Chapter 291 An Intent To Kill!

Boom!

The sound was so loud, it was like the sky was crumbling. A figure rebounded with incredible speed.

The figure was indeed Bai Chen. His face was pale. A lot of blood spurt out of his open mouth. His arms were in pain like they had been broken!

The pain was so immense, that Bai Chen felt like crying. It was the worst pain that he had felt in his lifetime!

The reason why his arms were in that much pain was that he'd protected himself with them when the old man Foo Yen had launched his counterattack.

Thankfully, he could still move both arms to protect himself, otherwise, he would have been fatally wounded or even dead!

The old man Foo Yen's lifeless eyes suddenly darkened seeing that the counterattack with all his might that he'd launched had not killed Bai Chen.

The old man smiled painfully once before his body vanished.

The escape that he had been trying to perform just worked out now.

At that moment, Bai Chen's body also vanished. It was not because he wanted to, but the old man Foo Yen's attack was so powerful that he was still flying across the sky at an immense speed.

Finally, his disappearance from the sky occurred without him being able to stop it from happening!

.....

The old man Foo Yen appeared again in a room at the Grand Xing Feng hotel, the best hotel in Xing Zhou city.

Of course, it was the room that Wang Chengye and Dong Hen were in. They were discussing the luxurious supermarket that they would build in the Xing Seng business district.

Dong Hen had already ordered the best food from the hotel as commanded by Wang Chengye.

"Y...You're dead!"

It was unexpected for him to return soaked with blood. Also, the very first words that he spoke were full of vengeance.

However, it was only normal for him to say that because he was filled with fury at Wang Chon Feng. He was on the brink of death because of him!

The old man Foo Yen had decided to kill Wang CHengye instead of Wang Chon Feng right now.

It was obvious that he wanted Wang Chengye dead too!

“What?!?”

After hearing the loud voice sound behind them, Wang Chengye and Dong Hen exclaimed aloud at the same time. They immediately turned toward the source.

At the moment that they saw the blood-soaked old man Foo Yen, their facial expressions changed drastically. They were very pale.

They suddenly felt scared. The thing that made them scared was not the old man Foo Yen's condition, but his words: 'You're dead!'

“W... What happened, elder Foo Yen?”

Wang Chengye forced himself to ask this calmly, even though he was quite scared. His voice trembled.

“Do you even have to ask? Master Yien and I were not worthy opponents for Hu Yan in the slightest. Master Yien was killed, and very soon, I will die too!”

The old man Foo Yen cried this out angrily. Blood gushed out from his mouth as soon as he finished the sentence.

“Everything is because of that bastard Wang Chon Feng. If he hadn't asked me to seek vengeance for him, how would I have ended up dying in this state?!?”

It was as if the old man Foo Yen had gone mad. He would not stop bellowing. His lifeless eyes suddenly turned red.

“You're his son. I'll take you with me. Die along with!”

With that rage-filled shout, the old man Foo Yen flicked his hand.

Green spirit qi appeared in the air and formed itself into two strings. One leapt towards Wang Chengye and the other at Dong Hen!

Wang Chengye and Dong Hen were as white as sheets. They trembled with a great deal of fear. It was indescribable.

They had broken into a sweat since the old man Foo Yen had started yelling angrily.

Wang Chengye and Dong Hen felt even more frightened when they saw the strings of green spirit qi. Their bodies shook madly like they were facing a big natural disaster!

It was only normal for them since they were facing death right now!

Death was scary. Almost everyone in this world feared death. Only a handful of people would be able to withstand it.

Wang Chengye and Dong Hen thought about dodging the green strings.

However, their bodies were stiff. They could not move an inch. Evasion was out of the question if the movement was not possible!

‘N...No way! I can’t die here!’ Wang Chengye cried internally. He tried his best to force himself to move and evade the green string that was rushing towards him.

Suddenly, like the heavens still had mercy on him and the God of Death still did not want his life, he could finally move his body again.

Without hesitation, Wang Chengye dodged to the side.

Chop!

At that moment, the green string leapt towards Dong Hen, followed by an unpleasant noise. Crimson blood splattered around the area. Dong Hen’s body had been cleaved in two!

Chapter 292 Scared To The Point Of Running Away

Wang Chengye was lying flat on the floor after his evasive jump away. His face was pale white. His heart still raced fast.

The life and death situation that had just happened had made him so scared he had wet his pants!

Normally, he would be very embarrassed and ashamed that he had wet his pants.

However, he did not feel embarrassed at all even after he had wet his pants.

Wang Chengye did not dare to get up right away. He was still on the floor. He was afraid that the old man Foo Yen would still want to kill him.

After a while, there were no more movements in the room. Wang Chengye slowly turned back. His heart still pounded endlessly with fear.

“Ahhh!”

Wang Chengye cried out. The blood drained from his face. His body trembled. He felt even more scared. His eyes were at their widest.

However, it was only normal that he acted this way because what he saw was actually a frightful sight!

He saw the body of Dong Hen, his right-hand man, lying there cleaved in half!

The body was lying on top of a pool of blood. All of his internal organs could be seen very clearly!

It was an extremely disgusting and fearful sight!

Wang Chengye threw up. His face was so white, that there was not a trace of blood underneath the skin. He did not dare to look at Dong Hen’s body again.

He tried to suppress his fear. Then, he pushed himself up and got to his feet. It was done very slowly because he did not have any strength at all.

Once he stood up, his facial expression turned to surprise when he saw the old man Foo Yen lying on the floor. His eyes were widened, yet there was no life in them at all!

It was obvious that he was dead. He did not breathe anymore!

Actually, the old man Foo Yen had already been dead when Wang Chengye started to move again. He could move because the old man was no longer there.

Otherwise, Wang Chengye would not have been able to move under the gaze and immense pressure of the old man Foo Yen, a sky soaring cultivator.

