

## Life Changing 301

### Chapter 301 Excitement Within The Fear

Four days later, it was Tuesday. Bai Chen woke up at dawn. He hurriedly showered and changed.

After all that, he put the suit that Xu Xue Ning had bought for him into his dimension ring. Then, he helped his parents with the shop preparations and had breakfast before leaving the house.

Bai Chen actually had to go to school today, but he chose not to. There was something important that he had to take care of. He had to help Long Xu In from being forced into a marriage.

Bai Chen walked to the entrance of the Xing Seng business district. It was almost 7 a.m. He chose to stand in a cool place to take the air.

Of course, he was not here simply to take the air, he was also here to wait for Long Xu In.

She'd called him last night and spoke with a worried tone. She told him to wait for her at the entrance of the Xing Seng business district early in the morning, so she could pick him up. She would take him to where she had to go talk with Chiu Jiu about the wedding plans.

Bai Chen had agreed with a serious tone of voice. He knew that it would not be easy to get Long Xu In out of this arranged marriage.

This was because Chiu Jiu, the man who wanted to marry Long Xu In, had a strong master!

That master was a legendary cultivator named 'Ming Kong' or 'Ming Kong the Legendary' in the cultivator world!

How would it be easy then?

Although he knew that it would be very difficult. Bai Chen still wanted to help Long Xu In. He had already agreed to help her and he had to do it. Whatever it took!

'In the worst case, if I take the cultivator-impersonating pill and don't get the power of a legendary cultivator, I should be able to use the relocating talisman to flee with Long Xu In.'

Bai Chen thought this while waiting for Long Xu In.

He had just gotten the relocating talisman yesterday from the Life Changing System.

It was four days ago that he'd received enough points for another chance to get a low-grade item.

It was Friday. Bai Chen had gone out for a relaxing mission. He'd had to fish at the riverbank. He completed the mission quite easily.

Also, he had completed another 3 missions over the past four days. They were also very easy and relaxing ones. He'd received only a few points and magical bonuses from them.

He had only gotten 100 points and magical bonuses in total. It was enough for Bai Chen to get another low-grade item. That was why he had gotten this relocating talisman.

Its ability was not much, aside from...

### [Relocating Talisman]

Description: The relocating talisman is a popular talisman in the cultivator world. You can use it to relocate yourself to a faraway place in the blink of an eye. It is the most useful when you want to flee from a dangerous situation since you cannot specify the destination. However, this is an incomplete talisman. It can only be used once, while the complete one can be used more than a hundred times!

Grades of Special Items: Low, Medium, High, Supreme

---

Bai Chen was slightly relieved when he thought of the relocating talisman.

‘And I still have this.’ Bai Chen suddenly took something out of his dimension ring. It was the mind-reflecting bracelet. There were only two uses left because it was a low-grade item.

However, one should not underestimate it since it could repel even the mind of legendary cultivators!

If Ming Kong the Legendary tried to pry into his mind, his power would be deflected and he would definitely be mentally injured. It was like what had happened to the old man Xu Sien Yi!

This was why Bai Chen took the bracelet out of the dimension ring. He ran his fingers over it softly before putting it back into the ring.

However, Bai Chen could not be certain that Ming Kong the Legendary would try to get into his head since the old man Foo Yen and master Yien had not done that either.

“Right. Xu In isn’t here yet. I might as well take this free time to look at the new mission.”

Bai Chen suddenly recalled this and talked softly to himself. He called the Life Changing System window up.

It was obvious that he had not opened it since the last mission. Thus, it was only normal for him to do it now.

---

### [The Life Changing System]

User: Bai Chen

Age: 18 years old

Level: 12 (50/100)

Description: You still need 50 points to level up.

Instruction: If you wish to change your life into what you have always wanted, proceed with the following missions!

[Mission Dashboard]

Mission 37: Slay the legend! (500 points + 500 magical bonuses)

[Magical Shop]

Description: You can use your magical bonuses here to trade for a chance to get special skills or items at random

[Category]

Low: 100 magical bonuses

Medium: 500 magical bonuses

High: 1000 magical bonuses

[You currently have 40 magical bonuses]

---

“T... This!” Bai Chen’s eyes were so wide they almost popped out of their sockets when he saw the name of the mission. The name and number of points and bonuses surprised him...it was extremely surprising!

His body violently trembled. He breathed rapidly. His heart also raced quite wildly!

It took him a while for him to be able to suppress his emotions. He was still trembling, but not as much anymore.

“Slay the legend...” Bai Chen muttered with parched lips. The mission’s name scared him. However, he also felt excited.

Of course, his excitement came from the points and magical bonuses that he would receive...

Five hundred points!

Five hundred magical bonuses!

It was enough to push his level up by another 5 levels. He would also be able to have a chance to get one medium-grade item!

How could he not feel excitement mixed with fear at the same time?!?

Chapter 302 Unable To Suppress It

With all the excitement and fear, Bai Chen had to inhale deeply one time to calm down.

After that, he opened up the details of mission 37 with no hesitation.

---

[Mission 37: Slay the legend]

Description: You have to kill one legendary cultivator!

Reward for success: Win 500 points + 500 magical bonuses

---

After he read all the details, Bai Chen went quiet for a long while.

The reason why he acted like that was because... it was as he'd thought!

Slay the legend...meant killing a legendary cultivator!

He had started to expect this since the moment he'd muttered 'Slay the legend...' to himself earlier. It was when he had started to feel scared of the name of the mission.

"I'll be meeting Ming Kong the Legendary today!"

Bai Chen felt a little fired up. He was going to meet Ming Kong the Legendary today, so there was no doubt that the legend that he had to kill was obviously him!

Bai Chen clenched his fists. His face broke into a sweat. To be honest, he was not at all confident that he could kill a legend.

That was unless the cultivator-impersonating pill could grant him legendary powers. He would be confident about it then.

"This mission is very dangerous. It makes me scared." Bai Chen blinked and raised his head upward. "And at the same time, it makes me feel excited."

The reward would grant him a chance to get a medium-grade item and another 5 levels. How could he not be excited?

Bai Chen lowered his head and closed his eyes. He was thinking.

