

Life Changing 341

Chapter 341 Not An Illusion

An unknown amount of time passed by and there was no further movement from both Bai Chen and Long Xu In.

Bai Chen stood still, looking at Long Xu In's beautiful back to imprint that image into his mind.

Even though his heart ached, he was glad to be able to protect her from the shadow that no light could reach.

As for Long Xu In, she was standing there with tears running without halt down her face. Then, she grabbed the left side of her chest with her delicate hand. It was where her heart was.

Her heart was racing so fast, it was as if it would burst right out of her chest!

She could not stop trembling. The images that she saw in her head shook her.

She suddenly asked herself whether, if she had been there, would she have been courageous enough to give her life for Bai Chen?

"I... I..." She said through her trembling lips. She was certainly not confident about it.

However, she never knew that the future her actually did not hesitate at all to protect Bai Chen with her life.

Time went by slowly. Long Xu In was still standing there. Tears still ran down her face without halt.

'T...The images that I saw were real. They weren't illusions or hallucinations!'

That thought popped into Long Xu In's mind. Though she did not know where this belief had come from or how it had come into her head, she did not even think for a second that these images were illusions.

Suddenly, the pain in her heart reached its peak when she saw the two images.

"Ohhh!" She cried out loud. Then, she quickly turned back and ran.

She ran to where Bai Chen was. Without any hesitation, Long Xu In leapt towards Bai Chen and embraced him with many complicated and mixed feelings!

Bai Chen, who was smiling bitterly, opened his eyes widely. He trembled.

"X...Xu In!" His lips trembled.

He did not expect her to run back and hug him like this.

To be honest, this surprised him a lot. A moment after that, the feeling changed to sadness. He raised both of his hands up as he wanted to hug her back to console her.

However, he quickly put his hands down since he did not have enough courage to do it.

“Ohhh... Bai Chen! I know now why you're also in love with those girls. I know now. And you told me you love me, too. Is that true?!” Long Xu In cried. She hugged Bai Chen tightly.

Her embrace was so tight, it was as if she was afraid that Bai Chen would leave her for a faraway place if she let go. It was as if they would not cross paths with each other again.

In her heart right now, there was no disappointment left at all. There was only fear. She loved him deeply. She did not want him to love only Xu Xue Ning and Li Lin. She did not want to be left behind.

The images that she had just seen let her know that she was nothing compared to the two of them.

Although she knew that there was no comparison, Bai Chen still loved her as he loved those two. That was why she'd changed her mind. She did not want to leave him. She accepted his choice to love three women at the same time. She chose to stay by his side!

“It's true!” Bai Chen quickly answered without hesitation.

At that time, a cool breeze blew passed him and forced his hands to go around Long Xu In.

Bai Chen was surprised at what had happened. Then, she smiled happily. “Thank you...”

Of course, he was thanking his future self. He saw a faded white shadow smiling at him before it quickly vanished.

It was easy to know that it was his future self who'd made Long Xu In change her mind.

Long Xu In slowly raised her head up. Her face was wet with tears. She looked at Bai Chen with a blushing face. She closed her eyes and slightly parted her rosy lips.

Bai Chen blinked several times. He did not have to be smart to know what he should do. His heart pounded faster. Without hesitation, he gently kissed Long Xu In's lips.

“Mmmm...” Long Xu In's eyelids trembled a little. Tears ran down her cheeks.

She did not open her eyes. She tasted the flavour of the kiss from the man she loved with a heart that was full of joy.

.....

Two hours later, Bai Chen arrived home with a smile on his face.

How could he not smile? He and Long Xu In finally understood each other. She could now accept that he was also in love with two other girls.

In the last two hours, he'd had a happy time with her. They talked about when they first met and how they had come to love each other. Then, they'd parted ways.

However, before they had, Bai Chen had given her the blue bracelet, the very same one that his future self had given to him.

Long Xu In regarded the blue jade bracelet, as Bai Chen's heartfelt gift. She told him that she would wear it at all times.

Bai Chen felt relieved. If she kept it with her all the time, he could be certain that nothing could harm her.

“The next thing I should do is to explain things to Li Lin, just like I did with Xu In. Then, I'll confess my feelings to her.”

Bai Chen talked to himself while he was sitting on his bed.

He was now in his bedroom. He would do what he'd told himself just now tomorrow.

After everything here was settled, he would go to Beijing right away.

He was going to take his revenge on Wang Chengye and the Wang family, one of the five big families in Beijing!

That was his ultimate goal in the first place!

It was not only Wang Chengye and the Wang family, but also the Xi family—they were the new targets of his vengeance. As for Jing Cha Secret Organisation, he did not care much about it anymore.

This was because Jing Cha the Legendary had already been dealt with by his future self; the organisation, now lacking its powerful supporter, would vanish in no time. It certainly would not be able to get back on its feet in this limited a time period!

Chapter 342 Travel To Beijing Again

Bai Chen had been thinking about what he should do next for a while before opening up the Life Changing System's window.

Bai Chen swept his eyes through all the details. His face was calm as usual.

However, his heart was agitated. He would not be feeling this way if everything was the same.

However, everything had changed now. Now, he had all the memories from his future self. He now knew that each mission did not pop up on its own; there was someone behind it.

And that someone was Namiana, the ninth Life Changing System, who prepared all these missions for him.

This was not the only thing that Bai Chen had been told. He also knew that the randomised skills and items were all lies. No matter how many times he randomised things, it was Namiana who decided what to give him.

However, Bai Chen still felt rather thankful to her. He was able to make it here because of her ninth Life Changing System.

Bai Chen shook his head. He decided not to think much about it. He looked at the name of the next mission. It was the same name that he had seen in the memories he'd gotten.

Even though he had not seen the details yet, he knew that it required him to get his revenge on Wang Chengye and the Wang family, one of the five big families of Beijing. Yet, he still opened the details window up.

[Mission 38: Get revenge!]

Description: You have to get your revenge. You must get revenge which was what brought you here in the first place!

