

Leveling 951

Chapter 951

Yi Tianyun emerged victorious, and the rest of the Human Race who saw the scene regained their hope. This proved that Human Race did have potential and didn't deserve to be oppressed because of their bloodline.

"The Inner Palace number one genius is defeated just like that! We have to fight back if they look down on us! We have the chance to win!" One of the Human Race cultivators shouted confidently, and the rest of the Human Race cultivators immediately shouted valiantly.

They found the confidence they once lost, and their fighting spirit emerged, wiping away their fear. They found hope and courage, all thanks to Yi Tianyun. They had never seen such a powerful cultivator like him before, and thus the Human Race cultivator thought that they too had potential if they worked hard!

Yi Tianyun just smiled as he saw the Human Race regain their confidence.

'DING!'

'Successfully reignited more than 100 people's fighting spirit!'

'Reward: 10 billion Exp, 1 million CPs, 1 million Mastery, 500 Moral Value.'

"Another quest completed, interesting!" Yi Tianyun smiled happily. He never really expected to clear a hidden quest right now as he only wanted to raise the morale of the Human Race. Everyone was struggling so hard to raise their cultivation, and wouldn't the three realms have the same kind of problems if it turned into a God Domain later?

"Anyone else wants to fight me?" Yi Tianyun asked coldly to the opposite side.

The cultivators of the opposite side looked at each other with fear in their eyes. They know that they could get killed if they stepped into the stage. Even if they didn't die, they would be forced to recover on the bed for a long time, and nobody wanted that!

“Junior Brother Liu!” A white shadow immediately flashed towards Liu Baisheng and picked him up. They quickly fed a medicinal pill to Liu Baisheng and immediately turned to look at Yu Tianyun. “Are you the one who injured Junior Brother Liu?” They asked coldly.

Yi Tianyun looked at the cultivator and saw that it was a stunning woman with red eyes. She was obviously angry that her junior brother had been turned into a rag doll.

“Great! That is Senior Sister of the Core Palace!” a cultivator from the opposing side was glad to see another strong cultivator from their side.

“Her cultivation seems to have reached the 7th Layer Earth Monarch stage! She is obviously among the best cultivators in the Core Palace! She is a lot stronger than Liu Baisheng! That brat would have no chance to win now!” Another cultivator said with a smirk on their face.

“Yes, Senior Sister Feng Cuiqiu would absolutely win against that brat!” Another cultivator laughed excitedly.

They were confident that the woman would win against Yi Tianyun as her cultivation level and prestige were much higher and way better. In addition, Nian Ciyu also kept an eye on Feng Cuiqiu, and Feng Cuiqiu was confident that she would be recruited to be Nian Ciyu’s Direct Disciple in the future.

Lei Zhengyu’s complexion changed once more. In fact, the rest of the Human Race was also silenced by the woman’s appearance. They knew about how fearsome this woman was, and the fact that Elder Nian already valued her quite highly made things even worse. Even if Yi Tianyun could defeat Feng Cuiqiu, wouldn’t it be a problem if he injured a cultivator that an elder considered worthy?

“Yes, I’m the one you’re looking for, is there any problem with that?” Yi Tianyun said indifferently.

“At least you’re brave enough to admit it yourself! I will reward your bravery by only taking your legs! I will let you live so that you can repent for your sin!” Feng Cuiqiu coldly said as she took Liu Baisheng out of the stage and left him in another cultivator’s care.

“That is a big word for someone who didn’t have any qualification.” Yi Tianyun indifferently said as he assessed Feng Cuiqiu from top to bottom. She already acted all high and mighty even though Nian Ciyu only paid slight attention to her more than the others! It was great that an elder took an interest in her, but it wasn’t something that she should brag about!

“Qualification? You are new here, so you don’t know anything about me! I am Elder Nian’s future Direct Disciple!” Feng Cuiqiu said furiously. “If you want to continue living inside this God Domain, you should lay low and know your place. Otherwise, I will throw you into the depth of the abyss!” Feng Cuiqiu said coldly. She behaved this way because she thought that she was invincible.

“Well, I don’t care what you are to Nian Ciyu! I didn’t think the Core Palace would have such an idiotic cultivator like you! The fact that Nian Ciyu looked at you might amaze some people, but not me!” Yi Tianyun said indifferently.

“How dare you! If that is what you want, then we will have to see how strong you are against me!” Feng Cuiqiu said coldly. She then pulled out a white shackle as her weapon, and it was a Middle-Grade Rebirth Level Weapon! She immediately attacked Yi Tianyun with it, but Yi Tianyun caught it before it could hit him.

The attack of Feng Cuiqiu didn’t stop there as the white shackle immediately froze Yi Tianyun’s arm. This was Feng Cuiqiu’s cultivation. She could incorporate an extreme cold attack into her weapon.

“What an idiot! How dare you grab my weapon with your hand! That hand would soon break down to shards.” Feng Cuiqiu said with a victorious grin on her face.

“It’s only ice!” Yi Tianyun said as a bright flame emerged from his hands and immediately thawed Feng Cuiqiu’s ice. He immediately dragged the White Shackle towards him, pulling Feng Cuiqiu along with it.

She was out of balance because of Yi Tianyun’s monstrous strength, and she was immediately slapped in the face as soon as Yi Tianyun was right in front of her.

“Don’t you ever think I won’t hit a woman!” Yi Tianyun said as he looked at Feng Cuiqiu indifferently.

Feng Cuiqiu was flung to the ground by a single slap. Her beautiful face was swollen, and she even lost some of her teeth! It really looked terrible as the former goddess looked decrepit right now. Yi Tianyun didn't want to cripple Feng Cuiqiu as he still respected Nian Ciyu. If it were someone irrelevant like Liu Baisheng, he wouldn't have to hold back like this.

Everyone who saw the scene was shocked! Yi Tianyun really didn't care about Feng Cuiqiu's status at all! Meanwhile, Lei Zhengyu couldn't help but applaud loudly.

"You are really cool, Little Brother Yi, well done!" Lei Zhengyu said excitedly. The rest of the Human Race was still shocked as they didn't expect Yi Tianyun to be this bold! If Feng Cuiqiu really were Nian Ciyu's future disciple, wouldn't it be equal to disgracing Nian Ciyu herself if Yi Tianyun attacked Feng Cuiqiu like this?

"How dare you hit me?!" Feng Cuiqiu screamed loudly. "Do you know who I am? You ignorant Human! A slave of the God Domain like you are too arrogant for your own good!" Feng Cuiqiu screamed annoyingly.

Yi Tianyun walked toward her and slapped her face once more. "Say it again!" Yi Tianyun said coldly.

"How dare you, Human! I will kill you! All of you Human Race would go extinct!" Feng Cuiqiu said coldly. But before she could say anything else, Yi Tianyun slapped her face once more.

