

Leveling 901

Chapter 901

Yi Tianyun and Gu Yurong immediately entered the Main Hall and saw several young people that immediately stood up and greeted the elders.

“Elder Yu, Elder Ming, the two of you don’t have to worry. The newcomers that just joined the Core Palace would immediately undergo the welcoming ceremony.” The young cultivator said solemnly. Their cultivation was quite decent as they were at Peak Star Monarch level or even at One Refinement Earth Monarch!

“Welcoming Ceremony?” Yi Tianyun asked confusedly. He noticed that almost all of the young cultivators in front of him were looking at him with a sneer on their faces. These people probably look down upon him just because he was a Human!

He looked all around, and as he expected, there was no Human in here! Even though the number of cultivators here was large, there was no Human at all! No wonder the discrimination on Human Race as there was no Human Race cultivator to be found here whatsoever.

In contrast, all these cultivators here had a unique bloodline that was far superior to any Human Race’s Bloodline. It was clear from their advanced cultivation as it was basically super strong already.

It was an expected result as Human Race couldn’t give birth to a strong cultivator right away. The Human Race child had to cultivate their own cultivation at their own paces, unlike other races that could immediately give birth to a strong cultivator! This was basically a handicap for Human Race!

“I almost forgot about this welcome ceremony!” Yu Yanglong said as he stroked his messy hair. “If you want to join the Core Palace, you have to pass the welcoming ceremony first! If your score is good enough to pass, then nothing happened! You will join the Core Palace as you intended. If you do great in the ceremony, you will receive some reward later, but if you fail, you will be punished!” Yu Yanglong said to Yi Tianyun solemnly.

“You can still take a break outside and take the Welcoming Ceremony later. No one here can force you to do anything!” Yu Yanglong said casually.

“Where do I start?” Yi Tianyun said respectfully. He noticed everyone’s the sly expression on almost everyone’s faces, so it was obvious to him that the Welcoming Ceremony wasn’t just another ceremony.

“The Welcoming Ceremony is a very simple matter. It is just a requirement for you to write your name at the Stone Tablet, and that’s it! This is a rule that has been implemented in Core Palace since a long time ago. Unless you leave Heavenly Edict Divine Territory or die, your name will always be there!” Yu Yanglong explained solemnly. He then pointed at the huge Stone Tablet on the side, but it wasn’t like any other Stone Tablet. It was more like a Wall instead!

Yi Tianyun looked at it and saw at least 10.000 names there. In other words, there were at least 10.000 disciples in the Core Palace right now. This ratio was really terrifying as it meant that 10.000 people at the very least withstood the Assessment Great Array for more than 6 days.

But still, it didn’t matter for Yi Tianyun.

“Nian Ciyu, it was the most glorious name in the top area.” Yu Yanglong said solemnly. Yi Tianyun looked at the top area and found Nian Ciyu in there.

“Nian Ciyu is the creator of the God’s Domain Baptism, a female Heaven Monarch that every woman cultivator aspires to be!” Gu Yurong said fanatically.

“Is this woman a strong cultivator?” Yi Tianyun said as he was surprised himself. He didn’t expect a woman would be a record holder of this place.

“Little Junior Brother, this is our welcome ceremony. The method is very simple, just engrave your name on the wall by using your Spiritual Force.” A cultivator said with a smile on his face.

“I heard that you withstand the Great Array for 14 days, that is incredible! You should be able to surpass Nian Ciyu. It would be rather laughable if you can’t after all!” another cultivator said with a smirk on his face.

Yi Tianyun now understood what these people were after. It was clear that they wanted to humiliate Yi Tianyun here if he couldn’t surpass Nian Ciyu’s name. However, Yi Tianyun already knew that these

cultivators wouldn't simply respect him even though he was Yu Yanglong's disciple. The negative favourability was the reason for all this.

"Sure, I am not gonna hold back." Yi Tianyun said with a smile on his face. This guy wanted to prove that Yi Tianyun was just a joke of a cultivator, and he would never surpass Nian Ciyu! It would save their pride as they didn't want a Human Race surpassing them.

"This is long enough. Let's proceed with the Welcoming Ceremony! But remember, if you engrave your name too low, you would be receiving punishment, but the punishment itself isn't that hard. You simply have to take care of the Spirit Medicine in the mountainside for three years." Yu Yanglong said as he drew a line about a meter high, marking the lowest threshold to avoid the punishment.

Yu Yanglong himself knew what these cultivators were after, but he didn't stop them, for he thought a little competition would be a good thing. But as long as there was no form of cheating or interference, they would handle it themselves.

"So, that's how it's gonna be, huh? Interesting!" Yi Tianyun smiled. The welcoming ceremony wasn't as hard as he thought!

Chapter 902

"So, who will go first? Will it be Junior Brother, or is it the Junior Sister?" A cultivator said as his eyes were looking straight at Yi Tianyun and Gu Yurong. The cultivator that guided both Yi Tianyun and Gu Yurong this time was a man called Zhou Runjie. He always smiled in front of them both, but there was no telling what he was really thinking.

"I will go first." Gu Yurong stood up. She has been silent so far, but there was no reason for her to remain observant any longer. Her reason for doing this was to prove herself and make sure that the others noticed her too! She knew that Yi Tianyun's ray was too dazzling, and she wouldn't be able to compete with him.

"Then come right here, Junior Sister." Zhou Renjie said as he called Gu Yurong to come over. This Welcoming Ceremony wasn't only to test the cultivator's Spiritual Force but also to let everyone know about your identity. It was like a self-introduction with a chance to prove themselves! The Spiritual Force itself was basically the strength of the soul, which would determine the cultivator's capability in the future!

Spiritual Force could also be cultivated, but it was the hardest to cultivate! Testing one's Spiritual Force was the best way to see a cultivator's worth!

Gu Yurong walked to the wall, and once she stood in front of it, she closed her eyes. An invisible power arose from her body, and the wall began to glow faintly. The light on the wall climbed through the names on the wall really fast, but after passing the line that Yu Yanglong created, the light slowed down significantly.

It was a sign that the difficulty had increased. It was hard for Gu Yurong to make the light keep climbing up. Gu Yurong has exerted her power to pass the line Yu Yanglong created earlier, but it was fine! She could just climb the wall slowly.

She slowly traversed double the distance she ought to pass from being punished! She bypassed so many names and achieved a good result. To put it simply, if her names went up, she would be evaluated higher by others!

But still, her name was still far away from Nian Ciyu! Even so, she didn't have to compare herself with Nian Ciyu. At the very least, she already left thousands of names in the dust! Moreover, she hasn't completely stopped, as her name still crept up slowly!

Yu Yanglong nodded his head as he looked at Gu Yurong as he saw that Gu Yurong had room to grow! But still, Yu Yanglong noticed that Gu Yurong was trying harder than it looked!

"Junior Sister, I suggest that you engrave your name within your limit. If you continue to go up, I am afraid it would be hard for you to engrave the letters of your name later!" Zhou Runjie said kindly.

He didn't say anything to Yi Tianyun, but he seemed to care about Gu Yurong. Now Yi Tianyun realised that Zhou Renjie might not be that kind! Gu Yurong didn't say anything as she kept channeling her energy to the wall.

