Chapter 831

Suo Te wouldn't be able to become the Tower Lord even if he beat Yi Tianyun to 9th Layer City! It was safe to say that Suo Te was only there as a small stepping stone that Yi Tianyun had to overcome. It was even more embarrassing as their situation was broadcasted live to the entire people inside the Tower!

"What did you mean by everyone is watching us right now?" Suo Te asked the Illusory Spirit with a frown on his face.

"It is exactly what it sounds like!" Illusory Spirit said indifferently. The attitudes of the Illusory Spirit towards Suo Te and Yi Tianyun were different. While he treated Yi Tianyun like his master, he treated Suo Te like a random passerby that wasn't worth mentioning at all!

"Stop it! I don't want anyone to see anything that happened here!" Suo Te yelled at the Illusory Spirit.

"It can't be stopped! Everyone has to see the birth of the new Tower Lord!" Illusory Spirit said indifferently.

"But when we enter the Tower Lord Assessment in the past, there is no such thing like this!" Suo Te said angrily.

"That is because none of you were qualified to become the next Tower Lord!" Illusory Spirit replied indifferently.

"Damn you!" Suo Te shouted angrily at the Illusory Spirit. He wanted to attack the Illusory Spirit, but he knew that it was pointless. He wouldn't be able to kill the Illusory Spirit, and he wouldn't be able to stop the broadcast either!

"Can everyone really watch us right now?" Yi Tianyun asked as he was excited over the probability of his next course of action as now he knew that everyone was watching. He was a little bit disappointed that everyone couldn't see him when he was at 7th Layer City as that city was the place where the Evil Spirit Race's activity concentrated the most.

But still, this was the right time for Yi Tianyun to let everyone know about the Evil Spirit Race's hideous deeds! Furthermore, it would reveal the Evil Spirit Race to the entire people inside the Tower, making Yi Tianyun's job much easier.

Sure enough, the entire cultivator inside the Tower was shocked to see Yi Tianyun with some horrid creature. The people who didn't know about the Evil Spirit Race thought of them as some kind of monster, while those who knew about them remained silent.

"That man is from a unique race called Evil Spirit Race! They want to devour every cultivator within the Three Realms. They come from the outside world to conquer the Three Realms for themselves!" Yi Tianyun said loudly. "They have a unique characteristic of having multiple arms! If you found them, don't show any mercy and kill them unless you want to be their food!" Yi Tianyun said confidently.

Yi Tianyun's voice echoed throughout the entire Tower. After hearing it, the people inside the Tower were shocked! After all, most of the people inside the Tower didn't know about the existence of the Evil Spirit Race. But the most shocking thing was the Evil Spirit Race's tendency to kill and feed upon their victim, just like a Demon Beast would!

There was no way anyone would let such a beast gain any significant footing inside the three realms! The denizens of the three realms always hunted and kill Demon Beast, and as this race wasn't any different than a Demon Beast, they would do the same thing to them!

"This race is disgusting! How dare they announce to rule over the three realms while also doing something deplorable as cannibalism!" a cultivator said with a furious face.

"I had heard something like this a long time ago! My friend disappeared inside this Tower, and when they were found, there was nothing but their bones!" another cultivator said furiously.

"I am sure that it was their doing too! My friend had a duel with these guys in the past, and he was devoured after losing the fight! This race sure is deplorable. We have to kill them and drive them out of the three realms!" Another one shouted angrily. The cultivator that already knew of the existence of Evil Spirit Race began to shout the deplorable act of the Evil Spirit Race as their way of showing disgust and anger.

Hearing this new information about the Evil Spirit Race, the cultivator that didn't know about the existence of Evil Spirit Race earlier began to show their aversion towards these Evil Spirit Race. Furthermore, the Evil Spirit Race's deeds spark their anger. They've always thought that the dead cultivators' corpses were burned to ashes, so they were furious when they found out that the dead cultivators were eaten by the Evil Spirit Race!

Furthermore, they also learned about the 7th Layer City, where all dead bodies in the Tower were gathered. It was the Evil Spirit Race feeding ground! Cultivators at 5th Layer City and above began to show their anger as they knew about the existence of Evil Spirit Race as the Evil Spirit Race didn't even bother hiding their appearance on this floor!

"I am not an Evil Spirit Race. Please stop looking at me like that!" A man shouted as he felt creeped out by the stares of some cultivator.

"I am not an Evil Spirit Race either! Stop judging me just because of what I've done in the past!" another cultivator shouted at the same time. Many cultivators began to shout, claiming that they weren't part of the Evil Spirit Race, but Fan Xuexuan immediately stood and glared at some people around her.

"You are disgusting! I can smell your reek bloodline from over here!" Fan Xuexuan shouted angrily.

"Do you have any proof, little girl?" the man retorted with a frown on his face.

"I am the descendant of Ancient Netherworld Divine King, and that should be a good enough proof for the lot of you!" Fan Xuexuan shouted as she put off the black robe that hid her real identity. Previously, they were afraid that they would be exposed, so they used the Black Robe to hide their bloodline, but after seeing Yi Tianyun's bravery, she decided that it was no longer necessary to hide her identity!

"Descendant of Ancient Netherworld Divine King?" a cultivator said as he couldn't believe what he had just heard! The mark on her forehead proved that she was a legitimate descendant of Ancient Netherworld Divine King, and therefore, there was no way anyone could dismiss her claims! The same situation happened on another floor as 12 Golden Hairpin had the necklace to identify an Evil Spirit Race cultivator! They took the initiative to look for the Evil Spirit Race as it would be easier with the necklace in their possession!

At the same time, the entire Ancient Netherworld Divine Tower has fallen into confusion. Many cultivators began to distrust each other as they learned that the Evil Spirit Race could alter their appearance to look exactly like a human, with nothing to distinguish them from a normal human! Some cultivator that has worked with the Evil Spirit Race before started to see the Evil Spirit Race like they were supposed to, a demon! Because of that, they shivered in fear of their own life.

“Just stop this nonsense right now!” Suo Te shouted furiously! He raised his hand and broke the ground several times like a child throwing a tantrum.

“What are you afraid of? You aren’t one to fear being known to the public anyway! but I will make sure that your race wouldn’t ever see the light of day again!” Yi Tianyun said coldly.

Chapter 832

Demon God Suo Te could no longer contain his anger right now. If the Evil Spirit Race was exposed to the outside world, their activity and cultivation would get harder in the future as everyone would constantly be on guard about them! To put it bluntly, they wouldn’t be able to devour people so easily anymore!

“Great! You’ve already done so much, now why don’t you get going already? You shouldn’t waste any time here any longer!” Suo Te said as he got really impatient. He wanted to attack Yi Tianyun and get this over with so that he could silence everyone in the Tower later.

Yi Tianyun shrugged his shoulder and started to walk towards the stairs. He knew that Suo Te would immediately attack him once he got to the stairs as it was the rule! Suo Te was here to get in his way from acquiring the Tower Lord status, not to become the Tower Lord himself! It seems Ancient Netherworld Divine King’s idea was pretty simple. It was Elder Rank cultivators interfering against each other’s rite of passage to make a competitive environment for the Elder’s growth!

Originally, it was hard to kill an elder, so interfering with each other would mean much as they wouldn’t be able to pass the Tower Lord assessment without ensuring there was no competition! If Ancient Netherworld Divine King knew that his legacy was being tainted by Evil Spirit Race right now, Yi Tianyun was sure that his rage wouldn’t be quenched!

Cultivator’s Bloodline is different from Divine Beast’s Bloodline. Basically, people use a Divine Beast’s Bloodline to cultivate, but in Evil Spirit Race’s case, they used Cultivator’s Bloodline to cultivate their own cultivation!