"How dare you, pig!" Feng Cuiqiu shouted once more, and Yi Tianyun slapped her once more.

"Go on. Don't you have something else to say?" Yi Tianyun said as he dragged Feng Cuiqiu back to her own two feet once again. Feng Cuiqiu's face was already disfigured as her face was swollen beyond recognition. She couldn't even speak anymore as her mouth was swollen shut.

"You thought I won't beat a woman? Don't sell yourself short!" Yi Tianyun said as he slapped Feng Cuiqiu on the face once more, flinging her to the ground. Her situation wasn't much different than Liu Baisheng's. It would take her a few years to recover from her injuries!

Killing these people was probably better, but Yi Tianyun thought it would be too kind for them. If he did things this way, at least these people would serve as an example for those who wanted to belittle Human Race! They would be bedridden for a few years at the very least!

“Senior Sister Feng!” A young lady rushed toward Feng Cuiqiu and hugged her. “You are a dead meat! How dare you do this to Senior Sister Feng! She is a cultivator who would participate in the God Domain’s War of Ascension! You would be on the receiving end of Elder Nian Ciyu’s wrath!” the young lady shouted furiously.

At the same time, Lei Zhengyu was worried! If Elder Nian Ciyu were really troubled over this problem, then Yi Tianyun would be in deep trouble.

“It’s over! If Elder Nian looks into this whole problem, it’s all over!” A cultivator said nervously while the other Human Cultivator also voiced the same concern.

“Elder Nian wouldn’t do anything to Little Brother Yi! He is much better than these cultivators, and I believe Elder Nian would make a rational decision and take Little Brother Yi’s side.” Lei Zhengyu said confidently. Although he was worried, he knew that Yi Tianyun would be able to deal with this problem.

“I heard that someone has already reported the situation here to Elder Nian! This brat is as good as gone! He would be thrown into prison and rot in it!” A cultivator from the opposing side said with a smirk on his face. The other cultivators around him also shared the same opinion, confident that Elder Nian would take their side.

This was their nature. They would never acknowledge that a Human Race cultivator could do better than them.

“Stop making things up! Aren’t you people the ones who want to fight me before? Now you want to involve an Elder here? It is obvious that you are just a coward on top of your loss!” Yi Tianyun said indifferently. He didn’t care even if the Territory Lord himself came here as he knew that he wasn’t in the wrong.

But the cultivators on the opposite side were gritting their teeth as they didn’t want to be labelled as cowards and losers. Then again, they knew that there was nothing they could do to stop Yi Tianyun!

“Now, if you want to get this over with, you have to apologize to my friend!” Yi Tianyun said as pointed to Lei Zhengyu. “You already made a promise before, and now, it would be good if you keep your end of the bargain!” Yi Tianyun said indifferently. The cultivators from the opposing side looked at Lei Zhengyu, but they didn’t know what to say. They didn’t want to bow down their head to a Human Race, but they knew that they would be in deep trouble if they didn’t do what Yi Tianyun said!

While they were fretting as they didn’t know what to do, Nian Ciyu finally showed up as she flew over to the stage with a few female disciples beside her. When they saw Nian Ciyu, they all had huge smiles as they thought that Nian Ciyu was there for them.

“Elder Nian! That brat injures Senior Sister Feng severely!” The female cultivator beside Nian Ciyu pointed towards Yi Tianyun.

“What nonsense! They are the ones who picked up the fight and insulted Little Brother Yi!” Lei Zhengyu shouted without any hesitation.

“Yes, we all can testify, Elder Nian! They are the ones who insulted Brother Yi Tianyun first!” The Human Race cultivator shouted at the same time. They defended Yi Tianyun as he was their hope to be free from the oppression of the other races.

“I’ve been searching all over the place for you, but I didn’t expect you to come here causing a ruckus.” Nian Ciyu said as she saw Yi Tianyun casually.

Everyone was startled as they didn’t expect Nian Ciyu to know Yi Tianyun.

Chapter 953

“I heard that my friends are in trouble, and that is why I came here, but I didn’t expect that the reason he was in trouble in the first place was that he was defending my name! Obviously, I’d rather take care of things myself.” Yi Tianyun said as he shrugged his shoulders. His nonchalant tone to Elder Nian left everyone speechless.

“You are that Human Cultivator that breaks the record?” A cultivator said with a surprised look on his face. Everyone was shocked once again as they had already heard the rumor about that human cultivator.

“Is he really that Genius Cultivator?” A Human Race cultivator asked Lei Zhengyu for confirmation.

“Yeah, didn’t you guys hear me calling him Little Brother Yi? His name is Yi Tianyun, the Genius Cultivator!” Lei Zhengyu said with a frown on his face. These people were obviously oblivious to Yi Tianyun’s name. They thought that he was someone else with Yi surname, not the Genius Cultivator that everyone was talking about.

Yi Tianyun definitely had accomplished more than Feng Cuiqiu both in terms of quality and quantity, and he already proved that he was a lot stronger too! It was clear that Yi Tianyun possessed far better qualities as a cultivator than everyone here! The opposing side quickly lowered their head as they realised that they had done something irreversible! It was clear that they were hoping to climb a mountain that disguised itself as a hill!

Now, everything depends on what Nian Ciyu would do.

“This is absurd!” Nian Ciyu said as she looked at the opposing side. She was upset with these people as Yi Tianyun was the hope of Heavenly Edict Divine Territory, and if something happened to him, who would take responsibility for it? She had already known the problems here for a while. Racial discrimination was already deeply rooted in the God Domains for a long time, but she didn’t expect Yi Tianyun to be entangled with such a thing now.

If Yi Tianyun left Heavenly Edict Divine Territory because of discrimination, they would definitely lose the cultivator that they’ve been expecting!

“We made a mistake!” The opposite side bowed their head as they didn’t have the courage to see Nian Ciyu in the eye. They knew that they would certainly be punished for this. The woman who escorted Nian Ciyu earlier was still in disbelief as they thought that Yi Tianyun would certainly get punished for what he had done, but it seemed they were the ones who would be punished!

“Great! This is embarrassing! If you agree to a duel, you have to accept the outcome of that duel! Wouldn’t you just embarrass Heavenly Edict Divine Territory if you do something like this outside of our territory? Do you want other God Domains to mock us for raising a coward? This is unbelievable!” Nian Ciyu said coldly.

The cultivators from the opposing side couldn't raise their heads at all as they all looked like children who were being reprimanded by their parents.

"Now that you have done this, I will give you all a choice! You have to sincerely apologize to Yi Tianyun for mocking him. You know that he is the records holder of the entire Heavenly Edict Divine Territory right now! He is probably the strongest cultivator that the territory ever has! Compared to you all, he is even shinier than any gemstone!" Nian Ciyu said angrily.

