

Leveling 871

Chapter 871

Yi Tianyun planned to attack the ship once more, but a figure immediately appeared in front of him with a black sword in hand. Yi Tianyun observed the figure with his Appraisal Eye and noticed that the man had around 800 billion Combat power, meaning that Yi Tianyun would be able to easily fend off this man without so much effort in his current form.

But from the energy and the aura that the man gave off, Yi Tianyun knew that the man's cultivation couldn't be taken lightly!

General Long Te: Cultivation Base unknown, Martial Arts unknown, weakness unknown, equipment unknown, Combat Power 800 billion points (normal state) – 2 Trillion points (Maximum output)!

Yi Tianyun was shocked as he saw that the man in front of him could harness up to 2 trillion combat power! He knew that the man was from the Evil Spirit Race as he had the characteristic of the Evil Spirit Race with their many arms! In addition, Yi Tianyun also knew immediately that the man was already beyond Divine King Stage!

Yi Tianyun began to wonder what level was above the Divine King Stage. He didn't know for sure as his Appraisal Eye couldn't detect anything from this man just yet. Unless he levelled up the Appraisal Eye, he wouldn't be able to get the information he wanted. However, upgrading the Appraisal Eye right now would cost a lot of Crazy Points, and he couldn't afford it right now. Yi Tianyun would rather use the Crazy Points to upgrade his Martial Arts or other things to help him win this war.

The Appraisal Eye was nothing more than a means to obtain information. It wouldn't help much in an actual battle. Nevertheless, he was able to obtain the information about the opponent's combat power, and that should be enough! Surely, the opponent's amazing combat power was thanks to his impressive cultivation, equipment, and martial arts!

"I have never seen such a powerful existence before." Yi Tianyun was looking forward to fighting a powerful opponent after having to fight so many weak ones for quite a while. General Long Te looked at Yi Tianyun from top to bottom with a grim expression. Obviously, he never expected to see such a powerhouse here. Had he rushed to help as soon as the report came in earlier, the Evil Spirit Ship wouldn't be in such a damaged state!

"I didn't expect to see someone this powerful here. No wonder the vanguard force died in there!" General Long Te said coldly. "But this will be the end of your endeavour. You've already killed so many of our people, and now, you will serve as a stepping stone to achieve our goal." General Long Te said confidently.

"Is every single one of you Evil Spirit Race this arrogant?" Yi Tianyun said indifferently.

"You will see our arrogance in a second! I will knock the Three Realms out of this world!" General Long Te said confidently.

"Reporting in, General! The ship's helmsman was dead, and those in the cabin were seriously injured. We can't operate the ship anymore!" Someone said hurriedly near General Long Te.

"Damn it! Order everyone to get out of the ship and occupy this area!" General Long Te shouted annoyedly. As soon as he finished shouting, countless powerful Evil Spirit Race Cultivators emerged from the ship. They were strong as the weakest among them was at Spirit King Stage while the strongest was at Divine King stage.

Of course, that was after setting aside General Long Te as he was on a league of his own. But fortunately, Yi Tianyun was already prepared for such an occasion.

"Right away, General!" The army of Evil Spirit Race shouted at the same time before immediately rushing towards the Three Realms, ignoring Yi Tianyun altogether. But Yi Tianyun wasn't having it as he immediately blasted a powerful sword energy towards the Evil Spirit Race in the Divine King Stage cultivation. The residents of the Three Realms would have a hard time fighting against a Divine King Cultivator like this, so Yi Tianyun wanted to deal with them first.

"Evil Spirit Swallows the Sky!" General Long Te shouted as his ten arms began to glow. He summoned a huge demon that floated in the air, blocking Yi Tianyun's attack before it could hit his soldiers.

Yi Tianyun's attack hit the demon that was summoned by Long Te. As a result, he failed to deal damage to the enemy's army. Because of that, Yi Tianyun was forced to let the enemy's army head towards the Three Realms without chipping off the enemy's power.

“You are strong but not strong enough! I will be your opponent!” General Long Te coldly said as he pulled out a huge staff. The staff itself looked like a stick, but it had to be a top-grade artefact! There was no way someone on a General level would use a measly weak artefact.

“Are you sure about that?” Yi Tianyun said as he quickly summoned three clones of himself. These clones were already at Saint King peak Stage and also had all of Yi Tianyun’s Martial Arts and Secret Arts.

“What are those weaklings going to do here!” General Long Te said with a frown on his face. He immediately waved the staff, expecting that he would be able to decimate every clone quickly. A dazzling black light was emitted from his staff as he summoned countless evil spirits and skeletons towards the clones. The power of these minions could easily destroy a nation!

But when the skeletons were about to bite Yi Tianyun’s clones, a jet black sword energy suddenly pierced the skeletons, followed by an explosion upon impact! The powerful sword energy was unleashed, and the skeletons were dropping one by one.

It even pierced through the huge demon and killed several Evil Spirit Cultivators that were about to enter the Three Realms.

“Didn’t you say that your opponent is me?” Yi Tianyun said as his skin turned into a dragon scale. This was the result of activating the Dragon God Bloodline technique, and because of that, his power multiplied once more.

Especially since the critical effect was triggered, Yi Tianyun’s combat power in his sword energy attack reached 23 trillion points! This level of power was unprecedented, not even to General Long Te!

“Impossible! How could you become so strong! Weren’t you at your limit earlier?” General Long Te said in disbelief. He thought that Yi Tianyun had used his ultimate move, but it turned out that was only a fraction of what Yi Tianyun could do. At the same time, he was surprised beyond belief as the three of Yi Tianyun’s clones pulverized his army that was about to enter the Three Realms.

General Long Te’s army couldn’t hold their grounds against these Three Clones and eventually scattered in panic as they were afraid that they would be killed by the clones! General Long Te couldn’t believe mere clones would be this tough!

Meanwhile, Yi Tianyun smirked as he believed that the clones alone were enough to defend the Three Realms for now. Although the clones weren't strong, it seemed that they should be able to defeat the Evil Spirit Race's Divine King!

Chapter 872

'DING!'

'Successfully killed Evil Spirit Race Cultivator (3rd Layer Saint King Stage)!'

'Reward: 26,5 billion Exp, 400.000 Cps, 200.000 Sps, Evil Spirit blood, Evil Spirit Bones, Evil Spirit Soul, ...'

'DING!'

'Successfully killed Evil Spirit Race (2nd Layer Saint King Stage)!'

'Reward: ...'

'Ding!'

'Successfully ...'

Yi Tianyun got a consecutive Exp as he used all Exp Card in his possession and even bought some more from the Crazy Shop. This time, his Exp Multiplier reached 377 times! That was also the reason why Yi Tianyun didn't want to let any of these Evil Spirit Race get away as they would become the sweet experience points that he was always eager to get.

Yi Tianyun knew that the actual gap of his cultivation base with General Long Te was too far apart. He also felt that General Long Te still had some trick up his sleeve if the situation called for it. If Yi Tianyun didn't level up here, he might not be able to fight General Long Te! Although returning to the Three Realms would increase his Combat Power 10 times, he couldn't do that as their fight would be enough to rip the Three Realms apart!

