

## Leveling 921

### Chapter 921

For God Domain's War of Ascension, Yi Tianyun couldn't wait for what he could do to top that battle! It wasn't only a means to enter a stronger God Domain but also a way to gain an ample amount of Exp! He would certainly battle another Earth Monarch Rank cultivator, and that meant he could gain a huge amount of Exp!

Yi Tianyun didn't have a good way to gain Exp right now as he couldn't just kill people without any good reason! There was no way people would want to do a life and death duel without any good reason! And killing anyone he wanted was already out of the question as the rules here on Heavenly Edict Divine Territory prohibited him from doing so.

Yi Tianyun himself wanted to level up quickly as he knew that Evil Spirit Race would soon attack the Three Realms! If he couldn't get stronger fast enough, he wouldn't be able to stop the invasion!

When he searched for other God Domain's records, he didn't find anything about Evil Spirit Race! It meant that Heavenly Edict Divine Territory didn't interact with Evil Spirit Race or Evil Spirit Race had another name in God Domain. But that also meant he could hunt the Evil Spirit Race without any problem, at the very least from Heavenly Edict Divine Territory's perspective!

From their strength, Yi Tianyun believed that the Evil Spirit Race would be around the 2nd Grade God Domain level! That just went to show how powerful Evil Spirit Race really was. The reason behind this line of thought was the number of cultivators that the Evil Spirit Race spared to attack the Three Realms in the past. It was the number that 1st Grade God Domain wouldn't risk sending!

Furthermore, the last squad that the Evil Spirit Race sent to attack the Three Realms was strong but not strong enough! Yi Tianyun already realised that the Three Realms could not be the end goal of what the Evil Spirit Race wanted to accomplish. Otherwise, they would send a stronger unit from the very start! But still, Yi Tianyun knew that the Evil Spirit Race would certainly send stronger cultivators now that their invasion had failed once again.

For this reason, Yi Tianyun believed that God Domain's War of Ascension was a good opportunity for him, a chance to improve himself further. Entering this competition should be a good shortcut towards 9th Layer Earth Monarch or even Earth Monarch Peak Grade!

"I will try to breakthrough to the Earth Monarch level as soon as possible!" Yi Tianyun said confidently. He didn't see any problem with the requirement as he knew that it shouldn't be a problem!

"I will also try to breakthrough to Earth Monarch Level as soon as possible!" Gu Yurong said in firm tone.

The Heavenly Edict Territory Lord had high expectations for both of them. While he knew that Yi Tianyun was already at the Peak of Star Monarch, Gu Yurong would face a trial if she wanted to breakthrough to Earth Monarch as she was still at the 7th Layer Star Monarch right now! It wouldn't be easy to breakthrough to Earth Monarch as soon as possible!

They had to train vigorously to make sure that they had enough strength to show that they weren't pushovers later during the battle.

"Good! That's the spirit!" Heavenly Edict Territory Lord said with a smile on his face. The meeting today wasn't merely to discuss these two's involvement with the God Domain's War of Ascension, but as they already discussed another matter earlier, there was nothing else left to discuss right now.

"Good gracious! We gave you two Selecting Secret Art Tokens so you could obtain a weapon on the Basic Level, but you take the Advance Level instead! You are truly courageous, you know that!" Yu Yanglong said with a smile on his face. The more powerful his disciple was, the more proud he became.

"This is indeed beyond my expectation! I thought that you wouldn't be able to enter the God Domain's War of Ascension this time, but now it seems you will be able to do it just fine with some extra work, of course! Nevertheless, we will train you seriously from now on, and I hope you feel the same way!" Ming Yueqing said to Yi Tianyun.

"We understand, Master!" Yi Tianyun and Gu Yurong said at the same time.

"Then I will start formulating a cultivation plan for the both of you! How do you usually cultivate?" Ming Yueqing asked curiously.

"I am a retreat Cultivator. I have to comprehend things to breakthrough!" Gu Yurong replied.

"I need to fight or kill to breakthrough!" Yi Tianyun said with a smile. "So, if you would be so kind as to make a plan for us, please arrange it so that I can kill demon beast, a huge pile of demon beasts!" Yi Tianyun said happily.

The people in the room couldn't help but look at Yi Tianyun weirdly as a killing route wasn't a practical route in cultivation! In fact, it could easily develop into deviant cultivation if taken carelessly. The cultivator could easily lose their mind if they killed too many Demon Beasts without any preparation. However, this method was indeed the easiest way to breakthrough! It also gave a lot of Combat Experience as well, especially in the case of extreme battles!

"No wonder your cultivation is so amazing! Master of slaughter surely improves your cultivation fast, but you have to be careful of cultivation deviation!" Yu Yanglong reminded Yi Tianyun.

"I will keep that dearly in mind!" Yi Tianyun said as he nods.

"Well, with that already said! Yurong will continue on her comprehension route and participate in spar later to further boost her progress. We will assist her with medicinal pills too!" Yu Yanglong said as he looked at Gu Yurong. "As for the master of slaughter, I will have to think for a while!" Yu Yanglong said as he looked at Yi Tianyun.

"Let me help him with that!" Nian Ciyu said as he stepped forward with a smile on her face. "I know something about his cultivation path. The Two Elders could relax for now." Nian Ciyu said confidently.

"Alright! We will trust Elder Nian for now! With that said, Yi Tianyun, you will be in Elder Nian's care for a while." Yu Yanglong said as he nodded to Nian Ciyu's idea.

Nian Ciyu was a genius of cultivation as her innate ability was also strong! Therefore, Yu Yanglong and Ming Yueqing didn't doubt Nian Ciyu's idea to help Yi Tianyun cultivate.

"I will be under Elder Nian's guidance for a while. Please treat me well." Yi Tianyun said respectfully to Nian Ciyu, but he saw that Nian Ciyu narrowed her gaze slightly at Yi Tianyun, like she was trying to figure something out.

"I hope this turns out well." Yi Tianyun said to himself as he felt that Nian Ciyu didn't have the best intention for him. Yi Tianyun was a little bit worried that his decision to follow Nian Ciyu right now could turn into a tragedy later! Then again, he still didn't know what Nian Ciyu had in mind!

## Chapter 922

Yu Yanglong didn't even question what Nian Ciyu would do as he left Yi Tianyun's training to Nian Ciyu. There was no reason for them to ask Nian Ciyu as they thought that Nian Ciyu was far more talented than them all. Furthermore, Heavenly Edict Territory Lord has already ordered that Nian Ciyu would also help Yi Tianyun and Gu Yurong in their endeavor to enter the God Domain's War of Ascension.

Nian Ciyu excused herself and left with Heavenly Edict Divine Star immediately with Yi Tianyun in tow. He also threw a Rebirth Level Spirit Ship in the air and flew away from Heavenly Edict Divine Territory's main city.

