Chapter 321 Jing Cha The Legendary Strikes

Jing Cha the Legendary did not want to waste time after feeling the urge to kill. He wanted to quickly finish the job, so that he would be feared as a man who could defeat his fellow legendary realm cultivator.

Killing a legendary realm cultivator was much tougher than climbing a mountain of swords or spears.

Therefore, it was normal for Jing Cha the Legendary to expect fame and respect to be given to him.

Jing Cha the Legendary was ready to kill Bai Chen. He glanced at Xu Xue Ning and Lu Zhi Yun for a second. He did not care about the pale faces of the beautiful young women at all.

He only wanted them to witness his killing. If they did, they would definitely speak of it to their sect.

“I’ll kill you so fast, you won’t feel a thing, Hu Yuan!” Jing Cha the Legendary spoke with a cold voice.

It might seem like he was a kind man, because he did not want Bai Chen to suffer much.

However, it was not like that. Killing was not a mercy. Killing was merely killing. Before a person died, they would definitely suffer.

Even if it was a short period of time that they felt suffering, there was still no doubt they suffered!

Once he heard Jing Cha the Legendary’s words, Bai Chen trembled. His facial expression changed again. His heart shouted, ‘This is bad.’

There was definitely no way out for him. It was obvious that Jing Cha the Legendary wanted to kill him now.

If Xu Xue Ning and Lu Zhi Yun had not been here, he would have used the relocating talisman and fled a long time ago. Now, he could not do anything.

Even so, Bai Chen did not want to stand still and let Jing Cha the Legendary kill him. He had to do something, like leaping away from here.

It sounded slightly stupid that a sky soaring realm cultivator was running away from a legendary realm cultivator, but this was the best method right now.

‘Let the chips fall where they may!’ Bai Chen finally decided. He looked at Jing Cha the Legendary before readying his feet to lunge in an evasive move.

At that moment, Xu Xue Ning unexpectedly shouted aloud.

“E...Elder Chen Bai!”

Bai Chen halted because of her words. He did not expect her to recognise him even though he was in the form of an indescribably handsome man.

Now, however, he was not actually in a handsome state. His hair was messy. His suit was torn apart. There were injuries, blood, and dirt all over his body.

He did not even feel happy that Xu Xue Ning recognised him. Actually, it was very bad!

Xu Xue Ning stared at Bai Chen. Her face was pale, but it changed immediately when she saw the suit Bai Chen was wearing.

Even though it was ripped nearly to unrecognisable shreds, she remembered well that it was the one she'd bought for Bai Chen. Thus, it was impossible for her not to recognise Bai Chen.

This was even though he looked different now.

What Xu Xue Ning said did not only alarm Bai Chen—Lu Zhi Yun and Jing Cha the Legendary also felt the same. They did not know who she was talking about.

Not so long after that, both of them seemed to realise that the man Xu Xue Ning was calling was the one standing there in front of Ming Kong the Legendary's corpse.

“Chen Bai, is it?” Jing Cha the Legendary raised his brows. He abandoned his plans for killing Bai Chen for now and looked at Xu Xue Ning. “Chen Bai? Do you mean him?”

Xu Xue Ning's face went pale because of Jing Cha the Legendary's stare. It was suffocating.

Lu Zhi Yun, who was standing not so far from Xu Xue Ning, could also feel the pressure—though it was a lot less than what Xu Xue Ning felt.

Xu Xue Ning's perfect body trembled with fear.

She did not expect that calling Bai Chen's name, even if it was only an alias, would put her in this sort of situation.

However, she could not stop herself. Since she'd noticed Bai Chen's suit, she accidentally let herself go with her thoughts. She had completely forgotten about the situation occurring all around her.

Of course, this did not usually happen to her. To be more accurate, it almost never happened.

She'd let it happen because she had been worrying since she knew about the fight between the legendary realm cultivators. She was worried that one of them would be Bai Chen, the man she loved.

“Did you not hear what I said?”

Jing Cha the Legendary's face turned cold at seeing that Xu Xue Ning was quiet.

Xu Xue Ning's body shook again. Her face showed fear, yet she could not do anything about it. Even if Jing Cha the Legendary attempted to coerce it out of her, she would not say anything.

It was not because of fear. It was because Bai Chen's real name would be revealed. She thought that Bai Chen would not want Jing Cha the Legendary to know who he really was.

No matter how scared she was, there was no way she would say anything more!

“No answer? Then, don’t say I am cruel later!”

Jing Cha the Legendary’s eyes flashed coldly. He flicked his hand at Xu Xue Ning.

His flicked hand created white spirit qi. It cut through the air and leapt towards Xu Xue Ning!

Seeing that, Bai Chen gritted his teeth. He took a step forward and vanished. It was the flash footwork technique of sky soaring realm cultivators.

Seconds later, Bai Chen appeared in front of Xu Xue Ning. He swept his right hand out to create bright blue spirit qi.

Even though Bai Chen knew that he would not be able to withstand Jing Cha the Legendary’s attack, it was better than doing nothing!

Chapter 322 Protect!

Boom!

The sound of the sky crumbling filled the area. It was from when Jing Cha the Legendary’s white will collided with Bai Chen’s bright blue will.

Of course, it was Bai Chen’s barrier that was broken. It was completely decimated!

The white would not only destroy Bai Chen’s barrier, but it also leapt towards Bai Chen at an incredible speed.

Bai Chen’s facial expression changed drastically. His pale face got even paler, like that of a corpse!

Bai Chen’s heart raced fast and was squeezed hard by hopelessness. He could not do anything. He could not protect himself, Xu Xue Ning, or Lu Zhi Yun.

‘Is it going to end like this?’

Bai Chen did not want to admit it, but he had to.

The sky soaring power that he’d received could not do anything at all to Jing Cha the Legendary.

What had just happened proved it. The barrier that he’d created could not withstand even a cursory attack from Jing Cha the Legendary.

‘Looks like the goddess of luck isn’t on my side today...’ Bai Chen could not help but sigh. He felt exhausted.

He thought that it would be difficult for him to survive. Death was actually a frightening thing for him.