"We are sorry for what we have done! We are mistaken. We will reflect on our action!" The opposite side said while bowing their head down. They were extremely uncomfortable doing something like this to a Human cultivator, but as Nian Ciyu had already ordered them to do so, they had no other choice!

Yi Tianyun took a glance at them and nodded lightly. He didn't even bat an eye at any of them as he knew that these people wouldn't change their opinion about the Human Race. Building their own strength was the only thing that could help the Human Race in the future.

"Can we go now? It is time for you to follow me." Nian Ciyu said to Yi Tianyun after the apology had been made.

"Alright, let me say a couple of things first, Elder Nian." Yi Tianyun smiled as he walked toward Lei Zhengyu. "Brother Lei, thank you for your help earlier! The situation is really embarrassing!" Yi Tianyun said as he smiled at Lei Zhengyu. He could tell that Lei Zhengyu really treated him as a good friend.

"Stop it! You are embarrassing me! But you are amazing! You are the first person who befriended me after I came here, and I couldn't just stay still if your name was being mocked so openly like that!" Lei Zhengyu said with a smile on his face.

"Here is a gift for you. It would be a great help for you in the future!" Yi Tianyun said as he pulled out a Middle-Grade Rebirth Level Weapon in front of everyone's eyes.

"Middle-Grade Rebirth Level weapon?" Lei Zhengyu said as he was surprised to receive something like this. He hurriedly pushed the weapon back to Yi Tianyun. "No, this is too much! Keep it for yourself! it is better for you anyway." Lei Zhengyu said honestly.

“Take it! I mean it!” Yi Tianyun said as he pushed the weapon back to Lei Zhengyu, it was obvious that Yi Tianyun wasn’t kidding.

Lei Zhengyu looked Yi Tianyun right in the eye and noticed the resolute gaze that Yi Tianyun gave off and immediately realised that he had no other choice besides accepting the weapon. “Alright, I will take it.” Lei Zhengyu said gratefully.

Other cultivators were jealous that Lei Zhengyu received such a treasure, but he definitely deserved something like that! Besides, they didn’t have the right to ask for the same treasure from Yi Tianyun as they didn’t even do anything to help Lei Zhengyu or Yi Tianyun earlier!

“Good! I will look forward to your future endeavor!” Yi Tianyun said as he patted Lei Zhengyu’s shoulder and left with Nian Ciyu.

“I’d better work hard after this! Otherwise, I will only humiliate everyone who believes in me.” Lei Zhengyu said as he clenched his fist while looking at Yi Tianyun’s departure. He was determined to become stronger faster than anybody else.

‘DING!’

‘Successfully accepted Lei Zhengyu as Divine General!’

‘Reward: 50 billion Exp, 5 million Mastery Points.’

Yi Tianyun was surprised to see the notification as he didn’t expect to recruit anyone as his Divine General, but now it was obvious that Lei Zhengyu was equal to his first brother in God Domain!

Chapter 954

“I already knew that Race Discrimination was a problem here, but I didn’t expect you to be entangled with it so soon! This Race Discrimination is a common problem in God Domains, and finding its solution is never easy!” Nian Ciyu said with a frown on her face.

Yi Tianyun already knew that nothing could be done to change this situation in an instant. The only thing that could change the situation right now was the change from the cultivators themselves! Furthermore, if Yi Tianyun managed to secure the top 10 rank in the God Domain's War of Ascension, people's perspective on the Human Race might change.

There was nothing that the God Domain's Cultivator respected more than Strength and Capability itself, and thus, Yi Tianyun should prove that he was a cultivator that should be respected! But the other cultivators might still disrespect the other Human Race cultivators with this method as they didn't see Yi Tianyun as a part of the Human Race at all.

This kind of thing has already happened back in the Three Realms as the Phoenix Clan only respected him and remained hostile towards other Humans.

"I understand what you are trying to say. It is difficult to change people's perspectives of the entire race itself. But I didn't have any intention to change this situation completely either." Yi Tianyun said indifferently. He might come from the Human Race, but still, they were strangers to him.

Yi Tianyun knew that he ought to focus on himself to achieve the goal that he had already set from the start.

"Well, if I might say, our Heavenly Feather Race used to be discriminated, too! But after a step-by-step change, finally, the discrimination was abolished, and that is when we got breathing room to plan for our future. It was thanks to Heavenly Edict Divine Territory that we can say that everything changed for us, as without a God Domain, we would still be a stranger in someone else's territory." Nian Ciyu said with a smile on her face.

What she said was crucial! A race needed a God Domain to make themselves relevant, and without it, they would always be an outsider. But Yi Tianyun shook his head immediately as he couldn't possibly think of creating a new God Domain on his own right now.

When Nian Ciyu noticed that Yi Tianyun didn't say much to the whole fiasco, she was a little relieved. If Yi Tianyun wanted to lead the Human Race, he would be killed before he could achieve his goal. After all, this very idea was dangerous as not many cultivators care about a Human Race and thus naturally didn't want the Human Race to rise in power.

Heavenly Feather Race could only dominate the Heavenly Edict Divine Territory after a long period of occupation. Hadn't it been because of that, Heavenly Feather Race wouldn't get the chance to achieve such deeds.

.....

With Nian Ciyu leading the way, they took the Spirit Ship to an unknown place. Yi Tianyun didn't feel the need to know about their destination. All he had to know was that Nian Ciyu would bring him to some Core Area where he could cultivate to his heart's content. Yi Tianyun knew that the place was relatively hidden if they needed to get there via the Spirit Ship instead of a teleportation array.

"Are you not curious where I am taking you?" Nian Ciyu curiously asked as she saw Yi Tianyun sitting down relaxedly.

"No, I believe Elder Nian already picked the best place for me to cultivate. So, all I need to think about is how to cultivate efficiently there later." Yi Tianyun said honestly with a smile on his face.

"That is true!" Nian Ciyu said as she couldn't say anything else to that. Not long after that, they finally reached the planet, and as Nian Ciyu saw that Yi Tianyun had already fallen asleep, she woke him up immediately.

"Are you ready?" Nian Ciyu said as she slowed down the Spirit Ship.

Yi Tianyun opened his eyes and saw a huge planet from the window. When he looked down, the only thing he could see was a big hall, and there was nothing of interest in there that he could see.

"Let's go out!" Nian Ciyu said as she stopped on the planet and hid the Spirit Ship. Several guards immediately stopped Nian Ciyu from taking another step, and Yi Tianyun saw that these guards were pretty good as they had cultivation around the 3rd Layer Earth Monarch stage.

"Elder Nian." The Guard bowed a little as they recognised Nian Ciyu.

"I brought along my disciple, I have already notified someone beforehand." Nian Ciyu said casually.