"Elder Nian, where are we heading?" Yi Tianyun asked. There were only Nian Ciyu and Yi Tianyun on the ship, with Nian Ciyu on the helm. They flew at high speed, which amazed Yi Tianyun a little bit as he couldn't pilot the ship at this speed before.

"You will know when we get there!" Nian Ciyu said with a smile on her face.

"Alright!" Yi Tianyun said as he couldn't say anything else. He knew that patiently waiting was the only thing he could do right now. The ship was getting faster, and Yi Tianyun's body was shocked as it was like the ship crossed over time and space, judging from its speed! Yi Tianyun realised that it would only take him a few days to return to the Three Realms with this speed!

But if this was the case for every Heaven Monarch, would the Evil Spirit Race arrive at The Three Realms in just a few days, too, if they send some Heaven Monarch cultivators? But then again, if this was the case, Yi Tianyun knew that he wouldn't be able to stop them by himself. At his current level, there was no way he would be able to defeat a Heaven Monarch Cultivator easily!

"Are you ready? We are close!" Nian Ciyu said suddenly.

"Ready for what exactly?" Yi Tianyun confusedly said as he awoke from his meditation. He calculated the time and noticed that they had been flying for three days. With this kind of speed, he assumed that they would be close to the Three Realms already.

But as Yi Tianyun looked around the space, he noticed that there was only one huge planet nearby. This was obviously the biggest planet that he had ever seen! At the same time, there were a lot of Spirit Ships flying around the planet, and most of the cultivators on the planet were at Star Monarch Level. Yi Tianyun also noticed there was at least one Heaven Monarch cultivator in each ship, but they surely brought a lot of Star Monarch cultivators with them!

“What are we doing here, Elder? That planet seems a little bit weird!” Yi Tianyun asked as he got a bad vibe from the planet. The planet had so many spirit ships from so many God Domains, and the planet’s aura was also a little bit intimidating.

“Wear this!” Nian Ciyu said as she threw a mask for Yi Tianyun to wear. Yi Tianyun inspected the mask and noticed that it was a low-grade Rebirth Level Treasure, which was far better than his Hundred Transformation Mask. Yi Tianyun wore the mask immediately, and his appearance immediately changed into a very plain-looking guy. The mask also covered his aura, completely masking his identity.

Nian Ciyu also wore a mask, and her appearance turned into the lady that Yi Tianyun saw at the Selecting Secret Art assessment hall earlier.

“I believe you’re familiar with this face now, right?” Nian Ciyu said with a smile on her face.

“Yes, Elder Nian! We met at the Selecting Hall! I never expected that the fair lady would be Elder Nian herself!” Yi Tianyun said as he pretended not to know that the woman earlier was Nian Ciyu herself.

“Well, the woman you saw earlier is me! I heard that some super genius cultivator finally broke all my records, so I want to see that cultivator myself! But I never expected that the cultivator would be from Human Race! I mean, I don’t care if you broke my record, you are free to do so!” Nian Ciyu said with a smile on her face.

“I am glad to hear that, Elder Nian! I am worried that I will get in trouble for breaking your record.” Yi Tianyun said with a sigh of relief, but he wasn’t completely sure that Nian Ciyu was 100% okay with Yi Tianyun breaking her record.

“Well, there is one thing that I am not very happy about. I heard that you deliberately engraved your name a bit higher than me, right?” Nian Ciyun said with a slight change to her tone. Yi Tianyun immediately got nervous as he wasn’t sure what to say as a response!

“I am just showing my limit. It wasn’t intentional at all!” Yi Tianyun said a little bit shyly.

“I know that it was intentional! I can see that’s not the limit of your ability! You can easily engrave your name higher! I just hope that you will achieve better things, understand? Don’t hold yourself back!” Nian Ciyu said sternly.

“Is it really alright for me to do so?” Yi Tianyun wondered.

“Yes! There is no reason for you to hold yourself back and hide your true capability from others! If you ever do something like that again, I will punish you thoroughly.” Nian Ciyu said coldly.

“So, did Elder Nian also do the same thing that I did in the past?” Yi Tianyun asked carefully.

“What are you saying! I always did my best!” Nian Ciyu said without looking back at Yi Tianyun, but Yi Tianyun knew that it was a sensitive subject for Nian Ciyu!

“I am very sorry. Please forget what I just said!” Yi Tianyun said with a smile on his face. Now, Yi Tianyun finally understood Nian Ciyu completely. He now understood that Nian Ciyu wasn’t pleased with those who didn’t try their best and push their limit!

## Chapter 923

Nian Ciyu immediately regained her composure. “Now, we have to focus on the task at hand! This place is full of danger! We are free to enter this place as it doesn’t have any ruler, but so many cultivators have died here thinking that they could easily conquer this place!” Nian Ciyu said solemnly.

“So, this place isn’t part of Heavenly Edict Divine Territory?” Yi Tianyun asked.

“Yes, no one rules this place, so it was a complete mess!” Nian Ciyu said solemnly.

“But, have you experienced cultivating on this site before, Elder Nian?” Yi Tianyun asked.

“Yes, but very few people knew about my activity! Not just anyone could come here anyway. Coming to this place means death, so not everyone is willing to bring their own disciple here, but if you do well on your endeavor here, God Domain’s War of Ascension would be a piece of cake!” Nian Ciyu said solemnly.

“Speaking of God Domain’s War of Ascension, have you ever participated, Elder Nian?” Yi Tianyun asked as he was confused that Nian Ciyu was still in Heavenly Edict Divine Territory. With her innate ability, it would be easy for her to be recruited by a higher-tier God Domain.

“I never participated, I am not interested!” Nian Ciyu said as she shook her head and seemed reluctant to discuss further regarding this subject. Yi Tianyun noticed that there was no regret in her eyes at all. It seemed she really made a resolve not to participate in the God Domain’s War of Ascension. Yi Tianyun didn’t ask anything else, but it seemed odd for some reason. Anyway, Yi Tianyun was glad that Nian Ciyu didn’t have any malicious intent toward him.

“This place is called Slaughter Divine Star. I don’t know who built the Special Divine Tower on this planet, but it’s full of powerful beasts! If your cultivation is about hunting Demon Beasts, then this is the best place for your type of cultivation! But as I said before, many died here due to their lack of caution, so I’m gonna warn you once again to remain cautious of your surrounding! People also kill each other here to get more treasure!” Nian Ciyu said solemnly. “The more you kill in this area, the more you get recognised by the Divine Tower! Your quest would be rather simple, which is to be approved by the Slaughter God!” Nian Ciyu said confidently.

“Approved by the Slaughter God? Was the Divine Tower also called Slaughter God Tower?” Yi Tianyun asked curiously.