He still had so many things left to do. He had to kill Wang Chengye, destroy the Wang family, the Xi family, and the Jing Cha Secret Organisation, confess his love to Li Lin and ask her to be his girlfriend. And now he’d also started to develop affection for Long Xu In.

Of course, that was not all. There was one other thing. It was the most important thing for him. He wanted to make his parents happy and for them to live comfortably for the rest of their lives.

‘If I really have to die here, at least Xu Xue Ning and Lu Zhi Yun must survive!’

Bai Chen finally decided this determinedly. His face turned serious.

He was ready to burst out with his full speed, whatever it took!

After going full speed, Bai Chen would turn around to grab Xu Xue Ning and Lu Zhi Yun.

After that, he would make them leave with the relocating talisman.

That was what Bai Chen was thinking.

The reason why he would not flee with them was because he knew that Jing Cha the Legendary would not let them go that easily.

He had to distract Jing Cha the Legendary to buy time for Xu Xue Ning and Lu Zhi Yun to use the talisman, even if it was only a short period of time.

However, only the blink of an eye would be enough for both of them to use the talisman to flee.

‘I should do it now!’

Bai Chen was ready to go at full speed right now. He was prepared to trade his life for Xu Xue Ning and Lu Zhi Yun’s safety.

Even though his death would make his parents and Li Lin sad—and possibly Long Xu In, Xu Xue Ning, and Lu Zhi Yun as well—he still had no choice. There were no better methods than this!

Unexpectedly, before Bai Chen did anything, he heard a shout.

“B-be...careful!”

It was Xu Xue Ning who was standing behind Bai Chen. Her voice trembled with agitation.

After that, she started to move unexpectedly fast with her flying sword. She stopped in front of Bai Chen.

She was so fast that Bai Chen could not react at all!

“N...No!” Bai Chen shouted immediately after he could react again. He looked at Xu Xue Ning in front of him. His heart raced with fear.

At this moment, Jing Cha the Legendary’s white spirit qi was not that far away from Xu Xue Ning. It had almost reached her!

At this close proximity, Bai Chen could not do anything. Even if he moved now, he would not be able to drag Xu Xue Ning away in time.

Xu Xue Ning’s heart was full of fear, yet she did not hesitate to move in front of Bai Chen.

It was all because she did not want to see Bai Chen get hurt. She was in pain enough at seeing him in this condition.

That was why she could not let Bai Chen be hurt in front of her!

This was even though Xu Xue Ning thought that Bai Chen was a legendary realm cultivator. He was a lot stronger than her. His power was equal to the legendary realm cultivator in front of her right now. He'd even killed one legendary realm cultivator earlier.

However, right now, his condition was not ready at all for a fight. That was why she was worried about his safety and did not hesitate to protect him with her life.

She did it not because Bai Chen had helped her so many times, but because she loved him!

Seeing the man she loved in danger, she could not just stand there, even though it was an unrequited love!

Thud!

A heavy noise could be heard one. It created a big wave in the air. The perfect figure flew upwards!

The beautiful face was as white as a sheet. The moist lips parted. Blood gushed out of her mouth!

It was Xu Xue Ning. Her stomach now sported a rather large hole. It was a bloody one. It was one that allowed on to see behind clearly!

Unbearable pain showed on Xu Xue Ning's beautiful face.

However, she did not cry out. And her face suddenly showed satisfaction.

A smile flashed on her face for a second before she closed her eyes. Her consciousness started to drift away. No one knew if she was alive or dead!

However, she had this last thought. It was: 'I can finally help you in return...'

Chapter 323 Moving Towards The Rage

Thud!

Xu Xue Ning's perfect body dropped onto the ground metres away. There was no further movement from her.

Judging from her condition, no one knew if she was dead or alive!

"Xue Ning!" a voice cried out loudly.

The voice echoed through the sky. It was one that was filled with great pain.

It was none other than Bai Chen's.

His eyes were open wide, almost popping out of their sockets. His right hand was curled into a tight fist.

His eyes were fixed on Xu Xue Ning's blood-soaked body. Her beauty was still incomparable.

Now, however, it was vastly different than what it had used to be. Actually, it was only less than a minute ago that it had changed.

If she had not taken the blow from Jing Cha the Legendary to protect him, her absolute beauty would still have remained the same. It would not have changed into this bloody beauty, as if she was a lovely flower that had bloomed on blood-red land.

“Aghhhh!” Bai Chen’s cry was like that of a madman’s. It was as if there was a blade piercing through his heart.

The images of when he’d spent time with Xu Xue Ning popped up into his head—from the very first day they met until today, when she’d protected him with her perfect, beautiful body.

“Why? Why did you do this...? Why?!?”

Bai Chen was not too far from being mad. He wept sorrowfully. His voice was full of sadness, pain, and even bafflement.

He did not understand why Xu Xue Ning would even risk her life to protect him.

He really did not understand it. Yet, he did understand one thing. He felt a great of pain at seeing Xu Xue Ning in this condition. It was as if his heart had been stabbed through with a sharp knife.

At that moment, Bai Chen finally realised that his heart did not only have Li Lin and Long Xu In, but also Xu Xue Ning!

He had always thought that he and Xu Xue Ning were living in different worlds. There was no way their worlds would meet. Thus, he’d decided not to feel anything for her. However, it appeared that he had been keeping her in the depths of his heart.

If this had not happened, his feelings for her would not have been revealed like this!

“Jing...Cha!” Bai Chen’s eyes became bloodshot. They were red like blood. Tears ran down from them. They were blood-red tears!

Yes! They were blood-red tears!

How much pain did a person have to be in to cry blood-red tears?!?

It was obvious how much pain Bai Chen was in right now!

“Jing...Cha!” Bai Chen gritted his teeth tightly and spoke in a rage through them. This was the second time he’d angrily called Jing Cha the Legendary’s name.

Bai Chen’s face was pale and full of injuries, yet it looked frightfully cold.

At that moment, power exploded from his body. A gloomy blue spirit qi completely covered him. The air around him started to shake and distort unstopably!

The atmosphere also changed. Black clouds started to form. Then, heavy rain poured down!