It seemed to be coincidental and very lucky for Wang Chengye to have chosen to run and to not give in to his death. That was why he was still alive. He did not want to die pitifully like Dong Hen, his right-hand man.

A while later, Wang Chengye seemed to snap back to his senses. He suddenly put on an angry face. He looked at the old man Foo Yen's lifeless body before walking quickly towards it and stomping on it repeatedly!

“You old bastard! You dare to think of killing me? Heh! Like you had the competence to do it!”

He shouted angrily while stomping on the old man Foo Yen's corpse.

About 2 to 3 minutes later, Wang Chengye was finally satisfied with his expression of anger. The old man Foo Yen's body was very ugly right now!

He swept his eyes around the room. He suddenly gulped down his saliva noisily when he saw the big, smooth cut on the wall. If he guessed correctly, it was the trace left by the green spirit qi that he'd just jumped away from.

Wang Chengye could imagine that if it had gotten to him, he would have been in the same state as Dong Hen right now. His body would have been cleaved into two pieces and he would've dropped dead.

Wang Chengye's body shook when he thought about it. He thought that he was lucky to be alive.

Then, he suddenly thought of something that made his face turn pale again.

Judging from his pale white face right now, the thing that he was thinking of was definitely a very bad thing.

“This is not good! I have to leave Xing Zhou city right now. From what the old bastard said, master Yien has been killed. Both of them lost to that sky soaring cultivator Hu Yuan!” Wang Chengye talked to himself with a serious and scared tone.

“That cultivator wants my life. I have to run!”

Wang Chengye still remembered Bai Chen's words—“I'm here to kill Wang Changye. No one shall interfere!”

That was why Wang Chengye's face had turned as white as it could possibly get.

He did not want to stay even for a second more. He quickly ran to the door.

He did not care about the unconscious bodyguards. He rushed to open the door. He did not turn back. He did not even try to get rid of Dong Hen and the old man Foo Yen's bodies.

However, it was only normal that Wang Chengye did not care about anything anymore at that moment. He was scared that Bai Chen would kill him. He did not want to die. How could he possibly think of anything else?

He only wanted to tell everything to his father and find a method to deal with it.

From what Bai Chen had said, he knew for sure that Bai Chen would not give up if he was still alive!

However, Wang Chengye still could not figure out what he had done to make Bai Chen so mad that he wanted him dead.

.....

While Wang Chenye was trying to leave Xing Zhou city, Wang Chon Feng drank his expensive liquor in his luxurious bedroom inside the Wang family's mansion.

He smirked coldly. His eyes showed satisfaction. "Yong Er's murderer should have been killed by master Yien and elder Foo Yen by now."

Wang Chon Feng held a shot glass in his hand. He talked to himself to relieve his stress.

Before this, Dong Hen, the right-hand man of his youngest son, had given him a call. He had told him that he had met his elder son's killer and that both sky soaring cultivators, the old man Foo Yen and master Yien were dealing with him.

After that call, Wang Chon Feng had dropped everything he had to do at work and returned home. He wanted to drown himself in alcohol to celebrate the revenge.

"Yong Er, I've avenged you. You can rest in peace now, son."

He looked up at the ceiling and murmured to himself softly.

Chapter 293 Think Of A Way Out

Up in the sky, hundreds of metres above the ground, a private plane was flying towards Beijing at its full speed.

Inside, there were only the captain and one handsome man.

Of course, the handsome man was the owner of the plane. His face alternated between being pale and twisted. No one knew what he had been through.

However, if Bai Chen was here, he would have known right away who this man was. It was none other than Wang Chengye.

It was certainly Wang Chengye. After checking out from the Grand Xing Feng hotel, he'd immediately called someone to take him to the airport without delay.

Then, he'd quickly boarded his private plane and went straight to Beijing in a hurry.

It had been about half an hour. Wang Chengye was in his private plane. His face did not look very well. His hands trembled. He did not know how to stop them.

He was holding an expensive phone in his shaking hands.

'I... I have to tell father!' That was all Wang Chengye could think. Unexpectedly, his hands did not want to comply. They kept shaking and did not do what he wanted them to do.

That was why he just sat still. He could not give call father to tell him what had happened.

The reason why his hands would not move was because of fear.

The fear was so intense, that his brain could not tell his hands to move!

Wang Chengye slowly returned to normal within 20 minutes or so. His pale face, however, was still the same.

Once he could move his arms and hands again, Wang Chengye did not hesitate to call his father.

Making a phone signal on a plane was very easy for Wang Chengye, the young master of the Wang family, one of the five big families of Beijing.

It was a small matter. It was so small, no one had to mention about it. The plane had already had a communication network installed. Every means of communication was possible on this plane.

The phone was no exception.

Not so long after that, a middle-aged man picked up the phone.

"Hello. What is it, Ye Er?" That middle-aged man was none other than Wang Chon Feng, the current head of the Wang family.

"F... Father, something bad has happened!" Wang Chengye hurriedly burst out once he heard his father's voice.

Wang Chon Feng frowned. "What is it? Elder Foo Yen and master Yien have already killed that bastard who murdered Yong Er?"

"N... No!" Wang Chengye shouted.

"What do you mean?" Wang Chon Feng's eyebrows knitted even tighter. His mood changed.

From the tone of Wang Chengye's voice, he felt like something was not right.

"F... Foo Yen's dead! Not just him... but master Yien is too!" Wang Chengye inhaled deeply before saying this. His voice still trembled.

"What?!?"

After hearing Wang Chengye's words, Wang Chon Feng could not help but be shocked. His facial expression suddenly changed.

At that moment, his whole body trembled madly like he was in the middle of a furious storm!

After that, there were several minutes of silence. Wang Chengye's face was getting gloomier and gloomier because he did not hear any response from his father, Wang Chon Feng. It was as if his heart was engulfed in flames.

At that moment, he heard the smooth tones of Wang Chon Feng coming from the other end of the line.