“Yes, we authorise his entry.” The Guards said as they nodded towards Yi Tianyun.

Nian Ciyu kept walking while Yi Tianyun followed closely behind. “The security is pretty strict here and it seems even you can’t bring just anyone in, right, Elder Nian?” Yi Tianyun said as he looked back towards the guards.

“Well, if they stopped me from entering, I have to go and look for the Territory Lord’s approval. Nevertheless, this is the best cultivation spot for Heavenly Edict Divine Territory, and if anyone could easily come in, the energy inside this place would’ve long been exhausted!” Nian Ciyu explained.

“The best cultivation place?” Yi Tianyun said as he was curious regarding how good this place was.

But not long after, Yi Tianyun felt brimming life energy coming from the ground. It was refreshing, like the spring breeze, as he felt the pores on his whole body start to accept the life energy.

It was much stronger than the Longevity Set, and it wouldn’t be too far-fetched to say that an average person could live a long life by staying in this place.

“This place is full of life energy!” Yi Tianyun said while nodding his head. They entered the hall, and Yi Tianyun immediately saw a Giant Tree that enveloped the entire hall.

“This place has the most intense Life Energy in the area. No matter what ailment you have, you will be as good as new once you’re here!” Nian Ciyu said proudly. “Our longevity palace is definitely among the top three in the 1st Grade God Domain!” Nian Ciyu said with confidence. Yi Tianyun didn’t know about cultivation site ranking, but he did feel rejuvenated there.

“Elder Nian, am I here to recover? Didn’t you say that I would be fighting to build my strength?” Yi Tianyun asked curiously.

“Don’t worry, although this place isn’t for fighting, it is definitely one of the best places for your cultivation.” Nian Ciyu said with a smile on her face.

Chapter 955

Nian Ciyu's words just now definitely piqued Yi Tianyun's interest. Being able to cultivate efficiently without fighting did sound interesting.

"Well, I hope you are right." Yi Tianyun said as he relied on killing to gain experience points quickly. If there was too little experience here, it was just not worth the time. But then again, he wouldn't know until he tried. One thing for sure was that the life energy in this place could strengthen his body slightly.

Nian Ciyu led Yi Tianyun to the hall, which was covered with countless trees and vines. From here, Yi Tianyun could see a long winding walkway in a spiral shape. Yi Tianyun began to wonder if the planet went deep into the planet itself.

Yi Tianyun followed Nian Ciyu down the walkway and sensed strong life energy the further he went down the walkway. Yi Tianyun also noticed that the deeper he went, the life energy itself began to condense in the air.

"Is that Team Leader Gu?" Yi Tianyun said as he saw a familiar figure not too far away. He didn't expect to see an acquaintance here. Furthermore, Yi Tianyun also saw Shu Yuan here, his old opponent.

"Isn't this place the Core Area? Why are there a lot of people here?" Yi Tianyun said as he glanced all around and found many cultivators meditating. Their cultivation was around the Earth Monarch cultivation stage, while the highest was at the Heaven Monarch stage. Yi Tianyun thought that he would be alone here, but that was certainly not the case.

Yi Tianyun was very confused as it didn't seem like this place was special at all.

"This place isn't in absolute secrecy at all. As long as you can provide a certain number of contributions, you may come here to cultivate!" Nian Ciyu said as she saw the doubts in Yi Tianyun's eyes.

Yi Tianyun listened to Nian Ciyu's explanation and nodded as it made sense. The captain rank cultivator would definitely have a good amount of contribution points to come to this place. Furthermore, the guards of this place would definitely use their free time to cultivate this place.

"So, how much contribution point does one need to come here?" Yi Tianyun asked.

“At the very least, you have to turn over 20 Secret Art Tokens! With that amount, you can cultivate in this place for a month!” Nian Ciyu answered.

“Wow, that’s quite high!” Yi Tianyun said as he realised how much it took to cultivate in this place. 20 Secret Art Token wasn’t easy to come by, and it only gave one month of cultivation time?

“Well, there are many ways to get the Secret Art Token, so it’s not that bad.” Nian Ciyu said as she smiled at Yi Tianyun. But either way, it wasn’t easy to get that much Secret Art Token just to exchange it for 1 month of special cultivation! No wonder the cultivators had to be approved to enter this place!

“So, that is the only way to enter this place?” Yi Tianyun asked

“Not really, it all depends on your own potential! You are one the perfect example of the exception. As Heavenly Edict Divine Territory would rely on you to win the God Domain’s War of Ascension later, you would get any opportunity to cultivate that Heavenly Edict Divine Territory could provide.” Nian Ciyu explained. “Your breakthrough speed is amazing, so this place might be perfect for you!” Nian Ciyu said with a smile on her face.

“So, how long can I stay in here?” Yi Tianyun asked.

“Because your case is a little special, the rule of this place isn’t so strict for you! Either way, the further you go down, the heavier the pressure you will feel. This place works even for a Heaven Monarch cultivator. So, you will start for a month at the top level, and with every 5 Km down, you will get another month.” Nian Ciyu explained.

“There is a total of 100 Km range from top to bottom, that means if you can reach the bottom, you will have 20 months of time down there. But if you really reach the 80 Km mark, then you will get another year down there!” Nian Ciyu said with a shrug. “So, it all depends on how far you can go down.” Nian Ciyu said solemnly.

Yi Tianyun nodded as it seemed he only needed his own strength to get by in this place.

“So, 100 Km is the deepest part of this place!” Yi Tianyun said as he looked down towards the spiraling path. It was surely quite far.

“For now, Our most powerful geniuses of the Core Palace are probably already down there. They are a proud bunch, and if you can beat them, the probability of you winning the War of Ascension would rise significantly.” Nian Ciyu said with a smile on her face.

“Can I beat them? Wouldn’t it be bad for the Territory if they complain?” Yi Tianyun asked.

“It’s okay. If that’s all you do, it won’t turn into a problem.” Nian Ciyu said with a smile on her face. Nian Ciyu knew that Yi Tianyun’s power had already exceeded the initial stage of the Heaven Monarch level. Yi Tianyun wouldn’t have a problem getting through these Core Palace’s Disciples. In fact, Nian Ciyu thought it might be better if Yi Tianyun beat them up as it would beat some sense into their skull that there were stronger people other than them.

“I will try this cultivation site, but I will leave immediately if it’s not up to my standard.” Yi Tianyun shrugged as it would be the best thing to do, in his opinion.

“If you aren’t satisfied with this place, probably, no place in the 1st Grade God Domain would be able to satisfy you anymore. But let me tell you, fighting is not the standard of tempering yourself. A place like this could be a place you would long to come back to. This place can stabilize your cultivation base.” Nian Ciyu said with a smile.

Yi Tianyun looked at Nian Ciyu and nodded. He couldn’t say his real cultivation technique as no one would believe him anyway.

