Chapter 261 The Four-Petaled Dewdrop Flower

“You know the four-petaled dewdrop flower?”

After a while, Bai Chen suppressed his excitement and asked this.

Li Lin, who was at his side, breathed a sigh of relief that grandfather Lu knew the herb that Bai Chen wanted to buy for his mother.

The old man Lu Heng slowly nodded. “Of course I do. It’s an extremely poisonous herb.”

Bai Chen’s facial expression changed a little after hearing that.

“A poisonous herb?”

Not only Bai Chen’s change but Li Lin’s did as well. She quickly turned to Bai Chen because she did not believe that Bai Chen’s mother would want her son to buy her a highly poisonous herb.

“Yes. The four-petaled dewdrop flower is poisonous, even though the name may have a nice ring to it like it is not a highly poisonous herb,” the old man Lu Heng explained with a serious voice.

He stopped for a bit before continuing. His words were a question. “Will you tell me know what you’re using it for?”

“.....”

No words came out from Bai Chen’s mouth because he did not expect that the four-petaled dewdrop flower, what the Life Changing System wanted him to search for, to be extremely poisonous.

It was completely beyond him!

However, even if it was highly poisonous, he still needed it. Otherwise, the only way left was to fail the mission.

Bai Chen started to think with a serious face. He was thinking about how to answer the old man Lu Heng.

About a minute passed. Bai Chen finally thought of something. “I want to use it.”

His answer made the old man Lu Heng’s eyebrows furrow tightly.

“Use it? How will you use it? Don’t you know that it’s become a forbidden herb? The government has put out a law to erase everything about it. They even changed the name from the ‘four-petaled dewdrop flower’ to the ‘four-petaled deadly poison flower!’”

Bai Chen listened to the old man and was surprised. How could he have known that the four-petaled dewdrop flower had now become a forbidden herb?

Moreover, the government issued a law against it and erased everything about it. They had even changed its name.

Bai Chen finally understood why he had not found anything about it on Baidu. It was because the government had erased it all.

“Bai Chen.” Li Lin started to get worried from the moment the old man said that the herb was extremely poisonous. She became even more agitated when Bai Chen said that he had to use it.

Her nervousness reached its peak when grandfather Lu talked about how the government had removed every bit of information about it from everywhere.

“What do you say? How will you use it?” the old man Lu Heng asked again after seeing Bai Chen go quiet.

Bai Chen did not know what to say. He could not think of anything to say.

Use? What would he use it for? He was only searching for it because that was what mission 30 had told him to do.

After finding out that it was extremely poisonous, he did not want to use it even a little bit. No, he had not wanted to use it in the first place.

“Forget about it. If it’s as like what you said, I don’t want it anymore.”

Finally, Bai Chen sighed and decided to fail the mission because he did not know what to say.

He did not have a good enough answer for the old man Lu Heng and he did not know where else to look for the herb.

If the government had issued laws about it, other herbal shops would be the same as this one. They would not want to sell it.

No, maybe they would not have it at all in the first place because it was a forbidden herb anyway.

The old man Lu Heng did not say anything more. He only nodded. He did not want Bai Chen to be involved with the four-petaled dewdrop flower.

“Li Lin, let’s go,” Bai Chen said to Li Lin. He thanked the old man Lu Heng and walked out of the shop.

Li Lin was stunned for a second. She finally said good-bye to grandfather Lu and thanked him before rushing out behind Bai Chen.

The old man Lu Heng nodded at Li Lin before he turned away. He looked at her.... No, he looked at Bai Chen and narrowed his eyes with ill intent.

“It’d be good if that young man stopped looking for the four-petaled dewdrop flower. He shouldn’t know that it’s now called the ‘floating flower’ and can be extracted into a kind of narcotic.”

The old man Lu Heng said this with a cold voice.

“Otherwise, he would surely die. I don’t want anyone to mess with my business!”

The old man’s face was cold. It was obvious that what he’d said to Bai Chen was all lies.

However, they were not complete lies. That the government had changed the herb’s name was true, but its name had been changed to the ‘floating flower’ instead of the ‘four-petaled deadly poison flower’ like he had said.

When he said that the government had erased everything about it and that it was a forbidden herb, those pieces of information were also true.

There were only a few people in China who still planted the herb.

That meant there were still some people who did it. Like this old man Lu Heng here, he was one of them. He had earned a great deal of money from throughout the years.

It was the reason why he acted like this.

He thought that maybe Bai Chen was searching for it because he knew something about him and his business.

However, when he had tested Bai Chen with the story that he’d made up about the name that had been changed to the four-petaled deadly poison flower, it had not seemed like Bai Chen knew anything about him, a man who was actually a major supplier in the four-petaled dewdrop flower market.

If Bai Chen knew, he would have noticed that the name was wrong.

He’d initially thought that he would send someone to kill Bai Chen, but he dropped the idea because Bai Chen did not seem to know anything.

However, if Bai Chen still wanted to find the herb, the old man would not hesitate to kill him!

The reason was simple. He was the only one in China who planted the herb at the moment. Knowing that someone was after it made him anxious.

Whoever looked for it had to die!

Everything was for the safety of the old man Lu Heng!

Chapter 262 Found It

Bai Chen walked out of the old man Lu Heng’s herb shop with some disappointment.

However, it was only a little. Even if he failed mission 30, he would lose only 30 points.

Compared to the earlier mission that was worth 100 points, it was nothing.

Of course, if one asked whether Bai Chen felt disappointed, he would surely say yes.

This was because he had just lost 60 points and 60 magical bonuses.

“Bai Chen...” Li Lin followed him out of the shop and called him softly.

Bai Chen turned to look at her. He quickly smiled at her when he saw her worried face.

“Really?” Li Lin’s worried face changed. She asked this with a happier voice.

She felt bad because she had not been able to help Bai Chen find the herb that he was looking for. Hearing Bai Chen says that he had misremembered the name of the herb, she felt happier and thought about taking him to the next herbal shop.

However, before she said anything, Bai Chen interrupted.

“It’s getting late. Should we find something to eat? I’ll take you home.”

Li Lin went quiet for a second. Then, her eyes sparkled with joy. She quickly nodded. “Let’s go.”

It was obvious that she was especially happy and cheerful when she was with Bai Chen.

However, it was impossible for her to feel otherwise because Bai Chen was the man she liked. As for the herb for his mother, she thought that he would come again tomorrow instead.

Li Lin thought that she would come with him again like today.

“Let’s go,” Bai Chen told Li Lin.

