Chapter 81: Spirit King Xuan Tian

Yi Tianyun looks around him, there's nothing but flowers and trees. However, a path opened in front of him. He followed the path and walked for quite a while until he saw a plain courtyard.

He knew this is an illusion, basically there's nothing else here.

Despite being the only thing out of the ordinary in this realm, it's such a plain courtyard with a small house inside standing in front of Yi Tianyun.

But that's exactly why Yi Tianyun is really cautious here, if this place is somehow luxurious, he can conclude this place's owner is definitely nothing special.

He walked to the front door and knock. "Dong Dong Dong" sounded a few times, and it was particularly loud in this quiet courtyard.

"Come in." The low voice came from inside.

Yi Tianyun was shocked. He didn't expect there's actually someone inside, he knocked the door thinking there wouldn't be anyone inside.

He gently opened the door, and it was a courtyard full of flowers and plants. An old man sat leisurely in the middle of the courtyard.

"Pleased to meet you!" Yi Tianyun walked in and bow to the old man.

An expert capable of creating something as grand as Heavens Immersing Ancient Ruins is definitely not just an average cultivator, so he Yi Tianyun must show some respect.

"No need to be so formal, I am not the owner here." The old man smiled and stood up.

“You are not the owner here?” Yi Tianyun is startled, even though he’s living here, he’s not the owner?

“Yes, this old man is just a keeper of this place, call me Old Xuan. Fated person, please come with me.” Old Xuan signaled him to go inside.

Yi Tianyun nodded, and walked into the house with Old Xuan. There was no treasure in the house. Instead, there was a tombstone inside, which clearly read “Spirit King Xuan Tian”. The owner is Spirit King Xuan Tian!

“The owner is a Spirit King!”

Yi Tianyun is shocked, and Spirit King is a really high cultivation realm, it’s a cultivation realm before Saint King. That’s the highest level of cultivation in this continent. No wonder he can create such a large ancient ruins .

“This is the master’s spiritual position.” Old Xuan sighed.

“Spirit King Xuan Tian, he’s already...” Yi Tianyun startled, Spirit King has passed away?

“Yes, even if he is Spirit King, he still cannot escape from fate.” Old Xuan sighed.

Yi Tianyun’s expression is solemn and respectful: “Let me pay my respect, i’ll burn an incense.”

Old Xuan waved his hand and an incense appeared in his hand and handed it to Yi Tianyun.

Yi Tianyun took the incense and came to the front of this spiritual position. He bowed three times, and paid his respect. Deep in his heart he thought how unfortunate to lose such talented cultivator.

After three bows, he took the incense stick and walked over and inserted it on the incense burner.

Old Xuan watch Yi Tianyun and nodded with satisfaction, and immediately said: "I see you're quite well-mannered, and your attitudes..., i'd say you qualified to be the owner's inheritance disciple!"

Yi Tianyun startled, all he did is just burn an incense stick, suddenly he qualified to become an inheritance disciple?

"You don't have to be so surprised, qualified means you're eligible to participate in a test but not just anyone can even qualify." Old Xuan coldly said: "They're polite but they're not sincere, they had ulterior motives! Untrusted cultivators that simply wanted an inheritance!"

"So there are other people coming here prior to this, but in the end, because of attitude problem, they didn't get this inheritance?" Yi Tianyun wondered.

"Not only they didn't get the inheritance, I also punished them!" Old Xuan said solemnly: "I'm the keeper of this place, i can tell anyone who's sincere and respectful to the owner. If that's not the case, then they're not qualified!"

Immediately, Old Xuan rushed him with a smile: "No need to worry, i can tell you're a good person, the master always welcomes people like you to take our test."

Yi Tianyun couldn't help but breathe a sigh of relief, he corrected his attitude the moment he entered this place fortunately, or he could've just ended up dying here. Although he doesn't know what punishment Old Xuan talked about, he's too afraid to imagine anyway.

The soul of people entering this place is connected to the Smelting Trial Stone Tablet, if something happened to the soul here, even if they don't die, their inner soul will be affected, they could've become disabled for life.

It seems that sometimes paying attention to etiquette is very important. A lot of cultivators came here thinking they could just waltz in and bring back a treasure, little do they know they're being tested the moment they enter

"A test? May i know what test?" Yi Tianyun asked.

“Next is the test of strength, there’s no point to inherit Spirit King’s treasure if you lack strength.” Old Xuan smiled. Despite what he said, he believes Yi Tianyun’s abilities: “The test is pretty straightforward, defeat the master!”

“Defeat the owner?” Yi Tianyun said: “But Spirit King Xuan Tian is already... Is it possible to fight him?”

“The one you will fight is not the real master, but the Divine Sense left by the master. You can qualify for inheritance by defeating this Divine Sense!” Old Xuan said solemnly: “If you fail, I will alter your memory for a little bit, just removing about you memories here and i’ll send your conciousness back.”

Although Old Xuan welcomed cultivators to earn this inheritance, everything depends on their strength.

“No problem.” Yi Tianyun nodded. He had complete confindence for this, if he can’t do this who else can?

Because the limit to enter Heavens Immersing Ancient Ruins is Spirit Refinement Realm meanwhile he is a Core Condensation. That’s why Yi Tianyun is so confident.

“That’s good, are you ready now?” Old Xuan asked.

“Yes,” said Yi Tianyun.

Old Xuan nodded, after waving his hand, the courtyard disappeared, it turned into an arena.

Along with a boy who appeared out of nowhere in front of Yi Tianyun!

The moment Yi Tianyun lay his eyes on this young boy, he felt as if this boy has seen through him. This young boy in front of him is undoubtedly the Spirit King in his youth. He even used Appraisal eye to make sure. Even if it seems to be the Spirit King in his youth, he is still looks formidable.

Chapter 82: Suppression

“This apparition before you is when the owner of this palace in his younger days. You don’t need to worry too much because obviously he’s not as strong as he is back in his prime Old Xuan smiles ever so faintly and said “As for the master’s cultivation, it would be the same on your cultivations. So the higher your cultivations, master’s cultivation will match yours. If you manage to defeat the master here, you will be qualified to be the successor.”

Spirit King Xuan Tian, even in his younger days is not to be underestimated, that’s for sure.

“Now I will proceed to assess your cultivation so you can begin the fight immediately.” Old Xuan raised his hand gently, and a ray of light shrouded Yi Tianyun, checking Yi Tianyun’s cultivation.

After a while, old Xuan was shocked by the revelations in front of him “Core Condensation cultivation, and at Seventh Level!?”

Although Old Xuan is only a keeper of this place, the Great Array to control the entrance is still hosted by him, that fact alone would be a sign that this old man has a very good skill in his arsenal. It is well known that the array wouldn’t let anyone higher than spirit refinement cultivations to get through, as he is the one that reinforce that rules.

“Yes, i’m at Seventh Level Core Condensation. I ‘m not exactly sure why I can come into the Heaven Immersing Ancient Ruins, I’m just trying my luck and somehow I can get in, but doesn’t this mean I completely break the rules?” Yi Tianyun is feeling a little awkward, he doesn’t want to be disqualified now by Old Xuan because he already too high leveled, but at the same time, he completely understands if Old Xuan decided to disqualify him.

“Weird, I clearly limit the cultivators to enter up to Spirit Refinement, but you somehow could enter” Old Xuan becomes a little bit sad from this revelations, maybe he already became too old for this job he thinks. “It seems that something is wrong to the array, but since you’ve come this far, it would not be fair to just disqualify you. But because your cultivation is so much higher than this version of the master, we need to make a few adjustment to make it fair. There is no way master in this form could win against a Core Condensation cultivator.”

“Old Xuan, you don’t have to worry about this problem, I personally don’t think that highly of myself. I would gladly accept any kind of adjustment you have in mind.” Yi Tianyun doesn’t really care that much with the adjustment that he would encounter, as long as he has his crazy system, he’s confident he can pull through anything.

