

Leveling 961

Chapter 961

"I was wondering if the Elders can yield a small piece of this core to me." Yi Tianyun said to himself as it should be beneficial to have a piece of this core to take back to the Spirit Race. With this, he could solve the Spirit Race's problem. After all, the Life Crystal that he left to the Spirit Race earlier wouldn't last for long anymore.

"I will ask them later when I got out of here. It shouldn't be a problem even if I take a little bit of this core!" Yi Tianyun said to himself. Yi Tianyun was still running to the bottom as he was still not there just yet. The deeper he went, the heavier the pressure he felt, but now Yi Tianyun realised that the pressures come from the Planet Core that constantly released its energy!

Nevertheless, the life energy he felt the deeper he went was amazing! The life energy was absorbed by the ground before being squeezed out again by force, creating a powerful gravity effect. Therefore, if a cultivator couldn't withstand the gravity, they couldn't absorb the life energy in this place! For this reason, cultivators who came to this place always tried to surpass their limit and absorb the energy of this place.

'Acquired 96 million Exp, 96.5 million Exp, ...'

When he reached the 96 Km mark, the Exp he got soared to 96 million Exp per minute, which made him wonder whether he could get 100 million Exp per minute if he reached the bottom? If he could acquire 100 million Exp per minute without the effect of Crazy Exp Mode, it would be amazing! It was much less the same amount of killing one experienced cultivator.

Although the Exp he would get for killing a Heaven Monarch cultivator would be better, he didn't know where to find that many cultivator of that calibre to fight! Nevertheless, this place was a good place to cultivate as he didn't need to do much!

Furthermore, if he could stay there for a few years, breaking through several levels wouldn't be a dream! He could even use the Heaven Devouring Secret Technique to further amplify his Exp Gain, but even if he didn't use it, the amount of Exp gain he got right now was already satisfying!

“Elder Nian is right! This cultivation site is really something else! No wonder so many Earth Monarch and Heaven Monarch cultivators cultivate here!” Yi Tianyun said as he shook his head. It was great that he could stay here for a long time as he now realised that a month was probably too short!

Yi Tianyun kept pushing himself toward the bottom and finally he was only a few hundred meters away from the Core of Life! At the same time, the pressure he felt was so tremendous that he found it a little bit hard to breathe!

“There is still another 500 meters before he reaches the bottom, but this 500 meters would be the hardest part! Now, the real question, can he stay there to meditate and cultivate?” Yu Yanglong said as he observed Yi Tianyun from the top. If Yi Tianyun couldn’t stay at his current position to meditate, then there was no point for him to go that far!

“You are right, that is the hardest thing for him right now. He certainly did well going that far, but I’ve never seen a newcomer to meditate where they stopped!” The other Elders nodded as they agreed to that statement.

Nevertheless, they all really admired Yi Tianyun for getting that far at such a young age! So many geniuses before him couldn’t even dream of reaching such depth before! So, even if Yi Tianyun couldn’t meditate right there, he still deserved respect!

When Yi Tianyun moved forward a little bit, his knee starts to buckle, and he almost fell down. His face reddened as he had trouble breathing for the first time because of the effect of the gravity pressure.

“That is where he reaches his limit!” the Elder on the top said as he saw Yi Tianyun almost fell. This was usually the sign that a cultivator already reached their limit, and they couldn’t keep going anymore for the pressure was unbearable for them to continue!

“He should just take a light breather and take a slight detour and meditate until he could withstand the pressure! He already had more than 2 years’ time down there; he should take it easy!” Nian Ciyu said worriedly. Many Elders nodded their head as they agreed with Nian Ciyu. They believed that there was no point to force himself like this!

But at the same time, Yi Tianyun insisted that he wanted to take another step forward, but he couldn’t do so as the pressure stopped him from taking another step!

“This gravity is too intense! It multiplied quickly to deter any stupid cultivators!” Yi Tianyun said as he gritted his teeth in frustration. The Core of Life was almost at his fingertip! The distance was less than 500 meters and if he could meditate beside it, the amount of Exp he would get would be tremendous!

“It seems the only way to move forward is to Level Up Dragon God Bloodline!” Yi Tianyun said frustratedly.

‘DING!’

‘Successfully level up Dragon God Bloodline to 8th Grade! Deducting 500 million Exp.’

‘Next Level up requires 5 billion CPs.’

If he didn’t level up the Dragon God Bloodline, he wouldn’t be able to cultivate there! And sure enough, after levelling the Dragon God Bloodline, he immediately felt lighter. The pressure was much lighter than earlier.

Yi Tianyun walked slowly towards the Core of Life as it was still difficult to move forward even if the pressure was lighter.

“How is that possible!” The Elders said as they saw Yi Tianyun took one step after another despite slowly. They were truly shocked by the scene that they saw right now as it was simply incredible!

Many cultivators inside were also perplexed, and because of that, they tried to go deeper than they could too.

“No, this is impossible! This feels like hell!” A cultivator said as he gave up after just taking a single step forward.

“Yes, this is definitely hell!” Another cultivator said after taking a single step forward.

“How can I go on if my head feels like it’s about to break in half from the pressure!” another one said frustratedly. They admitted that they couldn’t go on any further!

Chapter 962

Yi Tianyun kept pushing forward, making his way to the Core of Life. The 500 meters between him and the Core of Life was riddled with pressure from the heavy gravity, but it was still tolerable for Yi Tianyun!

He moved at a snail’s pace, and finally, the Core of Life was within his reach!

“I can feel the Life Energy entering my body!” Yi Tianyun said as he closed his eyes and immersed himself with the life energy that constantly entered his body. He felt that it was much more potent than the Longevity Set that he had. He believed that it would be healed right away if he was injured! He even believed that the intense vitality there could heal a broken bone!

Yi Tianyun touched the Core of Life, and he felt like his consciousness was drawn into the Core of Life! But the Life Energy kept flowing into his body exponentially.

‘Acquired 110 million Exp, 108 million Exp, ...’

The Exp he got was already reaching 100 million points, which was already impressive! But the most important thing for Yi Tianyun was that his core was being strengthened by life energy! So, Yi Tianyun absorbed the Core of Life, trying to strengthen his core even further!

The elders who saw Yi Tianyun was steadily cultivating at the bottom didn’t know what to say as it was really impressive that someone could reach the bottom with only one try! They have never seen someone even attempt to get into the bottom on their first run!

But the most confusing thing was that Yi Tianyun was only at the 3rd Layer Earth Monarch stage, while the cultivators who could reach the bottom were usually at the Heaven Monarch stage!

