Jiao Lingyun was really there, so that she could see her elder sister again. She didn't know how Yi Tianyun could know that his parent was there, but she decided to trust Yi Tianyun and not question his method!

Chapter 698

Yi Tianyun now knew that the most dangerous part of this Desolate Bone Forest was the bandit. They would cause more harm than the Demon Beasts as Demon Beasts weren't exactly intelligent creatures. These bandits would definitely target lone cultivators or small groups as they had the advantage in number. Furthermore, their cultivation level wasn't that bad either.

It was fortunate for Yi Tianyun that he could easily kill these bandits without so much effort. It was no good showing mercy to any of these bandits as they would just attack again the next chance they got.

"The Yin Spiritual Energy in here is strong! Any ordinary cultivator would be poisoned in no time for sure!" Yi Tianyun said as he observed his surroundings. The place was covered with the fog of Yin Spiritual Energy that could be lethal for any ordinary cultivator. The best case to avoid this fog was by flying, but anyone below the Core Transformation stage didn't have that ability, meaning that they would die if they came there.

As Yi Tianyun and Shi Xueyun delved deeper into the forest, the environment gradually got even more hazardous. It was still daytime, but the surrounding was so dark due to the black fog covering the sky, making the ambiance very gloomy.

“Fall back!” Yi Tianyun said as he noticed countless vines traversed on the ground and covered the exits. Yi Tianyun immediately burned them with Immortal Fire as he was very annoyed by the sudden attack. As always, the Immortal Fire easily burned the creeping vines to ashes.

The vines let out a scream-like sound, which was very chilling as it was just a tree demon.

“These Tree Demons are above the Void Spirit Stage. This place is really dangerous!” Yi Tianyun said as he watched the Tree Demon burn. He had no doubt that Desolate Bone Forest was really a dangerous place!

There was no doubt that any cultivator below Void Spirit Stage would be killed there, as they would become a plaything for these monsters. Not only that, but Yi Tianyun also noticed many other Demon Beasts in his surroundings stalking him, waiting for a chance to ambush. But as they saw the fire that burned brightly, they decided not to reveal themselves.

The other Demon Beasts were no pushover either, as the lowest was at the Core Transformation Stage, and the strongest was at Void Spirit Peak Stage!

“It is dangerous here! I hope that elder sister is safe!” Shi Xueyun said with a frown on her face as she was getting worried. Hadn’t she come here with Yi Tianyun, she would’ve been trapped here and unable to escape. She also noticed that there was no point in asking the cultivators in the area as well.

“Don’t worry. I feel like we are almost there, so let’s pick up the pace.” Yi Tianyun said as he lifted Shi Xueyun up and picked up the pace.

.....

At the same time, in a dismal mountain forest in the distance, a beautiful woman hid on the edge while staring at the abyss in the distance. She didn’t know how long exactly she has been there, but she had a

feeling that she has been there for a really long time, suppressing her aura so that no one could notice her presence.

“Why hasn’t it come out yet? It’s been two weeks!” The woman said with a sharp glare.

But suddenly, a blood-red light flashed in front of her, and at the same time, blood-red Grasses moved on the ground. The woman’s expression lit up as this was what she has been waiting for. Nevertheless, she knew that she must stay patient, so she waited.

The blood-red Grasses began to absorb the Yin Spiritual Energy from its surrounding, drawing more and more Yin Spiritual Fog towards it.

The woman has spent her entire time in this place absorbing the Yin Spiritual Energy so that she could become stronger over time. So, after the blood-red grass finished absorbing the Yin Spiritual Energy, the woman trapped it inside a blood-red cage. These grasses could move, and the woman obviously didn’t want to let them get away as she needed them for her cultivation.

The grass struggled to break free from the cage, it even discharged some of its Yin Spiritual Energy to corrode the cage, but it was all a wasted effort.

