Chapter 941

“Elder Nian, I will take care of everything, just rest for a while.” Yi Tianyun said hurriedly.

“No! I can’t let you do all the work! I will help out as best as I can!” Nian Ciyu said as she attacked the zombies that came at her. Yi Tianyun felt helpless and he immediately waved his hand, burning the zombies on his path to ashes.

Compared to Nian Ciyu, Yi Tianyun’s attack was far more effective and quicker!

‘DING!’

‘Successfully killed a puppet!’

‘Reward: 460 billion Exp, 5 million Exp, 1.8 million SPs, ...’

‘DING!’

‘Successfully killed a puppet!’

‘Reward: ...’

.....

The exp kept coming and the reward was not bad for killing each one of the zombie. Furthermore, Yi Tianyun’s attack was so fast that it didn’t matter how many zombies spawned! Nian Ciyu, who was right beside Yi Tianyun, was thrown speechless once more as she witnessed Yi Tianyun’s power. She didn’t understand what kind of martial arts Yi Tianyun used, but it was so overwhelming!

The burning attack that turned the zombies into ashes in single attack was the power of the Evil God Suit that Yi Tianyun wore. As long as Yi Tianyun's enemy was within his field of vision, he could light them on fire!

Divine General Sha Long also seemed to notice that the zombies didn't even slow Yi Tianyun down, which further made him frown from frustration. He already knew that the zombies wouldn't be able to stop Yi Tianyun, but he didn't expect them to be mowed down that fast!

"Damn it! What a bunch of trash!" Divine General Sha Long said as he watched from afar. He kept pressing his hands to the ground as he controlled the great array that summoned the zombies, but he now had to summon something stronger!

But as he turned his attention from Yi Tianyun for a while, he immediately lost track of Yi Tianyun's whereabouts!

"What the hell! Where did he go?" Divine General Sha Long said as he looked around to find Yi Tianyun. But he immediately felt something ominous coming from the back of his head, so he immediately tried to block it with his sword.

His sword collided with Yi Tianyun's spear and the impact alone almost bent his sword down, almost hitting Sha Long's chest! Yi Tianyun just frowned as he repeatedly failed to kill Divine General Sha Long in one move. But Yi Tianyun already expected as much as Divine General Sha Long was the strongest Divine General out of the Slaughter God Divine Generals!

"Try to block this one!" Yi Tianyun said as he smiled and raised his hand. The surrounding area around Divine General Sha Long immediately lighted up with fire and it started to consume Divine General Sha Long's body, enveloping him like a creeping centipede. Divine General Sha Long immediately experienced an unbelievable amount of pain from the flame, but instead of burning his body, the fire itself chipped away at his strength!

"Get away from me!" Divine General Sha Long roared and a huge Slaughter God Phantom Shadow suddenly emerged from his back! The phantom shadow started moving on its own as if it had its own personality apart from Divine General Sha Long.

“I am the Slaughter God!” The phantom shadow roared and immediately threw its fist towards Yi Tianyun. The entire Murderous Aura on the vicinity was immediately absorbed by the phantom shadow, further strengthening its attack!

Meanwhile, Divine General Sha Long’s body turned red as all the visible blood vessels on his body burst! It was obvious that he couldn’t handle the power that he just exerted!

Yi Tianyun immediately noticed the Murderous Aura coming in from under Divine General Sha Long. He assumed that it had something to do with this Phantom Shadow that appeared so suddenly. Yi Tianyun knew that he ought to suppress the Great Array below Divine General Sha Long to stop the Phantom Shadow.

The Slaughter God Phantom Shadow’s fist hit the ground as Yi Tianyun step away from the attack. Countless souls from the phantom shadow’s fist wailed as it seemed the Slaughter God Phantom Shadow was made by the trapped unfortunate souls inside the Slaughter God Tower!

Yi Tianyun clearly felt the terrifying pressure from the Phantom Shadow’s attack. He even had a feeling that he wouldn’t be able to take that attack head-on! Yi Tianyun turned his attention to Divine General Sha Long and saw that the Divine General’s Combat Power has risen once again, and now it was stronger than Yi Tianyun’s combat power!

The power of the great array that Divine General Sha Long created was far too powerful! It gathered all the Murderous Aura from the vicinity to summon the Slaughter God Phantom Shadow and further strengthening the user’s combat capabilities!

“We have to escape this place quickly!” Nian Ciyu shouted.

“It won’t work anymore! This place is in total lockdown!” Divine General Sha Long said without any expression!

“Well, that is true!” Yi Tianyun said as he smirked evilly. The phantom shadow attacked once again and attacked Yi Tianyun once again! The impact was so powerful that some Star Monarch cultivators that were quite a distance away from the attack were thrown aside by the shockwave!

The Heaven Monarch cultivators who battled Divine General Sha Feng quickly jumped away from the shockwave, giving some breather to Divine General Sha Feng!

“Tianyun!” Nian Ciyu shouted as she didn’t see Yi Tianyun dodge the attack. She hoped that she would see Yi Tianyun’s figure remaining intact as the dust settled. In fact, the other cultivators who observed the battle from afar thought that there was no way Yi Tianyun could survive that attack, but their expectations was proven wrong!

A figure appeared behind Divine General Sha Long as the phantom shadow suddenly dispersed into countless red flare, drifting away with the wind.

“How did you get behind me?!” Divine General Sha Long asked as he knew that Yi Tianyun was the one who stood behind him.

“That trick of yours is pretty awesome, but it also comes with many shortcomings! While the Phantom Shadow you control is powerful, it renders you from moving! You don’t have to know how I can get behind you, you just have to remember that I am stronger than you!” Yi Tianyun said casually.

“This is hurting my pride! I feel so stupid!” Divine General Sha Long said while gritting his teeth as he saw his end was near. He knew that he couldn’t win against Yi Tianyun now as he couldn’t even read Yi Tianyun’s movement.

Chapter 942

Before Divine General Sha Long could say a word, he felt a surging power suddenly enveloping his body and tearing him into pieces! The only thing that he could see in his final moment was the ceiling of the Slaughter God Tower, he didn’t even know what really hit him!

‘DING!’

‘Successfully killed Divine General Sha Long!’

‘Reward: 264 trillion Exp, 19 million CPs, 1 million SPs, Slaughter God Secret Art, Slaughter God Great Array, Slaughter God Sword, Slaughter God Ring, Slaughter God Soul.’

‘DING!’

‘Successfully killed an Elite Enemy!’

‘Reward: 50 billion Exp, 2 million CPs, 5 million Mastery Point, 1x God Domain Lottery ticket.’

‘DING!’

‘Congratulation to Player [Yi Tianyun] for successfully breakthrough to 3rd Layer Earth Monarch stage!’

