

Life Changing 241

Chapter 241 You Asked For It

“What do you want?”

Bai Chen looked for a moment at the middle-aged man with a serious face and black glasses.

The middle-aged man in the luxurious tawny car could not help but frown. Bai Chen's attitude was not to his liking.

He was not a normal person. His name was Fen Wieng, and he was a formation cultivator from the Jing Cha Secret Organisation!

Yes, he was an actual formation cultivator. He was also the head of the Jing Cha Secret Organisation's second unit.

How would he not be angry at Bai Chen's attitude?

Bai Chen was supposed to show him respect, not talk to him with an emotionless tone like this.

But Fen Wieng also knew that Bai Chen did not know about his rank and position. However, the reason why he wanted Bai Chen to leave with him was another story.

It was because Bai Chen had dared to get close to Lu Zhi Yun, the younger sister of his boss. His boss was one of the top authorities of the Jing Cha Secret Organisation... Lu Yi!

There was no doubt that the one who'd sent him here was Lu Yi, one of the five authorities of the Jing Cha Secret Organisation!

Lu Yi had sent Fen Wieng to guard Lu Zhi Yun from afar, no matter where she went.

Of course, Lu Zhi Yun was the one Master Yien and Lu Yi had been talking about that day.

She was Lu Yi's younger sister, although they had different mothers. Even so, she was still his young sister.

Moreover, she was a sister that Lu Yi was proud of. She had been able to get to the formation realm at the age of 24.

If she was diligent enough on her cultivator path, she would easily become an earth solid realm cultivator before she hit 30, just like him!

It was obvious how much Lu Yi cared about his sister. He'd sent a bodyguard to protect her, even though she was a formation realm cultivator who was strong enough to protect herself. This showed that he was very concerned about his younger sister.

It was a shame that Lu Yi did not realise that Fen Wieng had now fallen in love with her because he had been guarding her ever since Lu Yi had ordered him to.

Due to that, seeing Bai Chen with Lu Zhi Yun and, even worse, shaking her hand, had made Fen Wieng very jealous.

He was so jealous, he wanted to kill Bai Chen with his own two hands!

His jealousy had led to this situation. He wanted Bai Chen to come with him because he just wanted to beat up Bai Chen to release some of his pent-up feelings.

No, he wanted to teach Bai Chen a lesson about how Bai Chen should not have gotten involved with Lu Zhi Yun in the first place!

“Don’t make me repeat it, brother. Get in the car already!”

Fen Wieng spoke with a cold voice. It was clearly a threat.

Bai Chen was calm. He did not feel anything, yet his eyes were getting colder.

He did not expect that the man from the Jing Cha Secret Organisation would come to him by himself like this.

Of course, Bai Chen would accept his invitation without hesitation.

If he did not, he would be a fool. Not only would he not be able to kill a man from the organisation, but he would also not be able to complete the mission.

Bai Chen said no more. He walked to the other side of the car to get into the passenger seat.

Seeing Bai Chen get into the car, Fen Wieng flashed a cold smile. He thought that Bai Chen was so afraid of him that he’d followed his order.

However, he really liked this. He would find a quiet place to beat Bai Chen to a pulp. Bai Chen should know his place and stop getting involved with Lu Zhi Yun!

“Sit still. I’ll take you to a better place,” Fen Wieng told Bai Chen with his cold voice before he drove out.

Bai Chen stole a glance at Fen Wieng. His face was calm, yet his eyes were still cold.

This was even though he did not know why this serious-looking middle-aged man would come to him in the first place.

Bai Chen did not care much about it, though, because this middle-aged man would end up dead anyway. He would kill him with his own hands!

Of course, Bai Chen did not think that Fen Wieng was a normal person. He thought that maybe Fen Wieng was also a cultivator like Zhao Suan and Zhuang Mo whom he had killed.

The reason why he thought so was that around Fen Wieng, there was some sort of intense, suffocating aura. However, it did not affect him at all.

.....

Twenty minutes later, inside a deserted warehouse, two figures were standing. One was Bai Chen.

The other one was Fen Wieng, the head of the Jing Cha Secret Organisation’s second unit.

Fen Wieng’s face was cold. He’d already taken off his glasses, revealing his terrifying eyes. There were scars under both of them. They had been caused by knives grazing him!

If it had been someone else, not Bai Chen, he would have been scared of Fen Wieng's face.

However, for Bai Chen, those scars did not affect him. He had already killed a lot of people. Maybe it was already more than a hundred people; and even if it was not that number, it was close.

He had seen a lot of blood. He constantly thought that he would go to hell after he died.

But he did not fret because he never regretted what he had done.

He had done it to protect his parents. There was nothing to regret.

He had not been able to do anything before, but now he had this Life Changing System as his miraculous helper.

"Young man, do you know why I brought you here?" Fen Wieng set a threatening pose. He spoke with an intimidating tone.

"Why?" Bai Chen was still calm. His face was still cold.

Actually, he was still curious why he had been brought here.

But even if he did not know the reason, he was sure that it was not a good one.

"It's surprising how you can still be so calm. I'll tell you this. I brought you here to beat you up!"

Fen Wieng laughed coldly. His eyes showed clear bad intentions.

"You have to blame yourself for this because you dared to get close to my beloved young mistress, Lu Zhi Yun!"

Finally, Bai Chen knew why Fen Wieng had brought him here.

"And?" Bai Chen said with a calm voice.

Chapter 242 Whose Fist Is Stronger?

Hearing only the word 'And?' from Bai Chen, Fen Wieng's expression turned ugly.

Judging from Bai Chen's attitude, he could clearly see that Bai Chen was not scared of him at all.

"This little bastard!" Fen Wieng could not help but curse. His voice was full of rage. His fists were clenched so tightly, the veins popped out.

Originally, he'd just wanted to teach Bai Chen a lesson through violence because he'd dared to get close to Lu Zhi Yun.

But now, he changed his mind. He wanted to kill Bai Chen instead!

It was obvious that Fen Wieng had started to feel the urge to kill Bai Chen!

"You want to die?" Fen Wieng said with his cold voice.

"Want to die?" Bai Chen's face was still calm. There was not a glimmer of emotion.

Fen Wieng's words did not anger him at all because he would kill Fen Wieng only a few minutes after this anyway. It was unnecessary to care about a dead man's words.

However, not being angry did not mean that his intent to kill had gone. It was still there. He wanted to kill everyone in the Jing Cha Secret Organisation!

"I think you're the one who wants to die!" Bai Chen said with a cold tone.

"You!" Fen Wieng's face darkened. His rage caused him to tremble. There was no doubt that he was furious.