The woman immediately snatched all the grass, bundling them into one before tying them up firmly. The grass stopped struggling at once as they couldn’t move anymore. The woman smiled as she was pleased by the amount of blood-red grass that she managed to get her hands on.

She immediately pulled a Jade box and put all the blood-red grasses inside it before sealing the box.

“Great! I got a bunch of Blood Drinking Grass this time! That should save me years of hard work!” the woman said excitedly as she was prepared to indulge in her profits. But as she started to walk away from the scene, four beams of light burst out from the ground and formed a cage that trapped her inside.

“Jiao Linghe, I thank you from the bottom of my heart for catching those Blood Drinking Grasses for us! If it weren’t for you, we wouldn’t be able to catch it so easily. We didn’t have the knowledge to build the

necessary Great Array to capture it!" a man said as he landed on the ground with 3 others. They were all Spirit King Stage experts, and they all smirked at the beautiful woman in front of them.

The beautiful woman is Jiao Linghe, Yi Tianyun's mother!

Chapter 699

"I was wondering who would do such a thing to me, turns out it was just the Blood Four Bandits!" Jiao Linghe said challengingly. She was racking her brain, searching for a way to escape despite her calm demeanour. She knew that she couldn't run up the mountain as she would be slowed down by gravity and eventually got be captured again.

Furthermore, these four bandits were no pushovers! The strongest of them was at the 7th Layer Spirit King Stage, while the weakest was at the 4th Layer Spirit King Stage! Their names are Heaven Fiend, Heaven Water, Heaven Imperial, and Heaven Splendour. Although it was more like a title than a name, that was how they were addressed, and no one really knew their real name.

"Don't bother trying to escape! Do you think you can escape us now? You have slipped under our grasp so many times, but this time, you won't be so lucky!" Heaven Fiend said with a smirk on his face.

"Yeah, do you think you can escape our technique now? We trapped 9th Layer Spirit King Cultivator just the other day, and he is still helpless right now! But damn, look at that body! I never knew I really long for a woman's body before I met you!" Heaven Water said as he looked at Jiao Linghe's body from top to bottom.

"Stop it, Old Water! You are disgusting the woman in front of us!" Heaven Imperial said as he snickered at Jiao Linghe. But then again, he knew that Heaven Water's favourite meal was a human body!

"Well, in any case, this woman will satisfy us all!" Heaven Splendour said as he licked his lips greedily. They all knew that Jiao Linghe wasn't a normal woman as soon as they first met her, and now that she has fallen under their grasp, they wouldn't let her escape again!

"Wow, I never expected that you all would desire me this much, but what else can you do besides robbery anyway!" Jiao Linghe said tauntingly.

“Well, you just have to wait to see what we will do besides robbery to you later!” Heaven Splendour said while snickering once again.

“You all have no shame! Now, I am willing to give up these Blood Drinking Grasses, but you’ll have to let me go!” Jiao Linghe said coldly.

“Wow, now you are willing to compromise? Why wouldn’t you do it before?” Heaven Imperial said teasingly. They were confident in their ability to prevent Jiao Linghe from escaping. At the same time, they knew that Jiao Linghe must be desperate right now as she couldn’t escape on her own.

“Here, I will give up the Blood-Drinking Grass. Just let me go!” Jiao Linghe said coldly once more.

“Hey, you just said that earlier! See it from our perspective, little chick. In other words, your life and those Blood Drinking Grasses is ours!” Heaven Fiend said coldly.

“Little beauty, I am going to eat you today! Why would I let you go now? Furthermore, we know that if we let you go now, you will just come back to haunt us later! You think we didn’t know that you are also called the vengeful lady?” Heaven Water said with an evil grin on his face.

The vengeful lady was Jiao Linghe’s title which sounded cold but completely matched her style. She had stories of her cornering people into their demise before.

“We already heard of what you can do before, and none of it was good! But the look of resentment on your face is totally flavourful! I don’t mind seeing it every day!” Heaven Splendour said coldly.

