

## Leveling 791

### Chapter 791

Ancient Netherworld Divine Tower had a wide range of cultivators, many cultivators that still couldn't move out to the city, and some people that were just hanging around. Most of the cultivators there were at the Spirit Core stage, while some of them were at Core Transformation Stage or higher. But mostly, it was just the Spirit Core Stage cultivator as it seemed they were born in this city.

The Evil Spirit Race that Yi Tianyun saw was at the 5th Layer Core Transformation Stage, and he was the most powerful cultivator in their group. "Wow, this brat is certainly new around here. He just challenged a Patrol Envoy without any hesitation." One of the Evil Spirit Race said mockingly while the other snickered mockingly.

Other cultivators were surprised by Yi Tianyun's sudden challenge and shook their heads as they thought Yi Tianyun must be crazy.

"Did you seriously just challenge me, kid?" Inspector Zhao, the Evil Spirit Race Cultivator that Yi Tianyun challenged, said with a mocking expression on his face. He stroked the two flame imprint on his arms to show that he was different from an average cultivator in the 1st Layer City. This platform was the only place where killing people wasn't considered breaking the law of Ancient Netherworld Divine Tower, so a brutal battle among the cultivators was the common way to solve their differences.

That was one of the rules that Ancient Netherworld Divine King enforced to the tower as it was part of his own belief! Murder was such a cowardly move that he condemned it throughout his territory!

"I am sure, but are you brave enough to step up to the challenge?" Yi Tianyun said indifferently.

"Why would I? You didn't have the qualification to challenge me!" Inspector Zhao said mockingly. He rejected Yi Tianyun's challenge without any hesitation even though everyone encouraged him to accept it. Some people understood that someone with a high status like Inspector Zhao wouldn't accept a challenge for a duel from some random guy as he didn't gain anything from it.

"Wow, I don't know that inspectors are such a coward. How can a coward like you be chosen to be a patrol? It just doesn't make any sense, right?" Yi Tianyun said sarcastically. It was only a provocation, but

Yi Tianyun knew that Inspector Zhao would take the bait as there was no way the Evil Spirit Race would just sit idly after being humiliated like that!

“Careful now boy, are you really sure you want to do this?” Inspector Zhao said coldly. He, at first, didn’t want to accept the challenge as he wanted to preserve the cultivator as much as he could until they reached the peak of their power. That way, they would be able to reap the cultivator at their best, harvesting the best quality Blood Essence from them for Evil Spirit Race to consume.

“Of course, I am sure, so what are you waiting for? I am waiting up here!” Yi Tianyun said tauntingly. Everyone shook their head as they thought that the young man was done for now. The inspector would surely kill him after taunting him impertinently like that!

Yi Tianyun knew what these cultivators were thinking, but he didn’t care! He just wanted to kill the Evil Spirit Race as soon as he could! In actuality, Yi Tianyun didn’t even care if the inspector refused his challenge as he would kill him in the end nonetheless!

Inspector Zhao looked at Yi Tianyun coldly and jumped over to the platform. The field instantly lighted up and created a dim barrier, meaning that no one could escape the battle, and the only way to get out was to kill the opponent or force them to surrender!

“Congratulations, you have successfully made me mad!” Zhao coldly said as he walked slowly toward the platform. Two flames appeared in his hands, and as the flame’s intensity increased, it turned into Netherworld’s Fire!

The cultivators knew that the power that Inspector Zhao was using was the privilege of the patrol, and it had the absolute power to suppress people! This ability was the reason why people in the layered city hesitated to challenge any of them!

Unless the young man in front of the inspector right now was some kind of genius, he wouldn’t be able to win against the inspector!

The inspector looked at Yi Tianyun with the intention to attack, but he was suddenly gone! He tried to find Yi Tianyun, but he couldn’t find him on the platform! Suddenly, he felt something hit him, and he lost his consciousness. He didn’t feel any pain at all, but it was clear that he wouldn’t be waking up again in this world!

...

People were startled by what happened as Inspector Zhao's head was cut off from his body with one attack. It was an insane scene as no one ever expected an inspector to be killed so easily! The inspector's powerful fire didn't even play any part as Inspector Zhao couldn't even react to the young man's attack!

Yi Tianyun sighed as he felt a little bit cruel challenging a Core Transformation cultivator while he himself was already Saint King Stage expert! But to be fair, Yi Tianyun did hold back considerably,, but clearly, it didn't change anything!

After killing Inspector Zhao, his flame imprint flew towards Yi Tianyun, and thus added another Flame Imprint on Yi Tianyun's arm.

Yi Tianyun was actually satisfied with the Flame Imprint System as it was so easy to follow. He just have to defeat 5 more cultivators to upgrade his Flame Imprint to earn the qualification to enter 3rd Layer City! And of course, this was the standard procedure way, not an alternative that might immediately take him to the top!

Yi Tianyun's provocation to challenge the Evil Spirit Race to take their Flame Imprint was his own way to reach the top quickly. It was like killing two birds with one stone! This way, he could also cull out the Evil Spirit Race inside the Tower ahead of time!

Chapter 792

'DING!'

'Successfully killed Inspector Zhao!'

'Reward: 120.000 Exp, 5.000 Cps, 2.000 Sps, Evil Spirit Blood.'

Yi Tianyun easily killed Inspector Zhao, and it obviously surprised Fan Xuexuan and everyone else! But Fan Xuexuan was surprised beyond everyone else as she understood that the one that Yi Tianyun killed was an Evil Spirit Race cultivator!

“You did it!” Fan Xuexuan clenched her fist in the air excitedly. She finally saw someone bold enough to kill the Evil Spirit Race! She couldn’t forget the thick heavy smell of blood that was a characteristic of Evil Spirit Race now wafting off from the corpse on the platform. But it was soon gone as the tower teleported it away somewhere else.

It was a well-known fact that the platform would be maintained by the Tower almost immediately, including disposing of the dead body as it would be used for the next fight.

“Next!” Yi Tianyun shouted towards another patrol. He pulled his Spirit Tool grade weapon as it would suffice for now. Besides, it would give an impression that he might not be that strong! If he pulled out his Divine Tools right now, the Evil Spirit Race cultivator might run away, and it would complicate things.

His action startled everyone as no one expected that he would go after two Patrols one after another. It was really impressive to see such a young man as brave as Yi Tianyun!

“Damn it, human! This time, I will be the one that will kill you!” another patrol officer coldly shouted as he released his power and showed his true appearance. Clearly, he didn’t care whether his cover was blown or not. He then pulled out 4 Spirit Weapons from his storage ring and held each sword in his hand. He released every ounce of his Core Transformation aura, which affected everyone that watched the fight on the sideline as they trembled in fear.

