

Life Changing 271

Chapter 271 Faster Than Expected

The next morning, at a little bit after 10 a.m., two young men were sitting on the sofa in one of the rooms at the Grand Xing Feng hotel, the best hotel in Xing Zhou city.

They were facing each other as if they were discussing something.

One of them wore glasses; the other one did not. They were none other than Wang Chengye and Dong Hen!

Yes, they were certainly Wang Chengye and Dong Hen!

They were here at the Grand Xing Feng hotel. That meant they were already in Xing Zhou city!

Yes, they had arrived in Xing Zhou city.

“I’m such a lucky guy. It feels great to quickly finish all the assignments that I got from father and come here earlier than expected,” Wang Chengye said happily.

It was obvious that he had already cleared away all the work that Wang Chon Feng had given to him. That was why he had been able to come to Xing Zhou city a month earlier.

“It’s not luck, young master. Everything is because of your great ability.” Dong Hen pushed his glasses up a little and flashed a flattering smile.

“Haha. That’s true.” Wang Chengye could not help but laugh in satisfaction. Even though he knew that Dong Hen was only flattering him, he was highly satisfied.

Wang Chengye felt like everything had been going his way lately since his brother had died.

“Oh, right, Dong Hen, what about the good location that I told you to scout for my luxurious supermarket?”

Wang Chengye suddenly recalled this and did not hesitate to ask about it.

Dong Hen nodded at Wang Chengye before he answered, “Yes, young master. Before we arrived in Xing Chou city this morning, I did a little research about it, so now I know there’s one plot of land that fits every requirement.”

“Where?” Hearing what Dong Hen said, Wang Chengye could not help but ask.

“There are several business districts in Xong Zhou city. The land I’m talking about is in one of them, called the ‘Xing Seng business district’.”

“The Xing Seng business district?” Wang Chengye frowned a little as if he had never heard of it before.

Even though he had never been to Xing Zhou city before, he knew a little about the big business districts in town. However, he had never heard about this Xing Seng business district before.

“Yes.” Dong Hen nodded. “It’s not very big, so it’s only normal you haven’t heard of it.”

Dong Hen stopped for a moment and continued, “But even if it’s not big, I assure you that it’s the most appropriate place to establish a supermarket.”

“Is that so?”

“Yes, I’ve done my research. There’s no mistaking it.”

“Good!” Wang Chengye nodded with satisfaction. He thought that Dong Hen had done well this time.

If he were not this good, he would not be fit to be his right-hand man. Also, he was the next head of one of the five big families of Beijing.

“Prepare everything. I want to buy all of the lands in the Xing Seng business district!” Wang Chengye said with a smile.

The reason why he wanted to build a luxurious supermarket in the Xing Seng business district was that he wanted it to be an excuse if Xu Xue Ning asked why he was here.

“I’ll do my best to prepare everything. There’s no need to worry, young master. Once the people in the Xing Seng business district know that you’re the one who’s buying all the land, I’m sure they wouldn’t hesitate to sell,” Dong Hen said with a smile.

He thought that after this conversation with Wang Chengye, he would go buy up every plot of land in the Xing Seng business district immediately.

The reason why he was in a rush was that he wanted to please Wang Chengye.

Wang Chengye was now the next in line to be head of the Wang family, so a right-hand man like him would definitely have a bright future ahead of him if this continued.

This was the reason why he was so eager about carrying out Wang Chengye’s orders.

Wang Chengye nodded with satisfaction again before recalling something. His eyes suddenly sparkled.

“What about Xu Xue Ning’s home? I want to pay her a visit.”

“It’s here.”

Hearing Wang Chengye’s question, Dong Hen anxiously grabbed his iPad out of the black bag at his side. Then, he opened up a photo of Xu Xue Ning’s house for Wang Chengye.

“Here?” Wang Chengye was a little surprised to see that Xu Xue Ning’s house was quite simple-looking.

However, he did not think too much about it. He only nodded and decided that he would pay her a visit and invite her out for dinner tonight.

Wang Chengye could not help but smile at the thought.

‘Xu Xue Ning, you’ll be my woman!’ Wang Chengye thought. It was his love at first sight. He would not let her go even if his life depended on it.

“Yes, I’m sure it’s here. When would you like to go see her, young master? I’ll prepare the car for you.”

Dong Hen smiled when he saw Wang Chengye’s happy facial expression.

“In the afternoon would be good. I’m a little tired from the travelling,” Wang Chengye said.

Actually, he wanted to go see Xu Xue Ning now, but he decided to move it to the afternoon instead because travelling from Beijing to Xing Zhou city was a bit too much to handle.

“Understood. Then, if you’ll excuse me, I must go and take care of buying land in the Xing Seng business district, young master,” Dong Hen nodded and said.

“Just go.” Wang Chengye nodded and waved his hand a little.

Dong Hen did not say anything else. He quickly got up from his seat and left the room.

There was only Wang Chengye left in the room. He was completely relaxed on his sofa. Bai Chen would not have thought that his time would come a lot earlier than expected!

It was not months later as it should have been. History had been completely rewritten!

The catastrophe that Bai Chen and his family had to face was very near. Wang Chengye had arrived here sooner than he’d thought!

Chapter 272 An Extremely Easy Mission

At 5 p.m., Bai Chen was at the Xing Yuan department store. He had come here immediately after school.

The reason why he had come here was because of mission 32. It was a very easy mission compared to mission 31.

Due to that, it gave fewer points and magical bonuses.

Its details were simple...

[Mission 32: Taste delicious food!]

Description: You need to taste delicious food that is worth more than 1,000 yuan.

Reward for success: Win 20 points + 20 magical bonuses

Penalty for failure: Your taste buds will be numb for a short while.

Bai Chen thought that this mission was undoubtedly very easy. He would just grab a tasty dish that cost more than 1,000 yuan to eat and complete the mission.

After all those difficult missions, the Life Changing System had also given him a very easy one too. 'I'll just eat quickly and go home.'

Bai Chen did not want to waste his time with this mission because it was getting dark.

Without hesitation, Bai Chen walked inside the building to search for a popular restaurant.

Restaurants were on the first floor, so Bai Chen did not have to go to other floors.

Bai Chen walked past several restaurants, but they were not what he wanted. Rather, they were not what the mission wanted.

Mission 32 clearly stated that the food had to be worth more than 1,000 yuan.

