Chapter 91 - 91: Pushing Forward Like a Hurricane (1)

Chapter 91: Pushing Forward Like a Hurricane (1)

Things had already developed to this point. If he continued to suppress his strength, it would not be for the sake of survival, but for the sake of being a fool.

Therefore, Zhu Wuyan only thought about it for a moment before deciding to increase her strength with all her might. As long as she could enter the late-stage Connate realm, Zhu Wuyan was confident that she would be able to catch up to Mad Emperor Zhu Zhenwu and possess the invincible strength of the Connate realm.

At that time, even if he was not a match for Mad Emperor Zhu Zhenwu, it would be easy for him to escape.

However, before that, it was better to cultivate a secret martial art that hid the innate internal energy. If the innate internal energy was too exposed, it would be easily discovered by someone with ulterior motives.

Zhu Wanhao did not dare to reveal his true strength yet. Otherwise, Mad Emperor Zhu Zhenwu would teach him a lesson at any moment. Therefore, it was better to hide it for now.

As for the secret martial art that hid innate inner essence, Zhu Wuwan had already found it long ago. This secret martial art was the peerless secret art, the hidden art!

This peerless secret technique could effectively hide the inner essence of the Eternal Sea and could also complement the Green Dragon Mustard. If he cultivated it to perfection, Zhu Wuwan was confident that he could integrate it into the Green Dragon Mustard and further improve it.

Zhu Wuan did not slowly cultivate this peerless secret technique. After all, the innate inner essence was too sharp, and the palace was filled with danger. The longer he delayed, the more dangerous it would be. Therefore, Zhu Wuan directly spent a breakthrough point to raise it to the Small Success Realm.

For Zhu Wuwan, who already had eight figures of free breakthrough points, the breakthrough points needed to raise the hidden technique to the small success realm was a piece of cake.

With the help of the breakthrough point, Zhu Wuwan seemed to have personally cultivated the concealment technique for dozens of days. He easily grasped it and was able to effectively hide his Eternal Sea Inner Essence. frëewebnɒvel.com

“Congratulations to the host for cultivating the peerless secret technique, the hidden technique, for the first time in his life. You have obtained 3000 breakthrough points...

“Congratulations to the host for raising the Peerless Secret Technique to the Beginner Realm for the first time in his life. You have obtained 6000 breakthrough points...

“Congratulations to the host for raising the Peerless Secret Technique to the Small Success Realm for the first time in his life. You have obtained 20000 breakthrough points ..

Cultivating and upgrading the Hidden Technique had brought Zhu Wuwan close to 30,000 breakthrough points. It was almost catching up to the breakthrough points that Zhu Wuwan had invested in it. In other words, Zhu Wuwan had not spent much breakthrough points to upgrade the Hidden Technique to this point.

However, when he thought about the Nine Dragons Fist, the Green Dragon Concealment, and the Mustard Seed Secret Skill, the breakthrough points he obtained seemed to be far inferior to the breakthrough points he obtained when he cultivated the Hidden Secret Skill. However, the Hidden Secret Skill was not much stronger than other peerless martial arts and peerless secret skills. Why was the breakthrough point obtained so different?

Zhu Wuwan was a little puzzled. She thought about the rules of the special encounter system. The number of breakthrough points obtained was related to the degree of uniqueness, influence, and the degree of impact it had on Zhu Wuwan.

Comparing the peerless martial arts and the peerless secret arts, the degree of uniqueness was similar, and the degree of impact on Zhu Wuwan was not much different. Only in terms of influence might there be some differences.

After all, when he cultivated the Nine Dragon Fist and the Azure Dragon Concealment, Zhu Wuyang was only a Body Tempering Stage martial artist.

However, at this moment, Zhu Wuyang was a Connate Stage martial artist.

Compared to then, his strength was ten times or a hundred times weaker. Naturally, the impact it brought was different.

Perhaps it was because of this that the gap between the breakthrough points obtained was so large.

An ordinary body tempering martial artist eating a meal with a great expert in the Xiantian stage, even if they ate the same thing, could the influence be the same?

Just like back on Earth, Wang Sicong, the son of the richest man, was approachable and more down-to-earth when he ate at a roadside stall. However, would anyone say that an ordinary citizen was approachable and down-to-earth when he ate at a roadside stall?

This wasn't a down-to-earth feeling, because it was already on the ground.

Wang Sicong could get on the news just by eating at a roadside stall, but an ordinary citizen wouldn't even get on the news by eating at a palace jade banquet, let alone eating at a roadside stall.

With such a huge difference in influence, naturally, the rewards obtained were also different.

It was no wonder that with the increase in his strength and the increase in the amount of energy he grasped, Zhu Wuwan realized that his every move could gain more and more breakthrough points.

In the past, Zhu Wuwan might have felt that it was not good. This would allow him to improve faster. But now, Zhu Wuwan had decided to let go of the restrictions and focus on improving his strength. This was naturally a great thing for him.

Hence, Zhu Wuyan started reading!

"Congratulations to the host for reading the Nine Zhao's geography for the first time in your life. You have obtained 1000 breakthrough points..."

"Congratulations to the host for understanding the situation of the mountain range of South Zhao Manor for the first time in your life. You have obtained 3000 breakthrough points..."

"Congratulations to the host for understanding the situation of the South Zhao Manor's river for the first time in your life. You have received 5000 breakthrough points..."

When he had just transmigrated, the weak, helpless, and miserable Zhu Wuwan would usually only obtain a few hundred breakthrough points by flipping through a book. Now that he had entered the Connate stage, he could easily obtain more than a thousand breakthrough points. The difference was really obvious.

As he flipped through page after page of the ancient books, Zhu Wuyang, who had a photographic memory, integrated the knowledge at an astonishing speed and engraved it in his mind. This naturally brought Zhu Wuyang an endless stream of breakthroughs.

On average, each book could bring Zhu Wuwan tens of thousands of breakthrough points. There were more than ten thousand books in the study room of the bedroom. If he read all of them, he could at least earn hundreds of millions of breakthrough points.

With so many breakthrough points, it was enough for Zhu Wuyang to raise his strength to the late-stage Connate Realm or even the perfected Connate Realm.

Because these breakthrough points came in batches, with Zhu Wuwan's current strength, she could easily digest them.

While reading, Zhu Wuwan was able to digest these breakthrough points and continuously increase her strength and foundation. Her strength increased at an unimaginable speed.

If the cultivation speed of other martial artists was 1, and the cultivation speed of martial artists who consumed heavenly and earthly treasures was 10, then Zhu Wanhao's cultivation speed at this moment was more than 100. The two were completely different.

The notifications from the Special Encounter System were like spamming screens, appearing in Zhu Wuyang's mind one after another. Zhu Wuyang's strength was accompanied by the system's notifications, and it was as if he was riding a rocket.

Naturally, he earned more and more Free Breakthrough Points.

In the future, as Zhu Wuyan's strength continued to grow and her status continued to rise, the influence of Zhu Wuyan's every move would definitely be greater. Naturally, she would be able to obtain more and more breakthrough points.

It seemed a little strange, but it wasn't strange at all when he thought about it carefully. Zhu Wuyang should also take a big step forward and rapidly increase her strength and status. Only then could she increase her strength faster and form a virtuous cycle.

Therefore, without the suppression of the special environment, Zhu Wuyang really wanted to speed up the process of earning breakthrough points and improving himself. This would be of great benefit to him..

Chapter 92: Sesame Blossoms Stepping Higher (1)

Other than reading books to earn breakthrough points, Zhu Wuyang also thought of other ways to earn breakthrough points.

For example, eating!

There were countless delicacies in the palace, many of which Zhu Wuwan had never eaten before. He specially instructed the palace maids to find him all kinds of delicacies. The quantity was not too much, and three servings of each dish would do.

After all, according to the rules of the special encounter system, only the first three times could obtain a breakthrough point.

“Congratulations to the host for tasting the Common Arowana for the first time in his life. You have obtained 1000 breakthrough points...”

“Congratulations to the host for tasting the Common Arowana for the second time in his life. You have obtained 800 breakthrough points...”

“Congratulations to the host for tasting the Common Arowana for the third time in his life. You have obtained 600 breakthrough points...”

Each dish could basically bring Zhu Wuwan about 2,000 breakthrough points. Why not enjoy delicious food while reading?

Although Zhu Wuan was already known throughout the country as the “useless crown prince, eunuch crown prince,” and “incompetent crown prince...” His power had been greatly reduced, but it was still very easy for him to eat some delicious food.

Many of the delicacies in Jiu Zhao Country were quite good, far surpassing 99% of the delicacies on Earth. After all, the ingredients here all contained spiritual energy, and the taste was especially fresh and tender.

Previously, Zhu Wuyang quite liked the delicacies here. However, due to the suppression of the special environment, she did not dare to enjoy the delicacies to her heart's content.

Since there was no need to restrict it now, he naturally had to make up for it all. He could not waste any of it.

Previously, it seemed that he had suppressed the acquisition of some breakthrough points, but he could actually make up for it now. Moreover, because of the suppression, he had earned more breakthrough points.