"Is this true?" This was the reason why Wang Chengye could remain calm. That was enough for anyone to know that Wang Chon Feng was good at controlling his emotions.

He could return to his calm self in only minutes. If he was not a man who possessed a strong mind or had experienced a great many things in life, he would not have been able to do it.

"I... It's definitely true..." Wang Chengye did not dare to keep this from his father. He told him everything.

When the story ended, Wang Chon Feng went quiet for a minute. Then, he finally spoke. "Come back to the mansion and we'll talk it out."

"Yes, father!" Wang Chengye quickly concluded the conversation. He intended to fly back to his father anyway, to ask for his help ... To help him regarding Bai Chen, the sky soaring cultivator.

In less than a minute, the phone call was cut off. Wang Chengye's face seemed to be a little better. Though, it was only a little bit.

.....

It was inside the bedroom of Wang Chon Feng, the current head of Wang's family, one of the big families in Beijing. in the Wang family's mansion.

Right now, Wang Chon Feng was in his bedroom, where he was drinking to celebrate his successful revenge for his eldest son.

However, in less than 10 minutes, that mood had gone and been replaced with fear.

His face was also pale. His hands trembled uncontrollably.

It was obvious that Wang Chon Feng was not as calm as he seemed to be after what Wang Chengye told him. He'd acted that way towards Wang Chengye because he did not want his son to be very worried.

"W... What should we do?" Wang Chon Feng was agitated and frightened. He had to think of the fastest solution for this.

If the old man Foo Yen and master Yien were dead, that sky soaring cultivator who'd killed them must certainly be after Wang Chengye, his son. He might even want to destroy the whole family!

Wang Chon Feng was a clever man. He knew that Bai Chen had a grudge against the Wang family ever since Wang Cheng Yong was killed. Now, he was gunning for Wang Chengye, his youngest son.

That was why he thought that Bai Chen was also looking to destroy the whole Wang family!

Chapter 294 Reporting In

At this moment, Wang Chon Feng walked around his own room agitatedly. He was trying to think of a way to help the Wang family survive any disaster that would might befall it.

However, it was as if The heavens had neglected him because he could not think of any.

“What should I do?” Wang Chon Feng talked softly to himself while walking about. His face was still as visibly pale.

“Why would a sky soaring cultivator that is so strong he could kill both Foo Yen and master Yien target my family?”

Wang Chon Feng obviously could not figure out why Bai Chen would target the Wang family.

Also, it could be said that he did not respect the old man Foo Yen anymore.

There were two reasons for that. One was that the old man Foo Yen was already dead, and there was no reason why he should continue calling him ‘elder’.

Also, the second reason was that the old man Foo Yen had tried to kill his youngest son. It was lucky that he had died before he could do it, otherwise, Wang Chengye would have been dead by now.

Of course, Wang Chon Feng no longer respected the old man!

“The Jing Cha Secret Organisation!”

Wang Con Feng suddenly shouted this out. His eyes sparkled. His heart raced fast. He breathed rapidly.

“The heavens still have mercy on our family. How did I forget that master Yien was from Jing Cha Secret Organisation?” Wang Chon Feng clenched his hands.

“If the organisation knows about the death of master Yien, the one that backs the organisation like Jing Cha the Legendary will definitely take action!”

It was as if this idea had solved everything. His face suddenly looked much better.

“I must hurry! I have to report this to the organisation now!” Wang Chon Feng decided.

The reason why he decided so quickly was that he was afraid that Bai Chen would do something to his family before he reported this.

If that was the case, it would certainly be a disaster for the Wang family. Wang Chon Feng was the current head of the family, and he would not let that happen.

He would certainly not let it happen!

Without any hesitation, Wang Chon Feng rushed out of the mansion.

Of course, he was going to the place where he could meet up with people from the Jing Cha Secret Organisation.

.....

An hour later, inside a simple-looking house located in the middle of the forest, there was a middle-aged man sitting across from a younger man in black traditional Chinese clothes. The middle-aged man's face was covered with sweat.

The face of the young man was calm as if it was emotionless. He gave off a tranquil aura. He was Lu Yi, Lu Zhi Yun's brother and one of the five authorities of the Jing Cha Secret Organisation.

To be honest, he was not as calm as he seemed to be. He was actually rage-filled and furious.

The reason was the death of another important people in the organisation. Also, the dead was only a rank below him.

It was none other than Jong Zhue, the leader of the first unit of the Jing Cha Secret Organisation.

Jong Zhue was the man that he had sent to investigate the man who'd killed Fen Wieng, the head of the second unit, who had been murdered in Xing Zhou city and had also been sent to guard his sister.

It had been unexpected that Jong Zhue would be killed in less than 24 hours after his arrival in Xing Zhou city!

When Lu Yi received the report on Jong Zhue's death, his body trembled for quite some time before he could get his emotions under control.

However, he could only suppress them a little bit because he still felt very angry inside. He really wanted to kill the man who'd murdered Fen Wieng and Jong Zhue.

However, he believed that man was likely to be at the same level as he was, the earth solid level. Otherwise, he would not have been able to kill Jong Zhue, the man who was only a step below him, so easily like he had.

Lu Yi was actually upset about it. He wanted to call for a gathering of all five authorities, but master Yien had business to attend to, so that still had to wait.

It was supposed to be his day off today. He'd wanted to get the mood back to normal a little. It was unexpected that Wang Chon Feng, the current head of the Wang family, one of the five big families in Beijing, would come to him like this.

It was obvious now that the sweaty middle-aged man was Wang Chon Feng. It had taken him about an hour to travel to see Lu Yi.

He'd actually had to spend a lot of money to find out Lu Yi's whereabouts.

“What business does the head of the Wang family have with me?”

Lu Yi sipped his tea. He looked at Wang Chon Feng's face calmly,

Wang Chon Feng was agitated. He did not dare to make direct eye contact with Lu Yi. Even the head of the Wang family, one of the five big families, would not dare to disrespect the cultivators.