It was obvious that Bai Chen had gone into a state of mad rage. He had completely forgotten about checking on Xu Xue Ning. His only thought was that he wanted to kill Jing Cha the Legendary!

Lu Zhi Yun was standing on her flying sword not very far from Bai Chen. Her face changed colour. Actually, it had changed since before this.

It was when Jing Cha the Legendary had started to attack with his white spirit qi or when Bai Chen’s barrier had been destroyed.

However, what made her face change colour the most was when Xu Xue Ning had used her body to protect Bai Chen to the point that now she was in a blood-soaked state. No one knew if she was alive or dead at the moment.

It was not just that her face had changed colour; she was also scared and alarmed. She had not expected Xu Xue Ning to do something like this.

Even though she did not know Xu Xue Ning that well, she still felt sorry that an incomparable beauty such as her had to die like this.

‘It is a shame, but I can’t possibly help with anything...’ Lu Zhi Yun thought sorrowfully.

She was soaked with rain. She started to turn the flying sword away.

She did not dare to stay close because Bai Chen’s explosive power put a great pressure on her and made it hard to breathe.

As for Jing Cha the Legendary, he was emotionless. He did not feel anything about killing Xu Xue Ning.

It was true that she was a beautiful woman. She was the most beautiful woman that he had ever seen in his life. However, he had already cut himself off from all the worldly matters, so he did not feel anything about the death of a beautiful lady.

“Such a fool. If she’d only told me, she wouldn’t have had to die.”

Jing Cha the Legendary spoke in an insulting manner. The heavy rain could not make his clothes or body wet because he used his spirit qi as a barrier.

He looked over at Bai Chen and suddenly realised something. He could not help but smile.

“HAHAHA. Isn’t this wonderful?”

Jing Cha the Legendary laughed in a satisfied manner. He realised that Bai Chen was not at the legendary level anymore. He was only at the sky soaring level now.

Jing Cha the Legendary thought that it was because Bai Chen had fought with Ming Kong the Legendary until his cultivator level had been downgraded to the sky soaring level.

Jing Cha the Legendary also thought that it was no doubt the price he had to pay for killing Ming Kong the Legendary.

It was good for him because now he could kill Bai Chen with by only raising his hand.

Bai Chen right now was only a baby chick in the palm of his hand. Bai Chen was completely at his mercy!

Chapter 324 A Chance From The Heavens

Right now, Jing Cha the Legendary felt very relieved that Bai Chen was only a baby chick in the palm of his hand. He did not want to kill Bai Chen right away anymore.

He wanted to see Bai Chen's rage-filled struggles. He really wanted to know what Bai Chen would do to him with only his sky soaring power.

"I'll let you attack me once only because you used to be a legendary realm cultivator who was at the same level as me. Then, I'll send you to your death!" Jing Cha the Legendary said with his calm, yet cold, voice.

"Jing...Cha!" Bai Chen was completely overwhelmed with rage. He appeared to have gone completely mad. The gloomy blue spirit qi that covered his body vibrated strongly.

Suddenly, Bai Chen started to move. He stepped on the air behind him. The air that he stepped on turned into a white dust.

That allowed him to leap forward at an incredible speed towards where Jing Cha the Legendary was.

The air in front of him made way for him as if it did not dare to intervene. The friction from the air and the wind were completely non-existent, as if it was afraid of Bai Chen at this moment!

"Come quickly." Jing Cha the Legendary's face was still emotionless. His eyes showed disdain.

'He's a sky soaring realm cultivator now. Maybe I should thoroughly check his body.'

Jing Cha the Legendary thought that this was a great idea. Before he killed Bai Chen, he should at least take a closer look at Bai Chen's condition.

Jing Cha the Legendary did not hesitate. He looked at Bai Chen, who was leaping towards him with a mad speed, and used his psychic power to pry into him.

At that time, the mind-reflecting necklace inside Bai Chen's dimension ring shook and glowed its pale green light. It was like when the old man Xu Sien Yi and Ming Kong the Legendary had tried to examine Bai Chen with their psychic power.

The light green sparkly light suddenly exploded. It transformed into a shaft of light and leapt towards Jing Cha the Legendary.

Jing Cha the Legendary continued to use his psychic power since he could not see the pale green shaft of light.

Suddenly, his face changed colour. His body shook so hard, he almost dropped from the sky!

"What is...this?!?" Jing Cha the Legendary exclaimed. He did not understand what had just happened.

His face turned pale. After he cried out, a great deal of blood gushed out unstoppably.

'I...I'm mentally injured. How is this happening?!?' Jing Cha the Legendary cried internally while gathering his spirit qi to make the blood stop.

To be honest, he did not want to admit that he was mentally injured because pain was the thing that he hated the most.

He did not want to be in any pain whatsoever, either mentally or physically. However, what he did not want to admit the most was that his psychic power was reflected by Bai Chen, who was only a sky soaring realm cultivator!

It was not supposed to happen. Sky soaring realm cultivators would not have the power to reflect legendary realm cultivators' psychic power.

While Jing Cha the Legendary was still in pain and trying not to admit it, Bai Chen's bloodshot eyes glowed frightfully.

He knew that the mind-reflecting necklace had been activated. It was its last activation, too, because it had started to crumble to pieces now.

It had completed its service.

“This is a chance from the heavens!”

Bai Chen shouted this loudly. His voice was full of aggressiveness and indescribable wrath.

Bai Chen did not care about anything else. He pushed himself to his full speed, regardless of the price he'd have to pay.

A great deal of blood seeped out of his wounds. He also felt immense pain all over his body!

Bai Chen looked quite scary in this state. It was as if he was a walking lump of blood.

However, Bai Chen disregarded all of it—the pain and the blood—because all he wanted now was Jing Cha the Legendary's life!

He wanted to kill this vicious man in front of him and avenge Xu Xue Ning!

With his burst of speed, Bai Chen reached Jing Cha the Legendary quickly.

“Die!”

The moment he arrived, he started to attack without mercy. His remaining right hand lunged out with gloomy, yet aggressive, blue spirit qi. He aimed for Jing Cha the Legendary's face!