Reward for success: Win 150 points + 150 magical bonuses

Bai Chen swept his eyes over all the windows and closed them all down.

“The mission turning out this way is probably Namiana’s doing,” Bai Chen muttered softly.

This was since he knew that the Life Changing System had a mind of its own and that it was a high-level AI. He did not have to depend on the memories he'd gotten from his future self.

He could still guess that the mission specified getting revenge like this was because it was Namiana's doing.

The past missions were undoubtedly her doing too.

"There are 150 points for this mission. I'll get to level 19 if I succeed." Bai Chen frowned a little. "That means I'm only a level short. I need another 100 points and the war of the system owners will begin!"

Bai Chen's face turned serious when he thought about the war—even though the memories from his future self told him that he would certainly win,

He knew that winning the war would not be easy. Even his future self had struggled with it. He'd encountered a great many hardships and suffered in a manner that he could barely even put into words before he'd won!

He had also lost a great many things on the path to victory in the war!

"I'll think about this later. I should focus on killing Wang Chengye and the Wang family first!"

Bai Chen spoke coldly. He decided to put aside the war of the system owners for now.

After thinking about how to explain things to Li Lin, Bai Chen got up from his bed to take a shower and finally go to sleep.

.....

It was Wednesday morning, Bai Chen had to go to school, yet he chose not to.

This was because he had a more important thing to do.

After helping his parents with shop preparations, Bai Chen dressed politely and left home.

When he reached the entrance of the Xing Seng business district, he brought out his phone and called Li Lin immediately. He wanted to arrange a meeting with her.

Bai Chen actually felt nervous. He was afraid that Li Lin would not be able to accept him like Long Xu In had previously and leave him.

If his future self had not helped him last night, he would have lost Long Xu In for good.

Even so, Bai Chen still hoped that his future self would help him again.

Bai Chen waited for a while until Li Lin picked up the phone. "Bai Chen, why weren't you at school yesterday?"

Bai Chen did not expect Li Lin to ask about this first thing after she picked up the phone. He had not told her about it. Thus, it was only normal for her to ask.

"I had some business to take care of. Where are you right now?"

"I'm in Beijing with my family," Li Lin answered.

"In Beijing?" Bai Chen did not expect that Li Lin would be in Beijing!

“Yes,” Li Lin said. “It’s urgent. That’s why I didn’t tell you. Hope you don’t mind.”

“Not at all.” Bai Chen shook his head. He would not mind anything. She protected his future self with her life, so of course, he would treat her the best he could. He would never make her sad.

“So, why did you call? Anything important?” Li Lin asked.

Bai Chen went quiet. As Li Lin was in Beijing, meeting up with her now was impossible. He had to change his plan. He had to go to Beijing and meet her there.

He had to go there anyway.

“Yes, very important. I’ll meet you in Beijing. When I get there, I’ll call to ask you where you are,” Bai Chen said after a short while.

“Huh?” Li Lin was surprised. She did not expect him to come to Beijing to meet her. “You’re coming here?”

“Yes.” Bai Chen nodded. “I’ll call you when I get there.”

Bai Chen hung up the phone without waiting for Li Lin’s response.

Then, he started to prepare for his trip to Beijing again.

Chapter 343 Look Back To That Year

Yesterday afternoon was when the future Bai Chen had said good-bye to his current self. He’d travelled through the dimensional rift to appear in Beijing.

He’d appeared above the gigantic mansion of the Xu family, one of the five big families of Beijing.

As soon as he arrived, the first thing he did was look at the mansion.

He could see through the mansion. He saw the old man Xu Sien Yi, the Xu family’s sky soaring realm cultivator, meditating inside a room on the top floor.

It was not only the old man Xu Sien Yi he could see; he could also see others, be it Xu Xue Ning’s parents, grandfather, and other relatives whom he did not know.

Seeing all the familiar faces made Bai Chen future self think back to that year when he was here.

He could still remember that he had been here to help save Xu Xue Ning from an arranged marriage.

Bai Chen reminisced for a while. Then, he shook his head to get rid of the memories.

Suddenly, he raised his hand to touch his face. His white hair quickly turned black. The crack on his face was gone. His gloomy white eyes changed to black.

Bai Chen’s appearance was no different than when he was here years ago.

It was obvious that he’d used his transformation technique to change himself to look like when he was here for the first time.

This was because he did not want anyone in the family to be alarmed at seeing his current state.

It was not the thousand-face skill that was only limited to 10 uses anymore.

It was actually a transformation technique that could change him completely without any flaw. The use of it was also unlimited.

He'd got it from the celestial world, the battlefield of all 12 Life Changing System owners. After transforming, Bai Chen vanished.

He reappeared again inside the old man Xu Sien Yi's room.

Xu Sien Yi could not sense his existence in the slightest, even though Bai Chen was there.

Bai Chen was standing not very far away from where the old man Xu Sien Yi was meditating. He stood there quietly for a while before letting out a long sigh.

That sigh made the old man Xu Sien Yi tremble and immediately open his eyes.

As soon as he saw the person in front of him, he knew that he was the man who'd just sighed. His heart almost stopped beating.

"My fellow Taoist, Xu Sien Yi." Bai Chen looked at the old man Xu Sien Yi's surprised face and spoke calmly.

"E...Elder Chen Bai!" The old man Xu Sien Yi was awakened from his reverie and exclaimed aloud.

He was alarmed. He did not expect Bai Chen to appear in front of him now. He had not even sensed him. If Bai Chen had wanted to kill him, he would have been dead before he knew it!

Cold sweat appeared on his face. Without hesitation, he gathered all his strength and got up onto his feet. He immediately made a greeting gesture.

"A greeting from my humble self to elder Chen Bai."

Bai Chen did not react to that. Of course, he was used to being called 'Chen Bai' instead of 'Bai Chen' by him.

This was because Xu Xue Ning was the one who'd told this old man that his real name was 'Chen Bai', which it was actually not.

However, it was not her fault. He was the one who'd introduced himself as Chen Bai. That was why she'd thought that.