Also, Lu Yi was a descendant of Lu Zhun Gu the Legendary, one of the three god-like legendary cultivators, and also one of the pillars of the Jing Cha Secret Organisation, which had been established by Jing Cha the Legendary.

“It’s...a very big issue.” Wang Chon Feng spoke very softly.

He was not surprised about Lu Yi’s manner of speaking. He was a cultivator, so it was only normal for him to speak like one.

“What is it?” Lu Yi frowned when he saw how agitated Wang Chon Feng was.

“Please allow me to be frank. I had asked master Yien to get rid of a certain sky soaring cultivator who assassinated my eldest son. It was to my surprise that master Yien lost to him and was murdered by him!”

Wang Chon Feng inhaled deeply before speaking. He spoke with a serious tone. He told Lu Yi everything, including things about the old man Foo Yen.

“W... What?!?” Once he had finished listening, Lu Yi’s facial expression drastically changed. He quickly got up from his seat without knowing it!

Chapter 295 Jing Cha The Legendary

Lu Yi was in shock for the longest time before he could come back to his senses. It was rather major news for him.

Lu Yi had to inhale deeply one time to suppress his emotions. Then, he sat back down. His face showed confusion. He looked straight at Wang Chon Feng.

It was obvious that, even though Lu Yi was only 29 years old, he could easily cope with even the most alarming news like Wang Chon Feng had just told him. He chose to suppress his emotions first before doing anything else.

Also, he started to review the matter in his head to determine if the story was trustworthy or not.

Initially, he’d already believed half of it. He was wise enough to know that the head of a big family would not come to him just to tell lies.

This was because it would not be any good for Wang Chon Feng to anger him. That was why Lu Yi’s inner self was trembling.

His face actually turned a little bit pale. He looked at Wang Chon Feng for a while and asked a question.

“Are you saying that master Yien and elder Foo Yen died at the hands of the sky soaring cultivator named Hu Yuan?”

Hearing Lu Yi’s question, Wang Chon Feng quickly nodded because he knew that the only person who could protect his family from Bai Chen, whom he thought was a sky soaring cultivator, was Jing Cha the Legendary.

If Lu Yi reported this to him, there was no doubt that he would make a move himself and kill Bai Chen, the man who'd dared kill master Yien, the most important person in the organisation.

When Bai Chen was dead, the Wang family would be safe—even though the loss of the old man Foo Yen, a sky soaring cultivator, would definitely make his life harder.

However, it was a great deal better than being targeted by a sky soaring cultivator.

Seeing Wang Chon Feng nod so firmly. Lu Yi could not help but go quiet. His face tensed up. He lowered his head as if he was thinking about something.

Wang Chon Feng did not dare to say anything to disturb Lu Yi. He knew Lu Yi had to think.

Not so long after that, Lu Yi finally raised his head up. His face was still tense. "Head of the Wang family, I think you should leave for today. I'll investigate this matter first. If the news is true, I'll definitely report it to Jing Cha the Legendary!"

"Agreed." Wang Chon Feng quickly nodded. He felt more relieved. Then, he said goodbye to Lu Yi and left the premises.

There was only Lu Yi left in the room. He, then, brought his phone out. He thought he would have his people investigate the Grand Xing Feng hotel in Xing Zhou city.

However, he did not make a call because he'd suddenly realised something. His facial expression changed again.

"Zhao Suan, Fen Wieng, Jong Zhue, and even master Yien died in Xing Zhou city!"

That was the reason why his face did not look very well. All four people, important people of the Jing Cha Secret Organisation, had been killed in Xing Zhou city.

"This is impossible. Or is someone targeting the organisation?"

Lu Yi frowned tightly. His face was even tenser. Then, he shook his head. "Let's stop thinking about anything else. It's best to investigate and be sure about master Yien's death first. Then, we'll see."

.....

In the middle of a vast ocean close to a bay of the China Sea, there was a lush green island, which was very small yet very beautiful. No one could see it, though, not even passing boats.

That was because the owner of the island was not a normal person, He was one of the three legends in the cultivator world: Jing Cha the Legendary!

That was why it was only normal that people would not be able to see the island.

The reason for that was because it was invisible!

Yes...it was an invisible island!

The ability to conceal a whole island from the public indicated how glorious the power of a legendary cultivator was.

This could be deemed to be only a glimpse of his power!

This could explain just how scary legendary cultivators could be!

There was a cave in the middle of the island. The inside of the cave was tranquil. The air inside was much cleaner than the world outside.

There was a figure in the cave. He was a middle-aged man around 50 years old. His hair and moustache were white. There were small wrinkles on his face. His clothes were pure white.

Both of his eyes were closed. He was meditating on thin air in the cave.

This would surely alarm normal people. However, for cultivators, this was very respectable and worthy of worship.

It was true that sky soaring cultivators could also touch the sky and walk on thin air.

However, the way the legendary ones touched the sky was different. Legendary cultivators could travel anywhere in the sky like an invisible feather.

If they did not want to reveal themselves, no one at the lower levels would be able to sense their existence, not even sky soaring cultivators!

Suddenly, there was a vibration inside the cave. The middle-aged man opened his eyes, revealing a pair of black, deep, enigmatic eyes.

It was as if there were stars in his eyes that swirled around and released sacred rays of light.

His lips moved a little as if he was mumbling to himself. “Looks like I’ll have to leave here soon.”

The middle-aged man was the man whom no one dared to impersonate.

He was Jing Cha—Jing Cha the Legendary!

One of the three legendary cultivators of China!

“I have this premonition that something big has happened!”

Soft sounds were emitted from his mouth. It seemed he was still mumbling to himself softly.

Chapter 296 I Have To Save Her

That evening, inside a room at the Grand Xing Feng hotel, a figure was sleeping soundly on the luxurious bed. His face was a little pale. He was shirtless, and his chest was covered with bandages.

