Chapter 731

The people from other Factions immediately speculated on who was the rising genius of Sealing Heaven Divine Tool would be. However, they couldn't seem to figure it out as Yi Tianyun was never on their radar. At the same time, at the peak of Sealing Heaven Mountain, Suo Kaifeng and the rest of the Sealing Heaven Divine Nation's disciples were wondering where the Bloodline Stone Tablet took Yi Tianyun.

"Where was he teleported?" Suo Kaifeng said gloomily while looking at the sky. He was as curious as he was nervous. He wouldn't be able to stand it if Yi Tianyun was hurt or, even in the worst case, died after receiving such a blessing.

"He is incredible! He lights up all the stars!" Yi Xingchen said as he hugged Jiao Linghe excitedly.

"Yes, he's truly remarkable!" Jiao Linghe said as she tried to hide her excitement. She was afraid that she would burst into tears of joy if she let her emotion take over! She still felt a little bit guilty for taking Yi Xingchen away from Sealing Heaven Divine Nation in the past. She knew that if it were not for her, Yi Xingchen wouldn't leave Sealing Heaven Divine Nation behind, but after her son made everything right, she could breathe more easily!

She felt terrible guilt when Yi Tianyun was born as she couldn't sense the Sealing Heaven Divine King's Bloodline in him, but now, that was surely not the case!

At the same time, Yi Tianyun arrived in a unique room in an instant. He saw the vast expanse of space in front of him with nothing on it. When he looked up into the sky, he found that the continents were floating around him. When he looked back, he saw a cliff behind him, stopping him from going backwards.

"What is this place? Is this the place to receive the Ten Stars inheritance?" Yi Tianyun said curiously, but alas, he wasn't surprised by all this. When he lighted up the tenth star, he was immediately teleported by the light from the Bloodline Stone Tablet. He looked under the cliff and immediately knew that he was indeed on the tenth star that lighted up earlier as he could see the five holy mountains of Sealing Heaven Divine Nation from where he stood.

This area clearly wasn't easy to reach, and it seemed the only premise to enter this place is to light up the tenth star itself!

“But everyone was wrong. This is not a star at all! This is the ten treasure Divine Tool!” Yi Tianyun said with a slight surprise in his tone. He really thought the shining stars above the Bloodline Stone Tablet were actual stars, but it was Divine Tools all along!

The divine runes on the bloodline stone tablet earlier were peculiar, so Yi Tianyun realised that it was the Heaven Creating Divine King’s doing. But even though it was the stone tablet used by Sealing Heaven Divine King, it was completely fine for Heaven Creating Divine King to create it for him.

It was really unfortunate that the Sealing Heaven Divine King left the ten Divine Tool here unattended after losing his descendant that he loved so much. The inheritance of Sealing Heaven Divine King was unique as the power that the cultivator received was influenced by these divine tools!

Now Yi Tianyun understood why the Great Elder’s power exponentially increased when he fought against him earlier. It was all due to the power from these Divine Tools! The power that the Divine Tools granted varied according to the number of stars that the inheritor lighted up!

Because the great elder lighted up 5 stars when he received his inheritance, he gained the power of 5 divine tools!

Yi Tianyun had to admit that he was impressed by Sealing Heaven Divine King’s cunningness. With these Divine tools that he left behind, it could be said that the whole Heaven World was his playground. In order to make sure that the future generation could further develop their power well, he left behind these inheritance shenanigans!

“Well, these divine tools only work in Heaven World, it seems!” Yi Tianyun said as he looked around the flat plane. He started to walk forward to see what he could do there. But as Yi Tianyun moved several steps forward, a spirit suddenly appeared, giving him respect.

“Welcome, new owner!” The spirit said respectfully.

“Did I become the new master by lighting up the tenth star?” Yi Tianyun asked amusedly.

“Yes, the old master has stated that the cultivator who could ignite the tenth star shall become the new owner!” The tool spirit that looked like a young boy said gracefully to Yi Tianyun.

“Is the other nine would also show themselves as a tool spirit?” Yi Tianyun asked curiously.

“No, the other nine stars are also my own. The old owner wanted to create a High-Grade Divine Tool, but he failed, and thus the ten of us were born, but in the end, the ten of us are one!” the tool spirit said gracefully.

Yi Tianyun was surprised. Sealing Heaven Divine King failed to create high-grade divine tools, but instead of losing all of his materials and ingredient, he salvaged the project and created 9 low-grade Divine Tools and 1 Middle-Grade Divine Tool! Yi Tianyun knew that Sealing Heaven Divine King was a powerful Blacksmith who could even create Divine Tools to assist him in his works.

The ten Divine Tools was actually one. That fact alone made Yi Tianyun sigh as he now realised just how powerful Sealing Heaven Divine King in the past was.

“So, what else did my ancestor left behind?” Yi Tianyun asked curiously. He was a direct descendant of Sealing Heaven Divine King. Otherwise, he wouldn’t be able to come up here as he needed the trace of Sealing Heaven Divine King’s bloodline to activate the Bloodline Stone Tablet.

“For the start, in addition to becoming the new owner of this place, you have me to guide you if you need any kind of help and that you have the responsibility to protect the entire Heaven World!” The Tool Spirit said honestly.

“Protecting the Heaven World? What do you mean?” Yi Tianyun asked with a startled expression. Heaven World was a big place, and he already had his hands full with the obligation to protect Sealing Heaven Divine Nation as it was!

Chapter 732

Yi Tianyun was extremely confused as he thought he only had to protect Sealing Heaven Divine Nation, but why did Sealing Heaven Divine King want him to protect the Heaven World instead? Did it mean Yi Tianyun had to protect other Divine Nations in Heaven World as well?

“Does it mean I have to protect the Heaven World from the demon invasion?” Yi Tianyun asked as he remembered that Sealing Heaven Divine King was another Divine King who helped Heaven Creating Divine King to seal the demon.

“It seems the new master has already known about the demon monster, which saves us the time for the explanation. The old master has left the Ten Divine Tools largely to protect the Heaven World from being invaded by the demon, but he also knew that it wouldn’t suffice without any master to wield it. Thus he created the system where the person that could light up all the stars would immediately become the new master.” The Tool Spirit said emotionlessly.

“So, in order to give you a perfect understanding of this place, I shall teach you everything you need to control Ten Divine Tools to protect the entire Heaven World from the Demon Invasion!” Tool Spirit said excitedly.

“A question, can I use these Divine Tools for other things?” Yi Tianyun asked curiously.

“Yes, although its main purpose is to halt the demon invasion, as long as the invasion doesn’t take place just yet, you are free to use it as you wish.” The Tool Spirit said indifferently.

“That’s great! So, does the Mortal World and Ghost World also has the same Defensive Mechanism from the Demon Invasion?” Yi Tianyun asked once again.