“Inspector Liu is going to kill that young man!” one cultivator from the side said worriedly.

“It was pitiable as that boy may have a bright future, but once Inspector Liu uses his 4 armed sword Secret Art, no one would be able to hold him off!” another cultivator said with a disappointed expression.

The murmur among the cultivators was heard from the side as they didn’t even realise that Inspector Liu had transformed back to his Evil Spirit Race form. But aside from the four-arm, Inspector Liu’s appearance didn’t look that different from any normal cultivator.

“It seems the Evil Spirit Race has made up a lie regarding their appearance. People seem to think that it was some kind of martial art right now.” Yi Tianyun said with a frown on his face.

“How dare you kill Inspector Zhao! You are dead meat, kid!” Inspector Liu said coldly before rushing towards Yi Tianyun and swung his weapons around, trying to cut Yi Tianyun in pieces. Yi Tianyun just dodged it slightly, but he made it look like he was trying hard to dodge the attack.

Fan Xuexuan clenched her fist as she watched Yi Tianyun from the sidelines. She thought that Yi Tianyun was in a dire situation. If Yi Tianyun were wounded by the Evil Spirit Race Cultivator’s attack, it wouldn’t be pretty! She really wanted to help Yi Tianyun right now, but that was impossible as the tower had acknowledged the battle, and no one would be able to penetrate the barrier of the platform!

The bypassers also shook their heads as they thought that Yi Tianyun would die this time. They thought Yi Tianyun should be grateful for his victory against Inspector Zhao and left right away, but he turned greedy instead and challenged another Patrol to the duel.

The other Patrol also felt the same thing. They thought that Inspector Liu wouldn’t lose against a teenager, and the annoying, arrogant young man would finally be killed for his arrogance! There was no way the young man would be able to dodge the attack for long, but it was all just a thought!

“Heh, is that it?” Yi Tianyun said as he swiped the swords on Inspector Liu’s hand aside and pierced his chest with one attack!

...

“This is impossible!” Inspector Zhao said as he looked at the sword on his chest. He wanted to rip the sword out and ran away, but he knew that it was the end of him as he felt his strength fading.

‘DING!’

‘Successfully killed Inspector Liu!’

‘Reward: 150.000 Exp, 8.000 Cps, 2.800 Sps, Evil Spirit Blood!’

Yi Tianyun didn't get anything good from killing both inspectors as Evil Spirit Blood was the only item worth mentioning. Inspector Liu's Flame Imprint also burned and catapulted towards Yi Tianyun, then settled inside Yi Tianyun's Flame Imprint.

Since Inspector Liu's Flame Imprint was the same as Inspector Zhao, it didn't give Yi Tianyun the additional Flame Imprint! Yi Tianyun sighed as he thought that this took too long. He wanted to earn his Flame Imprint much quicker!

Meanwhile, the other Patrols were shocked beyond belief. The inspector that they thought should have the upper hand against the young man was killed easily! Furthermore, Inspector Liu was at Core Transformation Stage, meaning the young boy must be at Core Transformation Rank? Or was it Void Spirit Rank?

They never thought to stumble upon a young man that already reached Void Spirit Stage here in Ancient Netherworld Divine Tower as there was barely any genius cultivator left their faction. But as they looked over to Yi Tianyun once more, they noticed that the young man was a little bit out of breath, so they thought that the young man should be easy prey now!

"Is there anyone else who wants to fight me?" Yi Tianyun said as he pointed his sword at the Patrol.

"I'll go next!" another patrol said as he smirked to Yi Tianyun. He noticed that Yi Tianyun was out of breath, so he thought it was going to be an easy one!

But none of them knew that Yi Tianyun was just acting, and they fell right into his trap!

## Chapter 793

Yi Tianyun wanted to deceive more Evil Spirit Race cultivators so that he could supplement his Flame Imprint as he didn't want to drag things down. He wanted to rush towards the 3rd Layer City as fast as he could! The 3rd Layer City and above was when the real fight started as the 1st and 2nd Layer was for the beginner cultivators.

Yi Tianyun kept challenging the Evil Spirit Race cultivator one after another. Yi Tianyun even pretended to succumb to exhaustion once in a while to make sure that the Evil Spirit Race kept on coming. Yi

Tianyun smirked as he found the situation was a little bit funny. The Evil Spirit Race didn't seem to notice that Yi Tianyun killed them effortlessly! Their arrogance surely would become their downfall!

"Big Brother Yi, what are you doing!?" Fan Xuexuan said anxiously as she also believed that Yi Tianyun was already exhausted, but he still challenged another guard callously.

"You are dead now, stupid human!" another patrol jumped up the platform and immediately rushed towards Yi Tianyun with his sword drawn. Yi Tianyun dodged it in the last second, deliberately letting the blade rip his clothes while seemingly faking an injury.

"Damn it!" Yi Tianyun said with a frown on his face. He let the patrol attack as much as he wanted while he was constantly dodging the attack before piercing the Patrol's heart with his own sword! The Patrol was killed with a single attack, but the most important thing was Yi Tianyun's act actually fooled everyone!

"Inspector Huang died!" the people were startled as they didn't think that it was possible!

"Come on, onto the next one!" Yi Tianyun said as he stood with the support of his sword, keeping up his acting.

"Damn you, human! Let me be the next one!" Another patrol said as he walked towards the platform. Yi Tianyun has already killed three Patrols so far, and the Evil Spirit Race obviously couldn't forgive what he did! They had never lost against a human before, but this time they were killed successively by this human, so they couldn't contain their anger any longer!

The Patrol began attacking as he jumped up into the platform, and Yi Tianyun kept up his act before attacking the Patrol with a desperate and seemingly weak attack! Of course, it wasn't truly a weak attack as it instantly penetrated the Patrol's chest easily! Once again, another patrol died from Yi Tianyun's attack!

Yi Tianyun received another Flame Imprint, and this time, it seemed the Flame Imprint would be able to reach the third Layer after one more challenge! "Come on, who's next!" Yi Tianyun said as he clutched his sword as if he would fall as the wind blew, but obviously, it was just acting.

“Is this brat doing this on purpose to lure the patrol to their death?” a cultivator said from the side as he started to suspect Yi Tianyun wasn’t exhausted at all.

“I don’t know, but it might be true!” Another one said with a frown on his face. Yi Tianyun noticed that people started to doubt him, so he knew he couldn’t pretend to be exhausted for much longer.

“Damn it! How could you kill my companion with that weak attack! Fine, this is my turn!” Another patrol said as he jumped to the platform and released all of his power. He even showed his true appearance as he pulled out 4 swords and rushed towards Yi Tianyun.