“This time, our Heavenly Edict Divine Territory will undoubtedly produce a good result in God Domain’s War of Ascension!” one of the elders said with a smile on his face while the other elders stood still speechlessly. Yi Tianyun was clearly in another league compared to the other geniuses that already existed!

Although Xiao Murong was a genius and had a higher cultivation base than Yi Tianyun, she couldn't even reach the bottom in one try!

The elders sighed as they were impressed by Yi Tianyun's achievement before leaving as they still had their own business to attend to. There was nothing left for them to watch here anyway. Yi Tianyun has already shown that he deserved to enter the War of Ascension by reaching to the bottom and cultivating beside the Core of Life.

The elders were actually envious of Yi Tianyun as they themselves wanted to cultivate beside the Core of Life, but they couldn't do so as they didn't want the Core of Life to be depleted too quickly. Even if the Core of Life was a big Core for a planet, it couldn't revitalise itself! In other words, if the Core of Life was depleted, it would be gone forever.

Xiao Murong noticed that Yi Tianyun had reached the bottom, but she didn't envy him at all. She was indeed shocked that Yi Tianyun could reach the bottom, but it was by his own ability, so there was nothing she should envy about it.

The only thing she could do right now was to build her strength to catch up!

"He is so much stronger than me!" Xiao Murong said as she clenched her fist and meditated once more. Unlike other cultivators, she was proud of her own ability! Everyone has regarded her as a super genius, but now she was surpassed by an unknown young man, and her pride couldn't take it!

She was bored of cultivating by herself earlier as there was no challenge whatsoever. But now that she has found Yi Tianyun, she wanted to catch up as soon as possible!

Nevertheless, Yi Tianyun didn't care about anyone right now as he focused on his own cultivation, absorbing the Life Energy for himself. His core was gradually strengthened, and he even grew Spirit Medicine inside his core! Although the grade was still low, it was already an improvement in itself!

He didn't overthink unnecessary things and focused on gaining Exp and boosting the Star Power. Not too long after, Yi Tianyun's core let out a rumbling sound and emitted a ray of light!

“Is it stronger now?” Yi Tianyun asked curiously. He immediately checked his own core and noticed that it had expanded a little bit, which made him happy! But then again, he didn’t know how long it would take to improve his core once more! Every cultivator had a different core, and thus, they had a different requirements to improve it! Yi Tianyun couldn’t take any advice from anyone for this one.

Yi Tianyun checked the content of his core and saw that it had been covered by Spirit Medicine. Although it wasn’t the highest grade, it should be good enough as it was at the 4th Grade Spirit Medicine!

“The sensation somehow reminds me of breaking through!” Yi Tianyun said as he was surprised by the sensation from his core. Levelling up his cultivation would always be easier as he didn’t know the specific way to level his core up.

“Oh, there seems to be something here.” Yi Tianyun said as he carefully inspected the content of his core, but he began to notice a small core inside of his own core!

“A core?” Yi Tianyun said as he was surprised to find a core inside his own core!

Chapter 963

Yi Tianyun couldn’t believe his eyes when he saw this core. He also had never heard of anyone having a core inside a core like this.

However, now that he turned out to have a core inside his core, that meant it wasn’t impossible, and he surely didn’t think he was the only one who could achieve this, but then again, he knew that cultivating it wouldn’t be easy.

“Don’t tell me... Did it materialise because I’ve been absorbing the life energy!” Yi Tianyun decided to inquire Nian Ciyu about that matter the next time he saw her.

Since she must’ve reached the bottom, asking her was undoubtedly the best decision.

“If that’s the case, I don’t need to ask them to yield the Core of Life since I already have one.”

Yi Tianyun was so excited as the core in his body would grow in size if he continued to cultivate it, and by then, he could take out some of it and give it to the Spirit Race.

Even if the Elders did allow him to take a piece of Core of Life in that place, they wouldn't give him too much. After all, they couldn't just give away their precious Core of Life that helped them cultivate, even if only a small portion of it.

Of course, with this, he always had room for a crude option like evacuating his loved ones in the Three Realms into the core inside him once it was big enough!

This was the terrifying nature of cultivation, and being able accommodate a core as big as a planet was unthinkable in the Mortal Domain.

However, that idea was really dangerous as his loved ones would be in danger as well if he encountered any danger.

"All in all, this is good..."

In any case, now Yi Tianyun didn't feel like holding back anymore. All he had to worry about securing the best result in the God's Domain War of Ascension.

He immediately meditated and absorbed the Life Energy around him as much as he could, but his absorption rate remained the same as his core's size didn't affect his absorption rate.

After absorbing so much Life Energy, not only did his core increase in size, but he was also on the verge of breaking through, and not long after, the long-awaited notification finally rang.

DING!'

"Congratulations to Player 'Yi Tianyun' for obtaining enough Exp to level up, do you wish to level up to the 4th Layer Earth Monarch or 1st Layer Heaven Monarch? (Choosing Heaven Monarch won't grant Gift Pack)."

Yi Tianyun didn't even hesitate even after being faced with these options. He clearly wouldn't pick Heaven Monarch because, in addition to not obtaining the Gift Pack, he would be significantly weaker as well compared to leveling up to the 4th Layer Earth Monarch.

"I'll pick the 4th Layer Earth Monarch!" Yi Tianyun said without hesitation.

"Congratulations to the player 'Yi Tianyun', successfully breaking through to the 4th layer Earth Monarch!"

"Breakthrough!"

Yi Tianyun hurriedly looked up as he'd face the Heavenly Tribulation the moment he broke through to the 4th Layer Earth Monarch, and since he did not know how powerful it'd be, it was best to stay alarmed.

Sure enough, right after breaking through, a black cloud suddenly appeared on the top of Yi Tianyun's head, with thunder and lightning flashing along with occasional flame spewed.

The cultivators there immediately woke up from their meditation and hurriedly looked toward Yi Tianyun when they heard the rumbling sound.

"Did that kid make a mistake or what? I don't think that's a good place to break through."

"Wouldn't it better to delay it once he gets out?"

"I personally think breaking through here is a good choice. After all, this place is full of life energy, so our injury will be healed right away."

They were curious to see how Yi Tianyun broke through. If he failed to withstand the Heavenly Tribulation, nothing awaited him but a dead end.

“Just drop dead for me!” Yuan Tianyou couldn’t help but scream when he saw Yi Tianyun facing the Heavenly Tribulation.

He wanted nothing but fewer competitors. He had been cultivating there without knowing anything outside, so he didn’t know who Yi Tianyun was, but he felt an intense hostility toward him, so it’d be good if Yi Tianyun was out of the picture.