This was also something that Zhu Wanhao had never thought of before.

Moreover, other than delicious food, Zhu Wuyang had also saved up quite a number of natural treasures and elixirs during this period of time.

“Congratulations to the host for consuming the hundred-year-old Golden Lotus for the first time in his life. You have obtained 100,000 breakthrough points...”

" Congratulations to the host for consuming a hundred-year-old Gegen Grass for the first time in your life. You have obtained 200,000 breakthrough points..."

" Congratulations to the host for consuming an 800-year-old cow ginseng for the first time in your life. You have obtained 1,000,000 breakthrough points..."

Before this, Zhu Wuwan had already thought that perhaps one day, in order to survive, he would have to speed up the speed of obtaining breakthrough points instead of suppressing it like before.

Therefore, Zhu Wuwan had deliberately collected many heavenly treasures and spirit pills, dug a hole in the ice bed, and hid them. However, Zhu Wuwan had not expected this day to come so quickly.

Now, these natural treasures and elixirs were naturally put to use. Each of them could bring more than tens of thousands of breakthrough points to Zhu Wuwan, allowing her to increase her strength even faster.

Moreover, as the crown prince of the Nine Zhao Nation, Zhu Wuyang was also qualified to receive many natural treasures and elixirs. In the past, in order to slow down his advancement, Zhu Wuyang did not do so.

But now, Zhu Wuwan was afraid that she wouldn't be able to improve quickly enough, so she asked her confidant to go to the Imperial Academy of Medicine to get all kinds of natural treasures and elixirs. She took three portions of each item.

In order to avoid arousing the suspicion of Mad Emperor Zhu Zhenwu and the other princes and princesses, Zhu Wuwan had only taken some things that were beneficial to the recovery of meridians, nourishing the human root, replenishing qi and blood, and so on.

Even so, this was still an astonishing number.

After all, the Nine Zhao Nation was a behemoth that was not inferior to the

Hua Nation on Earth. It possessed a shocking amount of various herbs and Mystical Materials. Even if it was only a specific portion of them, it was still an astonishing number. It was enough for Zhu Wuwan to enjoy for a long time.

With the help of these treasures, Zhu Wuyang's speed of earning breakthrough points was even faster, and the speed at which his strength increased was naturally like a rising tide.

Zhu Wuwan spent almost all her time and energy reading books, eating spirit herbs, and eating delicious food...Above, it was soaring at an unimaginable speed.

These breakthrough points had basically been digested by Zhu Wuyang while he was reading books and eating delicious food. Only when he consumed some heavenly and earthly treasures did he obtain too many breakthrough points. Zhu Wuyang was still unable to digest them in time and needed to take some time to digest these breakthrough points.

Of course, if he was too tired during the process of upgrading, Zhu Wuyang would recruit some fresh palace maids and courtesans to do some relaxing exercises. At the same time, he could also earn a large amount of breakthrough points.

" Congratulations to the host for holding hands with Liu Ru, one of the four famous courtesans, for the first time in your life. You have received a million breakthrough points...

" Congratulations to the host for hugging Liu Ru, one of the four famous courtesans, for the first time in your life. You have received three million breakthrough points...

" Congratulations to the host for exercising with Liu Ru, one of the four famous courtesans, for the first time in your life. You have obtained 10 million breakthrough points...

What Zhu Wanhao didn't expect was that there were actually four famous courtesans in the Nine Zhao Nation. Two of them were in the Moon Capital. They were Liu Ru and Zhao Xiaoxiao. Liu Ru's name was the same as the four famous courtesans on Earth.

Naturally, Zhu Wuwan was interested. After learning that Liu Rushi was also a courtesan, she immediately summoned her to the palace with the power of the Crown Prince. In just two hours, she completed the trilogy of love and had Liu Rushi, one of the four famous courtesans.

Liu Ru didn't disappoint either. She gave Zhu Wuwan nearly 20 million breakthrough points, causing Zhu Wuwan's strength to soar by a large margin, and she was much closer to the mid-stage Connate Realm.

According to his current speed, Zhu Wuwan would definitely be able to break through the bottleneck within three days and advance to become a great expert at the mid-stage of the Connate Realm.

However, even though Zhu Wanhao had been working so hard, he realized that the speed at which he earned breakthrough points was not as fast as when he was the laughing stock of the Southern Wasteland. The speed at which breakthrough points were flooding the screen was far faster than now.

Could it be that this was the legendary saying that a flower planted deliberately would not bloom, but a willow planted unintentionally would grow into a shade?

Zhu Wuan shook his head speechlessly and immersed himself in the ancient records once again.

It was naturally not enough to just increase his strength. After some consideration, Zhu Wuwan spent millions of breakthrough points to increase the Nine Dragon Fist from the fourth level to the fifth level. Once he used it at full strength, he could unleash five times his own attack power.

Zhu Wuan had also upgraded the Illusion God Steps from the minor mastery stage to the major mastery stage. With the combination of the Nine Dragon Fist and the Illusion God Steps, even a late-stage Connate martial artist would find it extremely difficult to defeat Zhu Wuan, let alone a mid-stage Connate martial artist.

Zhu Wanhao's current strength had already vaguely reached the level of Mad

Emperor Zhu Zhenwu. Although he was still far from being a match for Mad Emperor Zhu Zhenwu, at least there was a possibility of catching up and surpassing him.

As for the princes and princesses in the palace, they no longer had the chance to compete with Zhu Wuwan. The strongest among them was only around the sixth tier of the Cast Vein Realm. If Zhu Wuwan was willing, she could crush them with a finger.

Moreover, Zhu Wuyang still had a way to improve!

Chapter 93: Don't Regret If You Leave Today (1)

When Zhu Wuyang consumed these heavenly resources and spirit pills, other than the breakthrough point brought by the special encounter system, the medicinal efficacy of these heavenly resources and spirit pills would also help Zhu Wuyang.

For those treasures and elixirs with more severe side effects, Zhu Wuyang would naturally give up the medicinal effects. However, for those treasures and elixirs with less side effects, Zhu Wuyang would absorb the medicinal effects and further increase his strength.

As a result, Zhu Wuwan's improvement speed was even faster.

In his lower dantian, the Vast Sea Internal Essence had already expanded from the size of a water tank to the size of a pond. With his lower dantian as the center, the rich and pure Vast Sea Internal Essence followed a specific trajectory and flowed towards the nine great chakra meridians, forming a mysterious path.

Eternal Sea Cultivation Diagram!

With the inner essence of the Vast Sea as the foundation, the nine great chakra meridians as the path, and the lower dantian as the core...It continued to circulate, turning a large amount of breakthrough points and medicinal power into pure Vast Sea Inner Essence, gradually forming an imperceptible stream in Zhu Wuwan's body.

When the stream expanded to a few meters wide, it meant that Zhu Wuwan's strength had broken through the bottleneck and stepped into a new realm. Gathering clouds into rain, rain falling into streams, then into rivers ... All the way to the Boundless Sea. These were the four realms that one had to go through in the Connate stage.

However, under normal circumstances, the quantity and quality of Xiantian inner yuan in other Xiantian realm martial artists' bodies were far inferior to Zhu Wuyan's. When they entered the middle stage of Xiantian realm, it was already very good for the Xiantian stream in their bodies to be one meter wide. However, the Xiantian stream in Zhu Wuyan's body was at least a few meters wide.

Even if the Xiantian Stream had not yet formed, the Vast Sea Inner Essence in Zhu Wuyang's body was basically not inferior to a mid-stage Xiantian warrior in terms of quantity and quality.

With Zhu Wuan's current strength, she was strong enough to dominate among the first-rate experts. She could be said to be the most powerful group below the top-notch experts.

In the Nine Zhao Country, the early and middle Xiantian Realm warriors were qualified to be called first-rate experts, and the late Xiantian Realm warriors were qualified to be called top-notch experts. Only those who had stepped into the Xiantian Realm could be called peerless experts.

This was also the end of the path of martial arts. There was no way forward!

The storm caused by Zhu Wuan outside was still continuing, and it was getting more and more intense. Zhu Wuan was called "trash prince", "incompetent prince", "eunuch prince"...His name resounded throughout the Nine Zhao Nation and even the surrounding countries. Even in the vast Southern Wasteland, he was considered a little famous.

This was because the matter was too special and peculiar. In addition, Mad Emperor Zhu Zhenwu was quite famous in the Southern Wasteland. After all, Zhu Wudi's title was obtained by him with a punch and a kick.

With the addition of Mad Emperor Zhu Zhenwu, and Zhu Wuyan's "actions were really eye-catching, it was understandable that this matter had spread so widely.

Fortunately, Zhu Wuyang didn't have the burden of being an idol. Otherwise, he would probably cry out loud when he saw his reputation being tarnished like this.

Outside, the rich and powerful people, princes and princesses, concubines and commoners who were laughing at Zhu Wuyan...No one would have thought that this Crown Prince Jiu Zhao, whom they had slandered so much, had actually broken through to the Connate Realm without a sound. He was a famous quasi-top expert in the Southern Wasteland.

