

## Leveling 891

### Chapter 891

Shu Yuan was happy that Gu Yanlong accepted his bet. After all, he was certain that Human Race wouldn't be able to best his own Race! He didn't like Gu Yanlong supporting a Human Race out of all races out there! Now that Gu Yanlong accepted his bet, his disciple would have an easy time in the future! "You accepted the bet! no running out of it later! Got it?" Shu Yuan said with a smirk on his face. "I will never go back on my words!" Gu Yanlong said indifferently. He already knew how Shu Yuan's way of thought, and thus he chose to believe in the Human Race cultivator! He felt it before when he first saw Yi Tianyun and he believed that Yi Tianyun would be able to surpass the Tree Race cultivator no problem! "Well, let us see what happened next!" Shu Yuan smiled in satisfaction as he got what he wanted out of Gu Yanlong. He already thought that he was winning so there was nothing he should worry about! Meanwhile, Yi Tianyun wasn't aware of what was happening outside of the Great Array as he kept absorbing the Star Power inside the Great Array, converting the energy inside his body at an alarming rate. He could feel his power rising as he kept absorbing it without any consideration to others. He didn't see any problem in his body as his body was like a boundless sea, and accommodating so much Star Power didn't really affect his body in a negative way. While others began to suffer from the changes that happened to their body, Yi Tianyun didn't feel any pain at all. As time went by, cultivators began to collapse as the day began to change. They couldn't even hold on until the next day as their body couldn't handle the transformation. It meant that they couldn't join the Heavenly Edict Divine Territory! In fact, they wouldn't be able to join any other God Territory as they also had the same exact requirements. However, Yi Tianyun and Lei Zhengyu survived the next day. Shu Xiong and Shu Hand, the cultivator from the Tree Race also passed to the next day, but they didn't seem to plan on stopping any time soon as they pursued more power! "I thought they would only last for two days, but they stubbornly persisted!" Shu Yuan said as he shook his head in disdain. Gu Yanlong didn't say anything as he continued to watch over Yi Tianyun and Lei Zhengyu quietly. On the third day, more people failed. A total of 340 Cultivator entered the assessment, but only around 30 people remained inside the Great Array. As for those who already regained their consciousness, they left the Great Array without saying anything as they were quite ashamed that they couldn't last for three days! They were definitely shocked as they were bound to be hailed as a god in the Mortal Territory, but they couldn't hold a candle to the God Territory cultivator! It was definitely a heavy blow to their ego! The Third Day passed and Yi Tianyun still persisted without any problem and so did Lei Zhengyu and the two Tree Race cultivators! Following the Fourth Day, more cultivators began to fall, but Yi Tianyun and Lei Zhengyu still stood strong! Shu Yuan's expression started to change. He began to have a bad feeling as the two Human Race that he despised so much lasted this long! It was also because he noticed that Shu Xiong seemed to have a hard time holding on any further as his body began to shake! "What is this? How could those two hold out for so long?" Shu Xiong opened his eyes from his meditation and still saw Yi Tianyun and Lei Zhengyu meditating. Shu Xiong gritted his teeth as he tried to endure another day. He didn't want to lose to a Human Race and if they lost, they would be extremely ashamed of themselves! On the fifth day, Shu Xiong screamed as he could no longer withstand the transformation to his body and fainted. But as he already survived for 4 days inside the Great Array, he would be welcomed to Heavenly Edict Divine Territory no problem. Meanwhile, Shu Yuan's face completely darkened, his heart beat really fast as he was furious of Shu Xiong for his inability to withstand the Star Energy longer than a mere Human Race cultivator! "I still have one more cultivator in there!" Shu Yuan said as he gritted his teeth nervously.

They gambled on which race would be able to last the longest, so it didn't have to be both of them anyway! Shu Yuan prayed that Shu Han wouldn't lose so quickly like Shu Xiong did! It took around ten years for any disciple to receive a Secret Art from a master, although ten years wasn't necessarily a long period of time, it would be better if they could get it faster! Gu Yanlong looked at Yi Tianyun and Lei Zhengyu, but he was especially interested in Yi Tianyun as he felt that Yi Tianyun could hold on for days! At the very least both of them seemed more stable than Shu Han! Soon after the 6th day started, Shu Han's body shook badly and he fainted. The bet was over as both Shu Han and Shu Xiong had fallen. On the other hand, both Yi Tianyun and Lei Zhengyu still stood strong! "Team Leader Shu Yuan, I am sorry but it seems that you have lost the bet!" Gu Yanlong said as he smiled victoriously. He didn't expect both Human Race cultivators would persist so much longer than the Tree Race, but nevertheless he still won! "Alright, I will stand on my word and give you my token!" Shu Yuan said coldly and threw a token towards Gu Yanlong. Shu Yuan immediately left the scene after that without even checking up on his fellow race. Instead, Shu Yuan looked at Yi Tianyun and Lei Zhengyu's face intensely as he ought to remember their faces in the future! Gu Yanlong watched as Shu Yuan left but didn't say a thing. He still had to see how long Yi Tianyun would last inside the Great Array before he stopped. Finally, after the 6th Day end, Lei Zhengyu began to sway and finally fell on the 7th Day! "You have persisted for 6 days!" Gu Yanlong said to Lei Zhengyu. He nodded as his eyes were bright with anticipation. It was clear that he got a good recruit this time! At the 7th Day, the cultivators has already dwindled down to almost nothing, as only less than 5 cultivators remained inside the Great Array now. It also meant that Lei Zhengyu had squeezed himself into the top 10 recruits in Gu Yanlong's area! No one would doubt a human race after this! Now, the 5 cultivators who were still holding out inside the Great Array would receive massive power as their physique would be perfected by the Star Power! Yi Tianyun soon opened his eyes and looked around. He finally noticed that only three other cultivators were left inside the Great Array. "There are only three left!" Yi Tianyun said with a smile on his face and he closed his eyes again as he continued to meditate and devour the Star Energy that the Great Array gave.

## Chapter 892

The remaining four cultivators inside the Great array felt a burden that they should break the record themselves! But they knew how hard it was to break the record! Well, except for Yi Tianyun!

Finally, Lei Zhengyu woke up at the end of the 7th Day and got out of the Great Array on his own. He looked at Yi Tianyun and smiled excitedly as he noticed that Yi Tianyun still persisted without any problem.

"He is clearly a powerful cultivator! There are only three other cultivators beside him in there!" Lei Zhengyu said excitedly. Although he couldn't hold out for that long, he was still excited to see that Yi Tianyun could do so.

"Now, what are you going to say about this? It's clear that me and Little Brother Yi are far more powerful than both of you!" Lei Zhengyu said coldly towards Shu Han and Shu Xiong. They were clearly meditating to control the Star Energy in their system as they waited for the assessment to end. It was

clear that they already changed their perspective of Human Race as they were in awe of Yi Tianyun's persistence!

But clearly, they couldn't stand a blow to their ego!

