Chapter 91: Rebels

The dark cloud bringing forth a huge pressure gets closer and closer toward Jade Palace, Elite disciples from Jade Palace are ready for skirmish, the low cultivation disciples were ordered to quickly evacuate. They immediately noticed something's wrong and immediately arranged to evacuate from the Jade Palace toward the snowy mountain. They would be able to evacuate smoothly unless they were completely surrounded.

After the evacuation began, someone came to report the situation.

"Palace Lord... There is an Expert guarding the snowy mountain, he blocked our evacuation route!"
Deacon, who hurried back.

"This is getting out of hand..."

Shi Xueyun frowned, to think that this day actually came, although she's really confused at first because the one leading these masses are a group of old men. And it's really old men, it wouldn't be a surprise if a month from now they would be dead.

A total of six men leading the attack, although there's no sign of youth left from them, the aura they emitted doesn't seem like that's the case, even from the aura, everyone already knows they're not just an average old men.

The six of them are the three faction of Old Ancestor. They are at the Peak Core Condensation. Only a step away from the Spirit Core, but this step is proving to be the ultimate wall, as they can't breakthrough to Spirit Core.

Normally, even if their Sect Lord is killed they wouldn't care. Because they don't have that long anymore, it would be better for them to remain in slumber to prolong their life even if only a little bit. But since this is a somewhat special case, their Sect took a heavy blow, losing so many important figure including the Sect Lord to a faction full of woman, their pride can't allow that, that's why they march here for revenge

Even though they can't reach Spirit Core, it's still amazing that they can reach the Peak of Core Condensation, At Core Condensation, one's life expectancy is up to four or five hundred years old. And from the looks of it they don't have that long. The most efficient way to prolong their life right now is breakthrough to Spirit Core Realm.

Spirit Core can live up to thousands of years, but even if they breakthrough to Spirit Core, at their age right now they won't be so formidable.

"Palace Lord, what should we do now?" Great Elder Mo Yu has returned, despite their dire situation and Yi Tianyun, Jade Palace's powerhouse right now is missing she tried to maintain his dignity.

"I want to go to Heavens Immersing Ancient Ruins to see whether i can do something to free Tianyun, but I didn't expect them to come so soon..." Shi Xueyun was very anxious when she found out Yi Tianyun was trapped inside Heavens Immersing Ancient Ruins, she was going to go to the Heavens Immersing Ancient Ruins. But Jade Palace is in danger right now so she can't afford to do so.

Somehow as if they know Yi Tianyun is trapped inside the ruins, these Old Ancestors choose this exact moment to attack Jade Palace.

If Yi Tianyun is around, even those Old Ancestors will be having a hard time dealing with him as they don't know his real strength. Although they're at Peak Core Condensation, they're already so old that their strength is nowhere near in their prime, but it's a fact that they're at Peak Core Condensation so they can't be underestimated that's for sure.

"Palace Lord, this is the worst timing they pick to attack..." Great Elder Mo Yu felt guilty.

"It's not your fault, i'm pretty sure that brat will figure something out anyway..." Shi Xueyun said solemnly: "Now let's focus fighting these Old Ancestors!"

These six Old Ancestors walked toward Jade Palace, each of their step is really heavy, six Peak Core Condensation Expert along with their deacons, the aura enveloping these people combined is just crazy.

Jade Palace, could only watch from afar as these monsters getting even closer.

“Been a while since i breathe some fresh air, so this is your sect...” at the Peak Core Condensation, it is Wing Sect’s Old Ancestor, Old Ancestor Wen Tian!

“Killing so many of our disciple, there’s no running away from us!” at 9th Level of Core Condensation, it is Spirit Sect’s Old Ancestor, Old Ancestor Tian Feng!

“Yes, just because we haven’t been actively involved you thought we’re already dead?” Old Ancestor of Wind Pavilion is Old Ancestor Feng Yun, he is also at 9th Level of Core Condensation.

Among these six the lowest cultivation is at 9th level of Core Condensation, it really isn’t an exaggeration to call them monsters. Those three are the representatives of their respective sects and are the oldest Old Ancestor.

As they get closer the aura they emitted is even more intense that it becomes so suffocating to breathe normally.

“Yes, seems like you haven’t kicked the bucket yet, our Jade Palace is First Level Faction, but that doesn’t mean we will yield to the likes of you!”

It’s the three Old Ancestor of Jade Palace. They are pretty much already an old hag, but they’re not the slightest bit flied by this scene. They are the Old Ancestor who have been secluding themselves to cultivate. They are definitely needed now that Jade Palace is backed into a corner like this.

Their cultivation base is high but not as high as those six Old Ancestors, they’re only at 8th Level of Core Condensation. But even 8th level of Core Condensation is already considered formidable enough in this continent.

“Seems like you haven’t kicked the bucked either, you really desperately hold on to that thin lifeline huh?” Old Ancestor Wen Tian said with a sneer: “I will say it now, since you killed so many of our people, i’ll give you two choices. Either form Dao Companion with our sect respectively, or drop like flies under our might!”

Both choice ended in tragedy. Especially the first one, they keep their life but dead on the inside.

Normally to become Dao Companion both men and women need to love each other, but the first choice is more like slavery!

“We’d rather perish here than become your slaves!” Old Ancestor Bing Xin looked cold and absolutely disapprove their offer.

“Alright then, as you wish you can die here with the whole Jade Palace, that is the price you have to pay!” Old Ancestor Wen Tian said with a sneer: “Do it!”

But strangely none of them do anything just yet, but something happened at Jade Palace’s crowd.

“puff...” blood splattered from one of the disciple’s body, the same thing happened to another disciple, and then another one...

The disciples were stabbed and died instantly, but the culprit is not from these three factions, it’s the traitors from Jade Palace!

“You traitors!” Shi Xueyun’s eyes were cold, when Shi Xueyun is about to attack these traitors a figure jumped and intercept Shi Xueyun’s attack, it is one of the enemy’s Old Ancestor.

“Bang”, he fended off Shi Xueyun’s attack and send her flying.

There are only a few traitors, around 5 disciples! Their cultivation is not low, some even reach the Spirit Refinement, and even among them are the ones who entered Heavens Immersing Ancient Ruins!

The disciple they helped to develop even further, turned out to be a traitor, that’s unacceptable.

“Haha, now that your precious brat is not here what can you do? I heard that brat’s cultivation has reached the level of Core Condensation, he really is something else.” Old Ancestor Wen Tian said with a sneer : “trapped inside Heavens Immersing Ancient Ruins. He’s pretty much dead don’t you think?”

No wonder they came at this exact moment, there’s a traitor among them.

There are no such thing as impenetrable walls, especially now that there are traitors, the situation is even more serious than they thought. Shi Xueyun keep the matter about Yi Tianyun a secret, especially his achievement lately, but no wonder they worry about Yi Tianyun's existence, they already know about Yi Tianyun from these traitors.

Now with Yi Tianyun's absence, they have nothing to worry, and march straight here to exact their revenge.

Meanwhile, Yi Tianyun, who was rushing back to Jade Palace, had a bad feeling.

"I have a bad feeling... I will return as fast as possible!" Yi Tianyun looked worried and increase his pace.

He didn't mount his Snow Wolf, it's faster to run normally in his state right now!

Chapter 92: Guard!

All of the Old Ancestor isn't really sure about Yi Tianyun's strength, but they surely knows that he would be hard to handle since he easily killed many expert and sect masters in the previous skirmish. His cultivation couldn't be much apart from themselves, if Yi Tianyun's cultivation really is the same as them, Yi Tianyun would become a big problem, as even if the cultivation is the same it can't be said the same for the physical prowess. Yi Tianyun is still young therefore he obviously has the advantage on that aspect.

