

Life Changing 181

Chapter 181 Enjoy Life (1)

“We should go rent a beach umbrella now or there won’t be any left for us.”

After looking at the vast bright blue sea, Li Lin tugged on Bai Chen’s shirt.

Bai Chen nodded in agreement without hesitation. If they did not rush, there would be no umbrellas left for them to rent.

Bai Chen and Li Lin quickly rented a beach umbrella. The line was full of people, but it was not like they had to wait hours for it. They rented the umbrella in only fifteen minutes.

After rented they rented the beach umbrella, Bai Chen and Li Lin searched for a good spot on the shore and opened it up.

They chose a spot where there were not a lot of people. They had specifically chosen this spot because they did not want to be among the crowds.

It was almost at the end of the beach. Otherwise, they would not have been able to find a place where there were no people around.

“I’ll go change. You want to come with me?”

Once Bai Chen had opened up the beach umbrella, he had gone one to start arranging the beach mat that they had rented along with the umbrella next.

By the time he heard Li Lin’s voice, Bai Chen had finished preparing everything. He did not hesitate to nod at her. “Sure.”

“Then, hurry up,” Li Lin rushed him. She was so excited that she did not want to wait any longer.

Bai Chen smiled a little before following her to the restrooms located a short distance away from them.

On the way there, they met their fellow classmates. They did not wonder much about Bai Chen and Li Lin’s relationship. Most were already well aware of it, and the source of this information was none other than Qian Bei.

Even so, it was not like they would not be jealous in regards to it. Most of the boys were jealous that Bai Chen could capture the heart of Xing Xian school’s only beautiful flower.

That was not what they were most jealous of, though. Li Lin’s cuteness and her social status were the greatest sources of jealousy. She was the daughter of Li Cong Tian, the richest man in Xing Zhou city.

Bai Chen and Li Lin finally got to the restrooms. They then changed into their swimsuits.

Five minutes passed. Bai Chen walked out of the men’s room, holding a paper bag with his clothes inside it in his hand.

He had changed into his swimsuit. It was simply black shorts.

His upper body was, of course, naked. There were no visible muscles, but he was still considered lean, with no signs of extra fat.

After he got out of the restroom, he looked around to search for Li Lin.

He did not see her, so he thought that maybe she had not come out yet. He walked towards the ladies' room and waited for her there. There were many men standing around. They must have been here waiting for their female friends or girlfriends for sure.

Bai Chen's gaze stopped at the entrance of the restroom. Girls walked out of there with different styles of swimsuits. It was true that they were all beautiful and in shape, but that did not make Bai Chen's heart flutter. His Li Lin was much cuter than them.

Another two minutes passed. Li Lin finally walked out of the restroom. She was in a bright blue swimsuit with a pattern of small white flowers.

Li Lin's swimsuit was one that did not show much skin. It was a simple one that did not even show off her midriff like others.

Bai Chen was stunned by the sight of Li Lin. Li Lin in a swimsuit was very cute. She had even put her hair up.

This was the first time he had seen Li Lin putting her hair up like this. Her fair skin shone when the sunlight shone on it.

The more one looked at her, the more one was anxious. She was so small and fragile that Bai Chen felt nervous every time he looked at her.

It was actually not only Bai Chen, but the boys who were staring at her now also thought the same thing. And a lot of them were thinking of going over to flirt with her.

However, their thoughts came to an end when Li Lin called Bai Chen and ran towards him.

"Bai Chen, let's go." Li Lin gave Bai Chen a cute smile. She carried her bag with her clothes in it on her shoulders.

"Umm..." Bai Chen woke up from his daydream. He nodded instantly several times. His heart raced with anxiety.

He could not believe that a 30-year-old uncle like him would have this sort of strong reaction over Li Lin, an 18-year-old girl.

Li Lin blushed a little while walking with Bai Chen. There were many jealous eyes looking at them.

She did not feel shy because she was walking alongside Bai Chen. She was shy because of Bai Chen's naked body.

Even though he was not muscular, in her eyes, he was very attractive.

Love could surely change how people looked at one another. Li Lin thought that Bai Chen's body was attractive was because she was in love with him.

It was like the saying 'love is blind.'

"Hey, you're back, big bro."

When they walked back to where their beach umbrella was, Qian Bei waved at them with a smile. He was also in his swimsuit. He looked a lot thinner than Bai Chen.

"Qian Bei, what are you doing here?" Bai Chen walked up to Qian Bei and asked. He was surprised that Qian Bei was here.

This was because they had gone their separate ways before they reached the beach.

"Haha. Nothing really. I just want to say hi." Qian Bei smiled a little before looking at Li Lin. He was stunned for a moment. Then, he inhaled deeply. Even Qian Bei could not withstand Li Lin's cuteness.

"Don't worry. I won't bother you and Li Lin."

After he calmed himself down, Qian Bei smiled. "I'll be right there. Just call me if you need anything."

After saying that, he jogged back to where his beach umbrella was, which was not too far away. There were already three people there with him. It seemed like they were Qian Bei's geek friends from other classes.

"What's up with him?" Bai Chen could not help but shake his head and smile.

Chapter 182 Enjoy Life (2)

"Let's go play in the sea."

Li Lin said this after seeing Qian Bei jog away. She was excited.

She had not been to He Ling beach for a long time. It was only normal that she would feel excited to play in the sea again.

Bai Chen looked at Li Lin. He had to smile when he saw the excitement on Li Lin's cute face. "Okay. Let's go."

He reached out his right hand to Li Lin. Li Lin's big, cute round eyes trembled a little. Her face started to have a faint red color. Her heart beat faster.

She did not hesitate to put her left hand into Bai Chen's hand.

Bai Chen held her delicate hand. They walked barefoot past some tourists on the beach towards the sea.

He and Li Lin had both taken off their shoes off before walking towards the sea.

"The water's cold. The weather today's also nice. The sunlight isn't too bad at all. So, it's very good for swimming."

Once her feet touched the water, Li Lin beamed happily. She stomped her feet many times in the sea while holding Bai Chen's hand.

Bai Chen looked up at the sky. He raised his left hand to shield his face from the sun. “Yeah. The weather’s nice today. It’s really good for swimming.”

Bai Chen’s lips curved into a smile. He then bent down, scooped water into his hand, and splashed it at Li Lin’s cute face without any fear of offense.

“Yuck!” Li Lin’s cute face was soaked with seawater. Some of the water from the unexpected attack even went into her mouth, so she had to spit it out.

“So salty!” she cried while wiping all the water off her face with her eyes closed.

“Bai Chen, how dare you do that to me?!?”