Most of the restaurants that he walked past did not have anything more than 1,000 yuan on the menu. That was why Bai Chen did not pay attention to them.

Bai Chen spent a while searching for a pricey restaurant.

He finally found it. It was a luxurious restaurant located at the very end of the floor.

Even though it was the farthest one, there were a great many customers. It was very popular.

Bai Chen stood observing at a distance from the restaurant first. He saw the name of the restaurant on the signage set in front of it.

The restaurant was named 'Pien Shien'. It was a strange name that had a nice ring to it.

Most of the customers were dressed very well. They were definitely wealthy.

'I'll just quickly order food to eat and go home.'

After a while, Bai Chen decided to quickly grab something from this restaurant and go home. Thus, he walked towards the restaurant.

"Welcome to Pien Shien restaurant..." the waiter said in greeting when he saw a customer.

However, he did not finish his sentence because the customer was dressed in cheap, faded clothes.

He knew that the clothes had been washed many times already.

"Stop right there!" the waiter shouted.

Bai Chen could not help but halt. He turned to the waiter, who was about 25 to 30 years old.

He was not good-looking at all. He was actually quite ugly.

"What is the matter?" Bai Chen asked.

“What is the matter?” The waiter’s facial expression showed apparent disdain. He scrutinised Bai Chen from head to toe and shook his head.

“Look at you and how you’re dressed. You’re not welcome here.”

“Why?” Bai Chen frowned a little. He was still calm, yet confused because of the waiter’s words and attitude. He did not understand why he could not go into this restaurant.

Then, he came to a realisation and looked at how he was dressed. He finally understood.

He thought that it was because of the cheap, rather old clothes that he was wearing that made the waiter act this way.

“You have to ask? Look at yourself!” The waiter could not help but shout at Bai Chen. He thought that Bai Chen was bold to ask that question when the answer was so apparent.

“Just go away. We don’t welcome people like you here!”

“So, it’s like that here, huh?” Bai Chen shook his head a little. If he could not get in, he would not want to waste any more time here.

This was because there were more luxurious restaurants in the Xing Yuan department store. He turned away from the waiter and walked out immediately.

“Heh! That poor man dared to step into Pien Shien. Nonsense!”

The waiter said this disapprovingly while looking at Bai Chen’s back.

After that, he went back to his work.

“Mr Bai Chen?”

Bai Chen was already quite far from Pien Shien restaurant when he heard someone calling his name. He stopped walking.

When he found the source, he narrowed his eyes. It was none other than Tang Zi Cheng.

“It’s really you, Mr Bai Chen.”

Tang Zi Cheng was excited. He was dressed in simple-looking, yet expensive, clothes. His wife, Tang Yien, was beside him.

Tang Yien was different from a month before. She was not pale and thin anymore. She looked very healthy and bright.

Even though she was already in her middle age, her beauty stood out.

Based on her appearance, it was clear that she had already been cured of the GT-2.

“Hello,” Bai Chen said evenly. His tone was neutral. He did not expect to see the Tang couple here.

“Mr Bai Chen, I must thank you very much for the vaccine,” Tang Yien said with a respectful, polite tone.

Bai Chen merely nodded. He did not want to talk about it. If Li Lin had not asked him to do it, he would not have sold the vaccine from his magical medicine set.

Tan Zi Cheng seemed very thankful and asked, “Are you here for a meal?”

“Yes.” Bai Chen nodded. “But it seems like they didn’t want to welcome me, so I’m going to eat somewhere else.”

“They didn’t welcome you?” The couple was speechless. They did not expect anyone would dare to not welcome Bai Chen, the man with a formidable background!

Chapter 273 Taking Care Of It

“Forget about it. If you’ll excuse me.”

Bai Chen did not want to stay with the Tang couple for long because he wanted to quickly finish Mission 32 and go home. It was already 5:30 p.m. anyway.

“Please don’t leave just yet.” Tang Zi Cheng quickly stopped Bai Chen from leaving.

“Is there something else?” Bai Chen asked.

Tang Zi Cheng did not answer right away. He looked at Tang Yien and they nodded at each other.

After that, Tang Zi Cheng turned to look at Bai Chen. His facial expression appeared to indicate some anger.

“Could you elaborate on what just happened, Mr Bai Chen?”

“You want to hear about this?” Bai Chen did not understand why they would want to hear about this, because it was not something pleasant to listen to.

He also did not understand why Tang Zi Cheng appeared to be angry about it.

However, he thought it was all right to tell them because it was not a big deal to him anyway.

Bai Chen then told them everything about what had just happened.

“That’s the end of the story. If there is nothing more, I’ll take my leave.”

After finishing his story, Bai Chen excused himself, but Tang Zi Cheng stopped him again.

“Wait, Mr Bai Chen, I’ll take care of this for you myself!” Tang Zi Cheng spoke through his teeth with slight anger.

Even Tang Yien seemed to be angry.

However, it was only normal for them to be angry because Bai Chen was the man who had helped Tang Yien, yet he had been treated rudely by a waiter because of his cheap and rather old clothes.

This was despite the fact that the couple did not understand why Bai Chen dressed like this even he had a glorious and intimidating background. Even Xu Xue Ning had told them that if they wanted the Tang family to be destroyed, they should send someone to handle Bai Chen.

However, they did not care much about it. They thought that maybe Bai Chen just liked it this way and wanted to lay low.

“Take care of it?” Bai Chen frowned. He was confused as to how Tang Zi Cheng would take care of it for him. “Take care of what?”

“Take care of what? I mean that waiter who dared to treat you like that!” Tang Yien, the wife, said.

“Yes.” Tang Zi Cheng nodded. He still seemed mad.

“It’s fine. I don’t care much about it. I’ll just go somewhere else.” Bai Chen could not help but shake his head.

He now understood what the couple was going to do for him, but he did not want it. It was only a small matter.

“We can’t leave it like this. Please follow us, Mr Bai Chen.” Tang Zi Cheng also shook his head and led him back to Pien Shien restaurant.

“Welcome.” The same waiter who had rejected Bai Chen before smiled and welcome Tang Zi Cheng.

“Call manager Liu for me,” Tang Zi Cheng said coldly.

He knew right away that this waiter was the one who’d acted rudely towards Bai Chen.

He wanted to talk directly with the manager because he did not want to lower himself and talk to a person like this waiter.