Li Lin nodded, smiling brightly without hesitation.

Her smile made Bai Chen’s disappointment fade instantly.

After that, they went to eat at a restaurant close to that area.

.....

At around 7 p.m., Bai Chen had already parted with Li Lin. He was in a taxi going home.

Bai Chen smiled happily in the taxi. Of course, it was because of the time he had gotten to spend with Li Lin over the past 2 to 3 hours. He thought that it was not so bad that he had failed the mission.

“Li Lin should be inside her house already,” Bai Chen said softly to himself.

It was obvious that he had dropped her off at her house minutes ago.

‘Mission 30 is not a failure yet, but it likely will be soon,’ Bai Chen thought and shook his head. He could not help but open up the mission window.

[Mission 30: Search for herbs]

Description: You have to search for a herb called the ‘four-petaled dewdrop flower’.

Reward for success: Win 60 points + 60 magical bonuses

Penalty for failure: -30 points

However, Bai Chen’s eyes widened with surprise after looking at the information.

He blinked and rubbed his eyes to make sure that it was not an illusion.

The information of mission 30 was still the same. However, there was something additional. It was none other than the green guiding arrow!

‘Why is it like this?’

Bai Chen quickly suppressed his surprise. His thoughts were utter confusion. He did not understand why it had become like this. Why had the green arrow not appeared before, but appeared now?

‘Or is it...?’ Bai Chen realised something. Maybe it depended on a period of time or the information about the four-petaled dewdrop flower that he had gotten from the old man Lu Heng.

Whichever it was, Bai Chen believed that it was highly possible.

Suddenly, Bai Chen’s eyes shone with determination. He looked at where the green arrow was leading him and told the taxi driver to change direction and follow it immediately.

A little more than 20 minutes later, the taxi arrived at the destination. Bai Chen paid the fare and the taxi driver drove away.

At the moment, Bai Chen stood in front of a mansion. It was not very big as there were only 2 floors. No lights were coming from the inside, so maybe the owner was away.

However, this was how Bai Chen liked it. It would be easier for him to get the four-petaled dewdrop flower.

It was obvious that the four-petaled dewdrop flower was inside the mansion.

The green guiding arrow gave him this confidence.

Bai Chen looked around him until he was sure that no one was in the area. He jumped up and used his stargazing walker technique to go over the fence.

However, he did not drop down. Instead, he continued using the stargazing walker technique until he reached the back of the mansion.

“Is it underneath?” Bai Chen stopped mid-air. He stared at the pond that had been covered tightly.

It was a rather old square pond. Bai Chen’s brows knitted tightly. He could not think of the reason why the green arrow would lead him there.

“In the pond?” Bai Chen said. The words that came out were ‘In the pond’.

He thought that maybe the four-petaled dewdrop flower was in the pond.

That was why he did not hesitate to drop himself down in front of the pond. He quickly took the large wooden plank that covered it off. It was rather heavy, but it was nothing to him.

After taking off the plank, Bai Chen was surprised by what he saw. There was a ladder!

“This ladder...” Bai Chen talked softly to himself. He was curious, but he kept that curiosity to himself and went down the ladder.

Not long after that, he came down to the floor underneath. To be more accurate, it was an underground floor. The floor was dimly lit with weak lights here and there.

Bai Chen swept his eyes around. He went still almost immediately. There was a big plot of plants in front of him!

The plants were dark purple. Each of them had four petals. Rather than calling it a plant, it would be better if it was called a flower!

“The four-petaled dewdrop flower...” Bai Chen’s lips moved slightly; a word was said.

No one had to tell him about this. He knew what these flowers were because the green arrow was pointing at them.

Also, they had four petals. How would he not know that they were ‘four-petaled dewdrop flowers’! He had finally found them!

Chapter 263 Trouble Occurs

Bai Chen’s eyes suddenly sparkled when he saw the large amount of four-petaled dewdrop flowers that had been planted.

He could not help but think that he could now complete mission 30.

“Just quickly grab one and I’m out of here,” Bai Chen said to himself. It was obvious that he only needed one flower.

Also, he did not plan to tell the police about this underground plot of poisonous flowers because it did not concern him at all.

Actually, he should even thank the owner of this plot. If not for the person who had planted the flower, Bai Chen would not have been able to complete the mission

Even if the planting of this particular herb was against the law.

Bai Chen started to walk towards the four-petaled dewdrop flower plot. He was not in a rush, even though he thought that he should be.

However, he was not too far from the plot. Actually, it was pretty close to him.

In less than a minute, Bai Chen was in front of the four-petaled dewdrop flower plot. Without wasting any more time, he bent down and reached out his hand for the closest flower.

However, before he picked it up, he heard a noise. Someone was coming down the ladder!

Bai Chen’s face twitched a little. He thought that it would be bad if that person found out that he was here to steal a flower.

He had to leave the flower alone for the time being.

In that instant, he rushed to hide behind one of two water tanks. They seemed to be used for watering the four-petaled dewdrop flowers.

“Kang, you slacker. Why did you forget to close up the pond?”

While Bai Chen was hiding behind the water tank, he heard the voice of an old man. He was slightly familiar with it.

‘This voice... Seems like I’ve heard it somewhere before,’ Bai Chen thought.

He finally realised it a moment later. He could not help but widen his eyes because the voice that he’d just heard was none other than that of the old man Lu Heng, whom Li Lin had called grandfather Lu!

‘How can it be him?!?’ Bai Chen did not expect that it would be the old man Lu Heng.

While he was thinking this, he heard another voice. It was the voice of a middle-aged man. He was the one whom the old man Lu Heng called ‘Kang’ just now.

“I’m sorry, boss. I just forgot.”

Even though he said that he could not help but think that he had surely closed the pond up. Who would dare open it back up?

Of course, he’d said that because he was afraid of punishment by the old man Lu Heng.

“All right then. They’ll likely be ready to harvest in the next couple of days.”

The old man Lu Heng did not care much about it. The only thing that he was concerned about was the harvest that would take place several days from now.

“And when are we distilling them into drugs?” Kang asked.

The old man Lu Heng swept his eyes around the plot proudly before replying, “Also in several days. After we’re done with the harvest.”

“Understood, boss.” Kang nodded and did not ask anything more.

“But we have to be careful. If the police know, things will be complicated.” The old man Lu Heng suddenly spoke. He could not help but think about Bai Chen. He was not sure whether Bai Chen was a spy or not.

“Yes, boss,” Kang responded. Then, he asked, “You want to take a look at them first or are you going back?”

