

Life Changing 201

Chapter 201 The Number One Big Family

Ten minutes later, after a final conclusion from the five influential figures of Jing Cha Secret Organisation had been reached, the meeting ended.

Three out of the five of them had already walked out of the pitch-black room, leaving only two inside. They were master Yien and the only young man in the group, Lu Yi.

“You’re not leaving, Lu Yi? From the look on your face, you seem to have something on your mind, don’t you?”

Master Yien looked at Lu Yi who was sitting opposite him. The dim light that shone on Lu Yi’s face gave away his contemplative facial expression.

Lu Yi raised his head to meet the gaze of master Yien. “I’m thinking about the ancestor of the Lunar Land Sect. I heard that he’s still young, probably around his early thirties. But I do think it’s impossible for him to really be in his early thirties.”

Master Yien raised his brows a little. “So it’s about the age of the Lunar Land Sect’s ancestor? I don’t think he’d be in his early thirties either. Otherwise, he’d be the only one who passed through to the sky soaring level at that age!”

Lu Yi’s facial expression changed a little but was still very calm. He already knew that. If it was real, how talented must that person be?

Master Yien had opened the door to the sky soaring level at the age of 146.

When a comparison was made, it was very different, like heaven and earth. One could say that it was like they were from different worlds!

Master Yien sighed softly when he saw Lu Yi’s facial expression.

“You can compare anything but talent. It’s impossible, no matter how much you try. You’re only 29, Lu Yi, but you’ve already come so far by entering the earth solid realm, which is only a step away from the sky soaring realm. You have greater talent than I do. Don’t be discouraged.”

Hearing the wise words from master Yien, Lu Yi shook his head slowly.

“But there’s no guarantee that I’ll reach the sky soaring level in the end.”

“That’s true,” Master Yien admitted.

If the sky soaring level could be reached so easily, China would be full of sky soaring cultivators, rather than having an amount that could only be counted with two hands.

Even he himself had spent a great deal of time getting through to the sky soaring level. He had reached the earth’s solid level at the age of 40. However, he’d spent another 106 years to reach the sky soaring realm.

One could tell that it was hard!

“Just let this matter go. However, there’s one thing that I’m wondering about. If Xu Xue Ning is really a student of the Lunar Land Sect, doesn’t that mean the Xu family is the greatest of all five families?”

Lu Yi stopped caring about the sky soaring level and changed the topic. This was also one of the things that he had been thinking about.

“Xu Sien Yi is a sky-soaring cultivator of the Xu family. If the ancestor of the Lunar Land Sect supports them, of course, they’d become the most powerful family out of all five!”

Master Yien said this determinedly. His facial expression gradually changed.

Xu Sien Yi was none other than the man whom Gu Ming, his student—no, his former student, that is—had fought with that year.

And Xu Sien Yi was also the one who’d destroyed Gu Ming’s ability to cultivate with his own hands. He’d eventually risen in the ranks later on.

Xu Sien Yi had spent 101 years to reach the sky soaring level. It was five years faster than master Yien.

Currently, Xu Sien Yi was technically a non-entity in the Xi family. However, every cultivator and high-ranking person in China knew that he was behind everything the Xu family did. He had been protecting the Xu family from all kinds of danger like a big, always sturdy tree.

One could say that if Xu Sien Yi was still alive, the Xu family would carry on!

“If you say this, that means it’s like what I’ve been thinking. The Xu family is the top of all the five families!” Lu Yi nodded.

However, he did not feel like it was a threat to him because his and the Xu family’s power was of different scopes like they were on different paths. It did not matter to him whether their power increased or decreased.

“It’s not important if it’s true or not. Even if it’s true, the Xu family wouldn’t dare to cross the line with the Jing Cha Secret Organisation anyway. Don’t forget that this organization is legendary!”

Master Yien said this with a more relaxed voice. Earlier, he’d talked with a stern tone. It was probably because he’d had grievances with Xu Sien Yi and the Xu family in the past.

Thinking about how legendary the Jing Cha Secret Organisation was, he finally let go. It was true that the Xu family has two sky-soaring cultivators, but so what?

This organization was legendary!

Yes... the legendary aspect being discussed was legendary cultivators!

There were less than five legendary cultivators in China!

Jing Cha the Legendary was the man who had given this organization its name; it was actually his own name. He was a legend who'd appeared at the combat trial between cultivators that was organized every five years.

The latest one had been organized five years ago. The next trial would be this year!

"You're right," Lu Yi said with a respect-filled tone when speaking of the legend.

This cultivator was not a normal person to those who were in training. For cultivators, he was equal to a god. He only had to wave his hand once to turn an island into dust!

How could one not compare legendary cultivators to gods?

"I'm afraid I have to excuse myself. I have to hurry and fetch Zhi Yun back," Lu Yi said before getting up from his chair.

"Lu Zhi Yun. I heard she's as talented as you. She's come this far, even though she's only twenty-four years old. In no time, she'll surely catch up to you."

Master Yien also got up from his chair. He talked with a smile on his face.

A rare smile appeared on Lu Yi's face.

"My younger sister is only an idiotic person. She doesn't even like being a cultivator. Instead, she loves to disguise herself at various casinos and rake in all the money."

"Haha, that's not wrong. She's still young." Master Yien laughed softly before walking towards the exit.

While walking past Lu Yi, his facial expression changed a little.

'Lu Zhun Gu the Legendary must still be alive. Otherwise, Lu Yi and Lu Zhu Yun wouldn't be swimming in this pool of power at this young age!'

Lu Yi looked at master Yien with a stern face until he was gone.

"If grandfather hadn't been injured by the battle with Ming Kong the Legendary, the Lu family would be the number one in the cultivator world by now." Lu Yi shook his head and spoke softly to himself.

"Jing Cha the Legendary was only a youngster in the generation after my grandfather and Ming Kong the Legendary!"

Chapter 202 Hard To Decide

It was Saturday morning. Bai Chen left the house at 10 a.m. after finishing up his daily routine.

He'd had a good night's sleep last night. He did not care at all about the news of the Xi family or Xi Du's death that battered the city like a storm.

It was only normal for him to feel that way because he was the one who had killed Xi Du.

There was no reason for him to care about wicked people like Xi Du.

The evil ones like those people were not any different from Wang Chengye. They dared to threaten his family, and that was the reason why he had not hesitated to kill Xi Du.

A member of a big family—so what?

Like what Bai Chen had said before, he had already been holding a grudge against the big families. To be more precise, it was more like one of them in particular!

There was no need for him to feel scared because he had sworn that he would kill Wang Chengye. He would erase the Wang family off the face of the Earth!

The reason why he'd left home early at 10 a.m. this morning was that he had an appointment. It was a rather surprising one, too.

The one who had arranged this appointment was Xu Xue Ning. She had called him last night at around 8 or 9 p.m. She had beaten around the bush for a bit before finally asking him to come to see her today. She'd told him that she had something important to say.

