### Chapter 351 The Wang Family's Downfall

Inside a room in the Wang family's mansion, one of the five big families of Beijing, Wang Chon Feng, the current head of the family, was sitting in his chair with a pale face. His eyes started to wander, like his mind was not with him anymore.

To determine the reason for why he was like this, one had to go back to an hour ago.

He had gotten an unexpected call from Ding Sheng, a former authority of the Jing Cha Secret Organisation.

Ding Sheng had not wasted his time. He suddenly asked for 100 million yuan for the important news that he had.

At first, Wang Chon Feng had not cared about it. However, when he knew that it was about the cultivator who wanted his son's life, he did not hesitate to pay for it.

Actually, he could already guess that that cultivator must have died because the Jing Cha Secret Organisation had dealt with him himself. He'd paid Ding Sheng for more assurance.

However, once he knew what Ding Sheng's news was, Wang Chon Feng did not know what to do. His body trembled and went stiff. His face was the palest it could be. His breath was cut short. It was as if his mind left his body.

There were only a few details. The cultivator who'd wanted the Wang family to fall was actually not a sky soaring realm cultivator, but a legendary realm cultivator, and he had just killed Ming Kong the Legendary!

Jing Cha the Legendary had wanted to deal with him himself, but, unexpectedly, he'd encountered a divine realm cultivator who'd suddenly appeared from nowhere. He was eventually cruelly dealt with. The news absolutely terrified Wang Chon Feng.

As for Ding Sheng, once he got the money and told the man the news, he simply vanished. Wang Chon Feng tried to call him back a few times to ask for more information, but he never answered the phone. He even turned off his phone.

Ding Sheng had overheard the news of Bai Chen and the Wang family from Lu Yi only several days before this. It had given him an idea to gain some benefits for himself.

After trying to calm himself down, Wang Chon Feng was finally calm enough to unhesitatingly call for a gathering of the family's higher-ranking members. The meeting took only half an hour.

Once the meeting was finished, everyone parted ways to do what Wang Chon Feng had ordered them to.

As for Wang Chon Feng, he was still sitting there absentmindedly like before the meeting.

At that time, the door to the meeting room was opened. A figure rushed into the room. His face was pale. It was none other than Wang Chengye.

"F... Father." Wang Chengye walked to where Wang Chon Feng was sitting.

Wang Chon Feng was woken up from his reverie by Wang Chengye calling him. His eyes came back to normal, yet his face had turned serious. He turned to his youngest son.

“You dealt with everything?”

“Yes, father,” Wang Chengye answered. “I did what you told me to do. Everyone did, too.”

“Very good!” Wang Chon Feng stood up before walking towards his son and patting him on his shoulders. He nodded at him once.

Wang Chengye did not really want to accept his father’s decision. He could not help but ask a question.

“Is this for the best, father?”

Wang Chon Feng could not help but sigh. “It was the best option. Our Wang family falls today, but there’s still a chance that we’ll rise again. It’s better than being destroyed!”

Hearing his father, Wang Chengye did not say anything else. He merely felt regret and was angry towards Bai Chen, the cultivator who wanted his life.

If he did not exist, Wang Chengye’s life would have been bright and brilliant, since he was about to be crowned the head of the Wang family.

“Be ready. We’ll leave soon,” Wang Chon Feng told him.

Wang Chengye nodded before turning around and walking out of the room.

Wang Chon Feng’s eyes followed his son’s back. He could not help but sigh. His hands curled into fists. They were so tight, they shook. It was obvious that he was angry.

His anger was at its peak!

The man who’d made him this angry was Bai Chen, who’d killed Wang Cheng Yong, his eldest son.

“Hu Yuan, you did not only kill my son, but you also forced me to sell everything and run away abroad!” Wang Chon Feng spoke through his teeth. His voice was very cold.

It was obvious that the latest meeting was about him selling everything off, be it his home, land, company, cars, and other assets that could be put up for sale.

Then, he would go abroad and would never come back to China again.

Actually, almost every one of the higher-ranking members of the family were against him.

Once Wang Chon Feng had told them his reasons, however, everyone had grown scared and no one dared to go against him again. They parted ways after the meeting to prepare for departure.

As to why Wang Chon Feng did not plan to come back to China again, it was because he did not dare to. He was afraid that Bai Chen, whom he misunderstood to be Hu Yuan, would kill him!

It was obvious that even though he was furious, he was still very scared of Bai Chen. Maybe he was even a little more afraid of him than he was angry.

“What an unfair life I’m living!”

Wang Chon Feng loosened his fists and sighed. It seemed like he had decided to accept his fate.

However, it was only normal since what he thought was actually reasonable.

Bai Chen had killed his eldest son and thought about killing his youngest one, too. He might even think about taking down his whole family. Even if this was so, he would not have a chance to launch a counterattack or do anything at all. Running away was his only choice. He had to flee as far as he could!

That was why Wang Chon Feng thought that his life was unfair.

However, there was something else that he could not figure out. He still did not know the reason why Bai Chen was after his family.

If he knew that the reason was his youngest son, Wang Chengye, who would be committing wicked acts in the future, Wang Chon Feng probably would have beaten him to death!

Chapter 352 Lu Zhun Gu The Legendary Strikes

While the entire Wang family was getting ready to leave for another country...

In a deep forest not so far from the secret location of the Jing Cha Secret Organisation’s highest authorities...

There were two middle-aged men and an old man sitting on a log. In front of them was a small bonfire with only a few pieces of firewood.

Even though it was nighttime, due to the bonfire, their faces could be clearly seen. They were none other than the former authorities of the Jing Cha Secret Organisation.

They were the old man Jiang Fan, Yan Guan, and Ding Sheng.

It was obvious that after that fateful meeting an hour ago, they had gathered here.

“Has the Jing Cha Secret Organisation really come to an end?” the old man Jiang Fan said while looking at the bonfire.

Hearing his words, Yan Guan and Ding Sheng looked at each other and sighed.