When she opened her eyes, Bai Chen had already let go of her hand. He ran into a deeper part of the sea, where the water was knee-deep. He turned back to her with a provocative smile.

“Bai Chen!” Li Lin acted like she was angry, but she was actually smiling at the corners of her mouth. She glared at him and chased after him.

“Come get me, little girl.” Bai Chen was having fun teasing Li Lin. He challenged her by waving at her to come in while running around.

Bai Chen was obviously having fun. It was the fun that he had not experienced in his previous life before he’d time-traveled back here.

“Don’t let me catch you!” Li Lin glared at him while chasing after him.

“I’m going to get you!” Li Lin smiled as she ran towards Bai Chen. She then splashed water at him with her two fair, delicate hands.

Half of Bai Chen’s body was soaked because of Li Lin’s attack. He laughed out loud and stopped running.

He intentionally slowed down his pace for Li Lin to catch up to him. If he had not, Li Lin would not have been able to attack him like that.

“Take this! Hands of a Wave!”

Li Lin laughed in satisfaction when she saw Bai Chen getting soaked in seawater and started to splash more water at him. This attack was called ‘Hands of a Wave’.

In the blink of an eye, Bai Chen was soaked all over. He had gotten many chances to taste how salty the seawater was from Li Lin’s attacks.

He could not help but think that it was funny how Li Lin cried out ‘Hands of a Wave’.

He did not expect Li Lin to have a childish side.

“It’s time for you to suffer mine. Water Hands of a Soaring Dragon!” Bai Chen mounted his attack against her when she was resting between her attacks. He splashed water at her hard.

Even though she closed her eyes and her mouth tightly, she still could not evade Bai Chen's 'Water Hands of a Soaring Dragon.'

In the end, Li Lin ended up like Bai Chen, soaked all over and drinking down a lot of seawater by accident.

"You're so bad, Bai Chen!" Li Lin pretended to be angry at Bai Chen. She used her hands to wipe the water off of her face.

"You soaked me first." Bai Chen smiled playfully while walking towards Li Lin. He patted her soaked head.

"Don't treat me like a child." Li Lin pushed his hand away and glared at him. Her heart was actually full of happiness.

"Let's go swimming," Bai Chen suggested and looked at where people were swimming.

Li Lin's eyes followed his gaze. She nodded in agreement. "Let's go."

She smiled happily and dragged Bai Chen out to swim.

When they reached a depth where they could submerge themselves, both Bai Chen and Li Lin did not hesitate to start swimming. They even challenged each other to a swimming competition.

The one who lost was obviously Bai Chen; he had not intended to give it his all to win anyway.

For Bai Chen, just seeing her smile made him happy.

Time passed very quickly. It was already 4 p.m. when some people started to go back home. Even so, there were still a lot of people on the beach, including those who had just arrived.

For the past few hours, Bai Chen and Li Lin had been playing and swimming in the sea. It was true that they took some rest in between, but it was still a long time.

At around 4 p.m., Bai Chen and Li Lin changed back to the same clothes they had worn when they had first gotten here. They were ready to go back to the hotel.

The reason why they decided to go back now was that the teachers had told them to come back before 5 p.m., as they were having dinner at the hotel at 6 p.m.

If they did not rush to the hotel to take a shower and change, they would certainly not make it to dinner.

That was why Bai Chen and Li Lin decided to leave He Ling beach now. There was still some free time tomorrow anyway.

It was not only Bai Chen and Li Lin who decided to go; all the students from Xing Xian school also thought the same thing. Some of them had even left the beach already.

There were a few who were still playing with no intention of going back to the hotel. But they were the only minority.

After changing, Bai Chen and Li Lin walked back to He Lan hotel, hand in hand.

It was such a fun time for just the two of them. There was no one to interfere with their happiness at all.

Chapter 183 System Upgrade

At 7 p.m., Bai Chen was standing alone on the rooftop of the He Lan hotel. It had been over three hours since he and Li Lin had gotten back from the beach.

During the past three hours, Bai Chen had done many things. He'd showered and dressed before joining the teachers and the rest of his classmates from Xing Xian school for dinner in the hotel's dining room.

After that, he spent time talking with Li Lin until they went their separate ways back to their rooms.

But Bai Chen did not go back to his room; instead, he had walked up to the rooftop—that way he could upgrade the Life-Changing System.

This was because he had already completed all the conditions for an upgrade, and Li Lin had already given him the ATM card with one billion yuan in it.

And he'd decided to do it here instead of his hotel room because he did not want anyone to assume that he had gone mad.

If he were to press on the translucent Life-Changing System window that only he could see, Wang Qian Bei and his other three roommates would assume this for sure.

For that reason, the rooftop was the most appropriate place. Not only were there no people around, but there was also a nice breeze that came and went once in a while.

“My level right now is five. I still need ten more points,” Bai Chen mumbled to himself.

But it was obvious that he had already completed mission 24. Therefore, he had already gotten ten more points from it.

The mission's condition had been fulfilled when the bus reached He Ling beach, just a little bit right before they arrived at He Lan hotel.

Bai Chen was on the bus at the time when the mission-accomplishment window had suddenly popped up. The details had been simple.

[Mission Complete!]

Mission 24: Travel to He Ling beach (Success)

Reward: You received 10 points.

“I think it's time to upgrade the system.”

After mumbling this to himself, he suddenly felt excited thinking about the Life-Changing System upgrade.

Without the slightest hesitation, Bai Chen quickly opened up the Life-Changing System window.

[The Life-Changing System]

User: Bai Chen

Age: 18 years old

Level: 5 (10/100)

Description: You still need 90 points to level up.

Instruction: If you wish to change your life into what you have always wanted, proceed with the following missions!

[Mission Dashboard]

Mission 25: ??? (??? points)

Mission 26: ??? (??? points)

Further instruction: The order of mission completion is irrelevant. After you are done with the tasks assigned to you, you will be given a chance to receive special skills or items at random. The skills or items will give you a better life!

[Condition for Upgrade]

Bai Chen's eyes skimmed over the Life-Changing System window to make sure he had not missed a single detail.

He was not surprised anymore at the ??? in the two new missions on the dashboard because he already knew what they meant, from what he had seen earlier.

He needed to upgrade the system first before he could do missions 25 and 26.

He immediately clicked to take a look at the Condition for an Upgrade. He wanted to know if anything had changed like he'd thought it would.

[Condition for an Upgrade]

Description: You have completed missions that you've received and your collected points can almost be used to upgrade the Life-Changing System. Therefore, a condition for upgrade is added to the system. It is necessary to fulfill the condition in order to upgrade the system to a more effective one.