"If you ask for death, I'll give it to you!"

Fen Wieng shouted this furiously. He did not expect that a young boy would dare challenge him like this.

The young boy in question was Bai Chen. Fen Wieng was already 50 years old, so it was only normal to see an 18-year-old Bai Chen as a young boy.

Without saying anything more, Fen Wieng jumped up. His body became like a leopard that lunged at its prey. It was fast.

If it had been a normal man, he probably would not have been able to counter Fen Wieng's attack.

It was a shame for Fen Wieng that Bai Chen was not a normal person. With his low-grade martial arts technique, he could see Fen Wieng's movement very easily.

"Take this!" Fen Wieng smirked coldly when he got in front of Bai Chen. His strong fist raced at Bai Chen's face with incredible speed.

But it was still very slow for Bai Chen.

BAM!

A heavy thud halted Fen Wieng. His eyes widened with utter surprise.

"Impossible!" Fen Wieng shouted. The sound earlier was the sound of Bai Chen's hand against his fist.

This was because he'd thrown his fist out very fast; the heavy thud was caused when Bai Chen had grabbed it.

"Your punch is this light?" Bai Chen said calmly. He did not expect that Fen Wieng's punch would be so weak. He could stop it very easily without moving even a little backwards.

It was proof that Bai Chen's low-grade martial arts technique was a little bit stronger than formation realm cultivators.

Otherwise, it would have been absolutely impossible for him to have caught the fist of Fen Wieng, a formation realm cultivator, like this.

“You dare insult me?!?” Fen Wieng’s face twisted when he heard Bai Chen.

Bai Chen’s words were like an insult that made Fen Wieng so angry that he wanted to tear him to shreds!

Fen Wieng tried to pull his hand back.

But he could not do it because of Bai Chen’s firm grip.

“You little bastard!” Fen Wieng was even more furious. He used all of his strength to pull his hand back.

However, the result was still the same. It was as if Bai Chen’s hand was metal pliers. Fen Wieng could not pull his hand back no matter how much he tried.

“Let’s see whose fist is stronger!” Bai Chen shouted before sending his fist flying at Fen Wieng’s face.

BAM!

Fen Wieng, who was still trying to pull his hand back, was defenseless. He received Bai Chen’s full range in the face.

“AGHHHHH!”

His mournful cry filled the area. His body flew back and dropped onto the ground loudly.

Fen Wieng’s face was soaked with blood. It was his own blood that gushed out of his nose and mouth

“It hurts like hell!” Fen Wieng screamed. He used his hands to cover his face as if in pain.

Bai Chen did not wait a second more. He ran towards Fen Wieng and ferociously kicked him in the chin.

BAM!

Fen Wieng’s face was raised up to its peak. His body bent backwards and he landed on his back.

THUD!

It was a very loud noise. Pain spread all through his chin and back.

“AGHHHHH!” Again, he cried out painfully.

The pain was beyond his limit. He had never experienced this much pain before.

A great many of his teeth had been cracked. Blood was all over his face.

Fen Wieng was scared now. He was truly scared.

“W...Who are you exactly?!?” Fen Wieng tried his best to suppress the pain and asked this with his trembling voice.

He did not see Bai Chen as a young boy anymore, but his equal.

No, that was not quite right. He actually thought that Bai Chen was stronger than him.

‘M...Maybe he’s a cultivator. A stronger one than me!’

Fen Wieng thought this while waiting for Bai Chen’s answer.

‘If not, it would be impossible for him to be stronger than me!’

Fen Wieng believed wholly in his own idea. He was now fearful and full of regrets.

If he had known that it would turn out this way, he would not have had anything to do with Bai Chen at all, even though Bai Chen had tried to get close to Lu Zhi Yun.

“Who am I?” Bai Chen asked with a cold, rough tone. He was standing in front of Fen Wieng.

“That’s not important. Knowing that I’m the one who will kill you is enough!”

Hearing that, Fen Wieng’s face went as white as a sheet. His entire body trembled with fear!

Chapter 243 A Pitiful Death

Right now, Bai Chen did not care how Fen Wieng felt. He walked towards Fen Wieng and stopped at the side of his head. He was ready to stomp on the head as a finishing blow.

“C...Calm down, brother!” Fen Wieng cried out at his maximum volume. His eyes widened. His face was full of fear.

Actually, he was so scared, he was about to pass out, especially seeing Bai Chen’s foot above his head.

He had lost all of his strength. He could not even get to his feet.

There was the only thing that he could possibly do, which was begging for mercy. That was the only thing that Fen Wieng could think of right now.

“I...I’m very sorry I picked a fight with you, brother. I am just a low-life who doesn’t know my place...”

Fen Wieng said this softly and full of regret. He apologized from the bottom of his heart.

However, everything was a joke to Bai Chen. How could he not know if Fen Wieng was being honest or not?

Of course, everything Fen Wieng said was a lie.

The proof was his eyes. They shone with both fear and rage.

If eyes could kill, Bai Chen would have died many times already!

“I’m not planning to let you live!” Bai Chen’s face was calm. He talked at speed that was neither quick nor slow before stamping on Fen Wieng’s face with all his strength.

“N...No!” Fen Wieng did not expect Bai Chen to not let him go. He cried out in a panic.

Of course, his words did not help him at all. Bai Chen's foot crushed Fen Wieng's face.

BAM!

"UGH!" Fen Wieng's eyes rolled upwards. His face was soaked with blood. Bai Chen quickly trampled his face without stopping mercilessly. Fen Wieng's last breath was when it was the tenth time!

He died peacefully. Rather, he died pitifully. His face was as if it was not a human being's face!

Fen Wieng's face was very misshapen!

If this wasn't called a pitiful death, there was nothing else that could fit that description!

Bai Chen did not even look at Fen Wieng's lifeless body. He shook his foot a little and thought that he should buy himself a new pair of shoes. It would not be pleasant to walk around with one shoe soaked in blood.

While he was thinking this, a mission-accomplishment window popped up.

Ding!

[Mission Complete!]

Mission 26: Get rid of a man from the Jing Cha Secret Organisation (Success)

Reward: You received 50 points and 50 magical bonuses.

Ding!

[You leveled up]

Description: You completed the missions and successfully collected 100 points. Your level has gone up by one.

Not only the mission-accomplishment window that popped up, but a level-up window also popped up.

Bai Chen could not help but smile. He was now at level 6.

Bai Chen closed both windows down before looking at Fen Wieng's body one last time and walking away.

.....

It was night time, at around 7 p.m. Inside a restaurant, at a table by the window, a young man and woman were sitting together. The young man's face was calm, while the woman's was a little agitated.