Finally Yi Tianyun levelled up to 3rd Layer Earth Monarch stage! He got 264 trillion exp for killing Divine General Sha Long because he used the 200X Exp Card that he bought before. He didn’t buy any other Exp Card as he thought that it was enough. This was also the reason why he killed Divine General Sha Long as fast as possible too!

“Nice!” Yi Tianyun said to himself. With the Crazy Exp Mode activated, he got x264 Exp boost!

“Boss!” Divine General Sha Feng shouted as soon as he saw that Divine General Sha Long was killed! He didn’t expect that Divine General Sha Long would be killed while he was under the influence of Slaughter God Strength! Divine General Sha Feng fell to the ground as he saw that Yi Tianyun was unscathed! He felt that everything was just an illusion and he would be woken up from it soon enough!

Everyone else also felt the same way, especially Nian Ciyu! Everyone didn’t expect that Sha Long would be killed so quickly. After all, everyone could sense how strong he was compared to the other people. This was really confusing for everyone!

“Now, it’s your turn!” Yi Tianyun said as he turned his attention to Divine General Sha Feng. The looks of unspeakable evil on his face was truly fascinating as it was the effect of the Evil Demon God Suit!

Divine General Sha Feng was trembling and he hastily ran towards the door of Slaughter God Tower! He surely didn’t want to linger around anymore as he didn’t want to die just yet! If his boss was killed so easily, there was no way he’d stand a chance by himself!

Meanwhile, Yi Tianyun just waited for Sha Feng to open the door. He didn't stop Sha Feng as he knew that opening the Slaughter God Tower's door himself would be troublesome. Everyone else also realised the situation and let Sha Feng run towards the door!

Sha Feng did something to the door and it immediately opened! Sha Feng then took out a Jade Pendant and smashed it to the ground before turning his attention to Yi Tianyun once again. "You are dead, you hear me? people will harvest your bones in the future!" Sha Feng shouted crazily.

"I am looking forward to it!" Yi Tianyun said as he suddenly teleported behind Sha Feng. He then pierced Sha Feng with his Sky Dawn Divine Spear, fatally injuring Sha Feng with barely any effort. Everyone was creeped out by Yi Tianyun's power as it was truly something scary!

Yi Tianyun easily killed a Heaven Monarch cultivator alone despite only being at the Earth Monarch level!

"Our master will avenge us!" Divine General Sha Feng said bravely. Divine General Sha Feng wasn't afraid of death! The only reason he rushed out of Slaughter God Tower was to send a report towards his master as he couldn't do so inside the Slaughter God Tower.

"I will welcome him anytime!" Yi Tianyun said with a smile on his face.

Everyone was still creeped out of Yi Tianyun's attitude as his smile seemed so sinister.

After he couldn't talk anymore, Divine General Sha Feng turned into a blood mist as he couldn't regenerate the body he was in anymore. It was impossible to regenerate the body he got through the Body Possession technique if he was outside of Slaughter God Tower!

The Slaughter God Tower was built for the Divine General and it was the perfect place for them to take over a cultivator's body of their own choice. It also provided the best tools to help them survive in the worst case scenario! But once they got outside, the protection that the Slaughter God Tower provided no longer worked.

'DING!'

‘Successfully killed Divine General Sha Feng!’

‘Reward: 307 trillion Exp, 18 million CPs, 1 million SPs, Slaughter God Secret Art, Slaughter God Great Array, Slaughter God Giant Sword, Slaughter God Necklace, Slaughter God Soul.’

‘DING!’

‘Successfully killed an elite enemy!’

‘Reward: 50 billion Exp, 2 million CPs, 5 million Mastery Points, 1x God Domain Lottery ticket.’

The rewards he got for killing these Slaughter God Divine Generals was basically the same except for the weapons and equipment he got, but it wasn’t something that Yi Tianyun cared about as he only cared about the Exp and CPs.

Yi Tianyun already knew that he would get more rewards if he killed a stronger cultivator, and thus he knew that it wouldn’t matter what item he got at this point. Now, he was close to level up to 4th Layer Earth Monarch stage!

He turned his attention towards the Slaughter God Tower’s door and everyone was startled as they were still terrified by Yi Tianyun’s power, but three Heaven Monarch cultivators leaped out in front of Yi Tianyun.

“I am a Heaven Monarch of Giant Rock God Territory and I am really grateful for what you did! Giant Rock God Territory always welcomes you anytime.” One of the cultivator said respectfully.

“I am a Heaven Monarch of Giant Hawk God Territory, and I’m also grateful for your help!” Another cultivator said respectfully. Then one by one cultivators began to express their gratitude to Yi Tianyun as they were mainly afraid that Yi Tianyun would find them irritating! They sure didn’t want to make an enemy out of him now that they’ve already seen that Yi Tianyun could kill a Heaven Monarch cultivator with ease!

Chapter 943

Yi Tianyun suddenly disappeared from his spot, surprising the Heaven Monarch cultivators that looks at him before suddenly reappeared once again at the tower, killing the cultivators with cultivation deviation that have been summoned by Sha Long earlier.

Yi Tianyun surely didn't want to waste the Exp Cards that he had used earlier. The Heaven Monarch that realized what Yi Tianyun was doing was relieved almost instantly as they realized that Yi Tianyun wouldn't attack them.

They were scared that Yi Tianyun would pay them back for their rude and condescending attitude before, but it seemed Yi Tianyun didn't really care about it.

In truth, Yi Tianyun wanted to kill these people too as he thought that they would yield a good amount of Exp, but after observing them with his Appraisal Eye, he realised that he would receive some sort of punishment from killing an innocent person. Yi Tianyun realised that he ought to have a good reason for killing people. Otherwise, the system would just give him punishment instead of rewards.

"Now, can you help me destroy this Slaughter God Tower?" Yi Tianyun looked at the Heaven Monarch cultivators indifferently. "Let us join hands together to destroy this tower that already harmed so many people!" Yi Tianyun said solemnly.

The Heaven Monarch cultivators all nodded their head as they agreed with Yi Tianyun. They could no longer tolerate the existence of the Slaughter God Tower that deceived them this whole time! They would never thought that they were being used in a huge conspiracy to resurrect the Slaughter God Divine General!

The Heaven Monarch cultivators then disperse to all corners around the tower to destroy the Slaughter God Tower's Great Array. Destroying the tower would be difficult, but with this many people, the tower would be destroyed without so much difficulty.

Yi Tianyun then walked towards Nian Ciyu and saw that Nian Ciyu was staring at him, surprised by what Yi Tianyun just did.

“What’s wrong?” Yi Tianyun asked as he reverted back to normal, putting away the Evil Demon God Suit he equipped earlier. Even though he returned to normal, he still wore the mask that Nian Ciyu gave earlier so that no one would recognize his real identity.

“Are you really an Earth Monarch cultivator?” Nian Ciyu asked.