She wasn't obliged to heed Zhou Runjie's word and kept going. She wanted to leave her name in a higher place as she would receive better treatment here if she could just prove herself worthy! Especially with the two elders watching her!

Yi Tianyun looked at Gu Yurong expectantly. He loved how a cultivator did their best for their own future. It was always what he strived for in his own life! You'll get better treatment as long as you prove yourself!

The Spiritual Force of Gu Yurong kept creeping up the wall, leaving only a few hundred names for her to overtake, which meant she was already in the top 1.000! It was no ordinary feat. She only lasted for 7 days inside the Great Array, but she reached a height that not many cultivators could reach in the Welcoming Ceremony.

A lot of Core Palace's disciples had their name in between 2 or 3 meters high, but Gu Yurong could reach the 4-meter high with a considerable effort! Everyone that saw Gu Yurong would never expect her to have this much potential!

Eventually, she began engraving her own name on the wall. She engraved it slowly, but it seemed there was nothing to worry about as she finished it without a hitch! But Yi Tianyun noticed that it required a lot more effort from Gu Yurong when she engraved her name.

As soon as Gu Yurong finished engraving her name on the wall, she collapsed. She sat on the ground while sweating excessively. It was just like she was under the water for some while. Even so, her situation wasn't so bad! Despite the arduous task that left her faint, she succeeded; and the reward was more than worth the exhaustion.

"Junior Sister Gu, are you alright?" Zhou Runjie said worriedly.

"I am alright. My Spiritual Force looks pretty good, right?" Gu Yurong said proudly. In fact, everyone else immediately applauded her as she performed well.

"Yes, it's very good indeed! If you work harder in the future, I am sure that you will reach a greater height in the future!" Ming Yueqing said as he smiled at Gu Yurong.

"Thank you very much for your praise, Elder Ming!" Gu Yurong said as she stood up and bowed respectfully to both elders. She had to show her capability to stand firm in the Core Palace, and things went according to her plan!

She then walked back towards Yi Tianyun and rested on the corner. She nodded at Yi Tianyun, indicating that Yi Tianyun should go next.

This time, all eyes were on Yi Tianyun. They wanted to see how Yi Tianyun would break Nian Ciyu's record. It was as high as 12 meters on the wall, which was a meter higher than the second-highest name on the wall!

Yi Tianyun smiled a little as he knew that he could do better. After all, controlling Spiritual Force was his forte as a Creator Rank Divine Rune Master! He knew that it was collectively referred to as God Rune Master now, but still, he was better than any of the people in this room regarding that matter!

Chapter 903

Yi Tianyun thought that Nian Ciyu could achieve such an amazing result because she probably was a strong Divine Rune Master herself. Meanwhile, Yi Tianyun has reached the peak of Divine Rune progress in the Mortal Domain and was now eligible to be called God Rune Master! Now in God's Domain, God Rune Master wasn't the highest rank, but he should be able to reach it eventually.

A God Rune Master would be able to leave a deep mark on a Spiritual Wall like this, which was why Yi Tianyun thought that Nian Ciyu was a God Rune Master herself! If she weren't a God Rune Master, she would have a hard time doing something like this. In fact, there was a high chance that she would fail! Although it wasn't impossible that Nian Ciyu was someone with a strong Spiritual Force from birth, it was very unlikely!

As Yi Tianyun walked towards the wall, an argument was instantly heard behind him.

"I dare to say that he wouldn't be able to surpass Senior Sister!" A cultivator said confidently.

"I think so too. Someone has even withstood the Great Array for nine days before. Most people may think that he would be able to get close to Senior Sister's name due to his feat, but I don't think that will be the case!" another cultivator said confidently.

"Yes, it's a real power to have a name engraved that high!" another cultivator pitched in.

They all thought that there was no way Yi Tianyun would surpass Nian Ciyu, so they were watching Yi Tianyun with disdain as they were eager to see Yi Tianyun fail. It didn't matter how high Yi Tianyun could engrave his name, but as long as it was lower than Nian Ciyu's, they would laugh at Yi Tianyun and humiliate him.

It would at least prove to the cultivators that withstanding the Great Array for 14 days didn't vouch for an adequate Innate Ability! Although it still meant that Yi Tianyun was stronger than them, it would at least put them at ease knowing that Yi Tianyun was still not the strongest!

"I don't know anything about his Spiritual Force, but I don't think he's that bad. Then again, it certainly would be tough if he wants to surpass Nian Ciyu." Yu Yanglong said with a smile on his face.

"I think so too! He can control both types of flames with ease, so it's a given if he has a pretty good Spiritual Force, but the problem is that Nian Ciyu was too strong! She was definitely one of our Heavenly Edict Divine Territory's strongest cultivators!" Ming Yueqing said while nodding his head.

The Elders also thought that Yi Tianyun wouldn't be able to surpass Nian Ciyu as they've already witnessed how powerful Nian Ciyu was.

Obviously, Yi Tianyun heard all of it but choose to ignore it as he looked at the top of the wall. The character that made up Nian Ciyu's name sat on the top of the wall. Obviously, the letter itself wasn't big, but it was readable from the bottom. Now, Yi Tianyun prepared himself to engrave neater writing on the wall and higher than Nian Ciyu's!

Yi Tianyun then channelled his Spiritual Force into the wall, and suddenly, the wall started to tremble. His overbearing Spiritual Force seemed to be sprung to the top like a lightning bolt! It climbed to the 5 meters height and surpassed Gu Yurong with ease, but it didn't seem to be slowing down any time soon!

Yi Tianyun's Spiritual Force kept climbing the wall and now has reached 8 meters high. Yi Tianyun could feel that the wall was resisting his power, but still, it was like smashing into paper, it wasn't hard at all! In a short amount of time, Yi Tianyun has reached the 12 meters mark, the same level as Nian Ciyu herself!

Then, he surpassed Nian Ciyu's name and carved his name on the top of Nian Ciyu's name with a big character of 'Yi Tianyun'!

The entire process didn't even take a minute! Meanwhile, Gu Yurong only managed to engrave her name on the 5-meter mark, and even that took a few minutes.

Everyone was startled as they saw how easy it was for Yi Tianyun to engrave his name above Nian Ciyu's name! This was impossible in their eyes as they had never seen something like this ever happen! Did it mean Yi Tianyun's capability was higher than Nian Ciyu? But certainly, it was too easy for Yi Tianyun to achieve such a heaven-breaking record!

Even the Two Elders were in shock! Yi Tianyun would be an amazing cultivator in the future! Yi Tianyun easily surpassed Nian Ciyu and engraved a big letter for his name! This was the first time in Heaven Edict Divine Territory's history that something like this had happened!

Now, everyone began to wonder whether Yi Tianyun would be able to surpass Nian Ciyu's cultivation! If Yi Tianyun really had higher potential than Nian Ciyu, then it wouldn't be that hard for Yi Tianyun to achieve such a thing!

"Two masters, is my performance any good?" Yi Tianyun asked the two elders with a smile.