Condition: **【Level 5】** , **【1 billion yuan】**

"As I thought." Bai Chen nodded with satisfaction to himself.

This was because he saw the odd symbols appear around the 1 billion yuan condition. They were exactly the same as with the level 5 condition.

Bai Chen used to think that the ‘**【**’ symbol appeared around the level condition because he had already completed it. Now, it had been confirmed that he was correct.

This was because now the ‘**【**’ symbol was at the 1 billion yuan condition too.

“We should do the system upgrade!”

Bai Chen could only feel the excitement. He decided not to waste any more time and initiate the upgrade of the system immediately.

Suddenly, like it could read Bai Chen’s mind, the translucent window of the Life-Changing System popped up in front of him with a sound in his head.

Ding!

[The Life-Changing System Upgrade]

Instruction: You have completed all conditions for the Life-Changing System upgrade. If you would like to upgrade now, please press confirm. The upgrade will take 1 month. During this time, you will not be able to accept or complete any missions you have been assigned by the system!

Confirm the upgrade: (Yes) (No)

Only the sight of the details on the translucent window was enough to widen Bai Chen’s eyes. The excitement he felt was completely gone.

“What is this? A month for the upgrade and, even worse, I can’t do any mission while I wait?!?”

He said this disbelievingly. It was so unfair he could not believe it.

‘This system is f...’ Bai Chen was about to curse at the Life-Changing System, but he suddenly stopped. He had been able to time travel to the past because of it, so maybe he should not curse at it.

“Whatever. A month it is then!” Bai Chen sighed. He reviewed things in his mind a little. Even though the system was going to be as good as shut down for a month...

...that did not mean it would affect his plan to take revenge on Wang Chengye and the Wang family much. Wang Chengye would not come to Xing Zhou city during that time anyway.

The impact was actually on him. If he could not complete any missions, he would not be able to get new special skills or items.

This was the reason why Bai Chen decided not to curse the Life-Changing System.

Special skills and special items were important parts of his revenge plan. Therefore, it was not surprising for him to think this at all.

Bai Chen inhaled deeply before he pressed the word (Yes).

Suddenly, the translucent window changed to another page.

[The Life-Changing System]

Status: Upgrading

Time remaining: 30 days

Chapter 184 Three Uglies

Bai Chen did all of his daily routines in the morning, even though he was not at his home.

Actually, he was more used to doing his routines outside of his home, rather than the other way around.

It was, of course, because of when he'd served time at Beijing Central Prison. He had been living there for 12 years. There was no reason for him to not be used to taking a shower, washing his face, and brushing his teeth outside of his home.

The morning passed by without anything exciting occurring. After he joined his teachers and classmates for breakfast at the hotel's dining hall...

...Bai Chen went out walking around the hotel premises with Li Lin.

All the envious eyes of nearly all the male students of all three classes were locked onto Bai Chen as he was heading out with Li Lin.

As for the girls, they did not really feel anything about it. They were actually glad that Li Lin had finally ended up with Bai Chen so that the boys would stop chasing after her for good.

However, they were not quite happy because, frankly speaking, they were jealous they did not have faces that were as adorable as Li Lin's cute face.

“Bai Chen, are we going to He Ling beach again today?”

Li Lin asked this while they were walking in the morning breeze at around 8 to 9 a.m. Li Lin's cute, rounded eyes were wide with excitement. She was looking at Bai Chen expectantly.

Bai Chen stopped at a big rock. The refreshing breeze that blew past him caused his hair to flutter a little. He looked at Li Lin with a grin and nodded. “Sure.”

“Heehee. I thought that you would.”

Li Lin beamed at Bai Chen after she heard his reply and nodded with satisfaction. Then, she looked around like she was searching for something.

“What are you looking for?” Bai Chen could not help but ask.

“Nothing. I was just wondering if there were any small animals around here.”

“Small animals?” Bai Chen blinked with curiosity.

“I mean dogs. We actually encountered one before yesterday, remember? I think it was one of the hotel employee’s,” Li Lin turned back to Bai Chen and explained.

“Ah.” Bai Chen nodded in understanding. He seemed to remember seeing a little puppy when he had been out walking with Li Lin.

Li Lin seemed to have liked it a lot. Thus, it was only normal that she would look for it.

“Woahhh! Big bro! Look at that little lady! She’s just like a cute doll, don’t you think?”

Suddenly, they could hear a repulsive voice from not so far away.

Bai Chen raised his eyebrows. Li Lin also did the same thing. Both of them turned to the source of the voice and found three men walking towards them at a moderate pace.

The guy on the far left was very thin. He looked like he was on drugs such as methamphetamines.

The guy on the right was completely different. This one was sturdy, with many muscles along his two arms. He wore black sunglasses. He had pronounced buck teeth. He looked like a delinquent.

As for the one in the middle, he was a fat man wearing a nice-looking outfit, but his face was rather ugly. He flashed his yellow teeth in a smile.

His eyes were as small as peas. He looked at Li Lin with a particular lascivious glint.

“She is cute. I’ve decided to make her my wife today! You guys go take care of it!”

The fat man said this with a smile. From what he said, it was as if no one on Earth could get in the way if he wanted something.

“Roger that!”

“Certainly, big bro.”

The large-muscled man and the thin man replied at the same time. They did not hesitate one bit. They strode quickly towards Bai Chen and Li Lin.

“B... Bai Chen.” Li Lin felt scared looking at the two frightening men walking towards her. She hurriedly hid herself behind Bai Chen.

Bai Chen turned to her and gave her a warm smile. "Don't worry. I'll deal with them."

After talking to Li Lin, he turned back to the two men. His warm smile vanished from his face and was replaced with anger.

Why would he not be angry? These three ugly delinquents wanted to lay their hands on his Li Lin!

Even though he had not officially asked her out yet, he thought of her like his girlfriend.

"Go away before I have to get down to business!"

Bai Chen said this aloud.

His words surprised both the large-muscled man and the thin man for a second. Then, they laughed out loud like crazy. They had not expected to hear something so ridiculous from Bai Chen.

"Ha ha ha! That was funny! You think, Hong?" The thin man laughed.

"Ha ha ha! I think so!" The large-muscled man burst out laughing too. "We should hurry, Guo, or we'll keep young master Wong waiting."

"Can do." The thin man stopped laughing. His eyes turned cold. Both he and the large-muscled man walked towards Bai Chen.

It was obvious that they were ready to get rid of Bai Chen because they did not want their young master Wong Nu to wait too long.

