Chapter 701

“Heaven Water!” Heaven Fiend shouted, but it was already too late! The rest of the bandits immediately surrounded Yi Tianyun with the chain on their hand. These chains weren’t any regular chains. It was a high-grade sacred tool made specially to restrict other’s movement. It would require an immense power to break from its grasp.

They immediately hurled the chains towards Yi Tianyun, and at the same time, a dazzling light shone, creating many light nets that were ready to capture Yi Tianyun. These Light Nets were Spiritual Energy that was weaved together, forming a sturdy net to capture anything.

“Get away from that net!” Jiao Linghe shouted as she knew that the light net was difficult to break. However, she didn’t have to remind Yi Tianyun of the power of the net as Yi Tianyun already realized it himself. Yi Tianyun immediately pulled out the Heavenly Netherworld Divine Sword and swung it towards the incoming net.

A yellow wave of light immediately cut through the light nets, destroying them in the process. The yellow wave of light even cut the bandits in two with ease! The two of them being Heaven Imperial and Heaven Splendour. They couldn’t block the yellow wave as they didn’t have enough strength to do so.

Heavenly Netherworld Divine Sword plus the power from Desolate Ancient Set simply had immense destructive power! Unless Yi Tianyun’s opponent was using a Divine Tool, it was impossible to block his attack! The additional effect of Desolate Ancient Set also corroded the two’s bodies, making it impossible for them to regenerate or stick themselves up together again.

“Boss, save us!” Heaven Splendour asked Heaven Blood for help as the fear of dying was clearly seen in his eyes. However, it was already too late as his body was starting to corrode and turn into sands because of Desolate Ancient Set’s effect.

Heaven Splendour and Heaven Imperial completely turned into sand, falling all over the ground, but now, the ground didn’t absorb them as there was no blood left behind.

The rest of the bandits wanted to save Heaven Splendour and Heaven Imperial, but they couldn’t as they were driven away by Yi Tianyun’s attack themselves. Furthermore, they didn’t know how to stop Heaven Splendour and Heaven Imperial’s body from corroding into sands.

Furthermore, their body also showed the effect of corroding as they tried to block Yi Tianyun's Yellow Wave earlier. It was clearly a bad move as they were now at the risk of becoming sand themselves! They released all of their auras to resist the corroding effect as their body slowly turned yellow from the corroding effect.

"It seems that you can still resist my power somehow." Yi Tianyun said with a smile on his face. He didn't need to try excessively to defeat these bandits as they were far weaker than what he was capable of. He didn't even need to use any technique as Desolate Ancient Set's passive effect was enough to overpower these bandits.

No matter what they did, they would never be able to win against Yi Tianyun!

"This boy's power is too terrifying!" Heaven Blood said as he trembled on the spot as he was at his limit from just resisting the corrosion effect. He now realised how naïve his thought was. He didn't have any chance to kill Yi Tianyun from the beginning!

"Boss, we have to run away!" Heavenly Fiend shouted while pulling out a Jade Pendant. Heavenly Blood nodded and did the same thing as he destroyed the Jade Pendant. Suddenly, a ray of light illuminated their body, and they immediately flew away with an enhanced speed. It was Escaping Heavenly God Talisman, and it had the capability to enhance the user's speed by several times to escape the battle.

But sadly, it wasn't enough to get away from Yi Tianyun! He flashed in front of the two of them and immediately kicked them to the ground!

Blood spurted from their mouth as they hit the ground hard, but that was not the end of it! Yi Tianyun quickly descended and let himself fall on top of Heaven Blood's chest, dealing tremendous damage to his battered body.

"What is this power! Who are you?" Heavenly Fiend asked with a terrified expression. He never expected a teenager would be able to defeat them all like this, but that wasn't all! The teenager completely overpowered them without any effort!

"What good would that be to a dying person like you?" Yi Tianyun said as he flee towards Jiao Linghe and freed her from the chain.

“Elder Sister, are you okay?” Shi Xueyun said as she flew towards Jiao Linghe worriedly.

“I am fine, but are you really Xueyun?” Jiao Linghe said unsurely. She hadn’t seen Shi Xueyun for a very long time, so she wasn’t quite sure as Shi Xueyun has grown.

“Yeah, I am Shi Xueyun!” Shi Xueyun said excitedly as she could meet her Elder Sister once again. She has always respected her, and that feeling hasn’t changed although she has already left for a long time.

“Is he ...” Jiao Linghe said doubtfully as she looked over to Yi Tianyun.

“Yes, he is your son! Yi Tianyun!” Shi Xueyun said with a smile on his face.

“Really? He is really Yi Tianyun?” Jiao Linghe said as the look of amazement could be seen on her face.

Seeing his mother’s face was full of wonder and amazement, Yi Tianyun sighed. He didn’t feel the emotion that a normal person would feel once they saw their mother after a long time, and that was also the reason he didn’t understand why people would fall into tears in this kind of situation.

However, he had a new problem that he needed to figure out. He didn’t know how to react to his own parent, considering he never had one to begin with!

Chapter 702

“Tianyun...” Jiao Linghe walked towards Yi Tianyun with a slight hesitation, but she eventually came around and held him firmly in her arms. She was a crying mess right now as she never expected to see her son again.

Yi Tianyun himself was embarrassed by this turn of events, but he couldn’t say that he wasn’t touched by the motherly affection he received. But then again, he didn’t really feel anything as he didn’t have a strong emotional connection with his mother.

A moment later, Jiao Linghe let go of Yi Tianyun, and her expression wasn't as stiff as it was earlier. She wanted to shout because of how happy she was as she could see her son again, but she refrained from doing so as she realised that this wasn't the time. She also knew that Yi Tianyun wasn't ready for her yet.

"Tianyun, she is your mother!" Shi Xueyun said carefully as she saw Yi Tianyun barely showed any reaction. She was anxious that Yi Tianyun would break Jiao Linghe's heart by rejecting her or suddenly get mad as he was abandoned in his childhood.

"I understand if you found our encounter awkward. We haven't really met each other before. It would be too much for you." Jiao Linghe said as she sighed disappointedly. She knew that Yi Tianyun never met her before, so she realised that Yi Tianyun wouldn't be able to feel the emotional connection like her.

Immediately, Jiao Linghe turned her attention towards Heaven Fiend, who was struggling helplessly on the ground. It was clear that the end was close for this man as his body started to fall apart into sands. "This is your own karma! You still want me dead even after getting your hands on my Blood Drinking Grasses?" Jiao Linghe said coldly.

Heaven Fiend just stared at her with despair in his eyes. He never expected their situation would be reversed like this.