They choose to attack Jade Palace now too is not a mere coincidence. They already got info that Yi Tianyun is trapped inside the Heavens Immersing Ancient Ruins. They know that Jade Palace's morale would be down right now providing a perfect opportunity for them to attack.

"Unfortunately, that genius brat of yours is trapped inside the Heavens Immersing Ancient Ruins, I don't know what methods did he use to enter that place considering his level of cultivation but now he is trapped inside, he should be dead by the time the door opens again. If by some miracle he doesn't die, the Jade Palace would be long gone! Many people think that you still have unknown forces to help you in dire needs, but I knew better. Only those 3 old hags the remaining reliable force you have left, and even they couldn't match me." Old Ancestor Wen Tian said with a smirk.

“I’m not as cruel as many people think, last chance to change your mind, if you surrender i’ll spare your life, otherwise you can say goodbye to this world!” Old Ancestor Wen Tian continues his attempt to bring down Jade Palace’s morale. The disciples of Jade Palace become uneasy and many start to whisper among themselves in the back. They know that if Yi Tianyun is not here, Jade Palace would have a hard time against these monsters.

Shi Xueyun saw this coming, so she gently close her eyes and says “Whoever wants to surrender, I will not stop you, as your life is your own, so you can make your own choice.” These words from Xueyun make anybody who’s already doubting their survival in Jade Palace convinced and change side. Many of them who surrender are from the outer disciple as they didn’t feel attached to Jade Palace like the inner disciple. But that doesn’t necessarily mean that all inner disciple is loyal to Jade Palace, as some of them is defecting too.

The elder that sees the inner disciple defecting from them only shook their heads. They understand that the will to live is different from amongst every individual because it’s their own life at stake here.

“What are you doing, don’t you believe in the Palace Lord?” At this time, a voice resound from the crowd. This person is Jiu Lingyun who was brought to Jade Palace by Yi Tianyun!

Everybody in Jade Palace was quite shocked by this development, they didn’t expect Jiu Lingyun to be the one who stands up for Jade Palace, she is just a commoner who was accepted to Jade Palace because of Yi Tianyun’s generosity, they didn’t expect her to be so brave.

In the other end, Old Ancestor Wen Tian shook his head, “who is this stupid little girl?” he asked someone behind him. After a while someone comes up to him and say “she is a girl that Yi Tianyun found in Wind City, she is from the slum.” Old Ancestor Wen Tian sneers “hooo, a girl brought by the problematic brat, that explains everything.”

Jiu Lingyun is still high on adrenalin, she’s determined to fight for Jade Palace until Yi Tianyun shows up. “Young Master Yi has gone through so much trouble for me, the least I can do is die protecting what he love” she whispered to herself and after a quick breathe she began to shout “Jade Palace is not some place that you can trample all you want! We will fight till our death to defend Jade Palace!”

Jiu Lingyun’s bravery rises Jade Palace’s morale, more of them decided to defend Jade Palace and rally along with Jiu Lingyun.

“Yeah, Jade Palace is our home, not some place you can enter all you like, we would defend it till we die!”

“I am an orphan who doesn’t even know my parent, I was raised here since I was a child. That alone is already a valid reason to stand my ground here defending my home!”

As if driven by something, these disciples are brimming with fighting spirit. There would be no more swaying words from the enemy would break their will, they would not surrender. Shi Xueyun was surprised by this circumstances, she didn’t expect Jiu Lingyun to have such leadership skills on her.

“Haha, group of idiots, I already showed you enough mercy as it is, now let me show you hell! Attack them!! Give me that girl! Let’s see whether she really isn’t afraid of death or not!” Old Ancestor Wen Tian orders his men to attack Jade Palace while pointing at Jiu Lingyun.

Immediately everyone charge toward Jade Palace, Six Old Ancestors didn’t hold back and advanced at the same time. Shi Xueyun drew her sword and began to counter them and push them back, helped with three other Jade Palace’s Old Ancestors, and some elders. Shi Xueyun and the Old Ancestors had their hands full with 4 enemies’ Old Ancestor, they can only hope that the elders can hold their ground against other two enemies Old Ancestors.

“Bang!”

One of the Jade Palace’s disciples was slammed off to the wall, her conditions is unknown, either she was seriously injured or just unconscious. The enemy held true to their words didn’t show any mercy. The disciples who already changed their allegiance is sneering from the back of the enemy line. They thought that they already made the best decisions to leave Jade Palace.

Jiu Lingyun fights against several opponent that seems reluctant to harm her “Hey, just give up will you? Old Ancestor Wen Tian ordered us to capture you alive, just give up, Old Ancestor Wen Tian will take care of you personally little girl.” They all are laughing while looking at Jiu Lingyun in a perverse manner, but Jiu Lingyun still tries to find an opening to attack. But after a futile struggle, she raises her sword and says “I would rather die than be a toy to some old coots!” she place her sword to her neck, and for a moment she thought about not seeing Yi Tianyun anymore and can’t take care of her younger brother. Her face become full of tears, but her resolve is already hard enough that she no longer had any regrets.

Her actions is quickly interrupted by some enemy's disciple of the Fourth Level Spirit Refinement, his fast action knocked out Jiu Lingyun's sword from her hands and immediately shackled her hands. "Look at you, a feisty little girl! You look plain for a girl, but hey I don't mind." The disciple laugh a bit, and tries to lick Lingyun on her face.

Jiu Lingyun's face becomes pale, she looks at him with disgust and she's ready to bite his tongue off. At the same time, a silver light passed through the sky, and landed near Jiu Lingyun. The enemy's disciple around Jiu Lingyun is blown away. After the smoke is all cleared up, a big snow wolf appears. This snow wolf is already specifically ordered by Yi Tianyun to protect both Shi Xueyun and Jiu Lingyun.

Many people was shocked when they saw the wolf, "what is a demon beast doing in here?" they thought to themselves. And it's not just an average demon beast, it's at a staggering Seventh Level Core Condensation!

"Awoo!"

The Snow Wolf howls at the sky and start fighting the enemies. The Snow Wolf can't defeat enemy Old Ancestor for sure because of the level gap, but it clearly can hold enemies' Spirit Refinement cultivator and Body Refinement cultivator, and that is enough for now. At the same time, Yi Tianyun who's already running back at high speed to the Jade Palace heard the system.

[Ding , successfully killed Wing Sect disciple, 2800 Experience, 600 Crazy Point, Blacksmith Mastery 50 points.]

Yi Tianyun smirked, although he's far apart from Snow Wolf, he still gets exp when it killed something. He can sit around somewhere and still be able to level up this way. With that notification coming, Yi Tianyun also notices that the Jade Palace is already under attack. "Those old bastard clearly doesn't know when to give up! This time I will make sure they couldn't retaliate anymore!"

He useded his Crazy Mode and use it to enhance his speed even further. He rushes trough the snows area with ease as if he's riding the snow wolf.

Chapter 93: Blood Fiend Soaring Heaven

Core Condensation level Snow Wolf appeared out of nowhere, which shocked a lot of people. Usually, the demon beast won't enter human territory. But this time it even brought along other Snow Wolf, which of course lower in cultivation.

Yi Tianyun's Snow Wolf swiftly defeat the enemies surrounding Jiu Lingyun, without showing any mercy, the enemies fall one by one.

The order from Yi Tianyun is very simple, kill those who are hostile toward Shi Xueyun and Jiu Lingyun

"Awoo!"

This Snow Wolf howled and countless Snow Wolf charge onwards! But none of them lay a hand on Jade Palace's disciple, they went straight for the enemies.

Shi Xueyun faced Old Ancestor Tian Feng, she has her hands full just from fending off his attack, when Shi Xueyun was knocked back, Old Ancestor Tian Feng quickly close the distance and about to deal the finishing blow when suddenly Yi Tianyun's Snow Wolf blocked his attack with its body, the furious Old Ancestor Tian Feng yelled in frustration "Scram, weakling!"