If asked who young master Wong was, the answer was he was none other than the fat man standing behind them with a carnal grin on his face.

"Bai Chen..." Li Lin was very scared. She had never been in this kind of situation before. She held on to Bai Chen's shirt with her trembling hands.

Bai Chen did not turn to look at Li Lin. He wanted this to end quickly, otherwise, it would definitely leave lingering feelings of fear in Li Lin.

Without any hesitation, he leaped towards the thin man, who was about to reach him first and threw out a heavy punch at him.

BAM!

A heavy thud rang out. The thin man, Guo, flew back. His teeth and blood spilled out of his mouth. His eyes rolled back. He dropped onto the ground and did not move again.

It was obvious that he had already fallen unconscious because of Bai Chen's punch.

"You!" the large-muscled man, Hong, screamed with rage.

However, Bai Chen did not give him any more time to be surprised. He quickly threw a punch at the large-muscled man like what he had done with Guo just a moment before.

BAM!

Blood and teeth shot out of the large-muscled man's mouth. His body was cast away even farther than the thin man's.

THUD!

The sound of something dropping rang out and then, there was only silence. The large-muscled man had also fallen unconscious because of Bai Chen's punch.

“Guo! Hong!”

As if just suddenly coming to his senses, the fat young master Wong Nu opened his mouth so wide, he could have put five duck eggs in it. His body trembled. He could not believe what he had seen.

Chapter 185 Test Of Courage (1)

“Guo! Hong!”

Bai Chen did not care about the young master Wong's scream at all after dealing with both the thin man, Guo, and the large-muscled man, Hong.

His eyes were immediately locked onto the fat Wong. He started to walk towards him.

“D... Don't you dare come closer! Don't you know who my father is?!?”

Wong Nu actually felt scared at this moment. He shouted this out with his trembling voice.

Even though he was scared of Bai Chen, he did not forget to bring up his father's name for his protection. His father was a bigwig around here. He was a delinquent with something of a reputation and some minions of his own.

Normally, no one would want to get involved with him because they were scared of his father.

But today was different. Wong Nu did not expect this younger man to stand up to him. He had even dealt with Guo and Hong, lackeys whom his father had assigned to be his bodyguards.

And that younger man was also walking towards him right now.

Wong Nu was not a foolish man, even though he was as fat as a pig. He knew that Bai Chen was coming to deal with him!

Why would he not think that Bai Chen was going to fight him?!?

“M...My father's Wong Mang! Wong Mang, do you hear?!?”

The fat Wong Nu shouted this at the top of his lungs, while slowly stepping backwards. He was afraid that Bai Chen would hurt him.

Bai Chen abruptly stopped. He looked indifferently at the fat Wong Nu. “Wong Mang?”

“Yeah!” The fat Wong Nu fear seemingly vanished when he saw that Bai Chen had stopped walking towards him.

He thought that maybe the young man was feeling scared. He might be scared of Wong Mang, his father!

“Kneel before me and lick my shoes! Otherwise, I won't forgive you!” Wong Nu suddenly acted all high and mighty. He did not step back anymore. Instead, he was walking towards Bai Chen now.

“Quickly!”

“Who the hell is that?” Bai Chen said. He stepped up in front of the fat Wong Nu. His eyes were cold.

“Ahhh!” Wong Nu suddenly screamed in fear, face twisted.

He did not expect that the reason that Bai Chen had stopped walking had nothing to do with him being afraid of his father Wong Mang.

BAM!

The heavy thud rang. It was the sound of a fist against the fat Wong Nu’s ugly, fat face.

The fat Wong Nu did not even have time to react. He was thrown into the air and lost consciousness even before he fell. His blood and teeth spewed out of his mouth.

Taking a closer look, there were as many as seven teeth!

THUD.

Wong Nu’s body fell to the ground beside Guo and Hong and did not move again.

“T...This...!” Li Lin, hiding behind Bai Chen’s back all this time, covered her mouth in awe. It had taken less than two minutes for Bai Chen to deal with all three uglies.

She did not know that Bai Chen was this good. He could even deal with three grown men by himself.

Moreover, he had rendered them unconscious with only a single punch. For her, this was very surprising!

“Okay now, let’s go back to the hotel. We’ll have time to go to the beach in the afternoon.”

Bai Chen turned back and walked towards Li Lin. He did not care about the three men anymore. He did not even care about who that Wong Mang whom the fat man had been talking about was. He was about to go back home tomorrow anyway.

There was no reason to care about what Wong Nu had said.

But if that Wong Mang wanted to take revenge on him before he went back home, he would not hesitate to deal with him too.

“Ah...Erm!” Li Lin nodded obediently like a rabbit. Her eyes seemed to sparkle.

“I never knew you could do this kind of martial arts,” she said happily.

“Only a little bit.” Bai Chen smiled back at her. They started to walk back to the hotel.

“But you’re so good that you could deal with those men by yourself!” Li Lin said admiringly. She was so proud that her man had such skill at defending himself.

It was like how Bai Chen saw her. Li Lin also thought he was hers—even though they were not officially dating.

She thought that it was only a matter of time. Bai Chen would soon ask her to be his girlfriend for sure!

This was Li Lin’s confidence!

Bai Chen did not say anything in response to what Li Lin said. He just smiled happily. He had been able to protect Li Lin from delinquents. Why would he not be happy, right?

.....

Time passed by until it was around a little after 7 p.m. Bai Chen was in the line for class 1-1 facing the street. He Lan hotel was behind him.

Li Lin was also in the line with all the girls.

Boys and girls were clearly separated into different lines.

It was not only class 1-1 that formed a line but class 1-2 and 1-3 also had lines of their own in front of He Lan hotel.

The ten teachers who had come with them on this field trip were standing in front of the lines.

“Okay now. Since everyone’s here, I’ll announce the one and only activity that we’ll be doing for this He Ling field trip!”

A middle-aged female teacher who represented Bai Chen’s class talked into her megaphone. Her voice was loud and clear.

Bai Chen was not surprised much by what she said because some of the teachers had already told him that there would be a courage test activity.

It would be the only activity for this He Ling field trip after letting all the students have free time at the beach for two whole days.

He had been at the beach with Li Lin in the afternoon like he was yesterday and had just gotten back to the hotel at around 5 p.m. After he changed and joined the class for dinner, he, along with his classmates, were gathered in front of He Lan hotel.

“I think you know it already anyway.” A middle-aged male teacher talked into his megaphone.

“There’s a shrine up on the mountain on the opposite side of the hotel. It’s called He Yang shrine. That’s where you’ll be testing your courage!”

After what the teacher said, some of the students felt excited, while some were scared.

