

Life Changing 151

Chapter 151 The Outcome

“Y... you also have my word.”

What Xu Xue Ning had just said brought Qi Huang back to his senses. He quickly nodded in agreement. His voice was still a little shaky when he talked.

“If you can cure my father, I’d do anything you ask,” Qi Huang said. His facial expression was dead serious.

From what he said, it could be heard that how he referred to Bai Chen had changed from ‘this man’ to ‘you’. Xu Xue Ning’s words were definitely the reason.

However, that was not the only reason. Another reason was that Bai Chen had announced that he was going to cure his father, Qi Wang Fu.

“Good.” Bai Chen nodded once. He only wanted Qi Huang and Xu Xue Ning to keep whatever was about to happen in this room a secret.

If what was about to happen in this room was talked of, there would surely be chaos!

The existence of the ten-year elixir would absolutely cause catastrophe. Everyone wanted to have a long lifespan to live as long as they could in this world.

About the condition that Qi Huang had mentioned, he did not pay attention to it at all. He simply wanted to complete the mission that he had gotten from the Life-Changing System.

Xu Xue Ning stood still. She watched Bai Chen with a complicated look in her eyes. The excitement began to show itself in her mind. She wanted to know what Bai Chen would do to cure Qi Wang Fu.

It was actually not only her, but Qi Huang was curious about it too. Nervousness and hope slowly appeared in his heart.

At the same time, he was also praying. He prayed that Bai Chen could finally help his father.

Bai Chen stopped paying attention to the other two. His eyes moved to the body of Qi Wang Fu, who was lying on the hospital bed.

He looked at the elderly man for a moment before stepping over to stand next to the bed. While doing that, he took his hand out of his pants pocket. A small transparent bottle appeared in his hand.

In that transparent bottle, the sparkly light blue liquid could clearly be seen.

Xu Xue Ning’s beautiful eyes could not help but slowly widen as soon as the transparent bottle with that pretty light blue liquid was in sight.

The only thing she could do was try to figure out what it was, but what captivated her was actually its beauty.

‘Maybe that can extend the lifespan?!?’

Xu Xue Ning could not help but think this. She had already checked Qi Wang Fu's pulse, and it was obvious that he was not suffering any fatal illnesses. His lifespan was just slowly coming to an end.

Certainly, normal people would not be able to tell that someone's lifespan was about to run out.

However, Xu Xue Ning was a cultivator. It was not difficult for her to check people's lifespan by letting her spirit qi run through an inspection of their bodies. Qi Wang Fu was a good example of this.

She knew that Qi Wang Fu's lifespan was about to end. It was only natural to think she would know what Bai Chen had taken out of his pants pocket was going to increase a lifespan.

If it was not what she thought it was, the situation was hopeless for Qi Wang Fu. It was impossible.

Xu Xue Ning was not really surprised about things that could extend the lifespan because cultivators had longer lifespans than normal people anyway. They had help from pills that were extracted from rare and valuable herbs.

However, those lifespan-extending pills could not be used with normal people. If anyone other than cultivators took the pills, what awaited them would be death!

Their bodies would surely explode into bits and pieces!

It could be seen that it was deadly for normal people to take a cultivator's life-extending pills.

'Can this extend the life of normal people?'

Xu Xue Ning's sight never left the transparent bottle in Bai Chen's hand. She looked at it with a pounding heart. If what he was about to use to cure Qi Wang Fu could actually extend the life of normal people, it was much too shocking.

Come to think of it, she had always known it was not entirely impossible because, for her, Bai Chen was a Legendary Realm cultivator!

As always, Xu Xue Ning did not realize that she was actually overthinking things. Of course, Bai Chen was not a Legendary Realm cultivator or anything like that. He was only a normal man.

As for Qi Huang, he was also looking at the transparent bottle that Bai Chen had taken out of his pants pocket. What he was thinking was no different from Xu Xue Ning.

He thought that maybe the liquid inside the transparent bottle could extend its lifespan. Judging from this thought, it could be said that Qi Huang was not at all a foolish man.

He would not have been able to guess that the thing that was pulled out of Bai Chen's pants pocket was going to extend life if Xu Xue Ning had not told him that Qi Wang Fu was about to die due to it being the end of his lifespan.

'Please work!' Qi Huang prayed in his heart.

Bai Chen opened the transparent bottle, paying no attention to how Xu Xue Ning and Qi Huang were feeling.

A strange fragrance rose from inside the bottle and quickly filled the room.

‘This smell...’ Bai Chen could not help but deeply inhale the odd, sweet smell that surprisingly refreshed him.

It was not only Bai Chen who inhaled deeply, Xu Xue Ning and Qi Huang did the same thing. Both of them could not help but be amazed by it. Maybe they did not think that the beautiful, sparkly light blue liquid would produce such a lively scent.

Bai Chen continued to enjoy the sweet fragrance for a while, then quickly turned to Qi Wang Fu. Even though he somewhat regretted it, he had no choice. It was his mission after all.

After he had poured the ten-year elixir into Qi Wang Fu’s mouth, he put on the lid and put the bottle back into his pants pocket.

“H... How is it?”

Qi Huang was nervous. He quickly asked Bai Chen this after seeing that his father had already drunk the liquid inside the bottle.

Bai Chen did not reply. He stood still and waited for the result.

While he was standing there, he saw Qi Wang Fu’s eyelids starting to move and slowly open up.

At first, the elderly man’s eyes were quite lifeless. Then, they immediately came to life and were full of energy once again when they were fully opened!

You could say that the outcome of the ten-year elixir had been revealed!

Chapter 152 Need Nothing In Return

“F... Father!”

Having seen Qi Wang Fu open his eyes, Qi Huang could not help but shout out with surprise and joy.

He felt that what he was seeing was comparable to a great miracle. No, it should be called something beyond a miracle!

He almost did not believe that what he was seeing was real. However, what he was looking at right now was more than enough proof.

Qi Huang quickly walked up to the side of Qi Wang Fu’s bed.

When he reached the side of the bed, tears suddenly ran down his face. It was obvious that his love for his father was tremendous, even though he was already an old man.

“How are you feeling, father?” Qi Huang asked with concern in his voice while holding Qi Wang Fu’s hands.

There were no words from Qi Wang Fu’s mouth.

It was not surprising, though, because he had been sleeping for almost a year. He did not have any energy to even speak. All he could do was look at his son, confused.

Soon after, the confusion turned into gentleness. Even though he had no clue what had happened to him, he still remembered very well that he had been out playing with his adorable grandchildren, Qi Huang’s children, before he blacked out.

“As expected of you, Elder Chen Bai.”

After seeing everything, Xu Xue Ning let out a sigh with excitement. Finally, what she was thinking had turned out to be real. That beautiful, sparkly light blue liquid was really a life-extending elixir for normal people.