Old Ancestor Tian Feng slashed the Snow Wolf.

"Dāng" as if cutting a hard iron block. Snow Wolf was pushed back, but the slash didn't even leave a scratch on its body. After reaching up to Core Condensation Level, the fur become much more solid and harder. Its body can withstand most incoming attacks, with exception of powerful martial arts.

"Roar!"

Yi Tianyun's Snow Wolf stood in front of Shi Xueyun and just watch at the Old Ancestor Tian Feng whose hand felt numb after the impact of slashing Snow Wolf's fur.

"So you still have other cards in your sleeve!" Old Ancestor Tian Feng becomes even more furious.

Old Ancestor Tian Feng was shocked to know that a demon beast at Core Condensation level would protect Jade Palace, in particular Shi Xueyun and Jiu Lingyun.

“Is this Tianyun’s demon beast?” Shi Xueyun was shocked.

Because she saw Snow Wolf just stand by her side, meanwhile other elder is having even harder time, but this Snow Wolf didn’t care at all.

“What? Elder Yi’s demon beast?” Great Elder Mo Yu, who was knocked back, stand back and regain his fighting spirit, taming a demon beast is not an easy feat, and this Snow Wolf’s cultivation level makes it even more unbelievable.

They didn’t even know that this Snow Wolf initial cultivation is only Body Refinement, and now it has reached the Core Condensation. Ever since Yi Tianyun’s return from Wind City, almost everytime he fight or hunt, he summoned the Snow Wolf beforehand so it gained exp as well.

“This is just my hypothesis...” Shi Xueyun wanted to make sure, and immediately shout: “Snow Wolf, go help others!”

Snow Wolf is just stood in front of Shi Xueyun, it didn’t heed her orders.

It only listens to Yi Tianyun’s command, unless Yi Tianyun gave specific command to heed other’s command, it will not abide.

“Hahaha, seems like you can’t order it around. I don’t know how this Snow Wolf is willing to help you, but even with this Snow Wolf, you won’t be able to change the outcome!” Old Ancestor Tian Feng looked down on Jade Palace.

“Did you speak for yourself?”

The familiar voice, the familiar figure appeared in the middle of the battlefield, with intense murderous aura just draw everyone’s attention to him.

“Tianyun!”

When Shi Xueyun and everyone else saw Yi Tianyun, their hearts throb. Yi Tianyun has become the backbone of Jade Palace without him noticing. The entire Heavenly Jade Palace relied on him, that’s why his appearance leaves a huge impact.

“You are that brat, how did you get out of Heavens Immersing Ancient Ruins? I thought you are trapped inside!” Old Ancestor Wen Tian was shocked.

“Does that really matter right now?” Yi Tianyun shouted to Snow Wolf: “Give them hell, start from the weakest, go!”

“Awoo!”

Yi Tianyun’s Snow Wolf along with other snow wolves immediately charged toward the weakest enemy cultivator. Just one sentence, immediately changed all Snow Wolves’ fighting pattern, which confirmed that Snow Wolf is Yi Tianyun’s demon beast!

“I didn’t expect you to be able to tame those Snow Wolves... but even with you, the outcome is already decided!” Old Ancestor Wen Tian looked at Yi Tianyun with a condescending manner, then signaled the two Old Ancestors tormenting Jade Palace’s Elder to Kill Yi Tianyun.

Yi Tianyun observed all enemies’ Old Ancestor with Appraisal Eye. Old Ancestor Wen Tian has the highest combat power among them, ??but it’s only 140.000 combat power. In his eyes, it’s not even worth mentioning!

“You’re welcome to try”

His eyes immediately emitted a divine light, Dragon God Secret Art is activated, and his body is instantly covered by a dragon scale, enhancing his combat power by a huge margin.

“Activate Crazy Mode, 4 Times Damage, 4 Times experience!”

Then he took double Exp Pill in addition.

With Dragon God Secret Art, Crazy Mode and the effect of Power accesories set combined, Yi Tianyun's Combat Power rise drastically from 60.000 into 210.000!

A terrifying aura enveloped Yi Tianyun, and all of them, including Old Ancestor know what fear is like. They feel powerless before Yi Tianyun, even with their current strength they don't feel like they can win against him.

"This... is he a Spirit Core?" Their legs are already shaking without them noticing, Yi Tianyun haven't reached Spirit Core yet but because so many enhancement, and a total combat power of 210.000 no wonder they thought Yi Tianyun is at Spirit Core Realm.

Then Yi Tianyun took out a bloody long spear in his hand. This long spear is the Soul Tool that he got before. Red mist is emitted from that Blood Fiend Divine Spear, it continues to disperse into the air, and has the effect to corrupt one's mind when they've been affected too long by this aura!

With Blood Fiend Divinse Spear, Yi Tianyun's combat power once again increased into 230.000!

"Blood Fiend Soaring Heaven!"

Yi Tianyun solidify the red mist around him shaping it into arrows.

He wanted to test this Soul Tool while he's at it, he aimed one of the nearest enemies' cultivator and launch the arrow, Yi Tianyun kill him in one shot!

"xiū xiū xiū"

He released the arrow one after another, the arrow is so fast that the target didn't even realize their chest has been pierced through...

"Boom Boom Boom!"

After the arrow pierced their chest, these cultivators burst from inside, and more red mist comes out from the remaining of their bodies.

Yi Tianyun runs out of patience, he's going to kill all enemies, that's what he decided!

Chapter 94: One Hit

[Ding, successfully killed Spirit Sect disciple, earned 20.000 experiences, 1000 Crazy Point, and a Recovery Pill.]

[Ding, successfully killed Wing Sect disciple, earned 28.000 experience, 1300 Crazy Point, 50 Blacksmith Mastery.]

[Ding, successfully killed Old Ancestor, earned 110.000 experience, 2800 Crazy Point, Soul Suppression Secret Art (Earth Level), Mysterious Ice Divine Armor (Middle Grade Spirit Tool), Cold Ice Blade (High Grade Spirit Tool).]

[Ding, successfully killed...]

Yi Tianyun's arrows shoot through several people in the vicinity, the enemy killed by this move exploded into exp and treasures. The notification keeps beeping constantly, the only unfortunate thing is that he doesn't have any more double crazy point card. After he leveled up his Appraisal Eye, he didn't have enough Crazy Point to buy a double crazy point card, if he has that card he sure is gonna reap a hefty amount of Crazy Points right now.

He is thinking in the right direction for leaving the snow wolf here to protect Jade Palace. These Old Ancestors will not give up on destroying the Jade Palace. At the very least the Snow Wolf is able to defend the ground until Yi Tianyun comes. Now, all he needs to do is kill all this enemies and get as much treasures and exp as he can get.

On the side, Snow Wolf is also killing many cultivators at spirit refinement realm and body refinement realm like crazy. After much killing, the Snow Wolf is able to breakthrough to eight level core condensations, this level up making his fur harden, and much more durable than before. Seeing the

progress of the Snow Wolf, Yi Tianyun becomes more assured about the safety of the Jade Palace's disciple. He turns his sight to the enemies before him and starts to attack them to reach the old ancestors at the back line. There is no one in there that can resist him on this point, he kills every enemy blocking him on sight.

"Hurry up! Stop him for fuck sake!" Old Ancestor Wen Tian shouted at his own disciple, and carelessly walks out of his own fight with Jade Palace's Old Ancestor, Old Ancestor Bing Xin. "I am not gonna allow you to walk out from this fight so easily." Old Ancestor Bing Xin said and then releases a wave of ice to freeze out Old Ancestor Wen Tian.