Of course, Bai Chen had accepted the invitation. He did not have anything to do anyway. The meeting place was Xing Yuan department store; that was why he had to take the subway.

It was about twenty minutes before he arrived.

Xing Yuan department store was the biggest one in Xing Zhou city. There were a great many people walking in and out of the building.

Bai Chen looked at the time on his phone and realized that he was there early. The appointment time was at 11 a.m.

The time now was 10:35 a.m. There were still many minutes before the meeting time.

Bai Chen looked around him. There was still no sign of Xu Xue Ning. Thus, he decided to walk around inside the department store.

He wanted to wait for Xu Xue Ning inside the building.

Who would have known that he would be obstructed by a certain someone at the entrance to the large department store?

This person was very familiar to him. She was wearing a face mask, a pair of big sunglasses, and a knitted hat.

“Xue Ning?”

Even though her face was barely visible, Bai Chen recognized her. It was none other than Xu Xue Ning.

“E...Eld...er...Mr. Bai Chen.” Xu Xue Ning stuttered a little. She'd almost called him elder Chen Bai again.

“Have you been here long?” Bai Chen asked. He had not thought she would arrive before him.

Her outfit today was a simple one. She wore a knee-length black skirt and a white t-shirt, with a black, long-sleeved shirt on top.

Her figure was the same as ever. It was still beautiful, flawless, and incomparable.

Bai Chen had had a chance to meet Xu Xue Ning so many times. Thus, he had developed a slight immunity against her beauty.

But if she were to take off her face mask and sunglasses, he was afraid that no matter what sort of immunity he had, his heart would pound very hard anyway.

“I just arrived a short while ago,” Xu Xue Ning quickly answered.

But that answer was a lie. She had been waiting for half an hour to see him.

It was actually rare for her to wait for someone for as long as half an hour.

But this was Bai Chen. She had no problem with waiting, no matter how long, because he was a legend.

One of the legendary cultivators, one out of less than five people in China!

Moreover, it was maybe because of her personal feelings, too. The feelings that she had quietly developed for him.

She did not quite understand them.

“Is that so?” Bai Chen nodded. He did not think Xu Xue Ning would lie to him.

“What is this important matter you want to talk about?”

“Let’s go talk inside. I’ve made a reservation at a restaurant for us,” Xu Xue Ning told him.

What she was going to talk about was very important to her, and it was hard for her to make a decision in regards to it.

Finally, she’d decided. That was why she had invited Bai Chen out to Xing Yuan department store today.

“Okay,” Bai Chen replied.

“This way, please.” Xu Xue Ning led him inside the building.

Less than five minutes later, they were at a restaurant. It was a rather luxurious one, too.

A waitress greeted them and led them inside the restaurant until they reached an empty table.

It was the table that Xu Xue Ning had reserved for them.

There was no one around. Other customers were sitting far away from them.

Bai Chen thought that maybe it was still early in the morning. That was why not so many people were there yet.

He probably could not have guessed that it was Xu Xue Ning who had reserved all surrounding tables too.

She had done this because she did not want to hear any distracting sounds while talking privately to Bai Chen.

Bai Chen and Xu Xue Ning sat down. Xu Xue Ning picked up the menu and handed it over to Bai Chen.

Bai Chen took the menu from her and started to read through it. He ordered some simple dishes. Xu Xue Ning did the same.

After the waitress had gone, they looked at each other in the eye.

“What is this important matter?” Bai Chen asked.

Xu Xue Ning inhaled deeply. Her heart beat faster. Not only was it a difficult topic, but it was also quite embarrassing.

An expression of a rare emotion appeared on Xu Xue Ning’s face. Her face slightly reddened.

It was a shame that Bai Chen did not get to see it as she was covering her face with a mask.

“I...I have something to ask of you!” She stuttered a little. Her hands were clasped together.

If they had not been at the public restaurant, she would have said something like: ‘I would very much like to beg you, elder Chen Bai!’

“You have something to ask of me?” Bai Chen raised his eyebrows. He did not expect her important matter to be anything like this.

Bai Chen was hoping that she would not ask him to protect her sect from sky-soaring cultivators again.

“Yes.” Xu Xue Ning nodded firmly. “This...I mean...I would like you to pretend to be my boyfriend!”

Chapter 203 Deciding

“This... I mean... I would like you to pretend to be my boyfriend!”

As soon as he heard what Xu Xue Ning had said, Bai Chen could not help but widen his eyes.

His face appeared frozen. He went silent for quite some time.

As for Xu Xue Ning, her eyes under those sunglasses trembled when she saw Bai Chen’s facial expression. Her heart beat even faster.

Her beautiful face went pale. From his expression, she assumed that there was a greater possibility that he would refuse than there was a possibility he would accept.

She thought this because Bai Chen was a legendary cultivator. He would not want to lower himself to be a pretend boyfriend for a lowly young girl like her.

Actually, Xu Xue Ning had already thought about this, yet she still wanted to take a risk.

That was why she'd invited him out to Xing Yuan department store today.

This was because Bai Chen was down-to-earth and kind—that was why she'd decided to risk it.

Since their first meeting when she'd thought that he was a sky soaring cultivator, she had been aware that he was a good man.

Even though he was at the sky soaring level, he was not at all arrogant. He talked to a formation-level cultivator like her in a friendly manner. He'd even extended a helping hand to her sect.

This had been done by dealing with Tai Yang the Strange, the sky soaring cultivator.

At that time, she knew in her heart that he was not a normal sky soaring cultivator.

Rather, he was a legendary one who stood at the very top of the cultivator world!

Xu Xue Ning felt grateful. She respected him as deeply as if he was a god.

These were the reasons why she wanted to take a risk.

And the reason why she wanted Bai Chen to pretend to be her boyfriend was because of that call from her mother, the day she'd invited Bai Chen for a meal at her house.

To be more specific, five days ago when her mother had called, it had been about meeting her future husband for the first time.

Xu Xue Ning was already 25 years old. She was supposed to get married soon. The family thought that it was worrisome that there was no sign of her getting a boyfriend at anytime.

Thus, they firmly decided to find a partner to matchmake her with. The choice of man was a special one, too.

But everyone in a high rank in the Xu family, including Xu Xue Ning's parents, knew that she would object no matter how special that person was.

Due to this, an order had come down from her grandfather, the current head of the Xu family. Thus, it would be difficult for Xu Xue Ning to object.

That day, she had spent a long time on the phone arguing with her mother. Finally, she had ended up telling her that she had already had a boyfriend and that she would introduce him to the family in five days.

Her mother had been speechless for a while. She could not believe that her daughter already had a boyfriend.

However, Xu Xue Ning's mother was delighted. Before she hung up, she told her not to forget to quickly bring her boyfriend back home.

If the high-ranking members of the family thought that he was appropriate, they would not interfere.