“I beg your pardon, sir?” The waiter did not understand why the wealthy-looking man in front of him would want to see his manager.

However, as this man knew the manager’s last name of Liu, that meant he was probably acquainted with the manager.

“I told you to call the manager!” Tang Zi Cheng shouted coldly

‘This bastard!’ The waiter could not help but think this.

Yet, he still tried to smile. He knew that he could not do anything to Tang Zi Cheng as his style of clothing showed that he was somewhat powerful.

He would not want to get entangled with those with authority.

It would have been easier if he were a poor man like Bai Chen.

“Understood. I’ll call manager Liu here right away,” the waiter said and walked to the back of the restaurant.

Bai Chen watched the whole scene unfold and frowned. Actually, he did not want Tang Zi Cheng to step in, but he already had. Bai Chen could only shake his head.

Tang Yien walked towards her husband and turned to Bai Chen. “Please follow us, Mr Bai Chen.”

Tang Yien’s way of speaking to Bai Chen had been very respectful since they’d accidentally met again, even though he was about the same age as her children.

Part of it was because Bai Chen had been kind enough to sell her a GT-2 vaccine, and in addition, it was due to Bai Chen’s glorious and intimidating background.

No one knew what would she feel if she knew that Bai Chen did not have a formidable background.

Hearing what Tang Yien said, Bai Chen knew that he could not leave anymore. He now had to stay and thank them later for handling things for him.

Bai Chen finally decided to follow Tang Yien. He stood behind the couple.

Two to three minutes had passed; the waiter finally came back with a plump, middle-aged man.

“Mr Tang!”

When he saw that it was Tang Zi Cheng who’d asked the waiter to call him, he was excited. He was definitely manager Liu.

“How can I help you, sir?” Manager Liu stopped in front of Tang Zi Cheng and asked politely. He was still excited.

The reason was easy. Tang Zi Cheng was an acquaintance of the owner of Pien Shien restaurant, his boss.

Moreover, his boss also respected Tang Zi Cheng a great deal.

Also, because his last name was Tang, it was obvious that he was from the Tang family, one of the five big families of Beijing.

Otherwise, it would have been impossible for an arrogant man like his boss to respect him so much.

He thought that if he could manage to get into Tang Zi Cheng’s good graces, he would have a bright future ahead of him for sure.

Chapter 274 Fired

“How can I help you?” Tang Zi Cheng stared at manager Liu so hard, he made him feel uneasy. “Of course.”

“Wha... What is it, sir? I’ll assist you to the best of my ability, Mr Tang.”

Manager Liu said this with a smile, even though he did not approve of Tang Zi Cheng’s manner today.

Seeing the look in Tang Zi Cheng’s eyes, he knew that Tang Zi Cheng was angry and displeased.

“Manager Liu, my acquaintance was driven away from your Pien Shien restaurant. What will you do about this?” Tang Zi Cheng spoke coldly.

“What?!?” Manager Liu’s facial expression changed until he had to exclaim in alarm.

It was not only him who was like this, but the waiter was as well. He saw Bai Chen standing behind Tang Zi Cheng, and he knew right away that this was all about him.

How could he not be alarmed? His heart pounded fast. He knew that he was doomed.

If he had known that Bai Chen was an acquaintance of Tang Zi Cheng, a man so powerful that his manager was being this polite with him, he would not have insulted Bai Chen and driven him away from Pien Shien restaurant.

“Wha... What is this about, Mr Tang? Who dared to chase away your acquaintance? I’ll take care of it right away!”

After trying to control his emotions, manager Liu’s face broke into a sweat. He quickly spoke with a trembling voice.

This was because he was scared... Yes, he was certainly scared that Tang Zi Cheng would tell his boss, the owner of Pien Shien restaurant, about this.

If so, he would be fired as a penalty for not training the restaurant employees well. They’d even dared to drive Tang Zi Cheng’s acquaintance away.

The face of the waiter, who was standing at the manager’s side, was pale white at hearing that the manager would handle him.

“Manager...” he tried to explain, but manager Liu flashed him an angry look. He suddenly stopped and did not dare to explain again.

Tang Zi Cheng did not reply. He turned to the waiter instead.

It was impossible for manager Liu to not notice this. His facial expression changed. He did not expect that the one who had driven Tang Zi Cheng’s acquaintance away would have been standing beside him all along. Moreover, he was the one who’d just fetched him.

“Yong Gang, how dare you?!?” Manager Liu shouted at the waiter named Yong Gang. He pointed his trembling finger at Yong Gang. It was obvious that he was angry.

“Manager Liu, I can explain,” Yong Gang tried again.

“What is there to explain? Get the hell out of my restaurant. You’re fired!” Manager Liu did not care to listen to Yong Gang. He was afraid that if he did not fire the waiter, Tang Zi Cheng would be upset.

“Manager...” Yong Gang’s facial expression changed. He did not expect to be fired just because of a small matter. He had already been working here for a year.

Suddenly, Yong Gang felt like this was unjust. He did not think that he had anything wrong. Bai Chen was the one who was at fault in that he’d dressed like a poor man and had thought to come into a luxurious restaurant like Pien Shien.

“You darn Liu! You dare to fire me?!?”

Yong Gang’s anger gathered; he shouted at manager Liu. He also pointed his finger at him.

It was only normal for him to be angry because he thought that this was unjust.

“What did you say?” Manager Liu’s face darkened at seeing Yong Gang’s reaction. “You dare shout at me?”

“Yes!” Yong Gang was furious. He did not care anymore whether or not he was fired.

“And what if I did, fatty Liu!?”

“You...Get out of my face right now or I’ll call my people to take care of you!” The manager was very angry.

However, he was not so angry that he had lost all his senses. He did not throw a punch at Yong Gang and chose to threaten him instead.

It was because he did not want to start a fight in front of Tang Zi Cheng. If this continued, he would have to go make a report to the police. That was not what he wanted.

That was why he chose to issue a threat instead.

“You...” Yong Gang gritted his teeth. He pointed his finger at the manager angrily.

“I’ll make you regret this. Remember that! I’ll get you” Yong Gang finally shouted at the manager one last time and walked away.

However, he did not simply walk past Bai Chen. He gave Bai Chen a furious look. “And you, too! Remember me! I’ll come back for you!”