Chapter 956

Nian Ciyu left after explaining everything she knew to Yi Tianyun. She couldn’t stay there even if she wanted to as there were many other things she had to do. She was an Elder, and therefore she had so many responsibilities that she ought to take care of.

“I will go check out how this place works.” Yi Tianyun said to himself as he saw Nian Ciyu leave. He immediately went down the path and eventually ran. He immediately felt the life energy flowing into him from the ground, giving him Exp as he ran.

‘Acquire 5.000 Exp, 6.000 Exp, 7.000 Exp, ...!’

As he gradually went down, he gained more Exp. He didn’t need to absorb it as the Exp came in the form of Life Energy. Yi Tianyun was a little bit surprised as he didn’t expect this place had that kind of feature. Yi Tianyun knew that the life energy that he felt also reinforced the huge tree that he saw upstairs and the planet itself!

“Can this life energy affect me too?” Yi Tianyun murmured. He didn’t know the source of this life energy, but if it had a good effect on his body, he sure didn’t mind. Nevertheless, Yi Tianyun could already breakthrough into Heaven Monarch, but he didn’t want to do it so soon. Yi Tianyun planned to breakthrough to the Heaven Monarch stage the normal way, which meant he would climb to the Earth Monarch Peak stage first.

As Yi Tianyun tried to condense the Life Energy that he got, he realised that it was pure Star Energy! This planet would keep producing Star Energy that could be absorbed by the living organism living inside.

There was no doubt this planet was an important one. It was the perfect place for a 1st Grade God Domain in particular that needed a place to cultivate the cultivator that came from the Mortal Domain!

The deeper Yi Tianyun got, the more Exp he got. He would definitely level up if he kept going! The Dantian in his body was also strengthened by the Life Energy, the same kind of effect from the first assessment he got the first time he joined Heavenly Edict Divine Territory.

Yi Tianyun checked his Dantian and found out that it was almost levelled up to 2nd Grade Dantian! Obviously, if his Dantian levelled up, his power would rise along with it. The stronger his Dantian was, the stronger his meridians would be.

“This place is better than I thought! I am gaining Exp on top of expanding my Dantian! I wouldn’t mind expanding my Dantian to the size of the planet!” Yi Tianyun said with a smirk as he delved deeper.

‘Acquired 20.000 Exp, 30.000 Exp, 40.000 Exp, ...’

The Exp he got quickly escalated as he went down. The pressure multiplied as he already went deeper than 1 Km. The pressure was really intense, even though it was only a kilometer deep!

No wonder Gu Yanlong could only stay at 16 Km as the pressure was really intense! Either way, it was not that bad to stay there.

Yi Tianyun saw many cultivators meditating on the side along the path. But Yi Tianyun wasn't going to stop any time soon! His body was still light, and the pressure still hadn't gotten to him just yet, so he believed that he could go deeper.

Yi Tianyun soon reached the 16 Km mark and spotted Gu Yanlong. Gu Yanlong himself sensed that someone was coming and opened his eyes.

"You are here, Yi Tianyun!" Gu Yanlong was surprised to see Yi Tianyun here.

"Team Leader Gu, long time no see." Yi Tianyun said as he smiled.

"We haven't met for a while now." Gu Yanlong said as he smiled. "I heard that you really made a name for yourself. Yurong already told me that you are in a whole another league compared to average cultivators!" Gu Yanlong said with a smile on his face. "But this is the 16 Km mark, yet you didn't even break a sweat, how come?" Gu Yanlong asked curiously.

"I am just going forward the best my body could go." Yi Tianyun said modestly.

"Isn't this the Human Cultivator back then?" Shu Yuan on the side stood up and saw Yi Tianyun. He immediately realised that Yi Tianyun already got an exemption to come here as Shu Yuan believed that Yi Tianyun wouldn't have the requirement to come here without it. It would also mean that Yi Tianyun was worthy to come here!

This kind of cultivator was usually the seed of the participants for God Domain's War of Ascension.

"Yes, this is the Human Cultivator you deemed useless to the Territory back then." Gu Yanlong smirked as he taunted Shu Yuan.

“Shut up!” Shu Yuan said as he couldn’t refute Gu Yanlong’s word. He could only enter this place after getting his hand on all the requirements, while Yi Tianyun easily got in because of his potential.

“Then I will continue my cultivation! Every time in this place is really precious! I am here for two months.” Gu Yanlong said to Yi Tianyun.

“Well, good luck on your cultivation, Team Leader Gu, I will delve deeper.” Yi Tianyun said as he rushed down once again.

“How can that brat keep going?” Shu Yuan was startled as he saw Yi Tianyun delve deeper. He was already at his limit in this spot, so he instinctively knew that he couldn’t go any deeper.

The pressure was really unbearable, and the pressure down there would be a lot heavier! But Yi Tianyun rushed towards the 20 Km mark, leaving both Gu Yanlong and Shu Yuan behind. Both of them were quite surprised because as far as they knew, Yi Tianyun was still at the Star Monarch cultivation base at the last time they saw him.

But how could a Star Monarch delve that deep?

Chapter 957

“Is that brat forcing himself? It wouldn’t be good for him later!” Shu Yuan said as he observed Yi Tianyun go down the path. He felt a little bit disappointed that a young man like that went down without a plan! “A brat is just a brat at the end of the day! What’s the point of going down there if he can’t cultivate!” Shu Yuan said while shaking his head.

“I can sense his aura a little bit earlier, and he should be around 2nd or 3rd Layer Earth Monarch stage.” Gu Yanlong said as he shook his head. When Yi Tianyun rushed down, he left some aura behind because of the life that entered his body. This fluctuating aura couldn’t be faked and those who were a little bit sensitive to the change in the air could sense it.

“2nd Layer Earth Monarch stage?” Shu Yuan was surprised to know Yi Tianyun’s cultivation level as Yi Tianyun was still a Star Monarch cultivator the last time he saw him. “But still, I am a 3rd Layer Earth

Monarch stage! There is no way he would be able to stay down there for long.” Shu Yuan said arrogantly as he still refused to admit defeat to Yi Tianyun.

“Well, if you don’t want to admit your defeat, why don’t we make a small bet between us?” Gu Yanlong said with a smirk on his face.

Shu Yuan just frowned as he didn’t know what to say to that. He was a little bit traumatised by his last loss.

“Now, the loser would have to hand over 20 Secret Art Token. In other words, another month in here!” Gu Yanlong said teasingly.

“Damn it! Alright! I will take the bet! But what do we gamble on?” Shu Yuan finally relented and agree to bet with Gu Yanlong.

“It’s simple! I win if he can stay down there for a long time, and you win if he comes back up immediately!” Gu Yanlong said with a smile on his face.