But Yi Tianyun disappeared from his sight, and as he frantically tried to look for Yi Tianyun, a flash of light went through his body. He looked to his side and saw Yi Tianyun stand not too far from him with an indifferent look on his face. He moved his body as he wanted to attack Yi Tianyun when he realized that his body was suddenly cut in half!

The Patrol has already been cut by Yi Tianyun’s attack, but he wasn’t bright enough to notice it!

‘DING!’

‘Successfully killed Inspector Hua!’

‘Reward: 150.000 Exp, 8.000 Cps, 2.800 Sps, Evil Spirit Blood!’

The Flame Imprint from the last Patrol was catapulted towards Yi Tianyun and settled on his arm, but this time, the third Flame Imprint finally appeared!

“This guy... It’s all just an act! He was neither weak nor exhausted!” the Patrol said with fear in their eyes. Fan Xuexuan was surprised by this turn of events as she was really worried about Yi Tianyun earlier.

“Big Brother Yi is only pretending to be exhausted? Even I buy that for a second, Big Brother Yi!” Fan Xuexuan said with a frown on her face.

Yi Tianyun just smiled at Fan Xuexuan as he didn't know what to say to that. He turned his head to the rest of the Patrol and noticed their cold eyes full of killing intent looking straight at Yi Tianyun. But one more thing that Yi Tianyun noticed was that the Patrol couldn't hide their greed as they thought Yi Tianyun was premium meat! A young man with incredible Innate Ability would be a huge boost to the Evil Spirit Race cultivation!

"A genius finally come! We have to report this!" The Patrol said among themselves.

"We don't have to do anything. Once he gets to 3rd Layer City, someone will defeat him for sure!" another patrol said expectantly. The other Patrol nodded as they believed that would be the case too.

"Now, anyone else wants to fight me?" Yi Tianyun said as he stared at the Patrol. But the cultivators on the side looked down as they didn't want to fight Yi Tianyun. They know that there was no chance for them to win against Yi Tianyun.

Yi Tianyun noticed that he wouldn't get another fight in this city, but it wouldn't matter right now as he already had the third Flame Imprint. He could just leave this city and challenge the next one. Furthermore, the cultivators in this city weren't good enough, so it would probably be better to get to the higher Layer.

After all, there was no threat to him here.

## Chapter 794

"Don't you want to avenge your fallen companion?" Yi Tianyun said to the patrol coldly.

"We are only a patrol. Don't mix us with some thugs that would come down and fight!" one of the patrols, who was obviously an Evil Spirit Race, said helplessly.

"What a bunch of cowards! At least your companion did fight me to avenge their fallen comrade earlier, unlike you, a bunch of cowards hiding behind the pretext of duty!" Yi Tianyun said tauntingly. He deliberately made it sound as taunting as possible because he wanted to reel in those Evil Spirit Race people to fight him. Yi Tianyun didn't have any interest in fighting other cultivators as his objective was solely to destroy the Evil Spirit Race.

Yi Tianyun had other bloodlines that he could use to mask his Sealing Heaven Divine King Bloodline, so he believed that the Evil Spirit Race people wouldn't be able to detect his bloodline! The only thing they would see was the Dragon God Bloodline, and Yi Tianyun suspected that it should be enough to bait such a greedy race!

The Evil Spirit Race patrol that Yi Tianyun taunted was indeed irritated by his taunt. The Ancient Netherworld Divine Tower was now their territory. Although they couldn't control the tower, they were in charge of it nonetheless! Seeing someone trample on their pride like this obviously angered them. In fact, one of the patrols wanted to jump into the platform, but another patrol dragged him away.

"Are you crazy? You won't be able to defeat that brat! I hate to say this, but his cultivation is really strong for his age. It's probably best to leave it to the 3rd Layer City to deal with him!" The patrol said as he dragged his comrade away from the platform. They were definitely furious because of Yi Tianyun's taunting, but they tried hard to keep a level head!

"Let's get out of here!" The patrol said to each other as they left the platform area. After they all left, Yi Tianyun sighed as he failed to purge Evil Spirit Race from the 1st Layer City, but Yi Tianyun was still satisfied that he could kill 5 of them here and got his hands on the 3rd Flame Imprint.

Some residents of the city snickered as they began to think that the patrol wasn't that tough. However, they knew it was still impossible for them to win against the patrol right now. After Yi Tianyun went down the platform, Fan Xuexuan immediately rushed towards him joyfully.

"Big Brother Yi! You are so powerful! I didn't expect you to win against those people, but it turns out you are just pretending all along!" she said with a big smile on her face.

"Well, it was easy to lie towards your enemy, but the hard part is to fool your allies!" Yi Tianyun smiled.

"You are mocking me, aren't you, Big Brother Yi?" Fan Xuexuan said while puffing her cheeks.

"Well, it doesn't matter now! I'm heading to the 3rd Layer City after this, and you should stay here as this place is probably a lot safer than the upper city." Yi Tianyun said solemnly.

“Why did you help me out? who are you really?” Fan Xuexuan wondered out loud.

“It was too soon for me to tell you, but it’s just that your goal was in line with my own goal, so I’m not really helping you out!” Yi Tianyun said with a smile on his face. Yi Tianyun then patted her head before heading towards the stairs beside the platform to go to the 2nd Layer City.

“Be careful up there! I will catch up with you soon!” Fan Xuexuan shouted at Yi Tianyun. She was determined to follow Yi Tianyun up as soon as she could. She immediately psyched herself up as she wanted to earn her own Flame Imprint.

Yi Tianyun smiled as he left Fan Xuexuan behind. He didn’t want to bring Fan Xuexuan with him because it was easier for him to act alone than having an additional burden. The interior of the Ancient Netherworld Divine Tower was easy to explore, so he didn’t need her guide any more. After all, the 1st Layer City might be best for her due to its safety.

...

Yi Tianyun climbed the winding stairs with many other cultivators that had 2 Flame Imprints on their arms. These people clearly have triumphed over their opponent to get their hands on the 2nd Flame Imprint. Yi Tianyun noticed that the stair itself was also a type of test as it was a little bit difficult, unlike normal stairs.

Obviously, Yi Tianyun ignored these people and walked up the stairs indifferently. He could feel the gravity was different on the stairs as it was more difficult to make his way up. He overtook other cultivators easily, surprising them as it took everything they got to keep going.

Yi Tianyun didn’t care about these cultivators that looked at him with awe and envy! As he went higher, the Flame Imprint on his arms started to flash, and as he got to the top of the stairs, it flashed brightly, granting him permission to enter the 2nd Layer City. As soon as Yi Tianyun stepped his foot on the top of the stairs, he saw patrol not far from the stairs giving him an intimidating look, but clearly, they weren’t Yi Tianyun’s concern right now.

