

## Life Changing 221

Chapter 221 Wang Chengye!

At the moment, there was only moonlight shining through the clouds in the dark sky. A figure of a man was standing mid-air.

The cool breeze of the night flew blew against the figure, making the figure's hair flutter.

It was none other than Bai Chen. He'd used his stargazing walker technique to come up here.

He was up here right after he'd dined with Xu Xue Ning and her family.

Of course, he did this to go straight to the Wang family!

The Wang family was one of the five big families. He wanted to go there and explore. If he were to coincidentally meet Wang Chengye, he would assassinate him in an instant!

Thinking about Wang Chengye and the Wang family, Bai Chen's eyes shone with rage. It was a rage that was rooted deeply inside his heart!

Both of his hands curled into fists. They trembled uncontrollably.

"Five kilometers to the east and I'll reach the Wang family's mansion!" Bai Chen said to himself.

Xu Xue Ning was the one who had told him about the location of the Wang family when he'd asked her about it before this.

Xu Xue Ning had only been focused on apologising for what her great-grandfather had done when he'd asked, she had not paid attention to why Bai Chen would ask her about the Wang family.

Even though Bai Chen had already forgiven him since after she had apologised to him the first time, she did not think that was enough. That was why she was still apologising when he went to her to ask about the Wang family's location.

Bai Chen had to tell her to stop apologising. She finally gave up and went back to her room.

"There's no time to waste. I have to hurry." Bai Chen looked ahead in the direction where the Wang family was located before taking his necklace of fortune out of the dimension ring and putting it on.

"I hope this will increase my luck in finding Wang Chengye!" Bai Chen said.

It was obvious that he had put the necklace of fortune on because he wanted it to increase his luck in finding Wang Chengye by coincidence.

If he were to meet Wang Chengye, he would have a chance to get his revenge!

He did not say anything more after putting the necklace on. He, then, rushed to the home of the Wang family.

.....

It was the same time as when Bai Chen started the trip to the Wang family's home.

Inside a luxurious mansion, as luxurious as the Xu family's, a young man was smoking an exclusive, high-priced cigarette on an expensive sofa inside a room that was spacious and beautifully furnished.

The young man was a handsome one. His eyes were sharp. He smirked and happily blew the cigarette smoke out of his nose and mouth.

"You seem to be in a good mood, big brother." A voice broke the silence in the spacious room.

The source of the voice walked into the room through the entrance. He was also a young man.

He was younger than the young man who was smoking on the sofa.

Their faces resembled each other. It was enough to tell that they were siblings.

"Chengye, is that you?" The smoking man flashed a look at the man who'd just walked in and spoke in a bored tone.

"It's me, big brother." The young man called 'Chengye' smiled and sat in front of the smoking man.

"Hmm... Why have you come to see me? You didn't have to rush off to romantically pursue Lu Zhi Yun like father told you to?"

The smoking man blew the smoke out of his mouth again. His name was Wang Cheng Yong. He was the same person as the one whom Xu San Zhien wanted to be Xu Xue Ning's partner for the matchmaking date

He was Wang Cheng Yong from the Wang family, one of the five big families in Beijing!

If this man was Wang Cheng Yong, there was no doubt who 'Chengye' was.

It was none other than Wang Chengye!

Wang Chengye, the youngest son of the Wang family—he was the one Bai Chen had to kill to get his revenge, no matter what!

"I'm about to rush off. I just wanted to congratulate you first." Wang Chengye was a lot better-looking than his brother Wang Cheng Yong. His eyes were full of shrewdness.

He was in a classy brown suit. There was no doubt how pricey it was.

Wang Chengye was also in good shape. If he were a movie star, he would be one of the most famous ones in China.

"Congratulate me?" Wang Cheng Yong blinked. He threw his half-used cigarette on the floor and stomped on it. "Congratulate me for what?"

“Of course, it is for how you are about to be married to Xu Xue Ning, the most beautiful girl in Beijing!” Wang Chengye said with an excited tone. It was as if he was genuinely happy for his elder brother.

Actually, he was not. He only felt jealous that Wang Cheng Yong had been chosen to be the future husband of a flawless woman like Xu Xue Ning.

‘Why you?!? Why not me?!?’ Wang Chengye cursed internally with hatred.

He hated Wang Cheng Yong because the oldest son in the family tended to get everything. The Wang family was no exception.

Even though his father loved him very much, it was not enough to make him the next heir of the family.

Wang Changye thought he already hated Wang Cheng Yong enough for being the family’s heir. However, knowing that Wang Cheng Yong had been chosen to have an arranged marriage to, and be the future husband of, Xu Xue Ning, the woman that he had fallen for at first sight, had intensified the hatred!

He even felt the urge to kill his own brother!

However, Wang Chengye had not found a chance to do that. He thus had to be patient.

“Ah! Xu Xue Ning is a true beauty. You have no idea how much I’ve done to ingratiate myself with the Xu family, so that they’d choose me as one of their matchmaking candidates!”

Wang Cheng Yong suddenly felt extremely happy when Wang Chengye talked about how he was going to be married to Xu Xue Ning.

He was the same as Wang Chengye. He had fallen in love with Xu Xue Ning at first sight.

There was no way he would not be happy to hear other people talking about the marriage.

However, Wang Cheng Yong also knew that he had to try harder if he wanted to marry Xu Xue Ning.

His opportunity was tomorrow, the day he would meet Xu Xue Ning on a matchmaking date arranged by the Xu family!

## Chapter 222 Sneaking Into The Mansion

Seeing Wang Cheng Yong’s happy face, Wang Chengye secretly gritted his teeth, while still smiling on the surface.

After a while, Wang Cheng Yong looked at Wang Chengye. “How about you? Any progress with Lu Zhi Yun that father ordered you to pursue her?”

Wang Chengye blinked and answered with a composed tone, “How can I possibly have any progress? I don’t even know who this Lu Zhi Yun is and what she looks like.”

Wang Cheng Yong secretly laughed. He actually felt a little sorry for his younger brother. He did not even know what the woman he was supposed to pursue looked like.

“Anyway, I think the person father has chosen is likely to be good-looking. Otherwise, father wouldn’t allow you to pursue her,” Wang Cheng Yong said with an even tone.

Wang Chengye did not say anything more. He knew that his father, the current head of the Wang family, must have an important reason for him to romantically pursue the woman named Lu Zhi Yun.