“Do you want to check my cultivation level closely?” Yi Tianyun said as he motioned for her to check his body. The most accurate way to check one’s cultivation level was to touch their body and feel the energy inside their body.

Nian Ciyu didn’t even hesitate as she held Yi Tianyun’s arm and began exploring Yi Tianyun’s inner energy, but no matter how hard she tried, the inner energy in Yi Tianyun’s body stated that he was only at 3rd Layer Earth Monarch level!

“You are really at 3rd Layer Earth Monarch level! My god! But you’re just at the Star Monarch peak a while ago!” Nian Ciyu said with shock on her face, but nevertheless, the rate of Yi Tianyun’s growth itself was extraordinary in itself as she knew that Yi Tianyun was a Star Monarch cultivator before they got here!

“Well, this is a secret!” Yi Tianyun said with a smile on his face.

Nian Ciyu couldn’t believe it! She was overwhelmed by the speed of Yi Tianyun’s growth. Furthermore, Yi Tianyun easily defeated a Heaven Monarch cultivator easily while he was only an Earth Monarch cultivator!

“What power do you have? How could you overpower those Heaven Monarch cultivators? You would win the God Domain’s War of ascension spectacularly with your power!” Nian Ciyu said excitedly.

With the God Domain’s War of Ascension restricted for Heaven Monarch and below, Yi Tianyun would surely dominate as he could easily kill a Heaven Monarch cultivator!

“That’s probably true, but you have to keep this a secret, Elder Nian!” Yi Tianyun said with a smile on his face. It was best to keep something like this a secret so that no one knew about his true strength, and therefore will not worry about his existence.

Nian Ciyu just nodded her head as she understood what Yi Tianyun was thinking. "But remember! I don't care how strong your power is, if it hurts your body, you have to stop using it!" Nian Ciyu said solemnly. She knew that some form of cultivation enhancement would have a negative effect on the user's body and she thought Yi Tianyun was using something of that nature!

A seemingly genius cultivator might have a dark secret.

Using something like an accelerated cultivation technique could destroy a cultivator cultivation if it were not taken seriously.

Nian Ciyu feared that Yi Tianyun could be this type of cultivator that were overconfident about his own way of cultivation without thinking about the impact it would bring to his body.

"I understand what you are saying, Elder Nian! Please, trust me!" Yi Tianyun said without explaining much.

Yi Tianyun and Nian Ciyu turned their attention back to the Slaughter God Tower. They noticed that the murderous aura in the tower has gradually dissipated. It would be easy to damage the tower right now as it already lost so much of its protection.

Yi Tianyun then began to look for the Array Core to destroy it completely.

"Are you a God Rune Master too?" Nian Ciyu asked as she saw Yi Tianyun walked towards the Array Core.

"Yes. My cultivation is mainly pointed towards a God Rune Master, is there a problem? Elder Nian, aren't you also a God Rune Master?" Yi Tianyun said with a smile on his face.

"That is true!" Nian Ciyu said with a complicated look on her face. She was indeed a God Rune Master, but she was still at 1st Grade God Rune Master and she knew that the tower wasn't vulnerable at all!

But if Yi Tianyun was truly able to break the Array Core, she had to admit that she had lost to an Earth Monarch!

Chapter 944

With Yi Tianyun's leadership, all cultivators were busy destroying the Slaughter God Tower's Array Core! Since most of them wasn't a God Rune Master, it was harder to destroy it!

"Now, the last one!" Yi Tianyun said as he stood in front of the last Array Core. Slaughter God Tower had many Array Cores that served as both protection and power generator for the tower. Everyone did their best to destroy the Array Cores that sweats were dripping from their foreheads. They didn't care about the Slaughter God anger anymore as they feared Yi Tianyun more.

With the destruction of the last Array Core, the entire Slaughter God Tower shook and eventually collapsed. Once the entire tower collapsed, a thick murderous aura was emitted from below the tower!

The cultivators immediately stepped aside as they didn't want to come close to the murderous aura, but once it dissipated, they immediately checked the pit where the tower once stood.

They were all shocked as they saw countless corpses, rotten and fresh!

"Corpses?" Yi Tianyun said as he looked down to the pit. But it didn't really surprise him as he knows that the murderous aura came from something like this. Without this mountain pile of corpses, there was no way the Slaughter God Tower could generate so much murderous aura.

This was also the reason why the Slaughter God Divine Generals attracted people to come here. It was for generating the murderous aura and taking over their body with Body Possession. Nevertheless, Yi Tianyun didn't know how many people had died here, but it would be best to say that most of them were Star Monarch.

The Slaughter God only welcomed cultivator with Star Monarch cultivation base after all.

"Burn to ashes!" Yi Tianyun said coldly as he threw his flames to the pile of corpses and burned them down completely. The other cultivators were creeped out by the entire situation. They knew that many

cultivators died inside Slaughter God Tower, but they didn't know that those cultivators were being collected and used to generate murderous aura like this.

"If Slaughter God knew what happened here, I guess he would chase me down!" Yi Tianyun said as he looked at the burned bodies. The Slaughter God must have worked hard to build this tower to preserve his Divine Generals, but now it was razed to the ground!

"He would surely want you dead!" Nian Ciyu said with a smile on her face. "Slaughter God Tower has existed for so many years, and many people wanted to compete with it, but none wanted it destroyed! Now, you've just accomplished something that others couldn't even imagine doing. Nevertheless, it was for a good cause." Nian Ciyu said confidently.

She didn't like that the Slaughter God Tower attract people for Body Possession too, she thought that it was the worst thing that could happen to a cultivator.

"Well, if he really wants to hunt me down, I am not scared! Besides, how would he identify us later?" Yi Tianyun said as he pointed to his face that wasn't his real one. Everyone here wore a mask to conceal their identity, so it would be hard to recognise them later.

"You can say that's the real purpose of wearing this mask!" Nian Ciyu said casually. "The name Slaughter God doesn't really bode well for anyone, and thus, for safety precaution, everyone started to come here with a face mask to hide their identity." Nian Ciyu explained.

"That is certainly a wise decision." Yi Tianyun said with a smile on his face. He no longer cared about the Slaughter God Divine Generals as they had nothing to do with him anymore.

'DING!'

'Successfully completed a Side Quest [Kill Slaughter God Divine Generals and Destroy the Slaughter God Tower!]

'Reward: 100 billion Exp, 5 million CPs, 5 million Mastery Points, 5 million SPs.'

His side quest was immediately completed as he already finished what it entailed, but it wasn't enough to level him up anymore.

'DING!'

'A Special God Domain Quest! [Kill the Slaughter God!]

'Reward on completion: 1 trillion Exp, 100 million CPs, 50 million Mastery Points, 50 million SPs, 3.000 Prestige Points, Special Title [Slaughter God!]

