Chapter 751

With just one attack from Yi Tianyun, the Demon Beasts were dead, including the feared Heaven Water Beast! They looked at the dead Demon Beasts and noticed that none of them had any external injuries! But because they were still unsure of what they have seen, they thought that the Demons Beasts were still alive because the Demon Beasts floated towards the boat!

“Hey, I appreciate your kindness as it was hard to see some in this kind of time, so consider this my way to pay you back for your kindness. This many Demon Beasts should at least cover your expenses for a couple of months.” Yi Tianyun said with a smile before he flew away towards the north.

After a while, the other boat that Ling Xiang saw earlier seemed jealous as they saw so many Demon Beasts’ corpses floating around Lin Xiang’s boat. Lin Xiang himself was shocked by what just happened, but he slowly regained his senses as he realised that the Heaven Water Beast was at least at 4th Layer Core Transformation, and the young man that he saved earlier was obviously far more powerful than that!

“He must be a Core Transformation Expert!” Qian Lang worriedly said as he looked at Lin Xiang.

“I think he’s even stronger than that! It won’t be surprised if he turns out to be a Void Spirit Expert!” Lin Xiang said in awe. It couldn’t be helped if none of them knew that Yi Tianyun was at Saint King Stage, because such level of cultivation was unheard of in Mortal World.

“Void Spirit Stage cultivation?” Qian Lang said while sweating profusely. “I am just suspecting him as he was really suspicious, you know.” Qian Lang said worriedly. He was afraid that Yi Tianyun would pay him back for his rude attitude earlier. It was common to find someone dead after disrespecting someone a lot stronger than themselves!

“It’s a mistake on your part indeed, but don’t worry! If you really angered him earlier, you would’ve died by now!” Lin Xiang said while shaking his head. “He was honest all this time, but you are just too paranoid to believe his story. Use this opportunity to learn that not everyone is as bad as you think!” Lin Xiang said confidently.

“We are lucky that the person earlier didn’t mind your attitude and still rewards us over something that was common knowledge in the island now. But that aside, we have to haul these Demon Beasts’ bodies

and preserve them however we can! The body wasn't damaged, so it should fetch a high price later!" Lin Xiang said as he quickly ordered the last two of his crewmates to work.

At the same time, Yi Tianyun already flew towards the north at a very fast speed. He searched the seabed with his Appraisal Eye at the same time, not overlooking any detail! Even after knowing that the Heaven Ascending Divine Palace was being dragged towards the north, he couldn't seem to find it! There was a high chance that he had to buy another Soul Guide to finish this quest if he couldn't find it around the vicinity!

But after searching this way for more than a day, he still couldn't find any trace about the palace, which made him really confused! He has flown hundreds of miles away from Devil Clouds island and still couldn't find any sign of the palace. He began to wonder just how far the Demon Beast could drag the huge palace?

"This is so weird! Where is it?" Yi Tianyun frowned and activated his Lucky Aura as he thought that luck might allow him to find any clue! He immediately pulled out a sword from his inventory and threw it to the sea to see where it would point to.

Sure enough, the sword fell and pointed towards the north, which proved that he was going the right way.

"It seems that I have to keep going!" Yi Tianyun shook his head and continued his fly towards the north. As he was about to turn off the Lucky Aura, suddenly a figure appeared from the water and splashed down right in front of Yi Tianyun!

At first, he was startled that a beautiful woman appeared out of nowhere in front of him, but as he looked closely, he noticed that the woman was half fish! She might have the most attractive appearance out of the woman Yi Tianyun has met before, but she had a fish tail as a leg!

"Sea Monster?" Yi Tianyun frowned. He didn't expect to encounter them, but it seemed the Lucky Aura made the unlikely encounter possible!

"You are a man! Human race's man!" The mermaid said as she twisted her body to make herself more intimidating. But right after, a huge Demon Beast suddenly rushed out from below, trying to swallow her whole.

Now, Yi Tianyun realised that the mermaid's sudden appearance earlier was her trying to escape this huge Demon Beast! "Die!" Yi Tianyun said as he waved his hands towards the Demon Beast, and it suddenly floated lifeless in the surface of the sea.

The mermaid was shocked to see the huge demon beast was easily killed by the young human in front of her. She even forgot that she was still too close to that human!

"It's dead!" the mermaid said in shock. She turned towards Yi Tianyun and smiled, but from Yi Tianyun's perspective, this mermaid's smile was like that of a predator, and he didn't like it!

"I already saved you. Shouldn't you repay me for that?" Yi Tianyun said as he stepped back a little bit from the mermaid.

"You can't do that to me, Human!" The mermaid said as she covered her breast from Yi Tianyun's view.

Yi Tianyun frowned as he only wanted some information, but the mermaid seemed to get the wrong idea!

Chapter 752

Yi Tianyun couldn't lie and said that the Mermaid wasn't tempting at all, but honestly, the fish part is a little bit off-putting. Besides, he still had Shi Xueyun that loved him with all her heart. He could say that Shi Xueyun was more beautiful than the Mermaid as he truly felt that way.

"You think too much about the situation! Do you think I am that kind of person?" Yi Tianyun said as he lowered himself to the sea.

"You are all the same! You took us and sell us to play around later!" the mermaid lady said with vigilance. "I will never trust a human!" She said coldly.

"Well, but I saved you earlier! Is it not a courtesy to thank your saviour?" Yi Tianyun said casually.

“It shouldn’t be like this!” The Mermaid frowned as she looked down in shame. Yi Tianyun laughed as he was amused by the Mermaid’s reaction. He thought that the Mermaid would be stubborn, but that didn’t seem to be the case.

“Well, let’s forget about it for now! I just want some information from you and let’s call it even! There is no need to feel indebted to me after that!” Yi Tianyun said honestly.

“Really? What is it, human? You didn’t look like a bad guy, so I will let it slide for now!” The Mermaid said excitedly. Yi Tianyun’s happy smiley face made her a little bit comfortable as she didn’t see the need to be on guard in front of Yi Tianyun. “Start asking your question, human!” the Mermaid said excitedly as her debt to Yi Tianyun for saving her life would disappear after answering some questions.

“For starters, did you know where the sea monster dragged a palace around here?” Yi Tianyun asked.

“Sea monster with a huge palace? You mean Scarlet Monster Clan? They are a very ferocious clan! They will assault you if you wander around them!” the Mermaid said solemnly.