“Taking a little look won’t hurt.” The old man walked around the plot happily with Kang behind him.

They did not even know that what they had been talking about had already been heard. The one who heard about the matter was Bai Chen.

“Distilling them into drugs?” Bai Chen’s facial expression drastically changed. He tightened his fists without realising it.

He did not expect that the four-petaled dewdrop flower could be distilled into drugs!

‘Did the old man Lu lie to us?’ Bai Chen could not help but think of this truth.

If the four-petaled dewdrop flower was really poisonous, it should not be able to be distilled into drugs, as it would be bad for the addicts.

'He surely lied about it to us.'

Even though he was not sure about it, Bai Chen believed in his own conclusion.

His face turned cold. His eyes, too.

He sneaked a peek at the old man Lu Heng and Kang through the water tank.

The reason why he acted like this was that the old man Lu Heng seemed to be close to Li Lin. She probably did not know about his secret.

Bai Chen was afraid that if he let this old man continue living, Li Lin would be in danger too.

That was why his face and eyes had turned cold.

Bai Chen started to feel the urge to kill the old man Lu Heng!

Bei Chen did not hesitate to reveal himself after this thought. He walked out from behind the tank.

"Old man! You dared to trick me!" he shouted.

Hearing Bai Chen shout, the old man Lu Heng and Kang's facial expressions changed drastically. Their eyes tensed. They turned to look at Bai Chen.

The old man Lu Heng suddenly trembled when he saw Bai Chen. "You're the boy from this afternoon!"

"Who are you?" Kang asked because he did not know Bai Chen.

He knew now who had opened up the pond. It was Bai Chen, the man in front of him.

Bai Chen did not say anything. He looked at the old man Lu Heng coldly before running towards him. He intended to kill the old man here before Li Lin was put in danger.

"Damn it! This rude kid! When adults ask something, you should answer!" Kang suddenly got angry.

The old man Lu Heng did not expect this to happen. He quickly drew a gun that he had hidden in the back of his pants when he saw Bai Chen running towards him.

"Don't move. If you do, I'll shoot you in the gut!" The old man Lu Heng spoke through his teeth.

Bai Chen abruptly stopped running. However, his eyes did not show any sign of fear. He believed that he could evade the old man's bullets even before he shot them with his low-grade martial arts technique.

"Heh! Scared of guns, kiddo?!?" Kang mocked Bai Chen before taking his gun out and pointing it at Bai Chen.

"Actually, I didn't want to kill you, but you asked for it!" the old man Lu Heng said and shook his head. His eyes glittered with malice.

He was ready to kill Bai Chen!

Chapter 264 Neck-Breaking Kicks

At the moment, there were two guns pointed at Bai Chen. Of course, the owners of the two guns were the old man Lu Heng and Kang.

Even though he was in a dangerous situation, Bai Chen was still as cool as ever. He did not show any signs of fear.

“Die!”

Suddenly, the old man Lu Heng pulled the trigger.

Bang!

A gunshot sounded. The bullet raced quickly out of the barrel. It was aimed at Bai Chen.

Bai Chen’s eyes tensed up a little before dodging to the side.

Due to that, the old man Lu Heng’s bullet missed its target.

Even though Bai Chen could dodge the old man’s bullet, he still had to face Kang’s bullet.

He pulled his trigger with a cold smile as if he had predicted Bai Chen’s movement beforehand.

Bai Chen’s face tensed up a little. He did not hesitate to use his stargazing walker technique to jump into the air.

Due to that, the bullet was not able to touch him.

“What?!?”

The old man Lu Heng and Kang were in awe at seeing that Bai Chen could dodge their bullets. Moreover, Bai Chen was standing in mid-air. He was floating!

It was beyond difficult for the old man Lu Heng and Kang to not be surprised.

“What the hell are you?!?” The old man Lu Heng’s eyes almost popped out of their sockets when he saw Bai Chen standing in mid-air after dodging Kang’s bullet.

“What madness is this! Boss, let’s kill him!” Kang was in a complete panic. His voice woke the old man Lu Heng up from his current condition.

“Agree, kill him!” the old man Lu Heng decided. He did not care anymore about how Bai Chen walked in mid-air or what sort of creature he was.

Bang! Bang! Bang!....Bang!

Suddenly, bullets were fired off like a storm. Both the old man and Kang shot Bai Chen with everything they had until they ran out of bullets.

At that moment, the smoke from the gun barrels permeated the area in front of them. They could see what was in front of them clearly. They could not see if Bai Chen was already dead or not.

“Is he dead?” The old man Lu Heng tightened his grip on his gun. He stared ahead to see if Bai Chen was dead.

“I think he’s dead. With all those bullets, even if he was a god, he would have died riddled with holes by now!” Even though Kang was not so sure about this, he still said it with confidence.

As soon as he finished his sentence, he felt an intense pain in his neck. It was the last pain that he would sense in his life.

Crack!

There was a sound of something breaking. It was none other than Kang’s neck bones. Kang’s eyes widened. They were full of pain. He could not believe that he had to die like this!

Of course, the cause of his broken neck was Bai Chen.

When the old man Lu Heng and Kang had shot him with thousands of bullets, Bai Chen had used his stargazing walker technique to quickly escape a certain distance to the side. Then, he’d sneaked behind Kang’s back when Kang was talking after shooting his gun until he was out of bullets.

After he’d finished talking, Bai Chen kicked him in the neck. That was what happened.

Kang’s body flew to the side. He did not breathe anymore. It was obvious that he was dead from his broken neck!

This sort of death was a rather pathetic death!

After killing Kang, Bai Chen did not hesitate to go after the old man Lu Heng next. He leapt towards the old man immediately.

The old man Lu Heng did not have time to even prepare himself. He also died with a broken neck that resulted from Bai Chen’s kick. His body flew away, dropped onto the ground, and twitched a few times. He finally went still with his eyes wide open!

Bai Chen was finally standing on the ground again after killing both Kang and the old man Lu Heng.

Now, he could take the four-petaled dewdrop flower. He had even killed the old man Lu Heng who could be a danger to Li Lin in the future. That was good for him.

He looked at both of the corpses for a little while before quickly picking one flower.

Once he got the flower in his hand, the mission-accomplishment window popped up.

Ding!

[Mission Complete!]

Mission 30: Search for herbs (Success)

Reward: You have received 60 points and 60 magical bonuses

After the window popped up, the flower in his hand was covered with a bright golden light and was swallowed up by it.