“Yes, Mortal World has the Heaven Ascending Divine Altar, and it would probably be the best Divine Tool to defend against the demon. However, Heaven Ascending Divine Altar is also present in Ghost World and Heaven World.” The Tool Spirit said indifferently.

“Heaven Ascending Divine Altar on Mortal World? Why have I never heard of it?” Yi Tianyun wondered. Heaven Ascending Divine Altar that he saw in Ghost World and Heaven World was such a huge monastery-like place that would attract a huge number of cultivators.

“Heaven Ascending Divine Altar in Mortal World is underwater on Devil Cloud Island. A huge battle once took place there that resulted in Heaven Ascending Divine Altar sinking into the bottom of the sea. It was a battle right before the three Divine King successfully sealed the demon. In addition to being so powerful, Heaven Creating Divine King was also a charming leader!” The Tool Spirit said with adoring expression as it described the Heaven Creating Divine King.

“Ah, so that is why I had mixed feelings when I was there!” Yi Tianyun said as he remembered the weird vibes he got during his time on the island. If he could excavate the Heaven Ascending Divine Altar in Mortal World, he would be able to teleport between the world as he liked it.

He thought the Heaven Ascending Divine Altar only connected Heaven World and Ghost World, but as he remembered that Heaven Creating Divine King was the protector of Mortal World, he should have known that Mortal World should have Heaven Ascending Divine Altar as well!

“Is there any other Divine Tool that I need to know about?” Yi Tianyun asked.

“Yes, Mortal World has the Heavenly Rock Suppressing Ancient Tablet that suppresses the strongest demon. The Strongest demon’s cultivation is at 8th Layer Divine King stage.” The Tool Spirit answered indifferently.

Yi Tianyun immediately frowned as he heard that the strongest demon in the past was at the 8th Layer Divine King Stage! He knew that he wouldn’t be able to fight such a powerhouse in his current state, but as he knew that the seal on the demon would at least last another hundred years before it broke slightly put him at ease as he had the leeway to level up further in the meantime.

“What else did you know?” Yi Tianyun asked the tool spirit once more.

“That is basically all the Mortal World has for the defense against the Demon World. Heaven World has Ten Divine Tools and Heaven Ascending Divine Altar, while Ghost World should have something under the Heavenly Netherworld Area and also another Heaven Ascending Divine Altar. However, all I know is that you have to find the descendant of Ancient Netherworld Divine King!” the Tool Spirit said as he tried to remember everything about the other Divine Tools to defend against the demon.

“I see. I understand what I need to do later!” Yi Tianyun said as he nodded his head. His next step would be finding the descendant of the Ancient Netherworld Divine King.

“So, what else do I need to do over here in the meantime?” Yi Tianyun asked.

“For now, all you need is to do one little favour for the Ten Divine Tools! You just have to hold this Jade Pendant and repair the Inheritance Stone Tablet that everyone calls Bloodstone Stone Tablet now. As of now, the Inheritance Stone Tablet is on the verge of breaking, and it couldn’t give the intended inheritance for you.” The Tool Spirit said as it placed a small Jade Pendant on Yi Tianyun’s hand.

Yi Tianyun nodded as he realised that he could gain more Prestige Points as he repaired the Inheritance Stone Tablet. He now realised the real reason why the Sixth Elder was so adamant about not wasting the inheritance on Yi Tianyun. The Sixth Elder didn’t know that it wasn’t that the inheritance was almost depleted, but the inheritance stone tablet itself was on the verge of breaking.

“So, I have to use the Stone Tablet if I want to come here again?” Yi Tianyun asked further.

“No, you have become the new owner of this place. Thus you are free to come here as long as you will it.” The Tool Spirit said casually.

“Would it be that easy?” Yi Tianyun asked surprisedly.

“Yes!” the Tool Spirit said indifferently.

Yi Tianyun nodded before he flew down towards Sealing Heaven Mountain Peak. From now on, he had another base in Heaven World, and he could freely use it to control anyone. By controlling the Ten Divine Tools, Yi Tianyun basically controlled Heaven World!

.....

At the same time, everyone on Sealing Heaven Mountain Peak was still shocked by the event and wondered where Yi Tianyun might be. But they eventually noticed a figure was flying in the sky, slowly descending towards them.

“Look, someone is heading this way!” someone shouted loudly, directing everyone else’s attention towards the flying figure. Everyone slowly realised that the figure was Yi Tianyun, and they fell silent as they didn’t know what to say to that. Especially those who opposed Yi Tianyun in the past now realised how amazing Yi Tianyun is so much they planned to serve under him!

Yi Tianyun looked over to everyone as he landed steadily on the mountain peak, and he saw that the favourability of those who stood increased by more than a hundred! Yi Tianyun didn't expect the situation to turn out like this!

Chapter 733

Yi Tianyun felt awkward as it wasn't like he was trying to build a friendly relationship with Sealing Heaven Divine Nation, but it wasn't so bad! Sealing Heaven Divine Nation did give him a bad impression, but he knew that it shouldn't stay that way as his Father and Grandfather would be staying there.

"You have returned! What happened?" Suo Kaifeng asked curiously.

"I will tell you about it later. For now, I have to see the Inheritance Stone Tablet!" Yi Tianyun said with a smile.

"Of course!" Suo Kaifeng nodded. The disciples on Sealing Heaven Mountain Peak was disappointed by Yi Tianyun's response as they were also curious to hear Yi Tianyun's experience after he got teleported, but clearly, they wouldn't be able to hear it first-hand!

Suo Kaifeng led Yi Tianyun towards the Inheritance Stone Tablet, and Yi Tianyun felt a majestic aura coming off from it. Divine Rune was engraved around the Stone Tablet that Yi Tianyun started to notice as he came closer. There was so much crack on the stone tablet that it looked like it was already broken.

"The damage of this Inheritance Stone Tablet is quite severe!" Yi Tianyun said as he observed the Inheritance Stone Tablet from up close. It wasn't a damage from an attack and more like a crack caused by erosion as the stone itself was slowly breaking apart.

At this rate, the amount of the inheritance would get less and less in the near future and probably destroyed before the demon even broke free! The inheritance of Sealing Heaven Divine King was one of the strongest inheritance anyone could get. Still, Yi Tianyun knew that with the current state of Inheritance Stone Tablet, it wouldn't be able to give any proper inheritance!

"The Inheritance is almost depleted, and we think that the most it can give now are just ten inheritances!" Suo Kaifeng said as he sighed disappointedly. Sealing Heaven Divine Nation has given out the inheritance like water in the past as anyone with exceptional innate ability would receive one. When they realised that the inheritance stone tablet had its own limit, it was already too late!

The people that questioned Yi Tianyun's right to receive the inheritance earlier didn't say anything now as Yi Tianyun had lighted up ten stars. If there were anyone who deserved the inheritance, that would be none other than Yi Tianyun!