Crimson blood seeped out of the bandages on his chest

No one knew how much time had passed. He finally moved his hands. His eyelids trembled and started to open.

‘It hurts...’ This was the very first thought he had. He was none other than Bai Chen.

He blinked several times to organise his thoughts. At this time, he could only remember that his body had flown such a great distance back, he could not do anything about it. He later fell unconscious.

At that moment, he knew full well that he had not had this large wound on the chest. The pain had only been from his arms, which he had used to guard against the old man Foo Yen's attack.

Bai Chen could only guess that the wound had probably come from when he'd dropped onto the ground as he'd passed out. He might have fallen on something sharp.

For him, this was nothing. He thought it was good enough that he was still alive.

Bai Chen stopped thinking about things. He lowered his head to look at his body and found that he was shirtless. There were bandages wrapped around his chest. The necklace of fortune was still on his neck.

'I'm back in my regular body.'

Bai Chen could tell immediately that he was back to his 18-year-old self, not the middle-aged man named Liang or Hu Yuan. His sky soaring power was also gone.

He thought that maybe it was because he had fallen unconscious, so the thousand-face skill and the sky soaring power had vanished.

Once he could sit properly, he swept his eyes around the room. He suddenly realised that the room and decorations looked identical to those of the Grand Xing Feng hotel.

"T... The Grand Xing Feng hotel!" Bai Chen could not help but exclaim. His face changed colour.

He suddenly thought of the old man Foo Yen. He should be dead by now since Bai Chen's last blow had cleaved his heart in two. It would take a miracle for him to have survived.

"Wang Chengye... Is he still here?"

Of course, he suddenly thought about Wang Chengye, too. He wanted to kill Wang Chengye.

However, he knew that he could not do that in this state. Bai Chen finally sighed.

"I'll put the matter of Wang Chengye aside for now. How did I get here and who brought me into the hotel?"

Bai Chen was a clever man. He knew that somebody must have helped him.

No matter who it was, Bai Chen thought that he had to be deeply thankful to them and he would do everything in his power to repay them. He could have been in some other sort of danger if he had not been rescued.

At that moment, he heard the door open. Somebody walked into the room. She possessed a beautiful, fair face with golden eyes and long, wavy hair.

She was none other than Lu Zhi Yun, or Mary Dington.

"Y... You!" Bai Chen opened his eyes wide and looked at her with disbelief. He did not expect that the person who'd rescued him would be Lu Zhi Yun, the beautiful foreign woman who was a great narcissist.

“Hiiii! You’re awake.” Lu Zhi Yun smiled when she saw Bai Chen’s reaction. She sighed and thought that Bai Chen must surely have fallen for her beauty once again.

Bai Chen adjusted his facial expression so that it was calm. Then, he lowered his face and expressed his gratitude in English. She had really helped him out this time.

“Thank you, Mary, for saving my life.”

“Don’t mention it. What did you get yourself into anyway? You know, I was so shocked when you dropped from the sky in front of me when I was just relaxing at Xing Xiang park. It was good that no one else was around, otherwise, there would have been chaos.” Lu Zhi Yun waved her hand.

Bai Chen was secretly surprised. He had not expected to fly off all the way to the park!

The distance between Xing Xiang park and the Grand Xing Feng hotel was rather great. It was only normal for Bai Chen to be surprised.

Seeing Bai Chen go quiet, Lu Zhi Yun did not try to pry. She knew that everyone had their own secrets.

Although Bai Chen did not have any serious wounds, she could not help but wonder how Bai Chen had fallen from the sky. It was unbelievable and not something that could happen easily.

‘Is it related to cultivators?’ Lu Zhi Yun thought. She was also a cultivator, so that was the only thing that she could think of.

Perhaps Bai Chen had made a cultivator angry, gotten dragged up into the sky, and had been tossed down.

“I can’t tell you anything. I’m sorry,” Bai Chen finally said. He refused to tell her what had happened to him.

There were two main reasons why he did not want to tell her. The first was that it was his private business, and the second reason was that it involved cultivators.

He thought that Lu Zhi Yun was just a normal beautiful foreign woman. She would not know anything about cultivators. If he told her about this, she would think that he had gone mad.

“It’s okay. Don’t worry,” Lu Zhi Yun said, even though she was still curious.

“Do you want me to call Xu In? She is probably worried about you.”

Bai Chen quickly shook his head. If Long Xu In knew about this, she would certainly be worried. She already had so much on her mind, what with all the arranged marriage matters. He did not want to put more pressure on her.

What he should do now was rest and heal. After that, he would come to investigate again to see if Wang Chengye was still here. He would not hesitate to kill him if he was!

Compared to the two sky soaring cultivators that he had killed, Wang Chengye was an easy target. However, if he had already run away, Bai Chen would have to wait for another chance.

The reason why Bai Che did not want to check now was that he was still badly wounded. He did not want to risk it. Going in his best condition would be much better.

Chapter 297 Only For Now

“Is that so?” Lu Zhi Yun asked once she saw Bai Chen shaking his head, refusing to let her call Long Xu In.

“Yes,” Bai Chen answered without having to think.

“Okay. No problem. You can rest as long as you like. I have a business to attend to. You can leave whenever you want.”

Lu Zhi Yun told Bai Chen and turned around, ready to leave the room.

However, before she left, she realised something that she could not hold in any longer.

“Oh, right. Do you know something big happened at this hotel?” She turned to look at Bai Chen again.

“Something big?” Bai Chen frowned, feeling curious.

“Yes.” Lu Zhi Yun nodded. Bai Chen seemed to not know anything about it.

“Something big happened here today, and it is rather interesting. Rumour has it that there was an assassination in Wang Chengye’s room. He’s the youngest son of the Wang family’s current head.”

Lu Zhi Yun stopped a little before she continued, “Wang Chengye escaped with his 8 bodyguards. However, Dong Hen, his right-hand man, and a bald old man were killed!”