"Just kill me and get it over with!" Heaven Fiend said indifferently as he wouldn't ask for mercy. He was prepared to die every day, so he wasn't afraid of dying! He knew that he wouldn't show mercy to anyone, so he wouldn't expect anyone to show mercy to him either.

"Don't worry, I will, but it wouldn't be fast!" Jiao Linghe took out the Blood Drinking Grass and let a small drop of blood dripped into her hand. Heaven Fiend and Heaven Blood immediately trembled as they smell the strong metallic smells from the blood.

"What the hell are you trying to do?" Heaven Fiend shouted as he looked terrified.

"Why would you want to know?" Jiao Linghe said coldly before placing a drop of blood on Heaven Fiend's chest. A root suddenly emerged from the ground and punctured Heaven Fiend's body before slowly draining his blood. Jiao Linghe also did the same thing to Heaven Blood before they screamed in pain.

But it wasn't long before they were sucked dry. Yi Tianyun didn't say anything as this was the characteristic of Blood Drinking Grass. It had to absorb blood before it could grow, and it didn't matter whose blood it was.

After a while, a Blood Drinking Grass grew from the speck of blood that Jiao Linghe dropped on their body, and their Blood Essence was completely dried up, but they weren't dead just yet. Although they have run out of gas, it would take a while for them to finally succumb to their fate.

Jiao Linghe immediately plucked the Blood Drinking Grass from their chest and sealed them before they could absorb anyone else's blood.

"Let's go. We don't have anything else to do here." Jiao Linghe said to Yi Tianyun and Shi Xueyun, who nodded immediately and left with Jiao Linghe.

"Elder Sister, why would you come to a dangerous place like this? is it for those Blood Drinking Grasses?" Shi Xueyun asked curiously. "Does it have something to do with Yi Xingchen?" Shi Xueyun asked further.

"Just come with me for now. You will find out eventually." Jiao Linghe said as she glanced at Yi Tianyun before flying forward.

Shi Xueyun nodded and remained silent as Yi Tianyun never talked from the beginning. He kept thinking about what was on his mother's mind. Soon, they went from the forest to a somewhat safe location. Jiao Linghe directed them to a cave, and once Jiao Linghe removed the hidden Great Array that protected the place, they all got in.

Inside the cave, they all saw a Water Cristal Coffin, and inside lied a handsome man that surprised Shi Xueyun immediately. "Is that Yi Xingchen?" Shi Xueyun asked surprisedly.

Yi Tianyun was surprised after hearing Shi Xueyun's question. He didn't expect to see his own father inside a coffin like this. Furthermore, this man was supposed to be Sealing Heaven Divine Nation's number one genius, so what was with this sorry state he was in?

He immediately felt the aura around the coffin and realised that his father wasn't dead, but it was obvious that his Blood Essence has been drained.

"Why would his Blood Essence dry up like this? what happened?" Yi Tianyun asked Jiao Linghe as he observed Yi Xingchen's condition.

"I don't really know who sent those people, but your father and I were attacked! We successfully got away, but we found out that your father was poisoned not long after. It was Bloodthirsty Poison that will drain the target's Blood Essence, causing them to fall into a long-deprived sleep. I can only supplement him with a Blood Essence Medicinal Pill. I've been preserving his condition for more than ten years now. It happened just before we wanted to go back to Mortal World to find you. But as you can see, the situation doesn't allow us to do that." Jiao Linghe said with a saddened look on her face.

"You have to know that it wasn't our intention to abandon you. The situation never allowed us to do that!" Jiao Linghe said as she shed her tears as she looked over to Yi Tianyun. She couldn't drag her husband to Mortal World in this condition as the Blood Drinking Grass only grew properly around there and no medicine could help Yi Xingchen in the long run on Mortal World.

"I never expected the situation to turn out like this. Do you have any idea who the perpetrator might be? You may have suffered, but so am I!" Yi Tianyun said coldly, he could guess who had done such a thing, but he hoped that wasn't the case!

Chapter 703

Yi Xingchen was in a deep sleep, but he was clearly uncomfortable judging from his expression.

"I can relate to this as I also have a Blood Essence deficit in my early years." Yi Tianyun said as he frowned while looking at his unconscious father.

"When you were little, you also have a Blood Essence problem?" Jiao Linghe was surprised to hear what Yi Tianyun said and thus looked over to Shi Xueyun to further confirm Yi Tianyun's word.

"Yeah, Yi Tianyun's Blood Essence was in a bad state in the past! It was very difficult for me to provide him the necessary Blood Medicine to help him recover. It wasn't until an expert came and help him sort it out that he began to grow strongly." Shi Xueyun said with a little bit of guilt on her face.

"A help from an expert?" Jiao Linghe asked curiously.

"Yes, isn't Elder Sister the one who sent the expert?" Shi Xueyun asked as she always thought that Jiao Linghe was the one who sent help for Yi Tianyun in the past.

"Why would you think I am the one who sent help? After I handed Yi Tianyun to you that day, I immediately left for Heaven World. Although we didn't want to stay at Sealing Heaven Divine Nation, we couldn't come back to Mortal World as the path has been blocked." Jiao Linghe said confusedly.

"When we know that Yi Xingchen had been poisoned, I couldn't find any solution to detoxify him, so I put him in this state to give me time to find a solution. We really want to go to Mortal World to get you, but we didn't have such a time in our hands. So, who is this Expert? Was it one of Sealing Heaven Divine Nation's experts?" She began to wonder.

Yi Tianyun felt awkward by the current situation as he basically lied to Shi Xueyun about the expert that helped him. He did it to prevent Shi Xueyun from asking further questions regarding why he could become so strong in such a short amount of time.

"I don't really know who he is, but he really unraveled everything! I felt like a completely different person after that!" Yi Tianyun said awkwardly. "But from the looks of it, it may be the same poison!" Yi Tianyun said solemnly.

"You were born in Sealing Heaven Divine Nation, but you weren't born under their influences. After you were born, a maid took you to clean you up while I was resting. Could it happen at that time?" Jiao Linghe began to wonder while her complexion started to change.

"If that was the case, who would do such a thing? Is it Sealing Heaven Divine Nation?" Yi Tianyun said coldly.

"It is possible! The First Elder of Sealing Heaven Divine Nation rejected me completely. He wasn't willing to let Yi Xingchen marry me by saying that I might dilute his Bloodline or something. He is your grandfather, actually, but I didn't expect him to be that cold. He was the one who told me to leave you in Mortal World as he disliked your presence too. Over the year, I have been looking for a variety of

Spirit Medicine to supplement Yi Xingchen's Blood Essence, but it was tough to get one." Jiao Linghe said with a saddened look on her face.