"Ten times?" Yi Tianyun was surprised that the amount of inheritance was far lower than what he expected, but he nodded and threw a jade pendant into the air. The pendant suddenly turned into a green light that started to fix the Inheritance Stone Tablet.

Everyone was startled by what Yi Tianyun did. They thought it was impossible to repair the Inheritance Stone Tablet, but that was no longer the case now!

"How could he repair that?" Suo Kaifeng said in shock. Yi Yuanlong beside him was also shocked to see what Yi Tianyun was doing, but he chose to stay quiet for now. The Inheritance Stone Tablet was restored to its original state in no time.

"Inheritance Stone Tablet has been fixed! Now, you can give inheritance to those who deserve it, but keep it in moderation unless you want it to be damaged like earlier!" Yi Tianyun said casually. It seems Sealing Heaven Divine King has predicted that the Inheritance Stone Tablet would be exhausted and had prepared a countermeasure to rejuvenate it.

"Thank you very much for your help! If you didn't fix it, the inheritance stone tablet would be destroyed!" Suo Kaifeng said gratefully. He always felt constrained about the Inheritance Stone Tablet, but now that it was fixed, he could be more relaxed every time he gave an inheritance to the new disciple.

"Thank you very much for your generosity, Second Elder! We are very sorry for our rude behaviour in the past!" a disciple said before bowing down to Yi Tianyun. He recognised Yi Tianyun's capability and kindness. He has never seen such a man who was willing to help even after being treated improperly. That was why Yi Tianyun's favourability in Sealing Heaven Divine Nation rose through the roof!

"Stand up! You didn't have to bow down over such a trivial matter." Yi Tianyun casually said as he waved his hands to the disciple.

"Thank you very much, Second Elder!" the disciple stood up and bowed a little bit out of respect.

Yi Yuanlong felt relieved as he thought that Yi Tianyun would have a long time to be acknowledged as one of the elders in Sealing Heaven Divine Nation as he didn't have any prestige inside Sealing Heaven Divine Nation. Thankfully, that wasn't the case.

"Now, I will get my own inheritance!" Yi Tianyun said as he reached out and touched the Inheritance Stone Tablet. The stone suddenly glowed in golden light, and he was once again teleported to somewhere else.

"What? Is he going inside the Inheritance Stone Tablet now? Did inheritance Stone Tablet have such mechanism to begin with?" the people on the scene were once again surprised by the turn of events involving Yi Tianyun. They had never seen anything like this for as long as they joined Sealing Heaven Divine Nation!

"Finally, someone worthy!" A heavy voice was heard as Yi Tianyun opened his eyes and found himself in an unfamiliar place. He saw a kind-hearted middle-aged man in front of him. Yi Tianyun was confused and looked around as he realised that he was inside a hut.

The middle-aged man smiled and slowly sat down on a chair while kindly gestured for Yi Tianyun to sit down in front of him.

"Ancestor!" Yi Tianyun said as he realised who this middle-aged man really was. He immediately kneeled down as to show his respect for the man! It was no doubt that the middle-aged man in front of him right now was the Sealing Heaven Divine King himself!

Chapter 734

"Your cultivation level is amazing! Such a young man, yet already reached 1st Layer Saint King Stage! How did you cultivate so fast? When I am about your age, I think I've only reached Spirit Core at best, but you already reached Saint King Stage! This is enchanting!" Sealing Heaven Divine King said in awe.

Many experts could be called a genius, but almost none could reach a Saint King level at Yi Tianyun's age!

"The ancestor praised me too much. I am just a little bit lucky, that's all!" Yi Tianyun said modestly.

“Luck is also one strength needed to cultivate. No one could succeed if they didn’t have luck on their side. Then again, without hard work, you wouldn’t be able to achieve success!” Sealing Heaven Divine King said with a smile on his face.

His word struck home as he relied only on his strength to overcome everything. Undeniably, he had done that with the help of the system, but it was all his effort to finish all those quests and gained all these Crazy Points to level up his cultivations and martial arts! With that in mind, Yi Tianyun only smiled at Sealing Heaven Divine King without saying anything.

“Ancestor, may I ask why you brought me here?” Yi Tianyun asked curiously.

“Yes, there is something that I need to tell you. I know that the war has not yet begun. Otherwise, I won’t be able to summon you here!” Sealing Heaven Divine King said solemnly.

“War? Is the war that the ancestor talking about have something to do with the sealed demon on Mortal World?” Yi Tianyun asked curiously. He thought about what war would be other than that, but he didn’t see anything else that mattered.

“It seems that you’re already informed about the demons. Yes, the problem started with the sealing of that demon. A long time ago, the demon suddenly popped out of nowhere and began killing people. Nobody knew the details about that creature, and we don’t have any means to communicate with it as it relentlessly attacked any living creature in its sight.” Sealing Heaven Divine King said as he waved his hands to create a phantom shadow.

“Evil Spirit Race?” Yi Tianyun said in surprise as he remembered the feature of Evil Spirit Race, which resembled the phantom shadow that Sealing Heaven Divine King created.

“Did you already know about the Evil Spirit Race?” Sealing Heaven Divine King asked surprisedly.

“Yes, they are a race that I have dealt with once in the past!” Yi Tianyun said honestly. “Did the demon’s appearance resemble the Evil Spirit Race?” Yi Tianyun asked curiously. It was a possible scenario that the Evil Spirit Race itself was the descendant of the demon!

"I am afraid that the demon race has been quietly bidding their time to dominate the three worlds. When we learn about them, the three of us Divine Kings searched every nook and cranny in the three worlds but never found anything about the demon!" Sealing Heaven Divine King said disappointedly.

"Ancestor, is there anything that you didn't tell me about?" Yi Tianyun asked curiously.

"Do you mean their possible descendants?" Sealing Heaven Divine King asked with a hint of fear and worry on his face.

"Yes! I mean, there must be a reason why you show me the Evil Spirit Race earlier. Does the phantom shadow you show me earlier resemble the demon?" Yi Tianyun asked curiously.

"I am afraid so. After the demon was sealed, the Evil Spirit Race's power suddenly manifested in several races. I am afraid the number has multiplied, but it shouldn't be that many!" Sealing Heaven Divine King said with a worried expression.

Yi Tianyun now understood why the Evil Spirit Race was constantly searching for treasures. Their real objective was to find and free their ancestor from the seal, not the treasure!

"I didn't expect the demon to have such a trick up their sleeve! The Evil Spirit Race has many appearances as they often blend with other races. Therefore it was not that unusual to see one in human appearance! We overlooked this information in the past, and now, they had clearly taken their roots in the three worlds!" Sealing Heaven Divine King said with a sad expression on his face.

"So, what is your plan, ancestor?" Yi Tianyun asked.