"Good? It's very good. In fact, it was really amusing!" Yu Yanglong answered with a flustered expression. They were excited to teach Yi Tianyun what they knew as Yi Tianyun would be a great asset to Heavenly Edict Divine Territory in the future! Even if Yi Tianyun would become stronger than them, it wasn't a problem at all!

Meanwhile, Gu Yurong definitely had mixed feelings because of this. Everyone had already forgotten about her, but luckily for her, she engraved her name before Yi Tianyun as no one would pay any attention to her if she went after Yi Tianyun!

She would be forced to stare at Yi Tianyun's name! a glorious name on top of everyone else's name, and it was much bigger than anyone else!

At the same time, Zhou Runjie's face was filled with a frown as he thought that Yi Tianyun would become a mockery of the entire Core Palace, but instead, Yi Tianyun took the limelight for himself and shocked the entire Core Palace cultivator!

He already broke the record by withstanding the Great Array for 14 days, and now, he also broke the record for the highest name in the Welcoming Ceremony Wall?? This was all too good to be true, but the proof was there in front of him! There was nothing else he could say about this!

Chapter 904

Now, no one dared to mock Yi Tianyun! His name has been engraved the highest on the wall. The gap between them was too big to cross! They thought that Yi Tianyun wouldn't be able to surpass Nian Ciyu, but it turned out it was too easy for Yi Tianyun!

Even more amazing, Yi Tianyun just took a little time to do so! It was so fast that everyone wasn't really sure what they had witnessed!

"What about my performance, Senior Brother? Did I do a good job?" Yi Tianyun said as he looked at Zhou Runjie.

"It was amazing!" Zhou Runjie said meekly. He planned to humiliate Yi Tianyun through his performance, but he couldn't be more mistaken! Now, he was at a loss for words.

"Now, is there anything else I need to do? Or should we proceed, Masters?" Yi Tianyun said as he turned his attention back to the Two Masters. He didn't want to linger around these people as it was better for him to cultivate than wasting his time with them!

"No, let's go!" The Two Elders smiled as they walked in with Yi Tianyun!

"Come on." Yi Tianyun patted Gu Yurong's shoulder and beckoned her. Gu Yurong was shocked that Yi Tianyun still cared about her, so she followed him, leaving the cultivators around them.

"Senior Brother Zhou, that brat's level is too high! He would prance over us in the future!" A cultivator said urgently to Zhou Runjie as soon as Yi Tianyun and the Two Masters had left.

“How is this possible! But I don’t think he would be equally powerful in battle! Let’s find a time to challenge him later, slap him around, and knock some decency to his thick skull! I refuse to believe that a human is even a decent cultivator!” Zhou Runjie said angrily.

“Okay, I will pressure him as he stays in the Core Palace!” another cultivator said confidently. They also don’t believe that a Human Race would be powerful enough to win against them. Furthermore, they don’t want to be under a human’s mercy later in the future!

But still, the fact that Yi Tianyun was way beyond their strength was obvious in front of them! They had to find a way to deal with him as soon as possible! Some of the cultivators had a sinister expression on their faces, while the others didn’t join in. After all, not all of them were disgusted by Human Race. Some were neutral, while some even had a good impression about the Human Race!

The Two Elders entered the Hall with Yi Tianyun and Gu Yurong. They passed through a layer of passage and even took a Teleportation Array before entering the Elder’s Great Palace! The Elder’s Great Palace was built specifically for Yu Yanglong and Ming Yueqing and dedicated for them.

Yi Tianyun saw a lot of cultivators along the way. There were some that were obviously at their level, and some were even already at Deacon Rank, but that was not all! There were some low-level cultivators that were responsible for cleaning, tending the flowers, and the likes here. This city itself was a whole planet, so it was normal to see thousands of cultivators here doing a lot of things, including labor stuff!

“So this is Elder’s Great Palace. The nameplate is really big!” Yi Tianyun said as he saw the nameplate on top of a wall. But that was not the only thing that impressed Yi Tianyun. He noticed a great array in this place that constantly absorbed Star Energy and channelled them to the entire hall.

Therefore, the Star Energy inside this place was the most potent! The intensity of Star Energy in other places was pretty good as well, but certainly nowhere as good as this place! If Yi Tianyun had to compare this place to the Three Realms, the Three Realms wouldn’t come close to the intensity of energy inside this place!

Yi Tianyun also saw the Divine Rune on the top of the wall. It was completely different and more complex. No wonder Evil Spirit Race looked down upon the Three Realms’ Divine Rune as it was a very basic Divine Rune!

“I have to be at least a 3rd Grade God Rune Master before I can engrave this kind of Divine Rune!” Yi Tianyun said to himself.

With the Two Elders leading the way, they entered the Elder Great Palace. It was divided into three passages. One side was very hot while the other was very cold! There was no doubt in Yi Tianyun’s mind that the hot one on the left led to Yu Yanglong’s area while the cold one on the right led to Ming Yueqing’s area.

The temperature in the middle passage was normal, so they took Yi Tianyun to the middle passage first. Inside, Yi Tianyun noticed that there was nothing in there. But Yi Tianyun also realised that the Divine Rune here was way more powerful than the ones outside.

“This is where we usually learn from each other. It makes a good friendly competition from time to time.” Yu Yanglong said as he explained the room.

“So, this is the Martial Arts Training Field?” Yi Tianyun said as he nodded his head in understanding. If that were the case, there is no wonder why there were so many reinforcements to this room. Two Heaven Monarch’s friendly match was bound to cause destruction under normal circumstances. If this place was poorly reinforced, the entire Core Palace could be in danger from the Two Elders’ spar!

“Yeah, it is that kind of place.” Yu Yanglong said with a smile on his face. “Now, what would you like to do first? Do you feel like starting right away?” Yu Yanglong asked curiously. He was already eager to teach Yi Tianyun, and the same could also be said to Ming Yueqing. They just wanted to teach Yi Tianyun right away.

“Of course, master! We can start right away!” Yi Tianyun said as he didn’t have to do anything else. He had enough rest earlier, and he was in tip-top shape right now.

“That’s the energy we want!” Yu Yanglong said with a smile on his face before turning his attention towards Gu Yurong. “Little girl, you stay on the side and observe for a while. If you feel anything from any kind of flames, you can tell us and try it for yourself! Let’s use this opportunity to know about yourself.” Yu Yanglong said excitedly.

“Thank you very much, Elder!” Gu Yurong said happily. In fact, she almost cried from happiness! She got a chance to cultivate a special fire, and now it was up to her to see if she had any affinity with one of them!

Chapter 905

Yi Tianyun looked at Gu Yurong and nodded a little encouragingly. Yi Tianyun treated Gu Yurong this way simply out of respect as Yi Tianyun saw a girl that worked hard to achieve her goal. Yi Tianyun helped Gu Yurong mainly because she didn't look down upon him just because he was a Human! Furthermore, Yi Tianyun himself saw a bright future ahead of Gu Yurong herself!

Yu Yanglong and Ming Yueqing immediately called Yi Tianyun. “Now, would you like to feel our flame for yourself first?” Yu Yanglong said solemnly. He knew that he had to teach Yi Tianyun step by step as Yi Tianyun wouldn't be able to process both flames at the same time. Although it seemed Yi Tianyun was a very experienced flame user, they still had to be cautious!