She looked at Yi Xingchen, who was lying on the Crystal Coffin and her eyes became teary with sadness. However, she could find strength as he looked at Yi Tianyun.

Yi Tianyun walked towards Yi Xingchen and began to observe him closely. This was his father, and he had to say that his father was a handsome man, but now his hair was completely white, and his face was also pale, as if he didn't have any blood circulating around his body anymore. Yi Tianyun immediately used his Appraisal Eye to check Yi Xingchen's situation.

"Did you ever think of asking Sealing Heaven Divine Nation for help, Elder Sister? His father wouldn't want this kind of fate to befall his son, wouldn't he?" Shi Xueyun asked curiously as everything was so strange for her right now.

"Yi Xingchen said that he'd rather die than going back there. So, I want to respect his wishes and dared not to return there. His father was worried about him when Yi Xingchen told him that he would be marrying me, but he was mad at the fact that Yi Xingchen wouldn't listen to what he said. It was all because of their Bloodline, so I don't want to go back there, either." Jiao Linghe said solemnly.

Bloodline was extremely important, and some Bloodlines could only give birth to the same Bloodline on the firstborn, while the second born wouldn't inherit it completely. Sealing Heaven Divine Nation definitely didn't want to lose their Bloodline, so it wasn't like she didn't understand the First Elder's anger. It was hard to get the person that was suitable to pass on the Bloodline, and he didn't want Yi Xingchen to lose his opportunity!

Not everyone was suited to pass on the Bloodline. Otherwise, the Bloodline would be everywhere. For the greater good of the family, they wanted Yi Xingchen to leave Jiao Linghe. But they didn't expect Yi Xingchen to be stubborn as he ignored them completely and left with Jiao Linghe.

"Is Blood Drinking Grass one of the herbs you used in the remedy?" Yi Tianyun asked.

"Yes, Blood Drinking Grass is one of them, but it was very difficult to find it! Fortunately, after some time, I found a clue to find it, and that makes it a little bit easier to find it." Jiao Linghe said as her eyes were full of hope.

“Well, now you don’t have to search for it anymore. Let’s take a look at Sealing Heaven Divine Nation. They may have the cure!” Yi Tianyun said confidently.

“It won’t work! They wouldn’t want anything to do with us!” Jiao Linghe said worriedly.

“Well, that would be the case, but I suspect that the poison is made by Sealing Heaven Divine Nation from the beginning! I don’t know whether my guess is right or not, for father’s sake and myself, if they were really the one who poison us both, I will drag their lord in front of their nation and shove the same poison into his throat, so that he could feel what I feel in my childhood!” Yi Tianyun said coldly.

Jiao Linghe saw the terrifying look on her son’s expression and look over to Shi Xueyun, but she noticed that Shi Xueyun didn’t seem to be bothered at all.

“But it is still Sealing Heaven Divine Nation! They are formidable, and you might get killed!” Jiao Linghe said worriedly.

“Don’t worry. They won’t be able to do anything to me! But if I found out they were really the ones behind it all, I will eradicate them all! I don’t care who they are as I always destroy my enemies to their root!” Yi Tianyun said coldly.

Jiao Linghe stared at her son with a slight worry, but she knew that the baby he left back then was already a man with a lot of responsibility on his shoulder.

Chapter 704

Yi Tianyun has already made up his mind, leaving Jiao Linghe speechless! At the end of the day, they were up against Sealing Heaven Divine Nation. Even though Yi Tianyun demonstrated an exceptional strength earlier, she didn’t think he could fight them all off. They would have a number of Divine King experts, which was on a whole different level compared to the four bandits that Yi Tianyun fought earlier.

“If you want to go there, I will come with you!” Jiao Linghe said confidently.

"Fine by me." Yi Tianyun nodded. He didn't mind his mother coming with him as he could make sure that she is safe! It was better than staying here.

Jiao Linghe then used Ring of Living Creatures so she could bring the sleeping Yi Xingchen along safely. She really hoped Yi Xingchen could be saved and wake up to see his own son has become a strong man.

Yi Tianyun then summoned the Blue Phoenix and quickly flew towards Sealing Heaven Divine Nation!

'DING!'

'Successfully completed the main quest 'Find the Parent!'.'

'Reward: 500 million Exp, 100.000 Cps, 2x Super Lottery Roulette Ticket.'

'DING!'

'Successfully take a new Main Quest 'Cure Father's illness!'.'

'Reward on completion: 500 million Exp, 100.000 Cps, 2X Super Lottery Roulette Ticket.'

The soul guidance immediately disappeared, but it was worth it even though he had to lose 3 million Cps in exchange. Hadn't he rushed to Jiao Linghe's aid, she would have been dead! Now that he got another Main Quest, and he was already on his way to complete it without the guidance of the quest, Yi Tianyun couldn't help but think that everything was already in order.

At the same time, Jiao Linghe was shocked once again as she saw that her son had summoned a strikingly beautiful blue phoenix. Her mind kept thinking that her son has already achieved so much that even surpassed both his parent!

She wanted to ask Yi Tianyun how he got all this power, but she didn't know where to start. She knew that she owed Yi Tianyun so much for abandoning him on Mortal World! Shi Xueyun, who sat next to her on the phoenix, sensed her frustration and immediately held her hands.

“Sister, what are you thinking right now? Do you want to know what Yi Tianyun has been doing over these years?” Shi Xueyun asked curiously.

Yi Tianyun heard what Shi Xueyun was saying and felt a little bit awkward as he couldn’t help it if his mother was still unsure how to approach him. Nevertheless, he wouldn’t say anything for now. And thus, Shi Xueyun began talking about what she knew about Yi Tianyun. She told Jiao Linghe about the feat that Yi Tianyun accomplished in Mortal World that shocked Jiao Linghe once more. She didn’t know that Heavenly Jade Palace has changed so much that it even become an Empire now!

“My son has established his own empire?” Jiao Linghe asked surprisedly. She was crying out of relief when she heard that her son wasn’t struggling hard these days, nor did he have to beg for other’s help to live his life.

“Yes, Yi Tianyun is very powerful. He is talented, indeed! Just like you!” Shi Xueyun said with a smile on her face. Jiao Linghe wiped the tears from her eyes before she looked towards her son.

“My son, you have worked hard over the years!” Jiao Linghe said with a proud look on her face. She didn’t care about the enemy that Yi Tianyun had to destroy to build his own empire, but she knew that it wouldn’t be easy.

