Chapter 231 Astonished Parents

In less than twenty minutes, Bai Chen arrived at Xing Zhou city hospital with Long Xu In.

After she parked her car in the parking lot, she went with Bai Chen to visit his parents.

Bai Chen did not mind it. He actually felt quite grateful. Not only had she him me a ride here, she also wanted to visit his parents, too.

Long Xu In had not come here empty-handed. Before they had gotten to the hospital, she'd dropped by a supermarket to buy something for his parents.

To be honest, Bai Chen felt quite touched by what she had done.

Not long after that, Bai Chen and Long Xu In finally arrived at Bai Yu's room.

Bai Chen opened the door and led Long Xu In inside.

Long Xu In could not help but feel uncontrollably nervous now that she would get to meet Bai Chen's mother—the mother of the first man she had ever been in love with.

Also, because she thought of Bai Chen as her future boyfriend, that would mean she was about to meet the mother of her future boyfriend.

This actually made Long Xu In a little shy.

Long Xu In checked her attire. She was relieved that it looked fine.

She was wearing a black blazer over a white shirt and a skirt that was a little above her knees. She also had black stockings on.

With this attire and her flawless shape, she was very eye-catching. There was no doubt that any man who saw her now would drool over her.

Inside the hospital room, Bai Yu was sitting on the bed with her back against the headboard. Her face clearly looked better than the day Bai Chen had gone to Beijing, even though it had only been a day.

Bai Chang was also in the room. He was sitting on a chair beside his wife's bed, wearing a patient's gown.

They were talking about how they were going to be discharged from the hospital tomorrow when they heard the sound of the door opening. Both of them turned to the door.

They were happy to see that Bai Chen, their only beloved son, was back from Beijing.

However, their happiness changed to surprise when they saw a very beautiful woman walking into the room with their son.

They did not expect that a woman this pretty would come back with their son!

"Little Chen, this is...?" Bai Chang looked at Bai Chen and asked softly.

Even though Bai Yu did not say anything, her face gave away that she also wanted to know.

Bai Chen walked to the side of the bed. He turned to Long Xu In and introduced her to his parents.

“Father, mother, this is my friend, Long Xu In. When she found out that you were here, she decided to come visit you with me.”

Long Xu In, who was standing beside Bai Chen, started to move closer to the bed. She felt very nervous.

Other than nervousness, she was also surprised at how normal Bai Chen’s parents looked. It was not like how she’d imagined them to be. She thought that Bai Chen’s parents would be very powerful people.

The reason was because of what Xu Xue Ning had told her that day. She’d said that Bai Chen was from a grand, extraordinary background.

‘Or did she lie to me?’ Long Xu In could not help but think.

The other thing that made her curious was about his appearance. Xu Xue Ning had said that this was not how he actually looked.

She could not help but think that maybe Xu Xue Ning had lied to her.

Long Xu In shook her head a little. This was not the time to think about these things.

“Hello, uncle and aunt. My name is Long Xu In. I am Bai Chen’s friend,” Long Xu In introduced herself. “I heard that you were admitted here, so I wanted to pay a visit. I hope you don’t mind.”

She held out a basket full of lingzhi mushroom soup to Bai Yu.

Long Xu In’s face was a little red. She was not sure if it was because of her nervousness or shyness at being able to meet the parents of the man she loved.

“Erm...” Bai Yu did not think that her son would have such a beautiful friend. Moreover, she was wearing an expensive-looking outfit and had come with a basket of obviously expensive lingzhi mushroom soup.

To be honest, she did not want to accept it.

She looked at Long Xu In’s reddened face and suddenly turned to Bai Chen.

From a woman’s perspective, she knew right away that Long Xu In was feeling shy. It was obvious that this beautiful woman was in love with her son!

Finally, Bai Yu decided to accept the basket from Long Xu In. “Thank you very much, dear. You can call me Auntie Yu.”

Bai Chang, though he was not a woman, also thought the same as his wife. “And you can call me Uncle Chang.”

“Thank you.” Long Xu In could not help but feel delighted at knowing that she was accepted.

She then moved to where she was before, at Bai Chen’s side.

“How do you feel now?” Bai Chen asked.

“A lot better. The doctor told us that we’ll be discharged tomorrow.”

Bai Chang gave this answer joyfully. At the same time, he was also wondering about Bai Chen and Long Xu In’s relationship.

However, he knew that this was not proper to ask about. He decided to ask his son later.

Bai Yu also thought the same. She smiled at Bai Chen. “How was Beijing with your friend?”

But then, she finally thought of Li Lin and flashed Bai Chen a strange look.

‘Where is Li Lin?’ Bai Yu wanted to ask about Li Lin who she thought was Bai Chen’s girlfriend. She was very fond of Li Lin.

‘I won’t let you make Li Lin sad!’ she thought.

If Bai Chen knew what his mother was thinking, he would probably have laughed. His mother seemed to misunderstand as to why he’d brought Long Xu In here instead of Li Lin.

Bai Chang started to think the same.

“It was good. Fun,” Bai Chen answered easily. In fact, it had not been fun at all. Rather, it had been intense.

“You went to Beijing?” Long Xu In asked him softly. She did not know that he had been in Beijing.

“Uh-huh, we’ll talk later,” Bai Chen softly replied.

They spent a long time talking with Bai Chen’s parents before taking their leave. Long Xu In offered him a ride back home.

Chapter 232 The Completed System Upgrade

More than twenty days later, it was the day that Bai Chen had been waiting for. The system upgrade was finally complete.

Today was Saturday. Bai Chen did not have to go to school. He was sitting in his bedroom. His face showed anticipation and excitement.

Bai Chen could not wait any longer when he thought about the upgraded version of the Life Changing System.

Bai Chen had been living a simple life for the past twenty-plus days. He usually spent time with Li Lin. There had been a lot of progress in their relationship.

He actually wanted to ask her out, but it was a shame that he could not do that just yet. He had not completed his goal.

And that goal was to kill Wang Chengye and destroy the Wang family, one of the five big families of Beijing!

For this reason, Bai Chen had to be patient. Also, it was not only Li Lin—he had also made a lot of progress with Long Xu In and Xu Xue Ning, too.

He did not spend as much time with them compared to what he had spent with Li Lin over the past twentysomething days. He'd only gone out for meals with each of them two to three times a week. It had resulted in better relationships with them as well.

To be honest, he'd actually started to be anxious around Long Xu In.