Jing Cha the Legendary's face turned pale. It showed utter surprise. His eyes widened. He could sense a grave danger that a threat to his life.

Without hesitation, Jing Cha the Legendary quickly dodged Bai Chen's merciless attack.

However, he could not dodge Bai Chen's every attack. He was just a split second too slow.

Chop!

Blood gushed out of him at the same time a strong, clear noise sounded. Bai Chen's right hand pierced through Jing Cha the Legendary's left eye!

“AGHHHH!” A loud pain-filled cry filled the area.

It was Jing Cha the Legendary. The pain that he'd received was the most torturous that he had ever experienced!

“A tiny ant dares to hurt me!” Jing Cha the Legendary shouted.

His voice filled the sky. He did not care about the pain, and suddenly raised his fist that was covered with his violent white spirit qi.

Jing Cha the Legendary threw his punch that was packed with his powerful white spirit qi at Bai Chen's chest without any possibility of him being able to dodge it.

No, it was not there that was no possibility. Bai Chen simply could not dodge it!

SNAP!

As if a rope had been severed, Bai Chen flew away!

Chapter 325 The Hand That Reached Out

Bai Chen's body was like a sheet of paper that fluttered with the wind. He could not force it to stop.

His face showed immense pain. His bloodshot eyes were still reddened.

His bloody tears were still running down and bathing his pale, dirty, wounded face.

It was because of Jing Cha the Legendary's fist that had been packed with his white spirit qi!

It had not only caused Bai Chen to be blown away, but Jing Cha the Legendary's punch had also created a hole in his chest!

‘In the end, I couldn't even avenge Xu Xue Ning...’

Bai Chen thought this while he was in the air. His consciousness was drifting away.

‘I don't know if Xue Ning is still alive or not. But I won't be able to know because I'll likely be dead soon.’

Bai Chen felt no pain anymore. Since he knew he was dying, the pain he felt seemed to have transformed into numbness.

‘Father, mother, Li Lin, Xu In, Xue Ning, I'm so sorry I have to die like this...I'm sorry...I'm sorry...’

These appeared to be Bai Chen's last words. He passed out. It was impossible to know if he was dead or alive.

His body, then, dropped down and hit the trees, causing them to break and topple over. Dirt and dust filled the air. There were no further movements from him.

“AGHHH!”

Even though Jing Cha the Legendary had thrown a deadly punch at Bai Chen, he was still in so much pain that he had to moan loudly once more.

He used his hand to cover the left side of his face, which was soaked with blood. Blood still gushed out of the wound that Bai Chen had caused. He only felt anger and hatred!

What he hated the most was pain. It was only reasonable for him to hate and be angry at Bai Chen, because Bai Chen was the one who had caused him this horrendous pain!

“AGHHH!” Jing Cha the Legendary cried repeatedly. However, it was only a short while before he stopped.

“You animal, even if you died, I’ll still tear you to pieces. I’ll find your family and kill them all!”

Jing Cha the Legendary’s voice filled the sky. The clouds and rain dispersed and disappeared as if they were afraid of the roar.

However, behind the black clouds and rain was not the usual bright blue sky; instead, it was dark, as if half of the sky had turned to nighttime.

It was because of Jing Cha the Legendary’s anger. The sky would surely capitulate when a legendary realm cultivator was in a rage!

Lu Zhi Yun was watching from afar. Her face went pale. She was so scared she could barely move. Her pale face broke into a sweat.

She saw everything, so it was only normal for her to be afraid. However, what broke her heart the most was seeing Bai Chen fearlessly lunging towards Jing Cha the Legendary to avenge Xu Xue Ning!

Even though his power had been downgraded to the sky soaring level, he had still been able to wound Jing Cha the Legendary. It had even been an incurable wound. Jing Cha the Legendary’s left eye had been completely destroyed!

He would only be able to use one eye from now on!

‘Xu Xue Ning and this legendary realm cultivator seemed to share a profound love for each other. I’m envious...’ Lu Zhi Yun thought, even though she was still scared.

It was only normal for her to think so because both Bai Chen and Xu Xue Ning clearly showed it.

Xu Xue Ning had risked her life for Bai Chen without thinking about her own life. Bai Chen had also unhesitatingly stood in front of her to protect her, though he had not expected that she would be the one to protect him instead

In the end, seeing her in a state where it was uncertain whether she was alive or dead, he had flown into a rage. His wrath, grief, and pain were the cause of his bloody tears.

Thus, it was only normal for Lu Zhi Yun to think that they had a profound love for each other.

Actually, their relationship was almost exactly like what Lu Zhi Yun thought.

At that moment, Jing Cha the Legendary used his spirit qi to stop his bleeding. Then, he suppressed his pain and spread his psychic power out.

He wanted to know if Bai Chen was still alive or not.

If he was, he was lucky. However, if he was not, he would make Bai Chen suffer even more than if he had died.

Even if Bai Chen was already dead, Jing Cha the Legendary would completely destroy his body, in keeping with what Bai Chen had done to him today!

He could quickly sense Bai Chen's existence. At the moment, Bai Chen was as good as dead.

One of his feet had already stepped through the entrance to death. He was in an ugly state. His breathing was faint and weak.

“Hmph! You're unlucky that you're not dead yet!”

Jing Cha the Legendary's lips curved into a madman's smile. He looked extremely frightening with blood all over his face.

He stepped forward, about to go to Bai Chen, who was close to dying, in one step.

However, before he did that, the sky above him suddenly shook.

It was a violent shaking, as if the sky was crumbling down on him.

Jing Cha the Legendary's facial expression changed almost immediately. He could not help but look up at the sky above him. He did not know what was happening.

He felt an immense pressure pushing him down.

Lu Zhi Yun could feel it too.

A very small black dimensional rift suddenly appeared in the sky a little above the spot where Jing Cha the Legendary was standing.

From that rift, one hand reached out!

Chapter 326 A White-Haired Young Man

It was as if the time had stopped. Everything went quiet. The sound of living creatures of absent. The sound of various things was absent. There was a complete absence of sound.