Chapter 186 Test Of Courage (2)

Fifteen minutes had passed. All the students and ten teachers of Xing Xian school were almost to the top of the mountain.

The mountain was not very high. Therefore, they didn't spend much time getting to the top.

The mountain was covered with trees, but it was not deserted. There were convenient man-made steps that led up to the top where He Yang shrine was.

All the students and teachers had their own flashlights in their hands.

Up on the mountain, it was so dark, flashlights were necessary. Without them, they would not have been able to walk around in the forest, let alone reach the top.

Even though there were steps to take, people might have fallen if they lost their footing.

“We'll stop here. All of you will go for the test one pair at a time. You can freely choose your partner by yourself, and your partner doesn't have to be of the same gender.”

While walking up, the ten teachers had eventually stopped and the middle-aged female teacher who represented Bai Chen's class started to talk into her megaphone again.

All the students behind them also stopped walking. The line was rather long because of the number of students.

After hearing what the teacher said, almost all the male students were suddenly filled with excitement.

There was a high chance they would be paired up with the girls because the teachers allowed them to choose by themselves. There were actually more girls than boys.

Bai Chen immediately searched for Li Lin. He would not want to pair up with anyone but her. Not long afterwards, he eventually found her.

They were in the same class anyway, so their lines were not that far apart. That was why he could easily find her.

Likewise, she found him too. Their eyes eventually met. They immediately decided to walk past the crowd towards each other.

Right now, almost all of the students were already paired up. Most of them were a pair of the same gender.

A lot of boys were weeping internally because they did not get to pair up with girls like they had been hoping to.

“It seems like all of you are done pairing up, correct?” the middle-aged female teacher said. “Then, I'll now explain roughly how to pass the test of courage.”

She stopped for a second to take out a piece of paper before she resumed her speech.

“You see this paper? The teachers have already put out a box in front of the shrine. Inside the box, there are papers like this. Each pair will have to take one

out of the box and bring it back to the teachers. Only that and you'll pass the test of courage. Easy, isn't it?"

Some students thought it was easy, while some did not think it would be very easy.

Of course, no one said anything. They only nodded. It was a required school activity, so they had to do everything to pass the test or they would fail the activity for sure.

"Okay, now you all understand the rules. I'll start with class 1-1."

The middle-aged female teacher flashed her mysterious smile and chose the pair from class 1-1 who was at the front of the line to go to the shrine first.

All eyes were on them. Everyone was expecting something to happen or not to happen.

From what they had seen on the internet, the teachers usually dressed up as ghosts to scare the students during the test of courage.

Two to three minutes had passed. Suddenly, they all heard a girl scream from up on the mountaintop followed by the faint sound of people running.

The students were rather sure by now that the teachers had some of the students dress up as ghosts to scare them. The girls did not like this sort of thing, so they were grabbing each other's hands in fear.

Some of the boys were also afraid, but the majority were not particularly scared.

A short while after that, the first pair came running back in fear. The faces of both the boy and the girl were as white as sheets like they had seen a ghost.

The teachers all had small smiles at the corners of their mouths. All ten of them seemed to be very satisfied with the outcome.

After the first pair handed their piece of paper in, the second pair was sent out immediately.

The rest of the students started to talk quietly to each other. They were all engaged in a serious conversation of what they had heard and seen so far. Some of them were starting to be scared, while some felt even more excited.

Another ten minutes passed. It was finally Bai Chen and Li Lin's turn. They did not say anything while walking up the steps that led to the mountaintop to He Yang shrine.

After a while, they could not see anyone anymore. Suddenly, Li Lin moved closer to Bai Chen and grabbed his arm with her delicate hands.

Her chest also touched Bai Chen's arm. Bai Chen trembled at feeling the softness. He abruptly stopped walking.

"What are you doing...?" Bai Chen turned to Li Lin and asked with a soft voice. His heart fluttered.

Li Lin looked up at him and said in a small voice like that of a mosquito's, "I...I'm scared!"

“Is that so?” Bai Chen stroked his nose while looking at Li Lin’s cute face.

He clearly understood now why she’d grabbed his arm like that and had even let her chest touch it.

Looking at Li Lin’s cute face for a long time quickened Bai Chen’s breath. He looked at her moist-looking lips and thought that it had been a long time since their last kiss. It was as if a sudden desire had arisen in him.

Without hesitation, Bai Chen suddenly stole a kiss from Li Lin’s lips.

“Ermmm...” Li Lin’s cute, rounded eyes widened in surprise. She could only let out a small sound.

Her face suddenly reddened. Her heart pounded hard. She did not expect Bai Chen to abruptly kiss her like this.

‘T...This despicable man!’ Li Lin thought.

But she did not push him away. She only closed her eyes and let herself fall into the sensations from Bai Chen’s kiss. Without knowing it, her fear of ghosts had completely disappeared.

Chapter 187 Dealing With The Local Gangsters

It was around 9 a.m. the next day. Bai Chen held Li Lin’s delicate hand while walking up the steps on the mountain, which led to He Yang shrine.

Last night after the kiss, the gap between them had gotten smaller. Their feelings for each other had been intensified.

If it was not for the fact he had yet to take revenge on Wang Chengye, he would have asked her to be his girlfriend or even proposed to her. The wedding could still wait for later.

“There’s still over an hour left, and we’ll be going home.”

Li Lin smiled and said this, still holding on to Bai Chen’s hand. Even though the kiss last night still embarrassed her, happiness overwhelmed it all.

“Yeah...” Bai Chen nodded as an answer.

The teacher had told them that the bus would leave for Xing Zhou city in an hour, and so the field trip at He Ling beach would end.

The announcement was made after their breakfast at the dining hall. Then, Bai Chen asked Li Lin to go out for a walk with him on the mountain opposite the He Lan hotel.

They thought that they should go to properly worship at the shrine since they would be going back home soon.

It was true that they had been there last night, but that was only for the test of courage.

The test of courage last night had not been scary at all. The students who had been assigned to disguise themselves as ghosts had not scared Bai Chen or Li Lin one bit.

After their turn, the rest of the students had taken turns doing the test, and it ended a little bit over an hour or so later.

“We’re almost at the shrine. I think we should hurry, because I don’t want us to be late for the gathering.”

Bai Chen suddenly said this with his calm voice. The subtle cool breeze made them feel refreshed.

“You’re right.” Li Lin smiled in agreement.

Then, they walked a little bit faster. Not so long after that, they finally reached the shrine. He Yang shrine was quite old. It was not big, but it gave off an overwhelming hallowed vibe.

“That’s...”