“I am ready, Master Yu!” Yi Tianyun said as he nodded his head to Yu Yanglong. He wanted to prioritise the training from Yu Yanglong first. After all, he could use the Immortal Fire from the start, and it was relatively stronger than the Heavenly Yin Fire.

“Let us start immediately!” Yu Yanglong said as he gently opened his palm, and the small flame appeared on the palm of his hand. “This is the origin of the White Flame Bone Fire. You have three chances to master it, but if you fail, you will have to wait a few years before you can try again.” Yu Yanglong explained.

The Origin of Flame could be absorbed into the body as a way to cultivate it in a new cultivator. However, it wasn't an easy feat to do such a thing as the cultivator of the flame couldn't pull their Origin Flame easily! If it were pulled forcefully, the cultivator could be burned to death from the backlash of the fire!

This was the most traditional way to transfer Flames to a disciple. Even so, the failure rate was quite high. However, White Flame Bone Fire was not a simple fire! Yu Yanglong had spent a lot of effort cultivating this flame from when he was young!

He could transfer the Origin Fire into a new disciple, but he couldn't do it so often. It was the same as transferring some of his Blood Essence to strengthen his disciple! This was also the reason why Yi

Tianyun only had three chances to master this flame as it would be too much for Yu Yanglong to recover beyond three times!

“Alright, I understand, Master!” Yi Tianyun nodded in agreement. Yu Yanglong immediately pushed the White Flame Bone Fire on his hand towards Yi Tianyun’s body. As the White Flame Bone Fire got closer to Yi Tianyun’s body, the Immortal Fire suddenly emerged from within Yi Tianyun’s body and enveloped the White Flame Bone Fire before quickly infusing itself back to the body.

‘DING!’

‘White Flame Bone Fire detected, Absorb it as your own flame?’

The system immediately did its things, and now, it asked for Yi Tianyun’s agreement. Surely, Yi Tianyun immediately agreed with it!

‘DING!’

‘Successfully obtained White Flame Bone Fire in Heaven Level Lower Grade!’

‘Level up requires 3 million Mastery Point.’

It was really easy to absorb all the flames and make it his own, but sadly, the Grade was a little bit low! But it was understandable that Yu Yanglong wouldn’t be able to transfer the flame in his Grade over to Yi Tianyun as he didn’t know Yi Tianyun’s capability. He was afraid that he would kill Yi Tianyun if he pulled out the strongest Origin Fire he had.

“It’s so easy!” Yi Tianyun said to himself as he didn’t expect that he would be able to get the new fire from Yu Yanglong in just one try! It was definitely better than Immortal Fire as it has stopped developing, but the White Flame Bone Fire still had room to grow!

“Is it a failure?” Yu Yanglong asked as he noticed that Yi Tianyun didn’t say anything. “Don’t be discouraged. Failure is normal! After all, the flame isn’t easy to master! I already did the same thing to several disciples before, but none of them succeeded!” Yu Yanglong said with a sigh.

“Master Yu, are you talking about this?” Yi Tianyun said as he smiled and opened his palm, and the White Flame Bone Fire immediately appeared on his palm according to his will. It was far weaker than Yu Yanglong’s fire right now, but surely, Yi Tianyun absorbed it just fine!

“What?! How did you do it?” Yu Yanglong gasped. He was shocked as he had never heard anyone successfully absorb a new flame on their first try! Yi Tianyun was truly a genius among the geniuses!

Gu Yurong, too, was dumbfounded by the scene in front of her! This day is full of shock!

“Is it time for me to learn from Master Ming? I want to see if I can absorb Devouring Netherworld Serenity Fire myself!” Yi Tianyun said with a smile on his face. The two masters immediately calmed themselves down as they heard Yi Tianyun’s word.

“Sure, it is my turn now! My flame is at the same level as White Flame Bone Fire, but it was a little bit advanced in technique, so the difficulties of absorbing it would be slightly higher. Now, don’t beat yourself too hard as you can always try again later!” Ming Yueqing said as he reached out and pulled out the Devouring Netherworld Serenity Fire. The cold immediately enveloped all around the room. It belonged to the same Grade as the White Flame Bone Fire earlier, but the power was completely different!

In the Demon Fire Ranking, White Flame Bone Fire was Rank 8th, while the Devouring Netherworld Serenity Fire was Rank 7th! This was why it would be harder to learn Devouring Netherworld Serenity Fire than White Flame Bone Fire! But even if the Devouring Netherworld Serenity Fire was one rank higher, it wouldn’t get the upper hand in the fight against the White Flame Bone Fire!

‘DING!’

‘Devouring Netherworld Serenity Fire detected, Absorb it as your own flame?’

But unlike with the White Flame Bone Fire earlier, Yi Tianyun rejected the system’s offer this time! The Devouring Netherworld Serenity Fire was immediately put into his Item Column, which meant that he could absorb it as his own flame whenever he wanted!

“This time, it’s a failure!” Yi Tianyun said after a while. He did this just because he didn’t want the two elders and Gu Yurong to question how he could absorb the flames so easily!

“It’s okay. You should take your time!” Ming Yueqing consoled. “After all, Devouring Netherworld Serenity Fire is harder to master!” Ming Yueqing said with a smile on his face.

“Elder Ming, are you saying that my flame is way worse than yours?” Yu Yanglong said as he frowned from the indirect mocking of Ming Yueqing.

“Well, judging from what we just saw, it’s already proven, isn’t it?” Ming Yueqing said with a smirk on his face.

“Great! Then you don’t mind to see which one of our fire is stronger, right?” Yu Yanglong said as he walked closer to Ming Yueqing.

“Of course not!” Ming Yueqing said as he rolled his sleeves and prepared for a match with Yu Yanglong.

“Two masters! It wasn’t because it was a higher rank or not! It was simply because I already absorbed White Flame Bone Fire earlier! It seems my body had to adjust to it for a little while!” Yi Tianyun said as he persuaded the Two Elders with the reason he made up

At least the Two Elders would stop fighting!

Chapter 906

After Yi Tianyun’s persuasion, the two elders didn’t make a fuss anymore. What Yi Tianyun said did make sense. After he successfully absorbed the White Flame Bone Fire, it would be difficult to absorb a new flame right away! In other words, if Yi Tianyun absorbed the Devouring Netherworld Serenity Fire first, he’d fail to absorb the White Flame Bone Fire after! It was the reason both Elders stopped arguing with each other.

“Would you like to try controlling the White Flame Bone Fire first? Maybe you can try to absorb my Devouring Netherworld Serenity Fire after that.” Ming Yueqing asked.

“There is no need for that, master. I can try it right now. If it still ends in a failure, then I will save it for later.” Yi Tianyun said with a smile on his face. He just wanted to see what would happen if he got another Devouring Netherworld Serenity Fire while he already had one in his inventory.

“Sure!” Ming Yueqing said as he bring out his Fire Essence once more.

‘DING!’

‘Successfully absorbed Devouring Netherworld Serenity Fire!’

This time, Yi Tianyun absorbed it and bring out Devouring Netherworld Serenity Fire, showing both elders that he could absorb the fire just fine this time! Clearly, everyone was surprised that Yi Tianyun really succeeded this time!