“Great, so you really know about them?” Yi Tianyun was in high spirits and asked her many questions immediately. It seemed the mermaid race wasn’t the same as this Scarlet Monster Clan.

“But they are very dangerous! You shouldn’t approach them carelessly! They have a sea monster king protecting their palace, and it is a powerful creature! Any other creature that tried to get close to their palace was caught and killed almost immediately!” the Mermaid said worriedly.

“It’s fine. I only want to find them. But did you know how did they move the palace in the first place?” Yi Tianyun asked curiously.

“I am not sure, but I heard that a group of red demons moved that palace!” the Mermaid said honestly. Yi Tianyun nodded his head thoughtfully. Yi Tianyun now knew that the Scarlet Monster Clan was the strongest clan in the sea, and no one dared to lay a hand on them.

“Do you know around which parts did they live in?” Yi Tianyun asked curiously.

“Are you serious? Are you seriously going? It’s too dangerous, I tell you! You can die there, you know!” The Mermaid said with a frown on her face.

“You don’t have to worry about it. I want to get something back that I need from them!” Yi Tianyun said with a light smile on his face to reassure the Mermaid that he’d be fine!

“No! if you are harmed in any way, I won’t be able to repay you!” the Mermaid determinedly said as she refused to tell Yi Tianyun where the Scarlet Demon lived.

“Well, one way or another, I will find them as I really need something from them! You won’t be able to stop me in either way.” Yi Tianyun said as he frowned at the Mermaid’s stubbornness.

“Are you serious right now?” the Mermaid wondered.

“Yes, I am being serious right now! they took something that doesn’t belong to them, and I am here to get it back!” Yi Tianyun said confidently.

Yi Tianyun has never seen Scarlet Monster Clan before. However, if they really took Heaven Ascending Divine Altar from its former location, that meant they had become Yi Tianyun’s enemy! After all, he needed the palace to fight against the Demon!

“Well, if you really insist, I will guide you there myself!” the Mermaid said confidently.

“Are you sure? The direction alone is fine since you are convinced that it would be dangerous to come close to their palace!” Yi Tianyun wondered as he was a little bit surprised that the Mermaid would help him.

“Yes! If you are strong enough to fight them, I want to see it with my own eyes! They killed my parents! Therefore, they are my enemies too! They also took my sister away. I haven’t heard from them for a long time now!” the Mermaid said coldly.

“If that being the case, I would help you get your revenge!” Yi Tianyun said casually with a smile on his face.

“Then come with me! I will absolutely take you to their nest! Without a proper guide, it would be impossible for you to get there by yourself!” The Mermaid said confidently.

“Let’s go! we don’t have to waste our time any longer!” Yi Tianyun said excitedly.

The Mermaid immediately swam under the sea while Yi Tianyun followed her closely behind, but the Mermaid turned around and put a bubble on Yi Tianyun’s head before they could go far. “This is to help you breathe underwater! I know that the human race has trouble breathing underwater! Now, take my hand. I should be faster than you underwater. Here, take my hand!” the Mermaid said as she stretched her hand for Yi Tianyun to take.

Yi Tianyun smiled as he realised that the Mermaid was actually a considerate person. However, she failed to notice that Yi Tianyun didn’t really have any trouble breathing underwater and it was not like he became slower underwater either!

But he didn’t need to tell her that now!

Chapter 753

“What’s wrong?” the mermaid asked Yi Tianyun.

“It’s nothing. I just think of something funny. But are you from Mermaid Clan?” Yi Tianyun asked curiously.

“Yes, I am from Mermaid Clan! People from my clan are very kind and often helped each other!” The mermaid smiled beautifully. Her long blue hair was swept beautifully by the water. Clearly, she was the flower of the sea.

“Lead the way! but don’t worry about me. I won’t lose you no matter how fast you are.” Yi Tianyun said with a smile on his face.

“Are you sure? I don’t believe you! Your speed underwater should be slower than ours!” The mermaid said with a pout on her face.

“Trust me. I can keep up!” Yi Tianyun said playfully.

“Well, let’s make a bet! If you can keep up with me, I will treat you to a delicious meal!” the mermaid said with eyes full of confidence.

“You’re on! Then the rules are yours to set. No matter how far it is, I won’t lose to you!” Yi Tianyun said confidently.

“It’s supposed to be around ten miles from here! You will lose if you’re apart ten feet or more from me. How about that?” the mermaid asked challengingly.

“Ten miles? It’s that far? I thought it would just be a mile away! But you don’t have to mind me that much. If it’s that far, I can possibly outswim you!” Yi Tianyun said playfully.

“Are you a powerful cultivator? I have heard that human was quite powerful. If you are really that powerful, I may be in trouble! But if you win, the delicious food is yours! I hope you are really able to keep up, now, let’s go!” the mermaid said with a smile on her face.

She immediately turned around and started to swim like a bullet. The water didn’t seem to cause so much of a resistance as she swam. In the blink of an eye, the mermaid has swum a hundred feet away. No wonder she was so confident that she would come out on top!

Her cultivation was at the 5th Layer Core Condensation stage, but her swimming speed was far faster than that! Even then, she wasn’t serious just yet! Yi Tianyun knew that she was really fast at the very beginning of the race! Nonetheless, Yi Tianyun still kept up with her.

“You sure are fast!” The mermaid said as she looked behind her. She thought that she would leave the human in the dust, but that didn’t seem to be the case!

“I am quite fast! But I know that you are holding back. You know that I won’t fall behind in speed now, so why don’t we go a little bit faster?” Yi Tianyun said playfully.

“Well, you said it now! Don’t blame me if you get lost out here! But remember, if you lose sight of me, don’t move! I will come back for you!” the mermaid said while winking her eyes playfully before she sped off in a straight line.

This time, she was far faster than before. Her speed was so fast that a Spirit Core cultivator would have a hard time catching up to her. Again, Yi Tianyun knew why she was so confident before! It was clear that a normal human cultivator wouldn’t be able to catch up to her.

This time, she didn’t look back as she kept getting faster and faster! She rushed out towards the distance without a care. It looks like that she really wanted to win!

“It’s over now, isn’t it? I swam too fast. I must’ve shaken him off for sure now!” the mermaid said to herself as she turned around to look for Yi Tianyun, but to her surprise, Yi Tianyun was right behind her!