Now, the Evil Spirit Race that was exposed had no choice but to show their support for Demon God Suo Te! They began to shout to show support for Suo Te and booing towards Yi Tianyun. Then again, their voice wouldn't reach Yi Tianyun, but they still did it nonetheless. If Suo Te were able to defeat Yi Tianyun here, their dreams of conquering the three realms would be around the corner!

There was no doubt that they were powerful. At least the three realms were all weak in their perspective, so they wanted to take over this place and get out from the Tower to start conquering the Three Realms!

"Kill that fucker!" one cultivator said with rage in his eyes.

"Yes, kill those intruders! Brat, you have our full support!" another cultivator shouted. These cultivators really despised what the Evil Spirit Race had done to the cultivators that came to the Tower. The cheers from the cultivator eventually drowned the cheer from the Evil Spirit Race as there were more of them compared to the Evil Spirit Race. But it was a pity that neither Suo Te nor Yi Tianyun could hear anything!

Yi Tianyun looked at Suo Te from the doorway to the stairs and walked forward with confidence!

"Brat, don't you ever think that I don't know what you have planned! You can kill Demon God Mi Ge on your own, but don't you think for a second that we are the same! He is too negligent! You are naive if you think that you can defeat me!" Suo Te said coldly.

But suddenly, a figure slammed Suo Te to the wall. Suo Te that couldn't brace himself for impact in time clearly took a considerable amount of damage from the attack! Even the bones on his body were shattered from the impact!

Suo Te spat out blood from his mouth and tried to recover, but when he looked at his chest, he noticed that it was starting to rot and turn to dust!

"You are really in bad luck!" Yi Tianyun said as he smirked at Suo Te from up close. Suo Te was startled and assumed a defensive stance before he got punched by Yi Tianyun! Yi Tianyun punched Suo Te three times in a row, and after that, Yi Tianyun's fist suddenly shone before he punched Suo Te again without

mercy! It was worthy to note Yi Tianyun's combat power per attack was at 110 billion points, but still, Yi Tianyun reached that point as his attack always did a critical hit towards Suo Te!

.....

His power reached a whole new level as Suo Te was still under the effect of the Bad Luck Divine Pill. It was clear that Suo Te wouldn't be able to recover from these attacks anytime soon! Suo Te couldn't fight back as Yi Tianyun's attack was more than he could chew. He just felt desperate as he wanted to get away, but he couldn't even move his body!

"Don't look down on me!" Suo Te screamed as he used his extra arms and used the Ancient Netherworld Divine King's power to get away from Yi Tianyun's continuous attack. He felt a strong power surging from within and the Ancient Netherworld Divine King's Bloodline began to recover his injuries rapidly!

"Heaven Shaking Divine Secret Art!" Yi Tianyun said with a smirk on his face as his body was turned into iron. Yi Tianyun immediately activated the Desolate Ancient Set, and his power increased once more! He immediately grabbed Suo Te's 8 arms and smashed them together before kicking Suo Te to the wall with one powerful kick!

"Oh yeah, that's the stuff!" Suo Te said as his body was smashed to the wall like a large meat sack. In less than a minute, his body has been turned into a ragged doll covered with blood! He couldn't fight back against Yi Tianyun as everything he did was worthless before Yi Tianyun!

Everyone that watched them inside the Tower had never seen such a brutal style of combat. Every punch that Yi Tianyun threw could easily kill a man and shatter the ground! Especially the last attack that Yi Tianyun launched, as it could easily pierce a metal plate!

The Evil Spirit Race that watched the fight turned pale as the god they worshipped all this time was helpless against the young human boy!

"Little Brother Yi is so powerful! I thought he would have a hard time against a Divine King, but it turns out he crushed a Divine King cultivator easily! Does Little Brother Yi already reach Divine King stage himself?" Fan Hongde said as he was shocked to see Yi Tianyun's power!

Chapter 833

“I am using Heaven Shaking Divine Secret Art to boost my power. Had it not for this Secret Art, you would be able to hit me by now!” Yi Tianyun said as he concentrated his power and immediately attacked with terrifying power. The power from his Secret Art plus his equipment that further enhanced his power easily blew a Divine King cultivator in the smoke! He didn’t want to show everything right now as there were many cultivators watching him with unknown affiliation, so this was the best he could do right now.

But then again, if he demonstrated how powerful he was, he would be able to unify the Ghost World easier later on.

“Drop dead already!” Suo Te screamed from the top of his lungs as he activated the Evil Spirit Bloodline on his body, swelling his body further as he became a giant! The wound that he received from Yi Tianyun earlier regenerated so fast that it seemed like a lie! This level of regeneration that Suo Te displayed was clearly better than anyone that Yi Tianyun had encountered before!

But as Yi Tianyun looked closely, he noticed that the regeneration was part of the Ancient Netherworld Divine Tower’s power!

Yi Tianyun rushed over and lowered his body as it almost touched the ground before grabbing and lifting Suo Te’s feet to the air, throwing him to the ground once again. “You want me dead? Then why don’t you start attacking me like you mean it?” Yi Tianyun taunted Suo Te while pinning Suo Te on the ground with his feet on Suo Te’s chest!

Suo Te struggled as he wanted to break free, but it was hard to do so as he felt like a giant mountain was pinning his chest. He was completely pinned on the ground and couldn’t move his body at all! This was the first time that Suo Te had felt this way for as long as he lived!

“Get off of me!” Suo Te yelled as he tried to do whatever he could to break free from Yi Tianyun. However, none of it reached Yi Tianyun’s body! Instead, Yi Tianyun attacked Suo Te’s arm and blew it into a bloody mess!

Suo Te screamed in shock as a punch from Yi Tianyun destroyed his arm so easily. Suo Te felt that the punch that Yi Tianyun threw just now was even more powerful than the previous one! This was the truth as each of Yi Tianyun’s attacks was worth 10 billion combat power, so it was no wonder that Suo Te wouldn’t be able to defend against that!

Now, Suo Te was trampled under Yi Tianyun's feet, and his body was slowly pressured to the ground, leading to severe bleeding.

"Don't you want to continue struggling?" Yi Tianyun asked as it seemed Suo Te was about to give up. Suo Te gritted his teeth and reached out for his storage ring before pulling out a Lower Grade Divine Tool. He waved the blade around, and everything around them started to freeze as terrifying Heavenly Yin Fire was blazing around them!

But Yi Tianyun just smirked as he pulled out Evil Spirit Divine Sword and rammed it onto Suo Te's weapon. It was clear that Yi Tianyun was far stronger as Suo Te's sword was blown away from his hands from the collision!

"Did you hurt your hands?" Yi Tianyun taunted as he stepped on Suo Te's shoulder, but his shoulder immediately broke as soon as Yi Tianyun stepped on it.

"Now, I will step on you as a payback for those you have devoured!" Yi Tianyun coldly said as he stepped on Suo Te's arm.

Suo Te began to scream as he felt an immense pain as soon as Yi Tianyun stepped on his shoulder and arm. Even if he had an amazing recovery, he couldn't regenerate his broken arms fast enough! But even so, his eyes still showed some resistance!

"I will definitely kill you!" Suo Te said in between his teeth.

"Knock yourself out!" Yi Tianyun said as he stepped on another shoulder. The people that watched the fight from every floor trembled as they would definitely scream from the pain if they were in Suo Te's shoes right now!

Even if Evil Spirit Race was cruel, Yi Tianyun certainly looked crueller than them right now!