Moreover, Zhu Wuyang was only seventeen years old this year. No one in the Southern Wasteland had ever heard of a seventeen-year-old top-notch expert, let alone seen one.

Even if it wasn't unprecedented, it was unprecedented!

The youngest Inborn expert in the history of the Southern Wasteland was already close to thirty years old. Compared to him, Zhu Wuwan was nearly half as old.

Moreover, Zhu Wuyang was still improving at an unimaginable speed. She did not care about the wind and rain outside at all, as well as the desolation of the

Crown Prince Palace.

Originally, Zhu Wuyan was called the "useless prince incompetent prince and" stupid prince "...His name had already spread throughout the Moon Capital, and he even said 'self-degeneration', 'future ruined' and 'no hope'...As a result, the guards, eunuchs, and palace maids who had a promising future in the Crown Prince's palace left one after another.

Now that the title of "Eunuch Crown Prince" had come, those guards, eunuchs, and palace maids who had the slightest bit of ambition immediately ran even faster. The Crown Prince Palace, which originally had more than a hundred servants serving it, was now left with only thirty to forty people in the blink of an eye. Of course, there were also nearly a hundred beauties that Zhu Wuyang had recently owned.

In total, there were nearly 150 people, and only about 40 of them were serving.

The others were all masters, so how could they take care of them all? Therefore, these women could only do many things themselves.

Seeing that Zhu Wuan had fallen to such a state, he had originally wanted to have a prince or princess so that he could live a life without worrying about food and drink. However, he did not expect Zhu Wuan to be a "fake eunuch."

As a result, many of the palace maids and courtesans who had been doted on by Zhu Wuyang could not hold on any longer and left the Crown Prince's Palace one after another. Those who remembered their old relationship would come and greet him, while those who were cold would not even greet him.

Zhu Wanhao wanted to persuade them to stay, but thinking about her current situation, she couldn't tell them that he wasn't a good-for-nothing. What could he do to persuade these beautiful women to stay?

Moreover, Zhu Wuwan knew very well that as his strength soared, he would have a battle with Mad Emperor Zhu Zhenwu sooner or later. At that time, it was unknown who would win.

Once Zhu Wuyang was defeated, not to mention himself, even these women who had been with him might not be able to escape death. Since that was the case, there was no need to force them to stay.

In just a few short days, more than half of the beauties in the Crown Prince's

Palace had been reduced. In the end, there were only 30 or so who remained by Zhu Wuyang's side. Among them were Chu Xia and Lai Chun, the two girls who had been by Zhu Wuyang's side ever since he transmigrated.

The difference was that when they had just transmigrated, Laichun and Chu Xia were both under Zhu Wensi, the thirty-eighth prince. They were in charge of monitoring and keeping an eye on Zhu Wuyang.

But now, because the two girls had given their first time to Zhu Wuan, the 38th Prince, Zhu Wensi, naturally did not want this kind of ruined flower. In addition, Zhu Wuan was already "completely crippled" and had no value to monitor at all. Therefore, he left Chu Xia and Lai Chun in the Crown Prince Palace and did not let them go back.

Upon seeing this scene, Lai Chun and Chu Xia, who had originally been loyal to him because they had followed Zhu Wuyang, decided to follow him completely. They no longer had second thoughts. Even though Zhu Wuyang was at the end of his rope, the two girls did not abandon him. This made Zhu Wuyang look at them in a new light.

However, what Zhu Wuyang did not expect was that even Liu Ru, one of the four famous courtesans, stayed behind and willingly accompanied Zhu Wuyang. This made Zhu Wuyang very surprised. He did not know why Liu Ru would follow a "hopeless" Crown Prince like him..

Chapter 94: A Man's Favorite (1)

With Liu Rushi's looks and ability, it wasn't difficult for her to find another partner. Moreover, Zhu Wuwan had only spent a night with Liu Rushi.

He was already rather surprised that Liu Ru could agree to his summons and come to the Crown Prince's Palace. Now, she didn't leave like the other courtesans and palace maids, which made Zhu Wuyang think highly of her.

That was why Zhu Wanhao asked around the next night and found out that Liu Ru had been in the dust for a long time and had long had enough of those luxurious days.

From the moment she agreed to come to the Crown Prince's Palace, she had thought that she would follow Zhu Wuyang to live a peaceful and stable life. She did not lack money, so whether Zhu Wuyang had a future or not was not important to her.

As for the title of "Crown Prince Eunuch", Liu Ru, who had experienced Zhu Wuyang's mighty power and was quite familiar with the art of intercourse, didn't quite believe it.

"Your Highness, are you hiding something from us?"

Faced with Liu Ru's suspicious question, Zhu Wuyang smiled without saying a word. After a night of wind and rain, Zhu Wuyang's strength had broken through again.

"Congratulations to the host for breaking through to the middle stage of the Xiantian realm for the first time in his life. You have obtained 16 million breakthrough points..."

Liu Ru had already left. Zhu Wuwan lay on the ice bed alone, quietly absorbing the strange power that was rolling in and stabilizing her current realm.

The Vast Sea Inner Essence in his body had already formed a stream that was a few meters wide. It circulated in an orderly manner, shuttling between his lower dantian and his nine major chakra meridians.

Every time it circulated, it would increase a little. At the same time, it was also constantly nourishing and improving Zhu Wuwan's body, making every part of Zhu Wuwan's body stronger and more powerful.

Under the nourishment of innate inner energy, Zhu Wuwan's lifespan had been prolonged. If she was healthy, she could live to at least 130 years old. If she was lucky, it was even possible to break through 150 years old.

The Vast Sea Inner Essence in his lower dantian was already like a large pond, comparable to some top experts in the late stage of the Connate Realm. In other words, with Zhu Wuyang's current strength, he was completely qualified to be called a Connate Cultivator.

A top-notch expert!

The Nine Dragon Fist had been upgraded to the fifth level by Zhu Wuyan using the breakthrough point, and the Illusion God Steps had also been upgraded to the great success realm by Zhu Wuyan. With the two complementing each other, Zhu Wuyan's combat strength was so strong that she could completely sweep away the late-stage Connate realm.

Even among the top experts, Zhu Wuwan was the best.

With Zhu Wanhao's current strength, he could barely be considered confident in protecting himself in the palace. Even if he was really discovered by Mad Emperor Zhu Zhenwu, Zhu Wanhao would still have the confidence...There was a one percent chance that he could escape.

It didn't seem like much, but it had to be known that before this, Zhu Wuyang didn't even have a one in ten thousand chance of escaping. In comparison, this chance was already very good.

To put it bluntly, with Zhu Wuyan's current cultivation foundation and peerless martial arts, if he encountered some weaker Connate perfection peerless experts, Zhu Wuyan would be able to defeat them.

If he entered Jiuzhao Country's Jianghu, Zhu Wuwan could still pretend to be a peerless expert, so it was not an exaggeration to call him a quasi-peerless expert.

Once he could step into the late-stage Connate realm, Zhu Wuwan would have the confidence to defeat Zhu Zhenwu. At that time, even if he could not defeat Zhu Zhenwu, he would be able to fight equally with him.

After getting used to the sudden increase in strength, Zhu Wuyang continued reading, eating delicious food, taking medicinal pills, and sleeping with beautiful women...He used all his strength to increase his strength, and at the same time, he was accumulating free breakthrough points. Once he encountered an emergency, he could use free breakthrough points to increase his strength immediately.

In order to avoid suspicion, the "sorrowful and despairing" Zhu Wuwan, in addition to taking all kinds of natural treasures and elixirs to make up for the lack of human roots, also ate some special things. These things also brought Zhu Wuwan a lot of breakthrough points.

"Congratulations to the host for eating a donkey penis for the first time in his life. You have obtained 10000 breakthrough points..."

"Congratulations to the host for eating tiger penis for the first time in his life. You have obtained 50000 breakthrough points..."

” Congratulations to the host for eating the Green Deer Penis for the first time in your life. You have obtained 100 ,000 breakthrough points...”

Zhu Wuwan had originally only wanted to feign that his body was still weak by eating all kinds of ferocious beasts’ whips. However, he did not expect that these ferocious beasts’ whips would actually bring him a considerable breakthrough point.

However, after thinking about it carefully, this seemed quite normal. After all, no matter which world it was in, whips seemed to make people fantasize.

Not to mention that there were many whips in this world. When Zhu Wuyang was on Earth, he had never even thought about eating them, let alone eating them. Now that he had suddenly tasted them, he naturally had a deep impression of them, and they could naturally bring him more breakthrough points.

Seeing this scene, Zhu Wanhao naturally wouldn’t give up on such a good way to earn breakthrough points. He immediately asked the imperial chefs to collect whips from all kinds of beasts for him, preparing three sets of each type.

With the power of the imperial kitchen, it was easy to obtain whips from all kinds of beasts. Very soon, Zhu Wuwan had prepared whips from over a thousand kinds of beasts.

As time passed, this number continued to increase. The number of ferocious beasts on the Dongyuan Continent far surpassed that on Earth in both species and quantity.