“It was alright. I have Aunt with me at all times.” Yi Tianyun said with a big smile on his face as he looked over to Shi Xueyun.

Shi Xueyun was flustered slightly, but she didn’t break away from Yi Tianyun’s contact. She didn’t know if it meant that they were officially together, but it was surely a big leap, seeing that her sister could become her in-laws in a near time.

Seeing the exchange between Shi Xueyun and Yi Tianyun, Jiao Linghe couldn’t help but giggle happily. “From the very beginning, I’ve already wanted my son to marry someone like you in the future, but I don’t really think that it would become the truth!” Jiao Linghe said with a happy smile on her face as she looked at Shi Xueyun.

“Sister, did you really think it that way at the time?” Shi Xueyun asked surprisedly. Yi Tianyun was also curious as his parent already tried to find him a wife even though he was just born.

“Yes, you’re talented, kind, and have a sense of responsibility. Otherwise, I wouldn’t trust you to guard Yi Tianyun. I already know that you will take good care of him!” Jiao Linghe said with a warm smile on her face.

Shi Xueyun was stunned that Jiao Linghe already thought that far ahead. She thought that Jiao Linghe might not want her son to pick someone older than him, but it turned out that Jiao Linghe was supporting their relationship.

However, she knew that age wasn’t a real problem. After all, a cultivator could live for a thousand years as long as they could cultivate their power and technique to a certain degree.

“Since you are together, just know that I support it to the fullest. I don’t have anything I can gift to you right now, but maybe this necklace would suffice for now.” Jiao Linghe said as she handed over a necklace to Shi Xueyun. It wasn’t an ordinary necklace at all. It would be around Mid Grade Sacred Tools level.

“Son, I hope you would take care of Shi Xueyun from now on. Protect her from any danger through thick and thin.” Jiao Linghe said solemnly with a warm smile on her face.

“Thank you, mother, I will!” Yi Tianyun smiled as he really appreciates his mother’s support.

“Son, we owe you a lot, and we know that you don’t really need our skill now, but I hope we can make it up for you in the future.” Jiao Linghe said hopefully.

Yi Tianyun nodded his head as he was lost for words. He couldn’t describe the feeling that he felt right now, but he was really grateful that he could get along with his parent.

Chapter 705

With Shi Xueyun’s help mending the bridge between Yi Tianyun and Jiao Linghe, the atmosphere wasn’t as awkward as before. Jiao Linghe really loved Yi Tianyun as her son, and she was also proud of him, who has become such a dependable man.

Although Yi Tianyun didn't quite love his mother just yet, he respected her for being loyal to her husband, or should he say, his father for this matter.

"We are almost at Sealing Heaven Divine Nation." Yi Tianyun said casually.

"Tianyun, when we got there, don't act impulsively! We will see Grandfather first. We should be able to see him if he knows I'm coming." Jiao Linghe said worriedly.

"I will do what I can, but I will do it my own way if they do something insincere! If anyone acts rudely to me, or we found out that the Sealing Heaven Divine Nation was really the one behind the poisoning, I will not hold back." Yi Tianyun said indifferently.

Jiao Linghe nodded her head as she knew how annoying it would be when they found out that the Sealing Heaven Divine Nation was really the one behind all this misery.

"You don't have to worry about it. If they were really the ones behind all this, I would join you as well! People referred to me as the Vengeful Lady, and I will prove what it means towards my enemy!" Jiao Linghe said with a smile on her face.

But even though Jiao Linghe acted confident like this, she was still worried and nervous inside as Sealing Heaven Divine Nation was a powerful faction!

Yi Tianyun smiled as he didn't have any emotional attachment to his ancestor's land either. "Mother, do you have any idea who would do this to us in the first place?" Yi Tianyun asked curiously.

"Yes, I have a faint idea who it was, but I'm not quite sure just yet." Jiao Linghe said unsurely.

"Who would it be?" Yi Tianyun asked once again.

"It is the Third Elder. Even if the Great Elder doesn't want anything to do with me, he won't do such a cruel thing to his own son, but the Third Elder has been against me from the very beginning! He even tried to attack your father and me when I told the Great Elder that I was pregnant at that time." Jiao Linghe said worriedly.

"I was afraid at that time that they would take you away from me. That was the reason that I immediately escaped from Sealing Heaven Divine Nation's Imperial City and gave birth to you in a small town nearby." Jiao Linghe said with a sad expression. "But, the Great Elder, your grandfather was the one who let me and your father escape in the first place. I don't know if he had anything to do with anything that happened to us, but I hope he didn't." Jiao Linghe said with a frown on her face.

Yi Tianyun nodded as he understood what Jiao Linghe was trying to say. After all, the Great Elder was still the father of her husband and the grandfather of her son.

"Even though we know that The Great Elder would still accept us at Sealing Heaven Divine Nation, your father didn't want to return as he was really sick of hearing people telling him to pass on a strong bloodline for the sake of the faction."

"If you're, they wouldn't want me alive! If they saw you, they wouldn't want you alive either as they would think that you would affect their power struggle later." Yi Tianyun said solemnly.

"Yes, it was one of the possibilities. When you were born, we measured your bloodline, but it was faint. You have a little to none Heaven Divine King's bloodline in you, but it was enough to create chaos as the Third Elder's Grandson was in the same position as you since both of you were the rightful candidate for the next Lord." Jiao Linghe said solemnly.

"I knew it! In the end, the reason was a power struggle." Yi Tianyun shook his head as he already suspected as much. But it was regrettable that Yi Xingchen, who was said to be the genius of Sealing Heaven Divine Nation, ended up being targeted as well.

"I also have a rough idea who poisoned you earlier. It was the maid who bathed you right after you were born. Besides her, no one else came close to you without me knowing what they were doing!"

"Well, she might be under someone else's intimidation. After all, a normal person wouldn't stand a chance against an expert." Yi Tianyun said casually.

"Even if that's the case, we couldn't accuse anyone just yet. We don't have any evidence to begin with. It was all just a speculation without a body." Jiao Linghe said with a frown on her face.

“That’s alright. We are bound to get the evidence later!” Yi Tianyun said indifferently. He had various ways to collect evidence later. For example, he could use the Eye of Charm’s power to get it from someone with lower cultivation than himself later.

“We have finally arrived!” Yi Tianyun said as he landed outside of the city wall. The guard immediately stopped them as they started to walk towards the gate.

“You two again? What do you want this time?” the guard asked curiously.

“We are Yi Family!” Jiao Linghe said as she pulled out a token that emitted unique energy.