"Get out of my way!!" Old Ancestor Wen Tian screams loudly and releases his own aura and makes a shield out of it. The ice wave caught on this shield immediately evaporates, while there is no damage sustained on Old Ancestor Wen Tian at the very least Old Ancestor Bing Xin is able to hold him for a second longer. Old Ancestor Bing Xin and other old ancestor from Jade Palace stop chasing the enemies' old ancestor altogether. They know that they can't break a sweat for chasing the cornered enemies. They all know the best opportunity to attack again is after Yi Tianyun succeed tiring the enemies out.

"Tianyun, let me help you!" Shi Xueyun yells at Yi Tianyun so her voice can be heard on the battlefield. She looks so fierce with her sword constantly clashing with enemy's sword, chasing after the enemies' old ancestor, so that they can't get close to Yi Tianyun. Yi Tianyun at the moment keeps on attacking the enemy with his long spear occasionally stabs two enemies at one time.

The disciple of Jade Palace that previously defected to enemy side, looks at the scene in front of them gasping, disbelieving everything they saw in front of them. They can't help but feel a little disappointed, fear, nervous, disbelief, and shame at the same time. The one thing that they disbelief the most is Yi Tianyun's power. They already become the disciple of Jade Palace for quite some time. They know that Yi Tianyun didn't have Blood Qi to help him cultivate before, now he has the power to kill many Spirit Refinement and Core Condensation cultivator at amazing speed. Now that they see him firsthand, they can no longer deny Yi Tianyun's strength.

"Roar!"

Old Ancestor Wen Tian roars in rage and brings out a huge axe of soul level tools in his hand. The axes almost instantly covered with his blood qi and the axes radiating golden light as he moves around. Immediately Yi Tianyun observes him with Appraisal Eye and saw the old ancestor's combat power rise up, not only he has his combat power risen, he got his appearance changes to appear younger than he currently is, making him get stronger physique and more flexible.

Yi Tianyun immediately realize how in rage Old Ancestor Wen Tian is, as this technique surely would make the user far stronger than they actually are, but at the same time having the body enveloped in such a huge amount of blood qi comes with side effect, making the user lost a considerable amount of life span.

After seeing Old Ancestor Wen Tian in rage and getting more serious, other Old Ancestors from his side also do the same. They brought out their Soul Level tools and start feeding their own blood qi into their weapon. They are ready to sacrifice a few years of their live to kill Yi Tianyun. Three of the strongest old ancestors on enemy side quickly surround Yi Tianyun. Yi Tianyun analyzes them with his Appraisal Eye and sees their combat power at 170.000 points!

Old Ancestor Wen Tian in front of Yi Tianyun sneers at him, "You surely are a restless young brat!" Old Ancestor Wen Tian immediately launches himself and tries to slam his axes down to cut Yi Tianyun in two. Yi Tianyun dodges this attack and activates his Dragon God Secret Art, and with his Dragon God Bloodline active and in fusion with his Blood Fiend Divine Spear in his hand. His power skyrocket and immediately a blood red dragon aura wraps around him.

As Yi Tianyun prepare his attack, the Blood red Dragon Aura that wrap itself around his body start to roar. As he charges down at Old Ancestor Wen Tian his spear becomes beaming with blood red light. Old Ancestor Wen Tian is clearly surprised by Yi Tianyun and raises his axes to defend against Yi Tianyun attack. A powerful blood red aura clashes against the golden aura, but in a second Yi Tianyun's blood red aura start to push through Old Ancestor Wen Tian golden aura.

"Boooooom!"

Yi Tianyun's Blood Fiend Divine Spear succeeds in pushing through Old Ancestor Wen Tian defenses and stabs him in the chest. Old Ancestor Wen Tian drops the axes that he holds, and after the clanking sounds of the axes hits the ground, he fell down too, vomiting blood.

Old Ancestor Wen Tian is instantly killed by Yi Tianyun in one attack by making a huge gaping hole on the old man's chest, preceding the pressure of the attack to turns the old man's internal organ into pile of lump meat.

Yi Tianyun stands in front of the old man's corpse looking bored, as he feels the fight is too easy, no difficulties at all!

Chapter 95: Crazy

Yi Tianyun killed Old Ancestor Wen Tian almost instantly by making a hole in the old man's chest. The old man seems to want to say a few words to Yi Tianyun, but never got his chance and falls to the ground dead.

[Ding, successfully killed Old Ancestor Wen Tian, gained 120,000 Experience, 3000 Crazy Point, acquired a Set: Chaotic Heaven Sacred Axe (Lower Grade Soul Tool), Chaotic Heaven Divine Armor (Lower Grade Soul Tool), Chaotic Heaven Battle Boots (Lower Grade Soul Tool)!]

Yi Tianyun turns his gaze into another enemy old ancestor in the field. With their strongest cultivator dead, the enemy old ancestor is shaking their boots thinking to run away from Yi Tianyun. Jade Palace's Old Ancestor sighed in relief, they think of Yi Tianyun as an abomination to the Palace in the beginning, he is a kid that being left behind by the previous Palace Lord who abandoned her duty and ran away with some man.

Now Yi Tianyun has proven them wrong, he already becomes the strongest cultivator in all Jade Palace, and he is even stronger than the old ancestors that gather here. Not to mention that Shi Xueyun is ready to leave behind the palace and her title as a Palace Lord if Yi Tianyun doesn't want anything to do with Jade Palace anymore.

All this information about Yi Tianyun is making them relieved that they didn't take any extreme measure about Yi Tianyun before.

He already proved himself to be the most valuable person that ever comes to Jade Palace since the time of the Old Ancestor.

Great Elder Yu that stands not too far from the Jade Palace's Old Ancestor was in the same state of shock as the old ancestor. From the perspective of someone that doesn't really care about Yi Tianyun and already saw him fight once not too long ago, he can see as clear as day that Yi Tianyun has somewhat rise his cultivation again.

This fact alone makes him wonder, just what the heck did Yi Tianyun do to achieve such feat. There is just no explanation to this incredible speed of growth.

Shi Xueyun and Jiu Lingyun were clearly overcome with pride and awe as they saw Yi Tianyun in action.

“Did any of you shitty fuck still have some shitty remarks to add before I fucking cut your life off from this world?” Yi Tianyun released his red mist again after he speaks. Yi Tianyun’s act pulls the last string from the enemy old ancestor as they began to turn their bodies and make a run for it.

Yi Tianyun as he’s already prepared, begin to hunt down all the old ancestor, he caught up with them without breaking a sweat.

He starts to thrust his spear consecutively to all the enemies’ old ancestor and they’re dropping like flies.

[Ding, successfully killed Old Ancestor Tian Feng, gained 110.000 Experience, 2700 Crazy Point, Heaven Imperial Divine Palm (Lower Grade Earth Level Martial Art), Rushing Thunder Step (Lower Grade Earth Level Martial Art), Shocking Heaven Divine Stone (Lower Grade Soul Tool)!]

[Dīng , successfully killed]

He acts like a bloodthirsty demon in the battlefield completely obliterates every enemies on his path, and covers the entire place with blood.

As he approaches the last old ancestor, the old man becomes deranged with fear and turns back and get down on his knees and start begging Yi Tianyun for his life.

“We already lost, I surrender, please spare my life! We will never show our face in front of you again, we will leave this place never to return, please just let me go!”

After seeing this situation, Old Ancestor Bing Xin from Jade Palace makes her own remarks, “Are you for real now? After all you have done to us, you want to leave Jade Palace unscathed? When we are at our backs before have you considered giving us mercy?” Old Ancestor Bing Xin makes her way into the last enemy old ancestor. Yi Tianyun saw what Old Ancestor Bing Xin would do and makes his move before Bing Xin arrive to their spot.

He trusts his spear against the poor old man's chest. The old man eyes was taken by disbelief, he screams as he clutches his chest.

After he falls completely Yi Tianyun can see a little aura leaving the old man's body, giving him a proof that the old man already dead. He doesn't want anybody else to take down his opponent, as he will not gain anything from it.