Seeing Zhu Wuyang wantonly consume the whips of all kinds of beasts, it further confirmed that Zhu Wuyang was indeed ” sick at the root ” and did not arouse anyone’s suspicion.

After all, no one would have thought that Zhu Wuyang could actually earn a large number of breakthrough points through this method and increase his strength at an astonishing speed.

In the eyes of anyone, the whips of various beasts could only increase one’s human root. The effect of increasing one’s strength was very small. Only some special whips of beasts had some effect on increasing one’s strength.

However, instead of relying on the beast’s whip to improve, it was better to cultivate on his own. Therefore, everyone was just watching as a joke when Zhu Wuwan collected the beast whip.

Even Zhu Wuyang’s act of collecting all kinds of treasures and elixirs did not attract much suspicion because of his identity as a fake eunuch, especially since Zhu Wuyang was a ” waste ” who had lost his Yuan Yang.

Although the protective colors in the past had given Zhu Wuyan a lot of negative nicknames, it had also brought a lot of convenience to Zhu Wuyan. It could be said that it was a blessing in disguise.

There were all kinds of heavenly and earthly treasures that he had never tried, all kinds of spiritual pills that he had never taken, all kinds of delicious dishes that he had never enjoyed, all kinds of beast whips with strange tastes ... Like a flood, Zhu Wuyang's strength surged at a terrifying speed.

Although this speed was still not enough to obtain the "Trash

Prince" Prince", and "Eunuch Prince"... When he was given a title, it was still ten times or a hundred times better than usual.

While enjoying the taste of his tongue, Zhu Wuyan's learning journey was also quite smooth, and she even obtained unexpected huge gains!

Chapter 95: Mythical Martial Art: The Bright Moon in the Sky (1)

"Dong..."

When Zhu Wuyang was flipping through the books that she was interested in, she accidentally bumped into a wall behind the bookshelf. A strange sound came from the wall.

Hollow wall?

Zhu Wuwan was stunned for a moment, then she knocked twice.

"Dong dong..."

After confirming that it was a hollow wall, Zhu Wuwan knocked on it again and realized that the area of this hollow wall was only about a foot in diameter. It should not be able to hold much.

One had to know that there were many peerless martial arts in the study of the Crown Prince's bedroom. Even these peerless martial arts were not qualified to be placed behind the hollow wall. One could imagine the value of the things behind the hollow wall.

He didn't know what good things were inside or which crown prince's handiwork. It seemed like Zhu Wuyang was going to benefit from it.

A smile flashed across his face. For the sake of caution, Zhu Wuwan took out a sword from the secret training room. At the same time, he used a shield to block in front of him and carefully cut open the hollow wall. freewebnovel.com

There was no movement behind the hollow wall, so there was obviously no mechanism or anything like that. Zhu Wuwan was slightly relieved. She cut open the hollow wall and revealed what was inside.

” Congratulations to the host for encountering a fortuitous encounter for the first time in your life. You have obtained one million breakthrough points...”

The special encounter system gave a prompt in time. He had only encountered a fortuitous encounter and had yet to obtain it, but he had already obtained so many breakthrough points. If he could obtain a fortuitous encounter, how many breakthrough points could he obtain?

Zhu Wuwan was tempted to use her long sword to pry open the silk cloth behind the hollow wall, revealing a silver-blue book wrapped inside.

This silver-blue book was only two inches thick. It was unknown what material it was made of. After confirming that there were no traps or poisons on it, Zhu Wuyang held it in his hand. What greeted his eyes were six ancient seal characters.

Tianya Mingyue Saber Art!

“Congratulations to the host for obtaining the Tianya Mingyue Saber Technique for the first time in his life. You have obtained 30 million breakthrough points...”

“Hiss...”

Zhu Wuwan couldn't help but gasp. It wasn't just because she had obtained many breakthrough points this time. Most importantly, there was clearly a description of the Tianya Mingyue Saber Technique in the original owner's memories.

Mythical martial arts!

Few people had been able to master the Zhu Royal Family's ultimate technique in the past thousands of years. It was extremely difficult, and its power was far superior to the Nine Dragon Fist.

Vast Sea Original Code, Tianya Mingyue Saber Technique, Flowing Illusory

Shadow Steps ... They were also known as the three great divine arts of the Nine Zhao Nation and were the only three mythical-level martial arts of the Zhu royal family.

Among them, the Tianya Mingyue Saber Technique was known as the number one attack technique. One could imagine how powerful this saber technique was.

Under normal circumstances, only the emperor of the Nine Zhao Nation and the most outstanding princes and princesses of the Zhu royal family were qualified to see the Tianya Mingyue saber art. At least, the original owner and the "incompetent" Zhu Wuyang were not qualified to see it.

However, he did not expect that someone would secretly place a copy of the

Endless Moon Saber Technique on the wall of the study room in the Crown Prince's bedroom. Although it was only a dungeon, it was enough to make people dumbfounded.

After experiencing the amazing effects of the Mythical-level cultivation technique, the Vast Sea Original Code, Zhu Wuwan was still thinking about when he would be able to learn the Tianya Mingyue Saber Technique and the Flowing Illusory Shadow Steps. He did not expect that he would be able to find them without any effort. He actually accidentally obtained the Tianya Mingyue Saber Technique in the study of his bedroom.

However, thinking about it, there was no lack of extremely talented geniuses among the previous seventeen Crown Princes who were qualified to read the Tianya Mingyue Saber Technique, it was quite normal for them to leave a copy after memorizing the Tianya Mingyue Saber Technique.

This was also one of the greatest advantages of the Zhu Family's royal descendants. Ordinary warriors would rarely see peerless martial arts or legendary martial arts in their lifetime. For the royal descendants, as long as they were lucky, they would have a chance to obtain them.

There was only the horizon and the bright moon!

Thinking of the legend of the Tianya Mingyue Saber Technique, Zhu Wuwan could not help but get excited.

He was worried that the Sword Drawing Skill could only be used once. If he failed to kill the enemy after using it, he would have to consider switching to other saber techniques.

Zhu Wuwan had originally wanted to raise her strength to the late-stage Connate Realm before considering cultivating a peerless saber technique. She did not expect to unexpectedly obtain a mythical-level saber technique, the Tianya Mingyue Saber Technique.

In that case, he could put the learning of the Tianya Mingyue saber technique on the agenda in advance and improve his combat strength as soon as possible.

At the very least, he should cultivate the Tianya Mingyue Saber Technique to the beginner level first. It was not a big deal to spend some breakthrough points.

After a moment of consideration, Zhu Wuyang brought the Tianya Mingyue

Saber Technique into the secret cultivation room and began to comprehend it.

"Congratulations to the host for reading the legendary martial art, the Skyline Moon Blade Technique, for the first time in your life. You have obtained one million breakthrough points..."

"Congratulations to the host for cultivating the legendary martial art, the Skyline Moon Blade Technique for the first time in your life. You have obtained

3 million breakthrough points..."

"Congratulations to the host for cultivating the legendary martial art, the

Tianya Mingyue Saber Technique, to the entry level for the first time in his life. You have obtained 10 million breakthrough points..."

As expected of a Mythical-level saber technique. In a short period of time, it had given Zhu Wuwan more than ten million breakthrough points. Just the number of free breakthrough points alone had increased by more than one million.

On the other hand, Zhu Wuwan had only spent hundreds of thousands of Free Breakthrough Points to cultivate the Tianya Mingyue Saber Technique. Not only did she not consume any Breakthrough Points, but she had also earned a lot of Breakthrough Points.

Although the power of the entry-level Skyline Moon Saber Technique could not compare to the Nine Dragon Fist, with the cooperation of the Heavenly Cloud Divine Saber, it could easily kill a top-notch expert in the late stage of the Xiantian realm.

By the time Zhu Wanhao raised the Tianya Mingyue Saber Art to the Small Success Realm, she would even be able to kill ordinary peerless experts at the peak of the Connate Realm.

However, after a moment of consideration, Zhu Wuwan decided to keep the Free Breakthrough Point for now and use it at a critical moment. After all, with the Free Breakthrough Point in hand, Zhu Wuwan could use it to improve a certain martial art at any time.

Or rather, at the moment of life and death, he would increase his strength and realm!

After absorbing this wave of breakthrough points, Zhu Wuyan was a little

closer to the late stage of the Connate Realm. As long as he could break through to the late stage of the Connate Realm, Zhu Wuyan was confident that he would be able to take on Mad Emperor Zhu Zhenwu head-on. His strong cultivation foundation gave Zhu Wuyan strength that far exceeded ordinary martial artists.

Level 5 Nine Dragon Fist, Large Success Illusion God Steps, Large Success Saber Drawing Technique ... It also added wings to Zhu Wuan's strength realm, allowing him to not only unleash his full strength, but also kill enemies of a higher realm.

Zhu Wuwan's life was getting more and more secure. After being a coward for so many days, there would be at least 100 chapters in a novel. In other words, the healthy and handsome young man from Earth, Zhu Wuwan, who loved sports, had been lying in bed for about 100 chapters.