“Supposedly so,” Yan Guan said. “Lu Yi said that Lu Zhun Gu the Legendary, his grandfather, was the one who told him everything. It must be true.”

“Correct. We were scared at that time, so we resigned from the organisation right away,” Ding Sheng added with his calm face. He felt gloomy that it was all over.

However, he still felt slightly glad that he’d just made 100 million yuan from the Wang family.

To be honest, he was quite proud of his intelligence.

“What are we going to do next? Just part ways?” The old man Jiang Fan raised his head up and looked at the pitch-black night sky.

Hearing the old man Jiang Fan’s question, Yan Guan and Ding Sheng went quiet. They did not know what to say.

They were lone wolves. They were used to be wandering cultivators who did not belong in any sect. With the Jing Cha Secret Organisation ended, they were basically lost.

That was why they could not answer the old man Jiang Fan’s question.

“Maybe so.” Eventually, Yan Guan answered and sighed after a while.

Actually, he had not wanted it to turn out this way. He wanted to continue to be in the organisation, where he possessed authority, money, and resources for him to train and get stronger.

However, he could not do anything since Jing Cha the Legendary was already gone. If he continued to be in the organisation, there was a high probability that he would be murdered along with the organisation by that divine realm cultivator.

Ding Sheng could not help but look at Yan Guan. After that, he nodded. “Yes. We don’t really have a choice.”

The old man Jiang Fan looked at Yan Guan and Ding Sheng for a while and nodded. “Probably.”

Yan Guan and Ding Sheng did not say anything more. They were thinking about their plans for the future.

The old man Jiang Fan was doing the same thing.

While they were planning their paths, an unexpected event happened. They suddenly felt an immense pressure on them!

It was so intense; they fell off the log and dropped onto the ground. They could not even raise their heads or move their bodies!

“W... What is this?!?”

“W... What’s happening?!?”

“W... What is this pressure?!?”

Their voices were a mixture of a great many emotions. They were both alarmed and scared.

The faces of the old man Jiang Fan, Yan Guan, and Ding Sheng were very pale. They broke into a sweat.

Their hearts raced fast with fear.

Thud!

They could hear a noise. Somebody had just stepped down to the ground.

An old man in purple was standing there in front of them. He was Lu Zhun Gu the Legendary!

“L...Lu Zhun Gu the Legendary!”

Yan Guan seemed to be the first who recognised him. He shouted with his trembling voice. His body also shook uncontrollably.

“L...Lu Zhun Gu the Legendary!” the old man Jiang Fan and Ding Sheng also shouted as soon as they saw Lu Zhun Gu the Legendary clearly.

Lu Zhun Gu the Legendary smiled a little. He looked at them emotionlessly.

“Are you the three authorities of the Jing Cha Secret Organisation?”

“N... No!” the old man Jiang Fan quickly denied with his trembling voice. He felt like if he said ‘Yes’, he would be killed!

“No! Lu Zhun Gu the Legendary, we’re not the members of the organisation anymore. We’ve resigned!” Yan Guan quickly spoke in agitation.

Ding Sheng was also in a rush to speak. His heart was full of fear.

“Please don’t misunderstand, Lu Zhun Gu the Legendary. We’ve resigned from the Jing Cha Secret Organisation, just like Lu Yi, your grandson.”

Hearing all three of them, Lu Zhun Gu the Legendary nodded. The smile was still there.

“Is that so?”

Once he finished his words, the pressure on all three of them disappeared. They felt relieved. They hurriedly got up onto their feet and properly greeted Lu Zhun Gu the Legendary.

“We would like to give you our greet...”

While they were giving their greetings, their voices were cut off. The scene in front of them seemed to tilt.

Thud!

There were three ‘thuds’. These were the sounds of their heads falling onto the ground!

They were the heads of the old man Jiang Fan, Yan Guan, and Ding Sheng!

Their eyes were opened so widely, they almost popped out of their sockets. They did not want to believe what had just happened to them!

Chapter 353 Revenge Begins

“Why...?” Even though his head had been cut off, the old man Jiang Fan was still alive. He forced the word out of his mouth.

However, that was his last word. He finally died. He could not wait for an answer.

As for Yan Guan and Ding Sheng, they were no different. They died without being able to force any words out.

If they had known they would be killed like this, they would not have joined the Jing Cha Secret Organisation at all.

Lu Zhun Gu the Legendary looked at all the blood bursting out of their headless bodies emotionlessly.

He did not even care about the old man Jiang Fan's last word. He had his reasons for doing this.

He wanted to repay Bai Chen for giving his granddaughter the pill.

Even though Bai Chen had given it to her to repay for her help, he still wanted to repay him.

He thought that Bai Chen, who was above the divine realm, should not lower himself to deal with all these minor lackeys from the Jing Cha Secret Organisation.

This was because Jing Cha the Legendary had killed his woman; it was only normal if he wanted to destroy Jing Cha the Legendary's organisation too. That was why Lu Zhun Gu the Legendary had decided to deal with it to repay him.

The three headless bodies dropped onto the ground. They jerked several times and went still. There were no more movements from them.

Seeing that, Lu Zhun Gu the Legendary did not see the need to stay here any longer. He turned away slowly and soared into the air.

In the blink of an eye, not even his shadow could be seen.

.....

Bai Chen used his stargazing walker technique to walk on thin air. He was several metres above the ground. There was no way anyone could see him from below.

It was obvious that he'd already parted ways with Li Lin. He had taken her back to her Beijing home. Then, he went back up into the sky.

"The target made a move," Bai Chen muttered to himself. The target that he was talking about was where the green directional arrow of mission 38 was pointed.

The green spot was moving here and there.

"I probably have to hurry." Bai Chen did not hesitate. He started to run through the air.

From all this, it was easy to guess that Bai Chen was about to begin his revenge!

He was about to take his revenge on Wang Chengye and the Wang family!