“That’s correct! After killing a bunch of things with killing intent, you will be recognised by the Slaughter God!” Nian Ciyu said confidently. “But so far, only 8 people have been approved by the Slaughter God, but no one really knew who they are! Almost everyone here uses some kind of mask to hide their true identity so that they wouldn’t be held responsible after killing anyone from another God Domain!” Nian Ciyu said solemnly.

“Elder Nian, did you get the Slaughter God’s Approval?” Yi Tianyun asked curiously.

“No, I didn’t get it, but I got many benefits here! So, I hope that you will be approved so that your power can further develop, and that way, you can easily top the God Domain’s War of Ascension without any problem!” Nian Ciyu said excitedly. It was obvious to Yi Tianyun that Nian Ciyu valued the War of Ascension, but it further confused Yi Tianyun as she didn’t want to participate on the competition herself.

If Yi Tianyun had to guess, it would be very likely that she chose not to participate since she was the next heir to the throne of Heavenly Edict Divine Territory! She chose not to participate since she wanted to dedicate herself to Heavenly Edict Divine Territory instead of joining other God Domains! After all, there was no way to refuse the invitation of other God Domain once the war was over.

It was the most logical reason that Yi Tianyun could come up for now. After all, Nian Ciyu and Heavenly Edict Territory Lord did have the same bloodline, and it would be normal to choose the next heir from the same bloodline.

“I will try my best!” Yi Tianyun nodded his head.

Nian Ciyu nodded and maneuvered the ship to enter Slaughter Divine Star. She then explained some other things that might be useful for Yi Tianyun later. After all, once Yi Tianyun entered the Slaughter Divine Star, Nian Ciyu couldn’t help him anymore. Yi Tianyun couldn’t count on the people inside to explain it later either, as people compete to kill as many Demon Beasts as they could in this place!

As they landed, Nian Ciyu immediately collected her Spirit Ship, and Yi Tianyun instantly looked around vigilantly. People here came from different God Domains, and obviously, he had to be careful as anyone was free to kill in this place!

Now Yi Tianyun realised why there was a Heaven Monarch cultivator that accompanied the participant. If they came with a weaker cultivator, other God Domains would immediately attack and overwhelm them instantly!

“Don’t mind them for now. Let’s go!” Nian Ciyu said as she led Yi Tianyun up front while releasing her aura, letting everyone know that she is a Heaven Monarch cultivator!

“Only two people? Is it a hidden family with a genius disciple?” A cultivator said behind their back.

“That is possible. A female Heaven Monarch cultivator is rare after all.” Another cultivator chimed in.

Obviously, their attention was focused on Nian Ciyu and Yi Tianyun, but fortunately, they wouldn’t attack as they already sensed that Nian Ciyu was a Heaven Monarch cultivator! Yi Tianyun shook his head and turned his attention forward. He saw a Divine Tower up front, but it wasn’t a tall tower. In fact, it was much shorter than the Ancient Netherworld Divine Tower!

That being said, it was way more powerful than the Ancient Netherworld Divine Tower as it was a High-Grade Rebirth Level treasure!

Nian Ciyu took Yi Tianyun into the Slaughter God Tower, and once he was inside, Yi Tianyun felt intimidating killing intent from the top of the tower! Yi Tianyun was excited for things to come as he looked forward to gaining an enormous amount of Exp here. He looked around and saw a huge Great Array in front of him! Further ahead, he also saw many cultivators that had twisting red eyes!

This was a typical form of cultivation deviation! These people already lost their minds as they probably rushed their cultivation too much.

“Is this the Slaughter God Tower?” Yi Tianyun excitedly said as he saw many cultivators that could become his Exp Booster!

## Chapter 924

Slaughter God Tower itself wasn’t that big from the outside, but after Yi Tianyun came in, he noticed that the tower was a lot more spacious than he thought! But there was nothing much inside at first glance, only the intimidating killing intent from the top of the tower that was worth taking notes on. Furthermore, there were quite a number of cultivators with Cultivation Deviation here. It was certainly the Slaughter God Great Array in the middle’s doing as it constantly fed the cultivators with a red energy!

The Cultivators with cultivation deviation obviously failed to contain the Red Energy from Slaughter God Great Array, and it consumed them from the inside!

“This Slaughter God Tower has such a strong murderous aura!” Yi Tianyun said as he was surprised by this discovery. If he meditated here, he would also receive some of this murderous aura for himself. Yi Tianyun knew that Killing Intent or the Murderous Aura had a great auxiliary effect on combat! It would affect the opponent’s mind and reaction and could even scare the opponent to submission!

Yi Tianyun looked up and found 8 names engraved on the wall. They should be the names of those who were approved by the Slaughter God in the past. But Yi Tianyun also noticed that the names were all fake! The cultivators that have been approved didn’t seem to use their real names at all!

It was remarkable in a sense that only 8 people received approval from the Slaughter God despite the number of the cultivator that came here every day! Furthermore, it seemed that every dead body in this place would be immediately swallowed up by the Slaughter God Great Array, leaving nothing behind!

The Slaughter God Array had a limitation as only those at the Star Monarch cultivation level could continue forward while others were forced to stay. And with that said, people started to turn their attention toward Yi Tianyun and Nian Ciyu, as it was extremely rare for a group of two to take on the challenge.

These people knew that the cultivators ought to work with a team here to gain the most out of this place. Otherwise, they wouldn’t be able to stay long enough without any consequences. In short, these people knew that it wasn’t worth the time to challenge this place when they’re short on people!

If the cultivator couldn’t endure the harshness of this place and suffered Cultivation Deviation, it was basically over for them as they would lose their mind!

“There are only two of them. They obviously want to die!” A cultivator said on the side.

“Yeah, why are they so confident, though?” another cultivator said while shaking his head. The cultivators looked at Yi Tianyun and Nian Ciyu mockingly as they thought that the two of them was completely out of their mind. Furthermore, Nian Ciyu wouldn’t be able to accompany Yi Tianyun later as she would be forced to stay!

But obviously, Nian Ciyu and Yi Tianyun ignored them all!

“Since you are alone, you have to pay attention to your surrounding! Just relax and do your best! You have three attempts to conquer the tower. If you fail three times, then it is time for us to leave!” Nian Ciyu said solemnly.

“There are three opportunities to clear this place?” Yi Tianyun said as he was surprised that he got another chance if he failed. He just thought that there was only one chance to clear the tower, but if there was another chance waiting for him, there was nothing that Yi Tianyun had to worry about!

“Awesome!” Yi Tianyun said with a smile on his face. Yi Tianyun was confident that he would power through the tower easily. After all, he had Crazy Mode to breeze through all the Star Monarch cultivators in this place!

“Don’t get too cocky, brat!” Nian Ciyu said as she flicked Yi Tianyun’s temple. “As I said, be cautious of your surrounding and make sure that you keep your safety in check! If things get dicey, you should retreat immediately!” Nian Ciyu said annoyedly.