Warning: Completing the Quest would change the direction of influence in God Domain's territory!

A Special Quest suddenly popped up! Yi Tianyun was excited, but now he had to search for the Slaughter God, too! But still, he had a choice to ignore it completely, too.

"Well, I will kill this Slaughter God if I encounter him someday!" Yi Tianyun said confidently as he already made up his mind that he would accept the quest!

For now, he didn't know where the Slaughter God was, so he couldn't immediately finish the quest. The reward was tempting, so Yi Tianyun knew that the Slaughter God ought to be a force to be reckoned with! It was probably wise not to provoke this Slaughter God right now!

It might be best for Yi Tianyun to think about the God Domain's War of Ascension first and join the 2nd Grade God Domain instead of staying on the 1st Grade God Domain.

"Thank you very much for your help, friend! If there is nothing else we should do here, we shall take our leave." A Heaven Monarch cultivator said to Yi Tianyun. He wanted to see what Yi Tianyun had to say and his attitude towards any of them. It would be the worst if Yi Tianyun decided to attack them when they were about to leave later.

"That's alright, you are free to leave! I am not a murderer, I will not randomly kill anyone on a whim!" Yi Tianyun said indifferently.

“Alright, if you have time later, we will welcome you to our God Domain!” The Heaven Monarch cultivator said with a smile on his face before bidding their farewell to Yi Tianyun and left, still looking back towards Yi Tianyun for time to time as they saw Yi Tianyun as the Slaughter God himself!

Chapter 945

“That man is so strong! He would definitely participate on the God Domain’s War of Ascension!” A cultivator said as they walked away from Yi Tianyun.

“That is for sure! He could even kill a Heaven Monarch so easily!” Another cultivation said confidently.

“He is a God Rune Master too! He could even found the Array Core of that tower and destroy it himself!” another cultivator chime in.

“Yeah, if he participates in the God Domain’s War of Ascension, we can say goodbye to become number 1!” Another cultivator said with a frown on his face.

They all left while talking about Yi Tianyun and how powerful he was. Although they suffered heavy losses right now as they were deceived by the Slaughter God Tower, they were thankful that they could survive.

They also speculated about which God Domain Yi Tianyun might come from, but none of them even thought that Yi Tianyun come from Heavenly Edict Divine Territory!

“It seems they are scared of you.” Nian Ciyu said with a smile on her face.

“No way, they are brave men, they know I am not going to kill them.” Yi Tianyun said with a shrug.

“Well, we should go back now! The Slaughter God Tower was already destroyed! That place was an excellent cultivation place for the 1st Grade God Domain, but I feel better now after knowing that it was a pathetic place for those dirty bastards!” Nian Ciyu said as she shook her head.

“That’s true, but I think we better leave soon. Someone may come and investigate this place soon.” Yi Tianyun said as he glanced around, looking for someone that might be hiding.

“You are right, we can’t endanger Heavenly Edict Divine Territory, at least not right now!” Nian Ciyu said as she took out her Spirit Ship and took Yi Tianyun away from the Slaughter God Territory.

Soon, those who came to the Slaughter God Territory didn’t were reluctant to get close as they felt something bad happened there. A few days later, a void was torn in the middle of the Slaughter God Territory where the Slaughter God Tower used to stand. A murderous aura enveloped the entire area and a figure walked to the middle of it.

“Slaughter God Tower has been destroyed and seven of the Divine Generals died?” The man frowned with a sad look on his eyes. He waved his hand and a ray of light enveloped the area.

The light projected the battle that took place in that area previously in details, giving the man all the information about the how Slaughter God Tower and the Divine Generals met their doom.

“Giant Rock Race, Giant Eagle Race, ...” the man’s eyes flashed red as he was angered by the information he got. He also saw Yi Tianyun easily kill the Divine Generals and pinpointed where the Tower’s Array Core.

“This boy’s power is quite something. His speed and explosive power is amazing, what’s a boy like him doing in a 1st Grade God Domain? But it is strange, I can’t see any distinctive features that indicates his race. Is he from Heavenly Ancient Clan?” The man began to wonder as he couldn’t seem to identify Yi Tianyun.

At the same time, two Spirit Ships suddenly landed on the territory, disturbing the man’s thought.

“What happened here? How did the Slaughter God Tower collapse?” The cultivator who walked out of the Spirit Ship said out loud as he couldn’t believe the scene in front of him. In fact, everyone else who disembarked from the two Spirit Ships was surprised as well. They couldn’t believe that the Slaughter God Tower had collapsed.

But suddenly, the cultivators stopped as the cultivator at the forefront rose his hand. “Stop! Don’t come any closer! That guy there has a scary aura! He might be a cultivator with cultivation deviation!” the man at the front said warily.

“It is already too late for you when you see me!” The man from inside the murderous aura said as he suddenly reappeared behind the cultivators who came from the ships.

A red flash blinded everyone and everything around the man, including the two Lower Grade Rebirth Level Spirit Ships was turned to dust!

“What a waste! Their elders must have spent so much to nurture them, but now they are all dead! I don’t know who that boy might be, but I definitely have to find him!” The man said coldly before disappearing with another red flash.

Meanwhile, Yi Tianyun and Nian Ciyu didn’t know about the situation at Slaughter God Territory. It was fortunate that they had left the territory quickly. Otherwise, they would be swept away by the mysterious man.

Yi Tianyun and Nian Ciyu returned to Heavenly Edict Divine Territory safely, and Nian Ciyu herself was satisfied by the result of this trip. She was confident that Yi Tianyun would swept the God Domain’s War of Ascension!

“There is still a few years before the God Domain’s War of Ascension. I don’t know how you would cultivate from now on, but it is better to strengthen your cultivation as much as you can. If you need anything, feel free to contact me and I will do everything in my power to assist you!” Nian Ciyu said with an excited smile on her face. She believed that Yi Tianyun would bring honor to Heavenly Edict Divine Territory.

“If you insist, can you arrange some dangerous place for me? one with many dangerous demon beasts in lurking if possible.” Yi Tianyun asked expectantly. Nian Ciyu looked at Yi Tianyun like she just saw a nerd! Yi Tianyun’s existence was inseparable with killing that it was absurd!

“Do you only rely on battle to improve your cultivation level?” Nian Ciyu asked curiously.

“Elder Nian, didn’t I already explain it before?” Yi Tianyun said helplessly.

“Well, I did see how absurdly fast you breakthrough earlier, and I had to admit that it is surely quick! But, the place that resembles your description is really dangerous! Even a Heaven Monarch cultivator wouldn’t go there without a proper reason.” Nian Ciyu explained with a frown on her face. “That being said, I think I have a place that should be perfect for you, but I have to talk to Territory Lord first regarding sending you to that place.” Nian Ciyu said with a nod.