Bai Chen was certain that he could kill Wang Chengye since he had no sky soaring realm cultivator to protect him anymore. The old man Foo Yen was already dead. There was no way he would appear and protect Wang Chengye again.

It took Bai Chen ten minutes to reach the spot the green arrow was indicating. The green arrow pointed at a luxurious car that was being driven along the main road, heading out of Beijing.

"Where are they going?" Bai Chen could not help but frown when he saw the car that Wang Chengye was supposedly in was driving out of Beijing.

He quickly followed the car.

A little more than ten minutes later, the luxurious car was driven many metres away, far from downtown Beijing, until it reached a path where there were forests on both sides of the road.

Maybe because it was at night, there were barely any cars around.

Inside the luxurious car, Wang Chengye and Wang Chon Feng were sitting in the back. The driver was a middle-aged man.

There were four people in the car. One of them was also a middle-aged man. He was in a black suit and wearing black sunglasses.

It was obvious that he was a bodyguard. He was an excellent bodyguard whose name was on China's best bodyguard list!

His name was Zheng Yang. He was priced at more than 10 million yuan per job!

Wang Chon Feng had hired him for 20 million yuan!

“Father, why do we need to come this way?” Wang Chengye could not help but ask.

He was curious since the rest of his relatives and higher-ranking members of the Wang family were heading towards the airport. Only he and his father were driving this way.

Wang Chon Feng stole a glance at his son and answered, “This is for our safety. We'll be where the helicopter is parked any minute. We'll fly from there.”

Wang Chengye started to understand. He nodded without saying anything.

Zheng Yang, who was sitting in the passenger seat, could not help but be curious about what made the head of the Wang family and his son decide to leave Beijing via helicopter.

Although he was curious, he did not ask, since it was none of his business. He was only obligated to protect Wang Chengye and Wang Chon Feng.

Actually, this was a rather easy job for him. He only had to protect these two until they got onto the helicopter safely. It would take less than an hour.

Twenty million yuan in less than an hour—no one would refuse this.

Bang!

Suddenly, there was an unexpected sound of a gunshot. The driver could not control the car as the rear tire was whipping back and forth. It was obvious that the tire had been shot and was leaking.

“We're being attacked!” Zheng Yang shouted.

Wang Chengye's and Wang Chon Feng's facial expressions changed. The driver suddenly stomped on the brake.

“Why did you stop? Hurry forward!” Wang Chon Feng shouted at him.

However, the driver did not pay attention to his words. His face was pale and full of fear. He immediately opened the car door and got out of the car.

It was obvious that he was afraid of dying, so he chose to run away.

However, because of that, he met his end. One of the bullets pierced through his forehead. He dropped onto the ground and quickly died!

The driver died terrified. His eyes were wide. He could not close his eyes even in death!

Chapter 354 The Day Of Revenge!

The man who had shot at the luxurious car that the Wangs were in was obviously Bai Chen. The man who'd killed the driver was also him.

His attacks were flawless. He'd waited for a perfect time when there were no cars around.

He was standing on the ground now. He did not expect the car to stop.

That was why he'd decided to come down to the ground.

Also, he also had not expected anyone to get out of the car and run away.

Bai Chen held a grudge towards Wang Chengye and everyone in the Wang family, so, of course, he would not let anyone escape. He'd aimed the gun at his head right away. That was why the driver was now dead.

After killing the driver, Bai Chen did not hesitate to run to the side of the car because he was afraid that Wang Chengye would flee.

However, while he was at the side of the car, his heart suddenly fluttered for a split-second. Then, he quickly crouched down.

Bang!

A gunshot sounded. If Bai Chen had not crouched down, he would already have been shot.

Bai Chen's face turned serious. He rolled to the side and got up. At the same time, he shot at the car window that had been lowered until he could see a middle-aged man with black sunglasses.

Bang! Bang! Bang!

He fired three bullets without hesitation. The bullets leapt out fast and were targeted at Zheng Yang's face.

Zheng Yang's eyes widened in panic. He quickly bent down.

The bullets did not hit him.

Zheng Yang did not feel relieved even after he'd dodged the bullets. His face was distressed. He quickly flung the car door open and leapt out of the car.

He rolled on the road for a while, then he got up quickly. He pointed the gun at Bai Chen.

Bai Chen did the same as Zheng Yang.

Judging from what he did, Zheng Yang was obviously a bodyguard with skills worthy of being at the top in China.

“Who are you?” Zheng Yang stared at Bai Chen. He spoke through his teeth coldly.

He was actually surprised to see that Bai Chen was still young. He was about 18 to 20 years old.

“That’s not important,” Bai Chen said as if he was emotionless.

However, he was actually quite stressed. The middle-aged man in front of him was no ordinary man. Otherwise, he would have died from those three bullets already.

Hearing Bai Chen, Zheng Yang could not help but speak coldly through his teeth again. “If I’m not mistaken, you must be an assassin from some organisation, right?”

Bai Chen did not reply. He was not an assassin. He was only there to kill Wang Chengye and personally get his revenge!

At that time, Wang Chengye and Wang Chon Feng got out of the car. Their faces were pale.

Yet, both of them wore different feelings on their faces. Wang Chengye obviously felt scared, while Wang Chon Feng was rather calm.

It was as expected of Wang Chon Feng, the head of one of the five big families of Beijing. Even though he was in kind life-or-death situation, he could still keep his cool.

After getting out of the car, Wang Chengye and Wang Chon Feng quickly hid behind Zheng Yang. The safest place for them now was there.

Wang Chengye and Wang Chon Feng looked at Bai Chen’s face after they got behind Zheng Yang. It was dark at night, but they could still see Bai Chen’s face clearly.

Wang Chon Feng’s heart pounded. He did not expect a man this young to be an assassin.

“Who sent you?” He asked.

Wang Chengye did not say anything. He was full of rage at knowing that someone dared to send an assassin after him.

Bai Chen was calm at first. His eyes immediately glowed coldly with an intent to kill once he saw Wang Chengye’s face. Of course, he did not jump recklessly into action.