Five minutes passed. Bai Chen finally opened his eyes. They sparkled as if he had made his decision.

"The mission has to wait. I have to help Long Xu In first."

Bai Chen decided to focus on helping Long Xu In first. He would have to face the legend anyhow.

When that time came, Bai Chen would use the pill. If it granted him legendary powers, of course, he would fight and try his best to kill Ming Kong the Legendary.

However, if he got power of lower levels, he would flee along with Long Xu In by using the relocating talisman. Clearly, that was what he was thinking.

It was true that he would focus on helping Long Xu In first.

However, if the pill granted him the power of a legendary cultivator and he could kill Ming Kong the Legendary, mission 37 would be completed, too.

Of course, he also thought about that.

At that moment, Bai Chen saw a luxurious BMW coming towards him. It parked not very far away from him.

Bai Chen knew right away that Long Xu In was here. He did not hesitate for a second and walked towards the car right away.

“Get in.” When he got to the car, he heard the slightly tired voice of a woman from inside the car, behind the lowered window.

Bai Chen did not say anything. He only nodded and got into the car.

As soon as he did, Bai Chen softly closed the car door and looked at Long Xu In.

She was in a black suit. It was so black, it was as if she was going to a funeral. Her hair looked nice, yet still was a tad messy.

Her face was a little pale. She did not wear any make-up. There were little dark circles around her beautiful eyes under those gold-framed eyeglasses.

“Xu In, have you been getting enough rest?” Bai Chen could not help but ask.

Long Xu In went quiet for a while before answering, “I have rested fully.”

It was obvious that she was lying. She would not be in this state if she had rested fully.

However, it was only normal for her to lie because she did not want Bai Chen to be worried.

p That meant she was still worried, even though Bai Chen had already agreed to help her.

Even with his magical ability, Long Xu In’s anxiety could not be completely calmed because the other party was not a normal man. He was a legendary cultivator!

She did not know how strong the legendary cultivators were, but judging from what her father had told her, she knew for sure that they were terrifying. It was not worth it to get in trouble with them.

Therefore, it was only normal that Long Xu In would be so worried that she was sleep-deprived.

Listening to her answer, Bai Chen could not help but shake his head. He understood her meaning right away and changed the subject.

“Where is the place they’re meeting you?”

“A vacation home to the north of Xing Zhou city,” Long Xu In answered.

The Long family had just bought this vacation home only several days ago especially to accommodate Ming Kong the Legendary and Chiu Jiu. They would use this place to plan the wedding too.

Although it was called a home, it was actually a big, luxurious mansion.

Bai Chen nodded. They did not talk anymore after that. Then, Long Xu In drove out to the vacation home.

Bai Chen stole a glance at Long Xu In while she was driving. He did not understand why her pale face pained him. It was not a great pain, but it was definitely painful.

Bai Chen clenched his fists and thought, ‘I have to help her. I hope the odds are in my favour!’

Bai Chen clutched the necklace of fortune around his neck. He hoped that it would grant him luck. He needed more luck than last time when he was facing two sky soaring cultivators, the old man Foo Yen and master Yien.

‘This feeling is certainly...’ Bai Chen secretly sighed.

He knew now that he was in love with Long Xu In. He loved her, even though he had to keep it inside.

However, it seemed like he could not hide it anymore when he saw her in this state!

Bai Chen looked out the window. He secretly sighed again at the clear blue sky.

‘Why is my heart split... Li Lin... Xu In...’

### Chapter 303 The Meeting Day

In the north of Xing Zhou city, there was a residential area full of houses. One could say that the northern part of Xing Zhou city was a vacation home district.

There were a great many vacation homes here, whose prices were not exactly affordable for ordinary people. They were so expensive, the cost of them was enough to take care of one family for a lifetime.

One of the residences there was so luxurious, it was obvious how much it cost.

p It would actually be more accurate to call it a mansion. It was a big three-storey mansion that was spacious enough for a great many people to live in it comfortably.

It was only normal for it to be called a residence because a mansion was considered a residence, too.

It was vast. There was even a spacious living room furnished with quality appliances.

A distinguished middle-aged man was sitting to the side of an old man. He was in a neat suit, while the old man was dressed in a Chinese-style outfit. They sat there quietly.

It was not like they did not want to say anything. They just did not dare to speak because the two people in front of them were people they would not want to get in trouble with.

The two people in front of them were none other than Ming Kong the Legendary and his student, Chiu Jiu.

Chiu Jiu was in a white suit. It was actually what he had been wearing for the past four days. His overly-mature face was full of happiness. He smiled happily. He only had images of Long Xu In in his head.

He imagined her beautiful, sexy body when she was not wearing anything...

It was obvious that Chiu Jiu was someone with a lewd personality.

He could not help but lick his lips when he thought about Long Xu In’s naked body. His body felt hot all over. The tiny lump of flesh between his legs grew erect.

Chiu Jiu had already decided that he would propose that the wedding take place as soon as tomorrow.

He did not want to wait any longer. Not even a second more. He wanted to possess her body so much, his heart could not take it!

How could he wait any longer?

Ming Kong the Legendary was sitting at Chiu Jiu's side. He looked at Chiu Jiu with a warm smile as if he was looking at his own son. It would not be wrong to say that he gave great importance to Chiu Jiu.

“Long Wen Rui, your daughter isn't here yet?”

After looking at Chiu Jiu for a while, Ming Kong the Legendary turned to look at the middle-aged man in the suit.

The man was none other than Long Wen Rui, Long Xu In's father and the current head of the Long family, one of the five big families of Beijing.

Long Wen Rui felt a great pressure in his heart. His body trembled. His face broke into a sweat. He answered with a shaking voice, “A... Any minute now, sir. Xu In is driving here.”

“That's good.” Ming Kong the Legendary nodded. He suddenly recalled something and turned to the old man at Long Wen Rui's side. “Long Wu Lei, I heard a rumour from your maid. I do not know if it is true or not?”

“R... Rumour?” The old man to the side of Long Wen Rui was none other than Long Wu Lei, Long Xu In's grandfather and Long Wen Rui's father.

“Yes. I heard that Long Xu In already has a boyfriend. Is that true?” Ming Kong the Legendary did not hold back with his questions.