However, this was nothing compared to what Bai Chen had come here for. He flicked his hand once and Xu Xue Ning's beautiful body appeared in front of him. She was still unconscious.

To be more accurate, she was in a state of slumber.

"X...Xue Ning!"

As soon as he saw Xu Xue Ning appear from thin air, the old man Xu Sien Yi was naturally alarmed.

His facial expression changed again when he saw Xu Xue Ning's torn clothes and dried blood. His lips trembled. He wanted to ask what had happened to her.

However, Bai Chen spoke up first. "There's no need to worry. She's fine."

Hearing that, the old man Xu Sien Yi sighed with relief. However, the next thing that he learned turned his face pale.

"She lost her memories of the past year."

"What?!?"

Bai Chen did not fret. He continued calmly.

"You must have sensed the recent fight between legendary realm cultivators."

The old man Xu Sien Yi tried his best to suppress his rapid heartbeat.

Even though Bai Chen did not say it, he knew that that legendary one was Bai Chen!

That was why his heart was beating so fast he needed to calm it down.

"Xue Ning has lost her past year's memories. Is that correct, elder?"

After a while, the old man Xu Sien Yi inhaled and asked this carefully. He tried not to ask about the fight.

He wanted to know about it, but he did not dare to ask.

"Correct." Bai Chen nodded. "She has lost the memories of her past year because she protected me from Jing Cha the Legendary."

"....."

The old man went quiet. He was speechless. It was as if he could not react at all.

He was actually trembling violently. No one knew if he was shocked or scared.

Chapter 344 The Tunnel Of Time

There was only silence in the room. Only the sound of breathing could be heard.

However, Bai Chen could not let time pass by like this. He had been in this time period for too long. He did not know what would happen to him if he stayed here longer.

"You heard correctly. She protected me from Jing Cha the Legendary and lost her memory," he said with a pained face. He did not care how the old man Xu Sien Yi would react. He quickly continued.

"But there's no need to worry. Besides that, she is totally fine. As for Jing Cha the Legendary, he's not in this world anymore. Ming Kong the Legendary as well!"

"....."

The old man Xu Sien Yi was speechless. However, his body trembled violently. He could barely maintain his balance.

His face was as white as a sheet and had broken into a sweat. His breath was almost cut short. He tightened his shaking fists.

Eventually, the old man Xu Sien Yi seemed to be able to calm down. He asked a question softly.

“Is this true?”

“It is.” Bai Chen did not say more. He flicked his hand a little and Xu Xue Ning’s body floated towards the old man. “Please take care of her for me. I have some business to attend to.”

“Y...Yes,” the old man Xu Sien Yi responded shakily while retrieving Xu Xue Ning’s body.

His heart was in a tumult. He was full of curiosity. Of course, he did not dare to ask any questions.

Bai Chen turned his back to the old man. He flicked his hand again and two items floated towards the old man: a white jade bracelet and a tricoloured jade bottle.

“Give these to her. The bracelet can protect her from any danger and inside the tricoloured jade bottle is a pill that will boost her power.”

Those were Bai Chen’s parting words before pulling apart the dimension until a big black rift was formed. Then, without hesitation, he stepped into the rift. It slowly closed and vanished.

Of course, the old man Xu Sien Yi saw everything. His eyes opened widely in shock.

‘A d...Divine realm cultivator!’ His heart could not help but tremble madly.

It was obvious that he did not think that Bai Chen was a legendary realm cultivator anymore. No legendary realm cultivators could tear a dimension apart like this.

Even though he was not certain if Bai Chen was actually a divine realm cultivator, as he had never met one before...

At the very least, for him, Bai Chen was certainly not a legendary realm cultivator anymore!

‘That means that what elder Chen Bai said was true. Both Jing Cha and Ming Kong the Legendary aren’t in this world anymore!’

The old man Xu Sien Yi thought about this and breathed the cold air in.

At that moment, he heard a calm voice in his ear. It was Bai Chen.

“I hope you won’t force Xu Xue Ning to marry anyone again. Just remember that I’ll be here to protect her for eternity!”

“She’s my woman, Bai Chen’s woman. One day, I’ll come for her. Don’t make her sad. If you do, even just a little, I won’t hesitate to drag even her Xu family to hell!”

The old man Xu Sien Yi immediately went stiff. Then, he nodded a great many times like a chicken pecking at its food.

It was quite obvious that he was very scared. Yet, he also felt very happy.

This was because Bai Chen said that Xu Xue Ning was his woman. That meant the Xu family would be protected from here on out.

Probably because of the old man Xu Sien Yi’s overwhelming emotions, he did not notice when Bai Chen had said, ‘Bai Chen’s woman’.

If he had, he would have been in deep thought since he thought that his name was Chen Bai.

If he’d heard when Bai Chen called himself another name, he would have been thinking hard about which name was actually his real name.

.....

Within a colourful dimension, where there were 7 colours in total, Bai Chen was walking slowly.

He was now back to his current appearance. The white hair, the gloomy eyes, and the cracked face full of grief had returned to him.

Even so, he now had a happy smile on his face.

The reason why he was smiling was because he was happy that he had been able to change the past.

He believed that his past self would certainly be able to succeed, be it in protecting Xu Xue Ning, Long Xu In, and Li Lin from dying and winning the war of the system owners.

With the time difference, when he went back to where he was in the future, everything should have changed by then. He should be back to his normal self with Xu Xue Ning, Long Xu In, and Li Lin beside him.

He would be spending his life happily with all of them like how he’d imagined it. The pain, the torture, and the grief that he had experienced would become only a nightmare.

“Xue Ning, Xu In, Li Lin, we’ll be together soon...”

Bai Chen talked to himself while walking forward in this colourful dimension.

It was actually a tunnel of time that led to the future where he was from.

Unexpectedly, Bai Chen stopped short. His facial expression changed drastically.

His eyebrows knitted together tightly and he stared intently in front of him. “Who’s there?”