Bai Chen could not help but frown when he looked at He Yang shrine. No, he was actually looking at five men who were standing in front of the shrine.

Three of them looked very familiar to him. Of course, that was because they were the fat man Wong Nu, the thin man Guo, and the large-muscled man Hong, the three uglies whom he had dealt with yesterday.

Bai Chen did not know the other two. Both of them were middle-aged and dressed very much like street delinquents.

Both of them were so fat, it seemed like they were very well-fed. Or one could say that they had been eating so much, they were almost bloated.

“Bai Chen...” Li Lin tightened her grip on Bai Chen’s hand without knowing it when she saw those five men. It was obvious that she had not forgotten the three men she met yesterday.

She thought that it was possible that those three men whom Bai Chen had dealt with yesterday had brought their people here to take revenge on Bai Chen. She could not help but worry.

“Relax. It’s okay. I’ll take care of it. You wait here,” Bai Chen squeezed Li Lin’s hand and said this with his gentle voice.

Li Lin hesitated for a second, but then she nodded. “Be careful.”

Bai Chen smiled and nodded. He let go of Li Lin’s hand and walked towards the men whom he handled yesterday.

“Nu, is this the man?” the plump man asked.

The fat man Wong Nu, with his face all swollen and his teeth gone, nodded hard in rage.

“Yes, father! You have to take revenge on him for me! Kill him!”

“Don’t worry. I’ll deal with him myself!” Wong Mang nodded back angrily.

He was Wong Nu’s father, so it was obvious that his name was Wong Mang. He was the one Wong Nu had been talking about yesterday.

Actually, he was standing there in front of Bai Chen and Li Lin because all five of them had been tailing after them from the hotel. Wong Nu was the one who’d identified the target.

When they saw that Bai Chen was going up onto the mountain, they found another path and rushed up here first. That was the reason why they were here now.

“Let’s go, Man. Let’s beat them to a pulp!” Wong Mang cracked his knuckles and walked towards Bai Chen.

“Haha. Of course, Mang. I like this kind of stuff anyway,” another plump middle-aged man said. His name was Wong Man. He was Wong Mang’s little brother and, therefore, Wong Nu’s uncle.

After what he said, he quickly followed Wong Mang towards Bai Chen.

“Boy, you’ve got some nerve hurting my son!”

Wong Mang exhaled angrily. He reached Bai Chen and quickly aimed a punch at Bai Chen’s face.

BAM!

His fist did not reach Bai Chen’s face because Bai Chen’s hand had grabbed it.

“What?” Wong Mang was alarmed that Bai Chen could catch his fist. The surprise did not last long as he saw Bai Chen’s fist coming towards his face with incredible speed.

“Hmph!” Wong Mang vocalized through his teeth. He was going to evade it, but it was a shame he could not.

BAM!

Bai Chen’s fist hit his face hard. His body flew back and collided with Wong Man, who was walking behind him. They both dropped to the ground.

“AGGHHHHH!”

Both of them screamed in pain, especially Wong Mang. His face was as horrible as Wong Nu’s yesterday.

His face was soaked in blood, mostly from his nose and mouth. He was fortunate enough that his teeth were still intact, otherwise it would have been even more painful.

“H...How is this possible?!”

Seeing what had just happened before their eyes, the delinquents screamed. They could not believe that Wong Mang and Wong Man would lose this easily.

All of a sudden, they felt a great deal of fear. If Wong Mang and Wong Man had been handled thus, why would they not be?

Bai Chen did not wait for Wong Mang and Wong Man to get up. He quickly walked towards them and kicked them both in the face. Wong Mang and Wong Man finally fell unconscious.

Bai Chen’s eyes landed on the other three who were left. Without hesitation, he ran towards them, aiming to strike.

In just the blink of an eye, Wong Nu and his lackeys fell unconscious without being able to do anything.

Chapter 188 Travelling Back Home

After dealing with the five delinquents, Bai Chen walked back to Li Lin. He gave her an reassuring smile.

“Let’s go back to the hotel.”

Actually, he wanted to come to worship at a shrine with Li Lin, but he was not in the mood anymore.

“Wha...?” Li Lin made a sound for the first time after seeing Bai Chen handling five delinquents by himself.

She knew by now that her worry was actually not necessary. She looked at Bai Chen without saying anything and nodded.

“Erm... let’s go back to the hotel.”

She was very happy seeing Bai Chen dealing with two more delinquents than yesterday by himself. She was sure that he would be able to protect her for the rest of her life!

They walked back to He Lan hotel. They waited for a little over an hour and left for Xing Zhou city by bus.

.....

Five and half hours had passed. Bai Chen happily returned to his house.

To be honest, this field trip had made him happy. It was the fun that he had not been able to experience before he’d time travelled back here.

He greeted his parents and told them all about the field trip.

His parents listened to him with smiles on their faces. If their son was happy, they were happy too.

Parents everywhere were all like this. The happiness of their children always came first.

Bai Chen walked up to his room. He put back his luggage and washed his dirty clothes. Then, he went into the shower and changed.

After that, he walked downstairs and told his parents that he was going to Xing Xiang park.

He rode his bicycle past the Xing Seng business district. His destination was Hu Yang supermarket.

The reason why he came to Hu Yang supermarket was because he wanted to check the amount of money he had in the ATM card that he gotten from Li Lin.

To put it more accurately, it was actually the card that Tang Zi Cheng had asked Li Lin to give to him.

Bai Chen wanted to know if the money had actually disappeared after the upgrade confirmation.

Not so long after that, Bai Chen reached the supermarket on his trusty bicycle. The ATM was next to it.

He parked his bicycle in front of the ATM and pulled out his card from his pants pocket. He walked towards the machine, inserted the card into it, and put in the password written on the back of the card.

In no time, the screen on the machine displayed an amount of money. There was 00.00 yuan in the card. There was not a single yuan left in the card.

“I knew that there wouldn’t be any left.” Bai Chen talked to himself while taking his card and putting it back into his pants pocket. Even though no money was left in there, there was no reason for him to throw it away.

He did not care how the Life Changing System took the money out, because it was beyond common sense and was magical. It would not be hard to take money out of the bank.

“Since I’m here anyway, I might as well buy something to eat.”

Bai Chen walked into Hu Yang supermarket to buy something to eat.

After less than ten minutes passed, Bai Chen walked out of the supermarket with a plastic bag full with snacks and drinks. He walked up to his bicycle and rode it home.

While he was riding his bicycle home, he looked around the street. Emotions suddenly overwhelmed his heart.

It was good to be back here again. He had a chance to come back to experience every part of this place, including the scenery, people, and air at this period of time.