"For now, the best move is to obtain all the inheritance and collect lots of Divine Runes. There must be a way to weaken them somehow, and you have to find that way to win the war!" Sealing Heaven Divine King said with a solemn expression.

"But their influence isn't particularly strong, and I already killed one of them! I don't know if there are other Evil Spirit Races out there, but I don't think they would pose a problem for me right now." Yi Tianyun said as he tried to recall whether he has ever seen any other Evil Spirit Race out there. "But

more importantly, where had the three Divine Kings of the past gone to? There seemed to be no record about the whereabouts of you three.” Yi Tianyun asked curiously.

“The three of us left to find a way to break through to a stronger cultivation level or to find a better cultivation site. With the resources in these worlds, it is impossible for us to break through. It was impossible for us to defeat the demon without sealing it. Therefore our only choice is to find a way to break through and kill it once we build u enough strength!” Sealing Heaven Divine King said solemnly.

“But it was already taking too long! There is no record saying any of you has returned!” Yi Tianyun said with a frown on his face.

“I don’t really know what happened after that. I am just a trace of Sealing Heaven Divine King’s divine sense. I only have the memory of Sealing Heaven Divine King before he left Sealing Heaven Divine Nation! There is a possibility that the Divine Kings has died outside as the world outside the three worlds is uncharted, and nobody knows the danger it possesses.” Sealing Heaven Divine King said solemnly.

“Is there any other world other than the three realms?” Yi Tianyun curiously asked as this was his first time hearing kind of information.

“Of course! If your cultivation base is too low, there is no way for you to go out there. But once you reach the Divine King level, you will able to leave anytime you want. That is why the three of us choose to leave and find a better place to break through!” Sealing Heaven Divine King said solemnly.

Yi Tianyun nodded as he understood what was going on with the Divine Kings. There was another world waiting outside the three realms for those who have reached the Divine Kings, and that was where the Divine Kings had gone to. They were not dead somewhere in the three realms but instead seeking prospects in the other world. But it seemed they were stuck in some kind of problem that prevented them from coming back and dealt with the demon!

Chapter 735

“Since you let me in, you must have something else to say.” Yi Tianyun said as he changed the topic.

“Yes, the demon has to break the seal to escape, but it wouldn’t go the way it wants! Our power resides in the three realms, and as long as you use our power, the demon can be sealed once again! Now, in Heaven World, you have the Ten Divine Tools, or Star Circle, which stores my power. Once you use up all the power stored inside the Star Circle, my power would materialise and unleash the strongest attack towards the demon!” Sealing Heaven Divine King said carefully.

“Wouldn’t the Divine Tools break after such an extreme use?” Yi Tianyun asked with a frown on his face.

“Yes, you are correct, but it has to be done in order to get the most out of it!” Sealing Heaven Divine King said solemnly. Yi Tianyun nodded as he understood what Sealing Heaven Divine King was saying, but he planned to use it as a last resort! At the very least, he wouldn’t want such amazing Divine Tools to be destroyed!

“What about the other realms?” Yi Tianyun asked curiously.

“Heaven Creating Divine King’s power was stored in Heaven Ascending Divine Altar, and you can use it once you have become its master! But that doesn’t have to be the case! As long as you have a friendly term with the inheritor, I am sure that they would help you as it was the will of their Ancestor too!” Sealing Heaven Divine King said solemnly.

“Well, that shouldn’t be a problem. I already become the inheritor of Heaven Creating Divine King!” Yi Tianyun said honestly.

“Well, if that’s the case, you have to maintain the Heavenly Ascending Divine Altar cautiously! Heaven Creating Divine King didn’t leave behind as much resource as we did. If you didn’t maintain it to your earnest, it could be depleted without any means to restore it! Now, for the last part is the power of Ancient Netherworld Divine King that rests under Heavenly Netherworld!” Sealing Heaven Divine King said solemnly.

“Power of Ancient Netherworld Divine King? The tool spirit earlier said that I have to find his descendant. Is that still the case?” Yi Tianyun asked curiously.

“Yes, the power that I said earlier would have to be granted by the Ancient Netherworld Divine King’s descendant that may still rest under Heavenly Netherworld! If our power was used simultaneously, the

entire three realms would be covered by Divine Barrier, which will pressure the demon and prevent it from escaping!” Sealing Heaven Divine King said solemnly.

“It’s so powerful! Last time I check, I think the demon’s power was at the Divine King Peak stage. Are you sure the resources left behind by the three divine kings would be sufficient?” Yi Tianyun asked curiously.

“It’s fine! As long as it’s still on Divine King cultivation level, we should be able to handle it! the first time we sealed the demon, its cultivation was higher than that!” Sealing Heaven Divine King said solemnly.

“So, all I need to do now is collect the resources that the three of you left behind and activate it when the demon successfully escapes and seal it back?” Yi Tianyun asked to confirm things. It was not that he wasn’t sure about the mission right now, but their line of thoughts matched.

Sealing Heaven Divine King nodded to confirm Yi Tianyun’s word and sighed in relief. He knew that killing the demon was an impossible task. Therefore it was reassuring knowing that someone would seal the demon once again in the future!

“I know this is hard for you, Ancestor! Most people don’t even know the price you are paying to do all this.” Yi Tianyun said as he shook his head to the obliviousness of other cultivators.

“We don’t really care about it. We never really pay attention to our own reputation. After all, that is not what important for us. Can reputation shield us from the demon? No, I don’t think they would care either!” Sealing Heaven Divine King said indifferently.

“Now, I think that is enough chit-chat for today as my energy is starting to deplete! Instead, I will give you my memory, detailing things that you need to do!” Sealing Heaven Divine King said as he reached out and pulled out a strand of memory and implanted it to Yi Tianyun’s head.

Yi Tianyun absorbed the memory without resisting and got far more detailed information compared to the memory given by Heavenly Rock Suppressing Ancient Tablet! In addition, Sealing Heaven Divine King’s inheritance was also mixed in with the memory, which made it complete!

"I will leave everything in your hands, young man! I know you'll have to walk a thorny path, but I hope you find courage and willpower to pass it all!" Sealing Heaven Divine King said with a smile on his face.

Yi Tianyun nodded. He knew that he had to deal with the demon one way or another as he must protect his loved ones from the demon!

"Thank you, Ancestor! I will do the best I can!" Yi Tianyun said as he felt motivation swirling his body. He wouldn't stop at just sealing the demon as he wanted to kill it to get rid of its influences once and for all!

"Well said! Now use the knowledge that I gave earlier to find what you need. I suggest you find people to aid you." Sealing Heaven Divine King said solemnly. Yi Tianyun nodded and immediately returned to Sealing Heaven Mountain Peak once again.

"Is the Inheritance finished?" Suo Kaifeng asked curiously.