"Even if you persist longer than us, our ability is far greater than you! If you spar with me, you will see which of us is more powerful!" Shu Xiong said coldly.

"Well, before Little Brother Yi can spar with you, why don't I do so in his stead?" Lei Zhengyu said as lightning sparked in his eyes. He was a special thunder attribute cultivator, which also going in tandem with his personality.

"You asked for this!" Shu Xiong said coldly. He felt ashamed that he couldn't hold out longer than a Human Race, but he couldn't allow a Human Race trample on his pride anymore!

"Well, it's better if we can wait until the end of the assessment as I want to see Little Brother Yi breaks the record first!" Lei Zhengyu said excitedly.

"You are dreaming! The record is there for a reason! He will only last for one more day at most!" Shu Xiong said tauntingly.

Now that the 7th Day was over, the cultivators inside the Great Array began to crumble. They couldn't seem to hold out any longer, but that wasn't the case for Yi Tianyun as his form was still stable. Others thought that Yi Tianyun was just bluffing as they thought that Yi Tianyun was definitely about to faint!

"Well, we'll see about that!" Lei Zhengyu said confidently! He knew that Yi Tianyun was really calm, and there was no way Yi Tianyun would bluff about something like that!

Meanwhile, Yi Tianyun continued to absorb the Star Energy around him, altering his body further! But he felt that there was no part of his body left to transform as it seemed all parts of his body were already accustomed to the Star Energy, but Yi Tianyun wouldn't stop there. He knew that the next step would be transforming his Major Meridian Line inside his body!

With the raging Star Energy entering his Meridians, Yi Tianyun's Meridian Lines began to expand slowly. Yi Tianyun knew this progress shouldn't be wasted, so he ought to keep going to reinforce his physique even further!

Then, Yi Tianyun's Dantian began to expand as the energy inside start to condense.

He felt like a planet size Star Energy has accumulated inside his Dantian. "This is a Planet Size Energy! can Star Energy withstand the condensation?" Yi Tianyun said as he started to wonder if it was safe to do so. But he was eventually convinced that the Star Energy was meant to behave this way!

Yi Tianyun began to imagine life growing inside his Dantian. The Planet Size Energy inside his Dantian felt like it was making its own world, starting from plants, trees, flowers and topography. There would be no animals inside it, but it felt almost magical!

Yi Tianyun began to wonder whether he could transfer his consciousness inside his Dantian, but he knew that it was the work for another day!

At the same time, the 8th Day has already come to an end, but Yi Tianyun was the only cultivator left inside the Great Array! Everyone else has already fallen and rest on the side! The last one to fall was a beautiful cultivator. She lasted for 8 days and she already felt so much change on her body! But when she looked at Yi Tianyun, she felt unwilling to left the Great Array as she didn't expect anyone to stay longer than her!

"I already said that Little Brother Yi would be the last one standing! Now, he will definitely persist more than one day! What do you have to say to that!?" Lei Zhengyu said to Shu Xiong while laughing tauntingly.

Shu Xiong was bothered by the fact that Yi Tianyun was the last one standing, which was beyond his wildest dream! Gu Yanlong himself was also shocked that he received 4 recruits that could withstand 7 days inside the Great Array. Moreover, 2 of them could withstand the 8th Day! Once the recruitment was over, he would definitely get a lot of rewards for this!

"I knew it! That brat isn't a normal cultivator!" Gu Yanlong said as he smiled in satisfaction. If Shu Yuan was next to him right now, his frown would further make his ugly face hard to look at! Gu Yanlong himself could only persist for 5 days in his assessment days! The treatment he received in the past

would be definitely different than the treatment that Yi Tianyun would receive in the future because Yi Tianyun would immediately be recruited as a Core Disciple, which focused on training to further improve their power!

But still, Yi Tianyun ignored all the excitement outside and soon days passed without any problem.

The 9th Day!

The 10th Day!

And now that he was already on the 10th Day, as long as he persisted through this day, he would have the same record as the current record holder! It was incredible!

Yi Tianyun would be treated like a royalty once the assessment was over! His status would be equal to those successors of Heaven Edict Divine Territory! It was incredible for anyone to last this long and thus, no one in their right mind would do anything to drive the recruit away!

No one really knew for sure what awaited Yi Tianyun in the future, but clearly it was far better than any of them would ever dream of!

## Chapter 893

Gu Yanlong was excited beyond belief! He would get more benefit from Heaven Edict Divine Territory if anyone among his recruit broke the record! So, he silently watched over Yi Tianyun as he continued to meditate!

Everyone was also doing the same thing as they watched Yi Tianyun silently. Many of them couldn't imagine that a human race would be this capable! They had pride over their Bloodline as they thought that their bloodline would be so much better than those from the Human Race! However, how could a human race best them?

The strength of the cultivator was different as they received various bloodlines from their parent. But, Human Race bloodline was so much inferior to any of the other race, so the Human Race was always mocked as a trash cultivator due to their cultivation being so much lower than any other race.

Furthermore, the innate ability that one would have was also affected by the bloodline that they had. In other words, the stronger the bloodline, the stronger the Innate Ability would be!

“Can he really reach the 10th Day?” the cultivators that watched Yi Tianyun meditate on the side began wondering how long Yi Tianyun would stay inside. If Yi Tianyun could endure the 10th day, he would be the record holder for the longest cultivator that stayed inside the assessment Great Array!

As the time went by, it was finally clear for everyone that Yi Tianyun could really endure the 10th Day!

“He actually passed the 10th Day!” a cultivator said with a shock on their face. They thought that Yi Tianyun would faint sooner, but as the 10th Day comes, Yi Tianyun didn’t seem to be showing any sign of fainting!

Gu Yanlong’s eyes were full of expectation as one of the recruit he was in charge of reached the 10th Day! Yi Tianyun has become the second cultivator that reached the 10th day!

“I already said that Little Brother Yi would definitely reach the 10th Day! Now, you have the proof in front of your eyes! Now, he could withstand the Star Energy twice as much as you can!” Lei Zhengyu said happily, taunting Shu Xiong.

Shu Xiong still couldn’t believe what he saw right now! How could a mere human achieve something that they couldn’t? it was such a shameful display, so he remained silent. They would surely be antagonized later as Yi Tianyun would surely receive a status way beyond what they would get from Heaven Edict Divine Territory!

But the reality was clearly way beyond what they expected as Yi Tianyun survived through the 11th Day! But that was not all as Yi Tianyun continued to withstand the pressure inside the Great Array like it was nothing, the 12th Day, the 13th Day, Yi Tianyun didn’t show any sign of stopping! If they couldn’t see the steady stream of energy being absorbed into Yi Tianyun’s body, they would have thought that Yi Tianyun was dead as there was no way anyone would last this long!

“Is he a freak? How could he stay in there for thirteen days? How could he last for so long?” a cultivator said worriedly from the side.