However, if he was deemed inappropriate, the boyfriend whom Xu Xue Ning brought back home would not have a chance to stay with her or marry her.

This was a rule of the influential families. They had their faces to save. It was not as if just anyone could become a son-in-law of the family.

Especially for Xu Xue Ning, a lovely pearl who was considered the most beautiful girl in Beijing, it was even more impossible for the Xu family, one of the five big families of Beijing, not to scrutinize her boyfriend or her future husband.

However, they did not know that what Xu Xue Ning had said was a lie. It was rare for her to lie. Xu Xue Ning had never had a boyfriend or any kind of love.

Since she was young, she had been determinedly walking along her cultivating path. She had never had time to think about that kind of thing until she'd met Bai Chen. She felt strange when she was around him.

However, she did not believe that she had fallen for him. She thought it was just a respect.

What had stopped her from believing that was probably what Bai Chen had said that he was pursuing Long Xu In. He liked her so much, he had even gone to the trouble of disguising himself to pursue her.

Maybe it was because of this that Xu Xue Ning did not think she was in love with him.

Also, she did not know any more men other than Bai Chen. That was also why she had decided to come to him to ask him to pretend to be her boyfriend.

No, to be more accurate, she had chosen to lie to her mother that she had already had a boyfriend because she had been thinking of him. She wanted to know if he would help her or not.

If he accepted, it would be great for her. But if not, she would not want anyone else to pretend for her. She would go to her matchmaking session and reject the man, just like every other time.

Even though the family would not approve of the rejection, she would still do the same thing. She would not let anyone interfere with her life!

“Pretend to be your boyfriend?”

After several minutes of silence, Bai Chen finally talked. His heart beat fast.

Xu Xue Ning was a beautiful woman. How could he not feel anything when she asked him to be her pretend boyfriend?!?

“Y...Yes,” Xu Xue Ning answered with her trembling voice.

“The thing is...” she started to explain.

Once she was done with the explanation, Bai Chen's facial expression changed a little. He was deep in thought.

‘Beijing?’

It was obvious that if he accepted the part of her pretend boyfriend, he would have to go to Beijing with Xu Xue Ning to visit her house.

Bai Chen started to think. He had to decide.

‘There are still many months before Wang Chengye comes to Xing Zhou city,’ he thought.

‘But if I go to Beijing, I can spy on Wang Chengye and the Wang family. And if Wang Chengye is alone, I can kill him with the invisibility ring I have!’

‘Moreover, I can’t use the Life Changing System right now because it’s still upgrading.’

Bai Chen’s thoughts ran wild. He suddenly felt angry when he thought about Wang Chengye. This anger towards him had already been rooted deep down inside of him.

Bai Chen inhaled deeply. He looked up at Xu Xue Ning and finally spoke. He had decided.

“Deal. Pretend to be your boyfriend, correct? I’ll help you!” he said.

His aim this time was not to be Xu Xue Ning’s pretend boyfriend. He would use this chance to go to Beijing and find a way to spy on the Wang family and, possibly, kill Wang Chengye.

If he could succeed, destroying the Wang family could still wait until later!

Chapter 204 The Arrival Of The Jing Cha Secret Organisation

“W...What did you say?!?”

Xu Xue Ning blurted out in surprise. She thought she’d misheard it. Her facial expression, though hidden under her surgical mask and big sunglasses, showed a great deal of surprise.

Not long after that, her expression changed into a happy one. She thought that it had been a fantastic idea to take a risk and ask Bai Chen to pretend to be her boyfriend.

Xu Xue Ning knew that she had been right all along. Bai Chen was really down-to-earth and kind.

“I told you that I’d pretend to be your boyfriend,” Bai Chen said with a calm tone. “When are we going to Beijing?”

Xu Xue Ning quickly suppressed her emotions. She thanked him. “T...Thank you.”

She hesitated a little. If possible, she actually wanted him to go to Beijing with her today, because today was the deadline that she had given to her mother.

In the morning, Xu Xue Ning’s mother had called and asked about her bringing her boyfriend home.

For her mother, it was a happy feeling that her daughter, who had never had a boyfriend or seemed to be interested in anyone, had finally gotten herself a boyfriend.

She wanted to see what kind of person her daughter had picked to be her first boyfriend. That was why she’d called so early in the morning.

She did not care much about how suitable he was for her.

Suitability was not important to her. It was more important that her daughter had found the one she loved.

But what the higher-ranking people in the family would think was a different question.

Even though Xu Xue Ning's mother was supportive, it was impossible for her to not listen to the higher-ranking people in the Xu family.

No matter what, the Xu family was a big family. It was one of the five big families of Beijing anyway.

"What do you say?" Bai Chen asked again because Xu Xue Ning had gone silent.

Hearing his question, Xu Xue Ning pursed her beautiful lips. Her fists tightened. She finally spoke.

"If possible, I'd like you to go to Beijing...I mean, go to my house with me today!"

"Today?" Bai Chen frowned. He did not think it would be this sudden. He lowered his head and went deep in thought for quite some time.

Xu Xue Ning waited for his answer agitatedly. She was afraid Bai Chen would refuse.

A moment later, Bai Chen finally decided and looked up. "Okay."

The reason why he was okay with it was the same reason why he'd agreed to pretend to be her boyfriend.

His plan was, after pretending to be Xu Xue Ning's boyfriend in Beijing, he would sneak into the Wang family home just in case he coincidentally found Wang Chengye. If so, he would find a way to kill him right away!

If he could do it, the rage in his heart would ease somewhat!

In case he could kill Wang Chengye, what would be left was the Wang family, one of the five big families in Beijing. However, destroying an influential family like that was not easy.

This was because they had been established in Beijing for a long time. Thus, it was extremely difficult to overthrow them.

But Bai Chen had been holding on to this rage and hatred all the way from the future. He would certainly not back off!

If he did not succeed in killing Wang Chengye this time, he only had to find another chance to do it. He did not stand to lose anything.

And that next chance would likely be when Wang Chengye came to Xing Zhou city several months after this.

"Thank you very much!" Xu Xue Ning quickly thanked Bai Chen again. Her still face was replaced with a smile of happiness.

But again, it was a shame that Bai Chen did not have a chance to see her beautiful and incomparable smile.

"If so, we'll see each other again here in the department store in two hours. I have to pack my stuff first." Bai Chen said while waving at Xu Xue Ning.

Her words of thanks, spoken with her indescribably melodious tone of voice, satisfied him. He also felt thankful.

This was because if she had not asked him to pretend to be her boyfriend, he would not have thought about spying on the Wang family and finding another way to kill Wang Chengye like this.

“Let’s do that. But first, we have to eat.”

Xu Xue Ning was happy with the result. Her mood was especially light. Her tone was polite and melodious, yet filled with apparent delight.

“I think so, too.” Bai Chen smiled a little. He had not eaten anything either. He felt hungry.