“No one,” he replied icily.

Wang Chon Feng frowned. “Why did you shoot at us then?”

“Mr. Wang don’t waste your time. Let me deal with him!” Zheng Yang said.

He interrupted Wang Chon Feng because he did not want to waste his time. He believed that he could easily kill Bai Chen even before Bai Chen had a chance to shoot.

“Good! Do that quickly!” Wang Chengye said.

Hearing Zheng Yang and Wang Chengye, Wang Chon Feng did not protest against them, since he was also afraid that if he were to stay here any longer, the legendary realm cultivator who'd killed his eldest son would come here to kill him and Wang Chengye, too.

Zheng Yang did not get a reply from Wang Chon Feng, but he got one from Wang Chengye. He did not hesitate to prepare to pull the trigger of his gun.

However, he was too late.

Bang!

The sound of gunshot filled the area. The bullet leapt out of Bai Chen's gun barrel and pierced through the middle of Zheng Yang's forehead!

Blood spurted out of Zheng Yang's forehead. His eyes widened. It was obvious that he had not expected this at all. He had not expected that Bai Chen would be able to shoot faster than him.

Thud!

Zheng Yang's body dropped onto the ground. Then, there were no further movements from him. It was obvious that he was already dead.

He'd died because he'd underestimated Bai Chen too much. No one should be so full of confidence as to be able to say, while the enemy was before him, 'Let me deal with him'.

It was obvious that he had been ready to attack. How could Bai Chen not know that and decide to act first?

Zheng Yang had died purely because of himself!

"Zheng Yang!" Wang Chon Feng shouted in alarm once he saw Zheng Yang had collapsed due to being shot.

Then, his facial expression changed. It was twisted. He did not have to check to know that Zheng Yang was already dead.

It was obvious that Zheng Yang had been shot in the forehead. His eyes had widened to their utmost width, to the point that they almost popped out of their sockets.

"A... Ah!" As for Wang Chengye, he cried out loud in a high-pitched tone. His facial expression showed immense fear.

After killing Zheng Yang, Bai Chen did not care about the dead. He quickly aimed the gun towards the Wangs. His eyes glowed the coldest they had ever been.

Finally, it was here... The day of revenge!

Chapter 355 The Well-Deserved Torture (1)

Seeing Bai Chen pointing a gun at him, Wang Chon Feng's heart dropped. His face went so pale, there was not a trace of blood underneath his skin.

He was full of fear right now. He was afraid that Bai Chen would kill him and Wang Chengye, his son.

“Y... Young man, just calm down and we can talk things over in a civilised manner.”

Wang Chon Feng quickly said this out of fear.

Wang Chengye stood beside his father. He could feel nothing other than fear.

Suddenly, a yellow liquid ran down his legs and onto the road. It had a slightly pungent smell. It was urine!

Obviously, Wang Chengye was so scared, he had wet his pants!

“Talk things over?”

Bai Chen’s facial expression was full of fury when he thought about everything that he’d had to go through in the future. His parents had been killed. He had been framed for wrongdoings he had not committed and had been sentenced to life imprisonment. He had to be stuck there for 12 years, until he had gotten this chance to time travel here.

“I don’t have anything to talk over with evil people like you!” Bai Chen said angrily.

It was not only Wang Chengye’s face he recognised; he knew Wang Chong Feng’s face very well, too.

He was furious at Wang Chengye. That meant he was also mad that those who had given birth to him. Therefore, Wang Chon Feng was no exception.

“Dear boy, let’s talk things over first. It won’t be too late to do anything to us later since we’re no match for you anyway.” Wang Chon Feng tried to stabilise his voice.

He tried his best to be as diplomatic as he could be, in order to convince Bai Chen not to kill him and his son. He did not want to die yet, so he could not help but wriggle around, looking for a way out. He would not just stand there and wait for his death!

Hearing Wang Chon Feng, Bai Chen could not help but fall silent. Finally, he nodded. If they wanted to talk, he would give them time to do that. However, he would NOT let them live!

Seeing Bai Chen nod, Wang Chon Feng sighed with relief before continuing.

“May I ask the reason why you want to kill us so badly, young man?”

“You need a reason?” Bai Chen smirked coldly. “The reason is your son Wang Chengye killed my parents and framed me for crimes that led to me being sentenced to life imprisonment!”

Bai Chen’s words rang out loudly. They echoed in Wang Chon Feng’s head. His body trembled madly. He could not help but take a step backwards.

“T... This!” His lips shook, as well as his heart. His brain seemed to go blank.

As for Wang Chengye, he felt exactly the same. His face turned very pale, like that of a corpse. His lips quivered. He thought about saying something, but no words seemed to come out.

He could see in his head all the bad things that he had done. He did not remember how many families he had destroyed. That was why he did not remember Bai Chen.

“What’s wrong? You want to say something, right? Why so quiet?” Bai Chen mocked while tightening his grip on the gun.

He was ready to kill both of them at any moment!

Wang Chon Feng went quiet while he was trying to think of a way to escape. His son had killed Bai Chen’s parents and also blamed it all on him, so it was impossible to talk things over now.

‘I h...have to flee!’ Wang Chon Feng suddenly thought.

In that instant, without hesitation, he quickly turned right and leapt in that direction without any hesitation.

He was escaping into the forest in order to survive. As for Wang Chengye, his son, he did not care about him anymore. His life was the most important one.

Moreover, he believed he could still have more children in the future.

Bang!

Even though he’d leapt away, the heavens did not seem to be pleased. Wang Chon Feng was shot in his side. He fell with a thud onto the ground, his head striking it violently.

‘This is not happening...’ This was his last thought before he fell unconscious.

“F...Father!” Wang Chengye shouted loudly. He looked at his father with his widened eyes.

Bang! Bang! Bang! Bang!

Suddenly, four consecutive gunshots could be heard. Of course, it was Bai Chen’s doing. He shot Wang Chengye four times!