Even though he had not told him the reason, he still had to follow the order.

Seeing Wang Chengye go silent, Wang Cheng Yong shook his head a little. “You shouldn’t waste any more time here. I heard that this Lu Zhi Yun woman doesn’t like being in one place for long. I’m afraid you’ll miss her.”

“If that’s so, I’ll take my leave, then.”

Wang Chengye got up from his sofa. He flashed a hateful look at Wang Cheng Yong one last time and walked out of the room.

Wang Cheng Yong’s eyes followed Wang Chengye until he was out of sight. He could not help but force out his words. “Chengye, I know that you hate me very much. But, no matter how much you hate me, you can’t do anything to me anyway!”

After that, he took a cigarette out of his suit pocket. He lit the cigarette and continued smoking happily.

.....

Half an hour later, a human figure was standing quietly on thin air atop the luxurious mansion of the Wang family. It was Bai Chen. It had taken him half an hour to get here.

At the moment, his eyes were fixed on the dazzling mansion. He looked down and swept his eyes around the mansion’s premises.

Suddenly, his face tensed up as he saw many security guards in black suits standing in various spots around the mansion.

From this, one could clearly see the Xu and the Wang family were different, even though they were both big families in Beijing.

The difference was the Xu family did not have any guards around their mansion.

Meanwhile, the Wang family had a lot of them. There must be a reason behind this.

The reason was that Xu Sien Yi, a strong cultivator, had been keeping the Xu family protected. They did not need many guards.

There were guards at the Xu family’s mansion, but a lot fewer than this.

“As expected of one of the big families of Beijing.” Bai Chen said softly. His face was serious.

He thought that he wanted to see this big, multi-story mansion before him turn to ashes!

Bai Chen's grudge flared up when he saw the mansion of the big family that he hated so much.

He clenched his fists so tightly, they trembled unstoppably.

"I'll sneak inside. If I find Wang Chengye, I'll kill him!"

Bai Chen talked to himself before sneaking into a small garden within the Wang family's premises with the help of the dark.

Immediately after he reached the ground, he hid behind a tree. There was a security guard patrolling the area.

'I have to disguise myself if I want to sneak into the mansion,' he thought.

He looked at the nearby guard who was holding a flashlight. His eyes suddenly sparkled. Without hesitation, he rushed out.

"H...Hey!" the guard who was patrolling alone cried out in surprise when he saw a black figure running towards him.

He turned the flashlight onto the figure. He was surprised to see that it was a person.

'An intruder!' The guard immediately realised this and was ready to send a signal to the others that there was an intruder on the mansion's premises.

However, before he could do that, Bai Chen punched him hard in the face until he flew back and dropped to the ground. He stopped moving. It was clear he was already unconscious.

Bai Chen did not waste a single second. He dragged the guard into the garden.

Five minutes later, Bai Chen walked out in a security guard's uniform. His face was not that of a twenty-seven-year-old him anymore.

It had changed into a middle-aged man. It was the face of the guard.

He had used his thousand-face skill again. This meant there were only 6 more times that he could use it.

After he'd used the thousand-face skill, he looked to the left and right before grabbing the flashlight on the ground.

He acted as if he was patrolling. He walked along the side of the mansion, looking for the entrance.

"No one will be suspicious of me if I'm in disguise like this." Bai Chen looked ahead and walked forward at a moderate pace.

Not so long after that, he was at the entrance of the mansion. There were a lot of security guards.

"Liang, why are you here? Did you finish inspecting the small garden?"

Once he got to the entrance, another security guard greeted him. It seemed like he was rather close to Liang, the guard who had been knocked out cold just now.

“Ah... it was all clear.” Bai Chen did not hesitate and replied immediately.

“That’s good. And where are you going? Don’t tell me you’re going inside the mansion?” another guard asked. There were as many as six guards in front of the mansion.

“Yes,” Bai Chen said. “I was ordered to patrol inside a little.”

Of course, it was a lie that Bai Chen had made up in case it could help him to sneak inside.

“An order from the boss?” one of the guards asked.

“Yes.” Bai Chen nodded.

All six of the guards looked at each other. They did not suspect anything because they knew each other very well. They easily let Bai Chen inside the mansion without asking anything more.

They did not even search him!

#### Chapter 223 An Opportunity

Several minutes later, Bai Chen was inside the mansion of the Wang family. He looked around the inside carefully.

The inside was very luxurious and beautifully furnished. It was a lot different in design from the Xu family’s home.

If he were to choose which one was more elegant, however, he would still pick the Xu family’s.

He thought that the Wang family’s mansion had a slightly gloomier atmosphere.

‘A big mansion...the Xu family...’ Bai Chen thought while walking into the main hall.

‘Xu... the Xu family—one of the five big families?’

Thinking about how the Xu family’s mansion was as big and elegant as the Wang family’s, one of the five big families in Beijing, he suddenly thought that Xu Xue Ning’s family was also one of the big families!

‘Probably not though...’ Bai Chen eventually rejected the thought.

He did not feel good about the big families of Beijing at all, especially the Wang family and the Xi family. The latter he had just developed his hatred towards very recently.

Actually, his hatred towards the Xi family had begun today. That was why he did not like any of the big families, no matter which one it was.

Therefore, it was only normal that he did not want to think that Xu Xue Ning’s family was one of the big families like the Wang and the Xi family.

Even though Bai Chen did not want to think about it, the truth still stood. Xu Xue Ning’s family was still one of the big families of Beijing. No one could imagine how Bai Chen would feel if he finally realised the truth.

“What are you doing here?”

A voice sounded. It was a little hoarse. The source was a middle-aged man in a butler’s outfit.

Bai Chen could not help but halt. His heart pounded.

However, he was not alarmed because he was using the thousand-face skill to disguise himself as Liang the guard anyway.

Bai Chen slowly turned towards the middle-aged man in a butler’s outfit. He thought he must be one of the Wang family’s butlers.

“I’m inspecting the safety of the mansion’s interior.” Bai Chen looked at him for a moment before he spoke.

“I see.” The middle-aged man in a butler’s outfit did not seem to suspect anything. He probably did not think—or rather, could not possibly have thought that the person in front of him was Bai Chen who was using the thousand-face skill, and not actually Liang the guard.

“Be careful on your way. Don’t go to the first living room because the young master’s there. He wouldn’t be very pleased if he were to be disturbed.”