The four-petaled dewdrop flower in his hand was now gone.

Bai Chen did not think much about it because it was expected that the system would take it anyway.

“I’ll just go...” Bai Chen said to himself. He was about to say that he was going home. However, before he got to finish saying that, he stopped midway because he realised that he should contact the police about this first.

Of course, he would tell the police about how there was a large plot of four-petaled dewdrop flowers that could be used to make drugs, which was an illegal activity.

Then, Bai Chen rushed out of that place. He thought that he would find a phone booth to make a call to the police. He would tell them to take care of the plot and the corpses.

Of course, Bai Chen did not forget to erase everything that could be traced back to him. That way, the police would not be able to find out that he was the one who’d killed the old man and Kang.

About 10 minutes later, Bai Chen had already contacted the police with the phone in a nearby booth. Of course, he altered his voice so that it sounded like someone else’s voice.

After contacting the police, Bai Chen rushed back home. He was actually quite exhausted.

Later that night, the police arrived at the mansion that Bai Chen had just left.

They found the pond that led to the plot of four-petaled dewdrop flowers very easily because of Bai Chen.

At first, the police were in awe at the sight of the flower plot. Then, their facial expressions changed when they saw the fresh corpses.

“This is...”

Once they examined the bodies, the police were all shocked to find that the cause of the deaths of both men was very unusual. Their necks had been broken!

The police thought that both of them must have been hit with something hard until their necks had been broken!

They did not know the truth—that the old man Lu Heng and Kan had been kicked!

Chapter 265 A Dangerous Mission

The next morning in Xing Zhou City, an average-looking middle-aged man arrived. His clothes, his appearance, and his shape were all average-looking.

His eyes were out of the ordinary, though. They looked like they had experienced a lot of hardships.

“Xing Zhou city... I have not been back here for a long time,” he reminisced.

“But it’s not the time to reminisce. I have to complete the tasks Sir Lu Yi assigned to me.” The middle-aged man shook his head a little to get rid of thoughts of the past.

From what he said, it was not hard to guess his identity. He was none other than Jong Zhue, the head of the first unit of the Jing Cha Secret Organisation!

He had come to Xing Zhou city because of the order from Lu Yi, one of the five people with the highest authority in the Jing Cha Secret Organisation.

“My aim is to investigate and find information on Fen Wieng’s killer and secretly guard young mistress Lu Zhi Yun.”

Jong Zhue talked to himself a little and looked ahead.

He was at the entrance of Xing Zhou city. It was obvious that he had not been here long, otherwise, he would not have been standing here at the entrance.

“Before that, I need a place to stay.” After that, Jong Zhue waited for a taxi to take him to a hotel.

.....

Bai Chen spent his time in school like usual.

He went to Xing Xiang park after school to think about something. What he thought about was something extremely dangerous.

As to why he would think about something so dangerous, it had happened in the morning when he’d opened the Life Changing System window to look at various information as well as the next mission.

Bai Chen was told that he was now at level 9 and had an additional 30 points.

He needed just 70 points to get to level 10.

Bai Chen was rather excited to get to level 10 because he thought that maybe the system would be upgraded again.

The reason why he thought so was that the latest upgrade was when he was at level 5. Thus, it should be time for another upgrade when he got to level 10.

However, Bai Chen was still uncertain. He had to wait until the time came.

Of course, the level of the system was not the only thing he got from the window; he also received updated information regarding his magical bonuses too.

Bai Chen was also quite excited about that because he now had 320 magical bonuses!

Yes... 320 magical bonuses. With only 180 more, he would be able to exchange them for a chance for a medium-grade item or skill!

How could he not be excited?

However, his excitement about all these things was nothing when he read the details of mission 31. This mission was the reason why he was at Xing Xiang park thinking about something dangerous! Mission 31 was both great and scary. The details were as follows:

[Mission 31: Fight against a strong cultivator!]

Description: You need to win a fight against a strong cultivator from the Jing Cha Secret Organisation. He is here to search for you, the person who has murdered his colleagues.

Reward for success: Win 200 points + 200 magical bonuses

Penalty for failure: You die!

Seeing the details, it was only normal to say that it was a dangerous mission!

However, it was also one of good fortune, because there were as many as 200 points and 200 magical bonuses for one mission!

Actually, Bai Chen was thrilled to see the reward, but then he got quite scared when he saw the penalty.

This was because if he failed, he would die!

That was why Bai Chen was at Xing Xiang park to think over the dangerous mission now.

Even though the cultivator was from the Jing Cha Secret Organisation that had hurt his parents before, he could not express his anger, because it was also a very dangerous task.

Bai Chen's face was tense. He frowned tightly while sitting on the stone bench inside Xing Xiang park. It was obvious that he was thinking hard about mission 31.

'It's inevitable. I have to do it. I'll die anyway even if I don't.'

Bai Chen thought this and let out a long sigh. His face was even tenser now.

Maybe the reason why he had to think over things so hard was because of the strong cultivator that had been mentioned.

Bai Chen was not sure if he could win a fight against him. He did not know how strong the cultivator was.

If he were at the sky soaring level, Bai Chen was sure that he would be killed!

Even though he did not want to do this mission, he could not reject it because it would mean his death. However, if he failed, the result would also be the same!

'I have no choice. Let the chips fall where they may!' Bai Chen finally decided. He had to do it no matter how dangerous it was. Otherwise, he'd die.

For him, he would rather choose to do the mission than wait for his death anyway. Time-travelling back here would not mean anything if he did the latter.

“Let’s do it now!”

Bai Chen decided to jump right into the mission. This was because he thought that it was equally dangerous no matter what time it was!

He got up from the bench and was ready to follow the green arrow of mission 31.

However, before Bai Chen did anything, he heard a familiar voice.

“Hiiii~! We meet again.” Bai Chen turned to look at the source of the voice.

He paused momentarily when he looked over. It was none other than Lu Zhi Yun!

She still talked to him in English like before.

“Hi.”

A moment later, Bai Chen replied to her in English. He did not expect to see her again here.

However, it was only several days ago that he’d met her anyway.

Lu Zhi Yun stood not very far from him. She was dressed very charmingly. Her beautiful eyes were locked onto Bai Chen with interest.

She wanted to know how Bai Chen could convince Long Xu In into believing that she had lied.

Chapter 266 An Unexpected Meeting

“Are you here for a stroll?”

Lu Zhi Yun asked this with a smile while looking at Bai Chen in front of her. Of course, she was still using English.