However, he did not aim for his vital organs. He only shot both arms and both legs!

“AGHHHH!” Wang Chengye was in pain. He cried out very loudly before landing on his back and writhing about. Blood spurted out of his arms and legs.

Bai Chen still looked at Wang Chengye angrily. He put his gun back into his dimension ring and took out gloves and a rope.

He wanted Wang Chengye to be tortured as befitted his actions. He wanted to hurt him like how he’d hurt his family. He had gotten this idea from the memories of his future self.

It was obvious that he’d chosen to kill him the same way as his future self had!

Bai Chen did not hesitate; he put his gloves on before tying up Wang Chengye’s legs with the rope.

Wang Chengye was still writhing about in pain, but that was nothing to Bai Chen.

“P... Please spare me. You want money? I’m rich. I can give you as much as you want!”

Whether it was because he wanted to live or because he did not want to die, Wang Chengye managed to stop his agonising cries and beg for his life instead.

Bai Chen had to stop what he was doing. He turned to look at Wang Chengye’s pale face that was full of tears and mucus. He did not look like the young master of a big family anymore.

“I’m not lying. I can really give you as much money as you want!”

Seeing Bai Chen stop what he was doing, it was as if he was a small rat that saw a light at the end of a dark tunnel. He hurriedly spoke, hoping in his heart that Bai Chen would let him go.

Bai Chen stared at Wang Chengye like he was a fool. He had been holding onto this grudge from the future. Of course, there would never be any way that he would let Wang Chengye go!

“Shut up! Otherwise, I’ll shoot!” Bai Chen shouted coldly at him before continuing with tying the rope.

As for Wang Chengye, he finally went quiet. He had to endure the pain from being shot in both arms and legs.

He was desperate, yet angry. He swore to himself that if he lived, he would not let Bai Chen die peacefully. He would torture him, so he felt a thousand times more pain!

Chapter 356 The Well-Deserved Torture (2)

Of course, Bai Chen did not care how angry Wang Chengye was at him. After tying his legs up, he tied the other end of the rope around Wang Chon Feng’s legs.

Once he was done, Bai Chen did not hesitate to drag both of them to the back of the luxurious car.

Wang Chengye cried out in pain since he was being dragged along the street while still sporting gunshot wounds in his limbs.

‘God, please help me. Please let me live!’

Even feeling a great deal of pain, Wang Chengye did not give up on trying to stay alive. He was so desperate, he begged for God’s help. No one knew if God would help him or not.

“W...What are you doing?!?” Suddenly, Wang Chengye exclaimed in alarm at seeing Bai Chen tying the rest of the rope to the back of the car.

“Just what you’re seeing,” Bai Chen replied indifferently. His eyes only showed a malicious intent. This was what his future self had done to torture Wang Chengye and Wang Chon Feng until they could not stand the pain anymore and died.

It had been a rather pitiful death!

“S...Stop!” Wang Chengye felt so scared, he could barely hold onto his consciousness. He did not expect Bai Chen to be this cruel. He’d even tied him and his father to the back of the car. He would definitely drive off and drag the both of them along the road!

That was definitely cruel!

Bai Chen did not care about what Wang Chengye said, since he was the man whom he hated to the core of his being. He prepared everything in the blink of an eye.

“P...Please, I’m begging you. Please have mercy!” Wang Chengye could not do anything except beg. His voice trembled greatly.

Bai Chen looked down at Wang Chengye coldly. “Have you ever cared about what those you killed thought when they were facing death?!?”

“I...I feel remorseful now. I won’t do it anymore. Therefore, please...please spare me!”

Wang Chengye trembled more and more as he spoke. He still tried to beg for his life.

Yet, his words contained absolutely no remorse. He just said them because he wanted to live.

It was only normal for him since he was a selfish person. He did whatever he desired and killed anyone who got in his way. He never cared about those who had to die because of him.

“Dream on!” Bai Chen spoke coldly through his teeth. He walked over to the driver’s side and opened the door before shoving Zheng Yang’s body inside and putting his foot on the accelerator.

Bai Chen did not forget to wrap tape around the foot to bind it to the accelerator.

After he was done, Bai Chen’s facial expression turned malicious. He started the car.

The rumbling sound of the engine could be heard along with Wang Chengye’s begging.

The car was one with an automatic transmission; with the accelerator being pressed, the car charged forward right away after it was started. Wang Chengye and Wang Chon Feng were dragged along the road!

“AGHHHHH” Wang Chengye screamed painfully.

Wang Chon Feng was lucky in that he was unconscious, otherwise he would have been screaming, too.

Bai Chen watched both of them being dragged on the road. He felt satisfied that he could make Wang Chengye feel excruciating pain. He deserved it, for what he’d done to his parents and Bai Chen himself!

It was good too that this road was straight, so that Wang Chengye would be tortured for a while before the road curved.

Bai Chen stood there watching for a while before using the stargazing walker technique to walk up to the sky. He wanted to keep watch over Wang Chengye's torture until he died!

He would watch them from above. What he was doing probably seemed heartless and cold-blooded, but he could not help it. When compared to what Wang Changye had done to him, it was no different!

Wang Chengye deserved this!

Minutes later, Wang Chengye's voice started to fade away. Then, there was another voice.

“AGHHHH!” It was the pain-filled voice of Wang Chon Feng. He had finally woken up!

At the same time, there was a car that passed by them. When the driver heard the screams, he slowed down and lowered his window before sticking his head out to see what was happening.

His face turned pale as soon as he saw the scene. He was full of fear.

It was a frightening sight to see. A car was being driven very fast while dragging along two people who were tied to the back. Long blood trails could clearly be seen behind it.

“I...I need to call and report this to the police!” the driver said shakily to himself before calling the police. He did not stop since he was too scared to stay close to them.

He was afraid he would also end up like that if he did.

Bai Chen saw everything, yet he did not care about it since Wang Chengye and Wang Chon Feng would die soon anyway.

‘Why is this happening to me?!?’