"Yes, and now it is time for me to leave!" Yi Tianyun said solemnly.

Everyone's expression suddenly changed as they heard that Yi Tianyun wanted to leave.

"Second Elder, can't you stay? We know that we have done a lot of wrongdoings in the past, but we sincerely beg for your forgiveness and stay here to led Sealing Heaven Divine Nation!" the disciple said with a sad expression on their face.

They begged for Yi Tianyun to stay as Yi Tianyun's presence was so needed that they couldn't easily let Yi Tianyun go.

Chapter 736

When Yi Tianyun was about to leave, everyone begged him to stay! They have seen what Yi Tianyun was capable of, and they couldn't just let him go if they wanted Sealing Heaven Divine Nation to prosper! The world has always respected the strong, and now that they have seen Yi Tianyun's power, their favourability increased exponentially.

“They all hope you can stay.” Suo Kaifeng said calmly, but in his mind, he was cheering for his disciple to beg Yi Tianyun to stay. Although he wanted Yi Tianyun to stay, it wasn’t for preparing war against another Divine Nation to expand Sealing Heaven Divine Nation’s territory. It was more about defence as Sealing Heaven Divine Nation was often attacked by others.

Yi Yuanlong also wanted to say something, but Jiao Linghe stopped him from doing so. She knew that if Yi Yuanlong persuaded Yi Tianyun to stay, Yi Tianyun would relent and decide to stay. Although it was a shame that her family just reunited, she knew that Yi Tianyun had another responsibility to take care of.

Shi Xueyun stood by and said nothing while smiling towards Yi Tianyun. She knew what Yi Tianyun was thinking and therefore felt no need to say anything to change it.

“I appreciate your feelings, but I still have a lot of things that I need to take care of. Not only do I have my own Faction, but we still have an impending crisis that I need to solve.” Yi Tianyun said confidently. Everyone felt dejected, and they realised that there was nothing they could say that could change Yi Tianyun’s mind.

They blamed themselves as they thought that the impression they gave earlier made it hard for Yi Tianyun to stay.

“But don’t you worry! I will rush here whenever danger is approaching!” Yi Tianyun said assuringly.

Yi Tianyun’s words were said sincerely. He still has his parents and his grandfather here. Therefore he still had an obligation to return here to look after them! The people nodded as it was the best thing that they could have right now.

Suo Kaifeng immediately took Yi Tianyun back to the great hall while the rest of the disciples had no choice but to return to their post. After Yi Tianyun arrived at the Great Hall, he explained what happened after he lighted up the tenth star! Everyone was surprised to hear that the stars in the sky that they thought was the grade for their Bloodline Level turned out to be Divine Tools all along!

But there was nothing they could do about it as the Ten Divine Tools was already set in place. Unless someone with a cultivation base above Sealing Heaven Divine King came, it wouldn’t change!

"I thought it was only the power of the Stone Tablet, but it turns out to be the power of Divine Tools!" Suo Kaifeng said as he never realised that the stars that lighted up every time someone tried to test out their bloodline level were divine tools.

"Yes, unfortunately, the situation isn't so good right now. I have to check on the situation of other Divine Tools that the three Divine Kings left behind in the past. Otherwise, we might not have the means to fight against the demon later!" Yi Tianyun said worriedly, which was followed by everyone nodding in understanding. They didn't understand how important Yi Tianyun's task before was, but now they know that the task he was handling wasn't something that a teenager should shoulder!

"My son, you have such a difficult task ahead of you." Jiao Linghe said worriedly. "If you can't stand it anymore, come here and take a rest! Mother would always comfort you and take care of you, for I don't want you to be hurt out there!" Jiao Linghe said as she hugged Yi Tianyun lovingly.

"Don't worry, mother, I am not only protecting the three realms but also my loved ones!" Yi Tianyun said as he smiled warmly towards Jiao Linghe and the rest of his family and took Shi Xueyun's hands. His goal from the beginning was to protect his loved ones, not the three realms!

"Hey, as a father, I am very sorry for unable to help you even after everything that happened, my son!" Yi Xingchen said with a sad expression on his face. He felt very upset that he wasn't there for his son in his early life, and now, he didn't even have what it took to help his son complete his task! It was all because their cultivation was too far apart right now!

"The best help that you can give me right now is to help Sealing Heaven Divine Nation and unite the power of Heaven World together! In the end, I won't be able to fight against the demon on my own!" Yi Tianyun said solemnly. In the memory that he got from Sealing Heaven Divine King, he knew that the demons would be pouring in after the sealed demon in Mortal World escaped!

"No problem, we will do everything we can! When the demons strike, we will help you fight them with everything we got!" Yi Xingchen said confidently.

"Thank you very much, father! I am sure you can do it! Now, It is time that I return to Mortal World!" Yi Tianyun said with a warm smile on his face. But when he said it, a guard rushed inside the Great Hall!

“Family Lord, there is an army coming! It seems that up to seven or eight Divine Nations have banded together and prepared to attack us! They’re right in front of our door!” the guards said nervously.

“What!” Suo Kaifeng’s complexion changed. He didn’t expect this many Divine Nation would come and attack them this sudden. “Why would they do something like this? are they out of their mind?” Suo Kaifeng said worriedly.

“I guess the news about Yi Tianyun’s bloodline test shock them and hasten their plan! They clearly have no intention to let a genius like Yi Tianyun being with us even though they didn’t know who the genius is!” Yi Yuanlong said solemnly.

“Well, it wasn’t something uncommon. They clearly have forgotten who it was that used to protect Heaven World in the past! With that said, I will be the one to destroy them. I will let them know the power and intention of our Ancestor! I will let them know who the Heaven World originally belongs to!” Yi Tianyun said with a smirk on his face. He wasn’t upset by this sudden attack. In fact, he was happy as he could develop further thanks to this attack! The opportunity to level up wasn’t something that Yi Tianyun would ever be upset about!

“I haven’t levelled up in a long time. It is time for me to take care of myself!” Yi Tianyun said to himself with a gaze full of killing intent!

Chapter 737

The one thing that Yi Tianyun hated the most is a swarm of locusts that tried to take what they weren’t supposed to! There went his trust towards the Old Ancestor of any Divine Nation as they weren’t as old as they said they were! Most of them didn’t even know about the Demon Invasion in the past!

Now, Sealing Heaven Divine Nation was surrounded by the top Divine Nations in Heaven World! Yi Tianyun knew that they should have a good inheritance of Old Ancestor since they could surpass Sealing Heaven Divine Nation in the past. It was clearly ironic seeing that their Ancestors were able to build a Divine Nation in the first place thanks to Sealing Heaven Divine King and the other two Divine Kings that managed to seal the demon before it could cause irreparable damage, but now, they were trying to attack Sealing Heaven Divine Nation!