Moreover, they had already ordered the food. It would be a waste not to wait for it and eat.

.....

While Bai Chen and Xu Xu Ning were waiting for the food to be served, a black car from a high-end brand drove into Xing Zhou city.

It was an expensive Lamborghini. There were two people inside.

The driver was a young man with decent looks.

The one sat in the passenger seat. He was a middle-aged man with a fierce-looking face. He sat there with his arms crossed. His eyes looked ahead.

“Leader Zhao.” The young driver suddenly spoke. Of course, he was talking to the man in the passenger seat.

The middle-aged man called ‘Leader Zhao’ was none other than Zhao Suan, the head of the third unit of the Jing Cha Secret Organisation.

They had been sent to Xing Zhou city to investigate and find the killer of the Xi family’s member, Xi Du.

“What is it?” Zhao Suan turned to look at the young driver. “Zhuang Mo, your job is to drive us to the destination. There’s no need for you to speak.”

“That’s nonsense, Leader Zhao.” The young Zhuang Mo laughed. “How would I drive us there? You haven’t even told me where to go yet!”

From how they talked to each other, it was obvious that they did not actually get along, even though Zhao Suan was the head of the third unit of the Jing Cha Secret Organisation.

However, Zhuang Mo was at the formation level, the same as Zhao Suan. That was why he did not seem to have one bit of respect for Zhao Suan.

Moreover, Zhao Suan was an extremely narrow-minded person. He could see that Zhuang Mo had been born with an excellent gift, and he was very much jealous of him.

Eventually, Zhuang Mo had become his enemy. He would use any means possible to interfere with Zhuang Mo’s practice, so he would not be able to improve any further.

If Zhuang Mo was better than this, the leader position of the third unit would fall into his hands for certain.

Thus, it was impossible for Zhao Suan not to be jealous of and try to stop Zhuang Mo!

Chapter 205 Survivor

One hour later, Zhao Suan and Zhuang Mo arrived at their destination.

They had actually been fighting like their lives depended on it in the car all the way here.

“Are you sure it’s here?” Zhao Suan got out of the car. He flashed a cold gaze at Zhuang Mo.

Zhuang Mo blinked. His face was calm. Then, he smirked. “It has to be this place, leader Zhao. I thought you were smarter than this!”

“You!” Zhao Suan was so angry he could have burst, but then, he decided to calm down within seconds. It would not be too late to settle things with him later.

Right now, he had to focus on the mission that had been given to him by the secret organisation.

“Get inside,” Zhao Suan gritted his teeth and spoke coldly. He led the way inside the place in front of him. It was a public hospital.

There was definitely a reason why they were here. An hour before this, when they had first arrived in Xing Zhou city, they had started the investigation to find Xi Du’s killer.

Less than an hour had passed, and they found out that recently, a lot of homicide cases had happened in this city.

The big cases were the massacre of the White Tiger gang, and for which the perpetrator, or maybe a group of perpetrators, was still unidentified.

From the information they’d gathered, Zhao Suan and Zhuang Mo had come to the same conclusion.

This conclusion connected every dot between all the unsolved big crimes that had happened in Xing Zhou city. They thought that the culprit was possibly the same one as in Xi Du’s case!

Even though they were not a hundred percent sure, at least it was more than fifty percent.

That was the reason why Zhao Suan and Zhuang Mo had come to this public hospital to find someone. He was a ‘survivor’.

To be more accurate, he was ‘the survivor from the White Tiger gang’!

It could be seen that someone from the gang was still alive!

“Hehe,” Zhuang Mo laughed mockingly before following Zhao Suan into the private hospital.

Not so long after that, they were in front of the patient’s hospital room.

Inside, lying inside was a man aged around 25 to 30 years. His face was as white as a sheet. His upper body was covered with a plaster cast and splints.

It was obvious that a lot of his bones were broken.

“So, this is him.” Zhao Suan walked towards the bed. The man he looked at was still sleeping. His eyes were shut tight.

“There’s no mistake. I think his name’s Lun Her. You sure have a short memory, leader Zhao.”

His mockery filled the hospital room. He also walked towards the patient bed, but not too close to Zhao Suan.

From what he’d said just now, it was clear that the sleeping man was Lun Her, one of the two men Ba Guan had brought with him to attack Bai Chen that day.

In the end, Bai Chen had broken his bones. He had been hospitalised for many days, and he was still unable to move.

However, Lun Her did not regret it. He actually felt happy. If he had not had his bones broken like this, instead of being hospitalised, he would already have died.

He would have died along with everyone in the White Tiger gang!

When he heard the news, Lun Her had been very frightened. He thought that Bai Chen definitely had to be connected to the massacre.

The reason why he thought so was that before Dong Dou had gone to see Chang Du, the second in command of the White Tiger gang, he was with him at the hospital.

Dong Dou had told him about taking revenge on Bai Chen and had reported this to Chang Du.

At that time, Lun Her had really thought that Bai Chen would be killed!

However, nothing had gone as he thought it would. Eventually, the news about the murder of Chang Du and the gang had reached him, followed by the news of the massacre of the White Tiger gang!

At that very moment, Lun Her swore to himself that he would not have anything more to do with Bai Chen. He would not tell anyone about this matter. He would keep it only to himself.

What Lun Her was thinking now was simple. He wanted to recover and get out of Xing Zhou city as fast as he could.

Zhao Suan heard Zhuang Mo’s mockery and decided to suppress the anger inside of him. He lightly shook Lun Her’s body to wake him up.

“Mmm...” Lun Her was finally awake. He blinked sleepily and thought that maybe the beautiful young nurse had brought him another meal.

However, as soon as his eyes adjusted, they trembled. It was not the beautiful nurse who had woken him up.

Instead, it was a fierce-looking middle-aged man with an aura that suffocated him. He felt scared.

“W...Who are you?!?”

Lun Her asked this in panic. He looked at Zhuang Mo who possessed the very same vibe as the middle-aged man. He could not help but shrink and quiver.

“No need to fear. We’re not here to hurt you. We just want to ask you something.” Zhuang Mo smiled at Lun Her. “We’ll leave immediately after we get the answer from you.”

“A...Ask?” Lun Her rolled his eyes upward. His white face turned even paler.

“Yes.” Zhao Suan was the one who spoke this time. His face was stern. “If you answer me, I won’t do anything to you.”

Of course, it was a threat. Moreover, he referred to himself as ‘I’, which meant that he did not include Zhuang Mo.

Zhuang Mo flashed a look at Zhao Suan and laughed. ‘As expected of an annoying old dog. I’d kill him for sure if I had a chance!’

“W...What do you want to ask?” Lun Her’s voice shook with fear. He looked at both men. He did not even dare to move an inch.

“Of course, it’s about the White Tiger gang,” Zhao Suan said with a serious face.

“The W...White Tiger gang!” Lun Her could not help but widen his eyes. His whole body quivered.