While he was in pain, Wang Chon Feng also screamed internally. He thought that everything was because of Wang Chengye.

He could not help but feel anger and hatred towards Wang Chengye, even though Wang Chengye was an evil person who had caused the deaths of many people because he took after him in every aspect. Like father, like son!

Wang Chengye could barely feel anything anymore. He did not even know that his father was furious at him. He was almost dead!

He'd lost a lot of blood. His consciousness started to drift away. He did not even have the strength to scream out in pain anymore. He was afraid to die. He did not want to die.

However, he saw no hope of survival!

“I don't want to die...” A softly uttered statement came out of Wang Chengye's mouth. And those were his last words. He finally died!

Chapter 357 The Changed Mission

After Wang Chengye died, Wang Chon Feng also died soon after feeling rage towards his son.

At the same time, the car overshot a curve in the road and barreled into the forest and hit a big tree! The car was a complete wreck. Wang Chengye and Wang Chon Feng bounced off into different directions. They were pitiful, but not as much as Zheng Yang, who had likely been crushed along with the car!

Many metres above the ground, Bai Chen looked at the scene with mixed feelings. He felt satisfied, happy, and relieved. It was as if he had lifted a mountain off his chest.

Finally, this fateful day had come. Wang Chengye was dead. He had paid for his sins.

It was only normal for Bai Chen to feel relieved too, since it was this goal that had made him come here in the first place!

Bai Chen looked at the details with satisfaction for a while. Then, he could not help but frown because he did not have this mission in the memories that he'd gotten.

'Namiana must have changed mission 39.'

This was Bai Chen's thought. He knew that it was Namiana's doing. She'd chosen to give him a different mission.

However, Bai Chen did not care much about it. It did not affect him much anyway. Then, he clicked to see the details of mission 39, which seemed to involve the Xi family, one of Beijing's big families.

---

[Mission 39: Confirm the rumour about the Xi family]

Description: You have to confirm whether the rumour about the Xi family going bankrupt is true.

Reward for success: Win 50 points + 50 magical bonuses

---

After reading through the information, Bai Chen closed the windows down. He went quiet and frowned.

"This is different from what the future me experienced. I should be the one who takes down the Xi family. There shouldn't be any rumour about them going bankrupt," Bai Chen said to himself. He looked in the direction of the Xi family residence. He did not understand how the future had changed.

However, it was pointless to think about it since he could not know the answer anyway. He decided to go to the Xi family residence and do the mission immediately.

Moreover, he still thought about taking the Xi family down. He did not forget the grudge that he had towards them. They'd sent Zhao Suan and his minions to hurt his parents.

.....

Half an hour later, Bai Chen finally arrived at the Xi family's mansion.

If there were still people inside, he was certainly going to destroy the whole mansion. The whole Wang family was the source of his vengeful feelings since it'd raised a wicked person like Wang Chengye.

However, there was nobody at the mansion. It was like what he had seen in his memories. There was also a 'For Sale' sign in front of it.

That was when he knew that he did not have any more business with the Wang family anymore. Thus, he rushed to the Xi family's mansion.

At that moment, Bai Chen was standing on thin air, looking down on the mansion. He did not see any light from the inside.

Bai Chen frowned. It was not that late. Thus, it was strange to see the mansion so dark.

Suddenly, he noticed something, and it gave him pause. It was a 'For Sale' sign, just like that which he'd seen at the Wang family's mansion.

'Or have they really gone bankrupt?' Bai Chen thought while roaming around the mansion.

No matter how hard he looked, there was no one to be found.

He did not know how to confirm the rumour.

At that moment, he saw two pedestrians walking past the front of the entrance. They were discussing something.

Bai Chen overheard the conversation. It was about the Xi family. He quickly took his invisibility ring out and put it on his finger. He instantly became invisible.

Bai Chen did not waste time. He rushed to the ground and followed those two pedestrians and listened to what they were talking about.

"Come to think of it, don't you think it's a shame for the Xi family to have gone bankrupt like this?" the first man said.

The second man nodded quickly. "Yeah. There will no longer be five big families of Beijing now, only four!"

Bai Chen went still after seeing the mission-accomplishment window.

"It's already a success?" He said this as if he did not want to believe it. He did not expect that only eavesdropping would complete the mission.

After a while, he could not help but nod. "That's it then. It seems the Xi family's really gone bankrupt."

Bai Chen looked at the pedestrians walking away before turning to the quiet mansion of the Xi family.

As Xi family had gone bankrupt, he did not have to destroy it anymore. Going bankrupt was already equal to being destroyed. Yet, he still wondered how the history of the future had changed.

#### Chapter 358 Rest Time

Bai Chen stood there for a while before deciding to do another mission for today. He called up the mission dashboard without hesitation.

---

[Mission 40: Rest to the fullest]

Description: You have to get the utmost rest. You have 1 day.

Reward for success: Win 50 points + 50 magical bonuses

---

Looking at the details of the mission, Bai Chen could not help but smile. It was an easy task. He just had to rest for a day.

Not so long after that, his smile vanished from his face. He'd just realised that once he completed this mission, the system level would finally reach 20.

That meant the war of the 12 system owners would begin!

His facial expression turned serious when he thought about it.

'If I complete this mission, my magical bonuses will total 790.'

Bai Chen still stood there, thinking.

'That will be 790 magical bonuses. Only 210 bonuses left until I can do a trade for a high-grade item!'

Bai Chen thought things over again. Obviously, he did not want to use the bonuses now. He would keep them for the celestial world, and he thought of using them when the total reached 1,000 bonuses.

He wanted a high-grade item, even though he already knew what he would get from the memories that he had.

However, because the mission had changed, Bai Chen felt a little uncertain if the outcome was going to be the same.

He thought about this for a while and decided to get some rest. He had already booked a hotel room before coming to Beijing.

Bai Chen did not hesitate to use his stargazing walker technique to walk to the hotel.

.....