The middle-aged man in a butler’s outfit told him this before turning his attention away from Bai Chen and walking past him.

‘Young master!’ Bai Chen’s eyes could not help but suddenly sparkle. ‘Maybe that young master is... Wang Chengye!’

He suddenly thought of Wang Chengye. It was only normal because he did not expect anyone other than him to be the Wang family’s young master.

This was because Wang Chengye was the youngest son of the Wang family’s current head. It was only reasonable for him to be called ‘young master’. No one else could be called that.

“Wait.” After that thought, Bai Chen quickly turned to the middle-aged man in a butler’s outfit.

“Is there something else?” The middle-aged man in a butler’s outfit turned to him looking at him with slight irritation.

“Where is the first living room again? That way, I can make sure not to go near it,” Bai Chen asked politely. It was a trick question in order to determine the location of the first living room.

There were several living rooms here too, just like the Xu family’s mansion.

“So that’s what it was. Turn the corner there and go straight. That’s the first living room. Just remember not to go near it.” Annoyed, the middle-aged man in a butler’s outfit told him this and walked away.

Bai Chen now knew the way to the first living room. He did not care about the middle-aged man in a butler's outfit anymore. He quickly followed the direction that he had been told.

While he was walking, he thought that this was an opportunity. It was an opportunity to kill Wang Chengye...to take his revenge!!

He would not miss this golden opportunity!

Not so long after that, he stopped in front of the first living room. There were no guards.

Perhaps the Wang family was overly confident that no one would dare to breach the inside of the family mansion. That was why there were no guards at all.

There was not even a single surveillance camera. Bai Chen was extremely lucky.

It was not like there were no surveillance cameras, though. All of them were outside the mansion. The reason why there were none inside was probably because the members of the family wanted privacy.

'The necklace of fortune has probably brought me this luck.'

Standing in front of the first living room, Bai Chen could not help but think this. He inhaled deeply several times before he turned around.

He did not see anyone there. He quickly took his invisibility ring out and put it on.

Suddenly, he turned completely invisible.

'I have to race against time!' he thought.

The one minute limit was counting down. He had to compete against the time to see if he would be able to kill Wang Chengye within the time limit.

Without wasting any more time, Bai Chen opened the door to the first living room.

"Who's there?"

A bored voice sounded. Bai Chen looked ahead. He only saw the back of a man's head; the man was sitting on the sofa.

'Wang Chengye, die!' His rage suddenly erupted. It was as if his all thoughts were gone.

At the moment, his eyes were red like those of a mad, starving wild animal.

The intent to kill shone in his eyes without him even knowing if the man in front of him was actually Wang Chengye or not!

He did not hesitate even one bit. He used the stargazing walker technique to run on thin air to make sure he did not make any sound. He rushed towards the man on the sofa.

His hand was raised. The gun with the silencer appeared from the dimension ring.

The moment the gun was in his hand, Bai Chen's subconscious ordered him to shoot.

Pew!

## Chapter 224 A Cultivator!

Pew!

The moment the gun with the silencer sounded, a bullet was shot from the muzzle.

It was directed at the back of the head of the man who was sitting on the sofa whom Bai Chen thought was Wang Chengye.

Of course, the person sitting there was not Wang Chengye, but Wang Cheng Yong!

Wang Cheng Yong did not seem to be alarmed, even though he'd asked 'Who's there?' right when he heard the door open. He did not seem to care. He did not turn to look.

Thud!

Suddenly, a sound rang out. It was not very loud, but loud enough for Wang Cheng Yong to give a start, jump up from his seat, and turn back.

Bai Chen's eyes widened. He was standing in the air slightly above the floor with the help of his stargazing walker technique.

The reason why he was surprised was that the noise just now had come with green spirit qi that deflected his bullet back. That was why it had made that sound!

'The spirit qi of a cultivator!'

Bai Chen could not help but think this. Only cultivators could use the spirit qi to do this.

It was similar to that of Tai Yang the Strange, which Bai Chen had seen before.

Crash!

While Bai Chen was standing still, the crash of something shattering could be heard. It was the jade ring that Wang Cheng Yong was wearing on his finger.

It was obvious what had protected Wang Cheng Yong from Bai Chen's bullet. It was 'a cultivator amulet'.

'A cultivator amulet' was a special item that could protect the wearer from danger one time. Only cultivators who were at the sky soaring level and above could create it.

The jade ring on Wang Cheng Yong's finger that had shattered just now was one of these cultivator amulets!

And at the moment when the jade ring on Wang Cheng Yong's finger shattered...

Inside the secret room at the top of the Wang family's mansion, a bald old man with a white beard, who was meditating silently with his eyes closed, suddenly opened his eyes.

His eyes were those of a person who had seen a great deal in his life. They were very calm.

"I didn't expect anyone to have the temerity to try to assassinate a Wang family member while I, the great Foo Yen, am residing here."

The old man Foo Yen spoke. He slowly got up and swept his psychic power around the mansion.

“Hmm?” Right when he started to spread his psychic power around to search for the assassin, he could not help but frown.

“Why can’t I see the trespassing rat?” Foo Yen’s facial expression started to change “How is this possible? I’m a sky soaring realm cultivator!”

It was obvious from these man’s words that he was also a sky-soaring cultivator like the old man Xu Sien Yi of the Xu family.

However, he was not a member of the Wang family. He was just indebted to the former head, so he’d promised that he would protect the Wang family members.

Otherwise, a sky-soaring realm cultivator like him, one of the very few in China, would not be here at the Wang family’s home.

“How is it possible?!?” the old man Foo Yen continued. His facial expression gradually changed.

The reason why the old man Foo Yen acted like this was that he could not detect the intruder with his psychic power, even though he was a sky soaring realm cultivator.

It was only normal that he could not detect Bai Chen. Bai Chen was still invisible.

The invisibility ring was a special item that he had gotten from the amazing Life Changing System. There was no way for a sky-soaring realm cultivator could detect the wearer.

Not only sky-soaring realm cultivators, but those at the legendary or even the divine realm would also see the same result.

It was because all the special items from the Life Changing System were miraculous and beyond the regular senses.

“Or is it a cultivator?!?” the old man Foo Yen burst out before sweeping his psychic power outwards again.

He finally knew that the target of the assassination was Wang Cheng Yong and that he was in the first living room. His face was as white as a sheet. There was nobody else inside the room but Wang Cheng Yong.