Bai Chen nodded without hesitation, even though he had actually come here to think about the dangerous mission.

“What a coincidence. I am too.” Lu Zhi Yun swept her eyes around as if she was looking for someone.

Bai Chen frowned a little. He wondered whom she was looking for. However, he did not pay the issue much attention because he really wanted to start the mission... the extremely dangerous one!

If he failed, it would mean he would lose his life!

However, if he succeeded, not only his level would go up to 11, but he would also get a chance to receive medium-grade items.

This was because he would have 520 magical bonuses; that would be enough to exchange for the chance to randomly get medium-grade items.

That was why he did not hesitate to speak to her.

“I have to excuse myself,” he told her in English and walked away immediately.

Lu Zhi Yun suddenly stopped looking around. Her beautiful golden eyes trembled a little.

“What’s with him?” she said while looking at his back.

Actually, she was looking for Long Xu In because she thought that Long Xu In would have come together with Bai Chen. She did not expect Bai Chen to simply leave her like this.

“Forget it. Maybe he just couldn’t handle my beauty.” Lu Zhi Yun shook her head while praising herself.

She thought that Bai Chen had rushed away because he could not stand her beauty.

It was true that he was an interesting man, but not enough that she would go after him.

While she was still thinking this, Bai Chen had already reached the exit of Xing Xiang park.

However, he suddenly stopped walking. His body trembled as he looked ahead.

An average-looking middle-aged man was walking towards him.

‘This can’t be happening...’ Bai Chen could not help but inhale deeply because the average-looking middle-aged man was none other than his target!

No, to be more accurate, this middle-aged man was the strong cultivator that mission 31 had mentioned. The green arrow pointed at him.

Bai Chen did not expect to coincidentally meet his target like this.

He thought that he would follow the green arrow to the place where his target was and fight him there. Meeting him here actually caught Bai Chen off guard.

The average-looking middle-aged man who was walking towards Bai Chen was none other than Jong Zhue.

Jong Zhue simply walked past Bai Chen because he did not know that Bai Chen was the one who’d killed Fen Wieng, Zhao Suan, and Zhuang Mo. Otherwise, he would have lunged forward and killed Bai Chen by now!

p He was only here to guard Lu Zhi Yun, Lu Yi’s sister.

‘Still not enough clues,’ Jong Zhue thought and shook his head after walking past Bai Chen.

From what he said, it was obvious that after he had arrived in Xing Zhou city and found a place to stay, he had gone out to investigate Fen Wieng’s killer.

The first place that Jong Zhue went to was the place where Fen Wieng had died. He had not found any clues there.

This was actually a rather major issue for Jong Zhue, the head of the first unit of the Jing Cha Secret Organisation, who was second only to the five authorities.

‘If I don’t find Fen Wieng’s killer within a month, I won’t be able to participate in the national trial between cultivators.’ Jong Zhue thought. His face became serious.

However, in a moment, his expression turned back to normal. ‘All right then. I still have a month.’

Bai Chen slowly turned to look at Jong Zhue’s back. His face was intense.

‘I have to follow him, then find a chance to fight him,’ Bai Chen thought and narrowed his eyes. He slowly followed Jong Zhue.

He had to keep his distance so that his target did not notice he was being secretly followed.

Five minutes later, Jong Zhue finally saw Lu Zhi Yun sitting on a marble bench. He did not hesitate to walk towards her.

“Jong Zhue extends his greetings to you, young mistress.”

Jong Zhue made his clasped his hands together and bowed in front of Lu Zhi Yun.

Li Zhi Yun’s pretty eyes twitched. Actually, she could see that Jong Zhue had been walking towards her, but she did not expect him to greet her in the manner of a cultivator like this. It was inappropriate, especially in public.

“Stop doing this,” Li Zhi Yun said in an angry tone.

Jong Zhue stopped what he was doing and smiled at her. “I haven’t seen you in a while. You’re still as beautiful as ever, young mistress.”

Lu Zhi Yun’s facial expression was full of irritation. She did not pay attention to what Jong Zhue said at all. She knew why he had been sent here. It was surely to guard her.

Jong Zhue did not feel displeasure at knowing that Lu Zhi Yun did not want to converse with him. He beamed at her and continued.

“Sir Lu Yi ordered me to come and guard the young mistress. I hope you do not mind a lowly person such as me.”

Lu Zhi Yun suddenly got off the bench. She waved in a dissatisfied manner. “Do what you what.”

She walked away. It was obvious that she could not do anything even if she was dissatisfied. She knew this Jong Zhue well. He would strictly follow orders and never abandon his duties, no matter what she did.

Jong Zhue stood there for a moment longer before following Lu Zhi Yun.

While he was following her, his eyes maliciously narrowed as if they were those of a venomous snake.

‘Heh... You came to me yourself, I see,’ Jong Zhue thought. He was only a step away from the earth solid realm; it was easy for him to notice when he was being followed.

He thought that the other party was definitely Fen Wieng's killer!

However, Jong Zhue did not know how the person tailing him knew that he was from the Jing Cha Secret Organisation. The organisation was a secret to civilians.

It was obvious that Jong Zhue misunderstood that the one who was following him right now was targeting people from the Jing Cha Secret Organisation.

Otherwise, Fen Wieng would not have been killed!

Chapter 267 Unable To Assess Oneself

It was almost 7 p.m. The sky was getting dark as the sun had almost left the horizon.

In front of the Grand Xing Feng hotel, the best hotel in Xing Zhou city, an average-looking middle-aged man was standing still. It was as if he was waiting for someone. The man was Jong Zhue, the head of the first unit of the Jing Cha Secret Organisation.

“How long are you planning to stand there?”

Jong Zhue spoke with a calm voice. He turned to look at a big pillar.

A young man walked out from behind it after he finished speaking. He was dressed in inexpensive clothes. His face was calm. He was none other than Bai Chen!

Bai Chen was not surprised that the middle-aged man would notice him. He was a strong cultivator. It would be strange if he did not!

Jong Zhue had been guarding Lu Zhi Yun all day until now when he had seen her off at the hotel.

That was why he was in front of the Grand Xing Feng hotel.

Bai Chen had also followed him here.

Bai Chen could not help but wonder how the average-looking Jong Zhue would know a foreign woman who was dressed in expensive clothing.

However, Bai Chen did not care much about it. He only wanted to fight Jong Zhue and complete the mission that he had gotten from the Life Changing System, even though it was a dangerous one.

“Are you the one who killed Fen Wieng?”