“You’re pretty fast!” Yi Tianyun said casually.

“Wha.. how?” the mermaid asked confusedly. “How can you keep up with me? That is my ultimate speed! Even if you are Human Race’s expert, you shouldn’t be able to keep up with me!” the mermaid said confusedly. But she knew that it was her loss!

“You are talking about an average expert, but I am not an average expert!” Yi Tianyun said casually. It was quite good to exercise like this once in a while as it would distract him from the problem in the future, but he was fine now as they could arrive at his target location quicker!

“Well, I lost for now!” the mermaid said in frustration. She didn’t expect Yi Tianyun would be so fast that he could easily keep up with her.

“Stop thinking about it! it wasn’t the end of the world, but is it the end of the trip now?” Yi Tianyun asked curiously.

“It is the end of the trip now. We would continue tomorrow. I have a place to stay around here for tonight!” the mermaid said with a pout on her face.

Yi Tianyun smiled. Since she was lost, she didn't say much and quickly returned to her house. The next day, she quickly led Yi Tianyun to Scarlet Monster Clan's area!

They were talking the entire way casually. He learned that the mermaid's name was Lan Qingling. She used to live in the sea area near Devil Cloud Island, but because of Scarlet Monster Clan, she and her people had no choice but to change location.

Scarlet Monster Clan recently caught a lot of sea monsters or any other race that they could lay their hands on. And that was the biggest reason that Lan Qingling and her people tried to get away from Scarlet Monster Clan, as they didn't want to be taken away!

Chapter 754

"This place was my home once, so there are quite a lot of us that remain here. Be sure not to let anyone see you, or they will definitely attack you on the spot!" Lan Qingling said worriedly.

"Don't worry! As long as I hide, no one would be able to find me!" Yi Tianyun said casually. "Well, if that's the case, I will go ahead and fetch something. Just stay here for a while!" Lan Qingling said before she swam forward, leaving Yi Tianyun behind.

Yi Tianyun was very surprised at first after knowing that the Mermaid Clan lived inside a Huge Sea Whale. It was a mutual symbiosis, too, as he learned from Lan Qingling that the Sea Whale would provide a place for them to live and shelter, and in exchange, the Mermaid clan would provide security for the Whale in case some Demon Beast threatened its life!

This could be achieved as the Huge Sea Whale could easily provide enough space to accommodate thousands of people! The area also provided a good cover as it was full of seaweed that kept them hidden from the Scarlet Monster Clan that hunt them down.

"Mermaid Clan is certainly interesting!" Yi Tianyun said as he observed his surrounding. He saw that several Male Mermaids were holding weapons and patrolling along the ridges. When Lan Qingling went past them, they just nodded towards her and continued their patrol without uttering even a single word!

Yi Tianyun tried to observe the Whale and noticed that the Whale was at Core Transformation Stage Peak. Obviously, if the Whale were only a shelter, it would become a powerful meat shield against any intruders!

But as he observed closely, he noticed that there was no Void Spirit Expert among the Mermaid Clan. Meaning if someone at Void Spirit Stage or higher attacked this place, they wouldn't be able to defend themselves since the Whale wouldn't be able to become a meat shield against a Void Spirit Expert!

"I don't know what she was taking, but I guess I will just wait here for a while." Yi Tianyun said as he lay on the seaweed. After an hour, Yi Tianyun was getting bored as he thought that taking something wouldn't be this long. Nevertheless, Yi Tianyun trusted Lan Qingling, and as he noticed that the Mermaid Clan's base was quite hidden, it wouldn't be a wonder if the Scarlet Monster Clan would be more hidden than this!

But suddenly, Yi Tianyun noticed a movement in front of him, and when he looked at it, he noticed that many mermaids immediately goes inside the Whale and that the Whale was beginning to move. It was obvious that something that Yi Tianyun wasn't aware of was happening.

"Were they startled by something?" Yi Tianyun wondered, but at the same time, he saw Lan Qingling swam out towards him.

"Big Brother Yi!" She shouted nearby.

"I am here! What is the situation over there?" Yi Tianyun said as he emerged from the seaweed and asked Lan Qingling curiously.

"Just come over! Scarlet Monster Clan is nearby, and they're chasing several mermaids. We have to evacuate from this place!" Lan Qingling worriedly said before grabbing Yi Tianyun's hand and dragged him towards the Huge Sea Whale.

"Wait, aren't you worried about me being discovered by your race earlier?" Yi Tianyun asked curiously.

"It is better than letting you out there! You will be discovered by the Scarlet Monster Clan and died out there!" Lan Qingling worriedly said as she took Yi Tianyun inside the Huge Sea Whale.

Soon they entered a place where there was no water before a voice appeared near them. “Princess, where have you been? You know that Scarlet Monster Clan was hunting us, right? Yet you still go out there! Wait, is that a human race?” the voice said curiously.

Several guards suddenly appeared and brandished their weapons towards Yi Tianyun with a vigilant look on their faces.

Yi Tianyun observed these guards and noticed that they were around the 5th Layer Core Transformation Stage. If they were in a normal faction, these guards should be around Elder Rank. However, Yi Tianyun was quite surprised that Lan Qingling turned out to be the princess of the mermaid clan!

“Grandpa Bo, don’t worry! He is not a bad person. He has saved me from Demon Beast earlier!” Lan Qingling said as she got in between Yi Tianyun and the guards that pointed their weapons toward him.

“Saved you? It doesn’t matter! He still shouldn’t be here!” Grandpa Bo said with a frown on his face. While Lan Qingling might trust Yi Tianyun, the same couldn’t be said for the rest of the mermaid clan. Obviously, this was their first time meeting Yi Tianyun, and it would be a stretch for him to be trusted that fast!

“No! don’t you hear me! He already saved my life, and this is how you repay him? he isn’t a bad person!” Lan Qingling angrily said before telling Grandpa Bo what has happened to her earlier and what Yi Tianyun’s objective was.

“Well, if that’s the case, then Mermaid Clan is glad to have you here! We will not do you any harm!” Grandpa Bo said casually, but it was obvious that he still kept up his guard around him. It wasn’t easy to trust a stranger, but he had to relent to Lan Qingling’s request as he knew how stubborn Lan Qingling could be.