When the guards above saw the situation, they quickly informed Nian Ciyu, because that was her order for those guards.

“This Heavenly Tribulation does seem powerful.” Yi Tianyun observed the black thunder cloud above his head with his Appraisal Eye.

Heavenly Tribulation: The combination of Thunder and Fire Heavenly Tribulation. The initial power is 80.000 star power, and the highest is likely to reach 200.000 points!

Upon reaching the 4th Layer Earth Monarch, a cultivator would have to face the Heavenly Tribulation, and it was by no means an easy task considering it could reach all the way to 200,000 points of star power. An average 4th Layer Earth Monarch would definitely be killed for sure.

However, 200.000 star power was too small. He wouldn’t be afraid of two million star power, let alone 200.000.

“Too bad, it’s not a threat for me.”

Yi Tianyun slammed the ground and lunged at the Heavenly Tribulation, which surprised all cultivators there.

“Does he want to die? Even with the abundant life energy in this place, it would take a while for him to recover.”

“Yes, the Heavenly Tribulation can kill anyone in an instant if it’s agitated!”

None of them dared to agitate the Heavenly Tribulation as they remembered how fearsome it was.

“Even someone as capable as me won’t risk angering the Heavenly Tribulation...” Yuan Tianyou looked at Yi Tianyun with a scornful look as he cursed in his heart.

Sure enough, when Yi Tianyun rushed toward the Heavenly Tribulation, it suddenly made a “rumbling” sound, and the power suddenly increased from 80.000 star power to more than 400.000 star power!

That was a sign of anger. It wouldn’t happen if a cultivator obediently endured it, but it was a different story if someone approached it. The Heavenly Tribulation will bare its fang as if it were being challenged.

The Heavenly Tribulation’s power would skyrocket once it was enraged. Its power would double or even more when it was challenged, whether it was the 4th Layer Earth Monarch Heavenly Tribulations or other Heavenly Tribulations

However, unlike other cultivators who would obediently endure the trial from Heavenly Tribulation, Yi Tianyun went ahead and enraged the Heavenly Tribulation.

Chapter 964

The thunder struck the ground, directly aimed at Yi Tianyun! This Heavenly Thunder reached a whooping 40.000 Star Power! It would definitely destroy any ordinary Earth Monarch to ashes!

“Don’t make me laugh!” Yi Tianyun immediately blasted the Heavenly Thunder with his energy, and the Heavenly Thunder immediately burst out like fireworks, scattered in the air. The cultivators that witnessed the scene were stunned as it was the first time they had ever seen something like this!

The fire that Yi Tianyun used to blast the Heavenly Thunder has turned into a fire dragon that coiled around him. It was more powerful than the Heavenly Thunder as it reached 150.000 Star Power!

“With this flame, I can burn everything!” Yi Tianyun laughed out loud as he scattered the fire dragon that immediately turned into a beautiful spark. Yi Tianyun was ready to attack the Tribulation Cloud and move forward!

Yi Tianyun blasted his flame towards the Tribulation Cloud, and it immediately exploded as Yi Tianyun's flame decimated it in the air. The Tribulation Cloud slowly dissipated, and a ray of light immediately illuminated Yi Tianyun, giving him a whole new energy.

Yi Tianyun's body kept on absorbing this energy, slowly strengthening him to a whole new level.

'DING'

'Acquiring Strength of Heavenly Tribulation, do you want to absorb it into your body?'

"I accept!" Yi Tianyun said as he made his choices and immediately absorbed the energy from the Tribulation Cloud as he didn't see any harm in absorbing it.

'DING!'

'Successfully absorbed Strength of Heavenly Tribulation!'

'Strength of Heavenly Tribulation: The ability to release Heavenly Tribulation's power. (Absorbing Heavenly Tribulation on 9th Layer Earth Monarch Level would make the Heavenly Tribulation your base power.)

Yi Tianyun smirked as he was giddy to see the effect of his new power. Now he needed to absorb Heavenly Tribulation on the 9th Layer Earth Monarch level to upgrade the Heavenly Tribulation and make sure that it became his base power in his Heaven Monarch stage!

No wonder there was no record of anyone defeating this Tribulation Cloud, as the difficulty was certainly too much, and not just anyone could destroy the Tribulation Cloud on their own.

"This is good! Although it was a bit difficult!" Yi Tianyun said as he continued to meditate.

Everyone else was still stunned. They knew that Yi Tianyun could reach the bottom, but destroying the Tribulation Cloud? That was a whole different story. It was such an unprecedented notion that they still

couldn't wrap their mind around it. The pressure that the Core of Life gave off meant nothing to Yi Tianyun either!

Right now, no one put their faith in Xiao Murong as no one thought she would be able to stand by Yi Tianyun's side! But at the same time, Xiao Murong was still trying to catch up to Yi Tianyun at the bottom!

"All I can do is take a step at a time!" Xiao Murong said as she slowly descended the path towards the Core of Life! Even if she understood now that she would never catch up to Yi Tianyun, she had to prove that she could reach the bottom!

Nian Ciyu herself was still observing Yi Tianyun as she saw that Yi Tianyun was still calmly meditating.

"Didn't he say that he would be breaking through soon?" Nian Ciyu said curiously.

"Young Master Yi has destroyed the Heavenly Tribulation!" The guard said sadly.

"Well, that is good for him! I am ashamed to say that he is a far better cultivator than I am!" Nian Ciyu said with a relieved face. She was worried about Yi Tianyun before, but it seemed she was worried for nothing! "Well, report to me once he break through!" Nian Ciyu said to the guard as she turned around and left.

"Next time? Does he have enough time to pull off another breakthrough?" The guard said as they didn't understand Nian Ciyu's order. He couldn't believe that Yi Tianyun would have enough time to break through once more.

Nian Ciyu used to think the same way, but as she met Yi Tianyun, she didn't think that was an impossible feat anymore!

Yi Tianyun continued to absorb the Life Energy, and he was close to breaking through to 5th Layer Earth Monarch stage! He had the option to break through immediately to Heaven Monarch Stage, but he knew that it wouldn't do him any good!

And so, time passed. Yi Tianyun absorbed a lot of Exp, but he still didn't break through! He could use the Crazy Exp Mode, but he thought it would take too much CP to maintain, so he never actually used it.

He didn't have to hurry as he had the time. The most important thing for him to do right now was to strengthen his core!

During this time, Xiao Murong was slowly making his way to the bottom. Not many cultivators were left there as they had either run out of time or just couldn't stay any longer. Gu Yanlong was also one of these cultivators as he was already out of time, but he still observed Yi Tianyun at the top as he wanted to see what Yi Tianyun would do next.