As for Bai Chen, even though he was not as emotional about it, he still thought everything that he received from the Life-Changing System to be astonishing. While he was thinking this, a sound rang in his head along with the appearance of a translucent window.

Ding!

[Mission Complete!]

Mission 22: Change someone's life (Success)

Reward: You have received 50 points and the opportunity to receive special skills or items at random!

Bai Chen looked at the mission-accomplishment window in front of him; his lips curved into a faint smile. He had received as many as 50 points from this mission, which was half of a hundred points.

What he was thinking right now was that he had already received 80 points, and only 20 more were needed to reach level 5. He would then have two opportunities to receive items or skills at random.

The two opportunities he received were from the past Mission 21 and 22.

His heart was filled with happiness. He closed the mission-accomplishment window that had popped up and was about to go back and look at the next mission that awaited him and the two opportunities that he possessed.

“Let me introduce you to this man. His name is Mr. Bai Chen...”

While Bai Chen was about to leave, Qi Huang told his father about how he had saved his life.

After hearing the story from his son, Qi Wang Fu's withered body began to tremble. The corners of his mouth seemed to be trying to say the words 'thank you'.

His eyes, filled with gratitude, looked straight at Bai Chen. Even though he still thought that Bai Chen was only a young man, he believed his son without hesitation.

As to why he believed him without any conditions, it was because Qi Huang was his son. The proud son that his beloved late wife had given birth to.

“Mr. Bai Chen, I'm truly grateful for what you did. Whatever you would like, please feel free to make a request, and I'll do everything in my power to make it happen.”

Qi Huang, after restraining his joy, quickly expressed his gratitude towards Bai Chen. His way of talking seemed to be even more polite. His forms of address had become politer.

In his eyes, anyone could easily tell that he was seeing Bai Chen as someone who had done him such great favor that he could not ever repay it.

Qi Huang was one of the ten most influential generals in the army. Of course, he knew that the thing Bai Chen had just used to save his father's life was priceless and that he could not possibly repay this favor.

Because he would not be able to find a life-extending elixir anywhere in his lifetime.

Actually, Qi Huang had just realized that the elixir even existed. It was not just a myth or something made up in a drama.

Qi Huang realized the value of the ten-year elixir; that was why he did not hesitate to offer Bai Chen anything he wanted.

"I don't need anything in return," Bai Chen said.

He really did not need anything in return. He was simply doing missions that the Life-Changing System had asked him to do.

"That's just..." Qi Huang was speechless for a moment. He did not expect Bai Chen to reject the offer. He was about to convince Bai Chen to accept it. Qi Huang would feel bad if he did not do something for him in return.

However, before he even begin to say anything, Xu Xue Ning suddenly spoke up. "Uncle Qi, if he says he doesn't need anything, just do what he says."

Xu Xue Ning thought that refusing a cultivator as strong as Bai Chen was impolite. It would be chaos to this world if he ever got angry.

Because of this, she did not hesitate to interrupt to surreptitiously inform Qi Huang of this.

Qi Huang was feeling uncertain, but he did not dare to insist. From what Xu Xue Ning had said, both before and just now, including the fact that Bai Chen possessed a ten-year elixir, everything had proven that Bai Chen was not a normal man. He might be even greater than the five most influential families in Beijing.

It was more trustworthy because Xu Xue Ning, a member of one of the five most influential families, did not dare to be impolite to Bai Chen.

"Understood. If you want anything, please don't hesitate to contact me."

Qi Huang said this while offering Bai Chen his name card. He did not want to ask about how many years the elixir had added to his father's life. No matter how much longer his father lived with him, it would be much better than losing him now anyway.

Bai Chen looked at the name card, and he could not help but be stunned. It was an official name card... General Qi Huang!

An army general!

At that moment, he finally understood why the penalty for failure of this mission was that he would never live a happy life. Making an army general mad was definitely something that would make him miserable for life.

Bai Chen put away the name card and excused himself to leave.

Qi Huang wanted to treat him to a meal to show his gratitude, but Bai Chen rejected the offer. He left the hospital room, thinking that he wanted to go back home to prepare for the field trip to He Ling beach.

However, before he took his leave, Xu Xue Ning rushed out of Qi Wang Fu's room after him.

“Elder Chen Bai, please wait.”

She asked him to stop. The words she used were like that because no one else was around

Chapter 153 The Conversation

“Elder Chen Bai, please wait.”

Bai Chen could not help but stop walking after hearing Xu Xue Ning's words. He looked back at her.

Today, her hair seemed to be covering her beautiful face well enough that it did not make his heart race like when it was not.

“What is it?” he asked her with a calm voice, thinking that she should not be saying things like that in such a public place. People could easily assume she was crazy.

“Please talk normally. You can just call me Bai Chen.”

He said this out of concern. He was not an Elder in the first place anyway.

He was merely a normal person. The reason why he did not tell her the truth was because he did not want to disappoint her, and it might also bring some trouble to him.

That was why he still kept the truth to himself.

“I... understand what you mean. I'll do as you suggest,” Xu Xue Ning said. She did not explain that she spoke the language of the cultivators with him because no one else was around.

The reason for not explaining was easy. She thought Bai Chen would have guessed it anyway. He was only saying that because he was concerned about her.

Xu Xue Ning felt gratitude in her heart and thought, ‘As expected of Elder Chen Bai. He is so cautious.’

“So, what is it?”

Bai Chen did not want to waste time in the hospital any longer, even though a beautiful woman was standing in front of him.

It was true that Xu Xue Ning was the most beautiful woman that he had ever met in his life, and he felt quite flustered because of her.

However, he already had Li Lin in his heart, and he knew that Xu Xue Ning lived in a different world, like Long Xu In did. Thus, he did not think of her as anything more than a friend.

Xu Xue Ning could not help but go silent when she heard Bai Chen's question. Actually, she did not have anything to say to him.

The reason why she had run out of the hospital room after he was because of her mixed emotions. She could not interpret her feelings towards Bai Chen at all.

However, she already knew that her feelings had changed to this because of what Zheng Fang had said.

It had begun since that day. The day Bai Chen had rescued her sect from Taiyang the Stange, the Sky Soaring realm cultivator.

Bai Chen looked at Xu Xue Ning in confusion as she had gone silent and not replied.

Suddenly, he just realized that what she was wearing was a doctor's gown. Wasn't it?

"Are you a doctor?" he could not help but ask.

Xu Xue Ning, who had been quiet for some time, was brought back to her senses. She nodded slowly and said with a trembling voice, "Ah... yes."

Then, her brain started to function very quickly, thinking about what Bai Chen had asked her about twice before this. Her dazzling eyes wavered a little, revealing that she was using all of her energy to find the answer.