“There must be somebody else inside.” Foo Yen’s facial expression was still calm, even though he still had not detected the intruder. He thought that somebody must be inside the first living room with Wang Cheng Yong.

Otherwise, it would be impossible for his amulet to shatter.

He did not hesitate to rush to the first living room.

In the blink of an eye, a gust of wind swept the old man Foo Yen off his feet.

It was clear this was the power of a sky soaring realm cultivator.

.....

“I have to hurry. The invisibility ring’s time limit is almost up!”

Bai Chen spoke so softly that he was the only one who could hear.

He looked ahead. Seeing that the energy curtain of green spirit qi that deflected his bullet had vanished, he did not hesitate to shoot again.

Pew!

The noise of the gun with the silencer sounded. The bullet rushed out of the gun.

“AGHHH!” Then, a pained cry filled the room.

The bullet easily pierced through Wang Cheng Yong’s chest. Blood gushed out of his wound.

Wang Cheng Yong’s face turned even paler before his body fell to the ground without him being able to control it.

‘I...I have been shot!’ That was the only thing that Wang Cheng Yong could think of right now.

No, he did not just think that he was shot. He had actually been shot!

It was a little unbelievable for him, but the pain and the blood from the wound on his chest were real.

Even though Wang Cheng Yong’s face was quite pale, indicating his pain, it was also full of surprise.

The surprise did not come from the fact that he had been shot, but rather ‘how’ he had been shot. There was nobody else in the room.

How could he not be surprised that he had been shot?!?

One of his hands covered the wound on his chest. There was a lot of blood.

At that moment, a figure appeared out of nowhere. It was Bai Chen in the guise of a middle-aged security guard.

It was obvious that the invisibility ring’s time limit was up!

Chapter 225 No Daring To Strike

Bai Chen finally appeared from thin air after the one-minute limit of the invisibility ring’s power concluded. He still looked like a middle-aged security guard.

He had already put the gun with the silencer back inside the dimension ring. He stared emotionlessly at Wang Cheng Yong, who was clutching at the place on his chest where he had been shot.

His face was very cold. He did not sympathise with Wang Cheng Yong at all.

It was because Wang Cheng Yong was a member of the Wang family, just like Wang Chengye was. Therefore, Wang Cheng Yong would not be any different.

In conclusion, everyone in the Wang family deserved to die!

Bai Chen had finally realised that the man was not Wang Chengye as he had believed.

He'd realised it when Wang Cheng Yong turned to him when the green spirit qi deflected his first bullet.

The reason why he'd unhesitatingly decided to shoot Wang Cheng Yong anyway was because of his grudge towards the Wang family.

And it was also because Wang Cheng Yong resembled Wang Chengye a bit.

“W...Who are you?”

Wang Cheng Yong was in so much pain, he could hardly breathe, but he was still conscious enough to see a man suddenly appear from thin air.

Wang Cheng Yong was clever enough to know that the man in front of him was definitely the shooter.

With a sofa in between them, Wang Cheng Yong did not see that Bai Chen's feet did not touch the ground. If he had seen that, he would have been even more alarmed.

“Why did you...?” Wang Cheng Yong continued with his trembling voice.

He did not get to finish the sentence because he'd just realised that the shooter was one of his house guards. His eyes widened. He had not expected this!

“You're in hot water!”

A moment later, Wang Cheng Yong roared furiously. His breath got shallower with every passing second. He was about to die.

Even so, he still had the strength to roar in an enraged manner.

Wang Cheng Yong simply thought that Bai Chen would never escape from here and that he would die as well.

There were a great many security guards on the premises. That was why he was so certain that Bai Chen would not be able to leave here alive.

Moreover, there was a sky-soaring realm cultivator living here. It would make it even harder for Bai Chen to run away.

It was obvious that Wang Cheng Yong also knew about the old man Foo Yen.

Bai Chen did not say anything. He looked coldly into Wang Cheng Yong's eyes, seeing the spark of life slowly fade away from them.

“This...is...ridiculous...”

Less than two minutes later, it was finally time for Wang Cheng Yong's last breath and words. He died without being able to do anything!

His face still showed the great unwillingness he was before he died.

How would Wang Cheng Yong have felt, if he had known that the reason that he'd died today was all because of his younger brother, Wang Chengye?

If he had known, he would have been very mad and would also have wanted to tear Wang Chengye to pieces!

It was a shame that Wang Cheng Yong would never know it because he was already dead!

Bai Chen looked at Wang Cheng Yong's lifeless body for a moment to make sure that he had actually died. He was getting ready to leave the mansion, while also thinking about how regretful he was at not being able to meet Wang Chengye.

'It was a shame I didn't get to see Wang Chengye. But at least I killed one of them!'

The reason why he was ready to leave was that his invisibility ring's power was gone.

Without it, looking for Wang Chengye and assassinating him would be difficult. The reason why he had been able to kill Wang Cheng Yong was because of it.

Moreover, Wang Cheng Yong had been in here all alone. If there had been somebody else here too, it would not have been so easy.

Bai Chen shook his head in regret before turning to the door.

However, before he took a single step, a scream pierced his ears.

"Stop right there!"

The sound was from in front of him. The door slammed open. Behind it was a bald old man in a green warrior's costume. His feet did not touch the ground.

He was walking on thin air. His feet were a little above the ground like how Bai Chen's were.

Bai Chen looked up automatically when he heard the scream. His ears hurt a bit from the sound.

"A cultivator!"

The man in front of him was the old man Foo Yen, the sky-soaring realm cultivator who lived at the Wang mansion. Bai Chen could not help but be surprised.

He could see clearly that the old man's feet were not on the floor just like his. They were in the air!

'Plus, he's at the sky soaring realm level!'

Bai Chen had seen Tai Yang the Strange, who was also a sky-soaring realm cultivator, before, so he knew right away that the old man Foo Yen was at the same level.

However, that was not the only thing that gave it away. Bai Chen had heard from Xu Xue Ning that cultivators who could walk on thin air without their flying swords were only the ones at the sky soaring realm level or above.

The reason why Bai Chen did not think that the old man Foo Yen was a legendary realm cultivator was because there were less than five legendary realm cultivators in China. He couldn't meet one so easily.

Thus, it would be impossible for one of them to appear here!

“Y...You!” The old man’s eyes widened with surprise at seeing that Bai Chen was also walking on thin air like he was!