Why would he hold back when he had all the power in the world? He was like a god in this world!

Mere mortals like Long Wu Lei or Long Wen Rui were not of any notice to him at all!

“L...Long Xu In has a boyfriend?!?” It was Chiu Jiu who was surprised by the question.

He was very alarmed upon hearing this. His smile suddenly vanished. “Is it true?”

On the other hand, Long Wu Lei and Long Wen Rui did not seem to be alarmed by it. They went pale. They all knew full well that Long Xu In was dating a man.

That man was Bai Chen. He was the man who had cured Long Wu Lei from ALS. If Chiu Jiu had not appeared in their lives and asked Long Xu In for her hand...

Of course, they would have let Long Xu In stay with Bai Chen until they were wed.

However, now that Chiu Jiu was here, all of that had gone to ruin. Both of them had already told Long Xu In to break up with Bai Chen.

Of course, it was impossible for them to break up.

This was because they had not been dating in the first place. How could they break up?

Long Shen, Long Xu In's older brother, and Long Xu In were the ones responsible for the misunderstanding.

When Bai Chen had been there to cure Long Wu Lei, Long Shen was the one who'd called Bai Chen his brother-in-law. That was why Long Wu Lei had misunderstood things. He'd even told Long Xu In that he would not get in the way if they were dating.

Long Xu In had told him that Bai Chen was her boyfriend because she had already decided that she would certainly make him that in the future.

That was the source of the misunderstanding.

"Well then?" Seeing both Long Wu Lei and Long Wen Rui having gone quiet on his master, Chiu Jiu shouted angrily. His voice was cold.

Chiu Jiu really wanted to know...did Long Xu In already have a boyfriend or not? And if that was true, was she still an untouched virgin?

Chiu Jiu only wanted to know whether she was an untouched virgin. If she was, he would not have any problem. He did not even care how many boyfriends she had had previously.

However, if she was not an untouched virgin, there was no chance he would be willing to marry her. He would only sleep with her until he was satisfied and then discard her afterwards!

It was obvious what kind of person Chiu Jiu was.

He was undoubtedly a bad man. The word 'bad' was not even enough to describe his true nature.

For Chiu Jiu, the words 'wholly evil bastard' were more appropriate!

#### Chapter 304 Beneath Notice

The atmosphere in the living room right now was not very good after what Chiu Jiu had shouted.

Long Wu Lei and Long Wen Rui's faces were much paler than before. It was not as if they did not want to answer, but they were afraid that Chiu Jiu would not be satisfied with the truth.

"No need to worry. Just speak the truth and I assure you nothing will happen." Ming Kong the Legendary spoke calmly.

Chiu Jiu did not shout anymore. He sat calmly. His face was gloomy.

Long Wu Lei and Long Wen Rui looked at each other. They felt a little more relaxed.

"I...It's true. My daughter, Xu In, is currently going out with someone. However, they already broke up because I told them to!" Long Wen Rui answered with a very soft voice that shook.

"Is she still a virgin?" Ming Kong the Legendary asked. It was obvious that he asked this question for Chiu Jiu.

He could guess right away what his student was thinking from his gloomy face. That was why he could not help but ask.

"Y...Yes, of course. Xu In has never slept with her boyfriend!"

Long Wu Lei said this. He knew his granddaughter well. She would not sleep with anyone before marriage.

“That’s good then.” Ming Kong the Legendary nodded as if he believed in what Long Wu Lei said.

In reality, he did not believe it. However, he could look into it himself.

With his strong mind, he would be able to tell if the girl was a virgin or not.

For normal people, this would be difficult to tell. However, it was a piece of cake for him.

“That...” Chiu Jiu was about to speak.

However, Ming Kong the Legendary stopped him. ‘There’s no need to say anything further, Jiu Er. I’ll prove that for you once Long Xu In gets here.’

Chiu Jiu was about to ask if what Long Wu Lei had said was true. However, after hearing his master via telepathy, he stopped. His face started to brighten up.

At that moment, a middle-aged woman in a maid’s uniform walked in. She bowed to everyone before making her report.

“Masters, the young mistress Xu In has arrived.”

“Let her in now!” Long Wu Lei and Long Wen Rui spoke almost at the same time.

The middle-aged woman nodded and rushed out.

“Finally, she’s here.” Chiu Jiu’s heart pounded. He smirked. Even though his mood was not improved, he was still very happy that Long Xu In was already here.

‘Virgin or not, she’s going to be mine anyway!’ Chiu Jiu thought lasciviously.

Ming Kong the Legendary was quiet.

Long Wu Lei and Long Wen Rui sighed with relief. Finally, Long Xu In was here.

To be honest, being in the same room with Ming Kong, a legendary realm cultivator, was very pressure-inducing. They could not breathe easily.

Less than five minutes later, Long Xu In walked in the living room. She was not alone, though. She was with a good-looking man!

He looked as if he was about 27 to 28 years old. He was indescribably handsome. His skin was fair and neat. He was a tall man in an expensive grey suit. He was none other than Bai Chen!

Yes! It was obviously Bai Chen!

He’d used his thousand-face skill to change his figure and face into a handsome young man.

There were only five uses of the skill left.

The reason why he had to change his appearance was because he wanted this new appearance to be his representative, in case he did not get the power of a legendary realm cultivator and had to flee after taking the cultivator-impersonating pill.

When he'd fled the scene by using the relocating talisman, Ming Kong the Legendary would not be able to know that this man was actually him. He would not be able to harm him.

Obviously, Bai Chen wanted to be in disguise to avoid danger if he did not get the power that he wanted from the pill.

The grey suit that he was wearing was the one he had brought from home. Xu Xue Ning had bought it for him when he was with her in Beijing.

Before they'd arrived, he asked Long Xu In to drop by a gas station. He had gone into the toilet and walked back out with his new, handsome appearance.

Long Xu In was very surprised. She did not even believe it when Bai Chen had told her. He had to change back to himself to make her believe it. She thought that this was certainly one of Bai Chen's magical abilities.

She did not ask why he had to do it, because she could make a guess.

Coming here in disguise would be better anyway, since the person they were facing was a legendary realm cultivator!