“Hahaha.” Suddenly, loud laughter filled the area. It was as loud as thunder.

The laughter echoed in the tunnel of time. It continued for a long time and even after a long time, did not stop.

Bai Chen's facial expression changed again and again along with the sound of this mysterious laughter!

Chapter 345 Infinity Zero

"Who is that?" Bai Chen's face was serious. He could not help but tighten his fists. He was alert.

He had a premonition that the source of the laughter was a dangerous one.

This was the first time in a thousand years that he'd ever felt this way.

However, it was only normal. Since he was an immortal cultivator who was standing on the top of the world, be it the celestial world or the present world, there was nothing that could easily rouse him or make him feel like he was in danger.

"You're asking who I am?" an arrogant voice sounded. It was the same voice as the earlier laughter.

Suddenly, a figure appeared. He was in a glowing white robe. His face was faded, as if it was covered with a thick fog. He wore a golden crown on his head.

However, the crown seemed to be unstable. It was like a static hologram image that kept blinking unsteadily.

As soon as Bai Chen saw the source of the laughter, his body started to shake. He could not help but take a step backwards.

It was not because of how powerful the person who'd appeared was. It was because Bai Chen sensed that the man was exceedingly dangerous.

Maybe he was too dangerous for him to handle!

"If you dare ask, I'll gladly answer. You can call my Infinity Zero. I'm the creator of the Life Changing System. You could call me the father of all 12 Life Changing Systems."

The man in white spoke again. His words were as if countless thunderbolts continuously struck Bai Chen. His cracked face turned pale.

"Y...You're the god-like being. The one who created the Life Changing System!"

Bai Chen's voice trembled. He knew now who the man actually was.

It was obvious who he was from what he'd told him. He was Infinity Zero, the creator of all 12 Life Changing Systems!

"Ah...It seems like you know a lot about me, Bai Chen. Or should I call you Bai Chen the Immortal?"

Infinity Zero seemed surprised that Bai Chen knew that he was a god-like being.

Bai Chen went quiet. He did not say anything else, He inhaled deeply to calm down.

To be honest, he felt greatly pressured. It was only normal since the man in front of him right now, Infinity Zero, was no different than a god.

He could do anything in this world. There was nothing that could stop him.

The Life Changing System could do a great many things, be it time-travelling and possessing miraculous items and skills.

The man who'd created the system would surely be able to do everything!

A god-like being was certainly just that.

As to how Bai Chen knew about Infinity Zero, one had to return was when his system had reached level 20.

At that time, Namiana, the ninth Life Changing System, had appeared in her hologram form and explained about the 12 Life Changing Systems.

She also told him about how the system was actually a high-level AI that had been created by a god-like being from a far distant future. It was very far from the period Bai Chen was in.

However, Bai Chen did not know or care about who the man was at the time. He only knew what he was told and had forgot to ask about it until now.

The second he appeared and said that he was 'Infinity Zero', Bai Chen finally realised that the god-like man who'd created the 12 Life Changing Systems was named 'Infinity Zero'!

“What do you want?”

Even though Bai Chen was pale, he still tried to keep his voice stable, unlike before. He did not know why Infinity Zero was here in the first place, but he would never show his weakness.

Infinity Zero, in a white robe, drifted down to the ground. The fog-covered face seemed to have a smile on it.

“I didn't expect you to be able to achieve the truth of time and gain the ability to jump across all time periods like this,” Infinity Zero said with a surprised tone.

“But whatever. You asked about what I want, correct?”

A black, murderous aura was emitted from Infinity Zero's body.

“Of course, I want your life!”

Bai Chen's facial expression changed again. His face did not turn pale because it could not be any paler than it was.

His face was now dark and had broken into a sweat.

“Why?” he asked softly.

Bai Chen was obviously not afraid of Infinity Zero's words. He had been wanting to die for much too long, so he was not scared of death anymore.

Moreover, he had been alive for 1,500 years already!

Death would be scary for others, but for Bai Chen, it was NOT!

If his parents had not been here with him, he would have chosen to end his life a long time ago. Seeing his beloved women died one after the other was too much to handle!

"Woah... You're not scared at all?" Infinity Zero was once again surprised at seeing that Bai Chen, who was in front of him, did not seem to be even a little bit scared of death.

"Why do I have to be scared?" Bai Chen said and took a full step back.

"Good, good!" Infinity Zero was satisfied with Bai Chen's words and actions. His murderous aura intensified.

"To reward you who does not seem to be scared of death, I'll tell you why I want your life. Listen well," Infinity Zero said. "The reason is that anyone who becomes the winner of the war of the system owners has to die!"

Chapter 346 Destruction

"The reason is that anyone who becomes the winner of the war of the system owners has to die!"

His words echoed in Bai Chen's head. He turned stiff. His face turned unpleasant and extremely pale.

Infinity Zero smiled a little when he saw Bai Chen's facial expression and actions.

"You heard correctly. Everyone who owns the system will eventually die!"

"....."

Bai Chen stood there quietly for a long time. There were no words coming out from his mouth. He was completely speechless.

However, at the end, he still chose to speak. "And why is that?"

"Why is that?" Infinity Zero laughed happily. "Because everything that you received was just one of my games!"

"Think about it, I'm a god-like being who can do anything I desire. It'd be quite boring just doing nothing, don't you think?"

"So, I thought of this game. I created 12 Life Changing Systems. They were like my kids."

“Then, I ordered them to search for those with strong desires, be it vengeance, greed, or any other desire of that sort.”

At that moment, Infinity Zero’s words and laughter seemed to blend together and fill the area.

“Once we got all 12 people, we just wait for them to start a war and kill each other off until there is only one left standing. We grant that person one wish and then kill that person off!”

“Don’t you think this is kind of fun? Ah, right, I did not expect Namiana, my number 9 child would fail and be killed by you. It was a shame since she finally turned into a real human.”

Hearing what Infinity Zero said, Bai Chen’s face turned extremely unpleasant. His body shook violently like never before.