If this continued, he would probably fall in love with them for real.

Especially with Long Xu In, with whom he was truly anxious. Every time he was with her, he could see that she obviously thought of him as someone that was more than a friend.

However, Bai Chen did not want to get ahead of himself. He thought that he was living in a different world than them. Xu Xue Ning, especially, was like a goddess. There was no way he could end up with her.

Most importantly, he already had his adorable Li Lin.

Due to Li Lin, he did not think about Long Xu In and Xu Xue Ning as much, even though he felt anxious around them.

At that moment, a notification from the Life Changing System sounded inside his head. A translucent window popped up.

Ding!

[The Life Changing System]

Status: Upgrade complete

Would you like to read the details?: (Yes) (No)

Bai Chen's eyes could not help but widen.

His whole body trembled violently. His heart pounded like a thunderstorm. His breathing quickened.

“T...The Life Changing System has been upgraded!”

Bai Chen swallowed his saliva with an audible ‘gulp’. His shivering lips made his voice shaky.

After a short while, Bai Chen inhaled deeply and tried to suppress his excitement.

He did not hesitate to push ‘Yes’.

With just the one push, the window changed to the details page of the Life Changing System.

[The Life Changing System]

User: Bai Chen

Age: 18 years old

Level: 5 (10/100)

Description: You still need 90 points to level up.

Instruction: If you wish to change your life into what you have always wanted, proceed with the following missions!

[Mission Dashboard] (Upgraded)

[Magical Shop]

Bai Chen read through every single detail thoroughly.

However, as soon as he finished, he could not help but frown. Something had changed. There were no mission details like before.

This also included the explanation, 'The order of mission completion is irrelevant. After you are done with the tasks assigned to you, you will be given a chance to receive special skills or items at random. The skills or items will give you a better life'. This message did not pop up like before.

"Maybe it was because of the upgrade," Bai Chen said to himself. His excitement was suddenly rekindled when he saw the 'Upgraded' at the end of the mission.

And what excited him the most was...the Magical Shop!

To be honest, he had felt extremely excited since his first glance at it.

"Let's see what the upgrade did," Bai Chen said with an excited voice. He pressed on the [Mission Dashboard] without hesitation.

A mission window immediately popped up.

[Mission Dashboard]

(Description: Due to the upgrade, this mission dashboard has also been improved. To make it easier for the user, there will be only one mission to choose from instead of two.)

Mission 25: Get rid of the survivor (40 points + 40 magical bonuses)

Description: You can use magical bonuses you receive from the completed missions to get special skills or items at random in the Magical Shop!

Bai Chen's eyes widened and narrowed. His brows knitted and unknitted. He looked at the upgraded mission dashboard.

It was all because of the change in the mission dashboard window.

Before this, there had been two missions that he could choose from. He could do either one before or after. However, now there was only one.

And that was not the only thing that had been changed. There were other things that made Bai Chen's eyes widen and narrow, and his eyebrows knit and unknit.

It was none other than the magical shop.

"Is this an upgrade or a downgrade, I wonder?"

Bai Chen was curious. His excitement had vanished at finding that a lot of things were missing after the upgrade.

The condition that said that he could get a special skill or item at random when he completed the mission with fifteen points or more was also gone.

Bai Chen thought that it had been replaced with the bonus system that he had to use with the magical shop.

He quickly opened the details of the magical shop.

Suddenly, a window with all the details of the magical shop appeared.

[Magical Shop]

Description: You can trade your magical bonuses here for a chance to get special skills or items at random.

[Category]

Low: 100 magical bonuses

Medium: 500 magical bonuses

High: 1000 magical bonuses

Once he swept through all the details of the magical shop, his body started to shiver and grow completely stiff!

Chapter 233 Start The Missions Again

Bai Chen's body trembled and he was stupefied for a while until he settled down. It was hard for him not to curse at the Life Changing System.

The reason was that the magical shop system was a rip-off.

The points he used to receive from each mission were already very few in the first place. It would not be any different with the magical bonus system!

He thought that the magical bonus he would receive would be more or less equal to the points he had been given before.

Like the number of bonus points that mission 25 would give him.

He was correct. The bonuses he would get from the mission were the same amount as the points he had gotten before.

Thus, it was only normal for him to tremble and be stupefied after reading the details.

“One hundred bonuses for low, 500 bonuses for medium, and 1,000 bonuses for high!”

Bai Chen’s face was twisted. His excitement had completely vanished.

Just seeing the low, medium, and high levels, he knew right away that it referred to the chances to get special skills or items at random.

Low, medium, and high meant the grades of the skills or items.

“This is unfair!” Bai Chen could not help but scream. He could only do this since the Life Changing System could not communicate with him.

He could only accept the truth and everything the upgrade had done!

It had not been worth 1 billion yuan for the upgrade at all!

“Whatever. At least I’ll have the chance to get medium-grade and high-grade items if I have enough magical bonuses.” Bai Chen sighed. He managed to accept the conditions.

“I have to quickly complete more missions for bonuses.”

Determination shone brightly in his eyes. He was fired up. His excitement seemed to be back.

He was excited about ‘medium-grade and high-grade items.

He had not had a chance to aim at those two levels before. Thus, it was quite exciting.

After he had decided to hurriedly get into the mission, he did not hesitate to open the details of mission 25.

[Mission 25: Get rid of the survivor]

Description: You have to get rid of the last survivor of the White Tiger gang. He was the reason why the Jing Cha Secret Organisation sent their men after you.

Reward for success: Win 40 points + 40 magical bonuses

Penalty for failure: The Jing Cha Secret Organisation will send their men after you again!

With only those details, Bai Chen's eyes suddenly shone with an intent to kill!

It was this survivor who had given him away to that Jing Cha Secret Organisation.

His parents had been hurt because of that!

"Whoever you are, I'll kill you!" Bai Chen said with a cold tone. His fists tightened. His body trembled uncontrollably.

If he had known this before, even though the upgrade was still ongoing and it was not even considered a mission, there was no way he would have let this survivor live!

He had to kill that person!

This man had crossed the line. Bai Chen's parents had been attacked and so hurt, they'd had to be admitted to the hospital for days.

However, it was unexpected that there was still a survivor from the White Tiger gang.

"Who is he?" Bai Chen was curious.

That was the only thing he could do because he did not know anything about this survivor.

Then, Bai Chen shook his head. It was useless to think about it. The only thing to do was to accept the mission, and then he would know who that survivor was.