If he could not help her and had to flee, he would be safe from Ming Kong the Legendary because no one knew what he actually looked like.

Being able to guess all this was expected of the beautiful genius, Long Xu In.

"Xu In!" Seeing Long Xu In, Chiu Jiu locked his eyes on her right away. His heart raced fast. His face was full of desire for her.

Not so long after that, his face was locked in place when he saw Bai Chen. Bai Chen was very handsome, even to him. He could not even compare himself with Bai Chen.

"X...Xu In, who is that?"

Long Wu Lei stood up and asked this with a trembling voice. He had been extremely startled since the moment she had brought Bai Chen in.

Not only him, but Long Wen Rui also acted the same. The two of them were scared. It was as if Long Xu In wanted to slap Chiu Jiu's face with Bai Chen's existence.

If Chiu Jiu was angry, Ming Kong the Legendary would not leave it be. He would be furious!

If a legendary realm cultivator was angry, they could vanish at any moment—along with the whole family!

However, Ming Kong the Legendary was very calm about this. He did not even care who Bai Chen was.

Bai Chen was someone beneath his notice. However, if Bai Chen came in between Long Xu In and his beloved student, he would not hesitate to kill him off!

### Chapter 305 Reflecting The Mind

Ming Kong the Legendary was calm. He did not even look at Bai Chen. He sat still as if he was emotionless, but his eyes looked at Long Xu In's body.

The old man merely swept his eyes over her. His psychic ability worked automatically. He could determine in the blink of an eye if she was a virgin or not.

‘Still a virgin,’ Ming Kong the Legendary thought with satisfaction before looking at Chiu Jiu, his beloved student, who was sitting at his side.

Chiu Jiu had a gloomy face on instead of a happy one, even though he'd finally met Long Xu In, the young woman whom he wanted to marry.

When Ming Kong the Legendary saw Chiu Jiu's gloomy face, he knew right away why that was. It was certainly due to the man who had come with Long Xu In.

Ming Kong the Legendary was about to tell Chiu Jiu through his telepathy that Long Xu In was a virgin, but he decided not to. It would not be too late to tell him later.

Ming Kong the Legendary chose to do other things first, and that was to deal with Bai Chen, the indescribably handsome man who had just come along with Long Xu In.

The old man suddenly turned to Bai Chen and said calmly, “Young man, get out of here if you don't want to die!”

Chiu Jiu's face looked visibly better. “Didn't you hear what my master said? If you don't want to die, get lost!”

Long Xu In's face changed colour. She only felt uneasy when she heard what Ming Kong the Legendary said.

It was obvious that it was a threat. However, at the same time, it was not a threat. Ming Kong the Legendary's face was calm. It was obvious that killing a person was not a problem for him.

That made Long Xu In feel uneasy. She also felt a great pressure that made it hard for her to breathe.

Not only Long Xu In, but Bai Chen also felt it, even though he looked calm. He felt it was a little hard to breathe.

However, he thought it was only normal because he was in front of a legendary realm cultivator!

The pressure was a lot greater compared to when he had to face sky soaring realm cultivators. It was incomparable...it could not be compared in the slightest!

Bai Chen stood still. He did not dare to move. However, he was not that scared because he was here to help Long Xu In from being forced into a marriage.

If he was scared of legendary realm cultivators, he would not have been here in the first place.

Bai Chen inhaled once deeply. He hoped that Ming Kong the Legendary would pry into his mind. If so, the mind-reflecting bracelet would reflect his power back to him and cause him to be mentally injured.

Bai Chen wanted Ming Kong the Legendary to be mentally wounded. He would take the cultivator-impersonating pill immediately.

Then, he would wait and see if the pill granted him the power of a legendary realm cultivator or not.

If he received that, he would definitely fight and kill Ming Kong the Legendary!

He believed that he would have a greater advantage if Ming Kong the Legendary was mentally injured. Then, he could help save Long Xu In from being forced into marriage.

If not, Bai Chen would not hesitate to use the relocating talisman to flee with Long Xu In.

After getting away, he would have to think about what would come next.

“What if I don’t go, what will thou do?” Bai Chen finally spoke. His voice was as calm as the still surface of a body of water. He tried his best to keep his voice from trembling when he spoke.

“You!” Chiu Jiu’s face turned red with anger.

He did not think that Bai Chen would be this daring. Even with the threat from his master, a legendary realm cultivator, he still insisted on staying.

It would be strange if he did not get angry because he’d also tried to threaten him.

Unlike Chiu Jiu, Ming Kong the Legendary could not help but frown. Chiu Jiu might not have noticed that Bai Chen was using the vernacular of cultivators. He scrutinised Bai Chen.

He could not feel any spirit qi in Bai Chen.

Ming Kong the Legendary still frowned. He wondered why Bai Chen would talk like that, even though he was not a cultivator.

‘Or maybe he’s a cultivator, but he’s concealing his level with a magical item that even a legendary realm cultivator can’t see through?’ Ming Kong the Legendary thought.

His eyes suddenly sparkled. He quickly decided to pry into Bai Chen’s mind to check if he was a cultivator or not!

At the moment Ming Kong the Legendary made the decision to examine Bai Chen’s psyche, the mind-reflecting bracelet inside his dimension ring shook and glowed a bright, beautiful green. It turned into a line of light that pierced through Ming Kong the Legendary’s body!

Of course, Bai Chen was the only one who saw that.

Ming Kong the Legendary’s calm face while scrutinising Bai Chen suddenly changed. He started to tilt sideways and fell face-forward onto the floor.

His wrinkled face turned white. Blood gushed without stop out of his mouth. His heart started to race fast. He felt alarmed and scared.

‘L...Legendary!’ The old man’s lips moved, but nothing came out of them. He was merely saying it mentally.

‘H...He’s at the legendary realm like me!’

Ming Kong the Legendary could only think that Bai Chen was a legendary realm cultivator like him!

Otherwise, it would have been impossible for his power to be reflected back and he would not have been injured like this!

The reason why he thought so was because the reflection had not seemed so harsh that he would have gotten seriously injured.

If he received a serious mental injury, he would have to think that Bai Chen was a divine cultivator as only that level could seriously injure a legendary realm cultivator mentally!