His fists tightened until his nails pierced his palms. Blood seeped out of his hands. His heart pounded like crazy with anger.

“The evil, filthy animal... was actually you!” Bai Chen spoke through his teeth.

His voice was clearly full of tremendous rage!

“You’re the one behind this. You’re the reason why Namiana wanted to kill me!”

Bai Chen’s gloomy white eyes turned red. Their veins almost popped out of them. He showed an immense intent to kill!

“And what of it?” Infinity Zero did not feel anything towards Bai Chen’s rage-filled actions. Bai Chen, for him, was no more than a powerless ant.

He was not worth his attention or any emotions. Bai Chen was only one of the pawns that made his game more entertaining. That should be an honour for an ant.

“I... will... kill... you!” Bai Chen shouted. Each syllable was full of intense anger.

Long Xu In and Li Lin had had to die because of the war of the system owners, and the man behind it, Infinity Zero, was the cause.

Thus, it was only normal for Bai Chen to be so angry, he went mad.

His raging emotions at the moment confirmed how furious he was towards Infinity Zero.

At that moment, a suffocating aura poured out of Bai Chen. It was so heavy, it could easily make everything bow at its feet. His hair and clothes fluttered intensely.

His pale, unpleasant face had now turned malicious. It was full of a strong intent to kill. The tunnel of time started to shake. The dimension was being torn apart!

“The power of an immortal cultivator is scary, that’s true. However, it is no different from a grain of dust before me!”

Infinity Zero shook his head indifferently. The power of immortal cultivators might be very scary for others. Everyone in the world would give in to it. However, it was nothing to Infinity Zero.

This power was nothing to him!

Bai Chen did not seem to care about what Infinity Zero said. He took a step forward. The path through the dimension he took cracked so much, it almost collapsed!

The suffocating aura around him changed into a glowing silver aura. His face was determined. He was still angry.

“Die!”

Bai Chen said this coldly. At the same time, his body flickered. He leapt forward with an incredible speed that was impossible to follow with the naked eye.

His movements were so fast, there was not even a mirage left visible.

In the blink of an eye, he appeared in front of Infinity Zero. One of his hands moved behind him. He raised another hand up. A blinding silver ray of light shone out and shook the surroundings.

Without any hesitation, Bai Chen quickly slammed the hand with that silver ray of light at Infinity Zero’s body.

Anyone who had to face immortal cultivators like Bai Chen the Immortal would be so scared, he would not even dare to move.

However, this was Infinity Zero. He was not afraid and could still move freely. He shook his head indifferently before flicking his index finger.

Unexpectedly, that single movement from Infinity Zero tore the slamming hand and that silver ray apart!

Bai Chen’s face displayed no signs of pain. Instead, he smiled. The anger on his face appeared to have vanished.

Seeing Bai Chen’s face, Infinity Zero was on high alert. There was something amiss.

However, before he knew what it was, it was too late!

Bai Chen’s left hand, which was behind him, moved. The silver ray of light exploded from it and destroyed the path behind him!

BOOM!

The explosion was loud. The path in the time dimension was completely destroyed!

Dust and smoke from the explosion filled the tunnel of time. Everything was obscured and could not be seen at the moment!

Chapter 347 No Regrets

In the midst of the dust and smoke, Infinity Zero’s indistinct face showed gloominess, and it had developed from anger.

“Bai Chen!” his cry echoed throughout the area. He swept his hand to the side once and the smoke vanished.

No one knew when did Bai Chen moved farther away from Infinity Zero. He stood there with an emotionless face.

His attack just now had just been a deceptive manoeuvre. He had intended to distract Infinity Zero and destroy the path in the tunnel of time.

It was the path that he’d used to get here!

“Infinity Zero, even if you’re a god, you won’t be able to fix the destroyed path, will you?”

Bai Chen did not care about Infinity Zero’s anger at all. He looked at the other party calmly.

There was blood coming out of his left arm where it had been cut off, but he did not feel any pain. He did not even care to stop the bleeding.

It was because he did not think that he would survive this. His chance of survival had become zero when he encountered Infinity Zero.

“You!” Infinity Zero had gone mad from anger. It seemed like the anger had made it so he could not speak.

Bai Chen was right. Even though he was a god, it would be too difficult for him to repair the path, and beyond that, the one who’d destroyed it was the successor of the truth of time himself.

“I guess I was right.”

Bai Chen’s calm face showed a smile. It was a melancholy one, yet also satisfied.

Infinity Zero inhaled deeply, as if he wanted to calm himself down. Yet, he still looked at Bai Chen with malice.

“Even so, you’ll die anyway!” he said with a furious voice full of disdain.

“That doesn’t matter. I’ve been living long enough already. I have no regrets!”

Bai Chen did not care about infinity Zero’s words and what he said was true anyway. He had no regrets at all, even if he had to die here.

However, he still had something left undone. He still had not said good-bye to his parents in the future.

And, of course, he would not have a chance to live his life with the three women whom he loved—Xu Xue Ning, Long Xu In, and Li Lin—even if he was close to making this dream come true.

If Infinity Zero had not appeared, his life would have been bright and full of light. All the pain and gloominess would have vanished.

However, Bai Chen could not do anything about it since it had already turned out this way. He could only blame his fate and this wicked man, Infinity Zero!

“Bai Chen!” Infinity Zero still shouted at Bai Chen.

It was obvious that he was dissatisfied at Bai Chen for not being even slightly scared of death, even though he’d admired him for it before this.

Now, everything had changed. Bai Chen had made him mad. He wanted to see Bai Chen afraid of death, afraid of him.

“Infinity Zero, you’ll meet a pitiful end!” Bai Chen suddenly spoke. It was clearly a curse.

He cursed him with a happy smile on his face.

Infinity Zero trembled so much, his white clothes fluttered. His rage was at its peak.

His indistinct face that was covered with fog flickered so much that it revealed one of his eyes. It was rainbow-coloured.

And there was also an immense intent to kill concentrated in it!