"Let's see who it is." Bai Chen got up. He closed the Life Changing System windows. He quickly changed his clothes and left home.

Of course, his destination was where the guiding arrow was leading him to.

Bai Chen started to do the missions again after a month.

.....

While Bai Chen was out on the mission, something was happening at the roadside bar outside Xing Zhou city. The bar was rather old.

Inside, a man aged around 25 to 30 years old was enjoying his booze. His face had reddened because of the alcohol.

"Lun Her, big brother, I didn't think you'd be discharged so soon."

Beside him, a bald middle-aged man was sitting there. His face looked a little duplicitous. He had a meek tone of voice. He was the owner of this bar.

"Wu Buan, how's business?" Lun Her asked.

Does the name sound familiar to you? That was because he was actually that same Lun Her, the survivor from the White Tiger gang.

Yes...Lun Her had already been discharged from the hospital!

It had been 2 to 3 days since he had gotten out. He was completely healed.

He had only come to the bar to relax and celebrate his freedom.

The reason why the bald middle-aged man called Lun Her 'big brother' even though he was older was because he was also one of the White Tiger gang members. Lun Her was his superior in the gang.

Otherwise, he would not be calling him big brother.

"It's been great, big bro."

The bald middle-aged man smiled a little. He thought that he was lucky that he'd decided to leave the gang and open his own bar. Otherwise, he would have met the same end as the rest of the gang.

"That's good, then." Lun Her finished his drink in one gulp. He sighed in a relaxed manner. It was great to be able to drink in peace.

'My life in Xing Zhou city is about to begin again. Ah...How did I forget about this? But nah...That Bai Chen has probably been killed by the government people by now!'

Lun Her thought this happily.

Chapter 234 Failure

Inside a pitch-black room in Beijing, a lamp in the middle of the room was the only source of light.

There were five people in the room. They were sitting in a circle. They were none other than the five highest authorities of the Jing Cha Secret Organisation.

They had once again been called to a meeting by Yan Guan and Ding Sheng.

Master Yien was frowning in his chair. His sharp eyes looked back and forth between Yan Guan and Ding Sheng.

"What do you mean you can't find the one who killed Xi Du and our men?"

Master Yien finally spoke after a while.

"How is this even possible?" the old man Jiang Fan said. He was also frowning.

Lu Yi was no different.

"How is this possible? Zhao Suan and Zhuang Mo were able to do it before."

Yan Guan and Ding Sheng looked at each other after hearing all these questions. Then, they smiled wryly.

"Unfortunately, it is possible. We were in Xing Zhou city for a month, and every day we looked for him..." Yan Guan said and shook his head. "We failed to locate him. There were no clues about him whatsoever."

"What he said is true," Ding Sheng spoke up after Yan Guan.

For the past twenty-plus days, they had been in Xing Zhou city looking for Bai Chen.

However, they could not find him. No, they did not even know that Bai Chen was the one behind the murders of Xi Du and their men!

Both Yan Guan and Ding Sheng were too stupid!

They had only used the cultivator-searching talisman that Jing Cha Secret Organisation created to look for the killer. They really thought that Bai Chen was a cultivator.

It was enough to say that the high-ranking members of the Jing Cha Secret Organisation were rather different from the lower-ranking ones.

They were at two different thinking levels. The five authorities were all cultivators. That was why they thought like cultivators.

When they were certain that the target was a cultivator, all they did was to search for cultivators. They did not even want to dig deeper into the recent occurrences in Xing Zhou cities like Zhao Suan and Zhuang Mo had done.

This was why Yan Guan and Ding Sheng had failed to locate Bai Chen.

If they had done things the same way as Zhao Suan and Zhuang Mo, they would have been able to arrest Bai Chen by now.

This was because Bai Chen was not strong enough to fight earth solid cultivators!

The brows of Master Yien, the old man Jiang Fan, and Lu Yi knitted even more tightly after hearing that.

“If that’s the case, it’s possible that maybe that killer has already left Xing Zhou city,” Lu Yi said with a solemn tone.

He thought that if the talisman did not work, there was only one possible reason for it.

The idea that the cultivator-searching talisman that the Jing Cha Secret Organisation had created could fail was not in his head at all.

Legendary realm cultivators were at the top of the cultivator world. How could he doubt something of their creation?

Master Yien, the old man Jiang Fan, Yan Guan, and Ding Sheng thought the same thing.

“This is what we’ve come up with over the past month.” Yan Guan sighed quietly.

Ding Sheng raised his head and closed his eyes. “Ahh...That’s why we came back. Because we didn’t know what else to do.”

Master Yien was deep in thought for a moment.

“Just let it go for now. Yan Guan and Ding Sheng weren’t supposed to be there long just because of this matter anyway. We have to send another unit,” he said.

The old man Jiang Fan and Lu Yi thought for a second and nodded.

“I agree.”

“It’s the best way.”

Yan Guan and Ding Sheng looked at each other before nodding in agreement with what master Yien had said. They were exhausted with all the things that they had done over the past month.

Even though they felt tired, their rage and grudge towards Bai Chen, who’d dared to challenge the Jing Cha Secret Organisation by killing Zhao Suan and Zhuang Mo, did not waver.

They had to suppress their feelings until they found Bai Chen.

Master Yien, the old man Jiang Fan, and Lu Yi also thought the same.

.....

At the Wang family’s mansion. Wang Chon Feng was sitting at his work desk. He was so furious, his face had turned green.

p It did not take a genius to know that he was angry enough to kill people!

“Elder Foo Yen, are you saying we can’t find him?”

Wang Chon Feng said this with a wrath-filled voice.

“As I said...” the old man on the sofa in the middle of the room said and sighed.

It was really something beyond him. He did not think that he would be unable to track down the sky soaring realm cultivator who’d killed Wang Cheng Yong even after a month. And he’d even had the help from Jing Cha Secret Organisation.

Master Yien had agreed to help them and it had cost them a fortune.

“Damn it!” Wang Chon Feng slammed his hand onto the desk in front of him. He could not control his rage anymore. “Does that mean Yong Er died in vain?”

“Calm down, Chon Feng.” The old man Foo Yen was desperate, but he could not do anything.

“There must definitely be a way. We can take it slow. It’s only been a month.”

Hearing what the old man Foo Yen said, Wang Chon Feng inhaled deeply and tried to suppress his rage.