'DING!'

'Congratulation to Player Yi Tianyun, enough Exp to breakthrough to 5th Layer Earth Monarch level or 1st Layer Heaven Monarch level.'

The system once again gave Yi Tianyun the option to level up to Heaven Monarch or continue the Earth Monarch stage. And surely, Yi Tianyun would continue with his own belief!

"Level up to 5th Layer Earth Monarch stage!" Yi Tianyun said confidently.

Chapter 965

Yi Tianyun levelled up, and the Tribulation Cloud came once again. Everyone was instantly alerted, including Yuan Tianyou and Xiao Murong.

"That brat breaks through into 5th Layer Earth Monarch so quickly!" Yuan Tianyou said as he couldn't believe Yi Tianyun's cultivation speed! Every cultivator who met Yi Tianyun for the first time thought that he was just an ordinary cultivator, but obviously, they were wrong!

Yi Tianyun definitely has changed the atmosphere in this place as he had a breakthrough and even triumphed over Tribulation Clouds. He definitely had an advantage over the other cultivators.

Xiao Murong was equally surprised by Yi Tianyun's breakthrough. After all, it was really fast! She had never seen anyone who could get a breakthrough quite as fast as Yi Tianyun! Even the guards up above panicked as they noticed this unprecedented cultivation speed! They immediately took out their communication token to inform Nian Ciyu!

They were surprised as they never thought that Nian Ciyu's word would come true, but they definitely believed it now!

Yi Tianyun ignored everyone and immediately rushed towards the Tribulation Cloud! The Tribulation Thunder quickly struck the ground, and the power this time was definitely stronger than the last one as this Tribulation Thunder almost reached a million Star Power! No wonder no one dared to disturb the Tribulation Clouds, as its power was terrifying!

"You're being persistent!" Yi Tianyun said as he punched the Tribulation Thunder that came his way! Once again, the Tribulation Clouds dispersed like the first time! Everyone felt that their eyes were playing tricks on them as a cultivator would die if they did something similar to the Tribulation clouds under normal circumstances!

Was this the way young cultivators cultivate their cultivation now? It was extremely risky, but it surely gave a worthwhile return. Usually, a cultivator would receive help from their master to disperse the Tribulation Clouds, which was why Nian Ciyu told the guards to call her if Yi Tianyun broke through again. An Earth Monarch cultivator would need help from a Heaven Monarch Cultivator to disperse them.

However, it seemed unnecessary now as Yi Tianyun decimated his Tribulation Clouds himself.

Yi Tianyun quickly meditated and absorbed the Life Energy once more. He had already reached the 5th Layer Earth Monarch stage, and he believed that he would be able to reach the next stage just fine.

"He did it himself?" The Guards said with their mouth open. They already saw Yi Tianyun triumph over the first Tribulation Cloud. Still, they never expected Yi Tianyun would be able to triumph over the second Tribulation Cloud, which was definitely a lot stronger than the previous one!

It meant that Yi Tianyun's cultivation foundation was stable and extremely powerful!

Nian Ciyu quickly rushed to the area to check Yi Tianyun's progress, only to see the guards inform her that Yi Tianyun had already dispersed the Tribulation Cloud by himself.

"Is dispersing the Tribulation Clouds on your own that easy?" Nian Ciyu said confusedly.

"I'm sure it's not, Elder Nian, but he just punched it, and the Tribulation Clouds immediately dispersed!" The Guards said with a sigh. They couldn't believe what they saw, but they couldn't deny it either, as they saw it clearly with their own eyes.

"It seems that my presence is not needed! I believe he would be fine on his own now." Nian Ciyu said as she knew that Yi Tianyun would solve his own problem next time. She should just leave Yi Tianyun alone for now as there was still around 2 to 3 years' time before the God Domain's War of Ascension began.

"Don't tell me he's going to break through once again with such a short amount of time left?" The Guards nervously said as they couldn't believe it still. Everyone immediately looked at Yi Tianyun as they couldn't believe Nian Ciyu put such complete faith in Yi Tianyun!

Nevertheless, Yi Tianyun didn't care about their gaze upon him. His objective right now was to keep cultivating down there until he was satisfied! He believed that he had enough time to reach the 6th Layer Earth Monarch level.

Time passed quickly, and Yi Tianyun still meditated beside the Core of Life. But after half a year, suddenly Yi Tianyun opened his eyes and ran upstairs!

"What's going on?" Xiao Murong asked as she almost caught up with Yi Tianyun, but now she was confused as Yi Tianyun suddenly up and left.

Yi Tianyun ignored her and quickly ran to the top, confusing everyone inside.

"What happened to that brat?" A cultivator asked confusedly. The guards who stayed at the top were also confused as they didn't understand what happened to Yi Tianyun.

“Young Master Yi, wait up! Where are you going?” The Guards reacted and tried to catch up to Yi Tianyun. Nian Ciyu already ordered them to keep an eye on Yi Tianyun, as they couldn’t afford to lose a candidate for their War of Ascension.

But the guards failed to catch up to him as Yi Tianyun was so fast that not even a Heaven Monarch cultivator would be able to catch up to him!

“What is going on? He is too fast for us to catch up!” The Guards said as they sat down exhausted.

But the truth was that Yi Tianyun had already used his Teleportation God Stone to return directly to the Three Realms! It was because the Great Array of the Three Realms was triggered, meaning that enemies had come!

Chapter 966

The situation in the Three Realms was very peaceful because Yi Tianyun himself ruled over the Three Realms. Although he didn’t dominate everything, his relationship with the strongest faction on each realms created a balance that stabilised the situation in the whole three realms.

With peace came prosperity. With the abundant resource that was shared with everyone that needed it, allowing Saint King stage cultivators to flourish and even gave birth to a new Divine King!

The Divine King came from Ancient Netherworld Divine Nation, and it created stability once again as the Heaven World already had their own Divine King.

Nevertheless, people remained loyal to Heavenly Clouds Empire as they already revered Yi Tianyun as the most powerful cultivator in the whole Three Realms! Although Heavenly Clouds Empire rarely intervened with others’ jurisdiction, people were still convinced that Heavenly Clouds Empire secretly ran the whole Three Realms.

Everyone believed that Yi Tianyun would return and that instilled fear in the cultivators’ heart, preventing them from doing anything that might incur Yi Tianyun’s wrath!