This was the first time they saw a cultivator successfully absorb 2 polar opposite fires at almost the same time! There were even so many cultivators that tried to absorb one fire but never succeeded, but Yi Tianyun was clearly a genius among geniuses!

Clearly, everyone would be even more impressed if Yi Tianyun successfully absorbed the Devouring Netherworld Serenity Fire the first time, but he didn’t want to be deemed something he wasn’t! He deliberately failed in front of everyone once to make them think that he was not so omnipotent!

“This is terrifying! The two flames could be mastered at the same time!” Yu Yanglong said with his mouth wide open. The scene in front of him right now was too shocking for him to process that he didn’t know how to react!

“Try to bring out both flames together. Can you do it?” Yu Yanglong asked as he collected himself.

“Alright, I will try.” Yi Tianyun said as he brought out the two flames next to each other. As soon as he did so, there was no negative reaction whatsoever. Of course, for Yi Tianyun himself, this wasn’t something hard to do. He simply didn’t want to scare anyone, nor did he want to be judged as a show-off by anyone!

“This is insane! You are the first in history to master both extreme flames at the same time! This must be reported to the Territory Lord!” Yu Yanglong and Ming Yueqing said at the same time, clearly unable to contain their excitement. Yi Tianyun just proved himself to be worth training as a Super Genius!

“We have to inform the Territory Lord about you. I bet that he would be extremely happy! I didn’t expect our Heavenly Edict Divine Territory would score a super genius like you! This time our Heavenly Edict Divine Territory would absolutely enter the Top Ten Rank in God’s Domain! We will show off our power in God’s Domain War of Ascencion!” Ming Yueqing said excitedly.

“God’s Domain War of Ascencion?” Yi Tianyun asked as he had never heard about it before.

“Yes, that is correct! Our Core Palace would bring the best reputation for Heavenly Edict Divine Territory, but I will tell you about it in detail later! After all, it will be held in the distant future!” Ming Yueqing said excitedly. “Now, it is your turn, girl! Have you felt anything from both fires? What did you want to try first?” Ming Yueqing said as he turned his attention to Gu Yurong.

Yu Yanglong also turned his attention to Gu Yurong as they never forgot about Gu Yurong in the first place.

“I want to try to absorb Devouring Netherworld Serenity Fire, master! My bloodline is Ice Dragon Bloodline, so it has a cold attribute! Devouring Netherworld Serenity Fire seems like a perfect fire for me to master!” Gu Yurong said confidently.

“Ice Dragon Bloodline? That indeed has the best affinity with my flame!” Ming Yueqing then assessed Gu Yurong’s physique before thinking for a while. “I can give you two chances to absorb the flame. There’s no need to be nervous!” Ming Yueqing said with a smile on his face.

“Master, are you okay with giving me two chances? Didn’t you already bring out your Flame Essence twice?” Gu Yurong asked worriedly.

“It doesn’t matter. I am in a very good mood today! I can always rest to recover later, it’s not a big deal at all!” Ming Yueqing said happily. Ming Yueqing and Yu Yanglong thought that Gu Yurong was Yi Tianyun’s woman, so they planned to give her the best treatment to earn a little bit extra credit to secure Yi Tianyun for themselves.

“Just do what master told you to do.” Yi Tianyun said as he patted Gu Yurong’s shoulder encouragingly. Gu Yurong nodded and sighed before bringing herself forward. She immediately accepted the Devouring Netherworld Serenity Fire that Ming Yueqing has brought out and tried to absorb it immediately! Her body immediately glowed in a faint blue light as the bloodline on her body began to light up.

Gu Yurong suddenly floated in the air, and the Icy Fire began to circulate on her body faster than on Yi Tianyun earlier.

“She has the Ice Dragon Bloodline and Ice Holy Body!” Ming Yueqing said in shock.

“What is an Ice Holy Body?” Yi Tianyun asked curiously. He wondered if Shi Xueyun also had it.

But their attention turned towards Gu Yurong once more as this time, Devouring Netherworld Serenity Fire rose from Gu Yurong’s body and enveloped her body before chilling the entire room! It was fairly unexpected to encounter one cultivator disciple that could absorb the extreme fire on their first try, but to encounter two of them at the same time? The day couldn’t be more shocking!

“What luck do we have today? A cultivator that can master both extreme fires and another cultivator that could absorb the flame in her first try?” Yu Yanglong and Ming Yueqing said at the same time. This was the first time they had seen something like this. They didn’t even know if there was any cultivator that could be this lucky!

“I have Ice Holy Body?” Gu Yurong said in surprise. She didn’t know anything about Ice Holy Body, but she knew that it had to be something amazing!

“Congratulation!” Yi Tianyun said with a big smile on his face.

“Thank you very much! I wouldn’t be able to do it without you!” Gu Yurong said as she started crying out of happiness.

“No, it was all your own doing! I didn’t even do anything to help.” Yi Tianyun said casually.

“You brat! Stop flirting in front of us! Ming Yueqing said, interrupting Yi Tianyun’s conversation.

“You misunderstand something, Elders! She and I are just an acquaintance! She isn’t my woman at all!” Yi Tianyun said helplessly.

“You aren’t together?” Yu Yanglong said confusedly.

Chapter 907

Yi Tianyun was a little bit put off by their misunderstanding, but as he saw Gu Yurong didn’t think much about it, he could just ignore it for now. Gu Yurong then wiped her tears away and remained silent as she didn’t know what to say to the whole ordeal.

“It doesn’t matter. Anyway, would you like to be my disciple?” Ming Yueqing said to ease the atmosphere a little bit.

“I’d like to, thank you very much, Master!” Gu Yurong said without hesitation. She was excited that she could become a disciple of a strong master as soon as she entered the Core Palace! She knew she was much more fortunate than other cultivators who came to Heavenly Edict Divine Territory as they usually struggled to prove themselves to be accepted to become a disciple of the Elders!

Ming Yueqing might not be the strongest Elders in Heavenly Edict Divine Territory, but he was close to being the strongest!

“Great!” Ming Yueqing said with a big smile on his face. He then took out a treasure from his storage and handed it over to Gu Yurong. It was a High-Grade Divine Tool, but that was not all! Ming Yueqing also took out another thing to give to Gu Yurong. “This is my gift for our meeting, a Secret Art Token!” Ming Yueqing said with a smile.

“Elder Ming, you have accepted her as your disciple, now Yi Tianyun has to be my disciple, right? We got one person each?” Yu Yanglong said with a smirk on his face!

“Shut up! He has both flames, which means he isn’t yours alone!” Ming Yueqing said annoyedly. Ming Yueqing then took out another Selecting Secret Art Token and a High-Grade Divine Tool before handing it over to Yi Tianyun. “This is my gift as your master. At first, I wanted to give you a Rebirth Rank

Weapon, but this is better for you now. It might be better for you to search for a more suitable weapon for yourself.” Ming Yueqing said to Yi Tianyun excitedly.

“Yes, as your master, this is the least we can do.” Yu Yanglong said as he also gave a Secret Art Token and a High-Grade Divine Tool to Yi Tianyun.