"Now, the human that you want to devour is standing on top of you! Can you still imagine yourself conquering the Three Realms? Do you still want to enslave humans? Do you want me to continue

stepping on every single bone on your body? You should know how weak you are after this!” Yi Tianyun said coldly.

“Just kill him already!” The cultivator shouted on every single floor as they began to cheer on Yi Tianyun’s victory. It was clear that the human had won, and now their dead friends and family could finally rest in peace as the Evil Spirit Race would be eliminated! They hated Evil Spirit Race for an obvious reason. Although death was a common occurrence on the Three Realms, it wasn’t right that their body was devoured like an animal! Especially because the one that devoured them was another race with a human appearance, not a demon beast!

Meanwhile, the Evil Spirit Race that was also watching the fight from every floor just remained silent as they watched their Old Ancestor was at the mercy of a human. They felt powerless right now as they’ve always believed that their Old Ancestor would stand on top of the humans, but it turned out to be the opposite of what they had hoped! It was clear that their Old Ancestor was nothing but trash in front of Yi Tianyun!

‘DING!’

‘Congratulation to Player [Yi Tianyun] for successfully unlocked the title [Punisher]!’

‘[Punisher] : the Punisher of the Three Realms! Fighting against anyone that comes from outside of the Three Realms would double the damage dealt to the enemy!’

Yi Tianyun was happy. Now, if he used his Crazy Damage Mode, where his damage would be amplified by 32, it would be amplified by 34 this time! It was also applied to the effect of Desolate Ancient Set, adding another 5 times his power!

His power would be greatly enhanced by this title. Now Suo Te’s chance of turning this situation around became slimmer than his hair!

“Punisher? I love this title!” Yi Tianyun said with a satisfied smile.

“Just kill me! I underestimated your power, but don’t get carried away just yet! We are just a reconnaissance unit sent to conquer the Three Realms. Soon our homeland will send much stronger

reinforcements to dominate the Three Realms completely! You will be dead by then!” Suo Te shouted coldly.

“Sure, I will set my sight on your homeland after this. Don’t worry, they will join you in the afterlife!” Yi Tianyun said indifferently. He already knew that the Evil Spirit Race would send more soldiers to conquer the Three Realms. After all, Ancient Netherworld Divine King built the Ancient Netherworld Divine Tower to halt any form of invasion on the Three Realms!

Chapter 834

“You want to crush our homeland?” Suo Te said as he laughed out loud as he thought he heard a joke from Yi Tianyun. “an ant like you sure can run your mouth however you please, huh? You know that our people in the homeland are far more powerful than any of us in these Three Realms! You know that my cultivation is the same as an ordinary soldier!” Suo Te said with a smirk on his face.

“We thought that the Three Realms was not worth our time, so we didn’t send in any experts! If by any chance, they send an expert in the next wave, you are all dead! You think you can handle me easily, but our experts would kill by a flick of his fingers!” Suo Te said as he laughed out loud.

“It must be funny. If anything you said was true, you should wait for them before advancing recklessly like a pig you are.” Yi Tianyun said indifferently. He slammed his feet to Suo Te’s chest, breaking his chest and destroying his heart!

‘DING!’

‘Successfully killed Demon God Suo Te!’

‘Reward: 21 billion Exp, 300.000 Cps, 100.000 Sps, Evil Spirit Bloodline, Evil Spirit Bone, Evil Spirit Soul, Evil Spirit Divine Sword, Evil Spirit Ring, Evil Spirit Shield, God’s Star Plate!’

After killing Suo Te, Yi Tianyun searched for his Storage Ring and claimed it for himself. On top of the reward he got from killing Suo Te, he also procured Suo Te’s Storage Ring that contained so many things! After killing Demon God Mi Ge in the 7th Layer City earlier, Yi Tianyun didn’t get the chance to search for anything as Mi Ge’s body instantly was teleported back to 8th Layer City, so this time, it was a wonderful treat for Yi Tianyun!

But then again, Yi Tianyun was a little bit disappointed. He didn't have enough Crazy Points to buy any of the Exp Card again. Then again, he tried to look for a silver lining in this situation as he knew that he still had one more chance to gain a level later by killing Demon God Suo Ge and the rest of the Evil Spirit Race on the Tower!

Now that the Exp Card was worth millions of Crazy Points, Yi Tianyun knew that he had to save up in order to buy it again in the future! Although it wouldn't be as good as the Exp Card, he still had the Crazy Exp Mode in his Crazy Levelling System, so he'd have to be content with that for now!

At the same time, the people on the Layered City cheered as they saw Yi Tianyun's victory. But the Evil Spirit Race was clearly shaken as their expression turned pale. They didn't expect their god would be defeated so easily like that!

"Our Old Ancestor is just a common foot soldier on our homeland. After the experts come from our homeland, you all will be dead!" the Evil Spirit Race started to shout as they felt threatened by Yi Tianyun's existence alone, and so they were trying to find any kind of solace to hold on to.

"He will become the new Tower Lord, and then he would decimate all of the Evil Spirit Race in the Tower! your time has come to an end, you disgusting cretin!" The cultivator started to shout back to the Evil Spirit Race as they celebrated Yi Tianyun's victory!

But 12 Golden Hairpin started to hunt this Evil Spirit Race as they didn't care about anything else, except for the annihilation of Evil Spirit Race! Ancient Netherworld Divine King's Descendant also did the same thing as they also wanted the annihilation of the Evil Spirit Race!

The heated battle has started! The faction inside the Tower significantly changed, and now, the cultivators banded together to fight off the Evil Spirit Race. They already knew how cruel the Evil Spirit Race could be and set aside their differences to put a stop to eradicate them!

Meanwhile...

Nothing else obstructed Yi Tianyun's way after killing Suo Te, so he rushed towards the 9th Layer City to pass the Illusory Spirit test. Of course, there was some kind of minor obstacles that Yi Tianyun encountered along the way to the 9th Layer City, such as a heaven-defying gravity that tried to pull him

to the ground, Heavenly Thunder that tried to incapacitate him, and the five elemental attacks that kept coming from the wall!

But none of them could slow down Yi Tianyun! In fact, if it weren't the Ancient Netherworld Divine King himself, Yi Tianyun doubted that anything would slow him down right now!

While Yi Tianyun was rushing to the top, the eyes of everyone in the Tower kept monitoring his every move. They believed that Yi Tianyun would become the new Tower Lord after so many years that position was vacant!

The Tower Lord position has been vacant for a long time, and it went without saying that many people wanted to become the new Tower Lord! But as the qualification to become the Tower Lord wasn't so easy to obtain, many eventually gave up! Furthermore, they didn't know it before, but the Evil Spirit Race has been working hard on eliminating anyone that had the potential to become the next Tower Lord!

"I will be there soon!" Yi Tianyun said as he picked up the pace. He saw a curtain of light at the end of the path, and he didn't hesitate as he pushed through with haste. As he passed the curtain of light, his body was shrouded in a ray of light, but the light soon turned blue, and it began to converge into Yi Tianyun's forehead!

The light was none other than a Flame Imprint that marked Yi Tianyun's qualification as the Tower Lord!

"Congratulations! You have successfully reached 9th Layer City! Because you've already passed all assessments and successfully obtained the Heavenly Yin Imprint, you are eligible to become the new Tower Lord! Now, you have the power to control the entire Ancient Netherworld Divine Tower. The detailed memory about the entire Tower's power would be passed on soon, including the inheritance of the Martial Arts of Ancient Netherworld Divine King!" Illusory Spirit said as it suddenly appeared in front of Yi Tianyun. Sure enough, another shroud of light enveloped Yi Tianyun. The influx of memory immediately entered his mind, detailing the entire ability that the Tower possessed and the Martial Arts of Ancient Netherworld Divine King himself!