[Ding, successfully killed Old Ancestor Tian Tang, earned 100,000 Experience, 2500 Crazy Point, Burning The Heavens Secret Art (Lower Grade Earth Level Martial Art), Wind and Fire Palm (Earth Level Lower Grade Martial Art)!]

[Ding, congratulations to Player 'Yi Tianyun', successfully breakthrough to Ninth Level of Core Condensation!]

He sighed in relief, knowing that he finally levels up after killing six old ancestors, many elders and deacons. Now it will be a gruesome experience point grinding to achieve level up and he knows that too. The experience point cap also increase as you leveled up is a fact, there is nothing he could do about it.

All he needs to do now is try his best. He turns his attention to his surrounding and see the enemies all scattered throughout the battlefield, he smirked to himself and stored his Blood Fiend Divine Spear and take out the Frost Fist. He couldn't use this before because the old ancestor level is too high for it effect to be effective, but to face this level of remaining enemies this is enough.

He immediately activates its effect and froze the remaining enemies. He started to walks into the nearby frozen sculpture and activates his Absorbing Stars Great Technique.

He gets exp like flowing water, it didn't stop there, as he can no longer absorb the exp from the dried up enemy, he shattered them, giving him additional exp for killing his opponent.

After a while, everything's over. He completely eliminated all the elites brought by the three factions. All that's left here in the palace is their own and the disciple that defecting to the enemy side at the beginning of the fight.

He now needs to clear this matters, as he already know that there is nothing wrong for them to surrender to the enemy to protect their lives, but at this rate, they'll be a bad example for others.

Chapter 96: Finished

People of Jade Palace couldn't say much about the amount of dead body in front of them. Many of them didn't have an experience about such event. The amount of blood that covers the ground and the stench that burns the noses is something that they just find gut wrenching. There are those who likely have seen this kind of event beforehand and doesn't look like it bothers them much.

Yi Tianyun looks at this pile of body and he can't find it in him to feel pity for any of them. He just can't feel pity to enemy that wants to rip his happiness from him.

Jade Palace disciple immediately took it for themselves to clean up after the pile of dead bodies in front of them. But there is still a problem that wasn't quite solved just yet. The disciple of Jade Palace that defected to the enemy side before the war happens is still here, they didn't expect Jade Palace could win in that situation, they feel ashamed of their action and remorseful about it.

Yi Tianyun thinks about the problem for himself, and he can't quite decide about either to kill them for treachery or to let them go. At the very least the one who defected that include themselves to attack Jade Palace are already dead, so the ones that left is just people that really wants to survive.

The elders of the palace is confused too, they don't know how to approach the situation because they also think these people didn't do anything extremely treacherous.

"Palace Lord, what do we do about this problem?" Great Elder Yu asks to Shi Xueyun. Shi Xueyun looks at them and sighed "Just let them go, all they wanted to do is survive after all, and I even encouraged them to do so, but they can't stay any longer in Jade Palace, as they didn't have enough devotion to Jade Palace."

The defected disciples looks at Shi Xueyun with relief "Thank you so much Palace Lord!"

After they were pardoned by Shi Xueyun, they're immediately on their knees conveying their thanks, and soon leave the Palace with a heavy heart. They still want to dedicate them self to Jade Palace but

they can't do that anymore, they have done something that can be sentenced to dead, but the Lord of the Palace still let them go, and they are forever thankful for that.

Shi Xueyun turns her attention to Yi Tianyun, and Yi Tianyun senses the dagger glare coming from Xueyun.

"Tianyun, You really..."

Shi Xueyun wants to talk, but Yi Tianyun cut her before she finished her sentence.

"Aunt, the previous action I have done is clearly for you but the actions I do right now is not only for you but also for the safety of Jade Palace. You made me an elder for Jade Palace and now I shall do my duty to protect it."

Yi Tianyun saying these thing with such emotions that make the people hearing him feels moved. Many of them complimenting Tianyun immediately, "Elder Yi you are so amazing, we will follow your command in the future."

"Yes, you are too good to be true Elder Yi, its amazing to have you as our elder."

"Whatever Elder Yi told us to do later, we will do just that!"

All the disciple shows their adoration to Tianyun, making him a little flushed.

[Ding, completed 'Protection Achievement'. acquired a permanent Title 'Guardian', twice base Defense Power!]

Yi Tianyun startled to have this notification that randomly popped up in front of him. He immediately inspects this information, and he realizes he must have cleared a hidden quest. The reward for this is great too, he got double defense power. He still didn't have information about the range of this reward and how to activate it, but it's still one hell of an effect.

He inspects the 'Guardian' title once more, and saw the information regarding the requirement for completion of the title which is to have protected more than 500 people with 100 favorability points. He immediately realizes that for the first one he repel the attacks from the three faction he didn't have the conditions to triggers this title, he didn't have that much people with that high favorability point.

But now that's not the case anymore, he already earned respect of everybody from the Jade Palace, so their favorability points automatically rose above 100. The condition for completion is already there when he finished this achievement.

"I didn't have any information about the quest for the title, hmmm, this hidden quest must have some crazy condition to complete." He imagines himself completing another title in the future with some crazy effects.

On another side, the Old Ancestor of Jade Palace is feeling a little bit embarrassed, Yi Tianyun clearly have a better cultivation than them, and he is more popular among Jade Palace's disciple. They feels a little bit sorry about the circumstances, because at first, all they wanted is to drive out Yi Tianyun from the Jade Palace.

The three old ancestor look at each other and Old Ancestor Bing Xin sighed and with a little hesitation she said: "Elder Yi, we are very sorry about the way we threat you in the past, I hope you can find forgiveness for our previous mistake." The three of the old ancestor bow their head to Tianyun willingly, and Yi Tianyun know that its not easy to bow head at their position.

Tianyun sincerely said "I don't really care about the previous matter, I never think of something that's already in the past. Its not like you did something unforgivable before, but know this, in the past, present and the future the only one i will listen to is only my aunt, no matter how high your position here i won't listen to you. If we can agree with that, I am sure we will not have any problems." Even if one can say that Yi Tianyun's words is quite harsh but there is no helping that. It is already an incredible feat to have Yi Tianyun protects them after treating him so bad in the past.

The most important thing for him right now is to protect Shi Xueyun and JiuLingyun as best as he can. He can order the Snow Wolf to separately protect the Jade Palace for him. The old ancestor clearly embarrassed but they are glad Tianyun doesn't turn his back from them.

Shi Xueyun smacks Yi Tianyun in the back of his head "That is not how you talks to your elders! But I don't dislike it."

She gave Tianyun a toothy smile. the three old ancestor thought that Shi Xueyun would reprimand Yi Tianyun for talking in such manner to them but clearly they were wrong, Shi Xueyun would do anything for her loved ones, she's even ready to leave Jade Palace for Tianyun. All they could do is show a bitter smile to Yi Tianyun and Shi Xueyun, they can't reprimand them as Yi Tianyun is more powerful than them right now, and Shi Xueyun is a Palace Lord.

Shi Xueyun turns her attention to the entire Jade Palace disciple standing there looking at them and said "Well, what are you waiting for? Chop chop! Clean this place up! We need to clear the three great faction after this!" Shi Xueyun coldly smiles, showing her murderous intent.

There is nothing left in the three great factions, they lost almost all of their high ranking members, and with that, they lost their capability to send help. This is proving more and more to the surrounding faction that Jade Palace is not to be disturbed!

Chapter 97: Pair Level Up

Yi Tianyun doesn't participate in the cleanup of the three great factions, not that he doesn't want to help, but he thought that he doesn't have any reasons to, but he did send the Snow Wolf to anticipate any problems and for that he can take a breather for a while. The land owned by the three great palace would be either closed or becomes part of the Jade Palace, in the end it is the spoil of war for Jade Palace.