It was obvious that he was full of fear right now. However, not long after that, his face grew calm.

“You want to know about the man who’s behind the White Tiger gang massacre, right?” Lun Her said. His voice strangely switched to a serious and steady tone.

Immediately upon hearing those words, Zhao Suan and Zhuang Mo frowned.

Chapter 206 An Important Lead

“Like you said, I want to know about the man who decimated the White Tiger gang.”

Zhao Suan nodded once. His eyes could not help but sparkle.

This was because it was obvious that Lun Her must know the man who was behind the White Tiger gang’s massacre.

If it was true, it could possibly lead to Xi Du’s killer.

“The one who decimated the White Tiger gang?”

Unlike Zhao Suan, Zhuang Mo was still frowning. He looked at Lun Her with a slightly different facial expression.

“You’re telling me that the one who did it was only a single man, not a powerful group?”

“You’re right.” Lun Her did not hesitate to nod.

“Say it then.” Zhao Suan’s eyebrows knitted tightly. He felt a little suffocated at not being able to come to that realization like Zhuang Mo had.

“I’ll tell you all right, but you have to promise me my safety!” Lun Her said. He stopped for a moment and then sternly emphasized the words, “I don’t want to die!”

It was obvious that he was very scared of Bai Chen. He had been keeping this to himself because he was scared.

However, it would be a different story if these two in front of him could guarantee his safety.

Moreover, if these two could bring Bai Chen down, he would not have to leave Xing Zhou city anymore. He could just live here peacefully.

This was why he’d suddenly changed his attitude.

“Don’t you worry. I’m with a government organisation. No one will be able to hurt you!” Zhao Suan said confidently.

Zhuang Mo did not say anything. He merely nodded and smiled a little.

‘A government organisation!’ Lun Her gave a start and was extremely surprised.

He did not expect these two men to be from a government organisation!

However, it made him happy. If Zhao Suan and Zhuang Mo were actually from a government organisation, he would not have to worry about his safety anymore.

No, he should say that he did not need to worry anymore. The words ‘government organisation’ were enough to guarantee his safety.

Lun Her quickly suppressed his emotions. To be frank, he still felt a little excited. If Bai Chen was brought down by people from a government organisation, he would become the one who had avenged for everyone in the gang.

“If you have given this much a guarantee, I can feel relieved now.” Lun Her sighed a little and started to tell the story...

Starting from when Ma Jong ordered him and Ba Guan to deal with Bai Chen...

Five minutes later, the room went quiet. Lun Her was done telling the story. He’d told them everything that he knew about Bai Chen.

“Are you telling me that the one who’s behind all this is an eighteen-year-old boy?”

After the story concluded, Zhao Suan was in shock for a moment. He had not expected this at all. Not only him, but Zhuang Mo also thought similarly.

It was the first time they'd felt the same way.

"Is this true?" Zhuang Mo asked. He did not want to believe what Lun Her had just told him.

Yet, judging from his tone of voice and facial expression, he knew that Lun Her was telling the truth. He asked the question only for confirmation.

"It's the absolute truth!" Lun Her nodded seriously.

Why would he dare lie? Even if he were to be a billion times more courageous than he was now, he would not dare to lie to people from a government organisation!

After hearing Lun Her, Zhao Suan and Zhuang Mo could not help but look at each other. They had the same idea in their minds. What Lun Her had just told them was no doubt an important lead!

"His name was Bai Chen, right? His parents own a steamed bun shop in the Xing Seng business district?"

A moment passed. Zhao Suan turned back to Lun Her.

"Yes." Lun Her nodded. "His name's Bai Chen and his house is certainly a steamed bun shop in the Xing Seng business district!"

Actually, Ba Guan was the one who'd told him all about this before they went to beat up Bai Chen and had ended up being beaten.

"Thank you very much. Don't worry about your safety. I'll drag that Bai Chen out of this city myself," Zhuang Mo said with a smile before walking towards the door and exiting the hospital room.

They had no business here anymore. They already had information about the culprit, so they decided to go straight to the Xing Seng business district and search for Bai Chen immediately.

After they caught Bai Chen, they would bring him back with them to Beijing. The Xi family had made this request and promised the Jing Cha Secret Organisation to pay them a lump sum if they could find the man who'd killed Xi Du.

Also, if that man was caught, the Xi family would deal with him themselves.

It was quite obvious how much rage the Xi family had towards Xi Du's killer or, to be precise, Bai Chen!

However, Zhuang Mo did not believe one hundred percent that Bai Chen was the only one who had done all of those things like Lun Her had said.

Due to that, he rushed to Xing Seng business district to confirm it.

However, even if he did not believe it a hundred percent, he believed it by more than half anyway.

“That bastard!”

Zhao Suan could not help but feel angry when he saw Zhuang Mo walking out of the room before him. He gritted his teeth tightly and looked away from Lun Her. He walked out of the room without saying anything else to Lun Her.

Lun Her looked at them until they were gone. He sighed.

He felt quite relieved right now. Those two men had suffocated him with their aura.

“Bai Chen, you won’t get away with this!” Lun Her gritted his teeth. He thought that today was the luckiest day of his life.

If Bai Chen was brought down, it would be very good for him.

All he wanted was for Bai Chen to be gone from Xing Zhou city so that he could live peacefully. He would not have to live in fear. His plans to recover from his injuries and leave the city would be no more.

“The heavens still have mercy on me, it seems!” Lun Her talked to himself softly.

His pale face showed happiness. He was very delighted with what would happen.

His eyes were locked on the door. He thought that it would be good if he could at least know how Bai Chen died.

Chapter 207 A Horrible Situation

An hour and a half had passed since Bai Chen had gone separate ways with Xu Xue Ning after the meal.

At this moment, he was in front of the Xing Xuan train station.

He had already gone back home to put all his things into the backpack he was carrying on his back right now within the last hour and a half.

He had only brought along one or two sets of clothes because Xu Xue Ning had told him that they were going to be gone no more than two days. One of the outfits he’d brought with him was the suit that Long Xu In bought for him.

The reason why he’d brought it along was that he thought that Xu Xue Ning’s family had to be a wealthy one.

Otherwise, they would not be able to produce an heir as beautiful as Xu Xue Ning.

Not only Xu Xue Ning, but also Xu Xin Tong and Xu Er Er. The sisters were all cute and beautiful.

Due to that, it was only normal that Bai Chen would think that they were from a wealthy family. Thus, he had brought along his suit.

If he were to wear normal clothes, the family might not believe that he was Xu Xue Ning’s boyfriend. He would not be allowed to go inside the house. Even worse, he might be driven away because he was not from a wealthy family.

“Where are all the trains?” Bai Chen spoke softly to himself while waiting for the train.

The reason he talked like that was that he did not want to be late. He did not want Xu Xue Ning to wait for him.