“.....”

Hearing Lu Zhi Yun speak, Bai Chen went speechless. He did not say anything. His hands clenched tightly without him knowing it. He secretly sighed. It seemed like he did not have to look for Wang Chengye here anymore.

From what Lu Zhi Yun had said, it was obvious that Wang Chengye had escaped to Beijing. There was no way he was still here in Xing Zhou city.

He knew Wang Chengye. He loved himself so much that he was scared of death. Both the old man Foo Yen and master Yien, both sky soaring cultivators, were already dead. That was why Wang Chengye would be so scared, he would not want to stay here anymore.

Bai Chen regretted that he had not gotten a chance to kill Wang Chengye, the man that he hated the most.

However, he must admit that he was quite relieved because that meant his plan to build a luxurious supermarket had also been cancelled.

What should have happened would not happen!

“However, it is a shame that he’s not dead, though.” Lu Zhi Yun sighed in disappointment.

Bai Chen, still silent, looked up at her beautiful face, feeling amazed by her words.

“You hate him?” he could not help but ask.

Lu Zhi Yun blinked several times and answered, “I don’t hate him exactly. I just don’t like him!”

She did not tell Bai Chen that Wang Chengye was the man that her family wanted her to marry.

Wang Chengye was infamous. If he died, it would be good for her. She would not have to marry him.

Bai Chen knew that Lu Zhi Yun did not speak the truth. Maybe there was something between the two of them, which was why she wanted him dead.

However, he did not want to pry. He felt better about her just because she hated him too.

“All right, I have to go now. I want to go to a good casino to accumulate a lot of money.”

Lu Zhi Yun did not want to waste any more time because she had something important to do.

Of course, she wanted to go to a casino to gather money!

Bai Chen opened his mouth in awe. He recalled that she’d also talked about a casino when they first met.

Bai Chen could not help but be amused and think that this pretty foreign girl was quite interesting. She was beautiful, a narcissist, and also loved gambling. He thought that she was quite an independent thinker.

“Don’t worry much about me saving you. I helped you because you’re Xu In’s boyfriend. There’s no need for any repayment. The doctor that I called in was the one who took your shirt off, so don’t worry about that. I’ll be off now.”

Lu Zhi Yun left these as her parting words and exited the room. She was quickly out of Bai Chen’s sight. Bai Chen did not have a chance to say anything.

Bai Chen could not help but shake his head. He was quite grateful to her. If not for her, no one would have helped him. He would still be lying there until his wounds got infected.

He thought that if Lu Zhi Yun happened to need his help in the future, he would help her without hesitation in order to repay her.

He suddenly realised that he did know how long he had been unconscious. He looked out the window.

The sky was completely dark. It was already nighttime.

‘I have to hurry home,’ Bai Chen thought.

It was already nighttime. If he returned home late, his parents would definitely be worried.

Bai Chen took out his own clothes and changed, even though he still had bloody bandages on his chest.

However, they were covered by his clothes, so he did not have to worry that his parents would see them.

After changing, Bai Chen left the room and returned home.

.....

“Little Chen, you’re back.”

In less than half an hour, he reached home. Bai Chang, his father, was waiting for him out front.

“I’m home, father.” Bai Chen smiled. He felt very happy that he could protect his parents and the Xing Seng business district.

Even though that main problem called Wang Chengye was still out there, it was good enough for the time being.

“Come in. Your mother prepared food for us. Let’s eat.” Bai Chang got up from his seat and led the way inside the house.

Bai Chen stood still and looked at Bai Chang’s back. He could not help but smile.

He followed his father inside and walked towards the dining table. There were several appetizing dishes and warm cooked rice on plates.

Bai Yu, his mother, was sitting and waiting for him there. “You’re finally here, little Chen. Your father and I were waiting.”

Bai Chen could not help but smile. “I’m sorry, mother.”

“Forget about it. Come and sit.” Bai Yu made a hand gesture to call him to his seat.

Bai Chen did not hesitate to walk toward his seat. His heart was filled with nothing but happiness.

They started to eat. The atmosphere was certainly a happy and warm one.

Chapter 298 A Relaxing Mission

At dawn, Bai Chen woke up at around 5 a.m. He looked at the wound on the chest. Seeing that blood no longer seeped out, he sighed with relief.

He sat down on the bed and called the Life Changing System window up.

[Category]

The reason why Bai Chen called it up was that he wanted to see the next mission so that he could go do it.

Due to Wang Chengye's arrival, he was not in the mood to do missions at all. However, today was different.

He wanted to complete a mission today for more points, level opportunities, and magical bonuses so that he would have the chance to trade for more new items.

Even though Bai Chen still had enough cultivator-impersonating pills to kill Wang Chengye and perhaps destroy the Wang family.

However, that depended on if he was lucky enough to get the power and experience of a sky soaring or legendary cultivator.

However, that chance was not guaranteed. Also, he still needed to destroy the Xi family and the Jing Cha Secret Organisation, too. That was why Bai Chen wanted to do more missions now.

Speaking of the Jing Cha Secret Organisation, Bai Chen knew that Jing Cha the Legendary was the man behind it.

Bai Chen could not be certain that he would be all right if he had to face a legendary cultivator as the pill did not guarantee the outcome. Also, this was another reason why he wanted to do more missions to gain more points and magical bonuses.

To be honest, he wanted to travel to Beijing to kill Wang Chengye right away, but because of Long Xu In's matter, he could not. Her problem was a big issue for him, too.

This was because it was also about a legendary cultivator...Ming Kong the Legendary!

Of course, Bai Chen felt pressured. He could not predict whether the last 2 pills that he had would randomly grant him the power and experience of a legendary cultivator or not.

If not, he would not be able to help Long Xu In and might have to face death. Legendary cultivators would not let anyone who bothered them live!