In the Jade Palace, Tianyun took his long overdue rest and tries to organize his inventory. Because of the recent war, he gets a lot of loots and not to mention the loot he got from the old ancestor he killed are mostly high quality item, like an earth level martial arts and soul tool. After he inspected the effect of each individual loots he sighed "all of this sure is high leveled items, but none of them is something i really need. It's completely useless for me, it would be better to sell these things and earn some points or fuse it to frost fist to increase its mastery." The loots didn't have the basic need of the items he wanted, the most basic thing an item he wants to keep is that the item need to be growing as he grows too which mean it can level up as he is, otherwise it would be losing its worth eventually. It is better to sell it now when its worth is at it highest than wait for it.

The same thing can be said to the martial arts he get, none of them have the effect that he needs. "This martial arts didn't have any good effect on them, but at least the selling price is not bad, but what if I use this thing to level up Dark North Divine Art? Would it be better? That martial arts is the only one that never get to level up in my arsenal."

“Oh whatever I guess, better do things I’m sure of first. This frost fist needs to level up!” Yi Tianyun tried to fuse all the weapon he got from the loot into the frost fist.

[Would you like to fuse Cold Ice Blade into Frost Fist?]

“Yes!”

[Ding, Fusion succeeded, adding 3,000 Mastery.]

“Wow, it increased so much mastery in one go, but this item is at the High Grade Spirit level, maybe its normal to have it like this? Hmmm. Better try another one!” Yi Tianyun keeps trying different level of item to combine with Frost Fist, until finally he level it up!

[Ding, successfully level up Frost Fist to Middle Grade Spirit Tool, next level requires Mastery to be 30.000 points; attack range is increased to 500 meters!]

Yi Tianyun is surprised by the increased effect range he got from leveling up the frost fist, encouraging him to use all weapons loot he gpt into mastery point for Frost Fist! Suddenly he remembers something that flared his anger a bit. “I am so stupid! I should have think of something like this for a long time ago. I could have used my own crafted weapon to increase this stupid mastery!” he sighed and proceed to test his theory. “How much would I get for selling one of them to the system?”

He pulls out one of the weapon he forged in the wind city long time ago and tries to sell it. “Selling High Grade Spirit Sword, obtain 1.000 Crazy Points.” The system sounded in his ears. This announcement proves his theory that the system doesn’t care about how the weapon is obtained. “This is just the same amount of point as using the roulette to draw a prize, most of the time the prize from the roulette s just a small prize anyway. Well then, more mastery point for me!”

He quickly fuses it into the frost fist.

[Would you like to fuse ‘High Grade Spirit Sword’ into Frost Fist?]

“Yes!”

[Ding, Fusion Succeed into Frost Fist, adding 1.000 Mastery.]

Since Frost Fist successfully leveled up into the Middle Grade Spirit level, the amount of mastery received is far less than before but now that he got the cheap way to obtain combine them with, he doesn't seem to care about the lack of points he get.

[Ding, successfully level up Frost Fist to High Grade Spirit Tool, the freezing effect duration, and effectivity doubled! Plus range increased to 600 meters! The next level requires Mastery 50.000 points.]

Yi Tianyun keeps combining any weapons he didn't use with frost fist. He wants to at least make frost fist into soul tool level. He doesn't even care about the weapon he use for combining anymore. He even uses soul tool grade weapons for fusing material.

[Ding, successfully level up Frost Fist to the Lower Grade Soul Tool, the frozen effect enhanced 4 Times, the freezing range is enhanced to one kilometer, attacks within the frozen field, greatly decelerate the movement of any enemies within 2 meters! Next level, requires 200.000 Mastery points!]

Yi Tianyun is stunned by this enhanced effect. The effect is just insane, he even got a few extra effect than before.

Now after he got what he wanted, he turns his attention into his martial art. “Now, martial arts would be hard to level up obviously, the required amount of mastery is just too much. But still leveling up is much more worth it than to sell the material for just so little amount of crazy points.”

He immediately uses any martial arts he possess that he will never use and fuse it with Dark North Divine Art.

[Ding, successfully integrated Soul Suppression Secret Art into Dark North Divine Art increases 20,000 Mastery points!]

[Ding, successfully integrated...]

Yi Tianyun keeps combining every martial art that doesn't have any use to him, even if that martial arts is a high grade martial arts, any martial arts he deemed unnecessary, will be fused into the Dark North Divine Art.

[Successfully level up Dark North Divine Art into Middle Grade Earth Level Cultivation Technique doubling the effectiveness of the user skill and ability! The next level requires 300.000 Mastery.]

[Successfully level up Absorbing Stars Great Technique into Middle Grade Earth Level Martial Art, absorption rate enhanced 4 Times! next level requires 200.000 Mastery.]

Both the Absorbing Stars Great Technique and Dark North Divine Art are leveled up on the same time, this happens because the Absorbing Stars Great Technique is the extension of the Dark North Divine Art. Without the Dark North Divine Art, he wouldn't get any exp from absorbing other's spiritual power. It is almost always that if Dark North Divine Art is leveled up the Absorbing Stars Great Technique would be automatically leveled up too.

Chapter 98: Plan

Both Dark North Divine Art and Absorbing Stars Great Technique have successfully leveled up and now he can't do anything to level it up further, he doesn't have any more reserve martial art in his inventory, and he doesn't have enough Crazy Point to buy it in shop. "let's leave this for now, I don't have anything else to fuse into this." Yi Tianyun sighed and look at his status.

Yi Tianyun sighed again when he sees the exp needed to level up into the peak of condensation level, which is 3.5 million points. He thinks that this number is just too much, he need to kill many cultivator to level up earlier, now that the war is resolved he doesn't know how to find huge amount of exp in one go like before.

When he look at the armor section, he stops for a while and becomes excited about the armor that he got from the old ancestor he fought before, it's not just an armor but a whole set. He immediately equips it to see what will happens.

[Successfully Equip Chaotic Heaven Divine Armor, Chaotic Heaven Battle Boots, two-piece set bonus: double the Defense Power and double the movement speed.]

Yi Tianyun is surprised by the effect given by the set, he quickly combine his Snow Wolf Battle Boots he owned to his Froze Fist. he proceeds to see what else he got, and turns out that he has an axe with the same name as the set. He immediately equips it.

The axe suddenly appears in his hand, the axe itself is beautifully made, a reddish axe covered in defensive runes and exerting a primal chaos aura.

[Ding, successful Equip Chaotic Heaven Sacred Axe, three-piece set bonus: 2x Defense Power, 3x Movement Speed, 2x Attack Power!]

Yi Tianyun gasp after seeing the effects. Not only he gets more speed, but also his defense and attack power is increased significantly. "Amazing!" Yi Tianyun's eyes sparkled, with this set alone he got 60.000 combat power, he immediately equips his other item, and immediately check his status again.

Again, he got surprised, his combat power jumps into a whooping 110.000 points. This is without the buff from Crazy Mode and Dragon God Secret Art, if he used Crazy Mode and Dragon God Secret Art, he possibly could reach around 400.000 or 500.000 at least.

"With this kind of power, even if i fight against Spirit Core expert, I don't feel like i'll lose against them. I am sure I can handle them." He said with confidence.

After he is done checking his status, he gets up and walks out of his room to stretch up a bit. Immediately after leaving his room, a disciple quickly approaches him, "Elder Yi, you are finally out of your room. I'm here to relay message to you, Palace Lord wants to see you immediately."

The disciple quickly said. Yi Tianyun is amused by this disciple, she must have been waiting outside of Yi Tianyun's room untill he comes out.

“Ok, I’ll immediately go there myself, thanks.” Yi Tianyun smiles to the disciple and walks away to find his aunt. He went to the main hall, where Shi Xueyun usually does her job, and sure enough he sees her there talking to several elders.