“Elder Nian, aren’t you contradicting your own words right now? How can I clear the tower if I choose to retreat?” Yi Tianyun said with a frown on his face.

“No, your life is the most important thing here! You can always challenge it once again later, but if you die, then that is the end of it!” Nian Ciyu said solemnly. “I want to bring Gu Yurong here as well, but I am afraid she is still too weak to handle the murderous aura of this place! I will later bring her here once I deemed her capable of withstanding this place.” Nian Ciyu said as she rubbed her head a little bit.

“Gu Yurong wouldn’t be able to handle this place?” Yi Tianyun said confusedly, but he immediately looked around and noticed that some of the cultivators that suffered cultivation deviation had a stronger cultivation base than Gu Yurong!

“Yes, she wouldn’t be able to withstand a killing intent this intense! Now let us see how far you can go in this challenge! Remember, I couldn’t do very well on my first try either!” Nian Ciyu said with a smile on her face.

Yi Tianyun was startled by Nian Ciyu’s words. It seemed Nian Ciyu was just a normal cultivator, too, at the very beginning. Yi Tianyun just smiled before he stepped into the Slaughter God Array. Once he did, the Murderous aura from all directions immediately headed straight toward his body. Yi Tianyun could

see the thick layer of red energy that covered the area that he couldn't see earlier! It seemed this murderous area was only visible after entering the Great Array.

Yi Tianyun knew that he didn't have to absorb these murderous auras as he knew that it'd be dangerous for him. He immediately felt a strong killing intent up front, but he just ignored it for now.

He pressed onward and saw a cultivator that was meditating with an irritated look on his face, but the cultivator didn't seem to be absorbing the Murderous Aura. However, it seemed the cultivator was condensing the murderous aura inside his body!

"What is this? I didn't know that murderous aura could be condensed into beads like this!?" Yi Tianyun said as he carefully watched the cultivator in front of him.

## Chapter 925

"That brat is actually going alone! I bet he would return in a quarter of an hour!" A cultivator said mockingly on the side.

"Come on, if he dares to go up alone, then he may actually have what it takes! I will bet that he would return after half an hour!" another cultivator said mockingly.

"You guys are too kind! There is no way he can survive and make it back here!" another cultivator said mockingly.

"Well, the Heaven Monarch that brought him here doesn't seem reliable either! That brat's God Domain probably sent him here to rot and die!" another cultivator said with a smirk on his face.

"That doesn't matter! Your time to rest is over, now get up and restart your challenge again!" A Heaven Monarch said as he was waiting for these Star Monarch to recover. All of them immediately nodded and rushed towards the Slaughter God Array.

Other cultivators that were still resting on the side didn't even say anything as they didn't care about how many people entered the Slaughter God Array. They were too cautious of their surroundings to mind what other cultivators thought!

They knew that the cultivation deviation was a real threat over here, and thus they couldn't afford to joke around.

Meanwhile, Nian Ciyu just looked over Yi Tianyun's figure that slowly disappeared from her view. "You have to get stronger and secure a good result in God Domain's War of Ascension so father could rest easy!" Nian Ciyu said to herself. If Yi Tianyun heard what she just said right now, he would be surprised as he would never expect that Heavenly Edict Territory Lord turned out to be Nian Ciyu's father!

It would cause confusion, too, as Yi Tianyun knew that Heavenly Edict Territory Lord had served as a lord for a long time, but Nian Ciyu came from the Mortal Domain!

At the same time, Yi Tianyun was still wondering what to do with the Murderous Aura that enveloped his entire body!

"You fool!" a cultivator rushed forward as he swung his sword towards Yi Tianyun, but Yi Tianyun didn't even bother as he swiftly turned around and kicked the man away! The cultivator immediately died after taking Yi Tianyun's attack directly, giving an ample amount of Exp to Yi Tianyun.

'DING!'

'Successfully killed Cultivator with Cultivation Deviation (7th Layer Star Monarch)!'

'Reward: 35.2 billion Exp, 230.000 Cps, 250.000 Sps, Murderous Aura Energy!'

The exp he got was quite impressive as he also used the Crazy Exp Mode. At the same time, Yi Tianyun's own killing intent began to expand as he took in the Murderous Aura Energy. Still, he quickly suppressed it as he didn't want to be affected directly by the murderous aura.

No wonder people mainly took a defensive stance here as killing people will further expand their own murderous aura and, therefore, push them closer to Cultivation Deviation. It was the same as taking medicinal pills for cultivation. It was best taking 1 or 2 at a time, but take too much, and you might explode!

“But I don’t think this murderous energy affects me whatsoever!” Yi Tianyun said as he assessed his own situation first. He didn’t feel any changes in his body or constitution at all. It was like the murderous energy was part of himself all along.

“This is pretty good!” Yi Tianyun happily said as he looked all around and attacked the cultivators with cultivation deviation around him. This was really the best place for Yi Tianyun to farm Exp!

“Activate X200 Exp Card, Activate X150 Exp Card, activate X100 Exp Card, activate X50 CPs Card, activate X50 SPs Card!” Yi Tianyun said in succession as he knew that he could reap as much exp as he could here. He used up all of his Booster Card. Although he didn’t buy any more from the shop, he believed that much should do for now.

After all the booster card was activated, Yi Tianyun was left with X532 Exp multiplier!

“Don’t mind if I do!” Yi Tianyun said as he took out his Sky Dawn Divine Spear and covered it with a wrapper to hide the spear’s appearance. So even if there was a Heavenly Edict Divine Territory cultivator here, they wouldn’t immediately notice the spear’s characteristic.

“Die for me!” Yi Tianyun said as he speared a cultivator with blood-red eyes in front of him. The bloodshot eyes were a sign that they were no longer a normal cultivator but instead those who had already fallen toward the Cultivation Deviation path!

‘DING!’

‘Successfully killed a cultivator with cultivation deviation (6th Layer Star Monarch)!’

‘Reward: 532 billion Exp, 33 million CPs, 4 Million Sps, Murderous Aura Energy!’

The Exp was of an overwhelming value, and so were the Crazy Points and Sin Points! This was truly remarkable as he would be able to level up soon! However, he didn’t get the level up he wanted just from that one kill, so he needed to kill a little bit more! Yi Tianyun already expected as much as the amount of Exp he needed to level up was already at a terrifying value!

"I should pick up my pace!" Yi Tianyun said as he rushed towards another cultivator! He killed everyone he met easily as no one could stop him on this site anymore.

At the same time, Nian Ciyu, who watched Yi Tianyun from the stage, was stunned as he saw Yi Tianyun kill many cultivators without resting. She knew that killing so many cultivators with cultivation deviation in this place wasn't necessarily a good thing as the Murderous Aura kept accumulating, and Yi Tianyun would eventually fall to cultivation deviation himself!