“It turns out you really didn’t want me to leave! If that’s the case, I will destroy these Blood Drinking Grasses and commit suicide! Let us see who is faster? You or my blade?” Jiao Linghe said as she pointed her swords to her neck.

The bandits’ expression immediately changed. They could care less about Jiao Linghe’s life, but the Blood Drinking Grasses were far too precious. Blood Drinking Grass was a 6th Grade Spirit Spirit Medicine! It was priceless for these four bandits as it could improve one’s Blood Essence to last over decades to hundreds of years.

“You want to destroy the Blood Drinking Grass? You won’t be able to do that quickly, and we will still be able to collect the shards. Even though the effect is greatly reduced, we can still absorb it!” Heaven Fiend said coldly. He began to attack Jiao Linghe by sending a powerful Spiritual Energy to the chain that was holding Jiao Linghe down. The other three followed suit as they saw that their boss was attacking.

At the same time, Jiao Linghe quickly threw the Jade box in her hands towards the bandit and shot it with her Spiritual Arrow. Heaven Water then grabbed it as he was startled by the box thrown at him all of a sudden. The sudden move weakened the chain that captured Jiao Linghe, providing her a enough time window to escape.

Heavenly Water immediately opened the box and saw that inside the box were radishes, not the Blood Drinking Grass!

“She swapped the content!” Heaven Water shouted at his comrades. They immediately sent a powerful Spiritual Energy to their chains as it could move faster than them. Jiao Linghe, at the time, was trying her best to get away by flying, but before she could get away to safety, the chains captured her once again!

“What is this? how could you recover so fast!” Jiao Linghe said in surprise.

“Well, we know you wouldn’t sit back without attempting to escape. Therefore, we let our boss stay behind in case we need his help to capture you faster once you attempt your escape! There are five of us, not four! Heaven Blood is our boss!” Heaven Fiend said with an evil grin on his face.

“Well, that is a pity on my part, but I know when I am defeated! I never thought that the day that I have to say goodbye to this world would come this fast. In any case, goodbye world! And goodbye to Tianyun too, even though I never saw you growing up, I’ve always thought about you!” Jiao Linghe said, shedding her tears as she thought about Yi Tianyun one last time as she was prepared to take her own life.

That is the best course of action for her as she didn’t have any means left to get away from those bandits. It was way better than letting herself get captured by these bandits.

“Elder sister?” A voice she never expected was heard from above, she looked up and saw a familiar face that she never thought would see ever again!

Chapter 700

The word 'sister' reminded Jiao Linghe of the good old times when she was still in the Mortal World. Only one person in this world called him sister, but the girl was still very young at that time. What she saw now is not a little girl anymore, but a beautiful woman! Nonetheless, Jiao Linghe was still quite familiar with that face.

"Xueyun?" Jiao Linghe asked for confirmation as she wasn't quite sure. More than ten years had passed. In that amount of time, many things could happen, and that made her a little bit unsure.

"Yes! It is me!" Shi Xueyun shouted excitedly, but when she saw that Jiao Linghe was getting captured, she felt a little worried. "Tianyun, save her!" She said to Yi Tianyun with a frown on her face.

Yi Tianyun nodded and flew over to Jiao Linghe. He stared at her for a while as she was the mother that he didn't have any memories of. However, judging from her appearance, there was a slight resemblance to Yi Tianyun!

"Are you really Tianyun?" Jiao Linghe asked while trembling as she got all emotional. This was the baby that she left behind in Mortal World. She could definitely feel the connection to him as she was confident that the man in front of her was really her child! "Don't come near me! Just run!" Jiao Linghe shouted as she didn't think Yi Tianyun would be able to help her.

After all, the four bandits wouldn't care even if there were two more enemies in their way. They would just kill anyone that tried to block their path! Especially when the Blood Drinking Grass was on the line. But her warning was too late. The four bandits appeared behind her, snickering as they successfully captured Jiao Linghe once more.