“I’ll kill you!” Infinity Zero seemed impatiently. He roared loudly.

His murderous aura exploded. The immense pressure that he created shook the whole tunnel of time.

However, what happened had absolutely no effect on Bai Chen. He turned around to look at the destroyed path one last time and turned back. He had a smile on his face.

“I’m counting on you, my past self...” These seemed to be his last words.

The reason why he’d destroyed the path was because he did not want Infinity Zero to get involved with or ruin his past life, the past that he’d recently changed.

Even though he had to die anyway, he did not regret it at all.

‘Xue Ning, Xu In, Li Lin, please let me be the one to protect you with my life this time!’ Bai Chen thought.

At that same time, the 3 pieces of clothes at his waist glowed.

Bai Chen beamed more widely than before when he saw that.

‘Good-bye!’

Suddenly, Bai Chen raised his left hand. Silver rays of light shone out from his body. The rays formed thousands of lines. His eyes turned bright silver.

“Infinity Zero, would you like to go to hell with me, Bai Chen of the Bai family?”

His voice filled the area. The silver lines gradually raced towards Infinity Zero.

Actually, Bai Chen knew that he was no match for Infinity Zero, otherwise he would not have distracted him and destroyed the path in the time dimension.

“Hmph!” Infinity Zero could easily guess what Bai Chen would do next. He exclaimed through his teeth with dissatisfaction. Then, he completely faded and vanished from the tunnel.

His voice could still be heard. “One day, I’ll destroy your past self!”

Bai Chen was as calm as ever. He did not care about what Infinity Zero had just said. Actually, he had no time to waste on that since he was already dead the moment those thousands of silver lines of life came out of him!

It was obvious that those were lines of life. If he released them, there was no way he could pull them back into his body.

The reason why Infinity Zero had chosen to run away was because he did not want to receive any damage from the explosion of all those lines of life from an immortal!

Even for a man like Infinity Zero, if he was too close to an immortal who was willing to blow his lines of life up, he would either die or be badly injured!

Bai Chen closed his eyes. Then, everything went dark. It was at this same time that the silver lines exploded. It was such a large explosion that it was enough to destroy the tunnel of time!

Chapter 348 The End Of The Jing Cha Secret Organisation

Back in the present time, it was already 6 p.m. Bai Chen had already arrived in Beijing.

Without hesitation, he immediately phoned Li Lin to set up a meeting.

Li Lin had no problem with it. She agreed almost immediately. She was full of happiness that Bai Chen had come all the way here for her. They promised to meet at a famous restaurant.

After they hung up, they started to travel to the restaurant immediately.

At the same time, there was an urgent gathering at a secret place in Beijing.

It was none other than the five members with authority of the Jing Cha Secret Organisation. Actually, there were now four because master Yien, one of the five, was already dead.

The meeting room was the same dark room with a single source of light in the middle.

The four authorities sat in a circle with facing each other. They wore different facial expressions. The old man Jiang Fan was calm. The two middle-aged men, Yan Guan and Ding Sheng, were very laid-back.

The only one who wore a serious facial expression was the only young man at the meeting, Lu Yi.

And the one who called for this gathering was also him.

“Lu Yi, what emergency did you have to suddenly call for this urgent gathering?”

A voice broke the silence in the room. It was the old man Jiang Fan. He was clearly very calm.

Only days ago, he’d received the news about the death of master Yien. He’d trembled as he had been very alarmed and terrified. He had not expected master Yien to be murdered by a sky soaring realm cultivator.

However, that was it. He had not felt those emotions for very long, since there was also good news about Jing Cha the Legendary coming out of his practice lockdown just to settle this matter.

The news had calmed him down, even though he still felt sad about the death of master Yien.

Of course, it was not only the old man Jiang Fan who felt thusly, but also Yan Guan and Ding Sheng. Otherwise, they would not have worn such laid-back facial expressions like they had now.

It was obvious that all three of them thought the same. They thought that the killer would not survive, no matter who that person was, since Jing Cha the Legendary was there to deal with the situation himself.

Also, they thought that the killer must have been dealt with since they could sense the recent fight between legendary realm cultivators.

All three of them thought that Jing Cha the Legendary had killed the murderer of master Yien first, then asked another legendary realm cultivator for a duel.

They did not know who the second legendary realm cultivator was.

Lu Yi also thought the same at first. However, it was last night that had changed his mind. His grandfather had told him everything.

He'd even told him to resign from the Jing Cha Secret Organisation because Jing Cha the Legendary had killed the woman of a divine realm cultivator!

Now, he was atoning for his sin by being burnt with silver flames for a hundred years!

The news was so terrifying that Lu Yi had almost wet his pants.

If he'd heard it from someone else, he would not have believed it for a second. However, it was his grandfather who'd told him, and he was a legendary realm cultivator. How could he not believe him then?

However, Lu Yi found one thing hard to believe. It was about the divine realm cultivator!

Yet, he had to believe it since his grandfather had confirmed it.

That was why he needed to call for an urgent meeting of the authorities of the Jing Cha Secret Organisation. He wanted to tell everyone what he had learned from his grandfather.

Then, he would resign from the organisation. He did not care who would be staying on.

The old man Jiang Fan, Yan Guan, and Ding Sheng waited for Lu Yi's answer.

Lu Yi swept his eyes around the circle and inhaled deeply.

"I'll tell you this once. Please listen carefully..."

Lu Yi started to tell the story that he'd heard from Lu Zhun Gu the Legendary in detail.

He told them that the killer of master Yien was a legendary realm cultivator, and this very same cultivator had gotten into a fight with Ming Kong the Legendary. Ming Kong the Legendary had been killed pitifully in the fight. He died with regrets and had been beheaded!

Next was the story of the white-haired cultivator who was supposedly a divine realm cultivator, judging from his immense power. He'd appeared and dealt with Jing Cha the Legendary very cruelly because Jing Cha the Legendary had killed his woman!

Once Lu Yi reached the end of the story, the old man Jiang Fan, Yan Guan, and Ding Sheng were frozen in place. It took a long while for them to calm down.