“Yes, the teacher will also give you a face-to-face ceremony.” Yu Yanglong naturally refused to fall behind and also gave him the Selecting Secret Art Token and a High-Grade Divine Tool. Yi Tianyun was grateful for the gift. Although the gift wasn’t as good as a Rebirth Rank Weapon, it was a great gift nonetheless!

Now, Yi Tianyun had three Selecting Secret Art Tokens!

Gu Yurong envied Yi Tianyun as he got two rewards instead of one. However, she couldn’t say that it was unfair either! After all, she managed to get this far because of Yi Tianyun, and she knew that she had to be grateful for that. If she told her family what happened today, there is no doubt that her family would be ecstatic about it!

“Now, you have two Selecting Secret Art Tokens. With that said, you should try choosing a Secret Art later. We hope that you could choose a Secret Art that is appropriate for your own use and efficient for your cultivation!” Yu Yanglong said with a smile on his face. “Now, you are free to rest! Someone will fix a room for you, so just wait in the meantime until it’s ready.” He said excitedly.

Then Yu Yanglong and Ming Yueqing immediately left, probably to inform the Territory Lord about Yi Tianyun and Gu Yurong!

Now, Yi Tianyun and Gu Yurong were the only ones left. “Senior Brother Yi, thank you very much for your help! If it weren’t for you, I wouldn’t get this opportunity! I shall never forget your kindness! If you need anything from me in the future, I will definitely do anything in my power to help!” Gu Yurong said honestly. Her tone was full of gratitude and power.

“That’s alright! For now, let’s just rest and get a little bit more familiar with the flames!” Yi Tianyun said with a smile on his face. He didn’t think much of what he had done as Gu Yurong achieved all of that with her own skill. It was true that Yi Tianyun was the one giving her the opportunity, but if she wasn’t capable herself, there was nothing Yi Tianyun could do either.

The Guards soon came to the hall and led them to their respective rooms. Their rooms were in the Elder Great Palace, which meant that they lived at the same site as the Elders! The treatment for them was obviously much better than the Core Disciple outside.

“This place is pretty awesome! No wonder the cultivators outside were looking at me weirdly before!” Yi Tianyun said to himself as he entered his room. There was a small personal courtyard at the back of his room. The trees in the courtyard weren’t normal trees either. All of them were Grade 6 Spirit Tree that could produce a condensed Star Energy!

Obviously, Yi Tianyun has never seen this many Spirit Tree grew close to each other. He had seen Spirit Tree before in the Three Realms, but it was only one at a certain place! Furthermore, he also saw 7th Grade Spirit Grass growing in many patches inside the personal courtyard! This place was very suitable for those who wanted to cultivate efficiently!

It was clear that God’s Domain could offer so much better resources for him!

But it was a shame that Yi Tianyun didn’t really need these Spirit Trees anymore. His cultivation was a lot stronger now that the Exp he got from converting the Spiritual Energy from the Spirit Trees wouldn’t be enough!

Now, instead of finding a place to cultivate, Yi Tianyun choose to open his prize first! He didn’t have a proper chance to draw a prize from his roulette until now, and he plnned to use everything he had saved for now.

“Draw Lottery Roulette!” Yi Tianyun said, and immediately the Lottery Roulette appeared in front of him. He activated his Lucky Aura and tried his luck right away. The first try stopped on the Consumables! Yi Tianyun wasn’t entirely disappointed by this turn of events as he was quite sure that Consumables wasn’t that bad.

He reached out for the wooden box that came out of the roulette and opened it immediately! He got another Teleportation God Stone out of it! “Yes, this is truly a good thing!” Yi Tianyun smiled to himself as Teleportation God Stone was a good item.

Yi Tianyun then span the roulette again, and it stopped on Consumables once again.

“How did I get two consumables in a row!” Yi Tianyun said as he was annoyed by his own luck. “Well, I hope it’s something good!” Yi Tianyun said as he opened the wooden box again. This time, he got a X100 Exp Card!

“This is alright!” Yi Tianyun said with a shrug. He knew that this Lottery roulette didn’t have much to offer anyway. The one that mattered right now was the God’s Domain Lottery Roulette!

Chapter 908

“It’s time to use the God Domain Lottery Roulette!” Yi Tianyun said as he used the Lottery Ticket immediately. It was no different than the previous Lottery Roulette at all! It was a little bit weird, but that wasn’t what mattered here. The point of the roulette was that he would be able to score some good stuff with it. Now the God Domain Lottery Roulette would be able to give a Rebirth Rank equipment and martial arts!

“Give me something good!” Yi Tianyun said as he spun the roulette immediately. He wished he could pass on the consumables here as he wanted a new powerful Divine Ability. It was the most helpful thing that he could get this early in God’s Domain.

Yi Tianyun hadn’t been this excited for a long time! As if hearing his excitement, the roulette stopped right on the Divine Ability section.

“Awesome!” Yi Tianyun said as he was super excited that his luck didn’t fail him for once. As the item box fell from the roulette, Yi Tianyun immediately opened it. Unlike the wooden box he got so far, he got a crystal box this time! However, the box itself wasn’t what mattered! It would disappear as soon as he opened it anyway.

“I can’t wait to see what Divine Ability I get!” Yi Tianyun said as he opened the crystal box.

‘DING!’

‘Congratulation on getting Divine Ability Stealth!’

“What, a stealth?” Yi Tianyun said as he was surprised to get a stealth Divine Ability. He already had one, if he wasn’t mistaken. He immediately checked the Divine Ability column on his status and saw that he indeed already had the Stealth Divine Ability, but the one he got just now had a higher rank.

‘Stealth Divine Ability: Completely conceal the user’s appearance from anyone’s eyes. Last for 30 minutes, cooldown 30 minutes! Guaranteed to make the user invisible from at least the 5th Layer Heaven Monarch Rank!

His old Stealth ability was immediately replaced by the new Stealth Divine Ability, and with this, no one below the 5th Layer Heavenly Monarch Rank would be able to notice his presence once he used it. Overall, it wasn’t a loss, but it was still a little bit disappointing.

“It seems that I can get the same Divine Ability that I got before, and here I thought that it will always be a new one!” Yi Tianyun said as he shook his head dejectedly. His excitement was gone, like he was being sprayed by cold water! However, he didn’t lose hope for getting a good Divine Ability. He just had to wait for the next ticket to draw again!

After that, Yi Tianyun began sorting out his inventory. He sold items that he didn’t need anymore, like Martial Arts, Weapons, Equipments, and miscellaneous items that he never used and no longer served any purpose to him.

Any item below the Divine Tool Rank was useless in God’s Domain, so he’d rather sell it anyway!

“It’s almost time to go to the Secret Art Great Palace to get what I need!” Yi Tianyun said to himself as he finished sorting his inventory. It didn’t take that long for him to figure out the situation here in the God Domain to some extent. He asked the guards that stood outside of his housing complex, and from them, Yi Tianyun got a lot of detailed information about the current situation of God Domain!

After that, Yi Tianyun immediately went towards the Secret Arts Great Palace via the Teleportation Array that was located near the housing complex. Since he lived in the Core Palace and the Two Elder’s Core Disciple, he didn’t have to pay to use the Teleportation Array anywhere inside the Heavenly Edict Divine Territory!