Jing Cha the Legendary's right eye slowly widened when he looked at the black dimensional rift. He did not expect to see a hand reaching out!

Lu Zhi Yun was the same. Her eyes also widened.

Her heart raced very fast; it could not calm down in a short period of time.

Even though she did not know what was happening, she knew that what was going to happen after this would have to be big!

The small black dimensional rift shrank rapidly, until it was almost closed completely.

However, the hand that reached out did not let it close easily. It slowly forced the rift to open up again until it was wide enough for two hands to reach out. Another hand had reached out now.

The moment it reached out, both of the hands forced the rift to open wider.

The rift did not give in. It fought back and tried hard to close. A struggle began.

Black lightning flashed here and there, alternating with silver rays of light!

In the end, the rift could not fight against the hands. The hands tore the rift apart until it was a large one.

It became a stable rift. It did not shrink anymore. It was wide enough for a person to pass through.

The hands that tore the rift apart were pulled back into the rift. Everything went quiet again.

Less than a second later, a foot stepped out of the rift.

The rift started to slowly reveal the owner of the foot that had stepped out. It was a young man. He was certainly no more than 25 years old.

He was not a handsome man. He was only average-looking.

There was a faint crack on his face as if his face was covered with a slim sheet of tile.

However, it was not. It was his real face, even though it had a crack.

Not only that, but his face was also full of grief. It was a sadness that was indescribable!

His hair was shoulder length. It fluttered along with the wind. What was surprising was that his hair was white!

Yes, it was white. It did not actually fit his young face. He wore the clothes of a cultivator. They were traditional Chinese clothes, with three pieces of cloth in different colours wrapped around his waist.

There was a yellow, a blue, and a white one.

They looked normal, but they were actually not. They were packed with rather mysterious spirits!

After coming out of the rift, the white-haired young man stood still.

His eyes were white and gloomy, as if they no longer held any sign of life. He swept his eyes around.

They stopped at a perfect body that was soaked with blood from a frightening, bloody hole in its abdomen. Blood still gushed out.

Xu Xue Ning's face was pale like that of a corpse. Her breath was non-existent... She was dead!

While the white-haired young man with a cracked face was looking at Xu Xue Ning's lifeless body, Jing Cha the Legendary and Lu Zhi Yun trembled inside.

Their eyes widened as if they were popping out of their sockets. Their bodies tensed up. Their hands were stiff. Their hearts were also heavy like never before.

That was because forcing a dimensional rift to tear apart with only one's hands was a scene that they had never seen in their whole life!

It was only normal for them to feel this way!

However, what made the both of them feel even greater, near-fatal pressure was the white-haired man with a cracked face and gloomy eyes.

Jing Cha the Legendary tried his best to suppress his emotions. His rage towards Bai Chen seemed to be gone now.

The thought of going to Bai Chen and torturing him was also gone.

Jing Cha the Legendary only felt alarm and agitation, as well as respect.

Of course, the respect was towards to white-haired young man with a cracked face who had just torn the dimensional rift apart.

‘W...Who is this man? Is he a divine cultivator?’

Jing Cha thought this nervously and inhaled deeply.

The air he breathed in was freezing cold.

‘He must be. He wouldn’t have been able to tear the dimensional rift apart if he wasn’t a divine realm cultivator!’

Jing Cha the Legendary confirmed his own speculation. Even though he had never met a divine realm cultivator before, he had heard a great deal about them.

Divine realm cultivators were like kings of the world. They had unlimited spirit qi and could travel to faraway places in the blink of an eye.

Jing Cha the Legendary thought that they could surely travel to faraway places in the blink of an eye through dimensional rifts.

It was only normal for Jing Cha the Legendary to think this, because he had just seen the white-haired young man, whom he thought was a divine realm cultivator, tear the dimensional rift and come out.

While Jing Cha the Legendary was thinking, the white-haired man stopped looking at Xu Xue Ning’s lifeless body and looked up towards the sky.

At that moment, the sky that used to be dark because of Jing Cha the Legendary’s wrath slowly turned bright blue. The sun shone through the clouds.

The white-haired young man’s face was calm. No one could know what he was thinking as he was looking up at the sky.

Chapter 327 Another Legendary Cultivator

Jing Cha the Legendary’s facial expression changed when he saw the dark sky transform into a bright blue one simply because the white-haired young man had looked at it.

Of course, he did not have the ability to do that. He had to flick his hand to send his spirit qi out to make a change in the air. Or an easier way was to let his rage explode.

However, that would only make the sky dark like it was nighttime, not bright blue one.

‘This man...must be a divine realm cultivator!’

This idea popped up into Lu Zhi Yun's head, while she was still trying to calm herself.

'His face looks familiar. It's like I've seen him before...'

Lu Zhi Yun could not help but frown. She felt like she had met the white-haired man with a cracked face dressed in a silver outfit before.

It was a shame that she could not recall where she had met him or, even if she had actually met him before.

Her initial thoughts were not so different from Jing Cha the Legendary's. She also thought that the white-haired young man was a divine realm cultivator.

What she knew about divine realm cultivators was no less than what Jing Cha the Legendary knew. That was why they thought the same.

"Great elder, may I ask what you are called?"

At that moment, Jing Cha the Legendary spoke after he had suppressed his emotions. He bowed down a little and made a greeting hand gesture like a cultivator.

The white-haired young man heard what Jing Cha the Legendary said; he turned from the sky to Jing Cha the Legendary.

His gaze caused Jing Cha the Legendary's breath to catch. He felt scared to look into those lifeless, cloudy white eyes.

He started to break into a sweat. He quickly lowered his face. He did not dare to meet his eyes again.

Lu Zhi Yun did not say anything. She only made a greeting gesture towards the white-haired young man.

"If you arrived, why didn't you appear?" The white-haired young man finally spoke.

His words were not an answer to Jing Cha the Legendary's question. His voice was very calm.

It was as if he was speaking to himself.

Of course, he was not just talking to himself. After he finished saying that, a figure suddenly appeared from thin air. His face was pale and covered with sweat.

He was a white-haired old man. His features were sharp. There were no wrinkles indicating old age at all, even though he was in his old age.