Jong Zhue looked at Bai Chen and asked this softly. There was no one around, so they were the only ones who heard this conversation.

“Fen Wieng?” Bai Chen frowned a little. He did not remember who Fen Wieng was. Why would this middle-aged man ask him about this?

It was obvious that Bai Chen did not remember Fen Wieng. He did not even know that he had killed him because Fen Wieng had never told him his name.

“Don't act dumb. I know you killed Fen Wieng.”

Jong Zhue still stared at Bai Chen. He was confident that Bai Chen was the one who had killed Fen Wieng, who was from the Jing Cha Secret Organisation.

“Whatever it is, forget about it. I’m here to fight you,” Bai Chen said. He did not pay attention to what the other party was saying at all.

“Heh!” Jong Zhue could not help but shake his head at how arrogant Bai Chen was.

However, he was not angry. He was still calm because he did not see Bai Chen as a worthy opponent.

Why would he be angry if Bai Chen was not a worthy opponent? Bai Chen would soon be killed anyway.

“You want to fight with me? You’ll get to do as you wish!” Jing Zhue said after a short silence.

“Follow me,” the middle-aged man said and led the way.

Bai Chen did not even stop to think. He quickly followed him. It was true that he was a strong cultivator, but Bai Chen also had a mission to do and there was no way to back out of it.

.....

Ten minutes later, in an alley where no one was around, two men were facing each other. One of them was a middle-aged man, Jong Zhue, and the other one was a young man, Bai Chen.

After walking for some time, they had finally reached the place where they would be fighting.

Jong Zhue was still as calm as ever. Bai Chen was the same. They stared at each other.

“Any last words?” Jong Zhue broke the silence.

Bai Chen’s face might have looked calm, but his heart was actually filled with tension.

This was because he was not confident that he would be able to win against the middle-aged man, who was a strong cultivator, in front of him.

“Last words?” he said with a calm voice.

“Yes. Do you have any last words to say?” Jong Zhue nodded with a confident smile.

It was obvious that he was quite certain that he would win this fight. He thought that even though Bai Chen was the one who’d killed Fen Wieng, Bai Chen might have used other methods, not a cultivator’s technique.

The reason why Jong Zhue was so confident about this was that Bai Chen did not give off any spirit qi aura.

“I don’t plan to die!” Bai Chen said and prepared himself for a fight. He would not use his gun this time because the mission told him to fight fairly. That was why they were doing it with their bare hands.

“Heh...You’re overestimating yourself.”

Seeing Bai Chen ready for a fight, Jong Zhue could not help but shake his head a little. He looked at Bai Chen as if he was a fool.

If he were in the same situation as Bai Chen, he would definitely have run away. He would not stand there and get killed.

However, Jong Zhue was not surprised. He thought that maybe Bai Chen did not know who he was or, even worse, that he was only a step away from the earth solid realm.

‘I’ll just finish this quickly,’ Jong Zhue thought. The way he looked at Bai Chen suddenly turned cold. He gave off a strong intent to kill.

“How would you like to die?”

After he decided to finish things quickly, Jong Zhue asked this of Bai Chen. He would gladly deliver the death that Bai Chen wanted.

“It’s you who will be dead!” Bai Chen was a little bit angry because the middle-aged man in front of him was so arrogant and confident.

First, he’d asked for his last words, and now this.

Bai Chen could not help but wonder if this middle-aged man thought that he was a god who could just win any fight with this level of confidence.

“Overestimation at its best.” There was absolutely no anger in Jong Zhue’s voice, yet his malicious aura grew stronger.

At that moment, he was enveloped in a brown light. It was his spirit qi, which increased his power.

“Die!”

The word ‘Die’ was uttered from Jong Zhue’s mouth before he leapt forward.

It was an incredible speed; there was nothing visible.

Bai Chen’s eyes trembled a little at seeing Jong Zhue leaping towards him with that speed.

Chapter 268 Jong Zhue’s Strength

Bai Chen’s situation right now could be regarded as quite critical, or not so critical.

This was because even though Jong Zhue was leaping towards him at a great speed, Bai Chen could still see him clearly.

‘Seems like he’s not at the sky soaring level,’ Bai Chen thought and quickly dodged to the side.

Judging from Jong Zhue’s movements, Bai Chen was confident that he was not a sky soaring cultivator.

This actually relieved him a lot, but he would not underestimate him just yet.

“You think you can dodge this?” Jong Zhue followed Bai Chen to the side.

His hand, encased in brown spirit qi, hit Bai Chen's chest mercilessly!

BAM!

Bai Chen's body was like a cut tightrope. He flew to the side and hit the wall so hard, it quaked once.

Thud!

His body dropped to the ground loudly. His face turned pale and there was blood at the corner of his mouth. Pain radiated throughout his chest, making him unable to breathe for a short while. His back was also in pain.

However, what hurt more was his chest. If his ribs were not broken or cracked, they were nearly there!

'S...Strong. This man is the real deal!' Bai Chen could not help but tremble.

The strength of Zhao Suan, Zhuang Mo, or Fen Wieng, whom he had killed, could not be compared to the man in front of him right now!

"Heh! Weakling," Jong Zhue said arrogantly. He was about five steps away from Bai Chen.

Bai Chen tried very hard to suppress his pain. He used both hands to help him stand up. Even though his face was pale and there was blood around his mouth, his eyes still— unbelievably— sparkled.

This was the very first time that he had gotten injured since he had received the low-grade martial arts technique.

However, that was not why Bai Chen's eyes sparkled. He actually thought that Jong Zhue was not as strong as he had anticipated.

The blow on the chest that he'd received just now was not that bad. If it had been strong enough, his ribs would have been broken by now.

"You can still stand?"

Jong Zhue was surprised. He did not expect that Bai Chen would still be able to stand up even after his attack on his chest. Normal people would not have been able to do that.

Even though he did not attack Bai Chen with his full force, it was surely more than half of his strength. Normal people would not have been able to stand up again after that blow.

"Interesting," Jong Zhue could not help but mumble before leaping at Bai Chen again. His eyes were filled with an intent to kill.

Bai Chen looked at Jong Zhue. He did not plan to evade him because he thought that Jong Zhue was not as strong as he thought.

At least, he thought that he could fight him with his low-grade martial arts technique!

If he could still fight... why not fight?!?

That was why Bai Chen did not hesitate to leap at Jong Zhue too. He suppressed his pain. His face was determined.

“Die!” Jong Zhue’s eyes narrowed. He cried out once.