He was alarmed. ‘A sky-soaring realm cultivator!’

At the moment the old man Foo Yen saw that Bai Chen was also walking on thin air, he suddenly thought that Bai Chen was a fellow sky-soaring realm cultivator.

‘H...How is this possible? What did the Wang family do to anger this sky-soaring realm cultivator?!?’

The old man Foo yen inhaled deeply. He did not dare to lay a finger on Bai Chen, even though he saw Wang Cheng Yong’s lifeless body.

He was not brave enough. Every time sky-soaring realm cultivators fought each other, one died.

And why would the old man Foo Yen risk his life?!?

#### Chapter 226 Getting Out Safely

After a moment passed, the old man Foo Yen finally calmed down. He tried to make his facial expression as calm as possible.

Right now, he did not care about Wang Cheng Yong. He only cared about Bai Chen.

The thoughts in his head raced around quickly. He thought about how he should start the conversation without triggering a fight.

It was obvious that he did not want to fight with Bai Chen, whom he thought was a fellow sky-soaring realm cultivator.

He did not want to risk his life just to take revenge for Wang Cheng Yong.

Wang Cheng Yong was already dead anyway. If he had to avenge a dead man, he might as well not do anything, because it did not benefit him in any way.

Bai Chen put a serious face on, which was in direct contrast to the old man’s.

He had been suppressing his emotions since he knew that the old man was a sky-soaring realm cultivator.

‘What do I do?’

Bai Chen’s heart pounded fast. He knew that he would not be able to fight a cultivator at the sky-soaring realm level.

The reason why he had been able to beat Tai Yang the Strange, a sky-soaring realm cultivator before this was all because of his four-star formation.

Without it, he would not have been able to kill Tai Yang the Strange.

And now he had to encounter another sky-soaring realm cultivator, the old man Foo Yen!

It was a critical situation for Bai Chen. He felt a heaviness inside.

He could not help but think that it would be good if he was a sky-soaring realm cultivator. He would be able to fight equally with the old man Foo Yen.

“Fellow Taoist, what is your name?”

While Bai Chen was taking his time considering the situation, the old man Foo Yen spoke and greeted him with his hands clasped together in the manner that cultivators greeted each other. He sounded polite and friendly.

Bai Chen was confused. He had truly thought that the old man would fight him because he’d killed Wang Cheng Yong.

This was because when he’d shot the first bullet, a curtain of green spirit qi had appeared to protect Wang Cheng Yong. Thus, he thought that this bald old man must have been on Wang Cheng Yong’s side.

Now that he had killed Wang Cheng Yong, it would only be natural for the old man to kill him right on the spot. Instead, he greeted Bai Chen very politely.

A moment later, Bai Chen realised that he was also walking on thin air, a little above the floor.

Maybe the old man Foo Yen misunderstood that he was also a fellow sky-soaring realm cultivator.

Just like what Xu Xue Ning had thought when they’d first met.

Realising this, Bai Chen’s eyes could not help but sparkle. His facial expression grew calm again. He put his hands together in greeting.

“My name is Hu Yuan.”

Bai Chen was clever enough not to say his real name. He lied that he was ‘Hu Yuan’.

“Ah, it is you my fellow Taoist, Hu Yuan.”

The old man Foo Yen gave a friendly reply.

Nevertheless, he was mentally searching for the sky-soaring realm cultivator named ‘Hu Yuan’.

No matter how much he searched, there were no sky-soaring realm cultivators named ‘Hu Yuan’ in his memory at all.

However, the old man Foo Yen did not think too much about it. In the world of cultivators, there were always dark horses.

It was only normal for him to meet fellow sky-soaring realm cultivators he did not know of before.

“My fellow Taoist, what is your name?” Bai Chen asked with a calm voice.

He asked this because he wanted to find a reason to walk out of there safely.

“My name is Foo Yen,” the old man said happily.

Hearing Bai Chen’s tone of voice, he knew that Bai Chen did not want to start a fight. That was why he was so happy.

“What are you doing here?” Bai Chen asked again.

Bai Chen felt great pressure. If the old man realised that he was not a sky-soaring realm cultivator, he would be killed for sure!

“Nothing much. I was just passing by and detected your presence here, so I decided to come to greet you and make your acquaintance.”

The old man Foo Yen lied with a straight face. He stopped for a moment before looking at Wang Cheng Yong’s body.

“I didn’t think you were busy dealing with someone. Pay me no mind. I didn’t plan to stick my nose into the matter.”

Bai Chen’s eyes narrowed. He looked at Wang Cheng Yong’s body and considered a bit.

It was obvious that this old man did not want anything to do with him killing Wang Cheng Yong. It was actually good news.

Bai Chen was relieved. However, he did not plan to be careless concerning the situation. He calmly clasped his hands together before the old man Foo Yen.

“If that is so, I thank you, my fellow Taoist, Foo Yen.”

It was obvious that Bai Chen was only acting and hoping to get out of there alive.

“There’s nothing to thank me for. If you’ll excuse me.” The old man Foo Yen smiled until the very end. He suddenly disappeared like blowing wind.

Bai Chen started to think that being a cultivator himself would be good. He knew full well that cultivators were special and powerful, though not at the same level as the Life Changing System.

“I need to get out of here,” Bai Chen said softly, and he stopped thinking about anything else.

If a sky-soaring realm cultivator like the old man Foo Yen did not pay any attention to him, he would be able to get out of here safely. No one could stop him.

This was because the only one who knew that he’d killed Wang Cheng Yong was the old man.

There would not be anyone to stop him if he walked out now. Without further ado, Bai Chen quickly retreated from the mansion.

Chapter 227 Going Over The Thoughts

Time passed until the next morning; it was at around five or six o’clock.

Inside a spacious and luxurious room in the Xu family's mansion. Bai Chen was sitting on the bed. He lowered his legs off the side of the bed onto the floor. He was in casual wear that Xu Xue Ning had prepared for him.

It seemed like Bai Chen was not in a very good mood, even though he'd killed one of the Wang family members and had gotten out of there safely.

The reason why he was like this was because of the bald old man whom he had met last night, Foo Yen, the sky-soaring realm cultivator.

Last night, Bai Chen had only thought about how to get away from the Wang family's mansion safely, and thus, he had forgotten something.

Once he'd gotten back and rested, he went over everything that he had seen.

He had finally realised that there was a sky-soaring realm cultivator in the Wang family!