Then it was time to rise up!

In the past, he had no choice but to suppress his strength. At that time, Zhu Wuwan felt that Mad Emperor Zhu Zhenwu would not be able to live for many years, so he would suppress his strength for a few years at most. After Mad Emperor died, he would then increase his strength to his heart's content.

After all, at that time, Zhu Wuan was not confident that he could raise his strength to the point where he could fight against Mad Emperor Zhu Zhenwu in a short period of time. It had to be known that Mad Emperor Zhu Zhenwu had cultivated for more than a hundred years before he could reach this point. Even if Zhu Wuan had the help of the special encounter system, it would be very difficult for him to raise his strength to the point where he could fight against Mad Emperor Zhu Zhenwu in a short period of time.

Therefore, Zhu Wuyang decided to cower for a few years in case the enemies who were everywhere discovered anything unusual and brought about a fatal disaster.. He did not expect that it would backfire!

Chapter 96: Peerless Expert Zhu Wuyan (1)

Fortunately, everything that Zhu Wuyang experienced was not a novel. Otherwise, after lying on the bed for so many chapters, even a great god would have died!

Zhu Wuwan thought about it in a bitter way, but she had no intention of going out for the time being. Now that she was lying on the bed, she had food, drinks, and beautiful women. She could also wait for an opportunity to ask the imperial kitchen and the Imperial Academy of Medicine for a large number of delicacies and pills to earn a lot of breakthrough points. Only a fool would go out so easily.

At the very least, he had to wait until he broke through to the late stage of the Xiantian realm and possessed the invincible strength of the Xiantian realm before going out to earn breakthrough points in another way.

Just as the princes, princesses, and concubines in the imperial palace were no longer paying attention to Zhu Wuan, the "completely crippled" Crown Prince, they received news from the Palace of Heavenly Purity.

Mad Emperor Zhu Zhenwu was also completely disappointed in Zhu Wuan, the "completely useless" Crown Prince. He was currently looking for a new Crown Prince candidate. If nothing unexpected happened, there would be a result within three months.

Once the news spread, the princes and princesses, who had just used Zhu Wuan to divert the attention of the Death Competition and had only been peaceful for a few days, were about to collapse.

Especially the princes and princesses who were most likely to become the next crown prince. They were like ants on a hot pan, trying their best to reduce their presence and avoid being picked by the crazy emperor, Zhu Zhenwu.

However, some of the princes and princesses thought of another way, which was to save Zhu Wuyang.

The main reason why Zhu Wuan was completely abandoned by Mad Emperor Zhu Zhenwu was that he had a "root problem". It was difficult for him to even give birth to children, and he had already become the laughing stock of the Zhu royal family.

In that case, if he could cure Zhu Wuyang's human root or let Zhu Wuyang have a child, wouldn't this matter be resolved?

Zhu Wuan would no longer be the laughing stock of the Zhu royal family. This way, he would be able to stay in the position of Crown Prince for a longer period of time and be their shield for a longer period of time.

Under the policy of these princes and princesses to save the country in a roundabout way, Zhu Wuan quickly received a large number of supplements, beast whips, and the like. In particular, there were many heavenly and earthly treasures that could strengthen one's roots. Zhu Wuan was also dumbfounded when she saw this. She could not help but sigh that these guys were really rich.

Although Zhu Wuan was the Crown Prince of the Nine Zhao Nation and had a considerable monthly salary, he was still inferior to these fellows who had the support of their family.

Naturally, Zhu Wuwan gladly accepted these treasures. She still pretended to be in pain every day and desperately enjoyed all kinds of treasures, elixirs, and wild beast whips...Earning a lot of breakthrough points.

These princes and princesses wanted Zhu Wuyan to be their shield, and Zhu Wuyan also wanted to use these princes and princesses as leeks to harvest them one after another.

There were also some who were more open-minded. They even found some beauties who were prone to pregnancy and gave them to Zhu Wuyang so that he could enjoy them to his heart's content and get these beauties pregnant as soon as possible.

As for helping Zhu Wuwan to become a "happy father," those princes didn't dare to do so. This was because every child born in the royal family had to do a paternity test with their father. Once the test proved that they weren't their own son, the consequences would be very terrifying. freewebnovel.cm

Therefore, even if many princes and princesses wanted to personally go to the battlefield and let Zhu Wuyang be a happy father, unfortunately, they were not confident that they could pass the paternity test. This idea could only be aborted.

For things like getting pregnant, Zhu Wuyan still had to rely on herself. All they could do was to help Zhu Wuyan as much as possible so that she could get pregnant earlier.

Some princes and princesses even sent their confidants and beauties over. It could be said that they had spent a lot of money. Unfortunately, Zhu Wuwan, who had perfect genes, was not something that these ordinary women could bear.

However, the actions of these guys undoubtedly allowed Zhu Wuyang to gain a huge advantage and even gain an amazing breakthrough point.

In just a few days, the heavenly and earthly treasures, spirit pills, and beast whips that Zhu Wuwan had received had piled up into a small mountain. He had even received more than twenty top-notch beauties and peerless beauties with a prone to pregnancy physique, allowing Zhu Wuwan to enjoy the blessings of everyone.

With the enthusiastic and attentive help of these princes and princesses, Zhu Wuwan did not slack off either. Every day, she either studied or enjoyed delicious food and pills. Therefore, Zhu Wuwan's strength quickly reached the peak of the middle stage of the Connate Realm. She was only half a step away from breaking through the bottleneck and advancing to the late stage of the Connate Realm.

"Congratulations to the host for being abandoned by Mad Emperor Zhu Zhenwu for the first time in his life. You have obtained 10,000,000 breakthrough points. Due to the importance of strength, 90% of the breakthrough points will automatically be used to increase the host's strength!"

The last assist came from Mad Emperor Zhu Zhenwu. It was unknown whether it was because he had found a suitable replacement or because he had discovered that Zhu Wuwan had already "worked so hard", but in the end, there was still no news of her pregnancy. Therefore, he was completely disappointed in him.

All in all, according to the notification from the special encounter system, Mad Emperor Zhu Zhenwu had given up on Zhu Wuwan. In the next few months, he would no longer be able to continue his position as the Crown Prince. It was time to change someone else.

The reason why he could still sit there peacefully was not because Mad Emperor Zhu Zhenwu was merciful, but because the Crown Prince had changed too quickly. The most embarrassing person was still Mad Emperor Zhu Zhenwu.

No matter what the reason was, it was obvious that Mad Emperor Zhu Zhenwu was about to give up on him. And Mad Emperor Zhu Zhenwu would never have thought that his decision would actually become the last straw that broke the camel's back.

No, to be precise, it should be the final step that allowed Zhu Wuyang to reach the peak and compete with him.

With the help of these 10 million breakthrough points, the Eternal Sea Internal Essence, which had already reached the peak of the middle stage of the Xiantian realm, launched another round of expansion.

As if it had broken the seal, the Xiantian stream that was originally only a few meters wide suddenly expanded to ten meters wide, forming a river.

His inner essence was like a river, surging endlessly!

This was one of the important signs of a late stage Xiantian expert!

Even though it was Jiang He, the innate inner essence in most martial artists' Chakra Meridians was only a few meters wide after they broke through to late Connate stage, but Zhu Wuwan had just broken through to late Connate stage, and the Eternal Sea Inner Essence in her nine major Chakra Meridians was already a dozen meters wide.

When he reached the peak of the late stage of the Xiantian realm, he would definitely be able to expand to dozens of meters or even nearly a hundred meters wide. This was the true river, far beyond the ordinary late stage Xiantian warriors. The difference between the two was more than several times.

It was not only the difference in quantity, but even in terms of quality, Zhu Wuyang's Vast Sea Inner Essence was several times more than that of martial artists of the same level. Although it was only at the late stage of the Connate Realm, it was not inferior to a peerless expert at the peak of the Connate Realm.

In addition to his other advantages, Zhu Wuyang's overall combat strength at this moment could be said to be invincible..

Chapter 97: Invincible Without Leaving the House (1)

“Congratulations to the host for breaking through to the late stage of the Xiantian realm for the first time in his life. You have obtained 25 million breakthrough points...

After breaking through to the late-stage Connate Realm, the Special Encounter System gave Zhu Wuwan another 25 million breakthrough points. 90% of it was poured into his strength. After absorbing these breakthrough points, Zhu Wuwan completely stabilized her strength at the late-stage Connate Realm and advanced further.

In his lower dantian, the Vast Sea Internal Essence had already formed a huge pond, which was several miles in circumference. It was filled with pure and dense Vast Sea Internal Essence.

The Eternal Sea inner essence flowed like a river in the nine chakra meridians. Every cycle could absorb a lot of heaven and earth spiritual qi. The power of the mythical-level cultivation technique was undoubtedly displayed.

At the same time, the increasingly rich and pure inner essence of the vast sea was also endlessly nourishing the surrounding chakra meridians, internal organs, spirit blood, bone marrow, and bones ... From there, it would promote the overall improvement of the martial artist.

