

Life Changing 35

Chapter 35 The Mighty Fist

Bai Chen almost fell as he was pushed by one of the White Tiger Gang members. But he could only smile.

Right now, he was acting like a pig waiting to be slaughtered by a tiger.

If he wanted to evade the hand of one of the gangsters that was pushing him, it was not a hard thing to do.

Ba Guan, who was standing there waiting, smiled icily at Bai Chen.

He looked at his enemy with contentment. After getting beat up by Bai Chen twice, all he could do was feel bitterness in his heart—bitterness that he could not let go of.

But today was different because he was with two White Tiger men. Their names were Dong Gou and Lun Her. These two men had brought guns with silencers with them.

Even if Bai Chen were the God of Combat, he would still lose his life to bullets!

“Kneel and lick my shoe. If you do that, I’ll let you walk out alive,” Ba Guan said with a deliberately cold voice.

It was not only his voice that was icy, but his gaze was too.

He said what he said, not because he truly intended to let Bai Chen go. He only wanted to strip the guy of his dignity before murdering him.

It was obvious that after getting beaten up by Bai Chen, Ba Guan had developed a grudge that ran deep within him. He wanted to kill Bai Chen and had already put his name down in his mental account of people to be killed.

Dong Gou and Lun Her had been engaged in activities outside the law for a long while, so they knew what Ba Guan was trying to do.

They could only smile to express their approval, though they still disliked Ba Guan in their hearts.

Bai Chen did not do as he was told. Twelve years in prison had given him a great deal more experience than Ba Guan, Dong Gou, and Lun Her.

It was impossible for him to not know that Ba Guan wanted to strip him of his dignity with those words before killing him.

“And what if I don’t?” he said. The corners of his lips curled up into a faint smile.

Bai Chen did not even feel a hint of pressure in this situation.

“If you don’t, then just die here!” Dong Gou said in a voice laced with cruelty.

He put his hands behind his back, lifted his shirt a little, and pulled out a gun with a silencer on it.

“Don’t move. If you do, I’ll blow you to smithereens!”

After pulling out a gun with a silencer on it, Dong Gou started to threaten Bai Chen right away.

Bai Chen was filled with panic when he saw the gun with a silencer on it in Dong Gou's hand. He had not imagined that these people would actually bring guns.

But he quickly calmed himself down. With the low-grade martial arts technique that he had, he believed he could take care of Dong Gou before the other party could pull the trigger.

Lun Her looked at Dong Gou a little and nodded with satisfaction. He then turned to look at Ba Guan.

“Young Guan, what are you waiting for? Quickly get your revenge and beat this guy to a pulp. After that, we'll kill this wimp and throw his corpse into the sea to feed the sharks!”

Dong Gou and Lun Her obviously wanted Ba Guan to beat Bai Chen up before killing him.

Ba Guan had not thought of this before, so he smiled at the two men to show his gratitude.

“Bro Dong, Bro Lun, thank you guys so much. You've really saved me this time. I'll tell Big Boss Ma how good you've been to me.”

“Good, good.” Dong Gou and Lun Her had never thought they would hear such words from Ba Guan.

They felt happy. If Ma Jong saw that they were doing their best with their jobs, they would definitely move up the ranks.

Ba Guan did not say more. He looked at Bai Chen with vicious eyes.

Then he bolted, intending to kick Bai Chen's face. Ba Guan thought Bai Chen would not retaliate for sure because Dong Gou was pointing a gun at him.

But Ba Guan's idea was a dim-witted one. This was a very good opportunity for Bai Chen. He reached out to grab Ba Guan's leg, then threw Ba Guan's body at Dong Gou, who was pointing a gun at him.

Thud!

Dong Gou could not react in time. He was hit by Ba Guan's body and flew back. The gun with a silencer on it in his hand slipped from his fingers and fell to the ground.

Lun Her was still someone from the criminal underworld. He had good eyesight, so he saw what happened quite well. Lun Her's face displayed a shocked expression.

In the blink of an eye, he collected himself and sped to the gun with a silencer on it that had fallen on the ground near him.

However, before he could reach it, Bai Chen kicked his chest and sent him flying.

No one knew from where Bai Chen conjured all that force for his kick, but two bones in Lun Her's ribcage broke!

Thunk!

Lun Her's body fell next to a shrub. His face contorted. He was in extreme pain, so intense that he could hardly breathe. Lun Her could only let out a cry of pain.

“You!” No one knew when Dong Gou managed to stand up. He rushed towards Bai Chen without trying to pick up the gun on the ground in front of Bai Chen.

Bai Chen turned to look at Dong Gou with eagle eyes. He did not care about the gun either, only believing in his fists. Bai Chen pushed off of the ground with his feet to leap at Dong Gou.

Dong Gou saw Bai Chen approaching and the corners of his mouth twitched. He did not know who this boy was, where he came from, and where he'd found the guts to fight him.

But Dong Gou did not have time to ponder these issues. When Bai Chen reached him, he clenched his fist and punched out towards Bai Chen's face.

Bai Chen blinked. The only thing he felt was how 'slow' this guy was; he returned the punch indifferently.

Thud!

It was a very horrifying sight. More than six of Dong Gou's teeth flew out of his mouth, along with a mouthful of blood.

His body fell onto Lun Her's, who was crying on the ground in pain.

“Argggghhhh!”

Lun Her cried out with more pain when he was hit, as Bai Chen's mighty fist sent Dong Gou flying to land on top of his body!