Bai Chen frowned a little but did not say anything back. He did not even care about what was said.

If Yong Gang didn’t do anything, Bai Chen would not do anything. However, if he wanted a fight, Bai Chen would not hesitate to give him one.

“On behalf of the restaurant, I deeply apologise for letting this happen, Mr Tang.”

After seeing Yong Gang walk away, the manager suppressed his anger and breathed normally. He finally spoke politely to Tang Zi Cheng.

“It’s all right. Thank you for taking care of it.” Tang Zi Cheng nodded, satisfied at the manager’s actions.

“Dear, let’s go inside. We’re attracting attention here,” Tang Yien said.

Tang Zi Cheng swept his eyes around, People were looking at him. He understood that it was because of the ruckus just now.

He nodded once at his wife and turned to look at Bai Chen.

“Mr Bai Chen, if you don’t mind, I’d like to invite you to dine with us.”

Bai Chen did not answer right away. He thought for a minute and eventually nodded.

“No problem. And thank you for taking care of things for me.”

As the couple had gone out of their way to take care of Yong Gang for him, even though he had not wanted them to, Bai Chen decided to accept their invitation and thanked them.

Thus, he ended up dining with them.

“This will be the best,” Tang Yien said with a smile.

“Manager Liu, please prepare a VIP room for us and get us every dish there is,” Tang Zi Cheng turned to say to manager Liu.

“Right away, sir. Please follow me,” Manager Liu quickly replied.

After that, Bai Chen followed Tang Zi Cheng, Tang Yien, and the manager into Pien Shien restaurant.

Chapter 275 Looking For Trouble

Ding!

[Mission Complete!]

Mission 32: Taste delicious food!] (Success)

Reward: You have received 20 points and 20 magical bonuses

An hour had passed since Bai Chen had followed Tang Zi Cheng and Tang Yien into Pien Shien restaurant. A mission-accomplishment window had popped up in front of him.

He had already finished eating with the Tang couple.

This had been a very easy mission. He’d only had to eat a dish that was worth more than 1,000 yuan.

The points and magical bonuses totalled only 20 because of that.

After the meal, Bai Chen immediately excused himself. He did not have to pay for anything because the meal was on Tang Zi Cheng.

Bai Chen actually felt grateful for it.

It was almost 6:30 p.m., Bai Chen thought that it was time to finally go back home since it was getting dark. He quickly walked out of Xing Yuan department store.

He went to the subway station. He would take a train back to the Xing Seng business district.

Bai Chen did not care to open the mission dashboard to see the new mission because he was planning to check it out tomorrow.

It was getting dark anyway. He would not be able to do it even if he saw it. No, to put it that way was an understatement, because if it came down to it, he actually could do it.

He'd just decided not to go because it was already dark out. He did not want his parents to worry if he were out at night for a long time.

Bai Chen took a train relaxedly back to the Xing Seng business district. He was in a good mood because of the cultivator-impersonating pills that he'd just gotten.

He thought that he would use them immediately when Wang Chengye got here many months from now.

This was despite the fact that he would not be able to know which level of ability he would get because it had to be randomised.

Moreover, there were only 3 pills. Thus, the chance to kill Wang Chengye was rather uncertain.

“Big bro, are we doing to deal with him for real?”

While Bai Chen was relaxing, two pairs of eyes were locked onto him. A young man around 18 years old with an ugly face spoke with an unsteady voice as if he was scared.

“Guo, why are you afraid of him? He got me fired. I must have my revenge. I'll break his bones until I'm satisfied!” another man said.

It was none other than Yong Gang, the Pien Shien waiter. No, the ex-Pien Shien waiter, to be accurate.

His voice was full of rage.

The gaze he directed at Bai Chen was very cold... like ice from the North Pole.

Hearing what Yong Gang said, the ugly man showed hesitation and fear. His eyes trembled. He looked at Bai Chen with uncertainty.

If Bai Chen looked at the ugly young man right now, he would know right away that he was none other than Yong Guo.

Yes... Yong Guo, one of Ba Guan's most loyal lackeys!

Therefore, it was only normal that he would look at Bai Chen with uncertainty because he had been dealt with by Bai Chen before.

After school, Yong Gang had called him to come take care of a man. He had not expected that the man would be Bai Chen.

Actually, Yong Guo had intended to refuse the job since he realised that the man was Bai Chen, but then, after thinking it over carefully, he'd eventually decided to do it.

The reason was easy. He simply wanted to get his revenge.

Yong Gang was his biological brother and he was here with him. Thus, he could probably do it!

A smile suddenly showed on Yong Guo's ugly face. It was a cold and fearful one.

He was still staring at Bai Chen. The expression of before had been replaced by flames of rage.

'Even though big bro Ba Guan's gone, I'll make you pay!' Yong Guo was determined.

He was still very loyal to Ba Guan, even though he was already dead.

To be honest, Yong Guo did not feel any grief in regards to Ba Guan's death. He simply still respected him.

The reason was that Ba Guan was stronger and better at fighting than him.

Otherwise, he would not have wanted to be Ba Guan's minion.

"Are you scared or something?" Seeing his little brother go quiet, Yong Gang frowned.

"Scared?" Yong Guo understood his big brother immediately. He quickly replied, "I'm not. Why would I be? He's only that darn Bai Chen!"

Before this, of course, he had been scared of Bai Chen. However, with Yong Gang here, he was no longer fearful of Bai Chen.

"You know him?" Yong Gang was surprised. He had not expected his brother to know Bai Chen.

Yong Guo slowly nodded. **"Of course. He's my schoolmate."**

"What a coincidence." Yong Gang smirked evilly.

He did not care if Bai Chen was his little brother's schoolmate or not because Bai Chen would eventually drop at his feet and beg for his mercy.

Bai Chen could not help but frown when he saw that they were 2 familiar faces on the train.

'Yong Gang and Yong Guo?' Bai Chen recognised the two of them.

He remembered that Yong Guo was a loyal lackey of Ba Guan. Also, he had just met Yong Gang about an hour ago.

He knew Yong Gang's name because that was what manager Liu had called him.

Bai Chen pretended not to care that the Yong brothers were looking at him.

However, he knew that both of them were definitely looking for trouble—and that trouble was him!

Chapter 276 Asking To Be Hurt

Half an hour later, Bai Chen finally arrived at the Xing Seng business district.