The weather was rather good the next day. Bai Chen woke up at a little past 8 a.m. He took a shower and changed. Then, he sat on the balcony, sipping his coffee while looking at Beijing's scenery.

p He felt rather free. He did not have to think much about anything. Actually, he chose not to.

Bai Chen chose to do exactly what the mission had told him to. Thus, he would spend the whole day resting.

“I wonder if Xue Ning’s awake.” Bai Chen could not help but mutter this to himself. He hoped that she’d finally woken up.

He could not help but be concerned about her since she would lose a year of her memories once she woke up.

“Wait for me, Xue Ning. I’ll win the war and do everything in my power to restore your memories!”

Bai Chen was firm on this decision. It was at this time that his phone rang. He grabbed it and saw that it was Li Lin who’d called.

“What is it, Li Lin?” He spoke to her with a smile.

Li Lin responded with her cute voice. “Are you free? Let’s go shopping.”

“Of course. Where?” Bai Chen was free the whole day today. He quickly accepted the invitation from Li Lin.

After he knew where to meet her, he ended the call and left the hotel happily.

.....

There was not only one but two big news items that shook the whole of Beijing today while Bai Chen was leaving his hotel to see Li Lin!

The first one was the bankruptcy of the Xi family. The family had invested their money in an illegal foreign firm, which resulted in all the members of the family fleeing abroad.

The second news was from the Wang family, one of the big families of Beijing, like the Xi family. The head of the family, Wang Chon Feng, and his son, Wang Chengye, had been killed in the most pitiful way!

The killer was still unidentified, since the police had not found any evidence that led to the person. As for the rest of the family, they’d all gone out of the country last night for some unknown reason.

The Xi and the Wang families had been taken down in one day!

There were only three big families remaining from now: the Xu family, the Long family, and the Tang family.

Everyone in Beijing and the whole of China were in a tumult because of these two big news stories.

Every front page in China published the news.

Every news channel on TV also reported the news!

Inside the Xu family's mansion, Xu San Zhien, the current head of the Xu family and Xu Xue Ning's grandfather, called for a large gathering. It was obviously about the news items that had just been reported on.

Actually, it was not only the Xu family that did this, but the Long and the Tang family also did the same.

All three big families of Beijing were holding an urgent meeting at this moment.

While they were having a meeting, there was an indescribably beautiful woman sitting on a marble bench in the garden of the Xu family residence.

She looked at the bright blue sky. She seemed absent-minded and confused. She was Xu Xue Ning. 'I feel like I've forgotten something very important,' she thought.

She did not know why her heart ached when she thought about it.

"Young mistress, here is your orange juice." Auntie Yi walked over to her and offered her a glass of orange juice that was sitting on a tray she was carrying.

She seemed nervous. She had been called here specifically to take care of Xu Xue Ning.

"Thank you, Auntie Yi." Her facial expression turned back to normal. She took the glass from Auntie Yi's hand.

Even so, she did not drink anything. She was not in the mood to drink anything at the moment.

Looking at Xu Xue Ning, Auntie Yi could not help but sigh. Since she'd heard that the young mistress had lost the memories of the past year, she had been alarmed and had not wanted to believe it.

Yet, she had to, since it was the truth!

She wanted to tell Xu Xue Ning about the lost memories, but it was a shame that Xu Xue Ning's great-grandfather had forbidden her from doing so.

Chapter 359 Namiana Appears

Time passed very quickly. It was a nighttime in the blink of an eye.

Bai Chen was sitting on a sofa in his hotel room with a smile on his face.

To find the cause of it, one had to look back to what had happened in the morning and afternoon and had continued until late at night.

He had been spending time with Li Lin. They had gone shopping, eaten meals, and watched movies.

Everything today had made Bai Chen very happy. That was why he was smiling.

However, the smile was there for only a short while as the mission-accomplishment window popped up.

‘At last, the time has come!’ Bai Chen could not help but inhale deeply. He knew what would happen next.

This was because he could see this scene in the memories that his future self had given to him.

Suddenly, the window popped up in front of him without him calling for it.

[The Life Changing System]

User: Bai Chen

Age: 18 years old

Level: 20 (0/100)

Description: You still need 100 points to level up.

Instruction: If you wish to change your life into what you have always wanted, proceed with the following missions!

Bai Chen was calm. He merely stared at the system window quietly. It was exactly what he had seen in the memories.

Instead of mission 41, it had been changed to mission 0. There would be sub-missions, too, when he reached the celestial world.

The supreme randomisation chance had been added to the magical shop's categories. Bai Chen needed as many as 5000 magical bonuses to be able to do a trade for it.

“The owner of the ninth Life Changing System, Bai Chen, confirmed...”

A cold and distant voice suddenly sounded. At the same time, a beautiful silver ray of light flashed in front of Bai Chen.

Once the silver ray of light was gone, a beautiful figure was revealed. She was a cold-looking, yet gorgeous, woman. Her hair and eyes were silver. Her figure was as perfect as Long Xu In's.

She was wearing a silver suit that greatly suited her hair and eyes.

Bai Chen knew right away that she was Namiana. He stared at her for a while before becoming alarmed, just as his future self had.

His eyes started to grow wider. His facial expression was clearly alarmed.

The reason why he did that was because he did not want Namiana to wonder why he was not at all surprised at meeting her for the first time.

Namiana's hologram image was very realistic. She was exactly as what he had seen in the memories.

She was a high-level AI who did not entirely lack emotions. She could express coldness. It showed clearly on her beautiful face right now.

Namiana was not interested in Bai Chen's surprised expression. She thought that anyone would be alarmed at seeing her anyway.

“It's a pleasure to meet you, Bai Chen. My name is Namiana, the ninth Life Changing System,” Namiana said emotionlessly with her cold and distant voice.

Bai Chen pretended like he had just woken up from his reverie and inhaled deeply.

“W...What do you mean, the ninth Life Changing System? How do you know about the Life Changing System? Who are you?!?”