“Second Elder’s token? Please walk inside!” The guard said immediately. Jiao Linghe nodded and started to walk inside again before she was stopped once again.

“Jiao Linghe?” an old man’s voice was heard from the side. She recognized that voice and immediately turned her attention towards the old man with a frown on her face. “I didn’t expect you to come back here. Where is Yi Xingchen? Did he finally cast you aside?” Deacon Xiao said with a smirk on his face.

“I don’t have time to hear your gibberish, Deacon Xiao. I have an urgent matter to attend to!” Jiao Linghe said coldly.

“Urgent matter? Our Sealing Heaven number 1 genius ran away with you! How dare you return here after what you’ve done! Did you want to ask for more resources now that you’ve been cast aside by your husband? Did you finally become a beggar who wants some pocket change here?” Deacon Xiao said condescendingly.

Yi Tianyun sighed, flashed forward, and slapped Deacon Xiao’s mouth. Deacon Xiao was thrown to the side, and his lips were bleeding. Jiao Linghe was smiling, but she couldn’t help but think how powerful her son was!

“Pay attention to your word! If she was a beggar, then you are a trash that’s not even worth a dime!” Yi Tianyun said coldly.

Yi Tianyun couldn't just brush it off when someone humiliate his loved ones like this!

Chapter 706

"Jiao Linghe! To think that you dare to step foot in this place again just to attack me? This is a rebellion!" Deacon Xiao stood up angrily while caressing his face.

Yi Tianyun sighed as he was kind enough to let the man live, but he was starting to regret it now. "You still have the guts to say that? Now I give you two choices, either you take us to second elder, or I will slap you once again!" Yi Tianyun said coldly.

Deacon Xiao was furious after hearing Yi Tianyun's words, "Huh? You wish! If you want me to take you to the second elder, apologize to me now!" Deacon Xiao said with a smirk on his face, but he made a wrong decision here. Yi Tianyun slapped him in the face once again, and it was so fast that Deacon Xiao didn't have the time to react!

"What did you just say? Go on, spit those words once again!" Yi Tianyun said coldly while Deacon Xiao was lying on the ground with blood dripping from his mouth and broken teeth. But the look on Deacon Xiao's face was still furious as his pride was getting trampled.

"I will not take you there!" He said between his broken teeth. Yi Tianyun slapped him once again, further injuring Deacon Xiao's face.

"Are you sure you wanted this?" Yi Tianyun said calmly.

Jiao Linghe and Shi Xueyun silently watched the scene from the side as they thought that Yi Tianyun was ruthless, but the Deacon was to blame as well!

"I will bring you there!" Deacon Xiao said weakly as he couldn't stand the pain anymore. Thus Yi Tianyun stopped and dragged Deacon Xiao to stand back up and pushed him to start walking. The Deacon immediately walked towards the second elder's place with a bitter look in his eyes. Many disciples of Sealing Heaven Divine Nation who saw Deacon Xiao were confused when they saw Deacon Xiao's swollen face. However, they couldn't bring themselves to ask as Deacon Xiao seemed to be with a guest.

Most people there didn't know Jiao Linghe, unless they've been staying there for a long time like Deacon Xiao.

With Deacon Xiao's guidance, they walked deeper into the mountain. This mountain was called Fengtian Mountain, and it was guarded by two Spirit King Experts as it was the most important sacred mountain for Sealing Heaven Divine Nation!

If anyone wanted to hike up the mountain, they had to show a secret order or notify the elders to enter. And thus, after Deacon Xiao was close enough to the guards, he immediately ran over and shouted nonsense. "These people are trying to broke into Fengtian Mountain! They even hurt me and threaten me to get their way!" Deacon Xiao shouted as he ran to the guards.

Yi Tianyun sighed and immediately rushed over and slapped Deacon Xiao once more. This time, Deacon Xiao was left unconscious from the attack, but Yi Tianyun still didn't kill him. The expression of the guards quickly changed. When they noticed Jiao Linghe in the midst of strangers who came with Deacon Xiao, they immediately realized that Deacon Xiao was making a false accusation.

But still, they didn't approve of Jiao Linghe coming back after running away with their young master in the past.

"I want to see the second elder." Jiao Linghe said solemnly.

The two guards looked at each other and closed their eyes as they found the situation bothersome. "Alright, I will report this situation to the elders and ask if they allow you to enter Fengtian Mountain. In the meantime, you all stay here." One of the guards said with a solemn face.

The guard immediately left towards the mountain to report, leaving the other guards to treat Deacon Xiao's injuries. But after a while, a new voice boomed from the side, startling Jiao Linghe and the guards.

"You again!" the old man shouted.

"Long time no see, Third Elder!" Jiao Linghe greeted coldly. She didn't show any respect for the old man as she looked at him disinterestedly.

The third elder was surprised by Jiao Linghe's attitude, but when he saw the young man beside her, he finally noticed that the face was familiar. "Is that young man Yi Xingchen's son?" the third elder said solemnly.

"Yes, I want him to meet the second elder. But, what is it to you?" Jiao Linghe said calmly.

"Capture them!" The third elder said calmly as he pointed his finger towards Jiao Linghe and Yi Tianyun. The disciples who came with the Third Elder immediately surrounded them as they followed the third elder's order.

"What is the meaning of this, Third Elder? We just wanted to see the second elder, and you want to capture us? Did you want to kill me now?" Jiao Linghe said coldly.

"Why wouldn't I do this? Yi Xingchen has betrayed the family to be with you! It was a give that I'd capture and interrogate you regarding that matter. It was a shame for Sealing Heaven Divine Kingdom to lose Yi Xingchen, but we have to uphold the law!" the Third Elder said calmly.

"Really? I wonder if you have anything to do with us being hunted down on the past!" Jiao Linghe said calmly. The Third Elder's expression changed a little bit, but it didn't show much for others.

"What are you saying? You didn't even bother keeping contact with us for so long, and now you accused me of hunting you down? We are searching for you, but we didn't want to kill you!" the Third Elder said calmly.

The third elder was back to his poker face after that, but Yi Tianyun knew better. The slight change of expression in the third elder's expression earlier showed that he knew something about the hunt for Jiao Linghe and Yi Xingchen.

Chapter 707

Jiao Linghe wasn't that innocent to think that these people never traced his mother's whereabouts. They clearly knew something about what happened. She knew that there was no evidence to prove her accusation, but she was confident about her own judgement.

The third elder also showed his best poker face. His expression didn't change despite Jiao Linghe accusing him of a crime. But it was a given as why would a high-ranking elder admit to such a thing anyway.