Bai Chen sighed. He looked up at the sky. Some parts of it had already turned orange. It was almost 4 p.m., so it was only normal for the last light of the sun to shine through at this time of day.

In no time, the sun would set.

While he was riding, the sound of a car horn rang out beside him. He put on the brakes and turned to its source.

“Hey.” He heard a familiar voice. The white convertible Audi R8 was there.

“You are...” Bai Chen abruptly parked his bike. The driver of the Audi R8 was a young man.

He was a handsome man aged around 25 to 26 years old. He wore a blue suit. Bai Chen knew this man. He was Long Shen, Long Xu In’s older brother.

“Haven’t seen you in a while, brother-in-law.” Long Shen smiled and parked his car. “Do you have a minute? Come with me. I want to talk to you for a bit.”

‘Brother-in-law?’ Bai Chen frowned. He knew that Long Shen had misunderstood things, but Long Xu In had already promised that she would explain everything to him. Thus, he decided to not do it.

“Okay,” he replied.

Even though he did not know what Long Shen wanted to talk to him about, it was better not to do it here on the street.

Ten minutes later, Bai Chen, who was following the car on his bicycle, arrived at a restaurant. It was not big, but it appeared very clean.

It was not far from where Bai Chen and Long Shen had met earlier, so riding a bicycle after Long Shen’s Audi R8 did not wear him out.

“Order anything you want. It’s on me.”

Long Shen offered while sitting in the chair opposite to Bai Chen at the dining table.

“Okay,” Bai Chen nodded. It was a little strange to be talking to Long Shen, who was younger than him, like this. However, he was actually older than him now, so it could not be helped.

Bai Chen looked at the menu and ordered two dishes. Long Shen offered to pay for the meal, so he decided to do what he pleased.

Long Shen looked at Bai Chen and smiled. He also ordered 2 to 3 dishes as well

“Brother-in-law, have you talked to Xu In at all lately?” he suddenly asked.

Bai Chen looked at Long Shen before he answered. “Just a little bit. Xu In told me that she would be back this weekend.”

He did not want to pay any mind to how Long Shen called him his brother-in-law anymore. He could call him anything he wanted.

“Is that so?” Long Shen nodded in satisfaction. “What you heard isn’t wrong. Grandfather’s getting a lot better thanks to you.” Long Shen stopped for a second and smiled. “She’ll be back tomorrow.”

“Tomorrow?” Bai Chen did not think that Long Xu In would be back earlier than expected.

“Yes. She has things to do at her company. I’m here in Xing Zhou city to take care of things at the company for her, too,” Long Shen said.

Chapter 189 The SA. Corporation

“Company?” Bai Chen could not help but frown after hearing what Long Shen had said.

He had not heard from Long Xu In before that she had a company. Moreover, it was also located in Xing Zhou city.

Long Shen nodded at Bai Chen when he saw the frown. “It seems you did not know yet that Xu In owns a company. She is the founder, actually.”

Long Shen beamed happily when he talked about this. To be frank, he was actually quite proud of his younger sister as she was out doing her own business instead of working in the family business. And her business was a big success. It was now ranked the third most successful company in Xing Zhou city.

It had been in fourth place before the Liu family was dealt with. After that, it had automatically become the third in Xing Zhou city. As for the first and the second, they belonged to the Li and the Qian family.

“She established the company herself?” Bai Chen was surprised. He knew well how hard it would be to build a company. Not only was a lot of money spent, but that person also needed potential.

Without potential, the company would not be able to last long!

“I wonder what she’s thinking. She didn’t even tell my brother-in-law about the company.” Long Shen shook his head a little. “But yes, once Xu In gets here, I’ll take you there myself.”

All Bai Chen could do was nod in agreement. He also wanted to know what kind of company Long Xu In was running.

‘Is it electronics, I wonder?’

The thought suddenly popped up into his head. He recalled that when he’d met her the first time, the window of the Life-Changing System had told him that she was a genius at computers and electronics.

‘There is a high chance of that being so,’ Bai Chen concluded.

Long Shen looked at Bai Chen. He thought that maybe Bai Chen was wondering about what kind of company his younger sister’s company would be.

“The company is named SA. Corporation. It does many things in regards to computer programs and produces electronic parts to be distributed locally and internationally,” Long Shen explained.

Bai Chen nodded once as a sign that he understood.

The name of Long Xu In’s company being ‘SA. Corporation’ could not be anything else other than being the S probably from ‘Xu’ and being the A from ‘In’. Together, they combined to be “Xu In”.

The name of her company came from her name for sure.

A little bit of time passed as Bai Chen and Long Shen talked about general matters. Eventually, the food was served.

After the meal, he said goodbye to Long Shen and went straight home. What Long Shen wanted to talk about was nothing serious at all, just that Long Xu In would be back in town tomorrow.

.....

The next day was Friday. Bai Chen had to go to school. Even though the field trip had taken three days and two nights, school was still going on as usual. That was why Bai Chen needed to go.

He left home early after helping his parents prepare for the shop's opening.

He arrived at school a little after 8 a.m. The classes went by as usual until the end of the day.

“I'll see you later, Bai Chen.”

Li Lin waved at him at the school's front gate before getting into her ride home.

Bai Chen waved back at her. He dragged his bicycle along the street in front of the school.

Riiing... Riiing... Riiing...

The phone suddenly rang.

Bai Chen pulled his iPhone 7 out of his pants pocket. He looked at the number that was calling briefly before picking up.

“Hello.”

“Hello, Bai Chen.” It was a female voice. She was none other than Long Xu In
“I'm back. Are you free now?”

“I am.” Bai Chen did not waste any time thinking because he had nothing to do anyway. The system's missions were still on hold because of the upgrade. It would be about a month before he could complete any of them again.

“Where are you now? I'm going to go get you.” Her voice seemed very happy.

“Let's meet at Xing Xiang park,” Bai Chen told her.

“Okay.”

Seconds after that, Long Xu In hung up. Bai Chen put his phone back into his pants pocket and rode his bicycle to Xing Xiang park.

Not so long after that, Bai Chen arrived at the park. He parked his bicycle under a tree and waited for Long Xu In on a bench nearby.

There were not a lot of people at the park this evening. It was probably because it was not the time for people to come out for exercise yet.

It was only a little after 4 p.m. It was not considered late evening yet.

Bai Chen waited for Long Xu In quietly. He sometimes looked around him. Eventually, a BMW drove into the park and parked in the designated parking space.

The car door was opened. A beautiful girl stepped out. She was wearing a white blazer, a white skirt, and black stockings. It was the same combination that she'd had on when she first met Bai Chen.