"T...This is impossible!" The old man Jiang Fan's voice trembled.

"C...Correct. How could such a thing happen?"

"T...This is definitely not possible. Please tell us that these are all lies, Lu Yi!"

Yan Guan and Ding Sheng's voices also trembled. They did not want to believe what they'd heard and refused to admit that what Lu Yi had told them was the truth!

Lu Yi got up from his seat and turned his back on the rest of them. He walked towards the door without hesitation. He also left some parting words.

"Whether you believe it or not, it's up to you. I'm resigning from here on out!"

Looking at Lu Yi walking away, the old man Jiang Fan's lips shook. After a while, he also stood up and followed Lu Yi out.

"I'm also resigning!"

"Me too!" Yan Guan quickly spoke.

"If so, then me too!" Ding Sheng said agitatedly.

Not so long after that, all four authorities walked out of the room—even the old man Jiang Fan, Yan Guan, and Ding Sheng, who had not seemed to believe the story at first.

However, once everything had been considered, the one who'd told Lu Yi this was Lu Zhun Gu the Legendary. It was definitely true.

That was why they did not hesitate to resign from the Jing Cha Secret Organisation.

They did not want to die if that divine realm cultivator wanted to take down the whole organisation.

It was the end of the Jing Cha Secret Organisation. There were no one of power left to support it!

Chapter 349 Already Helping

Inside one of the classy restaurants in Beijing, Bai Chen was sitting at the table next to the window on the second floor. He was there alone and had not yet ordered any food because he was waiting for someone. That 'someone' was Li Lin.

It had been half an hour since he'd called her.

The reason why he had gotten here first was because he was closer to the restaurant. However, the one who'd suggested this place was Li Lin.

Bai Chen had only been in Beijing three times. He did not know any restaurants, and the very first time that he had been here was because he had been transferred to Beijing Central Prison. He had not had a chance to go anywhere since he had been stuck in there for 12 whole years.

Bai Chen silently waited for Li Lin. He could hear murmurs from the customers inside the restaurant that complemented the atmosphere.

“Bai Chen.” At that time, a small, cute voice sounded.

Bai Chen turned towards its source quickly. Then, he saw Li Lin.

She was in a beautiful short dress. Her smooth little hands were holding a small white leather bag.

“Li Lin.” Bai Chen smiled at her and got up from his seat to greet her.

Li Lin had a cute smile on her face. She sat down in the opposite seat from Bai Chen.

Bai Chen sat down while looking at Li Lin’s doll-like face.

There were mixed feelings in his heart. He was happy that he had gotten to meet with Li Lin, yet he was nervous that he had to confess that he did not have feelings for only her, but also for three women at the same time.

However, he still thought that his future self would help him one more time.

“What’s so important that it brought you here to see me in Beijing?” Li Lin asked curiously.

Bai Chen shook his head. “Let’s talk about that later. Have you eaten? Should we order some food?”

“Not yet. Ordering is a good idea.”

Li Lin did not push him into talking since Bai Chen did not want to talk about it. She nodded and smiled.

Then, they ordered two to three dishes and ate for about half an hour.

Once they were done eating, they paid for the food and walked out of the restaurant together.

Bai Chen and Li Lin walked together down the unfamiliar sidewalk. There were a great many cars driving past each other.

Beijing was actually a big and chaotic town.

“Let’s go sit over there.” Bai Chen saw a stone bench under a tree not so far away from them. He turned to Li Lin and made the suggestion.

She nodded and followed him. Not long after that, they were sitting on the bench.

The place behind them seemed to be on sale since there was a ‘For Sale’ sign in front of it. That was why not a lot of people walked past. It was quiet. Only the sound of cars could be heard here and there.

Bai Chen's facial expression turned serious. He was sitting beside Li Lin and looking at her doll-like face. He tightened his fists. His heart pounded fast.

Judging from his actions, it was obvious that he had now decided to tell Li Lin his feelings just like what he had done with Long Xu In.

"Li Lin," he called her.

"Mmmm." Li Lin looked into Bai Chen's eyes. Her heart raced when she saw Bai Chen's serious face.

She felt that he was about to say something very important, so she paid extra attention to him.

However, before Bai Chen said anything, she suddenly felt disoriented because she could see images in her head all of a sudden.

She saw a beautiful woman die protecting Bai Chen!

There was not only one image, however. The first image changed to a different one.

It was not that different from the first one.

She saw another woman. She was very beautiful, though not as beautiful as the first one. She also died protecting Bai Chen, just like the first woman!

Suddenly, Li Lin's whole world seemed to be shaken up. Her pretty round eyes widened. Her small body trembled madly!

At that time, she felt that her heart was being squeezed and that it was in pain. She could sense that the images that she saw were not illusions. They were the truth!

She did not know where she'd gotten this belief, but she believed in her feelings!

She did not notice the white shadow that had sent all those images into her head. It was, of course, a part of the future Bai Chen's consciousness.

After that, the shadow blinked and vanished, and perhaps that would be the last time it would appear.

Bai Chen was about to tell Li Lin his feelings and about Xu Xue Ning and Long Xu In.

However, seeing Li Lin's widened eyes and trembling body, he stopped and shook Li Lin's delicate shoulders.

"Li Lin? Li Lin?" With Bai Chen's voice and actions, Li Lin was woken from her reverie. She looked at him. Suddenly, her face broke into a sweat.

"What happened?" Bai Chen pulled his hands back from her shoulders and asked with concern.

"N...Nothing." Li Lin quickly shook her head. She thought that it might be for the best not to talk about these mysterious, scary images that she had seen in her head because he might not believe her. He might think that she was insane.

Listening to Li Lin, Bai Chen did not push her into talking. He inhaled deeply before speaking with his serious voice.

“Li Lin, actually...”

Bai Chen told her everything. He told her about his feelings for her. He said that he liked her...and loved her. However, he was also in love with two other women, Xu Xue Ning and Long Xu In.