“That is right! There is no way a human race would be able to do something like this!” another cultivator said enviously. None of them believed that a Human Race would be able to last for so long inside the Assessment Great Array. Now, the only possibility left was that Yi Tianyun wasn’t from a Human Race! But the fact that Yi Tianyun had the Sealing Heaven Divine King’s Bloodline eliminated this possibility!

In the Three Realms, it was an extraordinary thing to have one of the three great Divine King’s bloodline, but Yi Tianyun now realised that it was an ordinary thing here on the God’s Realms as Divine King cultivator, that was called Star Monarch here was relatively common.

“There’s no doubt that he is indeed from the Human Race. Although I could sense that his aura was mixed with other’s power, but there was no doubt that he was from the Human Race! Don’t try to undermine others for your own lack of achievement.” Gu Yanlong said solemnly to warn the others of their position right now. The cultivators immediately fell silent as they knew that they were in the wrong. The Human Race that they belittled earlier had broken the record while they were left with mediocre records!

Finally on the 14th Day, Yi Tianyun slowly opened his eyes as his body was fully converted to accommodate the Star Energy. In his Dantian, the planet size energy has already created its own world with towering trees and various plants growing inside.

“Well, I am done here.” Yi Tianyun said as he woke up and stood up on his own. Although Yi Tianyun could just absorb the Star Energy as Exp, he wouldn’t do that as he deemed it too slow for him!

Nevertheless, in order to transform his body to accommodate the Star Energy, he also turned them into Exp which was none of the other cultivators was capable of doing.

“Is this the first time in God’s Domain that a cultivator fully transform their body to accommodate the Star Energy?” Yi Tianyun frowned as he felt something was off. He could surely transform his body before coming to God’s Domain and fully adapt to the God’s Domain energy quicker.

Furthermore, if they failed, they could just enter the Great Array once again to try transforming their body again, and they would get it in the end! But why no one went with this idea before?

Sure, it would take some time, but it would be for their own good at the end!

But clearly, it wasn't any of Yi Tianyun's business!

Yi Tianyun stood up in a depressed mood and walked outside. He immediately noticed that all the cultivators that entered the assessment were waiting for him on the side with a surprised expression, and Gu Yanlong was no exception!

Gu Yanlong himself was surprised not because Yi Tianyun could withstand 14 days inside the Great Array, but more because Yi Tianyun could walk out without fainting! This was the first on Heaven Edict Divine Territory's history!

"Why didn't you faint?" Shu Xiong asked with a perplexed look on his face.

"Why would I faint?" Yi Tianyun asked indifferently.

#### Chapter 894

Let alone fainting, Yi Tianyun even walked out of the Great Array on his own without any problem, something that no one had expected.

"Little Brother Yi, are you alright?" Lei Zhengyu said as he immediately came to Yi Tianyun's side as soon as he walked out of the assessment area.

"I am alright! But hey, I am impressed that you could last for six days!" Yi Tianyun said as he smiled at Lei Zhengyu. Although he has been meditating to absorb the Star Energy, it didn't mean that he didn't pay attention to his surroundings, but he simply didn't care about what happened outside of the assessment area, so he just ignored them altogether.

"Little Brother Yi, you flatter me. You are now the record breaking holder with 14 days of record! You even change the way those guys look at you! You are the real glory of the Human Race!" Lei Zhengyu said aspiringly.

"Is that so?" Yi Tianyun said with surprise as he looked towards Shu Xiong. "Now, didn't you say that we have an unfinished business before?" Yi Tianyun asked Shu Xiong coldly. Yi Tianyun wouldn't just let those who had taunted him for a beating walk away, and right now wasn't an exception!

“You staying in there for so long doesn’t mean that you got the power to back it up! At the end, the difference between skill is what would set us apart!” Shu Xiong said as he taunted Yi Tianyun further. Since Yi Tianyun had inside the Gread Array for 14 days, Shu Xiong was quite sure that he could overpower Yi Tianyun very easily.

“Sir Gu, I wonder if we can have a duel right here?” Yi Tianyun asked Gu Yanlong respectfully.

“I don’t see any problem. I’ll allow you to have a duel here, but you’re not allowed to get injured! You are our new Discrim of Heavenly Edict Divine Territory, and you would receive a special treatment later.” Gu Yanlong said with a smile on his face.

“Alright, that should be easy.” Yi Tianyun said with a smile on his face.

“I doubt that! I want to see how you will walk away unscathed against me!” Shu Xiong said furiously. Shu Han, who was standing next to Shu Xiong was also furious by Yi Tianyun’s word. They easily changed their view of Yi Tianyun, but it was all expected as they would receive a special treatment from Heavenly Edict Divine Territory if they could beat Yi Tianyun, the record holder right now!

But the other cultivators looked at them with ridiculing eyes. If the record holder that could withstand the Star Energy concentration for 14 days could be defeated by those who were only able to withstand the same energy for 5 days, there was no point in staying inside that assessment area for longer than a few days!

Nevertheless, the cultivators gave them room for the duel. Gu Yanlong would become their referee for now. Gu Yanlong agreed to let Yi Tianyun proceed with the duel ultimately to further assess Yi Tianyun’s strength. If he deemed it dangerous later, he could just stop it effortlessly.

“Now, I’ll give you the chance to make the first move! I don’t want people saying that I don’t give you any chance later when I beat you up!” Shu Xiong said coldly. He still thought that a Human Race was trash and there is no way he would lose to a trash!

“Alright, I will take that chance right away.” Yi Tianyun said indifferently. Yi Tianyun stepped forward and immediately disappeared from plain sight. With a terrifying speed that not even Gu Yanlong could follow, Yi Tianyun flashed to Shu Xiong’s side and kicked Shu Xiong elegantly!

Shu Xiong was sent flying towards a wall, followed by a loud sound as he smashed the wall! Shu Xiong screamed from the top of his lungs as he felt his body shattered like glasses. Even if his body were covered with a thick bark, it couldn't withstand Yi Tianyun's power!

Shu Xiong finally fell to the ground while spitting green bloods before fainting.

"My power increased just fine. It felt a lot more powerful compared to when I came here!" Yi Tianyun said with a satisfied expression. He immediately used his Appraisal Eye to check his own status. He noticed that his body was stronger and many aspect of his Meridians and Dantian were reinforced. His Combat Power even transformed to those of Star Power instead of the usual combat power. He now had 6.300 Star Power, which was equal to 630 billion Combat Power!

He observed Shu Xiong and noticed that Shu Xiong only had 2.300 Star Power as he was at 5th Layer Star Monarch rank. He then shifted his focus at Shu Han and noticed that he had 3.200 Star Power at 8th Layer Star Monarch rank!

No one here could go against Yi Tianyun, but as he observed Gu Yanlong, he knew that he still had ways to go as Gu Yanlong had 20.000 Star Power at 2nd Layer Earth Monarch! This gap between their combat power wouldn't be closed so easily with Yi Tianyun's equipment!

Surely, there was a sky above the sky! The more Yi Tianyun fought, the stronger his opponent later on. But surely, it was good for him as he could improve himself continuously.