The first thing that Yi Tianyun noticed as soon as he entered the 2nd Layer City was the Spiritual Power on the 2nd layer City that was much stronger than the 1st Layer City. But the environment was still the same as there were green trees, a mountain, a river, and a small city.

“Do you want to join our faction?” suddenly, a cultivator came over and asked Yi Tianyun to come with him. But not long after, another cultivator intervened and asked Yi Tianyun the same question. Yi Tianyun sighed and ignored these people as he didn’t want to stay here for too long. So, he immediately walked towards the stairs in the middle that connected the place with 3rd Layer City.

“What is going on? Isn’t that guy new here? Why is he heading to the 3rd Layer City right off the bat?” a cultivator was confused by what Yi Tianyun was doing.

## Chapter 795

Ancient Netherworld Divine Tower hasn’t changed much, and the rules in 2nd Layer City were a little bit strange. The 2nd Layer City had the highest population out of the entire city inside the Tower, and the average cultivation level in this city was Core Transformation Stage. The first thing that cultivators needed to do here on 2nd Layer City was joining a faction. The faction would keep watch on other factions, and once they gauged the power of their enemies, they would order a challenge!

This was also why Yi Tianyun didn’t want to stick around the 2nd Layer City, as it was too much of a hassle for him. In the 3rd Layer City, everyone was free to challenge anyone without any restriction! The cultivators on 3rd Layer City couldn’t even refuse a challenge as the rules stated that everyone had to accept the challenge in any condition!

That was why the 2nd Layer City was the most populated city inside the Tower, as it was safer for the cultivator to be here than on the 3rd or higher level. They could even trade Flame Imprint here on 2nd Layer City as there was no punishment for deliberately losing a duel. The worst thing that could happen to a cultivator was losing their Flame Imprint and being forced to go back to 1st Layer City! There was no other punishment other than that!

But this rule applied to the 3rd Layer City and higher too. The moment they had less Flame Imprint than the city’s requirement, they would be forced to go back to the previous city! This rule wasn’t really that important for Yi Tianyun as he only wanted to destroy the Evil Spirit Race, and he had no intention to stay at 2nd Layer City anyway. It was better to challenge the Evil Spirit Race on the 3rd Layer City as they couldn’t reject the challenge notion.

The only condition where the challenge would be invalid was when the cultivator was injured or already participated in a challenge recently. This was to make sure that the cultivator had the time to recuperate

from their previous duel before starting the next one, making it a fair challenge. This was why the 3rd Layer City and above was the best place to gain Flame Imprint, as rejecting a challenge was pretty hard to come by.

Soon, Yi Tianyun reached the 3rd Layer City and immediately sensed that the place was definitely better than the 2nd Layer City as the Spiritual Energy was richer and thicker than the 2nd Layer City. Yi Tianyun realised that as he goes up a level, the condition would be so much better for cultivation.

“Hey, newbie!” a cultivator near the stairs called Yi Tianyun over. The cultivator seemed to assess Yi Tianyun’s appearance and frowned as soon as he realised that Yi Tianyun didn’t have any faction badge on him. “Which Faction did you come from?” the cultivator asked curiously. Obviously, this cultivator was there to pick up his own faction’s cultivator that has successfully collected the Flame Imprint.

This kind of behaviour was normal as it would be safer to cultivate in groups than cultivating alone in this competitive environment. That was just how it worked here on Ancient Netherworld Divine Tower! It was a great place to cultivate, and the Flame Imprint could be exchanged for some Martial Arts or some medicine that could help the cultivation grow faster. However, Yi Tianyun didn’t have any interest in joining any faction at all as it would just increase his workload later.

“I don’t have any faction, and my goal is to challenge the City Lord here!” Yi Tianyun said indifferently. Starting from 3rd Layer City, the city was managed by a City Lord, and those who could defeat the City Lord in battle would become the new City Lord, thus speeding up Flame Imprint they got and mastering greater martial arts!

“You want to challenge the City Lord?” the cultivators that heard Yi Tianyun’s word were confused. Their first thought is that the newbie was too arrogant for his own good as there was no way a newbie would win against the City Lord as soon as he arrived at the city! But Yi Tianyun didn’t care about their opinion as the only thing that mattered for Yi Tianyun was to gain Flame Imprint to go to higher layer and killed the Evil Spirit Race, purging them from the Tower!

Yi Tianyun walked away from cultivators on the stairs and immediately walked towards the city palace. He believed that the city palace would be full of Evil Spirit Race people! There was no way the Evil Spirit Race would let other groups control the city in their territory, so the Evil Spirit Race should be highly concentrated in the palace!

Soon, he arrived in front of the palace, and he was immediately stopped by some cultivator.

“Who are you, newcomer?” the cultivator asked as they had never seen Yi Tianyun before. They didn’t know that Yi Tianyun had just arrived at 3rd Layer City just a moment ago. Yi Tianyun knew that he couldn’t kill or even less fight the Evil Spirit Race he met outside of the platform that had been designated for that purpose. This was the sole rule that couldn’t be violated inside Ancient Netherworld Divine Tower. If this rule was violated, the offender would be punished severely.

Yi Tianyun ignored these cultivators and walked towards the throne room directly. He saw blood flowing down the stairs from the throne room and many piles of bones on the side. If any other cultivator saw this scene, they would definitely shiver on their way as it was so gruesome. But obviously, Yi Tianyun was different from any others cultivator!

Although the City Lord that was obviously part of the Evil Spirit Race couldn’t kill his victim, he could just keep them alive. Of course, the victim would be badly injured, and the victim would be silenced throughout the entire process to make sure that he wouldn’t be interrupted.

Yi Tianyun wasn’t surprised. He already expected every City Lord in each city would be an Evil Spirit Race cultivator, so this gruesome scene wasn’t such an unexpected sight he would see on his way towards the City Palace! There was no doubt on his mind that he would kill all this City Lord as soon as he went up a level inside the Tower!

...

“Hey, Trash City Lord! You are garbage and disgusting creature! Come down here and accept my challenge!” Yi Tianyun shouted coldly.

## Chapter 796

Someone rushed inside the throne room and saw the true face of City Lord Qin Sheng. He immediately burst into anger and threw the cultivator on his hands to the ground, but the cultivator was immediately enveloped in bright energy that delayed her fall, keeping her alive. But even if she was still alive, at the state she was in, it was almost the same as dead as her flesh and blood had been consumed by the Evil Spirit Race!

“Human! How dare you enter my throne room!” City Lord Qin Sheng shouted furiously. The guards that were guarding the parameter rushed inside as soon as they heard Qin Sheng shouted. They immediately surrounded Yi Tianyun as they couldn’t kill him either.