### Chapter 306 Step Into The Legendary Realm

Bai Chen was stunned for a second when the mind-reflecting bracelet suddenly activated.

Not so long after that, his expression changed into a serious one. This was the moment that he had been waiting for—the moment when Ming Kong the Legendary used his power on him!

He moved his hand quickly and the cultivator-impersonating pills appeared in his hand. He’d pulled it out from his dimension ring. He threw it into the air and quickly caught it with his mouth.

Once the pill touched his tongue, Bai Chen felt the same as when he had taken it for the first time.

The pill immediately melted. The sweet fragrance of the pill and herbs exploded in his mouth.

Bai Chen blinked several times as if he was enjoying the taste of the pill. He started to feel relaxed. He then heard a notification sound in his head.

Ding!

---

[You have received the power of a legendary realm cultivator!]

Bai Chen’s eyes suddenly sparkled brightly when he saw the pop-up window. His body shook a little, but not as much as last time.

It was obvious that Bai Chen could control himself better now. Yet, he could not hide the excitement on his face. It was at its peak.

Last time, Bai Chen thought that he had just been lucky, but this time, luck was very much on his side. Otherwise, he would not have been able to gain the power of a legendary realm cultivator like this!

Also, as with last time, Bai Chen did not notice that the necklace of fortune that he was wearing was glowing with a bright blue light under his shirt.

What was slightly different was that there was a crack in the necklace!

Bai Chen was so excited that he had to inhale deeply before looking at the details of what he had just received.

---

[You have received the power of a legendary realm cultivator!]

Description: By taking the cultivator-impersonating pill, you have received the power of a legendary realm cultivator at random.

Ability: The power of a legendary realm cultivator, fighting experiences at a legendary level

Time limit: 10 minutes

---

All the details were reflected in Bai Chen's eyes. He started to receive images of the legendary fights in his head.

He saw an old man with a snowy white beard whose face was as calm as the still surface of a body of water. He was waving the palms of his hands.

Powerful drops of water formed and splashed out to take the lives of hundreds of enemies, thousands of enemies—countless enemies!

The last image was the old man standing still without a single wound on his body. Countless enemies had dropped dead at his feet!

Of course, Bai Chen not only got these memories of his, but also countless others.

However, the outstanding and terrifying memories were those of the old man with the snowy white beard!

After receiving the power and all the experiences, Bai Chen's eyes started to darken. There was a fading blue glow swirling in his eyes like a constellation in the sky.

Yet, within the smoothness was aggression, violence, and the most formidable power!

Bai Chen could sense that he was now very powerful. He had an unimaginable power!

“Y... You!” Ming Kong the Legendary finally spoke after pushing himself off the floor.

His eyes widened with surprise when he sensed the spirit qi that seeped out of Bai Chen's body.

Even though he'd already suspected that Bai Chen was a legendary realm cultivator when he reflected back his power earlier and injured him...

But he could not help but be alarmed at the spirit qi that he could sense. He did not expect that there was another legendary realm cultivator besides him, Jing Cha the Legendary, and Lu Zhun Gu the Legendary!

“M...Master, are you all right?” Chiu Jiu suddenly shouted. His face showed utter surprise.

He was alarmed at seeing what had happened to his master, which had been able to make him drop face-first onto the floor. He had been stunned for a moment. He'd only started to shout when he had regained his senses.

He even got up from the sofa and rushed to his master's side.

Actually, it was not only Chiu Jiu who acted like this, but Long Wu Lei, Long Wen Rui, and Long Xu In were also the same.

They did not understand why Ming Kong the Legendary had suddenly fallen and spewed out blood.

“Ming Kong, I won't waste any more time talking. Wouldst thou battle me?”

Bai Chen broke the silence. He did not have much time. He had only 10 minutes.

And right now, it was less than 10 minutes. That was why he had to rush and handle Ming Kong the Legendary!

Chiu Jiu was furious when he heard that. He did not imagine the handsome man who had come with Long Xu In would dare to speak to his master like this.

He stared at Bai Chen and said harshly through his teeth, “How dare thou...”

However, before he could finish his words, Ming Kong the Legendary stopped him.

“Silence, Chiu Er!”

“Master?!?” Chiu Jiu was surprised at being stopped. He turned to look at his master in confusion.

“Don't spout nonsense. He's not someone you should trifle with. He's on the same level as me, a legendary realm cultivator!”

Ming Kong the Legendary said this with an even voice. It seemed like he had calmed himself down.

“W...What?!?”

Chiu Jiu, Long Wu Lei, Long Wen Rui, and Long Xu In exclaimed this almost all at the same time.

Long Wu Lei, Long Wen Rui, and Long Xu In had already been surprised at Bai Chen's words earlier, and now, they were even more surprised at what Ming Kong the Legendary said.

It was like there was a confusing buzzing in their heads. They did not want to believe what they had heard. They even thought that they may have misheard.

However, what Chiu Jiu said confirmed it.

“H...Him? A legendary realm cultivator...How is that even possible?!?”

Chapter 307 Taken Away

“H...Him? A legendary realm cultivator... How is that even possible?!?”

Chiu Jiu shouted this with utter surprise.

He did not want to believe it because, for him, Bai Chen was only a man who was apparently of the same age as him. How could he be a legendary realm cultivator like his master?!?

**“Shut up!” Ming Kong the Legendary could not help but shout.**

He understood how Chiu Jiu felt, but now was not the time. He had to keep his cool.

This was because facing an unknown legendary realm cultivator was not something to be happy about. One had to be careful.

However, Ming Kong the Legendary still wondered and was surprised at how Bai Chen, though a legendary realm cultivator, could maintain his youth.

Of course, Ming Kong the Legendary did not believe that he was this young when he had reached the legendary level. There was certainly some method that Bai Chen used to maintain his youth.

The legendary level was not something that just anyone could reach.

In the cultivator world, there was only a few people who could reach the legendary level. All of them were gifted and had magnificent good fortune and destinies. It had taken them at least 200 to 300 years to be one!

That was why Ming Kong the Legendary did not want to believe it.

**“You...”**

Chiu Jiu wanted to say something after listening to his master. However, before he could finish his sentence, he suddenly felt weightless. He felt like there was some massive gravitational force that pulled him in.