Even though he was surprised that Bai Chen dared to leap towards him, he did not care about it much. He raised his fist and threw it in front of him. It swept through the air.

His fist was encased in spirit qi. It erupted, the air around it becoming distorted. The strength he was currently using was his greatest level of strength!

Jong Zhue did not want to waste any more time with Bai Chen. He would kill Bai Chen with one blow!

He thought that even God would find it hard to escape death by this fist of his!

Such confidence!

What absolute arrogance his thoughts at the moment were filled with!

It was a shame that he was too confident in himself. One did not have to be God to dodge his fist. Bai Chen could do that very easily too.

Bai Chen kicked his foot forward to use the stargazing walker technique and easily evaded Jong Zhue’s attack.

“What?!?” Jong Zhue’s eyes widened. His face was full of surprise when he realised that he’d only hit the air.

However, his fist was quite strong. The air in front of him fluttered frantically like an ocean wave!

“Damn it!” Jong Zhue was furious.

While he was in a fury, a foot swept through the air towards him from the side.

It was Bai Chen’s foot. He used this chance after he’d evaded the attack to strike with his fierce kick.

Jong Zhue was not able to do anything. He was sent flying and hit the wall. Blood gushed out of his mouth. His body eventually dropped onto the floor. His face turned visibly white!

Jong Zhue felt pain. However, he felt even greater anger and surprise!

“Y...You!” Jong Zhue did not expect that he would be injured by Bai Chen, whom he thought was no different from an ant.

Anger suddenly rose fiercely in his heart like enraged flames!

He disregarded his pain and used both hands to push himself up. He could see that Bai Chen was not so far in front of him. His face was full of rage.

“You must die!”

It was as if nothing could stop his anger anymore. The cool calmness had completely vanished from Jong Zhue.

Right now, he only wanted to kill. He was a strong cultivator and he would not accept the fact that he had been hurt by a normal person.

Even though it was not a great pain, it was a shameful one. How could he accept it?

Accepting it was insanity!

He did not even realise that a normal person would not have been able to physically hurt him, as a cultivator's body was much stronger than a normal one.

Maybe it was rage that blinded him.

After crying out 'You must die!', Jong Zhue immediately leapt at Bai Chen.

He spread his palms. The brown spirit qi appeared as frightful claws!!

Clearly, these were the terrifying fighting skills of a cultivator!

Chapter 269 A Great Many Rewards

Bai Chen was alarmed at seeing the brown claws. However, it did not concern him much beyond the alarm. He quickly dodged to the side like he had before.

Jong Zhue would not let him do that. He whipped his hands to the side and those powerful claws immediately lunged towards Bai Chen before he could do that.

'This is bad!' Bai Chen cried internally. His face broke into a sweat. He quickly used his stargazing walker technique to step on the air and rush upwards.

Due to this action, the claws missed him.

"You were able to evade them?" Jong Zhue was in a rage at seeing Bai Chen easily evade his attack.

"Yes!" Bai Chen answered indifferently. He used the stargazing walker technique to sneak behind Jong Zhue and kick him in the back.

Bam!

Jong Zhue's body hit the wall again.

"Aghhhhhh!" A pain-filled cry filled the quiet alley.

Of course, it was none other than Jong Zhue.

He was in so much pain that he cried out very loudly.

'H... How can he be so strong?!?'

He could not help but think this.

However, now that he knew that Bai Chen was as strong as him, or maybe even stronger, his facial expression quickly turned from a pale and pain-filled one to a gloomy one.

To be honest, he started to feel fear.

It was only normal because he had been hurt by Bai Chen twice already.

‘N... No wonder why he could kill Fen Wieng!’ Jong Zhue’s face was getting uglier from the pain that he tried very hard to suppress.

Come to think of it, if Bai Chen was not stronger than him, he would not have been able to kill Fen Wieng.

This was because even though Fen Wieng was at the formation level, not a step towards an earth solid realm like him, his strength was immeasurable. He would not have been killed that easily.

‘I have to trick him!’ Jong Zhue suddenly had this idea while he was slowly standing up.

‘Trick him and run!’ This also rang out in Jong Zhue’s head.

It was obvious that he did not want to deal with Bai Chen anymore. To be more accurate, he could not do so!

Now that he knew what Bai Chen could do, he realised that he would not be able to fight. He had to trick him and look for a chance to run.

After this thought, Jong Zhue’s face was back to a calm state, even though it was still white and gloomy.

“Not bad.” Jong Zhue’s lips moved a little. His cold eyes narrowed. “But you still can’t compare to me if I actually put my all into it!”

Bai Chen frowned at Jong Zhue’s words. He could not guess what was in Jong Zhue’s mind.

Even so, he did not plan to underestimate Jong Zhue or to avert his eyes from him even one bit. He also knew what Jong Zhue was capable of.

He could still feel pain in his chest where Jong Zhue had hit him.

How could he be careless in this situation?

“Why don’t we put it this way? How about you become my subordinate? I’ll keep my mouth shut about Fen Wieng.”

Jong Zhue continued speaking. Bai Chen did not say anything.

He did not want Bai Chen to actually become his lackey. He was only trying to bluff his way out.

Once he could get away, he would report everything about Bai Chen to the Jing Cha Secret Organisation immediately.

After that, that was nothing to worry about because Bai Chen would certainly be killed!

Jong Zhue was confident because the Jing Cha Secret Organisation would send their five authorities to kill Bai Chen for sure!

If Jong Zhue, who was second only to the five authorities, could not fight him, it was only reasonable for the five authorities to come here themselves.

Jong Zhue was certain that the Jing Cha Secret Organisation would send the five authorities after Bai Chen. He would not be able to live on.

p It could be said that all that was waiting for Bai Chen was death!

“Your subordinate?” Bai Chen’s face turned cold.

He felt like laughing. He had not expected to be recruited. Of course, he would not want to live his life as Jong Zhue’s lackey.

“Stop with that nonsense!” Bai Chen spoke through his teeth before using his stargazing walker technique to leap upwards. Then, he dove down at Jong Zhue while he was still standing there in shock.

“T... This is impossible!” Jong Zhue’s facial expression showed shock and blankness when he saw Bai Chen walking in mid-air.

It was only normal for him to act this way because only sky soaring cultivators could walk in mid-air like that!

Seeing Bai Chen doing that, any cultivator would act the way Jong Zhue did.

Before this, he had been too focused on the attack, so he’d only thought that Bai Chen was a good jumper. However, this time was different.