Her caramel-colored hair was pulled up in a ponytail like the first time, too.

She gently closed the car door after she got out. She then looked around for Bai Chen.

Bai Chen got up from the bench and walked towards Long Xu In.

As soon as she saw him, Long Xu In's eyes abruptly stopped on Bai Chen. She pursed her lips a little. Her heart fluttered a bit. It had been days since they had last seen each other.

Since that day, she'd realized that she had fallen in love with him. Therefore, it was only normal for her heart to beat faster now that she was seeing him again.

Less than a minute passed, Bai Chen stopped in front of Long Xu In. He smiled at her while thinking, 'She is as beautiful as ever.'

"Long time no see, Xu In," he said.

"Uh-huh." Long Xu In smiled back. Her smile was still pretty as usual, even though she did not smile much.

"I heard from my brother that you wanted to visit my company?" she asked.

Bai Chen hesitated before answering. "Yes. You never told me you had one."

"You didn't ask." Long Xu In shook her head with a smile. "I'll take you there."

"Now?" Bai Chen looked at Long Xu In.

"Yes. Unless you're not free?"

"It's nothing like that. I just have to drop my bike off at home first," Bai Chen said and pointed at the bicycle under the tree.

Long Xu In looked at where he pointed and nodded once. "No problem. I'll drive over and pick you up."

"Okay." Bai Chen immediately walked towards his bicycle.

Chapter 190 Visit The Company

About half an hour later, Bai Chen arrived at a place he had never been before with Long Xu In. It was none other than Long Xu In's company.

The SA. Corporation was located in the business district of Xing Zhou city. There were several competing firms around the area which made the place worthy of being called a business district.

Long Xu In parked the car in the company's parking lot. The building was big, and there were as many as four floors.

Bai Chen got out of Long Xu In's BMW. He looked around the building with slight disbelief.

He'd thought the firm would be a small one, not a large one with a four-story building like this.

“Let’s go inside. I’ll be your guide around the company.” Long Xu In walked to Bai Chen’s side. She smiled a little. It seemed like she was rather proud of her company.

“Mm-hmm,” Bai Chen softly answered before following Long Xu into the front entrance.

At the front entrance, there were four security guards dressed in uniforms from a company that he had never seen before. It was probably designed exclusively for the company.

The four security guards were standing in front of the building at their designated posts. It seemed they did their job guarding the company very well.

“CEO Long!”

One of them called out when he saw Long Xu In and quickly saluted her.

The other three guards saw her too and quickly followed suit.

Long Xu In nodded in acknowledgment and led Bai Chen into the building without saying anything.

Bai Chen followed her quietly. He did not know any of the security guards anyway, so there was no point in greeting them.

“Who was that guy with CEO Long?”

After Long Xu In and Bai Chen walked into the building, one of them could not help but ask this.

“I don’t know. Judging from his plain attire, I think he’s just a normal person. Probably not from a rich family,” another one said.

“He’s still young. Probably not more than 20.” The third one could not help but express his opinion.

“Stop putting your noses in the boss’s business,” the first guard who gave Long Xu In the salute scolded, making the rest of them go quiet.

“Yes, chief.”

He was obviously the leader of the security guards here.

Bai Chen looked around while following Long Xu In into the company.

It seemed like the first floor was a lounge to welcome guests or arrange small meetings. It was furnished beautifully in a traditional Chinese style. The floor was covered with a red carpet all the way to the hall downstairs.

Other than the lounge, there was a coffee bar as well. Not only that but there was also a restaurant and a reception counter that was close to the lifts.

He looked around again. There were not only a lounge, a coffee bar, a restaurant, and a reception counter, but there were also 4 to 5 people sitting in the lounge. It seemed like they were talking business.

At the coffee bar, there were two employees dressed as bartenders. There were also people eating at the restaurant. A female employee dressed in all black was standing behind the reception counter.

“This is the first floor. As you can see, the lounge is for small business meetings. There is also a coffee bar and a restaurant.”

Long Xu In walked slower and presented the surroundings on the first floor to Bai Chen.

Bai Chen turned to look at Long Xu In. He nodded without saying anything.

“Let’s go see the second floor,” Long Xu In suggested.

“Okay,” Bai Chen naturally had no problem with that. They then walked to the lift.

“CEO Long!” The employee behind the reception counter greeted Long Xu In as soon as she saw her.

Long Xu In waved at her a little before leading Bai Chen inside the lift to go to the second floor.

The employee saw Bai Chen. She wondered who he was like the security guards just did.

In reality, it was not only her but also a lot of people on the first floor. Everyone who saw Long Xu In taking Bai Chen inside the lift was wondering the same thing.

Not so long after that, the lift stopped on the second floor. Long Xu In led Bai Chen out of it and talked to him briefly about the different areas on the second floor.

“This floor is for various electronic parts production.”

Bai Chen peered into the floor. It was separated into rooms. There was signage upon the doors indicating what each room was for.

“You want to go take a look inside?” Long Xu In asked.

“I’d better not.” Bai Chen shook his head. “Let’s move to the third floor.”

There was nothing interesting on this floor, so he did not want to waste his time here.

“Follow me.” Long Xu In smiled at him.

Her smile made his heart pound. He quickly followed her up in the lift.

They were finally on the third floor.

“This is an office. There were about forty employees.” She started talking as soon as they arrived.

“My office is straight ahead. You want to see it or do you want to go to the fourth floor?”

“Of course, I want to,” Bai Chen said. He was there to visit her office anyway, so it would only be reasonable to go see the CEO’s office.

“Follow me.” Long Xu In led the way.

The third floor was an office. Half of the wall was glass. The floor was separated into two blocks, with a pathway in the middle.

At the end of the path, there was a room labeled ‘CEO’. It was the CEO’s room.

Bai Chen did not have to guess. He knew that it was Long Xu In’s office.

“CEO Long.” Some of the employees saw Long Xu In through the glass portion and politely greeted her.

They felt the same about Bai Chen as the people on the first floor and the security guards earlier.

Long Xu In nodded at them at the same time as when she reached the CEO’s office.

There was not only the word ‘CEO’ on the nameplate, but Long Xu In’s name was on it, too.

Long Xu In did not hesitate to open the door. It was a quality wooden door that did not make any sound.

“CEO Long, you have come back?”

Right after the door was opened, they heard a woman’s voice. She was dressed in a grey suit. She had a slender build. Her face was not as pretty as Long Xu In’s, but it still looked pretty.

Her legs, especially, stood out. They were long and extremely charming.