“My Lord! You finally broke through the Divine King Stage! Divine King Tianyun hasn’t come back for a long time. Perhaps, you can rise up to the occasion and lead the Three Realms! It would greatly benefit

our Ancient Netherworld Divine Nation!” An elder of Ancient Netherworld Divine Nation said as they held a meeting right after their Holy King broke through to Divine King stage.

“What the hell are you all talking about! Divine King Tianyun has helped us all and now you want to throw away the peace that he build?” A figure suddenly appeared, and it was the annoyed Fan Xuexuan!

“Princess! We didn’t mean it like that! It’s a mere suggestion that’s all! Divine King Tianyun has been away for a long time, perhaps the Three Realms needs a new ruler until he returns.” The elder said slyly.

“No! Divine King Tianyun would certainly make his return! The looming danger of the Evil Spirit Race isn’t over, he will return to protect us!” Fan Xuexuan said as she glared at the elders.

Many elders just shook their heads as they understood that Fan Xuexuan wouldn’t change her mind. However, The Ancient Divine King also promised to return if the Evil Spirit Race came to attack the Three Realms, but they never did!

It was not that they didn’t believe Yi Tianyun would return, but there was no proof that he would return!

“We have nothing else to discuss regarding this topic anymore! We only have to manage our Ancient Netherworld Divine Tower to the best of our abilities. Leave Heavenly Clouds Divine Nation for managing the rest of the realms! We only have to help in case of danger! It is that simple!” The Holy King of Ancient Netherworld Divine Nation said solemnly.

The elders all nodded in understanding. They knew that they didn’t have the right to make the decision, and there was no need for them to insist on their idea anyway. But as they were about to wrap up their meeting, the sky turned dark and terrifying power could be sensed coming from the sky!

The sturdy shield that protected the Ancient Netherworld Divine Tower was almost broken from the intensity of the power that it tried to block! The cultivators that stayed inside the Tower immediately rushed out of the tower to check what was happening. They immediately noticed a few Spirit Ships that Evil Spirit Race used as a transportation!

The Evil Spirit Race definitely has returned!

Shi Xueyun also came out of the Imperial Palace to see the situation and they saw the Spirit Ship emerging! Shi Xueyun and several other Elders immediately crushed their Jade Pendant as a preparation to fight the Evil Spirit Race! They have been preparing for this day for so long, it was their time to defend their territory!

The same could be said to Ancient Netherworld Divine Nation too! The tremble that they felt from the ground meant that the enemy managed to infiltrate their own territory, the Ancient Netherworld Divine Tower itself!

Once the Evil Spirit Race cultivators jumped out of their Spirit Ship, Fan Hongde immediately rushed out and struck the Saint King cultivators that came his way. The Evil Spirit Race that came out weren't that strong compared to Fan Hongde as they were only at the Saint King stage cultivation at best, but their number was still too many for Fan Hongde to deal alone!

After a while, hundreds of Divine King Stage cultivator disembarked from the Spirit Ship, but that was not all! Fan Hongde also felt a terrifying and disturbing power from each of the Spirit Ships, which meant that a Divine King stage cultivator wasn't the strongest cultivator that the Evil Spirit Race brought to invade the Three Realms today!

Fan Hongde trembled as he felt the terrifying power from the Spirit Ships began to intensify. He knew that there was absolutely no chance for him to win against the source of that terrifying power! There were people that say that Fan Hongde should unite the Three Realms under Ancient Netherworld Divine Nation's name, but after witnessing such a terrifying power, Fan Hongde knew that it was ridiculous for him to ever think of such a thing!

Unifying the Three Realms was just a dream! No wonder every single Divine King in the past chose to leave the Three Realms!

"Oh, I didn't expect this place has a Star Monarch Expert, but I believe that a Heaven Monarch Expert should exist too, right? Otherwise, our troops in the past wouldn't be annihilated from just this much!" A figure said as he made his entrance from inside the Spirit Ship. His aura was terrifying, and his appearance too is terrifying as he had twelve arms coming out of his body.

His cultivation was at the Heaven Monarch stage, and the other two ships also had a Heaven Monarch Expert in them, which meant there were three Heaven Monarch stage cultivators invading the Three Realms right now!

Rather than invading a small realm, this looked more like the attempt to dominate the entire realm itself!

“Why should we come here again? This place is only teeming with the trash Human Race, it can’t be hard to deal with!” The Heaven Monarch said with disgust in his eyes. He didn’t even consider Fan Hongde that was right below him as he couldn’t care less about a single Star Monarch expert!

Chapter 967

Everyone in Mortal Domain was obviously too weak for a Heaven Monarch Cultivator that they didn’t even notice their presence! They immediately ordered their soldiers to bombard the shield that protected the Three Realms and suddenly, a horde of experts rushed down and pressured the shield like paper!

The protection that the Three Great Divine Kings erected and reinforced by Yi Tianyun was blasted away! The Ten Stars and Ancient Netherworld Divine Tower couldn’t do much as this time, a Heaven Monarch spearheaded the invasion!

Fan Hongde found himself in a pickle as he could feel his body suddenly froze on the spot. He still wanted to fight and kill as many enemy as he can, but his body wouldn’t even budge!

“What did you do to me? if you don’t want me to fight, then kill me immediately!” Fan Hongde shouted frustratedly as he wasn’t afraid of dying. He thought that he could protect the Three Realms better once he broke through to Divine King realm, but that sounded like nothing but a dream!

“Kill you? Why would I do that? We want to see how things go first. We already sent so many troops, but none of them gave any good result! Is there any God Domain that helped you?” The Heavenly Monarch said coldly.

“We should wait! Is there any Heaven Monarch or a powerful Earth Monarch hiding in this planet? Because there is no way the troops we’ve sent would be decimated that easily!” Heaven Monarch Shi Jialong said casually.

“I’ve just checked this small planet, and the strongest cultivator here is only a Star Monarch!” Another Heaven Monarch said as the eyes on his forehead were already opened.

These Three Heaven Monarch belonged to the Evil Spirit Race Destroyer Unit. They were tasked to invade as all the previous invasion ended in failure, yet now they saw that there was no cultivator worthy of their attention here. But they couldn't go back just because of that reason as their boss already ordered them to conquer this planet, and thus they had to complete the task at hand!

"The strongest cultivator is only at Star Monarch stage?" the other two Heaven Monarch cultivators immediately frowned as it clearly didn't make any sense!

"Hey, did someone help you during our previous invasion? Which faction is it?" one of the Heaven Monarch asked coldly to Fan Hongde.

"I don't know what you are talking about!" Fan Hongde said solemnly.

"You don't know? Well, if that's the case, then you don't mind if we use Soul Search on you, right? It would prove that you aren't lying!" The Heaven Monarch cultivator who asked the question earlier said with an evil smirk on his face.