He finally succeeded. “I hope you’ll give it your all this time. I don’t care how much I have to pay. I just want that man to be arrested, and I’ll reward him with what he deserves—something that’s even more painful than death!”

“There’s no need to worry. Master Yien and I will do our best,” the old man promised.

They had also failed to locate Bai Chen just like the Jing Cha Secret Organisation.

Chapter 235 In The Midst Of Fear

Two hours later at the side of the road leading out of Xing Zhou city, a young man wearing affordable simple clothes was standing there. His face was cold. He was staring at the solitary bar in front of him.

“So, it’s here,” the young man said. He was none other than Bai Chen.

It was obvious that he had just gotten here from his home by following the green arrows.

“Let’s see who the survivor of the White Tiger Gang is,” Bai Chen said softly to himself. He was curious and, at the same time, he wanted to kill!

This was because the survivor of the White Tiger gang was the one who’d made Jing Cha Organisation send their men after him. They’d even hurt his parents to the point where they had had to be admitted to the hospital.

How could Bai Chen not feel the urge to kill?

The urge had been there since the very beginning when he’d read the details of mission 25.

Bai Chen did not waste another second. He rushed towards the bar in front of him.

He was at the entrance to the bar. Without hesitation, he quickly opened the door.

“Welcome.”

He heard a hoarse voice immediately when he got inside.

He turned to the source. It was a bald middle-aged man. Of course, it was Wu Buan, the man Lun Her had been talking with previously.

Bai Chen nodded at Wu Buan indifferently. He was not there for anyone but the survivor from the White Tiger gang.

“Wu Buan, why are you taking so long? Get me more booze.”

At that moment, a drunk voice sounded from inside the bar.

Bai Chen quickly turned to the source of the voice.

When he saw it, his eyes narrowed until they formed a straight line.

“This man...” His lips moved a little. It was obvious that he remembered the man. He was one of the men that Ba Guan had brought to fight him that day. He’d ended up badly wounded.

Bai Chen did not know Lun Her’s name, but he definitely remembered his face.

“Y...Yes, big bro,” the bald middle-aged man suddenly replied and rushed to prepare more alcohol for Lun Her.

This bar was not big. There were only five tables. Wu Buan was the only employee here. He took care of everything in the bar.

It was only normal that he would do everything by himself because it was only a small bar with five tables. Managing it alone would not be hard.

It was obvious that Wu Buan was afraid of Lun Her because he had chosen to grab Lun Her a drink first instead of taking care of Bai Chen, who was supposed to be his customer.

Otherwise, he likely would have taken care of his customer first.

Lun Her was sitting at the first table inside the bar. His face was red because of the effects of alcohol. He did not care about anything but the glass of alcohol in his hand.

He did not even notice the cold eyes that were looking at him.

Bai Chen was looking at him with his cold eyes. He clearly showed his murderous intent!

He turned away and looked into the bar, seeing that the bald middle-aged man who run into the room behind his bar to grab more booze for Lun Her. He did not hesitate to immediately walk towards Lun Her.

He covered Lun Her's mouth with one hand and dragged him out of the bar.

Lun Her, even though drunk, opened his eyes wide. He tried to say something and struggled to get free from the man who was dragging him.

However, knew that whatever he did would not release him from the man's grip. He was too weak.

Eventually, he was dragged out of the bar without being able to do anything.

"Big bro, your alcohol is here..." The bald middle-aged man Wu Buan walked back into the bar with a bottle of alcohol in his hand.

There was nobody in the bar when he came back. Lun Her was gone. The man had who just come in was also gone.

"Is he gone?" Wu Buan spoke softly to himself and sighed. It was actually good for him that Lun Her was gone.

He did not care at all about Bai Chen, who had just arrived and was now gone too.

Several meters away from Wu Buan's bar, deep in the forest, the area was completely deserted and it was not near the main road.

There was an unconscious man leaning against a tree. His face was red because of the effects of alcohol. It was Lun Her.

In front of him was Bai Chen. He looked at the unconscious man coldly.

It was him who had rendered Lun Her unconscious.

It had been 10 to 15 minutes after he'd dragged him out of the bar.

After he had rendered Lun Her unconscious, he'd used his stargazing walker technique and brought him here.

Of course, he had done all of those things cautiously. No one had seen them.

There was actually nobody else around there anyway.

It was only normal, though, because it was outside of Xing Zhou city. It was mostly only cars that would pass by here.

“Wake up.”

Bai Chen broke the silence in the forest. He kicked at Lun Her’s face to wake him up.

“Who dares to wake this Senior Her up...” Lun Her was still drunk. He sleepily opened his eyes and spoke in a dissatisfied manner.

It was probably because he was still in a daze. He did not remember at all how Bai Chen had rendered him unconscious, or that Bai Chen was the one who’d dragged him out of Wu Buan’s bar.

“You remember me?” Bai Chen spoke through his teeth with his cold tone. He kicked Lun Her’s face lightly.

Lun Her was fully awake. He stared at Bai Chen quietly. He did not expect anyone to dare kick his face. He started to get angry.

“You...” Lun Her was ready to burst with anger.

However, the second that Bai Chen’s face grew clear to him, his eyes widened. It was good that they did not pop out of their sockets.

Lun Her’s body trembled fiercely. He was suddenly extremely fearful!

Chapter 236 Ending With Death!

“N...No way!” Lun Her was completely immersed in fear.

He looked at the young man in front of him. Even if he did not have a great memory, he would not be able to forget this face. Bai Chen was the only being in his life since he was born that could scare him so completely!

His fear did not only come from when Bai Chen had broken a great many of his bones and had forced him to be hospitalised, but he was also the one who’d completely decimated the White Tiger gang!

Lun Her believed with all his heart that Bai Chen was the one behind it. That was why he was so afraid of Bai Chen.

Lun Her could not stop trembling. It was as if he was possessed. His face started to get sweaty. His lips were suddenly dry.

“W...Why are you still alive?!?” Lun Her cried out with a fearful, trembling voice

His heart pounded so fast, it skipped a beat. It was obvious how scared he was.

Judging from his voice, it was obvious that he did not want to believe that Bai Chen was still alive.

It was not strange that he was in disbelief because the ones who’d told him that they would take care of Bai Chen were people from a government organisation.

Hearing the words ‘government organisation’ was enough to know that they would 100% succeed in anything they did!

Thus, it was hard for Lun Her to believe that Bai Chen had not yet died.