He was dressed in purple. The will that quietly emitted from his body indicated that this old man was a legendary realm cultivator!

It was unexpected that another legendary realm cultivator would appear here!

Ming Kong the Legendary and Jing Cha the Legendary were already here. Thus, there was no doubt that this old man was Lu Zhun Gu the Legendary.

“E...Elder, please forgive me. I did not intend to hide. I was only afraid to meet a glorious personage such as yourself!”

Lu Zhun Gu the Legendary felt a heaviness in his heart. He talked with a trembling voice full of an utmost respect.

At the same time, he made the greeting gesture towards the white-haired young man.

Actually, he had been here for quite some time. He had seen the dimension rift being torn apart with the white-haired young man's bare hands.

The reason why he had not emerged was because he was afraid of the white-haired young man. He also thought that he was a divine realm cultivator like Jing Cha the Legendary and his granddaughter, Lu Zhi Yun, did.

“Lu Zhun Gu the Legendary!”

“Grandfather!”

Immediately upon seeing Lu Zhun Gu the Legendary appear, Jing Cha the Legendary and Lu Zhi Yun exclaimed aloud. They had different thoughts now.

Lu Zhi Yun was surprised. She did not expect that her grandfather, whom she rarely met, would appear here.

As for Jing Cha the Legendary, he felt alarmed. He had not even been able to sense Lu Zhun Gu the Legendary's presence when he was in hiding.

It was not because Lu Zhun Gu the Legendary was more powerful than him. He was just better at concealing his existence.

Actually, Jing Cha the Legendary did not pay much attention to what was going on around him. He only wanted to make Bai Chen suffer. That was why he had not been able to sense Lu Zhun Gu the Legendary's presence.

The white-haired young man turned his gaze to Lu Zhun Gu the Legendary.

Lu Zhun Gu the Legendary trembled under that gaze. His reaction was no different from Jing Cha the Legendary's when the white-haired young man looked at him.

Lu Zhun Gu the Legendary quickly lowered his head. He did not want to look him in the eye even for a second.

At the moment, it was as if the white-haired man had become the king of the land. No one dared to disrespect him nor look him in the eye.

He turned his gaze away from Lu Zhun Gu the Legendary. It was obvious that he did not care much about Lu Zhun Gu the Legendary. He looked at Lu Zhi Yun.

However, Lu Zhi Yun did not feel like how either legendary realm cultivators had earlier. She felt completely normal. It was as if a cool breeze lightly blew past her face. She felt very relaxed.

“I've not seen you for a long time, Lu Zhi Yun. Do you recognise me?”

The white-haired young man looked at Lu Zhi Yun and spoke with a calm voice.

His words flabbergasted all three of them, especially Lu Zhi Yun. Her beautiful pair of eyes widened alarmingly.

“W...We’ve met before?” Her full lips trembled. She spoke softly.

However, she had thought that she had seen him somewhere before, yet she simply could not remember.

‘He...He knows my granddaughter?!?’ Lu Zhun Gu the Legendary thought, while his heart was racing fast.

Jing Cha the Legendary was so shocked, he could not think of anything.

“Of course. Once, many years ago, you saved my life.”

The white-haired young man spoke with a nostalgic tone. He looked at Lu Zhi Yun’s pretty face. The memories from many years ago seemed to be coming back.

Chapter 328 Silver Flames

“I... I’ve saved your life?” Lu Zhi Yun was confused at the white-haired man’s words; he was standing on thin air slightly above her.

“It was like that,” the white-haired young man answered. His cracked face full of grief was calm.

“May I know when that was?” Lu Zhi Yun asked.

At that moment, she did not feel any pressure at all. She asked him this casually.

Her voice was melodious. It was full of respect towards the white-haired young man.

The white-haired young man shook his head. “If you cannot remember, let’s talk about it later.”

Lu Zhi Yun went quiet, and in a bit, she nodded. She did not dare to push him because in her eyes, he was still a powerful divine realm cultivator.

Seeing Lu Zhi Yun nod, the white-haired man’s gaze turned to Jing Cha the Legendary.

“Jing Cha the Legendary, do you recognise me?”

“.....” Jing Cha the Legendary was so alarmed, his heart seemed to shrink. The white-haired young man’s gaze and words changed his facial expression again. His face was now very pale and full of fear. “I...I’ve met you before?”

The gears in his head were turning fast in order to search every inch of his memory for when he had met this white-haired young man.

No matter how hard he searched, he did not find the white-haired young man anywhere.

The cloudy white eyes of the white-haired young man flashed a strange light while looking at Jing Cha the Legendary. His lips curved into a cold smile.

“If you can’t remember, that’s all right. I just want to tell you that I came here to kill you!”

“What?!?” Jing Cha the Legendary could not help but cry out in alarm. His only eye widened and trembled. His body shook so violently, he could barely stand upright anymore!

He suddenly felt immense fear. It was the greatest fear he had ever felt in his life.

As for Lu Zhun Gu the Legendary and Lu Zhi Yun, his granddaughter, they felt the same. They were shocked. They weren’t simply shocked—they were extremely shocked. They also felt cold and scared.

They could not think of any reason why a divine realm cultivator like him would come here to kill Jing Cha the Legendary!

“Actually, how can I kill you off so easily? I’ll torture you until you feel like you’d rather die!” The white-haired young man spoke with a cold smile still on his face.

Jing Cha the Legendary was so scared, he almost wet his pants. His face was very pale, like that of a dead man.

His heart pounded fast with fear.

Even so, Jing Cha the Legendary tried his best to suppress his emotions. He tried very hard to force some words out of his mouth.

“E...Elder, I’m afraid this had been a misunderstanding. My name is Jing Cha. I’ve certainly never met you before. How could I have possibly angered you so much you would want me dead and even want to torture me?!?”

Jing Cha the Legendary spoke softly, yet it was clear that he thought this was unfair.

“You’ve never met me before?” The white-haired young man’s face was emotionless and cold. “Are you certain?”

“I’m certain. I can swear to it!” Jing Cha the Legendary quickly answered. He tried to talk slowly to keep his voice steady.