“You are not Human! How dare the enemy of all living beings in this world assume the position of the City Lord! Didn’t you guards see that you have been serving an Evil Spirit Race that consumes humans like mere cattle! Yi Tianyun already knew that the two guards that charged in just now weren’t part of the Evil Spirit Race.

“What are you talking about? Are you trying to pit us against our lord?” the Guards said as they rushed towards Yi Tianyun to grab him.

“Tsk, you guys are really pathetic!” Yi Tianyun said as he gently waved his palm towards the guards. His attack instantly killed the guards, but he didn’t get punished as it was just self-defense. The Flame Imprint on the guard’s arms was immediately catapulted towards Yi Tianyun, further increasing his own Flame Imprint.

“Interesting! I don’t know how you find out about our true identity, but you are going to die!” City Lord Qin Sheng coldly said as he walked down his throne and pulled out a giant axe. Yi Tianyun saw that Qin Sheng had 4 Flame Imprints on his arms, meaning that he was powerful enough to go to the 4th Layer City, but chose to stay here and took the City Lord position as his own.

Nevertheless, Qin Sheng was only at the 6th Layer Void Spirit Stage! He was certainly powerful compared to the average cultivation level on the 3rd Layer City. But still, it didn’t matter against Yi Tianyun! But then again, Yi Tianyun couldn’t attack first as he was still bound by the Ancient Netherworld Divine Tower’s rule.

But clearly, Qin Sheng was too furious to think rationally as he suddenly charged towards Yi Tianyun. The Flame Imprint on his arms suddenly shone, doubling his power as he attacked Yi Tianyun. Because of his status as the City Lord, he could use the Flame Imprint to increase his power.

“You are dead meat, human! Now, become our food!” Qin Sheng shouted as he smashed his axe towards Yi Tianyun’s direction, and Netherworld’s Fire burst out of the axe, freezing everything on its path!

Yi Tianyun neither dodged nor did anything as he just stared at Qin Sheng with a bored look on his face. Qin Sheng didn't really see Yi Tianyun move, so he thought that Yi Tianyun must have been frozen, so he attacked once more.

But as soon as Qin Sheng got close enough, he was startled as his axe was stopped! Amidst the ice that froze the air around him, Yi Tianyun wasn't affected at all! In fact, Yi Tianyun held the axe's blade like it was nothing. He didn't even bother to move from his position!

"How did you attain this much power at such a young age?" Qin Sheng asked confusedly as he truly didn't expect a man at Yi Tianyun's age would be able to stop him like this. He tried to push the axe to cut the young man's hand, but it didn't even budge!

"City Lord Qin Sheng! There is an absurdly strong human rushing from the bottom! He already crushed our patrol! From the way it sounds, his cultivation was way above Void Spirit Stage! But surely, he would taste very great once we got our hands on him!" an Evil Spirit Race Guard reported as he walked slowly to the Throne Room. But as he saw what happened inside the Throne Room, he was startled as he didn't expect the human he mentioned was already inside Qin Sheng's Throne Room.

"It's him! he was the man that killed our Patrol earlier!" The guard shouted as he held Yi Tianyun's poster to make sure he was looking at the right guy. However, he was too late! Qin Sheng has already attacked him, meaning Yi Tianyun was free to retaliate. Once Qin Sheng attacked, the duel commenced, and it wouldn't end until either side lost their lives or gave up!

"What was it? I will become your food? Wow, I wonder how a weakling thrash like you can ever beat me!" Yi Tianyun said tauntingly. He then slammed the Giant Axe that Qin Sheng was holding to the ground, dragging Qin Sheng along with it. "Now, it seems that you're the one that will be the prey!" Yi Tianyun said as he held the axe up again and swung it towards Qin Sheng.

Qin Sheng immediately transformed back to his Evil Spirit Race form and tried to defend himself by extending his extra arms to block the axe, but unfortunately for him, his speed and defence were not enough to block Yi Tianyun's attack!

The axe cut through Qin Sheng's arms before going right through his head!

'DING!'

'Successfully killed City Lord Qin Sheng!'

'Reward: ....'

Yi Tianyun didn't care about the reward he got from killing Qin Sheng as the only important thing for him right now was the Flame Imprint! The Flame Imprint on his Arms burned intensely as Qin Sheng's Flame Imprint integrated itself into Yi Tianyun's arms. Now, he would only need one more Flame Imprint to upgrade his Flame Imprint to the 4th Flame Imprint!

Yi Tianyun also noticed that a blue ring emerged around the Flame imprint, and Yi Tianyun realised that it had to be the mark of the 3rd Layer City Lord!

## Chapter 797

Even after killing City Lord Qin Sheng, Yi Tianyun wasn't satisfied at all. For him, it was only the beginning of his goal to purge the Evil Spirit Race from Ancient Netherworld Divine Tower! But he has already taken a significant step now as only a City Lord could challenge the higher level City Lord! Furthermore, the City Lord couldn't refuse another City Lord's challenge regardless of the circumstances!

The City Lord challenge was different from the regular challenge! The City Lord could reject the regular challenge as long as they provided a certain condition to the challenger, for example, defeating certain people before earning the right to challenge the City Lord. This was a given provided that the City Lord bore the responsibility to take care of the city they were in charge of. Yi Tianyun didn't know who bore the City Lord position in a higher layer, but he speculated that all of them would be Evil Spirit Race cultivators! This position provided so many benefits that there was no way the Evil Spirit Race would let such an advantageous position fall into other races' hands!

Yi Tianyun was very lucky that Qin Sheng charged straight at him without thinking earlier. If Qin Sheng kept his composure, Yi Tianyun had to wait for a certain amount of time before he could deal with Qin Sheng!

"Now, let's continue our fight!" Yi Tianyun said as he turned his attention to the guards that attacked him earlier. He expanded his aura and covered the entire room. The guards immediately felt a

foreboding shadow of death and thus immediately tried to escape, but unfortunately for them, their decision was a little too late! Yi Tianyun flashed in front of them and blocked their escape route.

“Stop! Don’t kill me!” The guard screamed while assuming a defensive position as they subconsciously tried to protect themselves. But once again, their action was futile as Yi Tianyun easily cleaved them in two with the big axe that Qin Sheng used earlier.

Yi Tianyun got the guard’s Flame Imprint, and he successfully upgraded the 4th Flame Imprint while the 5th Flame Imprint started to show itself faintly. Surely, it would be hard to upgrade the 5th Flame Imprint as the guard was only at the 3rd Flame Imprint. It surely would be far easier to just go up another level instead of challenging the guards on the 3rd Layer City to upgrade his Flame Imprint.