"Mother, you don't have to say anything else. I have my own little way to make them talk." Yi Tianyun said casually. He was too bored to hear this back and forth between his mother and the third elder as no one would relent. He has his Eye of Charm, and once he controlled someone with it, there would be no secret left unturned!

"What is your solution?" Jiao Linghe asked curiously. Meanwhile, Shi Xueyun just smiled but didn't say anything else.

"Just watch." Yi Tianyun said with a smile on his face without explaining anything. He used his Eyes of Charm on the Third Elder. The Third Elder, who was setting his gaze on the boy, felt cold suddenly, and his eyes lighted up a little bit.

"I advise you to be obedient. Otherwise, don't blame us if something bad happened!" The third elder said as he started to rush towards Yi Tianyun. The rest of the disciples beside him followed suit and rushed towards Shi Xueyun and Jiao Linghe.

Yi Tianyun just smiled and let the third elder get closer. The third elder was about to attack, but Yi Tianyun quickly grabbed his hands. They were in a stalemate as none of them could attack at this position.

"Are you really sure about this? I wouldn't mind destroying your hands." Yi Tianyun said indifferently. Yi Tianyun didn't show any sign of fear as he didn't feel like he was in danger at all.

"You are quite arrogant, kid! It's starting to get annoying!" the third elder said coldly, but he felt someone coming from behind, and when he looked up, he froze after seeing that an old man was coming down towards them!

"Jiao Linghe, you are back!" The old man said with an indescribable tone on his voice. This old man was the Second Elder, Yi Yuanlong. Yi Tianyun's Grandfather.

Yi Yuanlong shifted his gaze to the boy in front of the third elder and trembled as he realised who it is. Yi Tianyun had an uncanny resemblance to his son, Yi Xingchen, with a touch of Jiao Linghe's beauty. Making him a more handsome and delicate version of his father!

"Second elder, you are here! I am trying to capture these people by myself! You don't have to come here." The Third Elder said with a smile on his face before he let go of Yi Tianyun's hands and walked towards the second elder.

"This is my problem. You should have stayed away!" Yi Yuanlong said solemnly.

"Second elder, this is no longer your own business! This is shaming our Sealing Heaven Divine Nation! This scandal already involved all of us! I think even the Great Elder would be glad to deal with this matter too!" the third elder said solemnly.

The third elder wasn't convinced that the second elder would deal with Jiao Linghe on his own. After all, she was his daughter-in-law, and now even his grandson was here.

"Well, deal with them then!" Yi Yuanlong said indifferently. He knew that it was the problem for Sealing Heaven Divine Nation as a whole, and he couldn't say no to that!

"If that's the case, we will bring them to the main hall and let everyone witness when we judged them of their sin." The third elder said to Yi Yuanlong before he turned his attention to Yi Tianyun once again. "I hope you will not play any tricks here, boy!" he said coldly.

"Wow, why would I have to do any of that when we also want to come in? are you stupid or something?" Yi Tianyun said indifferently.

"You're really pushing it, aren't you?" the third elder said coldly.

"Alright, that's it! start moving!" Yi Yuanlong said urgently. He wanted to help Yi Tianyun as he looks over to Yi Tianyun with a kind eye, but he must stop the third elder from attacking anyone before that.

The third elder clicked his tongue and walked up the mountain. He knew that he couldn't do anything while the second elder was there, so he had to wait for the trial and let the other elders judge them first.

"Where is Yi Xingchen?" Yi Yuanlong asked Jiao Linghe.

"It was a long story. You will know about him later!" Jiao Linghe said with a sigh.

Yi Yuanlong frowned a little as he knew that the news that he would hear from Jiao Linghe later wouldn't be good, but he was also curious about the boy in front of them. "is that your son with Yi Xingchen?" he asked Jiao Linghe once again.

"Yes." Jiao Linghe replied shortly as she didn't have to hide anything.

"He's already that big." Yi Yuanlong said as he sighed deeply. His serious expression earlier was appeased as he looked at Yi Tianyun.

They soon arrived at the main hall, where there were already deacons and elders waiting for them. Their eyes were immediately fixed on Jiao Linghe and Yi Tianyun as they recognized their face. They blamed Jiao Linghe for dragging Sealing Heaven Divine Nation's reputation into the mud in the past. Although it was such a long time ago, they clearly couldn't forget about it.

"Wow, she is back!" one of the elders was shocked as he saw Jiao Linghe. Nobody expected Jiao Linghe to come back again. After all, she wouldn't get anything here other than imprisonment for embarrassing the faction.

"I didn't expect a fox like you dared to come showing your face again!" an old man said coldly as he looked at Jiao Linghe, but he was surprised to see the boy who came beside Jiao Linghe because that face seemed so familiar!

"What did you say? Say it again! I dare you!" Yi Tianyun said coldly as his killing intent raged intensely.

"You are quite arrogant, boy! Do you know who you are talking to?" the old man said with a smirk on his face. He was the Great Elder, the person with a rank just below the Holy King! His cultivation level was high too, at Spirit King stage peak, ready to step into Saint King level.

"I don't care who you are! You should apologize for what you just said!" Yi Tianyun said confidently without any shred of fear.

Chapter 708

Yi Tianyun wasn't too arrogant, but when you have power, you wouldn't want your pride to be trampled on by others. Even if he didn't have any power, it was a given to fight for one's family and friend. The most important thing for the cultivator should be the well-being of their loved ones.

"Tianyun!" Jiao Linghe called worriedly. She was trying to tell Yi Tianyun that he should keep his calm as they were in an away game here. Yi Tianyun looked at Jiao Linghe and said nothing. Since his mother told him to stay calm, he would abide by it for now.

"You are definitely the son of Yi Xingchen! You have the same stubbornness. But this is a pickle. Is that the reason your mother couldn't teach you anything?" The Great Elder said coldly.

"What is it to you?" Yi Tianyun said indifferently.

"How dare you!" Great Elder said furiously as he had enough of Yi Tianyun's rudeness.

"That is enough!" Yi Yuanlong shouted booming. "So, why are you here, Linghe? You have been hiding for years. Why did you show up again today of all times?" Yi Yuanlong asked coldly. Yi Yuanlong didn't think much for now, but as he didn't see his son anywhere, he didn't care much about Jiao Linghe.

"I demand justification for my situation!" Jiao Linghe said as she pulled out the Water Crystal Coffin from her ring and everyone was shocked as they saw Yi Xingchen lying inside.

"My son!" Yi Yuanlong shouted as he rushed towards the Water Crystal Coffin. He hadn't seen his son for so long, but he never expected it would be this bad. He saw that his son was pale and sensed that his Blood Essence was diminishing.

