### Chapter 861

Yi Tianyun had a long talk with Ren Feilong. He was an elder here in Dragon Clan, and if Ren Long ever wanted to come to the Heaven World, he would be treated well by the Dragon Clan. Ren Feilong also wanted Yi Tianyun to ask Ren Long to come to Heaven World and join the Dragon Clan. After all, Heaven World had a better cultivation environment than Mortal World.

After the chat, Yi Tianyun made his way to Heaven Abyss Forest. He had to see for himself that it didn't become the Evil Spirit Race's nest.

"I have to hurry now. There is no telling what other faction that the Evil Spirit Race wrapped their around!" Yi Tianyun said as he picked up his pace towards Heaven Abyss Forest. The Dragon Clan and the Alliance would insistently urge everyone to attack and eradicate all Evil Spirit Race that they could see, so it'd be quicker if Yi Tianyun did it himself as places like Heaven Abyss Forest was difficult to reach.

Heaven Abyss Forest itself wasn't that far from Dragon Continent, and it was an excellent place to practice. There were a lot of Demon Beasts inside, which made the perfect cultivating place for a lower-rank cultivator. That was also the reason why the Dragon Clan sent their cultivator there to raise their cultivation base as soon as possible. That place also had a few good spirit medicine that many cultivators were coming from across the Heaven World to get.

Within only a short amount of time, Yi Tianyun has already arrived at Heaven Abyss Forest. He didn't know whether the Evil Spirit Race's failure to control the Dragon Clan had reached this place or not, but nevertheless, he would search Heaven Abyss Forest thoroughly.

"This place is awesome!" Yi Tianyun said as he looked around the forest. He noticed that the forest itself gradually led underground, indicating the abyss part of its name. The trees grew on the abyss' cliff and then grew rapidly and covered the Abyss up. But while the forest might be dense, it was easy to navigate if Yi Tianyun climbed the trees.

As soon as he stepped foot into the Heaven Abyss Forest, Yi Tianyun looked around and saw several cultivators were picking Medicinal Herbs nearby. Nevertheless, Yi Tianyun couldn't see the end of the forest as it was too vast.

However, although so many heavenly materials and treasures were forsaken away in this forest, no one would risk searching for them! There were so many Demon Beasts here that it was difficult to navigate this dense forest without getting attacked. Yi Tianyun also saw an abandoned city around the forest, but it wasn't in such a good state. Clearly, a city near this forest wasn't really a good idea!

"If they're really hiding in this place, the Ten Stars can't do anything to them!" Yi Tianyun said as he looked up to the sky and noticed that the ground couldn't be seen from the sky. It was clearly the perfect place for the Evil Spirit Race to hide in this world!

Sure enough, as soon as he began exploring the forest, he sensed the aura of Evil Spirit Race in the distance! When Yi Tianyun rushed towards the area where he sensed the aura, he saw that several cultivators were out on a search for Spiritual Medicine.

"Is there any Spirit Medicine this close to the exit?" Zhao Huo pessimistically asked as he kept searching for Spirit Grass around the forest ground.

"We are too weak to go deeper! We can only hope that we are lucky enough to find them around the exit. We can't afford to risk our life by going deeper!" Xiang Hua said with a frown on her face.

"That is right, Senior Brother! The elders told us to be careful at all times!" a little young lady said with vigilance in her eyes.

Seeing that their junior was too cautious, the two seniors smiled and shook their heads. Clearly, they could leave their junior sister for a lookout! Their cultivation base wasn't that high as they were only Spirit Core Cultivators, and it was a necessity for them to search for a Spirit Medicine to boost their cultivation speed. This was the basic practice in the cultivation world. Then again, they couldn't go back to their faction if they couldn't even do something as simple as this.

Suddenly, the junior sister drew her sword while staring nervously ahead of her. "Heads up, something is coming!" She said nervously. The two seniors immediately took out their weapons only to find an old man walking towards them from the forest.

"Calm down, little sister. It's just a traveller passing by." Xiang Hua said as she put back her sword to her Storage Ring. "Hello, mister, are you here for practice too?" Xiang Hua asked the middle-aged man as he got closer.

“Not quite, I am here for a hunt! I am sorry for scaring you like that!” the middle-aged man smiled as he looked as harmless as possible. The junior immediately relaxed and put down her weapon as he didn’t see any harm from the man.

“That’s alright, but what are you hunting in this place? Is it Moon Flower Beast?” Zhao Huo asked curiously.

“No, I am here to hunt you!” the middle-aged man said with a sinister smile as another two arms emerged from his body. He quickly rushed towards Zhao Huo with his mouth opened as if he would swallow Zhao Huo whole!

Sure enough, Zhao Huo was too late to react, and thus he was late to escape! The two scared girls were now running for their lives as fast as they could, leaving behind Zhao Huo as they couldn’t think clearly due to the sheer horror of the man’s appearance.

“Run!” Xiang Hua shouted as she ran away with the junior. Zhang Huo, who was caught off guard, unable to move his limb, and fell to the ground with a pale and frightened face.

“Save me!” Zhao Huo shouted in horror. When Xiang Hua heard Zhang Huo’s voice, she quickly regained a fraction of composure and drew her sword. But clearly, she was too far away from Zhang Huo to even think of helping him.

“Wait for me, little girl! Your turn will come soon enough!” The man said with a sinister smile on his face as he held Zhao Huo’s head, ready to swallow him whole. But as he was ready to prey on him, a figure suddenly grabbed his head and smashed him to the ground!

“It is really hard to go around in this dense forest!” Yi Tianyun annoyedly said as he stood in front of the Evil Spirit Race menacingly.

## Chapter 862

Yi Tianyun quickly bound the Evil Spirit Race and used his aura to knock the Evil Spirit Race down! The three cultivators who were about to meet their doom at the hands of the Evil Spirit Race were shocked to see another man suddenly appear, but this time it was to capture the monster that was about to

attack them earlier. Zhao Huo, in particular, was very close to being swallowed by the Evil Spirit Race, so it wasn't a surprise if he looked at Yi Tianyun in awe.

Xiang Hua was also looking at Yi Tianyun quite confusedly, but she still couldn't rest easy just yet as she didn't know the man in front of them. The man might be another monster! "Little sister, we should escape from this place!" Xiang Hua nervously said as she didn't want to die in this place.

"We can't do that! We have to stay put if we do not want to anger that man!" the Junior sister said as she turned pale from fear.

"But if we don't run, that monster might eat us!" Xiang Hua said in fear.

"Don't you see that man's movement earlier, sister? We won't be able to escape from him even if we want to!" the Junior sister said as she couldn't look at Yi Tianyun due to fear that came from Yi Tianyun's aura. But clearly, Yi Tianyun had no intention to cause them any harm as he raised the Evil Spirit Race to the air by strangling its neck and smirked afterward.