They clearly didn't care whether Fan Hongde tell the truth or not as they could just use the Soul Search and everything would be unveiled. But after hearing the Heaven Monarch's word, Fan Hongde began to struggle. He didn't want to be Soul Searched and if he could kill himself right now, he would rather do so to prevent leaking any unnecessary information.

He didn't want to disclose any information regarding Yi Tianyun. He knew that the Three Realms still had a fighting chance as long as Yi Tianyun returned! He couldn't mess up by letting the enemy know about Yi Tianyun too quickly!

"Do you want to commit suicide? Did you think it's possible with us around?" The Heaven Monarch expert said mockingly to Fan Hongde.

Fan Hongde gritted his teeth as he could only look at the Evil Spirit Race cultivator in front of him with contempt. The only thing he could do right now was bite his tongue off, but it wouldn't kill him in an instant!

“What can I do to escape this fate? Am I just going to let these bastards destroy the Three Realms?” Fan Hongde said to himself with a sad expression. He already spent so much resources and time to cultivate the best he could, but it was all useless!

Meanwhile in Heavenly Clouds Divine Nation, an Eagle squawked loudly from inside the palace and rushed straight towards an Evil Spirit Race cultivator that came. Everyone was startled as the Eagle rarely moved. It always slept when it was full and only woke up to eat again. It never listened to anyone, not even Shi Xueyun!

Heavenly Clouds Divine Nation just took care of it as they knew that Yi Tianyun was the one who left it behind. But now, it suddenly attacked the invader without any command?

“What is that Giant Eagle doing?” Shi Xueyun was confused. But the more embarrassing thing happened after. The Evil Spirit Race grabbed the Giant Eagle and immediately swallowed it, killing the Giant Eagle without so much of an effort.

“How dare they!” Shi Xueyun said coldly. Her cultivation had already reached the Saint King Stage, so going up against a Saint King Expert wouldn’t be a challenge for her! At the same time, a group of Demon Beasts that Yi Tianyun once tamed charged towards a group of Evil Spirit Race cultivators.

These Demon Beast’s cultivation was at Saint King Peak Stage, but because they were too far from Yi Tianyun, they couldn’t gain any shared Experience from Yi Tianyun. If the distance wasn’t limited, these Demon Beasts cultivation would’ve already reach the Earth Monarch Stage, the same as their master.

“Look at those low-level Demon Beasts, aren’t they cute!” The Evil Spirit Race said mockingly as they laughed out loud. They nabbed any Demon Beast that came near them and swallowed them whole. There was no room for counter attack at all!

“Die!” Shi Xueyun shouted as she split a Saint King Stage Evil Spirit Race cultivator in two. Her clothes fluttered gently, revealing her pregnant belly slightly. It has been a few years since Yi Tianyun left, but she didn’t want to give birth just yet. She wanted to give birth with Yi Tianyun around, but now, she had to postpone giving birth even further as she had to stop the Evil Spirit Race invasion first.

“I will eat you whole, troublesome woman!” Evil Spirit Race Demon God shouted coldly as he opened his huge mouth.

Shi Xueyun's complexion changed as she tried to attack the Demon God, but none of her attack could harm the Demon God. This was the gap of her current cultivation and the Demon God that has already reached Divine King stage, or Star Monarch stage in God Domain.

"Child, I don't think your father would be here to see you're born." Shi Xueyun said with a sad expression as she kept weaving around, avoiding the Demon God's attack.

"Oh, I am here!" A familiar figure appeared in the air, giving off a reassuring aura to everyone.

Chapter 968

Everyone obviously recognised the familiar figure in the sky that brought back hope for everyone!

"Tianyun, thank heavens!" Shi Xueyun said as tears rolled down her cheek, it wasn't a sad tear, but a tear of joy that she was finally able to see Yi Tianyun again!

Yi Tianyun had several ways of detecting danger in the Three Realms. The first one was obviously the Great Array that he set up outside and around the Three Realms itself, and the second one was the pets that he kept all over the Three Realms.

The pets he kept in the Three Realms wouldn't gain any Exp due to the distance between him and them, but if any of his pets died, he would be immediately notified by the system.

It was the same system that the Evil Spirit Race shared as they were immediately notified once Demon God Long Yue met his demise.

This was also the reason why the Giant Eagle earlier chose to commit suicide by rushing toward the enemy. This was Yi Tianyun's order for the Giant Eagle! Although he had to sacrifice his pet, it wasn't in vain if it were in exchange for the safety of the Three Realms!

The result was obvious. He felt the danger from the Divine Temple of Life, and thus why he quickly used his Teleportation Stone! He realised that would attract unnecessary attention later, but the safety of the Three Realms came first.

Fortunately for Yi Tianyun, it didn't even take a minute to set up the Teleportation Stone, and he could arrive safely in the Three Realms right on time.

"I will handle this, protect yourself." Yi Tianyun said as he released some of his aura to protect Shi Xueyun.

"You are dead!" The Evil Spirit Race's Demon God attacked him immediately without even assessing the new foe. They didn't even show any hesitation in attacking a cultivator that suddenly appeared out of nowhere!

"Scram!" Yi Tianyun said as he released some of his power, which instantly burned the Evil Spirit Race into dust! The Evil Spirit Race that saw the scene were all stunned beyond belief as their Demon God was killed in one hit!

"Equip, Sword Saint Suit!" Yi Tianyun said as he immediately activated Sword Saint Suit's effect. He immediately controlled tens of thousands of Sacred Tool weapons and pointed them at the Evil Spirit Race cultivators.

"Die!" Yi Tianyun said as he bombarded the enemy with barrages of Sacred Tool. The Evil Spirit Race cultivator stood no chance as they were easily killed by Yi Tianyun's attack! They became Yi Tianyun's Experience, even though it wasn't enough to level him up again.

Due to his recent breakthrough, Yi Tianyun's power was overwhelming! Even if he only used a Sacred Tool weapon, it was enough to kill the Demon Gods.

But of course, Yi Tianyun already used his Exp Card to enhance the amount of Exp he got.

'DING!'

'Successfully killed Evil Spirit Race cultivator (2nd Layer Star Monarch)!'

'Reward: 36,5 billion Exp, 7,8 million Cps, 100.000 Sps, Evil Spirit Soul, Evil Spirit Blood, ...'

‘DING!’

‘Successfully killed Evil Spirit Race cultivator (3rd Layer Star Monarch)!’

‘Reward: ...’

Nevertheless, Yi Tianyun was satisfied with the amount of Exp he got.