“Alright!” Yi Tianyun agreed as he really wanted a good place to cultivate. He was in a good spot now in terms of cultivation level, but it was still not enough to achieve his goal! The God Domain’s War of Ascension would be tough for sure as it was the gathering spot of the 1st Grade God Domain’s genius!

Nian Ciyu already said that Yi Tianyun would do well in the God Domain’s War of Ascension, but she didn’t say anything about him being the top cultivator there, meaning that Yi Tianyun’s power was not cut out to make it to the top just yet!

Chapter 946

Yi Tianyun stayed in his room for a while before Nian Ciyu came, knocking on his door excitedly.

“It has been approved, you’ve got to prepare in a few days for your trip! I will take you to the Core Area of Heavenly Oracle God Realm!” Nian Ciyu said excitedly.

“Core area of Heavenly Oracle God Realm?” Yi Tianyun asked curiously.

“Yes, it is the innermost area, where only outstanding and powerful cultivators are allowed to enter. We made an exception for now and grant you permission to enter that place!” Nian Ciyu said excitedly.

“Did you tell the Territory Lord about what I did in the tower earlier?” Yi Tianyun asked.

“Well, I had to! Otherwise, it would be impossible to get to take you to a place as dangerous as Heavenly Oracle God Realm Core Area.” Nian Ciyu said with a smile on her face.

Yi Tianyun just nodded as it was within his expectation. He already knew that the Territory Lord wouldn’t let him go somewhere too dangerous if he didn’t demonstrate what he was capable of first. Furthermore, the God Domain operated based on contribution and without it, he couldn’t open some door.

“The Territory Lord was excited knowing that you could defeat a Heaven Monarch already. With your quick breakthrough, Territory Lord gave us permission to go to the dangerous place, but you have to build your strength even faster before the War of Ascension!” Nian Ciyu said solemnly.

“It won’t be a problem!” Yi Tianyun said as he smiled at Nian Ciyu.

“Well, glad to hear that! Let’s surprise the Territory Lord once we return!” Nian Ciyu said excitedly. Yi Tianyun just smiled as he didn’t expect Nian Ciyu to have this childish side on her.

“I take it you have high expectation on me, Elder Nian?” Yi Tianyun said playfully.

“Of course! We would go to Heavenly Oracle God Realm! Even if that place is glamorous, it was in a state of decline over the years. Therefore, we have to return with many resources, so we at the very least could secure the top ten spot!” Nian Ciyu said determinedly. “We have to be cautious too, as there are other God Domains that wish to devour us out there. It is also the reason why we have to make sure that our God Domain won’t grow weaker!” Nian Ciyu said solemnly.

Yi Tianyun knew that Nian Ciyu wasn’t joking at all! Now he knew why the Elders were trying hard to cultivate their disciples. There were definitely many cultivation genius who would prove to be a challenge for Yi Tianyun in his current strength in the God Domain’s War of Ascension.

But Yi Tianyun was convinced that he would get stronger Martial Arts and weapons if he won! The strongest martial arts that he could think of was that of the Reincarnation Stage. The same could be said for weapons and Yi Tianyun had never learned anything higher than that.

Nevertheless, he ought to get a good result on God Domain’s War of Ascension.

“If I join the War of Ascension in my current state, how far can I go?” Yi Tianyun asked curiously.

“You have a good chance to place in the top ten right now, but it’s undeniable that there are strong cultivators out there, too! Furthermore, there is a powerful God Domain that has many advantages that we don’t have!” Nian Ciyu said solemnly.

“To make it easier to understand, a powerful God Domain has advantages in terms of resources and racial power! Some of them even have natural advantages too! They might save a trump card that they can use in a pinch to make sure that they secured their spot in the top ten!” Nian Ciyu Explained.

“Keep in mind that it’s easy for these cultivators to crush a strong cultivator like yourself and that is why you have to build up more strength and remain vigilant at all time.” Nian Ciyu adds. “Well, for now you will have to start cultivating yourself inside the Heavenly Oracle God Realm Core Area and I will protect you in there.” Nian Ciyu assured.

Yi Tianyun just nodded as he understood everything that Nian Ciyu has just said. He ought to raise his cultivation to the peak of Earth Monarch stage to make sure that he got the best result on the War of Ascension. He could get to Heaven Monarch, too as he could bypass the 8th Layer Earth Monarch and jump straight to Heaven Monarch stage, but he didn’t want to do that as he knew that it wasn’t as good as getting to Heaven Monarch the normal way.

By bypassing his way to Heaven Monarch, his cultivation would be still below the average Heaven Monarch and that was not a good thing for sure.

Yi Tianyun knew that he had to endure the harshness of Earth Monarch stage! This was the best way to become more powerful!

Yi Tianyun knew that most cultivators failed to breakthrough to Heaven Monarch stage as they couldn’t withstand the brutal cultivation that awaited them, but once they breakthrough to Heaven Monarch the normal way, they would realise how far stronger they were compared to the other cultivators who took the shortcut!

Still, the success rate of a cultivator to breakthrough to Heaven Monarch stage by a normal way was terribly low!

Nevertheless, Yi Tianyun was confident in his own ability! He would for sure get to Earth Monarch Peak Stage and breakthrough to Heaven Monarch!

“I have to Breakthrough to the 4th Layer Earth Monarch Stage!” Yi Tianyun said confidently. He knew the required Exp was unreasonable, but nevertheless, he was ready for the challenge!

Nian Ciyu was worried that Yi Tianyun might force himself to build more strength. If his cultivation foundation was unstable, Yi Tianyun might face various problems in the future.

Chapter 947

Yi Tianyun left to rest while Nian Ciyu made some preparation as she had to discuss about Yi Tianyun's need with the Territory Lord. Nian Ciyu herself wanted Yi Tianyun to take some time to rest while she was out preparing everything Yi Tianyun might need on his journey.

"It seems the only thing left for me is to wait!" Yi Tianyun said as he stayed in his room. He didn't know what Nian Ciyu had in mind, but she believed that the place she had in mind was suitable with Yi Tianyun's style.

But Yi Tianyun didn't want to go to a place like the Slaughter God Tower ever again. Sure, the Slaughter God Tower gave him so much Exp that he levelled up several times, but it was a hassle! It was disgusting to fight against people with Body Possession technique!

But when Yi Tianyun wanted to meditate, someone comes knocking on his door.

"Gu Yurong? Hey, what's up?" Yi Tianyun asked as he opened the door and saw Gu Yurong stood in front of his door, but Gu Yurong seemed so shy for some reason and avoided eye contact with Yi Tianyun.

"Hey, what's the matter?" Yi Tianyun asked with a smile on his face.

"I saw Young Master Yi's friend earlier and it seems he already encountered some difficulties!" Gu Yurong said shyly.

"My friend? Did you mean Lei Zhengyu?" Yi Tianyun asked curiously. Lei Zhengyu is the only one that he would consider a friend after arriving at God Domain!