"Xu In, are you okay?" The young man could not help but ask this when he saw the woman's face.

The young woman was undoubtedly Long Xu In, and the young man who asked was definitely Bai Chen.

Long Xu In had abruptly invited him out for dinner a little while after he had gotten home from killing the man from the Jing Cha Secret Organisation, Fen Wieng.

Even though Bai Chen was a little surprised, he did not ask her about it because their relationship was gradually getting better.

It had gotten so good that Bai Chen had started to be afraid. He knew that he had been taking a liking to her more and more. If this continued, he would fall for her completely like he had done with Li Lin.

He had been suppressing his feelings because he knew that they were living in different worlds.

The reason why he had to suppress his feelings for Long Xu In was also because of Li Lin. Of course, there was no way that he would want to make her sad.

Long Xu In went quiet for a long time after hearing Bai Chen's question. It was as if she was thinking about something while being agitated. Finally, she decided to look Bai Chen in the eye and speak.

"I...Is it true that you were flirting with Lu Zhi Yun?!?"

Bai Chen blinked slowly with confusion after hearing what she'd said. He looked at Long Xu In. He did not even know what she meant.

"What are you talking about?"

"No? I heard from Lu Zhi Yun that you pursued her," Long Xu In continued, even though she felt a little uneasy.

It was obvious that Lu Zhi Yun had given Long Xu In a call and told her that Bai Chen had been flirting with her. Of course, she'd misunderstood everything. Bai Chen was not Long Xu In's boyfriend and he had not tried to flirt with her.

That was the reason why Long Xu In had invited Bai Chen for a meal out of the blue. She wanted to ask him about it.

Actually, she was very happy knowing that Lu Zhi Yun thought that she was Bai Chen's girlfriend. However, her happiness disappeared a few seconds later after hearing that Bai Chen had been trying to hit on Lu Zhi Yun.

Long Xu In was agitated. She could not help but invite Bai Chen out here to question him.

She'd invited him for dinner just for this!

“Me?” Bai Chen pointed at himself in confusion. He did not remember pursuing anyone romantically today.

He had only been doing the missions, killing Lun Her in the morning and Fen Wieng in the afternoon. Other than that, he had helped a beautiful foreign lady named Mary Dington, who claimed to be Long Xu In’s friend, at around noon.

“Are you sure about that?” Long Xu In did not want to believe it. If it was not true, Lu Zhi Yun would not have called her.

“Yes.” Bai Chen nodded. He did not know where she had gotten that information from, but he still felt the need to answer her.

Long Xu In hesitated after hearing Bai Chen’s confirmation. Had Lu Zhi Yun lied to her?

Chapter 244 Mission After Mission

Long Xu In had a confused and hesitant facial expression. She did not know who to believe between Bai Chen and Lu Zhi Yun.

Judging from Bai Chen’s face, he did not seem to be lying. Then, it was probably Lu Zhi Yun who had lied.

Long Xu In started to believe that Lu Zhi Yun had lied to her.

‘Lu Zhi Yun, how dare you to lie to me,’ Long Xu In could not help but think. She sighed with relief. The agitation she felt had completely vanished.

The reason why she had been so anxious was that she was afraid that Bai Chen would fall in love with Lu Zhi Yun.

Long Xu In could not help but be curious about how Lu Zhi Yun knew that she and Bai Chen knew each other. She even thought that they were in a relationship. Long Xu In could not recall when Lu Zhi Yun could have seen her together with Bai Chen.

Suddenly, a thought popped up into Long Xu In’s head. She blinked several times before looking at Bai Chen and asking him a question.

“Did you happen to meet a foreign woman today?”

The reason why she asked was that she thought that Lu Zhi Yun would not lie to her out of the blue.

Lu Zhi Yun had even told her that she had met Bai Chen and that he had tried to hit on her.

That was why she thought that it was possible that Lu Zhi Yun had actually met Bai Chen, and perhaps the flirting part was a lie.

“You mean Mary? Your friend?” Bai Chen replied.

“Mary?” Long Xu In frowned a little. A moment later, she finally widened her eyes after realising that Mary was Lu Zhi Yun’s other name.

“So, you’ve actually met her.” Long Xu In’s heart pounded faster. She started to feel agitated again.

Not so long after that, she successfully suppressed her feelings and inhaled deeply.

‘He just met her. He didn’t hit on her.’ Long Xu In believed so. That was the reason why she could control her emotions.

“Yes.” Bai Chen nodded. He had actually met a beautiful foreign lady called Mary Dington. He had no reason to hide it.

“Is she not your friend?”

“Well, she is,” Long Xu In said and smiled a little. It was such a beautiful smile. “You didn’t hit on her, did you?”

It was obvious that her mood had been lifted. She teased him with the same question as before.

“Of course not. I helped her to get to a hotel because she said she was your friend,” Bai Chen said with a calm voice.

“I see.” Long Xu In nodded. Now she was sure that Lu Zhi Yun had lied to her.

She thought that Bai Chen might not know that Lu Zhi Yun had two names. Otherwise, he would have told her since the first time she’d asked that he had only seen Lu Zhi Yun off to a hotel.

“Should we order something?”

Long Xu In had started to get hungry after all the agitation.

“Mm-hmm.” Bai Chen had no problem with that. He was a little hungry, too.

.....

An hour later, Bai Chen parted ways with Long Xu In after their dinner together.

He did not go home right away. Instead, he went in a specific direction that mission 27 told him to go.

It was obvious that Bai Chen had already studied the details of mission 27, as well as the overall details of the Life Changing System.

At this moment, his Life Changing System was at level 6. He needed another 100 points to get to level 7.

As for the magical bonuses that he had received, he now had 90 magical bonuses. Only 10 more bonuses and he would be eligible to get a low-grade random chance.

But of course, he was not gunning for a low-grade one, but a medium grade one.

That was why Bai Chen had to quickly finish the missions to get 410 more bonuses. That was actually quite a lot.

“Mission 27 told me to eliminate a gang of bandits in the Xing Au district.”

Bai Chen could not help but talk to himself while searching for a secluded place to use his stargazing walker technique.

The details of mission 27 were as follows:

[Mission 27: Eliminate a bandit gang at Xing Au district]

Description: You have to destroy a gang of bandits that have recently been stealing valuable things from people in the district.

Reward for success: Win 30 points + 30 magical bonuses

Penalty for failure: The gang of bandits will continue to be at large.

Not so long after that, Bai Chen arrived at a place where nobody was around. He quickly used the stargazing walker technique and headed to the Xing Au district.