Great Elder and Third Elder looked at each other with a smirk on their face, but it was so fast that no one realised it. The others were in shock as they never expected Yi Xingchen to be in such a condition.

“How can this happen? What happened?” Yi Yuanlong shouted in anger towards Jiao Linghe. She immediately explained what happened in the past and reached the conclusion that Sealing Heaven Divine Nation had something to do with it.

“What good thing is it for us to do such thing to you and Yi Xingchen? He was once the genius of Sealing Heaven Divine Nation and will become the Holy King in the future! Why would we send people to kill such a man?” the Great Elder said angrily.

“That is true! It has to be your own doing that something like this happened to Yi Xingchen. You are probably making enemies left and right without you realising it!” The Third Elder said coldly. “It was such a waste that he had to spend his days inside Water Crystal Coffin like this after he escaped with you, but to entertain you of such idea, what is your evidence accusing us?” The Third Elder said coldly.

The people started to nod their head as they agreed with the Third Elder. It was common sense to show evidence first before accusing someone. They were clearly disappointed to see Yi Xingchen in this state!

They knew that Yi Xingchen was a genius and could easily become the next Holy King in the future, but it was just a dream now as Yi Xingchen has already weakened to the state of needing the Water Crystal Coffin to survive.

“Enough!” Yi Yuanlong whispered sadly. “The most important thing is to save him!” he couldn’t stand seeing his son lying inside the coffin like this, so he wanted to save him quickly.

“This is a very strong Bloodthirsty Poison! Who is vicious enough to poison someone with it?” Yi Yuanlong shouted angrily.

“I have Blood Drinking Grass, Royal Phoenix Blood Essence, and Heavenly Fragrant God Grass with me! It was all the ingredient needed to make the potion, but I couldn’t create the potion on my own.” Jiao Linghe said to Yi Yuanlong.

“No wonder you choose to return! It is just to trouble us with something you have caused. Now we will help you, but I want to see you gone once we’re done!” The Third Elder said coldly.

“To tell you the truth, we don’t need your help! You clearly misunderstand something here, we are not here to ask for your help, but we are here to ask for compensation for the damage that the poison has done to us! I am convinced that Sealing Heaven Divine Nation was the one behind all this!” Yi Tianyun said confidently.

“One proof that I have is your son there! His Bloodline is average; his Cultivation base is average. Everything about him screamed mediocre! In order to compete for power to become the next Holy King, he had to take out my father from the picture! Does my theory hit the mark?” Yi Tianyun said coldly towards the Third Elder. Yi Tianyun knew that it was taboo to discuss the power struggle on the faction, but he didn’t care.

“Damn you! Why would we ruin the entire Sealing Heaven Divine Nation over our own lust for power? Yi Xingchen is the strongest genius of his era. He would definitely become the best Holy King for our faction, so why would we do something that would harm our faction? Don’t you ever doubt our loyalty again, kid!” the Great Elder said coldly.

What the Great Elder said was the best answer to rally everyone behind him.

“Yes, our son is indeed mediocre, but that is alright compared to you! Your Bloodline is clearly worse, and what is better than that fox behind you? She is all looks and no content! She was only a normal human from Mortal World, no more! You told us you don’t need our help now? You are delusional!” The Third Elder said with a sneer.

They were clearly winning the statement as it was enough reason not to harm Yi Xingchen, but there was no real proof of what Yi Tianyun accused. They sneered at Yi Tianyun’s face without any fear because they knew that there was no trace to their deeds in the past!

Chapter 709

The faction’s stand was clear. They already said that they would never hurt Yi Xingchen and would be willing to help him as long as Jiao Lingye left him alone! Everyone was convinced that the two elders’ words were true, so they didn’t really question anything else despite the issues Yi Tianyun brought to light.

Yi Yuanlong stood still with a gloomy face. "Give me the Royal Phoenix Blood Essence and Heavenly Fragrant God Grass! Name your price!" He said solemnly. His expression was complicated as no one really knew what he was really thinking.

"Second elder, I know that you are hasty to save Yi Xingchen, but think about it for a second, Heavenly Fragrant God Grass will be difficult to obtain, but Royal Phoenix Blood Essence is impossible unless you go to the Ghost World!" The third elder said worriedly.

"Then we have to go to the Ghost World!" Yi Yuanlong said solemnly.

"You are being unreasonable right now, second elder! It's not that easy to go to the Ghost World. The channel between Heaven World and Ghost World has long been disconnected. The only way now is to go through the Mortal World, and it was no easy task!" The third elder said carefully.

The Third Elder's word was correct, but even if they could go to the Ghost World, the Phoenix Clan would demand a sky-high price for Royal Phoenix Blood Essence as it was such a rare resource! Furthermore, it was hard to trust any Spirit King cultivator as the Royal Phoenix Blood Essence was really that powerful!

"So you are saying that it was impossible to save my son?" Yi Yuanlong glared at the third elder coldly.

"I am saying we should look for another alternative! We have a lot of things to consider in order to solve this problem!" the third elder said worriedly.

"Now, listen to my word! You don't have to think of the ingredient right now!" Yi Tianyun said indifferently.

"We don't need to listen to you! You are here just to cause trouble, and even your accusation is baseless! You don't even have the qualification to talk with me!" the third elder said coldly as he was furious at Yi Tianyun's attitude.

"Shut up! How dare you talk like that to my son!" Jiao Linghe shouted angrily.

"You sly fox!" The third elder shouted, but he couldn't say another word as he was slapped by the second elder.

"Third elder, I warn you to stop causing commotion! Now, let me find a way to get the Royal Phoenix Blood Essence and the Heavenly Fragrant God Grass!" Yi Yuanlong said solemnly.

"Okay, you have gone too far, second elder! Do you think I didn't know what you have done in the past? Yi Xingchen could leave the Sealing Heaven Divine Nation because of your own doing! He was originally a bird in a cage because of his talent. But you let him go, and now you reap what you sow! You keep saying that you care about Sealing Heaven Divine Nation's future, but in reality, you are just a selfish old man!" the third elder shouted furiously.

This was the truth. Yi Xingchen was prohibited from leaving the faction because Sealing Heaven Divine Nation was afraid of losing him. It was impossible for him to leave on his own accord unless someone higher-ups let him go!

"Second Elder, you are asking for too much right now. You even help the outsider! Isn't she the one who seduced Yi Xingchen in the first place? If it weren't for her, we would have many descendants from Yi Xingchen, powerful descendants!" The Great Elder said, backing up the third elder's argument.