Shi Xueyun immediately aware of Yi Tianyun presence and says “Tianyun, you’ve come!” Yi Tianyun smiles to Shi Xueyun and asks “Of course, since you summon me Palace Lord.” Shi Xueyun is happy to see Yi Tianyun and she immediately informed Yi Tianyun.

“We have finished cleaning after the three great factions, there is nothing left for them, they didn’t have guard to defend their factions as they brought out their best cultivator to attack us. We collected some weapons and pill from all three, and Wing Sect have many materials you can use for forging, and I intend to leave it to you.”

“I am okay with that, but it’s better to leave the pills to me too. I’ll help refines them.” Yi Tianyun says to Shi Xueyun. Shi Xueyun is puzzled by Yi Tianyun words and she asks “Did you know Alchemy too? You can refine pill and stuff?”

Yi Tianyun can’t help but chuckle and says “I am sorry aunt, I forgot to mention it, but I can do alchemy too. I have this treasure to help me refine the pills” he immediately brings out his Purple Fire Divine Furnace and shows it to Shi Xueyun and the elders.

They all had a shocked expression in their face. Not only Yi Tianyun have the talent to refine a pill, but he also possesses a very valuable divine tool.

“You don’t even need to ask for my help aunt, I know that after a war, we lose some resources, we obviously need more weapons and pills to strengthen our force. This time we even have the spoils of war from the three great factions to help us grow, I am sure they left many martial arts scroll we can use.” Yi Tianyun says with a bright smile to his aunt.

“Great, Tianyun, you’re thinking the same thing as I do!” Shi Xueyun was surprised by Yi Tianyun’s wisdom.

“Of course, A great mind thinks alike.” Yi Tianyun chuckled.

The three Elders look at each other and sighed in relief, they usually have a hard time distributing a pill to a disciple, it is a limited item after all, they have to carefully distribute the pill so it's not wasted. But now as Yi Tianyun can refine them, they don't have to face this problem anymore.

After thinking for a while Yi Tianyun said: "The next step we have to take is to help our disciple cultivate faster and try to upgrade Jade Palace to the Second Level Faction. We can't let the other factions keep looking down on us!"

Right now, Yi Tianyun doesn't really care about his main quest, he seriously wants to make Jade Palace more powerful as it would make his aunt's job easier, surely the reward of the main quest is good but, he's more concerned with his aunt than his quest!

Chapter 99: Heart Awe

Yi Tianyun took out all of the martial arts he got from the Heavens Immersing Ancient Ruins and gave them to Shi Xueyun.

"These are all human and earth level martial arts! How did you get your hand on this many martial arts?" Shi Xueyun is completely baffled from all the martial arts Yi Tianyun shoved in front of her.

"And how did you come out of the Heavens Immersing Ancient Ruins? Everyone told me you are left behind even after the gate was closed!" Shi Xueyun can't contain her curiosity about Yi Tianyun's safety.

"That is a long story aunt Shi Xueyun, I rather have that conversation elsewhere. For now let us focus on refining pill and cultivating the disciple, yes?" Yi Tianyun didn't want to talk about his circumstances in front of the elders as he doesn't exactly trust them that much.

Shi Xueyun just nods her head as she understands she will be talking to Yi Tianyun later on, and the elders fell silent because they know that they wouldn't get the answer they want to hear from Yi Tianyun now.

Yi Tianyun then excuse himself to start on refining the pills and forging weapons in the workshop. As his level of blacksmithing and alchemy is now good enough, Blacksmith at middle level and Alchemy at basic level, but he is sure that his alchemy would be leveled up into middle level eventually later.

He immediately starts by refining all material he gets to make Body Refinement Pills, which is the best pill to have to accelerate the cultivation progress of Body Refinement Cultivator.

Yi Tianyun is greatly absorbed in his refining works causing him to lose track of time, and he doesn't even realize how much pills he already refined.

[Ding, successfully refining Body Refinement Pill, earning 3.000 experience, Alchemy Mastery increased by 50 points.]

[Ding, congratulations to Player 'Yi Tianyun ', Basic Level Alchemy successfully Leveled Up to Middle Level Alchemy!]

Yi Tianyun is overcome with joy hearing this information "It finally leveled up!" this middle level alchemy is equal to Fourth Grade Alchemist in this world rank system, which is relatively high by the standard of his age, as very few people are able to achieve this stage at early age.

However, he didn't stop there as he becomes more determined to refine as much pills as he could, his refining speed and success rate already improved with the level up so he could refine at much pace than before. But the thing is Yi Tianyun finally got bored of this repeated process.

After depleting all material he has to refine pills, he starts forging High Grade Spirit Tool.

[Ding, congratulations to host. Middle Level Blacksmith promoted to Advance Level Blacksmith!]

"Nice!"

He is overwhelmed by sense of pride as now he can refine a peak grade spirit tool with high success rate. "I shall begin forging this peak grade spirit tools!" he began forging like a madman, not resting as he forges day and night!

Xiao Lian who is constantly checking Yi Tianyun's need becomes worried because Yi Tianyun never stop forging even neglecting eat and sleep.

"Young Master, You can't go on like this. You should take a break once in a while and have something to eat! You could get sick from overwork if you keep this up!"

"You are here Sister Xiao Lian! Here, I already organize your pills, weapons and some gold for you to use inside." Yi Tianyun pauses his work and hand Xiao Lian a storage ring. Xiao Lian looks at the storage ring hand and becomes confused.

"Young master, I can't take this, I don't deserve it!" Xiao Lian thinks that with her Seventh Level Body Refinement cultivation she doesn't deserve this much item from Yi Tianyun.

"You have to accept my gift as you've been taking care of me ever since i begin refining and forging, this is all I can give to you at this moment. And I can't help but notice that you never took your time to visit your hometown anymore. You didn't miss your family?" Yi Tianyun asks.

Xiao Lian was startled by Yi Tianyun's question as she doesn't expect Yi Tianyun to ask this kind of question. She doesn't know how to answer Yi Tianyun's question.

"Sister Xiao Lian, we are not strangers here, we practically grew up together and I already considered you as my own sister."

Yi Tianyun assures Xiao Lian to speak out her mind. Xiao Lian looks at Yi Tianyun and sighed in relief.

"My Father is sick at home and my family have no money to buy any medicine for him, I couldn't just go home without helping as that would make the situation at home more complicated." Yi Tianyun can't help but frowns hearing Xiao Lian circumstances.

"Why didn't you say anything to me? wait here for a moment! I will refine some recovery pill for you to take back home, and a few hundred gold, is it enough?" Xiao Lian immediately shook her head and reject Yi Tianyun's offer.

"I can't take accept it young master! I didn't do anything to deserve that much money, I couldn't possibly use your kindness for my own problems!" Yi Tianyun sighed, he never wants to use his authority on anybody in Jade Palace but Xiao Lian's refusal irritates him a bit.

"Sister Xiao Lian, if you consider me as your young master you have to accept my gift! If you really insist to return the favor, all you need to do is raise your cultivation as fast as you could, so you can contribute more for Jade Palace as the time goes. Do you understand?"

Xiao Lian flinches and nods her head without even realizing it. "I still can't accept this much from you, I will just take the pill to my father and come back here as soon as I can." Yi Tianyun smiles hearing Xiao Lian's response and can't help but chuckle a little.

"Sister, you don't have to come back so soon, everything is fine here, you should take care of your father at home. I will go there as soon as I am done with all this works." Yi Tianyun can't help but adore Xiao Lian because back before he got this Crazy Leveling System, no one treats him humane except Xiao Lian and Shi Xueyun, he feels this is the time to repay the favor.

"Young Master, I will not forget your kindness." Xiao Lian replies to Yi Tianyun and immediately bow down to him.