"I didn't expect the difference after integrating the Star Energy would be this much!" Yi Tianyun said as he was shocked by his own growth. Before he entered the assessment, his combat power was around 3.800 Star Power, but after he finished the assessment, it raised exponentially to 6.300 Star Power! It was way better than consuming a bloodstone or any other power booster!

But still, that 6.300 Star Power was his base power! Yi Tianyun still hasn't used any of his power enhancer. He hasn't activated any of his bloodline's power, let alone equip any of his usual equipment!

In any case, Yi Tianyun was really shocked by the difference in power after the transformation! The God's Domain was really amazing!

## Chapter 895

Shu Xiong was still alive even after Yi Tianyun's attack, and that was because Yi Tianyun had no intention to kill him. If Gu Yanlong let Yi Tianyun kill his opponent now, Shu Xiong would've already become a corpse!

Everyone was stunned by Yi Tianyun's skill. Even if Shu Xiong's cultivation wasn't the best, he shouldn't be easily defeated like that! Yi Tianyun's power was way beyond everyone's wildest imagination!

"He was too easy for you, Little Brother Yi!" Lei Zhengyu said excitedly. He almost rushed over to hug Yi Tianyun, but he knew this wasn't the place for such a behaviour. Gu Yanlong flashed in front of Yi Tianyun, but he was also surprised by Yi Tianyun's power. Even he didn't expect it to end this quickly!

"I know my eyes haven't gone rusty just yet!" Gu Yanlong nodded as he appreciated Yi Tianyun's power. He didn't even look at Shu Xiong's condition as he was the least of his concern right now. Nevertheless, he still could feel Shu Xiong's aura, so no one was killed here. But even if Shu Xiong was crippled from Yi Tianyun's attack, he still wouldn't care about it.

"You are too heavy!" Shu Han said as he lifted Shu Xiong and carried him away. He already checked Shu Xiong's vital sign and found out that Shu Xiong was dying as all the bones on his body were shattered!

"This is just a duel, how can you be so cruel!" Shu Han shouted towards Yi Tianyun furiously.

"Cruel? How would I know that he would be so fragile? He offered to give up the first move to me, and I'm sure you heard it too, right? But how would I know that he would break with just a light tap!" Yi Tianyun said indifferently.

"Sir Gu! It was obvious that he attacked my friend with an intent to kill!" Shu Han shouted angrily at Gu Yanlong.

"Well, as long as he didn't die, Yi Tianyun didn't break any rules." Gu Yanlong responded faintly. Gu Yanlong was being honest. It was the same thing all over the place. The rules in this place only stated that killing was not allowed, so if the opponent was left with serious injuries, it couldn't be helped.

Shu Han was left speechless as he didn't know what to say to avenge his injured companion.

"Well, since I now understand how fragile the Tree Race is, do you want to avenge your companion? You also said that Human Race was trash right? Why don't you fight me instead? Let us see who the real trash is here!" Yi Tianyun said coldly to Shu Han. Yi Tianyun knew that Shu Han also held the same belief as Shu Xiong, so it wouldn't hurt to deal with him right here!

"It's on!" Shu Han stood up in anger, he thought that he could win against Yi Tianyun and the reason Shu Xiong lost was only because he was too careless! He quickly pulled out a Divine Tool and pointed it at Yi Tianyun. "I will make the real difference between us clear right here and now!" Shu Han said coldly.

"Well, if you are ready, then can we start now?" Yi Tianyun said indifferently.

"Come on then! Since you are just a trash, I will give you the chance to go first like Shu Xiong did!" Shu Han said coldly. Shu Han's body was immediately covered with a thick armour and countless vines came out of his body, giving an extra cover! His aura pulsed with a strong vitality, showing the signature bloodline of the Tree Race, a super healing ability and strong defensive power!

This was also the reason why the Tree Race was usually arrogant as they thought nothing of their opponent attack!

"Prepare yourself!" Yi Tianyun said indifferently as he flashed from his spot.

Shu Han was confused as he saw Yi Tianyun disappeared, and suddenly, he felt that his chest was shattered! He was sent flying towards the wall and slammed it hard! Shu Han screamed as he vomited blood and eventually fainted from the pain!

Like Shu Xiong, Shu Han's bones were all shattered and the armour that he took pride in was destroyed! Shu Han fell to the ground unconscious, unmoving like a corpse! But everyone could feel his aura faintly, meaning that Shu Han was still alive!

Now, everyone realised that it wasn't a fluke at all! Yi Tianyun was definitely far stronger than both of those Tree Race cultivators!

“Anyone else wants to mock Human Race? If so, I am ready to accept any of your duels!” Yi Tianyun said as he glanced over towards each cultivator on the side.

“Did you feel confident right after only defeating a few Treants?” A Rock Giant suddenly came out. His body was covered with a strong defensive aura, even more powerful than that of Shu Han’s. This cultivator was called Yan Feng and with each step he took, the ground shook!

Yi Tianyun already took note of this guy before. He withstood the assessment Great Array for 6 days. His race would absolutely take advantage of their powerful defensive capability, there was no doubt about it!

“I wouldn’t say that I am confident only after defeating those two! But if you want to, I can be your opponent!” Yi Tianyun looked at Yan Feng indifferently.

“Say no more! I want to witness your skill myself!” Yan Feng said as he took his stance, challenging Yi Tianyun.

Yi Tianyun looked around and the first thing he noticed was that no one seemed to be scared or showing respect to him or Lei Zhengyu. It was obviously a mistake to let this duel continue!

“I change my mind, I’m no longer interested in this child’s play!” Yi Tianyun said with a sigh.

“Is that it? Is the Human Race scared of us, the Rock Giant? Or are you Human just want to bully the weak?” Yan Feng taunted Yi Tianyun to accept his challenge.

“Who is the one being bullied here? It was clear to me that you all want to beat me somehow! Using me as your stepping stone so that you can get a better status here on Heavenly Edict Divine Territory! But if you are so sure about this and don’t mind lying on your bed for a year, I will be your opponent!” Yi Tianyun said with a sigh. He was really tired of dealing with people like this!

“Brat! You are too arrogant! You really thought that you are invincible after defeating those pathetic Treants, don’t you?” Yan Feng said tauntingly. “Tell you what, if you crush my armour, I will admit that I lose!” Yan Feng said confidently.

Yi Tianyun assessed Yan Feng with his Appraisal Eye and noticed that the Armour of this Rock Giant was comparable to Middle-Grade Divine Tools! If he pushed it with his aura further, it would definitely reach the High-Grade Divine Tool!

“Alright, I hope that it would shield you completely from my attack!” Yi Tianyun said with a sigh.

“I have prepared myself! Don’t be a coward, come on now!” Yan Feng said confidently, but before he could say anything else, Yi Tianyun disappeared and reappeared right in front of him! Yi Tianyun landed a punch on Yan Feng’s chest and it crushed the rock that was Yan Feng’s armour and even shattered the entire huge rock body inside!