“Well then, you have two choices, one is to give up this challenge and you will be back to him outside without the memory of this place and the second is to readjust master’s cultivation. Currently he is in his spirit refinement period, if you still want to proceed, I will readjust his cultivations to that of his core condensation period. But surely I need to remind you that fight would be a lot harder than his form on spirit refinement period.” Old Xuan talks solemnly to Yi Tianyun.

This is the will of his master, he can’t make exceptions especially this is a rare case where the challenger is not within the restrictions he set.

“No problem.” Yi Tianyun said with a smile “I would gladly accept that conditions.”

“Since you are at Seventh Level Core Condensation, then the master would have the same cultivation level as you are, so he also will be at Seventh Level Core Condensation.” Old Xuan talks to Yi Tianyun while waving his hand. Suddenly a ray of light shrouded Spirit King Xuan Tian.

Spirit King Xuan Tian began to change from young boy to a teenager about the same age as Yi Tianyun. His cultivations also increased exponentially. Yi Tianyun saw with the Appraisal Eye as Spirit King Xuan Tian continue to increase from the beginning of the readjustment.

10.000, 20.000, 30.000... the combat power stops when it reaches 50.000.

This value is already terrifying. The normal Seventh Level Core Condensation cultivator would have up to 40.000 combat power, and Spirit King Xuan Tian already reached this level of cultivation and battle power at such a young age.

Spirit King Xuan Tian (teenager): Seventh Level Core Condensation, combat power is equal to wielding Upper Level Spirit Tool even though he’s just using bare hands, battle power is 50.000!

“This Spirit King Xuan Tian is really strong” Yi Tianyun’s eyes are sparkled with excitement, when appraisal eye has fully analyzed Spirit King Xuan Tian, he can see just how much power the Spirit King Xuan Tian has .

However, Yi Tianyun doesn't feel intimidated by this numbers, Yi Tianyun's battle power already reached 60.000 with the effect of his power accessories set alone. He's confident enough that he could win this fight.

Even without the effect of Power accessories set, his combat power is already around 50.000, basically the same as Spirit King Xuan Tian. This is of course because of the effect he got from Dragon God Bloodline, he got tremendous physique from it. Because of his enhanced physique he got extra combat power when he strengthened his physique with item such like power suit.

With this much extra stuff Yi Tianyun understand how amazing Spirit King Xuan Tian when he was alive.

The Power accessories set's effect is to enhance his power for 100%, that doesn't mean that his power got doubled, the effect itself only enhance his base power, so everything he equipped, or activated for additional combat power like dragon god bloodline is not multiplied.

In the end Power Suit is not a Divine Tool, so it can't have such heaven defying effect on it.

"You can choose your weapon whether it's your own or the ones we have here, what do you say?" Old Xuan also add information for Yi Tianyun "Oh yeah, the owner does not need any weapon, he will rely only on his fist."

"If the master is only using his fist, then I should be fair and use only my fist too." Yi Tianyun decided to use his bare hands as well.

"Are you sure?" Old Xuan calmly ask "This is not an easy fight. The owner has strong physique and he is stronger than any average cultivator. I know that you want to show your respect, but it's not necessary at this point, you should use everything you have to fight him!"

"It's okay, don't worry about me. I will stick to my fist." Yi Tianyun said to old Xuan with a light smile "Believe it or not i'm pretty confident in my fist."

Old Xuan become silent for a while and then said "Well, as you wish. If you fail, you can't make any reason and your memory of this place would be gone."

“Of course, I understand.” Yi Tianyun still smiles

Old Xuan Sees the determination in Yi Tianyun’s eyes and he couldn’t help but to give some advice in advance. After a while, Old Xuan let Yi Tianyun knows that the challenge would start by shouting, “The fight starts!”

When he said it, surely Spirit King Xuan Tian began to move. he started struggling to move at first but after a while Spirit King Xuan Tian rushes at Yi Tianyun with an amazing speed. When he start his rush at Yi Tianyun, Yi Tianyun can feels the ground shakes a little, proving just how immense strength he possessed.

Yi Tianyun’s expression was indifferent about this. He keeps smiling to the Spirit King Xuan Tian and as the Spirit King come closer, he raised his hand and catch Spirit King’s fists. Yi Tianyun doesn’t feel any fear at all against such strong adversaries.

Old Xuan shook his head at Yi Tianyun. That is not a good idea to receive Spirit King fist head on like that, with his strong physique the Spirit King can break through with an explosive power. He doesn’t even need his martial arts to do that.

“Bang!”

After receiving the second punch Yi Tianyun grabbed both of the Spirit King Xuan Tian’s fists and activated his Absorbing Stars Great Technique. The moment he activates his technique, he can feel spiritual power surging into his body from his palm. The absorbing stars great technique combined with dark north divine art, greatly absorbs the spiritual power from his opponent.

[1000 exp, 1300 exp, 1200 exp...]

In the beginning he just want to check whether this martial art is effective in here. Once he confirms this with his own hands, he can’t be happier. He activates his Crazy Mode immediately. The amount of experiences he received after that is multiplied 4 to 5 times than before.

[4000 exp, 4400 exp, 4800 exp...]

The constant exp flows steadily into his body.

Spirit King Xuan Tian is struggling to escape Yi Tianyun's grasp, but Yi Tianyun keeps on holding tight not letting the Spirit King escapes from him and continues to absorb the Spirit King spiritual power until its dry. With more than 10.000 combat power difference, he's still able to hold his ground even against a Spirit King.

Chapter 83: Crazy Absorption

Yi Tianyun completely lock Spirit King Xuan Tian in place, sealing his movement with both their hands locked against each other, no matter how hard Spirit King Xuan Tian struggles, he could not break free.

"This physical prowess... he's definitely strong but not stronger than me." Yi Tianyun smiled, it is undeniable that Spirit King Xuan Tian physical prowess is very strong, but Yi Tianyun is even stronger! Especially thanks to the effect of Power Suit, makes it easier to hold Spirit King Xuan Tian down.

Spirit King Xuan Tian did not let up the struggle at all. He's not out of idea, this time he used his foot to kick Yi Tianyun, like a sickle about to cut Yi Tianyun.

However, the moment he swing his foot, Yi Tianyun suddenly smile, and immediately pulled Spirit King Xuan Tian's arm and kick his other foot.

As a result, Spirit King Xuan Tian loses his footing, and fell down on his back.

"Bang!"

Spirit King Xuan Tian fell heavily on the ground, and quickly Yi Tianyun flip Spirit King Xuan Tian's body so now his face is facing the ground and he pin Spirit King Xuan Tian down with his body.

"Even though you're strong, it's useless if you can't move."

Yi Tianyun smiled and opened his inventory, and consume the Double Exp Pill, combined with crazy mode it becomes 6 times exp absorbed! He didn't expect he will be able to absorb exp from Spirit King

Xuan Tian, but now that he actually get exp from absorbing Spirit King Xuan Tian's spiritual power, he can't waste this opportunity to earn as much exp as possible.

It's almost as if Spirit King Xuan Tian is begging Yi Tianyun to absorb all of his spiritual power.

Yi Tianyun was planning to do this to begin with.

Old Xuan, who was watching from the very beginning is out of words. Turns out Yi Tianyun is stronger than Spirit King Xuan Tian! Spirit King Xuan Tian can't even move a muscle.

"Such extraordinary strength, there's not that many cultivator who can match let alone exceed master's strength..." Old Xuan is overwhelmed by Yi Tianyun's strength, but he did not stop the duel.

This duel will only end if either one of them is defeated.

Spirit King Xuan Tian still tried to break free but Yi Tianyun made sure he can't fight back, in fact Spirit King Xuan Tian's body gradually become transparent as Yi Tianyun has absorbed quite a lot of his spiritual power.

Old Xuan know what's goin on as he could sense spiritual power is seeping away from his master's body. This realm along with Heavens Immersing ancient Ruin is connected to Spirit King Xuan Tian, so if he loses too much spiritual power this realm could just disappear.

"I would like to see how long you can hold on."