After arriving at the Secret Arts Great Palace, Yi Tianyun noticed that it wasn’t a hall or a simple castle, but it turned out to be a planet of its own! The huge Secret Art Great Palace was teeming with

cultivators that came and went to do their task. But the thing that Yi Tianyun noticed the most was that none of the cultivators here was lower than the Star Monarch rank!

Yi Tianyun thought that a cultivator in this place wouldn't get any Selecting Secret Art Token easily before becoming a Star Monarch! Yi Tianyun looked around for a bit and noticed that he didn't necessarily need the Selecting Secret Art Token to earn rewards. A cultivator could get a reward by exchanging their contribution points!

God Domain's currency was an Energy Stone called Star Stone, which was similar to Spirit Stone. While Spirit Stone contained Spirit Energy, Star Stone contained the Star Energy that could be used to refine weapons and cultivations!

Yi Tianyun also noticed that exchanging rewards here on Secret Art Great Palace could also be done with these Star Stones, but it wasn't cost-efficient as it required a huge amount of Star Stone! Most of the cultivators here seemed to exchange their contribution points for reward anyway, as it was the one that looked the most cost-effective out of all other methods.

While the Selecting Secret Art Token was the best method, it wasn't the most efficient as it was quite rare! It was like an appreciation token from elders and the likes. Meanwhile, exchanging contribution points was like rewarding oneself for one's hard work!

Yi Tianyun then entered the outermost hall that was divided into many blocks. There were Weapon Area, Martial Arts Area, Armour Area, Medicinal Pills Area, and Spirit Medicine Area. This area each corresponded with its level. For example, the outermost hall had the lowest Heavens Level Martial Arts and Divine Tool, and the level would increase the deeper he went inside the hall.

Each item inside the hall was priced accordingly. The better it was, the higher the price would be. But Selecting Secret Art Token wasn't included in this price as it was a special token! Yi Tianyun noticed that many people were exchanging their contribution points and token in this Outermost Hall, but Yi Tianyun didn't have any interest in most of these things. And so, Yi Tianyun delved deeper inside the hall.

Yi Tianyun finally arrived at a place where he could exchange Rebirth Rank Martial Arts, Weapons, and many other things. Even one Selecting Secret Arts Token wouldn't necessarily grant one item! For example, a Rebirth Rank Weapon required 20 Selecting Secret Art Tokens. Now, Yi Tianyun only had 4 Secret Art Tokens, so he couldn't redeem them right away.

From the looks of it, Yu Yanglong suggested Yi Tianyun visit Secret Art Great Palace so that Yi Tianyun could choose the immediate goal of his cultivation. It was the right move as Yi Tianyun finally knew what he should do next!

Chapter 909

Yi Tianyun now understood how the Secret Art Great Palace worked. Each area had three choices. For example, the outermost hall had three choices, low, medium, and high! Each choice had different prices. The low area in the outermost hall required 1 Selecting Secret Art Token or 100 contribution points; the middle area required 2 Selecting Secret Art Tokens or 200 Contribution Points, while the advanced or high area required 3 Selecting Secret Art Token or 300 Contribution Points!

It only went higher as Yi Tianyun delved deeper inside the hall. 100 contribution points didn't seem much, but getting 100 points was quite difficult. To get 100 contribution points, a cultivator had to complete a difficult mission 50 times! A mission only gave 1 or 2 contribution points, so it was hard to get 100 contribution points quickly!

Advanced missions might give bigger contribution points, but it was obviously harder and even riskier to take! If the cultivator didn't have a good idea of what they were doing, they could die while doing the mission!

The Heavenly Edict Divine Territory obviously couldn't be held responsible if the cultivators died on their mission. It was obvious that the cultivators made their own choice. It was unfortunate for Heavenly Edict Divine Territory to lose a cultivator, but nevertheless, there was nothing they could do.

Now, if Yi Tianyun wanted Rebirth Rank items or Martial Arts, he needed 20 Selecting Secret Art Tokens or an equivalent of 2.000 contribution points! There would only be a few people that could actually exchange their contribution points for the Rebirth Level items. It would only be an elder rank that would try to do so.

Before all of these choices, the cultivators seemed to flock on the low-level selection. Thousands of people came to the outermost hall to exchange their contribution points for rewards. The middle-level had much fewer cultivators, and the advanced level received almost no cultivator at all!

Now there was a chance for Selecting Secret Art Token to receive a low-grade Rebirth Level Treasure, but it wasn't a certain outcome. Furthermore, it was like a test for the cultivators to receive it!

It was already a given as Heavenly Edict Divine Territory was just handing out Rebirth Rank treasure for free if they didn't include a test!

"Damn it! I failed again! This is my 8th try, but it's too hard for me!" A cultivator shouted as he stood up from meditation.

"You are still on your 8th? I'm already well past my 16th time, and I never succeeded even once! I am better off exchanging it for a low-grade weapon now!" another cultivator said, looking annoyed. They both looked miserable as they had already used a bunch of Selecting Secret Art Token.

But Yi Tianyun just smiled as he saw it was more exciting to use the Selecting Secret Art Token like this. Heavenly Edict Divine Territory wasn't a fool. This was their way to recycle the tokens to make sure that high-grade Rebirth Rank treasures didn't fall into the hands of untrusted people. Furthermore, the assessment was also a way to test the cultivators' capability.

Now, the Middle-Grade Rebirth Rank Treasure was even more pricy! It required 50 tokens or 5.000 contribution points! But if the cultivators took the assessment method, they only had to use 2 Selecting Secret Art Tokens! This was truly awful in a sense, but it was a chance that the cultivators couldn't walk away from!

There was no telling when they would succeed. It could be the next assessment, or it could be a few more days! No one ever knew when they would succeed, and so everyone kept trying their best to pass the assessment.

"No wonder Team Leader Gu said that it all depends on my own ability!" Yi Tianyun said as he shook his head. A Selecting Secret Art Token could be exchanged in this place, and it wasn't limited at all! To put it bluntly, Selecting Secret Art Token was a very valuable thing to have! Even the Elders also shared the same opinion. The two Elders gave him two Selecting Secret Art Token to make sure Yi Tianyun tried the low-grade assessment twice. It was already more than enough to have a low-grade Rebirth Rank treasure this early, after all!

But there was a slight problem here! Once Yi Tianyun passed the assessment of that level, Yi Tianyun wouldn't be able to take that assessment any longer. After all, Heavenly Edict Divine Territory didn't have unlimited resources themselves! It would be easy for those that already passed once to pass the second time!

Therefore, each cultivator will be prohibited from taking the assessment once they've passed the test from the respective grade!

Yi Tianyun strolled around casually and finally took the third area! He didn't choose the Basic Level difficulty, and he didn't choose the middle-level difficulty either! He went straight to the Advanced level difficulty! He had 3 Selecting Secret Art Tokens, and so he was eligible to try out the Advanced Level Difficulty! It didn't matter if he passed or failed as he would know what to do after that!

Yi Tianyun didn't do this simply to show off, but he wanted to test out his own capability! Furthermore, this assessment wasn't created by basing it on the cultivator's cultivation level. Instead, it was created based on the range difference of the grade itself!