However, he did not walk inside right away. He lingered at the entrance.

It was past 8 p.m., so it was quite dark, even though there were lampposts at the front.

“Bai Chen.” While Bai Chen was standing there, he heard a voice from behind.

He knew without having to look at the source that it was Yong Guo.

Bai Chen slowly turned towards Yong Guo.

“What is it?” he asked while looking at Yong Gang, who was behind Yong Guo.

Yong Gang’s face was full of rage and hatred.

“I want you to come with us!” Yong Guo smirked and jumped right to the point.

It was inappropriate to deal with Bai Chen here. They could be seen at any time.

Otherwise, he and Yong Gang would have started a fight with Bai Chen right after they’d got off the train. They would not have been following him until now.

“To where?” Bai Chen asked, even though he knew their intention already.

Before this, when Yong Gang was walking past him, Yong Gang had threatened him. Bai Chen would have been a fool if he had not realised it.

However, Bai Chen did not know that they were siblings, even though they had the same last name.

It was only normal, however, for Bai Chen to not know that, because they did not look at all alike—especially Yong Guo, who had a very ugly face.

“That’s not important. Just follow us!”

This time it was Yong Gang. He stepped forward and stared at Bai Chen like he wanted to consume it.

“If you don’t, you’ll get what you deserve!”

“Like big bro said, if you don’t want to get hurt too much, follow us!” Yong Guo spoke through his teeth coldly.

He was very confident that he could finally get rid of Bai Chen this time. The last time when Bai Chen had been able to take him and his gang down he thought was because they had been careless.

Now, Yong Gang, his brother, was here with him. Thus, it was normal for him to be very confident.

Bai Chen acted like he was scared. He was not actually scared. He was just acting like a pig waiting for its chance to devour a tiger.

He followed them without any protest.

Yong Gang and Yong Guo were satisfied with Bai Chen's frightened facial expression.

Especially Yong Gang, who was having the most fun with this because he'd just gotten fired from his job because of Bai Chen.

However, even though Yong Gang was happy about this, he still had not forgotten his goal. He wanted to hurt Bai Chen until he begged for his mercy.

Not so long after that, all of them walked into the middle of the woods.

Actually, it was the place where Ba Guan had died. Bai Chen had not expected them to bring him here.

"Guan died here, so I'll teach you a lesson here. Guan has to know that I've avenged him!" Yong Guo stopped walking and spoke with a serious voice.

No one knew how he would feel if he realised that Bai Chen was Ba Guan's killer.

Yong Gang did not care about what nonsense his younger brother was spitting out. He still stared at Bai Chen and smirked.

"Do you remember when I said 'I'd get you'? I'm sure you didn't think it'd be so soon, right!?"

Bai Chen heard every word Yong Gang said, but he did not pay attention to any of them.

Bai Chen's face did not show fear anymore. It was neutral.

He had stopped acting like a pig that was waiting to devour a tiger.

However, that did not surprise Yong Gang and Yong Guo much. They thought that Bai Chen only pretended to be calm so that he would not show how scared he was of them.

"Gang, don't waste your time. I think we should deal with him now. Smash his brain to bits!" Yong Guo said.

It was obvious that he was a cruel man.

"Yeah!" Yong Gang nodded in agreement. He could not wait to stomp Bai Chen anymore.

However, before that, he did not forget to show his fake mercy. He looked at Bai Chen and smiled cruelly.

"If you kneel down and lick my shoes clean, I may just let you go!"

Bai Chen was quiet. Yong Gang's words angered him a little.

Humans have a lot of emotions and one of them was anger. Bai Chen was a human being, too. How could he not be angry?

Not only Bai Chen, but anyone also would have been as well!

“Silence? Are you wishing your mother was here? Didn't you hear what Gang said?!?” Yong Guo shouted.

A second after he finished his sentence, a figure leapt towards him with great speed.

That figure was Bai Chen. His face was calm and cold. It was true that Yong Gang's words had gotten him angry.

However, the words that Yong Guo had said had really made him furious. His parents should not be spoken of thoughtlessly like that!

“You son of a bitch!” Yong Guo's face was cold. He spat. He did not seem to be scared of Bai Chen at all.

This was because he had his big brother here. He truly believed that his brother would be able to deal with Bai Chen before he was hurt.

He was correct. Yong Gang suddenly moved and stood in front of Yong Guo. He looked at Bai Chen with his cold eyes. He smirked evilly like before.

“Pathetic loser. Take my fist!” Yong Gang tightened his fist and threw a punch at Bai Chen's face.

Bai Chen blinked and easily dodged Yong Gang's fist. He countered it with his own.

Bam!

His fist struck Yong Gang's face!

Yong Gang's eyes widened. He could feel pain in his face. His body flew back and dropped onto the ground. His nose and mouth bled. He could tell that he'd lost 2 to 3 teeth!

Yong Gang laid on his back as if he still could not figure out what had happened to him. He seemed confused.

After a moment, he screamed in pain. “Aghhhhhhh!”

Chapter 277 Bad News

“Aghhhhhhh!” Yong Gang's painful cry was a long one.

Right after it stopped, Yong Guo's body shook. His face was twisted. He screamed, “Big bro!”

After the cry was made, Yong Guo rushed towards Yong Gang.

Yong Gang suppressed his pain by covering his bloody face with one hand. He quickly got to his feet.

It was at the same time that Yong Guo reached him.

“Big bro, are you all right?” Yong Guo asked worriedly. He did not expect that even Yong Gang, his brother, would be taken down so pitifully like this. His face was even covered in blood.

“Ptoey!” Yong Gang spat out his blood. Broken pieces of his teeth also fell out.

He did not care much about Yong Guo's words. He looked at Bai Chen with rage.

"You son a bitch! I'm going to kill you!" Yong Gang shouted furiously. He ran towards Bai Chen without hesitation. It was quite obvious that he was angry. He wanted to get back at Bai Chen for punching him!

"Big bro!" Yong Guo followed Yong Gang without hesitation.

To be honest, he did not have the same confidence anymore. He did not believe anymore that his big brother would be able to take care of Bai Chen.

Suddenly, fear crept into his heart. His arrogance of before was now gone.

It was a shame that Yong Gang did not pay attention to Yong Guo at all. He had now almost reached Bai Chen.

When he reached Bai Chen, he threw a punch at Bai Chen's face without hesitation. His eyes were full of rage.