She was lost in thought for only a moment and finally came up with not only one but two answers. Xu Xue Ning quickly spoke up.

"I told you to stop because I'd like to ask you about what you used to cure Grandfather Qi."

"You mean the life-extending elixir?"

Bai Chen already knew that she would ask about it. It should not have existed in this world as it was what everyone would want. It was a miracle. It extended the human lifespan!

Who in this world would not want to live a long life? That was why everyone in the world would want it!

Bai Chen, too, wanted to have it. Otherwise, he would not have regretted it so much when he'd used the elixir on Qi Wang Fu.

Xu Xue Ning nodded in agreement. She had not expected any sort of detailed answer to what she had asked anyway.

Because she knew full well the value of the life-extending elixir.

And it was just as she'd thought.

“I accidentally got my hands on this life-extending elixir,” Bai Chen said. He chose to lie to her. The Life-Changing System was not something to talk to others about anyway.

“I understand.” Xu Xue Ning nodded. “Could you please give me an opportunity to treat you to a meal? You went so far as to sacrifice that valuable elixir to help my grandfather.”

This was the second thing that Xu Xue Ning had thought of. It actually should have been brought up first because she was the one who had asked for Bai Chen’s help in the first place.

Even though the help was actually a mission given by the Life-Changing System that he had to complete.

Because Xu Xue Ning was in a hurry, she talked about the elixir first. However, no matter which one came first, it did not matter at all to Bai Chen. He did not even pay attention to the fact that she was asking for help.

As to why he did not care, the answer was easy. It was merely a mission that he had gotten from the Life-Changing System.

So, why did he have to care?

But as Xu Xue Ning seemed to be interested in treating him to a meal to show her gratitude, Bai Chen thought that it would be too unkind if he denied the offer. Thus, he finally nodded. “Okay.”

“Thank you very much.” Even though Xu Xue Ning was an elegant and composed woman, she could not help but feel excited when he accepted the offer.

Why would she not be? Having an opportunity to dine with a Legendary realm cultivator like this was a true honor for a lowly cultivator like her.

Other than that, she also thought that maybe he was actually interested in her.

“Where are you going to take me?” Bai Chen asked.

Xu Xue Ning was lost in thought for a moment. “Can it be at my house? Er Er also wants to see you...”

Her voice was soft and clearly uncertain.

The reason why she acted that way was because of Bai Chen. She was not sure if what she was doing was too forward or inappropriate, inviting him to her home like this.

Bai Chen could not believe what he had heard. He did not think she was actually inviting him to eat at her house.

He hesitated and thought about it for a moment, whether it was appropriate for him to go. Then, he thought about Er Er whom Xu Xue Ning had mentioned. He could not help but think that he wanted to see her because he was actually fond of that little girl.

The reason was easy. The girl was cute and cheerful. She could make people happy just by looking at her.

“No problem,” Bai Chen answered.

“Thank you very much.” She thanked him, feeling amazed and excited.

Together, they left the hospital to go to Xu Xue Ning’s house.

Chapter 154 Xu Xue Ning’s House

It had been about thirty minutes since Bai Chen had left Xing Zhou City hospital with Xu Xue Ning.

Now, he was sitting in Xu Xue Ning’s luxurious Mercedes-Benz.

She was sitting in the driver’s seat, taking him to her home.

As it had already been thirty minutes, Xu Xue Ning’s house was definitely quite a long way away from Xing Zhou City hospital, otherwise, they would have reached her house by now.

However, although we were not yet there, the house was not too far away anymore.

While they were sitting in the car, Bai Chen did not talk to Xu Xue Ning at all. He had only been looking out the window of the Mercedes-Benz.

The reason was, of course, that he did not have anything to say to her. However, that was definitely not the only reason. The other was that he did not dare to look at Xu Xue Ning directly as her appearance was much too flawless and dazzling.

She was not in her doctor’s gown anymore, which allowed him to clearly see her figure. Even though her tight-fitting clothes covered most parts of her body, they still could not hide her gorgeous proportions and beauty.

For example, her breasts, which were quite big, and her incomparably stunning face—how could he not be tense to the point that he had nothing to say to her?

Xu Xue Ning did not wear a surgical mask to hide her face anymore. Therefore, it allowed Bai Chen to see her angelic face.

Xu Xue Ning usually hid her face under her surgical mask, especially when she was with men. Other than her father and grandfather, she rarely showed her face to any men.

As for women, she only showed her face to family members, those in her sect, and her acquaintances.

It was obvious that she did not think of hiding her face from Bai Chen. As for the reason why only Xu Xue Ning herself knew.

While he was looking out the window, Bai Chen could not help but deeply inhale Xu Xue Ning’s unique and sweet fragrance once in a while.

The smell made Bai Chen’s heart race. He felt strangely refreshed. That was maybe one of the reasons why he was so tense.

As for Xu Xue Ning, her feelings were different from Bai Chen's. Even though she did not say anything along the way, all she felt in her heart were complicated feelings. The same feelings as before.

However, this was not the reason why she was so focused on driving without conversing with Bai Chen.

The reason was none other than she did not know what to talk about with a magnificent Legendary realm cultivator.

The excitement that she felt after she had invited him to her house had decreased drastically and had been replaced with complicated feelings.

But the complicated feelings did not last long as she shook her head to get rid of these feelings that were bothering her.

She thought that maybe she should think over her feelings later, while she turned the steering wheel to the right into the alley in front of her.

“Mr. Bai Chen, my house is near.” Xu Xue Ning talked with her usual angelic voice. The way she spoke was very polite.

Actually, she wanted to call Bai Chen ‘Elder Chen Bai’, but as she thought about what he had been telling her before, keeping it this way would be more appropriate.

“Mm-hmm...” Bai Chen answered softly, looking forward.

He was looking at a medium-sized house. It was actually pretty simple-looking, which was quite different from Long Xu In's or Li Lin's grand villas. There were several houses that looked the same as Xu Xue Ning's nearby.

Bai Chen was surprised. He did not think that she would be living in this simple-looking house. But once he thought about the Lunar Land Sect, maybe it was not that strange that she lived in such a simple house after all.

This was because the houses at the Lunar Land Sect and the pavilion were all simple-looking like this.

Xu Xue Ning drove towards the silver-coloured stainless steel gate. She took out a small remote control from the glove box. She pressed it once; a ‘beep’ sound could be heard.

The gate automatically slid open.

Even though he did not think deeply about it, Bai Chen was still surprised. He did not think that this simple-looking house would be equipped with such a high-tech mechanism.

Within minutes, Xu Xue Ning parked her car in a parking spot. It was not big and could only accommodate two cars at the same time.

After that, Xu Xue Ning led Bai Chen towards the house. She pushed the wooden door open with her slender hands.