“There's no need to be alarmed.” Namiana still spoke in the same manner. “I'm the ninth Life Changing System who offered you an alternate life 12 years from now at the Beijing central prison.”

“T...That was you! It was you who gave me the Life Changing System?”

Bai Chen felt like he was a great actor. If he had not gotten the memories from his future self, he would have been alarmed, just like this.

“Yes.” Namiana nodded. “You need to calm down. I have something important to tell you.”

Hearing that, Bai Chen quickly calmed himself down. He pretended to hesitate.

“And that important thing is?”

Bai Chen quickly nodded with a serious facial expression. He did not say anything. He only waited to listen to what she had to say, even though he already knew what she was going to say. Of course, it was about the war of the system owners!

“You have to participate in the war of the system owners. I can only tell you that it’s the war between 12 Life Changing system owners!” Namiana said.

“You’re saying I’m not the only one with a Life Changing system?”

Bai Chen pretended to be surprised again.

Namiana slowly nodded. “That is correct. There are 11 more. You have to fight against them. The last person standing will be granted one wish!”

She halted a little before continuing, “You probably have already seen the mission dashboard. The mission has been changed to mission 0, which is the one I’m talking about right now.”

Bai Chen went silent. No words escaped his mouth. His face was blank. His hands shook. Of course, he was only pretending.

Namiana stared at Bai Chen. She was not surprised at his actions. She did not say anything more and waited silently.

She was waiting for Bai Chen to calm down, since she thought that this was too big of an issue for a person to be able to handle. Bai Chen was a normal man too, so it was impossible for him to be able to absorb it all at once.

## Chapter 360 The War Begins

A while later, Bai Chen pretended to inhale deeply. His face turned calm. He stared at Namiana’s cold and distant face before asking, “When will the war begin?”

Namiana seemed a little surprised at seeing Bai Chen calm himself so quickly. However, it was good for her anyway.

“It will begin once the level of all the owners reaches 20,” she said while looking at Bai Chen with her cold eyes. “You’re the last to reach level 20, so it will begin soon. To make it easier to understand, I’ll send you the details of the war directly.”

Namiana flicked her hand softly. A number of silver rays of light floated into Bai Chen’s forehead.

Suddenly, Bai Chen’s eyes widened a little. He quickly closed his eyes as if he was trying to absorb all the information.

However, he was still only pretending, so that Namiana would not be suspicious of him.

After a while, Bai Chen opened his eyes. His face was very serious. His eyes held a strong determination.

“The winner can ask for one wish. The losers will end up dead!” he said with a serious tone.

“You quickly understand things. From the details that I gave you, you now know that the battlefield is in the celestial world. It is a world especially for cultivators. It is completely different from this current world.”

Namiana said this in the same cold and distant manner.

“Once you enter the celestial world, the time in the current world will stop. You can freely roam between both worlds, but doing that too often may result in you falling behind the other system owners.”

Bai Chen nodded. He understood that clearly.

This was because even though the time in the current world stopped when he was in the celestial world, the time in the celestial world did not do the same when he was in the current world.

As such, winning the war would be harder. Perhaps there might not be a chance to win at all.

That was why Bai Chen had decided not to come out of the celestial world until he'd won.

He believed with all his heart that the memories that his future self had given to him would make him the victor of this war!

p He already had a plan in his head. He would train until he reached the sky soaring realm first.

Once he reached that level, he would kill Wu Fan first. He had to because, otherwise, that man would be a threat to Li Lin, Long Xu In, and Xu Xue Ning.

Among the 12 system owners, only Wu Fan, the seventh Life Changing System owner, had chosen to strike in the current world.

Even though he knew that the bracelets that his future self had given to them would be able to protect them, it would be best to get rid of Wu Fan first anyway. That way, he would not be able to search for his personal information.

“Bai Chen, let me ask you this. Are you ready for the war?”

Namiana asked this once she saw Bai Chen nod as if he understood everything.

She had a goal to become a real human. In order to do that, Bai Chen, the man she'd chosen to take possession of the ninth Life Changing System, had to win the war of the system owners!

To be honest, she expected a lot from Bai Chen since she had seen his anger and how great his thirst for vengeance had been that day. It was the day he had been standing in the freezing white snow inside Beijing central prison.

She'd put all of her hopes of becoming a human in Bai Chen!

Bai Chen did not answer immediately. He was deep in thought with a serious face.

However, not so long after that, he nodded.

Namiana also nodded. Her lips moved as if she was quietly murmuring 'Good', but she also spoke aloud.

"Do you want to say good-bye to anyone first? The war is very dangerous. You may not be able to come back alive!"

Hearing this, Bai Chen shook his head immediately. "No need. I'll be the victor of this war!"

"Well said!" Namiana was satisfied with what he'd said. Yet, her face never had a smile on it. It was still as cold as ever.

"If so, I'll take you to the celestial world. Once you are there, the war will begin immediately. You have to get rid of all 11 system owners to be the last person standing and to win!"

"I'm ready. Let's go!" Bai Chen did not hesitate to say.

He looked at Namiana. He was suspicious of her and would never think that she was an ally. She'd tried to kill him in the future even after she became human.

It was a shame that she had not succeeded and had been killed by his future self!

Knowing this, Bai Chen did not think of regarding her as a friend. She only had the same objective as him: to win the war of the system owners!

Namiana did not say anything. She slowly nodded before pointing to the side.

Suddenly, the whole world seemed to stop. Time appeared to stop. The cars and the pedestrians on the road stopped moving. Everything stopped!

The whole world was frozen in time. There was no movement whatsoever!

A beautiful silver dimensional rift appeared. It was big enough for many people to walk through. The dimension swirled like a violent whirlpool.

"Follow me. I'll take you to the celestial world, the battlefield for the war of the system owners," Namiana said coldly before walking into the silver dimensional rift.

Bai Chen looked at her until she had gone inside. He then stood up and unhesitatingly walked into the rift.

His heart could not help but beat faster. He was not sure whether it was due to excitement or stress.