While Jong Zhue was still stuck in place, Bai Chen dropped down from above. Without hesitation, he raised his foot high and struck hard in the middle of Jong Zhue’s head!

The force was enough to kill!

Of course, Jong Zhue was not able to dodge it.

Crack!

The sound of broken bones was audible. Jong Zhue’s eyes rolled upwards until only the whites were visible. His body shook violently for a while before he fell onto the floor twitching.

About half a minute later, Jong Zhue’s body jerked for the last time. There was no sign of any more movement, a pulse, a heartbeat, or even life!

It was obvious that Jong Zhue, the head of the first unit of the Jing Cha Organisation, and a person who was only a step away from the earth solid realm, was dead!

Bai Chen stood on the ground again. He was relieved, even though his face was still whitened. He looked at Jong Zhue’s corpse and sighed.

It was a long sigh.

Ding!

[Mission Complete!!]

Mission 31: Fight against a strong cultivator! (Success)

Reward: You have received 200 points and 200 magical bonuses

After the sigh was released, a mission-accomplishment window popped up in front of him.

Bai Chen stopped short. His eyes sparkled brightly like never before. The reward of mission 31 was a lot!

Of course, he did not forget that he'd had to risk his life for it.

If he'd failed, only death awaited him!

"I'll rush home for the random chance," Bai Chen said to himself.

He could not wait to use the random chance for a medium-grade item or skill, which he would receive after exchanging his 520 magical bonuses.

Bai Chen did not hesitate to rush home. However, before that, he could not help but turn to look at Jong Zhue's body one last time.

This was because he was the one who'd killed him, the person who was a strong cultivator!

Chapter 270 Mysterious Cultivator-Impersonating Pills

Inside Bai Chen's room

Right now, it was 9 p.m. He was sitting on his bed. He was wearing different clothes from when he was fighting with Jong Zhue, the head of the first unit of the Jing Cha Secret Organisation.

There was no doubt that he had taken a shower right when he got home.

Bai Chen had been sitting on his bed quietly for quite some time. He could still feel the pain that Jong Zhue had inflicted on him.

The mission name and details had told him to win the fight against a strong cultivator. It had not told him to kill the other party.

However, when Jong Zhue's last breath had occurred, the mission had been immediately fulfilled. That was what Bai Chen was thinking about right now.

He thought that maybe to win the fight meant to kill the other party.

Otherwise, there was no other reasonable explanation for why the mission had been completed right after he'd killed Jong Zhue.

Bai Chen shook his head and decided to stop thinking about it. He opened the Life Changing System window up.

[The Life Changing System]

User: Bai Chen

Age: 18 years old

Level: 11 (30/100)

Description: You still need 70 points to level up.

Instruction: If you wish to change your life into what you have always wanted, proceed with the following missions!

[Mission Dashboard]

Mission 32: Taste delicious food (20 points + 20 magical bonuses)

[Magical Shop]

Description: You can use your magical bonuses here to trade for a chance to get special skills or items at random

[Category]

Low: 100 magical bonuses

Medium: 500 magical bonuses

High: 1000 magical bonuses

[You currently have 520 magical bonuses]

Bai Chen read through every single detail of the Life Changing System and sighed.

The reason why he sighed was that he was already at level 11 and nothing had changed. There were no further upgrades at level 10 like what he'd expected because the last upgrade had been at level 5.

However, Bai Chen did not care much about it—otherwise, he would not be only sitting here and sighing.

After he sighed, his facial expression suddenly showed excitement.

The reason was that he now had 520 magical bonuses. It was enough to exchange for one medium-grade item!

However, if he wanted to trade for low-grade items, the bonuses would be enough for 5 chances!

That was a lot!

It was a shame that Bai Chen was only interested in a medium-grade one this time.

He really wanted to know the difference between it and the low-grade ones.

“I shouldn't waste any more time. Let's do it now!” Bai Chen was very excited. He looked at the categories and saw: ‘Medium: 500 magical bonuses’.

Without hesitation, Bai Chen selected it.

Ding!

[Exchange success]

Description: You have exchanged your magical bonuses for a chance to get a medium-grade skill or item at random.

[You currently have 1 chance to get a medium-grade skill or item at random]

Bai Chen stared at the pop-up window without blinking and inhaled deeply. His heart beat a little bit faster. His eyes slowly started to glitter.

Without hesitation, he immediately used the chance that he'd just received.

Suddenly, a roulette wheel window popped up in front of him. The roulette wheel was still the same.

However, he did not care much about it. He quickly clicked the middle button.

A moment later, the roulette wheel started to turn rapidly. Then, it went slower...slower... and finally stopped.

It stopped at an item!

Ding!

Congratulations, you have received mysterious cultivator-impersonating pills!

A small golden jade box suddenly popped up in front of Bai Chen. A mysterious aura radiated from it. The strange pattern engraved on the box seemed ancient.

“Mysterious cultivator-impersonating pills?”

Bai Chen blinked several times. He looked at the floating golden jade box in front of him in confusion. He frowned while reaching his hand out to it for a closer look.

Then, he checked its details.

[Medium-grade mysterious cultivator-impersonating pills]

Description: Mysterious cultivator-impersonating pills are some of the most mysterious pills in the cultivator world. It was made by an ancient scholar, who was once a legend in this world a long time ago. Rumour has it that these mysterious pills can change a normal person into a strong cultivator. The person who takes a pill will have both the strength and experience of a cultivator. However, it is a shame that the 3 pills in this jade box are missing some ingredients, which makes

them incomplete. They are only medium-grade pills that will grant you the power of a cultivator of formation, earth solid, sky soaring, or even legendary level at random!

Further instruction: Fate will decide which level you will get! Also, there is a time limit is 10 minutes!

Grades of Special Items: Low, Medium, High, Supreme

“T... This!” Bai Chen exclaimed right after he was done reading all the details about the mysterious cultivator-impersonating pills. His mouth was wide open, and so were his eyes!

He could feel his heart beating hard. The hand that was not holding on to the pillbox clenched tightly without him realising it.

“This is too extraordinary!” Bai Chen said after a while.

He inhaled deeply. His face was full of extreme excitement!

‘Maybe if I take this pill and I coincidentally get to be a legendary cultivator, I might be able to kill Wang Chengye and destroy the Wang and the Xi families, as well as the Jing Cha Secret Organisation!’

This was Bai Chen’s thought. He knew that it would be difficult. Moreover, there were only 3 pills, and the time limit for each of them was only 10 minutes, which was not very much.