Despite its adequate size, one could see a moderately-sized hall inside once the door was opened. There was furniture, essential housewares, and beautiful decorations.

In the hall, a middle-aged woman was standing there. Her face was gentle with not very many wrinkles on it. She was holding a tray with orange juice and cookies that were hot out of the oven.

“You have returned already, young mistress?” The middle-aged woman turned towards the door as she heard the sound of it and greeted Xu Xue Ning when she saw her.

The truth was, she already knew that it was Xu Xue Ning since she had heard the car engine rumbling onto the premises.

“I’m back, Auntie Yi.”

Xu Xue Ning looked at Auntie Yi, while politely inviting Bai Chen into her home.

The eyes of the woman who was called ‘Auntie Yi’ opened wide when she saw a man walking into the house. The tray with orange juice and cookies would have almost dropped to the floor if she had not been fast enough to steady it.

It was obvious that she was shocked. How could she not be? Her beautiful young mistress had come back home with a man. And this was the first time she had brought a man with her!

“Y... young mistress... This man is...” Auntie Yi gulped down saliva into her dry throat and posed the question.

Her mind was full of confusion and curiosity. She knew that Xu Xue Ning had never paid attention to any man before. It was impossible for her not to be curious and confused!

Chapter 155 Coincidence

Xu Xue Ning was indifferent to Auntie Yi’s shocked reaction because she had already predicted it. It was a big deal that she had brought home a man for the first time after all.

Therefore, it was impossible not to foresee Auntie Yi’s reaction. Actually, forget about bringing a man home—the number of men she knew was so few that she could count them on the fingers of both hands.

And those whom she was close enough to let into her house were even fewer. None, actually.

Since Xu Xue Ning had moved here to Xing Zhou city, she had never brought anyone home, not even women. This was maybe one of the reasons that she had already expected this kind of reaction and question from Auntie Yi.

Xu Xue Ning walked towards Auntie Yi. “This is a person to whom I owe a great deal of gratitude. Could you please bring the best tea that we have to the living room?”

Auntie Yi was still stunned. She did not expect her young mistress Xu Xue Ning’s man to be her benefactor. She started to control herself and carefully inspected Bai Chen from head to toe.

Once she had seen that he was just a young man aged around 18 to 20 years old, she let out a sigh. It looked like this man was really a benefactor to the young mistress.

She sighed because when she saw Xu Xue Ning with Bai Chen, not only had she been surprised, confused and curious, but there was also another thought that had come along with it.

The thought of how the man the young mistress had brought back with her... was actually her boyfriend!

But now that she knew that he was not, how could she not let out a sigh? Xu Xue Ning would turn 25 years old this year. It was only normal that Auntie Yi, who had been taking care of her all this time, would be concerned about Xu Xue Ning's marriage situation.

‘Or is she going thinking of being single her whole life?’

She could not help but think this many times. She had even asked Xu Xue Ning's mother, her mistress, many times to find the young mistress a proper man to marry.

But every time she mentioned this to her mistress, the only answer she got was the mistress's great sigh.

It was obvious that even the mother could not do anything.

‘But to find a man that would be good enough to stand beside the young mistress's incomparable beauty is extremely difficult.’ Auntie Yi sighed once again before she nodded to acknowledge the request from Xu Xue Ning.

After that, she walked back to the kitchen with her orange juice and cookies.

“This way, please, Mr. Bai Chen.”

Xu Xue Ning looked at Bai Chen apologetically after seeing that Auntie Yi had already walked back into the kitchen.

The reason why she looked at him apologetically was that Auntie Yi did put her best effort into welcoming him even though she had already told her that he was someone she owed her gratitude to.

She could not just stand there without apologizing because, in her eyes, Bai Chen was a Legendary Realm cultivator.

Was that not noble?

Was that not powerful?

She knew it very well. He might be angry with what she said, but she still had to say it. The reason why she did not introduce him more properly was that he had told her to speak normally with him.

Speaking normally also meant behaving normally. There was no need to treat him like an elevated cultivator or anything.

Xu Xue Ning was aware of this. She understood that treating him the way she did in the cultivator world was not necessary here in normal society.

Of course, it was not her decision to treat him this way. It was his call. She was only doing what he wanted her to do.

However, once a Legendary Realm cultivator, always a Legendary Realm cultivator. It was only normal that she felt the need to apologize.

But Bai Chen did not think like Xu Xue Ning did. He did not give it much attention. He did not understand her apologetic gaze that was directed at him. He did not even ask about it.

He followed her to the house's living room, which was not too far away. Actually, it was less than ten steps away.

Xu Xue Ning opened the door to the living room and invited Bai Chen into the room politely like she had done when inviting him into the house.

Inside the living room, there were good quality and expensive-looking sofa, several beautiful photos of nature hanging on the walls, and a big TV screen attached to the wall.

There was a cartoon show with a fat orange cat playing on the screen.

Bai Chen halted his feet after following Xu Xue Ning into the room when he saw the person who was watching the cartoon.

Xu Er Er was watching the orange cat happily on the sofa. She was clearly enjoying it.

However, the person who certainly made Bai Chen halt his steps was not the cute little Xu Er Er, but the woman who was sitting next to the little girl on the sofa.

She possessed a beautiful face that was colder than any other person's. She was none other than Xu Xin Tong!

The Xu Xin Tong whom he had saved from an assassin last Saturday.

Bai Chen went silent. He had never expected to see her here. This was truly a coincidence, and a strange one too.

When he had seen Xu Xin Tong, he had thought that she looked a lot like someone he knew. He had not been able to figure it out at the time. However, at this point, it was impossible for him not to realize it.

Because Xu Xin Tong looked a lot like the person standing not so far from him, Xu Xue Ning!

If this was not a strange coincidence, nothing else was.

'It's possible that she's Xu Xue Ning's sibling or a relative,' Bai Chen thought, while also thinking that Xu Xin Tong probably could not remember him.

When he was helping her, he had been a middle-aged man of around 30 years old. That was him before he had traveled back in time.

Now that he was a young 18-year-old boy, he thought she should not be able to remember him. The reason why Xu Xue Ning had recognized that he was the same person as before was that she was a cultivator.

It did not seem like Xu Xin Tong was also a cultivator. This was Bai Chen's conclusion, and his conclusions were usually correct. Xu Xin Tong really was not a cultivator. She looked up at Xu Xue Ning, and then at Bai Chen.

Her cold, beautiful face suddenly gave way to a surprised facial expression. Her eyes looked fixedly at Bai Chen, while she was thinking that he looked like the man who had saved her from Hei Chang, the great assassin. Though the age was not correct, at the very least, they looked alike.

'Maybe he's that man's relative.' She could not help but think this.