This was a disgusting crime that had to be eradicated!

There were seven to eight Divine Nations that made their way toward him, which made Yi Tianyun happy as he would receive so many Exp and Cps. However, at the same time, he was a little bit upset that such Divine Nations failed to realise that they managed to last this long thanks to Sealing Heaven Divine King!

Yi Tianyun and Suo Kaifeng, along with a few other Elders, flew towards the gate to defend the Sealing Heaven Divine Nation, while the rest at the Mountain Peak immediately rushed towards the gate through the ground because they couldn't fly just yet! The cultivators that could fly were only the elders rank and above. None of them has reached the cultivation base that allowed them to fly aside from the elder ranks or above!

When Yi Tianyun and the others reached the gate, they were greeted by a large number of cultivators with a high cultivation base. Thankfully, Sealing Heaven Divine Nation had a great array that prevented everyone aside from the Sealing Heaven Divine Nation's elder rank and above from flying inside Sealing Heaven Divine Nation's territory!

Unless they were a cultivator of Divine King ranks, they wouldn't be able to override the Great Array's effect! However, a cultivator at Saint King stage could force their way to fly for a short distance under the Great Array's effect, but it would cause a considerable amount of pressure on themselves!

"It seems that the Divine Nations that want to crop Sealing Heaven Divine King's growth have gathered here today. I am a little bit disappointed there was this many of you!" Yi Tianyun said as he observed the horde of cultivators outside Sealing Heaven Divine Nation's gate!

Yi Tianyun realised that the Divine Nations that gathered there today have allied themselves and dispatched more than half of their men to destroy Sealing Heaven Divine Nation! It seems that they realised that they couldn't attack Sealing Heaven Divine Nation half-assedly!

"Well, no matter how much of you there is, you will become my Exp!" Yi Tianyun smirked to himself. He was frustrated earlier that he couldn't get rid of the scum, who stood behind the Great Elder and Third Elder after he killed both of them. This Divine Nation was where his parents and Grandfather would live from now on, so he couldn't weaken the Divine Nation like that, but now, it was an opportunity to gain a level!

He placed Shi Xueyun on the edge of the city wall, where the city guards were standing by, while he immediately advanced forward to hold off the invasion. The guard was shocked to see Yi Tianyun suddenly showed up, but they knew that only the elder rank or above could fly inside Sealing Heaven Divine Nation's territory! When they saw that Suo Kaifeng was following Yi Tianyun, they immediately returned to their post.

"Divine Nations people! If you come to us as a guest, I will be very happy to welcome you all, but if you come here with this many people, I couldn't help but feel a little bit agitated! So, what do you come here for?!" Suo Kaifeng asked in front of so many enemy cultivators.

Suo Kaifeng might sound calm, but he was actually worried as there were so many cultivators with a high cultivation base here that he doubted Sealing Heaven Divine Nation could fend off! Moreover, eight Divine Nations joined forces in this attack, so Suo Kaifeng knew that Sealing Heaven Divine Nation's relationship with them was over!

The case where someone provoked so many Divine Nation at the same time didn't happen that often, but now, they marched willingly towards Sealing Heaven Divine Nation's gate!

"Oh, Family Lord Suo! We came here with a simple goal in mind. We know that you have a peerless genius among you who could light up ten stars on your Bloodline Stone Tablet! We are here to celebrate with you and congratulate you for giving birth to such talent! Is it better for us to sit down together?" Turbid Divine Nation's Holy King, Shi Huotian, said emotionlessly.

"Yes, we came here just to see such genius up close! We thought that it would be such a disrespectful act not to congratulate you personally on such occasion." Heaven Buddha Divine Nation's Holy King, Heavenly Silkworm, said with a smile on his face.

Their face and words were really harmless, but once you believed what they were saying, that'd be the time that you would be brought to hell! If they really came here to congratulate Sealing Heaven Divine Nation, they wouldn't have to bring so many cultivators with them! If Sealing Heaven Divine Nation wasn't protected by a great array, they would've been destroyed by now.

"Well, if that being the case, we would have to ask the respective Divine Nation's lord to come in alone. I am sorry, but we don't have enough accommodation for so many cultivators here!" Suo Kaifeng said indifferently. He didn't really care about what they thought as he just wanted them to leave Sealing Heaven Divine Nation alone.

But Yi Tianyun shook his head as Suo Kaifeng's word sounded weak. If it were the Sealing Heaven Divine King himself, he wouldn't waste his time on words and attacked all of these people mercilessly!

Chapter 738

The Divine Nations' leaders smiled, but their smiles quickly turned into a sneer.

"Okay, now that you aren't so easy to fool, we will give you two choices! Either we destroy your Nation, or you give up all the inheritances and the genius earlier!" Heavenly Silkworm Holy King said with a sly look on his face. Other Divine Nations' leaders also had the same expression on their faces. It was clear that they have been blinded by greed!

They couldn't allow the birth of the second Sealing Heaven Divine King, who might suppress their growth, and with that in mind, they had to put off the genius as soon as possible!

"How dare you!" Suo Kaifeng said furiously. Yi Tianyun, on the side, was still observing the enemies apathetically as he already expected as much from them.

"Don't test our patience here, Lord Suo! You need to hurry up and make a choice! Don't you ever think that your gate would be able to hold us here! Even if it was difficult to break, with these many cultivators, it would be eventually broken down!" Shi Huotian said with a smirk on his face.

Shi Huotian and Heavenly Silk Worm Holy King spoke on behalf of the Divine Nation alliance because they had the strongest cultivation base out of all the alliance members. Nevertheless, the people from Sealing Heaven Divine Nation were trembling, fearing what would happen to them.

"It seems that you have been spying on us for quite some time! You have to know that we still have our hidden trump card!" Suo Kaifeng said coldly.

"Don't you know that you have become a weak old man? We are here not to kill you but to take your inheritance away. What good does the inheritance for you anyway! But afraid not, we will exchange

some Spirit Medicine and Martial Arts for them!” Heavenly Silk Worm Holy King said with a smirk on his face.

Well, all he said was true, but he wouldn’t exchange the inheritance fairly! He would just give Sealing Heaven Divine Nation low-level martial arts and ordinary medicinal pills. But already anticipated Yi Tianyun that much as he understood if the other Divine Nation just wanted to trade, they wouldn’t bring such a massive army with them!

“A group of leechers wants to take advantage of Sealing Heaven Divine Nation? I don’t know how many of you are here, but if you’re not planning to join the defence against the Demon with Sealing Heaven Divine Nation, then you can die here right now!” Yi Tianyun said as he stood up

“You damn brat! Silence yourself when your elder is speaking! Family Lord Suo, it seems you didn’t teach manners to your disciples. How can a brat interrupt us like that!” Shi Huotian said coldly.

Suo Kaifeng remained silent as he didn’t know what Yi Tianyun wanted to do here.