Li Lin was listening to him quietly. Then, her facial expression changed drastically. Her face turned pale. Her body trembled softly.

Bai Chen was worried. He was worried that Li Lin would not be able to accept it like Long Xu In and would choose to leave him.

He wished that his future self could help him. However, he could never have imagined that his future self had already helped him.

Chapter 350 Accept And Understand

For the longest time, Bai Chen stood there with a worried face. He looked at Li Lin's pale face. She had been very quiet and still for some time now.

She did not look at Bai Chen at all. She lowered her head a little. Her gaze was fixed on Bai Chen's chest as if she did not want to look at his face.

Minutes later, Li Lin raised her head up and said with her cute and melodious, yet earnest, voice. “You're such a womanizing rake, Bai Chen!”

Bai Chen went stiff. “I...I know.”

Of course, he knew that he was. Judging from her tone, Li Lin seemed to not be able to accept it. His future self had not helped either, otherwise she would not be acting this way towards him.

“It's good that you know!” Li Lin continued in the very same tone.

However, her tone did not seem to have any anger in it.

“I'll accept this, but you cannot have any more women!”

“Huh?” Bai Chen did not want to believe it. His eyes widened. His jaw dropped.

His facial expression was actually rather comical.

Seeing Bai Chen's face, Li Lin could not help but laugh.

“Hehe. What kind of face are you trying to make?”

“E...Errr...” Bai Chen's brain seemed to have malfunctioned. He talked like he did not want to believe that this was true.

Li Lin wiped the sweat off her face. She blushed before she gathered her courage and kissed Bai Chen on the cheek.

“Quit being dumb, dummy!”

With that, it was as if Bai Chen had been awakened by a kiss from a goddess—though it was only on the cheek.

He touched his cheek and asked softly, “Li Lin, you’re not angry at me?”

Li Lin shook her head. “No. I’m not angry at you. However, if you ever love any more girls, I’ll be mad and never talk to you again!”

The main reason why Li Lin chose to be accepting and not be mad at Bai Chen was because of those images that she had seen in her head. She believed that those had not been illusions.

She thought that she was nothing compared to those two courageous women who’d protected Bai Chen with their lives.

She was like Long Xu In. She was thinking about whether she would be able to have that much courage to protect Bai Chen with her life. She could not answer that because she was not confident.

However, in the future, she had not hesitated to do that. However, because of her lack of confidence, she accepted Bai Chen. She would not leave him, even though he was in love with three women at the same time.

She loved him. He was her first love. She did not want to leave him, even though, in this day and age, polygamy was not acceptable anymore.

No matter what, Li Lin still wanted to struggle alongside Bai Chen and the other two women whom Bai Chen loved.

“T... Thank you, Li Lin. Thank you for understanding!”

Bai Chen was so happy, he could have exploded at that moment. He pulled Li Lin into his embrace. His heart raced with joy.

Li Lin, who was in his embrace, did not say anything. She smiled while tears started to run down her smooth cheeks.

They were happy tears. She was happy that Bai Chen had finally confessed his feelings of love to her.

However, that was not the only reason; she could also feel very deeply that Xu Xue Ning and Long Xu In’s love for Bai Chen was so immense, they could die for him.

She had not felt it earlier because her mind had been in a turmoil, and she had been trying to figure things out. Now that she’d made up her mind, she could not help but feel appreciative of that beautiful love.

‘My love for Bai Chen isn’t any less than those two!’ Li Lin thought.

It was quite some time before they separated.

“Li Lin, I have a secret to tell you.” After releasing her, Bai Chen decided to tell her his secret.

“What secret?” Li Lin was curious. She wanted to know what else Bai Chen was hiding from her.

Bai Chen only smiled. He got up from the bench and reached out his hand to her.

Li Lin frowned a little. Her curious face was very cute. She grabbed Bai Chen’s hand and got up from the bench, too.

The moment she got up, Bai Chen quickly took the chance to sweep her up into his arms, carrying her like she was a princess.

“You!” Li Lin was alarmed, so she cried out. “What are you doing?”

Li Lin’s cheeks flushed. This was the first time that she had been carried like this. She was actually happy and excited.

Bai Chen smiled. Then, his heart squeezed painfully when he saw the dried tears on Li Lin’s face. He thought that Li Lin had cried because she was disappointed at what he’d told her. She’d accepted it eventually, but it was impossible not to be sad about it at all.

He wiped away the tears on her face. Then, he took her into the space behind them. They went into a dark place.

He looked around. Seeing no one was there, Bai Chen used his stargazing walker technique and took Li Lin into the sky.

“.....”

Li Lin’s cute round eyes widened. She was stupefied. Her lips parted as if she wanted to say something, yet no words came from them.

“Surprised? This is my secret.” Bai Chen looked into Li Lin’s eyes when he said this.

Li Lin nodded her head so fast, it was as if she was a chicken pecking at its food. She blinked rapidly and inhaled deeply several times. She put both of her hands on her heart, which was beating very fast.

She could not believe what was happening right now. She was very surprised!

She did not even hope to see a floating human like this even in her dreams. If Bai Chen had not been carrying her and she did not hear Bai Chen’s heartbeat, she would have thought that it was a dream.

“B... Bai Chen, how are you doing this?” After calming down a bit, she asked this with a trembling voice.

“I have a special skill.” Bai Chen told her honestly. He did not tell her about the Life Changing System since he thought it was better for her not to know about it.

“I also have a present for you.” Bai Chen brought out a beautiful yellow jade bracelet. “You have to wear it at all times.”

Li Lin accepted the bracelet. She looked at it with eyes that sparkled. Its beauty greatly attracted her, and it was also a gift from Bai Chen.

“I’ll take good care of it,” Li Lin said while putting the bracelet on her right wrist.

“Good.” Bai Chen nodded before kissing Li Lin on her lips without warning.

“!!!” Li Lin’s cute round eyes widened. She acted resistant.

However, after a while, she closed her eyes and happily tasted Bai Chen’s kiss.