"What are you doing sister! Raise up your head now! I don't like this treatment you gave me right now, do you think now that I got stronger my perspective of you also changes?" Yi Tianyun can't help but got a little mad when Xiao Lian decides to bow down to him.

Xiao Lian froze and she doesn't dare to look Yi Tianyun in the eye, in reality, everything Yi Tianyun said is correct, she totally changed the way she treat Yi Tianyun as he becomes more powerful overtime.

Yi Tianyun immediately notices Xiao Lian who can't say anything back and that alone confirm his suspicion about Xiao Lian's change of behavior toward him.

Yi Tianyun Sighed and says "You can't do this sister, I am still Yi Tianyun you know before I become the way i am now, and I will never change as long as I can help it. I will always consider you to be my older sister. I don't want you to change for I will not change." Yi Tianyun gave Xiao Lian a heartwarming smile.

Xiao Lian's eyes start to waters as she continue to gaze upon Yi Tianyun.

"Young Master... I am very sorry!" Yi Tianyun sighed and think that no wonder Xiao Lian stops speaking to him like before, she becomes afraid of him as his power grows both physical and authority. He can't help but think that he completely neglected his surroundings in search of power.

After letting Xiao Lian go with a big smile, Yi Tianyun continues his work on forging weapons and after everything is done he went to see how Xiao Lian is doing in her home.

Chapter 100: Worried

A week has passed after Xiao Lian left to take care of her father and finally Yi Tianyun is done with his works as no material left for him to refine or to forge. He walks out of his room to see Shi Xueyun, but his appearance getting teased with light chuckle from many disciple he passed by. He looks very messy compared to his glamorous usual appearance.

Not long after, he sees Shi Xueyun walks down the hall and he quickly waves at her and shout "Aunt! Wait for me!" with a smile he immediately walks over to Shi Xueyun.

Shi Xueyun watches as Yi Tianyun walks over and give him her best smile, "Yi Tianyun, good job! You're done already?" she gave Yi Tianyun a small pat on the back and thank him for his hard work.

Shi Xueyun is also very busy in the past few days, as the recruitment has expanded with Jade Palace prestige has been known to many places, many cultivators has come to join them. Shi Xueyun has to be stricter than before, because of the traitors from the last war.

She has to check the background of every single candidates to make sure there is nothing unusual in their records. This took a tool on her time, so she can't check on Yi Tianyun as much as she want to as she's also physically and mentally exhausted.

Yi Tianyun knows this too so he doesn't complain about anything as he doesn't want to worry her aunt anymore than she already has.

“This is not hard at all aunt, I’m already done for now. If we’re still short on weapons or pills I will make another batch, but since i run out of material, so I will make a quick stop to buy enough material for the next batch.” Yi Tianyun said with a smile.

Shi Xueyun just shook her head and pulls Yi Tianyun arm with her and say “Come with me, The Elders already gathered in the assessment hall.”

The atmosphere is heavy in the assesment hall. Some of them is nervous about their assessment whether they can join the Jade Palace or not. Some of them also is nervous as they wait for their training regiments as they’re already qualified to join Jade Palace.

As Shi Xueyun arrives at the hall, she quickly says “Great elders, we have to pause the assessment for a little while, as elder Yi and I have something to say.”

The great elder quickly nods and wave her hands signaling everything to stop for a while and began to stand as they already know what to do next.

As Yi Tianyun walks up to the halls, he notices many young ladies looking at him with curiosity.

“I heard that Jade Palace has only one male Elder. Is that him?”

“He looks very messy, what has he done to have that rugged looks?”

“I heard that he is very powerful, I wonder if it is true?”

There are many rumors about Yi Tianyun outside of Jade Palace, it’s not a surprise considering he’s the only male elder in Jade Palace.

Many said that Yi Tianyun is very powerful, even more powerful than the Palace Lord and there’s also a rumor saying that Yi Tianyun is an incarnation of a demon, a very powerful demon.

There is more exaggerated rumors out there which is pale in comparison than the previous one.

As Yi Tianyun stops in the middle of the assessment hall he quickly waves his hand and pulls out all weapons and pills he made earlier.

There is dozens of high grade spirit tools, peak grade spirit tools, body refinement pills, and spirit refinement pills. Everyone gasps due to surprise, no one expect a first level faction has this many resources.

“These are the resources of Jade Palace. These Pills are Body Refinement Pill and Spirit Refinement Pill. As long as you perform well enough and work hard, you can have some of this as your reward!” Yi Tianyun announced his intention.

Shi Xueyun and can't help but smile on the side seeing how Yi Tianyun motivates the disciples.

“Really? All these items for us?”

“Wow there is so many high quality items! There are the Spirit Tool, and there's also the High Grade Spirit Tool, even the Peak Grade Spirit Tool!”

“God, even the stuff from the Pavilion I saw on my way here pale in comparison with these!”

The quiet assessment hall become full of chatter, as they become excited about the prospect of receiving the pills and weapons in front of them. The elder looks at themselves and smile among themselves, they already knows that this amount is just a fraction of what Yi Tianyun has made in two weeks he secludes himself in his rooms.

Shi Xueyun quickly adds “These are just a small part of Jade Palace's resources, whether they are new or old disciple, have equal chance to acquire these items, as long as you perform well and show your loyalty to Jade Palace, we will invest these items on you!”

Yi Tianyun looks at the disciple's expression and he's pretty satisfied, he managed to motivate them. This is the results he searched for, with this he is sure that Shi Xueyun will have an easier time on

filtering the new disciple's background to join Jade Palace. Afterwards Yi Tianyun and Shi Xueyun excused themselves.

At the hall outside the assessment hall, Yi Tianyun speaks to Shi Xueyun "As I said before, I will leave the palace for a little while to buy some materials and I will come back a little bit late." Yi Tianyun smiles to Shi Xueyun.

"There is no need for you to buy the materials personally Tianyun, we can always ask some disciples to buy some for you, you should just rest for a while." Shi Xueyun said to Yi Tianyun.

"Buying materials is not all I have to do outside of the palace aunt, I also want to check on Sister Xiao Lian's father at her place, she already told to me about her father conditions, he is sick and her family didn't have money to buy medicine. And I already promised to her that I will check up on her after I am done with my work." Yi Tianyun explains his reason to Shi Xueyun.

Shi Xueyun is startled after hearing about Xiao Lian's circumstances as she doesn't know about this at all.

"No wonder she seems anxious before, why she didn't say anything to me about this?" Yi Tianyun can only shrug his shoulder and says "I will buy the materials as I got back from her place. We need to give the disciples enough motivation to raise their own cultivation so we could reach the second level factions faster, and also stabilize the status of Jade Palace as we progress."

This is all said in honesty by Yi Tianyun as he really wants Jade Palace becomes stronger, but he has another motive as well, that is to finish his main quest as fast as possible!

"Good, you become more and more elder like now!" Shi Xueyun said proudly to Yi Tianyun.

"I am not worried about doing my elder job aunt, I'm worried about you, I will reduce your workload as much as I can!" Yi Tianyun said with assurance in his voice. Shi Xueyun quickly said "don't forget those words just now!" she chuckled seeing Yi Tianyun becomes even more dependable.

"But remember Yi Tianyun, I know that you are a very powerful now, but there is many more powerful people out there, I hope you keep yourself safe and refrain from making troubles on your way, I don't

know what I will do if something bad happens to you!” Shi Xueyun quickly adds to Yi Tianyun and shows her worries about Yi Tianyun’s safety.

Yi Tianyun looks at Shi Xueyun and gently grips her hand in reassurance manner and says “I promise to you that I will keep myself safe for your sake as well, as I swear to protect you always!” Hearing these encouraging words, Shi Xueyun can’t help but shed a few tears as she can’t help but to be proud of Yi Tianyun.