“I am so sorry, it seems I punch you too hard!” Yi Tianyun said indifferently as he patted the dust on his trouser.

## Chapter 896

Yan Feng was pulverized in one hit, no different than Shu Han earlier. Yan Feng was even more focused on defending himself compared to Shu Han that was deemed being caught off guard earlier. Everyone was obviously shocked to Yi Tianyun’s power for he easily defeated a 8th Layer Star Monarch cultivator! He even defeated a Rock Race cultivator that was well-known for their impenetrable defense out there!

“He is too strong!” A cultivator whispered.

“Yeah, I have seen a Rock Race fight before and no matter how hard his opponent cut on his body, he received no injury at all! The toughness of Rock Race defence was powerful that every race knows about it!” another cultivator said with surprised look on his face.

“Has he already reached the Earth Monarch level?” another cultivator said curiously.

“Impossible! If he already reached the Earth Monarch Level, we wouldn’t miss it! His cultivation was around 7th Layer Star Monarch at best!” another cultivator said with a frown on his face.

Yi Tianyun became the hot topic among them as they were confused about the reason why Yi Tianyun could be so powerful! But they obviously had no intention to fight Yi Tianyun any longer. They didn’t

want to spend the next year staying in bed from the injury of fighting Yi Tianyun now! Even if they didn't die, the injury was still serious enough that they wouldn't be able to move their body.

"Anyone else wants to challenge me?" Yi Tianyun said coldly. The cultivators around him couldn't help but take a step back as they were intimidated by Yi Tianyun's aura. They were scared that they would meet the same fate as those three cultivator earlier.

A dead silence enveloped the area. The woman that was meditating the whole time even looked around because of the sudden silence, but when she grasped the current situation she went back to her meditation. She wanted to prove that she wasn't to be underestimated here, but she didn't have any intention to attack Yi Tianyun at all.

"Little Brother Yi! You really are something else! Rock Race is one of the races with the sturdiest defense out there, but they couldn't even hold a candle against you!" Lei Zhengyu said excitedly. Lei Zhengyu himself was also a good cultivator, but his cultivation wasn't as good as Yan Feng earlier.

"If this fight is over, then I officially declare that those who pass the Second day are officially recruited to Heavenly Edict Divine Territory and those who pass the Seventh Day would be immediately recruited to join the Core Disciple!" Gu Yanlong said solemnly.

Everyone looked at Yi Tianyun and the mysterious woman on the side. Both of them would be joining the Core Disciple instead of the regular disciple. Many cultivators were jealous of Yi Tianyun's feat right now as joining the Core Disciple would surely come with extraordinary benefits.

"Those who were able to withstand the Great Array for more than five days would be recruited to join the Inner Palace Disciple, although it's not as exclusive as the Core Disciple, their future is still equally bright!" Gu Yanlong said as he smiled at the cultivator that passed the 5th day mark.

Gu Yanlong then guided them through a long walkway where Yi Tianyun saw many cultivators came and went. It seemed that they could take on a Quest from somewhere in this hall. If Yi Tianyun wasn't mistaken, this place would be a Quest Hall, a place where the cultivators could gain a contribution point for the faction to gain influence.

Everyone obviously wanted to receive a better treatment, so many people would return to this hall sooner than later.

“Official Disciples, get your token over here! Inner Palace Disciples, get your Token over there, and lastly the Core Disciples, take your Token here.” Gu Yanlong said as he pointed his finger towards the respective Token that each group of disciple was supposed to take. Each of this Token was specially made with their name engraved on it.

Yi Tianyun then took a look at his Token and noticed that it was made with a special material. This Token had a similar feature as the Storage Ring that Yi Tianyun used. It could store many items in its large storage space and what was unique about it was that the owner could sense the Token’s whereabouts easily no matter how far it was!

“Your Token serves as your identification, be it for a rescue mission or a simple quest, you can take those mission with this Token. Keep this Token with you at all time because if you lose this Token, no matter what status you have, you will be removed from Heavenly Edict Divine Territory!” Gu Yanlong said solemnly.

“There is more to this! If you deliberately lose this Token, and it’s found by anyone from Heavenly Edict Divine Territory, you will receive a Capital Punishment!” Gu Yanlong added solemnly.

The cultivator’s face suddenly changed as they realised the importance of the Token. This rule was surely a strict one, too strict even! But Yi Tianyun didn’t feel the same way. He knew that no one would be able to take his Token away from him unless he was already dead!

“Then, you all should go to your respective chambers to begin your assessment in your own disciple ring.” Gu Yanlong said as he showed the Official Disciple and Inner Palace Disciple’s room. “You two come with me.” Gu Yanlong said as he called over Yi Tianyun and the Mysterious Woman earlier.

“Little Brother Yi, congratulation on becoming one of the Core Disciples! I wish you good luck as I don’t know how long will it take before we can meet again.” Lei Zhengyu said as he waved Yi Tianyun goodbye. Although they didn’t know each other that long, they were still the fellow Human Race that were able to join the despite God’s Domain Faction the discrimination they faced.

“You too, Brother Lei! Don’t ever forget the dignity of Human Race!” Yi Tianyun said as he smiled at Lei Zhengyu.

Both of them finally parted ways and Gu Yanlong immediately led Yi Tianyun and the mysterious woman outside of the hall. Yi Tianyun saw many prosperous buildings in the distance and many Cultivators that came and went inside those respective buildings, even though Yi Tianyun didn't see anyone with a high cultivation base.

Most of these people were around Spirit King Stage cultivation and it was obvious that these cultivators belonged to the Outer Disciple.

"Yurong, you have a good grade this time! Your father would be very happy with your achievement." Gu Yanlong said as he talked to the mysterious lady.

"It's quite alright, but I didn't reach the 10th Day Record and I don't even get the 1st Rank!" Gu Yurong said with a somewhat disappointed look on her face.

"Well, at least you managed to join the Core Disciple." Gu Yanlong said with a smile on his face.

"Uncle gave me too much credit. If it weren't because of your guidance, I would never reach the standard." Gu Yurong said gratefully.

Yi Tianyun was a little bit startled as he never noticed that these two were relatives!

## Chapter 897

Yi Tianyun looked at both of them from the top to bottom and noticed that both of them had several similar characteristics now that he observed carefully. Both of them owned the Dragon Clan Bloodline, the possibility that they came from the same place was higher! But Yi Tianyun never expected something like this would happen in Heavenly Edict Divine Territory and Yi Tianyun knew that Gu Yanlong didn't have the power to bring in anyone he wanted inside the God's Domain without any proper assessment!

The Star Energy inside the God's Domain was very rich. The cultivation progress was definitely better than when he was at the Mortal Domain. The Spirit Energy inside the Mortal Domain didn't even come close to the Star Energy!

"No, it was your own effort, I merely give you several pointers, that's all! You even produce a better result than me back in the day! If you continue to work hard, you will have a chance to become an elder in the future!" Gu Yanlong said with a smile on his face.