Yi Tianyun smiled because it will take a while until Spirit King Xuan Tian is out of spiritual power meaning Yi Tianyun can savor more and more exp and Spirit King Xuan Tian is readjusted to be Seventh Level Core Condensation so the amount of exp Yi Tianyun get is pretty good.

In any case Yi Tianyun has absorbed a lot of exp at this point, probably hundreds of thousand exp already and finally he saw Spirit King Xuan Tian on the ground have become transparent.

And not only Spirit King Xuan Tian, this place somehow gradually become transparent as well.

“This... What kind of martial art are you using? How can you absorb master’s spiritual power just like that?” Old Xuan finally couldn’t help but voice his concern with a bitter smile: “If this keeps up this place will disappear!”

Yi Tianyun looked at Old Xuan said with a smile: “you jest, a realm at this scale could disappear just because i absorb Spirit King Xuan Tian’s spiritual power?”

“Heavens Immersing Ancient Ruins have been functioning for too long, the effect of Spirit Gathering Array is getting weaker and weaker, and the ability to concentrate spiritual power is deteriorated. If you keep absorbing, Spirit Gathering Array won’t be able to keep up and this place along with the ruins will disappear because it’s connected to Spirit King Xuan Tian!” Old Xuan didn’t know whether he should be sad or happy, he never expected to encounter such talented and unique cultivator!

And most cultivator normally tried to defeat Spirit King Xuan Tian as fast as possible, yet Yi Tianyun doesn’t care how long it takes as long as he can absorb more spiritual power!

“But I haven’t defeated Spirit King Xuan Tian” Yi Tianyun said.

“This is not about defeating master... i can’t interfere so please let go of master and defeat him with another way.” Old Xuan is basically begging Yi Tianyun to stop absorbing more spiritual power because at this rate Heavens Immersing Ancient Ruins could crumble as well.

This is not the time to mind about his pride, because Old Xuan is not an exception, he could disappear along with Heavens Immersing Ancient Ruins and this realm as well.

“This is...” Yi Tianyun smiled and said: “You should’ve said it earlier.”

“ ... ”

Old Xuan who thought Yi Tianyun is a very polite young man suddenly questions himself

Of course Yi Tianyun can't waste such golden opportunity to gain abundant exp, with an easier way too, killing cultivator outside wouldn't give him this much exp so it can't be helped he gets ahead of himself in this situation.

After absorbing for quite a while, finally a notification that he's been waiting for come.

[Level up to Eighth Level Core Condensation.]

"Finally level up, i had to say it's quite a long way."

Although the absorption rate is actually pretty fast, but since the experience he needs is quite a lot, so it takes quite a while.

After he Leveled Up, he saw that his surrounding was more transparent, but seems like it will be fine after quite a while. Spirit Gathering Array will restore this place although it will take a while.

"Enough, please stop..." Old Xuan looked at Yi Tianyun and couldn't help but begging Yi Tianyun to stop. Even Old Xuan who at first seems to have authoritative air surrounding him now cast away his pride to stop Yi Tianyun.

"Don't worry this place won't be that easy to collapse." Yi Tianyun said with a smile: "Where is the promised grand Heavens Immersing Ancient Ruins, why is it so easy to make it crumble?"

If Spirit King Xuan Tian, not his divine sense who has lost consciousness beneath Yi Tianyun is here, what would he say hearing Yi Tianyun uttering those words?

Chapter 84: Xuan Tian Divine Arts

After listening to Old Xuan, Yi Tianyun is starting to think for how long he can keep absorbing the Spiritual power.

Old Xuan keeps persuading Yi Tianyun to stop, "That's enough, you're already considered winning on this situation, truthfully I don't know what kind of martial arts is that you are using, but as I know of, absorbing that much of spiritual power wouldn't be good for you, it can disrupt your own spiritual power's stability."

"You are right, I will stop in a minute." Yi Tianyun give Old Xuan a smiles, he already know that rules of Spiritual Power, but it didn't affect him, because Spiritual Power are conferted into Exp in his case.

He doesn't want Old Xuan to ask unnecessary question as it would be troublesome, but he feels a little bit disappointed, he can continue to get a bunch of exp here, its not like he can come back anytime he wants here, he wanted to earn as much exp as he can while he's here.

Old Xuan is already sweating while watching him "Well, Hurry up then."

Yi Tianyun already absorbed almost half a million of exp and he is ready to finish things up. If Old Xuan didn't stop him, he would've absorbed it all, possibly he could reach Ninth level Core Condensation or even Peak Core Condensation, and finish his quest in the end, but when he look around and the way Old Xuan look at him, he realized that the Spiritual Power he absorbs right now is connected to Heaven Immersing Ancient Ruins and to Old Xuan himself. He must stop now or the ruins could collapse and Old Xuan will disappear as well.

Even if this place is created by Spirit King, it is already a long time in the past. This place has already deteriorated. If Yi Tianyun came here in the prime time of this place, surely he could absorb as much as he likes because Spirit Gathering Array will be able to keep up with Yi Tianyun, but not as of now that's for sure.

Spirit King Xuan Tian still tried to attack Yi Tianyun while he's on the ground but of course it's just a random attack, a futile struggle. Yi Tianyun sighed and screams "Die!"

Yi Tianyun throw punches into Spirit King Xuan Tian and knock him out, and after that Yi Tianyun jump and use both of his fist to smash Spirit king once more. "boom!" with his last punch Yi Tianyun Successfully defeated Spirit King Xuan Tian.

Spirit King XuanTian disintegrates into countless little lights in front of him, indicating Yi Tianyun's victory.

[Defeated Spirit King Xuan Tian (teenager), got 100.000 Exp and 3400 Crazy Point.]

Yi Tianyun is a bit surprised by this notification, he didn't expect to gain exp because it's not an actual human, just a Divine Sense left by Spirit King Xuan Tian, although not dropping any item even the fact that he could get exp from defeating this Divine Sense is already a surprise.

"I have finally done it." Yi Tianyun sighed and turned to look at Old Xuan and asked, "Old Xuan, this means I finished the test right?"

"You certainly did... I didn't expect you to be this strong, at the very least you're stronger than master in his teen." Old Xuan didn't hide his surprised looks "Congratulations, you completed the trial and earn yourself master's inheritance!"

"Does this inheritance also include the control of Heavens Immersing Ancient Ruins?" Yi Tianyun hurriedly asked.

"Yes, as long as you get the owner's inheritance, then the control of Heavens Immersing Ancient Ruins is naturally belong to you." Old Xuan smiled and chuckled at Yi Tianyun's fervor.

"Very good, that's all I need!" Yi Tianyun smiles brightly, he gained control over Heavens Immersing Ancient Ruins, it almost the same as being the owner. Which means his main quest can be completed.

"Follow me." Old Xuan waves at Yi Tianyun to follow him.

Yi Tianyun looks at his surrounding and felt that Spiritual Pressure in this place already thinner than before, obviously it's because of his absorbing technique. But this technique, even if it's a little bit destructive is not considered to be illegal, there is no such regulations that bans a certain technique to be used.

This is a good thing, because the stronger the inheritor the better, only the strong is worthy of this inheritance.

The surrounding area changed after a while, and this time showing the scenery from the room of Smelting Trial Stone Tablets. There is no one there but the two of them, clearly Yi Tianyun is still not back to his physical body. This time when he inspected the Stone Tablet, he noticed something different. He can't read anything from the tablet before, but now he can clearly see what is written on the tablet.

"Mysterious Heaven Divine Secret Art?"

Yi Tianyun reads the content of the tablet and he was a little bit surprised, he didn't think that it's gonna be this easy to become a spirit king. He didn't expect that in order to become a Spirit King all you need is rely on some Divine Arts.

"I believe you are a little bit surprised. This is a divine art that has been developed by master for many, many years. As long as the inheritor has a strong innate ability, this Divine Art can help them cultivate into Spirit King!" Old Xuan also informed "This is a Heaven Level Martial Art or to be precise Middle Grade Heaven Level Martial Art, but unfortunately it's impossible to upgrade it any further into High Grade Heavens Level Martial Art."