The Three Clones of Yi Tianyun kept killing the Evil Spirit Race cultivators who tried to save themselves, but they couldn't possibly prevent everyone from entering the Three Realms. Their order was to occupy the Three Realms, not helping their comrades!

But as soon as they approached the Three Realms, a giant dragon roared and smashed the closest Evil Spirit Race!

"If you want to enter the Three Realms, you have to pass my test first!" The Dragon King coldly said as he was in his True Dragon appearance. He was the protector of the Heaven World, so he had access to the outside world!

"Oh, my! I didn't expect that I would participate in such a big battle again in my lifetime! I can't help but remember the good ol' days along with Ancient Netherworld Divine King!" an old man said as he emerged from the Ghost World! He was a Divine King of the Ghost World, and he was summoned from his coffin to help fight off the Evil Spirit Race!

As a matter of fact, the Old Man wasn't really at a Divine King cultivation base just yet as his life quality didn't exactly improve after breaking through from the peak of Saint King Stage, but sure enough, he was definitely close to becoming a Divine King cultivator!

The old man immediately burned himself in Heavenly Yin Fire, revitalising himself to recover his youth during his prime. The crutches that the old man was holding turned into a long beautiful sword in an instant! "Now, all of you will die here!" The old man said with a cold, menacing gaze. He waved his long sword, killing any Evil Spirit Race who dared to enter his territory.

Yi Tianyun had come across this old man before, but since Yi Tianyun noticed that the old man was sleeping in his casket to preserve his life, Yi Tianyun didn't pay any attention to him. But as soon as the Evil Spirit Race Invasion came close, Yi Tianyun was intrigued to wake him up for conscripting him into battle.

"Did you think I only come with the people you could deal with? You are too naive! Now crush them!" Army General Long Te said while smirking towards Yi Tianyun.

Suddenly, a lot of Saint King Experts jumped out of the Evil Spirit Ship! These Saint King experts were clearly a force to be reckoned with as most of them reached the Peak Layer of Saint King Stage! To further their chance of winning, there were 300 of them jumping off the Evil Spirit Ship this time!

There was no doubt that these Evil Spirit Race Saint King Experts were cultivating their Spiritual Energy inside the Evil Spirit Ship before they were forced to join the battle.

“Devour them and turn them into our supply!” General Long Te shouted with a big smirk on his face. This was totally unexpected as there was no way the Three Realms would survive the invasion of this scale! There was only 100 cultivator at most inside the Three Realms who had already reached a decent Saint King cultivation base! There was no way for the Heaven World Divine King and Ghost World Divine King to defend from this kind of number too. It would definitely be too much for them!

Yi Tianyun knew that the situation right now has reached the critical phase. It would be hard to protect the Three Realms as soon as this many Saint King cultivators reached the Three Realms, so he immediately opened the Sin Shop!

“Buy Sword Saint Suit!” Yi Tianyun said confidently.

‘DING!’

‘Successfully purchased Sword Saint Suit, deducting 1 million Sin Points as payment.’

Sword Saint Suit: Lvl 50 Equipment that would transform the user into a Sword Saint! All High-Grade Sacred Tool rank and below with blades within ten miles would fall under the user’s control. Can control up to 10.000 Swords at a time.

Special Effect: consume 100.000 Cps to explode all weapons in control!

This was the same suit that came with Evil God Suit, but because he rarely fought such a large group, Yi Tianyun never bought it, but now it was different! He ought to buy this suit to deal with the sheer number of these Evil Spirit Race Cultivators!

“Equip the Sword Saint Suit!” Yi Tianyun said as he instantly donned the Sword Saint Suit. His clothes turned white as his body turned small again due to the effect of the Evil God Suit wearing off.

“All sword is under my command!” Yi Tianyun said as Ten Thousand swords in Sacred Tool rank emerged from the Three Realms and fluttered around in space around Yi Tianyun.

Yi Tianyun immediately snapped his fingers, and these Ten Thousand swords began to chase the Evil Spirit Race cultivators at an extreme speed, piercing their bodies like butter! These Sacred Tool Swords that were under Yi Tianyun’s control received enhancement as soon as Yi Tianyun controlled them, increasing their Combat Power to 200 billion points!

It was devastating for the Evil Spirit Race as so many of their army was weeded out by Yi Tianyun’s attack! With 200 billion Combat Points per sword, it could be said that Yi Tianyun received 10.000 Soldiers that were almost impossible to defend from!

Chapter 873

Ten Thousand of Sacred Tools circled around Yi Tianyun, piercing any Evil Spirit Race his eyes laid upon! The swords even destroyed many rocks that floated around the Three Realms! Obviously, with each sword containing 200 billion points of combat power, destroy anything on its path didn’t come as a surprise!

“What an extremely powerful ability!” Dragon King said with an excited look on his face. Meanwhile, Army General Long Te’s expression immediately changed. He didn’t expect the human in front of him could control so many swords at once!

“I will have to stop you myself!” General Long Te shouted as he rushed towards Yi Tianyun to intercept Yi Tianyun’s attack. However, General Long Te’s attempt was all in vain as Yi Tianyun quickly manoeuvred the swords to evade Long Te’s attack!

Yi Tianyun ignored General Long Te for now as he focused his attention towards the other Evil Spirit Race. For him, these enemies were merely a source of Exp, so he didn’t show any mercy towards them. Furthermore, this was not an opportunity that he could easily find in the future, so he wanted to mke the most of it!

‘DING!’

‘Successfully killed an Evil Spirit Race (3rd Layer Spirit King Stage)!’

‘reward: 2.6 billion Exp, 240.000 Cps, 30.000 Sps, Evil Spirit Blood!’

‘DING!’

‘Successfully ...’

Yi Tianyun killed so many Evil Spirit Race as they couldn’t defend themselves against Yi Tianyun’s overwhelming attack! It was obvious that none of the Evil Spirit Race had ever expected that they would find someone beyond anything they’ve ever seen in a realm they took for a trash!

“I will break through by force!” One of the Demon Gods of Evil Spirit Race shouted and tried to push through Yi Tianyun’s ocean of swords! The Demon God hit a few of Yi Tianyun’s swords and destroyed it, but Yi Tianyun didn’t really care as he could replenish the sword by taking control over another one. He might not be able to control Divine Tool-Rank swords, but he sure could control everything below that!

‘DING!’

‘Congratulation to Player [Yi Tianyun] for successfully breaking through to 3rd Layer Divine King stage!’

Yi Tianyun finally heard the sweet notice of levelling up after so long. This time he got a lot of Exp, so it didn’t come as a surprise, but still, it was a good sight to see. The most exhilarating thing that happened after he levelled up was that his combat power increased so much!

“You damned brat!” General Long Te flashed forward towards Yi Tianyun. He thought that once he killed Yi Tianyun, all these swords that Yi Tianyun controlled would disappear. He dragged his Demon Staff behind him and discharged a black gold aura around him. He was truly furious by what Yi Tianyun had done to his men.

“His combat power reaches 2.7 trillion points!” Yi Tianyun said as he saw General Long Te with his Appraisal Eye. Yi Tianyun knew that he was vulnerable to General Long Te’s attack right now as he wasn’t wearing the Evil God Suit now, and his Combat Power dropped significantly because of it.