Everyone else besides Nian Ciyu also arrived at the same conclusion as they began mocking Yi Tianyun for his lack of control.

"This guy is a trouble! If he ever suffers cultivation deviation here, everyone would have a hard time passing him!" A Heaven Monarch cultivator said not too far from Nian Ciyu. Many of the other Heaven Monarch cultivators also felt annoyed by Yi Tianyun's action. They wanted Yi Tianyun to slow down so that he wouldn't become a burden for others.

## Chapter 926

No one thought that Yi Tianyun would be able to get out of the great array, as he recklessly killed every cultivator that he met. Obviously, they thought that Yi Tianyun would suffer cultivation deviation soon enough!

"Isn't that your disciple? Shouldn't you warn him?" A Heaven Monarch cultivator came and mocked Nian Ciyu. The other Heaven Monarch cultivators on the site were all smirking mockingly at Nian Ciyu since they thought that a Heaven Monarch had failed to warn their disciple about the harsh situation inside the Slaughter God Array.

"Don't worry. He can handle his own weight!" Nian Ciyu said with a smile on her face. She wanted to stop Yi Tianyun, but she knew that it was the path that Yi Tianyun took himself.

"Hey, you better stop your disciple before he gets in others' way!" Another Heaven Monarch cultivator shouted at Nian Ciyu angrily. "You are responsible for his action!" he said loudly.

“Well, yeah! I am responsible for his action! But if his action would affect your disciple, then maybe your disciple isn’t cut out for this place just yet!” Nian Ciyu said indifferently. She didn’t really care about what other Heaven Monarch had in mind right now, for her sole focus was on Yi Tianyun’s progress.

“God damn you, woman!” The Heaven Monarch shouted angrily, but he didn’t make any move as he knew that he couldn’t afford to start a fight against other Heaven Monarch. He could only stand by and watch, but he knew deep down that his disciple wouldn’t be able to defeat Yi Tianyun to save themselves. Even if Yi Tianyun had fallen to cultivation deviation, he knew that his disciple still wouldn’t have what it took to defeat him!

As for Nian Ciyu herself, she was the one who worried about Yi Tianyun the most! She never thought that Yi Tianyun would go this far, but then again, she didn’t know much about Yi Tianyun to begin with!

Yi Tianyun himself naturally had his own plan here! He wanted to use his Exp Card to its full potential, meaning that he had a time limit to kill all the cultivation deviation cultivators that he could find! Yi Tianyun’s goal was to get his cultivation to 2nd Layer Earth Monarch before his Exp Card expired!

Yi Tianyun went on with the slaughter, and even after he killed more than a dozen cultivators at one time, his eyes were still clear. There was no sign of cultivation deviation at all! The murderous aura that Yi Tianyun has accumulated for each kill didn’t seem to affect his mental fortitude at all! This was because Yi Tianyun stored the Murderous Aura that he got from killing the cultivators with cultivation deviation in the form of an item!

The System stored the murderous aura as an item as soon as Yi Tianyun killed a cultivator with cultivation deviation, and Yi Tianyun wasn’t planning on using it any time soon! It was the same case as the flame that he got from Ming Yueqing earlier. He could choose not to absorb the flame and store it inside his storage to use it whenever he wanted.

This was why Yi Tianyun could bring himself to kill the cultivation deviation cultivator as quickly as he could! It wasn’t because he had some godly soul that resisted the murderous aura, but it was because of the help of his System that made it all possible!

‘DING!’

‘Congratulation to Player Yi Tianyun for successfully breakthrough to 1st Layer Earth Monarch cultivation level!’

His status instantly increased, and his combat power rose immediately from 7.000 Star Points to 21.000 Star Points! One would think that Yi Tianyun was happy with this level up, but that wasn’t the case at all as Yi Tianyun immediately frowned as soon as he checked the amount of Exp he must get to level up once again. It was at a staggering level of 100 trillion Exp!

This was 10 times more what he needed to get to 1st Layer Earth Monarch earlier!

Now, the problem was that he only got 500 billion Exp for killing a 6th Layer Star Monarch cultivator, and it was already boosted by the X500 Exp Card that he used earlier! He would have to kill 200 of these cultivators just to level up to the 2nd Layer Earth Monarch stage!

“It will all be a lot easier if I can find some Earth Monarch cultivators here!” Yi Tianyun said as he clicked his tongue in disappointment. He knew that the best way for him to get Exp was to fight cultivators at his own level or stronger than him. There was too little profit to fight cultivators below his level. However, he couldn’t ask for more as this place was only available to the Star Monarch cultivators!

But he couldn’t just cut his time short in this place, so the only thing he could do right now was carry on forward!

“I will get this done soon!” Yi Tianyun said to himself as he kept killing any cultivator with cultivation deviation he encountered. But Yi Tianyun left the normal cultivators alone as he didn’t want to slaughter those who didn’t deserve it! The cultivators that had already fallen to Cultivation Deviation couldn’t be saved anymore, and thus they weren’t that different from a demon beast! So, Yi Tianyun didn’t feel any guilt for killing them!

The cultivators who saw Yi Tianyun on the Slaughter God Array were confused as they saw that Yi Tianyun didn’t show any sign of Cultivation Deviation even after killing so many people!

“What is going on? Why didn’t he fall to Cultivation Deviation just yet?” the Heaven Monarch cultivators on the upper level were dumbfounded as they saw that Yi Tianyun showed no sign of slowing down.

“This is impossible! He should’ve already fallen to cultivation deviation a long time ago!” another Heaven Monarch Cultivator shouted with a surprised look on his face. Clearly, a little to no cultivator would believe a person could behave like this at Slaughter God Array!

Nian Ciyu just smiled as she kept watching Yi Tianyun from above. She remembered how well Yi Tianyun had done so far, not to mention how he broke her record, and thus she was looking forward to the time that Yi Tianyun also cleared the Slaughter God Array in one try!

## Chapter 927

“I have a hunch that he would clear this Slaughter God Array and break the record of the past once again!” Nian Ciyu said as she kept observing Yi Tianyun. She had such a hunch as Yi Tianyun had already killed so many cultivators that average cultivators would imagine themselves doing! Furthermore, Nian Ciyu also believed that Yi Tianyun would be the one that wanted to get the Divine Imprint of Slaughter God the most!

If he got that, he would have the power to condense the Murderous Aura into his own power!

But at the same time, Yi Tianyun only thought about gaining as much Exp as he could within the duration of the Exp Card he had right now! His focus right now was only to gain more Exp by killing as many cultivators with cultivation deviation as he could! After all, he was close to levelling up once again!

All the cultivators were staggered in place as they couldn’t believe what they had just witnessed! They didn’t understand how Yi Tianyun would be able to keep his insanity in check after killing so many cultivators with cultivation deviation in such a short amount of time!