Yi Tianyun was satisfied as the Evil Spirit Race in his hand was completely knocked out! He looked around and noticed that the three cultivators who were attacked by the Evil Spirit Race earlier were still there. "You better leave. This place is dangerous!" Yi Tianyun said as he immediately flew away with the Evil Spirit Race. This Evil Spirit Race wasn't really that powerful as it was still at Core Transformation Stage cultivation. That was also why it couldn't resist Yi Tianyun's aura and was immediately knocked out cold earlier.

Meanwhile, the three cultivators' gaze was still fixed at Yi Tianyun's back with a complicated look on their faces. They knew that the monster that was about to eat them earlier was a strong cultivator, but the man that came after the monster was even more unbelievable as he could easily knock down the monster without any effort!

But now, they could breathe in relief as the danger was finally behind them.

"How can that man be that powerful? He easily subdued that monster without any effort!" Xiang Hua said in amazement.

"I don't know either. Maybe he wasn't human, to begin with! But I am glad that he came. I thought that I would become that monster's food earlier!" Zhao Huo said as he was still trembling with fear as he recalled what just happened to him earlier.

"That is true! That man is our saviour!" The junior sister said as she looked in the direction Yi Tianyun flew away longingly. Zhao Huo and Xiang Hua looked at their junior sister and shook their head immediately as they realised that the man earlier had stolen their junior sister's heart!

Meanwhile, Yi Tianyun flew to a remote area with the Evil Spirit Race cultivator in tow and then slapped the Evil Spirit Race cultivator several times until he woke up! "Where is your base!" Yi Tianyun asked coldly.

"At the bottom of Heaven Abyss Forest!" The Evil Spirit Race cultivator honestly replied as he knew that he wouldn't be able to win against Yi Tianyun!

"I already expected as much!" Yi Tianyun said to himself. He already knew Heaven Abyss Forest was the perfect hideout for the Evil Spirit Race as no normal cultivator would come there. The place was so remote that the Ten Stars wouldn't be able to exert its power around here. Furthermore, this place had so many Demon Beasts and many cultivators searching for Spirit Medicin, so the Evil Spirit Race wouldn't have to search far away for their meal.

And so, Yi Tianyun ordered the Evil Spirit Race cultivator that he captured earlier to lead him towards their base. After a while, they finally arrived at a huge pit that was covered by so much vegetation. The pit itself was outstanding as it seemed to be hit by a huge meteorite that dug deep underground!

Yi Tianyun asked some questions about the Evil Spirit Race's base as he followed the Evil Spirit Race cultivator. He asked some questions such as how many people were hiding down there and what they were planning to do in Heaven World. He also asked some questions about their reproductive means and discovered that the Evil Spirit Race kidnapped human women to breed!

With that in mind, Yi Tianyun also asked how many pure breed Evil Spirit Race was down there. The Evil Spirit Race answered all of Yi Tianyun's questions honestly as he couldn't afford to cross Yi Tianyun right now. He told Yi Tianyun that there were 10 purebred Evil Spirit Race down there that acted as their elders. These cultivators were the best out of them all, with their cultivation reaching Saint King Stage or higher. They were the ones that trained the newly born Evil Spirit Race by forcing them to hunt Demon Beasts and Cultivators to increase their growth!

In short, there was no human worth saving down there. Even the woman that was used as a breeding stock had already lost their mind years ago.

“I didn’t expect the Evil Spirit Race on this place to also do the same thing as the Evil Spirit Race in the Mortal World. I would like to check on those women. If they really already lost their mind, maybe death would be the best thing I can give to them!” Yi Tianyun said to himself as he remembered the gruesome scene in the Mortal World. The Evil Spirit Race was a really disturbing force that must be exterminated!

Yi Tianyun immediately rushed down with eyes full of killing intent. At the same time, his Spiritual Sense kept probing all around the place to see if he missed something. Yi Tianyun soon sensed so many Evil Spirit Race in the pit. Some of them were sleeping peacefully while some others were partying to something like human meat! Yi Tianyun was clearly angered by the scene in front of him as he didn’t expect that the Evil Spirit Race would be thriving down here!

Yi Tianyun immediately went down and discovered an overgrown forest without any trace of sunlight at the bottom of Heaven Abyss Forest. At the corner of that bottom, there was a special tunnel that led to Evil Spirit Race’s hideout! The entry to the tunnel itself was well hidden. Those without any proficiency in treasure hunting would have a hard time finding it!

Of course, Yi Tianyun could easily find this entrance as he had the Appraisal Eye with him. In all honesty, he didn’t really need the Evil Spirit Race to guide him to find this entrance!

“This hidden entry was cleverly put. If my cultivation were any lower, I doubted that I would be able to find it!” Yi Tianyun said as he started using his Appraisal Eye to see what was inside the tunnel. He immediately burned the Evil Spirit Race that he captured earlier with the Immortal Fire to cut any loose end.

Yi Tianyun teleported to some open space inside the Evil Spirit Race’s base. The place was dark as there was no light whatsoever, leaving Yi Tianyun’s eyes that were full of killing intent the only perceptible thing there!

## Chapter 863

After Yi Tianyun snuck inside the base, he instantly scanned the area with his Spiritual Sense as he wanted to explore the area carefully. With his Divine King cultivation base, Yi Tianyun easily could do so

without any problem. He knew that he couldn't hide his aura for too long as there were many cultivators in this place, and some of them ought to find out soon enough!

Yi Tianyun knew this too, and that was why he planned to kill the Evil Spirit Race inside this place as soon as possible to make sure that they didn't escape to the open, which would make it harder for Yi Tianyun to kill them. Furthermore, he wanted to see if there the Evil Spirit Race held any prisoner.

Yi Tianyun quickly snuck into the darkness, and he immediately heard laughter in the deep passage.

"I just captured several more cultivators. They thought that I was the same as them, how stupid! There's just no way I belong to the same disgusting race as them!" an evil Spirit Race said while laughing out loud.

"That's true! They are so stupid and easy! I have caught several women to become my breeding stock!" Another one shouted while laughing.

"We always manage to capture a lot of cultivators every day. Whether we bring them as our livestock or breeding stock, it doesn't really matter!" another one said coldly. Yi Tianyun also saw that a lot of cultivators were being locked up inside a cage while their hands and feet were tied tightly. But that was not all; their bodies were also tied down tightly to prevent them from even moving!

Most of these caged-up cultivators were women and children. As for the men, they were probably already eaten by these disgusting Evil Spirit Race! The children themselves were more like a livestock as the more they grew, the better their Spiritual Energy would be.

Yi Tianyun looked inside the cage and noticed that these cultivators had a look of desperation in their eyes. Surely, they must've come from a good faction that came to Heaven Abyss Forest only to get captured by the Evil Spirit Race!

"You monster! My master will avenge me!" one of the women shouted as she was full of anger!

"Yes, all of you monsters will die in our master's hand!" another cultivator shouted angrily. Surely, some of them still displayed a great force of will to survive. Unfortunately, their hoped for their master to find them was almost impossible at this point.

“Another group of idiots that still daydream about escaping our cage! If your master really is the best, it would be a bonus for us as we haven’t eaten any strong cultivator for a long time!” The Evil Spirit Race cultivator said while laughing out loud. The rest of the Evil Spirit Race cultivators also laughed with each other as they found the scream and shout of the cultivator they captured funny!