Sword Saint Suit was great, but it would have a tough time fighting against a strong opponent one on one. Yi Tianyun looked for the room to dodge General Long Te’s attack that would be coming soon, but he noticed immediately that General Long Te had blocked every possible escape path with his golden aura.

“Teleport!” Yi Tianyun teleported out of harm’s way. This teleportation ability was truly a Divine Ability! It essentially ignored everything as it relocated Yi Tianyun to another place he wished.

Sure enough, as soon as Yi Tianyun got out of harm’s way, General Long Te’s hit nothing but thin air. General Long Te even created a black hole on that spot to swallow any debris around there. It was obvious that Yi Tianyun would be dead if he took that attack head-on.

“What the hell!” General Long Te said as he was shocked that Yi Tianyun could escape his attack. He never saw anyone with teleportation before, so he never expected Yi Tianyun was capable of something like that. As usual, Yi Tianyun didn’t want to elaborate his ability to his enemy and didn’t bother saying a word as he smirked at General Long Te while constantly killing the Evil Spirit Race around him with the swords he controlled.

General Long Te was furious! He rushed towards Yi Tianyun once more as he really wanted to end this farce and conquer the Three Realms as soon as possible.

“Die, mongrel!” General Long Te shouted as he waved the Demon Staff in his hand once again. He created a barrier out of his aura like earlier, leaving no path for Yi Tianyun’s escape! He charged his attack, making it even more powerful than his previous one.

Now, Yi Tianyun didn’t have any means to escape General Long Te’s attack unless he swapped the Sword Saint Suit with the Evil God Suit, but he couldn’t do that as he would lose control over the swords. His teleportation was still on cooldown, and he knew that it wouldn’t be usable any time soon.

He checked his inventory and saw the Cool Down God Stone! It could instantly reduce the cooldown time of any ability for an hour, but it was only usable up to 10 times! But this was the perfect time to use it as he had no other effective way to get out of harm!

“Activate Cooldown God Stone, rewind Teleportation Ability!” Yi Tianyun said as he immediately teleported out of harm’s way once more.

Chapter 874

The explosion occurred in a narrow space, but the result still didn’t change! Yi Tianyun was already out of General Long Te’s range before the explosion even took place! General Long Te was confused by the situation as he didn’t understand how Yi Tianyun could escape his grasp so easily!

“What is going on? Slippery little bastard! Are you doing something that shouldn’t be possible?” General Long Te said with a cold gaze towards Yi Tianyun. He looked around, and many of his men were already killed by Yi Tianyun’s flying swords. Especially his soldiers with Spirit King cultivation base! They were completely annihilated.

The Saint King Stage experts were still holding on, even though their number had dwindled. But General Long Te knew that their defeat was imminent! General Long Te really felt threatened by Yi Tianyun’s power, so he was desperate to put an end to Yi Tianyun right now!

“Are you still going to fight?” Yi Tianyun said with a smirk on his face. Yi Tianyun knew that he couldn’t escape the enemy with Teleportation over and over again as Cooldown God Stone had its limit, so the best thing he could do was stall for time. He knew that killing General Long Te with Sword Saint Suit was impossible, so he planned to wipe out General Long Te’s men before changing his suit back to Evil God Suit.

“How dare you mock me!” Army General Long Te shouted as he waved the Demon Staff on his hands once again. General Long Te trapped Yi Tianyun inside his aura once again before attacking with the same pattern. Obviously, Yi Tianyun teleported out as it was the best choice he had right now. The Cooldown God Stone was easy to use, and Yi Tianyun could keep using it until its time was up!

“How can you do that! Is it Teleportation? But I already locked the space itself! How can you use a spatial technique in that state?” General Long Te said as he was really annoyed by Yi Tianyun’s action. “God damn it, you are really one annoying piece of shit!” General Long Te shouted furiously as suddenly

two hands on the furthest back of his body burst into a bloody mist that was quickly absorbed by General Long Te.

Yi Tianyun immediately frowned as he saw that General Long Te's Combat Power immediately increased once more! Now, General Long Te's had around 3 Trillion Combat Power, which was insane! However, Yi Tianyun had a feeling that the sudden rise in General Long Te's current combat power was affected by some form of burning blood essence as he directly absorbed two of his ten arms.

But Yi Tianyun didn't have the information about what changes occurred on General Long Te's body as he didn't have the capability to do so right now. Combat power was only the assessment number of the target's overall power. It didn't simply give the information that would help Yi Tianyun win the fight. For example, enhancing Defensive Power also increased Combat Power, but it didn't mean your attack would get stronger.

"I will end you now!" General Long Te shouted with bloodshot eyes. He waved the Demon Staff in his hands, and the Demon Staff began to groan horrifyingly. At the next moment, countless souls flew out of the Demon Staff, trapping Yi Tianyun completely.

The souls suddenly exploded once they were close enough to Yi Tianyun, but compared to General Long Te's earlier attack, these Souls were obnoxiously quick! They could cross the space and get to Yi Tianyun in mere seconds and explode immediately! After boosting his combat power, General Long Te's attack was quicker than before!

Once again, Yi Tianyun teleported out of harm's way. Even if General Long Te increased his power, it wouldn't matter for Yi Tianyun. Teleportation Art was a divine ability that allowed him to freely move through the space without anything standing in his way. Yi Tianyun didn't really know the limitation of his teleportation ability just yet, but he didn't have to think about it for now.

But as Yi Tianyun teleported to a place that he thought was safe, he was shocked as suddenly a red figure also appeared in front of him. Yi Tianyun was so shocked that he used the Cooldown God Stone immediately!

He Teleported away once more, but just like earlier, the Red Figure also appeared before him. Yi Tianyun turned pale as he clearly never expected this outcome, so he teleported away once more.

But no matter where he went, the Red Figure always appeared in front of him. He knew that the Red Figure was General Long Te himself, but Yi Tianyun never expected General Long Te to be this fast! The Red Figure kept waving the Staff in its hand toward Yi Tianyun!

"I am out of here!" Yi Tianyun said as he teleported away once more. He knew that he couldn't use the Cooldown God Stone forever. Otherwise, he would exhaust it in this fight. He didn't have any spare Cooldown God Stone right now. Otherwise, he wouldn't mind using it all up right now!

Yi Tianyun knew that he couldn't keep this strategy up much longer, so he immediately swapped out the Sword Saint Suit with The Evil God Suit! He also used Heaven Devouring Divine Treasure, covering himself inside a thick protective barrier. In addition, he also fortified the barrier with Heavenly Rock Suppressing Ancient Tablet too!

At the same time, General Long Te's attack landed this time, and it completely obliterated Yi Tianyun's protective barrier!

The Heaven Devouring Divine Treasure and Heavenly Rock Suppressing Ancient Tablet was only able to take one attack from General Long Te! Yi Tianyun definitely felt the impact of General Long Te's attack just now, and it was truly terrifying!