Of course, it was the old man Foo Yen. The proof was the curtain of spirit qi that had deflected the bullet from his gun with the silencer.

Even though the old man Foo Yen had not done anything to him after he'd killed Wang Cheng Yong, it was all because the old man had misunderstood that he was a fellow sky-soaring realm cultivator.

If he had not misunderstood the situation, it would have been impossible for Bai Chen to have survived.

"There's a sky-soaring realm cultivator in the Wang family..." Bai Chen talked softly to himself.

This actually affected his plan for revenge on the Wang family a lot.

To be honest, he felt like he did not possess the means to take revenge. To discover that the Wang family was protected by a sky-soaring realm cultivator only made it even more difficult.

"I have to complete more missions, but the Life Changing System is still upgrading."

Bai Chen could not help but sigh. The only thing that could help him was the Life Changing System.

If he completed more missions, he would receive special skills and magical items which would help him get his revenge faster.

It was a shame that the Life Changing System was still in the upgrading process. It had only been several days.

There were still more than twenty days left before it was finished—and that was such a long time for Bai Chen right now.

Bai Chen shook his head a little and sighed again. He finally stopped thinking about it. He thought that there was still time before Wang Chengye went to the Xing Seng business district in Xing Zhou city.

“But the Wang family is not the only family I have to deal with. There’s still the Xi family!” Bai Chen realised.

Actually, he had been at the Xi family’s mansion too last night. Compared to the Wang family, the Xi family’s home had even tighter security measures. There were not only security guards but also police and soldiers around the mansion’s premises.

Yes, the Xi family’s home was also a mansion, like the Xu and the Wang family’s homes.

However, the Xi family’s mansion had only three floors. It was incomparable to the Wang and the Xu family’s homes.

However, it was still luxurious and beautiful.

Bai Chen could not get onto the premises because of the strong security system.

No, it was more like he did not want to get in, even though the Xi family was his new target for revenge.

Bai Chen was not a fool. He knew full well that it was hard to uproot a big, influential family.

He did not plan to do anything to the Xi family yet. It would be another story after he dealt with Wang Chengye and the Wang family.

As for the Jing Cha Secret Organisation, Bai Chen had not investigated much about it. He did not even know where it was located. That was as expected of a secret government organisation.

Even though he did not know much about this organisation, Bai Chen still held a grudge against it.

He was determined. He had decided that one day he would make this vile organisation vanish from China!

This was even though strong cultivators were behind it!

“Bai Chen, sir.”

While Bai Chen was going over his thoughts about his grudge against the Wang family, the Xi family, and the Jing Cha Secret Organisation, a melodious voice called him from the direction of the door. This was accompanied by a knock.

The source of the voice was none other than Xu Xue Ning.

Bai Chen shook his head to get rid of all his thoughts before getting up and walking towards the door.

“Are you awake?” Xu Xue Ning asked and knocked again right when Bai Chen reached the door.

Bai Chen opened the door immediately. “I’m up.”

In front of him was Xu Xue Ning, a woman with flawless beauty. She was dressed in simple, yet beautiful clothes that suited her today.

Bai Chen could look at Xu Xue Ning's face for only a short moment before he had to avert his eyes. He was afraid he would be nervous if he looked at her for too long.

Bai Chen would never get used to seeing Xu Xue Ning's pretty face, even though he thought he had already gained some immunity against it.

Xu Xue Ning looked at Bai Chen. Seeing Bai Chen in a state where he had just woken up, her heart felt an odd ticklish sensation; it was hard to describe.

She did not know why she also felt happy. She blinked and inhaled a little before saying, "Am I bothering you too early in the morning?"

"No. It's not that early anyway," Bai Chen said. He then asked, "Why did you come here? Has something happened?"

Hearing his question, the expression on Xu Xue Ning's pretty face changed a little, but she was still calm.

"Well... Would it be too much to ask you to come to meet my great-grandfather?" she said. Her heart pounded fast.

It was why she was here in the first place.

It was actually the old man Xu Sien Yi's wish, not Xu Xue Ning's.

Since he'd regained consciousness, he kept saying how he wanted to come to apologise to Bai Chen. He could not come to Bai Chen, though, because he still could not move his body. The psychic damage had not been healed completely.

That was why Xu Xue Ning had to come to Bai Chen. She could have brought her great-grandfather here, but she was afraid that his psychic injuries might get worse.

Judging from the way Bai Chen had always been kind and helpful to her, Xu Xue Ning had decided to ask him to go to her great grandfather instead.

Chapter 228 Big News For Beijing!

A minute later, Bai Chen was on the fourth floor of the Xu family mansion with Xu Xue Ning. She led him inside a bedroom.

It was a simple-looking bedroom. It was none other than the old man Xu Sien Yi's bedroom.

The old man Xu Sien Yi was lying on his bed. His face was pale. He blinked weakly. It was obvious that the psychic injuries that he had gotten from Bai Chen had not healed.

To be more accurate, it was actually the mind-reflecting bracelet's doing.

As soon as he walked into the room, Bai Chen looked at the old man Xu Sien Yi. He had heard from Xu Xue Ning that her great-grandfather was a sky-soaring realm cultivator.

Knowing that Bai Chen's feelings changed quite a bit. He did not expect that the rude cultivator who had been trying to probe his mind was a sky-soaring realm cultivator.

One that Bai Chen was still not strong enough to deal with. Thus, it was only normal for him to have changed feelings.

Of course, he was not scared of the old man Xu Sien Yi, even though he was a sky-soaring realm cultivator.

That was because the old man had been hurt by him and now, he thought that Bai Chen was a stronger cultivator.

Therefore, Bai Chen was not scared of the old man Xu Sien Yi at all. If the old man had not misunderstood him, there would have been some pressure at having to be in front of a sky-soaring realm cultivator.

‘I did not expect that there would also be a sky-soaring realm cultivator in Xu Xue Ning’s house.’ Bai Chen looked at the old man Xu Sien Yi.

‘The Xu family...it’s not one of the big families, though!’

Suddenly, Bai Chen suspected that maybe Xu Xue Ning’s family was actually one of the five big families in Beijing...The Xu family!

They also had a similarly luxurious mansion and a sky-soaring realm cultivator like the Wang family did.

Bai Chen’s suspicions grew to their peak. His facial expression changed a little. He looked at Xu Xue Ning, who was standing beside him.