The Xing Au district was one of the districts in Xing Zhou city. It was similar to the Xing Seng business district.

Thirty minutes later, Bai Chen finally arrived at the Xing Au district. This district was close to many industrial plants, so the air was usually polluted and full of dust and smoke.

Bai Chen dropped to the ground in the middle of the night. He stood at the back of one of the plants. Thanks to the darkness, no one could see him.

“It shouldn’t be far from here.” Bai Chen opened the mission 27 windows up for directions.

He did not hesitate to go right away when he saw that it was not far from where he was.

Bai Chen could not help but think that the recent missions had all been about killing.

However, he decided to not think much about it. They had been assigned by the Life Changing System for him to get his revenge anyway.

Bai Chen was ready to do anything. No, he would gladly do anything for it!

He did not care how much blood he had to spill. It was all good if he got his revenge!

Not long afterwards, Bai Chen stopped at a house that was located far from the others. It was isolated. There was a big fence around the house.

“It must be here.” Bai Chen looked at the house in front of him. It was big but quite old.

Bai Chen did not doubt why the gang of bandits used this place as their hideout.

After a while, he started to walk closer towards the fence and looked inside. He could see a light from inside the house. He could also hear people talking.

It was obviously sounds from the gang of bandits.

Bai Chen did not want to be careless because he did not know how many of them were in there. He walked closer to the fence and climbed over it to get inside. He did everything quietly. Once he was inside, Bai Chen walked slowly towards the house's back door, which was not far away from the spot where he was.

Chapter 245 Destroy The Gang Of Bandits!

Bai Chen spent only a short time walking to the back door of the bandit's hideout. It was a wooden door, so he could not see what was inside.

Bai Chen stared at the doorknob. He tried to turn it. The door was not locked.

Bai Chen's eyes brightened a little. The bandits were only overconfident people. Otherwise, they surely would not have forgotten to lock the door when they were inside.

Knowing that the door was not locked, Bai Chen did not hesitate. He turned the doorknob quietly and slowly pushed the door open. He tried to do it as quietly as possible.

If he did not do that, the bandits would be alarmed by the fact that someone was sneaking in.

"It is filthy in here. As expected of the hideout for a gang of bandits."

Bai Chen could not help but express his opinion. Even though it was only the back of the house, it was very dirty.

After getting in, Bai Chen closed the door behind him. He started to explore the inside. He was on a narrow path that was full of trash.

"Big brother, we stole a lot today. Do we have to steal again tomorrow?"

While Bai Chen was standing near the back door, he suddenly heard what seemed like a drunk man's voice from the center of the house.

"Of course, we do. Only this won't make us rich."

Another voice followed. The voice was that of a middle-aged man. It seemed like he was the head of the gang because the man earlier had called him 'big brother'.

"You're right, big bro. If we want to be rich, we'll have to rob more. We'll rob until we have enough to use our whole lives!" Another voice was heard. It was a hoarse one.

"As expected of big bro. Robbery is what I love the most. It's a lot better than working your behind off for scraps."

There were not just three voices. There were as many as four different voices. The fourth one was the last that Bai Chen heard.

'There are four bandits in the gang.' Bai Chen heard the fourth voice from the center of the house. He thought that there were four people in the gang.

‘Just get this over with and go home,’ Bai Chen thought and walked quietly inside.

He walked to the corner where a turn could be made and stole a glance at them. He saw two middle-aged men and two young men. They were absorbed in their drinking party.

“Ah, expensive booze tastes so good, unlike the cheap, inferior ones,” a middle-aged man with a goatee said.

“Yeah, big bro. This booze is excellent,” a young man with a small pale face said.

It was obvious that the man with a goatee was the head of the gang.

“Drink it all up and we’ll go buy it again. We have tons of money,” another middle-aged man said before he finished his drink in one go.

“Big bro, I think robbery isn’t enough. We should kill too, so people know how horrendously cruel we are!”

Another young man in the group spoke up. His voice was full of bloodthirst. He really wanted to kill some people!

“Great idea! I’ve not killed in years, since I have been running from the charges!” the middle-aged man with a goatee immediately laughed and agreed.

The rest of them did not say anything. Judging from their facial expressions, though, they also agreed with the suggestion.

“These animals...” Bai Chen, who had been eavesdropping, could not help but feel angry. His fists tightened until they trembled.

He did not expect that this bandit gang would be this terrible. They did not only cause people around here trouble, but they also thought about killing people!

Bai Chen would never let these people live to do their horrible deeds!

“It sounds like fun.” Bai Chen walked forward and spoke with a cold voice.

Hearing Bai Chen’s voice, the facial expressions of four of the four men in the house suddenly changed. They quickly turned towards the source.

“Who the hell are you? How did you get in our house?” The man with a goatee’s face was serious. He quickly got to his feet and spoke with an angry voice.

He was not scared because he only saw Bai Chen as an 18-year-old boy without any weapons in his hand.

“You’re brave to break into our hideout.” Another middle-aged man flashed a cold sneer.

The other two young men did the same.

“I’m here to kill you all!” Bai Chen spoke calmly. His facial expression did not change.

“Haha, you’re funny. Big bro, can I deal with him?” The man with a hoarse voice laughed. His eyes were full of an intent to kill when he looked at Bai Chen. “I have been wanting to kill someone!”

“Good. I’ll leave you to it!”

The middle-aged man with a goatee waved carelessly. For him, killing was nothing. He had killed many people already. It might not have been up to five people, but maybe two or three.

“What a shame.” The other young man and middle-aged man regretted that they had not been fast enough to offer their help like the man with a hoarse voice had. Otherwise, they would be the ones in charge of killing Bai Chen.

“Kill him fast. He probably heard what we were talking about. If he lives, we’ll all be doomed.” The man with a goatee spoke again.

“Hehe, I’ll make it quick, big bro.” The man with a hoarse voice laughed. He was happy to have a chance to kill. He walked towards Bai Chen. “How’d you like to die?”

Bai Chen’s facial expression was as calm as ever. Then, he took an M-16 gun out of his dimension ring.

It was the M-16 gun that he had gotten from the White Tiger gang on the day he’d killed them!

“What the hell?!?”

All four of them were in awe that an M-16 gun had suddenly appeared in Bai Chen’s hand out of thin air.

A few seconds later, their surprise changed into fear.

“H...Hide quickly!” the head of the gang quickly shouted in a panic and fear.

The rest of the gang gladly followed the middle-aged man with a goatee’s order without hesitation.

However, before they could get away, Bai Chen sprayed his bullets at them mercilessly!

Bang! Bang!...Bang!

Gunshots filled the house. Blood spurted from all four of them.