As Yi Tianyun looked around, he noticed that this place wasn’t where this abominable Evil Spirit Race feasted on the cultivator they captured as this place lacked any human remains that they’ve eaten. Yi Tianyun began to speculate that this place was just an ordinary convenient space to gather the cultivator they captured. They would nab and drag the cultivator one by one deeper into the abyss to eat or use them for breeding.

“Stop it! it is pointless even if you scream from the top of your lungs!” A cultivator that has been locked in the cage for only god knew how long suddenly opened his mouth. They already experienced hell itself as they saw their friend being dragged before becoming food. They already witnessed the Evil Spirit Race doing the unthinkable with their own eyes, so it couldn’t be helped if their hopes of escaping grew thinner each day. They couldn’t even commit suicide as their body would just become food for these monsters.

The aura of desperation enveloped the cage as the cultivators were getting anxious. They began to lose hope after hearing what they had just heard. The thought of being unable to escape began filling their head!

“You don’t feel like trying anymore?” The Evil Spirit Race cultivator said while mocking the captured cultivator.

At the same time, a heavy footstep was heard from the side.

“You’re already back? I have to take the livestock inside! We are ready to make a feast!” the Evil Spirit Race cultivator said while licking his lips, but it was someone he would never expect! Yi Tianyun came out slowly while looking at the Evil Spirit Race with burning killing intent.

“Who are you?” the Evil Spirit Race cultivators asked Yi Tianyun confusedly. They were on alert as they knew that they had never seen Yi Tianyun around here before. Yi Tianyun stretched his hands and held out the Evil Spirit Race cultivator in the air using his Spiritual Pressure. The Evil Spirit Race couldn’t move

as their neck was held in place. They couldn't even make a sound to express their disbelief that something like this could happen inside their base.

Yi Tianyun then waved his other hand, and the cage instantly vaporized along with the chain that tied the cultivator down! Everyone was dumbfounded by the power of the man that suddenly appeared out of nowhere. The man did not only capture the Evil Spirit Race but also saved them from the cage!

"Kill them!" Yi Tianyun said as he smashed the Three Evil Spirit Race cultivator to the ground and crushed their cultivation base. The captured cultivators were surprised that they were in front of the Evil Spirit Race that they hated so much, and now, they have the power to exact their revenge!

So, without waiting any longer, the Cultivators immediately rushed towards the Evil Spirit Race cultivator and vented their anger by punching and kicking the Evil Spirit Race to their heart content! Although their body was completely exhausted due to malnutrition, they just smacked the Evil Spirit Race with no holds barred!

Yi Tianyun himself sighed and summoned the 12 Golden Hairpins to help him finish the Evil Spirit Race inside this abyss. At the same time, the 12 Golden Hairpins were surprised when they were suddenly teleported to an unknown place without any warning!

## Chapter 864

"Now that you are all here! I want you to guard this place and kill any Evil Spirit Race that tries to come in or escape this place! I want you all to look after these people too. They are all like you, abused by the Evil Spirit Race!" Yi Tianyun said as he gave an order to the 12 Golden Hairpins. The 12 Golden Hairpins looked at the people who were captured earlier and nodded their heads lightly. They saw the look of desperation that they used to have.

Yi Tianyun quickly went straight into the depth of the abyss and disappeared from everyone's sight.

"Who is he?" a captured cultivator suddenly asked the 12 Golden Hairpins as they didn't know Yi Tianyun's identity.

"He is our lord, our saviour!" The 12 Golden Hairpins simultaneously said as they looked toward the direction where Yi Tianyun disappeared into with longing eyes. 12 Golden Hairpins didn't say anything else after that as they took out food and all kinds of clean clothes for the captured cultivator to use.

Yi Tianyun went through a long pathway, and once he passed it, he came across an aisle with a huge staircase going down to the deeper part of the tunnel. It was another depth to this abyss!

“Who are you!” a guard suddenly said as he noticed Yi Tianyun coming. They raised their weapon, ready to attack Yi Tianyun. But Yi Tianyun raised his hands, and the guards immediately turned to ashes, leaving nothing behind!

Yi Tianyun noticed a hole, so he looked down the bottomless hole in front of him with his appraisal eye and saw a huge Great Array was carefully placed along the hole and at the very bottom was a teleportation array! Yi Tianyun felt amazed as he was upset by this information. He didn't know where the teleportation array might lead to, but it infuriated him to know that the Evil Spirit Race had something as convenient as this teleportation array!

On the side of this Teleportation Array, there were several blood puddles with many bodies around them. These were the bodies of Human Cultivators that fell victim to the Evil Spirit Race's disgusting habits. Furthermore, the steady stream of blood powered this Great Array, too, further proving that the entire schematic was built by the Evil Spirit Race themselves!

Meanwhile, Yi Tianyun also saw three Evil Spirit Race cultivators singing and dancing around the blood puddles, completely enjoying immersed in their party. Yi Tianyun frowned and immediately banged the Teleportation Great Array, shattering it into pieces! The three Evil Spirit Race cultivators were startled by the commotion, but they were too late to do anything as they turned into ashes as soon as they saw Yi Tianyun.

These three Evil Spirit Race cultivators were at Saint King Stage, but they just died so easily at Yi Tianyun's hands! Yi Tianyun knew that there were two other Saint King Stage Evil Spirit Race cultivators around here, so he delved deeper inside the tunnel.

“Who are you?” The familiar words rang in Yi Tianyun's ear as someone on the side was speaking confusedly. Yi Tianyun looked to where the voice was coming from and noticed that there were five thrones on the side of the tunnel, where two Saint King Stage Evil Spirit Race cultivators were sitting. They saw that Yi Tianyun suddenly appeared from above and turned three of their companion to ashes, but they were too shocked to make a move.

“Who I am isn’t important!” Yi Tianyun said as he used his Spiritual Forces to bind the two Evil Spirit Race cultivators. Yi Tianyun’s power was too much for these two cultivators to break out from, so their struggle led to no result. “So, tell me! Why did you create a Teleportation Array down here?” Yi Tianyun asked coldly.

“We would rather die than tell you!” The two cultivators ferociously shouted as they refused to answer Yi Tianyun’s question. It seems like they were really not afraid of dying, despite still trying to break free.

“Really? Are you sure about that?” Yi Tianyun said as he grabbed one of them on the head. He used a powerful Soul Search to look into the memories of this Evil Spirit Race without any hesitation. He couldn’t use this technique on a Saint King expert in the past, but now that he has already reached Divine King Stage, that was no longer a problem.

As Yi Tianyun searched the memories of the Evil Spirit Race cultivator in his hand, the head of this Evil Spirit Race cultivator suddenly exploded! The other Evil Spirit Race cultivator who was looking at them from the side was suddenly scared as he knew that he’d be next.

“Well, I have found a lot of information in his head. It seems that the Teleportation Array was made to create easy access to Ghost World, am I wrong?” Yi Tianyun said as he shook his head. “You guys seem to like living on the Ghost World so much, don’t you?” Yi Tianyun said coldly.