That gravitational force was Bai Chen!

Actually, he did not create any gravitational force. He’d just made a grabbing gesture towards Chiu Jiu, and Chiu Jiu’s body had leapt towards him by itself as if it had been sucked in by a great gravitational force.

This was called ‘the will’ of legendary realm cultivators. With only their thoughts, a formless will would appear and do what they wanted.

Bai Chen grabbed onto Chiu Jiu’s shirt neck and flicked his hand. Both he and Chiu Jiu vanished in the blink of an eye.

**“You!” Ming Kong the Legendary’s eyes widened with surprise. He did not expect Bai Chen to dare to seize his beloved student in front of him.**

His face started to grow dark. His expression became cold. He suddenly turned into black smoke and quickly vanished.

He followed Bai Chen and Chiu Jiu because he obviously wanted to help his student.

The reason why Bai Chen took Chiu Jiu with him was because he did not want to waste any more time. He only had 10 minutes. He had to finish Ming Kong the Legendary off within 10 minutes.

He could not fight here. That was why he had taken Chiu Jiu hostage.

Bai Chen believed that if he did that, Ming Kong the Legendary would rush after him because Chiu Jiu was his student.

He would naturally care a great deal about the safety of his beloved student, and it was as expected. Ming Kong the Legendary rushed after him.

There were only three people left in the room: Long Xu In, Long Wu Lei, and Long Wen Rui.

All three of them felt the same. They were in awe and did not want to believe what had just happened. Long Xu In, in particular, was the most surprised one.

She'd thought that Bai Chen only had his magical abilities. She did not expect that he would be equivalent to Ming Kong the Legendary.

Much as she did not want to, she had to believe it anyway now. Ming Kong the Legendary's words were excellent confirmation of it.

Suddenly, Long Xu In's body shook. She started to feel more hopeful and excited. Her previous worries were almost completely gone.

At the moment, she felt quite relieved. It was as if she had been freed from the arranged marriage.

"X... Xu In."

Long Xu In turned to look at the source of voice that called her name. It was her grandfather, Long Wu Lei.

Long Xu In's face suddenly turned a little cold. To be honest, she was very disappointed with her grandfather. However, the one who had disappointed her most was undoubtedly her father.

Long Wen Rui, her father, was the one who'd wanted her to be married to Chiu Jiu.

"Xu In, I..." Long Wu Lei hesitated when he saw the look in Long Xu In's eyes.

He felt guilty...for what he had done to his granddaughter. He knew that because of her, he had been able to be cured of ALS.

If it had not been because for the vaccine from her boyfriend, he would still be in a vegetative state and ended up dying.

He'd repaid her by telling her to break up with her boyfriend to marry someone else!

He knew full well that he was in the wrong. However, feeling guilty was the only thing he could do because he had been pressured by his older brother, who was a sky soaring realm cultivator.

"You don't have to say anything, grandfather," Long Xu In said calmly. "I'm exhausted. Please excuse me."

Once she finished speaking, she prepared to walk out of the room.

Before she could do that, Long Wen Rui started to speak with his hoarse voice. "Xu In..."

Long Xu In halted. She did not say anything. She looked at her father with only disappointment. Long Wen Rui's face was pale. Normally, he would have loudly scolded her if she did not reply. Today was different. How could he scold her when she had brought along a legendary realm cultivator?!?

Moreover, he was an unknown legendary realm cultivator. Their relationship was certainly an unusual one if she had been able to bring him here.

Long Wen Rui did not dare to scold her, even though she was his daughter.

“Xu In...May I ask who that elder is?”

Long Wen Rui asked this softly. He stopped her from leaving because he wanted to know this.

Chapter 308 Desperate Words

Long Xu In looked at Long Wen Rui indifferently before turning away and walking out of the living room.

However, before she left, she answered.

“Bai Chen's acquaintance.”

Long Wu Lei dropped exhaustedly onto the chair after seeing Long Xu In walk out the door. Long Wen Rui stood there frowning. No matter how much he tried, he could not seem to recall who Bai Chen was.

“My...” A long sigh was issued from Long Wu Lei.

He sighed with uneasiness. His hands had been shaking since he knew that the legendary realm cultivator who had come here with Long Xu In was Bai Chen's acquaintance.

He would never forget the name Bai Chen, because he was the person who'd saved his life. He was also his granddaughter's boyfriend.

He had actually been thinking that Bai Chen was definitely not a normal man. Otherwise, he would not have been so calm when he'd first met Long Wu Lei of the Long family, one of the five big families.

He even had a vaccine that could cure him within the blink of an eye!

Right now, he knew for sure that it was as he had thought. Bai Chen was not a normal man. He even personally knew a legendary realm cultivator!

He could not help but tremble with fear when he thought about how he'd told them to break up.

To be honest, he was scared. He had been in this world for more than 70 years. He was experienced enough to know that the two legendary realm cultivators would certainly fight each other.

Whoever prevailed, the Long family would encounter a disaster anyway, since they had been the ones who'd prompted the fight!

Long Wu Lei tried to keep his cool. He could not help but stare with rage at Long Wen Rui.

“Wen Rui, you brainless fool!” Long Wu Lei yelled. He got up from his seat and slapped Long Wen Rui in the face. It was so fierce, the other person’s face turned sideways.

“F...Father!” Long Wen Rui turned to look at his father in confusion. His face was burning.

“You’re such a brainless fool. The Long family will certainly face disaster this time. Do you know who the Bai Chen that Xu In referred to is?” Long Wu Lei spoke coldly.

“W...Who is he?” Long Wen Rui asked with a trembling voice. He was actually scared of his father because he could feel that he was truly furious.

“Who else would it be? He’s Xu In’s boyfriend and the man who saved my life!”

“A... Ah!” After hearing what his father said, he could not help but exclaim aloud.

He was a clever man. He knew what would happen to the Long family after those two legendary realm cultivators came back.

Long Wen Rui was thinking the same thing as Long Wu Lei—that whoever won the fight, the family would certainly face a disaster.

He started to be scared. It was fear that resulted from the decision he had made himself.