However, Bai Chen still wanted to help Long Xu In. He was more than happy to help her, regardless of the outcome. She had helped him a great many times, and he also had feelings for her.

He suppressed the good feelings he had for her inside of himself because he already had Li Lin in his heart.

Bai Chen did not take a long time to look at the Life Changing System window. He frowned a little because the next mission seemed to be a rather relaxing one.

Bai Chen hesitated a little as if he was not sure if the name of the mission would actually correlate with the details. Then, he clicked it open.

[Mission 33: Fish at the riverbank]

Description: You have to go fish at the specified location.

Reward for success: Win 25 points + 25 magical bonuses

Bai Chen blinked several times after reading through the details. The mission was certainly a relaxing one and it was not difficult at all.

Actually, it was very easy. However, that was only reasonable as there were only 25 points for it.

Of course, there were 25 magical bonuses too.

Normally, Bai Chen would complain about it because there were so few points and magical bonuses. However, he was actually quite satisfied with it this time.

This was because he was still injured. The wound on the chest was still throbbing. To be able to have a relaxing mission right now would be better.

Bai Chen closed all the windows down and walked into the bathroom. He showered and changed for the mission.

The showering part was hard. He had to be careful not to let water touch his chest wound.

At around 8 a.m., Bai Chen left the house calmly. It was Friday, but he did not go to school because of his wound.

If an accident occurred and blood seeped out again, it would be complicated to explain it to his classmates and teachers.

That was why taking a day off would be better. Bai Chen had chosen to do a mission instead of going to school.

Bai Chen walked along the road in the Xing Seng business district. He greeted everyone with a happy smile.

Not very long after that, he reached the entrance of the district.

However, he did not stop walking. He continued until he reached the main road so as to call a taxi to go to one of the rivers in Xing Zhou city.

After a while, he got into a taxi. After that, he called up a mission window. He looked at the green guiding arrow and told the taxi driver his destination.

Minutes after that, the taxi departed.

Chapter 299 Ming Kong The Legendary

At around 10 a.m., an old man and a younger man were sitting on a sofa facing each other inside a room at the Grand Xing Feng hotel. They appeared to be discussing something.

The old man seemed to be in the age range of 70 to 80 years old. His face was wrinkled and his hair was all white.

The old man was dressed in black traditional Chinese clothes. It was an odd sight.

As for the younger man, although he was only 28 years old, he appeared older. His face looked as if he was in his middle age.

He dressed differently from the old man. Instead of being in a traditional Chinese outfit, he was dressed in an extremely expensive black suit.

The suit alone likely cost around a million yuan!

“Jiu Er, you didn’t have to dress up like this so early,” the old man in black said.

“Why shouldn’t I, master? I’m getting a wife. If I didn’t dress nicely, her family might scold me.” The young man whom the old man called ‘Jiu Er’ answered him with a smile.

From what he was called, it was obvious that he was Chiu Jiu, Ming Kong the Legendary’s student!

He was a man whom Long Xu In had said wished to marry her, and whose proposal the Long family had agreed to.

This was because they thought that the family would reach the pinnacle in no time if they could become connected to a legendary cultivator through marriage.

Also, it was not hard to guess who the man Chiu Jiu called ‘master’ was. He was no doubt Ming Kong the Legendary!

Unexpectedly, one of the three legendary cultivators of China had appeared in Xing Zhou city!

If this information leaked out, the cultivator world would undoubtedly be in chaos. It was rare for legendary cultivators to appear in a particular location.

Hearing what Chiu Jiu said, Ming Kong the Legendary could not help but shake his head and sigh.

“It seems that my beloved student is head over heels for this Long girl.”

Chiu Jiu smiled. “You can’t blame me, master. I have always been practising my lessons with you since I was young. I didn’t have time to meet any pretty girls...”

“Enough.” Ming Kong the Legendary stopped Chiu Jiu from talking. He knew that Chiu Jiu would go on with nonsense that he did not want to hear.

“However, Jiu Er, are you certain about this girl from the Long family? I know I’ve been busy with my practice lockdown, but I heard that the most beautiful girl in Beijing was not her, but a girl from the Xu family.”

Ming Kong the Legendary suddenly recalled this and could not help but say it out loud.

“Is that so, master?” Chiu Jiu could not help but frown. “Is there a girl more beautiful than Long Xu In?”

“There seems to be.” Ming Kong the Legendary was not certain about it since he did not know whether what he’d heard was the truth or lies.

“Anyhow, forget about it, master. For me, Long Xu In is enough.” Chiu Jiu shook his head. If his master was not sure about what he had heard, there was no reason why he should care about it.

Long Xu In was enough for him. She was the most beautiful woman that he had ever met in his life. From the very first second that he’d laid eyes on her, he had decided that he would definitely make her his wife!

Chiu Jiu had not hesitated to ask Ming Kong the Legendary, his master, for help. Also, that was why they were here at the Grand Xing Feng hotel together right now.

The reason why they were here was that they were waiting... waiting for the Long family to make an appointment and talk about the wedding plans... from the date and time to the location!

It had to be here in Xing Zhou city because Long Xu In did not want to leave the city. Thus, they’d had to come here themselves.

Truthfully, a person as glorious as Ming Kong the Legendary did not have to come all the way here. He’d decided to do it for his beloved student.

Ming Kong the Legendary looked at his dearly beloved student and spoke with a serious tone. “Jiu Er, I went out of my way to do you a favour. I hope you don’t forget what you promised me.”

Hearing his master, Chiu Jiu went quiet for a second. He shook his head many times.

“Don’t you worry, master? After I get to marry Long Xu In, I’ll go into practice lockdown and will give it my all to step onto the earth solid level!”

“I’m relieved to hear that.” Ming Kong the Legendary nodded in satisfaction. “Now you’re at the formation level—only a single step and you’ll be at the earth solid level. If you succeed, you’ll be a great credit to me.”