Chapter 156 Misunderstanding

Xu Xin Tong's eyes were still fixed on Bai Chen because the image of her middle-aged savior was still imprinted on her mind.

She was quite certain that Bai Chen, the man who was with her sister right now, was a relative of the man who had saved her from the great assassin Hei Chang.

Xu Xin Tong did not think that Bai Chen was the son of her savior because their ages were not that far apart.

There was a greater possibility that Bai Chen was her savior's relative because they looked so much alike. One could say they looked almost the same, except for the age difference.

'Maybe this man is his nephew,' Xu Xin Tong thought.

She did not realize that she had misunderstood. Bai Chen was not the nephew of the man who had saved her from the great assassin Hei Chang that day—he was actually the man himself.

It was only natural that she could not make the connection that the two of them were the same person because of the age difference.

'Wait! You brought home a man?!'?

Suddenly, Xu Xin Tong seemed to realize that there was an even more shocking matter than Bai Chen maybe being a cousin or a nephew of her savior. Her facial expression showed more surprise than before.

One could say that it was actually additional surprises that she got after she saw that Bai Chen looked a lot like her saviour.

Her beautiful eyes widened. She could not keep her cold face any longer.

Her body trembled with alarm. It was rare for her to be like this. However, this time it was bound to happen because her sister who was more beautiful, perfect, and flawless than anyone in this world had just brought home a man!

Moreover, he was younger than her. No matter what the reason was, it was still surprising for her. This was the very first time Xu Xue Ning, her beloved sister, had brought home a man!

"Eh? Xue Ning's back?"

Xu Er Er, who had been happily watching TV without a care in the world, finally turned to her sisters when her cartoon when to commercial. She cheerfully greeted her eldest sister when she saw her.

Suddenly, her eyes moved to Bai Chen who was standing not so far from her eldest sister. Her big round eyes widened with joy.

“Wow! It’s big brother!” Xu Er Er laughed happily. She jumped down from the sofa and quickly toddled towards Bai Chen.

“You’re so mean, big brother. I already gave you my phone number, but you never called.”

Cute little Xu Er Er stopped in front of Bai Chen, puffed out a cheek, and put both of her small, delicate hands on her waist.

Bai Chen looked down at the pouting girl. She looked so adorable he could not help but smile. He totally forgot that Xu Er Er has put a piece of paper with her phone number in his hand so that he would call her.

He could not do anything but apologize. “I’m so sorry. I forgot all about it.”

“Hmph!” Cute little Xu Er Er pretended to be angrier. She puffed out both of her cheeks now, making her even more adorable. “I won’t forgive you!”

“Hey.” Seeing her little sister’s attitude towards Bai Chen, Xu Xue Ning softly lightly rapped her sister’s forehead “Behave yourself, Er Er.”

“Ouch! Big sister’s so mean. Help me, big brother,” cute little Xu Er Er cried while holding her forehead with both hands. She ran and hid behind Bai Chen and secretly stuck her tongue out at Xu Xue Ning.

Bai Chen could not help but smile widely. He could feel the warmth between siblings filling the space.

“You didn’t have to scold her,” Bai Chen said with a smile.

Xu Xue Ning nodded at his words. She felt quite happy that Bai Chen seemed to like her little sister very much.

“.....”

Xu Xin Tong saw what had just happened. There was nothing that could surprise her more than this. She looked at Bai Chen with even wider eyes.

Then, she looked back and forth between her big sister and her little sister. Her face went blank. She did not understand the situation at all.

It was only natural that she would not understand what was happening. Xu Er Er obviously acted like she was quite familiar with Bai Chen.

That meant her little sister had already met Bai Chen before, and she thought that maybe it was her big sister who had introduced them to each other.

How could she possibly understand the situation and not be surprised about any of this?

“Big sister... What does this mean?” It was as though her coldness had already been completely decimated. Xu Xin Tong’s lips moved only a little when she asked this softly.

The images in her head were all confused. Her beautiful eyes blinked many times, while her heart was pounding fast.

‘Is it possible that this man is big sister’s boyfriend?!?’ Xu Xin Tong could not help but think this.

The kind of relationship that her cute little sister Xu Er Er had with Bai Chen was not normal. One could say that they were very close.

Hearing Xu Xin Tong’s question, Xu Xue Ning did not answer right away. She sighed internally; she was not surprised at her sister’s question. She had also predicted that her sister’s reaction would be similar to Auntie Yi’s.

The reason was also the same, so it did not surprise her at all.

The reason was, of course, because she had brought Bai Chen home.

However, for Xu Xin Tong, it was quite different from Auntie Yi, as she had seen how close Xu Er Er and Bai Chen were.

“I’ll explain later. Would you come to help me in the kitchen?” Xu Xue Ning finally spoke. She had already planned to cook by herself from the start.

The guest today was none other than Bai Chen; how could she miss the opportunity to show off her cooking skills?

Looking at her big sister’s incomparably beautiful face, Xu Xin Tong finally calmed herself down and nodded. “Okay.”

After seeing that, Xu Xue Ning started to introduce Xu Xin Tong to Bai Chen and vice versa.

“Xin Tong, this is Mr. Bai Chen. He saved my life. Mr. Bai Chen, this is Xu Xin Tong, my younger sister.” Her voice sounded melodious and polite.

After the introductions, she took Xu Xin Tong to the kitchen, leaving Bai Chen with the cute little Xu Er Er.

Chapter 157 An Explanation

Xu Xue Ning and Xu Xin Tong walked into the kitchen. The kitchen here was not big, but its functional area was quite spacious. One could say it was a quality kitchen.

The kitchen was fully equipped with essential kitchen equipment. Moreover, the kitchen was very clean.

“First younger and second younger mistress.”

A voice sounded immediately after Xu Xue Ning and Xu Xin Tong opened the door. It was the voice of Auntie Yi, who was busy preparing tea. She stopped her preparations when she saw the two of them enter.

“Auntie Yi, please hurry and serve the tea to our guest,” Xu Xue Ning told Auntie Yi.

Auntie Yi smiled and nodded. She was still wondering why the two young mistresses were in the kitchen.

“What are you two doing in the kitchen? If you need anything, you can just tell me.”

What Auntie Yi just said indicated that she was in charge of everything in the house, be it cleaning, doing laundry, or cooking.

Hearing that, Xu Xue Ning shook her head a little. “It’s okay, auntie. I’ll be cooking by myself this time.”

“What are you talking about?” Auntie Yi could not help but blurt out. She thought there was something wrong with her ears.

She was stunned when she heard that her young mistress would be cooking by herself.

It was only normal that Auntie Yi would react this way because Xu Xue Ning rarely cooked by herself. She would usually cook 4 to 5 days a month at most.

As for the taste of the food, it was on another level. Even Auntie Yi was fond of Xu Xue Ning’s food.