“Well, come with me now, Big Brother Yi!” Lan Qingling said with a smile on her face and dragged Yi Tianyun inside.

Just as he passed Grandpa Bo and the guards, Yi Tianyun noticed that they kept their vigilant and observe Yi Tianyun from afar. However, it didn’t concern Yi Tianyun at all as he knew that it was just a precaution to protect their Clan!

Chapter 755

“Thank you very much for saving the princess!” Elder Bo said as he looked Yi Tianyun up and down to observe Yi Tianyun, but he didn’t see anything suspicious about him. The one thing that he noticed was that Yi Tianyun’s cultivation is so much better than him.

“It’s nothing. I just happened to be around, so I saved her. But I didn’t think that she is a princess at that time.” Yi Tianyun said as he shook his head with a smile on his face. It couldn’t be helped that Yi Tianyun arrived at this conclusion as Lan Qiangling didn’t even have a single bodyguard with her.

“I went to Water Jade Grass to cure the wound that I got!” Lan Qingling said flusteredly.

“You know that the situation is dire, right? Scarlet Monster Clan has been chasing us for a while now! if you are somehow captured, we will be in big trouble!” Elder Bo said with a sigh. At the same time, Yi Tianyun could tell that the Huge Sea Whale was going down on the sea, but he didn’t know where it would go to shake off the Scarlet Monster Clan that was chasing them.

Yi Tianyun squinted his eyes at Elder Bo as it was obvious that Elder Bo didn’t know about Lan Qingling’s injuries. It should be obvious that someone with status as high as a princess to be well-tended, and it went without saying that he should’ve known about the slightest of injuries she sustained. Yi Tianyun was also aware that Elder Bo was slightly cautious of Yi Tianyun after Lan Qingling told them that she got out to cure her wound. It was clear that he didn’t want Yi Tianyun to talk about this matter to anybody.

But apparently, Lan Qingling was completely oblivious to all this.

“I just want to get out and do something! I am hurt, and fortunately, I can help myself! That would get me in trouble probably, but I was bored!” Lan Qingling said as she pouted with a sad expression on her face. Elder Bo felt a little uncomfortable as the princess’ word was hard to refute.

Yi Tianyun couldn’t help but smile as he knew that Lan Qingling’s words were simple yet effective. “Are you hurt in any way?” Yi Tianyun asked with a smile on his face to Lan Qingling. At the same time, Elder Bo sighed as he knew that he couldn’t do anything now.

“Yes, I was hurt earlier by the Scarlet Monster Clan! They hurt me pretty bad, and that is why I need the Water Jade Grass, but just my luck, I couldn’t find it anywhere out there!” Lan Qingling said with a frown on her face. The Water Jade Grass was another medicinal grass with the same effect as Spirit Grass, but it belonged to 4th Grade Spiritual Medicine, and it only grew on the sea.

“I am sorry, young man! but I hope that you can keep this between us!” Elder Bo said out front as he could no longer be subtle about it.

“Don’t worry, Elder Bo! I wouldn’t say it to any soul!” Yi Tianyun said with a nod.

“Now, after we shake off the Scarlet Monster Clan, you should be able to escape easily! I suggest you leave once we do as the situation here was dangerous for a human!” Elder Bo said solemnly.

“It doesn’t really matter. If by any chance you fail to escape, I can deal with the Scarlet Monster Clan on my own!” Yi Tianyun said indifferently.

Elder Bo immediately frowned as he didn’t like the arrogant tone coming out of the human’s mouth. He couldn’t believe the human as a mere human claimed that he could do what the Scarlet Monster Race couldn’t?

“Princess, I am afraid you brought a braggart and a liar here with you! His word is full of nonsense!” a voice said from the side, startling Lan Qingling and Elder Bo. Yi Tianyun looked at the voice, and it was a young mermaid man. Yi Tianyun noticed that the young man was the one that stared at him earlier when they got inside the Whale.

“Hai Xiaopang! What are you saying? Big Brother Yi is not a liar! He really has the power to do so! He saved me from a Dragon Sea Beast with one attack! If he weren’t there at that time, I would be badly injured if not killed!” Lan Qingling angrily said as she stood in front between Yi Tianyun and the young man.

“Only defeating a Dragon Sea Beast? You know that the Scarlet Monster Race is a lot stronger than that. The Queen herself couldn’t even deal with the Scarlet Monster Race, and there he was, a mere human claiming capable of defeating the Scarlet Monster Race? It already sounds like a lie!” Hai Xiaopang said in boredom.

Yi Tianyun listened as the young man kept going, and it was the same as Elder Bo earlier. "Do you like the princess?" Yi Tianyun asked an irrelevant question instead of getting mad at the young man's word.

The young man was instantly dumbfounded by Yi Tianyun's question, and he couldn't hide his flushed face. "Are you messing with me! I don't!" Hai Xiaopang shouted as he took a step back while glancing towards Lan Qingling. Elder Bo and Lan Qingling noticed Hai Xiaopang's gesture and sighed profusely.

"I am sorry, Hai Xiaopang. You may like me, but I don't see you that way!" Lan Qingling said with a look full of pity.

Hai Xiaopang's turned glum, and his complexion suddenly turned pale. He was rejected before he could even confess properly! Yi Tianyun himself felt pity for the guy as he knew how badly hurt the young man must be.

"I, I am leaving!" Hai Xiaopang said as he turned towards the exit abruptly and ran away.

"Poor guy... You're being too blunt, Princess!" Yi Tianyun said with disapproval clear on his face.

"If I can't even say what's on my mind, how can I stand against my enemy in the future?" Lan Qingling said confidently.

"Well, back to the matter at hand. Where are you injured? I can help heal you! Since none of your people believe that I can deal with Scarlet Monster Race, why don't I heal you instead?" Yi Tianyun said casually.

Chapter 756

"Big Brother Yi, how do you plan to heal me? There is no Water Jade Grass here!" Lan Qingling said confusedly.

"Water Jade Grass isn't always necessary." Yi Tianyun said confidently. He didn't need Water Jade Grass to heal as he could just rely on his Spiritual Power to heal Lan Qingling.

"Really? Then I'll take you up on your offer!" Lan Qingling said excitedly.

“Princess, wait!” Elder Bo said as he stepped in front of Lan Qingling. He was worried that Yi Tianyun was going to harm her instead of healing her,! Moreover, Lan Qingling’s trusting nature was a little bit worrisome.