“I won’t let you down!” Chiu Jiu hit his chest determinedly. He knew that Ming Kong the Legendary had put a lot of faith in him. He hoped that Chiu Jiu would be able to reach the earth solid level before turning 29.

If he could do that, Ming Kong the Legendary would be able to boast about it with Lu Zhun Gu the Legendary as Lu Yi, his student, had reached the earth solid level at the age of 29 as well.

If he could reach it before the age of 29, that meant he had potential that was superior to Lu Yi’s, Lu Zhun Gu’s student.

Ming Kong the Legendary had once fought with Lu Zhun Gu the Legendary because of some issues that they did not agree upon.

They were equal in power. Both had been injured. There had been no winner.

Therefore, it was only normal for both of them to hate each other so much that they competed through their own students.

Of course, Lu Zhun Gu the Legendary was now in the lead because Lu Yi, his grandson, was a genius. He had been able to reach the earth solid level before he turned 30!

Chapter 300 As If A Storm Is Coming

While Ming Kong the Legendary and his beloved student, Chiu Jiu, were talking happily with each other at the Grand Xing Feng hotel, a visitor had just arrived at Lu Yi’s house in the middle of the forest in Beijing.

He had a heavy, suffocating aura around him, making it difficult to breathe for Lu Yi. He was dressed in pure white traditional Chinese clothes. He was none other than Jing Cha the Legendary!

He was the founder of the Jing Cha Secret Organisation. He was the glorious being who was behind everything in the organisation!

Jing Cha the Legendary and Lu Yi were sitting inside the living room of the house, facing each other.

Jing Cha the Legendary was calm. His face lacked any sign of emotion. Lu Yi was the total opposite. His face was covered in sweat. He could not breathe normally. He felt like there was pressure pushing down on his shoulders all the time.

However, it was only normal when one had to meet another individual who was a lot stronger.

Lu Yi was at the earth solid level. He was still two major steps away from the legendary level.

Although it seemed to be only two steps away, the strength was so different, that it was incomparable.

To be specific, earth solid cultivators were only ants in the eyes of legendary ones!

“So, what is this about?” Jing Cha the Legendary broke the silence.

Actually, he'd received and read Lu Yi's letter yesterday. That was why he had left his practice lockdown and rushed here.

However, he still did not want to believe all of it. He wanted to hear it from Lu Yi directly.

It was his premonition that had brought him out of his practice lockdown.

It was obvious that legendary cultivators' premonitions were accurate and should not be underestimated.

Lu Yi wiped the sweat off his face. It was true that he had met his grandfather Lu Zhun Gu the Legendary, who was at the same level as Jing Cha the Legendary, but he had never felt as pressured as this.

However, he knew that it was because they were not related by blood. They were not even close and were of a totally different class.

A good example of this was how Ming Kong the Legendary and his beloved Chiu Jiu talked with each other. Chiu Jiu did not seem to feel any pressure.

That was because they were close. They had the close relationship of a master and student, although they were not bonded by blood.

"I...It's exactly what I wrote about in my letter."

Lu Yi finally said this with a trembling voice.

"Wang Chon Feng was here to see me yesterday and told me all about it. Master Yien was killed in Xing Zhou city along with another sky soaring cultivator named Foo Yen, the Wang family's protector!"

Lu Yi inhaled deeply and continued.

"I've investigated into this matter and the truth was as Wang Chon Feng said, although I did not discover master Yien's body, only Foo Yen's. That still confirms it."

"As I've not been able to contact master Yien, I quickly reported it to you."

Jing Cha the Legendary went quiet. He did not say anything after that.

Lu Yi was the same. He knew that Jing Cha the Legendary was thinking and most definitely should not be disturbed. If Jing Cha the Legendary ever got angry, he would never be able to handle him.

This was even though he still looked down upon Jing Cha the Legendary a little.

This was because Jing Cha the Legendary was still very young, and he could not be compared to his grandfather.

However, that was another story. Most of the time, Lu Yi respected Jing Cha the Legendary because of his great power.

“A sky soaring cultivator named Hu Yuan?”

After a long silence, Jing Cha the Legendary started to speak in his calm voice. It was as neutral, calm, and emotionless as his facial expression.

“He was able to kill both Yien Tian Hun and Foo Yen. That means he’s a strong one. Maybe this man is almost at the legendary level, otherwise, he wouldn’t have been able to kill both sky soaring cultivators at the same time!”

‘A... Almost at the legendary level!’

Lu Yi was highly shocked. It could be said it was the greatest level of shock. His facial expression changed.

What Jing Cha the Legendary said had made him panic. He thought that it was probably as Jing Cha the Legendary had said.

If Hu Yuan, the sky soaring cultivator, was not almost at the legendary level, he would certainly not have been able to fight two sky soaring cultivators at the same time, let alone kill them!

There was absolutely no way!... There was no way!

“Since the people of my organisation were murdered, I have to go take care of it. Killing Yien Tian Hun is equivalent to reducing the strength of my organisation.”

While Lu Yi was still mentally shocked, Jing Cha the Legendary gave voice to his decision. He had decided to kill Hu Yuan. To be more accurate, he was going to kill Bai Chen!

“Hu Yuan is in Xing Zhou city, correct?” Jing Cha continued.

“Yes,” Lu Yi quickly answered and nodded.

“Good!” Jing Cha the Legendary also nodded. He got up from his seat. “I’ll go to Xing Zhou city now to see what sort of person Hu Yuan is to dare kill my men!”

After he said these words, Jing Cha the Legendary suddenly disappeared from sight. Lu Yi did not even know how he had done it.

However, he did not care much about it. He only sighed with relief.

He felt relieved now that Jing Cha the Legendary was gone. He could breathe normally again without feeling any pressure.

That meant Xing Zhou city was about to encounter a big disaster, as Jing Cha the Legendary would be there soon.

Also, there would be as many as two legendary cultivators in town once he got there!