“How is this possible? I have never seen someone kill this many cultivators in such a short amount of time without suffering cultivation deviation!” a cultivator said, mesmerized by Yi Tianyun’s skill.

“There is no way he can hold on for much longer, right?” another cultivator said nervously.

“Well, if he were a normal cultivator, he would’ve already fallen a long time ago!” Another cultivator said while shaking his head.

Some of them still thought that Yi Tianyun would fail, but the more that they thought about it, the more they doubted themselves! Yi Tianyun was still as composed as ever, showing no sign of losing himself to the murderous aura whatsoever!

“Get me out of here! Get out of my way!” a cultivator shouted all of a sudden while holding his head madly.

“Senior Brother, can’t you hold on any longer? I will get you out of here!” the companion beside him said as he dragged the shouting cultivator towards the exit. But he couldn’t reach the exit as the eyes of the shouting cultivator began to turn red! He then pulled out his sword and stabbed his companion, who dragged him out towards the exit!

This was no doubt the cultivation deviation!

The cultivator who tried to drag him towards the exit earlier couldn’t react in time, and thus, he got stabbed without taking any defensive measure! He felt his body heated up as the Murderous Aura surged into his body from the wound, and he started to scream maniacally!

The Junior brother himself couldn’t control the fluctuation of murderous aura, and thus fell into cultivation deviation himself!

Meanwhile, the Heaven Monarch cultivators above immediately warned their disciples, ordering them to get out as it seemed the cultivators with cultivation deviation would start swarming them soon! “Hurry, get out of there!” the Heaven Monarch shouted worriedly.

The Star Monarch inside the Slaughter God Array began to run towards the exit frantically, but their path was blocked by the cultivator that was just corrupted by the Cultivation Deviation. A clash was inevitable, and many cultivators fell into cultivation deviation!

The murderous aura in the vicinity intensified, including the murderous aura on the cultivator itself, improving their combat power immensely. The cultivators with cultivation deviation surely thrived in this kind of environment!

The cultivators with cultivation deviation that was brought about by this event have become much stronger than any cultivation deviation cultivator that existed before them.

“Help us!” the surviving cultivators that were still sane shouted for their elders’ help. At the same time, a figure rushed over and easily killed the cultivators with cultivation deviation that were about to attack the group of normal cultivators.

Everyone took a closer look at the mysterious figure, and they were surprised as it was Yi Tianyun himself! He easily killed the cultivators with cultivation deviation that tried to attack them.

“Hurry up and leave!” Yi Tianyun said as he motioned for the normal cultivator to run for the exit.

“Thank you!” The cultivators shouted as they started to run towards the exit. They knew that they couldn’t help Yi Tianyun fight the cultivation deviation cultivator as they didn’t have the power to do so! The cultivators with cultivation deviation’s speed has increased dramatically, and there was no way they could overpower such an opponent.

The only thing they could do to help Yi Tianyun was leave!

“What is going on? Why did the Slaughter God Array’s Murderous Aura get this intense in such a short amount of time? Did someone anger the Slaughter God?” A cultivator said nervously.

“It must be that brat! This nightmare happened after he killed so many cultivators with cultivation deviation!” A cultivator shouted angrily. Most of them arrived at the same conclusion as the situation worsened just after Yi Tianyun’s arrival.

“This is all because of your disciple! I told you to discipline him! Now look what he had done to this place!” A Heaven Monarch shouted angrily at Nian Ciyu. Many other cultivators also glared at Nian Ciyu as they thought that Nian Ciyu and Yi Tianyun had brought a disaster to their cultivation ground.

They all suffered from this event. Many cultivators died inside the great array without a good reason, which ultimately put the Heaven Monarch cultivator that brought them here on a spot. Their respective God Domain would surely blame the Star Monarch cultivators’ death on the Heaven Monarch cultivator

who brought them there. There was no way they would just ignore the situation as resources that was given to grow each cultivator wasn't cheap!

"It seems that you guys broke through the Heaven Monarch Level with too much leisure! Don't blame others if you don't have what it takes to back it up! My disciple only kills the cultivators with cultivation deviation like the array suggested! Your disciples are just too weak to handle this place and die in vain as a result of it all!" Nian Ciyu said indifferently.

"What did you just say? We didn't have what it takes? No, it all went well until you showed up with your eerie disciple! Why the hell did he slaughter everything at such a high pace like that? Did he come here to prove himself or something? This is certainly all his fault and in turn, your fault as well!" A cultivator shouted furiously at Nian Ciyu, but Nian Ciyu didn't show any sign of fear as they all had the same cultivation level!

## Chapter 928

The Heaven Monarch Cultivator couldn't say anything to refute Nian Ciyu's argument as what she said was the rule of the universe! If their disciple couldn't handle themselves in a place like this, then that was all there was to them! This place was the place for people to cultivate their slaughter cultivation path! The place to test out their mettle to gain the power of the Slaughter God!

Nevertheless, they were grateful that Yi Tianyun helped their disciples, but still, they wouldn't praise Yi Tianyun for it.

"That is true, but your disciples still causes problem for other people!" A Heaven Monarch cultivator still dared to refute Nian Ciyu's word.

"Well, he is cleaning up the place as we speak, so if you send your disciple later, I am sure this place would become a safe place once more!" Nian Ciyu said mockingly. The cultivators were completely speechless as soon as they heard Nian Ciyu's word as it held a resemblance of truth! Furthermore, they couldn't blame anyone in this place as they came there knowing full-well about the purpose of this place! Killing anyone here didn't mean anything to their respective God Domain as it was the risk they had to consider for coming to such a place!

Therefore, they didn't dare to provoke anyone in this place.

They could only cast aside their pride and hope that Yi Tianyun really purged the Slaughter God Array from the and minimise the Murderous Aura inside so that their disciples could go back in there and cultivate safely.

‘DING!’

‘Congratulation to Player Yi Tianyun for successfully breakthrough to 2nd Layer Earth Monarch!’

Yi Tianyun didn’t even mind everyone’s gaze from above as he kept on killing so many Cultivators with Cultivation Deviation and finally levelled up once more. Now that the normal cultivator has left the Slaughter God Array, there was only Cultivators with Cultivation Deviation left aside from him!

“There are some left! I have to finish this quickly.” Yi Tianyun said as he took out his Sky Dawn Divine Spear and rushed towards the cultivator, killing them with a single blow! The deeper he delved, the stronger the cultivator he encountered, but still, their cultivation was still at Star Monarch level! None of them was at Earth Monarch level just yet!

Because of this, Yi Tianyun felt a little bit disappointed as he couldn’t find any Earth Monarch cultivator among these Cultivators with Cultivation Deviation. After all, he wanted a higher amount of exp for killing these cultivators!