At this time, Yi Tianyun has become the owner of Ancient Netherworld Divine Tower! Although the Tower didn't have any ability to move, it could be used to manipulate anything around the Tower! And the best thing was that the Tower was the perfect device to decimate the Evil Spirit Race!

“Finally! I am the Tower Lord!” Yi Tianyun said as he finally achieved his milestone! He originally wanted to form an alliance with the Ancient Netherworld Divine King’s descendant, but it didn’t seem necessary as he had become the Tower Lord himself! Then again, he started to wonder whether it could bring a negative impact to Ancient Netherworld Divine King’s descendants later.

At the same time, the scene of Yi Tianyun that finally became the Tower Lord excited everyone, including Fan Xuexuan!

“Big Brother Yi finally becomes the Tower Lord! He isn’t the descendant of Ancient Netherworld Divine King, but he could become the new Tower Lord? It might be a little bit strange!” Fan Xuexuan said as she started to wonder whether Yi Tianyun had the Ancient Netherworld Divine King’s bloodline too!

In fact, every Ancient Netherworld Divine King’s descendant in the Tower was wondering the same thing as Fan Xuexuan! They were curious whether Yi Tianyun had the bloodline of Ancient Netherworld Divine King or not!

Chapter 835

The cultivators in the Tower burst in cheers as Yi Tianyun became the new Tower Lord while the Evil Spirit Race was left trembling out of fear for their own fate. They know that they wouldn’t have any place to stay after this as the new Tower Lord had complete authority to do anything to anyone inside the Tower! Yi Tianyun could punish anyone he wanted, but still, he couldn’t do it all at the same time! The Tower Lord was still bound by the Tower Rule, and he could only punish one person a week! Nonetheless, it was much better than the role of City Lord as a City Lord could only judge 3 people a month!

It was different in a way, too, since the Tower Lord’s punishment could kill anyone that the Tower Lord wanted while mobilizing the power of Ancient Netherworld Divine Tower! Yi Tianyun could still judge anyone with his own power, and this judgement wouldn’t have any limit! It was the same as a duel as the opponent still could resist and fight back, while the punishment was like an instant death for these unfortunate souls!

He could judge anyone inside the Tower as long as Yi Tianyun had the confidence that he could take them on! The one that got judged by Yi Tianyun as the Tower Lord had no right to refuse no matter what! But Ancient Netherworld Divine King was kind and just. Therefore, the Tower Lord wouldn’t be able to use the Ancient Netherworld Divine Tower’s power during their judgement!

Even if Tower Lord had complete control over the Ancient Netherworld Divine Tower, they weren't the owner of the Tower, so the Tower Lord still couldn't change the fundamental law of Ancient Netherworld Divine Tower!

It wasn't possible to kill anyone inside the Tower without proper rules unless it was the Ancient Netherworld Divine King himself!

"Is this the power of the Tower Lord? It is much stronger than the Elder's power!" Yi Tianyun said as he checked what he could do. He had already thought that he would be able to handle anyone inside the Tower, and even though he wasn't exactly wrong, he couldn't use the Tower's power to kill them as he had to use his own power! Even so, it was enough to kill all the Evil Spirit Race inside the Tower! He definitely could kill all those Evil Spirit Race with his own power!

After he was crowned as the Tower Lord, the phantom shadow in the sky on each Layer City disappeared as everyone had been informed about Yi Tianyun's status as the Tower Lord. Yi Tianyun looked around the 9th Layer City as he didn't have the luxury to do so earlier. He saw that 9th Layer City itself was a huge palace that was decorated with many luxurious things.

Yi Tianyun walked inside the palace and noticed that there were three treasure rooms there, which were Weapon Library, Medicinal Pills Library, and Material Library! He looked inside of each room, and sure enough, the room contained a lot of treasure. These were the treasure that the previous Tower Lord and Ancient Netherworld Divine King left behind! There were a lot of Divine Tool grade Weapon and High-Grade Medicinal Pill that surely would make Yi Tianyun wealthy if he chose to sell them!

However, Yi Tianyun didn't come here to take it all for himself, so he ignored it for now. After all, it rightfully belonged to the Ancient Netherworld Divine King's descendants! Ancient Netherworld Divine King has done so much to preserve the Three Realms in the past, so Yi Tianyun just couldn't bring himself to claim all the treasure for himself!

But surely, he could talk it out with the Ancient Netherworld Divine Nation and used some of it to strengthen his Heavenly Clouds Empire, and maybe even invite them here to cultivate further while he was at it! Yi Tianyun looked around for a little bit more and noticed that the treasure was bound by a rule too! It seemed not everyone would be able to take these treasures for themselves as they are bound by Flame Imprint! It seemed these treasures were only attained to those that already qualified in the Tower Rule!

Yi Tianyun finally realized that aside from drawing the Tower's power, the Flame Imprint could be exchanged with these Treasures! But he didn't need them right now as he had to find some information about Ancient Netherworld Divine King here first.

But as he walked around the entire palace, he couldn't find any information about Ancient Netherworld Divine King!

"Maybe it would be better if I get rid of Demon God Suo Ge first!" Yi Tianyun sighed as he disappeared and soon reappeared inside the Heavenly Thunder Area! As he got to the Heavenly Thunder Area, he didn't encounter any Heavenly Thunder as his status as the Tower Lord prevented him from being struck by the Heavenly Thunder!

Along the way, Yi Tianyun heard the Heavenly Thunder struck in the distance, and as soon as he saw where the Heavenly Thunder struck, he saw Suo Ge squatted on the ground, trying to defend himself! He was covered with a thick layer of shield that was able to withstand the Heavenly Thunder!

Suo Ge didn't just cower without doing anything either. He constantly tried to search for the Divine Rune that constituted the Heavenly Thunder Area so that he could escape this place! Considering what Suo Ge did, Yi Tianyun predicted that Suo Ge would be able to escape Heavenly Thunder Area after half a month!

Fan Hongde couldn't even escape this place even after years of imprisonment, while Suo Ge would be able to break out in only half a month! It just went to show how far apart their ability was! Now, Suo Ge had a middle-grade Divine Tool, which was one that he wore on his body. The Divine Tool itself was constantly releasing terrifying energy!

"That Divine Tool seems quite troublesome!" Yi Tianyun said with a sigh. His voice was heard by Suo Ge as he immediately turned his attention towards Yi Tianyun.

"You!" Suo Ge said as he observed Yi Tianyun from his position, then he noticed that the Heavenly Thunder didn't strike Yi Tianyun while he was able to float in the air. "You have become the Tower Lord?" Suo Ge was quite surprised by Yi Tianyun's advancement. He knew that only the Tower Lord could fly in this place and not being targeted by the Heavenly Thunder!

“Yes, your companion became my stepping stone, and now it’s your turn!” Yi Tianyun said with a smile on his face. Demon God Suo Ge suddenly disappeared from his spot, but the Heavenly Thunder kept blasting, trying to keep up with Suo Ge’s movement. He was rushing towards Yi Tianyun with all his arms fully exposed and a huge demon staff on his hands. Suo Ge knew that he must kill Yi Tianyun as fast as possible as he couldn’t let the Tower Lord live!

“Punishment!” Yi Tianyun indifferently said as he pointed his finger at Suo Ge. In an instant, the entire Ancient Netherworld Divine Tower shook, and everyone could feel a terrifying power move inside the Tower terrifyingly. In the air beside Yi Tianyun, a circle of light suddenly appeared, and a huge beam of light was suddenly blasted towards Suo Ge from that circle!