He sighed deeply and thought it was a pity that this Divine Art can't improve any further. If this Divine Art can be improved into a High Grade Heavens Level Martial Art, it could help him reach a Saint King Level!

"It's already a great achievement to be able to create a martial art that can greatly help cultivator to reach Spirit King Level."

Yi Tianyun already knows the difficulty to improve a martial arts, a martial arts suitable for cultivation is rarely the same from person to person, if that person doesn't know about his own ability, cultivation deviation could happen..

Heaven level martial arts in its own way is already amazing enough. There is not that many people capable of mastering this level of martial arts. This level of martial arts only can be found fourth level factions or above.

"Yes, it wouldn't be easy to cultivate this Divine Art. You have to inherit master's legacy, with your strength, I think you can do it, and you have to fulfill master's last wish to perfect the XuanTian Divine Art as an Inheritor." Old Xuansolemnly said.

Yi Tianyun nodded "I hereby accepted."

"If you've made your resolve, let me remind you that this martial art not only require high Innate Ability, but also demanding another condition." Old Xuan adds.

"Whatkind of conditions?" Yi Tianyun asked.

"Blood Qi have to be strong enough and the Divine art requires the user's physical prowess to be strong enough as well!" Old Xuan explained "Xuan Tian Divine Art can be said to be some kind of a door that allows the user to reach an ultimate defense power. It needs a strong Blood Qi and Physique to support it."

Immediately, Yi Tianyun activated his Dragon God Bloodline in front of Old Xuan, his Blood Qi rises and his physical prowess is enhanced, making Old Xuan lost for words.

"Is this good enough?" Yi Tianyun indifferently asked.

"..." Old Xuan who was surprised by Yi Tianyun's power silently said "Rascal!"

If the inheritor didn't have the standard, he will have to strengthen himself until he is able to cultivate the Divine Art, but Yi Tianyun is not only up to standard, but he is even beyond that standard.

"Then you may begin learning the Divine Art now. Your comprehension will be tested. if it doesn't match with your spiritual power, then there is nothing we could do about it. And you're obliged to cultivate this divine art up to the second level." Old Xuan said solemnly.

Every Martial Art has affinity. If it doesn't match the user affinity, it will be extremely hard for them to cultivate it.

For example, if the user originally has the fire affinity, it would be almost impossible for them to cultivate an ice attributed martial art. If that person still insisted to cultivate it, they would be in a high

risk of injuries, with a chance of dying from the backlash. It is normal for cultivator to abandon a martial arts after cultivating it for half a day because incompatibility.

Chapter 85: One Week

A week passed and Smelting Trial is over.

Everyone finish their meditation with satisfaction, although it was a short week, but it was more impactful than two months worth of cultivation. Besides learning new martial arts, they can cultivate in maximum potential here.

Some cultivators manage to breakthrough while they're here, it's all thanks to Spirit Gathering Array for concentrating the spiritual energy inside Ancient Ruin.

But there's someone who hasn't woken up from his meditation, it's none other than Yi Tianyun!

It's a shock for everyone. Yi Tianyun hasn't woken up from his meditation and is still shrouded in this light. It's been so long, it's been a whole week, and most disciples here finished their meditation in about 15 minutes then proceed to cultivate.

The realm within Smelting Trial Stone Tablet filled with nothing but Stone Tablets containing one martial art, and all they need to do is only pick one of them, it shouldn't take that long.

But Yi Tianyun has been at it for a week, it really makes them wonder!

"Everyone is about to wrap this up and leave already... Did he spend too much time picking martial arts or what?"

"That's possible, but why waste so much time in just picking one martial arts?"

"What a fool, by the time he's finished, this place won't be open until another 3 years!"

Other Cultivators laughed and thought that Yi Tianyun was a fool for wasting time picking one martial art instead of cultivating.

This is what they thought, including Qin Xue. Little do they know that there's an additional test await for those who figured out the puzzle.

They all failed to figure it out after all, that's why they don't know why Yi Tianyun takes so long.

"It's time!! Everyone inside prepare to leave because Heavens Immersing Ancient Ruin is about to shut!" Somebody shout from outside, their voice reach even into the depth of the ruin even though he can't come in .

Yi Tianyun is in dire situation, but they can't afford to stay here, if they miss their timing to get out, no other choice but to wait untill 3 years, they won't even be able to survive here for one year let alone 3 years.

Since there's no food or drink, all they did to survive is absorb spiritual energy from the surrounding, but if one's cultivation is not high enough, they can't keep this up for long, so doing this for 3 years is out of question.

"Senior Sister, we 're leaving, is there something wrong with Elder Yi? How come he hasn't woken up yet?" An Ling was in a hurry, yet their Elder hasn't woken up.

Qin Xue frowns and said: "I don't know, but perhaps Elder Yi has entered a peculiar state, or he is somehow stuck inside, and it's not possible to disperse this light shrouding him... There is no other way but report this to Great Elder, we must leave for now."

The light from the Smelting Trial Stone Tablet is not something they can disperse that easily.

All they can do is leave Yi Tianyun for now, it would be even more problematic if they can't get out as well, causing even greater loss to Jade Palace. Seven disciples with pretty good innate ability looked at Yi Tianyun for the last time before they get out.

They made sure not to let their guard down as they're surrounded by other sect that may attack them anytime.

But as it turns out there's no point in being cautious, as they're afraid of Jade Palace for the time being. Because of Jade Palace's recent reputation they can't carelessly make enemies out of them.

The moment they came out, one of Magnificent Sect's disciple immediately reported to Sect Master Huan: "Sect Master, Liang Feng was killed by Yi Tianyun!"

"What!?" Sect Master Huan is startled, and immediately killing intent filled his eyes: "What do you mean? explain!"

Great Elder quickly approach to find out, she's not surprised anymore at this point it's Yi Tianyun after all.

"Sect Master Huan, let me explain, your disciple Liang Feng provoke our junior brother and challenge him on a duel, resulting in his death." Qin Xue explained the chronology of what actually happened.

Sect Master Huan raised his eyebrow, Liang Feng is one of his precious disciple. He has done a lot to help Liang Feng become stronger.

"Is that the truth?" Sect Master Huan looked at his disciple and confirming the truth.

"Yes....."

"Louder!" said Sect Master Huan, staring coldly at his disciple.

"Yes!" The disciple shouted.

"Trash! If Liang Feng lost in a duel of life and death, then that's all he's worth." Sect Master Huan slaps the the disciple, and said coldly: "Apologize to Great Elder of Jade Palace!"

“Yes, Sect Master...” The disciple hurriedly stood up, and said to Great Elder with his swollen face: “Sorry for the trouble our Senior Brother caused...”

“I’m sorry for my lack of supervision, Great Elder Mo Yu.” Sect Master Huan apologized.

“It’s fine.” Great Elder replied faintly. She knew that Sect Master Huan just didn’t want to provoke Jade Palace. They’re afraid of Jade Palace because Jade Palace just drive away three great faction.

Afterwards he checked the martial arts his disciple learned while enduring his anger. No matter whose fault was that, his disciple which he spent quite a lot of resources on was killed. How can he remain calm?

“Now where’s Elder Yi?” Great Elder looked around and didn’t see the source of trouble among the crowd.

“Elder Yi...he’s still meditating at the Smelting Trial Stone Tablet. It’s been a week, he still hasn’t finished his meditation, at this rate he’ll be locked inside the ruin.” Qin Xue said with worried written all over her face.

“What did you say?” Great Elder was surprised.

“Elder Yi hasn’t woken up from his meditation, maybe he’s stuck inside the realm somehow...” Qin Xue said it again.

“What the hell is going on, it doesn’t make sense, all he needs to do is pick one Martial Art” Great Elder frowns said: “Those Martial Arts are good, but it’s not worth wasting so much time to choose one. So he’s still inside?”

It will be troublesome to be trapped inside right now. It will take less than a day before the ruins completely shut. And reopen in 3 years

Yi Tianyun’s cultivation is not low, but that does not mean that he can last for three years inside.