"Of course, uncle! I will work harder in the future!" Gu Yurong said with a smile on her face. Gu Yuanlong then turned his attention to Yi Tianyun.

"Now, I believe that you heard me earlier, but let me introduce you again. This is Gu Yurong, my niece. Now that you two know each other, you should take care of each other in the future." Gu Yanlong said with a smile on his face.

"Hello, I am Gu Yurong! Nice to meet you!" Gu Yurong said politely as she bowed her head.

"My name is Yi Tianyun, nice to meet you too!" Yi Tianyun said politely. He was relieved that at least he didn't encounter another racist cultivator. Gu Yanlong nodded and took them immediately to the Teleportation Array outside of the Main Hall.

"This Teleportation Array would take you to the hall where Core Disciples gathered. Be sure to keep your eyes peeled there. Many of them want to reduce the competition there for sure! Especially you, Yi Tianyun! You just made a new record today, so I won't be surprised if that draws too much unnecessary attention towards yourself!" Gu Yanlong said solemnly.

"With your level of cultivation and power, your future would be infinite! That fact alone would make those who were jealous of you would want to get rid of you even more! A piece of advice, keep your head down, keep a low profile and hope for the best!" Gu Yanlong said with a small frown on his face.

"Thanks for your advice, Sir Gu, I will do my best! But I see that you aren't repulsed by our Human Race, why is that?" Yi Tianyun asked curiously.

"It was a long story, but long story short, I have some Human friends that I treasured! They aren't here at the moment, but I hope that you got to see them in the future. I was assessed at the same time with them and became Heavenly Edict Divine Territory disciple together. They already left Heavenly Edict Divine Territory and now, they have joined a stronger faction." Gu Yanlong said with a smile on his face.

“Now, this is my gift for your trouble.” Gu Yanlong said as he handed two tokens to Yi Tianyun and Gu Yurong. “This is Secret Art Token, after you go to the Core Palace to report, you should go to the Secret Art Palace immediately and choose your own compatible treasure!” Gu Yanlong said with a smile on his face.

Yi Tianyun nodded as he understood that the token was the prize for Gu Yanlong’s bet with Shu Yuan!

“Secret Art Great Palace? Alright, I will go there later, thank you very much uncle!” Gu Yurong said excitedly. Yi Tianyun wasn’t very familiar with the God’s Domain’s norm just yet and so he just nodded his head as he should see it for himself later.

“Thank you very much for helping me, Sir Gu.” Yi Tianyun said as he expressed his gratitude.

“You don’t have to thank me for this, it’s your reward for doing your best! After all, this thing got here because I won a bet against Team Leader Shu Yuan!” Gu Yanlong said sheepishly.

“Regardless, I’m in your care so far, Sir Gu! And I am thankful for that!” Yi Tianyun said with a smile on his face.

“Well, you already break the record, so I myself will get a lot of benefit from that! So, off you go, I can’t go inside as that is strictly for Core Disciple only.” Gu Yanlong said as he patted Yi Tianyun and Gu Yurong’s shoulders.

“Well, another piece of advice I can give right now is that you both have to choose your treasure inside the Secret Arts Great Palace carefully! This opportunity is rare, so I don’t want you to regret your choice later!” Gu Yanlong said before he bid his farewell and left both of them in front of the Teleportation Array.

Gu Yurong immediately walked inside the Teleportation Array, leaving Yi Tianyun behind. She didn’t have anything else to say to Yi Tianyun, so there was no need for her to wait for him. They weren’t close with each other to begin with, so there was no sense in wasting time with him, at least for now.

Yi Tianyun himself didn’t have anything to say either and so, he just followed inside the Teleportation Array without a word. After they teleported in, they didn’t see a palace at all, instead it was a huge city!

"It seems that we've teleported quite far from the previous place!" Yi Tianyun said as he looked around, but he didn't see anything familiar with this place.

"You really don't know anything about Heavenly Edict Divine Territory, do you? Heavenly Edict Divine Territory has countless planet as their base and there is only one city inside each of the planet. The place we come from earlier is called Gate Protecting Star and the place we are in now is called Heaven Nucleus Star, which is solely dedicated for the Core Disciple to live in." Gu Yurong said as she walked forward.

"Still, there are many other planets that you can visit via the Teleportation Array or the Spirit Ship." Gu Yurong said indifferently.

Yi Tianyun looked all around him in awe. This planet was a big planet, but it only had one city? This was terrifyingly big to walk around in!

"This is interesting, I will be sure to have my own place here soon!" Yi Tianyun said as he felt that he ought to have a home to effectively get more resources in this place!

## Chapter 898

"Your identity token?" A guard said as he stopped Yi Tianyun and Gu Yurong on their track. From the guard's aura, Yi Tianyun concluded that he was at the 1st Refinement Earth Monarch, which was stronger than a Divine King Cultivator!

But Yi Tianyun knew that a Divine King cultivator or above was common in God's Domain. Yi Tianyun and Gu Yurong immediately took out the token they got earlier and handed it over to the guard.

But when the guard checked Yi Tianyun's token, he was shocked!

"You lasted for 14 days inside the Great Array?" The guard said with a face full of awe. This would become a common occurrence as Yi Tianyun's achievement was really that crazy in the first place. It was the highest record in history!

For further proof, Gu Yanlong also provided Yi Tianyun with evidence in case people began doubting Yi Tianyun in a Recording Disk. This Recording Disk recorded Yi Tianyun while he was inside the Great Array, so no one could argue that he was cheating!

“Is there anything wrong?” Yi Tianyun asked as he didn’t want to waste too much time there. He was already familiar with these kinds of expressions, so all he wanted was to move on.

Staying for more than 10 days wasn’t that uncommon at other God’s Domains, but in Heavenly Edict Divine Territory’s case, Yi Tianyun was certainly the only one who did so!

“There is no problem whatsoever. Please step inside!” The guard’s attitude completely changed all of a sudden. Yi Tianyun just shook his head with a sigh as he couldn’t believe he would be treated this way, but then again, he was secretly enjoying this kind of treatment himself!

Gu Yurong just sighed heavily, hoping that the guard would also treat her that way, but her feat wasn’t that rare here.

Immediately after they entered the city, two old men suddenly appeared in front of them. Their hair was all messed up, and their eyes were brimming with excitement.

“You are that Human boy that lasted for 14 days, right? This is incredible!” one of the old men said excitedly.

“This is truly remarkable! Only a few people could achieve such a result. I didn’t expect one of them would reach out to our Heavenly Edict Divine Territory!” the other one said excitedly.

“Hey, boy! Come with me. You will be my disciple!” the old man said excitedly.

“What are you talking about, old coot! He will be coming with me!” the other said annoyed.

“You are not making any sense! I am stronger than you!” the first one argued annoyed.

“Are you sure about that? Do you want to settle this right here and now?” the other one said angrily.