"So you are saying that you aren't willing to help my son?" Yi Yuanlong said in anger.

"It's not that we don't want to save him, but he had made a big mistake! We can save him, but his Blood Essence already deteriorated. He wouldn't have a great future ahead of him, anyway." The Great Elder said calmly.

"We understand that you don't want to give up your son, but it's not worth the resource! You have to get them on your own if you insist!" The third elder said indifferently.

"Okay, I understand that the third elder wants my Divine Tool. I have known it for a long time now!" Yi Yuanlong said coldly.

"It's not my desire! But you can't just use that many resources for nothing! It is impossible to give that just to get nothing in return! You know damn well that it would be a waste to use it on your son now!" The third elder said casually.

"Third Elder is right! It was a rule of the faction to use resources efficiently. You are the one who imposes that rule yourselves, aren't you?" Great elder said solemnly.

"Great! I understand now. I will trade my Divine Tool for those Royal Phoenix Blood Essence and Heavenly Fragrant God Grass!" Yi Yuanlong said coldly.

"No, you have misunderstood our point, Second Elder! The resources are worth equal to a Divine Tool. Therefore if you want both of them, you have to give us two Divine Tools!" The third elder smirked mischievously.

"That is enough!" Yi Tianyun shouted with a booming voice, attracting everyone's attention.

"How dare you interrupt our talk, you ungrateful brat!" The third elder said furiously. But the next moment, he noticed a light coming out of Yi Tianyun's eyes, and he gradually lost control over his own body.

The others were surprised as they saw that the third elder suddenly shut up and didn't move from his spot.

"It is time to end this stupid façade! It is utter nonsense, prancing around while the objective was clearly extortion! Now, let us all see the truth!" Yi Tianyun said coldly to the third elder as he controlled him with his Eyes of Charm!

Chapter 710

Yi Tianyun already noticed that the Third Elder was a scum who tried to fool the entire faction. He wasn't afraid of him as he had an unusually low cultivation base despite being an elder. But surely, it was on the highest bar of Eye of Charm's criteria at 5th Layer Spirit King Stage.

If he had a higher cultivation level, Yi Tianyun would have no other way to prove his point, but luckily that wasn't the case! Hadn't Jiao Linghe told him to stand down, he would have humiliated the third elder effortlessly.

"Are you the one who sent someone to ambush my parent in the past?" Yi Tianyun asked coldly to the third elder.

"Yes, it was me and the Great Elder's order. I send a few more experts to assist at that time." The third elder said with a dull look on his face.

Everyone was shocked to hear the third elder's confession. None of them could say anything as everything happened so fast.

"So, why did you want to kill my parents?" Yi Tianyun asked again.

"Because Yi Xingchen is a threat to our position and our power in the future. The power of Holy King will escape our grasp, and thus we sought to eliminate Yi Xingchen and his child." The third elder said, still expressionlessly.

"Third elder, what are you talking about? Snap out of it!" Great elder said furiously as he rushed towards the Third Elder. However, Yi Yuanlong stopped him before he could reach the Third Elder.

"Let him finish what he wants to say first!" Yi Yuanlong said coldly. His eyes were full of killing intent, but he was not surprised! Yi Yuanlong didn't seem to be surprised by what the Third Elder said! It seemed he had suspected that was the case for a long time, but he couldn't prove it, so he had no choice but to stay quiet.

He knew that it was impossible for Jiao Linghe to make enemies at that time as she only arrived at the Heaven World shortly. If it were indeed Jiao Linghe's enemies who chase after them, it would be in Mortal World, not the Heaven World.

As for Yi Xingchen, he had quite a lot of enemy, but no one dared to attack him as he was under the protection of Sealing Heaven Divine Nation! Attacking him meant declaring war with Sealing Heaven Divine Nation! However, what would happen if the one who attacked him were from the Sealing Heaven

Divine Nation itself? No one would be able to declare war with anyone as the truth could be buried easily.

The Great Elder was still furious, but now it was clear that he was anxious too! He wanted to stop the Third Elder from spilling the beans any further, but he couldn't go through Yi Yuanlong! They were more or less evenly matched, and if he chose to attack Yi Yuanlong, everyone would be suspicious, and the truth might be uncovered faster!

"Now, tell everyone what happened in the past." Yi Tianyun said with a smirk on his face.

The Third Elder then started to speak out. He explained the detailed story of what happened in the past and what he and the Great Elder had planned. On the other side, Jiao Linghe was losing her patience as she heard the truth coming out of the third elder's mouth. But even so, she was still confused why the third elder would tell the truth!

She realised that the third elder only responded to what Yi Tianyun asked and ignored everyone else. She now knew that her son had something to do with all this. She recalled that Yi Tianyun already told her not to worry about anything.

Not long after that, the third elder finished his story, and everyone was speechless after hearing the truth behind what happened in the past. It was clear how they felt from the disgust on everyone's face.

As Yi Tianyun snapped his fingers, the Third Elder was startled immediately and looked around with a horrified expression. "What did you do to me?" The Third Elder shouted to Yi Tianyun. "Everything that I said earlier is all lie! This man has put me under his spell to tell everyone anything that he wants!" the Third Elder shouted to make sure that everyone wouldn't take what he just said to heart.

The third elder started screaming to defend himself. Everyone turned their attention to Yi Tianyun. Was the Third Elder telling the truth? Or Yi Tianyun did manipulate the third elder to say everything.

"Do you think I'm making it up? In that case, why don't we use Soul Search on the third elder to confirm the truth? If it truly was misleading information, I am willing to give my life here and be punished in any means necessary." Yi Tianyun said indifferently.

“Soul Search? Why would someone be willing to accept that kind of thing!” the Grand Elder said worriedly.

“Well, I agree with my son! Soul Search could find any piece of memories that happened in the past! If Sealing Heaven Divine Nation really wants to find out the truth, I suggest that we have to Soul Search the third elder’s memories!” Jiao Linghe said adamantly.

Great elder and the Third Elder were pale because they knew that everything would be uncovered if someone used Soul Search on him!

“What did you say, you whore! Soul Searching? Everything happened because of you, and now you want to damage my soul too? You are a stinking greedy whore!” The third elder shouted furiously at Jiao Linghe. He would do anything to eliminate the Soul Search option here.

“Well, you have another option if you want.” Yi Tianyun said as he pulled out the Evil Spirit Divine Sword on the ground. The black energy surged from the sword to the ground, and everyone could see that it was a Divine Tool that could damage the soul!

“A Divine Tool?” The Third Elder shouted as he realized that Yi Tianyun would beat him to death to uncover the truth!