Chapter 86: Complete Reward

The gate to enter and exit the Heavens Immersing Ancient Ruins is only opens for a week. There is no other way but exits at given time.

This gate has been opening for almost a week now, the gate will soon closed without warning. Everyone thought if Yi Tianyun continue to immerse himself like this, he would be trapped inside. Sect Master Huan is very much eager to see Yi Tianyun trapped and died inside the Ruins.

The time limits keep on approaching, but Yi Tianyun is still nowhere to be seen. Everybody else who is not from Jade Palace keeps thinking what a fool Yi Tianyun is, they only know that the stone tablet only give one martial art and that's all. Everyone thinks that all he needs to do is choose one and then finish his meditation. It would be an embarrassment for Jade Palace if Yi Tianyun really end up trapped inside the ruins. Jade Palace would be titled the house of the greedy fools.

Meanwhile inside the ruins, Yi Tianyun isn't aware of all the commotion happening outside, and he's still on his quest to improve the Xuan Tian Divine Art into the second level and finish his quest. The Crazy System he has making the procedure for comprehending the Divine Art much easier and faster. He notices the amount of time he took and immediately realize that the Divine Art is much more complicated than what he thought in the beginning.

"I didn't expect Appraisal Eye to have this effect as well, but the problem is it's too slow"

One of the Appraisal Eye effect is if the input a martial art, Appraisal Eye will process that martial art and when it's done, the user can use the martial art. Yi Tianyun can speed up this process but he needs to level up Appraisal Eye first which requires 50.000 Crazy Point and he doesn't have that much right now, so there's no choice but to bear with the current speed.

[Ding, successful learn Xuan Tian Divine Art (missing version).]

After a long period of processing, finally he managed to learn the divine art. He quickly checks his status for any abnormal status problems, and also checked his cultivation technique bar. He breathed a sigh of relief once he notices that Xuan Tian Divine Art is properly listed in his cultivation technique and there's no problem regarding that.

“Old Xuan, I’ve successfully cultivated the Divine Art.” Yi Tianyun reported to Old Xuan with a light smile on his face.

“You’ve learned the Divine Art in this short period of time?” Old Xuan is clearly perplexed out of his mind, the time that Yi Tianyun take to learn the divine art is too short, one could say that Yi Tianyun breaks the record of learning speed for such a complicated divine art.

Xuan Tian Divine Art is one of the most complicated martial art that exist in this era, and moreover the martial arts is created so that every level of progress is made for different phase of cultivations.

“Yes, I’ve mastered the second level of the divine art.” Yi Tianyun says proudly.

“You reached Second Level so quickly?” Old Xuan is really surprised by Yi Tianyun’s development on the Divine Art. he couldn’t believe Yi Tianyun only take 1 week to get to second level, while he himself took 1 month to cultivates it.

“Yes, I have learned Second Level.” Yi Tianyun said undeterred

Old Xuan was silenced for a while and said “Very well then. Show it to me!”

Yi Tianyun nodded and quickly released the aura that proves his mastery of the first level, and then he began to compress the aura and covers it all around his body, producing crystal like armor around his body. This is proving that he has mastery in second level of the divine art.

The crystal like armor around his body is very subtle and transparent, anyone who doesn’t know would think lightly of this, but once they tries to attack, their attack will not have any effect at all, except the attack is way stronger than the current level of the armor. This shield also gives advantage for hand to hand combat fighters as the armor wraps itself around the user, that is also includes the fist, if the user attack the enemies with his fist, surely strongly condensed spiritual power that make up the armor would greatly harm the opponent.

“You are one unpredicted boy, hahaha! You really mastered the second level with only just one week!” Old Xuan pleasantly laughed and congratulates Yi Tianyun for his achievement.

“It’s nothing that amazing really, i’m just being cautious not to make any mistakes.” Yi Tianyun humbly replied.

“Don’t be so modest, you already possess the power stronger than the master on his youth. So it’s pretty much a given you can learn the Divine Art in just a week. Since there is no problem in your cultivations, this Xuan Tian Divine Art is finally yours, I will proceed to implant the complete version of the divine art in your memory and pass you the full version of the divine art, so that you can continue to cultivate it in the future.”

Old Xuan produces a little ball of light that travels slowly into Yi Tianyun’s head, and immediately after the ball of light entered his head, and he somehow feels as if a spark of inspiration struck his head, completing another half of Xuan Tian Divine Art. He doesn’t really need Old Xuan to do this for him, but he doesn’t want to complain. There is nobody that knows the range of Yi Tianyun’s ability after all.

“You officially become the inheritor of Heavens Immersing Ancient Ruins, and rightfully take over the owner’s legacy! Now you officially become the young master of the Heavens Immersing Ancient Ruins!” Old Xuan Announced with proud and respect.

[Main Quest Completed.]

[Reward: Heavens Immersing Ancient Ruins control, 100.000 Experience, 10.000 Crazy Point, Sword of Endlessness (Holy Tool).]

The rewards were granted instantly, and Yi Tianyun became so excited that he finally finished his Main Quest, and there he thought there’s no way to complete it in the beginning.

He excitedly read the description of Sword of Endlessness in his inventory.

Sword of Endlessness: Lower Level Holy Tool, Ignore and destroy enemy’s defenses, increases critical strike damage by two fold.

Yi Tianyun is surprised by this effect, doubling the critical damage can be said to be a very strong effect. His crit chance is so low, but that can be solved with prestige points and Luck Aura combined, if he gets a

new accessories or equipment to increase the crit chance it would be even better, there's no need to add critical damage now as Sword of Endlessness got that covered.

"Is there anything else I need to do now?" Yi Tianyun snaps out of his thought and asked Old Xuan regarding if there anything he needs to do with his position as the controller of the ruins now.

"Yes, the former owner's greatest wish is to return back to his sect to assess the situation in there, but he no longer able to do that considering that he died during his meditations here. The former owner hopes that the successor can return to his sect in his place and join the sect and become a disciple there." Old Xuan informed Yi Tianyun with sad smile and a sigh.

"If I may, what sect is it?" Yi Tianyun already very eager to receive his next Main Quest, and surely a sect where a Spirit King is originated is not some average Sect either.

"Heaven's Top Mansion!" Old Xuan solemnly spoken.

"Heaven's Top Mansion?"

Yi Tianyun heard clearly, but never heard of such faction. He knows that in the name itself the sect already in its third level faction.

First Level is Palace, Second Level is Sect, Third Level is Mansion.

He clearly doesn't mind to join such faction, but the real problem is that he doesn't know any faction that goes by that name. its either too far from his area or it has long been destroyed.

As anything else in this world, there is no way for a factions to remain strong all the time, eventually it will fall and forgotten.

[Main Quest: Promote Jade Palace to Jade Sect.]

[Reward: 1 Million Experience, Lottery Ticket, Enhanced Version Lottery Roulette Ticket, 100.000 Crazy Point.]

Main Quest popped up right after a short thinking by Yi Tianyun. He thought he had to search the whereabouts of the Heaven's Top Mansion. He didn't expect the quest require him to promote Jade Palace into Jade Sect.

Chapter 87: Closing

Promoting a First Level Faction to Second Level is not that easy. First of all, Core Condensation expert is needed, no problem on this case since Jade Palace already had 2 Core Condensation!

The Jade Palace's disciple is mostly in Body Refinement Realm. Disciple with Spirit Refinement Realm is only a few, because Jade Palace only accept female disciple. The most important thing to become Second Level Faction is to have at least 50 disciple at Spirit Refinement Realm.

Core Condensation Expert which is the backbone of the faction will born from these Spirit Refinement Disciples, that's why it must reach a certain amount.

Jade Palace only has 10 Spirit Refinement Disciple which is way less than 50, and even those 10 took quite a while to reach Spirit Refinement Realm. Financial and material factor helps the disciples breakthrough, that's why it's not that easy for Jade Palace's disciple to reach Spirit Refinement, otherwise they would've become Second Level Faction a long time ago.