“What are you talking about?” The Evil Spirit Race tried to feign ignorance, but Yi Tianyun didn’t care about what he was about to say and grabbed his head without any hesitation before doing the Soul Search again! Yi Tianyun knew that he still lacked some more important information, so he began searching for the answer again.

Yi Tianyun gathered all kinds of information from the Evil Spirit Race’s mind and the Evil Spirit Race couldn’t resist it any longer before exploding like his comrade earlier. Yi Tianyun sighed as these Evil Spirit Race just wanted to create the Teleportation Array to Ghost World so that they could escape the Heaven World that they deemed too much for their own safety.

They made the Heaven Abyss Forest their living space and dug the abyss to create a habitable space for the Evil Spirit Race in Heaven World to live.

“Old Ancestor?” Several Evil Spirit Race came down curiously as they heard so much banging and exploding inside this place. Yi Tianyun noticed that all the Evil Spirit Race that just came was from mixed bloodlines. It seemed they already bred with so many women over the years they spent there.

“You killed our Old Ancestor!” The Evil Spirit Race shouted as they saw Yi Tianyun among the bodies of their Old Ancestor. Yi Tianyun just sighed as he didn’t see anyone worth saving among these mixed-blood cultivators.

“It is time to end this farce!” Yi Tianyun said as he jumped and slammed his hands down, creating a huge giant palm that pressured every Evil Spirit Race on the room to the wall, killing them instantly. Yi Tianyun knew that he had killed a lot of people inside this place, but he wasn’t too concerned about that. After all, these people were already brainwashed by the Evil Spirit Race.

## Chapter 865

Yi Tianyun destroyed the thrones and quickly left the tunnel. Yi Tianyun soon came across a couple more bodies. It was obvious now that the Evil Spirit Race came from below, and some of them even tried to escape this place, but they were unfortunate enough to run into the 12 Golden Hairpins.

12 Golden Hairpins couldn’t be overlooked as they were powerful enough to handle a tough opponent themselves. They had a strong cultivation base as the lowest among them was at Core Transformation Rank. They could easily handle people at Spirit King Stage together!

“We should withdraw!” Yi Tianyun said to the 12 Golden Hairpins that were swiping their blade from the enemy’s blood. 12 Golden Hairpins nodded as they walked towards the exit while the group of cultivators was following them closely. Yi Tianyun noticed that these cultivators were trying their best to keep up, so Yi Tianyun slowed down the pace out of consideration for these people who were unjustly captured by the Evil Spirit Race.

“They will be here in a few months!” Yi Tianyun clicked his tongue as he reviewed the information he got from the memory of Evil Spirit Race’s Old Ancestor earlier. The Evil Spirit Race used the Teleportation Great Array to report their current situation to their homeland. Because of that, the reinforcement from their homeland would come to the three realms soon!

In other words, Yi Tianyun wouldn’t have that much time to ward off the Evil Spirit Race army. He still had many things to do, and a few months wouldn’t cut it. Furthermore, he hasn’t purged the Evil Spirit

Race in the Heaven World just yet! He must inform everyone as soon as possible that they no longer had time to waste.

"I'm against the time here!" Yi Tianyun said as he frowned frustratedly. He never expected the Evil Spirit Race to come this fast! If he managed to defend the three realms this time, everything would be peaceful for a while, but the three realms would be doomed if he failed.

After getting out of the abyss, Yi Tianyun ordered the 12 Golden Hairpins to bring everyone along and follow him closely. The 12 Golden Hairpin nodded and began supporting everyone with their spiritual power, lifting them up off the ground easily.

Yi Tianyun led them out of Heaven Abyss Forest and then stopped after reaching a safer place. "You all can leave. This place should be fine!" Yi Tianyun said to the captured people. The people were surprised that Yi Tianyun didn't ask for anything in return, so they immediately left after expressing their gratitude to Yi Tianyun.

But some of them still chose to stay.

"Why are you still here?" Yi Tianyun asked as he frowned confusedly.

"We want to serve our saviour! These Senior Sisters told us that our loved ones that were also captured were already dead, so we want our revenge! we want to kill every single one of that disgusting race!" A cultivator said passionately.

"Yes, the only thing that drives us now is killing all of the Evil Spirit Race! so, please accept our plea!" Another one said as they kneeled in front of Yi Tianyun. They were the people that had nowhere else to go as their loved ones were already dead! Their only motivation to live on right now is to get their revenge towards the Evil Spirit Race!

"Master, we will be the one responsible for training them! We will not give unnecessary burden to you, master!" The 12 Golden Hairpins also kneeled in front of Yi Tianyun. They also went through the same experience as these people, so they knew how difficult it was to stay motivated to stay alive!

"Alright! You have the skill and power to teach them, but act accordingly!" Yi Tianyun said solemnly.

“We will, thank you, master!” the 12 Golden Hairpins said in unison.

“Good, now I will give you a mission to accommodate their training. You have to kill all the Evil Spirit Race in this area until there was none left!” Yi Tianyun said solemnly.

“Consider it done, master!” the 12 Golden Hairpins said excitedly. They immediately stood up and quickly scoured the area for a place to rest for the night. They ushered the other cultivators to follow them as they’d be responsible for them.

‘DING!’

‘Obtained [Hua Yue] as a Divine General!’

‘Reward: 500.000 Exp, 20.000 Cps, 20.000 Mastery Points.’

‘Ding!’

‘Obtained ...’

At the same time, Yi Tianyun received so many notifications about his Divine General. He wasn’t surprised by these notifications as he already knew that they would become as strong as the 12 Golden Hairpins soon. Yi Tianyun looked at their back as they followed the 12 Golden Hairpins before disappearing from the area. He didn’t feel there was a need for him to stay here any longer as the most powerful Evil Spirit Race on this area has already been killed!

Yi Tianyun soon appeared in Sealing Heaven Divine Nation and immediately went to see his Grandfather.

“Grandfather, issue an order to assemble all the alliance members right away! I have a serious matter to announce!” Yi Tianyun said solemnly.

He had to inform everyone that the Evil Spirit Race was about to attack, and there was not much time left!

“What? Is the Evil Spirit Race about to attack?” Yi Yuanlong said worriedly. He wasn’t a fool, and from the look on Yi Tianyun’s face, he immediately guessed the problem.

“Yes, they will come to the Three Realms in three or four months at the longest! There’s even a chance that they’ll be here faster!” Yi Tianyun said honestly.

“Alright, I will inform everyone about it now!” Yi Yuanlong said hurriedly. He immediately left to announce the pressing matter to the alliance as he knew that they had to fight in the near future!

“This sudden attack was awful. I hope that the Evil Spirit Race wasn’t really that strong!” Yi Tianyun said as he clenched his fist in frustration. If the enemy were far too powerful for him to handle, then it’s hopeless!