Not only Auntie Yi but also everyone who had tasted Xu Xue Ning’s food. It proved that Xu Xue Ning’s food was definitely extremely delicious.

“Big sister will be cooking by herself today. You can take the tea to our guest. He’s in the living room with Er Er right now.”

Xu Xin Tong spoke up when she saw Auntie Yi’s reaction. Her voice was calm and cold, yet polite and respectful.

“I... I’ll be doing just that, second younger mistress,” Auntie Yi said while trying to tamp down her surprise.

Inside, however, she still wondered why her young mistress suddenly felt the urge to cook by herself. Was it because of Bai Chen?

She did not dare to ask because it seemed too personal. She shook her head to get rid of these thoughts and continued to make the tea in a hurry.

In less than a minute, the tea was finished. She put a beautiful porcelain teapot with a pretty pattern on it down on a tray with orange juice, cookies, and teacups with the same pattern as the teapot on them.

It was definitely the very same tray that she was holding when Xu Xue Ning and Bai Chen had come into this house.

Actually, she had been planning to serve the juice and cookies to the second younger mistress, Xu Xin Tong. She arrived home a little before Xu Xue Ning had. But she had had to prepare the tea for Bai Chen according to Xu Xue Ning's order.

Therefore, she was going to serve all of it now, even though Xu Xin Tong was with her in the kitchen.

Auntie Yi took the tray with everything on it in her hands and walked out of the kitchen, leaving Xu Xue Ning and Xu Xin Tong alone.

Xu Xin Tong looked admiringly at her perfect big sister.

“You're not going to explain things to me a bit?”

It was obvious that Xu Xin Tong was rushing Auntie Yi to go serve tea to Bai Chen so that she could ask Xu Xue Ning about what she was curious about.

What had happened in the living room just now had made her very curious. In her heart, the image of her big sister, who was two years older than her, had changed completely from before.

It seemed like the perfection, flawlessness, and incomparable beauty that she had been admiring all her life had somehow changed.

How had it changed, one might ask? That was because Xu Xue Ning had just brought home a man and, even worse, that man seemed to be quite close to Xu Er Er, her little sister.

If it was not Xu Xue Ning who had introduced them, it was impossible for Xu Er Er to have gotten to know a stranger like that.

Due to all these reasons, why would the image of her big sister not change in Xu Xin Tong's mind?

Xu Xue Ning nodded. Her eyes showed a little perplexity. “Let me explain, Xin Tong. He's my benefactor. He has only acted as my benefactor once, but many times. That's why I'm treating him to a meal today.”

She stopped for a moment and continued. “As to why Er Er is so close to him, it's because she's met him before. Even before I did.”

Of course, Xu Xue Ning did not speak the whole truth. She could not say things like how she thought that Bai Chen was a Legendary Realm cultivator to Xu Xin Tong.

Xu Xin Tong did not even know that she was a cultivator herself. How could she say anything about Bai Chen? That was why she did not speak the whole truth.

Xu Xin Tong listened quietly until the end. Her perfect eyebrows were tied up in knots, but she still thought that Xu Xue Ning was speaking the truth.

The reason why she furrowed her brows like that was that she did not understand Xu Xue Ning and Bai Chen's relationship. In less than a minute, she finally decided to ask.

“What's your relationship with him?”

Xu Xue Ning went silent after hearing that question. Her eyes shone with even more complicated feelings. After a short moment, she finally replied, “He's only someone to whom I owe gratitude. Actually, he's romantically pursuing Xu In.”

That answer was the absolute truth. The truth that she could not deny. Her relationship with Bai Chen could only be that. He was the one who had told her that he was pursuing Xu In.

But it was only the truth for Xu Xue Ning because what Bai Chen had told her was a lie. He had not been able to find a better answer at the time.

“Xu In? You mean Long Xu In?”

Xu Xin Tong could not help but ask this. She finally understood everything. Her big sister and Bai Chen's relationship was not anything serious.

And Xu Xue Ning had not introduced Xu Er Er to Bai Chen because they already knew each other even before Xu Xue Ning had.

The perfect image of her big sister had returned to normal.

“Yes,” Xu Xue Ning replied softly. “Okay, forget about this topic. Come help me cook.”

“Okay.” Xu Xin Tong did not hesitate to reply, but she still had not expected that Bai Chen was also one of Long Xu In's followers.

Of course, ‘followers’ meant people who were trying to court her. Even so, Xu Xin Tong did not give that much attention to the issue.

Chapter 158 A Delicious Meal

Time passed until it was finally noon. Bai Chen was invited to the dining room. Of course, the one who had invited him was Xu Xue Ning, who had just finished preparing the meal a little while before that.

Bai Chen was sitting at the dining table inside the room. In front of him was a round dining table with a lazy Susan. The lazy Susan was not big, but it was large enough to hold several types of food.

The dining table was not empty. It was full of various types of food. There were five different dishes on it.

There was Peking duck with a sauce, roasted chicken wings with a red sauce, mapo tofu, stir-fried bok choy, and boiled five-spice eggs. It could be seen that the food that Xu Xue Ning made usually did not contain soup.

Maybe she was more of an expert in this kind of food.

The smell of her food filled the dining room. Everyone was quite ready to taste it.

Bai Chen was no exception. He looked at each plate with longing eyes.

He was not alone in the dining room. On his left was Xu Xue Ning and on his right was the cute little Xu Er Er, who was also looking at all the food with sparkly eyes, and opposite to him was Xu Xin Tong.

Xu Xin Tong's eyes were fixed not on the food, but on Bai Chen. She truly liked her big sister's food, but her interest in Bai Chen was stronger than her appetite.

Even though Xu Xue Ning had already explained everything to her, she still could not let go of her interest in Bai Chen.

It was because he looked so like the middle-aged man who had saved her life from the great assassin Hei Chang, she still thought that he might be her savior's relative or nephew for sure.

She finally decided to ask him right after the meal.

“Would you like to start now?”

Not only Bai Chen, Xu Xue Ning, Xu Xin Tong, and Xu Er Er were in the room, Auntie Yi was also present. She was standing beside the dining table and a trolley with a serving bowl of rice on it.

“Auntie Yi, could you please serve us rice?” Xu Xue Ning nodded.

Auntie Yi quickly served rice to everyone at the dining table.

After the rice had been served, she excused herself from the room to do her other chores.

Xu Xue Ning had actually invited Auntie Yi to eat with everyone, but Auntie Yi rejected the offer because she had already eaten.

Even though Auntie Yi was merely someone who took care of all the household chores, Xu Xue Ning and the others still treated her well. They saw her as their blood-related aunt.

After Auntie Yi left, Xu Xue Ning told Bai Chen to start eating the food that she had made by herself.