They all dropped to the ground and cried out in pain.

However, the cries did not last long. Everything went quiet only a moment later. It was obvious that they were all dead!

Chapter 246 Wang Chengye’s Plan

Ding!

[Mission Complete!]

Mission 27: Eliminate a gang of bandits in the Xing Au district (Success)

Reward: You have received 30 points and 30 magical bonuses

While Bai Chen was putting the M-16 back into the dimension ring, a mission-accomplishment window popped up before him.

Bai Chen looked at it for just a little while before closing it down and putting the gun back inside the dimension ring. There was no need for it anymore since all four bandits were all dead.

Bai Chen looked at the four corpses. They were lying in pools of their own blood with their eyes opened. Then, Bai Chen turned and walked back the way he had come in.

It was obvious that he was ready to go back home. There was no need for him to stay here any longer or he would get caught.

The sound of the M-16 gun had been quite loud. Somebody must have heard it. Bai Chen had intentionally used it to alarm the neighbors.

Somebody must have informed the police by now.

The police would come to get the bodies and investigate in order to find the perpetrator.

Of course, they would not be able to find the killer because Bai Chen would not leave any traces.

“Ah, my fingerprints on the doorknob.” Bai Chen suddenly recalled that he had touched the doorknob. His fingerprints would definitely be on it.

Without hesitation, he quickly wiped them off the doorknob and hurried back home. He did not plan to do any more missions today. It was getting to be quite late at night.

.....

While Bai Chen was traveling back home, Wang Chengye was sitting alone in his living room in the Wang family's mansion in Beijing.

He was enjoying a ten-thousand-yuan branded alcohol. He was smiling happily. His eyes sparkled.

“The heavens bestowed this chance upon me.” Wang Chengye spoke to himself with a smile.

“Now that my scumbag brother is gone, Father's chosen me to be the next in line for the position of head of the family!”

It was obvious that Wang Chon Feng had finally appointed him to be the next head of the Wang family.

This made Wang Chengye happy. He felt like he could only feel happiness around him, unlike when Wang Cheng Yong was around.

“That’s right. Now that he’s dead, I should be Xu Xue Ning’s future husband in his stead...” Wang Chengye suddenly recalled this. Instead of being even happier, his face turned gloomy.

“But the Xu family turned me down! This is insanity!” His voice was full of anger. “But it’s good that I don’t have to pursue that Lu Zhi Yun woman anymore.”

Wang Chengye sighed a little before tipping the contents of his glass of alcohol down in one gulp.

It was obvious that he did not have to follow Wang Chon Feng’s order and pursue Lu Zhi Yun anymore because the family had recently experienced a great loss.

Wang Cheng Yong’s death was a big issue. The family had to come up with new plans. That was why the plan for him to romantically pursue Lu Zhi Yun had been called off.

Knock...knock...

Suddenly, there was a knock on the door. Wang Chengye looked up and shouted, “Come in.”

After his words faded, the door was opened. A lean young man with glasses came into the room. He was wearing a black suit like a talented businessman.

“Young master, I’ve already checked and investigated what you asked about.” The young man with glasses spoke politely. He was full of respect for Wang Chengye.

“Well done, Dong Hen. Now tell me about it.” Wang Chengye put his glass down and looked at Dong Hen.

“Yes, sir.” Dong Hen nodded. “Xu Xue Ning is the eldest granddaughter of the current head of the Xu family. She works as a doctor in Xing Zhou city and currently lives with both of her younger sisters.”

Wang Chengye frowned a little upon hearing this. “Xing Zhou city?”

“Yes, sir. Xing Zhou city isn’t a big city, but it’s rather developed. Other than Xu Xue Ning, Long Xu In, the eldest daughter of the current Long family’s head, also established her company there.”

Dong Hen pushed up his glasses a bit before he’d hurriedly replied to Wang Chengye.

“Long Xu In, that wench who doesn’t know what’s good for her?!?”

Hearing the name Long Xu In, Wang Chengye’s face twisted with rage. What Long Xu In had done to him was unforgivable.

What she had done was throw water in his face at a party they’d both attended, humiliating him.

Of course, Long Xu In had her reasons. Wang Chengye had tried to hit on her and she’d eventually gotten so annoyed, she’d had to throw water in his face.

Dong Hen did not say anything more. He knew that Wang Chengye was angry and he should not say anything at this time.

A moment later, Wang Chengye started to calm down. His face was back to normal.

“Have you found out Xu Xue Ning’s address?” Wang Chengye said. He wanted to follow her and pursue her romantically, even if she was in Xing Zhou city.

“Of course, young master.” Dong Hen nodded without hesitation.

He had investigated everything about Xu Xue Ning. There might be some things that he had not found out just yet, but being Wang Chengye’s right-hand man like he was, there was no way he could not provide just her address.

“Very good!” Wang Chengye laughed happily. “It’s a shame that I have to be here for another half a month to do things that my father assigned me to do. I’ll get to see Xu Xue Ning in half a month.”

Wang Chengye sighed while thinking about this.

“It’s just half a month, young master. It’s not that long.” Dong Hen tried to cheer him up.

Wang Chengye nodded while thinking about Xing Zhou city. He thought that it would be good to start a business there, so he had an excuse just in case Xu Xue Ning asked about it.

‘What should I do?’ Wang Chengye thought. His eyes sparkled when the idea came to him. ‘A luxurious supermarket would be nice!’

It was obvious that the disastrous time that Bai Chen had thought was going to occur many months later had changed!

Wang Chengye would appear in Xing Zhou city in only half a month!

It had changed from how it had been previously. History had been rewritten. And the one who’d changed it was none other than Bai Chen!

Chapter 247 Scapegoat

The next morning, Bai Chen did not have to go to school because it was Sunday.

He left home at exactly 8 a.m., which was rather early. His goal for today was the same: the missions assigned by the Life Changing System.

His mission today was mission 28. The details were as follows:

[Mission 28: Help a scapegoat escape a charge against him.]

Description: You have to help a man who is the suspect in a big embezzlement case by revealing information regarding the embezzlement by the true culprit.

Reward for success: Win 40 points + 40 magical bonuses

Penalty for failure: The scapegoat will be jailed for 20 years.

After reading through the mission information, Bai Chen could not help but sigh at how unfortunate this scapegoat was.

Being accused of something you did not do was always sad and highly unfair.

Bai Chen thought that if the Life Changing System had not given him this mission, the scapegoat in question would have had to be thrown in jail for 20 years.

It was actually similar to how his life was. The difference was that he was not a scapegoat. He had been given a serious charge and had had to be behind bars for 200 years!