But when he checked the City Lord status and found something that might be useful later. He found that the City Lord had the authority to judge anyone they deemed a sinner regardless of whether they really violated the rules, as it was up to City Lord’s decision whether to punish the cultivator to duel or not!

But still, the trials for the sinner only worked on those with the same level of Flame Imprint as the city that the City Lord managed, meaning that Yi Tianyun’s privilege as the City Lord wouldn’t work on those that had 4th Flame Imprint or above! The most useful thing was that the City Lord privilege could ignore the rule that prohibited challenging those who had just participated in another duel recently, meaning that there was no time given to the sinner to recuperate!

But it was understandable as the City Lord was supposed to set a trial instead of challenging the sinner. The City Lord had a chance to hold three trials each month, meaning that Yi Tianyun could kill three cultivators of his choice each month without evoking the tower’s punishment.

Yi Tianyun then rushed towards the cultivator that Qin Sheng toyed around with earlier. He equipped the Longevity Necklace and Longevity Ring to help the poor cultivator. The female cultivator was badly injured as Qin Sheng also damaged her soul! Her Blood Essence has already depleted, meaning that Qin Sheng has feasted on her for quite some time.

Although Yi Tianyun has equipped his best equipment to save the female cultivator, it didn’t mean he was omnipotent! Furthermore, the female cultivator was dying! This was beyond him unless he had the full set of Longevity Set!

“Thank you for killing that monster!” The female cultivator said with a smile on her face. Even though she didn’t want to die, at least she could see her enemy met the end he deserved! After expressing her gratitude to Yi Tianyun, she died on his hand. But she died with a smile on her face.

Yi Tianyun sighed and covered the bodies in the room with his Immortal Fire. He didn’t want the odor to spread further. Besides, he did it to honour the female cultivator to make sure no one could see her badly injured body. Yi Tianyun then walked out of the throne room as he didn’t have anything else to do in this place, but as soon as he opened the door, he saw that many cultivators had gathered on the bottom of the stairs as they heard the commotion on the City Palace.

They heard that someone was challenging the City Lord, but they thought there was no way the challenger would win as the City Lord was a very powerful cultivator! There was no way someone on 3rd Layer City could defeat such a man, but once they saw Yi Tianyun coming out of the throne room and the blue ring on Yi Tianyun’s arm, they knew that the previous City Lord had been killed!

“City Lord!” The cultivator shouted in surprise as they didn’t want to get into the new City Lord’s bad side. They were terrified as the situation changed so fast, and they didn’t even know the young man who successfully killed the previous City Lord in such a short amount of time!

Yi Tianyun stared at the cultivator coldly, but since he didn’t feel any Evil Spirit Race’s presence among the crowd, he ignored them and started to walk towards the stairs that would bring him to the 4th Layer City. But suddenly, a man rushed towards Yi Tianyun with strong killing intent. “I challenge you, young man! How dare you kill City Lord Qin! Do you realise what you have gotten yourself into?” the cultivator shouted coldly.

The Iron Necklace on Yi Tianyun’s neck started to glow red, meaning that the cultivator that rushed towards him right now was part of the Evil Spirit Race! Yi Tianyun looked at the cultivator coldly, and as soon as the cultivator rushed close enough to where he was, Yi Tianyun split the cultivator in two with the big axe that he got from Qin Sheng earlier!

His goal was to slaughter the Evil Spirit Race, so there was no need for him to hear anything they have to say!

Everyone witnessed the cultivator came as sudden as he accused Yi Tianyun of killing the previous City Lord in cold blood, but he was immediately killed by Yi Tianyun without so much effort, instilling fear deep on their hearts!

“We didn’t mean any harm. We’re just here to see the new City Lord with our own eyes!” The cultivator said with their head down.

“Do you know about the Evil Spirit Race?” Yi Tianyun asked the cultivators coldly.

“Evil Spirit Race? We don’t know about them.” The cultivators said while shaking their heads. They have heard about it, but they didn’t know about them specifically. But it was normal for them to be unaware of the Evil Spirit Race. After all, the Demon War was already a thousand years ago, and most of the records depicting the war were either lost in history or destroyed by the Evil Spirit Race!

Some big countries still passed down the story about the war and the Evil Spirit Race, but the cultivators there surely didn’t care about it or just solely forgot about their existence. Moreover, the cultivator inside the tower right now was more likely to be a rogue cultivator or cultivators from small faction trying to turn their lives around.

“Well, you will know about them soon enough! They are the enemies of the three realms!” Yi Tianyun coldly said as he turned around and walked towards the ladder leading to 4th Layer City. The cultivators seemed confused by Yi Tianyun’s word as they didn’t know what was going on.

The story about the Evil Spirit Race was scarce. In all honesty, the Evil Spirit Race did really well on their parts to stay hidden. They could hide so well that no one knew about them, and they probably killed those who knew about them too!

After Yi Tianyun left for the 4th Layer City, some cultivators came to 3rd Layer City, but they were surprised by what had happened! Qin Sheng has been killed, and the man who has become the new City Lord has gone up to 4th Layer City.

“We have to report to the elders! The City Lord of 3rd Layer City has been killed, and the City Lord in the upper city is in danger!” one of the cultivators said nervously. They were the Evil Spirit Race cultivator that was ordered to stop the young man that came out of nowhere and started challenging their patrol

on the 1st Layer City! They came to the 3rd Layer City as they didn't find the man in the 2nd Layer City, but they were shocked upon realising that they were already too late!

They knew that they might be too late to inform the 4th Layer City as climbing the ladder to the 4th Layer City would take some time. Besides, they didn't have any other means of communication other than going to the said level themselves!

Yi Tianyun kept going without any problem. The ladder towards the 4th Layer City might be more challenging than those in the lower level, but that didn't mean it could halt Yi Tianyun's progress. But even if everything seemed easy right now, Yi Tianyun knew that he would soon face someone that might be more challenging than any other opponents he had battled with in the past!

Soon, Yi Tianyun arrived at 4th Layer City and noticed nothing out of place from the 3rd Layer City, except for the Spiritual Energy that was clearly more potent than that of the 3rd Layer City. Like the first time he came to 3rd Layer City, some cultivators approached and asked which faction Yi Tianyun came from. This was a normal question as all cultivators there on Ancient Netherworld Divine Tower wanted to survive by grouping up!

"I am not associated with any faction!" Yi Tianyun said with a sigh. He then left the confused cultivator and proceeded towards the City Lord Palace.

But the cultivators earlier chased after him as he couldn't fathom what Yi Tianyun had said. "Wait! Did you just say that you didn't have a faction up here? How did you get to come up? Did you already fight every single faction there is down there?" the cultivator asked confusedly.