However, he could not lie to himself because the one standing before him was definitely Bai Chen!

“Why am I still alive?” Bai Chen said coldly. “I lived on to kill you!”

The rage rose in Bai Chen’s heart. What Lun Her just said proved that he was the one who’d made the Jing Cha Secret Organisation send their men after him.

However, even without what he said, Bai Chen would still believe in the details of mission 25 anyway.

“AHHHH!” Lun Her screamed in fear after hearing what Bai Chen said.

His face was completely pale white. It was as if his blood had been drained. Yellow liquid started to leak out from his pants. It smelled sharp and strong.

Of course, it was his urine!

Yes, Lun Her was so scared he had wet his pants!

“P...Please, big bro, I...let me live!”

Suddenly, Lun Her started to wail. His face was full of tears and mucus.

He quickly leaned forward. His head hit the ground hard, but he did not feel any pain.

Even if he had to be in this state, it was perfectly all right. He just wanted to live. He wanted to stay alive!

Lun Her’s heart was full of regret. He regretted that he’d believed in Zhao Suan and Zhuang Mo.

If he had not believed in them, he would have left town right after he had been discharged from the hospital. He would not have been relaxing and drinking at Wu Buan’s bar like he had been doing.

And if he’d left town, he would definitely not be at the brink of death like this.

“Let you live?” Bai Chen spoke through his teeth coldly. His facial expression appeared to have gotten more implacable and colder, as cold as the North Pole.

He had not planned to let Lun Her go in the first place. How could he let him live?

This was barring the fact that Lun Her was also the one who had gotten his parents admitted to the hospital.

“Y...Yes, big bro, please let me go. I’ll leave Xing Zhou city immediately and won’t return again as long as I live!”

Lun Her did not dare to raise his head. Right now, his face looked wholly pathetic. It was covered with tears, mucus, and dirt.

“You let those men hurt my parents and you’re expecting me to let you go?” Bai Chen started to walk towards Lun Her. “You’re too simpleminded!”

“T...That wasn't me! I didn't do it! They forced me to tell...”

BAM!

Of course, Lun Her was lying. However, before he could finish telling all those lies, a heavy kick landed on his face, levering his face up off the ground. His body flew back and hit the tree behind him.

Bits of teeth flew out of his mouth. Small drops of blood splattered into the air before dropping to the ground below.

“AGHHHH!”

A loud and pain-filled voice sounded, even though it was not loud enough to fill the whole forest.

Of course, it was Lun Her. It could not have been anyone else anyway.

Lun Her started to twist to the right and left. Both of his hands covered his face. Fear pierced deep into his heart. Anger was also there.

There was only fear and no rage at first.

Yet, how could he not be angry when he had just been kicked in the face like this?

Anger had been with mankind since the start. It was impossible not to feel it!

“You! I'll kill you!”

Lun Her quickly got to his feet without a care for the pain of his ruined face.

He leaped towards Bai Chen like a wild animal. His eyes turned red.

At the moment, Lun Her did not care about anything anymore. To be more accurate, he only cared about how to get his revenge.

Otherwise, he would not be lunging at Bai Chen like this.

Bai Chen's eyes narrowed at seeing Lun Her acting like he had lost his sanity.

“Come at me!” Bai Chen said with a cold voice.

He did not expect Lun Her to be like this. However, nothing would stop him from his intention to kill him anyway.

Bai Chen's punch was thrown. It was directed at Lun Her's face!

Lun Her acted as if he did not see the fist. He also threw his punch, aiming for Bai Chen's face.

Lun Her obviously wanted to exchange blows with Bai Chen to release his rage.

However, his decision had just ended his life!

BAM!

Bai Chen's fist hit Lun Her's face so intensely, Lun Her was sent flying. His body hit the tree.

At the second when the body hit the tree, a sound was heard.

Crack!

It was none other than the sound of bones breaking. It was unfortunate that it was the bones in Lun Her's neck, which automatically sent Lun Her to his pathetic death!

“You...” That was the last word he slipped past his lips before he died!

Chapter 237 Lu Zhi Yun

Five minutes later, Bai Chen had not yet left the place. He started at the lifeless body of Lun Her.

The reason why he had been doing this was that it reminded him of the past.

That past event was when Ba Guan had brought Lun Her and Dong Dou to fight him, but instead, they had been the ones who had gotten thoroughly trounced. That had triggered the conflict between Bai Chen and the White Tiger gang.

It had resulted in the destruction of the White Tiger gang!

Bai Chen still remembered it well. The days his hands had been soaked with blood because he'd killed a lot of people. And now he'd killed Lun Her, the survivor from the White Tiger Gang.

“This must be fate.”

Bai Chen looked up to see a clear blue sky. The warm sunlight shone through the clouds.

He shook his head and thought that it was fate that he had to kill all these people.

Bai Chen sighed and shook his head again to stop thinking about it. Then, he walked out of the forest.

Before he took a step, a mission-accomplishment window popped up in front of him.

Ding!

[Mission Complete!]

Mission 25: Get rid of the survivor (Success)

Reward: You received 40 points and 40 magical bonuses

Bai Chen gave a slight start. He swept his eyes over the mission-accomplishment window. It looked familiar, yet was not quite, because it had changed a little from before.

The differences would be the additional magical bonuses and the chances to get new things at random that had been lost. He actually deserved it because he had gotten as many as 40 points for this mission.

Bai Chen had already accepted the conditions, so he did not sigh with regret over it.

Bai Chen closed the mission-accomplishment window before walking out of the forest. He looked like something of a lonely figure. He did not think of looking at the next mission now but would look at it later.

.....
It was noon around the Xing Xiang park area.

Bai Chen walked slowly and looked around the park. He was holding a cola bottle. He drank it while walking.

“The weather’s so nice today,” Bai Chen said to himself.

After he’d killed Lun Her, he had come here to Xing Xiang park. He just wanted to relax since it was a holiday anyway.

Of course, he did not plan to relax the whole day. He was planning to do the next mission in the afternoon.

His goal was to quickly complete the missions and receive more bonuses for chances to get new items at random.

He was gunning for the medium-grade ones this time!

But to do that, he would need as many as 500 magical bonuses!

This would be considered a lot. He would have to complete a great many missions to gain 500 magical bonuses.

But Bai Chen did not fret. He wanted special skills and items to help him get his revenge by killing Wang Chengye, the Wang family, the Xi family, and the Jing Cha Secret Organisation.