"Yes, it seems Young Master Lei is about to get in a fight people on the Flower Filled Star! I am afraid that he would die if the battle continued." Gu Yurong worriedly.

“A big fight?” Yi Tianyun said as he frowned. He knew that Lei Zhengyu was a relatively level-headed person that would keep a low profile, but he was caught in a fight? So, he believed that someone must be picking a fight with him!

“Yes, it seems he was confronted by a cultivator who looked down on Human Race and he already received several serious injury throughout the time he was here.” Gu Yurong explained.

“I knew it!” Yi Tianyun said coldly. He knew that Lei Zhengyu wouldn’t bother making trouble himself, he was just roped in to one! “Thank you very much, I will take my leave now.” Yi Tianyun said as he laughed.

Yi Tianyun immediately rushed towards the Flower Filled Star as he knew that he couldn’t let Lei Zhengyu die unnecessarily.

“Young master, I will come with you!” Gu Yurong said as he followed Yi Tianyun closely behind. She wants to help Yi Tianyun if it came down to a fight later.

Nevertheless, Yi Tianyun quickly traveled with the Teleportation Array provided here in the capital. The capital was a special plane in Heavenly Edict Divine Territory as it provided access to every planet with its Teleportation Array.

Now, Yi Tianyun’s destination, the Flower Filled Star was a special planet that was used as an entertainment site with various entertainment facilities. For example, brothel, restaurants, bars, duel stage, and many other forms of entertainment.

But there was one major problem in this place’s duel stage, a cultivator’s life didn’t really matter as it was irrelevant for the residents there. Fortunately, one could surrender and the opponent wasn’t allowed to kill them anymore.

When Yi Tianyun arrived at the planet, the scent of a strong wine immediately penetrated his nostril. He saw so many luxurious restaurant and so many entertainment joints that it would be easy to spend all his money in here.

“Hey, young master, do you want to come over and keep us company for a while?” The woman with a silk scarf said as she walked towards Yi Tianyun. Her sweet fragrance immediately entered Yi Tianyun’s nose as soon as she came close.

This woman who tried to charm Yi Tianyun was also a cultivator, but her cultivation was so low that she resorted to join the brothel to earn her living. It wasn’t a bad thing to do in the God Domain as there was a demand for it.

But Yi Tianyun wasn’t interested with this kind of thing. He already had a wife who waited for him back on the Mortal Domain and he came here with a mission!

Yi Tianyun ignored the woman and walked towards the supposed duel stage. He saw that the place has so many duel stage, but one duel stage in particular was very lively as it was full of people cheering and booing.

“Kill that brat! Kill that Human! Show him who is the boss here!” A voice was heard from among the crowd. In fact, so many words were heard from the crowd, but none of them supported Lei Zhengyu.

Yi Tianyun approached the duel stage and saw the familiar figure of Lei Zhengyu who was fighting a cultivator in the arena. It was obvious that Lei Zhengyu was losing this fight. The main reason for that was the amount of injury on Lei Zhengyu’s body, while the other party wasn’t injured at all. It was clear that Lei Zhengyu was already exhausted too.

Yi Tianyun looked around and noticed that there were human race supporters in the crowd, but their support was drowned by the opposing supporters.

“What happened here?” Yi Tianyun asked one of the cultivators from the Human Race who observed the fight.

“That boy is fighting another cultivator to clear a cultivator’s reputation! I heard that cultivator is called Yi Tianyun from Human Race.” The cultivator said helplessly.

“He was defending another cultivator?” Yi Tianyun said as he was surprised by the reason of the fight.

“Yes, some cultivator said that Yi Tianyun guy used some sort of connections and dirty tricks to receive many profit from the elders. But I think they are just jealous of Yi Tianyun’s achievement as they refuse to believe it’s possible for a Human to achieve such a thing.” The cultivator said with a frown on his face.

“Then, Lei Zhengyu over there overheard the conversation and demanded to take such remark back. The argument started there and then it escalated into a fight.” The cultivator said with a sigh.

As Yi Tianyun listened to the cultivator’s explanation, he got more and more irritated.

Chapter 948

Lei Zhengyu screamed from the stage, and his body immediately flashed like thunder before he slammed his opponent fiercely. With this attack, Lei Zhengyu took the upper hand in this fight, immobilising his opponent.

As Lei Zhengyu was ready to finish off his opponent, his opponent immediately shouted. “I surrender! I admit my defeat!” He said fearfully.

The referee immediately stood up and stopped the fight.

“Now, apologize to my friend!” Lei Zhengyu coldly said as he coughed up a lot of blood. It was the blowback of using the power he displayed earlier. It seemed Lei Zhengyu was really in bad shape as the opponent kept coming, but he couldn’t surrender.

“Why would we do that? You still haven’t fought all of us yet!” another opponent entered the stage, and it was clear that there was a long line behind him. Lei Zhengyu sighed as he couldn’t surrender from the fight while the enemy easily surrendered after being cornered.

“Come on then! After I beat you all, you will have to admit you are wrong!” Lei Zhengyu coldly said as he stood in the middle of the ring. However, it was clear that he was exhausted and tattered.

“I didn’t expect that brat to be so strong!” some cultivators murmured as they watched Lei Zhengyu’s fight. Even Lei Zhengyu’s opponents themselves were also shocked by Lei Zhengyu’s determination, but they wouldn’t admit defeat!

“Look for his weakness. There’s no need to finish him off quickly, just take it slow and wear him down even further!” Lei Zhengyu’s enemies shouted with a smirk on their faces. Their cultivation was lower than Lei Zhengyu, and thus they couldn’t easily defeat him.

Yi Tianyun observed the situation all around and walked towards another Human Race with decent cultivation. “Are you not going to help him?” Yi Tianyun asked the man.

“Help him? we are no match against those people! Even if we somehow defeat them, they will just bring stronger cultivators next time.” The man said with a horrified look on his face. That was also the case with any other cultivator. They shook their head as they didn’t want to be involved with Lei Zhengyu.

If they helped Lei Zhengyu in any way, they would be dead at the end of the day.

“I feel bad for that guy! We don’t have any chance to save him as the opposing side is much stronger than a minority like us! It is better to leave Heavenly Edict Divine Territory than dying here in those people’s hand.” The man said with a sad look on his face.

These people shook their heads as they knew that as long as there was no influential human in a God Domain, then the Human Race would never see any difference. They would be constantly oppressed by other races.

“If someone leads you to fight them, will you join that fight?” Yi Tianyun asked curiously.

“I guess not, we just don’t stand a chance!” The man said sadly.

“Yeah, that’s right. We shouldn’t do anything in vain.” Another Human Race cultivator said.