“As usual, Evil Spirit Race never lets me down when it comes to Exp!” Yi Tianyun said, satisfied. The amount of Exp he got in Divine Temple of life was good, but it was boring! This was still the best way to cultivate, as far as he knew.

At this moment, killing the Evil Spirit Race was obviously a better choice compared to meditating beside the Core of Life as there were so many of them. Even so, Core of Life had its own merit, such as reinforcing his Core!

“Run for your life!” the Evil Spirit Race anxiously shouted as they saw the slaughter god! But it was useless! Yi Tianyun wouldn’t let any of them escape as he was determined to kill every single one of them that dared step foot in the Three Realms!

Yi Tianyun turned his attention to the Three Heaven Monarch Cultivators’ Aura that he sensed outside the Three Realms. He immediately rushed there and noticed that they had captured Fan Hongde. Yi Tianyun then enveloped Fan Hongde with his aura and dragged him over to safety.

The Heaven Monarch Cultivators were surprised by the sudden situation as they didn’t expect that they could lose their grip on Fan Hongde that easily.

“What is this? There is an Earth Monarch here?” The Heaven Monarch who scanned the entire Three Realms didn’t feel any Earth Monarch earlier.

“It seems your eyes are not as good as you said it was.” The other Heaven Monarch cultivator snickered mockingly.

“Three Heaven Monarchs? I have to say that they must’ve wanted the Three Realms for themselves so badly, huh?” Yi Tianyun said as he found out that the Heaven Monarch Cultivators were at the 2nd Layer Heaven Monarch stage!

Yi Tianyun knew that the 2nd Layer Heaven Monarch stage was already powerful enough, but he noticed that they breakthrough straight to the Heaven Monarch stage from the 7th Layer Earth Monarch stage.

Nevertheless, they were still much stronger than any cultivator in the Three Realms, and if Yi Tianyun didn’t return, the Three Realms definitely would fall! Now that Yi Tianyun was here, he would kill this Heaven Monarch cultivator quickly. His cultivation was now at the 5th Layer Earth Monarch stage, and he also activated his X64 Crazy Mode!

“Don’t you think you are a little outnumbered here? The three of us are at Heaven Monarch stage, and we also have a lot of experts here!” The Heaven Monarch said mockingly to Yi Tianyun. “We don’t even have to step in to crush you.” He added.

“That is true, it would take me quite a while to kill each one of you myself.” Yi Tianyun said with a smile on his face. “I just have to call over my people too.” Yi Tianyun said as suddenly a figure appeared beside him. That figure is Lei Zhengyu! He seemed a little bit confused by the whole situation as he found himself in an unfamiliar place.

“What is happening here, Boss Yi?” Lei Zhengyu asked confusedly. His cultivation was decent, and he should be able to deal with most of these Evil Spirit Race cultivators. Furthermore, Yi Tianyun could trust Lei Zhengyu as he had already become his Divine General!

Chapter 969

“Brother Lei, help me get rid of these people below us!” Yi Tianyun said as he pointed his finger below. Lei Zhengyu looked below and immediately saw the Evil Spirit Race. He already knew the depravity and atrocity that the Evil Spirit Race had committed, so he nodded without hesitation.

“No problem, Boss Yi, I will take care of these Evil Spirit Race!” Lei Zhengyu said without any hesitation.

Lei Zhengyu immediately flew to the Ghost Realm like a bolt of lightning and disappeared. One of the Heaven Monarch Cultivators tried to take Lei Zhengyu down with an attack that was even faster than Lei Zhengyu to intercept him, but Yi Tianyun moved even faster than that and blocked the attack.

“You Evil Spirit Race only send 3 Heaven Monarchs? You sure look down on our Three Realms too much! But I have to say that your effort is praiseworthy, but if you want to take our Three Realms, you need to send a cultivator a lot stronger than a Heaven Monarch!” Yi Tianyun said with a grin on his face.

“You think someone that strong would be needed to deal with you? It’s obvious that you are dreaming, brat! You won’t even be able to deal with the three of us!” The Heaven Monarch said coldly.

“Well, in my opinion, you are no better than trash!” Yi Tianyun said as he manipulated the Sacred Tool, sending them to Heaven Realm with his hand while mowing down the Evil Spirit Race in its path.

The Heaven Monarch cultivators were clearly annoyed by what Yi Tianyun did and created a barrier in the air, blocking the Sacred Tool that went toward the Heaven Realm. The cultivators below were surprised as the Sacred Tools suddenly stopped in the air.

There was no doubt in their mind that these Evil Spirit Race cultivators would be able to destroy the Mortal World if they really wanted to. They were all worried that Yi Tianyun would be in serious trouble by going against the three of them.

Shi Xueyun stroked her belly and gazed at Yi Tianyun in the sky. Although they hadn’t seen each other in many years, she felt relieved to see him again. But then again, she felt worried too as she had never seen someone this strong before! The enemy’s power this time was enough to make their bodies tremble.

“Your power is useless now that I already blocked them!” The Heaven Monarch Cultivator that blocked Yi Tianyun’s Sacred Tool said with a smirk on their face. But suddenly, Yi Tianyun appeared out of nowhere and burned that Heaven Monarch down, turning him into dust in an instant.

“Who said you could intercept my flying sword?” Yi Tianyun coldly said as he stood where that Heaven Monarch used to stand.

“God King Tianyun!” Fan Hongde said as he was shocked by Yi Tianyun’s power. His choice not to listen to the Ancient Netherworld Divine Tower’s Elder was correct, as there was no way he could compete with Yi Tianyun’s power! If he really tried to unify the Three Realms under his own name and drove the Heavenly Clouds Divine Nation to a corner, Ancient Netherworld Divine Nation would be reduced into debris as soon as Yi Tianyun returned!

Yi Tianyun resumed sending his Sacred Tools towards Heaven Realms, killing any Evil Spirit Race cultivator in its path. Thankfully, Yi Tianyun’s swift move saved a lot of lives and immensely reduced the casualties on his side.

The remaining two Heaven Monarch Cultivators were shocked as one of their own was killed so fast that they couldn’t even react.

“Are you the one who wiped out all of our forces in the past?” One of the two remaining Heaven Monarch Cultivators asked with a scared look on his face. They were on edge as they didn’t know what Yi Tianyun was capable of.

“Yes, you are correct!” Yi Tianyun said casually. “I gutted every single one of them like an animal they were. It seems our Core is quite attractive to you, huh?” Yi Tianyun said indifferently.