“What’s wrong, Elder Bo? Big Brother Yi has the ability to heal, so why can’t he?” Lan Qingling said curiously.

“We have to know for sure that he can do it!” Elder Bo said to Lan Qingling before shifting his attention towards Yi Tianyun. “Are you sure you can heal anything? You don’t even know what her injuries might be!” Elder Bo said with a frown on his face. He still felt that Yi Tianyun was all talk. He might be a spy that Scarlet Monster Clan sent to monitor their movement and whereabouts too!

“No problem, normally Water Jade Grass was used on an injury that cut deep into the bone that easily shattered them. In the mermaid clan’s case, I think the injury is right around your tail, is it not?” Yi Tianyun said indifferently.

“How do you know all that?” Elder Bo said in shock.

“It’s not that difficult to figure out. That is just the kind of injury that needs Water Jade Grass treatment. But for me, I don’t need Water Jade Grass!” Yi Tianyun said confidently. He was telling the truth. Guessing the injury wasn’t that hard when you know the medicine they wanted to use, but that wasn’t all! Yi Tianyun knew that this type of injury could make it hard to move, so the one having this injury may not be Lan Qingling, but probably the queen or the king of Mermaid Clan!

Elder Bo still frowned silently. He didn’t know whether to believe Yi Tianyun or not.

“Granpa Bo, Big Brother Yi said that he could heal the injury. What else are you worried about now?” Lan Qingling said curiously.

“Princess, why do you believe him? he is a human race! You know that Human has kidnapped our people in the past! We’ll be in trouble if he does something awful to the queen later! You have to think carefully about this!” a guard beside Elder Bo suddenly said as they too felt the same about Yi Tianyun. They couldn’t bring themselves to trust Yi Tianyun just yet, but Yi Tianyun now knew for sure that it was the queen instead of Lan Qingling.

"If you ask me why I believe in him, then the answer is simple! Because Big Brother Yi is an honest person. He never told any lie!" Lan Qingling said almost immediately.

The people in the room were a little bit startled by Lan Qingling's answer that they couldn't say a back a word. But Yi Tianyun himself was surprised as Lan Qingling sounded like she could see through lies.

"Princess Lan, thank you for believing me." Yi Tianyun said as he held Lan Qingling's hand and kissed it.

"Princess, don't be ridiculous! Even if we have the Water Jade Grass, it's still hard to heal the injury!" Elder Bo said worriedly.

"Grandpa Bo! As the next Empress, I order you to let him heal the queen! I believe he can heal the queen, and he won't lie about it!" Lan Qingling said as she squinted her eyes towards Elder Bo. Her demeanour changed almost immediately. Now her attitude was that of a queen, instead of a playful girl.

Elder Bo and the guards' expression turned stiff as they didn't expect Lan Qingling to exert such pressure.

"Alright! But if he does anything funny, the Mermaid Clan would kill him!" Elder Bo said coldly.

"That's big words coming from you, but do you think your queen can wait any longer? To be honest, I don't care that much about the queen's health, but it is the least I can do for your princess! Otherwise, I won't do a thing!" Yi Tianyun said indifferently.

Elder Bo was startled by Yi Tianyun's word, but there was nothing he could say to that, so he gave up and led the way towards the Royal Domain. They soon arrived there, and Yi Tianyun looked around, but the room didn't scream royalty at all. It was probably because they were inside the Huge Sea Whale.

"Come on!" Lan Qingling said as she opened the crystal curtain and walked before Yi Tianyun and Elder Bo. When Yi Tianyun entered the room, he felt a chilling cold shrouding the area.

"I brought someone to heal you." Lan Qingling said as she stood in front of a huge shell. Yi Tianyun used his Appraisal Eye and saw that lying inside the shell was a beautiful woman, no older than 30 with cultivation at 8th Layer Void Spirit stage. He also noticed that the woman was weak now as her tail looked frozen as the ice seemed to cover up the injuries.

"A human?" the queen said as she saw Yi Tianyun. Her killing intent suddenly spiked as she glared at Yi Tianyun. It was clear that even if she were weak right now, it wouldn't deter her will to fight.

"He is not a bad person. He saved me earlier!" Lan Qingling said confidently. Her words eased the queen's killing intent, but her eyes were still full of doubts.

"So, where is the Water Jade Grass? Or did he plan to heal me without it?" The queen wondered.

"Yes, I don't need it to heal you! I don't even need to touch you to heal you!" Yi Tianyun said casually.

Chapter 757

"What? you don't need to touch me to heal me?" The queen asked confusedly. "Human, do you really understand what kind of injury did I suffer? How can you heal me without touching me? Not to mention you didn't even have the Water Jade Grass!" The queen said, bewildered by Yi Tianyun's remark.

"I know that your tail was injured and continuously damaged by some a flame, so you use the mysterious ice to wrap your leg so that the flames wouldn't spread. From that alone, I know that the flame has to be Evil Fire!" Yi Tianyun said casually.

"That is certainly accurate! But how do you plan to heal me without even touching me?" The queen asked curiously.

"I won't have to touch you, but yes! It'd be more effective if I make contact. But I believe that Mermaid Clan wouldn't be fond of me touching their queen. In fact, your guard wasn't keen on letting me in either!" Yi Tianyun casually said while glancing at the group of guards that still had their hands on their weapons and as they closely observed what Yi Tianyun planned to do.

"Big Brother Yi won't harm you. I believe his words!" Lan Qingling said confidently at the side.

“Qingling, you are too easy to trust others!” The queen said as she flicked Lan Qingling’s forehead.

“No! I know when someone is telling the truth or lying! Did you ever see me being deceived in the past?” Lan Qingling said with a grin on her face.

“That’s true, but you always interact with our people, and since you’re a princess, they had no choice but to tell you the truth!” the queen said to Lan Qingling before turning her attention back to Yi Tianyun. “If you can really heal me, our Clan will be indebted to you in the future. I apologize in my men’s place for our attitude this far, and we will consider you a friend of the Mermaid Clan forever!” The queen said casually.

Yi Tianyun nodded as he already understood the fear that the Mermaid Clan harbored towards humans. “Thanks for the suggestion, but I don’t need any of that as I just want to go to the Scarlet Monster Clan’s palace to get what was stolen from me. So just leading the way towards their palace will do. With that being said, when should I start?” Yi Tianyun said casually.