The Heaven Monarch above practically saw Yi Tianyun with their mouth left open as they were too shocked by the power he displayed. They saw how many cultivators that Yi Tianyun had killed already, but Yi Tianyun himself didn’t show any sign of cultivation deviation himself!

“This guy clearly came from a renowned place! I am sure of it!” a Heaven Monarch cultivator said as he watched Yi Tianyun closely.

Nian Ciyu herself didn’t know whether she should cry or laugh as she heard these cultivators speculated that Yi Tianyun came from a renowned. If they knew that Yi Tianyun came from a small Mortal Domain, Nian Ciyu knew that they would be ashamed of themselves!

Nevertheless, she couldn’t refute that what Yi Tianyun was doing was amazing!

The Heaven Monarch cultivators became wary of Yi Tianyun and Nian Ciyu that some of them even predicted precisely that Yi Tianyun was being prepared to enter the God Domain's War of Ascension!

But because of that, they failed to hide their own killing intent! Obviously, they thought of Yi Tianyun as a threat to their own quota on the God Domain's War of Ascension. Nian Ciyu also felt their killing intent, but she just let them be as she wasn't afraid of what these people might do.

"You are the last one!" Yi Tianyun said as he killed the last Cultivators with Cultivation Deviation. The Slaughter God Array immediately flashed and terrifying aura surged forth from the ground. It was the red energy that was visible for everyone and it immediately engulfed Yi Tianyun whole.

The people were surprised once more as they didn't understand what was happening. The cultivators who wanted to come back inside were also surprised as something like this had never happened before. The red energy that came from the ground was far more intense than the red aura that was already inside the array!

"I remembered this red aura! It seems the original red aura has returned! The earlier red aura inside the Slaughter God Array already diminished after having so much people entering the array!" A Heaven Monarch cultivator said as he remembered the Slaughter God Array from the past.

Everyone looked at him in surprise,. If what the Heaven Monarch cultivator said was true then thatt meant Yi Tianyun returned everything back to its original situation!

"Master, do we still have to go back there?" the Earth Monarch cultivator asked their master as they weren't sure about coming in to the Slaughter God Array. They were intimidated by the intense murderous aura inside the Slaughter God Array as the chance of them falling into cultivation deviation was far higher right now.

"The spiritual force inside the slaughter god array is so good right now, it would be a waste not to enter!" The Heaven Monarch said as they wanted their disciple to take the huge chance of breaking through.

But as some of the Earth Monarch cultivator jumped in inside the Slaughter God Array, they immediately get overwhelmed by the Murderous Aura inside the slaughter god array and immediately

fell into cultivation deviation! Everyone was shocked to see this turn of event as the rate of falling into cultivation deviation was far quicker than they ever thought it would.

Meanwhile, Nian Ciyu was nervous as she clearly saw that Yi Tianyun was being enveloped by the intense murderous aura earlier. She was worried that Yi Tianyun couldn't hold on to his sanity!

## Chapter 929

The changes on the Slaughter God Array scared many people, especially those who wanted to enter Slaughter God Array to cultivate! As they saw the cultivators that entered the array immediately fell into cultivation deviation, they immediately turned back.

"Stop! Don't go in there!" the Heaven Monarch cultivator immediately stopped their disciples from entering the Slaughter God Array. They knew that their disciple wouldn't be able to handle the intense murderous aura inside the Slaughter God Array. They didn't know the state of the Slaughter God Array right now, and thus they didn't want their disciple to die in vain there.

"This is really terrifying! Thank god I don't have to go in now." A cultivator said as cold sweat dripped down from his head. They felt bad for the cultivators that entered and fell into cultivation deviation earlier, but thanks to them, the rest didn't have to enter the Slaughter God Array anymore.

But they still remembered that Yi Tianyun was still inside the Slaughter God Array, which left them wondering if Yi Tianyun has already fallen to cultivation deviation.

"What do we do now, master? How do we get in the Slaughter God Array?" the Earth Monarch cultivator asked as they turned their attention to their master. The Heaven Monarch cultivators were looking at each other as they knew that there was only one thing left to do to open up the Slaughter God Array and it was to absorb the Murderous Aura inside and diminished it so that the disciples could enter the array safely.

However, it would only create an infinite loop where the one that absorbed the murderous aura would just fall into cultivation deviation and would be hunted down by the normal cultivators. There was just no other way around it as no one could withstand this kind of murderous aura!

"No, just wait it for now! We can't take any risk, so let's just hope it would gradually dissipate on its own." A heaven monarch cultivator said while shaking his head disappointedly. The other cultivators

also had the same helpless look on their faces, but some of them turned their attention to Nian Ciyu and shown a vengeful look on their face.

“Your disciple is already swallowed by the terrifying murderous aura! There is no way he can survive this one! It is a pity since the level of his innate ability is desired by most people in the entire God Domain. It’s a shame that a great cultivator has to fall so quickly!” A heaven cultivator said mockingly to Nian Ciyu.

“If that is even the truth, what does it matter to you?” Nian Ciyu said indifferently. She wouldn’t trust anyone until she saw it for herself! She still had hope that Yi Tianyun would survive the intense murderous aura somehow.

“Who do you think you are! what God Domain did you came from?” The heaven monarch cultivator shouted angrily.

“What nonsense are you talking about here? Do you want to reveal your God Domain first?” Nian Ciyu said coldly. The Heaven Monarch cultivator fell silent as he knew that the information about the God Domain was a secret here and no one should reveal their God Domain so casually.

“Hey, I just want to say my condolences! If your disciple wasn’t so arrogant, he might not be dead so soon!” The Heaven Monarch cultivator said mockingly.

“Oh, so you think my disciple already fell into cultivation deviation?” Nian Ciyu said indifferently. She didn’t know Yi Tianyun’s situation right now, but she hoped that Yi Tianyun was still fine. Otherwise, Heavenly Edict Divine Territory’s hope to top the God Domain’s War of Ascension would be shattered!

“Of course! I dare say that your disciple is already done for!” The unknown Heaven Monarch said confidently.

“But, I dare say that my disciple is fine!” Nian Ciyu said with a smile on her face.

“Wow, would you like to make a bet with me?” the Heaven Monarch cultivator said with a smirk on his face. it was a common practice among the Heaven Monarch cultivators to make a bet about something that they argued about as it would be a better solution than fighting to death!

Naturally, Nian Ciyu knew what that guy was after. If she rejected the bet then she just admitted that Yi Tianyun wouldn't come back! Obviously, she couldn't do that after putting up such a brave front!

"Then, what do I get?" Nian Ciyu asked confidently.

"A middle-grade Rebirth Level Treasure, deal?" the Heaven Monarch cultivator said as he took out a middle-grade Rebirth Level treasure to show that he got the ante. A middle-grade Rebirth Level treasure might be a powerful and difficult treasure to get by Earth Monarch or Star Monarch standard, but for Heaven Monarch cultivators, this was just a normal treasure.