“Little brother, your idea is great, but the reality is cruel!” Another cultivator said while shaking his head. They seemed to have lost hope that the Human Race would rise someday. Yi Tianyun saw despair in their eyes, devoid of hope!

“No wonder the Human Race is always being oppressed by other races, you guys don’t even have the will to fight at all. If I always choose an easy path, I will end up like you guys!” Yi Tianyun said as he leaped into the stage.

Yi Tianyun then tapped Lei Zhengyu’s shoulder. Lei Zhengyu immediately turned around and looked over where he saw Yi Tianyun.

“Little brother Yi!” Lei Zhengyu said happily.

“Change of players!” Yi Tianyun said as he gave medicinal pills to Lei Zhengyu. “Take these pills and recover, I will play with them for a while.” Yi Tianyun said with a smile on his face.

Lei Zhengyu stuffed the medicinal pills into his mouth while smiling. “Alright! I won’t let them drag our dignity through the mud!” Lei Zhengyu said as he stepped away from the stage.

“Who are you? What are you doing here?” a cultivator said from the opposing side. “Do you think you Humans will stand a chance just because you group?” he said coldly.

“Well, I am sure I can, what about it?” Yi Tianyun said indifferently.

Are you sure you will help him out?” the cultivator said scornfully.

“Why do you care?” Yi Tianyun asked indifferently. Yi Tianyun’s indifferent attitude really confused them, and they looked at each other for confirmation.

“We are just encouraging you to step down so we won’t be labelled as a bully!” the opposite said with a smirk on their face.

“Aren’t you already a bully? Well, it’s faster like this anyway. I will give you a chance to bully me, but I will do the same to you, understand?” Yi Tianyun said cockily. The cultivators who heard Yi Tianyun’s words were in shock after hearing it. This was the first time that a human sounded this cocky!

The opposing side didn't seem pleased by Yi Tianyun's words and was ready to attack him all at once!

"You all don't have to do anything, I will take care of this one!" A young man suddenly hopped onto the stage, and his cultivation level was similar to Yi Tianyun, which is the 2nd Layer Earth Monarch level.

Yi Tianyun released so little aura that everyone guessed his cultivation wrong.

"Well, if you don't want to be labelled as a bully, why would you still continue this farce? If you want to attack me, I am very much obliged. I will take care of all of you one by one, or at the same time, whichever one is fine." Yi Tianyun said casually.

"I know why you all keep bullying a weak Human Race, it is to hide your own incompetence! You hide your inferiority by bullying those who are weaker than you so that you can feel some sort of power and control. Am I right?" Yi Tianyun said with a cocky smirk on his face.

The opposite party was incredibly shocked to hear Yi Tianyun's words, and they even felt degraded by it. Yi Tianyun had humiliated them, and thus they had to take action!

Chapter 949

This was a common problem here on the Cultivation World as the loser of a duel had to apologize for the mistake they made, but if it turned into a round duel, the one with smaller number would be in massive disadvantage and it was exactly what happened to Lei Zhengyu.

"Winner takes all, is there anything else you want to say to this? Or do we step into the battlefield right away?" the cultivators standing across Yi Tianyun said coldly. They still didn't think that what they were doing was wrong.

"Winner takes all, huh? That is completely right in my alley!" Yi Tianyun said coldly. "Now, would you attack me all at once or one by one? Not that it matters." Yi Tianyun said casually.

"Bullshit! Me alone would be enough to deal with you!" The Earth Monarch cultivator said disgruntledly. "Come on! Let us dance for a while! I will show you that Human Race should be minding your own business in the corner, away from any other race!" The cultivator said coldly.

As the referee initiated the battle, Yi Tianyun flashed towards a cultivator and immediately kicked the cultivator to the ground, planting his body to the ground! Fortunately for this cultivator, Yi Tianyun didn't have any intention to kill him just yet.

All cultivators who watched the battle felt horrified as they saw the mangled look of Yi Tianyun's opponent.

Yi Tianyun thought that killing this cultivator was too easy, and thus he wanted all of these cultivators who watched the battle to know that he wasn't a pushover. But still, the cultivator that he kicked earlier wouldn't have the same future in the cultivation world as no matter how much Medicinal Pills he got, he wouldn't be able to get back his power after this.

"Next!" Yi Tianyun said as he looked at the group where his opponent belonged. "You know that you can just come at me all at once! That way it would be faster to take care of you all!" Yi Tianyun said casually.

Everyone remained silent as they didn't expect Yi Tianyun to be overly powerful like this. He easily defeated a 2nd Layer Earth Monarch cultivator with such ease that he didn't even break a sweat. Many people still thought that Yi Tianyun was using some kind of dirty trick to win against the cultivator earlier, but certainly, Yi Tianyun saw there was no need to correct them.

"He is too powerful! I didn't see him in a while, but he already reached a new height!" Lei Zhengyu said as he was mesmerized by Yi Tianyun's power. Lei Zhengyu's excitement was confusing for the rest of the watchers as they were still not sure that Yi Tianyun would win the entire battle.

Lei Zhengyu couldn't sense any excitement from the Human Race spectators, and it was disappointing as well as frustrating. It seemed these people just gave up on rooting for a Human!

"Come on, anyone else wants to challenge me? didn't you enjoy wearing your opponent out with repetitive duel? Or did you already lose your spirit, seeing that no one wants to be end up like that guy?" Yi Tianyun said cockily while pointing his fingers at the Earth Monarch cultivator that he planted down to the ground earlier.

"I will end you!" at this time, a 3rd Layer Earth Monarch jumped towards the stage and glared at Yi Tianyun. "I will avenge my brother!" The cultivator said as it seemed he was the brother of the cultivator Yi Tianyun defeated earlier.

Yi Tianyun chuckled and flashed towards the new contender before slamming him down to the ground. His fate was similar to his brother as he lied on the ground unmoving while blood splattered around him. He wasn't dead, but surely, he received a heavy injury!

"Next!" Yi Tianyun said towards the cultivators on the opposite direction. But now, Yi Tianyun could see the horrified look on their faces. Just defeating two Earth Monarch cultivators already instilled the seeds of fear in these cultivators' mind.

"What's wrong? No one dares to fight me anymore? What a bunch of cowards! You dare challenge me by saying winner takes all, but now you are backing away like a bunch of cowards! This is why your race is garbage! How dare you spit on our face!" Yi Tianyun said coldly as he didn't fear them.

"I will go! I will fight you!" A 4th Layer Earth Monarch cultivator said as he pulled out a middle grade Rebirth Level weapon and jumped to the stage. He was just getting ready to fight, but Yi Tianyun already flashed forward and slammed him down to the ground, similar to the other two.

"Next!" Yi Tianyun shouted indifferently. At this time, the Human Race cultivators that watched the battle suddenly found their hope once again on Yi Tianyun.