The white-haired man’s cold smile was wiped away. His face turned gloomy.

“I don’t care if you recognise me or not. You’re going to pay for daring to kill Xu Xue Ning, my woman!”

The white-haired young man pointed his finger at Jing Cha the Legendary.

Jing Cha the Legendary’s facial expression changed again. It now showed his utmost fear.

“E...Elder, please have mercy!” Jing Cha the Legendary quickly shouted and begged for forgiveness.

“I...I didn't know that that woman was yours. I really didn't know. I wouldn't have done it if I knew, even if I were a thousand or ten thousand times more courageous!”

Jing Cha the Legendary knew who the ‘Xue Ning’ that the white-haired young man spoke of was.

She was the beautiful lady who had refused to tell him that she was acquainted with Bai Chen, whom he thought was named Hu Yuan. That was the reason why he had had to attack her.

Bai Chen had tried to protect her at first even without an insufficient amount of power. However, at the end, it was Xu Xue Ning who'd protected Bai Chen and died.

Jing Cha the Legendary knew who ‘Xue Ning’ was because he'd heard clearly when Bai Chen had shouted his lungs out.

The white-haired young man did not say anything more. His finger that was pointing at Jing Cha the Legendary suddenly emitted a brilliant silver light!

The silver light turned into silver flames that did not seem to be harmful. However, they were actually extremely hot. Even the air appeared to be burning until it turned into dust!

‘I...I have to flee. Otherwise, I'll be dead!’

Jing Cha the Legendary thought about running away. He did not want to die.

Seeing the silver flames that were slowly leaping towards him made his heart feel cold. He was so scared, he could go mad.

Jing Cha the Legendary suddenly exploded with every drop of his legendary power in order to flee. However, his body did not seem to do as he commanded. He could not use his power. He could not even move!

“I...Impossible!” Jing Cha the Legendary's cry filled the sky. His heart was squeezed tightly. He could not believe that he could not use his power, let alone move.

However, it was only normal when a weak person encountered a much stronger one. Respect for and fear of that person would certainly emerge until one could not even control one's own body as one wished!

“I can't die like this! I refused to accept this!”

Jing Cha the Legendary shouted this out softly.

Chapter 329 A Hundred Years

Jing Cha the Legendary simply stood there, waiting for his death. He could not do anything. It was as if he had turned into a normal person.

This was because he could not use his legendary power. It was only normal that everyone would think he had already turned into a normal person.

He simply stood there, waiting for the silver flames to leap towards him. He could not do anything!

What was happening was being witnessed by the grandfather and the granddaughter, Lu Zhun Gu the Legendary and Lu Zhi Yun.

Both of them seemed to feel the same way. They felt fear. They were so afraid that they were soaked in their own sweat.

They did not dare to even move or breathe hard.

They also felt great alarm in the midst of their fear.

It was because of the white-haired young man's words saying that 'Xue Ning' was his woman!

Lu Zhun Gu the Legendary and Lu Zhi Yun were naturally surprised about this.

This was especially true for Lu Zhi Yun. She thought that Xu Xue Ning had an unbreakable bond with Bai Chen, whom she was not certain was alive or dead. How could she not be surprised when she heard what the white-haired young man said?

As for Lu Zhun Gu the Legendary, at first, he did not know who this 'Xue Ning' was. Yet, he could make a guess that she must have been the lifeless blood-soaked girl who was lying on the ground many metres away.

Thus, it was only normal for him to be alarmed. He did not expect that Jing Cha the Legendary would be so brave as to kill the white-haired young man's woman—a person he believed was a divine realm cultivator!

While they were feeling scared and alarmed, Jing Cha the Legendary was feeling utterly hopeless. His face was colourless and covered with blood from the wound that Bai Chen had inflicted.

Tears and mucus were both flowing out. He wanted to beg for mercy, yet he was unable to make a single sound pass his lips at the moment.

It was either because the white-haired young man had stopped his voice from coming out or he was too scared to talk.

Suddenly, yellowish liquid ran down Jing Cha the Legendary's traditional Chinese pants. The smell of ammonia spread slightly through the air. It was obviously urine!

Unexpectedly, a legendary realm cultivator was so scared, he had wet his pants!

It was a disgrace to his entire clan!

However, it was not exactly Jing Cha the Legendary's fault because he was facing a man whose level was a lot higher than his!

'I have to survive!' Jing Cha the Legendary shouted internally.

At the same time, the silver flames reached him!

Pewwww!

The silver flames hit Jing Cha the Legendary's body. His body quickly caught on fire.

“AGHHH!” He let out a loud groan. It was clearly a voice filled with pain...
Extreme pain!

It was obvious that the white-haired young man had not stopped his voice from coming out of him. It was Jing Cha the Legendary himself that had been too scared to speak.

Less than a minute later, the odor of something burning filled the air.

Jing Cha the Legendary writhed in agonising pain. Silver flames covered his whole body.

His white outfit had been turned into dust along with his hair in only a short period of time.

At this moment, his skin had started to peel off. It was a terrifying and nauseating sight.

“AGHHH!” His groans still sounded continuously. They seemed unstoppable.

His skin was all gone. He was now only a walking lump of red, burnt, blistered flesh. He looked ugly and indescribably scary!

Seeing this, Lu Zhi Yun vomited. In her heart there was nothing but coldness; she was so scared that she did not dare to look anymore.

Lu Zhun Gu the Legendary, who was standing not so far away from her, did not vomit. Yet, he also did not dare to look at the scene any longer. It absolutely terrified him.

His respect and fear towards the white-haired young man suddenly rose to its peak.

“P...Please kill me!”

At that moment, Jing Cha the Legendary spoke. His voice was no longer a painful groan; it was rather clear, even though it was trembling and soft.

It was obvious that Jing Cha the Legendary was suffering so much that he wanted to die!

The only thing that he wanted right now was to be freed from the silver flames that were burning all over his body. He did not want to be in pain anymore. He wanted to die so he did not have to suffer anymore!

And he regretted his action!

He greatly regretted it. He regretted that he'd killed Xu Xue Ning. If he'd killed only Bai Chen, he would not be in this situation.