Zhu Wuwan could clearly feel her strength, defense, and speed...It had soared by a large margin, and with the nourishment of the inner essence of the Immensity Sea day and night, it was still growing.

If nothing unexpected happened, with Zhu Wuyang's current strength, she could live to around 150 years old or even longer.

The inner essence of the Immensity Sea was vast and vigorous, and it had an excellent nourishing effect on the body. Correspondingly, it could naturally bring greater benefits to martial artists.

At this moment, Zhu Wuyan's foundation was strong, almost flawless, his body was tough, his facial features were sensitive, his internal energy was stable, pure, and huge...He was not inferior to a peerless expert at the peak of the

Xiantian realm. He was even at the top of the peerless experts at the peak of the Xiantian realm.

When Zhu Wuwan improved a little more, she would be able to surpass all the peerless perfected experts.

It took Zhu Wuwan about a month to consolidate her cultivation foundation from the Body Tempering stage. Although each step was a little fast, it was extremely steady. In the end, it bore brilliant fruits in the Connate stage.

Although he had just entered the late stage of the Xiantian realm, he was already invincible in both the Xiantian internal energy and the strength of his body.

If he added the advantage in cultivation techniques and secret arts, there would probably not be a single Xiantian Realm martial artist in the entire Nine Zhao Country who was a match for Zhu Wanhao.

Even Mad Emperor Zhu Zhenwu could at most fight Zhu Wuyang to a draw. It would be very difficult to defeat Zhu Wuyang.

Mad Emperor Zhu Zhenwu had already been immersed in the path of martial arts for more than a hundred years, but he could not catch up to Zhu Wuyan's one month of bitter cultivation. One could imagine how fast Zhu Wuyan's improvement speed was and how powerful the special encounter system was.

He had stayed in the bedchamber for a month. During this time, Zhu Wuwan did not take a single step out of the bedchamber. Most of the time, she was still lying on the bed, but in the end, she had obtained such a bumper harvest.

This was something that Zhu Wanwan had never expected a month ago. He had originally thought that even with the help of the Special Encounter System, it would take at least one or two years before he could step into the Connate stage. Therefore, he had tried his best to suppress the gains from the breakthrough point, hoping to last until the Mad Emperor Zhu Zhenwu was finished before he could advance without any restraint.

However, he did not expect that he would backfire many times. Zhu Wuwan desperately suppressed the growth of his strength, but the surrounding environment and the special encounter system desperately pushed Zhu Wuwan to grow and improve.

In the end, in just a short month, Zhu Wuyang had been promoted from a powerless ordinary person to a peerless expert who was invincible in the innate realm.

This result was truly unexpected.

He was already invincible without leaving the house!

His breakthrough was really too fast. Even Zhu Wuyang found it unbelievable when she thought about it.

One had to know that according to the original owner's memories, even with Mad Emperor Zhu Zhenwu's talent, it took him a full 80 years to barely be called invincible in the world.

Even so, Mad Emperor Zhu Zhenwu was already known as the prodigy of the Zhu royal family that only appeared once in a hundred years. However, Zhu Wuwan was better. In just a month, he was already invincible.

Compared to Zhu Wuwan, the so-called peerless prodigy Zhu Zhenwu was worse than a pig.

With Zhu Wuan's current strength, it was a piece of cake for her to hide her cultivation.

Not to mention those peerless experts in the palace, even if Mad Emperor Zhu Zhenwu stood in front of him and used his full strength to investigate, he would definitely not be able to detect Zhu Wuan's true strength.

Now that her strength had increased to this point, Zhu Wuwan finally had the ability to protect herself. From now on, she no longer had to hide in her bedroom every day.

Zhu Wuyang decided to go out for a walk, see the outside world, and see the ancient scenery. If he could meet a girl who could make him fall in love with her, he could bring her to the Crown Prince's Palace to talk about life and dreams.

As the Crown Prince, Zhu Wuyang still had such power. Although he couldn't control the land of the king and the land of his subjects, he still had some power to deal with the girls in the world.

A long, long time ago, on Earth, when Zhu Wuwan was still a hot-blooded teenager in puberty and her hormones had just begun to surge, she would occasionally have some unrealistic dreams.

For example, like the ancient emperors, when they strolled on the streets, once they saw a beautiful woman that they liked, they would bring her back to the palace, regardless of whether she was a young girl or a married woman.

However, this kind of thought was at most just a thought. It was commonly known as fantasy. As she grew older, Zhu Wuyang gradually lost this kind of nonsensical thought.

It was just that Zhu Wuan never expected that he would transmigrate one day and become an ancient crown prince, even if he was a "useless crown prince" or "incompetent crown prince". However, the Crown Prince still had some power.

This included the right to randomly pick beautiful women on the street. When Zhu Wuyang thought of that scene, she felt inexplicably excited.

Although there were many inconveniences in ancient times, if one's status reached a certain level, the things one could enjoy were definitely not something that modern people could imagine.

" Congratulations to the host for obtaining 22222 breakthrough points for the first time in your life..."

Zhu Wuwan laughed dryly and prepared to pack up and go out for a walk. She simply wanted to see the scenery of this world and had no other indecent thoughts.

Although Zhu Wuyang had been a little ridiculous recently, that was to save his life. In fact, he was still a pure youth.

Even if he met a girl he liked outside, he would first inquire about her situation and make sure that she was single and had a good impression of him before bringing her back to the Crown Prince's Palace. He would not do the kind of playboy act of snatching a common girl.

It was the freedom of love. Zhu Wuwan respected this more. However, if the other party was willing to follow him because of his identity and status, then Zhu Wuwan had no choice.

In his previous life, there were so many such girls on Earth. Now that he had come to the Otherworld, the social environment was so bad. It was reasonable to have such girls..

Chapter 98: All Men Want to Have It (1)

Just as Zhu Wanhao was about to walk out of the Crown Prince's bedroom and experience the exotic customs of this world, she was stopped by some unexpected things.

" Congratulations to the host for seeing a miracle doctor among the people for the first time in your life. You have received 100,000 breakthrough points..."

" Congratulations to the host for meeting Xu Sanhe, a common expert for the first time in his life. You have obtained 200,000 breakthrough points..."

" Congratulations to the host for meeting the King of Venomous Worms, Buno, for the first time in your life. You have received 300,000 breakthrough points..."

After seeing that all kinds of heavenly and earthly treasures, beast whips, and spirit pills were ineffective against Zhu Wuyang, some princes and princesses began to invite some divine doctors and experts to treat Zhu Wuyang.

Zhu Wuwan was originally unwilling. After all, he had been holding it in for so long and really wanted to go out and wander around. He was not in the mood to deal with these princes, princesses, and concubines who had ill intentions.

However, after discovering that these folk divine doctors and folk experts could bring him a lot of breakthrough points, Zhu Wuwan felt that she had to pretend to be a patient for a while longer.

How fragrant!

Although the reason why these princes, princesses, and concubines saved Zhu Wuwan was to use him as a shield, to be honest, it had brought Zhu Wuwan quite a few breakthroughs. It could be said that it was a blessing in disguise.

In particular, some of the folk divine doctors and folk experts used some strange treatment methods, which left a deep impression on people. These special methods naturally brought more breakthroughs to Zhu Wuyang.

“Congratulations to the host for receiving the treatment of the silver needle on the root for the first time in his life. You have obtained 1 million breakthrough points...”

” Congratulations to the host for enduring the treatment of burning human roots for the first time in your life. You have received 3 million breakthrough points ... ‘

“Congratulations to the host for enjoying the Hundred Poison Circle Human Root Healing Technique for the first time in your life. You have received 5 million breakthrough points...”

Although these special treatment methods sounded a little sensational, such as inserting needles into the human root, burning the human root, and even soaking the human root with hundreds of poisons...However, these treatments had been practiced by predecessors and were not dangerous.

Zhu Wuyang had also specially confirmed it over and over again to ensure that it did not harm her younger brother before accepting these special treatments.

Zhu Wanwan had lived for two lifetimes, but in the end, he did not even have a son or daughter. He valued his human roots very much. As long as there was any danger, he would not accept treatment.

Zhu Wuyang even let these so-called divine doctors try some of the slightly risky treatments first. After confirming that there were no problems, he would let them use them on himself.

Unknowingly, Zhu Wuwan's younger brother, who was already very strong, had become even stronger.

This was also the second great benefit that these special treatments brought to Zhu Wuyang. Presumably, many people wanted to have them.

With the help of these special treatment methods, not only did Zhu Wuwan obtain a large number of breakthrough points, but her human root also received a certain degree of strengthening and promotion. Vajra was not an ordinary thing, and he stood upright for three days.

Therefore, after realizing the benefits of these special treatment methods, Zhu Wuyang, the fitness expert of Earth, did not bother to go out to get some fresh air. She focused on lying on the Xuan Ice Bed and enduring the treatment of the folk experts and the folk doctors.

The strength of these folk divine doctors and folk experts was at most at the early stage of the Xiantian realm. Most of them were only at the Foundation Meridian stage, and there were even some at the Body Tempering stage. How could they see through Zhu Wuyang's strength?