The reason why his facial expression changed was that he did not know how to feel if Xu Xue Ning’s family was actually one of the five big families in Beijing.

To be frank, he never had good feelings about any of them. He hated big families.

Even though it was not as much as he hated the Wang family, his hatred still stood.

Also, once there was a matter with the Xi family, his hatred had intensified. Bai Chen thought that the big families always exploited the weak.

What he had experienced was enough proof.

‘I’ll ask her later,’ Bai Chen decided right when the old man Xu Sien Yi spoke.

“M...My name is Xu Sien Yi. It’s an honour to meet you, elder Chen Bai.” He tried to put his hands together to give a cultivator’s greeting.

“Great-grandfather.” Xu Xue Ning helped the old man to get up and lean against the headboard. She then looked at Bai Chen. Her beautiful eyes were full of gratitude, love, and fascination.

She felt grateful that Bai Chen had come here without any complaint.

“There’s no need for formality.” Bai Chen greeted him by clasping his hands together in turn. He acted like he was actually a stronger cultivator.

As to why he called him Chen Bai instead of Bai Chen, he figured that it was Xu Xue Ning who had told him that.

“F...For what happened last night, I hope elder Chen Bai would forgive this lowly old man. I was a fool to do what I shouldn't have done. I crossed the line...”

The old man Xu Sien Yi bowed his head at Bai Chen. His face was full of regret.

Bai Chen felt strange to have an old man bow his head to him. He waved his hand.

“Don't worry about it. It's already in the past. I don't mind.”

“T...Thank you for your mercy, elder Chen Bai.”

The old man Xu Sien Yi immediately thanked Bai Chen right after he said that he forgave what he had done. His face brightened up a little. He was relieved.

“Great-grandfather, please rest some more. I'll take elder Chen Bai down for a meal.”

Seeing him give his apology as he had wanted to, Xu Xue Ning spoke up. It was obvious that she did not want to disturb the old man's rest anymore.

The old man Xu Sien Yi needed a lot of rest to heal the psychic damage so that his mind could get back to normal.

“All right...” the old man Xu Sien Yi nodded and replied softly.

He felt very relieved after he had been forgiven.

Bai Chen did not say anything more. He followed Xu Xue Ning out of the room.

The old man Xu Sien Yi smiled as he looked at both of them leaving the room.

“Thank you, heavens, for having mercy on the Xu family,” he said happily.

“Thank you for sending the Xu family a legendary realm cultivator. If he's the lover of Xue Er, no one would dare to hurt the Xu family anymore!”

It was obvious that he already knew that Bai Chen was Xu Xue Ning's boyfriend. It was his son Xu San Zhien who had told him.

.....

At around noon, something big happened in Beijing. It was so huge, it caused chaos all over Beijing!

It was the biggest news in a hundred years!

The news was published by every major news outlet in Beijing. No one could miss it because it had now become a major news item that rocked Beijing!

The news was also on every news channel. The news was about the oldest son of the Wang family's current head, Wang Cheng Yong, who had been murdered inside his own mansion!

How could it not be big? A member of a big family had been killed!

He had been killed inside his own mansion, even though there were many well-trained security guards.

Moreover, the murderer had not left any evidence or clues that could lead to him!

## Chapter 229 The Wang Family Goes All Out

Inside the Wang family's mansion, a middle-aged man was sitting on a quality chair in a room. Usually, his face would look handsome and calm.

However, right now, it was full of immense grief. His hands were curled up into fists. They trembled uncontrollably.

It was quiet. There was no sound to be heard except the sound of the middle-aged man's agitated breathing.

"Father, please calm down. Big brother is dead anyway."

A voice broke the silence. It was obvious that the middle-aged man was not alone.

The source was a handsome young man. It was none other than Wang Chengye.

Also, it was apparent that the sad-looking middle-aged man sitting in the chair was his father. He was the current head of the Wang family... Wang Chon Feng!

Wang Chon Feng looked up. He looked at his youngest son who did not seem to be at all sad that his big brother Wang Cheng Yong had been murdered.

"Ye Er, just be quiet. I'm thinking."

Wang Chon Feng shook his head a little. His face was still as gloomy as before.

It was obvious that his youngest son did not feel sad about the news at all. Yet, he did not scold him about it because, as a father, he knew full well how jealous Wang Chengye had been of Wang Cheng Yong.

It was no wonder that the news would certainly be a delight for Wang Chengye!

Hearing his father, Wang Chengye finally went quiet. His heart was full of happiness.

He had left home only several hours before pursuing Lu Zhi Yun, a woman whose appearance he did not even know. It was unexpected that he would receive such good news.

The good news was certainly the killing of his brother, Wang Cheng Yong!

'Cheng Yong, you're finally dead. Everything in the family is going to be mine!' All the thoughts in Wang Chengye's head were along these lines.

"Elder Foo Yen, what should I do about this?"

Seeing his son go quiet, Wang Chon Feng turned to the man sitting on a quality sofa.

The old man in a traditional Chinese outfit was sitting on was the old man Foo Yen, the sky-soaring realm cultivator whom Bai Chen had met last night.

The old man Foo Yen's facial expression suddenly turned serious after hearing Wang Chon Feng. There were clearly three people in the room.

"You can't do anything. Just drop it, Chon Feng. That man was a fellow sky-soaring realm cultivator. Even if we were to fight each other, it'd be hard to tell how the result would turn out!" the old man Foo Yen said and let out a long sigh.

He felt sorry for Wang Chon Feng's loss, but he could not help him get revenge. He did not want to risk his life.

When it came to a fight between sky-soaring realm cultivators, it would only end after one of them died.

The old man Foo Yen was not confident that he would be able to win against Bai Chen. He dared not challenge him to a fight.

"Damn it!" Wang Chon Feng's facial expression was still one of grief, but he was also in a great rage. His voice filled the room.

He pounded his fist on the desk in front of him, which was his work desk.

Thud!

His hand was in pain, but it was as if he did not feel it. His face was still the same, full of gloominess and anger.

"Yong Er really has to die in vain like this?" Wang Chon Feng talked through his teeth. He flashed a pleading look at the old man Foo Yen. His facial expression also changed.

It was obvious that Wang Chon Feng did not want this to end.

He wanted to take revenge. He wanted to ask that sky-soaring realm cultivator what his son had done to deserve to be killed inside his own house like this!