Yi Tianyun was sent flying while at the same time, Ten Thousand of Flying Swords fell from the air, floating around in the outer world. Yi Tianyun assessed his body after receiving General Long Te's attack and noticed that he received a slight injury, but overall he was okay! He would definitely receive a serious injury if he didn't swap out his suit earlier.

General Long Te was definitely the strongest opponent he ever met until now! With 3 Trillion Combat Points, General Long Te was absurdly powerful!

"It's time to move!" The Three Demon Gods of Evil Spirit Race said as they saw that the flying swords had fallen and the only thing blocking their path was the Dragon King and a Mysterious Old Man! with the Three of them, there was no way the Dragon King and that Mysterious Old Man would be able to stop them!

Soon, a lot of Evil Spirit Race would trespass into the Heaven World and Ghost World, but they still had to think about the barrier that covered up the Three Realms before that!

Chapter 875

The Evil Spirit Race warriors rushed towards the Three Realms' barrier and attacked it with all their might. But the defensive mechanism that the Three Great Divine King had left behind was immediately put to work as the Ten Stars blasted a concentrated Spiritual Energy towards the Evil Spirit Race, which easily killed the unfortunate cultivators and made it easier for the Dragon King and the Mysterious Old man!

The Ancient Netherworld Divine Tower also refused to fall behind as it pulled any Evil Spirit Race that was on the Ghost World's part of the Three Realms! These unfortunate cultivators were easily killed inside the tower as the Heavenly Thunder kept striking them mercilessly!

From the looks of things, the Ancient Netherworld Divine Tower was more efficient when it came to eliminating the Evil Spirit Race compared to the Ten Stars. That being said, the Ten Stars itself killed the Evil Spirit Race with a single strike! The fact that it was a strong Divine Tool was irrefutable!

The Evil Spirit Race tried to back away as they were horrified by the Three Realms' defensive mechanism. Some even tried to go to the Mortal World part of the Three Realms as they thought it was defenceless! But they were absolutely wrong! Even if the Mortal World had no Divine Tools to repel the invader, it had the sturdiest barrier out of the Three Realms! So, if the Evil Spirit Race wanted to take over the Three Realms from Mortal World, they were badly mistaken!

"Damn it all!" A Demon God screamed and immediately rushed towards the Dragon King as he thought that he could defeat him. Even so, Dragon King quickly retreated towards the Ten Stars, while the Mysterious Old Man also retreated towards the Ancient Netherworld Divine Tower. Both of them knew that it would be impossible for them to defeat all these cultivators, so the safest way for them to deal with this many cultivators was to utilise the defensive mechanism efficiently.

All of the Demon Gods immediately rushed towards Heaven World as they saw that the Ten Stars didn't kill them at a massive number in one go like the Ancient Netherworld Divine Tower. The Demon Gods immediately created a huge Spiritual Barrier that would block the Ten Stars' attack as they knew that a Divine Tool would be less effective against a Divine King cultivator!

"Middle-Grade Divine Tool like this is hardly a challenge!" The Demon Gods said with a smirk on their faces as they immediately attacked Heaven World.

Everyone in Heaven World could feel the ground was shaking due to the Demon Gods' attack as the whole Heaven World shook! The Demon Gods also took down the Ten Stars as they thought it was just a nuisance! The Ten Stars immediately fell after an attack from the Demon Gods, falling to the ground, creating a huge crater. However, upon closer look, they would realise that the Ten Stars wasn't exactly destroyed, but it would take a considerable amount to repair and make it work like before!

The cultivators in Heaven World suddenly turned pale as they saw the distortion in space, especially those who chose to cut ties with Yi Tianyun's Alliances!

"They are really here and attack us!" a Faction leader shouted as he saw the Ten Stars blasted down a concentrated Spiritual Energy from the sky. They now knew the graveness of this situation, and they couldn't help but panic! "Quick, we have to get in touch with the Alliance and group up to fight the Evil Spirit Race!" The Faction leader said nervously.

"It is too late, my lord!" The guard said as they saw the Evil Spirit Race has begun penetrating the Heaven World's barrier. 7 Saint King Experts descended to the Heaven World as they finally penetrated the barrier with many Spirit King Expert following behind them. They immediately attacked any faction they found and devoured anyone they wanted to replenish their power.

The Human cultivators began to retaliate, but they were outclassed by the Evil Spirit Race as they were far stronger! Even the Faction Leaders were stunned out of their minds as they saw the horrifying sight in front of them.

"We have to escape!" The Faction Lords said as they were too scared to retaliate, but they were immediately intercepted by the Evil Spirit race!

"Your cultivation isn't bad! It would make a great appetizer for us!" The Evil Spirit Race said as they devoured the Faction Lords alive! The Faction Lords couldn't resist the Evil Spirit Race as they had superior strength. These Faction Lords that have already rejected Yi Tianyun's Alliance could only wallow in remorse as their lives ended at the hands of the Evil Spirit Race!

But regret could only take them so far as their Faction's imperial city was still engulfed in flame. The other faction leaders who also refused to join Yi Tianyun's Alliance experienced the same thing. They couldn't do anything to resist the Evil Spirit Race's invasion and died, becoming food for the Evil Spirit Race!

Some of them had the time to flee towards the Alliance as they knew that the Alliance was the only thing holding back the Evil Spirit Race!

Meanwhile, the Alliance had already devised a defensive plan in case the Evil Spirit Race invaded the land, so now they were focusing on their plan! They already created a powerful Great Array that could easily kill a Spirit King Expert and restrained the Saint King Expert.

“Quick! We have to support Cloud Divine Nation!” the alliance member shouted before passing through the Teleportation Array to assist Cloud Divine Nation. They reached the Cloud Divine Nation in a blink of an eye, allowing them to provide support so easily.

The same could be said to any other Divine Nations that supported the Alliance. They all followed the strategy that had already been devised beforehand and thus easily defended their area. Although they had fewer Saint King Experts compared to the Evil Spirit Race, with so many Great Array and thorough planning, they easily prevented the worst from happening to their side.

It was really unfortunate for the other Divine Nations that had already turned away the Alliance as they didn’t have any strategy to help them defend their Divine Nation, which resulted in their Divine Nation crumbling in a matter of minutes!

.....

Yi Tianyun equipped the Longevity Set to recover his body. He had to constantly assess the situation all over the place while also keeping General Long Te, who was still in front of him, in check.

“I am sure that we will win this war. You won’t be able to dominate the Three Realms!” Yi Tianyun said confidently.

Chapter 876

After Heaven World’s barrier was penetrated, the Ghost World’s barrier also met the same fate not long after that! The Ancient Netherworld Divine Tower couldn’t pull that many Evil Spirit Race, and they seized that small window of opportunity to penetrate the barrier. Still, like the Alliance in Heaven World was ready to fight, and the same could be said to the Ghost World’s alliance.

The Evil Spirit Race didn't rush towards the Mortal World as they believed that Mortal World would submit, too, once Heaven World and Ghost World had fallen! The Evil Spirit Race had so many Saint King Experts and even several Divine King experts in their arsenal, while the Mortal World didn't have that many strong cultivators yet.