## Chapter 866

After the information regarding the Evil Spirit Race’s reinforcement was made public, many Faction Leaders finally knocked on Sealing Heaven Divine Nation’s door. These people made sure that the Sealing Heaven Divine Nation wasn’t hostile towards them as they knew that the Ten Stars were watching their activity. Sealing Heaven Divine Nation has been famous in the past, but as time passed, their prestige began to decrease steadily!

They feared Yi Tianyun would destroy their Faction for disobeying his order. They knew that the Ten Stars would easily destroy their imperial city within seconds, so they couldn’t afford to disobey anything that Yi Tianyun had to say.

The Alliance members gathered in the hall that had already been prepared by Sealing Heaven Divine Nation, with an Empire rank sect being the lowest rank present. The participants of this meeting could relay the discussed matter to other lower-rank Factions around them as it would help Sealing Heaven Divine Nation on time management and space management.

“Nation Lord Yi, we have answered your call as requested! We would like to hear what you have to say.” One of the faction leaders said respectfully. They looked over to the top of the chair and saw a man sitting there, but it wasn’t Yi Yuanlong, but instead, it was Yi Tianyun himself, the Alliance Leader!

“The topic we’re about to discuss will be informed by our Second Elder himself.” Yi Yuanlong said as he stood beside Yi Tianyun.

“The Situation is pretty straightforward! The Evil Spirit Race will invade us soon enough, but I don’t really know how powerful the enemy will be this time! But one thing for sure is that they can’t be weak! I believe that many Divine King rank cultivators from their side will enter the Three Realms sooner than we thought.” Yi Tianyun said solemnly.

“Divine King Rank cultivator? Are you sure that we could deal with such enemies?” one of the members asked worriedly. In fact, many of them show a look of disbelief on their face. Clearly, many of them realised that they were too insufficient and wouldn’t be able to stand up against such strong enemies!

“This is just a speculation. There’s always a chance that they’re not that strong, but it’s very unlikely! After all, I already foiled two groups of their cultivator, so I figured out it would be counterproductive to keep sending weak cultivator into the Three Realms.” Yi Tianyun said confidently. “The thing here, they would send their Divine King, but I don’t think that they would send a late-stage Divine King here. As for their Saint King Stage, they aren’t that strong, honestly.” Yi Tianyun said indifferently.

Yi Tianyun wasn’t joking. It was really possible that the Evil Spirit Race would send a few Divine King cultivators, followed by some Saint King Stage cultivators, maybe around a dozen of them. For the Three Realms’ standard, a Saint King Expert was considered a great cultivator, but it seemed they were just trash for the outside realm!

The Alliance Members didn’t know how to react as it was too much for them to process. They thought that Sealing Heaven Divine Nation would be devising a plan to integrate the Alliance further, but it was something terrifying instead!

“How much time do we have?” A nation lord asked worriedly.

“I think that we have around 4 months at most and 1 month at worst.” Yi Tianyun said honestly.

“What? Are you serious?” Another nation lord said with a surprised expression. All of the Alliance Members were shocked to the point that they stood from their chair as they couldn’t process the information that Yi Tianyun provided. The time was too short for them to come up with a proper plan.

They definitely couldn't do anything when the time came! If the Evil Spirit Race was a normal cultivator, they wouldn't need to worry, but there is no way they can stay calm in the face of many Divine King Experts and dozens of Saint King Experts!

"Elder Yi, are you sure that the information is valid?" A nation lord tried his best to stay calm and asked as he couldn't believe the Evil Spirit Race would make a move this quickly.

"I am afraid so. I finally got the whereabouts of their base on Heaven World, and I received the information through Soul Search." Yi Tianyun said indifferently.

"This is too much! Why are they so hasty!" Another nation lord said in disbelief.

"That part doesn't matter. They're bound to come here sooner or later. We just have to prepare for it!" Yi Tianyun said indifferently. Everyone looked at each other and saw the expression on their faces. Some were still in disbelief, while others were shocked, fearful, and all sorts of negative emotions. Clearly, some of these faction leaders still couldn't bring themselves to believe Yi Tianyun's information, but they simply didn't say anything about it.

"I suggest that you all prepare yourself for the battle. I won't ask much for the strategy part as I believe that you are more capable when it comes to that! I can't be around Heaven World forever as there is no telling where they will come. I still have to prepare the Ghost World and Mortal World for the Evil Spirit Race's invasion too." Yi Tianyun solemnly said as he looked at Yi Yuanlong, a signal for him to take over the strategy meeting later.

The Heaven World would have to fight as one, and this should suffice for now.

"But I have a little demand for you all to ensure our victory. Leave Sealing Heaven Divine Nation in charge of your resources to share with those who have the potential to unlock their power for the fight!" Yi Tianyun said solemnly. It would be inefficient to let the resources that would help potential people to reach further in their cultivation be used on someone else.

"Is this your goal all along?" one of the nation lords couldn't help but show suspicion after hearing Yi Tianyun's demand.

"I am afraid so." Yi Tianyun said indifferently.

"I am not willing to answer to this demand of yours! This is an abuse of power! If we gave all of our resources to you, aren't we as good as dead?" another nation lord said accusingly.

"I already mentioned the terms when I formed the Alliance! We need power, and can you create a strong cultivator in such a short time like we need right now?" Yi Tianyun said coldly.

"But this is too much! We will go under if we don't have sufficient resources to defend ourselves!" another nation lord interjected nervously.

"I agree with Lord Liu Yu! If we give up our resources, we will be in huge disadvantages!" another nation lord immediately expressed their dissatisfaction.

"If you don't like my plan, then feel free to leave the Alliance altogether, but don't expect the Alliance's help when you are in need later!" Yi Tianyun said coldly. He was too lazy to convince everyone to do his bidding. After all it wasn't needed!

"This is all just a ploy for you to get our resources! I don't believe in your information earlier either. I presume that you just want to scare us to give up our resources!" a nation lord said coldly.

"We will walk out of the alliance, and we wouldn't regret it!" another nation lord said coldly. One by one, the alliance members began to stand up and leave as they walked out of the Alliance. Meanwhile, Yi Yuanlong looked at Yi Tianyun confusedly as he wondered if Yi Tianyun really let the Divine Nations walk away.

## Chapter 867

"If you want to leave, then just do it! But you'll be on your own if your nation is attacked by the Evil Spirit Race. Our Sealing Heaven Divine Nation won't intervene as we have our own problems to deal with!" Yi Tianyun said as he waved his hands, sending away those who wanted to leave lazily. He didn't need those who didn't have any faith in him, so keeping them in this Alliance wasn't exactly necessary.

He didn't want to threaten these people to comply as it would be useless and much more dangerous for Heaven World later.

“This is a waste of time! If the Evil Spirit Race wants to invade the Three Realms, they would have done so in the past if they were really that strong!” A nation lord said frustratedly.

“Yes, you are right! This is nothing but your ploy!” another said as he felt deceived by the Alliance. Around 4 or 5 Divine Nations’ representatives immediately left the Alliance as they didn’t trust Yi Tianyun, while the others clearly chose to wait and see what would happen to the those who left before deciding what to do.