Bai Chen was actually curious about the medium-grade items. He wondered how much more miraculous they would be, as the low-grade ones had already helped him a lot.

He decided to collect 500 bonuses right after he got out of the forest where Lun Her’s lifeless body had lain.

Bai Chen had not thought about the high-grade items just yet. He knew that he would not be able to collect enough bonuses now.

To be more accurate, he could not wait for it. Collecting 1,000 bonuses would take a long time and he could not know when he would reach that level.

That was why he was gunning for 500 magical bonuses to get medium-grade chances so that he would get medium-grade special skills and items to help him get his revenge faster.

“That man looks familiar like I’ve seen him before...”

While Bai Chen was walking around Xing Xiang park, a pair of eyes stared at him.

Those eyes belonged to a woman with black sunglasses. She was sitting on a marble bench beside a tree, holding an opened can of coffee. Clearly, she had been sitting there and drinking it.

“I know now!” the young woman said to herself. She raised her sunglasses up a bit, revealing her pretty golden eyes.

“He’s Long Xu In’s boyfriend. No wonder why I’m familiar with that face.” She smiled.

She still remembered that day when she had been at San Hai casino on Dong Hai island where she’d met Long Xu In and her boyfriend.

It was obvious that she was that mysterious woman whom Bai Chen had met at San Hai casino and played games of blackjack with!

Her name was Lu Zhi Yun. She had an intimidating background. Even Zhang Mou, the manager at the casino, had been scared of her!

“I never thought I would run into Long Xu In’s boyfriend here.”

Lu Zhi Yun talked softly to herself. Her beautiful lips moved up and down. Of course, she misunderstood that Bai Chen was Long Xu In’s boyfriend.

“What’s that outfit, though? Is he pretending to be down-to-earth?” Lu Zhi Yun frowned a little when she saw Bai Chen’s clothes. They were clearly cheap-looking ones.

She thought that maybe Long Xu In’s boyfriend just pretended to be down-to-earth and had fun wearing all those cheap clothes. There was no way Long Xu In, the eldest daughter of the Long family’s current head, would have a poor boyfriend.

“Hmm?” Lu Zhi Yun suddenly darted her eyes back and forth a little at seeing that Bai Chen was looking at her.

“Does he know I’m looking at him?” she wondered. “I don’t think so.”

Lu Zhi Yun looked around again. It had been a few minutes and Bai Chen was still looking her way.

“He’s definitely looking at me.” She was certain now but still did not know why.

She did not realise that Bai Chen was aware of her gaze.

‘Maybe he’s interested in me since I’m beautiful,’ Lu Zhi Yun thought.

She could not think of any other reason why Bai Chen would look at her.

“Hasn’t he been staring for too long already? I know I’m pretty.” Lu Zhi Yun changed the position she was seated in and shook her head. “Poor Long Xu In. Your boyfriend has been captivated by me now.”

Chapter 238 A Narcissistic Woman

Inside Xing Xiang park, Bai Chen was holding a half-empty cola bottle. He frowned and looked at the woman on a marble bench not too far away.

‘Why is she looking at me?’ Bai Chen was confused. The reason why he’d looked back at her was that he had been feeling her gaze on him for a while.

Bai Chen was quite sure that he had never met her before. She did not even look Chinese because she had beautiful blonde hair that reached her chest, which was of extraordinary size.

She had very pale skin, which was different from that of Chinese people. Her eyebrows were also blonde.

Even though Bai Chen could not see her eyes, he was certain that the woman who was staring at him was definitely a foreigner, not a Chinese person.

Bai Chen looked at her attire. He knew right away that it was expensive. Maybe the clothing items were all branded.

She wore a costly-looking fur cardigan over a white t-shirt and a short black lace skirt. Her ankle-length leather boots were also of high quality.

‘She has a really nice figure, just like Xu In,’ Bai Chen thought. After his visual inspection, he knew that the foreign woman was a beautiful one.

“That’s...” Bai Chen’s lips moved a little when he saw a big suitcase at the side of the marble bench.

‘Maybe she’s looking this way because she wants help. She has probably gotten lost.’

Bai Chen thought this. He thought that he was correct because there was no one around.

‘Maybe she wants to ask for directions.’

Bai Chen finished the rest of his cola and threw the empty bottle in a trash bin near him. Then, he walked towards the foreign woman without hesitation.

Lu Zhi Yun blinked her pretty eyes several times when she saw Bai Chen walking towards her.

‘He’s coming to flirt with me, I see.’ She had sighed at her own beauty.

If Bai Chen knew what she was thinking, he would have been uncertain how to feel. He was walking towards her because he had good intentions; he actually wanted to offer her his help. If she had gotten lost, he would tell her the right directions.

“Would you like some help?”

Bai Chen stopped in front of Lu Zhi Yun and talked to her in English.

Hearing what Bai Chen said, Lu Zhi Yun looked up to meet his eyes. She did not expect him to be able to speak English.

Moreover, his accent was very good, like he was a native speaker.

But again, if he was not skillful, why would Long Xu In have chosen him in the first place?

Lu Zhi Yun thought a little about what Bai Chen had just said. She thought that his opening flirting gambit was pathetic.

Instead of sitting beside her and getting to know her, he’d asked if she wanted his help.

Lu Zhi Yun shook her head a little. She did not understand why Long Xu In would date someone as thick as him. He was also a cheater.

‘My...Couldn’t you find someone better, Long Xu In?’ Lu Zhi Yun secretly sighed, feeling sorry for Long Xu In.

“Why are you here? Are you not afraid Long Xu In would get jealous?” Lu Zhi Yun said in English.

She could have said it in Chinese because she was actually half-Chinese, half-English. She chose to speak English because Bai Chen had just spoken English to her.

“You know Long Xu In?” Bai Chen was surprised after hearing what the foreign woman said.

He did not expect a beautiful foreign woman, whom he’d coincidentally met and tried to offer his help to, would know Long Xu In.

But what she said was strange. Why would Long Xu In be jealous of him? That was impossible because they lived in different worlds.

“Of course, I know her. She’s my friend from when I was studying in London.”

Lu Zhi Yun said this and took off her sunglasses, revealing her golden eyes. She smiled a little.

Bai Chen, who had been looking at her, was slightly stunned for a moment. Her beauty was real. It was only normal that Bai Chen would be stunned at seeing her beauty.