The speed of the light was terrifying, and Suo Ge himself knew that he couldn’t evade the light! He collided with the beam of light, and it immediately swallowed him whole! Suo Ge was blown to the ground as the beam of light was constantly hitting him, keeping him in place!

Suo Ge screamed as he tried to escape the beam of light, but it was a futile effort as the beam of light’s pressure destroyed his body slowly but surely. At the same time, three Phantom Shadows appeared in the sky, which made Yi Tianyun look up! Needless to say, everyone would immediately realise who these three would be!

Chapter 836

This was the punishment that used the power of Ancient Netherworld Divine Tower! It contained a strong repressive power behind it! Suo Ge couldn’t do anything as he felt his body was falling apart quickly! The power of the beam of light itself was even stronger than the Heavenly Thunder! Yi Tianyun observed it with his Appraisal Eye and noticed that the Beam of Light’s power reached 180 billion points! This power was at least equivalent to a 5th Layer Divine King stage’s power, if not more!

In the meantime, Suo Ge was still alive, but he couldn’t escape the beam of light. If it weren’t for his amazing armour, he would have died some time ago! But that was not the end of it as the beam of light’s power kept rising as it destroyed Suo Ge’s body. Not even Suo Ge’s middle-grade Divine Tool would be able to withstand that much power soon!

“No wonder there’s a limit to how many times I can use this punishment! The energy needed to use it was too big to use it continuously!” Yi Tianyun said as he understood why he couldn’t use the power repetitively. If this power were used repetitively, the Ancient Netherworld Divine Tower would be drained of its Spiritual Energy! If the Tower was drained of its Spiritual Energy, the Tower protection that made it invulnerable from outside attack would be gone, and it wouldn’t be a good sight to see!

Sure enough, Suo Ge's middle-grade Divine Tools that covered his body broke apart as the beam of lights kept on getting stronger by the second. Yi Tianyun now knew how powerful the Punishment of Ancient Netherworld Divine Tower really was!

After the beam of light gradually disappeared, Suo Ge was turned into minced meat! Every piece of equipment that he wore earlier was destroyed into tiny little pieces!

"You are still not dead after all that? You are really as stubborn as a cockroach!" Yi Tianyun said as he walked towards Suo Ge indifferently.

"Of course! I have the ability to fight you human alone!" Suo Ge said with a weak tone in his voice as he was severely injured from the beam of light earlier. Even if he was still alive, he wouldn't be able to recover himself quickly! Being able to speak alone was already a miracle for Suo Ge right now!

"You still have the strength to talk shit after all that? You really are a stupid race ruled by strength! But don't you worry, I will send people from your homeland with you soon!" Yi Tianyun said as he took the Evil Spirit Divine Sword and pierced Suo Ge's heart with it. He didn't feel like hearing anything from Suo Ge anymore, so he killed him as soon as he could! The Heavenly Thunder quickly struck where Suo Ge's body was, destroying him completely! But Yi Tianyun knew that the Storage Ring wouldn't be destroyed, so Suo Ge's would fall into his hands! He was disgusted by the Evil Spirit Race, but their treasure was a different story!

'DING!'

'Successfully killed Demon God Suo Ge!'

'Reward: 41,8 billion Exp, 40 million Cps, 300.000 Sps, Evil Spirit Soul, Evil Spirit Bone, Evil Spirit Blood, Evil Spirit Divine Sword, Evil Spirit Ring, Evil Spirit Bracelet.'

Yi Tianyun didn't level up from the kill, but the exp he gained was hefty enough! He purchased X100 Exp Card, X50 Exp Card, 8 X10 Exp Card, and X32 CPs Card! With that many cards, he got a massive amount of Exp and Crazy Points! He didn't want to sell any of his Divine Tool just to buy another Exp Card or CP Card as it wasn't worth it.

He knew that he might not be able to obtain a decent amount of Crazy Points without selling his Divine Tools in the future. He knew that he had to get to a higher cultivation stage as soon as possible, but for now, this much Exp Card stacked with each other should be sufficient! He had to level up his martial arts and other things too, but it didn't take as much priority as his cultivation stage!

"Now I have to continue!" Yi Tianyun said as he suddenly disappeared from Heavenly Thunder Area and reappeared again on 7th Layer City! There were a lot of Evil Spirit Race here on the 7th Layer City, and thus, it would be his hunting ground for a while. After Yi Tianyun became the new Tower Lord, they remained in this place, but there was nothing they could do as they couldn't leave the Tower that easily!

They were waiting for Suo Ge to rescue them. They knew that Suo Te was dead, but there was supposed to be another stronger Demon God in the Tower, and that was Suo Ge!

"Old Ancestor Suo Ge would definitely save us! There is no way that a human would be able to defeat him!" The Evil Spirit Race cultivator at 7th Layer City said as they still had faith that Suo Ge would come and appease their worry. They all were confident that Suo Ge would be able to defeat Yi Tianyun as Suo Ge was far more powerful than Suo Te!

"You are talking about Suo Ge? I am sorry, but he was already dead!" Yi Tianyun said suddenly, surprising the Evil Spirit Race on 7th Layer City. He floated in the air, showing off his privilege as the Tower Lord!

"Impossible! Old Ancestor Suo Ge wouldn't lose to the likes of you!" The Evil Spirit Race cultivator said as they didn't believe Yi Tianyun's word.

"Whether you believe me or not, it doesn't matter to me! Now, prepare for your judgement!" Yi Tianyun said as a huge light enveloped the 7th Layer City. Yi Tianyun judged all lives inside the 7th Layer City, and now, the entire 7th Layer City has been covered with the same Barrier as a normal duel!

Yi Tianyun didn't care if any human was in the 7th Layer City as he deemed them a traitor of humanity! There was no way an innocent human would be on this floor as the Evil Spirit Race has made it clear that this place was their feeding zone!

“Clone!” Yi Tianyun said as three of his clones appeared beside him. Then, the 4 of them rushed down and engaged the Evil Spirit Race in front of them! They each carried the Evil Spirit Divine Sword as it was the best weapon at the moment.

The Evil Spirit Race began to scream in horror as their friends and companion died with each swing of Yi Tianyun’s sword! The exp that he got from killing these Evil Spirit Race was a lot, too, as his Exp gain now was amplified by 262!

‘DING!’

‘Successfully killed 8th Layer Spirit King Evil Spirit Race cultivator!’

‘Reward: 450 million Exp, 30.000 Cps, 12.000 Sps, ...’

‘DING!’

‘Successfully killed ...’

Chapter 837

‘DING!’

‘Successfully killed Evil Spirit Race 3rd Layer Saint King cultivator!’

‘Reward: 18,4 billion Exp, 80.000 Cps, 11.000 Sps, ...’

‘DING!’

‘Successfully killed Evil Spirit Race 6th Layer Spirit King Cultivator!’

‘Reward: ...’

A bunch of notifications immediately popped up inside Yi Tianyun's head. The amount of Exp that he got was really something as it was amplified by 262! If he were able to keep this up, he would be levelling up in no time! Yi Tianyun kept killing any Evil Spirit Race that he could find. The Evil Spirit Race was terrified as they ran around like a headless chicken to avoid Yi Tianyun, but clearly, it didn't work!

There was no way Yi Tianyun would let any of these Evil Spirit Race cultivators slip past his grasp as they were his precious Exp source right now. It would take long before Yi Tianyun killed every Evil Spirit Race in this 7th Layer City! After cleaning up 7th Layer City, Yi Tianyun then rushed towards 6th Layer City!