"Promoting Jade Palace to Second Level Faction.... at this point all i can do is help them with a pill i can refine...." Yi Tianyun frowned, but the reward is really tempting, one million experience aside, he's really curious about the Enhanced Version Lottery Roulette, what is it?

"Seems like i'll be busy after i get back to Jade Palace..." Yi Tianyun nodded and felt that the reward was still satisfactory.

Immediately, he looked at Old Xuan and asked, "so everything here is supposed to be mine right? Is there any martial art here?"

“Yes, everything here belonged to you Young Master, including those Martial Art,” says Old Xuan.

“Take me there! I wanna see it!” Yi Tianyun excitedly said.

“Okay.”

Immediately they returned to the ruins, Yi Tianyun woke up from the meditation and followed Old Xuan in front of him. Not his actual body, but a virtual image. With the Great Array here, Old Xuan can materialize himself here.

“Krrrrrrrkkkkk”

At this time, Yi Tianyun heard a sound from outside, and turns out Heavens Immersing Ancient Ruins is slowly closing.

“This door is already closed, can i reopen it again later?” Yi Tianyun asked.

“No problem, since you’ve been granted the control of Heavens Ancient Ruins, you can open or shut it whenever you want,” Old Xuan said.

“Well, that’s reassuring!” Every nook and cranny of this place is under Yi Tianyun’s control now so there’s no need to worry. “Alright then, lead the way.”

Old Xuan nodded and waved his hand, both of them disappeared from there and were teleported into a special space.

When entering this space, Yi Tianyun saw a lot of Martial Art, he saw many Human Level Martial Arts, and only two Earth Level Martial Arts.

“There are only two Earth Level Martial Arts left?” Yi Tianyun said.

“Yes, the other one was already taken so there’s only two remain.” Old Xuan replied honestly

“Okay...” Yi Tianyun felt very helpless. Human Level Martial Art is of little use, Earth Level Martial Art is the top priority.

At first he thought that he could get some Earth Level Martial Arts to bring back, turns out only 2 left.

Meanwhile outside of Heavens Immersing Ancient Ruins.

“Great Elder, what should we do now? The gates already closed, and Elder Yi is still inside!” Qin Xue and the others wanted to help, but they can’t do a thing.

Great Elder is also anxious. She can’t even get inside Heavens Immersing Ancient Ruins, let alone help Yi Tianyun. Can’t she do anything except watching as the door completely closed?

Other sects gloated over Yi Tianyun’s misfortune, seeing Jade Palace being arrogant, this loss will put them back in their place, that’s what they thought.

“This is all i can do!” Great Elder immediately took the Storage Ring off his hand and threw it through the door before the door completely closed. There is some food and medicinal pill stored in this Storage Ring. It probably could last a while if Yi Tianyun use it wisely.

For the time being this is all she can do, but they’re still thinking of another way to save Yi Tianyun.

Others shook their heads and thought that it’s just a futile effort. Because they’ve never heard of anyone surviving inside here even with food and water.

“Bang!”

The door is completely closed, marking the end of this trial and also meant Yi Tianyun can’t get out.

“Elder Yu, it’s quite unfortunate that he’s stuck inside...” Sect Master Huan offer condolences, but it’s not sincere, not the slightest, he even looked happy instead.

Losing a disciple in an event that’s supposed to be a chance to strengthen the disciple! That’s nothing but a disaster!

“That’s alright.” Elder Yu sighed, he puts a strong front, but losing a Core Condensation Elder is definitely a heavy blow for Jade Palace.

Everyone else just chuckled, all of them return back to their sect bringing lots of benefits for their sect, meanwhile Jade Palace lost one of their best asset.

There’s nothing but sad expression on Jade Palace’s disciple because Elder Yi the saviour of Jade Palace is stuck inside.

“Great Elder, can’t we break this door open?” Qin Xue asked.

“No, it would’ve been breached a long time ago if somebody could...” Elder Yu sighed deeply and glanced at the door: “all i can do for now is report to Palace Lord hopefully she has solution although it’s very unlikely.”

This is all could do. They don’t have the strength to forcefully breach the gate of Heavens Immersing Ancient Ruins.

“Let’s go back, i’ll report to Palace Lord about this myself.” Great Elder Yu signaled it’s time to return to Jade Palace.

They depart immediately, meanwhile Yi Tianyun without the slightest worry is inside Heavens Immersing Ancient Ruins.

He can control this Heavens Immersing Ancient Ruins, so he is free to enter and leave whenever he want, but right now, he’s not in a hurry to get out. Besides, it would be troublesome If someone saw he can just enter and leave at will.

He can also use Heavens Immersing Ancient Ruins as emergency hideout. If something happens to Jade Palace, he can lead everyone and hide here. Although Heavens Immersing Ancient Ruins is very old, it wouldn't be a problem to endure one or two faction's attack.

"Beside these Martial Art, is there anything else in Heavens Immersing Ancient Ruins?" Yi Tianyun asked.

"Yes, there is the cultivation room, the Weapon storage, i'll lead you there." Old Xuan took him to other places, but this time he couldn't teleport them there because Teleport Array is only placed in certain places.

"Good to hear that, the without further ado, let's go!" Yi Tianyun is so excited, more resource the better, these will help him strengthen Jade Palace!

Chapter 88: Appraisal Eye Level Up!

With Old Xuan leading the way, Yi Tianyun arrived at the weapons storage. After examining the weapons in this room however, Yi Tianyun feels somewhat disappointed. The weapon is all in common iron or in spirit tool level, which is not useful enough. And since the weapons here aren't even used or properly maintained, most of them was already corroded, even some of the common iron level weapon is already reduced to scrap iron. The spirit tools are not an exception either, there is no helping it in this point, the weapons is already too damaged to be repaired again. It will be so much better to just make a new one.

"Is this all the weapon in the ruins?" Yi Tianyun asked Old Xuan. "Yes, I am sorry about the state of the weapon in here. It's just that no one succeeded in becoming successor for such a long time that I don't think it's necessary to come here. But still, I didn't expect them to be extremely damaged like this." Old Xuan said to Yi Tianyun with a little bit of sadness in his eyes. He certainly wants to please Yi Tianyun as a new successor but things are not going his way.

"I understand, there is nothing we can do about this." Yi Tianyun sighed, but he realized that he need to clean this pile of scraps away, after all there is no good thing left among these pile of trash in his place.

Yi Tianyun quickly gathered all the damaged weapons and sold it all in one go. Old Xuan couldn't help but gasp seeing the way Yi Tianyun deal with this, but he choose to not say anything, for he doesn't know the extent of Yi Tianyun's power.

After selling all the trash, Yi Tianyun frowns at the Crazy Point he acquired from the sale. It just too little for the amount of weapons he sold, the damaged Spirit Tools only worth around a few dozen Crazy Point, and the Common Iron one is even worse, only worth around a few Crazy Point. But this is not deterring him much, after all, all he wants to do is just clean the place up.

“Phew, finally the pile of trash is gone.” Yi Tianyun looks at the empty room in front of him and feels somewhat satisfied. Afterwards, he opened his Status Window and inspects it to see any changes.

With his Crazy Point steadily increasing, and now it's already around 58.000 points, he can upgrade the Appraisal Eye with this amount. But he hesitated on doing so, from his perspective, Appraisal Eye is not that important, thus leveling it up isn't that necessary just yet.

"Forget it, leveling this thing up now is useless!" He said to himself, he's really torn between this decisions. But after a while, he bites his lips in frustration and immediately level up the Appraisal Eye.

"Ding, consumes 50.000 Crazy Points, Leveling up Appraisal Eye!"

"Ding, successfully levels up Appraisal Eye! Adding new features: Double memory speed, double reading speed, and more detailed data. The next level requires 500.000 Crazy Point."

Yi Tianyun huffed immediately after hearing the new features he gets, even though these effects are within his expectations. After re-reading the effect one more time, he wants to know what kind of new information that he can get with this more detailed data that he has. Immediately he uses his Appraisal Eye on himself to test the effect.