“Scarlet Monster Clan’s Palace? Well, I won’t pry now, and you can start now if you want.” The queen said as she realised something but refrained from asking Yi Tianyun about it.

“Alright!” Yi Tianyun said as he immediately equipped the Longevity Necklace. This necklace would increase the recovery rate and granted him the ability to heal without needing any Spirit Medicine. This necklace was one of the Eternal Sets!

Once Yi Tianyun equipped this item, he would be able to heal everyone as long as the injury wasn’t too severe! Immediately after wearing the necklace, Yi Tianyun released a strong wave of Life Energy that surprised everyone in the room.

“It has begun!” Yi Tianyun said as he reached his arm towards the Queen and a green Spiritual Energy flowed towards her slowly. Once the green Spiritual Energy wrapped her slowly, her recovery speed immediately sped up, and her tail was healing on its own.

The recovery speed was incredible as the power of a Saint King stage cultivator hastened the recovery process. The queen herself could tell that her body was starting to recover, but that was not the only thing that happened! The Evil Fire that infected her body was extinguished without any trace!

“You may come over and touch me to heal me more efficiently!” The queen said as she grew confident that Yi Tianyun would be able to speed up the healing process. Elder Bo was shocked to see that the queen really began to recover from her wounds.

“Told you Big Brother Yi would definitely heal her like he said he would!” Lan Qingling said towards Elder Bo tauntingly. Elder Bo was embarrassed as he already behaved rudely towards the saviour of their queen.

“Pardon me for my rudeness.” Yi Tianyun said as he walked towards the queen and held her hands. The ice that wrapped the queen’s tail immediately dissolved into powder, revealing the badly injured tail.

As soon as she saw her own tail, the queen’s smile disappeared, and her eyes became red like she was about to cry. Yi Tianyun just smiled and reached out towards her tail. The queen didn’t say anything, but it was evident that she was uncomfortable as she was embarrassed for her badly injured tail, but she knew that she had to leave it to Yi Tianyun if she wanted her tail healed.

Yi Tianyun didn’t say anything as he began using the power of Longevity Necklace to heal the injury, and almost immediately, the scale that was in a horrible shape before started to heal and restore themselves to their once shiny state.

The recovery speed was really amazing! Everyone couldn’t believe what they were witnessing as no Medicinal Pills could grant such regenerative power! But even then, Yi Tianyun clearly still showed a dissatisfied look on his face as he thought that the recovery speed wasn’t fast enough!

“Lottery roulette!” Yi Tianyun whispered as he used the opportunity to use the Lottery Ticket that he got earlier. He activated his Lucky Aura before using the ticket. He wanted to get the next set from the Eternal Set, and for that, the roulette had to stop on Jewellery Category.

But just his luck, the roulette stopped on Equipment!

“Just my luck!” Yi Tianyun sighed as he opened the box. But to his surprise, it was Desolate Ancient Divine Armour! He didn’t expect to get the Desolate Ancient Set now, but with this, he’d be able to complete the set once he got Desolate Ancient Boots. Then again, he was still fixated with the Evil God Suit.

But it wasn't a complete loss! He believed that Desolate Ancient Set would be useful in the future, and if he could complete the Eternal Longevity Set, his power would grow exponentially!

Chapter 758

The second draw was much to Yi Tianyun's liking as it stopped right on the Jewellery category. It was all thanks to the Lucky Aura and his high prestige point. Yi Tianyun wished for Longevity Set in his mind as it was the one he wanted the most right now. He knew that once he got the set, he would be practically invincible!

Yi Tianyun immediately opened the box from the lottery, and a green Longevity Ring was presented inside!

"A longevity Set! Finally!" Yi Tianyun said excitedly. He was so excited that he unconsciously stopped healing the Queen, which perplexed the Queen as she didn't understand what Yi Tianyun was doing.

"What's wrong? Did you need to take a break?" The Queen asked curiously. Everyone else was staring at Yi Tianyun as they too were curious about what was happening. They saw that the Queen was recovering at an unusual rate, but Yi Tianyun suddenly stopped.

"We have Medicinal Pills to help you with Spiritual Fatigue if you want. We will give it to you no problem!" Elder Bo said as he thought that Yi Tianyun might be exhausted. It might not be cheap, but it was definitely cheaper for Medicinal Pills containing Water Jade Grass!

"That is unnecessary! I am just adjusting my aura. Please wait for a moment." Yi Tianyun said as he smiled towards everyone. It couldn't be helped as nobody knew about his System, so there was no way they would know how happy he was after getting another jewel from the Eternal Longevity set!

"Big Brother Yi, perhaps you would like to take a break for a moment?" Lan Qingling said worriedly.

"No, it's okay! I can manage." Yi Tianyun said casually. Elder Bo and the rest of the guards that showed animosity towards Yi Tianyun earlier felt guilty as they saw that Yi Tianyun really just want to heal their Queen without any ill intent!

Yi Tianyun ignored everyone for a moment as he went ahead and wore his new ring, enhancing the Longevity effect immediately!

Longevity Ring: 5x Healing Power, 20x Defence (Wearing two of these rings would grant a skill Absolute Defence.)

The Longevity Ring's effect was straightforward yet powerful! It improved Yi Tianyun's healing power and defence, making it worth his while! Yi Tianyun knew if he could get the full set, he would be unkillable, and there was a saying in the gaming community that something you couldn't kill would be able to kill you! Therefore, if he could withstand the attack of a powerful cultivator, he'd be able to defeat his opponent eventually!

After wearing the ring, he immediately healed the Queen once again. This time, his healing power was enhanced by 5 times, so his healing rate became so fast that everyone was shocked! They could clearly sense the healing energy that Yi Tianyun used to heal the Queen, and this time it was quicker and more potent than before.

"This is...!" the Queen said as surprise was clear on her face. She could feel that the pain on her tail disappeared almost immediately. The agony that she felt for weeks now was gone in an instant! Based on the recovery rate, she believed that it would take 2 whole days before the healing was concluded!

Yi Tianyun's healing power was truly amazing! It was far more potent than high-grade Medicinal Pills!