Zhu Wuwan was even able to fool the late-stage Connate Imperial Physician, who was ranked third beside Mad Emperor Zhu Zhenwu, let alone these so-called divine doctors and experts among the people.

Under Zhu Wuyang's deliberate concealment, these folk experts and folk divine doctors also mistakenly thought that Zhu Wuyang was "sick at the root". Each and every one of them used all their strength to try to cure this Crown Prince of the Nine Zhao Kingdom.

Once he could successfully cure Zhu Wuyang's illness, he would definitely be able to obtain a considerable reward and his reputation would increase greatly.

In the future, he would be able to enjoy endless glory and wealth.

Therefore, these folk divine doctors and folk experts all went all out and took out their trump cards. Unfortunately, no one could cure Zhu Wuyang's "illness".

In this way, Zhu Wuyang could naturally enjoy these "special treatments" endlessly. His breakthrough point increased at an extremely fast speed, and he was getting closer and closer to the perfected Connate Realm.

As long as Zhu Wuan could step into the Connate perfection realm, not to mention the Nine Zhao Nation, even in the entire Southern Wasteland, there would probably not be a single martial artist who could be his match.

It was not an exaggeration to say that he was invincible.

The Vast Sea Internal Essence in his lower dantian continued to grow, becoming stronger and purer.

Under the nourishment of the Vast Sea Inner Essence, every part of his body was also constantly improving, becoming harder and harder, and more and more flexible.

Even his spiritual will was being nourished by the inner essence of the vast sea and his powerful body, slowly improving.

This transformation of the Connate Realm would take at least a few months before it could be completed slowly. At that time, Zhu Wuyang's strength would definitely be even stronger.

However, with his current speed of improvement, he would have long stepped into the Connate perfection realm by then.

Many princes and princesses who were likely to be the next crown prince exerted their strength, trying their best to reduce their presence and increase the chances of other princes and princesses succeeding the crown prince. At the same time, he didn't forget to help Zhu Wuyang give birth to a child as soon as possible and be a shield for a while longer.

Among them, Zhu Zhishan and Zhu Haitao, who had performed well in the last month-end competition, were naturally among them. To be honest, with their talent and aptitude, they could barely be considered geniuses in the outside world.

However, in the Imperial Palace of the Nine Zhao Nation, or more accurately, among the many princes and princesses, he could be considered a genius.

Although the two of them had already tried their best to reduce their cultivation speed and often did things like walking dogs and fighting cocks, they wanted to let Mad Emperor Zhu Zhenwu see their useless and silkpants side.

Unfortunately, when all the princes and princesses around them did this, and Zhu Zhishan and Zhu Haitao's intelligence and strategy were slightly lower, their actions could easily backfire.

It was precisely because of this that Zhu Zhishan and Zhu Haitao became the popular candidates for the next Crown Prince. At the same time, they were also one of the

meritorious people who strongly recommended Zhu Wuan to become the 18th Crown Prince.

When they found out that Mad Emperor Zhu Zhenwu was choosing the 19th Crown Prince, Zhu Zhishan and Zhu Haitao were also frightened.

As they schemed against each other, the two of them did not forget to bring a big gift for Zhu Wuyang.

In front of Xuan Bing's bed in the Crown Prince's bedroom, Zhu Wuwan stared at the girl curled up like a pig in front of him with her mouth agape.

Zhu Zhishan and Zhu Haitao proudly pointed at the young girl beside the bed, showing off to Zhu Wuyang.

"Brother 168, you must have never seen such a beautiful woman before. We spent a lot of effort to get her to treat your root disease."

"With her help, if nothing unexpected happens, you will soon be able to have children, and at least a nest."

Chapter 99: A Horse Soars to the Sky (1)

Hearing Zhu Zhishan and Zhu Haitao's words, Zhu Wuwan became more energetic and began to carefully size up the timid girl curled up in front of him.

This girl was about eighteen years old, and her looks were average. She could barely get a passing score.

Even his body was not that great, appearing slightly bloated. His every move gave him a familiar feeling, as if he had seen some kind of animal.

Average looks, average figure, extremely poor temperament, strange behavior

. Not to mention compared to the nearly one hundred beauties in the Crown Prince's Palace, even compared to the ordinary women in the outside world, she was still quite inferior.

Are you sure this is a peerless beauty?

Zhu Wuyan looked at Zhu Zhishan and Zhu Haitao suspiciously, not believing their words at all.

Zhu Zhishan and Zhu Haitao noticed something from Zhu Wuan's gaze and walked over with a smile.

"Brother 168, you don't believe that this is a peerless beauty?"

Zhu Wuyang rolled his eyes. Only a f * cking idiot would believe that this was a peerless beauty. He wasn't blind. How could he not see that the girl in front of him was extremely ordinary?

However, looking at Zhu Zhishan and Zhu Haitao's confident expressions, Zhu Wuwan had a flash of inspiration. "Could it be that there's something special about this girl?"

"Yes!" Zhu Zhishan said elegantly, "There is a strange girl in the Southern Wasteland. She was born with a pig. She drank pig milk since she was young and grew up like a pig. This girl's mother is a pig girl that is rarely seen in a hundred years."

"Pig girl?" "Is there anything special about the pig girl?" Zhu Wuwan was stunned.

Zhu Haitao nodded. "Brother 168, you should know about pigs. They get pregnant very easily. When they give birth, they will live in a litter."

"This pig-girl has inherited this characteristic of a pig. It's very easy for her to get pregnant. Moreover, she can give birth to at least two or more children every time she gets pregnant. It's normal for her to give birth to three or four children at a time."

"Therefore, in the eyes of some people who want children, this pig-girl is a peerless beauty. For example, Brother 168." Zhu Zhishan gently fanned himself. "Now, Brother 168, you know how precious this pig-girl is. She might be the only pig-girl in our Nine Zhao Nation. The two of us spent a lot of effort to get her for you. Brother, don't let us down. You have to treat this pig-girl well in the future."

After letting Zhu Wanhao understand how precious the pig-girl was, Zhu Zhishan and Zhu Haitao left the pig-girl with Zhu Wanhao and left the Crown Prince Palace.

Looking at the pig-like girl in front of him with a strange appearance and a faint smell of pig feces, Zhu Wuwan's face twitched.

Although Zhu Wanhao knew in his heart that if he were to spend time with such a pig-like girl, he would definitely be able to obtain a huge breakthrough point, even more than when he was with Liu Ru.

However, when he thought of all the stunning beauties in the Crown Prince's Palace, and then looked at the strange and stinky pig girl, Zhu Wuwan really couldn't bring herself to do it.

Even though he knew that this pig-like girl was very valuable, Zhu Wuyang couldn't do anything indescribable to her.

Moreover, Zhu Wuwan knew very well that the reason why he couldn't get the beauties around him pregnant was because his genes were too perfect. Ordinary women couldn't take it anymore.

Only women in the Xiantian realm had a certain chance of getting pregnant. It was basically impossible for women below the Xiantian realm.

Moreover, as Zhu Wuwan's strength grew stronger and stronger, the tempering of her body would also become more and more powerful. His genes would also rise along with it. At that time, it would definitely be more difficult for him to get pregnant.

This pig-like girl might be a pregnancy treasure to ordinary people, but to Zhu Wuwan, it was really useless.

At most, he could help Zhu Wuyang earn a large amount of breakthrough points and allow him to take a step closer to the peak of the Connate Realm. However, selling his soul and body for this little benefit was something Zhu Wuyang really couldn't do.

Therefore, when faced with Zhu Zhishan and Zhu Haitao's "generous gifts" Zhu Wuyang could only decline. He even used the name of the imperial physician in the palace to explain that the pig girl was ineffective against him. It was better to leave such a top-grade item for Zhu Zhishan and Zhu Haitao to enjoy.

Zhu Zhishan and Zhu Haitao weren't as obsessed with cleanliness as Zhu Wuyan. Not long after, Zhu Wuyan heard that the pig girl was pregnant with triplets at Zhu Zhishan's place.

Such taste really made Zhu Wuyan gasp in amazement.

Other than the pig-like girl, there were also the princes and princesses who had come up with some crooked tricks for Zhu Wuan.

Kinship Technique!

The so-called kinship technique used a secret technique to increase the probability of a man and woman getting pregnant. The effect was also very good.

However, if one wanted to use the Art of Kinship, they had to be extremely close in blood. For this reason, some princes and princesses had specially found a few cousins for Zhu Wuyang, hoping that Zhu Wuyang would cultivate the Art of Kinship with them and get pregnant as soon as possible.

This was naturally unacceptable to Zhu Wuyan. Zhu Wuyan was very clear about the shortcomings of intermarriage between close relatives, so she could only use the imperial doctor as an excuse to reject these guys' good intentions.

Other than the pig girl and the art of kinship, some princes and princesses also sent some strange things and methods. If it did not go against Zhu Wuwan's morals and conscience, Zhu Wuwan would also give it a try.

He wasn't really doing this to give birth. After all, he knew about his situation. However, Zhu Wuwan still did it for no other reason than to earn more breakthrough points.