At this time, he had only half an hour left before their appointed time at Xing Yuan department store.

Riiiiing...Riiiiing...Riiiiing...

While he was waiting for the train, his iPhone rang.

He quickly pulled the phone out of his pants pocket and looked at the screen.

He picked up the phone call without hesitation. The one who called was none other than Qian Bei.

“B...Big bro...This is bad!”

Right after he picked up the call and put the phone to his ear, Qian Bei’s agitated and anxious voice burst out.

“What’s happening?” Bai Chen frowned. He asked Qian Bei this with his cool tone.

“Listen to me carefully, okay?” Qian Bei inhaled deeply “Y...Your parents have been kidnapped!”

“What?!?” His body shook so hard, it was as if he had been struck by lightning. He almost dropped his iPhone.

It was obvious that Qian Bei’s words affected him greatly.

A moment later, Bai Chen inhaled deeply. He tried to suppress his emotions as much as he could.

Even so, his heart still thundered.

“Qian Bei, is this another one of your jokes?” he said.

Bai Chen thought that Qian Bei was playing a prank on him. It was impossible that his parents would be kidnapped.

However, he realised that he had underestimated the situation when Qian Bei continued.

“I’m not joking, big bro. I was about to come to get you to go hang out and I saw two men knocking your parents unconscious and taking them away!”

“....”

Bai Chen was at a loss for words after hearing what Qian Bei had said. How could he not believe this?

Bai Chen’s facial expression changed drastically. His face went very pale.

“Who are they? Where did they take my parents?!?”

His hand tightened around the phone. His empty hand also curled up into a tight fist.

All he could feel right now was anger and anxiety.

Of course, he was angry because his parents had been hurt until they fell unconscious. He was also worried that something bad would happen to them during the kidnapping.

“I heard one of them demanding your whereabouts from your parents. However, you’re your parents, or Uncle and Auntie, did not give that up, so they were assaulted and taken away.”

Qian Bei inhaled deeply once again before telling the whole story.

“People around there tried to help them, and a lot of them were hurt too!”

The more Bai Chen listened to Qian Bei, the worse he felt. His heart was in pain. Not only had his parents been hurt by those people, but also all those nice people in the Xing Seng business district.

‘Unforgivable!’

This word echoed inside Bai Chen’s head. His facial expression clearly showed his intent to kill.

‘Whoever you are, I’ll make you pay for hurting my parents and all those people in the district!’

Bai Chen swore this to himself at the same time as when Qian Bei gave him another important piece of information.

“Before they left, they said that you should go to Chao abandoned building if you want to get your parents back!”

Qian Bei stopped for a moment before continuing in an exhausted tone of voice. “I tried reporting it to the police, but they didn’t chase after them or anything. They didn’t want anything to do with it!”

“I think the people who took your parents must be very powerful people because I also tried calling my dad to ask for help...”

Qian Bei’s voice got softer the more he went on.

“However, my dad said that he can’t do anything about it. He said that they’re too powerful for him!”

“Thank you so much for telling me all this. I’ll deal with it myself!” Bai Chen said with a serious voice.

He hung up the phone without waiting for any further response from Qian Bei. Both of his eyes turned so red, they looked scary.

“The Chao abandoned building!” Bai Chen said before rushing out past the crowd at Xing Xuan station.

A lot of people who walked past him had to look away from him because they were scared. Bai Chen's facial expression at the moment was very fierce. His red eyes made him look very much like a wild, bloodthirsty animal.

His rage and his intent to kill were shown clearly on his face!

It was only normal that people would be scared of him.

"I don't care who you are or how much power you have in your hands. I'll kill you! Every single one of you!"

At this moment, it was truly as if Bai Chen had lost his sanity. He did not even pay attention to his phone that was continuously ringing; it was Qian Bei's number.

He found a place where no one could see him. He took his invisibility ring out and put it on his finger. He immediately turned invisible.

The ring's one-minute duration started to count down.

Without wasting a second, Bai Chen used his stargazing walker technique and walked up into the sky. Then, he looked for the abandoned building.

Without hesitation, he leaped through the air at an incredible speed.

He wanted to handle this horrible situation as quickly as he could!

Chapter 208 An Unstoppable Rage

Less than ten minutes later, there was an eighteen-year-old boy standing mid-air above an abandoned building. There were no people around.

His face was extremely scary. His eyes had turned a vivid red. His facial expression was full of bottomless rage.

He was none other than Bai Chen.

He had leaped across the sky at an incredible speed. That was how he'd arrived at Chao's abandoned building so quickly.

The Chao abandoned building was located not so far away from the Xing Seng business district. It used to be the office building of a big company.

The company eventually had to face several financial issues that had resulted in bankruptcy. This building had been abandoned ever since.

Bai Chen knew of this building because it was not that far away from the Xing Seng business district.

Thus, it was only normal that he could come to the right place after receiving the information from Qian Bei about his parents being kidnapped and taken to the Chao abandoned building.

Bai Chen looked around the building. He did not see a single person, but he saw a luxurious car parked at the side of the building.

Bai Chen narrowed his eyes. They clearly showed a strong intent to kill.

Seeing the car parked over there, he was sure that he was at the right place. He did not hesitate to rush to the ground.

At this moment, of course, his invisibility ring's power had long expired. It had been a while after its one-minute limit.

After he returned to the ground, Bai Chen looked at the front door of the building. There was a dilapidated old wooden door that was shut tight.

His feet started to walk fast towards the door. His every step was very heavy and firm.

His hands had been curled up into fists. His veins were clearly visible on both of his arms.

In less than a minute, Bai Chen was standing in front of the door.

CRASH!

Without any sort of hesitation, Bai Chen kicked at the old door. It flew back. There was dust and smoke everywhere.

After the door was gone, the inside could clearly be seen. There were two old sofas. On each of them, there sat a person.

A man with a fierce face was sitting on the left sofa. On the right sofa, there was a rather handsome young man.

Of course, there were not only these two in the abandoned building. On the dusty, dirty old floor were middle-aged men and women who were tied up tightly with a rope. There were signs of assault on the woman's face. The bruises were as clear as day.

Both of them were unconscious. They were none other than Bai Chen's parents, Bai Chang and Bai Yu!

'Father...mother...' Seeing his parents in that state, it was as if blood could gush out of Bai Chen's eyes at any moment. His whole body trembled.

His rage was boiling like it was leaping towards the sky. His heart was in so much pain at seeing Bai Chang and Bai Yu in this state.

"Why? Why did you have to hurt my parents?!?"

Bai Chen could finally turn his bloodshot eyes away from his parents. They were now locked on the middle-aged and the young man.

They were none other than Zhao Suan and Zhuang Mo of the Jing Cha Secret Organisation.

Twenty minutes before this, they had gone to Bai Chen's house. They did not see him, so they'd asked his parents about his whereabouts.