Yi Tianyun took a look at the nation lords who chose to stay and noticed that some of them weren’t really a low-ranking Divine Nation’s Holy King either. One of them was, in fact, the Holy King of the best Divine Nation in Heaven World according to Heaven World’s prestige ranking.

Meanwhile, the Divine Nations’ representatives who chose to leave the Alliance were still outside of the Sealing Heaven Palace as they begrudgingly cursed at Yi Tianyun for wasting their time. They didn’t want to give the resources that their Divine Nation had accumulated with copious amounts of time. Furthermore, they didn’t want to follow any order from Yi Tianyun from the very beginning, but they chose to join the Alliance as they were afraid of the Ten Stars!

They thought that they were doing the right thing by walking out of the Alliance before Sealing Heaven Divine Nation got way over their head and demanded more things from them!

.....

“Who else wants to quit? Staying here means agreeing to what I have to say. In other words, you have to comply with every demand that I have for the battle!” Yi Tianyun said indifferently.

“We will comply with Sealing Heaven Divine Nation’s every word! I am as the Former Emperor would obey every instruction from Sealing Heaven Divine Nation!” The former Emperor of Tyrant Divine Nation said with a smile on his face. The Tyrant Divine Nation was the number one Divine Nation on Heaven World right now!

“We are also willing to comply with Sealing Heaven Divine Nation’s demand!” The Holy King of Moon Dragon Divine Nation, the second-ranked Divine Nation, said with a friendly tone. The other Divine

Nations that considered quitting the Alliance were surprised to hear that Tyrant Divine Nation and Moon Dragon Divine Nation want to join Sealing Heaven Divine Nation!

Now, the people in this room knew for sure that Yi Tianyun had absolute power in Heaven World! Sealing Heaven Divine Nation would be the strongest Divine Nation of Heaven World for sure! Now that the two top-ranked Divine Nation chose to follow Yi Tianyun, the other Divine Nation realised that they should do the same thing.

"It's good that you believe in me!" Yi Tianyun said with a smile on his face.

"The Late Emperor of ours had said that Sealing Heaven Divine Nation was the first Divine Nation of Heaven World and also the one that created an opportunity for everyone in Heaven World to grow, so we will cherish the Late Emperor's word by following Sealing Heaven Divine Nation now." Moon Dragon Holy King said respectfully.

One by one, the other Nation Lords began to sing Yi Tianyun full of praises. Yi Tianyun knew that their high praise all came from interests. It was clear that none of them were sincere enough to say something like that, so Yi Tianyun wasn't flattered by these empty words.

"I know that everyone here is still a little sceptical of the current situation. Some might even suspect that we would do some foul play, but to be honest, our Sealing Heaven Divine Nation has no interest in any of your resources. The key point right now is amplifying the growth of our Potential Cultivator, and in order to make sure that they have the best situation for cultivation, we have to support each other mutually." Yi Tianyun said solemnly.

"That is natural, Elder Yi!" the nation lords said at the same time as they nodded their head in understanding. They haven't seen the cruelty of the Evil Spirit Race just yet, but their ancestors already left a record of the Evil Spirit Race's horrible deeds, so they believed Yi Tianyun!

Yi Tianyun then nodded his head and left Yi Yuanlong in charge of the Strategy Meeting. After the Alliance Meeting was over, Yi Tianyun immediately rushed towards the Mortal World and Ghost World to also announce these problems to everyone. But before leaving Heaven World, Yi Tianyun encouraged the Alliance Member to put more effort into eliminating the Evil Spirit Race on their territory. With the help of the Evil Spirit Necklace that he already distributed to all of the Alliance Members, things should be easier for them!

Yi Tianyun knew that the Evil Spirit Race wasn't exterminated yet from the Heaven World as his Quest was still ongoing. He knew that he couldn't tell the others about his Quest as it was too surreal for them to believe in. Yi Tianyun hoped that the Alliance would complete his Quest soon as he really needed it done as soon as possible.

.....

As Yi Tianyun arrived at Mortal World, he did the same thing he did in Heaven World. But everything went smoothly as everyone listened to what Yi Tianyun had to say. No one made a scene, and it took no time to convince them and prepare themselves for an all-out war with the Evil Spirit Race!

Yi Tianyun immediately headed to Ghost World right after. In Ghost World, everything was even simpler than the situation in Mortal World! After a brief explanation, they all agreed and left Yi Tianyun in charge of their resources and Divine Nations! Unlike Heaven World, where the damage that the Evil Spirit Race caused was pretty massive, the damage in Ghost World was insignificant.

It seems that peaceful times made it harder for people to unite together!

"Everything is in place." Yi Tianyun said as he checked his next Quest. He needed to see the Three Realms' entrance. He knew that there was no easy way to leave the Three Realms, so he had to check the requirement to leave the Three Realms and whether he needed to power up some more or not.

So, Yi Tianyun immediately flew to the sky like an arrow. The entrance was clearly up on the sky, but usually, all entrance was already closed by the Three Great Divine Kings and surrounded by Divine Runes that prevented people from opening the channel. It was equal to erecting a barrier against any sort of invasion from outsiders, but it didn't necessarily prevent people from going out!

Yi Tianyun soon arrived in Mortal World as he knew that the entrance to go out of the Three Realms was on top of Mortal World, and sure enough, Divine Runes appeared in the sky and began to form a whirlpool as a passage to leave the Three Realms!

## Chapter 868

The passage to exit the Three Realms opened immediately, and Yi Tianyun quickly entered the passage without any hesitation. As he flew inside, he noticed a black tunnel not so far ahead of him, and he immediately checked it out. He entered the Dark tunnel and saw a lot of stars and countless planets

floating in the sky. Yi Tianyun was outside of the Three Realms, and there was no air around him, but it didn't really matter for Yi Tianyun!

He saw countless floating boulders and several dark vortexes around him. This Dark Vortex gave off an uncomfortable vibe, so he decided not to enter it too hastily! He quickly looked behind and saw a huge planet that was supposed to be the Three Realms, and sure enough, the planet was split into 3 sections.

This was the Three Realms' appearance, the Heaven World was the top section, the Mortal World was the middle, and lastly, the Ghost World was at the bottom.

After his breakthrough to Divine King Stage, Yi Tianyun has dramatically increased all aspects of his life. He now had an acute sense that he could clearly see Shi Xueyun busy discussing and planning things with others from here. He could see many Divine Nation gathering and arranging things on Ghost World too!

Everyone had to prepare a teleportation array that was going to be laid out and set up in advance before the Evil Spirit Race attacked. Each region in each realm had to be equipped with a teleportation array to help the reinforcement get there as soon as possible. It could be used for evacuating the masses if things turned worse. With the Teleportation Array, the support would be far greater than flying.

"It seems the Mortal World's defence is too fragile!" Yi Tianyun said as he observed the layers of barriers that covered each of the Three Realms. It was because the Heaven World and Ghost World had an extra protective barrier that resulted in the Mortal World's protective barrier stretched thin, thinning the Spiritual Energy on the Mortal World.