“Yes, you are right! This planet’s Core is wonderful! I admit that you’re quite skilled, but compared to our Evil Spirit Race, you are nothing! If you hand over the Core and join hand with us, I can arrange a new good planet for you to call home!” The Heaven Monarch said as he began negotiation with Yi Tianyun.

“A new planet for me to call home? I don’t think that kind of planet would have a core in it, do it? A useless planet that doesn’t have any value? Besides, I already said that no matter how often you come here to invade this planet, I will gut every single one of you without any mercy!” Yi Tianyun said with a cold smile on his face.

He knew that there were many larger planets outside, but these planets rarely had any core in them. A planet without any core was like a huge barren rock where nothing could grow at all! Yi Tianyun then disappeared from his spot and reappeared behind the two Heaven Monarch Cultivators while holding both of their heads.

The two of them screamed as Yi Tianyun channeled the Murderous Aura that he got from Slaughter God Tower back then. Both of their body gradually turned red, slowly affecting their sanity. This was the sign of Cultivation Deviation, no doubt.

One of the Heaven Monarch Cultivators began to attack Yi Tianyun, but he didn't use any martial arts or weapons. He just rushed toward Yi Tianyun like an animal. It was clear this cultivator had already suffered cultivation deviation!

There was no way a cultivator that had already lost their mind like this would be able to win against Yi Tianyun! A cultivator who didn't use their martial arts or weapons was no better than a mere animal!

Chapter 970

Fortunately for the other Heaven Monarch, he could still somehow resist the Murderous Aura and retain his sanity. Nevertheless, his partner, who was already affected, rushed towards Yi Tianyun like a fool as he didn't use any weapons or martial arts!

"Wake up!" Shakya, the Heaven Monarch who still retained his consciousness, said as he blasted a strong sound wave towards his partner, Shakyamuni. The Sound Wave hit Shakyamuni directly in the head, and his red eyes gradually turned back to their normal color.

Yi Tianyun was a little bit surprised as he didn't expect the Evil Spirit Race could deal with his Murderous Aura. However, it didn't really matter for Yi Tianyun! With the Sky Dawn Divine Spear in his hand, he would kill these Heaven monarchs in a second!

He disappeared and reappeared again in a split second beside Shakyamuni, who had just regained his consciousness. Yi Tianyun speared his head, killing him instantly.

'DING!'

'Successfully killed Shakyamuni of the Evil Spirit Race!'

'Reward: 637 billion Exp, 1 million Cps, 1.7 million Sps, Evil Spirit Soul, Evil Spirit Blood, Evil Spirit Bone, Evil Spirit ...'

He got a lot of Exp in an instant, but it was no surprise as his enemy was a Heaven Monarch! Furthermore, he had already used the Exp Card! Yi Tianyun was tempted to just go straight to Evil Spirit Race's ancestral land and decimate them now if they gave such a massive Exp like this.

"Shakyamuni!" Shakya shouted while gritting his teeth in anger. His brothers were killed in front of his eyes with ease. He just couldn't stand the audacity of this human cultivator!

"Don't be sad, you will meet him again very soon!" Yi Tianyun said with a smile on his face.

"I swear even if I die here, our Evil Spirit Race will bring destruction to your world and crush you along with it!" Shakya said while glaring at Yi Tianyun.

"Oh, wow! I am scared! Well, if that's the case, then bring it on! I will destroy every invader that comes my way! Our Three Realms never bothered you in the first place, but time and time again, you attacked our home! Now, you will be nothing but prey for me!" Yi Tianyun said with a cold smile on his face.

"You are dreaming, human! Even if you cultivate for 10.000 more years, you still won't be able to catch up with our Evil Spirit Race!" Shakya said as he condensed his aura inside his body, releasing his true power.

"It doesn't matter! Even if I can't deal with your Evil Spirit Race immediately, I will keep pestering you until I can destroy you all! I will kill as many of you as I can!" Yi Tianyun said coldly. Yi Tianyun was already determined to destroy the Evil Spirit Race, so he wouldn't show them any mercy.

Shakya frowned as he too realised that Yi Tianyun would be a big problem for the Evil Spirit Race. a cultivator that was able to kill a Heaven Monarch cultivator so easily would certainly be a thorn in Evil Spirit Race's path.

"Then I will have to kill you by my own hands!" Shakya shouted as he manipulated his aura to surround Yi Tianyun's body. Yi Tianyun immediately felt that his body was consumed by a dark hole as his surrounding turned black. He felt like the whole space itself was about to collapse on him!

But Yi Tianyun knew that the Three Realms couldn't withstand this kind of energy and would be in danger right if this kept up!

Fierce attacks hit Yi Tianyun's body as he tried to break free from Shakya's power and the dark aura never ceased to keep him inside Shakya's power!

"You idiot! Do you think that we would join hands with you? When you killed my brothers, you already signed your death contract!" Shakya shouted angrily. Shakya's word earlier was just to distract Yi Tianyun so that he could stab him in the back later. Unless Yi Tianyun's cultivation base was really at the level where the Evil Spirit Race deemed him dangerous, then the Evil Spirit Race would never recruit that person!

"Divine King Tianyun!" the people below were all very worried about Yi Tianyun's safety. They saw that Yi Tianyun was in grave danger and didn't know how he would escape this one.

"Destroy!" Yi Tianyun said within the darkness, and suddenly, the dark void that trapped him was torn open! The darkened sky from the effect of Shakya's aura power was instantly gone while Yi Tianyun's figure appeared in the sky once again. He didn't receive any injury at all, but now his body was covered by red dragon scales!

But if they looked closer at Yi Tianyun, they would notice that it wasn't exactly red dragon scales, but more like a thick red spearhead that covered Yi Tianyun's entire body.

"Is that all you got? If this is the best you can do, I can crush your ancestral land tomorrow!" Yi Tianyun coldly said as he looked down on Shakya.

"Impossible!" Shakya couldn't believe what he saw just now. He had already exhausted his energy, but it couldn't even make a dent in Yi Tianyun's armor!

"I hope there is someone from your Evil Spirit Race that's worth my time next. This is too easy!" Yi Tianyun mockingly said before throwing the Sky Dawn Divine Spear in his hand like a javelin.

The spears flew while emitting a soothing brilliant light. It was surely different than Shakya's attack earlier that felt like the end of the world!

Shakya wanted to say something, but it was already too late! He could only see the white light covering his vision before he disappeared without any trace!

He wanted to say that Yi Tianyun wouldn't ever be able to deal with Evil Spirit Race, but obviously, Yi Tianyun didn't want to hear anything Shakya had to say. Now, Shakya was dead, signing another failure in the Evil Spirit Race's record!