This was also the reason why Yi Tianyun was trying hard to make sure that the Three Realms wasn't invaded by these Evil Spirit Race! But for now, Yi Tianyun had to focus on General Long Te in front of him as he knew that no one else would be able to deal with him!

"Your realms are doing a good job delaying our invasion, but now it's already too late for them to resist our power!" General Long Te said as he looked at Yi Tianyun coldly. "Don't worry. You will die before you can see your realms fall!" General Long Te said with a smirk on his face before swinging the Demon Staff in his hand once more. The red light that the Demon Staff emitted was a proof that the weapon had killed so many people before!

"I don't think so!" Yi Tianyun said solemnly as so much information flooded his notification.

'DING!'

'The Alliance has successfully killed an Evil Spirit Race cultivator (3rd layer Spirit King Stage)!'

'Reward: 2 billion Exp, 50.000 Cps, ...'

'DING!'

'The Alliance has successfully'

The entire Three Realms was at war. It turned out Yi Tianyun also got the Exp that the alliance got from killing the enemy! The only thing that Yi Tianyun didn't get was the item that the enemy might drop, but surely Exp and Crazy Points were already good enough! There was nothing more that he could ask for if he already got the Experience Point he needed.

If Yi Tianyun could level up once more, his odds against General Long Te would increase significantly.

“I want to see how you get out of this one!” General Long Te confidently said as he waved his Demon Staff around, producing a terrifying sound that could be heard from far away. He kept waving his Demon Staff until it produced the same effect as his attack earlier. A red aura created a wall that blocked the path for Yi Tianyun to escape, but this time, it tried to squish Yi Tianyun, who was in the middle of the walls at a suddenly increasing speed.

Yi Tianyun was already prepared for General Long Te’s attack as he had already activated the Dragon God Bloodline and Phoenix Bloodline within his body. It once again increased his Combat Power to a whole new level. It increased from 1.8 trillion points to 2.4 trillion points in an instant, but he didn’t stop there!

“Activate Evil Spirit Burst!” Yi Tianyun said to himself.

‘DING!’

‘Consuming 10.000 Cps to activate Evil Spirit Burst!’

The Evil Spirit Divine Sword on Yi Tianyun’s hand began to glow even more brightly as its effect activated. Yi Tianyun’s Combat Power increased once more, becoming 2.6 Trillion points instantly. He also activated the Damage Divine Rune on Evil Spirit Divine Sword to further increase its power, raising Yi Tianyun’s combat points by 100 billion this time!

In the end, Yi Tianyun’s Combat Power reached 2.7 Trillion Points! It was a terrifying value to have for an early-level Divine King cultivator like Yi Tianyun!

Meanwhile, the entire area around General Long Te and Yi Tianyun began to shake and distort from the intensity of Yi Tianyun and General Long Te’s aura. Furthermore, General Long Te’s attack was not over yet as the red aura earlier destroyed everything from its path.

The rest of the Evil Spirit Race cultivators couldn’t see the fight clearly as too much explosion and other stuff going on around General Long Te and Yi Tianyun. But after the smoke from their exchange dissipated, they saw that Yi Tianyun was boxed in by General Long Te’s aura!

“General Long Te is the strongest out here!” The Evil Spirit Race said as they were excited to see their Army General had the upper hand against the enemy’s strongest fighter. At this moment, it was clear that Yi Tianyun was the one getting pushed back as his body suffered so many injuries and blood constantly dripping out of his body.

Their cultivation gap was too big, so Yi Tianyun had a tough time even after doing his best.

“Equip Longevity Set!” Yi Tianyun said as he had already replaced them with Ancient Desert Set earlier. He ought to heal his wound again right now as he was injured quite badly. The Longevity Set immediately healed Yi Tianyun back to health. On the other hand, General Long Te was clearly shocked by Yi Tianyun’s healing ability as he had never seen such a fast and effective healing ability!

“How did you do all of this? Did you still have a card up on your sleeve even in this situation?” General Long Te said with a shocked expression. He believed that he would be able to kill Yi Tianyun with a couple extra hits, but now he realised that it wasn’t possible anymore, seeing that Yi Tianyun has healed back to health!

He really wanted to kill Yi Tianyun, so his mission to invade and occupy the Three Realms would go smoothly. He knew that he would never have the Three Realms as long as Yi Tianyun was alive!

“This is bullshit!” General Long Te shouted as another arm of his turned into a blood mist and was immediately absorbed into General Long Te’s body. With that said, General Long Te’s Combat Power increased exponentially once more! But still, it was humiliating for General Long Te as he has to resort to this trick facing a mere human from a weak realm!

Furthermore, General Long Te has already equipped his strongest weapon and armour, meaning that he ought to use a forbidden technique like this just for a single human!

For now, General Long Te’s Combat Power increased by 200 billion points. Yi Tianyun was a little bit confused as General Long Te’s combat power didn’t increase as much as it did before. But Yi Tianyun realised that it had something to do with the limit of one’s potential! General Long Te would increase his Combat Power to a terrifying degree the first time he absorbed his own hand, but the second one and the one after that wouldn’t give him that much Combat Power anymore as the user would have already increased their combat power to meet their potential earlier!

“You have done it now!” Yi Tianyun said as he resolved himself to kill General Long Te!

Chapter 877

It was fortunate that the Appraisal Eye now managed to detect the change in General Long Te’s combat power. Still, the information Yi Tianyun had on the Evil Spirit Race General was too limited! Yi Tianyun himself didn’t even know the level of General Long Te was! But that is because Yi Tianyun didn’t know what came after the Divine King stage.

Yi Tianyun knew that General Long Te must have used so much resource to achieve this amazing cultivation, so Yi Tianyun knew that General Long Te would be able to heal himself back to health just fine!

Yi Tianyun knew that it would be a problem later on, but for now, he ought to focus on completing his Main Quest! There was no point if he killed General Long Te but failed his Main Quest! He ought to stop the invasion fast before these Evil Spirit Race conquered the Three Realms!

“Damn you! I never expected someone like you would be able to push me this far! This is beyond expectation, but I had my fun!” Army General Long Te coldly said as his Demon Staff suddenly changed colour into a deep red glow. He waved the staff around and constructed so many phantom shadows around him and Yi Tianyun. There was basically no escape route left for Yi Tianyun at this point!

General Long Te’s speed rose dramatically, and even with only six arms, his power wasn’t going down at all. In fact, losing his arms was like a booster for his power!

Facing such a terrifying and aggressive opponent, Yi Tianyun hesitated! He wanted to use the World Divine Rune, which was the Spirit Race’s strongest Divine Rune that could enhance his Combat Power by 5 times! But he knew that he couldn’t wait any longer!

“Activate World Divine Rune!” Yi Tianyun said as he activated the World Divine Rune that was already engraved on his body. His body immediately heated up as his Blood Essence was burned up to activate the World Divine Rune.

With the World Divine Rune Activated, Yi Tianyun’s combat power began to skyrocket again quickly. It gave Yi Tianyun another 200 billion points on combat power! This was a given as World Divine Rune amplified his base Combat Power, which was around 40 to 50 billion points by 5 times. Thanks to his

equipment that buffed his overall status hundreds of times, his Combat Power was now around 3 trillion points!