"This isn't the right time to talk. I want to challenge the City Lord right away!" Yi Tianyun said indifferently.

"What? Did you want to die, brat? Why would you challenge the City Lord right away?" the cultivator asked as he was baffled by Yi Tianyun's word.

"Seriously, this place has gone nuts! There was this hot woman that came up in the past that also did the exact same thing as this brat! And look at that! He already has the City Lord imprint on his arms!" Another cultivator said as he overheard what the previous cultivator was talking about with Yi Tianyun. "But look kid, Qin Jiang, the City Lord of this 4th Layer City was actually the older brother of the City Lord

you just killed. If he knew that his brother was dead, you would be in serious danger!” the cultivator said while shaking his head.

Yi Tianyun wanted to ignore these people, but he was intrigued about the woman who took the same path as him. “a woman did the same thing I do?” Yi Tianyun said to himself, but he knew that it wasn’t the right time to inquire about that as he had to complete his own mission! So, he ignored the cultivators and walked straight towards the City Lord Palace!

He looked around on his way there and noticed that the average cultivation level was the late Core Transformation stage or early Void Spirit Stage! The cultivation level of this place wasn’t bad, but it wasn’t something that Yi Tianyun needed to concern himself with now. Suddenly, he heard a loud banging sound from the City Lord Palace. Yi Tianyun looked really close and saw that the sky above the palace was filled with Netherworld’s fire, but there was another flame that tried to pressure the Netherworld’s Fire!

“Immortal Fire?” Yi Tianyun said to himself as he recognised the orange-coloured fire. Yi Tianyun thought about it for a while and arrived at one conclusion! The only person he knew that was also capable of controlling the Immortal Fire was Bai Shuihuang, the Lord of the Phoenix Race!

He knew from the cultivator earlier that a hot woman was walking the same path as he does, and if it were a woman, the probability that it was Bai Shuihuang increased exponentially.

He rushed towards the City Lord Palace and went right through the crowds. Sure enough, he immediately saw Bai Shuihuang fighting against Qin Jian. Both of them were at Spirit King Peak Stage, making the battle even more intense.

“It really is her!” Yi Tianyun said to himself as he was surprised by this situation.

## Chapter 799

Yi Tianyun didn’t expect Bai Shuihuang to be here out of all places, but more importantly, why would she leave the Phoenix Race behind? But it was most likely because Bai Shuihuang had learned about the Evil Spirit Race! There was no way Phoenix Clan and Evil Spirit Race could coexist anyway, so here she was!

Yi Tianyun then observed the crowds and was a little bit surprised that he found some other elders of the Phoenix Race among them, which was none other than Shopkeeper Ye. With that knowledge, Yi Tianyun wouldn't be surprised if he found some other Phoenix Clan Elders here later on! The Phoenix Clan's cultivation was indeed strong, but Yi Tianyun wasn't sure whether they could take on the Evil Spirit Race that had already taken control over the Ancient Netherworld Divine Tower by themselves!

An explosion surprised everyone as Bai Shuihuang's Immortal Fire and Qin Jian's Netherworld's Fire collided again, causing an explosion that would easily kill any normal cultivator. Immortal Fire might be stronger than Netherworld's Fire, but Qin Jian's Netherworld's Fire was a lot more intense than Bai Shuihuang's Immortal Fire, so she was losing ground at the moment.

"I didn't expect to see a Phoenix Bloodline in this place, but I welcome you gladly!" Qin Jian laughed maniacally. He released the power of his City Lord's Flame Imprint, empowering his Netherworld's Fire further. Qin Jian licked his lips as he was delighted to see Phoenix Clan here. He really wanted to consume their bloodline so that he could further improve his power.

As for Bai Shuihuang, she was trying hard to find a weak spot on Qin Jian's defence. She knew that she couldn't win against Qin Jian's Netherworld's Fire, so she had to put everything to her own wits to win the battle. She knew that she couldn't prolong the battle like this. Otherwise, she wouldn't have any chance of winning.

"I'll wipe the grin out of that ugly face today!" Bai Shuihuang said coldly. She tried to increase her Immortal Fire's firepower and summoned the Phoenix Phantom Shadow to assist her. She immediately clashed her Immortal Fire with Qin Jian's Netherworld's Fire once again!

"My ugly face? It's so hard to see past your spiteful word, woman!" Qin Jian said coldly. He used his Netherworld's Fire to enhance his body, thus increasing his power several folds! "This place is my territory! Even if you are the great Phoenix Race, you're powerless here!" Qin Jian coldly said as he started to wave his giant axe around. The Giant Axe was similar in terms of appearance to what Qin Sheng used in his fight with Yi Tianyun earlier.

The Giant Axe could just split Bai Shuihuang in half, and Qin Jian's attack wasn't slow either! As time went by, it was clear that Bai Shuihuang was in a dire as she looked exhausted, while Qin Jian didn't seem to be out of breath at all. Bai Shuihuang tried to dodge the attack with her amazing speed and successfully dodged it by a hairbreadth, but to what end?

“That is enough, Lord Bai!” Shopkeeper Ye shouted as he didn’t like the way things went. Bai Shuihuang herself knows that she was pushed to a corner, but she didn’t want to admit that she lost just yet! There was nothing she hated more than losing. Furthermore, she really wanted to kill all these Evil Spirit Race scumbags!

“Lord Bai! It is okay! Leave everything else to me!” Yi Tianyun said as he walked across the crowds. Every eye was immediately focused on Yi Tianyun as they heard his arrogant words.

“Divine Envoy!” Shopkeeper Ye shouted surprisedly. He didn’t expect to encounter Yi Tianyun here out of all places. Bai Shuihuang also glanced towards the voice and sighed as she used the last ounce of her power to empower the Immortal Fire for the last time. She turned into a huge phoenix and started to rush forward to attack Qin Jian!

She successfully hit Qin Jian that was caught off guard since he didn’t expect that Bai Shuihuang still got a fight left in her. She charged at Qin Jian like an arrow, resulting in Qin Jian not having enough time to get away.

Bai Shuihuang herself didn’t continue the battle as she rushed towards the edge of the platform and jumped out of it. The barrier that protected the platform immediately disappeared as it marked the end of the battle with Qin Jian’s victory. At the same time, the Flame Imprint on Bai Shuihuang’s arm was catapulted towards Qin Jian as then reward for his victory.

“I will let you win this one!” Bai Shuihuang said with a smile on her face. She immediately disappeared as she was teleported back to the 3rd Layer City due to losing her qualification to stay in 4th Layer City. She didn’t have the 4th Flame Imprint anymore when she lost her duel against Qin Jian, but it didn’t really matter for her.