From Yi Tianyun's perspective, it was certainly faster now, but he was still a little bit disappointed that the healing would take countless hours to finish. But it couldn't be helped. He only had two pieces of the Eternal Longevity Set, so he couldn't ask for more.

But a guard barged in suddenly with a pale face.

"This is bad! The situation is getting worse!" the guard said nervously.

"What about the situation? What happened? Didn't you see that the Queen is still in the process of healing?!" Elder Bo furiously said as he glared towards the rude guard.

"I understand, elder, but the Scarlet Monster Clan has caught up to us and climbed the Whale's back! They're attacking the Whale as we talk, and it's just a matter of time before they knocked on our door!" The guard said nervously.

"What? How could that happen? The Sea Whale is so fast that they shouldn't be able to catch up!" Elder Bo said worriedly.

"They have Scarlet Monster Clan's Chasing Monster with them. The monster could lock onto our Sea Whale and catch up eventually!" The guard said nervously.

"How could they send those monsters after us!" the King that was just sitting on his throne while Yi Tianyun was healing finally spoke.

"The Chasing Monster had hurt our Queen before, and it seems this time we have to stop them with all we got!" Elder Bo said coldly.

"Yes, we have to use all we got!" The Queen said as she stood up, stopping Yi Tianyun's healing process. "Thank You very much, young man! You are a friend of our Mermaid Clan for as long as you live, but I am afraid the situation is dire! You should leave with our little Lan to safety before it's too late!" The Queen said to Yi Tianyun.

"But, I want to help out too!" Lan Qingling said as she clearly refused to leave.

"Come on, take the Water Jade Pearl and go! Little Lan, you have a bright future ahead of you. The future of Mermaid Clan will depend on you, so you can't stay here!" The Queen said commandingly. "Human, you are very reliable, but it's unfortunate that we can't repay you properly." The Queen said as Lan Qingling dragged Yi Tianyun out of the room.

"Yeah, it's unfortunate that I got to know a human that I can trust, but we have no idea whether we will survive this attack!" Elder Bo said as he shook his head disappointedly.

At the same time, Lan Qingling dragged Yi Tianyun towards the long hallway and into an empty room where a fist-sized jade floated in the middle of the room. Yi Tianyun immediately realised what it was at first glance!

A Divine Tool!

Yi Tianyun stared it wide-eyed as he didn't expect a small race like the Mermaid Clan would have a divine tool in their possession!

Chapter 759

Yi Tianyun knew that the Mermaid Clan was desperately trying to get away from the Scarlet Monster Clan, but apparently, it was all to save this Middle-Grade Divine Tool from falling into their hands. Because of how rare Middle-Grade Tool in Mortal World was, it really stood out. Nevertheless, Yi Tianyun was surprised that the Mermaid Clan had something like this!

Water Jade Pearl: Middle-Grade Divine Tool Treasure. Grant user the ability to control the ice and water; 5x Cultivation Speed; can turn into a water shield that could withstand one attack regardless of its power.

As expected of a Middle-Grade Divine Tool, The effect was very powerful! Especially the effect to improve the Cultivation Rate for the wielder! However, Yi Tianyun didn't really want it as he already had a Divine Tool with the same effect.

But it was really unexpected for the Mermaid Clan to have something as powerful as this Divine Tool! There was no way the Scarlet Monster Clan would let them escape while they had something like this! But Yi Tianyun was still wondered why the Mermaid Clan had something this powerful with them?

He searched his memory again. There must be something from the Sealing Heaven Divine King's Memory that he received earlier. Heaven Creating Divine King wasn't the only one from Mortal World that tried to resist the demon's influence. The Mermaid Queen also participated in the war with Water Jade Pearl on her chest. With Water Jade Pearl, she wreaked havoc on enemy's base with her powerful water-based attack!

Yi Tianyun certainly didn't expect that the Mermaid Queen turned out to be a hero, but the story about the Mermaid Clan must have been eaten away by the passage of time like everything else. Yi Tianyun also saw many other clans that helped Heaven Creating Divine King from Mortal World that Yi Tianyun hasn't seen before. But it was obvious that they had to help Heaven Creating Divine King as their home was in danger as long as that demon roamed free!

Yi Tianyun also found out that the Water Jade Pearl was also created by Heaven Creating Divine King himself in the memory, but all the materials needed to make it came from the Mermaid Clan themselves. Therefore, Heaven Creating Divine King couldn't keep it for himself!

But Yi Tianyun couldn't help but think that the Water Jade Pearl was wasted on the current Mermaid Clan as the Middle-Grade Divine Tools wouldn't be effective on their hands since it took at least a Saint King Stage cultivator to draw all of its latent power. But the current Mortal World would have a hard time giving birth to a new Saint King cultivator as the rules make it hard to cultivate beyond Void Spirit Stage.

There was no other way but to go to Heaven World or Ghost World to quickly become a stronger cultivator!

"It seems that I underestimated the Mortal World! I have to think back for a moment and study the memory thoroughly later." Yi Tianyun said to himself excitedly. At the same time, Lan Qingling walked towards the Water Jade Pearl and took it before walking back towards Yi Tianyun to grab his hands.

"Big Brother Yi! This is Water Jade Pearl! Be sure to take it with you as you try to escape. I will go back inside and try to help them defeat the Scarlet Monster Clan!" Lan Qingling said determinedly.

Yi Tianyun immediately frowned as he didn't think Lan Qingling would go this far. It was clear that the princess trusted him too much despite just knowing him recently!

"Don't you think that it's risky to entrust a treasure like this to a stranger? If you go back, won't it just make your parent frustrated with you?" Yi Tianyun said confusedly.

"That might be the case, but I already tried to escape on my own in the past. I don't think I want to do it again this time!" Lan Qingling said with determination in her eyes.

"But what about the Water Jade Pearl?" Yi Tianyun asked.

"The Mermaid Clan will not end with us, as we are scattered all over the ocean! Big Brother Yi, if you can find any other mermaid clan, I hope you would give it to them." Lan Qingling said with a smile on her

face. "Let's end our chat here for now! Go now, Big Brother Yi! You may be strong, but the Scarlet Monster's Chasing monster may be too much for you right now!" Lan Qingling said solemnly.

"I know that you would be able to reach safety on your own without anyone slowing you down. Thus, I will rely on you to keep our treasure safe! So, goodbye, for now, Big Brother Yi!" Lan Qingling said as she turned and left Yi Tianyun in a hurry.