Bam!

Bai Chen caught the fist very easily with his hand.

"Impossible!" Yong Gang was incredulous. He did not want to believe that Bai Chen would be able to do that.

"Remember. Don't mess with me again or I'll kill you for sure!"

Bai Chen said this with a cold voice and threw a punch at Yong Gang's face again. Yong Gang flew a great distance back. Blood sprayed out from his face.

He could feel immense pain. He was only able to feel it for a second before he fell unconscious.

Thud!

Yong Gang's body dropped to the ground. There was no more movement from him as if he was already dead!

However, he was still alive. He had just passed out.

"B... Big bro!" Yong Guo was stupefied. His voice trembled when he saw that Yong Gang had been handled.

At the moment, he only felt fear. If he had known this would happen, he would not have cooperated with Yong Gang, even though he was his brother.

Yong Guo's ugly face was very pale. His face broke into a sweat. Actually, it was not only his face but his whole body was also covered in sweat, making parts of his clothes wet.

"B... Big bro Bai Chen, please have mercy on me."

With all the fear he felt, Yong Guo could not help but ask for mercy. He did not want to end up like Yong Gang.

Bai Chen did not care about what Yong Guo had just said. He did not want to waste any more time here. He punched Yong Guo in the face once.

Yong Guo's body was like a piece of paper that was floated along with the wind. He flew back far away before dropping down to the ground.

Pain radiated all over his face. Yong Guo could feel the pain very well. Blood filled his mouth, and there were also a couple of broken teeth.

However, Yong Guo did not cry out. He tried his best not to. He was afraid that Bai Chen would hurt him again.

“Remember this and don't mess with me again or I'll kill you!” Bai Chen left them with a threat. He did not intend to kill the Yong brothers.

It was true that they'd tried to pick a fight with him, but they were not that bad. Bai Chen was reasonable enough. He would not kill those who did not cross the line.

Otherwise, he would turn into a cold-blooded murderer. That was not what he wanted.

After uttering the threat, Bai Chen walked home.

Yong Guo heard the threat and was very scared. Then, everything went dark, and he finally passed out.

.....

In the morning, Bai Chen took a shower and dressed before having his breakfast with his parents.

When he finished, he helped his parents with shop preparations. Then, he prepared to go to school.

However, before he left home, he was stopped by voices coming from the TV. He quickly turned to watch it.

Suddenly, Bai Chen's facial expression greatly changed. It was a drastic change. He curled his hands into fists without knowing. His body trembled.

“I... Impossible!”

Bai Chen's lips moved, a trembling voice issuing forth. His eyes widened. His eyebrows knitted tightly.

Everything was because of what he heard and saw on the TV!

The news was on the TV. The headline that was clearly shown was:

‘Young master Wang Chengye of the Wang Family, one of the five big families of Beijing, visited Xing Zhou city to look for a location to build a new luxurious supermarket.’

Moreover, the TV also showed Wang Chengye while he was being interviewed by reporters.

That was why Bai Chen acted like he did now.

This was bad news for him. It was not good news at all!

Bai Chen had never imagined that Wang Chengye would come here earlier than he should have. In the future he had left, it was supposed to be many months after this, not now!

However, now Bai Chen knew that it had already happened.

That handsome young man's face on the TV—Bai Chen could never forget it because it was the face that he hated to his very core. It was the youngest son of the Wang family, one of the five big families of Beijing, Wang Chengye!

It was definitely Wang Chengye, otherwise, Bai Chen would not have recognised him at first glance.

“History has changed!”

Bai Chen was not a fool. He knew that history had now changed from how it should have played out—and the one who'd changed it was none other than himself.

He already knew that him being here with the Life Changing System would change it.

However, he had not thought that it would include Wang Chengye being here this early!

Chapter 278 Never Let It Happen Again!

“Wang... Cheng...ye!” Bai Chen gritted his teeth and emphasised each syllable of Wang Chengye's name.

His eyes clearly showed his endless rage!

He walked out of his house. He did not think about going to school anymore. He only wanted to kill a person!

Of course, the person he wanted to kill Wang Chengye!

After leaving the house, Bai Chen walked aimlessly around the Xing Seng business district.

His face was utterly serious. It was the most intense feeling that he had ever shown through his facial expression.

With the news about the arrival of Wang Chengye, Bai Chen felt agitated and very uneasy, especially when the news said that Wang Chengye wanted to build a luxurious supermarket.

Even though the news did not say where he knew for sure that it would be in the Xing Seng business district!

He was the only one who knew best about this because he had come from the future and had experienced it before—the catastrophe that had changed his life into a living hell!

Otherwise, Bai Chen would not have hated Wang Chengye so much he wanted to kill and destroy the Wang family, one of the five big families of Beijing.

“Even though history's changed, resulting in Wang Chengye's early arrival and kicking off his evil notion to build a supermarket in the Xing Seng business district, I'll kill him. I won't let things be the same as they were!”

Bai Chen firmly decided this. He tightened his fists until his nails pierced his palms, making them bleed.

However, Bai Chen did not feel any pain. This minor pain could not be compared to what he had been experiencing!

“First things first, I have to know where he’s staying and I’ll use a cultivator-impersonating pill and kill him!”

Bai Chen’s eyes and face were cold.

He only thought of one thing right now. He had to know where Wang Chengye was staying first.

Once he knew that, he would use a cultivator-impersonating pill to kill him immediately!

There was a reason why he wanted to use the pill.

It was rather easy. Bai Chen knew that Wang Chengye had skilled bodyguards with him at all times.

If he did not use the pill, he was afraid that he would not be able to get to him.

If he could not get to him, he would not be able to kill him!

‘I have three pills. It’d be great if I could randomly be a legendary cultivator,’ Bai Chen thought.

The reason why he wanted to have the power of the legendary cultivator was that he was not quite sure if Wang Chengye only had the bodyguards with him.

He was afraid that Wang CHengye would bring that old man along...Foo Yen, the sky soaring cultivator, whom he had met when he’d killed Wang Cheng Yong!

If that old man was with Wang Chengye, Bai Chen would not have had any chance to get to Wang Chengye. He could even be killed!

That was why it was only normal for Bai Chen to want to randomly receive the power and strength of a legendary cultivator.

If he got that much power in his hands, He would be able to kill even Foo Yen, alongside Wang Chengye!