“I am asking you on behalf of Sealing Heaven Divine Nation here. Otherwise, you are already dead! Now, you can either return to wherever you come from or die here! You must know that your Divine Nation stands tall right now is all because of Sealing Heaven Divine King’s mercy! You are clearly unable to repay his kindness. Moreover, you tried to bite the hands that offered you help in the past! This is not a tolerable behaviour!” Yi Tianyun said coldly. It was clear that his word would affect them somehow.

Everyone looked at each other and started to laugh at Yi Tianyun. They clearly didn’t take him seriously.

“Kid, you are still too young to understand this world! What happens in the past stays in the past! We have no business with what happened in the past. All that matters is the thing we had right now!” Shi Huotian said while laughing out loud.

“Yes, you are clearly delusional, kid! If Sealing Heaven Divine King was here, sure, we will respect him and leave Sealing Heaven Divine Nation alone, but he wasn’t here right now! You guys have already fallen in rank, and we hate to say it, but you guys are the weakest Divine Nation around! And you are quite arrogant for your age! Well, if Sealing Heaven Divine Nation wants to survive here today, your life would be included on the pact!” Heavenly Silkworm Holy King said coldly.

“Well, it is no wonder Sealing Heaven Divine King said that asking to repay one’s debts wasn’t a good thin. It’s proven to be such a waste of time! Well, this is great! So, on behalf of Sealing Heaven Divine Nation, I will kill all of you without leaving anyone behind!” Yi Tianyun coldly said while starting to fly forward towards the enemy line.

“Hey, no wonder you can talk arrogantly! Apparently, you hold one of the flying tokens! Well, you’re doing us a favour as you will be killed first!” Heavenly Silkworm Holy King said as he pointed his fingers, and a cold light suddenly burst out towards Yi Tianyun. “Die, you bastard!” Heavenly Silkworm Holy King shouted excitedly.

Yi Tianyun pulled out the Evil Spirit Divine Sword as he saw the attack aimed at him and swung it towards Heavenly Silkworm Holy King, which summoned a dark light that clashed with the cold light that Heavenly Silkworm Holy King fired and overpowered it instantly, forcing its way towards Heavenly Silkworm Holy King himself!

The dark light hit him head-on, and he was cut in half, but that is not all. The dark light immediately started burning his body! Heavenly Silkworm Holy King didn’t have the time to dodge the dark light, and now, he was screaming out of pain as his body was cut in half and started burning at a terrifying speed.

Everyone was shocked as Heavenly Silkworm Holy King, who was at 6th Layer Saint King stage, was overpowered in a second!

“What?! How can a kid be so powerful?” Shi Huotian said with shock evident on his face. He might believe it if Yi Tianyun was an old man as there was a possibility that such an old cultivator was hiding his power, but for a really young kid to do such a thing? He just couldn’t believe it.

“I forgot to tell you that I am the genius that you all wanted to kill! Well, good for you that the killing is already started! So, let the killing begin!” Yi Tianyun said while setting loose a powerful killing intent!

Chapter 739

Numerous Divine Nation leaders had speculated what role Yi Tianyun played in Sealing Heaven Divine Nation, and Yi Tianyun’s word himself already confirmed it! Now, the genius of Sealing Heaven Divine

Nation that was able to light up ten stars was there in front of them! Not only that, but the boy was capable of killing Heavenly Silk Holy King with only a sword aura!

“How could this be possible?! Didn’t you only test out your Bloodline Power recently? How can you already have such monstrous cultivation?” Shi Huotian said surprisedly. In fact, all other people were also surprised as it didn’t make any sense for some boy to be able to kill Heavenly Silkworm Holy King!

But suddenly, a shriek was heard from someone asking for help! Everyone looked toward the direction of the sound, and it turned out, the Heavenly Silkworm Holy King wasn’t dead just yet! He was still burning, and the shriek turned out to be him screaming out of terror and asking for help! Several Spirit King cultivators immediately came to the rescue, but as soon as they came close to Heavenly Silkworm Holy King’s burning body, the fire immediately jumped at them!

“Ahhhhhh, get it off of me!” The Spirit King cultivators shouted in horror as the fire started to burn their clothes. But the fire wasn’t something easy to get rid of. The cultivators tried putting off the fire by rolling on the ground, quenching it with water, and any other method, but it was all useless! Eventually, they came up with the answer that the best way to get rid of the fire was to cut off the burning part itself!

But they realized this too late as their body was already burning, and now, there was no way to cut off their body to get rid of the flame! Not too long after, several Spirit King cultivators that tried to help Heavenly Silkworm Holy King was burned alive. On the other hand, the Heavenly Silkworm Holy King was still burning but still very much alive! It was not because of his high cultivation level but because Yi Tianyun deliberately let him suffer!

The other cultivators that saw the scene with their own eyes were shocked beyond belief! Several Spirit King cultivators who almost reached the Saint King expert were killed without the enemy lifting a hand!

Shi Huotian began to worry as Heavenly Silkworm Holy King was defeated in an instant with so little effort, making him shudder at the fact of what would happen to others that were clearly weaker than Heavenly Silkworm Holy King! Was his idea to get rid of Sealing Heaven Divine Nation only an illusion right now?

“You are too full of yourself, kid! How can you defeat so many people at once! You may be powerful, but you wouldn’t be able to handle all of us at once!” Shi Huotian said coldly at Yi Tianyun, “Now, charge forward my men! Kill them all without leaving anyone behind!” Shi Huotian shouted his warcry.

The Divine Nations alliance immediately roared in excitement and rushed forward while pulling out their best weapon to attack the wall and breached Sealing Heaven Divine Nation!

“Starting the Defensive Great Array!” Suo Kaifeng said with a cold expression. He was already determined to fight the invading enemies, and this was what he could do for now! The great array immediately activated, and a thick shield immediately pushed out cultivators that tried to climb up the walls. The shield exuded a powerful aura that pressured the enemies!

“We’re prepared for the shield!” Shi Huotian coldly said as he gathered the remaining Divine Nation leaders and a few dozen Saint King Cultivators and started to combine their power into one! Spiritual Power burst out on the air, and a terrifying sword aura floated on the air that rushed forward and slammed against the shield!

The hard shield immediately cracked after taking the attack of Shi Huotian’s combined force. The Sealing Heaven Divine Nation’s guards were even sent off the wall and received a couple of injuries from the impact of the attack. Suo Kaifeng gritted his teeth as he knew that at this rate, the shield would be shattered in no time!

“You indeed came prepared! It seems you have planned this for quite a while! You even have a martial arts specifically to destroy our shield!” Suo Kaifeng said with a frown on his face.