Yi Tianyun looked at Heaven World and Ghost World. He saw the Ten Stars covering a large part of the Heaven World that also wrapped around the Heaven World to create another protective barrier. Meanwhile, the Ghost World's protective barrier was weaker on the side where the Ancient Netherworld Divine Tower stood. But the Ancient Netherworld Divine Tower acted like a vacuum that would pull anything close to it.

As for the protective barrier around other areas, they were quite strong as there was no clear place for anyone to penetrate through the Protective Barrier.

"If they come with a few Divine King Experts, this shield would easily break!" Yi Tianyun said as he shook his head. It was worrisome to know that a Divine King expert could easily pierce this protective barrier with no problem. This protective barrier didn't work against cultivators that strong, and since they weren't that rare, this barrier was basically as good as useless!

"I hope that they come weaker than they are before." Yi Tianyun sighed as he looked at the Three Realms that were indeed protected by the Three Great Divine Kings. He immediately turned his head around and looked out to the dark outside world. It was reasonable to say that there was nothing really important here. The Dark Vortex was the only thing that should be noted around there as it seemed like the tunnel that led to the other world.

Yi Tianyun quickly flew around, observing everything his gaze laid upon. He eventually learned that it was better to fly around the rocks than in the empty space as the vortex could suddenly appear out of nowhere!

Yi Tianyun turned his attention towards the Dark Vortex once more and used his Appraisal Eye to see what it was all about.

Black Vortex: Will easily shred anything that was being pulled inside. High cultivation base is necessary to resist the pull.

Warning: Do not get close in any normal circumstance.

Yi Tianyun was a little bit surprised because he never saw any warning before. This meant that he wouldn't be able to resist the Black Vortex's pulling force at his current state!

"This thing is terrifying! I will definitely die if I got close!" Yi Tianyun said as he refocused his attention on the Three Realms protective barrier and immediately patched the more fragile part of the protective barrier.

There was no doubt in Yi Tianyun's mind that the Great Array was created by the Three Great Divine Kings. But the current situation didn't make sense as it was too weak to barely protect the Three Realms. The only thing that was somewhat noteworthy was the Ancient Netherworld Divine Tower that would trap anything around it!

"I should set up a Great Array here." Yi Tianyun said as he flew towards the surrounding rocks floating around the Three realms and began engraving a Divine Rune on them. He created an illusion Great Array that was supposed to trick those Evil Spirit Race, but he knew that he wouldn't be able to deceive them completely.

Those Evil Spirit Race obviously knew the Three Realms' location now, and it was useless to trick them with a mere illusion like this. But Yi Tianyun would get notified as soon as the illusion was nullified, served as the sign that the enemy was about to attack!

This way, Yi Tianyun would be able to react instantly and provide them with the utmost hospitality!

Yi Tianyun sighed as he arranged several Divine Rune Great Arrays and concealed them thoroughly. It wasn't an easy task to engrave the Divine Runes on these floating rocks as their surface wasn't smooth at all. He even smashed a few rocks several times as it was too rough of a surface to engrave the Divine Rune on.

After finishing the Divine Rune Great Array as he intended it to, Yi Tianyun then flew back towards the Three Realms as he didn't have to wait for the Evil Spirit Race out here.

"Come, Evil Spirit Race! Our Three Realms are ready for you!" Yi Tianyun said as he smirked out of anger.

## Chapter 869

After setting up the Great Array, Yi Tianyun quickly returned to Heaven World to continue searching for the rest of the Evil Spirit Race in the Three Realms. He wanted to complete his quest as soon as possible and made sure that the Evil Spirit Race in the Heaven World wouldn't be a thorn on his side later.

However, he didn't really need to do much as the whole Heaven World was basically searching for the Evil Spirit Race as per Yi Tianyun's order. After searching for the Evil Spirit Race for a week, the entire Evil Spirit Race on Heaven World was finally wiped out! Some of them hide in the deep part of Heaven World, but as Yi Tianyun also joined the search, they couldn't escape far enough!

'DING!'

‘Completed Main Quest [Unification of Heaven World! Eradicate all Evil Spirit Race from Heaven World!]

‘Reward: 60 billion Exp, 6 million Cps, 800.000 Sps, [Heaven World King] Title’

Heaven World King: Damage X10 at Heaven World!

The title had the same effect as the Ghost World and Mortal World King. The only thing that separated them was the realm it took effect in.

‘DING!’

‘Successfully accept Three Realms Ultimate Quest, [Withstand the Invaders’ attacks and destroy them, complete the Three Realms Unification!]

‘Reward on completion: 200 billion Exp, 10 million Cps, 10 million Sps, 10 million Mastery point, merging the Three Realms Title into an ultimate title [The God of the Three Realms!]

Yi Tianyun was shocked when he saw the quest he had just got as it was the ultimate quest! The reward was very tempting as it was the most rewarding quest he ever got! “It seems that all I have to do is wait for the Evil Spirit Race to come and quickly decimate them!” Yi Tianyun said confidently.

Yi Tianyun immediately made a preparation for the attack, starting from refining weapons and setting up Great Array for defensive purposes. Although the main focus right now was all about the unity of the Three Realms, it was never a bad idea to come up with a backup plan in case something went wrong.

A month passed quickly, and so did another month after that. Everyone was nervous as the estimated time drew near. Meanwhile, Yi Tianyun has already laid so many Great Array in so many places and even crafted a lot of Weapons with all the resources available for him. As a result, the three proficiencies he used the most skyrocketed!

‘DING!’

‘Congratulation on reaching the peak level Creator on Refining Tools Proficiency!’

‘DING!’

‘Successfully promoted all Profession Proficiency to the highest degree!’

‘Reward: [All Rounder Proficient Ability User!] Title.

All Rounder Proficient Ability User: Enhance the success rate of any proficiency regardless of level.

After finishing reading the notification, Yi Tianyun was so excited! His proficiency was so high that he would now be able to create anything without having to worry about failing! He could create so many Sacred Tools and Divine Tools with a minimum effort! But the only thing keeping him away from refining more Divine Tools was that the material needed for Divine Tools creation was too rare!

So, Yi Tianyun just focused on crafting Sacred Tools as much as he possibly could as it was still a strong equipment to help the cultivators of the Three Realms defend against the Evil Spirit Race invasion!

He only gave the Divine Tools he created to those with a strong cultivation base! Although Yi Tianyun’s judgement could be called a little bit unfair as he put a lot more effort into reinforcing Mortal World compared to the other two Realms, it was because the Mortal World was weaker than the other two realms and that he had to take extra care to protect it!

But even so, Mortal World was the hardest realm to invade even though it was fragile once the invasion succeeded. This was all because the Ancient Netherworld Divine Tower would create an illusion that the barrier protecting the Ghost World was faulty, and once the enemy got closer to it, the tower would immediately drag them in! The same thing could be found in Heaven World, too, as the Ten Stars would defend Heaven World as much as it could.

The Three Great Divine Kings in the past already figured out that the Mortal World was a hard place to defend. On that note, they made the illusion that the Mortal World was the hardest place to break in and then laid traps on the other two realms that would lure the enemies in.