His Exp booster didn't last that long and so, he couldn't waste the opportunity to gain as much Exp as he could. He didn't know whether he had the chance to gain this much Exp if not more like this again in the future, but one thing that Yi Tianyun believed was that the Ghost World would purge the Evil Spirit Race after he took care of the ones in this Tower!

Heaven World would be fine as the ten stars of Sealing Heaven Divine King that would attack any Evil Spirit Race relentlessly as soon as it spotted them! This was the main difference between having a tool spirit and not. The Tool Spirit could serve as a brain on humans as it could make a decision on its own! There might be another group of Evil Spirit Race here on Ghost World outside of Ancient Netherworld Divine Tower, but it shouldn't be a problem as the stronger cultivator has already been taken care of.

He could always leave the Evil Spirit Race outside of the Tower to other cultivators as soon as Yi Tianyun distributed the necklace that could distinguish the Evil Spirit Race later! After all, many cultivators, especially the Phoenix Clan, could easily complete such a task in his stead!

At the same time, many cultivators were watching as Yi Tianyun went after the Evil Spirit Race in 6th Layer City. Since Yi Tianyun already altered the rules that the Evil Spirit Race created, the Evil Spirit Race that died or anyone else in that matter wouldn't be transferred to 7th Layer City any longer. Instead, they would remain where they died, revealing their original appearance!

The other cultivators knew that Yi Tianyun hadn't killed any human just yet, as everyone he killed immediately revealed the Evil Spirit Race's appearance!

After cleaning up the 6th Layer City, Yi Tianyun went down to purge the 5th Layer City from the Evil Spirit Race! As he travelled down a floor, it became easier for him to deal with the Evil Spirit Race that he found in the city!

'DING!'

'Congratulation to Player [Yi Tianyun] for successfully breaking through to 1st Layer Divine King Stage!'

Finally, Yi Tianyun levelled up after cleaning up the 5th Layer City from the Evil Spirit Race! It was such an arduous effort to level himself up to Divine King stage! Having to accumulate hundreds of billions of Exp to level up made it harder and time-consuming, but still, it would be a breeze compared to an average cultivator!

Yi Tianyun smiled as he saw the notification, but he didn't slow down his movement at all! Instead, he has become faster than he was before! Yi Tianyun found the Evil Spirit Race at such a terrifying speed that it wouldn't matter where they hid! He kept killing the Evil Spirit Race floor by floor as fast as he could. At the end of it all, Yi Tianyun killed so many Evil Spirit Race cultivators that he lost count! A thousand? Tens of thousands? He didn't know for sure!

It was a lot of effort, but it wasn't a waste of time at all! He already knew that he had to kill them manually to ensure that the entire floor inside the Tower would be purged of the Evil Spirit Race! There was no easy method here as he couldn't use the Tower's power to kill all of the Evil Spirit Race cultivators, unlike the ten stars at Heaven World!

But then again, he gained so much Exp and Crazy Points that he even levelled up to Divine King stage!

"It's finally over!" Yi Tianyun said as he breathed in relief after killing the last Evil Spirit Race! He already maximized the value of his 262 times Exp Card. The only downside was that Suo Te didn't die under his Exp Card effect!

Well, since there was no point in lamenting about it, he decided to just let it go!

"Big Brother Yi!" Fan Xuexuan shouted as she saw Yi Tianyun on the 1st Layer City.

"Why are you down here? I have already purged the Evil Spirit Race in the Tower!" Yi Tianyun said curiously. "Hey, I want to ask you about this Tower Lord position that I received. What are you planning

to do about it? did you want it for yourself?” Yi Tianyun asked curiously. He was willing to give it back to them as he didn’t really need it.

“The Ancestor already set the rules. If you are qualified to become the Tower Lord, you will have to carry on the duty you were given. It just meant that you will have to lead us, Ancient Netherworld Divine Nation!” Fan Hongde said as he walked in front to show his respect to Yi Tianyun.

He was convinced that Yi Tianyun held the key to Ancient Netherworld Divine King’s power, so if Ancient Netherworld Divine King allowed another Divine King’s descendant to become the Tower Lord, then so be it! Furthermore, at his current level, Fan Hongde knew that he wouldn’t be able to become the Tower Lord!

In fact, all of the Ancient Netherworld Divine Nation cultivators that were present at this moment nodded their heads as they were looking forward to being led by Yi Tianyun! They wanted Yi Tianyun to rebuild the Ancient Netherworld Divine Nation back to its former glory!

Yi Tianyun thought for a second before nodding his head. “If that was your unanimous decision, then so be it! I will become the Tower Lord in the meantime, but if any of you are qualified to become a new Tower Lord, then I will immediately abdicate this position!” Yi Tianyun said confidently.

Yi Tianyun’s train of thoughts has changed as he no longer thought that simply waiting for the Evil Spirit Race to attack the Three realms with full force was good enough. It was better to pull out the Evil Spirit Race from their roots, their homeland!

Chapter 838

Since Yi Tianyun became the Tower Lord, he began to add and change the existing rules inside the Tower and even appointed the Ancient Netherworld Divine King’s descendants as the Deacon and Elder of the Tower! However, the Ancient Netherworld Divine King’s descendants didn’t kick anyone out of the Tower and instead welcomed them with open arms. Ancient Netherworld Divine Nation was declining now in terms of number, so it was necessary to replenish their number again!

At the same time, the Ancient Netherworld Divine Tower’s rule has changed, and anyone could enter and exit the Tower at will without any limitation. Meaning that one wouldn’t lose their Flame Imprint if they chose to leave the Tower!

Now, the rest of the problem in the Tower was handled by Fan Hongde as Yi Tianyun didn't know how the Tower should operate. Yi Tianyun chose not to partake in the Tower's management as he saw that Ancient Netherworld Divine King's descendants had more rights to do that!

Yi Tianyun then walked towards Tower Lord's Palace and began checking the loot that he got from killing all those Evil Spirit Race. Furthermore, he also had a Gift pack that he could open now, which was the Gift Pack that he got after breaking through to the Divine King stage!

"Open level 81 Gift Pack!" Yi Tianyun said to himself.

'DING!'

'Successfully opened Level 81 Gift Pack!'

'Reward: X150 Exp Card, X20 CP Card, X20 Sp Card, 50% Shop Discount, Shop purchase clearance, Ring Equipment Slot!'

"Is that it? what about the next Gift Pack?" Yi Tianyun said as he was confused by the content of the Gift Pack that he had just opened. The content was amazing, Yi Tianyun could say that for sure, but he usually got a new Gift Pack every time he opened one, but he didn't get one this time! The Shop Purchase clearance was probably to reset his purchased item back to its original price!

He would be able to buy the Exp Card back at its original price, which obviously made Yi Tianyun excited! But no matter how many questions Yi Tianyun was asking towards the System, he didn't get any answer! For now, Yi Tianyun had to be content for not getting a new Gift Pack!

"Did the system stop giving me gift packs after I reach Divine King Stage?" Yi Tianyun said while frowning, but he quickly set that aside as he had to check another reward. He couldn't do anything about it as he didn't have any say in the reward that he got from the System.

He checked his status and noticed that the Exp required for level up was at 600 billion points. It was a relief as the required Exp only went up by 100 billion, instead of 400 billion like the last time. This was still acceptable as it was not such a huge margin like last time. However, 600 billion Exp was not a small amount nonetheless.

'DING!'

'Successfully creating an alliance with Flower Rock Empire!'

'Reward: 3 billion Exp, 300.000 Cps, 150.000 Sps, ...'

The alliance notification suddenly shattered the silence. It seemed his Heavenly Clouds Empire was working hard as ever in the Mortal World to form an alliance for the sake of fighting the Evil Spirit Race in the future! He believed that the Mortal World would be able to put an end to the entire Evil Spirit Race there in the near future!