Of course, at this time, Bai Chen had started to feel hungry, so he did not hesitate to accept the invitation and nodded. He used his chopsticks to grab the Peking duck and put it in his mouth.

He began to chew and taste the food in his mouth. Then, his eyes shone with happiness.

“Very delicious!” He could not help but blurt this out after he had swallowed the Peking duck.

He thought that this Peking duck with sauce was truly delicious; it could be said that he had almost never tasted any Peking duck dish this good before.

However, he still thought that the very same dish his mother made was the most delicious for him. Xu Xue Ning was the second best after his mother's in his opinion.

Hearing what Bai Chen said, Xu Xue Ning suddenly felt happiness in her heart. It was so new to her because this was the very first time a man who was not one of her family members had complimented her cooking.

One could say that Bai Chen was the very first man who had an opportunity to taste her home-cooked food, other than her father and grandfather.

‘Why do I have to feel happy that he complimented my food?’

After feeling the happiness in her heart, Xu Xue Ning could not help but feel curious about her complicated feelings.

‘Have I fallen in love with Elder Chen Bai?’

She was confused. She had never been in love with nor liked any man, a member of the opposite gender, before. She knew what love was because she had studied it from the Internet and television series that she had watched.

If one were to ask her if she had ever loved anyone, the answer would be ‘no’.

‘No... I don’t think I’m in love with him. I just respect him. And he even told me that he likes Long Xu In...’

Xu Xue Ning decided to believe in her own thoughts. She did not like Bai Chen, as it was impossible—because they had known each other for only a short while.

The reason why she had been feeling all these complicated things was because of Zheng Fang’s words. Even though Bai Chen seemed to act like he was interested in her, there was no proof whatsoever.

After thinking this, the complicated feelings that she had felt suddenly vanished into thin air. They were replaced with a feeling that was slowly and quietly building up in her heart. A feeling that even Xu Xue Ning herself could not understand at the moment.

‘I told you that my big sister cooks really delicious food.’ The cute little Xu Er Er laughed happily. She talked while she was eating the food joyfully.

All the time that Bai Chen was in the living room with her, their bond had gotten much stronger than before.

‘Mm-hmm... I believe you now.’ Bai Chen smiled and started to enjoy everything that Xu Xue Ning had cooked. This meal was such a treat for him.

Xu Xin Tong ate quietly. She did not say anything. Her coolness had returned to her once again after it had crumbled into ruins.

It was the same with Xu Xue Ning. She also ate quietly while dealing with the complicated feelings that she felt, even though she was sure that she had already understood everything.

However, she felt like there was something amiss in her heart. Of course, she did not know what it was. Thus, she decided to pay no mind to it.

About forty-five minutes later, everyone was full. Bai Chen was the biggest eater at the table. He was so full because he had asked for more rice three times.

Auntie Yi collected all the plates to wash them. Bai Chen walked over to the front door because he was ready to leave.

“Thank you very much for the food.” Bai Chen expressed his gratitude to Xu Xue Ning.

Xu Xue Ning shook her head. It was actually she who should be thanking him.

“I’ll drive you back,” she blurted out.

“Okay.” Bai Chen did not have any reason to reject the offer.

Suddenly, Xu Xin Tong walked up to them and held out a landline phone to Xu Xue Ning. “Big sister, it’s mother. She asked for you.”

“Mother?” Xu Xue Ning listened to what her mother had to say on the phone, then her facial expression changed.

Chapter 159 Xu Xin Tong’s Question

“I, your daughter, don’t want it.”

After the change of facial expression, Xu Xue Ning blurted this out quickly. Even so, it seemed like she was very polite with her mother. One could feel it from the way she even referred to herself in a different way, which was rare for her.

She had never referred to herself like this even when she was talking to Tang Zi Cheng, Tang Yien, or Qi Huang, even when the other person was someone from a higher rank or much older than her.

“This is your grandfather’s order. You need to come back to the main family now.”

The voice of a middle-aged woman could be heard through the landline phone. It was sophisticated, smooth, and gentle.

“Grandfather?” Xu Xue Ning frowned. If it was really an order from her grandfather, the current head of the Xu family, it would be hard to refuse.

She could anticipate that this conversation with her mother would be a long one as the request was not to her liking. She had to drive Bai Chen back and did not dare to make him wait.

However, she could not just hang up either, as it was about the path of her life.

“I’ll drive him back in your stead,” Xu Xin Tong said like she could read her big sister’s mind.

Xu Xue Ning immediately turned to Xu Xin Tong. Even though she thought that it was a good idea, she was still afraid that it would seem rude to Bai Chen. She then turned to look at his face.

“It’s fine. She can drop me off.”

Bai Chen said this when Xu Xue Ning turned to him. He did not know what she was talking to her mother about, but he knew full well that it was important.

Since he knew that it was important, he did not want to interrupt. Thus, he agreed with Xu Xin Tong's offer to drive him back instead of her big sister.

"Thank you very much." Xu Xue Ning quickly thanked Bai Chen. She lowered his head to him politely and gave her sister her car key.

Xu Xin Tong accepted the key with eyes that widened...her beautiful eyes widened because she was stunned to see her sister bowing her head to Bai Chen.

This was completely beyond what she regarded as common sense!

She quickly regained her senses. She thought that it was surely because Bai Chen was her big sister's benefactor, and the thing that she had been saved from must have been big.

Otherwise, her big sister would not be easily bowing her head to him like this.

Xu Xue Ning said goodbye to Bai Chen before continuing her conversation with her mother on the phone, leaving only Bai Chen and Xu Xin Tong in front of the house. They looked at each other.

"Let's go." Xu Xin Tong spoke first. She spoke with an almost cold coolness.

Bai Chen, who had started to get used to her style of talking, simply nodded and followed her to Xu Xue Ning's Mercedes-Benz.

While he was following Xu Xin Tong, Bai Chen could not help but look back to the front door. He thought about the cute little Xu Er Er as she had been joyfully saying goodbye to him before he left.

He thought of her as his own little sister. As he was an only child, he had never experienced the feeling of having siblings before he met her. That was why he missed her already, even though they had just parted.

Ten minutes later, Bai Chen and Xu Xin Tong left the premises in the Mercedes-Benz and went out to the main road that was almost empty.

He was sitting in the passenger seat, while she was in the driver's seat. Her delicate hands held on to the steering wheel. She was dressed in simple attire, but it brought out her icy charms well.

For the past ten minutes, Xu Xin Tong had not said anything to Bai Chen. However, it did not make Bai Chen feel uncomfortable at all because they did not know each other, so it was not odd for them not to have any conversation topics.

It was true that Bai Chen had saved Xu Xin Tong's life, but that was not the appearance that he was sporting right now anyway.