Bai Chang and Bai Yu thought that they were suspicious people. Therefore, they did not tell them where their son was.

They did not think that they would be knocked out cold by the middle-aged man with the cruel face just because of that.

Zhao Suan and Zhuang Mo had seen Bai Chen since the moment he'd kicked down the old door and walked in.

They had not done anything to him yet because it was unnecessary. They thought that Bai Chen was no different than an ant or a termite.

They were not ordinary people; rather, they were some of the few strong cultivators of China. Of course, they would look at Bai Chen that way.

“Answer me. You're the one who killed Xi Du, the young master of the Xi family, didn't you? You're also behind all the homicide cases that recently happened in Xing Zhou city, including the White Tiger gang massacre, correct?” Zhao Suan said with a cold tone.

He did not care about what Bai Chen had said.

“Bastards!” Bai Chen could hardly control his anger anymore.

He knew now why these two men had hurt his parents and wanted him in the first place.

However, Bai Chen had not thought that someone would find out about him killing Xi Du this fast. They'd even found out what he had done before, too.

Bai Chen could not help but feel upset and miserable about all this. He'd dragged his parents into this matter.

This was even though he had sworn to himself that he would not let anyone harm his family again. He had apparently broken that promise.

It seemed he'd severely underestimated the big families!

“You big families!”

Bai Chen spoke through his teeth. His hatred towards the big families greatly intensified, be it the Wang family or the Xi family. Maybe even the rest of them, the Xu, the Tang, and the Long families too.

“You'll pay for this!”

Bai Chen's roar filled the abandoned building. His body started to move. His feet were fast. His target was the middle-aged man with a fierce face, Zhao Suan.

It was obvious that he could not hold himself back anymore. His rage was unstoppable!

“So fast!”

Zhao Suan and Zhuang Mo's facial expressions changed suddenly when they saw Bai Chen's movements.

The speed that Bai Chen was using could be compared to that of the Formation Realm cultivators.

Thus, it was normal for Zhao Suan and Zhuang Mo to change their facial expressions. Bai Chen's speed was at the same level as them, the Formation Realm cultivators.

“Die!” Bai Chen screamed again. He threw his fist with great speed and punched Zhao Suan's face quick and hard.

Zhao Suan widened his eyes. His heart skipped a beat due to sudden surprise. However, he was a formation cultivator and thus, was naturally sharp.

Zhao Suan immediately raised his hand up, aiming to catch Bai Chen's fist..

Instead, however, his body became stiff.

Crack!

The sound of broken bones echoed throughout the area. One of Zhao Suan's arms fell and hung at his side. At the same time, another punch darted forward and hit his face violently!

Chapter 209 Death Is The Only Answer

BAM!

A heavy thud rang out once. Zhao Suan, who had originally been sitting on the sofa, flew back with the sofa he was sitting on. Both the sofa and his body flew towards the old wall of the abandoned building.

Crash!

The sofa broke apart into pieces. Zhao Suan was lucky that his body was still intact.

However, he was in a rather pitiful state. It was not just hair that was messed up and full of dust, but his face was also soaked with crimson blood. As for his teeth, who knew how many he had lost, as it was countless!

Zhao Suan's body dropped onto the floor beside what was once a sofa. At that moment, no one needed to ask how he was. Other than pain, he did not feel anything else.

“Y...You!” Zhao Suan's lips quivered. His voice was hoarse and faint.

He used his left arm to help him get back up slowly and miserably. As for his right arm, it had been broken since he'd tried to block Bai Chen's punch. That was why he did not use it.

Standing up, Zhao Suan's heart was frantic. It felt like a big storm was buffeting him.

However, no matter how much he did not want to believe it, he had to. The pain he felt was real.

Ptooeey!

Zhao Suan opened his mouth and spit out blood and broken teeth. Anger and fear rose in his heart.

He was angry that Bai Chen had dared hurt him, but he was also scared of Bai Chen. Bai Chen could hurt him this much with only a single blow—that proved that Bai Chen was stronger than he was!

It was obvious that Zhao Suan did not see Bai Chen as just a regular ant or termite anymore, but a fellow cultivator.

A cultivator who was at the Formation Realm level like him, but a much stronger one.

“Zhuang Mo! What the hell are you waiting for? Help me get him!”

A moment later, Zhao Suan yelled out after gathering all his senses.

Zhuang Mo, whose mouth was opened in awe at what he was witnessing, suddenly got himself together. His eyes and face turned serious.

He got up from the sofa and stood up very quickly. He put his palms up in a gesture from some odd form of martial arts. It was clearly a cultivator’s technique that he had learned.

“I am actually surprised that you’re also a cultivator. However, what you’re doing is too big for you to handle alone. For your best interests, I suggest you surrender, otherwise...”

Zhuang Mo said this with a rather cold tone. Before he finished his sentence, he flashed a look at Bai Chang and Bai Yu who were still tied up and unconscious.

However, he was actually extremely anxious inside while he was saying that. From the looks of it, Bai Chen was only around eighteen years old and he had already gotten to the Formation Realm level.

Bai Chen’s talent was apparently many times greater than his. He had already turned twenty-nine this year. How could he compare his talents to Bai Chen’s?

“How dare you!” Bai Chen roared wildly.

At that moment, he was in a tremendous rage. It was a rage beyond common sense. It was almost the same as how he felt when Wang Chengye had killed his parents before he’d time traveled here!

“Die! You must all die!” Bai Chen’s voice was harsh.

Suddenly, he tapped his foot on the ground once, making the dust rise and fill the area. He leaped towards Zhuang Mo with great speed.

Zhuang Mo’s eyes widened. Fright shone clearly on his face.

To be honest, even though he knew that Bai Chen was a Formation Realm cultivator just like him, Bai Chen’s strength actually frightened him very much.

However, no matter how panicked or scared he was, Zhuang Mo was still a cultivator. He would not lose his cool due to fear.

He looked at Bai Chen. He would not want to underestimate his power. When Bai Chen reached his attack radius, he immediately charged. The palms that had been positioned in a strange manner according to the technique he had learned swept to the side.

BAM!

However, he could only sweep them out halfway. A heavy punch crushed his hand to pieces. Blood and flesh spattered everywhere. All the bones must have been ground to dust!

“AGHHHHH!” His painful scream echoed through the area. It was a very depressing and torturous sound.

Whoosh!

Zhuang Mo dropped down onto his knees. His good hand was covering the hand that had just been horrendously injured.

His facial expression was horrible. No one could see anything on his face except his tears and mucus.

“Zhuang Mo!” Zhao Suan saw everything. He was shocked that even Zhuang Mo who possessed greater talents than him would be dealt with this easily.

Other than that, the fear in him also grew greater. His legs trembled. He did not even dare to move an inch.

It was good that he did not wet his pants. Otherwise, he would sully the reputation as the head of the Jing Cha Secret Organisation’s third unit.