‘I don’t have very many chances because I only have three pills and each only works for 10 minutes.’ Bai Chen could not help but worry a little.

As he only had three cultivator-impersonating pills, if he did not get to be a legendary cultivator, or even a sky soaring one, he would not stand a chance at getting his revenge.

If he did not have enough power, would he be able to kill Wang Chengye, the next in line to head of, and the youngest son of the current head of, the Wang family, one of the five big families of Beijing?

To be honest, Bai Chen was actually anxious. He shook his head a little and inhaled deeply. His eyes were full of determination.

“I’ll leave that for later. Now I’ll to figure out where he lives.” Bai Chen talked to himself determinedly.

He thought that it was necessary to put everything else aside for the time being and find out where Wang Chengye was staying first.

If Bai Chen did not know where he was, he would not be able to kill him.

“Oh, are you going to school, Chen?”

While Bai Chen was walking and thinking many things in regards to Wang Chengye, he heard a voice.

Bai Chen turned to look at the source. It was the older man who sold fish.

“Yes,” Bai Chen answered with a smile.

“Good luck,” the fishmonger said.

Bai Chen nodded and continued walking. A lot of people greeted him along the way with their warm smiles.

Bai Chen’s eyes could not help but turn red and teary when he thought of what he had been through during his life.

This place had been destroyed by Wang Chengye’s men. They’d hurt all these people and destroyed things in the district to force everyone to sell their land and move away.

Eventually, everyone had given in and moved out. There had only been his land left; his parents had not wanted to sell it because it had been inherited from their ancestors. How could they sell it?

His parents, Bai Chang and Bai Yu would not sell their land, no matter what dirty methods Wang Chengye used.

Finally, Wang Chengye’s patience had reached its end. He’d killed his parents and made it look like they were killed in a car accident.

Bai Chen had been framed and had to be jailed for 200 years. That was no different from being in there his whole life!

If not for the Life Changing System, there was no doubt he would have died in jail!

“I won’t let it happen again!” Bai Chen shouted softly to encourage himself.

Right now, he was at the exit of the Xing Seng business district.

However, right after he walked out, he met someone that he did not expect to meet. That person was standing next to a luxurious car.

Chapter 279 Long Xu In’s Problem

“Xu In.” The person who was standing beside the luxurious car was none other than Long Xu In and the car was her own BMW.

Hearing her name, Long Xu In quickly snapped out of her reverie and turned to the person who'd called her.

“Bai Chen.” She looked at Bai Chen and walked towards him.

Long Xu In was in simple clothes today. She wore tight jeans and a long-sleeved blue cardigan over a t-shirt. Her face was gloomy. Her caramel-coloured hair was messy and was put up sloppily. She had some dark circles under her eyes.

“What has happened?” Bai Chen asked once he saw her weary expression. He was clearly worried about her.

“Bai Chen, can you help me?” Long Xu In stopped in front of him, her face pleading.

She had come to see Bai Chen in this state because she needed his help, and it was a big problem for her.

It was about her family. Three days ago, after she'd parted ways with Bai Chen, she had been called back to the Long family home in Beijing.

Once she'd gotten there, her father, Long Wen Rui, the current head of the family, informed her about something. She'd suddenly gone pale and had been unable to accept it.

She had to marry a man named Chiu Jiu.

Chiu Jiu was not a normal person. Her father had told her that he was Ming Kong the Legendary's student.

At that moment, Long Xu In had been confused. She did not know who Ming Kong the Legendary was.

However, in the next moment, his father told her everything about Ming Kong the Legendary. He was a strong cultivator who was worshipped like a god. He could do anything he wanted in China.

If Ming Kong the Legendary wanted to destroy the Long family, there would be no fighting against it!

There were less than 5 people like that in China. Actually, there were only three: Ming Kong the Legendary, Lu Zhun Gu the Legendary, and Jing Cha the Legendary.

Three of them were legendary cultivators with immense power. Chiu Jiu was one of these cultivators' students.

If he wanted to marry her, her father and the Long family would have no choice but to accept it.

Actually, there was also a sky soaring cultivator in the Long family. It was her grandfather, whom she'd he had passed away since she was very young.

That day was the very first day that she'd actually felt the existence of the cultivator world. However, she was not excited about it at all.

She honestly felt gloomy. She'd tried to refuse the arranged marriage with this Chiu Jiu person. She loved Bai Chen. She had already fallen in love with Bai Chen. How could she marry Chiu Jiu?

However, her refusal was in vain because her father and the high-ranking members of the family had agreed to it. They believed that if they could associate with a legendary cultivator, the Long family would reach the top very quickly!

This was why Long Wen Rui and the high-ranking members of the family had agreed to Chiu Jiu's marriage proposal.

However, not everyone in the family agreed with it. Long Shen was one of them. He stood up for his little sister with all his power, but it was in vain. His power was not enough to do anything.

After everything had been settled, Long Xu In and Long Shen had immediately travelled to Dong Hai island. They wanted to seek help from Long Wu Lei, their grandfather.

However, Long Wu Lei could not do anything about it because he was being pressured by his much older brother, a sky soaring cultivator.

Long Wu Lei merely told his granddaughter to break up with Bai Chen and marry Chiu Jiu because he thought that Long Xu In and Bai Chen were dating.

Long Shen was disappointed in his grandfather and the Long family. He left the Long family. He did not even care about being the next head of the family.

As for Long Xu In, she'd travelled back to Xing Zhou city. She was upset because of her family's decision.

She had been thinking a great deal about it for several days. Then, she'd realised that Bai Chen had magic that might be able to help her. That was why she'd rushed to the Xing Seng business district to wait for him because she knew he would be going to school at this time.

“Go ahead and tell me, Xu In. If I can, I'd do anything in my power to help you.”

Bai Chen was a little anxious when he saw Long Xu In's pleading expression. She had been a great friend to him and helped him many times. It would be impossible for him to leave her like this.

Also, he did not forget that he had feelings for her, even though he tried to hide them.

Long Xu In quickly summed up the situation for him. She could barely hold back her tears because she thought that it was completely unjust.

Bai Chen went quiet after she was done with her story. His brows furrowed tightly. He did not expect that her family would force her to marry someone that she did not know, let alone love.