Eventually, Bai Chen thought of something to talk to her about. He started to tell her directions to get him to his destination. Bai Chen lightly rubbed his nose while thinking how silly it was for him to have forgotten something so important.

Now that it had been ten minutes, he did not understand why Xu Xin Tong did not ask him anything at all.

Bai Chen turned to look at Xu Xin Tong's cold, pretty face and was about to say something.

Before he even said anything, out of the blue, Xu Xin Tong spoke up. "May I ask you something?"

Her voice was as cold as always but still sounded friendly enough. The tone she used to address Bai Chen was quite polite even though he was younger than her. It was probably because she saw him as her sister's benefactor, otherwise, she would not be this polite.

"Sure." Needless to say, Bai Chen nodded. He thought she was going to ask about the route he would have her take to drop him off.

But no, he was completely wrong.

"Do you have a relative aged around 30 years old?"

Xu Xin Tong's question was clearly about the man who had saved her from an assassin. She had planned to ask him right after the meal, and this was a perfect time.

She was also going to ask about directions, too. She chose this question first because it was quite important to her. She really wanted to repay that man by treating him to a meal. She had already given him her phone number, but he had never called.

It had been two days since that incident. The reason why she did not say anything for the past ten minutes was that she was thinking about asking Bai Chen this question.

Xu Xin Tong had not said anything for ten minutes because she had been busy trying to word her question.

When she thought that it was all well-worded and appropriate, she had not hesitated to ask it.

Hearing Xu Xin Tong's question, Bai Chen was stunned. He did not think that he would be wrong and had not expected this question either.

Even if Xu Xin Tong did not know that they were the same person like how Xu Xue Ning had known it immediately...

...it was still possible that she would make the connection that they were relatives. Her question was a good confirmation of this.

Chapter 160 The Hell Shadow International Assassin Association

In regards to the question that Xu Xin Tong had asked, Bai Chen was lost in thought for a moment because he could not just reply carelessly. He had to word his answer well.

In less than a minute, Bai Chen finally came up with some choices. There were two of them.

The first one was to lie to Xu Xin Tong that he did not know the man, and the second one was another lie about how he was actually a relative of his 30-year old self, like what Xu Xin Tong had thought.

He could not help but spend some more time thinking about it. It took him longer than the first time, but still less than a minute.

The best answer for him turned out to be the second choice. The reason why he would lie that he was a relative of his 30-year old self was that their faces looked alike, being different only in age.

It seemed like a better answer than saying that he did not know that man at all. That was why he chose the second option.

Xu Xin Tong, who was driving and waiting for Bai Chen's reply, could not help but frown when she saw that Bai Chen was taking his time and was not answering right away.

She was prepared to ask again.

Before she even said anything, Bai Chen finally replied.

“Do you know my uncle?”

Xu Xin Tong's cold eyes seemed to sparkle when she heard Bai Chen's make-believe reply. She thought, ‘As expected. He's really my savior's nephew.’

Bai Chen's heart gave a bit of a start when he looked at Xu Xin Tong's facial expression from the side. Her beauty was real. Even though it was not at Xu Xue Ning's level, it could definitely match Long Xu In's.

The reason why he was inspecting her facial expression was that he wanted to know how she would react to his answer.

“What's his name? Do you have his phone number?” Xu Xin Tong asked.

Her feeling at the moment had turned into expectation. She was expecting that she would finally know his name and get his phone number.

That man had saved her from the great assassin Hei Chang. It was only natural that she wanted to express her gratitude by treating him to a meal. That was why she asked for his name and phone number from Bai Chen.

Moreover, she also possessed this feeling that was vague and difficult to explain. She did not know what it was. With her being a woman who rarely paid attention to anything, rarely smiled or laughed, the feeling did not bother her that much.

Bai Chen averted his eyes from Xu Xin Tong's beautiful profile. He had already anticipated that she would ask such a thing if he chose to lie in this manner.

Even though her tone of voice was cold and crisp, he paid no mind to it and was still willing to give her the answer anyway.

“His name is...” Bai Chen was ready to give her his answer.

He stopped abruptly as he saw a black Mazda sedan coming straight at them with incredible speed.

It was not in the right lane either. The black Mazda sedan was moving against the flow of traffic!

If it continued like this, he and Xu Xin Tong would be involved in a car accident, and it could be deadly.

If the two cars collided, it would be difficult to say if there would be any survivors!

Car accidents were always unpredictable and scary. Countless lives around the world had already been sacrificed because of them!

“Look out!” Bai Chen quickly shouted.

Even if Bai Chen did not say anything, Xu Xin Tong had already seen it coming. Her cool facial expression had turned deadly serious. Her hands held tightly onto the steering wheel before turning it sharply with a special expert technique to avoid a collision with the black Mazda that was coming straight at them.

The screeching sound of the tires was audible.

However, Xu Xin Tong did not make anything better because that black Mazda did not move against the flow of traffic by accident. It turned sharply and quickly chased after them.

“This is not good. That car’s targeting us!” Bai Chen’s heart was racing hard as he spoke.

Now he knew that this was intentional. It was possible that the black Mazda wanted to kill Xu Xin Tong. The reason why he thought so was that she had been targeted like this before by the great assassin Hei Chang.

Xu Xin Tong’s face turned white, but her eyesight was still excellent. She looked at the rear-view mirror and saw the driver of the black Mazda. He was wearing black sunglasses, had blonde hair and fair skin, and his nose was sharp and prominent. It was obvious that he was a foreigner.

An evil smile was present on that foreigner’s face.

But those traits were not the only things Xu Xin Tong saw. She also detected a symbol on a black pin that the foreigner was wearing on the right side of his chest.

It was a pin with Death’s scythe and the blood-red English letters ‘H’, ‘S’, and ‘D.’

A normal person would certainly not know the meaning of the symbols on this pin, but Xu Xin Tong was different. She was a police lieutenant general and there was no way she did not know the symbols on the pin that this foreigner possessed.

She did not know much about it, but she was certain!

Her face turned as white as a sheet of paper. “He is an assassin from the international assassin association, Hell Shadow!”

Even though she was gasping for breath, her heart was pounding heavily out of fear. The cars nearly collided once again. She still retained some of her coldness.

‘I’m sure it’s Chin Fei who hired this assassin from Hell Shadow!’

Xu Xin Tong thought that she knew who had hired this assassin from the Hell Shadow International Assassin Association.

Her guess was highly accurate. Chin Fei was truly the one who had hired the assassin from Hell Shadow International Assassin Association to come after her!

Chin Fei had actually spent two days deciding because it required as much as one hundred thousand yuan to hire one assassin.

But with this much hatred towards Xu Xin Tong, he finally made his decision and hired an assassin from the Hell Shadow International Assassin Association to kill her!