This was also the reason why the Three Great Divine Kings devised rules that would push strong cultivators out of Mortal Worlds to make sure that the other Two Realms had more share of strong cultivators to defend against any invading enemy! This was why any cultivator above the Spirit King stage was compelled to leave the Mortal World.

However, the Mortal World still needed their defender, which was why Yi Tianyun allocated more of his time to ensure that the cultivator in Mortal World had a fighting chance!

One more month passed, and Yi Tianyun finally came out of the Refining Room with so much Equipment and Medicinal Pills in store. He immediately teleported to the Alliance chamber of each realm to notify that the enemy's attack drew near.

"The Evil Spirit Race finally comes! Prepare yourself for the battle!" Yi Tianyun solemnly said as he dropped the appropriate equipment and medicinal pills he crafted earlier. The faction leaders that laid in wait in each realm nodded their heads as they watched the sky vigilantly.

They already expected the Evil Spirit Race to attack soon, and because of that, they weren't surprised to hear that the Evil Spirit Race was coming.

At the same time, in the outer world, a huge Evil Spirit Ship crashed into a rock, smashing it into powder. The rocks that were enough to injure a Divine King cultivator couldn't damage the Evil Spirit Ship at all!

"What is this barren place? so many Death Whirlpool around!" Army General Long Te said as he looked to the Dark Vortex with a frown on his face. Due to his attempt to avoid the Dark Vortex, their ship was forced to hit a rock instead! He knew that the ship wouldn't be able to withstand the Dark Vortex's destructive power!

As the Evil Spirit Ship finally got close to the Three Realms, Army General Long Te noticed something and frowned even more.

"Why is this place teeming with trashy Great Array? Did they think such a weak Great Array would be able to fool me? If this is the best they can do, then Evil Spirit Race's victory is already assured!" Army General Long Te said confidently.

Army General Long Te immediately ordered his people to charge right ahead as he didn't have any worries that he would lose!

## Chapter 870

After the Evil Spirit Ship crashed, the horde of Evil Spirit Race finally saw the Three Realms with their own eyes.

"This is truly a great place, the Spiritual Energy concentration is a little bit low, but it has a good Core Phase! The elder will be happy if we get this place for ourselves!" Army General Long Te said with a smirk on his face.

The Core Phase that the Army General was talking about was what kept the Three Realms running. If this core were dug up, the Three Realms would be destroyed! It would be difficult for any living beings to survive outside as they needed a strong cultivation base to survive! For example, being at the Spirit King stage was the minimum requirement to survive in the outside world temporarily, but they wouldn't be able to survive for that long either.

This was the main reason why Three Great Divine Kings set the protection over the Three Realms as they couldn't allow anyone from the outside world to take over the Three Realms and take the Core Phase for themselves. They knew that the cultivators inside the Three Realms wouldn't be able to survive in the outside world!

Yi Tianyun already saw the outside world for himself. He noticed that there was basically no life in the outside world. He certainly didn't venture far enough in the outside world to see what else the outside world had to offer, but it wasn't necessary for him right now.

At the same time that the Great Array he engraved on the rock in the outside world was triggered, Yi Tianyun came out to check the enemy.

Evil Spirit Ship: Unknown Grade, Unknown Effect, Unknown Ability. Combat Power: 1 Trillion Points!

The Evil Spirit Ship's combat power reached the peak Grade Divine King level! even Yi Tianyun's Appraisal Eye couldn't properly analyse the ship's effect. It seemed he had to level up his Appraisal Eye even more to get a good measure of the enemy, but from the looks of it, the ship was a higher rank than a Divine Tool!

Yi Tianyun quickly pulled out the Evil Spirit Divine Sword from his inventory as it was the strongest weapon in his arsenal right now. He had to intercept the Evil Spirit Race before they could enter the Three Realms right now. Otherwise, it would all be too late!

“General, there seems to be a human race ahead! His cultivation seems to be at the initial Divine King stage, not too high of cultivation!” The intelligence officer was reporting in to Army General Long Te.

“The humans sure are reckless! They still want to stop us even though they are too weak to do anything! Just ignore him. We can turn him into ashes if we want to!” Army General Long Te said indifferently. In his opinion, the Three Realms cultivator wouldn’t even be able to slow them down.

The Spirit Ship immediately powered through towards the Three Realms. It was obvious that they wanted to ignore Yi Tianyun, who was blocking their path towards the Three Realms. After it was back online, the Evil Spirit Ship’s combat power increased once more to 1.3 Trillion Points.

“I have to go all out!” Yi Tianyun said as he immediately activated the Crazy Combat Mode, raising his own combat power explosively! With Crazy Combat Mode, Yi Tianyun successfully increased his combat power to 1 Trillion Points. He knew that it wouldn’t be enough, so he immediately activated his Ancient Desert Set, increasing his Combat Power further to 1.8 Trillion Points!

Finally, his Combat Power exceeded the Evil Spirit Ship’s Combat Power! A terrifying aura oozed from his body, causing distortion to the space around him. This was the after-effect of his power, but that wasn’t the end of it! If he entered the Three Realms, he would further multiply his Combat Power by 10 times!

At the same time, his body began to grow due to activating the Evil God Suit. The black flame immediately flickered in the space around him, burning everything it touched. This was his way to eliminate all Evil Spirit Race that he came across.

He immediately rushed towards the Evil Spirit Ship with Evil Spirit Divine Sword honed in his hand.

“Evil God World Breaking Chop!” Yi Tianyun shouted as the Evil Spirit Divine Sword immediately glowed black and began to grow in size. He immediately struck down the ship with his Evil Spirit Divine Sword, splitting it in two!

“This is impossible!” The Evil Spirit Race that was controlling the ship was shocked by Yi Tianyun’s display of power. “Quick! We have to cover the ship with stronger energy! His power is beyond what the ship can handle!” The Evil Spirit Race said in a panic.

But everything was too late! Yi Tianyun’s attack already caused considerable damage to the ship, and he immediately prepared for another attack!

He attacked the ship in order to break it apart, but he noticed that the ship was suddenly covered with a thick layer of Spiritual Energy. Yi Tianyun thought that it wouldn’t matter and attacked the ship once more, but this time, he couldn’t destroy the ship as the Spiritual Energy was too tough!

Meanwhile, the Evil Spirit Race that maintained the barrier that protected the ship vomited out blood as their Spiritual Energy was drained in exchange for reinforcing the ship’s endurance! They were not dead, but it was clear that they would be impaired for the rest of their lives.

Yi Tianyun didn’t stop there. He immediately flashed to the side and pounded the ship once more, but it was still the same. The Spiritual Energy was too dense, so he couldn’t destroy the ship in one go!

Due to Yi Tianyun’s attack, the ship shook tremendously, killing the Evil Spirit Race that was already exhausted from maintaining the Spiritual Energy to protect the ships. Those who were still fine before immediately vomited out blood, too, this time!

“This is too hard! This ship is unbelievably hard!” Yi Tianyun said to himself as he failed to destroy the ship after three attacks, but he knew that he must keep attacking the ship as long as he could!