"Congratulations to the host for being mistaken by the people in the palace for being crippled for the first time in your life. You have obtained 10 million breakthrough points..."

"Congratulations to the host for being mistaken for a eunuch for the first time in his life. You have received 20 million breakthrough points..."

"Congratulations to the host for being mistaken as useless by the millions of people in Moon Capital for the first time in your life. You have obtained 30 million breakthrough points..."

"Congratulations to the host for being mistaken for a eunuch by the millions of people of Moon Capital for the first time in your life. You have received 50 million breakthrough points..."

What made Zhu Wuan speechless was that he saw all kinds of elixirs, beast whips, and heavenly treasures... There were even folk divine doctors, folk experts, and special prescriptions... They were unable to let Zhu Wuyang have an heir. Gradually, everyone came to a consensus.

The human root was like Zhu Wuyang's future, and there was no way to save it.

Zhu Wuan had successfully evolved from a fake eunuch to a true eunuch. He was no longer qualified to be a reproduction tool for the Zhu royal family.

Zhu Wanhao was a little powerless to refute this for the time being. After all, he really couldn't get a woman pregnant now, even if his human root was really fine. On the contrary, it was unexpectedly strong. Moreover, if any powerful family or force in the cultivation world discovered the true situation of Zhu Wuyang, they would probably want to snatch Zhu Wuyang back and make him a breeding horse. Zhu Wuyang was a fragrant cake that all the cultivation forces and families wanted.

However, the current Zhu Wuan's sword was covered in dust. No one knew how powerful he was. He could only silently endure the humiliation and wait for the day when he would soar to the sky.

As a result, the Imperial Palace, the Moon Capital, and the Nine Zhao Country were shaken...

Chapter 100: Invincible (1)

How could there not be a breakthrough point?

Tens of millions of breakthrough points rolled in, pushing Zhu Wuwan's strength again and again to the limit of the late stage of the Connate Realm. Next, it was time to break through the bottleneck of the perfected Connate Realm.

During this period of time, among the princes and princesses, the concubines in the harem, the divine doctors among the people, and the experts among the people...With the help of, Zhu Wuyang had already earned a large number of breakthrough points and was close to reaching the peak of the Connate Realm.

And now, thanks to these guys, the title of fake eunuch had been upgraded to true eunuch. This was a huge transformation!

With the help of this transformation, Zhu Wuyang's name once again shook the Imperial Palace, the Imperial City, the Moon Capital, and the Nine Zhao Nation...His name even shook the Southern Wasteland! freewebnovel.com

Although Zhu Wuan wasn't interested in the title of 'Real Eunuch Crown Prince' and didn't like this nickname, to be honest, the breakthrough point brought about by these bad reputations was...How fragrant!

The fragrance drifted thousands of miles and entered one's heart, making one unable to stop.

Seeing the harvest from the breakthrough point, Zhu Wuyang did not care about his reputation anymore.

For Zhu Wuyang, who had transmigrated from modern society and had read many transmigration novels and television shows, reputation was not important. Real benefits were what he valued the most.

Old Master Ma Baoguo's "Hair Connecting" skill was famous throughout the martial world. Didn't he know that it was very embarrassing? But he still did it.

Everyone knew why.

There were also those girls on TikTok and Fast Hands who ignored the looks of others and used their exquisite and beautiful little faces to rub against the wall. Didn't they feel

embarrassed and embarrassed when they danced, sang, and joked in public? However, they still did what they wanted. The reason was obvious even if one thought with their toes.

There were also some celebrities who showed up in public, were shameless, self-contradictory, and betrayed others...All kinds of hyping methods were getting more and more despicable, and they even did not hesitate to use their ugly reputation to gain a few taels of silver.

Compared to these guys, Zhu Wuwan felt that he still had a long way to go. At least he was pretending to be a pig to survive and had no intention of hurting others.

So what if the Crown Prince is a good-for-nothing? So what if the Crown Prince is incompetent?

Feeling the surge of breakthrough points, Zhu Wuwan was all smiles. If nothing unexpected happened, after absorbing such a large wave of breakthrough points, his strength should be able to advance to the peak of the Connate Realm.

A large number of breakthrough points turned into waves of strange power that circulated according to the route of the Vast Sea Essence Scripture. Very quickly, it fused into Zhu Wuan's lower dantian and nine major chakra meridians, turning into pure Vast Sea inner essence.

The Vast Sea Inner Essence continued to nourish his lower dantian, the nine major chakra meridians, and the surrounding parts of his body. The breakthrough point also transformed into another kind of power that assisted the Vast Sea Inner Essence in improving Zhu Wuyang's body. The two complemented each other, and the effect was extremely shocking.

The Vast Sea Internal Essence in his lower dantian was expanding at a speed visible to the naked eye. In a short period of time, it expanded from a few miles to a radius of ten miles, and then continued to expand.

Within a radius of ten miles...Eleven miles...A radius of twelve miles...Fifteen miles...Eighteen miles...

A radius of twenty miles...All the way to a radius of thirty miles!

Zhu Wuwan felt the existence of a bottleneck, but there were still more than ten million points left. It should be enough for him to break through!

Zhu Wuwan was fully focused. The Vast Sea Technique Diagram was circulated to the extreme. It absorbed the strange power that was rolling over at an astonishing speed and launched an attack towards the seemingly weak but actually extremely tough bottleneck.

“Boom boom boom...”

After countless attacks, when there were only tens of thousands of breakthrough points left, with a crack, the bottleneck shackles shattered like glass, and the vast internal essence of the Eternal Sea expanded to a radius of thirty-one miles.

Under normal circumstances, when a peerless expert at the peak of the Xiantian realm had just broken through, the lake formed by the Xiantian inner yuan in his lower dantian would at most be a few miles in radius, and would not exceed nine miles in radius.

However, Zhu Wuwan was different. When she was at the late-stage Connate Realm, the inner elemental lake in her lower dantian had expanded to more than nine miles in circumference. When she had just stepped into the perfected Connate Realm, the inner elemental lake had soared to thirty-one miles in circumference, which was several times more than that of martial artists of the same realm.

Moreover, not only was the quantity so, but even the quality was several times higher than that of martial artists of the same level. In total, Zhu Wuyan's innate inner essence was about ten times stronger than martial artists of the same level.

“Congratulations to the host for breaking through to the peak of the Connate Realm for the first time in his life. You have obtained 36 million breakthrough points...”

Zhu Wuyang, who was originally worried about how to consolidate his strength, had obtained more than 30 million breakthrough points as a reward after breaking through. Therefore, he began to absorb the strange power transformed by the breakthrough points again to stabilize his current realm.

His gaze inadvertently fell on the number of free breakthrough points. Zhu Wuwan was shocked to find that the number of free breakthrough points had already reached nine digits.

With so many free breakthrough points, it was completely enough for Zhu Wuwan to raise a few peerless martial arts to the Perfection Realm.

Without thinking too much, Zhu Wuwan focused all her attention on cultivation. Her originally superficial strength began to settle down.

After an unknown period of time, Zhu Wuwan absorbed this large wave of breakthrough points and stabilized his current realm. The nine chakra meridians were like great rivers, and the inner essence of the Vast Sea surged endlessly inside.

The Vast Sea Internal Essence was circulating along a strange trajectory and finally gathered in the lower dantian, causing the Vast Sea Internal Essence in the lower dantian to continuously increase and become purer.

When he advanced to the late stage of the Connate Realm, Zhu Wuwan was confident that he could defeat Mad Emperor Zhu Zhenwu and become the number one peerless expert in the Nine Zhao Country.

Now that he had advanced a step further and broken through to the perfected Connate Realm, Zhu Wuyan's overall strength had soared further. Even Mad Emperor Zhu Zhenwu was definitely not Zhu Wuyan's match.

Zhu Wuan's strength could truly be said to be invincible in the Nine Zhao Nation.

Hiding in the bedchamber for a month and lying on the bed for many days, he did not hesitate to carry the words "Trash Crown Prince", "Incompetent Crown Prince", "Idiot Crown Prince", "Eunuch Crown Prince"...At this moment, if Zhu Wanhao wanted to, she could escape from the Imperial City at any time and live freely in the Southern Wasteland.

However, there were still so many benefits in the palace that he had yet to obtain. At this moment, Zhu Wuyang did not want to leave this place so early. It would not be too late to leave this place after he had obtained all the benefits that he should obtain, or perhaps he would never leave this place again.

With Zhu Wuan's current strength, it wasn't difficult for him to survive. However, it would be difficult for him to kill Mad Emperor Zhu Zhenwu and become the new Emperor of Jiuzhao.

After all, Mad Emperor Zhu Zhenwu had worked hard for a hundred years. He had countless experts by his side and layers of array formations to protect him.

Although Zhu Wuwan was invincible, it was still extremely difficult to break through the layers of obstacles and successfully kill Mad Emperor Zhu Zhenwu.

However, Zhu Wuyang had already seen the light at the moment.. It wouldn't be long before he could go straight to the enemy!