Yi Tianyun: Eighth Level Core Condensation, wearing Divine Armor, has an overall Combat Power of 61.000 Points. With Martial Art Dragon God Secret Art, Xuan Tian Divine Art. . . . Weakness: No Weakness.

After the martial arts line, he just skin through his own status to see what information is new with this new Appraisal Eye features. At the end of his status, he sees that one extra line was added, a Weakness! He clearly surprised, a weakness is the most critical aspect in martial arts, this is already become a great infestation in his head.

Immediately, he tries it on Old Xuan, to see if the feature appears to other things too.

Old Xuan: Peak Core Condensation, not materialized, Damage Nullification, Combat Power is 83.000 points, with Martial Art Xuan Tian Divine Art, Flying Thunder Palm . . . Weakness: Destroy Heavens Immersing Ancient Ruins Great Array In order to kill, otherwise target is immune to any type of damage. Success on termination grants 20.000 Exp, 3000 Crazy Points. Chance on dropping: Xuan Tian Divine Art (Heavens Level), Flying Thunder Palm, Primordial Palm. . .

There is so much information listed in Old Xuan data that Yi Tianyun couldn't help but to skim it through. "Turns out this upgrade is so good!" He says to himself

Yi Tianyun slaps his own thigh due to excitement, he didn't expect the leveled up Appraisal Eye would give him this many information. He only expects it to give him double reading speed and that's it. But now he can abuse this Appraisal eye to get a nicer drops and an easier victory. He already thinking on using Appraisal Eye combined with the Lucky Aura, he will not waste anymore Crazy Point on using his Luck Aura, he can assess the enemy drops chance first, if he sees something he wants, than he activates his Luck Aura, if they don't possess anything he wants he simply kill them without activating the Luck Aura. Old Xuan that stands next to Yi Tianyun look at him weirdly, he only sees Yi Tianyun laughing and keeps on talking to himself like a madman, he can't help but thought that Yi Tianyun is deeply upset by the state of weapons in the ruins.

"Young Master, something wrong? I know that the weapons are an embarrassment but I can assure you that the cultivation room will even things up" Old Xuan tries to comfort Yi Tianyun.

"No, there is nothing wrong, of course, take me to the cultivation room." Yi Tianyun tries to put away his smiles, he still feels overwhelming satisfaction on leveling up the Appraisal Eye. He now learns that it so much better to just level up stuff he owns, than tried his luck on a lottery.

Immediately, Old Xuan leads him to Cultivation Room. The room itself still in a great condition, because of the Spirit Gathering Array, the concentrations of Spiritual Power in the room is extremely high. This room surely would be really useful later.

Yi Tianyun now can clearly see that Spirit King Xuan Tian didn't just choose a random place to build his sanctuary. This place clearly is already been thoroughly investigated and checked before this place even built. The amount of Spiritual Power collected by the Spirit Gathering Array is enormous, but it's true there's no way to intervene time itself, he realized that the Spirit Gathering Array has deteriorated, and needs an immediate maintenance.

“There will be no problems as long as I fixed this.” Yi Tianyun says to himself, but he’s still unsure if he could restore it back to its prime state. If he can enhance the effect of Spirit Gathering Array, this place can become a better cultivation environment than Jade Palace.

“Well, this place is great. Is there any other place you can show me?” Yi Tianyun asked.

This place is a hidden place. So he can’t help but thinks that there is so many more room than the one he already sees.

“No, those are the only rooms in this ruins, Young Master” Old Xuan said.

“Okay, I understand this place layout already” Yi Tianyun nodded. He already mapped all the rooms in the ruins, surely he doesn’t have any more problems inside here. Now comes the time to prepare to leave and look at the situations outside.

Chapter 89: Ambush

As Yi Tianyun gets closer to the gate. he saw a Storage Ring on the ground. He looked at it carefully. He was surprised and mumbled “Isn’t this Great Elder’s...”

He immediately realized what’s going on, they thought he was trapped inside, so she threw in the Storage Ring as emergency ration for him. Having nothing to eat for three years in here, there’s no way he can survive.

But even throwing a Storage Ring here will not of any use because Old Xuan patrolled around the ruin periodically and dispose anything that doesn’t belong here, in other words there really is no other way Yi Tianyun can survive from here other than completing his Main Quest and earn the control of Heavens Immersing Ancient Ruins.

Staying here will only drain the Spiritual Power here, so even with a lot of food, with the lack of Spiritual Power they won’t be able to survive anyway.

Holding this Storage Ring, Yi Tianyun is very touched, at least they cared about him and do something within their power to help.

“It is time to go back...”

Then Yi Tianyun opened the gate, the gate made a “rumbling” sound, slowly open and make way for Yi Tianyun.

It’s fairly easy to do this since all Yi Tianyun needs to do is imagine it on his mind, there’s no need to say anything.

He didn’t see anyone when he got out, it would be troublesome if someone saw him leaving a few days after the Heavens Immersing Ancient Ruins closed, which is unnatural.

The gate was completely closed causing a loud noise. When Yi Tianyun nodded with satisfaction, suddenly he felt someone’s presence, he looked around and said: “Who’s there!”

He felt that presence from the forest. It was hundreds of meters away from his position. But there’s not even one person can be seen from where he stood.

Immediately, he felt a killing intent that send shivers down one’s spine, and he sank in his heart. This is really unexpected for Yi Tianyun. He didn’t expect there would someone observing outside the ruins waiting him.

“It seems that my hunch is correct after all. I stay here for a few days just in case. I can’t believe you just opened the gates of Heavens Immersing Ancient Ruins and go out just like that! Besides, no one spent more than a week just to choose a martial art from Smelting Trial Stone Tablet, so there must be something else, but i really didn’t expect it’s because you can come and leave at will.” As the voice gets louder, a familiar figure show himself from the forest.

“Sect Master Huan!” Yi Tianyun did not expect it was Sect Master Huan of Magnificent Sect. How can he think this through. Others thought Yi Tianyun was a fool for taking too long to choose a Martial Art as a result he was trapped inside.

He waited here for two days and when he was about to leave and thought this is just him overthinking things, he saw Yi Tianyun coming out of Heavens Immersing Ancient Ruins. Which means that he can control Heavens Immersing Ancient Ruins at will, which also means everything inside belonged to him!

“Is it that surprising? I think seeing you come out of Heavens Immersing Ancient Ruins is even more surprising!” Sect Master Huan said with a grin: “You may be able to fool others, but not me, besides someone who defeated my disciple won’t make a blunder like taking too long in choosing a Martial Art and ended up trapped inside? I know you’re not that stupid. My luck hasn’t run out too, if you haven’t come out in another minute, i would’ve left”

“Now let me give you an offer, give me the control of Heavens Immersing Ancient Ruins, then at the very least i’ll only cut your limbs!”

Suddenly his tone changed, and murderous aura becomes even more intense. Obviously his objectives is not only the control of Heavens Immersing Ancient Ruins!

“So even if i hand the control of Heavens Immersing Ancient Ruins i’m only left with my head intact to my body? You’re really bad at making a deal!” Yi Tianyun doesn’t look worried nor afraid at all.

“Well this deal doesn’t require your consent. There’s always the option to kill you, then i’ll search your Storage Ring.” Sect Master Huan thought the control of Heavens Immersing Ancient Ruins is something that can be obtained from Yi Tianyun or his Storage Ring.

He didn’t know that the one that who actually controled Heavens Immersing Ancient Ruins was Old Xuan. Even if he killed Yi Tianyun that doesn’t mean he can get the cotrol of Heavens Immersing Ancient Ruins.

“Seems like i can’t talk my way out this time.” Yi Tianyun said with a light smile.

“At least you catch on quick, so what’s your answer? I can at least grant you a quick and painless death. Even after killing my disciple, i would even go this far for you, don’t you think i’m so merciful? To be honest, your Innate Ability is still very good, being Peak Spirit Refinement cultivator at such a young age, but too bad you won’t even able to withstand a single blow from me!” Sect Master Huan said it while slowly approaching Yi Tianyun and gradually increase the intensity of his aura.