Moreover, her beauty was different from that of any other women he had met. She possessed a foreigner’s beauty but was still very different from any of the foreign girls he had met.

She was even more dazzling than other regular foreign women. Her beauty was incomparable.

“Stop staring. I know I’m pretty.” Lu Zhi Yun smiled a little.

She got up from her seat and put the coffee can down on the bench. She reached out her hand to Bai Chen.

“Nice to meet you. I’m Mary, Mary Dington.”

Bai Chen had been unable to respond for a short while, so he did not shake her hand immediately.

It was because of what she’d just said!

Bai Chen’s face twisted. He thought that this woman was very narcissistic.

But he could not deny the fact that Lu Zhi Yun was really pretty. Finally, he shook her hand.

They shook hands for a bit before they released their hands from each other. Her hand was very delicate and soft.

“Where are you going? If you don’t know the way, you can ask me.”

Bai Chen did not forget that he was originally here to help her with directions because he’d assumed that she was lost.

‘Not a bad plan.’ Lu Zhi Yun secretly laughed.

She thought that Bai Chen likely would take her anywhere she was going because he wanted to flirt with her.

‘I wonder what would happen if he knows that I can speak Chinese and that I have two names,’ she thought playfully.

Obviously, the name that she’d told Bai Chen just now was also her real name. She had not made it up.

She had two names. Her father had given the name ‘Zhi Yun’ to her, and with the last name ‘Lu’, she had become Lu Zhi Yun. Her mother had given her the name ‘Mary’ and ‘Dington’ was her mother’s last name.

It was obvious that her father was Chinese and her mother was English.

Lu Zhi Yun pretended to think for a while before answering. “If that’s so, do you know a good casino? I’m here in this city to gamble.”

“.....”

Bai Chen was speechless at what this narcissistic foreign lady asked!

Chapter 239 Not As Expected

Bai Chen was standing still, speechless. He did not expect that a beautiful foreigner such as her would come to Xing Zhou city to find a casino to gamble at.

“I’m sorry. I don’t know one.”

He eventually shook his head. He only knew places running small card games around Xing Seng business district, not casinos.

“That’s a shame.” Lu Zhi Yun made a sad face. Of course, she was pretending.

Actually, she was not in town to gamble. She’d just wanted to find a safe place because she’d just run away from a meeting with her so-called future husband.

Yes, it was a meeting with a man. Her family wanted her to end up with Wang Chengye, the youngest son of the current head of the Wang family, one of the five big families in Beijing.

Lu Zhi Yun had not wanted to go on the matchmaking date, so she had run away. She did not care about what people in the family would say.

Actually, she had been moving here and there for over a month now. She had been to a great many places in China before coming here.

She was obviously the very same Lu Zhi Yun that Wang Cheng Yong had been talking about when he was talking with Wang Chengye before he was murdered. And the murderer was none other than Bai Chen.

Bai Chen felt a little guilty that he could not help her. However, he brushed it off because he did not personally know her in the first place.

He thought a little about what to do next.

He finally had an idea. "Why don't you call and ask Xu In? I'm sure she knows."

"Call and ask Long Xu In?" Lu Zhi Yun blinked several times. She did not expect Bai Chen to suggest this.

'He's a very interesting person. Aren't you afraid I'd tell Long Xu In that you were pursuing me?'

Lu Zhi Yun smiled while she was thinking over this in a playful manner. She kept these thoughts to herself.

"Yes." Bai Chen nodded.

"Okay. Thank you very much." Lu Zhi Yun pretended to thank him to see his reaction. She thought that he would not leave her and would follow her around for sure.

The reason why she was so confident was that she thought she was beautiful!

Lu Zhi Yun was obviously very narcissistic and highly confident in her beauty.

However, what she thought was wrong. Bai Chen nodded in understanding. "Then, I'll take my leave. I have a business to attend to."

He waved goodbye and walked away immediately after he finished speaking.

"Wha...?" Lu Zhi Yun's eyes widened. Her face clearly showed incredulity.

She felt uneasy because she had not expected that. To be more accurate, she had not thought that Bai Chen would not stay with her and that he would choose to walk away like this.

A moment later, Lu Zhi Yun finally gathered her senses and smiled.

'Interesting! He's surely an interesting person.'

It was only normal for her to think that Bai Chen was interesting because she had never met any man like him before. All of the men whom she had met in the past had always clung to her, and she found that very annoying. They would not go anywhere even if she tried to shoo them away.

Bai Chen was different. He did not crazily pursue her like everyone else. That was the reason why she thought that he was interesting.

"Wait," Lu Zhi Yun called after Bai Chen.

Bai Chen suddenly stopped walking and turned back. "What is it?"

Lu Zhi Yun spoke up with no hesitation, "Do you know a good hotel? Can you take me there?"

Bai Chen blinked several times. It was unexpected, but he did not plan to refuse. He might not know a casino, but he did know a good hotel or two.

"I know some. How much do you have as your budget?" he asked.

It was obvious that he did not refuse to help because, at the very least, she was Long Xu In's friend. If he did not help her, it would be inappropriate, even though he had to quickly complete more missions from the Life Changing System.

"The price isn't a problem." Lu Zhi Yun waved like she did not care. For her, the amount of money did not matter. She had won so much from gambling, the amount was enough for her use throughout her whole life!

She did not depend on her family at all since she had been out here living alone. She had hopped between casinos to accumulate money, and now she had so much, she did not even know if she could use it up.

"I see." Bai Chen laughed a little.

He was laughing at himself. He forgot that everything she was wearing was expensive. Why would she be worried about how much the hotel cost?

"Then, let's go," Bai Chen said and walked towards her suitcase. "Is this yours?"

"Yes." Lu Zhi Yun nodded and smiled. Of course, Bai Chen would want to help her with her transport her suitcase.

Bai Chen did not say anything more and led the way with the suitcase in hand.

"Follow me."

"Thank you very much," Lu Zhi Yun thanked him. She was enjoying this a lot.

She'd started to get the feeling that she wanted to tease Long Xu In a little. She would tell her that Bai Chen had flirted with her and wait to see the reaction from Long Xu In, who was his girlfriend.

She put her sunglasses back on before following Bai Chen cheerfully.

.....

Half an hour later, a taxi was driven along the main road. Bai Chen sat in the passenger seat. The taxi driver was a middle-aged man. At the back sat a beautiful blonde-haired foreign woman, Lu Zhi Yun.