“Alright! Team Leader Gu, you are wasting your token on this one! There is no way you will win this time! There is no Earth Monarch cultivator that could stay beyond the 20 Km mark for long!” Shu Yuan said confidently.

“Well, I believe that he isn’t just an average cultivator! It may be possible for him to stay down there for a long period of time!” Gu Yanlong making his point.

“You are joking! He surely cultivates fast, but there is no way his cultivation would be stable after that!” Shu Yuan said confidently.

“Well are you in or not?” Gu Yanlong said as he didn’t want to argue anymore.

“Alright, we should just wait and see!” Shu Yuan said with a victorious smirk on his face. Shu Yuan was making a huge mistake here! It was unfortunate that he didn’t know about what happened outside the

planet earlier. If he knew what Yi Tianyun had done, he wouldn't even consider agreeing to that kind of bet!

"Brat! Just stay down there for a while! I can stay down here for another month if you do." Gu Yanlong said with a smile on his face. He didn't know why, but his intuition told him that Yi Tianyun would be able to stay down there for a while.

Meanwhile, Yi Tianyun has already reached the 25 Km mark. He kept going and reached the 30 Km mark not too long after! His speed was like a gust of wind, it was super-fast!

Shu Yuan was stunned to see that Yi Tianyun wasn't stopping at all! Thus, the outcome of their bet was already clear!

"Captain Shu, you have lost! He easily reaches the 30 Km mark. In other words, he won't be going up for a while." Gu Yanlong said with a smile on his face. If Yi Tianyun had reached the 30 Km mark, then he should be able to cultivate on the 20 Km mark. In other words, Gu Yanlong already won his bet.

"Damn it!" Shu Yuan shouted frustratedly as he handed over dozens of Secret Art Tokens. He lost big time today as he lost 20 Secret Art Tokens just like that!

"Calm down, Captain Shu! You will get another Secret Art Tokens soon!" Gu Yanlong said with a smile on his face.

"Shut up!" Shu Yuan said annoyedly. He lost 20 Secret Art Tokens in just a matter of minutes! He thought that Yi Tianyun would come up after reaching the 25 Km mark at most, but that wasn't the case at all!

"That brat really is my lucky star! But you are my piggy bank! Thanks to you, I can stay here for another month!" Gu Yanlong said with a smile on his face.

"That Human can't be that strong! He must have some secret artefact or some powerful ability that allow him to get down there!" Shu Yuan said to console himself. The bet was over, and Yi Tianyun didn't even know anything about it.

The only thing that Yi Tianyun cared about right now was the amount of Exp that he got as he went down the path. Right now, he had already reached a million Exp threshold per minute! The speed of cultivation in this place was really amazing that he wondered how much Exp he would get once he reached the deepest part later.

Soon, Yi Tianyun reached the 50 Km mark and passed a young boy who was cultivating on the side.

The Young Boy opened his eyes surprisedly as he didn't expect anyone to come down there. Furthermore, The one who passed him just now seemed far younger than himself! But in truth, Yi Tianyun has already passed so many cultivators and they were all surprised to see someone as young as Yi Tianyun passed them.

"Who is that brat? Is he the new disciple of Core Palace?" A cultivator asked curiously.

"I don't know! If he is really a new recruit, would it be possible for him to come down this deep?" Another cultivator said while shaking his head.

"He looks really young! His cultivation level didn't seem that high too! I could sense that he was only around 3rd Layer Earth Monarch stage!" another cultivator frowned.

There were many cultivators at Elder and Deacon Rank meditating down there and their cultivation level was quite high too, but Yi Tianyun easily went past them! The thing that frustrated them most was that they didn't even know about Yi Tianyun's identity at all!

Yi Tianyun soon passed a young lady who was meditating on the side, releasing a golden aura around her body, but as soon as Yi Tianyun passed her by, the Young Lady opened her eyes.

"What? Who is that?" the young lady said as she saw Yi Tianyun rushed down even further. She analysed Yi Tianyun's trail of aura and was surprised to know that Yi Tianyun was around her age. "Interesting! Not many people in my age can get past me here." The Young lady said as she took interest on Yi Tianyun.

She immediately stood up and followed Yi Tianyun down as she wanted to compete with him. She wouldn't allow anyone to meditate beyond where she stood her spot, and thus she wanted to keep that record herself!

Chapter 958

This young lady was determined to catch up with the boy who passed her earlier! She rushed down and caught up with Yi Tianyun after a while!

Yi Tianyun sensed someone's presence approaching and subconsciously turned his head to take a look. He saw a beautiful young lady getting closer to him from behind. Her pale green hair instantly caught Yi Tianyun's attention, but that was not the only thing that caught Yi Tianyun's attention, a pair of lovely emerald eyes were looking at him, too. Yi Tianyun also noticed the trail of flowers that she left behind as she ran.

"This is Wood God Body!" Yi Tianyun said as he immediately used his Appraisal Eye to inspect the young lady. Her cultivation was at the 7th Layer Earth Monarch stage, and she really had the Wood God Body, which was several times stronger than Ice Holy Body!

Wood God Body was a blessing for a cultivator to have. If she received a wood attribute-based energy, it would be extremely beneficial for her body. She would easily top someone's cultivation time by a huge margin!

If a group of cultivators challenged her for cultivation speed, no one would be able to catch up with her!

"Are you new here?" Xiao Murong asked with a smile on her face.

"Yes, I am! It seems you are the strongest disciple of the Core Palace, aren't you?" Yi Tianyun asked with a smile on his face. Both of them could already breakthrough to Heaven Monarch stage, but it seemed none of them was trying to do so at all as it the natural way would be better.

"Core Palace's strongest disciple? I don't think so, the most powerful disciple of Core Palace is right over there! He always wanted to catch up with me, but he always fell behind. It was just boring staying at the same place!" Xiao Murong said as she pointed towards a young man who was meditating on the side. Yi Tianyun frowned as he looked at the aforementioned young man.

The young man that Xiao Murong was pointing at was quite skilled as his cultivation was already reached 7th Layer Earth Monarch stage, but there was no way he could catch up with Xiao Murong's cultivation if she really tried to cultivate!

"If he is the strongest disciple of the Core Palace, then where are you from?" Yi Tianyun asked.

"Well, I will tell you about it if you can catch up with me!" Xiao Murong said as she rushed down quickly. Leaving a lovely fragrance behind.

Yi Tianyun already expected such a genius would exist in the God Domain and Yi Tianyun noticed that Xiao Murong was still fine even though they had already reached the 60 Km mark. Meanwhile, Yi Tianyun noticed that the cultivator was progressively scarcer the deeper it was, but it was expected as the pressure was really intense there!

Yi Tianyun shook his head as he paid attention to Xiao Murong. He then picked up his pace and caught up with Xiao Murong without so much effort.