Bai Chen stood in front of Zhuang Mo. He looked at Zhuang Mo, who was on his knees and crying out in pain, with cold eyes.

His intent to kill was reflected in his eyes!

Zhuang Mo quivered and went numb as if he could sense that intent. Fear spread all over his body.

He looked up at Bai Chen. He almost wet his pants at seeing Bai Chen’s blood-red eyes.

“F...Fellow Taoist...Calm down. We can talk it out...”

Zhuang Mo said this with a voice that trembled terribly. He’d never thought that his threats would result in him being in this state.

“Death is the only thing left for you!”

Bai Chen did not care one bit about what Zhuang Mo had said. Whoever dared to hurt his parents, his only family deserved to die. That was the only option!

Determination shone on Bai Chen’s furious face. Without mercy or hesitation, he lifted his foot and swept it in a kick at Zhuang Mo’s throat!

“N...No! Don’t! Please let me live!”

At the very last moment of his life. Zhuang Mo screamed that he wanted to live and begged for his life.

Of course, those words were meaningless to Bai Chen.

Crack!

His heavy kick killed Zhuang Mo in only a single blow!

He died with regret and vengeance. He felt angry that the Jing Cha Secret Organisation had sent him here. He also resented the Xi family and Gu Ming who'd made this request to the organisation. As for the regret, he regretted that he had to deal with Bai Chen. Otherwise, he would not have died today!

Chapter 210 A New Grudge

At the moment, Zhuang Mo's lifeless body was lying still in front of Bai Chen. His neck was twisted completely out of shape.

His face was pale white, without any trace of blood. Both of his eyes were open wide. He had not left the world in peace!

"Next it's your turn!"

After killing Zhuang Mo, Bai Chen turned to Zhao Suan who was standing by the wall.

Even though Zhao Suan's face was full of blood, his pale face could still be seen through it. It was as white as a sheet.

His heart could only feel fear and nothing else. Even the anger he felt towards Bai Chen before this had completely vanished.

The only thing that Zhao Suan wanted to ask for right now was to be able to retreat as fast as he could.

However, he knew that that was impossible. Zhuang Mo had only threatened Bai Chen about hurting his parents and he had been killed immediately. Zhao Suan was the one who'd hurt his parents in the first place. Of course, he would not make it out of here alive.

Since the second he had seen Bai Chen killed Zhuang Mo with his heavy kick, to be frank, his heart had almost stopped beating. He was sweating all over.

He did not feel the pain in his broken arm anymore. It might have been because of his immeasurable fear that the pain had gone away.

'H...How can he be so strong?!?'

Zhao Suan cursed furiously internally while searching for a way out of there.

If he knew that things would turn out like this, he would absolutely not have accepted this mission. This was as if he walked right to his deathbed.

Zhuang Mo, who had already been killed, was a good example of this.

Zhao Suan's eyes met Bai Chen's. He felt shivers run down his spine. His legs trembled without stopping.

He had to gather all his strength to even stand up, otherwise, he would have been on his knees right now.

"F...Fellow Taoist... please calm down. I can explain..."

Zhao Suan inhaled deeply to suppress his fear. He spoke softly.

“What more do you need to explain?” Bai Chen asked with his cold tone of voice. He slowly walked towards Zhao Suan.

Bai Chen’s anger had decreased drastically after killing Zhuang Mo. Otherwise, he would not have hesitated to kill Zhao Suan immediately afterwards.

While he was walking towards Zhao Suan, he recalled that Zhuang Mo, whom he’d just killed, had also called him a ‘fellow Taoist’.

If he was not mistaken, these two must surely be cultivators, though he did not know which level they were at.

However, Bai Chen could tell that compared to Tai Yang the Strange, who was at the sky soaring level, these two were still far from that, to the point that a comparison could not be made.

There was no doubt that they were weaker than Tai Yang the Strange.

The reason why Bai Chen could kill Zhuang Mo and hurt Zhao Suan even though he was not a cultivator was because of the low-grade martial arts technique.

The approximate strength of this technique certainly seemed slightly greater than those of low-level formation cultivators’. Otherwise, he would not have been able to kill Zhuang Mo this easily!

“F...Fellow Taoist, please calm down...”

Seeing that Bai Chen did not want to listen to explanations and was walking towards him, Zhao Suan’s heart raced faster. It almost popped out of his chest.

“This is a big issue. You, fellow Taoist, murdered Xi Du, the heir of the Xi family. The family’s now giving it their all by asking the Jing Cha Secret Organisation to investigate, no matter how much they have to pay.”

Zhao Suan stuttered a little. He swallowed his saliva so loudly one could hear a gulp. “So, the organisation sent me and Zhuang Mo here.”

“The Xi family? The Jing Cha Secret Organisation?”

Hearing what Zhao Suan said, Bai Chen stopped his steps forward.

“The Xi family...Xi Du!”

Bai Chen understood everything now. It was because he had killed Xi Du that he had to experience all these things.

It was not as if he’d wanted to kill Xi Du. Xi Du was the one who’d wanted to kill him and crossed the line in thinking of hurting his parents.

But Bai Chen did not regret what he had done even a little bit!

Xi Du had deserved to be killed. The moment he’d realised all this, a new grudge suddenly rose up inside him. Both the Xi family and the Wang family would have to pay!

“What’s the Jing Cha Secret Organisation?”

A minute later, it seemed like Bai Chen had already suppressed the anger inside. He asked this with a cold and calm voice.

He did not plan to let Zhao Suan go anyway.

Zhao Suan had to die here!

It was obvious that Bai Chen had only asked him this before he finished him off. Getting an answer or not did not actually matter to him.

He thought that it would not be so hard to investigate about this organisation by himself anyway.

Seeing Bai Chen stopping his steps towards him, Zhao Suan's eyes sparkled.

He thought that this would be his way out. He would not have to die like Zhuang Mo.

The reason why Zhao Suan thought this was because Bai Chen would have to be afraid of the Jing Cha Secret Organisation's existence. He would be too scared to kill him for sure.

Or even better, Bai Chen would possibly surrender before him!

Zhao Suan felt a little excited at the thought. He quickly talked about the organisation.

Bai Chen listened quietly. After he finished listening, his facial expression changed drastically. His hands curled up into fists.

He did not think that the Jing Cha Secret Organisation would be under the government. Even worse, the person who had established the organisation was a strong cultivator!

“How is it? Feeling scared now?”

Seeing Bai Chen's changed expression, Zhao Suan was brave enough to be arrogant. He puffed out his chest and looked at Bai Chen coldly.

Bai Chen gathered his senses. He thought that he would deal with Zhao Suan first. The organisation could wait!

After thinking this, Bai Chen did not hesitate.

“Die!” He immediately tapped his feet against the ground and leaped towards Zhao Suan.

Without being able to fight back, Zhao Suan took a blow from Bai Chen's punch, and it easily took his life away from him!