If he knew that Long Xu In, his daughter, was the girlfriend of someone acquainted with a legendary realm cultivator, he would certainly have refused Ming Kong the Legendary’s offer.

If he had, Long Xu In would not have been angry with him and the Long family would have been supported by a legendary realm cultivator.

He’d just realised it now, when it could be nothing but thoughts.

“Wen Rui, I’ll remove you as the leader and let Shen Er be the next head of the family instead!”

Long Wu Lei shouted again with rage. He did not even care what his older brother, the sky soaring realm cultivator, would think.

For him, sky soaring realm cultivators could not be compared to legendary cultivators anyway.

After that, he walked out of the living room, leaving Long Wen Rui standing stunned and speechless.

.....

Upon a mountain many kilometres away from Xing Zhou city, three figures appeared in thin air. They came with a gush of wind that blew all the leaves away.

“Let go of my student!”

One of the figures shouted this. His rage-filled voice filled the area.

However, other than rage, he also felt worried. He was none other than Ming Kong the Legendary, one of the three legendary realm cultivators that existed at present.

“M...Master, help me!” A trembling voice sounded. Of course, it was from one of them.

He had been brought here against his will. He was Chiu Jiu, Ming Kong the Legendary’s student. The one who’d brought him here was none other than Bai Chen.

Bai Chen had used less than 30 seconds to bring him here. Distance did not matter to legendary realm cultivators at all.

Bai Chen stood still while he was still holding on to Chiu Jiu’s shirt collar. He was still amazed at the power of a legendary realm cultivator.

This was because he’d only used 30 seconds to arrive here. It was a great distance, but it had taken only a short time.

Bai Chen did not feel amazed for long because he knew that he did not have time to waste. He should be focusing on Ming Kong the Legendary. If he did not kill him within 9 minutes, he would certainly be killed!

The cultivator-impersonating pill had less than 9 minutes left!

Bai Chen looked ahead at Ming Kong the Legendary. They stood not too far from each other. It was approximately 20 steps apart.

“L...Let go of me quickly. If you don’t, my master will kill everyone in your family. Your parents and siblings will die!”

Seeing Bai Chen completely indifferent to with what his master roared, Chiu Jiu felt so scared and anxious he had to threaten Bai Chen with his trembling voice.

His threat actually made a change appear on Bai Chen’s face. It obviously darkened.

Not only Bai Chen’s, but Ming Kong the Legendary’s face also changed. It was now pale.

The threat that Chiu Jiu issued was desperate and truly stupid!

He thought that trying to threaten someone when you were in his grasp was no different than asking for death... It was definitely like he was asking for one’s death!

Ming Kong the Legendary suddenly looked Bai Chen in the eye. He saw that Bai Chen’s eyes were full of his intent to kill. Ming Kong the Legendary’s expression changed again!

### Chapter 309 Killed Right Before You

Bai Chen’s eyes clearly showed his intent to kill once he heard Chiu Jiu’s threat.

If he said something else, he would not have felt the urge to kill immediately.

However, he’d talked about his family. How could he not feel like he wanted to kill Chiu Jiu?

‘Kill everyone in your family’ kept echoing in Bai Chen’s mind. His hand moved from Chiu Jiu’s shirt collar to his neck.

Bai Chen squeezed it with all his might. Chiu Jiu's face started to turn white. He was in pain and could not breathe. He felt much greater fear.

Of course, he was scared of death. He did not want to die. How could he not be scared?!?

However, he felt angrier than scared. Chiu Jiu was a student of the great Ming Kong the Legendary, who was like a god in the cultivator world.

And his neck was being squeezed by a mere nobody until he felt a great deal of pain and was unable to breathe.

It was impossible for Chiu Jiu to not be angry. He was so furious he wanted to kill Bai Chen!

He wanted to chop Bai Chen into millions of pieces!

**'When my master gets me out of here, I'll ask him to find your home address and kill every single person in your family!'**

Chiu Jiu thought that if he was finally rescued by his master, he would not let Bai Chen's family live. He would ask Ming Kong the Legendary to kill them all!

There was no doubt that Chiu Jiu was an undoubtedly cruel person!

"You dare to do this?" Seeing Chiu Jiu's neck being squeezed until pain clearly showed on his face, Ming Kong the Legendary felt angry. It was an anger that he had not felt for a long time.

"Why would I not dare?!?"

Bai Chen was not scared of Ming Kong the Legendary at all because he was also a legendary realm cultivator!

He did not have to be scared. He simply had to be careful not to underestimate him.

He squeezed Chiu Jiu's neck harder and harder. Chiu Jiu's face changed to a dark green because he could not breathe.

Not only that, but he also felt a great deal of pain. It was as if his neck bones were breaking.

Chiu Jiu was crying a great many tears and mucus ran out because of the intense pain that penetrated to his bones.

His rage was almost completely gone. There was only fear. It was the most fearful moment that he had ever had in his life.

"M... Master. Help..." Even though he was in a great deal of pain and almost unable to breathe, he tried to speak.

However, the words were very soft. They were soft, hoarse, and trembling.

“Let go of my student now!” Ming Kong the Legendary cried out. His voice was full of rage. A gush of energy flowed out of his body as if it was the will of the heavens.

It swept through the emptiness until the air around it was distorted!

This level of power was enough to crush sky soaring realm cultivators!

However, Bai Chen did not think much about it. He did not even care. He squeezed Chiu Jiu’s neck harder without mercy!

There was only a ‘crack’ that sounded when he squeezed with all his might.

Of course, it was from Chiu Jiu’s breaking neck bones. Bai Chen had broken them!

Chiu Jiu’s eyes widened to the point that they almost popped out of their sockets. His face was pale and bruised green. His fear was at its pinnacle.

However, above all, he did not want to believe that he, who was a student of a legendary realm cultivator whose life had been so bright and glorious, would die in the place like this!

“It’s not true...” These were his last words.

His head drooped down. His breath was cut short. His body started to turn cold. His eyes were still open wide, even though he was dead.

“Jiu Er!!” At the same time Chiu Jiu was killed by Bai Chen, a cry echoed in every direction.

There was no doubt that the cry was from Ming Kong the Legendary. His face twisted so much, it turned ugly. It was also as white as a sheet.