"You are a naughty girl, aren't you! But I am not that interested in your identity!" Yi Tianyun said with a smile on his face. He immediately sped up, increasing the distance between him and Xiao Murong.

Xiao Murong was startled as she didn't have any competition up until now. "This is exciting! I haven't much of an opponent in a long time." She said excitedly. She increased her pace to catch up with Yi Tianyun. Other cultivators were struggling to keep going in this place due to its extremely intense pressure, but for Yi Tianyun and Xiao Murong, it just seemed like a child play.

"Damn it! How can they run so easily while it's already more than 60 Km mark?" A cultivator said as they saw Yi Tianyun and Xiao Murong rushed down.

"Don't ask me, how would I know how they do it! But what's interesting is that brat, he is from the Human Race!" Another cultivator mentioned it.

"How could that brat do such a thing? Xiao Murong is one thing, but that brat really proves himself to be a contender!" A young man sat with his fist clenched as he stared at Yi Tianyun.

He is Yuan Tianyou, the number 1 disciple of the Core palace! His innate ability and strength have already been cultivated to the best of his abilities and it was already proven by the Core Palace itself! He wanted to compete with Xiao Murong and Yi Tianyun too, but he was already at his limit. He wasn't sure that he could endure the pressure if he went deeper.

"This is the difference between geniuses! There is always a genius among the geniuses!" Gu Yanlong said as he observed Yi Tianyun and Xiao Murong from up top.

Shu Yuan was still frowning as this time he knew that there was no way he could win the bet! Yi Tianyun already reached the 70 Km mark and that alone was impossible for Shu Yuan!

The commotion that Yi Tianyun and Xiao Murong stirred completely shattered everyone's concentration during their cultivation as they wanted to see what happened and who would reach the bottom first!

"I will catch up to you!" Xiao Murong said as a faint green light that immediately followed by Red Lotus appeared behind her. It was such a beautiful scene that could easily allure everyone who saw it. She sped up once more as the blooming Red Lotus behind her absorbed the pressure she felt, closing in the distance between her and Yi Tianyun.

Yi Tianyun just smiled as he noticed that Xiao Murong has used her full power to catch up while Yi Tianyun wasn't even using his full power yet. Yi Tianyun just used his physical ability instead of a technique and equipment, which meant that his physique had improved astoundingly to take on the intense pressure of this place.

This Divine Temple of Life's difficulty lied on its Gravity. Once a cultivator overcame the Gravity, the pressure would lessen significantly!

Chapter 959

Yi Tianyun didn't speed up as he kept running with a steady pace. His reason to reach the bottom was to gain Exp and there was no point for him to be faster than Xiao Murong more than he already was.

Xiao Murong herself was putting quite a lot of effort to catch up to Yi Tianyun, and it was clear that she felt the pressure starting to get to her as her forehead was already drenched with sweat. Yi Tianyun

looked at Xiao Murong occasionally and noticed that her body was starting to change. Her body has been continuously absorbing the abundant life energy of this place, supplementing her Wood God Body!

“No wonder she can last for so long down here, this place is basically a paradise for her.” Yi Tianyun said as he shook his head.

“You can’t abandon me just yet!” Xiao Murong said as she continued to run, catching up to Yi Tianyun.

“Abandon? Why would you say that? It’s not like we would meet each other that often.” Yi Tianyun said with a shrug.

“Are you a disciple? How can a disciple aside from me run down so quickly!” Xiao Murong said as her face turned red from embarrassment, but Yi Tianyun just smiled and picked up his pace.

“It’s a misunderstanding, many people here already knew that I am a disciple.” Yi Tianyun said as he left Xiao Murong behind.

“How can you keep speeding up?” Xiao Murong shouted frustratedly. She already went all out. She couldn’t increase her speed anymore as she could erupt from the energy instability. All she could do now was keep her pace and hope that their distance wasn’t too far apart in the end.

However, the distance kept increasing and she was barely able to see Yi Tianyun now, making her feel powerless. It was obvious that she wouldn’t be able to win if this was a competition.

Yi Tianyun used his Dragon God Bloodline to increase his speed further as he wouldn’t be able to keep up this speed with his physique alone. Crazy Mode didn’t work well here as there was basically no Crazy Speed Mode. Nevertheless, Yi Tianyun’s speed right now was truly remarkable!

“Don’t wait for me! I will catch up with you soon!” Xiao Murong shouted as she was definitely left behind. She slammed her feet in frustration as she couldn’t keep up with Yi Tianyun.

“Sure, I will wait for you at the bottom.” Yi Tianyun said casually.

Xiao Murong immediately meditated on the spot and cultivated. She must adapt to the pressure of this depth, and better yet, have a breakthrough if she wanted to push forward, or she wouldn't be able to survive this depth! Her current position was at the 73 Km Mark, far deeper than all of the cultivators behind her. The pressure of the Gravity itself was already more than 7 million tons and it was already amazing for a little girl to endure such an intense pressure.

Yi Tianyun himself felt more pressure building up as he kept going. Yi Tianyun even slowed down as it was difficult for him to suppress the pressure while sprinting so fast. However, it was still possible for Yi Tianyun to go deeper.

"I am almost at the 80 Km mark, and with that I can extend my stay here for a year!" Yi Tianyun said as he delved deeper. His goal was obviously to reach the bottom as he thought that there must be something special at the bottom. Therefore, Yi Tianyun planned to go beyond 80 Km mark if he got there.

Nevertheless, the pressure at the 80 Km mark was still bearable for Yi Tianyun.

The people above were all shocked as they saw Yi Tianyun reached the 80 Km mark as they never saw anyone except an Elder to come that deep! But the thing that shocked them the most was the fact that Yi Tianyun was a Human Cultivator!

But as Yi Tianyun went past the 80 Km mark, he suddenly felt an intense pressure that made his legs weak that he almost fell to the ground! "How can the pressure suddenly skyrocket like this?" Yi Tianyun said to himself as he was speechless upon enduring the pressure that multiplied in an instant.

Yi Tianyun slowed down significantly as he was forced to walk from there. The people up above all saw that Yi Tianyun finally succumbed to the pressure and noted that Yi Tianyun only reached the 80 Km mark! They immediately breathed a sigh of relief as they realised that Yi Tianyun wouldn't reach the bottom.

The cultivators who could reach the bottom were only the Elder Rank and above! Nobody below that could reach the bottom at all! So, if Yi Tianyun could reach the bottom, did that mean Yi Tianyun already reach Elder Rank's power?

"I can still do it! I just have to increase my power!" Yi Tianyun said solemnly. "Level up Dragon God Bloodline!" Yi Tianyun said confidently. He knew that was the only way for him to keep pushing forward.

'DING!'