Hearing what his father said, Wang Chengye, who had been quiet all this time, turned to the old man Foo Yen. His eyes were full of respect and trust.

In fact, he also wanted to be a strong cultivator who could walk on thin air like the old man Foo Yen. It was a shame that he did not have the gift.

"I hope that elder Foo Yen can suggest a way for us to avenge my big brother," Wang Chengye said with a hopeful voice.

He was actually pretending. He said that just to please Wang Chon Feng.

He wished that his father would appoint him to be the next leader of the Wang family after Wang Cheng Yong's funeral.

‘If I become the next in line, I’ll be able to go meet Xu Xue Ning in big brother’s stead. No one would suit her more than I do!’

The idea popped into Wang Chengye’s head. He secretly smiled to himself.

The old man Foo Yen went silent. He slowly closed both of his eyes. His white brows knitted tightly as if he was deep in thought about something very important.

Seeing the old man Foo Yen deep in thought about how to avenge Wang Cheng Yong, Wang Chon Feng felt grateful.

He did not mind at all that the old man Foo Yen had not been able to save Wang Cheng Yong. He knew that the situation had not allowed him to do anything.

“There’s one way.” The old man Foo Yen suddenly opened his eyes. His face was completely serious.

“W...What way?” Wang Chon Feng’s voice trembled. He got up from the chair without knowing it.

Wang Chengye blinked and waited for the old man’s suggested method.

“We’ll ask Yien Tian Hun to help us!” the old man Foo Yen said with a determined voice.

“Master Yien!”

Hearing the name ‘Yien Tian Hun’, both the father and the son cried out. They knew who the old man Foo Yen was referring to.

It was none other than master Yien, one of the five people who held the highest authority in the Jing Cha Secret Organisation!

Wang Chon Feng inhaled deeply. “We’ll do whatever it takes to get master Yien’s help!”

p He knew that he had to go all out to get Master Yien’s help. It would be impossible to ask for Master Yien’s help with revenge if the price wasn’t right!

Chapter 230 Back To Xing Zhou City

It was already 6 p.m. when Bai Chen got back to Xing Zhou city with Xu Xue Ning.

The moment they arrived, she thanked him in an odd manner before taking her leave.

Bai Chen was a little curious regarding how she behaved, but he did not say anything. He simply said goodbye and went back home.

After Bai Chen went to see the old man Xu Sien Yi, Xu Xue Ning took him to her parents for a meal.

Their attitudes had drastically changed compared to when they’d first met him.

They were extremely respectful and polite.

Bai Chen thought that Xu Sin Xiao and Xu Jing Xie were the same as the old man Xu Sien Yi. They misunderstood that he was a legendary realm cultivator.

Bai Chen did not mind this. He just let it go because he thought that he would not have anything to do with the Xu family again.

The fake boyfriend act had gone very well. It was only normal for Bai Chen to think he would not go back to her home.

Also, about the Xu family that he was curious about, he had already gotten his answer. It had actually surprised him a lot!

It was like what he had expected—the Xu family was truly one of the five big families!

He'd asked Xu Xue Ning about it and she had willingly answered.

At the time, he'd felt complicated emotions because he'd never liked the big families.

What the Xi family had done was so bad, he could only feel hatred towards all of them.

However, his complicated feelings disappeared when he thought of how Xu Xue Ning and the members of her family had acted towards him.

It was true that it was a misunderstanding, but Bai Chen did not hate it or feel annoyed at Xu Xue Ning's family, even though it was one of the big families of Beijing...

Once he got home, Bai Chen quickly showered and changed. He was in a rush to go see his parents at Xing Zhou city hospital.

All the time that he was in Beijing, he had been worried about his parents. Thus, it was only normal that he would want to go see them right after he got back.

Once he was done, Bai Chen walked to the entrance of the Xing Seng business district. A lot of passersby asked with concern about his parents' condition.

Bai Chen felt very grateful towards them.

He walked until he reached the main road. He was waiting for a taxi to come by so that he could take one to the hospital.

Many minutes later, there was still no taxi around. No, there actually were some, but they were all occupied. He continued to wait.

Unexpectedly, a familiar BMW drove towards him and parked in front of him. The driver lowered the window.

Bai Chen bent his head and looked inside.

He then saw a beautiful woman with long brown hair behind the wheel. She was wearing sunglasses with golden frames which complemented her face.

She was indisputably beautiful with glasses on. It was none other than Long Xu In.

"Xu In?" Bai Chen blinked. He had not expected to see her here.

Long Xu In had not expected to see him here either. She looked at him and asked, "Where are you going?"

Before she had come over to him, she had seen that Bai Chen had been standing here for a while. She knew right away that Bai Chen was waiting for a taxi. That was why she asked where he was going.

"I'm going to Xing Zhou city hospital." Bai Chen told her the truth.

"Xing Zhou city hospital?" Long Xu In frowned a little. "Who are you visiting?"

"My parents," Bai Chen said.

"Your parents?" Her expression suddenly changed. She did not ask anything else. "Get in. I'll drive you there."

Actually, this accidental meeting with Bai Chen made Long Xu In happy. However, knowing that his parents were in the hospital also made her worried.

This was because they were the parents of a man she was in love with. That was why she did not ask anything about why there were in the hospital and only offered him a ride to the hospital instead.

Bai Chen just stood there for a moment after hearing that Long Xu In would give him a ride. He finally nodded and got into the passenger seat.

"Thank you very much, Xu In."

Bai Chen closed the car door. He turned to look at Long Xu In's beautiful face and thanked her. If she had not offered him a ride, he did not even know how long he would have had to wait for a taxi.

"There's no need for that. You've helped me so many times before. This is nothing."

Long Xu In shook her head and shot him a small smile before she started to drive to the hospital.

Bai Chen's eyes widened a little. His heart skipped a beat. Long Xu In's smile had affected him for some unknown reason.

Bai Chen stole a look at Long Xu In. He found that she was even more beautiful today. Just a smile from her could make his heart pound.

p 'D...Do I like Xu In?' Bai Chen could not help but think.

The idea did not stay long. He shook his head and thought that it was impossible. He still had Li Lin in his heart.

'We've been living in a different world since the start. We can't possibly end up together...'

Bai Chen sighed softly. He decided to quit thinking about it. Even if he liked Long Xu In, he had to keep these feelings to himself. He knew full well that they were different.

Moreover, he already had Li Lin. There was absolutely no way that he would disappoint her.