His hands clenched into tight fists. They trembled unstoppably!

It was only normal that he acted like this. His beloved student whom he adored like his own son had been killed in front of him!

It was unacceptable!

“Cruel...So cruel. You’re wicked and cruel. You even killed Jiu Er in front of me, Ming Kong the Legendary!”

It was as if Ming Kong the Legendary had lost his mind....He was now a crazy old man. He pointed his trembling finger at Bai Chen and spoke. Every single word was full of pure rage.

“You will have to pay with your life!” Ming Kong the Legendary cried out. His eyes turned blood-red. His whole body was bursting with all of his black will. It was even darker than the night sky!

It was as if the atmosphere around him was going to break into pieces.

The whole mountain shook fiercely as if there had been a big natural disaster. The ground started to crack open. There were a great many rifts!

Bai Chen's face changed when he saw this great power. His face tensed up. He threw the lifeless body of Chiu Jiu away carelessly.

It was a cruel and cold-blooded action, but he did not feel anything when he did it. Chiu Jiu was the one who'd crossed the line. He talked ill about his parents and that was not something to use as a threat!

Bai Chen had lost his parents once and of course, he would not let it happen again. He had to kill until he was sure that his parents would live a happy life without any danger!

#### Chapter 310 Confidence In Killing

Looking at how Bai Chen threw Chiu Jiu's body aside so carelessly, Ming Kong the Legendary's face twisted.

He was furious. His anger grew greater with every second.

**"I will kill you!"**

It was as if Ming Kong the Legendary could not hold his intent to kill Bai Chen in any longer. His body started to blink rapidly and vanished into black smoke.

It was a full disappearance, leaving behind absolutely no traces. No one could even sense his existence.

Bai Chen's face tensed up. He released his spirit qi in a burst from his body.

His power was not that different from Ming Kong the Legendary's. It could also break the air around him and shake the whole mountain.

The difference was that Bai Chen's will was not black. It was a bright sky blue. It was even brighter than the ocean!

The power and the will that Bai Chen emitted formed a round water cage that encased his body.

The water cage was very clear and thin, as if it would not be able to withstand anything. However, it was actually very powerful and it would take a lot to destroy it!

**BOOM!**

Suddenly, a loud noise as if the sky was crumbling down could be heard. The cage trembled so crazily, it almost vapourised.

Bai Chen's expression changed instantly. His eyes glowed blue like stars in the sky. He narrowed his eyes until they were almost closed.

He suddenly saw the terrifying hand of an old man, wrapped with black spirit qi. It was none other than Ming Kong the Legendary's hand!

The old man had suddenly appeared from thin air. He did not hesitate to slash his powerful hand into Bai Chen's water cage.

His intent to kill clearly showed in his bloodshot eyes.

“Trash like you who’s a master of the art of water—how dare you kill my student?!?”

Ming Kong the Legendary slowly pulled his hand back. Although his hand was trembling with pain, his face was still as calm as ever.

He was very angry. He also looked down on Bai Chen who was a legendary realm cultivator with the art of water and still dared to kill his student.

It was obvious that even though he wanted to kill Bai Chen very badly, he still kept his wits about him.

His attacks were cool and well-calculated. His face was still coldly still.

It was because he did not want to underestimate Bai Chen.

Bai Chen was at the same level as him. How could he be reckless?

Moreover, he was still wounded from the fight with Lu Zhun Gu the Legendary and mentally injured from Bai Chen’s mind-reflecting power.

That was why Ming Kong the Legendary could not help but attack Bai Chen calmly to test Bai Chen’s power. He wanted to know whether he could avenge his beloved student, Chiu Jiu.

If he could do so, he would definitely kill Bai Chen. He would tear his body apart into a million pieces and offer them to Chiu Jiu’s spirit!

If not, Ming Kong the Legendary would retreat. He would wait until he was completely healed and would come back to kill Bai Chen later.

Ming Kong the Legendary was obviously a clever and dangerous man.

He would not have been at the legendary realm if he was not; he would not have been able to be one of the three god-like beings in the cultivator world!

After testing Bai Chen’s power, the unknown legendary realm cultivator, Ming King the Legendary was certain that he could win this fight!

He was confident because he’d just found out that Bai Chen was a legendary realm cultivator with the art of water.

‘The art of water’ was not that different from the power of a sky soaring realm cultivator. They only had different names.

For sky soaring realm cultivators, they would call a person who focused on a specific practice a ‘master’.

When Bai Chen had received the power and experience of a sky soaring realm cultivator, he had become a sword master.

Only ‘the art’ had been added to the list for legendary realm cultivators.

Ming Kong the Legendary was confident that he could kill Bai Chen because he had realised that Bai Chen was a legendary realm cultivator who had mastered the art of water.

The art of water, for him, was the weakest among the arts in the legendary realm. Not many legendary realm cultivators practiced it.

Therefore, it was reasonable for Ming Kong the Legendary to be rather certain that he could kill Bai Chen, even though he was still injured, both physically and mentally.

His injuries did not come into play anymore when it came to killing Bai Chen.

“I don’t care who you are, where you came from, or what your objective is, but you killed my student. You have to pay with your life!”

Ming Kong the Legendary spoke through his teeth. He slammed his palm into Bai Chen’s water cage again.

BOOM!

Like before, a loud and echoing noise sounded. Bai Chen’s water cage shattered and vapourised into droplets that sprayed in every direction. It finally vanished.

Bai Chen instantly leapt away. At the moment when the cage was destroyed, he was in a slight panic. He did not expect that only two attacks from Ming Kong the Legendary’s hand would be able to destroy his water cage.

“Heh!”

Ming Kong the Legendary exclaimed this coldly when he saw Bai Chen leaping away. He placed one foot forward and vanished again in the blink of an eye.

He suddenly appeared again in front of Bai Chen. He put one of his hands behind his back and held the other hand out. His black spirit qi formed five claws on his fingers before slamming into Bai Chen’s head with no mercy!

It was obvious that Bai Chen was not worthy enough for Ming Kong the Legendary to use both hands.

Bai Chen’s eyes glowed. He did not care how many hands Ming Kong the Legendary was using.

He only had to fight back! Counter the attack—and kill!