'Successfully level up Dragon God Bloodline to 7th Grade by deducting 50 million CPs!'

'Next level up requires 500 million Exp.'

Yi Tianyun's body immediately became sturdier, and his power increased by a huge margin!

"Now, this is what I am talking about!" Yi Tianyun said as he immediately rushed down further. His speed wasn't as amazing as earlier, but at the very least, the pressure wasn't really a problem anymore.

"What the hell! He still could run!" A cultivator shouted surprisedly as he saw Yi Tianyun ran once again.

"Did he just take a break or something?" Another cultivator chimed in.

They all just breathed a sigh of relief as they thought Yi Tianyun wouldn't be able to move further down, but that didn't seem to be the case!

Meanwhile, Xiao Murong could only bite her lips in frustration as she saw Yi Tianyun getting farther away. But there was nothing she could do now, and it was best for her to just cultivate there in the meantime to strengthen herself so that she could follow Yi Tianyun to the bottom.

Chapter 960

Yi Tianyun didn't care about everyone's eyes as he kept running at his own pace. His ability was extraordinary, so he didn't care even if people started laughing at him. Nevertheless, no one in their right mind would laugh at Yi Tianyun now!

Yi Tianyun soon reached the 90 Km mark and made his way toward the 100 Km mark. Everyone finally realised that a Human Cultivator was about to reach the bottom soon enough! The Heavenly Edict

Divine Territory has already been alerted for this event, so Elder Yu and the other Elders were already there to see the authenticity of the event themselves.

“How did that brat reach the 90 Km mark so easily? I doubt that it would take long before he surpasses us old geezers!” Yu Yanglong said as Ming Yueqing was also besides him. They shook their heads as they didn’t believe how crazy the situation seemed right now.

“You both are being too modest! Even if he reaches the bottom, it doesn’t mean that he can surpass you both!” Said a Deacon on the side.

Although the Deacon’s word was a little bit flattering, it wasn’t necessarily the truth! Both of them had the Demon Fire and so did Yi Tianyun! Although their cultivation right now was at the 6th

Layer Heaven Monarch stage, it didn’t mean Yi Tianyun can’t reach that stage soon!

They ought to cultivate quickly, but it was hard for them to do so right now. Mostly because of the problem with their own flame. Due to the Demon Fire, their breakthrough would be a tad slower than a normal cultivator, but their power would increase significantly!

If that weren’t the case, it wouldn’t be easy to become Elder with their cultivation base! It was all thanks to the power of the Demon Fire, it boosted their strength and ability significantly! Demanding respect from everyone who know about them!

“You don’t have to say such things, if he becomes stronger, we would be happy too!” Ming Yueqing said with a smile on his face. It was the truth as there was no master who wouldn’t want their disciple to surpass them.

But both of them were a little bit embarrassed to call themselves Yi Tianyun’s master as they only taught him about the Demon Fire, that was all! They didn’t know if they were still qualified as masters if Yi Tianyun came out stronger after this.

“He seems to be the new trump card for the God Domain’s War of Ascension, right Elders?” another Elder came as they wanted to see the rumored genius cultivator. But as they saw that the rumor was all true, they immediately gave a high praise towards Yi Tianyun and the two Elders that became his master.

The Elders didn't seem to care about Yi Tianyun being the Human Race cultivator at all as their sole focus was Yi Tianyun's potential, not his identity! Although it couldn't be said that everyone would share the same thing, most of them would think that way.

"Yeah, it seems that we can have two trump cards for the God Domain's War of Ascension later! But this time, we have our own disciple to hope on, while Xiao Murong isn't exactly the disciple of Heavenly Edict Divine Territory!" An elder said while shaking his head.

Xiao Murong was really a powerful cultivator and she is definitely far stronger compared to the rest of the Core Palace's disciple! But because she wasn't a direct disciple of Heavenly Edict Divine Territory, that meant Heavenly Edict Divine Territory had to split the rewards that they got after the God Domain's War of Ascension.

Fortunately, Yi Tianyun appeared, and now Heavenly Edict Divine Territory might not have to split the rewards later!

They were embarrassed that they had to borrow an external force for their struggle, but this was the only thing they could do to boost Heavenly Edict Divine Territory's reputation.

At the same time, Nian Ciyu rushed over as she was interested in the news she heard. She immediately took a look down, and sure enough, she saw Yi Tianyun almost reach the bottom! "I thought he would take his time. Turns out, he immediately ran down after I left!" Nian Ciyu said in surprise.

"Elder Nian, how did Yi Tianyun breakthrough so fast? Wouldn't his energy become unstable like that?" Yu Yanglong asked curiously since Nian Ciyu took care of Yi Tianyun after the meeting earlier.

"Everything is alright! His energy is stable right now. Even if it grows unstable after he enters this place, we still have time to deal with it before the God Domain's War of Ascension!" Nian Ciyu said with a smile on her face.

"You have a point!" Yu Yanglong said as he kept watching Yi Tianyun from the top. The thing that of interest right now was whether Yi Tianyun could reach the bottom floor. He was a newcomer and if he really reached the bottom floor than it would become a record of its own!

At the same time, Yi Tianyun went down relatively fast, and as he got closer to the bottom, he gradually saw something. As he got closer to the bottom, he saw a huge green gem at the bottom.

“Is that the Life Crystal that the Spirit Race so desperate to get their hands on?” Yi Tianyun wondered as he saw it for the first time. But as he got closer and could inspect it with his Appraisal Eye, he noticed that it wasn’t a life crystal at all!

Planet Core: the core of the planet’s lifecycle. Once the core is destroyed, the planet would stop growing. It can provide a steady stream of energy. This core is the core of life and can provide enormous life energy.

“This is the planet core!” Yi Tianyun said as the Evil Spirit Race immediately came to mind. They come to the Three Realms for this core and if it were similar to this, then it should give an enormous energy as well! He had already seen the information regarding Planet Core before and he knew that many planets had relatively have a small core that couldn’t be used as a cultivation spot, while some, like this planet, had a core that could provide such a strong energy that would be efficient for cultivation purposes.

“No wonder this place becomes the best cultivation spot for Heavenly Edict Divine Territory!” Yi Tianyun said as he nodded in understanding. Now he knew why there was the need to hide the planet’s whereabouts and all information regarding its existence, including the guards and strict rules imposed on this place.

This place was special and shouldn’t be wasted!

Yi Tianyun knew that Life Crystal that the Spirit Race was searching for was similar to this Planet Core, but Life Crystal was very small and was nowhere close this Planet Core, but Yi Tianyun thought that the Spirit Race could prosper quickly with this Planet Core energy, too! After all, they shared the same effect, albeit the Planet Core gave much more intense effect!

It was to be expected as the Life Crystal was only as big as a fist, while this Planet Core alone was as big as a continental shaft!