“Now, you still think that you would be safe there? Our sword would destroy your defences in a moment, and you would be killed along with your entire Divine Nation!” Shi Huotian said with a smirk on his face. His army of Spirit King cultivators was also trying their best to attack the shield, causing a lot of pressure towards Sealing Heaven Divine Nation’s people.

Many people started to panic as they saw the shield starting to crack. If the shield was broken, there was no way they could fend off the horde of enemies in front of them!

“Is this the extent of your abilities?” Yi Tianyun coldly said as he threw his looks at Shi Huotian’s attack with a bored expression.

“Look here, kid, I know that you are quite a powerful person, but in the face of so many enemies, do you think you have Sealing Heaven Divine King’s power? You might survive our attack, but Sealing Heaven Divine Nation is done for!” Shi Huotian said furiously.

All the other enemies smirked and nodded to Shi Huotian’s word! The reason they joined hands with the Divine Nation alliance was that their own Divine Nation stopped growing! They wanted to attack Sealing Heaven Divine Nation to receive new treasures for their Divine Nation to grow.

“I may not be the Sealing Heaven Divine King, but I am his descendant!” Yi Tianyun coldly said as he reached out his hands to the sky, and suddenly the ten stars shone in the sky, and a terrifying beam of light immediately engulfed the Divine Nation Alliance forces. Yi Tianyun deliberately let Shi Huotian live for now as he wanted to deal with him with his own power.

The light that shrouded the Divine Nation alliance forces immediately dissipated and left a huge hollow land with no corpse left! In the blink of an eye, Yi Tianyun has decimated more than half of the enemy forces!

Chapter 740

There was no trace left behind. Not even a scream could be heard when the light hit the ground!

‘DING!’

‘Successfully killed 1st Layer Spirit King Stage Intruder!’

‘Reward: 600 million Exp, 25.000 Cps, ...’

‘DING!’

‘Successfully killed 5th Layer Spirit King Stage Intruder!’

‘Reward: 900 million Exp, 33.000 Cps, ...’

‘DING!’

‘Successfully ...’

A large number of Spirit King Stage cultivators were killed instantly. The remaining Spirit King Stage cultivators on the battleground turned pale as they realised that they didn’t stand a chance against Yi Tianyun!

‘DING!’

‘Congratulation to Player [Yi Tianyun] for successfully breakthrough to 2nd Layer Saint King Stage.’

He finally levelled up! It was partly thanks to the eight 10X Exp Card that he got from the roulette in the past. After stacking so many Exp amplifiers, he got a total of 112X Exp for this battle! The Exp he got from killing a Spirit King cultivator wasn’t much, but as it was multiplied by 112 times, the amount of Exp he got was ridiculous.

Yi Tianyun used all of his Exp cards as he saw the number of opponents this time was too many! Fit to go all-in to grow his power once more! A lot of opponent meant a large number of Exp! With the attack from the Ten Divine Tools, he could cover a wide area and decimate them cleanly, thus increasing the effectiveness of the Exp Card!

Unfortunately, the Crazy Point that he got was abysmal to Exp as he didn’t have any Crazy Point Card for now. While he got hundreds of millions of experience points, his Crazy Points only increased by thousands.

“Well, I had to live with what I got! Killing these scums alone gave me quite a lot of exp already!” Yi Tianyun said to himself. He hated a group of greedy opportunists the most. The war against the demon hasn’t even started just yet, but these scums were already keen on killing each other like a fool. Especially the word from Heavenly Silkworm Holy King earlier when he stated that he didn’t care about the demon. Was he really alright in the head by saying that?

If Sealing Heaven Divine King were here, he would instantly kill these people without even batting an eye!

Everyone was scared of what just unfolded in front of them. A large number of Spirit King cultivators was gone, like a vapour! The Divine Nation leaders that were still standing looked at Yi Tianyun dreadfully, and they started to look up and saw that the ten stars were shining in the sky!

“What is this power? Is this the inheritance that Sealing Heaven Divine King left behind?” one of the Divine Nation leaders said in horror.

“It must be! This power is too amazing to be his own!” another Divine Nation leader said anxiously.

“That’s it! I surrender! There is no way I can win against such an overbearing power!” another said while holding his hands up. They didn’t want to die just yet, so they left behind their banners and stopped their attacks. Suo Kaifeng was also shocked as he never saw such monstrous power. Although he had the great array to use the star power himself, it was never to this extent!

“Surrender? Did you think it would be that easy?” Yi Tianyun said coldly to the Divine Nations’ leaders. They wanted to surrender to keep their lives as soon as Yi Tianyun demonstrated such an extraordinary power before them, but why would Yi Tianyun give them such mercy?

“No, stop saying nonsense! I believe that he can only launch an attack of that scale once. He is definitely scaring us to surrender! We have to stay strong and fight back!” Shi Huotian said desperately. “Moreover, he already killed many of our elders! It wasn’t something that could be forgiven! We have to avenge them as the king of a Divine Nation!”

Shi Huotian’s words were true. As a king of Divine Nation! He couldn’t just retreat like that as it would show weakness and at the same time shaming their respective Divine Nations!

But most of the Divine Nation’s leaders gave up partly because they didn’t think that they could destroy Sealing Heaven Divine Nation’s shield anymore with their current number.

“Are you certain that I can only do it once? Did you really think I would use my one-time chance just to kill a bunch of Spirit King cultivators instead of the leader? I wonder why something like that didn’t even

cross your mind!” Yi Tianyun said coldly. He didn’t care what they wanted to do as he felt like he was observing a group of ants trying to climb up into his house!

He didn’t use the full potential of the Ten Divine Tools as just a small portion of its power was enough to kill the Spirit King Cultivators. This was the power of Divine King. Those at Saint King level or below wouldn’t be able to defend against this power!

The Divine Nations leaders, who were swayed by Shi Huotian’s word earlier began to surrender once again as they believed that Yi Tianyun’s word was more believable.

“No, don’t listen to his gibberish! We have to continue attacking!” Shi Huotian tried to sway the leaders once again. He was frustrated to keep the morale of the joined forces as he was so eager to destroy Sealing Heaven Divine Nation!

“Don’t worry. It doesn’t matter whether you believe me or not! You all will die here today!” Yi Tianyun coldly said as he reached up to the sky once more, and the ten stars that shone in the sky began to flicker once again. A terrifying Spiritual Power began to condense, and this time, it was more powerful than the one before! The joined forces army began to scatter, trying to get away from the attack!

Shi Huotian was no exception, as he was the first to run with everything he got! He ran faster than anyone else despite his plea to keep attacking earlier!

“Well, you won’t be able to escape this!” Yi Tianyun said coldly. This attack that he was about to unleash covered a huge amount of ground that no matter how far Shi Huotian ran, he would still be inside the attack range!

Finally, Yi Tianyun released his attack! The light blasted the ground once more, covering the entire Saint King cultivators and the Divine Nations’ leaders!