"Alright! A bet for a Middle-grade Rebirth Level treasure! I hope you won't regret it later!" Nian Ciyu said indifferently. The Heaven Monarch cultivator immediately laughed and mocked Nian Ciyu in front of everyone as they thought that they would get a middle-grade Rebirth Level treasure easily!

At the same time, Yi Tianyun was still busy inside the Slaughter God Array meditating and absorbing all the murderous aura.

"The murderous aura suddenly gets more intense! This surely will affect the other cultivators and not in a good way." Yi Tianyun said as he continued to absorb the murderous aura from all directions. Although Yi Tianyun was absorbing the murderous aura, he didn't necessarily use it all immediately as he stored them in his item storage.

Yi Tianyun then tried to condense the Murderous Aura down.

"This thing is strange! Can I condense it even more?" Yi Tianyun said to himself as he continued to absorb the murderous aura and condensed it. He didn't know what would happen if he kept condensing the murderous aura, but he would cross that bridge when the time came!

## Chapter 930

Yi Tianyun kept absorbing the Murderous Energy, and it gradually condensed and formed a clean sphere that resembled a red jewel! From the sphere, the baleful aura of the murderous energy could be felt, and there was no doubt once this sphere cracked open, any cultivator around would immediately fall into a cultivation deviation!

Although the effect of the cultivation deviation was devastating, only in this Slaughter God Array would they completely lose their mind as the Slaughter God Array would immediately control them like a puppet!

Some cultivators did try to save their companion who fell into cultivation deviation here by dragging them out, but it only turned their companions into an empty husks, no longer having any intelligence to take care of themselves.

Once they fell into cultivation deviation, their souls were basically bruised so badly that it was beyond recovery! If someone attempted to recover their souls, it would probably take a huge amount of Divine Pills, and not even a Heaven Monarch could afford that kind of price. Therefore, once you fall into cultivation deviation, it would be equal to death!

“How much can I compress?” Yi Tianyun said as he constantly fed the sphere with the Murderous Energy that he got from his surroundings. He could feel the baleful aura inside the sphere growing stronger with each passing second.

He didn’t know how much he should condense before he passed the Slaughter God Array’s assessment, but he could do this for as long as it took! He didn’t get Exp from doing this kind of thing, but he knew that the baleful aura contained inside the sphere was akin to a powerful explosion device as it would cause cultivation deviation to any nearby cultivator almost instantly!

As time went by, Yi Tianyun had already condensed the sphere for a month! The people outside of the Slaughter God Array have been mocking Nian Ciyu endlessly as they thought it was time for Nian Ciyu to give up!

“It’s been a month, and he still hasn’t come out yet! Just admit your defeat! Your disciple is definitely dead!” a cultivator said mockingly to Nian Ciyu.

“It’s only been a month! You can’t wait any longer?” Nian Ciyu said indifferently.

“Well, a month is a long time! You better face reality now and move on rather than lying around here without any purpose!” the Heaven Monarch cultivator said mockingly.

“Well, I don’t really care how long it would take before he returns. Why would I admit defeat?” Nian Ciyu said indifferently.

“Alright!” The Heaven Monarch said with a smirk as he didn’t mind waiting for that long for the rewards that Nian Ciyu had promised. Besides, he was responsible for watching his disciples’ venture here. He himself already had the Middle-Grade Rebirth Level Treasure that he used as a bet with Nian Ciyu, but since Middle-Grade Rebirth Level Treasure was rare, it wouldn’t hurt to have one more!

Nian Ciyu turned her attention back to the Slaughter God Array and prayed for Yi Tianyun’s safety. She had a hunch that Yi Tianyun was fine, which was why she still waited for his return.

She was definitely right, as Yi Tianyun was still alive and kept compressing the Red Sphere into the size of a bead! Yi Tianyun stopped as he felt that the sphere had reached its limit and would burst if he compressed it any further!

But it was too late! The sphere burst as soon as Yi Tianyun stopped, and the dazzling light that came from the baleful aura immediately covered his body, trying to take over his body.

“This brat is really good! His innate ability is amazing! I finally got my hand on a decent body possession candidate!” an unknown soul tried to possess Yi Tianyun’s body as it tried to squeeze Yi Tianyun’s soul out of his body.

“How dare you!” Yi Tianyun said as he steeled his will, blowing away the invader from his head. A series of red energy forming right in front of his eyes. It was fortunate that Yi Tianyun had a title that allowed him to prevent any Evil Intrusions to his beings, and it happened to retain its effect here on God’s Domain too.

One of the Ten Great Divine Generals of the Slaughter God: 1st Layer Heaven Monarch cultivation base. Can release a killing intent that would envelop another person’s body. As the soul has already left its body, its power has dropped drastically! Combat Power 230.000 Star Power!

A Great Divine General of the Slaughter God? His cultivation base was relatively low for a Divine General, but it was fortunate for Yi Tianyun as the Heaven Monarch was weakened because it was in a soul form.

If it still retained its former power, it would easily crush Yi Tianyun with its 1st Layer Heaven Monarch's power.

"This is something else here! It has 230.000 Star Power in its weakened state? The same combat power as Yu Yanglong!" Yi Tianyun said as he was surprised! This was unbelievable since Yu Yanglong had a higher cultivation level than this Slaughter God Divine General!

"What did you just do?" the Slaughter God Divine General shouted as he looked at Yi Tianyun in horror. It never occurred to him that he would fail to possess Yi Tianyun's body. This was the first time that he ever failed to possess an Earth Monarch cultivator's body!

"Get lost!" Yi Tianyun shouted as he swung the Sky Dawn Divine Spear down towards the Slaughter God Divine General. He activated all his enhancements, such as Crazy Damage Mode and Desolate Ancient Set! And because of that, his power skyrocketed to 1.370.000 Star Power!

Due to his breakthrough to 2nd Layer Earth Monarch, his base combat power value rose to 40.000 Star Power, and with the enhancement, he got to multiply it by 35!

The terrifying power ran through the Sky Dawn Divine Spear as Yi Tianyun lifted it up to the sky. The Slaughter God Divine General, who felt the terrifying power, immediately picked up the smell of death on himself! He was so scared of the attack that he immediately condensed the murderous aura around him to form a huge body and a huge murderous aura shield in front of him to withstand Yi Tianyun's attack!

Yi Tianyun's attack hit the shield, and Slaughter God Divine General was pushed back for a short distance before stopping. At this point, the shield that he held earlier was vaporized from the attack, and some parts of his body also took the brunt of the attack. The situation was bad, but it was better than dying!

"Brat, are you a Heaven Monarch cultivator?" Slaughter God Divine General asked as he couldn't believe the terrifying power he felt from just one attack!