In the past half an hour, Bai Chen had called a taxi to take Lu Zhi Yun to a hotel, and that hotel was the Grand Xing Feng hotel.

The Grand Xing Feng hotel was the best hotel in Xing Zhou city.

"You sure got yourself a very beautiful girlfriend. And she's a foreigner too, heh." The taxi driver suddenly spoke up.

Bai Chen went quiet for a moment before laughing softly. "You have it wrong. How can I be her boyfriend? Look at my clothes."

"She's not?" The taxi driver was surprised. He truthfully thought that Bai Chen was Lu Zhi Yun's boyfriend.

However, when he saw how Bai Chen dressed, he nodded. It seemed that he had been wrong because Bai Chen was wearing cheap-looking clothes, but the beautiful foreign lady was wearing a very expensive outfit.

“I’m just here to lead her to the hotel,” Bai Chen said.

“I see.” The taxi driver nodded. He did not say anything more.

Lu Zhi Yun blinked. She did not expect Bai Chen to say what he just had. She thought that he would take the chance to boast that he was her boyfriend.

‘He’s something of a gentleman, I see,’ Lu Zhi Yun thought.

Normally, a man who thought that she did not understand Chinese would have gone ahead and said that he was her boyfriend.

Chapter 240 The Jing Cha Secret Organisation Again

While in the taxi, Bai Chen was quiet. They’d almost arrived at the Grand Xing Feng hotel.

‘It wouldn’t hurt to look at the next mission now, would it?’ Bai Chen thought.

He thought that it would be good to look at the details of the new mission now so that he could get on it right away after seeing Lu Zhi Yun off at the hotel.

Without hesitation, he called up the Life Changing System window.

[The Life Changing System]

User: Bai Chen

Age: 18 years old

Level: 5 (50/100)

Description: You still need 50 points to level up.

Instruction: If you wish to change your life into what you have always wanted, proceed with the following missions!

[Mission Dashboard]

Mission 26: Get rid of a man from the Jing Cha Secret Organisation (50 points + 50 magical bonuses)

[Magical Shop]

Description: You can trade your magical bonuses here for a chance to get special skills or items at random.

[Category]

Low: 100 magical bonuses

Medium: 500 magical bonuses

High: 1000 magical bonuses

[You currently have 40 magical bonuses]

Bai Chen blinked several times after reading everything.

There were some changes in the details. To be more accurate, it actually revealed every detail.

It was different from earlier right after the upgrade. He'd had to click on the topics first to see everything. The 'Mission Dashboard' used to have 'Upgraded' attached to the end of it and the 'Magical Shop' that was there required him to press for more details, too.

But now, it was not like that anymore. It showed every detail in a single window.

Bai Chen was not very surprised. Last time, it had been right after the upgrade anyway.

He still received every detail of the mission, even though some things were now gone, and some things had been added.

'A man from the Jing Cha Secret Organisation!'

Bai Chen's eyes immediately narrowed. He curled his hands up into fists without knowing it when he got a better look at mission 26.

He'd skimmed through everything earlier, so he had not seen it clearly or read it thoroughly enough.

But right now, it was clear to him. That was why he'd tightened his fists unknowingly. He had this grudge against the organisation because they'd hurt his parents!

Rage suddenly flashed into his heart. His face darkened.

However, the feeling stayed with him only briefly. He hurriedly calmed himself down. Then, he took a few deep breaths before he pressed to see the information for mission 26.

[Mission 26: Get rid of a man from the Jing Cha Secret Organisation]

Description: You will coincidentally meet a man from Jing Cha Secret Organisation. You need to get rid of him.

Reward for success: Win 50 points + 50 magical bonuses

Penalty for failure: The Jing Cha Secret Organisation will know that you are behind the deaths of their men.

After looking at mission 26's details, Bai Chen went silent for a while. Then, he talked to himself with an intent to kill!

'It's good that you're coming. I'll deal with you myself!'

'Dealing with' for him meant killing!

His grudge against the Jing Cha Secret Organisation was not a small matter. They'd sent their men to hurt him and even his parents.

Due to this, he had to destroy the Jing Cha Secret Organisation!

This was even though he knew full well that he still did not have enough power to do it.

He knew that the founder of the organisation was a strong cultivator. He also knew that the organisation was under the government.

When he'd first heard this information from Zhao Suan that day, he knew right away that he was still unable to destroy the organisation. He had to be patient until he was strong enough!

"We've arrived," the taxi driver said and pulled the car over in front of a big hotel. It was the Grand Xing Feng hotel.

Hearing the taxi driver, it was like Bai Chen was woken up. He quickly closed all the Life Changing System windows down. He paid the driver and led Lu Zhi Yun out of the car.

After the taxi had gone, Bai Chen handed over her suitcase to her.

"Ms. Mary, I can only send you off here."

Lu Zhi Yun smiled a little at Bai Chen and took the suitcase. "Thank you for bringing me."

At the moment, she did not want Bai Chen to take her anywhere anymore. She needed rest because she had just arrived in Xing Zhou city.

Actually, she'd met Bai Chen only an hour after she'd arrived here.

However, resting was not the only thing she wanted to do. She also wanted to know how Long Xu In would react if she knew that her boyfriend was flirting with her.

Lu Zhi Yun thought that she would call Long Xu In immediately after she checked in.

There was no other reason than that it was fun.

"It's okay. No problem." Bai Chen waved and smiled at Lu Zhi Yun before walking away.

Lu Zhi Yun looked at him walking away for a moment. Her smile was difficult to interpret.

Then, she took her suitcase and walked into the hotel.

After parting with Lu Zhi Yun, Bai Chen was at the side of the road, waiting for a taxi.

When the taxi arrived, he would follow the green guiding arrow of mission 26 and deal with that man from the Jing Cha Secret Organisation!

After that, he would complete another mission.

While he was waiting for a taxi, a luxurious tawny car pulled over in front of him.

Bai Chen could not help but raise his head to look at it.

At the same time, the car window was lowered, revealing a middle-aged man with a serious face. He was sitting in the driver's seat, wearing black glasses. He looked at Bai Chen before speaking in a cold-sounding voice.

“Can you come with me, brother?”

Bai Chen frowned. He was about to say something.

Suddenly, the window of mission 26 popped up in front of him and an arrow pointed at the man in the car.

Bai Chen's eyes narrowed and radiated coldness nearly the same moment as when the mission 26 windows popped up.