However, he was surely the lowest rank of cultivation level here as people around here were all Earth Monarch rank cultivators!

"What are you human doing here?" a cultivator said as they noticed Yi Tianyun's presence in advanced level assessment. There were at least dozen people here, but none of them was from the Human race. It wasn't because the Heavenly Edict Divine Territory was devoid of the human cultivator, but Human Race tended to flock to the easiest place, in other words, the Basic Level Assessment.

"I am here to take the assessment. Is there any problem with that?" Yi Tianyun said indifferently. All of the people in the Advanced Level Assessment then turn their attention to Yi Tianyun and started laughing hysterically like they just heard something really hilarious.

"You are still on the 8th Layer Star Monarch, but you dare to come to the Advanced Level Difficulty? This is an example of an idiotic behaviour!" a cultivator said on the side, mocking Yi Tianyun.

"Don't make a stupid decision, brother! Go back to the Basic Level Difficulty, don't waste your Selecting Secret Art Token here!" Another cultivator tried to advise Yi Tianyun so that he didn't make a bad decision.

"Hey, let him take the assessment! He will burn all his tokens and then cry in the end! After all, it wasn't easy collecting 300 contribution points anyway!" Another cultivator said with a smirk on his face. In fact, everyone looked at Yi Tianyun as if he was a fool. They clearly felt entertained when Yi Tianyun failed!

“Does my choice bother you that much?” Yi Tianyun said with a shrug. He ignored all these people who discriminated against the human race as it didn’t bring any good for him!

Chapter 910

Yi Tianyun’s tone upset these cultivators as they felt insulted.

“Brat, do you want to die?” Chen Baihan said coldly.

“No, I don’t! I just want to try out the advanced level difficulty. Is there any problem with it?” Yi Tianyun said casually. He didn’t show any fear as he really wasn’t afraid of some bully like this. Yi Tianyun checked Chen Baihan’s status and noticed that he was at the same level as Team Leader Gu, at 2nd Layer Earth Monarch rank!

However, he was much younger than Gu Yanlong! From the looks of it, Chen Baihan wasn’t from Core Palace, but from Inner Palace, as he didn’t know anything about Yi Tianyun. Yi Tianyun didn’t know whether the news about him had spread to other Palaces, but from the looks of it, Chen Baihan hadn’t heard about it.

“Human Race should know their place! Human Race wouldn’t be able to pass the Basic Level. What do you think would happen if you take the advanced level assessment?” Chen Baihan Yelled angrily.

The commotion drew some cultivators who were curious about what was going on. When they noticed that it was a confrontation with the human race, they all had this gloat look on their faces. They didn’t know what the Human Race was doing in here, but they seemed to have the same opinion. No one really showed any sympathy toward the Human Race as they all knew that the Human Race was the most suppressed race in the God Domain.

“Oh, wow! I didn’t know that you were the one who created this place. I am choosing this difficulty out of my own volition, and now you are making a commotion? Just get along with your business, and I promise not to care about you anymore.” Yi Tianyun said tauntingly.

“You brat! It seems you want to ignore my advice! Do you have what it takes to fight me? I am down for some duel if you so wish for it! I will let you know how weak you are so that you can hear what your

senior has to say! But if you don't want to have a duel with me, you'd better go home!" Chen Baihan shouted angrily. Heaven Edict Divine Territory has a rule that the cultivators should avoid any conflict with their fellow Heaven Edict Divine Territory cultivators, so there should be no fighting on the street! If cultivators wanted to solve their problems by fighting, they should ask for a duel instead!

"Are you dumb or something? Why would I do that? I came here to take the assessment. I have the Selective Secret Art Token, so I am eligible to take the assessment! Why should I care about your advice?" Yi Tianyun said casually.

"Typical of the Human Race! you are just a coward!" Chen Baihan shouted furiously.

"Our cultivation base is too far apart! If I have the 5th Layer Earth Monarch Cultivation base, do you still have the guts to fight me? Is that all your mighty race can do? Bullying those with lower cultivation level than you?" Yi Tianyun said coldly.

Chen Baihan was from Heaven Breaking Race, a race with a very good bloodline. It was in the top 20 of the most powerful bloodline here in Heaven Edict Divine Territory. Chen Baihan's face was red after hearing Yi Tianyun's word! It was true that their cultivation was too far apart, and if Yi Tianyun was in 5th Layer Earth Monarch, Chen Baihan wouldn't even think about harassing him like this.

"Brother Chen, it is best to stop now." A young man walked towards Chen Baihan and patted his shoulder before looking at Yi Tianyun coldly. "He just wants to take the Advanced Level Difficulty. Why don't you just let him take it and see how long he could survive in there! Then you just show him what you are capable of." The young man said wisely. They thought that The advanced level assessment would be too much for Yi Tianyun, and he would fail as soon as he entered the assessment.

It would prove how weak the Human Race was!

"It is a good idea! Brother Dong sure is wise!" Chen Baihan said as he smirked to Yi Tianyun.

"Of course! No one would want to see us bullying the weak anyway. Then again, the assessment would change according to the participant's cultivation base, so it would all be fair and game! So, what do you say? Do you want to take our little competition?" Dongfeng said as he looked at Yi Tianyun.

“I am here to take the assessment, not to pick a fight! So, your proposal is to compare how long you and I will stay inside the assessment?” Yi Tianyun said casually.

“Yes! If you lose, you have to kneel in front of me and call me master! Did you accept this challenge?” Chen Baihan said with a smirk on his face.

“Oh, so we have punishment now? What do I get if you lose?” Yi Tianyun said with a smile on his face.

“If I lose? Are you dreaming, brat?” Chen Baihan laughed mockingly.

“Rules are rules. If you lose, you will call me master and give me everything you have!” Yi Tianyun said coldly.

“What a funny guy! Who are you to think you can make me do such a thing?” Chen Baihan said furiously. He thought that he would never lose, so Yi Tianyun’s word just agitated him further.

“Well, if you are so sure that you are not going to lose, there is no reason to turn down my condition, right?” Yi Tianyun said tauntingly.

“Alright, fine! Gamble your life away! I will have you kneel before me after this assessment is over!” Chen Baihan shouted furiously. He knew that he couldn’t reject Yi Tianyun’s condition anymore as the people watching the scene right now would think he chickened out! As a matter of fact, what did he have to be afraid of? He had a higher cultivation base, and his race was stronger than a mere Human Race!

“Well, good luck to you.” Yi Tianyun said with a smile on his face. He smirked as he had already put Chen Baihan in a tough spot.

Many people began to retreat as they were disappointed with how the situation unfolded.

“Now, when you enter the assessment, we will time it!” Dongfeng said as he acted as the referee.

Yi Tianyun took out his selective Secret Art Token, and they all stopped for a while as they didn't expect that Yi Tianyun really had the Selecting Secret Art Token! Most of them used their contribution points to take the assessment as it was hard to get their hands on the Selective Secret Art Token!

Generally, a cultivator would get their hand on Selective Secret Art Token if they completed a special mission or have someone from the top brass, like an elder or so, to give them one. Suddenly, people started to have some interest in Yi Tianyun's background after seeing he had the Selective Secret Art Token!