Fortunately, the amazing Life Changing System had found him after only 12 years. Otherwise, he would have been stuck there until he died!

“If I complete this mission, I’ll have 40 more magical bonuses, which will make a total of 160 magical bonuses!”

While walking on a footpath, Bai Chen talked to himself softly.

Of course, he had studied everything about mission 28 and the number of magical bonuses. He had actually just looked at it right after he’d woken up.

At the moment, he was at level 6 with 30 points. He still needed 70 more points to reach level 7. He also had a total of 120 magical bonuses right now.

He only needed 380 more magical bonuses to be eligible to receive medium-grade randomisation chances. However, that was a large number.

‘It wouldn’t be appropriate to go with this appearance. Maybe I should go as my 30-year-old self.’

Bai Chen thought that he would not seem trustworthy if he revealed the details of the real culprit to the police with his 18-year-old appearance.

That was why he thought that being a 30-year-old man would be more suitable.

Once he’d thought this, Bai Chen went straight to the Xing Yuan department store to buy himself some nice, respectable clothes.

.....

An hour later, at a little after 9 a.m., Bai Chen, who was now 30 years old and wearing clothes suitable for a 30-year-old, followed the guiding green arrow in a taxi.

He had already purchased new attire for the job at the department store. He’d also spent time grabbing something for breakfast. That was why it had taken him about an hour.

“We’re here,” the middle-aged taxi driver said.

Bai Chen did not say anything. He paid the driver and got out of the vehicle.

After the taxi drove off, Bai Chen looked ahead. It was a big building that belonged to a firm that was very familiar to him.

It was none other than the Li Group, the company belonging to Li Cong Tian, Li Lin's father!

"I didn't expect it to be the Li Group, Li Lin's father's firm."

Bai Chen looked at the big building in front of him. It was unexpectedly the number one firm in Xing Zhou city.

However, he did not care about it much and walked towards the entrance. There were as many as 6 to 7 security guards.

The number of guards of bigger firms seemed to be a lot more than what small firms had.

Long Xu In's company had 4 security guards at the entrance. Long Shen, her older brother, had told him that it was the third-ranked firm in Xing Zhou city.

Bai Chen walked at a normal speed to the entrance. Everyone had the right to enter the building for business purposes anyway.

However, if one caused any trouble, the guards would definitely kick you out in an instant.

Bai Chen walked into the Li Group building very easily. Inside, it was a big hall that was beautifully furnished. A great many people were in there, walking back and forth and conversing on business matters.

The first floor was not so different from Long Xu In's building—only there were more people here.

"Hmm..." While Bai Chen was standing not so far from the entrance, a pair of eyes were locked onto him.

The owner of the eyes paused and had to look at Bai Chen many times.

"Is something the matter, president?" a man in a neat-looking suit asked the owner of the eyes looking in Bai Chen's direction.

The man who was looking at Bai Chen was in his middle age. He had a rather handsome face.

If Bai Chen had seen him, he would know right away who it was. It was Li Cong Tian, Li Lin's father!

Yes, the man who was looking at Bai Chen was Li Cong Tian.

Li Cong Tian was in an expensive grey suit. He was surrounded by 5 people, 2 being bodyguards and the 3 being his subordinates. The man who'd questioned him earlier was his secretary.

A great many people on this floor looked at him with respect because he was the top businessman in Xing Zhou city at the moment.

Also, there were a lot of them who wanted to talk business with him, but they did not dare to initiate a conversation. They knew that talking business directly with Li Cong Tian was almost impossible.

“It’s nothing. You can go ahead.” Li Cong Tian turned away from Bai Chen to talk with his secretary and the other two, who were men in their middle age wearing suits.

“Er...” Yuan Kai, the secretary, looked at him in confusion. He had to strictly follow the order, however.

“Yes, president.”

The other two middle-aged men said the same thing and walked away.

There were only two bodyguards remaining on either side of Li Cong Tian.

Then, Li Cong Tian walked towards Bai Chen without hesitation.

He thought that the 30-year-old Bai Chen looked nearly identical to his daughter’s boyfriend!

Li Cong Tian had heard from Tang Zi Cheng and Tang Yien that Bai Chen had a grand background. How could he let this man, who looked so much like an aged Bai Chen, go?

It was possible that he was perhaps from the same family as Bai Chen!

Chapter 248 Bai San

“Hello.” While Bai Chen was standing motionless there, he heard a man’s voice.

When he turned to the source, he halted. The speaker was a very familiar man. It was none other than Li Cong Tian, Li Lin’s father.

Bai Chen went silent. He did not respond instantly. He had not expected that he would meet Li Cong Tian and be greeted by him.

Come to think of it, it was only normal because perhaps Li Cong Tian had simply misunderstood that he was a relative of his 18-year-old self.

The reason why Bai Chen thought this was because it had also happened with Xu Xin Tong.

They were the same people anyway. Their faces still looked the same, despite the age difference; there was just with more maturity. Thus, it was only normal for people to think that they were relatives.

“Hello, Mr. Li.” After a while, Bai Chen responded.

“You know me?” Li Cong Tian was a little surprised.

“Of course, everyone in the city knows you. You’re Li Cong Tian, the current top business leader, and the wealthiest man in Xing Zhou city.”

Bai Chen said this with a calm voice. He did not show any excitement.

Other people would be quite excited and would be trembling to have this opportunity with Li Cong Tian because it did not happen easily.

A lot of people on the first floor were surprised to see that Li Cong Tian had greeted Bai Chen first.

They now wondered who Bai Chen was and where he was from to have made Li Cong Tian make his way up to him like that.

Hearing what Bai Chen said, Li Cong Tian understood. He nodded and looked at Bai Chen cautiously. Judging from Bai Chen's calmness, he knew right away that Bai Chen was not putting on a facade.

Not very many people in Xing Zhou city could remain composed when talking to him.

These people were usually on the same level with him or higher. That was why he was looking at Bai Chen cautiously.

"You flatter me. May I know your name?" Li Cong Tian asked with a smile.

"I'm Bai San." Bai Chen replied with an obvious lie.

In his 30-year-old form, he chose to go by the name 'Bai San'.

"B...Bai!" Li Cong Tian's facial expression suddenly changed. He exclaimed this with surprise, which startled his bodyguards.

Since they had been appointed to be his bodyguards, they had never seen Li Cong Tian act like this before until now.

That was why it was only normal that they were surprised about it. They started to see Bai Chen differently and also more cautiously.

They started to think that maybe the middle-aged man in front of them was not normal.

"Yes." Bai Chen nodded. He did not understand why Li Cong Tian acted that way. "My name is Bai San."