'DING!'

'Divine General Hua Yiuca successfully breakthrough to the next level!'

'Reward: 800.000 Exp, 10.000 Cps, 5.000 Sps.'

'DING!'

'Divine General Luo Xue successfully breakthrough to the next level!'

'Reward: 600.000 Exp, ...'

'DING!'

'Divine ...'

A new notification popped up, and it was about the Divine General that successfully breakthrough to the next stage of their cultivation. It was a nice addition of Exp for Yi Tianyun, but it rarely appeared. Surely, once they got to breakthrough once more, Yi Tianyun would get more Exp!

“I should find something to do now!” Yi Tianyun said as he walked towards the Material Room. He came to the Medicinal Ingredient room as it had a lot of precious items inside. Among them, Soul Accumulating Grass was in abundance, but it wasn’t really useful for Yi Tianyun right now as the Exp he gained from them was too little compared to the amount he needed.

Furthermore, if he wanted to forcefully gain Exp through the Soul Accumulating Grass, the Tower didn’t have enough Soul Accumulating Grass to achieve such a goal! It wouldn’t even level him up once!

“Use the Mastery Point to level up Pill Refining Proficiency!” Yi Tianyun said to himself.

‘DING!’

‘Successfully consumed 10 million Mastery Point and 5 Million Sin Point to level up Pill Refining Proficiency to Peak Grandmaster stage! Levelling up to Creator Rank would require 30 Million Mastery Point! Yi Tianyun was a little bit surprised as he found out that Sin Point could be used as a mastery point. Moreover, he had enough Sin Point to buy another suit now, but still, he couldn’t buy the Evil Demon God Set yet!

“Start Pill Refining!” Yi Tianyun said as he took out his furnace and refined the materials he needed to create a good Spiritual Medicine. He planned to create at least the 6th Refinement Stage pills to strengthen his people later, especially the 12 Golden Hairpins, as they had a clear goal to follow.

It was his reason to level up his Pill Refining Proficiency as he wanted to refine high-grade medicinal pills for his generals! And so, Yi Tianyun’s gruelling Pill Refining time has begun. He managed to refine so many medicinal pills in a few days without any sleep in between.

Because of how thorough he hunted for the Evil Spirit Race earlier, Yi Tianyun had so much Flame Imprint that he started to exchange them for many useful materials. He also made a lot of Evil Spirit Race Necklace in between as he knew that the normal cultivator would need it to distinguish the Evil Spirit Race from the normal humans.

Just like what he did in the Mortal World, he had to share and distribute the Evil Spirit Race necklace to everyone in Ghost World to make sure that the Evil Spirit Race couldn't proliferate anymore! It was impossible to think that the Evil Spirit Race would change their way in the future as aggression was in their blood!

Unless their homeland was destroyed, Yi Tianyun doubted that they would stop harassing the Three Realms! At the same time, there was a change outside of the Tower. The news about Yi Tianyun's feat had spread to the Ghost World area, and the people were shocked to know that Yi Tianyun was connected to the Phoenix Clan!

Chapter 839

The Three Realms soon entered a comprehensive cleaning phase as many factions received the Evil Spirit Race necklace that Yi Tianyun distributed around the Three Realms. They used it to detect the Evil Spirit Race and exterminated them from the Three Realms! In particular, Ghost World was the most determined out of the Three Realms in ridding their realm from the Evil Spirit Race. After all, their Ancient Netherworld Divine Tower was hijacked by those Evil Spirit Race for a long time!

Surely, Ancient Netherworld Divine Nation harbored the most hatred towards the Evil Spirit Race!

Although the genocide was in its path, the Three Realms wasn't exactly safe either! But at the very least, the Evil Spirit Race wouldn't be able to cultivate using their disgusting method anytime soon! Yi Tianyun himself originally planned to have the Phoenix Clan promote the cause of exterminating the Evil Spirit Race to the Three Realms, but that no longer seemed necessary as it turned out, the cultivators in Ancient Netherworld Divine Tower were all influential in their own rights that they were all willing to support the cause and promote it to others!

Yi Tianyun himself was surprised by how much influence these cultivators had as the extermination of the Evil Spirit Race in Heaven World has also been put to action! He surely never expected such rapid progress! It seemed the Ancient Netherworld Divine Tower's charm had lured many cultivators from Heaven World to come here!

Yi Tianyun was pleased as he realised that everything had gone on the right track. Now he could relax a little bit and improve his own cultivation and other things that he had put off in the past. He immediately jumped back to refining batch after batch of Medicinal Pills to give it to 12 Gold Hairpins, and some of them would be used for Fan Hongde and Ancient Netherworld Divine Nation! After all, the ingredient he used to create the Medicinal Pills were all from Ancient Netherworld Divine Tower's resources!

Months passed as Yi Tianyun was busy creating Medicinal Pills and Evil Spirit Race necklace. He was finally done with the resources he had in Ancient Netherworld Divine Tower, so he started looking for the ingredient in his inventory.

He had many Evil Spirit Bloodline, Evil Spirit Bone, and Evil Spirit Soul from killing the Evil Spirit Race on the Tower. These items were marked as rare, meaning that they could be used for something great if he used them properly. He immediately observed all of them to see what he could do with these ingredients.

Evil Spirit Bloodline: A material used for crafting Divine Tools and a material for making an Evil Spirit!

Evil Spirit Bone: A material used for crafting Divine Tools, it contained strong energy that could be absorbed to improve cultivation base, works best for Dark Attribute Cultivator. A Material used for making an Evil Spirit.

Evil Spirit Soul: A material used for crafting Divine Tools, it contains strong energy that would improve the Soul capacity of the user, suitable for Dark Attribute Cultivator. Warning: absorption caution as it could lead to cultivation deviation and violent temper! A material used for making an Evil Spirit.

These items were materials for crafting a Divine Tool rank items! They could also be used for cultivation, but unfortunately, Yi Tianyun didn't take any interest in this purpose! He knew that it wouldn't serve him any good to use a Dark Attribute item to cultivate as it could pollute his cultivation later! But he couldn't throw it away either as he preferred to turn it all this to Crazy Points by selling it to the store.

But as he noticed the last line of the item's description that said all of the aforementioned items were crafting materials to create an Evil Spirit, his interest was sparked once again! Was it something similar that created The Black Dragon in the past? But it was unfortunate that his cultivation was too fast for his pet to follow, so he couldn't bring them along as they wouldn't be able to help Yi Tianyun in a fight anymore!

Yi Tianyun looked over to his Pet Bar and noticed that due to exp they shared with Yi Tianyun, the strongest pet he had now was at 1st Layer Saint King stage! Due to the Exp Share that they got being pretty lacking, they couldn't be any stronger!

He immediately fused the three materials together, and a black flash appeared! A figure with four arms and 5th Layer Void Spirit Stage cultivation appeared after the black flash! Its cultivation level was lacklustre, but its appearance almost completely resembled the Evil Spirit Race. The only difference would be that the Evil Spirit that Yi Tianyun summoned was artificial!

Yi Tianyun could control this Evil Spirit however he pleased! Yi Tianyun then went back to his room inside the Tower. It wasn't exactly his room, but more like the room to accommodate the Tower Lord, a kind of Tower Lord living quarter, one might say.

Yi Tianyun also checked the Evil Spirit Race's martial arts that he got. Fortunately, he could use them all without any problems! "This is good! I can make the Evil Spirit learn the Evil Spirit Race's martial arts and have it infiltrate the Evil Spirit Race's homeland for me!" Yi Tianyun said as he found a good plan to get to the Evil Spirit Race's homeland.