On the other hand, Yi Tianyun was shaking his head as he thought of Lan Qingling's action. "Stupid girl! The mermaid clan seems too fearless that they didn't even care about their lives!" Yi Tianyun said with a sigh. From Sealing Heaven Divine King's memory, it seemed the Mermaid Queen made a name for herself on the battlefield back in the days. She skilled so many Demon minions that she rivaled even the Divine King themselves! After knowing that fact from the memory, how could Yi Tianyun just sit idly as Mermaid Clan risked their lives!

At the same time, the queen has already arrived at the door out of the Sea Whale and set on crushing this Chasing Monster that was hounding them. But she heard some voice that she didn't want to hear again. "My Queen, where are you going?" the figure said from outside the door.

"To kill that monster!" The queen said with a grim expression on her face. She knew that it was one of the Scarlet Monster Clan, and he seemed ready to attack too. They have a scaly body like a fish but lacked the characteristics of a human! This was obviously a trait from the Evil Spirit Race!

It wasn't only one, but several other Scarlet Monster Clan's members appeared before the queen with a weapon in their hand, ready to attack anytime!

If anyone saw what was happening, they would lose hope as the Huge Sea Whale that they counted on as protection couldn't do anything at the moment as it was pinned down by a large net that rendered it useless on the sea bed!

Chapter 760

The cultivation of the beast that attacked the Huge Sea Whale was amazing as it has reached the 8th Layer Void Spirit stage, meaning it was stronger than the Mermaid Queen! Yi Tianyun immediately realised that it was impossible for the queen to defeat the beast in her current state, especially without the Water Jade Pearl!

It was obvious that the power of the Scarlet Monster Clan that contained the Evil Spirit Race would be stronger than that! Although the Mermaid Bloodline was strong and they possessed control over the water around them, it wasn't enough to win against the Scarlet Monster Clan!

"My Queen! I didn't expect you to recover this fast! Did you consume the Water Jade Grass?" One of the Scarlet Monster Clan said sarcastically. "Well, it wouldn't hurt to answer my question, would it? You don't have anywhere else to go at the moment anyway. Your whale is trapped now, and there is nothing you can do." He said with a smirk on his face.

"Now, you have two choices, the first is to die here pathetically, or the second is to come with us bringing the Water Jade Pearl! Please answer it carefully. Keep in mind that you have nowhere else to run!" one of The Scarlet Monster Clan said with a smirk on his face.

"Did you think I am that stupid? You'll still massacre my people even if I go with you!" The queen said while brandishing her weapon bravely.

"That might be true, but they are a necessary sacrifice if you want to survive. As the queen, you should know that their lives are for your cause." One of the Scarlet Monster Clan's men sarcastically said while sheathing his sword.

"Don't worry about that. I would rather die than doing something so heinous!" The queen said as she took her stand.

"Wow, Mermaid Clan sure is weird. You guys are always putting up a brave front when you face a life-and-death situation. If that is what you wanted, then I would be happy to fulfill your wish." One of the Scarlet Monster Clan that looked like the leader said with an emotionless face. "Take them out!" he shouted, and the Scarlet Monster Clan's force began to attack. They started to rush towards the Mermaid Queen with a long spear in their hand.

The Scarlet Monster Clan, while having a Water Attribute on their attack, they also had a fire attribute with them! It was a strange combination for a sea dweller, which was strong enough that it could knock out the mermaid queen easily!

"I will help!" Lan Qingling's voice came from inside the whale. The queen looked around and saw Lan Qingling rushing towards her with a long spear in her hand as well.

“Princess!” Hai Xiaopang shouted in shock. Obviously, he didn’t expect the princess to come back. In fact, everyone else was also shocked, including the queen. Everyone hoped that the princess escaped with Water Jade Pearl, which would ensure the Mermaid Clan’s survival!

Clearly, their plan to distract the Scarlet Monster Clan to buy Lan Qingling some time to escape has gone down the drain!

“Why did you come back?” The queen asked with a frown on her face.

“I can’t leave without my parent beside me!” Lan Qingling said determinedly.

“You silly girl! What about your human friend?” The queen wondered.

“I sent him off away with Water Jade Pearl to find another Mermaid Clan. I believe he will do it!” Lan Qingling said firmly as she really believed in Yi Tianyun.

“Well, since we are already here, we should show them see the true power of our mermaid clan!” The queen said as she stepped forward. She knew that it was too late to order Lan Qingling to hide or escape once again, but she would stay in front of her as it was a mother’s job to protect their children!

“Well, this is awkward! That girl looks just like the queen. She has to be the princess of the mermaid clan! Did she come to offer herself as a sacrifice?” The Scarlet Monster Clan said with a smirk on his face.

“How dare you! I will kill you myself!” Lan Qingling angrily shouted while releasing her killing intent.

“Not bad, girl! I can see that you want to kill me!” the leader of the Scarlet Monster Clan said with a smirk on his face. he then turned his attention towards the queen. “I let you off the hook with only a wound on the tail before, but now I will completely break you!” He said coldly.

“Then let us see what you can do!” The queen coldly said as she brandished her spear forward.

The sea whale turned into a battlefield in an instant as the Mermaid Clan tried hard to defend against the Scarlet Monster Clan's attack. Lan Qingling herself also joined the battle, fighting with her companions like never before. While they were all so focused on the battle, they didn't notice a single figure slowly descending towards them with the Water Jade Pearl in his hand.

When the figure descended close enough, the Scarlet Monster Clan noticed him and frowned.

"Who are you, and why did you have the Water Jade pearl?" The Scarlet Monster Clan asked confusedly.

Yi Tianyun just walked towards the Scarlet Monster Clan, and once he was close enough, the frown on Scarlet Monster Clan's face became clearer.

"A human? I didn't expect the Water Jade Pearl would be in the hands of a human. Well, that saves us the trouble. Now human boy, throw me that Water Jade Pearl, and you will walk out of here alive with so many treasures. We will even award you with a beautiful mermaid of your choice!" The leader of the Scarlet Monster Clan said with a grin.

They knew that a human was weak to temptation, so they believed Yi Tianyun would cave in and throw them the Water Jade Pearl. Even the queen was staring at Yi Tianyun as she knew that there was no guarantee that a human wouldn't betray them!