Li Cong Tian inhaled deeply. His heart pounded faster. Bai San's last name was the same as Bai Chen's.

It was much too hard for him to keep his composure after knowing that.

A moment later, Li Cong Tian started to calm down. He inhaled deeply again and asked, "Do you know Bai Chen? He's around 18 years old. I think he greatly resembles you."

Bai Chen was not surprised. He had already expected that Li Cong Tian would ask because it had happened to him before.

It was Xu Xin Tong who had asked him that time, although he had been in his 18-year-old form and the question had been different. He would still say that he was his own uncle.

"You mean Bai Chen, my nephew?" Bai Chen said.

His words greatly affected Li Cong Tian. It was as he'd thought!

He'd walked up to Bai Chen because he had not been sure about it. Now, he'd gotten his answer, which made his body shiver a little. His eyes widened.

‘This man also has a grand background like Bai Chen does. No, he’s his uncle, so maybe he is very more powerful!’ Li Cong Tian thought. He felt cold all the way down to his bones.

He was afraid that if he made Bai Chen angry, the Li family would not be able to cope with the consequences. Even General Huang Qian, his blood brother, and his wife Li Yu’s husband would not be able to handle things either.

The reason why Li Cong Tian thought so was that he had heard from Tang Zi Cheng that even the Tang family, one of the five big families in Beijing, did not want to cross him!

How could Li Cong Tian not feel cold all the way down to the bones?

Li Cong Tian’s face broke into a sweat. He felt like it was the first time in many years that he was actually scared of something.

At the time when he’d had to encounter Xi Dong from the Xi family, he had not fretted even a bit. This was incomparable to that.

“What are you doing at my company, Mr. Bai San? If you need anything, you can ask me,” Li Cong Tian said, his manner toward Bai Chen became politer, unlike before he’d realised who Bai Chen was.

Bai Chen could not help but go silent. He could not say that he was there to expose the embezzlement of someone in the company, Li Cong Tian’s company.

Li Cong Tian’s sudden politeness confused Bai Chen. He did not know why Li Cong Tian acted like that towards him.

However, Bai Chen finally decided that he would talk about embezzlement because it would be better with Li Cong Tian’s help. Li Cong Tian was the most powerful figure here anyway since he was the owner.

“My acquaintance’s friend asked me to investigate embezzlement of funds because his friend was accused of doing it. He’s a scapegoat,” Bai Chen finally said. Of course, it was a lie.

Hearing that, Li Cong Tian’s facial expression changed drastically. The embezzlement had been exposed here yesterday.

The one who had done it was a subordinate whom he’d highly trusted. He had been one of his closest subordinates. Even though he had not wanted to believe it, he had to with all of the incriminating evidence.

He had been so furious he had not cared to investigate further. He’d turned the man in immediately!

Chapter 249 The True Embezzler

“H...How do you know about this?”

A moment later, Li Cong Tian tried to keep his cool and asked this with a trembling voice.

His voice quivered and was very soft because he was afraid that others would overhear.

The embezzlement had been kept top secret. Only he and the police higher-ups knew about it.

It was obvious that Li Cong Tian was a transparent man. He would not want a company that he'd built with his own hands to fall because of someone in the company being involved in embezzlement.

"Like I said, my friend asked me to come here," Bai Chen answered calmly.

From the expression on Li Cong Tian's face, it was obvious that he knew about the embezzlement.

Li Cong Tian went quiet and thought over something by himself. What he was thinking made his heart raced rapidly and his breath become jerky.

If Feng Chao was a friend of Bai Chen's acquaintance, would that not mean he was already making Bai Chen angry?

Hearing what Bai Chen said, it was he who was at fault because he'd made Feng Chao a scapegoat with the embezzlement charge.

This 'Feng Chao' was, of course, Li Cong Tian's close subordinate. He'd found evidence of embezzlement of as much as 500 million yuan that led to him!

'But how would Feng Chao be a scapegoat, if the evidence was so obvious?' Li Cong Tian inhaled deeply and thought this to himself.

He spoke even more politely and carefully. "We should talk somewhere else."

He wanted to change the location of this conversation because it was inappropriate to talk here.

The embezzlement could possibly be exposed among these many people.

"All right." Bai Chen did not think much about it. He nodded without hesitation. He knew that they should talk about it in private.

He followed Li Cong Tian up into the building. The bodyguards had heard the whole story, but they acted as if they were deaf.

It did not concern them. Their job was only to protect Li Cong Tian.

.....

Inside the beautifully furnished office, Bai Chen was sitting on a guest sofa. A cup of hot coffee was set on the glass table in front of him. Li Cong Tian was sitting on the opposite sofa.

Li Cong Tian's face had broken into a sweat, even though the room was cold. He used tissue papers to wipe the sweat off all the time.

"Mr. Bai San, let me put this frankly. You're saying that Feng Chao is a scapegoat in this embezzlement case?"

Li Cong Tian said this. His tone was still polite and careful.

Bai Chen nodded without hesitation. "Yes."

"Do you have any proof?" Li Cong Tian asked.

“Of course I do,” Bai Chen answered immediately.

Hearing that, Li Cong Tian’s heart almost stopped beating. He suddenly recalled that yesterday Feng Chao had been crying and shouting very loudly that he was not the one who’d embezzled the company’s money.

However, he had not believed it because the evidence said otherwise.

“Y...You really have proof?” Li Cong Tian’s voice trembled. His face went pale.

It was all because of Bai Chen. If he’d really turned in the wrong person, he would be doomed because the accused was a friend of Bai Chen’s acquaintance.

Li Cong Tian misunderstood that Bai Chen had a grand background, so of course, he did not want to anger him because it would only bring his family chaos.

It was only normal that Li Cong Tian’s face would go pale.

He also did not expect that Feng Chao would have a friend who knew the glorious Bai Chen.

He gulped his saliva down into his parched throat before asking, “May I ask where it is?”

Of course, Bai Chen noticed it. It seemed like Li Cong Tian felt uneasy because of what he’d said.

It was possible that Li Cong Tian felt bad because he had turned in the wrong person.

Bai Chen did not know that Li Cong Tian acted strangely because of him.

“Follow me. I’ll take you to see the evidence.” Bai Chen got up from the sofa. He had not even touched the coffee cup because he was not here for the coffee, but the mission.

Bai Chen needed to spend the time he had wisely. He would spend it on all the missions the Life Changing System gave him so that he could get his revenge faster.

Now, he got up because he wanted to go to where the proof was.

The mission 28 windows had been open all this time, so Bai Chen could see the green guiding arrow.