However, one could hardly blame him. How could he have known that Xu Xue Ning was backed by someone as powerful as a divine realm cultivator? No one had ever reached that level in more than a million years!

“Kill you?” The white-haired young man spoke coldly. “Killing you now is too easy. You have to be burnt by the silver flames for a hundred years!”

Suddenly, he put his fists together. Silver rays of light leapt out towards Jing Cha the Legendary.

Pewwwww!

The silver light covered Jing Cha the Legendary's body that was being burnt by the silver flames.

After covering his whole body, the silver light vanished along with Jing Cha the Legendary. There was nothing left.

Of course, Jing Cha the Legendary was not dead. He had only been sent to a pocket dimension.

He would be trapped in there for a hundred years, suffering and being tortured every second, every minute, every hour, every day, every month, and every year!

The white-haired young man was cold-blooded and cruel. He had absolutely no mercy towards Jing Cha the Legendary!

It was only normal for him to be like that. He'd said, 'Xu Xue Ning is my woman'. That was why it was impossible for him not to deal with her killer in the most brutal way possible!

Chapter 330 A Man From The Future

At the moment, everything went quiet. No sounds could be heard.

Lu Zhun Gu the Legendary stood still in thin air. His body trembled with fear. It was hard to tell how scared he was.

However, it was only normal that Lu Zhun Gu the Legendary felt this way. He'd just witnessed the scariest thing in his life.

Moreover, he also heard that phrase that sent shivers down his spine: 'Killing you now is too easy. You have to be burnt by the silver flames for a hundred years!'

Hearing these words, Lu Zhun Gu the Legendary knew right away that Jing Cha the Legendary would be burnt like that for a hundred years for real!

He did not want to think about how horrendously painful that would be!

He inhaled deeply and tried his hardest to suppress his emotions.

Lu Zhi Yun was soaked with rain. She did not feel any different from Lu Zhun Gu the Legendary, her grandfather. Actually, she was even more scared than her grandfather.

The white-haired young man did not care much about how the both of them would feel.

After dealing with Jing Cha the Legendary, he turned to where Xu Xue Ning's body was lying. She was still there, lifeless.

The white-haired young man stared at her for a while before his body vanished.

Seconds later, he appeared in front of Xu Xue Ning's body. His feet stepped on the ground beside her.

He lowered his head and looked at her face, which at this moment was colourless. Her lips were decorated with bloodstains, along with her body and her clothes.

The hole in her stomach was full of dried blood!

The pungent smell of blood hit one's nose strongly.

"Xue Ning..." The white-haired young man spoke softly.

He bent down and was about to reach for her face.

Then, he suddenly halted and quickly pulled his hand back.

‘No. A person like me who chose to cut myself off from love to avoid suffering—what qualified me to touch her?’

The white-haired young man sighed. His sorrowful white eyes trembled a little.

His cracked face, which was full of intense sadness, turned towards one direction. It was where Bai Chen’s body was.

‘The me of this time period hasn’t seemed to come to his senses yet. You’ll finally come to your senses in short while and once you do, you’ll be like me. Your life will be miserable and full of hatred and vengefulness. You’ll only focus on getting revenge!’

‘The path that I’ve been walking is even more painful than struggling to live. It’s as if you’re living in hell. Your weakness will kill all your loved ones. Xue Ning also died protecting me. Xu In and Li Lin were the same!’

‘The three women that I loved all died protecting me!’

The white-haired young man was deep in thought.

From what he was thinking and his actions and words earlier, it was not difficult to figure out his identity.

He was none other than Bai Chen!

He was definitely Bai Chen. However, he was not the same Bai Chen as now. He was from the future!

He was a man from the future. However, even with the glorious power that allowed him to kill a legendary realm cultivator in the blink of an eye, he did not seem to be happy.

However, this was only normal. He’d had to lose a lot before reaching this point. His black hair had turned white and his determined eyes had turned white and gloomy.

Even his face had cracked and was always adorned with intense grief.

The three pieces of cloth of different colours at his waist fluttered against the wind. The white one glowed as if it was trying to console this future Bai Chen.

“Xue Ning, even though I chose to cut ties with love, you’re still here with me...”
Bai Chen sighed. His face showed pain.

Each cloth was infused with a small part of the spirits of the three women that he’d loved.

He was the one who’d created them. The yellow cloth was made from Li Lin’s dress, the blue one was made from Long Xu In’s, and the white one was made from Xu Xue Ning’s.

The three coloured pieces of cloth were the things that kept him going until he'd achieved his goal to break the rules of the space-time and time travel back here!

Back to the year that had been the start of his gloomy path in life!

This was even though him coming here and making Jing Cha the Legendary suffer due to the silver flames for a hundred years was supposed to change history.

He did not care about that because he'd time travelled back here to change history anyway!

Bai Chen had come all the way from the future to change history!

The first thing that he'd changed was dealing with Jing Cha the Legendary and making him suffer by being burnt by the silver flames for a hundred years.

“E...Elder!”

While Bai Chen was looking at his own unconscious body, Lu Zhi Yun's voice sounded.

She was not on her flying sword anymore. She was standing on the ground rather far away from where Bai Chen was standing.

Bai Chen turned to her and saw her pale face, which was full of confusion. He could guess that she must be thinking of asking the question that she'd asked him earlier once again.

Bai Chen from the future nodded and gently flicked his hand. His body from this time period disappeared in a flash.

He waved his hand again and Xu Xue Ning's lifeless body vanished too.

He had placed both of them in a dimension; he had not simply made them disappear.

After that, Bai Chen vanished and reappeared again in front of Lu Zhi Yun.

“Lu Zhi Yun, you saved my life once. It's been many years for me, but it was only recently for you. Look at my face. Do you still not recognise me?” Bai Chen said while looking at Lu Zhi Yun.

Even though Lu Zhi Yun had only told him her English name, Mary Dington, when they first met, he had found out from Long Xu In when she had still been alive at his side that she had another name, which was Lu Zhi Yun.

Up to now, Bai Chen had only been using the cultivators' language.

This was because he had been in the cultivator world for so long that he was used to using their language.