However, he somewhat understood them because he also knew how powerful the legendary cultivators were. It was not odd for the family to force Long Xu In to marry Chiu Jiu, who was a student of Ming Kong the Legendary.

However, Bai Chen would not let it happen. He was not happy that the woman whom he had feelings for was being forced to marry someone else!

“Bai Chen...” Long Xu In spoke softly after seeing Bai Chen go quiet.

To be honest, she was afraid that Bai Chen would not help her.

Hearing Long Xu In's soft voice, Bai Chen snapped out of his reverie. His face turned serious as he thought it over.

If the other man was a student of a legendary cultivator, it would not be easy for him to help.

However, he still had to help her. He thought that he had to be a legendary cultivator himself to fight with one!

There was only one way to do it. He had to take a cultivator-impersonating pill, and he had to get the legendary power at random to help Long Xu In!

"All right, I'll help." Bai Chen finally spoke. He would help her no matter what.

He would get her out of this predicament, even if it meant him having to face a legendary cultivator!

"T...Thank you, Bai Chen." Long Xu In was very happy, She immediately hugged Bai Chen joyfully.

Chapter 280 Wang Chengye's Whereabouts

"Err..." Bai Chen was quite surprised. He did not expect Long Xu In to hug him like this. Her sweet scent made his heart flutter.

Long Xu In finally realised what she was doing. Her pretty face turned red. She was extremely embarrassed and quickly separated from Bai Chen.

She had been a bit too happy that Bai Chen would help her. That was why she'd instinctively hugged him. Her heart fluttered.

Even though she did not know if Bai Chen would actually be able to help her, she trusted him. He was the only one who could help because he had his magic and he was also the man she loved.

"In five days, they will come here to see me talk about the wedding."

After suppressing her feelings, Long Xu In spoke.

Bai Chen nodded without hesitation. "I'll go with you."

"Mm-hmm." Long Xu In nodded. Her beautiful eyes showed expectation.

'Helping Long Xu In has to wait. I need to know Wang Chengye's whereabouts,' Bai Chen thought.

Now, he had to figure out where Wang Chengye was and later find a way to kill him.

When he thought about it, he could not help but stare at Long Xu In.

An idea popped into his head. Maybe Long Xu In would know where Wang Chengye was.

This was because she was the CEO of the third biggest company in Xing Zhou city; she should know about his arrival and his whereabouts.

It was obvious that Bai Chen still had no clue that Long Xu In was from the Long family, one of the five big families of Beijing. Otherwise, he would be more certain that she knew about it since Long Xu In and Wang Chengye were both from big families.

“Xu In, I have a question.”

Bai Chen did not hesitate to ask a question. He needed to deal with Wang Chengye first as it was his top priority. There was no way he would leave it for later.

Also, if he did not kill him fast, the history that had happened before would repeat itself!

“Of course,” Long Xu In said. Whatever he wanted to ask, she would answer it.

Bai Chen hesitated a little before asking, “Xu In, do you know Wang Chengye?”

“Wang Chengye!” Long Xu In suddenly shouted.

Surprisingly, Bai Chen noticed that Long Xu In’s face had turned cold.

“Yes.” Even so, he still nodded because he really needed to know where Wang Chengye was. If Long Xu In knew, it would save him a great deal of time.

Long Xu In’s facial expression got colder. She went silent for a bit and said, “Of course, I know Wang Chengye, that disgusting man!”

Long Xu In’s voice was full of pure disgust.

Bai Chen was not surprised that she thought this. Wang Chengye was actually beyond disgusting. He was absolutely evil!

However, now he knew that she knew Wang Chengye. If she knew where he was, it would help him a lot.

“Do you know that he’s in town right now?” Bai Chen said.

Long Xu In did not understand why Bai Chen would talk about Wang Chengye, but she still answered. “Of course. Why do you ask?”

“I want to know where he’s staying. Do you happen to know?” Bai Chen said without even thinking. He really wanted to know Wang Chengye’s location.

“I think I have an idea. A guy like Wang Chengye should be staying at the Grand Xing Feng, the best hotel in town. It would be impossible for him to be anywhere else,” Long Xu In answered. She still wondered why Bai Chen would want to know this.

“You haven’t told me why you asked about Wang Chengye.”

“It’s nothing. I just want to know because he’s an heir of the Wang family, one of the big families of Beijing.”

Bai Chen chose to cover it up. He would not tell Long Xu In that he’d asked because he wanted to kill Wang Chengye.

“What issue do you have with Wang Chengye?”

Long Xu In did not reply right away, as if she still doubted Bai Chen’s words.

However, she did not care much about it and replied anyway.

“One time, I accidentally met Wang Chengye at a party and he offended me.” She spoke with a disgusted tone.

“I see.” Bai Chen nodded while thinking about what Long Xu In had told him.

He thought that it was quite possible that Wang Chengye would be staying at the Grand Xing Feng hotel because it was the best hotel in Xing Zhou city. It was impossible for a man like Wang Chengye to stay in a lower-rated hotel.

Even though he was not certain, he would go check at the Grand Xing Feng hotel to make sure.

Once he had decided to do that, Bai Chen worriedly spoke to Long Xu In.

“Xu In, you don’t look so good. I think you shouldn’t think too much about anything anymore and rest. I’ll help you.”

Hearing Bai Chen, Long Xu In could not help but touch her face. She suddenly blushed with embarrassment. She did not even look at herself in the mirror before leaving the house.

“T...Then, I’ll be going. I’ll contact you,” Long Xu In said and ran towards her BMW without waiting for Bai Chen’s response.

At that moment, she felt both embarrassed and determined. It was the most important decision she had ever made in her life!

She thought that if Bai Chen could help her out of this mess, she would confess how she felt about him. She would embrace the consequences, whatever they might be!

Bai Chen looked at her BMW as it was driven away before inhaling deeply. Then, he walked into the forest next to the Xing Seng business district’s entrance.

Of course, there was a reason for this. He wanted to find a place where he could use his thousand-face skill. If he went there as his true self and failed, everything would be ruined.

Five minutes later, Bai Chen walked out of the forest. He was now a middle-aged man in a security guard’s uniform named Liang. He’d once lied to that old man Foo Yen that his name was Hu Yuan.

That day, when Bai Chen had gotten out of the Wang family’s mansion safely, he had not thrown the uniform away. He had been keeping it inside his dimension ring because he thought that it would come in handy. And it finally had.