Li Cong Tian, who was white-faced, said no more. He got up from his sofa and followed Bai Chen out of the room.

Bai Chen and Li Cong Tian soon arrived at a room with a sign that said: ‘Hua Hai, Vice President’.

“Hua Hai!” Li Cong Tian’s facial expression changed entirely when they reached the room.

He was the president of this company, so of course, he knew all of his vice presidents. Hua Hai was the one who’d discovered Feng Chao’s embezzlement along with all the evidence.

“I can’t believe it.” Li Cong Tian did not want to believe it. He knew Hua Hai well.

Hua Hai had been working with him for a long time, practically since he'd established the company. That was why Li Cong Tian did not want to believe it.

Bai Chen did not say anything. He did not even know if Hua Hai was the one at fault. Even if the proof was in his room, it did not automatically mean that he was the culprit.

"The proof is in this room," Bai Chen said and reached out his hand to open the door.

He could not, because it was locked.

Li Cong Tian hurriedly took out his phone and called someone with a key to come and unlock it. Bai Chen did not have to tell him what to do as he really wanted to know if Hua Hai was the actual embezzler or not.

A moment later, a man came and opened the door for them. He was Li Cong Tian's personal assistant, Yuan Kai.

"Let's go inside," Bai Chen said and led the way inside.

Li Cong Tian followed him quietly. Yuan Kai also did, even though he had no clue about anything.

Chapter 250 Proof

Stepping into Hua Hai's office, Bai Chen swept his eyes around the room of one of the vice presidents of Li Group.

It was an elegant office, even more luxurious than the president's office.

"President, who is this man?" Yuan Kai, Li Cong Tian's personal assistant asked.

Li Cong Tian was still in shock because he was still thinking about how Hua Hai was whether the real perpetrator.

It was obvious that he still could not bring himself to believe it.

There was very little reason other than that Hua Hai had been working with him for so long, practically since he'd established the firm.

It was not easy for him to believe that Hua Hai was the embezzler.

"President."

Yuan Kai called him again softly because there had been no response to him.

"Yuan Kai, you go out first." Li Cong Tian waved at Yuan Kai.

He did not want to answer Yuan Kai. He'd called him up only to open the door, not to know about all these issues.

Yuan Kai could not help but go quiet. In the next moment, he finally nodded. "Yes, president."

Yuan Kai walked out of the room.

Li Cong Tian did not see that Yuan Kai's eyes had started to flash with anger. His face was cold, and it appeared that he was mumbling something.

After Yuan Kai went out of the room, Li Cong Tian looked at Bai Chen, who had his back to him.

"Mr. Bai San, where is the proof?" he asked politely.

Bai Chen turned to look at Li Cong Tian before pointing his finger to a wall. Nothing was there.

"There?" Li Cong Tian could not help but raise his brows. Where Bai Chen had pointed to was only a wall and nothing else.

"Yes." Bai Chen nodded. It was certainly there because the green arrow of mission 28 had directed him to it.

Bai Chen did not say anything more. He started to walk towards the wall and used his hand to knock on it.

Knock...Knock...

The noises sounded the same. Bai Chen moved his hand to another part of the wall.

Knock...Knock...

This time the noise sounded heavier than the previous ones.

Bai Chen's eyes glittered. He knew right away that there was a space behind the wall where he'd first tapped.

"It's in here." Without hesitation, Bai Chen raised his fist and quickly punched the wall.

Smash!

It sounded like tiles shattering when the wall was broken. It seemed like the wall was made of tiles.

"You..." Li Cong Tian was startled by what Bai Chen had done.

However, it was only for a short time. He was in total awe when he saw that there was a secret space hidden behind the wall. "T...This is...!"

Inside, there was an accounting ledger. Bai Chen reached out his hands to take it out. He turned to look at Li Cong Tian and handed it to him without hesitation.

Bai Chen did not have to look at it. He knew that it was proof of the embezzlement.

He was confident because he'd followed the green arrow. It had led him to this, so it could only mean that it was the proof!

Li Cong Tian inhaled deeply. He tried to suppress his feelings before taking the accounting ledger from Bai Chen and opening it.

His face turned gloomy only after looking at several pages of it. His eyes shone with rage. He gnashed his teeth loudly. "That bastard, Hua Hai!"

Right now, he was very angry. He did not want to believe at first that it was Hua Hai.

After going through the accounting ledger, he did not have to be smart to know that it was certainly Hua Hai. Feng Chao was only a scapegoat.

“Mr. Bai San, I thank you very much. If you hadn’t done this, I would have done something even more terrible by making an innocent person a scapegoat.”

Li Cong Tian suppressed his anger and thanked Bai Chen properly with his head bowed. He held onto the ledger which was proof of the embezzlement tightly.

If not for Bai Chen, Feng Chao would have become a true scapegoat and gone to jail for years, while the real embezzler would have lived his life free and happy.

“There’s no need to thank me. I’m just doing my friend a favor,” Bai Chen said. “I hope you’ll set this right.”

“Of course, I’ll do it right away.” Li Cong Tian nodded without hesitation. He then took out his phone and called a superintendent at the Xing Zhou city police station immediately.

He was the president of the Li Group, so he certainly had connections with high-ranking police officers. It was only normal for him to be able to give the superintendent a direct call.

A moment later, Li Cong Tian put his phone away and looked at Bai Chen. “I called the police. After this, I hope you can stay. When this is over, I’d like to treat you to dinner as thanks.”

Bai Chen nodded. He had to stay anyway because he wanted to make sure that the mission was completed.

“Thank you very much.” Li Cong Tian was delighted when Bai Chen agreed to stay.

However, he also could not help but be afraid of Bai Chen. He’d even known about this hidden place where Hua Hai had carefully kept the proof of the embezzlement.

If he was not of a grand background, he could not have known it!

Li Cong Tian believed that Bai Chen had already sent someone to investigate. He’d only come here himself after the location of the embezzlement proof was known for certain.

‘What a terrifying man,’ Li Cong Tian thought. He did not even know when Bai Chen’s person had come here to do it. That was why he thought that Bai Chen was terrifying.

Li Cong Tian had no clue that Bai Chen had not done anything like it. He had simply followed the green arrow of mission 28.

“Let’s go. The police will be here in a while. We’ll meet them in the meeting room,” Li Cong Tian said and led the way out of the room.

Bai Chen followed Li Cong Tian quietly. He did not say anything more.

However, he was actually very happy that mission 28 was almost complete.

‘When mission 28 is complete, I’ll do mission 29 immediately,’ Bai Chen thought while following Li Cong Tian to the Li Group’s meeting room.