Although the World Divine Rune's effect seemed insignificant, it was impressive enough as 200 billion Combat Points as not a laughing matter. It could save a life getting that many combat points in one go during a real fight!

Yi Tianyun immediately rushed towards General Long Te as he knew that he couldn't be the receiving end forever, so he took the initiative to attack this time! Another explosion echoed as soon as Yi Tianyun's Evil Spirit Divine Sword clashed with General Long Te's Demon Staff.

But as the result of the confrontation, Yi Tianyun's Evil Spirit Divine Sword was bent, while Army General Long Te was bleeding from his hands. The Evil Spirit Race that watched everything from a distance was shocked as they never expected someone who rivaled their Army General's power would be here on such a weak realm!

They were confused as they didn't understand how a human race could be this powerful. They didn't even see Yi Tianyun used any enhancement before!

"What's the matter? Can you still hold that staff?" Yi Tianyun said mockingly. A furious look immediately filled General Long Te's face, and once again, he waved the Demon Staff towards Yi Tianyun. He wanted to kill Yi Tianyun now more than ever!

Yi Tianyun knew that he hadn't received any major injuries yet so far, but the situation might change if he was not careful. After all, World Divine Rune only lasted for 5 minutes. He couldn't keep it up for too long. So Yi Tianyun began to think of other ways to make sure he didn't lose on this match, which eventually led him into thinking that he should level up Crazy Mode!

But Yi Tianyun knew that he didn't have enough Crazy Points to do so as he only had 200 million CPs at the moment while levelling up Crazy Mode needs 250 million Cps! Furthermore, the requirement to level up Crazy Mode wasn't met yet. Yi Tianyun had to be a Divine King Peak Stage Cultivator in order to level up Crazy Mode!

Yi Tianyun then considered if there were other things that he could level up. Obviously, Dragon God Bloodline was a good choice as it was generally good in basically all aspects, but he was distracted mid-thought as General Long Te rushed forward with his Demon Staff.

“Shaking Heaven Body Secret Art!” Yi Tianyun shouted as his combat power rose once again, but it wasn’t much compared to World Divine Rune as General Long Te was already so powerful to begin with. It was barely noticeable at this point.

Fortunately, Yi Tianyun blocked General Long Te’s attack and was pushed back as a result. Yi Tianyun knew that he didn’t completely block General Long Te’s attack as he could still feel the impact from blocking General Long Te’s attack. But General Long Te didn’t give Yi Tianyun a breathing room as he once again rushed towards Yi Tianyun without any hesitation.

“Level Up shaking Heaven Body Secret Art!” Yi Tianyun shouted annoyedly.

‘DING!’

‘Consuming 5 million Mastery Points! Successfully levelled up Shaking Heaven Body Secret Art to Middle-Grade Heavens Level! Adding tens of billions of Divine Power while activated!’

‘Next level required 20 million Mastery Points’

“Activate Shaking Heaven Body Secret Art!” Yi Tianyun shouted as he had no other option left. His body suddenly felt heavier, and the Evil Spirit Divine Sword on his hands immediately shook as a big Phantom Shadow appeared behind him.

Yi Tianyun’s Combat Power rose once again until it reached 3.1 Trillion points!

Yi Tianyun’s Evil Spirit Divine Sword collided with General Long Te’s Demon Staff once again, and everything around them immediately turned to dust! This time, their combat power was already completely equal, so neither of them was blown away! The Dragon King, who saw the confrontation in the distance, was startled. It was obvious that Yi Tianyun’s cultivation base was the weaker one here, but he didn’t lose ground to the Evil Spirit Race general for some reason!

“What is going on? How can you get any stronger!” General Long Te said as his mouth started to vomit blood. He thought that he could dominate Yi Tianyun through sheer force, but obviously, that wasn’t the case.

“You don’t deserve to know anything, you demon!” Yi Tianyun said coldly. “Level Up Dragon God Bloodline!” Yi Tianyun said without any hesitation.

‘DING!’

‘Consuming 50 million Crazy Points to level up Dragon God Bloodline to 8th Grade!’

‘Next Grade required 100 million Cps!’

Yi Tianyun knew from earlier that Dragon God Bloodline was the best thing he could level up while he couldn’t level up Crazy Mode. With that said, Yi Tianyun’s Combat Power started to increase once more until it reached 3.5 Trillion points!

With just a single level up, Yi Tianyun’s Combat Power increased by 400 billion in one go! it was incredible as no Divine King would be able to attain this kind of power, and it went without saying that his Combat Power even surpassed General Long Te’s right now!

Chapter 878

Yi Tianyun’s combat power has exceeded General Long Te’s combat power! Dragon God Bloodline was such an incredible bloodline that easily boosted his overall Combat Power with ease. It even worked well with Crazy Mode as it was also affected by Crazy Mode enhancement.

“This is where we settle this!” Yi Tianyun said as he activated Evil God Suit’s ability to envelope the Dragon God Armour that emerged as he activated the Dragon God Bloodline. In this state, Yi Tianyun didn’t even need a weapon as his fist was enough to shatter the space!

Yi Tianyun waved his hand, and a red light flickered that quickly turned into a Red Giant Dragon, roaring in space, terrifying those who saw it!

Yi Tianyun quickly attacked General Long Te as he took the initiative to attack once again. General Long Te was surprised as he didn't expect Yi Tianyun to take the initiative and attack him first, so, he waved his Demon Staff to block Yi Tianyun's attack!

Yi Tianyun's fist hit the Demon Staff head-on and with a muffled sound, General Long Te's Demon Staff was pushed against General Long Te's body, pushing him back! General Long Te felt that his body was about to shatter from just blocking one attack from Yi Tianyun!

Obviously, the General was confused and surprised as he never expected to see a Human Race with such power. But that wasn't the end of it as Yi Tianyun kept attacking! Yi Tianyun didn't have much time, so he ought to end this fight soon! Otherwise, the Three Realms could fall to the Evil Spirit Race soldiers that already entered the Three realms.

Yi Tianyun relentlessly punched General Long Te. The power of Raging Dragon began to burn General Long Te's body! General Long Te himself couldn't believe what happened right now as it was completely absurd! His body suddenly received serious damage as his bones were shattered, and his internal organs were damaged by Yi Tianyun's attacks!

General Long Te was simply being pummeled by Yi Tianyun without any chance of resisting! The Evil Spirit Race cultivators that watched the fight from afar were stunned to see that their famous Army General was on the mercy of a human, dropping their morale to the ground. They knew that if Army General Long Te were defeated, there would be no chance for them to capture the Three Realms!

Everyone in the Three Realms, too, could watch the fight between Yi Tianyun and General Long Te as the barrier that protected the Three Realms has been breached. In the beginning, they were worried that Yi Tianyun would lose the fight, but certainly, that wasn't the case as Yi Tianyun kept getting stronger the more time passed!

"How dare you, damned insect!" General Long Te screamed in fury as he waved his Demon Staff wildly, ignoring Yi Tianyun's punch altogether. But this time, Yi Tianyun didn't care about General Long Te's attack as his Defense Power was boosted by Dragon God Bloodline, and his thick scale should be able to nullify the impact from General Long Te's attack!