Both of them began to quarrel like a child in front of Yi Tianyun to make sure that Yi Tianyun became their disciple. Sure enough, their quarrel eventually drew everyone’s attention, and there was quite a crowd eager to see what would happen.

“The Elders were fighting over a human that lasts 14 days inside the Great Array! Is it even possible to stay that long?” a cultivator said confusedly.

“That is not possible! The record only shows a cultivator that stayed for 10 days. How could anyone stays longer than that?” another cultivator said confusedly.

“But the Elders said the same thing just now. They wouldn’t be lying now, would they? But I am not quite sure myself. He is just a mere Human!” Another cultivator said with a frown on his face.

“How is a garbage race like the human race could possibly last for 14 days?” another cultivator said in disbelief.

The discussion among the cultivators continued as it was hard for them to believe that a cultivator could withstand staying for 14 days inside the Star Energy Great Array. Moreover, it was a Human Race cultivator too! But there shouldn’t be any reason for them to dispute this, as the Elders themselves said it out loud. The situation was unbelievable right now as this was the first time the Elders fought over a cultivator!

Not even the top ten Cultivators in the Core Palace were ever sought like this by the Elders!

The cultivators began observing Yi Tianyun as they wanted to understand what made Yi Tianyun that special! On top of that, they wanted to know how could Yi Tianyun last inside the great array for so long! The crowds began to grow as more cultivators gathered to see Yi Tianyun for themselves.

Yi Tianyun was the one who was the more surprised as he didn’t expect two old men at Heaven Monarch level would be fighting over him like this!

Yu Yanglong: 3rd Layer Heaven Monarch Stage. His Extremely firm and fierce power can burn everything! Weakness: Extreme Cold Attribute. Combat Power: 250.000 Star Power.

Ming Yueqing: 3rd Layer Heaven Monarch Stage. His Extremely cold attribute could freeze anything he wanted! Weakness: Extremely hot temperature. Combat Power: 220.000 Star Power.

These two elders were the polar opposite of each other, but Yi Tianyun was a little bit curious about why their combat powers would vary that much while their cultivation base seemed to be the same. Yi Tianyun inspected even closer at the detail of these two Elders' information, and he found a relatively small character at the bottom.

Yu Yanglong breakthrough to Heaven Monarch Stage after establishing the 8th Refinement Earth Monarch, while Ming Yueqing reached Heaven Monarch Stage after establishing the 7th Refinement Earth Monarch!

"Different Rank breakthrough would have this huge of a gap?" Yi Tianyun said to himself as he was a little bit surprised by this information. He realised that he needed a better understanding of things in the God's Domain as his knowledge regarding the Mortal Domain didn't apply here.

"Forget it! Let him choose for himself who he wants as his master!" Yu Yanglong said annoyedly.

"Sure, I respect that! Let him choose his future for himself!" Ming Yueqing said as both of them immediately turned their attention toward Yi Tianyun. "Now, choose who you want to be as your master!" Ming Yueqing said respectfully.

The cultivators around immediately gasped in surprise as they had never heard a cultivator choosing their own master before! They were always picked by the master, and none of them had the option to choose out of their own accord!

Meanwhile, nobody paid any attention to Gu Yurong as she was only a cultivator that lasted for 7 Days, a common occurrence inside this Core palace! The elders weren't keen on paying any attention to her as they were solely focused on Yi Tianyun alone!

Two powerful Heaven Monarch cultivators were waiting for Yi Tianyun to give his answer. They would easily defeat Yi Tianyun if they wanted to, but they weren't using violence for this one.

"Their level of cultivation is too powerful! Wouldn't they easily destroy the Three Realms if they want to?" Yi Tianyun said to himself as he couldn't help but respect the two elders. Yi Tianyun himself couldn't wait to reach the Heaven Monarch too. He would be a crushing existence in the Three World and for those Evil Spirit Race!

"I have a better proposition. What if both of you become my master instead? Wouldn't that be perfect?" Yi Tianyun said with a smile on his face. The two elders looked at Yi Tianyun with wide eyes. They immediately laughed as soon as they looked at each other.

"This brat is too arrogant for his own good! Didn't you just break the record? But now you also want two masters for yourself?" a cultivator on the side said mockingly.

"Hey, a piece of advice for you, brat! Don't offend the two masters! You are good enough to receive the blessing from one of them, not the both of them!" another cultivator said coldly.

"What did I tell you? Human Race is a problem! I can't understand what they are thinking!" another one said mockingly.

But Yi Tianyun didn't care about these cultivators' words as he stood by his word. If these two masters rejected his proposition, then so be it! Yi Tianyun wasn't a fool. He knew that he was far weaker than these elders, but he would surpass them eventually!

"Boy, aren't you too greedy? You don't seem to know our situation. Our attribute is incompatible with each other! Either you cultivate a fire attribute with me or a cold one with him! There is no such thing as cultivating fire and cold together!" Yu Yanglong said with a frown on his face.

"Yes, it is a bit too arrogant for you to request such a thing from us. There is no way a greedy one like you would be a good disciple!" Ming Yueqing said coldly. The two elders' favourability plummeted after hearing Yi Tianyun's words. They definitely thought Yi Tianyun was too greedy and didn't think highly of it.

The cultivators that watched the spectacle from earlier snickered as they thought that there was no way the elders would take Yi Tianyun as their disciple now. Had Yi Tianyun chose either one of them, at the very least, he would've just offended the other one, but now that he was too greedy, he offended both of them!

"Idiot, you have offended both of them! I never thought a Human would be this stupid!" a cultivator said while laughing out loud.

"That's right, the two elders clearly weren't pleased by his answer!" another one said coldly. In fact, they all felt that Yi Tianyun's answer earlier was very stupid! The elders would definitely abandon Yi Tianyun now!

Even Gu Yurong shook her head as she felt pity for Yi Tianyun! She took pride in her decent result, but now the one that produced a better result than her would be abolished!

"Elders, I could cultivate two kinds of flames, my foundation isn't so bad, so I thought that both of the elders could become my master so I can cultivate both of them efficiently. I didn't ask out of greed, but out of necessity." Yi Tianyun said with a smile on his face.

"What did you just say? You can cultivate both flames? The Yin and Yang flames are difficult to coexist with each other. Are you sure that you reach harmony with them?" Yu Yanglong said confusedly.

Yi Tianyun didn't explain anything as he immediately raised his left hand and gently produced the Immortal Flame, raising the temperature all around him in an instant. He then raised his right hand simultaneously, and he produced the Heavenly Yin Fire, dropping the temperature all around him immediately!

One hot flame and one cold flame! In particular, the Immortal Fire was a high-grade Heaven Level Flame! He could always level it up using his Mastery Point, but it wasn't necessary for now! Furthermore, the Heavenly Yin Fire couldn't be underestimated either. It belonged to an extremely cold group of fire, which was the polar opposite of the Immortal Fire.

He used the Immortal Fire for Equipment Crafting, while he used the Heavenly Yin Fire for alchemy.