"Wow, I never expected she has an acquaintance here. If you want to save her, why don't you stay here and give us all the treasure in your possession? Just make sure those treasures don't disappoint me." Heaven Blood said while looking at Yi Tianyun from top to bottom.

"Hey Boss, that girl is definitely a virgin! She would definitely be a great snack later!" Heaven Water said excitedly as he was eager to taste the flesh of a virgin girl.

“You brat! Can you think of other things besides your stomach every once in a while?” Heaven Fiend said while slapping the back of Heaven Water’s head before he smirked greedily, “Even if you want her, I have to taste her first!” he said evilly.

“Did you suddenly become the boss of this group? I am the boss, and I have to be the first!” Heaven Blood said coldly. After hearing Heaven Blood’s word, Heaven Water and Heaven Fiend just nodded and took a step back. They know that they couldn’t argue with Heaven Blood, so they just smiled and gave up.

All of them laughed their hearts out as they know that they had something to look forward to tonight. On the other hand, Jiao Linghe’s eyes were filled with sadness and despair. She didn’t expect to meet her son again under these circumstances, but now, she had to die while knowing that her son wouldn’t be far behind. She wanted the struggle from the chain that captured her, but she couldn’t do anything.

“Why did god treat me like this!” Jiao Linghe cried as she was really desperate. It wasn’t four bandits anymore. It was five as their leader joined the fray. Everything was beyond her expectation and thus led to her demise!

“Little beauty, don’t be so sad! We all will get along, and you aren’t alone!” Heaven Blood said to Jiao Linghe with an evil smirk on his face. “Capture the girl, kill the man!” he ordered his lackeys. They wanted to keep the girl as she was a virgin, but there was no reason for them to keep the man too.

And so, Yi Tianyun was faced against three powerful Spirit King Expert that immediately surrounded him. Even so, he wasn’t scared at all. In fact, he felt nothing but disgust towards them! He would kill people like them just for the sake of getting rid of filth in this world. It no longer mattered whether they picked a fight against him or not.

“Boy, you have fierce eyes. I’m looking forward to poking it out later!” Heaven Water said as he smirked at Yi Tianyun. He then immediately rushed over towards Yi Tianyun without hesitation while letting his 5th Layer Spirit King aura free. His aura immediately created Water out of thin air, and he immediately pounced on Yi Tianyun like a fish out of water.

He was a Water Cultivator, so he had a set of Water Manipulating techniques. In other words. his techniques were stronger when he fought near water.

“No! stop it!” Jiao Linghe shouted at the side as she begged them to stop. But clearly, Heaven Water didn’t care about it! Jiao Linghe was already trapped, so he didn’t need to be concerned about her anymore. In fact, all of them enjoyed seeing their prey begged, struggling to break free, and finally lost all hopes when they were about to be killed.

Jiao Linghe looked up at Shi Xueyun as she thought that Shi Xueyun might help Yi Tianyun, but she was confused when she saw that Shi Xueyun was completely calm and didn’t bother to help Yi Tianyun at all.

But as Heaven Water came close to Yi Tianyun, a Spiritual Hand suddenly appeared, trapping Heaven Water in its grasp. “You are trash! It is a waste of Spiritual Energy to leave you alive in this world!” Yi Tianyun said coldly as he pressed his hands against each other, and the Spiritual Hand immediately copied. Heaven Water was squeezed to death and exploded into a bloody mist.

The blood slowly dripped into the ground, staining it for a small amount of time before it was completely absorbed to the ground. That was the characteristic of Desolate Bone Forest. Anyone who walked on the ground had a chance to die from blood loss as the ground would drain their blood dry!

The bandits were shocked to see what Yi Tianyun was capable of. Although Heaven Water wasn’t the strongest, he was in the middle in terms of power in their group. But it was clear that the boy didn’t show any effort to kill him! A slight sense of fear began to creep out on their minds as they thought that they might’ve made a mistake.

Jiao Linghe was also surprised as she never expected her son to be this powerful!