"Damn it, human! Drop dead already!" General Long Te roared as 4 of his 6 arms immediately turned into dust and were immediately absorbed by General Long Te's body. He also took out a bottle of black blood and immediately drank it without any hesitation. His body immediately began to darken as soon as he finished drinking the black blood on the bottle.

General Long Te's skin began to crystallise, which looked quite sturdy!

Yi Tianyun observed General Long Te with his Appraisal Eye, and once again, he noticed that General Long Te's Combat Points were way beyond his own once again as his combat power reached 4.2 Trillion points! Yi Tianyun knew that forcefully enhancing one's combat power like General Long Te was doing would come with a price. If he had to guess, General Long Te's body wouldn't hold out that much power for too long, and he might not be doing so great after it wore off!

General Long Te rushed forward and swung his staff to slam Yi Tianyun, but Yi Tianyun blocked General Long Te's attack with his Divine Sword just fine. Although General Long Te's combat power has increased over Yi Tianyun's own Combat Power, it wasn't focused on the Offensive power! Meanwhile, Yi Tianyun's Dragon God Bloodline increased his Defensive Power significantly.

But still, Yi Tianyun was pushed towards the Mortal World as he couldn't hold out the weight of General Long Te's attack. Yi Tianyun fell down into the Mortal World like a meteorite as he couldn't control his landing just yet.

As Yi Tianyun fell to the ground, an earthquake took place! A huge crater was made where Yi Tianyun fell. Yi Tianyun was annoyed as the opponent was indeed strong this time. He was injured, and he was shedding blood everywhere. The Dragon Armour on his body was shattered as his bones and organs sustained some injuries.

Yi Tianyun suspected that General Long Te's sudden explosion of power had something to do with the Black Blood that he consumed earlier. There was something off about General Long Te. Even though General Long Te also absorbed 4 of his extra arms, he wasn't supposed to be this strong!

Now that Yi Tianyun has fallen to the Mortal World, this place might become a battlefield for Yi Tianyun next! If they fought in Mortal World, it was safe to assume that the Mortal World wouldn't be habitable later!

Just to make things worse, Yi Tianyun's combat power immediately dropped as the World Divine Rune's effect wore off!

Yi Tianyun frowned as he knew that he couldn't block General Long Te's attack so easily like before! He already knew that all he had to do was wait for General Long Te's enhancement to wear off. He knew that it wouldn't be long before General Long Te began experiencing the side effect of his enhancement! However, in the meantime, Yi Tianyun still had to defend against General Long Te and think about the way to win! With a gap of 700 billion points of Combat Power, this wouldn't be easy!

The World Divine Rune still couldn't be used as it had a cooldown of 24 hours before it could be used again!

Yi Tianyun realised that he ought to stay calm and think about the way to win fast as the Mortal World wouldn't be able to hold their fight for too long!

Chapter 879

The effect of World Divine Rune already wore off, but it didn't matter as Yi Tianyun got the title that amplified his Combat Power by 10 times! It may look good as he was stronger now, but Mortal World wasn't suited for a fight between people of their calibre! Furthermore, Army General Long Te was a violent person that wouldn't care about his surroundings!

This was what Yi Tianyun worried about the most. Hadn't he cared about the well-being of the Mortal World, he would've already come down here and waited for General Long Te to come down earlier. Yi Tianyun knew that 10 times Damage was an incredible buff, but he couldn't afford to let the Three Realms fall apart because of it.

Now, the cultivators of the Mortal World felt nervous and scared as they saw the Heavenly Clouds Great Emperor was smashed to the ground, and the enemy's attack seemed to be working on him on top of that! However, Yi Tianyun didn't show his weakness as he bounced back up again. He immediately replaced his accessories with the Longevity Set to recover any injuries on his body. Yi Tianyun also consumed several recovery pills to hasten his recovery speed as he couldn't afford to wait if General Long Te rushed inside the Mortal World!

Sure enough, General Long Te appeared in the air! He looked around with a scornful look on his face. "This is your world? This is garbage! How could you become so strong in a garbage dump like this?" General Long Te said with disgust. His expression was full of contempt as he had never expected such a strong cultivator was coming from this kind of place.

“I’ll have you take that back!” Yi Tianyun said as he suddenly teleported, re-emerging right in front of General Long Te! “Get out of my sight!” Yi Tianyun said as the Three Realms suddenly trembled and the three Heaven Ascending Divine Altars began to glow. Furthermore, the Ten Stars that have already fallen to the ground and the Ancient Netherworld Divine Tower also glowed respectively!

Three Phantom shadows suddenly appeared in the sky, taking the appearance of the Three Great Divine Kings themselves! These Three Phantom Shadows began to accumulate their power and immediately blasted a powerful beam of spiritual energy right through General Long Te!

General Long Te was immediately locked in the air as a golden energy barrier kept him in place! This was the trump card that the Three Great Divine Kings had left behind. It was made originally for Demon God Long Yue in case it ever escaped his prison! Yi Tianyun had to try this long-overdue power to General Long Te as there is no one more powerful than General Long Te right now as an enemy! He decided to use this legacy power to make sure that the damage done to the Mortal World would be kept to minimal later!

The beam of Spiritual Energy from the three Phantom Shadows pierced through General Long Te without fail, but that wasn’t the end of it as Yi Tianyun also lifted his Evil Spirit Divine Sword and activated his Dragon God Bloodline once more! He aimed his attack at General Long Te’s head as he wanted to finish this battle once and for all! Furthermore, his power was on a whole different league compared to earlier as he received the 10 times Damage Bonus from his title! Now, Yi Tianyun had around 4 trillion Combat Power, almost catching up with General Long Te’s combat power!

But Yi Tianyun’s sword immediately hit a metal as his sword was blocked by General Long Te’s hand! After the golden energy beam from the Three Phantom Shadow’s attack dispersed, Yi Tianyun noticed that General Long Te wasn’t injured at all. In fact, it seemed the power from the Three Great Divine Kings’ legacy power didn’t even scratch General Long Te’s clothes!

But still, Yi Tianyun’s attack did inflict some damage to General Long Te’s body as Yi Tianyun successfully broke the Black Crystal that seemed to be the defensive artefact that General Long Te used to intercept Yi Tianyun’s sword. A thick black blood dripped down to the ground disgustingly from General Long Te’s hand. It even melted the ground where it fell, meaning that it was extremely toxic!

Nevertheless, it showed how confident General Long Te on his physique, and he believed that Yi Tianyun wouldn’t be able to penetrate his defence!

“Did you get stronger?” General Long Te said as he frowned upon realising that his defence wasn’t enough to block Yi Tianyun’s attack anymore. He thought that he could defeat Yi Tianyun with his power alone, but it seemed that Yi Tianyun was catching up with his power! This was truly something that he had never expected before!

He has already absorbed 8 of his arms and even consumed a bottle of black blood to reinforce his physique, but what did the human in front of him ever do? He didn’t even see the human consume any pill aside from recovery pills. The human didn’t even burn his blood essence as far as General Long Te’s knowledge! This was the most bizarre battle that General Long Te had ever experienced.