Yi Tianyun then clasped his hand together, making the fire overlap with each other, but there was no side effect at all. The fire continued to burn side by side without extinguishing one another. Clearly, it was a shocking scene for anyone who saw it! All the cultivators here knew that the two kinds of flames were extremely temperamental, and putting them side by side was a brutally hard thing to do!

“How could a Heavenly Yin Fire be put side by side with the Immortal Fire?” Ming Yueqing said confusedly. Both of them were extremely in awe of Yi Tianyun’s performance. They never expected a cultivator that could cultivate both flames would exist in this universe!

All they ever learned was that the flames would extinguish themselves once they encountered their polar opposite, or in more extreme cases, they would cause a huge explosion, but that didn’t seem to be the case with Yi Tianyun! They finally realised why Yi Tianyun wanted both of them as his masters!

“Now that I’ve already proved myself, can I learn under both of you?” Yi Tianyun said with a smile.

Everyone else was shocked into silence. The previous ridicule and mockery completely turned into shock, but then again, they couldn’t say that Yi Tianyun was lying as everyone else saw the same thing!

“Sure! There is no problem at all! This is a miracle! How did you do it? You have both of the Mortal Domain Divine Flames! If we both train you efficiently, you may become the first expert of Ice and Fire, the dual Ultimate Energies!” Yu Yanglong said excitedly.

Their favourability immediately went up as they were no longer disappointed by Yi Tianyun’s answer earlier. Instead, it was clear that they were far more excited than they were previously! They couldn’t wait to teach Yi Tianyun everything they knew!

## Chapter 900

“I still don’t know the two elders that well. Now that I have already become your disciple, can I have some sort of say in the way my cultivation goes? I certainly don’t want my cultivation to deteriorate, so I just want some kind of opinion before we delve deeper into this.” Yi Tianyun said confidently. Some might say that he was acting too cocky, but it showed that he was eager to cultivate!

“Yes, of course! We didn’t know each other that well, so we had to learn about each other first! Old Ming, let’s teach him together, yeah?” Yu Yanglong said as he turned to Ming Yueqing immediately.

“Of course! I haven’t been this excited for a long time!” Ming Yueqing said excitedly. “Not only did he set a new record, but he also had a special ability! If I reject the chance to teach him now, I may regret it forever!” Ming Yueqing said solemnly.

The two of them were clearly more excited to teach Yi Tianyun himself. But it was expected as Yi Tianyun was like an ultimate treasure that wouldn’t be encountered twice!

Gu Yurong herself was still dumbfounded by the whole ordeal. She has been around Yi Tianyun for quite a while, but she never felt the two flames inside Yi Tianyun! She thought that Yi Tianyun was just a cocky human, but she finally realised that wasn’t the case!

“This is impossible! Two opposite flames? This is cheating!” A cultivator said on the side.

“What is so great about it? He was just lucky. It would be impossible for him to cultivate it further!” Another cultivator said mockingly.

Their tone was really harsh as they were cursing Yi Tianyun in the back. They hoped Yi Tianyun would fail, probably because of their own jealousy. However, they didn’t dare to speak in front of the elders as it would definitely upset them.

“Disciple, greet the two masters!” Yi Tianyun said with respect as he smiled. He had to earn the two masters’ respect, so he ought to respect them back. Furthermore, the two of them were his key to getting the resources around here, so he ought to be nice to both of them.

With the help of the two powerful Heaven Monarchs, it wouldn’t be hard to cultivate in this place. Although he could rely on killing monsters to level up, it wouldn’t be as efficient as cultivating with resources! The most troublesome thing right now was that he was unfamiliar with basically everything inside God’s Domain, so he had to familiarise himself first!

“Good!” The two masters said as they beckoned Yi Tianyun to follow them. “Let’s go inside and start working with your basic cultivation. Your Immortal Fire and Heavenly Yin Fire were still at the Mortal Domain’s level. The real God’s Domain level is Demon Fire Rank!” Yu Yanglong said as he opened his hands and conjured a flame. The flame wasn’t red but white, it was a white flame! The temperature in

the surrounding area immediately rose by a few hundred degrees. Hadn't the cultivation of the people around there was high enough, they would instantly combust!

White Flame Bone Fire: Rebirth Level High-Grade Flame. Belong to the Ten Great Demon Fire that would burn everything to ashes! Special Effect: Greatly Increase the chances of Smithing and Alchemy.

Rebirth Level Flame! The grade here was no longer limited to Heaven Level! Above Heaven Level, there was Rebirth Level, Heavenly Dao Level, Heavenly God Level, and Sovereign Level! It didn't apply solely to the Flame Rank but also to Weapon and Martial Arts.

"This is my flame." Ming Yueqing said as he opened his palm and conjured his flame. A blue flame appeared, and the surrounding area immediately began to freeze! Yi Tianyun didn't know how cold it was, but everything was starting to crystalize!

When the two opposite attribute flames grazed each other, a water layer appeared in between while the ground was smouldering with fire. These flames were still suppressed as they were just meant to be shown to Yi Tianyun. If it were for offensive purposes, Yi Tianyun wouldn't be able to withstand them!

Heaven Monarch Cultivation was really no joke!

Devouring Netherworld Serenity Fire: Rebirth Level High-Grade Flame, and belong to one of the Ten Great Demon Fire with the power to freeze everything to crystal. Special Effects: A substantial increase in Alchemy Success Rate.

Both Elders had one Demon Fire, and they were much stronger than Immortal Fire and the Heavenly Yin Fire. Even so, not even Immortal Fire and Heavenly Yin Fire were classified as Demon Fire. But Yi Tianyun didn't have to worry anymore as he knew that he could reinforce his flames and upgrade them to Demon Fire rank!

"I will listen to masters' explanation closely!" Yi Tianyun said excitedly.

Everyone was panicking as the fire was really something they should be careful about. Meanwhile, Gu Yurong clasped her hand and silently stood as she felt like being left out. Well, for all its worth, she was really ignored the entire time.

“Oh, right. Masters, this is my friend! I hope you can consider her too!” Yi Tianyun said as he grabbed Gu Yurong. He didn’t really know Gu Yurong, but she didn’t seem to despise humans. In fact, she even seemed to have a good impression of a Human Race, so it wouldn’t hurt to show her a little act of kindness.

Yu Yanglong and Ming Yueqing looked at Gu Yurong for a while and nodded. “Very well, the little girl could come along too. She could join our Core Palace. I believe she would produce a good result.” Yu Yanlong said with a smile on his face.

“Thank you very much, Elders!” Gu Yurong said as she was grateful for the offer. She came here to build up more strength, so she would be a fool for refusing this chance!

The other cultivators couldn’t help but envy them. Some of the woman cultivators even looked at Yi Tianyun full of hope. It might be easy for the man to be Yi Tianyun’s enemy, but it didn’t have to be that way for the woman. It would be great for them if they could get on Yi Tianyun’s good side.