“I didn’t expect to be downed by that woman!” Qin Jian said as he was annoyed by Bai Shuihuang’s last struggle. He thought that he could win easily against Bai Shuihuang that he was caught off guard at the last moment! Furthermore, Bai Shuihuang has escaped his clutch, further annoyed him since he couldn’t get his hands on the rare Phoenix Bloodline!

But at the same time, Yi Tianyun stepped up into the platform with his gaze still on Qin Jian. “I challenge Qin Jian, the City Lord of 4th Layer City!” Yi Tianyun said coldly.

“No thanks, you aren’t from Phoenix Bloodline. I don’t have any reason to fight you!” Qin Jian waved his hands dismissively.

“It doesn’t matter whether you are interested or not. This duel is already a decided matter!” Yi Tianyun said as he showed Qin Jian the blue circle on his 3rd Flame Imprint, a sign that he was the City Lord for 3rd Layer City, and the duel between two City Lords couldn’t be rejected!

“You are the 3rd Layer City’s City Lord? You! You killed my brother!” Qin Jian said as his eyes reddened and filled with fury.

“Well, for a weakling and a trash race like you and your brother, death is already the best thing I could give!” Yi Tianyun said with a smirk on his face. “So, are you sure you don’t want to fight me?” Yi Tianyun said coldly.

## Chapter 800

“You killed my younger brother!” Qin Jian shouted furiously. “How dare you stupid human kill my younger brother! I will make sure you die a painful death!” Qin Jian shouted as he was consumed with rage. The barrier of the platform was erected as a sign that the duel officially began. Yi Tianyun knew that Qin Jian would be easily provoked as soon as he showed that his brother had been killed and thus took advantage of it.

The Evil Spirit Race was a race that would easily lose themselves in rage, especially those that never experienced it before! They easily lost their senses as they blindly attacked with rage, so Yi Tianyun should be able to end it rather easily.

“There are a lot of people that want me dead, but you are actually weaker than most of them!” Yi Tianyun mocked Qin Jian without showing the slightest worry of Qin Jian’s incoming attack, further provoking Qin Jian! The cultivators on the side that watched the fight began to frown as they doubted that a young man like Yi Tianyun could win against the City Lord! They still didn’t know about the Evil Spirit Race, but surely, they were about to find out!

“How dare you! A trash like you dare to mock me?” Qin Jian furiously shouted as he began to swing his huge axe towards Yi Tianyun. The 5th Flame Imprint on his arms burst out, enhancing Qin Jian’s power even further than when he was facing Bai Shuihuang.

“Devouring the Heaven!” Qin Jian shouted as he released his aura completely. His body was immediately shrouded with the Netherworld’s Fire, and the axe on his hands grew as it got even bigger than before, while also completely covered with the Netherworld’s Fire!

At this point, Qin Jian didn’t care about his identity at all. After all, nobody on this place really knew about the Evil Spirit Race! Even if some of them knew about Evil Spirit Race, he didn’t have to worry. After all, they could be dealt with later on!

“Divine Envoy! Watch out for his power! He could utilize the tower’s power since he is the City Lord here!” Shopkeeper Ye shouted as he was worried that Yi Tianyun would fail to defend against the enemy attack! Yi Tianyun didn’t really mind Shopkeeper Ye’s word as he already knew about it from his previous fight, but Qin Jian was still leagues apart from Yi Tianyun!

“Even with that much Netherworld’s Fire, that’s all you got? How pathetic!” Yi Tianyun said as he activated the 4th Flame Imprint on his hands and summoned his Immortal Fire! The cultivators on the side once again thought that Yi Tianyun lacked combat experience. Although Yi Tianyun’s fire did seem impressive, it wouldn’t be able to stop Qin Jian’s fire! Furthermore, Qin Jian’s 5th Flame Imprint was one level above Yi Tianyun’s 4th Flame Imprint!

“You are too naïve, kid!” Qin coldly Jian said as he waved his axe over towards Yi Tianyun’s head. He was confident that Yi Tianyun wouldn’t be able to defend against his attack, so he focused himself on attacking! As he swung his axe, it radiated an intense fire attack that would definitely engulf everything it touched!

But Yi Tianyun calmly raised his hand and stopped the axe with minimum effort! The fire headed straight towards Yi Tianyun, but as it collides with Immortal Fire that Yi Tianyun has summoned, it disappeared!

The Netherworld’s Fire that was brimming with power just a moment ago disappeared without a trace! The weak-looking Immortal Fire that Yi Tianyun summoned earlier completely devoured Qin Jian’s fire!

“How is this possible!” Qin Jian said as his complexion turned pale. He used everything he got to kill his brother’s killer, but he couldn’t even graze his clothes! The cultivators that watched the duel intensely, were clearly stunned and confused by what just happened. They didn’t understand why a young man such as Yi Tianyun could block such an overwhelming attack from their City Lord. Furthermore, the young man’s weak little fire completely overpowered the City Lord’s intense fire!

“Now, do you still think that the Human Race is trash? I already cut your brother in half, and I am about to do the same thing to you! Now, where is the power that you Evil Spirit Race bragging?” Yi Tianyun said challengingly. Qin Jian tried to pull the axe from Yi Tianyun’s hands, but it didn’t budge, not even a millimetre!

“City Lord Qin, I’m here to inform you about the 3rd Layer City’s City Lord! We have to discuss ...” The Guard rushed to the platform, but they were stunned as soon as they saw that their City Lord was being overpowered!

Qin Jian’s storage ring immediately flashed, and another giant axe appeared on his hand. Qin Jian immediately abandoned the axe Yi Tianyun held and immediately swung his new axe aiming for Yi Tianyun’s waist!

But clearly, Yi Tianyun wasn’t having it and immediately struck Qin Jian with the axe that he was holding. Fortunately for Qin Jian, Yi Tianyun attacked him with the handle of the axe, not the blade, so Qin Jian was thrown to the barrier of the platform that served like a wall. Clearly, even though he was still alive, Qin Jian was heavily injured!

“How can a human possess this much power!” Qin Jian said as he was terrified of Yi Tianyun’s monstrous power. He immediately stood up again, but this time he wanted to get out from the barrier to save himself. The fact that Yi Tianyun had killed his brother earlier wasn’t important anymore!

“Human Race is far more powerful than what you can imagine!” Yi Tianyun said as he clenched his fist and punched Qin Jian’s head. A beam of blue light appeared as Yi Tianyun’s fist landed on Qin Jian’s head and covered Qin Jian’s body! As soon as the blue light disappeared, everyone was surprised as Qin Jian was already frozen solid, turned into an ice sculpture!