"But it needs to level up first. Otherwise, it would be too weak!" Yi Tianyun said as he took out the rest of the Evil Spirit Material and fed it to the Evil Spirit.

'DING!'

'Successfully devoured Evil Spirit Bloodline! Evil Spirit Cultivation base levelled up to 6th Layer Void Spirit Stage!'

'DING!'

'Successfully devoured Evil Spirit Bone! Evil Spirit Power and Defence multiplied by 2!'

'DING!'

'Successfully devoured Evil Spirit Soul! Evil Spirit Soul was strengthened, and it can use stronger martial arts now!'

Each of the materials had a different effect on the Evil Spirit. Surely, Yi Tianyun could create more Evil Spirit with these materials, but it would be pointless as it was too weak! It would be better to enhance one Evil Spirit to become his eyes in the Evil Spirit Race's homeland!

And with that in mind, Yi Tianyun immediately fed more Evil Spirit Material to the Evil Spirit he summoned to make it stronger! Surely with so many Evil Spirit materials that he got after killing the Evil Spirit Race earlier, the Evil Spirit he summoned would evolve to something incredible!

Chapter 840

'DING!'

'Successfully devoured Evil Spirit Blood! Evil Spirit Cultivation Level levelled up to 7th Layer Saint King Stage!'

After consuming all Evil Spirit Material in Yi Tianyun's possession, the Evil Spirit that he summoned reached the 7th Layer Saint King stage! He only needed 1 Evil Spirit Blood at first to level up, but it required more and more as the Evil Spirit's cultivation level went up! When the Evil Spirit reached Saint King stage, more than 10 Evil Spirit Blood was needed to level it up!

Yi Tianyun sighed as it was too underwhelming! He thought it would be a lot stronger as he consumed all the materials he got after exterminating the Evil Spirit Race in Ancient Netherworld Divine Tower, but it only reached the 7th Layer Saint King Stage! Yi Tianyun didn't think a cultivator at this level would be able to do much on Evil Spirit Race's homeland. Furthermore, there was no Evil Spirit Race left for him to hunt for their item loot!

But there was a silver lining to everything, as the Evil Spirit consumed not only the Evil Spirit Blood but also the Bones and Souls. Its power was strengthened further, making it more powerful than any cultivator at the same level!

"Hmm, for now, this Evil Spirit is at least at the same level as a Saint King Peak Stage!" Yi Tianyun said while a frown was still apparent on his face. Yi Tianyun observed the Evil Spirit and found one thing that he was satisfied with, which was the appearance of this Evil Spirit as it was no different from the real Evil Spirit Race!

Furthermore, if Yi Tianyun kept killing the Evil Spirit Race in the future, the Evil Spirit would certainly become stronger too! But the question remained, how much more Evil Spirit that Yi Tianyun had to kill to make Evil Spirit reach a satisfying level? Surely it would take more than the number that he killed earlier! Yi Tianyun immediately gave a set of Divine Tool equipment for the Evil Spirit to make it even more powerful. Now, Yi Tianyun knew that the Evil Spirit would be able to hold its ground against a 1st Layer Divine King Stage cultivator!

“Now it would be able to hold its own ground, at least for a little bit!” Yi Tianyun said as he nodded his head in satisfaction. But suddenly, a pleasant sound of the notification windows rang on his ears.

‘DING!’

‘Completed the Main Quest [Unification of Mortal World, eradication of all Evil Spirit Race from the Mortal World!]

‘Reward: 40 billion Exp, 5 million Cps, 500.000 SPs, and a new Title [Mortal World King]!’

Mortal World King: Damage would be amplified by 10 while in Mortal World!

Yi Tianyun was startled by the shocking effect that the title provided! He could improve his damage further by only staying in Mortal World! He was very satisfied with this reward, but he couldn’t say that it was his own hard work. No, it was the hard work of everyone in Mortal World! He knew that it would be impossible to eradicate the Evil Spirit Race if he only relied on Heavenly Clouds Empire! Mortal World was huge and vast. There was a limit to how much a faction could cover, and therefore, only with everyone’s cooperation could they achieve a total victory like this!

‘DING!’

‘Successfully get a new Main Quest [Unification of Ghost World! Eradication of all Evil Spirit Race in Ghost World!]

‘Reward on completion: 60 billion Exp, 6 million Cps, 800.000 Sps, a title [Ghost World King]!’

It was the same quest as before with only the location difference, but Yi Tianyun wasn't surprised. After all, the Three Realms was his main location! It was normal to think the system would create a quest that would benefit the three realms one after another! It was the same train of thought that he had earlier. Even without the Main Quest, he would act of unifying the Three Realms anyway!

"All top executives, please come to 9th Layer City as we are ready to discuss an important matter!" Yi Tianyun's voice echoed throughout the entire floor of Ancient Netherworld Divine Tower! Soon, Fang Hongde, Phoenix Clan's Elder Ye, and other executives began ascending to 9th Layer City. The Phoenix Clan has not yet left the Tower as they began their cultivation here. The Tower had a good environment, and it was best for them to continue building up their strength here.

"What will we discuss, Tower Lord?" Fan Hongde asked as he sat down on the table that Yi Tianyun had prepared.

"I want to unify the Ghost World under one goal and erase all the Evil Spirit Race from the Ghost World! We have to clean the place we live in!" Yi Tianyun said with staggering confidence.

"Ghost world unification?" the executives looked at each other as they were surprised by Yi Tianyun's confident proposition. But even if it sounded impossible, the executives in that room knew that Yi Tianyun had the power to make it happen!

"Yes, but it's not in the goal of conquering the Ghost World! We will form an alliance with all the Divine Nations on the Ghost World, and this alliance wouldn't be demanding unless we were facing a critical time! The alliances itself wouldn't interfere with any sort of internal matter that involved the Divine Nations that joined the cause." Yi Tianyun said confidently.

Everyone nodded their head as they understood Yi Tianyun's proposition. They originally thought that Yi Tianyun would start conquering the Ghost World, but now they noticed that Yi Tianyun planned to conquer the Ghost World with a peaceful approach!

"This idea of yours shouldn't be a problem at all. Eliminating the Evil Spirit Race has become the goal of the Ghost World. I'm sure everyone will immediately join us!" Elder Ye of the Phoenix Clan said confidently.

“Seconded, if we are unified under a single goal, it would be a lot easier to achieve!” Fan Hongde said with a smile on his face.

“Yes, the prestige of our Phoenix Clan should come in handy as a deterrent for the Divine Nation in the Ghost World, now that you as our Divine Envoy already become the Tower Lord of Ancient Netherworld Divine Tower, the Phoenix Clan received a lot of prestige! The Rank 1 Divine Nation in the Ghost World should be listening to you now!” Elder Ye said confidently.

It was the truth as Yi Tianyun’s cultivation was absurdly strong right now. There shouldn’t be any Divine Nation that dared to defy him!

“Alright, then I will leave the formation of the Alliances to you. If you encounter any problem, please let me know!” Yi Tianyun said confidently.

Elder Ye nodded as he felt shivers on his skin. He knew that there was no way Yi Tianyun would solve a problem with simply small talk! If the time came for that, the Ghost World would surely be unified a lot faster than what Phoenix Clan could do!

Soon, the Phoenix Clan under Elder Ye’s lead began to move and persuade the Divine Nations to join them in an alliance under Yi Tianyun’s banner. It was the same stuff that Heavenly Clouds Empire has been doing up until this point. The only difference would be the size of the Faction they were handling. While Heaven Clouds Empire only joined hands with another Empire and lower-level factions, Phoenix Clan joined hands with a Divine Nation!