"Hey, next one! What's wrong with you? don't you want to continue playing? What a bunch of trash!" Lei Zhengyu shouted mockingly to the opposing side.

The rest of the Human Race cultivators shouted mockingly to the opposing side as they found confidence that Yi Tianyun would beat them all. Their shouts were so courageous that the cultivators on the opposing side could only bite their lips.

Yi Tianyun just smirked as it seemed he had succeeded driving the rest of the Human Race cultivator on this stars out of their oppression.

“How pathetic!” A handsome young man floated from the side to the stage while holding a fan on his hand.

“It’s Liu Baisheng, the number one genius of the Inner Palace!” a cultivator shouted surprisedly. the Human Race cultivators that shouted earlier were immediately silent once again as they thought that Yi Tianyun’s win streak would be over now.

They knew that Liu Baisheng was really a genius cultivator from the Inner Palace who was currently at the 6th Layer Earth Monarch. There was even a rumour that he was ready to join the Core Palace, which demonstrated his capability as a genius. Some people said that he could reach the 8th Layer Earth Monarch cultivation, which allowed him to take an Elder Quest for an Elder position in the future!

This was why the Human Race cultivators were all silent as they thought that it would be impossible for Yi Tianyun to win this battle.

Chapter 950

Liu Baisheng easily won the crowd with his elegant demeanor. His supporters began to cheer and clap as they were excited by his arrival.

“Senior Brother Liu, that brat made fun of us! Please defeat him!” A cultivator said to Liu Baisheng excitedly.

“Yes, he is too cocky for his own good, he thought that the Human Race could survive in the God Domain!” Another cultivator said coldly. They cheered for Yi Tianyun’s death. On the other hand, Lei Zhengyu and the rest of the Human Race cultivators were silent as they weren’t sure Yi Tianyun would win the next battle.

“We won’t lose to an Inner Palace genius!” Lei Zhengyu shouted confidently. He broke the silent and shouted wholeheartedly that Yi Tianyun was going to win.

“This is Liu Baisheng we are talking about! Not to mention that no Human Race has gotten into the Inner Palace just yet! It was obvious why your race was stepped on inside the God Domain!” A cultivator behind Liu Baisheng said mockingly.

The other cultivators beside him just smirked mockingly at Lei Zhengyu as they felt the same way. Meanwhile, the cultivators beside Lei Zhengyu began to back off out of fear that they would meet a terrible fate by those people's hands.

"How dare you belittle us! I will fight you all and win!" Lei Zhengyu shouted bravely. "I believe that you are also a Mortal Domain's cultivator at some point and you just joined the God Domain a little quicker, that's all!" Lei Zhengyu said confidently.

The Human Race cultivators looked at Lei Zhengyu with a different light. They believed that Lei Zhengyu could really bring a change in the God Domain's system. The cultivators here in the God Domain were all top notch on their respective Mortal Domain and it proved that they could still get better. The only thing blocking their path was their own mentality.

The look in the eyes of the Human Race cultivator were different now. They seemed so determined thanks to Lei Zhengyu's word. They have been oppressed for so many years, but now it was time for them to push back.

"Inner Palace number one genius? Well, that doesn't matter for me. If you want to fight just step forward!" Yi Tianyun said indifferently as he looked at Liu Baisheng.

"Who do you think I am! You Human Race is the most inferior race here on God Domain!" Liu Baisheng said angrily. "It seems I have to drill some manners into your skull so that you'll respect your senior!" He ranted while pointing his fingers to Yi Tianyun.

"Etiquette is for people, not for an animal like you! In my opinion, you are just taking advantage of your own race by showing a little bit of talent. The fact that your side already lost so many times yet refuse to admit that they are wrong just goes to show that you lot don't have any discipline, just like an animal walking inside the slaughter house, they keep coming without apologizing for their mistake!" Yi Tianyun said indifferently.

Yi Tianyun's word hit some nerve as they couldn't refute it. Lei Zhengyu already won so many times before, but they didn't even keep their end of bargain.

"Alright! If you're really confident in your power, let me test it! Let's see how strong you really are!" Liu Baisheng said as he stepped forward, starting the battle. He immediately raised his hand, creating air

walls that surrounded the entire stage. He also created an air pocket around himself as a defensive mechanic that would react to anything the opponent threw.

Liu Baisheng just smirked as he thought that his preparation was complete and there was no way Yi Tianyun would be able to break through his defense! Liu Baisheng took the battle cautiously as he knew that Yi Tianyun already defeated two Earth Monarch cultivators without barely doing anything earlier.

Liu Baisheng's supporter began to scream and shout, showing their support for Liu Baisheng and mocked Yi Tianyun at the same time. They were so confident that Liu Baisheng, the Inner Palace genius wouldn't lose to Yi Tianyun.

The look on the Human Race cultivator's eyes began to change once again, but they weren't as meek as earlier. Some of them still chanted Yi Tianyun's name to show that they wouldn't be oppressed any longer.

"Are you ready? I will give you a chance here, you are free to attack me three times ..." Liu Baisheng didn't get to finish his sentence as a cold flame burst towards him with a terrifying speed. He immediately swept up his fan and swept it forward, the fan was multiplied to a hundred and created a wall to block the incoming flame.

The flame hit the wall of fan and caused a big explosion. A raging flame surged and the hundreds of fan were blown away into dust! Liu Baisheng was also blown away as he was close to the wall of fan that he made earlier, but that was not the end of it! Smoke from the explosion blocked his vision, and thus he failed to notice that Yi Tianyun was attacking him from the smoke and punched him on the chest!

Liu Baisheng, who felt the stinging pain on his chest, immediately took control of his nerves. It was too painful that he couldn't even breathe.

Liu Baisheng fell from the sky and his armor were completely shattered while a big punch mark was imprinted on his chest. With only one punch, the Inner Palace genius was defeated.

"An Inner Palace genius can't even withstand one blow? I never thought that he'd be this weak!" Yi Tianyun said mockingly. He returned his opponent's arrogance right into their face. If they were kind and genuine, than Yi Tianyun would show the same attitude.

Everyone was speechless as they stared at Liu Baisheng on the ground. They even wondered if what they saw just now were all just an illusion. An Inner Palace Genius was defeated with only one punch?

Did Yi Tianyun already reach the Heaven Monarch realm? But everyone was sure that they felt the 3rd Layer Earth Monarch aura from Yi Tianyun earlier, yet how come a 3rd Layer Earth Monarch cultivator defeat a cultivator with higher cultivation than themselves?

“Look at that! Inner Palace number one genius has been defeated!” Lei Zhengyu shouted excitedly.
“Fear not, Yi Tianyun would even defeat the Core Palace number one genius himself if they come here!” Lei Zhengyu said braggingly.

The Human Race cultivators bathed in excitement as the confidence of their own race returned after watching Yi Tianyun’s battle!