“You will not have your way anymore!” General Long Te shouted as he immediately attacked Yi Tianyun with all his might! Yi Tianyun tried his best to dodge General Long Te’s attack, but General Long Te was too fast for Yi Tianyun. As a result, Yi Tianyun wasn’t able to dodge and was forced to block the attack head-on!

General Long Te’s fist connected with Yi Tianyun’s fist as Yi Tianyun tried to block General Long Te’s attack with one of his own. Yi Tianyun was pushed back hard, while General Long Te was just forced to step back due to the impact! It was clear that General Long Te’s attack was slightly more powerful and heavier than Yi Tianyun’s attack!

Meanwhile, the impact of their exchange crushed the ground, and there were cracks all over the ground. In just a couple of minutes of battle, the Mortal World was in a bad state. The area in hundreds of miles radius of their battle was basically a living hell! The trees were uprooted, the demon beasts died because of shock, the buildings were crumbling to dust, not to mention that so many people were killed just from the pressure and impact alone!

Yi Tianyun was certain that if they continued to fight in the Mortal World, everything would be reduced to nothing! It was not only the ground as the sky itself also received a repercussion from the fight. The blue sky in Mortal World turned black as several Black Holes were seen floating in the air, ready to swallow everything.

“He is too powerful!” Yi Tianyun said to himself as he received several lethal damages. He was in awe of the situation right now as he knew that the gap between them was only 200 billion points, but it felt like a few trillions of points for some reason. He couldn’t see General Long Te’s whole details as he didn’t level up the Appraisal Eye, but one thing for sure, his combat power didn’t increase while he was fighting against Yi Tianyun in the Mortal World!

"I don't know how you got your power, but I have the King's Blood! Your attack wouldn't hurt me in the slightest!" General Long Te said as he rushed over towards Yi Tianyun once more! He didn't give Yi Tianyun any chance to recover at all!

"King's Blood?" Yi Tianyun curiously murmured as he had never heard anything with that name before. Was it the black blood that General Long Te took earlier?

Chapter 880

Army General Long Te rushed over towards Yi Tianyun, but instead of attacking with his Demon Staff, he used his fist! He showed no mercy as he didn't want to waste more time fighting Yi Tianyun. After drinking the King's Blood, General Long Te's body was deadlier than any weapon, so it was better for him to use his fist than to use any weapon.

Yi Tianyun blocked General Long Te's fist with his own fist, not showing the slightest fear even though he was at a disadvantage! The blood vessels on Yi Tianyun's arms were crushed, and the blood gushed out from all his cuts! Moreover, the area around them was constantly destroyed as the fight went on.

Yi Tianyun couldn't drag General Long Te out of Mortal World, so the best thing he could do right now was to make sure that this area was the only place they used to fight in the Mortal World!

Surely, many people saw that Yi Tianyun was fighting hard for their sake, but they were worried and nervous after seeing Yi Tianyun was full of blood! Especially Shi Xueyun, who was biting her lips as she kept fighting the Evil Spirit Race that came her way. She could see Yi Tianyun fighting from a distance, and that was why she was extremely worried about Yi Tianyun's safety.

She also understood that there was nothing she could do to help Yi Tianyun, as the impact and tremor from Yi Tianyun's fight were absolutely devastating for those who tried to come close. Furthermore, the sky was darkened by the space that was beginning to collapse due to the friction of power between Yi Tianyun and General Long Te, so it was impossible for anyone to come anywhere close to them now.

Everyone knew that the battle that took place in the centre of the collapsing space would affect the entire Mortal World as a whole! This situation might worsen as time went by, and that was what they were afraid of the most! Shi Xueyun wasn't the only one who was worried about Yi Tianyun's well-being. In fact, almost everyone felt the same way because if Yi Tianyun lost, it would be the end of everything they knew of!

Even so, they couldn't stand by and watch Yi Tianyun's fight as they ought to deal with the Evil Spirit Race that was still attacking other areas. The Cultivators in Mortal World dealt with Spirit King Stage cultivator mainly as the Saint King expert of the Evil Spirit Race was handled by the Heavenly Clouds Empire!

Furthermore, the Great Array that Yi Tianyun already developed on Heavenly Clouds Empire was working efficiently. It easily trapped any Saint King experts that barged into the Heavenly Clouds Empire, so killing them was far easier than fighting them head-on!

Despite the fact that the situation didn't seem so bad right now, the fact that Three Realms was constantly being invaded by the Evil Spirit Race was a problem that they had to solve quickly as the gap of power would definitely widen, and eventually, the Three Realms would fall to the Evil Spirit Race's hands! This also went for Heaven World and Ghost World, as they were also getting more casualties as time went by!

"Kill them! We have to protect our homeland!" a cultivator shouted to raise the morale of people around him.

"Yeah, we have to kill them even if we die trying! We must not retreat!" another one shouted enthusiastically.

The cultivators of the Three Realms shouted their battle cries to make sure that everyone had made their resolve. They knew that no matter what they did, the Evil Spirit Race would kill them eventually. If they chose to hide, their life might be longer, but no one wanted to live like a rat!

Of course, some cowardly cultivators still attempted to ask for the Evil Spirit Race mercy as they were willing to be the Evil Spirit Race's slave, but the Evil Spirit Race didn't seem to care as they would kill anyone aside from their own race!

They received the instruction to conquer the Three Realms, and since they weren't specifically told about capturing anyone, they decided to kill these people instead.

.....

Meanwhile, Yi Tianyun, who was still facing General Long Te, seemed to reach a stalemate. Yi Tianyun's body was badly injured, while General Long Te himself also received many scratches.

"Aren't you about to increase your strength again? You are just another garbage in this garbage place, aren't you?" General Long Te said conceitedly. "You may sound all high and mighty earlier, but now it's obvious that you are way weaker than you let on. Your Three Realms are in constant attack, and it's just a matter of time before you lose everything you ever built here!" General Long Te said coldly.

"Are you sure about that? Because I am not so sure!" Yi Tianyun said confidently. He never thought that the Three Realms was lost as the sound of the notification from the system echoed in his head this entire time!

"You want to die so badly, don't you? You are just another trash of the Human race! It is time for me to end your life!" General Long Te said as he began attacking Yi Tianyun once again.

Yi Tianyun was surely in a desperate situation, but he kept blocking General Long Te's attack with his own fist, and now, he was pushed against the ground, limiting his escape route even more! But the sweet, sweet sound of notification that he was waiting for was finally here!

'DING!'

'Congratulation to Player [Yi Tianyun] for successfully breakthrough to 3rd Layer Divine King Stage!'

Yi Tianyun was smiling from ear to ear as it was finally time for him to counterattack!

"You are the one who's going to die!" Yi Tianyun shouted as he rolled General Long Te over and punched him as hard as he could! In the meantime, Yi Tianyun's combat power was increasing exponentially, and it stopped just right around 4.9 trillion points!

After getting 1 level on the Divine King Stage, Yi Tianyun received around 20 billion combat power, and with the combat power amplification he had, Yi Tianyun got around 800 billion points easily! Now, it was Yi Tianyun's time to beat General Long Te down as a dazzling light was concentrated on his fist!