Sect Master Huan thought that Yi Tianyun is only at the Peak Spirit Refinement because it's impossible to enter Heavens Immersing Ancient Ruins beyond that level.

"Go ahead and try..."

Yi Tianyun observe Sect Master Huan with Appraisal Eye.

Huan: Sixth Level of Core Condensation, wearing High Grade Holy Tool armor, Combat Power 40,000. Martial Art : Heavenly Dragon Palm, Rain Drops Movement Technique... Weakness: Shoulders. Possible Drop Items: Heavenly Dragon Palm, Rain Drops Movement Technique, Five Times Experience Pill, 100.000 Experience Pill, 10.000 to 50.000...

After seeing detailed data of Sect Master Huan, Yi Tianyun rolled his eyes and thought that Sect Master Huan is nothing special after all!

"Seems like you're not afraid of death, well then..."

Sect Master Huan took his fighting stance, his aura surged through his body blowing the sand away, he allocated part of his aura specifically to his fist.

When he was about to attack, without even able to react, someone punched him. "Bang", he was sent flying, even some of his teeth are detached.

When he wanted to get up, someone already stepped on his head, said indifferently: "What now?"

Sect Master Huan tried to see what's going on because he's just too surprised, the first thing he saw is Yi Tianyun. but The Power, and the speed, is on a whole another level!

Yi Tianyun's cultivation is even higher than himself!? That's the only conclusion he arrived at, but is that even possible?

Chapter 90: Kill

Sect Master Huan can't really see what happen until he saw Yi Tianyun's foot is already on the top of his head. He didn't expect Yi Tianyun to be more powerful than him, and not by a small margin. "You've got to be kidding me!" Sect Master Huan said in disbelief. Sect Master Huan quickly get up and immediately use his martial art – Heavenly Dragon Palm – creating a twister to attack Yi Tianyun. Yi Tianyun already anticipated this, quickly dodge everything Sect Master Huan throws at him, and quickly counter with his own punch.

Yi Tianyun's punch easily knocked down Sect Master Huan to the ground, and another teeth of his is broken again. Yi Tianyun sneers at Sect Master Huan, and he immediately realize that Yi Tianyun is not even using his full power in that punch. The gap between the two of them is too big as Yi Tianyun has almost 70.000 combat power meanwhile Sect Master Huan only has merely 40.000.

Yi Tianyun slowly walks over to Sect Master Huan and said "What now?" Master Huan that still tries to recover from Yi Tianyun's punch earlier, he's having light concussion and having problem with his vision but said "H – how can your cultivation be much h-higher than mine? This is i-impossible!" Sect Master Huan clearly had trouble to even speak normally.

"You clearly didn't know anything yet you leave me the option of only having my body without my limbs? Delusional old man! Now I am not gonna be that merciful for you am i?" Yi Tianyun speaks while grinning to Sect Master Huan and seeing this demon's smile just send chill down his spine. He immediately lift his hand when Yi Tianyun got closer and screamed "Die!!" as a black smoke and liquid comes out from the storage ring in his palm.

Yi Tianyun quickly rushes over and slams Sect Master Huan Palm to his own body, and jumps back, Sect Master Huan palm suddenly goes "BOOM!" blowing off Sect Master Huan. Sect Master Huan's armor cant handle the impact and was destroyed, along with his hand. He tries to turn around to faces Yi Tianyun, but his body convulsed signing that he no longer be able to move, and start to cough up blood.

Yi Tianyun walks over to Sect Master Huan slowly again while saying "I didn't expect you off all people try to use a hidden weapon, that bomb ertainly is a bad news, but you're just way too obvious." Yi Tianyun has been watching his movement from the beginning, of course he noticed Sect Master Huan was preparing to do an underhanded tactics like this. After Sect Master Huan cough up some more blood he immediately pleaded "I beg of you to spare my life, I will not bother you anymore! And I will make sure that my Magnificent Sect would be under your command!"

Sect Master Huan doesn't have any other means to fight Yi Tianyun, so he choose to bow his head down and beg for mercy. He doesn't want to die just yet, he is a Sect Master of Magnificent Sect. He still have a bright future in front of him.

Yi Tianyun's expression quickly change and his voice turned cold while saying "Do you think you can just beg for mercy and then return to your sect like nothing happened? If our position is reversed would you spare my life and let me go?" Yi Tianyun laughs and says "Seems like you're not dead yet so, let's try this one...."

Yi Tianyun took out his Immortal Fire and throws it immediately to Sect Master Huan. The fire envelope Sect Master Huan almost immediately and Sect Master Huan screams so loud that anyone seeing this clearly will have goosebumps. Soon enough Sect Master Huan stops struggling and was completely burned on the ground.

[Ding ,successfully killed Sect Master Huan, gained 54.000 Experience, Heavenly Dragon Palm (Earth Level Martial Art), 100.000 Experience Pill, 3200 Crazy Point.]

Yi Tianyun is frowning when he saw this notification, he only got one Heavenly Dragon Palm and 100.000 Experience Pill. "This is too little" he said to himself. He thinks that he really need to activates the Lucky Aura to be able to get more drops from the enemy he kills, otherwise the items dropped are really bad. After a while he thought that Heavenly Dragon Palm is good enough for now, an Earth Level Martial Art, and easy fight too, he barely even do anything in this fight.

He walks to the corpse of Master Huan and checks the content of the Storage Ring, the ring contained a lot of wealth, many Medicinal Pill, Gold, and some good quality Spirit Tools. This is good enough in his mind, because there is no way a sect master brought the his sect's properties with him at all time.

He Examines the Heavenly Dragon Palm after storing the Sect Master Huan's Storage Ring in his pocket. Immediately the book of Heavenly Dragon Palm appears on his hand. He's immediately filled with joy. He can give this book to Jade Palace to quickly increase their strength, but the downside is that he can't cultivate it himself, because once a book of martial art is cultivated thebook itself would disappear. "I guess I would leave this martial art to Jade Palace. . . No! what am I thinking! If this martial art exposed to the outside, it would become evidence that Sect Master huan is already dead and Jade Palace have something to do with his dead." He quickly put the book in his inventory and choose to sell it.

"8.000 Crazy Points just for this? It sure is an Earth level Martial art." Yi Tianyun feels better, he already spent a whopping 50.000 Crazy Point to level up his Appraisal Eye, and getting 8.00 Crazy Point for now is good enough.

After he is done checking all the new item he got from Sect Master Huan, he waves his hand and the ground around the corpse turn to mud and proceed to swallow the corpse of Sect Master Huan. Yi Tianyun does this for his own convenience. "Fortunately only Sect Master Huan, it would be troublesome if there's someone else seeing me come out of Heavens Immersing Ancient Ruins." He said to himself. He doesn't want anyone to know he can control the Heaven Immersing Ancient Ruins, he want to rush to Jade Palace and let Shi Xueyun be the first one to know and make the Heavens Immersing Ancient Ruins become the second stronghold for Jade Palace.

He knows that the defenses of the Heavens Immersing Ancient Ruins is much better than the current Jade Palace defenses. "I need to get to Jade Palace as fast as possible." He said to himself. "I need to be careful not to cause any more trouble along the way as it could delay his arrival." He quickly rushes to Jade Palace while looking around and detect his surroundings.

He wants to quickly promote Jade Palace into Jade Sect, so he needs to improve Jade Palace's comprehensive strength to be able to promote it. He needs to forge many weapons, armor, and trinkets. He wants his main quest to be done at the shortest amount of time possible.

At the same time, in Jade Palace.

The Skies went darker and darker in a short amount of time, the clouds began to darken and gather on the Jade Palace, and the people inside Jade Palace has their senses becomes duller in any passing seconds.

Shi Xueyun notices this strange atmosphere almost immediately, and she quickly rushes to the outside gate to see what is happening. In no time she felt the pressure from afar and she notices the terrifying aura that comes with it. She understood immediately that the revenge is coming to Jade Palace, she need to prepare, to prepare for another war!
